SENATE PASSES FIRST BILL FOR COAL CONTROL

House Measure Designed to Check Profiteering and Provide for Equitable Fuel Distribution Goes Over

WASHINGTON, Sept. 7 (AP)—With only seven yeas recorded, the senate late today passed the first of the emergency coal bills, the house measure designed to check profiteering and control the distribution of coal. The vote was 40 to 7 and the measure as amended was sent to conference for adjustment of differences with the house.

Passage of the bill was followed by consideration of the fuel finding measure, but final action on it was deferred by a sudden and intense debate over provisions which would direct the commission to study the question of nationalization of the mines along with other phases of the industry.

Before getting to the day the committee bill was amended directing the agency to make a separate and distinct investigation of the anthracite industry and to inquire into any "organized resistance" between miners and operators if they exist.

The change was a direct result of the recent settlement of the anthracite strike and Senator Borah, sponsor of the Idaho, sponsor of the bill in the senate, previously had withdrawn the measure from consideration in order to await developments of the anthracite peace negotiations.

Report Provided For. The commission is ordered to make its report on the anthracite inquiry not later than July 1 next year, which would be one month in advance of the expiration of the wage contract for that industry. A report of the bill is made in the senate today.

An effort by Senator Shields, democrat, Tennessee, to amend the bill so that representatives of both miners and operators would be specially prohibited from membership on the commission was rejected, but only after Senator Borah had said he agreed with it. He stated in the latter part of his "harmony" not to inject that feature into the bill.

The fight on whether the commission should be directed to inquire in the advisability of nationalization is expected to be resumed tomorrow as a result of the amendment to strike out that section. Senator Sterling, republican, South Dakota, opposed the provision because of the extra-work which he said it would require of the commission in studying a "speculative" proposition.

Senator Borah denied investigations that the proposition would lead to open issues, but added that even if it did, "there can be no solution of any question by dodging and evading." "It can be decided," he went on, "only by ascertaining the facts and dealing with them in the establishment of a policy."

MEMBERSHIP IS CUT DOWN

New Irish Cabinet to be Considerably Smaller with Closer Coordination

LONDON, Sept. 7 (AP)—The Dublin correspondent of the Times says that there will be fewer members of the new Irish cabinet, the machinery of which will be simplified by closer coordination of officers. The probable makeup of the cabinet is given as follows:

- Thomas and minister of finance, William Cosgrave.
- Defense, Richard Mulcahy.
- Local government, Ernest Dwyer.
- Home affairs, Kevin O'Higgins.
- Labor and trade, Joseph McGrath.
- Agriculture and economics, Patrick J. Hogan.
- Education, Finlay Lynch.
- Postoffice, J. J. Walsh.
- Publicity, Desmond Fitzgerald.

The correspondent says Ireland retains its confidence in the movement, but is discouraged and alarmed over the continuance of disorders. The government, he added, is expected to make a firm statement of policy and announce a definite program of protection, construction and reform.

IRISH PARLIAMENT OPENS

Arrangements Completed for Formal Convention on Saturday—Two Candidates for Speaker

DUBLIN, Sept. 7 (AP)—Arrangements have been completed for the opening of parliament of the Dail Eireann today. The day's business will be largely of a formal nature. There are two candidates for the speakership, William Roche and Professor Michael Eavis, who has been minister of education in the dail cabinet.

William Cosgrave is expected to be the sole nominee for the post of government, though Dr. Patrick MacCarthy has publicly suggested Professor John McNeill as an alternative. There are six members of the dail who are favorable to the treaty, and nearly all these are expected to attend the session, in addition to all the labor members, the independents and the representatives of Trinity college. The opposition of the Volunteers numbered thirty-four, are not expected to be present, though they may be represented by a few individual members.

TITLE PROBES ELUSIVE

THE COUNTRY CLUB, Brookline, Mass., Sept. 7 (AP)—A stymie stopped Jessa P. Gullford's attempt to capture another national golf championship to-

day. The title holder was defeated by Jesse Swearer, upon champion, who he failed in an attempt to jump the obstacle which the latter imposed on the fifteenth green.

