ACCUSED OF MURDER OF HIS FATHER

Discharge of Stenographer in Joint Employ Believed Responsible for Quarrel Ending in Shooting

KANSAS CITY, Mo., Sept. 6 (AP)—Roy B. Garvey, not an adult, his father, J. W. Garvey, today as the latter sat at his desk in an insurance office operated by the two in a downtown building here. Garvey then walked to police headquarters and surrendered.

"My father and I were in business together," Garvey told the police. "I went there this morning and we had some words. My father suddenly pulled out the drawer of his desk. "I thought he was going to pull out a weapon and I leaped to my feet and started toward the door, pulling my own revolver from my pocket. I believed he was going to fire and I did so first."

An oral statement by Roy Garvey to the police indicated, the authorities said, that the discharge of Helen Groh, a stenographer, led to the quarrel today.

Garvey was arraigned late this afternoon before a justice of the peace on a charge of first degree murder and was remanded to the county jail.

According to Miss Florence Sobur, a clerk in the office, the elder Garvey had discharged Mrs. Groh because she had been humming and whistling shortly after Mrs. Groh was discharged. The younger partner entered the office and talked a few minutes with Mrs. Groh, Miss Sobur said. He then entered his father's private office and after a few minutes she heard the shot. The Garveys are said to be wealthy.

MAJORITY REPORT ADOPTED Attempts to Inject Affairs of Ex-Klan Into Texas Democratic Convention at Dallas

SAN ANTONIO, Texas, Sept. 6 (AP)—By a decisive vote of 691 to 135, the Texas democratic convention late today rejected the minority report, opening the door to the K. K. K. and its activities. The convention went into an uproar when an attempt was made to discuss the anti-Klan proposal and a motion to table the report following immediately.

An attempt to present resolutions to the convention from the floor opposing the plan in milder language than the minority report was unsuccessful and immediately following rejection of the Klan plank the majority report was adopted and the convention adjourned. The platform adopted by the convention contains no declaration on the Klan. The only provision in this direction declares in favor of "freedom of conscience and the separation of church and state."

CROP SUFFERING AT MANY POINTS Excessive Dry Hot Weather is Having Bad Effect, According to Report

WASHINGTON, Sept. 6 (AP)—Excessively dry, hot weather in nearly all sections of the country has caused deterioration in the condition of many crops, according to the semi-monthly crop report of the department of agriculture issued today. Propagation of the ground for fall seeding, however, has made considerable progress and farm work has advanced satisfactorily.

MILLIONAIRE DISINHERITS FIVE CHILDREN

Cutting off with \$1 each his five children, whom he referred to as "parasites," the will of Park Benjamin, New York millionaire patent lawyer, naval expert and unwilling father-in-law of the late Enrico Caruso, has been filed. The will charges as a reason for disinheriting Park Benjamin, Jr., Bessy Park Benjamin, Dorothy Caruso, Mrs. Fred W. Goddard and Mrs. William Murray that they had been guilty of "undue and unwillful conduct toward me."

Must Answer Murder Charge Boise Man Formally Accused of Causing Death of Wife, Tells Strange Story

BOISE, Sept. 6 (AP)—E. E. Caviness was today formally charged with the murder of his wife, Maud Ethel Caviness, who died Monday afternoon as a result of injuries received when she was bent over the head as she lay asleep in her bed early last Friday morning.

A coroner's jury, after hearing evidence for several hours returned a verdict that the woman came to her death from blows. In our opinion inflicted by her husband, E. E. Caviness. Mrs. Caviness had filed suit for divorce charging cruelty and the couple were to have separated within a few days. The husband contends that he was awakened from his sleep by his wife's screams and that "he saw a shadow disappear through the front door. He declares that he found his wife sitting in her bed with blood gushing from her head, but maintains that he is unable to throw any light upon the crime.

Following the finding of the coroner's jury, a warrant for murder was sworn out by Henry Griffiths, chief of police, and served on Caviness, who had been held at the city jail for investigation. He was arraigned in justice court on the charge, to which he pleaded not guilty and was held for trial, being taken to the county jail.

STEPHENS MAINTAINS LEAD Former Congressman Raising Ahead of Vandaman For Democratic Senatorial Nomination

JACKSON, Miss., Sept. 6 (AP)—Herbert D. Stephens, former member of congress from the second Mississippi district, tonight was maintaining a lead of between 300 and 400 votes over former United States Senator James N. Vandaman on the face of unofficial returns accounting for more than 175,000 of the votes cast in yesterday's state-wide democratic primary to select a successor to Senator John Sharp Williams, who will retire from office on March 4, next.

WARRANTS OUT FOR ARREST OF GUILTY DRIVER

Sheriff's Office Operatives Learn Name of Man and License Number of Car Believed Responsible for Crash

T. M. Moore, driver of a Nash roadster of blue color bearing Colorado license No. 19633, is accused, in a warrant for arrest issued Wednesday at the instance of Deputy Sheriff V. H. Omsby, of willfully overturning a light car on the road west of here Sunday afternoon and causing the death of A. K. Mulliner, Twin Falls district farmer, and seven other passengers.

An Associated Press dispatch from Denver Wednesday night said police records there show that automobile license No. 19633 was issued to T. M. Moore of Denver. His address was given as a Denver hotel, but the clerk at that hotel said Moore had not been there some time and nothing was known about him.

The warrant for arrest was issued after the officers had investigated the story told them Tuesday by Moore when they overtook Moore on the highway near Kimberly. They declared Wednesday evening that Moore's story was largely fabrication. Confession was expressed that Moore would be in custody within a few hours.

Worked on Farms Here The officers' investigation, they said, indicated that Moore had been some months ago from his former home in Denver and that he had been employed since as a farm laborer on the farms of William Norman and Homer Hudson in the Berger district. It was learned that Moore had worked widely and Saturday forenoon he was named Blagel in the vicinity of Knoll and that on Sunday he had visited the home of Mrs. Hall near Knoll, leaving there at about 1 o'clock in the afternoon.

The collision with the Mulliner car, which was coming from the vicinity that Knoll, occurred on the road from that place at about 1:45 p. m. Moore told the officers Tuesday that he had not been in the vicinity of Knoll Sunday and that he had not driven his car that day. He told them that he would go to work today for William Newman.

Woman Keeps Record Mrs. Hall at Knoll gave a description of Moore which tallied with the officers' description of the man, and she had made a note of the license number of his car which corresponded with the number on the car driven by Moore when he was interviewed by the officers Tuesday.

Work on Major Case Officers had only a meagre description of the car and the statement that it was a black and white license plate to guide them when they set out to capture the guilty driver. Victims of the collision, all of whom sustained severe cuts and bruises, were A. K. Mulliner; Mrs. A. K. Mulliner; her daughters, Mrs. Lester Blackburn, Mrs. Julia Mulliner and Miss Mildred Mulliner; Lester Blackburn; Verma D. H. Blackburn, nine-months-old child of Mr. and Mrs. Lester Blackburn; and Miss Helen Hoop of Boise, sister of the wife of a son of Mr. and Mrs. Mulliner.

