GRIM WAR MAY COME IN THRICE

Allies Given Hours to Evacuate - Near Eastern Situation Takes On Graver Aspect, London Advised

LONDON, Oct. 6. (AP)—Dispatches received here tonight gave evidence on a graver aspect to the Near Eastern situation than that earlier in the day.

Everything now seems to depend on the British cabinet reply to the report of Brigadier General Harington, which was said to be anxiously awaited in Constantinople this evening.

Taken as 24th Sign The fact that Mr. Franklin-Bouillon, the French envoy, again has accompanied the French delegates to Meudon, is interpreted in official circles here as a bad sign.

Apparently Venizelos, the former Greek premier, is putting no obstacles in the way of the Greek government in advising the Greek government as a military attempt to retain the province.

DRY AGENTS IN FURIOUS FIGHT

Four Prohibition Men and Assistants Beleguered in Saloon by Angry Crowds

BALTIMORE, Oct. 6. (AP)—Four prohibition men and two negro assistants were beleaguered for two hours tonight in the saloon of Henry Schultzy here following a charge that the proprietor had threatened the agents and demolished the plate glass front of the building in repeated efforts to reach the raiders.

Prohibition reserves held the crowd in check. The raiders were from Washington. A warrant was charged the proprietor with selling intoxicating liquor to one of the agents on August 7. No whiskey was found.

PASADENA MAN ON STAFF

PASADENA, Cal., Oct. 6. (AP)—Dr. Charles D. Darwin, grandson of the great English naturalist, has joined the California Institute of Technology faculty as professor of mathematical physics.

First Picture of Wife of Slain Minister

This is the first authentic photograph of Mrs. Edward Whooler, wife of the pastor of the Church of St. John the Evangelist, at New Brunswick, N. J., who was slain, with Mrs. Eleanor Mills, in a double auto near the town. Mrs. Mills, leader of the church choir and wife of the sexton of the church, is believed to have been planning to elope to the Orient with the preacher, who had been a close friend of both Dr. Hall and his wife, despite the fact that her husband was poor, while Mrs. Hall is worth more than \$1,500,000.

Fire Rages Anew in Argonaut Property - Bulkhead Re-erected

Search for Body of Fossil Interrupted by Flames; Entire Mine Filled with Gas

JACKSON, Cal., Oct. 6. (AP)—Search for the body of William Fossil, one of the 47 miners who were trapped in the lower levels of the Argonaut mine August 27, by a fire, and who died before rescuers could reach them, has been discontinued temporarily as a result of fire breaking out anew in the Argonaut shaft, mine officials announced today.

DEATH TAKES ORIGINATOR OF WIDELY KNOWN PHRASE

North Dakota Man, Author of "Say It With Flowers," Victim of Auto Accident at Devils Lake

DEVILS LAKE, N. D., Oct. 6. (AP)—N. E. Lindberg of Rugby, N. D., the man who originated the phrase, "Say It With Flowers," was instantly killed when a heavy auto in which he sat, in which he was driving, was struck by a truck when he attempted to make a grade, plunging him beneath. His wife was seriously injured and is in a local hospital.

AIR SERVICE IS SATISFIED

Wonderful Endurance Test of Liberty Motor Planes in Front Bank of Adlaine Engines of World

WASHINGTON, Oct. 6. (AP)—Army air service officials in a statement tonight said that the record established by Lieutenants Macready and Kelly, declared the demonstration of the world's most reliable of the best aeroplanes on the world has yet produced—the Liberty.

NEW NAME ADDED TO HERO LIST

Greatest Surprise of World Series Handed Fans in Work of Jack Scott, Superannuated Slabster of the Giants

NEW YORK, Oct. 6. (AP)—A little more than three months ago John William Scott dropped out of the baseball box score and no team—save possibly his private one—had a word working his name had in—was not—was expected to fade away.

He transformed himself today and became an identity by pitching 115 balls that resulted in his team, the New York Giants, defeating the New York Yankees 3 to 0 in the third game of the world series and supplied his club with a two game lead in the classic, an advantage that has been over a half century old.

