MRS. HARDING IS MUCH IMPROVED

Day and Hope of Continued Progress is Entertained

WASHINGTON, Sept. 11 (AP)—Mrs. Harding was said to be "feeling very nicely," by Dr. Cecil Sawyer, son of Brigadier General Sawyer, at 10:05 o'clock tonight. "The improvement is continuing," he said to newspaper men. "It was learned that President Harding retired at 9:30 o'clock tonight."

Patient Passes Comfortable Day and Hope of Continued Progress is Entertained

The improvement shown was maintained today, according to the official bulletin issued by the attending physician at 7:30. "The patient now is most comfortable day," the statement said. "While her temperature remained at 100, Mrs. Harding's pulse had increased to 90 and her condition is as the night bulletin called 'improving progress with a promising outlook for a quiet life.'"

Is Boy Seem

The accident occurred at about 9 o'clock and the boy had been seen by the boys at Blue Lakes ranch and in the canyon. Donald had gone to his ranch in search of employment and was returning with a member of Twin Falls Boy Scout troop No. 2.

COAL GIVEN PREFERENCE BY EMBARGO

Principal Eastern Lines Announce Sweeping Orders in Effort to Provide Against a Possible Fuel Famine

NEW YORK, Sept. 11 (AP)—The chief eastern railroads today declared a sweeping embargo on freight competing with coal shipments to the New York Central, Erie, Lackawanna and Lehigh Valley freight carriers stopping practically all other freight except necessary foodstuffs at competing points. This announcement together with a threatened strike of freight loaders and station employees in Pennsylvania system, were the most important developments of the day in the eastern coal situation.

Only Way Out

Under the present system, the employment of "shippers" may apply to the freight traffic freight carriers. The New York Central, says after the embargo was announced, issued a statement to the effect that freight carriers beyond the limits had to be stopped at connecting points because of the congestion, which might result from embargoes by other lines. The statement says that these roads to handle all the anthracite coal possible into New York.

GOMPERS CONGRATULATES LEWIS UPON HIS VICTORY

Executive Council American Federation of Labor, Says New Era Workers

ATLANTIC CITY, N. J., Sept. 11 (AP)—After reviewing the major victory of the United Mine Workers of America in the strike of the past year, President Samuel Gompers and the executive council of the International Federation of Labor today sent a message to John L. Lewis, president of the United Mine Workers of America, declaring that the victory of the miners' strike marks the turning of the tide that will usher in the fulfillment of labor's hopes and aspirations.

FORD IS FOR PROHIBITION

Detroit Manufacturer Lays Down Dred Line Governing Conduct of His Employees

DETROIT, Sept. 11 (AP)—The seventy thousand men employed by the Ford Motor Co. today were given orders from Henry Ford today to leave all forms of liquor, wine and beer alone at all times under penalty of losing their jobs. "Asserting that drinking among certain of his employees recently had been the cause of accidents in the Ford plant, the manufacturer issued a statement declaring that any of his workmen whose breath smelled of liquor were to be discharged and their names were to be handed in to their homes where to be distributed at once."

Eighteen Negroes Drowned as Truck Goes Into Water

Collapse of Bridge Results in Death of All but Four Occupants of Automobile

HOMEVILLE, Ga., Sept. 11 (AP)—Eighteen negroes are believed to have drowned today when a motor coach carrying a load of 18 blacks to a baseball game, plunged through a bridge. Fourteen bodies had been recovered tonight. When the truck crashed through the bridge, the driver was thrown backward with such force his neck was broken. The other occupants were crowded to close quarters. Nine were able to extricate themselves and swim to the bank. Only four of the 23 passengers said to have been on board the truck are believed to have escaped.

BALTIMORE, Md., Sept. 11 (AP)—An explosion, which followed a fire started by a mechanical breakdown of William Beeler, Inc., early today caused the death of a fire captain and the serious injury of 17 firefighters. The fire, in the heart of the shopping district of Baltimore, was confined to the Beeler plant.

MINOR BISHOPS GRANTED POWER

Episcopal Convention Passes on Question of Right to Vote of Suffragan Clergymen

PHILADELPHIA, Sept. 11 (AP)—The 1922 annual convention of the Episcopal bishops, which was now called to a close in the house of bishops, but not to vote, was the subject of a debate on the question of suffragan and the house of deputies of the Protestant Episcopal church in the United States in general convention here this morning. The bishops after a long session to reconsider the amendment granting suffragan, which had been brought last week, reversed their former position by 65 affirmative votes.