LOUNGE IS OBERKED UP DENVER, Sept. 6 (AP)—Police records here show that automobile license No. 19333 was issued to T. M. Moore of Denver. His address on the license was given as a local hotel, but the clerk at that hotel said Moore had not been there Tuesday night and he did not know where he had been.

Bronx Field Rats Attack Children Lunching in Park

Workmen Kill Dozen or More Following Severe Bites Inflicted by Savage Rodents

NEW YORK, Sept. 6 (AP)—Huge field rats in Bronx park throng of the lot of raw meat which they have been taking away from the bins in the cage at the road set out today to rob children of goodies they were eating on the grass. One of the rodents, infuriated because forty-year-old Helen Miller came to a creek to get her little dog away from her, buried its fangs in her leg and hung on until it was slain by workmen. The workmen then slew about a dozen more of the big rodents which were darting about among other children in the park.

Fire Threatens to Take Entire Block in Business Area

Chicago, Sept. 6 (AP)—Fire threatened to wipe out an entire block of factory buildings just north of the "loop," between Clark and Kinzie streets, early tonight. A gas leak apparently broke out at the first fire-alarm box in the city. The flames broke out in a building filled with chemicals and were spread by a southeast wind.

The new corporation, the announced deal will take over the properties of the Pacific Coast Steel company, which has plants in Seattle, Portland and San Francisco, and other steel companies on the Pacific coast, together with iron ore and coal deposits in the Milner corporation in Utah.

NOMINATION RACE IS CLOSE Congressman Arns and Charles Chandler of Nevada Almost Neck and Neck for Senator

RENO, Nev., Sept. 6 (AP)—Congressman Samuel S. Arns and Charles Chandler, speaker of the Nevada assembly, are running a close race for the republican nomination for United States senator in yesterday's primary. With less than 2000 votes to be counted, Chandler today was leading by 100 votes. Kay Pittman, democratic incumbent, was unopposed.

DISEASE IS ON INCREASE New York Physician Declares Use of Sweats, Following Prohibition, Hard on Health

NEW YORK, Sept. 6 (AP)—Prohibition has forced St. Vincent hospital to inaugurate a new medical treatment for diabetes, it was announced today by the Federation of Jewish Philanthropies. The withdrawal of alcoholic drinks the federation quoted Dr. Emanuel Donsker as saying, has caused people to turn to sweets as a substitute and has caused an enormous increase in diabetes.

SHOPMEN CALL MEETING TO CONSIDER SETTLEMENT

Policy Committee of Striking Union to Meet in Chicago; Texas Member Declares End of Walkout in Sight as Result of Official Objection to Recent Federal Injunction

CHICAGO, Sept. 6 (AP)—A call for an immediate meeting of the policy committee in Chicago, probably on Monday, was sent out tonight by John Scott, secretary of the striking railway shopmen's union. The telegram in support was in code and was addressed to the regional general chairman of the organization in all parts of the country. It was expected that it would be several days before they could arrive in Chicago, and for that reason no general sessions were expected before the first of next week.

NEBRASKA FEDERATION WOULD HAVE ONE UNION IN EACH LINE OF WORK Labor Delegates Adopt Resolution Favoring New Plan and Urging Immediate Action

OMAHA, Sept. 6 (AP)—The Nebraska Federation of Labor, meeting here today, adopted a resolution declaring for the amalgamation of the various unions in each industry "so that there shall remain but one union for each industry." The resolution calls upon the American Federation of Labor to devise ways and means for this amalgamation.

ASK VACATION OF INJUNCTION Samuel Gompers and Union Leaders Lay Plans for Action Against Restraining Order

ATLANTIC CITY, N. J., Sept. 6 (AP)—Declaring that the all-embracing injunction obtained by Attorney General Daugherty against the striking shopmen was causing an enormous waste of public sentiment in favor of the mill workers, Samuel Gompers, president of the American Federation of Labor, and members of his executive council today prepared to enter the courts with a demand that the injunction be vacated.

DEATH RECORDS FAIL TO TALLY Conflicting Testimony Before Herring Grand Jury as to the Number Actually Killed

MARIION, Ill., Sept. 6 (AP)—Conflicting testimony before the grand jury investigating the Herring mine war of last year, in which 25 men were said to have been killed, was made today by the undertakers who buried some of the dead, and Coroner William McCown.

TWO DECLARED PRISONERS CORO, Sept. 6 (AP)—It is reported here that Clarence A. Vickers and Edna's Children are both prisoners of the nationalists. The report has not been confirmed, nor has it been denied officially. It is stated that Childers was captured in operations in Kamaara, Kamaara, and that he was not actually injured.

CONTESTED LOAN WASHINGTON, Sept. 6 (AP)—Republican conference on the administration tariff bill have come to the high spots of controversy with some indications of deadlock. It was said today that it might be necessary for them to go back to the house or senate, or both, for a vote on the tariff bill.

TIME OF RESCUE IS NOW MATTER OF UNCERTAINTY

Two Crews Engaged in Grim Battle for Lives of Entombed Miners but Progress is Necessarily Slow

JACKSON, Cal., Sept. 6 (AP)—Two rescuing crews digging their way through two abandoned tunnels in the Kennedy mine toward the Argonaut mine and its 47 imprisoned occupants made progress today and hope still exists for the survival of the entombed miners, although the time when they will be rescued is a matter of uncertainty.

An advance of five feet was made during the morning in the 3000-foot level of the adjoining Kennedy mine, and three sets of timbers were put in. The rescuing workers were able to look ten feet ahead over the muck and see that the rails and timbers beyond were in good condition.

In the 3000-foot level the crew driving ahead through muck and debris has 115 feet yet to go. The working space in the drift is just large enough for two men to work side by side, while their comrades rush the dislodged rock and debris back out of their way.

When the end of the 325-foot drift toward which the 3000-foot level crew is working has been reached the Argonaut mine itself can be reached in 30 hours, it is believed.

The first accident to dislodge a week ago Sunday night, occurred today when one of the men in the 3000-foot level was buried temporarily in a small cave-in. He extricated himself and was not seriously hurt.

IS RELEASED UNDER BOND

Peggy Beal, who shot Frank Warren Anderson and Tam Attempted Suicide, Temporarily Free

KANSAS CITY, Mo., Sept. 6 (AP)—Miss "Peggy" Beal, sister of an old Philadelphia family, who shot and killed Frank Warren Anderson, hotel and department store floor manager, June 3, in a hotel here, then attempted to take her own life, is free on bond.

Miss Beal was arraigned on a charge of second degree murder in justice court this afternoon and was released on \$5000 bond, signed by her attorney, George Birmingham. Her preliminary trial was set for Sept. 10.

"Peggy Beal shot, killed and without a cent in the world," Birmingham told the court. "But she wants to tell her story. Peggy Beal would rather destroy herself—will destroy herself, in fact—if she cannot be vindicated in the eyes of the public."