STILLMAN WILL CONTINUE FIGHT

New York Banker Refuses to Quit In Struggle to Free Himself from Wife and Baby

WHITE PLAINS, N. Y., Oct. 6. (AP)—The Stillman divorce fight opened far from ended tonight, despite the fact that Justice Marchant, of the supreme court, had granted a decision confirming the report of Referee Daniel J. Gleason, in which dismissal of the divorce suit brought by Mrs. A. Stillman was ordered by the supreme court.

ESTABLISH NEW WORLD RECORD FOR AIR PLANES

Lieutenants John A. Macready and Oakley Kelley Remain in Air for Over 36 Hours in Huge Machine

SAN DIEGO, Oct. 6 (AP)—Lieutenants John A. Macready and Oakley Kelley since 5:56 a. m. yesterday in the great monoplane T-2, piloted at Rockwell field soon after 5 p. m. today, having broken the 24-hour record for air flight in a heavier than air flying machine. They were in the air 35 hours 17 minutes yesterday.

The aviators were well tired out but willing, they said, to have continued their flight, except for their desire to be home to their families. They thought should make their landing more difficult.

The landing of the big plane was not simple for a mighty chorus of whistles—from the vessels—in the harbor. When the airman circled down to the field, a small army of spectators gathered around. The machine landed and many officials, was waiting to greet them.

Time Officially Announced.

Captain R. O. Erwin, commandant of Rockwell field, after the flight, and gave out the time the aviators were released as follows: 18 minutes and 30 seconds. The official time of departure yesterday was set down in the Rockwell field records as 5:56 p. m. The machine was unofficially given out and the time of landing today was given as 5:11:30 p. m.

The machine was a modified Curtiss biplane. It was unofficially given out and the time of landing today was given as 5:11:30 p. m.

Macready and Kelley were flying in a Curtiss biplane. They were flying in a Curtiss biplane. They were flying in a Curtiss biplane.

RUSHES U. S. WARSHIPS TO CONSTANTINOPLE

Capt. Charles M. Toster

CAPTAIN Charles M. Toster is in command of two divisions of United States destroyers which are steaming at full speed toward Constantinople to join Admiral Clark Bristol's fleet for any work that it may be called upon to perform.

EARLY STUDENTS WANTED

University of Idaho Trying to Get in Touch with First 87 Men to Attend Opening of Classes

MOBSCOW, Idaho, Oct. 5 (AP).—Search is being made for the first 87 students to enroll at the University of Idaho, 30 years ago, in connection with the celebration of that anniversary at the University of Idaho here this year. Their presence at the celebration of that event October 12 is requested.

The tradition tells that students walked down the hill amid student's building that first morning, when President Franklin B. Gault unlocked the door. His furniture was then moved in before actual registration started.

OFFERS JUNIOR FARMERS COURSE IN AGRICULTURE

University of Idaho Will Give Instruction for Eighth Grade Graduates

UNIVERSITY OF IDAHO, Moscow, Oct. 6—Five months of agricultural instruction for eighth grade graduates, 16 years-of-age-or-older, will be offered in the university, short course this winter, beginning October 12.

"Instruction is given in almost every phase of agriculture that would be of interest to an Idaho farmer," says Professor F. E. Armstrong, principal of the school of practical agriculture.

"The full course extends over three winter terms of five months each, upon the completion of which a regular diploma of the school is granted. Students who graduate will be expected to take the course as outlined, but those who remain for a shorter period of time may be allowed to choose courses in which they are especially interested.

"The instruction covers such things as farm shop work, farm motors and tractors, farm machinery, irrigation, grain and forage crops, farm management, soils, animal husbandry, feeds and feeding, veterinary science, dairy husbandry, farm mathematics, horticulture, insect and disease, poultry husbandry and others.

"The animals designed not to train them for professional work in agriculture, but for positions of responsibility in their home communities as overseers, operators or managers and community leaders. All work is given during the year October 18, beginning this thoroughly practical in every respect. It should appeal especially to these men and young men who have not the time nor the inclination for regular high school or college courses in agriculture.

"In addition to eighth grade graduates who are 16 years old, graduates who have not an eighth grade education but who can show that they will profit by the work offered will also be admitted.

"Regular members of the teaching staff of the college of agriculture are

used as instructors, each of whom is an expert in his particular field. The necessary equipment of the college of agriculture is all available for this work. The various laboratories are well supplied for teaching soils, field crops, fruits, vegetable gardening, farm motors and tractors, and farm machinery. The college flocks and herds of pure bred livestock containing excellent specimens of the leading breeds of horses, beef cattle, dairy cattle, sheep, swine and poultry, are available for class work in the field.

