SALEM, Ore., Sept. 13 (AP)—Dr. Richard M. Brumfield, sentenced to death for the murder of Dennis Galloway, a victim of Douglas county, committed suicide by hanging himself in his cell at the state penitentiary today.

Brumfield's alleged crime was doubtless the most notable in the criminal annals of Oregon. It was committed July 15, 1921. The alleged slayer was a dentist of Roseburg and of high social standing. Evidence indicated that after Brumfield was said to have slain Galloway, he placed the body in his automobile, drove to a lonely spot on a highway where he wrecked the automobile and set it on fire, his intention apparently being to make the body appear as his own.

### PLANNED TO LEAVE COUNTRY

There was evidence indicating that he planned to go to Australia. Brumfield appealed his case to the supreme court, which upheld the conviction for rehearing. The petition is now pending in the supreme court. He was sentenced to be hanged January 15, 1922, but was not hanged because of the appeal.

Republican Candidate for Governor Addresses Large Audiences in Northeast Idaho

MOORE, Sept. 13.—(Special to The News)—Declaring for more dairy cows, hogs and chickens on Idaho farms and intensive farming that would put the products of this state into more compact form so that they could travel the great distance to market at less freight cost, Lieutenant Governor C. O. Moore, republican candidate for governor, today declared to a Chamber of Commerce audience his hope for a greater Idaho.

"If I am elected governor," he said, "I will hope to see financing methods worked out both by Idaho and outside capital whereby the dairy industry may be firmly established in the state and great crops of feed turned into products that will go easily and cheaply to higher markets. Let us not squander the obligations we have incurred in the past, keep hope and faith in our state, teach our children thrift and economy, and by the careful carrying out of our plans in the future we will build solid foundations for the progress of Idaho."

**Glens Good Reception**

Mr. Moore closed his Custer county campaign here tonight. He has been given an enthusiastic reception in Lemi and Custer counties where he discussed with the citizens the neighborhood fashion the problems of state government before large audiences in Salmon and Custer counties, and informal gatherings in many communities.

The lieutenant governor received his pledge for economy in government, declaring every item of expense that will not benefit the state institutions must be eliminated.

"We cannot starve our schools or our charitable and penal institutions, or neglect the proper functions of our state government," he said, "but we can put into practice the same economy that you and I as farmers have had to practice in our own business."

Carlisle A. B. Conner, candidate for attorney general, spoke upon taxation showing in graphic form exactly where state tax money is spent. Mr. Moore and Captain Conner speak at Arco on Thursday night, Carey Friday night and Huley Saturday night.

## COURT LAYS DOWN RULES AS TO JUDGING OF BOOK

Selection of Random Paragraphs Wrong, New York Magistrate Declares

NEW YORK, Sept. 13 (AP)—You cannot judge a book by its paragraphs when you are trying to decide whether it is tainted with obscenity—you must judge the book as a whole.

With this opinion, Magistrate Simpson has dismissed complaints by Dr. S. Sumner, secretary of the Society for the Suppression of Vice, against the publishers of three modern volumes which he contended were indecent.

The magistrate, in his decision, recalled an supreme court ruling in which it was held that even some paragraphs in the Bible might be printed alone, come within the statute prohibiting the decent and obscene literature.

"The magistrate said he had read with anxious care the three books with which Mr. Sumner found fault, 'Caucasians' Homecoming,' by Arthur Sulzberger, 'Woman in Love,' by D. Lawrence, and 'The Young Girl's Diary,' the anonymous chronicle of the life and thoughts of a girl between the ages of 11 and 16, attributed to the daughter of a Viennese judge."

Mr. Tyson said some of the vessels would be brought from eastern and Gulf ports to the Pacific coast immediately where they will be inspected. The provision of the sale which bars the vessels from being used on regularly established trade routes will not cause them to be dismantled, it was asserted.

Governor's Proclamation Suggests That Every Family Use More Potatoes and Buy Now

BOISE, Sept. 13.—Increased home consumption of potatoes and the resultant creation of markets where potatoes are grown was urged by Governor Davis in a proclamation issued on the suggestion of the Nampa chamber of commerce.

The proclamation urges that every family use a greater amount of potatoes, and requests the placing of orders for the winter supply.