Miss Beal, whose case proved a sensation on June 3, when she shot Anderson after, she claims, her "perfect lover" had confessed he did not intend to marry her after promising through the year of their acquaintance to do so, was released from a local hospital yesterday. She had been in the institution three months recovering from a bullet wound in her lung made by a shot fired by her own hand. She was arrested immediately upon her discharge from the hospital.

SHOWMAN SHOT TO DEATH

Low Reynolds, Professional Sharpshooter and Associate of Late W. F. Cody, Killed

MANDEVILLE, La., Sept. 6 (AP)—Low Reynolds, formerly a showman and professional sharpshooter, was shot and instantly killed on a street here Tuesday. Emilio Vidal, proprietor of a safe trunk establishment, was arrested in connection with the killing.

According to the authorities of the town, Reynolds was shot from behind one of the three bullets striking him in the back of the head.

Reynolds was well known throughout the country as a sharpshooter. He made two globe circling tours and was an associate of W. F. Cody in his Buffalo Bill west show, and the 101 ranch show.

FACULTY NAMED FOR UNIVERSITY

Arrangements Completed for Opening of Fall Term at the State Educational Institution

UNIVERSITY OF IDAHO, Moscow, Sept. 6—All faculty appointments for the 1922-1923 session of the University of Idaho have been made and everything is in readiness for the commencement of the fall term on September 18, according to a statement just issued by university administrative officials.

During the spring and summer there has been a turnover of 15 faculty members, or approximately 18 per cent of the personnel. In 1921 the turnover was about the same, while in 1920 it was practically twice as great.

Although 23 new members have been added to the faculty, in addition to the places made vacant by 15 resignations, eight new positions were created to take care of the demands made upon the teaching staff by the increase in enrollment.

Larger Salaries Take Some Of the 15 who resigned last spring went to other positions offering larger salaries and others withdrew to continue graduate study. Only two of the 15 held full professorships. They were A. E. Evans of the school of law and Conard Thomas Kelley, head of the athletic department.

Speaking of the changes in the personnel of the faculty, Dr. A. H. Upham, president of the university, says: "The university faculty is stronger this fall

than ever before and is ample to take care of the large increase in enrollment that has taken place.

"Although the university has been usually handicapped in making selections because of its inability to offer as attractive salaries as other state institutions, the appointees secured are capable men and women in their respective lines. Many of them decided to come to Idaho because of attractions other than salary, life in the west having the largest appeal.

Prospects Brightest in Years

"All in all, the prospects for this winter are the brightest that the university has had in years. With a much greater enrollment than heretofore evident and with efficient and proficient instructors obtained to take care of the work-in-progress department, there is every indication of a successful year."

GENERAL STRIKE IS ASKED

Nebraska State Federation of Labor Adopts Resolution Advocating Country-wide Action

OMAHA, Sept. 6 (AP)—The Nebraska Federation of Labor has adopted a resolution asking a general strike of all organized labor in the United States in support of the railroad shopmen, against whom a federal injunction was issued in Chicago last Friday. It also appointed a committee to suggest a plan to "place the moral and financial support of union labor" behind the striking shopmen.

F. J. Conroy, Washington, called on the men to become militant. He characterized them as being "ill-formed" and referred to Attorney General Daugherty as being a "penant" acting for the "rubber stamp" president.

SAIL PLANE IS A GREAT SUCCESS

Glenn H. Curtis, Aviation Expert, Enjoys Experience with Airplane Minus Motor

PORT WASHINGTON, N. Y., Sept. 6 (AP)—Glenn H. Curtis, aviation expert, today soared over Manhattan Bay in a sail plane, which on two occasions took the air when towed by a speed boat, stayed aloft 42 seconds each time with the low line cut, and then gracefully came down to the water again. This was said to be the first time a marine glider has ever risen from the water.

At the end of the experiment, witnessed by a large party of engineers, Mr. Curtis expressed himself as well pleased with the result of the test, and then gave himself over to interesting speculation on the possibility of "air trains"—a number of sail planes towed through the air by a motored seaplane.

The theory that trailers could be attached to a flying boat was advanced by aviation experts who watched the flight, after D. Gilmore, chief engineer of the Curtis corporation, discovered that the sail plan stugged very lightly at the tow line. With the sail plane thirty feet in the air, Mr. Gilmore grasped the line and found that he could hold it with one hand.

Later, when the theory was laid before Mr. Curtis he said he believed it would be practical to tow a sail plane behind a flying boat at considerable height, without danger. Representatives of the Aeronautical Chamber of Commerce announced that such an experiment probably would be made soon.

HUSBAND IN CUSTODY

BOISE, Sept. 6, (AP)—A. E. Caviness, husband of Mrs. Ethel Caviness, held Monday afternoon at a local hospital as a result of injuries received when she was struck over the head by some unknown person early last Friday morning, has been taken into custody by the police.

He was arrested upon orders of Albert S. Delann, prosecuting attorney, and is being held "for investigation," pending the outcome of the coroner's inquest at 10:30 tomorrow morning.

Concerning Fashions.

Where, and by whom, asked M. de Montferrier, are fashions set? The question is never satisfactorily answered. Women are told, and tell each other, that "they" say this or that fashion will be worn. No dress pattern is ever given. The name of some dressmaker is attached to a certain model, but whence came the inspiration to make that model is not specified. Desire for change is at the back of all fashions. No woman wears her clothes a little and for a long time. She is ever demanding something new and never has "a rag to put on her back." This is a classic tag, not peculiar to the women of any one country. The clothes have a national voice, as M. de Montferrier pointed out. It is easy to distinguish French, English or Italian, though they all may dress in Paris.

Rush for Ferry Once Grand March. Capt. Philip Raybold, who operated a passenger steamer—The Admiral—on the York river, between West Point, Va., and Baltimore, following the Civil war period, described to a southern paper the enormous difference between boarding a ferry-boat then and now, especially for ladies. It was an old custom of the region for lady passengers to wait to be escorted on and off the steamer. When the boat made a landing the ladies would gather in the salon of the main deck and wait until the captain came down from the pilot house to lead them to the dock. He would approach the eldest lady of the waiting group and with a bow open the doorway to the landing place, she leaning on his arm. The rest of the ladies would follow, servants with luggage bringing up the rear.

Unfortunate in Her Case. I was fourteen, he was sixteen. He came to take me to a dance. My mother told him that I would be ready in ten minutes and to enjoy himself in the library. He said, "Thank you." When I was ready and came down he was gone, also the silver candlesticks and a number of ornaments.—Chicago Journal.

Twenty-Eight Men Respond to Call by Coach Barry of Buhi High School Football Team.
 DUHL, Sept. 6.—Twenty-eight men responded to the call of Coach Barry for the first football practice on Tuesday, the first day of school. Ten or twelve more good prospects are expected to report for practice tomorrow evening.
 Buhi will have a good football team this year, from the interest being manifested, despite the fact that eight of last year's regular men are out of school this year, due either to graduation, or to the fact that they have gone elsewhere.
 Coach Barry will be up against the proposition of developing a team out of new material largely. Those of last year's team who showed up to practice Tuesday are: Eddie Wilson, quarterback; Charles Dunn, half back; Paul Rudy; end; Troy Moore, tackle; and Clarence Brabb, guard. Adolph Madschek is expected to enroll during the next few days.
 There are some good-looking prospects among the freshmen and the next ten days' practice will reveal the possibility of developing them to fill up the gaps made by those who have left school.