"Expenses are quite reasonable. No tuition is charged. Room and board may be had at from \$8 to \$25 a week. Books should not cost over \$20 a year. The other necessary expenses will be for laundry, a few small fees charged by the university, railroad fare and incidentals."

DESERTION JUST AHEAD

Completion of Railroad in Alaska Spells End to Days of Proseperous River Camps and Towns

CORDOVA, Alaska, October 6, (AP)—The practical completion of the government railroad in Alaska marks the passing of the famous river camps along the Yukon, according to George Anderson, an experienced Alaskan traveler, who declared that river travel has been virtually abandoned. The withdrawal of the regular steamers recently left only the small mail launches plying along the river that was once the main throughfare between Dawson and the Coast.

"Without regular steamer service," says Mr. Anderson, "the bustling communities of gold rush days will be cut off from communication with the outside world and other parts of the territory, and unless new interest in the section is stimulated by the reestablishment of lines to handle tourist travel, Mr. Anderson believes these towns will soon be virtually deserted."

No Use

"Why don't you yawn when he starts too long?" inquired the mother. "Then he'll take the hint and stop." "I did that very thing," confessed the daughter, "and he told me what beautiful teeth I had."

The news is true for the permanent smiling.

MURTAUGH

MURTAUGH—Mr. and Mrs. Lewis Burroughs and son, Dorance, and Mr. and Mrs. Elington of Colorado Springs, Colo., are visiting at the H. Boyd home on route to California where they expect to locate.

Miss Anna Hersey left Tuesday for Postville to attend the Idaho Technical Institute. **Miss Anna Zina Pickett** left Tuesday for Salt Lake where she will spend several weeks. **Mrs. Lloyd Giffen of Postville** is visiting at the P. J. Fahy home. **Mrs. O. E. Dickey** entertained the Ladies' Aid society of the M. E. Church Thursday afternoon. The afternoon was spent in conversation and sewing. Delicious refreshments were served to the following ladies: **Mrs. B. E. Jain, Lloyd Jain, S. True, B. B. True, P. J. Fahy, G. J. Carman, W. B. Slickfus, O. H. Tritt, A. M. Hoover, Eva Blair, O. Campbell, V. H. Bell, and Miss Ruth Brown.**

The ladies of Golden Valley met at the home of Mrs. Crist Wednesday to celebrate the birthday anniversaries of Mrs. Crist, Mrs. O. E. Briggs and Mrs. Lou Owen. A social time and music was enjoyed throughout the day. A sumptuous dinner was served at noon to thirty ladies. Mrs. Ben Jain and Mrs. Lloyd Jain were guests from Murtaugh.

Mrs. H. E. Williams and daughter Edna and **Dora** entertained at a dance last party Thursday evening, complimenting Mr. and Mrs. **Leland Dewey** who were married at Postville Sunday, September 30. A delightful evening was spent in cards and dancing. Delicious refreshments were served to about fifteen couples.

The Greenwood Tree.

The Greenwood tree of English song and story is now said to have been the holy, which retains its bright cheer the year round and is supposed to have stood Robin Hood and other outlaws in good stead, when cut in Lincoln green, they sought its shelter, depending on the law of protective coloration to escape the laws of Nottingham town and other troublesome inquisitive municipalities.

VETERAN TAKES COMMAND

ELYBEE, Ore., Oct. 5 (AP)—Lieut. Col. William S. Sinclair, a veteran of six campaigns he has been assigned to command the Reserve Officers Training Corps at the University of Oregon. He succeeds Major Raymond O. Baird, who was professor of military science and tactics at the University for three years. Major Baird has reported to the general service school at Fort Leavenworth, Kansas. Colonel Sinclair was commissioned in the army in 1899, and has been in continuous service ever since. For four years he was in the Philippines. From 1904 to 1909 Colonel Sinclair saw service in Cuba. He was on the border during the trouble with Mexico. During the World War, Colonel Sinclair served at various times with the 804th, 319th and 320th Infantry.