RESTRAINING ORDER IS EXTENDED FOR 10 DAYS

Temporary Injunction Granted Government in Shop Strike Crisis Expiring at Midnight is Given New Lease of Authority—Argument for Modification by Unions to Open

CHICAGO, Sept. 11 (AP)—The temporary restraining order granted the government September 1 against the striking railroad shopmen and their leaders tonight was continued in effect for not to exceed 10 days. The original order had expired at midnight.

CURTALMENT OF INJUNCTION IS HINTED AT BY THE COURT

As a result of the continuance of the hearing on a motion to modify the restraining order, while attorneys for D. M. Jewell, president, and John Scott, secretary-treasurer of the federated shop units, argued modification of the restraining order, Donald R. Richberg, representing the strike leaders, served notice on counsel for the government that he would move some modifications when convenient.

AGREEMENT TO REPORT BONUS BILL REACHED

Measure To Be Laid Before House at Once but Action is Postponed Until After Conference on Tariff

WASHINGTON, Sept. 11, (AP)—Conference on the soldiers' bonus bill reached an agreement late today and it was announced that the measure would be reported tomorrow to the house. It will not be called up there, however, until after the conference report on the tariff bill has been disposed of, which may be on Wednesday or Thursday. After the house acts, the bonus bill will go to the senate, where also it is to be put behind the tariff.

Four major changes were made in the bill in conference. They were: Elimination of the stimulus amendment authorizing the financing of the bonus out of interest from the foreign debt.

Elimination of the land reclamation feature, which under the senate plan embodied in the Smith-McNary bill, would have involved an expenditure of \$350,000,000.

The limiting of the time in which veterans might file applications for a bonus to January 1, 1928.

Acceptance of the house provision fixing the amount to be advanced for farm or home aid to the amount of the adjusted service credit increased by 25 per cent in place of the senate plan of amount ranging from 100 per cent of the adjusted service credit if the applications were made in 1923, to 140 per cent if applications were made in 1928 or thereafter.

No Important Changes

No important change was made in the stipulated service certificate option, with its provision for loans to veterans by banks in the next three years, and for government loans thereafter.

The vocational training aid option and the provision for cash payments to veterans whose adjusted service credit would not exceed \$50 also were unchanged.

Much of the three hours session of the conference was understood to have been devoted to a discussion of whipping the bill into such a shape as would meet the publicly expressed objection of President Harding. It was represented by some of the republican managers that the measure probably would have a better chance of presidential approval without the Simmons amendment and the reclamation option, and, accordingly, those were voted out.

Harding Attends in Doubt

There still was no official information as to whether Mr. Harding would approve the measure in its present form but proponents believe he will, while opponents are firmly of the opinion that he will not. Owing to a promised fight on the tariff bill conference report in the senate, it may be ten days or two weeks before the bonus measure reaches the White House.

Two of the ten conferees — Senator Snook, republican, Utah, and Representative Garner, democrat, Texas, voted

against the bonus as finally perfected, while one member, Representative Collier, democrat, Mississippi, was absent. Those supporting the measure were Senators McCumber, North Dakota, and Simmons, North Carolina, and Wialk, Massachusetts, democrats, and Representatives Fordney, Michigan, Green, Iowa, and Longworth, Ohio, republicans.

LOSS OF LIFE IS HEAVY

Foundering of German Steamer Hammonia Believed to Have Resulted in Death of 80

SOUTHAMPTON, Sept. 11, (AP)—A steamer, believed to be the German steamer Hammonia, foundered off Vigo, Saturday. Confirmation of this was obtained at 11:30 o'clock this morning when the British steamer Kinfaunacast docked here with 335 of the rescued passengers on board.

Captain Day, commander of the Kinfaunacast, said the loss of life possibly would reach eighty. Others on board estimated the dead at 160.

AIR STATION OFFICER DIES

Domestic Government Sea Plane Pilot Drowned in Four Feet of Water Near Point Grey

VANCOUVER, B. C. Sept. 11, (AP)—Major I. J. G. Galt, chief of the domestic government air station here, was drowned today when the sea plane which he was piloting plunged into the sea this morning when it struck Point Grey. The body was not recovered. It is believed that it cannot be released until the machine is righted or sunk.

John R. Duncan, a passenger, and A. L. Hartridge, mechanic, were injured.