From Fashion's Sketchbook

During autumn days when the trees gradually become bare and the winds grow more piercing, one's thoughts turn to correct Fall and Winter garb. It is now that the modish little tailored suits come into their own. This year they are done in long lines with a strictly tailored effect, just a dash of trim or a gay little twist turning the whole creation into a picture of stylish simplicity.

We carry them in blues, blacks, browns and tans, in all of the suit fabrics, velours, tricotines and combinations, and from \$5.95 to \$92.50, which guarantees you a complete assortment from which to choose.

RULES ON IDAHO SCHOOL SPORTS

Plans for Interscholastic Athletics in State Announced by Secretary Mitchell

Naming of specified dates at the start of the season to do away with any school being able to take advantage of the other, is one of the new features of Idaho interscholastic football, basketball and track rules made public Thursday by Secretary Mitchell of the state board of control for interscholastic athletics.

Mr. Mitchell's announcement follows:

The following statement sets forth the outline of plans for conducting interscholastic athletics in Idaho in 1922-1923. These plans have been formulated by the Board of Control which board is composed of Superintendent H. H. Spriner of Idaho Falls, president of the Board of Twin Falls, secretary, treasurer, and Superintendent Cherry of St. Maries. Coach Matthews of the University of Idaho has also assisted in the preparation of these plans.

First: The main attention of the conference was directed toward making arrangements for conducting football in 1922-1923. The following points were considered:

A. Districting of State. The plan of districting the state into districts which was followed in conducting basketball and track in the Spring of 1922, is modified for conducting football so that districts one and two in northern Idaho become a single district, viz District A; District Three (which includes the Snake Valley) remains and is designated as District B; District Four (the Burley-Groveland-Twin Falls district) remains the same and is designated as District C; Districts five and six in southeastern Idaho become a single district, viz District D. The state is thus divided into four districts for playing football.

B. Schedule of Games as to Time and Place.

The state championship game shall be played Friday immediately preceding Thanksgiving, November 24. The interscholastic championship games shall be played Friday, November 25. District championship games must be determined on or before Saturday, November 11. The districts shall make their own schedules and shall play their championship games at places and in a manner determined by the district organizations.

District schedules must be reported to the State Board of Control as to time and place as arranged on or before November 1, 1922.

The two inter-district games shall be played between Districts A and B, and C and D respectively at the residence of the competing schools winning the toss in 1922, which toss is conducted by the board of control. In succeeding years these games shall alternate between the two districts concerned in each case. The understanding is that A and B shall continue to be paired together from year to year and similarly with districts C and D.

The state championship game shall be played by the winners of the Inter-District games at the residence of the board of control, providing that no school shall be allowed to have the state championship game on its home grounds in two consecutive years; no school shall be required to play the state championship game away from its home grounds two consecutive years.

No provision in these regulations shall be construed as interfering with individual schools in securing games with schools from other districts or outside the state.

No school will be recognized as a district champion by the Board of Control which has not paid its annual dues, or in its regular district schedule has completed with teams whose dues for the year have not been paid.

Any provisions in Section B relating to "schedules" may be modified by the Board of Control in the light of the football season for reasons arising due to financing of games as considered in Section D.

C. Officials. Lists of competent and satisfactory officials from each district shall be filed with the State Board of Control by November 1, and the said Board shall appoint officials for Inter-District and State championship games.

D. Financing the Games. The burden of financing a game naturally falls on the home school. The home team guarantees the visiting team the latter's expenses for traveling, officials, etc. The net receipts of Inter-District and State championship games shall be divided, giving 75 per cent to the home team and 25

LEONARD SIGNS FOR MATCH

World's Lightweight Champion to Face Charley White of Chicago for 12 Rounds

NEW YORK, Sept. 7 (AP)—Benny Leonard, world lightweight champion, and Charley White of Chicago, have been matched for a 12-round contest in Leo's Thirty Acres, Jersey City, N. J., the night of October 6. Promoter Tom Rickard announced today. The pugilists will be required to make the lightweight limit—145 pounds—each the afternoon of the contest.