The business men of Buhi are backing the football team this year by the keen interest they are taking in the team. A movement is on foot by the business men to equip the varsity squad with new uniforms. The Buhi business men furnished the baseball team with new uniforms last spring. Oklahoma.
 Oklahoma had its beginnings eighty-eight years ago, when Indian territory was formed as a permanent home for the redskins. The Choctaws were removed to the future prosperous state in 1835, and were soon followed by the Choctaws, Creeks, Chickasaws and Seminoles. These constituted the Five Civilized Tribes. Many of their descendants have become wealthy and influential citizens. In addition to the "five civilized tribes," other Indians were given lands in the territory. In 1800 the Creeks ceded the western part of their territory, and the Seminoles all of theirs to the United States, and these were incorporated with No-Man's land in the territory of Oklahoma. Indian territory maintained a separate government under its original form until 1900, when it was incorporated with Oklahoma and admitted as a state of the Union.

BISHOPS BEGIN UPON ELECTION OF OFFICIALS

Forty-seventh Triennial of Protestant Episcopal Church Gets Well Under Way at Portland, Oregon

PORTLAND, Ore., Sept. 6 (AP)—Bishop William Cabell Brown of Virginia elected chairman of the triennial of bishops, succeeded by Bishop P. Galtier of Tennessee, when the forty-seventh triennial convention of the Protestant Episcopal church in the United States formally convened late today. Bishop Galtier had served six years.

The Rev. Dr. Charles J. Pardee of New York was elected secretary of the house of bishops, succeeding the Rev. Dr. George F. Nelson, who retired, owing to advanced years.

The Rev. Dr. Alexander Mann of Boston, who was unanimously elected president of the house of deputies, endorsed the keynote sermon of the convention, which had been delivered by Bishop Edwin S. Lines of New Jersey. To assume the duties of officers of the house of deputies was that for the first time a woman was elected as an assistant. She was Miss Helen J. Smith of New York. Her election, however, did not make her a member of the house.

Is Allowed to Retire.

The Rev. Dr. Henry Amlett of New York, who was nominated to succeed himself as secretary of the house of deputies, but pleaded that because of having served in a secretarial capacity for 45 years he be allowed to retire. He received an ovation when he mentioned that he was to be the first year.

The Rev. Carroll Davis of Missouri, who has been a member of the secretarial staff of the house of deputies for 33 years was thus unanimously elected secretary. The house, by resolution, ordered expression of appreciation to the Rev. Dr. Davis.

W. W. Skiddy of New York was elected treasurer of the convention. Rev. Franklin J. Clark, New York; James O. Glass of Florida, and Helen J. Smith, New York, were chosen as assistant secretaries.

The first meeting of the house of bishops was featured by the formal greeting of the new bishops who had been consecrated since the last session, and by memorial services for those who had passed away in the interval.

Welcomes New Bishops

Presiding Bishop Daniel B. Tuttle in welcoming the new bishops said: "You are bishops in your own fields; you have the rulership of the authority. Gauge those terms aright. Rulership means service, and duty is a shorter way of saying authority. Remember your parts."

"You are members in this house of bishops. Look upon it as a sacred thing. Be dutiful and loyal."

"You are also bishops of the church of God, and the mind expands and the heart expands as we use that term. There is Catholicity in these terms and strength of unity and wide area of influence in the phrase bishop of the church of God."

"In behalf of the house of bishops, I have the pleasure and honor to bid you warm welcome and to admit you to the privileges and duties and responsibilities that come along the lines of your episcopal investiture."

ROSEWORTH TRACT FARMS SELLING AT ABOVE PAR

One-of-Original-Brooklyn "Caravanners" Receives Full Compensation for Outlay on Land

DUKE, Idaho, Sept. 6.—(Special to The News)—David Heintzel, one of the original Brooklyn "caravanners," today sold his 40 acre farm on the Roseworth project to Thomas Daly, a veteran ranchman of irrigated Idaho, who expressed surprise over crops produced on the project the first year from sagebrush. Mr. Heintzel received in payment for his property the entire original purchase price together with the market price for his crops of wheat estimated to yield 30 bushels per acre and corn to yield 50 bushels per acre, together with compensation for his labor and improvements.

A somewhat similar transaction was recorded about 10 days ago when Mr. Hunt, owner of an 80 acre farm on the Roseworth project on which he has resided for three years, purchased for his son an adjacent 40 acre farm owned by Mr. Leiffert of Arizona.

All of the unimproved land under the Roseworth project has been sold and purchasers of land on the project have no choice except to buy improved farms. This condition is believed to be exceptional in the history of western reclamation projects.

Harriman Heir Weds Art Student

Jack Harriman, son of Mr. and Mrs. Oliver Harriman of New York, a prominent family in finance and so society, has been secretly married to Miss Alice Laidley, who came to New York to study drawing and art. She met Howard Chandler Christy, noted illustrator, and posed for him, later studying art under him. It was at Christy's studio young Harriman met her. She has been a student at Princeton, but will enter business with his uncle, Frank C. Parly, in Florida. Mrs. Harriman is only twenty, while her husband is one year her junior.

LABOR LEADERS FACING ACTION FIGURES BREAK STATE RECORDS

Attorney General Announces Consideration of the Recent Speeches Against Injunction LaFollette Majority in Wisconsin Primary is Greatest Ever Polled in the State

WASHINGTON, Sept. 6 (AP)—Formal announcement by Attorney General Daugherty that the government would "consider in due time what proceedings shall be taken against the few unmailed labor leaders who have made incendiary speeches" in connection with the industrial situation, and persistent reports that secret conferences are in progress looking to some sort of separate settlement with individual roads, stood out in today's developments in the strike of the railway shopmen.

Incidentally, Mr. Daugherty said proceedings of the government's case had been "somewhat hampered" by the difficulty process, servers were experiencing in locating leading "officials of the shopmen organizations."

W. H. Johnston, president of the machinists, and B. M. Jowell, official head of the "somewhat hampered" strike, have recently dropped out of public view, although labor spokesmen have invariably denied the two leaders were avoiding service of copies of the restraining order issued at Chicago last Friday.

Leaders Needn't Complain.

Mr. Daugherty in his statement emphasized his belief that the rank and file of labor organizations were content to leave the issue to the orderly process of law but said the few leaders, "who have shown contempt for the courts . . . need not complain that they are denied the full privileges of free speech." He has been sent to the United States attorney at Chicago, the attorney general said, to notify counsel of the unions, that leading officials of the shopmen's organizations, together with their complete records, should be retained before the court when the case is again called.

In both government and labor circles today, complete ignorance was asserted of any actual or impending negotiations looking to the settlement of the strike. It was a matter of common knowledge, however, that several railroads still held views in favor of separate agreements, expressed at the recent conference of railway executives in New York.