Human Mechanism

Where can we find a pump as perfect as the human heart? If the best treat it right, it stays on the job for more than 100,000,000 strokes, making 4,320 strokes and pumping 15 gallons an hour. In the course of an average lifetime the heart pumps 100,000,000 gallons and makes 2,500,000,000 strokes. Floyd W. Parsons in the World's Work says: We have no telegraphic mechanism, equal to that comprised in our nervous system; no wireless apparatus, so efficient as the voice and the ear; no movie-camera machine or other type of camera so perfect as the human eye; no ventilating plant so wonderful as the nose, lungs, and skin, and no electrical switchboard can compare with the spinal cord.

Concerning Mystic "Findings"

It will be only when we have succeeded in getting beyond what Plato called the "birdage" theory of knowledge to a sound theory of knowledge and to a solid basis for spiritual values that we shall be able to discuss intelligently the "findings" of the mystic—Rufus M. Jones.

MANY FEET OF ROCK IN WAY

Progress of Workers Towards Entombed Men is Slow But Every Effort Being Made

JACKSON, Cal., Sept. 11, (AP)—Ninety-three feet of drift remained to be cleared in the 3600-foot level of the Kennedy mine at 4 p. m. today before the rescue crews reach the last 75 feet of hard rock which separates them from 47 miners entombed in the adjoining Argonaut mine since August 27.

Only two feet of rock was drilled and blasted off today on the 3900-foot level, leaving 125 feet to go before the second rescue outfit can break into the Argonaut by that route.

V. S. Garbarini, superintendent of the Argonaut mine, tonight denied that he had been overcome by gas from a stoppage while he was exploring a stop above the 3500-foot level of the Kennedy which was discovered yesterday. He said he merely was fatigued by the hard climb and declared it was impossible for gas to enter the Kennedy from the Argonaut on the lower levels.

Eyesight of Birds and Bats

I think we would be safe in saying that, on an average, birds see one hundred times better than man, writes L. R. Eshanks in Our Dumb Animals. By watching each other's actions birds will go a hundred miles to a carcass; and under favorable atmospheric conditions a bird can see a worm on freshly plowed ground at a distance of 300 feet. The bee, though the strength of its flight is not remarkable, has a wonderful ocular equipment—the eye, a cluster of three on top of its head, and one on each side. Zoologists say that the compound eye on top is so made as to be specially adapted for detecting moving objects; and this seems reasonable as the bee has many enemies that fly above it.

New Cure for Fatigue

Speaking at the Institute of Hygiene, London, Dr. E. M. Cornen, surgeon to St. Thomas' hospital, said that when a person became worked out, run down or depressed the reaction was due to acid in the system. An antidote to acid was an alkaline such as bicarbonate of soda. The amount to be given depended on the patient and should be caused by the reaction under treatment. The use of gas for operations was slowly coming in again and would in time supplant the other anaesthetics.

GIANTS INCREASE THE LEAD

League Leaders Take Two Games from Braves, While Other Teams Are Idle

NEW YORK, Sept. 11 (AP)—The New York National increased their lead to five half games today by twice defeating Boston. In the first game, Babe Ruth picked well for four runs and the latter half of the fourth and fifth, and had a lead of seven runs in the eighth. Boston scored two more off Ryan in the ninth, but V. Barnes, New York's third pitcher, retired the side on a double play.

In the second game Boston got off to a slacker lead, but the Giants scored five in the half of the fourth and came out in the seventh when Grob scored the tying run on Kosol's single and Kelly brought in the winning run with a sacrifice fly.

The hitting of Powell and Kelly featured, the former getting a triple, three doubles and two singles in the two games and the latter a home run, a fly, three singles and a sacrifice fly.

JEROME TAKES SECOND GAME

Northsiders Even Up Count in Loosely Played Contest—

Final Game at Kimberly.

Jerome won the second game of the three-game series Sunday afternoon at Jerome against the Hansen club, by a score of 9 to 5.

Earlier in the week the series was changed to a five-game affair, due to the fact that Jerome has twice defeated Hansen earlier in the season.

After the game Sunday it was decided to throw out the other two games and leave the series as it was originally planned, making one more game to be played to decide the championship of this section. This final game will be played at Kimberly and there is every reason to believe that it will be played this coming Sunday, although the Jerome team is scheduled to play at Rupert on Friday and the Sunday game may be postponed for a week.

Getting back to last Sunday's fracas, the game was not near the contest that the Labor Day battle between the same two teams was. In the opening inning Hansen scored two runs without the least sign of a hit, the Jerome players throwing the ball to all corners of the lot.