They had reason to believe that the prospect for settlement of the strike on some individual appeared to be improving. It was said that B. M. Jewell, leader of the striking shopmen, had been in touch with several of these recently who advised that the government's justice was not advised of Mr. Jewell's whereabouts. It was indicated that administration officials had a well defined plan to make to relate to the Chicago permit as tending to interfere with "free" services now for government representation of the temporary order was not stated.

But those in close touch with the administration officials pointed out that it would be "very largely modified." The attorney general and his advisers would have to come to the conclusion that the temporary order was unnecessary for his restoration.

The question was understood to have been discussed at a conference Attorney General Denham and Chief Justice Brandeis of the supreme interstate commerce commission at the White House with President Harding tonight.

WILL MAKE STRONG BID

Walter Beck is another backfield man that is going to make a strong bid for a back field position. "Black" Beck, as he is more commonly known, finished a career at last summer's season.

Clarence King, another of last year's back field men, is put up as another possible to get a line or all of the four months of match work didn't hurt his physical condition any.

Alton Denton was also among those present last evening and will try out ships at places and in a manner determined by the district organizations.

Pat Flynn was also out in a suit, and tells us that he feels husky enough to carry 11 men on his shoulders and make a touchdown all by himself. Go to it, Pat, and good luck to you.

NEW PRAYER IS ADOPTED

House of Deputies of Episcopal Convention Accepts Change in Presidential Supplication

PORTLAND, Ore., Sept. 7 (AP)—Adopted by the house of deputies of the Protestant-Episcopal trial convention of a new prayer for the president of the United States to supplant the one in the prayer book, which was declared by the house of deputies of the Episcopal convention of the Episcopal church of the United States to be in adaptation of the prayer for the king of England, and a resolution by the house of bishops of a constitutional amendment which would have given suffragan bishops the right to vote in the house of bishops were the outstanding developments of the afternoon session of the convention today.

ELOPEMENT IS SUSPECTED

NEWARK, N. J., Sept. 7 (AP)—Police in all cities of Kentucky, Indiana and Tennessee Thursday were searching for Miss Carolyn Shuster, 18-year-old daughter of W. Morgan Shuster, president of the Century Publishing company, New York, who is believed to have eloped from the home of her grandmother here Wednesday night with William Morris, son of the proprietor of a general store.

Immediately after the girl's disappearance was noted, members of her family offered a reward for her return and a reward for the man.

Wife of President Under the Care of Family Physician—Condition is Not Serious

WASHINGTON, Sept. 7 (AP)—Mrs. Harding, wife of the president, is ill and under the care of Dr. Sawyer, the family physician. She has been confined to the White House for several days. Her illness is described as an ailment, neither alarming nor serious, and she is expected to be up and about soon.

Mrs. Harding's illness, it is said to be one to which she has been subject, and is not regarded as giving any cause for alarm. No official statement has been issued and until today the illness of the president's wife was known only to a very few close friends.

RAID RESULTS IN 10 ARRESTS

Revenue Officers and Police Swoop Down on Well Known Hotel in Contraband War

NEW YORK, Sept. 7. (AP)—A raiding party of 23 internal revenue agents, 12 police detectives and two assistant federal attorneys, swooped down on the Hotel Lorraine, in the theatrical district, tonight arrested 10 persons and seized quantities of narcotics and liquor.

Assistant United States District Attorney Connolly said that the raid was made as a step in a campaign to put a check on the widespread traffic in drugs in the white light district.

Mr. Connolly said that plans for the raid, which lasted an hour, had been under way for more than a month. He said that a woman agent was brought here from Seattle, Wash., and a man from Denver, Colo., and another from Salt Lake City, Utah, for the purpose of getting evidence.