Came Up in Senate.

The government's restraining order came in for its first public attack in the senate today, when Senator Robinson, democrat, Arkansas, called the writ on the ground that it constituted a "plain violation of the Constitution." Senator Watson, republican, Indiana, defended the government's course, asserting that it was the only action possible in the emergency which the country faces.

The publication is still issued annually and is regarded as an authority on the genealogy of leading British families.

FIGURES BREAK STATE RECORDS

LaFollette Majority in Wisconsin Primary is Greatest Ever Polled in the State

MILWAUKEE, Sept. 6 (AP)—Senator Robert M. LaFollette of Madison has been swept into the republican nomination for United States senator at the November election in this state by the greatest majority that any candidate ever polled at a primary—a Wisconsin.

Return received from more than four-fifths of the state early tonight show him to be leading by 47,338 over W. A. Gamfield of Walkersville, president of Carroll college, his only opponent. The vote from 207 out of 222 precincts in the state was: LaFollette 594,857; Gamfield 116,824. In rolling up this tremendous majority Senator LaFollette carried with him what was known as the entire LaFollette vote from United States senator down through attorney general, Governor Dixon, who headed the LaFollette state ticket, likewise rolled up a remarkable vote and with 2051 precincts out of 2223 reporting tonight had a plurality of 133,789 over his nearest opponent, Attorney General William M. Morgan.

What appears to be the only real upset of the primary is the contest for congressman in the eleventh district, where Congressman Adolphus P. Nelson, rated as a try and supported by the Anti-Saloon league, is running more than 4000 behind Hubert H. Peavey of Wauhan, who was endorsed and assisted by the Association Opposed to Prohibition. The returns from 223 precincts out of 285 in the eleventh district gave Peavey 19,530; Nelson 15,277.

Wet Forces Jubilant.

The LaFollette adherents are not the only ones who are elated in Wisconsin tonight. Wet forces point with pride to the fact that they supported the entire LaFollette ticket from senator down and that they have gained two wet congressmen. These two men are Peavey and George J. Schneider in the ninth district. This latter race, however, is far from being over. Schneider and Judge Perry Granes have agreed to a runoff election for this nomination. The latest reports from 208 out of 245 precincts in the district, give Schneider 16,670 and Granes 16,223. Schneider is a LaFollette candidate, as was also Elmer S. Hall, the third man in the race. Hall is likewise rated as a wet and polled 10,030 votes in these 208 precincts. Senator LaFollette's large total came from not only those who favored the wet cause, but from those who heard the senator attack the Anti-Saloon bill, the Fordney-McCumber tariff measure, the proposed ship subsidy bill, Newberryism and his advocacy of rejection of the primary election system.

Two Local Players Give Good Account of Themselves in Idaho Tennis Tournament

BOISE, Sept. 6 (AP)—R. Peterson of Boise went into the third round in the Idaho state tennis singles tournament this afternoon by winning the most hotly contested match on the opening day from Ralph Sheppard, 18-year-old Boise racket wielder, whom he defeated 7-5 and 4-1 in a duo of exciting sets.

Howard Robinson of Twin Falls, holder of the southern Idaho title, is in the third round Thursday as a result of two wins, an interesting 6-3 and 6-0 first round set with Harry Streeter, and a second victory of 6-0 and 6-1 from W. H. Goodfellow of Boise.

Phil King, former Twin Falls high school football player, slipped easily into the third round after he drew a bye in the initial round and swamped Richard Alexander, Jr., a Boise lad, 6-2 and 6-1.

GAME SPRINGS SURPRISES

Second Round of Match Play in National Amateur Golf Tournament Has Unexpected Features

THE COUNTRY CLUB, Brookline, Mass., Sept. 6 (AP)—A popular idol was toppled in the sport where his pedestal was erected; a British golfing lion was held at bay by a youth from Boston; from the south, startling promises of golf greatness, came another youngster who put out a two-time champion from the west; another double tilted defeated a one-time holder of the honors.

It was Francis Osime, winner of the national title last year, who led the play-off of a triple tie with the British masters, Vardon and Bay, in 1918, who was the idol that passed out of the picture in the presence of his home folks. Buddy Knopfer of Sioux City, conqueror of the British star, W. B. Torrance, yesterday, defeated him, 1-2 on up to tie in the hole which was held by the little George W. Aulbach, a Boston public links player. The British lion of the links, was Cyril J. H. Tolley, former champion of Great Britain and the only regular standard bearer of that country. The lad was charged with losing of the 20th hole, by the referee's application of the fifteenth rule—that he had improved his lie by pressing down the grass. Then he cracked, his protest having been waived aside, and lost the match a few holes later, 3 and 2.

Youthful Star Wins

Third of the day's starred events was the victory of Bobby Jones, the youthful star from the southland, over Robert A. Gardner, Chicago, twice holder of the national championship. As expected, Chick Evans, seeking his third championship, was out W. G. Cemetery, Jr., seeking his second, returning in kick the action of Fownes who eliminated Chick in the tournament which Fownes won here in 1910. The score was 11 and 9.

Willis I. Hunter, now of New York, but still carrying some of the prestige of his British amateur championship of last year, went away, seven up, six to play, before the play of Jesse Sweetser, open champion. The defeat of Harrison B. (Jimmy) Johnston, St. Paul's hard hitter, was accomplished by the comparatively frail Billy McCall, only a year or so ago a caddy on this course, four and three.

ARGENTINE TEAM WINS

RUMSON, N. J., Sept. 6 (AP)—The Argentine team—won its way into the finals for the open American polo championship today by defeating the all-American Shelburne club, 12 to 6.

NEW YORK STATE BOXING COMMISSION GIVES OUT DETAILS OF PLANS FOR DEMPSEY FIGHT

NEW YORK, Sept. 6 (AP)—With the arrival from the west today of Jack Dempsey, heavyweight boxing champion, stringent conditions for his pending title contest between Dempsey and Harry Williams, negro challenger, should it be held in New York state, were laid down by William Muldoon, chairman of the state athletic commission. Mr. Muldoon stipulated that any promoter authorized to stage the contest must make arrangements to seat comfortably not less than 100,000 persons, provide admission for 40,000 at \$2 each, and place with the commission a security of \$250,000.

Opinion in boxing circles tonight was that the terms might make it impossible to hold the bout in New York. Asked to comment on this Mr. Muldoon said:

"I am not concerned with that possibility. I want the rights of the people safeguarded and with that in mind, I think the conditions, as I have outlined them are justified."

SHOPMEN CALL MEETING

Invites Workers Back

Invited the following notice to its striking employees:

"Every proper effort to settle the strike of the federated shopmen through the national officers having failed, this concern now invites the men who went out on this road to return to work with the assurance that they will be accorded fair and just treatment."

In discussing the meeting of the union executive committee, Mr. Scott said that it was hoped that the men would return in settlements with at least fifty-two class 1 roads. He said that the expense entailed in assembling the strike leaders, would not have made it worth while to issue a call unless there was a possibility of a settlement being reached.