The proclamation follows:

"Whereas, the potato growers of our state and nation, on account of unusual overproduction and unfavorable economic conditions, are being forced to market their potatoes at ruinously low prices, many producers being unable to realize the cost of production; and

"Whereas, the loss or partial loss of the potato crop in our state and nation would be a calamity, not only to our potato growers, but to all our people;

"Now, therefore, be it known that a plan has been adopted to increase the consumption and create a market for potatoes by suggesting that every family endeavor to use a greater amount of potatoes and place their orders for their winter's supply immediately.

Favorite Stones of the Past

Hinges of the Middle Ages had turquoise and emeralds as favorite stones and in that age of chivalry it was but natural that the coat of arms on rings would become the fashion. In the Renaissance diamonds were used for the first time. The cuttings were very rough, the tools of jewelers being crude, and for softer stones, more easily cut or carved. Then appeared the emerald ornamentation, and some of the rings of those days contained miniature perfume boxes.

The first event was the 2:30 trot of pace, with six horses starting. The race went three heats with Butner, owned and driven by W. A. King, taking first money in three straight goes. Pollyanna, which was fourth in the first heat, drew second place in the two heat race. Lulu Huerter was third in three straight heats and she was drawn in the third heat. Nellie Logan and Belle finished fourth and fifth respectively. Time, 2:21 1/4, 2:22, 2:19 1/4.

Five horses appeared at the wire in the 2:22 trot of pace. Welcome Lady and Lulu Huerter were the favorites. Welcome Lady, being scratched before the race, had no chance, which was not in the form of the first heat, came back strong in the second and third heats and driving flishes came under the wire ahead of the bunch. Rambling Kid, after winning the first heat, fell back second in the two heat race. Hal Direct was third in three straight heats. P. T. Barzum and Sport finished fourth and fifth. Time, 2:20 1/2, 2:22 3/4, 2:20 1/4.

In Front Again. Irish Tido went out in front again today in the three-mile rule run, winning a handy fashion over Dennis H. and Sandy, which placed and showed respectively. Cooper's Pot, the little mare which finished third in yesterday's elimination race, was the favorite in the first division today, and after getting away to a bad start ran true to the top, finishing in front with Tar Baby at his heels. Time, 3:10.

Only One Mixup. The tenth event, a half mile run, furnished the only mixup in the day's program. Four horses started, Joan Dick having been scratched. Joan gave considerable trouble at the barrier, refusing to break in several other ways perfect starts. Finally when she got away, some ringside enthusiast near the judge's stand, yelled "go," and three of them went, disregarding the fact that Joan was not in the race. Joan, however, was not in the race. Joan, however, was not in the race. Joan, however, was not in the race.

Declared No Race. The judges declared no race was run because they were not legally started and gave owners 10 minutes to bring their horses back to the post. Dewey Field alone showed up, the other owners refusing to be bothered with a good out of the barn. Field was allowed to make the circuit, which he did in 20.5 seconds, twentyths better than the time of the winner of the fall start.

Crowd Applauds Decision. The crowd loudly voiced its approval when the judge announced that Dewey Field as winner of the race. Second and third money was cancelled.

For narrow's bill promises something good in the 2:17 and 2:25 trot or pace and it is expected local track records will be shattered. The running race, the saddle recitation race and combination walk, trot and run event will round out a well-balanced program.

TWO RECORDS ARE BROKEN. LOUISVILLE, Ky., Sept. 13 (AP)—Top Geers, veteran harness horse driver, broke two records today at the county state fair here today with his great pacer, Banardo; when he drove his horse a mile in 5:02 1/4 over a half mile track. This was one-fourth of a second faster than the world's mark for a gelding pacer over a half mile track, and it clipped two and two-eighths seconds off the record for the fall season. In setting a new world's mark Banardo lowered his own mark which was established at Aurora, Ill., several weeks ago.

MANY SUBJECTS ARE UP AT CHURCH CONVENTION

Divorce, Prayerbook Revision and Ecumenical Trial for Heresy Discussed by Bishops

PORTLAND, Ore., Sept. 13 (AP)—Debate in the house of bishops of Christian healing and on divorce announcement of the national council's social service principles, further work on the revision of the prayer book and recommendation for a jubilee or trial of the Right Rev. W. M. Brown, retired bishop of Arkansas, for alleged heretical utterances, featured developments today at the general convention of the Protestant Episcopal church in the United States.