These agents, he said, all had been registered at the hotel and had gathered the evidence which made the raid one of the "biggest" we've made in many a day.

These out-to-town agents, the federal attorneys said, learned that the usual method of securing drugs was to "go next" to the toll boys.

For Home Dressmakers

Think what our grandmothers would have given for the service that is now to be had by the home dressmaker. Grandmother fashioned her clothes, and yours, as best she could. Perhaps a crude pattern was to be had, perhaps it was one that had been passed around among the neighbors. Today the home sewer may have the wonderful Home Journal patterns, not only in winning styles for every need, but so simplified that sewing is not the task it was in olden days. The fall patterns are ready, as are also the fall fabrics. And there is a decided pleasure and advantage in having first choice from these fine, big, well assorted stocks.

MANNISH TAILORED COATS FOR WOMEN

Mannish tailored coats seem to be all the rage. There is that manly sport appearance that the younger set like. Then, too, they are very practical, for they are of all-wool fabrics, of good weight, nicely lined, belted, patch pockets.

We suggest them as a practical coat for the school girl. We have 10 good-looking ones for the girls who wear 10 and 18 **\$18.00**

WE RECOMMEND THEM FOR SCHOOL

Jersey is a practical cloth for school wear, for it does not wrinkle or soil easily. We have something airy and new in jersey frocks with smocked waists that should prove ideal school garments. They come in brown, tan and navy. No doubt the girls will want two in the different styles. The price is very low **\$16.95**

ALL WOOL PRUNELLA SKIRTS FOR STOUT WOMEN

There are a few of these all wool prunella skirts left that were bought especially for large women, who have difficulty in buying desirable styles in their particular size.

They are plaited and the colors are brown, navy and black with dark combinations.

We suggest that you visit the department early. We will be pleased to fit them and then the selection will be better **\$7.95**

Sale of Pillows

You will find just the size and kind of pillow that you are needing. Pillows of all kinds and sizes. The values are exceptional. All are the Sunset Brand and all are guaranteed to contain only sterilized feathers.

The New Royal Society Fib Stock is now in. See our window.

Blankets Downstairs

We've placed blankets in the Downstairs Store for two reasons—first, because down here there is plenty of room for comfortable display; and second, because down here we have little or no exposure to sun, wind and rain, and therefore low. Just now stocks are at the very best, and prices are lower than they will be at any other time of the year. In fact, makers tell us that within a short time blanket prices are to advance as much as 20 per cent. Come downstairs for a look.

INSTRUMENTS OF PEACE

The ingenuity with which the tremendous amount of war paraphernalia has been converted into peace-time uses is as interesting as it is admirable. The spirit, if not the letter, of the Bible injunction about swords and ploughshares has been carried out to an extreme degree.

Bomb-proof guards used in the war for the protection of soldiers in the trenches are now being used as official storerooms for dangerous explosives like dynamite and TNT. War motor ambulances are being used in several instances to carry convicts to work outside the prison walls. In one case in New Jersey, a clever device has been installed in a power motor for the purpose of whitewashing poles along highways for the benefit of motorists. Much pipe used in the war has been turned over to peaceful employment. The portable bridges belonging to war equipment also have been put to good use and reinforced to withstand long rather than temporary wear.

It is not the American way to stack away this vast amount of war implements against a future conflict. The

Girls Enter Beauty Contest

Beautiful girls from all over America are gathering in Atlantic City, N. J., for the Beauty Tournament. Miss A. Adelle Smith represents Wilmington, Delaware, as a "posch" from the Posch State. She isn't going into the movies,

supplies were made to meet a grim need, and they efficiently met it. Now that the war is over, this equipment is being put to immediate use in far different but quite as important pursuits, in a sane and practical manner quite in keeping with the progressive American spirit.

There has been a lot of comment over the recent announcement that hardly any of the physicians being turned out by the colleges of today are finding their way to country practice. With the professions, it would seem, as with the trades, the city offers a quicker, more inviting pace.