The union leaders compared the situation to the action taken recently at Cleveland which ended the bituminous coal strike. John L. Lewis, president

of the miners, presented certain terms to any operator who agreed to sign either a plea-coral or district or district.

Service Improving. Rail officials, on the other hand, declared that there could be no comparison in the two situations, as the mines were in operation at the time of the settlement, while the roads are only running, but are improving their condition daily, they said. Not a single western executive would talk for publication, but many insisted privately that the strike was broken.

STATEMENT NOT CONFIRMED.

BALTIMORE, Md., Sept. 6 (AP)—Inviting efforts were made to confirm the statement of John Scott, secretary of the railway executive department of the American Federation of Labor, at a message to the congress at the time of the striking railroad shopmen were in Baltimore for a conference with railroad executives on a proposition to end the strike. Inquiries at all sources which might reasonably be expected to be informed, elicited the information, nothing known, either of the presence of strike leaders or of their proposition.

AUSTRIA MAY BREAK TIES

Chancellor Seipel Tells Council of the League of Nations that Economic Relief is Only Alternative

GENEVA, Sept. 6 (AP)—Chancellor Seipel of Austria, made a marked impression on the council of the league of nations today when he warned the members that Austria would take measures to break the economic straits around her unless the league was able to do something for her. Austria, he declared, was ready to accept such control of her finances as would not affect her sovereignty, but rather than sacrifice her sovereignty he might prefer to merge herself into a larger economic entity.

Whether it was this frank statement by the chancellor or realization by the council, for other reasons, of the seriousness of the situation, the council immediately proceeded to act. It appointed a committee composed of members of the interested states exclusively which will begin tomorrow a study of the question.

BANKER OFFERS NEW THEORY ON MYSTERY DEATH

Pendleton Man Seeks Support for His Identification of Dead Man as One Who Left with Persons from Idaho

Information that may be in the possession of persons in or about Twin Falls may be of assistance in solving the mystery surrounding the death of an unidentified man whose body was found recently on the bank of the Umatilla river near Pendleton, Oregon, if the theory advanced by R. M. Mayberry, cashier of the Inland Empire bank, Pendleton, in a letter to Sheriff E. E. Sherman should prove to be the correct one.

The Pendleton banker believes the dead man is one Peter Steele, who, shortly before the discovery of the unidentified body, is believed to have left Pendleton with a man who gave the name of John Sherlock and said he was from Idaho.

The banker's letter follows:

Lacks Positive Proof

The writer has some somewhat interested in the case of the death of a man whose body was found near the highway west of Pendleton about a week ago, for the reason that his name seemed very familiar to me although I was unable to positively identify him. I was pretty strongly of the opinion, however, that he was a man who was known to me as Peter Steele, and there were several circumstances that seemed to strengthen this belief.

Peter Steele first came into the bank on July 17, at which time he opened an account with us, depositing currency. At various times he was in the bank and is remembered by our tellers as appearing under the influence of liquor. On Sunday, August 20, I accompanied another man out on a motor boat to see some parties who were on a deal for the purchase of a Volvo automobile. The deal was completed and the car delivered on Monday, August 21, the name of the purchaser being given as John Sherlock, who stated that he was from Idaho. According to the information given by him, he had come to Pendleton with a motor wagon and saddle horse. Here he met some friends or relatives who were on an automobile trip, so he disposed of the motor wagon and saddle horse and purchased the Volvo car so as to join them. On the Sunday when I accompanied the other man to the car deal, I noticed several other persons sitting in a Studebaker car with the man Sherlock mentioned above, among them being the man whom I afterward recognized when he came in the bank as Peter Steele.

Withdraws Account

On Monday, August 21, Peter Steele came in the bank and withdrew his account and purchased some travelers' checks, stating that he was leaving town. At the time he said he did not know what his address would be. The time of his leaving I noticed several other persons sitting in a Studebaker car with the man Sherlock and party left and also with the time of the death of the man whose body was found.

In yesterday's Pendleton paper was a clipping from a Twin Falls paper stating that a laundry mark corresponding to that on which I noticed several other persons sitting in a Studebaker car with the man Sherlock and party left and also with the time of the death of the man whose body was found.

TENTATIVE DATE IS SET FOR ACTION ON PETITION

Commissioners Expect to Conclude Hearing on American Falls Proposition, Sept. 19

Twin Falls county commissioners on Wednesday set Thursday, September 19 as the tentative date for concluding the hearing in progress before them since August 28 on the petition for an election on the creation of the American Falls irrigation district.

No dissent as to questions raised in a remonstrance filed by some Twin Falls landowners and a petition for exclusion of territory in the Aberdeen-Springfield area have been received, it was stated.

The commissioners Wednesday received from the assessor of Power county a report on the list of signers of the petition resident in that county.

Aviator Wrecked in Alaska Reaches Civilization with Account of Sufferings

SEATTLE, Sept. 6 (AP)—C. O. Frost, who on a flight from Buffalo, N. Y., early in the summer was forced by the failure of a spark plug to descend two hours from his destination, Fairbanks, Alaska, and who reached here several days ago on his return from the north, today told of the hardships he endured before rescuers found him.

Frost landed amid swamps between Eagle, Alaska, and Fairbanks. A rescue party from Eagle found him about 20 miles from that place, preparing a meal of caribou meat in a cabin. "I had been walking for days and nights through cold and drenching rain," he narrated. "My only food was caribou meat cooked over a fire on the end of a stick. It was nauseating, yet I was painfully hungry. What I craved most was a dish of breakfast food, the fluffier the better. "When I had landed I had started back for Eagle, carrying nothing but an automatic pistol. Caribou are plentiful, and I shot one; cut off a hind leg and carried it for food. I couldn't sleep nights because of the cold."

Had New Recipe

"When I saw the recipe party coming, I had just invented a new way to cook caribou—a kind of a stew. But I threw the pan and all out of the window, I was so happy. "The only thing I saved was my camera. Any one who wants the plan for his car go get it."

Frost said he was going east with motion pictures that he had made on his trip and that next summer he would fly along the Arctic coast.

OLD MEMORIES REVIVED

Revelations of Whiskey Running Syndicate on Big Scale Brings Up Ancient Tales

CHICAGO, Sept. 6 (AP)—Memories of the "underground" railways of olden days were revived today by the revelation of the existence of a whiskey running syndicate between the Bermuda Islands and Chicago, employing West Indian fishermen at one end and Pullman porters at the other.

After listening to the stories told by other porters arrested recently, Charles Clyde, district attorney, started twenty federal agents for New Orleans to arrest seven "higher-ups" there and detailed men to find three others in Chicago.

So extensive was the organization, according to the porters, that it owned a fleet of fishing smacks to bring whiskey into New Orleans from Bermuda. More than 200 cases a week have been brought into Chicago in sleeping cars, the porters said.