The house of bishops received the report of the joint commission on the ministry of healing; discharged the commission from further consideration and referred the report to a committee of the house of bishops to report if possible at this convention. The report was criticized as "timid" by Bishop Charles H. Brent of Western New York, who said it was unworthy of the church, which should take a far more definite stand in favor of healing. Bishop W. A. Guerry of South Carolina criticized some of the teachings of James H. Jackson, the healer whose activities brought the healing movement to the fore in the church, saying it was characterized by false theology. Bishop J. R. Winchester of Arkansas presented a memorial from the diocese of Arkansas asking that the house of bishops cite Bishop Brown for trial for heresy on the ground that he had promulgated in his book "Communion and Christianity" proposals against the church; in that he had "published to the world the awful dogma that 'canibalism is the basis of our sacrament of the holy communion of bread and wine'."

## THE MARKETS

### CHICAGO GRAIN MARKET

**CHICAGO, Sept. 13.**—Death of new export business weakened the wheat market at the last day, more than wiping out earlier gains based largely on higher quotations at Liverpool. The close was steady at the same level as yesterday's finish to 1-2c lower, with December 81.00 5/8 to 1.00 3/4, and May 81.05 5/8 to 1.05 3/4. Corn closed a shade off to 1.36 1/2 up, with a slight decline to a like advance, and provisions varying from set back to a rise of 1/2c.

First wheat market tended upward, the majority of traders being impressed by the unlooked for action of values at Liverpool, where prices had mounted notwithstanding declines yesterday in America. In this connection gossip was heard that export buying of United States hard winter wheat in Liverpool for the month of September had been made through London 5,000,000 bushels of wheat and 1,000,000 bushels of corn.

In the final thirty minutes of the trade, however, selling on the part of the early buyers became conspicuous. Sales of 200,000 bushels from the seaboard telling of absence of any fresh purchasing for Europe and exporters having taken only 70,000 bushels have. Declines in wheat and grain exchange were said to have operated against export business today.

Corn and other government delivery by the action of wheat, with corn to go into store here for delivery on September contracts tended somewhat to ease the corn market.

Provisions averaged higher with hogs, but trade lacked volume.

### POTATO MARKET

**CHICAGO, Sept. 13.**—Potatoes steady on early Ohio, slightly stronger on white. Receipts of cars to United States shippers, 498; Minnesota and South Dakota sacked and bulk, early Ohio, \$1.10 to 1.25; early, hauled 30c to \$1.00; early, sacked, 30c to 35c; Wisconsin, 30c to 35c; Michigan, 30c to 35c; Wisconsin, 30c to 35c; Michigan, 30c to 35c.

### NEW YORK STOCK MARKET

**NEW YORK, Sept. 13.**—Active new selling of professional origin,

combined with extensive profit taking halted the upward movement of prices in today's stock market, closing prices at a number of the recently active issues declining to 2 points below yesterday's final figures.

Attention gained nearly a point on a possible increase in the dividends from six to seven per cent or extra dividend distribution. General interest of stock to be associated with the rumor, climbed 1 1/2 points.

Bear riders, who attacked the Chicago Great Western issues yesterday, transferred their activities to the Erie stocks today, the common and second preferred, however, yielding only fractionally on the day, while the first preferred was forced down 1 1/2 points. Other rails were weak in sympathy. Investment issues, like Union Pacific, Canadian Pacific, Norfolk and Western and New York Central also shared in the recession.

Mexican Petroleum was quite active within a five point radius registering a decline of 3 1/2 after an earlier display of strength. Standard Oil of California and New York, Houston, Producers and Refiners, Pan American and General Amal, all yielded substantially. Copper and sugar shares also continued under pressure throughout most of the session. American and Baldwin Locomotive and railway steel spring each registered new highs for the year in early dealing, but reacted sharply at the close.

Total sales were 1,130,000 shares. Call money opened and renewed at four per cent but stiffened to 4 1/2 at the close.