We pause for a moment to regret the passing of Doc—Nobody knew him by any other name, and he was especially an intimate to every family because of the occasions of joy and sorrow and tension at which his face was a constant and familiar one.

The deflection of the country physician was proverbial. He is not entirely passed, indeed, and yet we cannot help realizing that there are not many of the kindly and capable species left.

But after all, the modern days offer their compensation. A doctor who locates in any town outside a metropolis is certain to include some country practice in his ministrations, particularly if, like Doc of fond memory, his practice is so general as to include all the ills of every member of the family.

In his work, he can cover many times the distance Doc used to plod along in his buggy. His tendency, too, is to specialize, and he has a far better equipment of education than his fore-runner of, age—All he needs is practice—and folks seem to have just about as many babies and the babies seem to have the measles and the whooping-cough about as regularly as over they did.

Painter's Secret.
Use wood alcohol to remove old paint or varnish when about to redecorate furniture. Apply with soft brush, and after a few minutes rub off with old cloths. If paint is very thick and dry more time must be given to "soak" and a putty knife may be needed to remove the worst of the old paint. This will remove old finish exactly as well as the prepared varnish removers, at much less cost. Be careful not to inhale the alcohol, nor get it in the eyes when using.

Greatness in Patience.
He who waits through life with an even temper and a quiet patience—patience with himself, patience with others—has an everyday greatness beyond that which is won in battle or chanted in cathedrals.—Orville Dewey.

Whence the Papal "Bull?"
The popes of Rome used to seal their decrees in lead instead of wax, which gained for them the name of papal bulls, from bulls, lead. The first English king to use a seal was Edward the Confessor.

The Key that 'Unlocks the Door to Long Living.'
The men of eighty-five and ninety years of age are not unwell, well-fed, but thin, spare men, who live on a slender diet. Be so careful as he will, however, a man past middle age will occasionally eat too much of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Adv.

THE MARKETS

CHICAGO GRAIN MARKET

CHICAGO, Sept. 7 (AP)—Assessments on wheat and flour, and the corn crop for this season would be \$80,000 bushels less than was harvested last year, had much to do today with an all-around advance in the value of grain. Wheat closed 1-3/4 to 3-1/2 net higher, with December \$1.03 1/4 to 1.03 3/4; and May \$1.07 1/4 to 1.07 3/4. Corn finished 1/4 to 7/8 up, and oats 1-3/4 to 1-1/2. In provisions, the outcome was unchanged to 18 to 15c higher.

According to a statement from the leading authority, corn has suffered severely during the last 40 days, with Minnesota, South Dakota, Nebraska and Kansas showing the greatest damage. He estimated the total yield at about 9,700,000 bushels, and it was upon this basis that the \$50,000,000 estimate shown in the "Hepburn" in the price of corn were properly reflected by the action of wheat. Besides, rough weather in Canada appeared likely to reduce the yield of wheat from the United States and to injure the quality of a large amount.

Some heavy selling which took place at an all-around advance in the value was ascribed to cash interests here. Decline, that cannot follow to last, however, and gain was carried to the extent of a decline in the value of wheat. The amount of wheat acknowledged as having been taken for Europe today was 700,000 bushels, chaffman.

There was a big trade in corn and the market was strong from the outset, but slowness from heavy selling of the United States and of Canada, and holders who were in a position to realize profits. Data were governed by corn.

Provisions tended upward in line with wheat and grain.

OGDEN MILLERS VIEWING FIELD AT TWIN FALLS

Globe Company's Representatives Here Decline to Divulge Plans; Establishment of a Warehouse is Rumored

Representatives of the Globe Milling company of Ogden, which has certain number of warehouses on the North Side, were in Twin Falls Thursday and reports were current that their business here was to establish a warehouse and grain buying station in Twin Falls.

No confirmation of these reports was given, although the Globe Milling Co. of Ogden, Idaho, is reported as one of the largest concerns in the business.

It is understood to have taken over recently the International Elevator and plant at Bohal.

It purchased last week several hundred thousand bushels of wheat through the Idaho Wheat Growers' association.