M'ADOO BEGINS RIVER JOURNEY

Former Secretary of Treasury Delivers Address at Rigby Prior to Start Down Snake

RIGBY, Idaho, Sept. 6 (AP)—William C. McAdoo, former secretary of the treasury, today started a 100-mile rafting trip down the Snake river in the company of a number of prominent Idaho and California residents. The journey aboard the log raft is expected to take five days and the party will hunt and fish.

On his arrival in Rigby yesterday Mr. McAdoo addressed a large crowd of citizens and declared that "a great body of intelligent and far-seeing voters would grow up between the two great political parties, swinging from one to the other when each ceases to be loyal to political and economic policies. He urged this as the best method of securing desired political action and the best government."

Mr. McAdoo declared for international cooperation on the part of the United States with the other nations of the world, the participation of the tariff commission in the formation of a scientific and just tariff, and the solution of the transportation problem as ways to restore the prosperity of the country.

Decries Partisanship

"He laid much stress upon the fact that the people and the representatives of the people are prone to be too partisan in dealing with public questions. He declared that the people should back those measures which would be for the best interests of the country regardless of whether they originate with one party or the other."

PEACE BELIEVED IN SIGHT

WILKESBAHRE, Pa., Sept. 6 (AP)—All indications tonight point toward speedy ratification of the peace pact between Germany and miners of the anthracite region, by the tri-lateral convention of hard coal mine workers which began its sessions here today. More than 1000 delegates, representing 400 local unions, were present. The majority were unopposed, but John L. Lewis, international president of the United Mine Workers of America, claimed that he had a majority that would overwhelm any opposition to the settlement plans of the union leaders, which would conclude the five months' suspension in the hard coal fields.

MAKING THE WEATHER

Among all the forces that combine to drive the monsoon from the farmer's life and keep him busy, the weather is the mightiest and most uncertain. Since agriculture began, attempts have been made to control the weather, ranging from the most superstitious to the most carefully scientific.

Man has completely failed in his offensive war on the weather. Modern inventions, such as the airplane propeller on the 25 foot tower driving heated air over the trees through a funnel-shaped machine and shooting cannon at the sky, are as unsuccessful as the ancient ton-ton method.

It is best to heed the government's warning. It is watching eagerly for new and successful methods, and if it finds any, it will share the discovery.

RUSSIA IN BONDAGE

Banishment by the soviet government of Russia of approximately 1,500 intellectuals, including university professors and members of other learned professions, reminds of the policy of the czars and serves to show that the "proletarian regime" has no use for men with brains.

BARRING MARRIED MEN

The flat owner who bars the baby has now been joined by higher learning as a discourager of matrimony. If makes one exception to this ban, for a professor who has sufficient independent means may be employed. Otherwise married men need not apply, so states the dean, who says the thirty-five or forty dollars a week salary is too little to support the family of a college professor in the style it should be supported in Evanston.

It has long been contended that colleges for women are unintentional discouragers of matrimony, but it looks serious, indeed, when universities oppose it openly for employees.

SEATTLE WOMAN ADMITS KILLING

Mrs. CLARA SKARIN

Mrs. Clara Skarin confessed to the murder of Ferdinand Hochbrunn, wealthy Seattle man, Oct. 12 or 13, last, it was announced today by WILLIAM H. KENT, lieutenant of detectives of the Seattle police.

Mrs. Winborn, who was arrested last Sunday and has been held in the city prison for the Seattle authorities, said she drew a revolver to protect herself against improper advances from Hochbrunn and shot him through the head, according to Lieutenant Kent.

After shooting Hochbrunn she took \$700 from his pocket, according to the confession, and left for San Francisco. Of this money she sent \$250, she said, to her fiancé, Raymond Herria,

Mrs. Clara Skarin Confesses to Murder of Wealthy Retired Real Estate Man

OAKLAND, Sept. 6 (AP)—Mrs. Clara Skarin Winborn today confessed to the murder of Ferdinand Hochbrunn, wealthy Seattle man, Oct. 12 or 13, last, it was announced today by WILLIAM H. KENT, lieutenant of detectives of the Seattle police.

Mrs. Winborn, who was arrested last Sunday and has been held in the city prison for the Seattle authorities, said she drew a revolver to protect herself against improper advances from Hochbrunn and shot him through the head, according to Lieutenant Kent.

After shooting Hochbrunn she took \$700 from his pocket, according to the confession, and left for San Francisco. Of this money she sent \$250, she said, to her fiancé, Raymond Herria,

WOMAN'S GUARDIAN

Hochbrunn, who was 75 years old, was a retired realty dealer. She was his ward and occupied a room in his house. His body was found in a vacant apartment in Seattle, December 21, 1921.

Mrs. Winborn, for whom a search was made for many months, was arrested in Oakland, where she had been working as a stenographer for several months. She also had been in San Bernardino, Cal., she told the authorities at the time of her arrest.

Mrs. Mabel Herberg, wife of a member of the Seattle detective force, left Seattle today with extradition papers and a murder warrant for his prisoner, Lieutenant Kent was notified, and will reach OAKLAND Friday night to take the woman to Seattle.

SCHOOL DIRECTORS NAMED

Buhl Independent District Selects Personnel of Governing Body for Coming Term

DUIE, Sept. 6.—The election of school directors for the board of education of the Buhl Independent school district today resulted in the choice of C. H. Taylor and C. E. Whitey, present members of the board for the next three year period. There was no contest and little interest was taken in the voting. A total of 109 votes were cast. C. E. Whitey received 103, C. H. Taylor 97, and C. M. Merrick 18. The election was held in the Buhl high school building with W. H. Parker and J. F. Constant as judges of election.

The board will meet tomorrow evening to organize by electing a president, vice president, secretary and treasurer.

C. E. Whitey served as president during the past year and he successfully presided over a number of stormy sessions of the board during that time.

THE MARKETS

CHICAGO GRAIN MARKET.
CHICAGO, Sept. 6 (AP)—Wheat averaged a little lower in price today, chiefly as a result of hedging sales and because of demand for normal stocks. The finish was unsettled at the same as yesterday's close to 3-26 down, with December \$1.01-54 to 1.01-54, and May \$1.07. Corn closed at 1-4 net decline to 58c advance; oats unchanged to 1-34 higher, and provisions up to 25 to 27c.

What held within a range of about one cent, and fluctuated rapidly on small orders rather way. Hedging sales increased noticeably on all bulges in price. It was otherwise apparent that business with heavy operations were absorbing the offerings whenever values underwent a material sale, but actual low export dealings were somewhat were said to be confined almost entirely to Canadian wheat, which was selling at two cents under the basis of Chicago number 2 hard. Goods that British food values were demoralized by unusually heavy shipments from central Europe counted somewhat as an additional bearish factor.

Some of the restraint on wheat buyers was evidently the result of protracted better weather for the domestic corn crop. Besides, mills were showing but little interest in cash wheat at terminals, and were said to be getting from rural sources enough wheat to supply all needs.

WHA promises of some relief from dry, hot weather, the market for corn and oats failed to exhibit the strength shown on the previous day. Crop reports continued to tell of damage but buying orders from the country were less in evidence.

Provisions reflected firmness in the value of hogs.