Hansen did its share of the wild stuff in the seventh frame, allowing

the Jerome team to hit the platter twice on a bunch of errors.

Fuller Starts for Hansen

Frank Fuller took the mound for Hansen, and started off in hot water. In the first inning he was nicked for two hits and a sacrifice fly that netted Jerome two runs. Fuller took a lead to the bench in the fifth after the first three men to face him had hit safely. Jimmie Thompson went in at the sixth and did fairly good work, although he wasn't in near the form that he displayed last Monday.

Clyde Merrill was again selected to do the twisting for the North siders, and did a very good job, allowing but eight hits, and never being in danger after the first inning.

Considerable trouble was experienced with the umpiring, and in the sixth Horn decided that he had been abused enough for the day, and gave way to "Big" Munn, who managed to get through the rest of the game.

Hansen looked like real winners in the first round. Chambers sent a short job to Merrill, who rooted and in his anxiety to make Chambers take the count threw wild to first and "Shorty" was granted a life. Lowery feinted at Ansell and "An" shot a short throw to Dybe, forcing Chambers to take the count at second base. Hughes took one of Merrill's mopey and ambled to the initial sack. Zelnke made three terrific swings at Merrill and when the third one failed to connect went back to the bench. Thompson made a pass at Petlich, who failed to cover, and Lowery scored with the first run of the game, and before Hills could gain his footing Hughes' race scored the platter.

Jerome Evens Matters

Jerome became vicious in their half and tied the count. Petlich sent a left-handed swing to the right field fence, and sat down to rest at second base. After considerable sparring Ansell ducked one and the referee sent him to first. Ashenfelter made a pass at Hughes in right field and took the count. Bills also swung at Hughes

and while he was getting back into the ring, each runner advanced a base after the catch. Brooks caught Fuller off guard and sent a single to left. Things went lovely for three rounds with Jerome taking the aggressive, giving Fuller body—showing in the second, third and fourth frames.

The fifth frame resulted in Hansen counting another. Chambers tore down Merrill's guard, and hooked one to right field for two bases. Hughes sent a solar platter to left, and with clever footwork Chambers tallied.

North Side Takes Lead

Frank Fuller entered the ring in the fifth, feeling a bit groggy, with Jerome starting in and hustling in this round. Petlich swung at Fuller and the blow landed in left field. Ansell, seeing Fuller's condition, poked a short job to left, scoring Petlich and

lying up at second. Ashenfelter appeared for a moment and then a healthy sweat to right, scoring Ansell. This blow caught Fuller at the point of the chin, and he took the count of eight, and when his seconds throw in the sponge, Thompson was sent to the ring. Bills took one of Thompson's blows on the kidneys and limped to first. Leach sent a short poke to center and Ashenfelter aborted on the bench. Leach received a body punch from Lowery and was taken to the bench. Byrnes fainted and finally sent a hard one to left, scoring Bills. Fittler ended this round by taking three swings at Thompson and missing. Four runs, 6 hits, no errors.

Zinke Hits One.

The sixth round brought two more to Hansen. Zinke sent a well aimed blow over the center field fence. Thompson, finding Modrill groggy, sent a two-base poke to left center, went to third on an out and scored when Ansell took care of Patton's swing and put him out at first.

Jerome made two in the seventh round, when the Hansen team went hay wire, and took the county and allowed the scores to be made without the least sign of a hit.

The eighth for Jerome ended at another counter, when Bills appeared at the plate and won the right to be passed to first. Brooks swung wildly, missing two chances to put the wily Thompson out, and on his third at tempt he sapped one to the right field

THE SECRET OF DARWIN'S SUCCESS

My success as a man of science, whatever that may have amounted to, has been determined by complex and diversified mental qualities and conditions. Of these, the most important have been, the love of science, unbounded patience in long reflecting over any subject, industry in observing and collecting facts, and a fair share of invention as well as of common sense.—Charles Darwin in his Autobiography.

IMPEACHMENT CHARGES FILED AGAINST OFFICER

Attorney General Daugherty Declared to Have Used Position Against Public Good

WASHINGTON, Sept. 11 (AP)—Impeachment charges against Attorney General Daugherty, growing out of his petition for an injunction in the case of striking railway employes, were presented to the house today by Representative Koller of Minnesota, an independent republican.

Seven separate charges were set forth in the Koller complaint, charging alleged attempts to abridge the freedom of speech, the freedom of the press and the right of people peaceably to assemble.