CRUELTY IS ALLEGED IN TWO DIVORCE PETITIONS

Husband Blamed for Neglect; Woman Charged with Physical Violence and Threats...

Alleging that she has been subjected during her married life to constant nagging and false accusations, Elsie Bassford Thursday instituted action in district court here for divorce from her husband, Earl Bassford, to whom she was married in November, 1914, in Stockton, Kansas. They have no children. Mrs. Bassford says in her complaint that she waives any claim to property inherited by her husband subsequent to their marriage. She asks that her former name of Elsie Rich be restored.

Cruelty in a more violent form is alleged by Bernhart Peterson in his petition for divorce from Emily G. Peterson, to whom he was married in November, 1907, at Bagley, Minn. He alleges that his wife struck him and drew a knife and made threats against him. He asks for the custody of four minor children.

Two actions were filed by S. B. Davis, attorney.

JEROME COUNTY DEPUTY TAKES LIQUOR SUSPECT

J. L. Cox Captures Talkington at Hiding Place on Rimrock Southwest of Jerome

JEROME, Idaho, Sept. 7.—William Talkington, alleged illicit manufacturer and dealer in moonshine whiskey, for whose arrest a warrant was issued three weeks ago, was taken in custody Thursday evening by Deputy Sheriff John L. Cox of Eden, and is held here to answer to a charge of illegal possession of liquor.

Talkington was trailed by the officer to a place of hiding near the rimrock of Snake river canyon about nine miles southwest of here, it is reported.

Talkington is said to be a "ring leader" of a band of illicit liquor traffickers in this region.

DEATH COMES TO CLOSE MONTHS OF SUFFERING

Mrs. Cora E. Stiles, Resident of Twin Falls Since 1908, Succumbs at Home Here

Mrs. Clara E. Stiles, resident of Twin Falls since 1908, died at 3 o'clock Thursday afternoon at her home, 461 Main avenue east, at the age of 58 years. The body has been taken to the P. J. Greenman undertaking establishment. Arrangements for funeral services have not been completed. Word is expected from a son in California.

Mrs. Stiles had been confined to her bed, practically continuously since November, 1921. Death resulted from pneumonia.

Mrs. Stiles was left a widow 22 years ago. With her family of six children she came here in 1908 from August, Wis. She is survived by three sons and three daughters. The sons are John Stiles of Marysville, Cal.; Harold H. Stiles and Leo Stiles of Twin Falls. The daughters are Mrs. E. Stradley, Mrs. Ruth H. Stiles and Miss Cora Stiles, all of Twin Falls.

Funeral services probably will be conducted under auspices of the Baptist church, of which Mrs. Stiles was a member. It was announced.

ARBITRATORS AWARD IN CONTROVERSY IS GIVEN

Ranchman to Deliver Sheep to Banker who is to Pay Specified Amount for Feed

Under an arbitrator's award filed Thursday in the office of the clerk of the district court, here, Charles E. Hester, district court commissioner, will deliver to J. B. Bassell, vice president of the Twin Falls Bank and Trust company, all of the sheep in his possession over which a lien is claimed, and the banker will pay to the ranchman \$555 for the feeding of the animals, numbering 2727 ewes, 978 lambs and 240 steers.

The award was made under provisions of Idaho law by arbitrators named by the disputants. The arbitrators were H. B. Lincoln, Elmer, and Andrew Rogerson and Thomas M. Robertson, both of Twin Falls.

The case is believed to be the first in the Twin Falls county to be settled by this procedure.

HERRIMAN BENDS UPON ASSURANCE

Police Force Appointee Reconsiders Decision when Told He Will Answer Only to Chief

P. O. Herriman, former Twin Falls county deputy sheriff, has accepted an appointment as a member of the Twin Falls police force and will enter upon duty at 7 o'clock this morning. It was announced Thursday afternoon by J. E. Roberts, police commissioner. The commissioner's statement was confirmed by E. W. Walcott, city clerk, who said that Mr. Herriman would become a member of the force, "unless there is another blowup." "Unless there is another blowup," Mr. Herriman stated that upon assurance given him by the police commissioner, he had reconsidered his decision to decline the place and that he had decided to go to work as an appointee of the police force Friday night.