NEW YORK STOCK MARKET.

NEW YORK, Sept. 6 (AP)—Speculative selling, induced by the belief that a reaction was due on technical grounds. Reaction was a result of an article in the Wall Street Journal, dated Sept. 5, of 1-1 to nearly 3/4 points being quite numerous.

There was little outside news that had a direct market bearing, although publication of an article in an organ of the Standard Oil company of New Jersey, indicating huge investment losses of American companies operating in Mexico, caused active selling of Mexican oil shares, which were mostly down large fractions to four points.

Average prices in the market have shown an increase for nine successive weeks. It is a sort of tradition in Wall street that no speculative movement can proceed far in either direction without a temporary intervention of professional interests apparently felt, that the time was propitious to call a halt to the steady upward trend. The selling proceeded in an ordinary manner and most offerings were readily absorbed.

Mexican Petroleum moved within a radius of only four points today, closing at a net loss of 1-14, but dealings were quite extensive. The shares of the parent pan-American company were forced down 1 1/2 to 1 1/4 points while Standard Oil of California and New Jersey and most of the domestic issues showed similar losses.

Weakness of shipping shares probably was accentuated by the recent cut in the price of equipment shares dumped perceptibly after an early rally of strength. Railroad shares failed to respond to the more favorable overall news, showing increased car loadings and a steady increase in the number of new ship workers engaged to replace strikers.

There were no new registrations by Union Pacific, Atlantic Coast Line, Canadian Pacific, Illinois Central, Great Northern and Missouri Pacific.

Matter Full of Holes.

It was fully shown by Thomson that matter is neither continuous nor homogeneous. He showed by an experiment that hydrogen can be passed into a vacuum bulb through an incombustible platinum window, to a standard vacuum tubes through glass, and this is a useful bit of knowledge in the manufacture of vacuum tubes, because sodium can be passed into the tube to absorb the residual oxygen. Dr. Hollister, the Italian physicist, has shown that hydrogen can pass through cold iron. Matter may therefore be generally regarded as full of holes.

Officer Declines to Work for More Than Single Boss

Presence of E. F. Walton During Commissioners' Discussion of Appointment Queers Deal for P. O. Herriman

P. O. Herriman, former deputy sheriff, has definitely declined appointment on the Twin Falls police force, he said Wednesday evening, adding that he was considering acceptance of appointments on the police force of Denver or San Francisco.

Chief of Police J. E. Cress Tuesday afternoon said he still hoped that Mr. Herriman would reconsider his decision and accept the position offered him.

"I never have worked for more than one man at a time," Mr. Herriman said in explanation of his refusal of the offer here, and I don't believe I will work for more than one man at a time."

Mr. Herriman said that he was called in Tuesday afternoon by Chief of Police Cress to discuss the appointment, and that J. E. Roberts, police commissioner, was present at the police station when the conference opened.

CONSIGNMENT OF SPUDS DENOUNCED BY GROWERS

Cassia County Producers Are for Cash Market; Will Oppose Free Diversion of Cars BURLEY, Idaho, Sept. 6. (Special to The News)—Cassia county potato growers whose combined crops this season will aggregate approximately 1,800 carloads, at a meeting here Saturday evening, voted to oppose any such consignment of the crop and in favor of establishing a cash market. A committee of nine growers was named to confer with other growers of the state with a view to obtaining united action in this direction.

The committee also is considering the "framp car" proposition with a view to opposing free diversion of potato laden cars, on the grounds that it results in the use of cars by consignors for storage purposes and stimulated the rolling of unsold potatoes. Numerous growers here, it was stated, have contacted with other growers through operators in the local field, and the returns to the growers have proven generally disappointing. Proceeds of the sale price, it was said, have been absorbed by freight and consignment charges, leaving the growers practically nothing for their crop. Victor Smith was elected chairman and L. H. Phillips, secretary of the organization formed by the growers which was designated the Potato Growers of Cassia County.

ANNOUNCEMENTS

The Women's Mission circle of the Baptist church will hold their regular meeting at the country home of Mr. and Mrs. L. Coxon, two miles north of the city on Thursday, September 7. All ladies desiring to attend are requested to meet at the bungalow at 2:30. A splendid program has been arranged. The Past Matron's club will meet with Mr. Alan P. Senler, 797 Sixth avenue east, Friday evening at 8 o'clock. The Pythian Sisters Social club will meet with Mrs. J. W. Porter Friday afternoon, September 8.

The Business and Professional Women's club is holding a cooked food sale Saturday the 9th at the Club House. It is hoped by this means to raise money to pay the per capita tax. Each girl will supply something herself but because the membership is small it was decided this once to ask for donations. Each member should ask three who are not members to send something to the sale. Members of the American Legion Women's Auxiliary will gather for their first regular fall meeting Thursday evening at the home of Mrs. Carl L. DeLong, 250 Poplar avenue.

Mrs. Grace Bryant will present pupils in a recital and demonstration of the Dunning system Friday, Sept. 8, at 7:45 p. m. in the parlors of the Presbyterian church. The following pupils will take part: Marjorie Wurster, Mary Ellen Brown, Grace Ratcliff, Esther Ratcliff, Virginia Smith, Katherine Mills, Myrtle Smith, Carolyn Williams, Babcock, Louise Vawter, Nellie Robbins, Louise Austin, Harriet Duvall, Robert Nixon, Junior Simpson, Robert McClure, Richard Duvall, Howard Patrick and Robert Dawson.

Arbitrators Named By Disputants to Decide Controversy

Records in Unique Procedure Under Idaho Law Are Filed by Twin Falls Men in Court

Records in what is believed to be the first instance in Twin Falls county of a controversy that is to be settled by arbitrators selected by the disputant under provisions of Idaho law, were filed Wednesday in the office of the clerk of the district court here. The disputants in this case are James S. Busell, vice-president of the Twin Falls Bank and Trust company, and Chester E. Jones, Twin Falls distiller. The controversy involves the feeding of a band of sheep. Instead of resorting to litigation, parties to the controversy agreed upon amicable settlement through arbitration. Each one named one arbitrator and the third was named by the disputants. The arbitrators named are Andrew Rogerson and Thomas M. Robertson, both of Twin Falls, and they selected Ivan C. Lincoln, Filer, as the third member of the arbitration board.

HIGHWAY BOARD REJECTS FINDINGS OF APPRAISERS

Commissioners Ask Court to Distribute Funds and Property with Murtagh District

Award of the joint board of appraisers as to the distribution of property and funds between the Murtagh highway district and the Twin Falls highway district, out of which it was rejected, has been rejected by commissioners of the Twin Falls district who, Wednesday, through the district attorney, John W. Graham, filed in district court here an appeal to the court from the statements, reports and conclusions and from any and all findings of fact and conclusions as shown by and contained in the joint report of the auditing board and board of appraisers filed August 11. A copy of the joint report, which appears about three months work on the part of Edwin A. Wilson, Twin Falls, and J. L. Schofield, Salt Lake, constituting the auditing board, was filed with the notice of appeal.