Potatoes, Apples, Onions, Produce and Grain

WANTED Car Lots Only

I deal in loaded cars of the above products, if high class, make inspected—FOR CASH; or will handle for Grower's account. Will store in transit, and advance money on warehouse receipts, covering apples, potatoes and grain. One building car storage space now available at local diversion point in middle west for apples and potatoes. Nationwide marketing connections. Reasonable selling expenses. **WIRE-ME YOUR OFFERS.** I am not affiliated with any pool or combine and assure you a square deal.

UNRECORDED MARKET ADVISOR

Correspondence from individuals and associations advised. **WM. D. HERBERT**, Buying Broker and Grower's Selling Agent. Telephone 521 and 627. Brigham City, Utah.

REAL ESTATE TRANSFERS

Purchased by the Twin Falls Title and Abstract Company

Moses Jones to H. A. Jones, et al, \$1,000, lot 8, block 2, Lincoln School addition to Twin Falls. **H. A. Jones**, et al, to Elizabeth Jones; \$1,000, same lot. **Thursday, October 5.** **Edith M. Lyman to M. P. Sears**, \$2750, lot 14, block 26, Twin Falls. **William W. Richardson to Twin Falls Abstract company**, \$350, part NE. NW. 8-10-14. **H. F. McIntosh to Mary E. Tompkins**, \$175, interest in E. T. 23 NW. 30-9-14. **A. A. Buck to A. B. Lambert**, \$4000, lot 16, block 3, Golden Rule addition. **L. T. Wright to Robert F. Good**, \$11 lot 6, block 7, Murtaugh Orchard addition.

SOLD FOR PROHIBITION

PEERRE B. D. Oct. 6 (AP)—An almost sold stand for prohibition is shown in a caucus of South Dakota congressional candidates. Only two candidates have failed to publicly announce themselves as favoring the Volstead Act and both are said unofficially to lean in that direction. **G. L. Jarvis**, Madison, and **Andrew C. Francis**, Lockport, Milwaukee, both Non-Partisan league candidates are the candidates who have made no definite announcement.

Those declaring for prohibition are: **Charles A. Christensen**, Sioux Falls; **Royal C. Johnson**, Aberdeen; **William Williamson**, Aomoa, all republican candidates; **John Steckenroth**, Wagner; **Chas. O. Evans**, Aberdeen; **George Phillip**, Rapid City, Democratic candidates, and **George H. Smith**, Reliance, Non Partisan league candidates.

Item, Loss of Temper, \$25.00. **Mr. Fussenret** overtook and rose in haste and ill-humored. In hurriedly dressing he broke a shoe lace. He sat down to breakfast and snipped at his wife. He left without saying good-by. **Mrs. Fussenret** snipped at the dog. The dog snipped at the neighbor's child and the neighbor's child's father snipped at the policeman. The policeman shot the dog. The dog cost \$25. The shoestring cost two and one-half cents.—**Brooklyn Eagle.**

CASHES PECULIAR CHECK

Spokane Store Proprietor Out One Dollar Shorter Smiles when He Thinks of the Incident

SPokane, Wash., Oct. 5 (AP)—It was not when he cashed a check on a blank of a bank in one of the suburbs of Spokane, but the proprietor of the local store that accepted it is out \$1, the amount for which, it was given. However he doesn't kick. In fact he laughs and says the joke is on him. It happened like this. A lady entered the store, made a purchase and presented the check. She departed and was seen no more. The grocer sent the check to his bank without examining it. The check came back and he decided to look it over. This is what he found. The check was made out to "Dorless and Remore," for \$1. It bore the signature of "Count Tolmore." It was endorsed, "John Doe, Purgatory street," and now the grocer understands why it came back marked "No Account."

Trials by Ordeal.

Trials by ordeal, at one time or another have been practiced in every European country. Probably they originated in India at a time so ancient that history does not encompass it. The Hindu code of Manu says: "He whom the flame does not burn, when the water does not cast up or when no harm soon befalls, is to be taken as faithful to his oath." This Manu, by the way, was the Hindu Noah, the hero of the Sanskrit story of the flood and was the earliest lawyer of the Hindus.

History of Oils.

For twenty centuries the oil lamp, with very little variation in general design, served the purpose of lighting interiors, from the hovel of the peasant to the palace of the king; from the candlestick of the early Christians to the stately religious temples of medieval and modern days. Up to the middle of the nineteenth century only oils of a vegetable and animal origin were employed, and in 1859 James Young of Scotland introduced the mineral oils, kerosene and paraffin.