Answerable Only to Chief

"We told Mr. Herriman that he would be answerable to the chief of police," Mr. Roberts stated. He recalled the statement made Tuesday by Mr. Herriman to the effect that he did not propose "to work for more than one man at a time."

In this connection Mr. Roberts confessed that there had been a formal conference among members of the city council, which had resulted in the appointment.

"I asked Mr. Gross to bring Mr. Herriman in to see me because I wanted to get acquainted with him," Mr. Roberts said. "Mr. Gross and Mr. Herriman came to my office Tuesday afternoon and while we were talking the mayor came in. The mayor then in to see me and we went over to see another member of the city council for that purpose. After the mayor had left for the office, Mr. Herriman had learned that his appointment would be objectionable to some persons, that during his previous experience as an officer here he doubtless had made some enemies. Mr. Herriman admitted that this probably was true. I told him that in my opinion an officer here did not make some enemies, but that he would have to be one who did nothing."

"Mr. Herriman said something, too, about being unwilling to work more than one boss," the police commissioner added.

Denies Walton's Presence

It is denied that any of the other members of the commission had been present during the interview, or that E. F. Walton had been into the room during that time. "Mr. Walton," he said, "has never been called into consultation by the commissioners—since the time he was called into the office of R. G. McAuley, another commissioner, also denied that he had attended any conference in regard to the appointment of Mr. Herriman, and denied that Herriman had any more influence with the commission than any other citizen.

Mr. Herriman said Wednesday that he had definitely declined the appointment for the reason that he was unwilling to work for more than one man at a time. He reached his conclusion, he said, at a conference in which the mayor and several of the councilmen and Walton seemed to have participated. He said Thursday that his explanation for his decision, still W. H. Scott. The subject was "Steward," and was presented in a most unique and interesting manner, those taking part giving recitations illustrating the topic. These were Mrs. J. G. Beatty, Mrs. D. G. Crotty and Mrs. Beughton. Mrs. Coxon, with the assistance of Mrs. E. E. Conroy, Mrs. Ira Wynn and Mrs. T. Tucker, served delightful refreshments at the close of the meeting. There was a very good attendance.

CHILL LIMITS AUDIENCE

Last Band Concert of Season Here by Relatively Small Number—Beguiling Behaviors Will Be Continued

Chilly weather Thursday evening tended to limit the numbers of the audience of the Twin Falls band's last concert of the 1922 season in the city park here. The musicians, however, made up in enthusiastic appreciation what it lacked in numbers. Evidence of their part at regular rehearsals on the park at the beginning was plain to be seen. Regular rehearsals will be continued throughout the year.

THOUSAND DOLLAR LOSS IN AUTO TOP SHOP FIRE

Blaze of Unknown Origin is Discovered in Fred Fos's Building by Man on Way to Train

Damage estimated at between \$1000 and \$2000 resulted from fire of unexplained origin discovered at 7 o'clock Thursday morning in the Fred Fos building, 222 Second avenue south, which is occupied by the top and hardware establishment, conducted by Fred Fos, Jr., and Freeman Fos, and by the Idaho Hardware and Implement company.

Damage was confined almost entirely to that section of the building occupied by the auto top establishment. The blaze originated near a cabinet against the wall between the auto top department and the hardware store. It spread through the walls to the city under the floor and into the roof.

The blaze was discovered by C. P. Rowley, former city councilman, on his way to the train. He notified the fire department at his station just across the street from the burning building. Only wisps of smoke coming through the roof indicated the presence of a blaze at that time. Streams of water were played on the fire for almost two hours before it was extinguished.

Damage to the building is said to be fully covered by insurance.

Activities at the establishment were interrupted only a few hours by reason of the fire.