Entirely Sanitary.

It is said that books carry disease germs because they are read by all sorts of people. They are the commonest article of the great traveling example of the absolutely sanitary publication.

HAPPENINGS OF A DAY IN SPORTS

Scott's Phenominal Pitching Gives Palm to McGraw's Men

NEW NAME ADDED TO HERO LIST

(Continued from Page One)

to be closed. McGraw was in distress. His face betrayed his anxiety as he watched his men go through exercises. Their faces too, betrayed their manager's feeling. Came the time for the pitchers to get ready—for someone, any one, to "warm up"...

Marvelous Pitching

Jack Scott's record is in the books now. It says that the castoff's pitch was so fast that the Giant outfielders made only six punts; that the Yanks were so thoroughly subdued that 19 of their outs were of the easy infield variety, and that only two hits were made by the Yanks, with their touted "murderers' row" and only six times did they get a man on first.

Both Managers Give Credit McGraw was visible in his praise of Scott, and Miller Huggins, the Boston and greatest manager of the Yankees, was not remiss. Though Scott's marvelous pitching stood out today—as only the "victory of the underdog" can—other incidents furnished material for the crowd, a better tempered and more appreciative gathering than yesterday's.

Frisch whipped the ball to third and Heinie was waiting for Ruth. Player Losses Temper Caught under full headway, Ruth humped into Grob, who tagged him and then fell back from the impact. Grob jumped up shouting and drew back his fist. He didn't strike, however, and Umpire Hildebrand stopped between the two.

Hoyt was threatened in both the first and second innings before the Giants broke through. Ward slipped a rally in the first, grabbing Meusel's hot drive toward right and doubling Frisch at first after Grob and the leading Giant had singled. Young and Cunningham singled in the second, but Pop was caught by Bob Meusel's accurate throw, trying to stretch his single and Cunningham was forced by Earl Smith for the third out.

Starts in Third

Jack Scott started the Yanks downfall in the third with a single to center. Baneroff hit sharply to Ward and when the second sacker kicked the ball into left field, Scott raced to third and Baneroff peeled up at second. Grob bounced one to Hoyt who caught Scott off third, Dugan taking the throw and running down the pitcher. Baneroff, who had reached third on the play, scored on Frisch's sacrifice hit to Witt in

deep center. Grob advanced a base and came home on Irish Meusel's walk to right. Young forced Meusel to end the inning. Baneroff scored the third run in the seventh. Two were out and Hoyt and the Giant captain "in the hole" with two strikes and one ball but walked him with three wide ones. Grob hit the first ball pitched to right field, on a hit and run play, and Baneroff easily reached third, from where he scored on Frisch's line drive to right. Witt ended the rally by tossing out Irish Meusel.

First Inning

Yankees—Witt up; Scott took Witt's punt and threw him out at first; Dugan up; Dugan hit a high fly to Young; Hoyt up; Frisch tossed out; Hoyt up; Meusel lined out to Ward who "Glants—Baneroff up; Hoyt took Baneroff's punt and beat him to the bag; Grob up; Grob singled into right field; Frisch up; Frisch singled over second; Grob going to the middle bag; Meusel first. No runs; no hits; no errors.

Second Inning

Yankees—Pipp up; Pipp singled sharply into right field; Meusel up; Meusel fouled out to Kelly; Schang up; Schang lined to Cunningham; Ward up; Pipp stole second; Baneroff threw out Ward at first. No runs; one hit; no errors.

Third Inning

Yankees—Scott up; Scott flied out to Young; Hoyt up; Frisch took Hoyt's hopper and threw him out; Witt up; Witt walked; Dugan up; Witt caught asleep off first, Smith to Kelly. The crowd gave Witt the big laugh. No runs; no hits; no errors.

Glants—Scott up; Scott singled over second; Baneroff's grounder and the ball rolled into left field; Scott going to third; Grob up; Hoyt took Grob's grounder and Scott was run down; Hoyt to Dugan; Baneroff went to third and Grob to second on the play; Frisch up; Baneroff scored on Frisch's sacrifice fly to Witt, Grob going to third; Meusel up; Grob scored on Meusel's line into right for one base; Young up; Young forced Meusel, Ward to Scott. Two runs; two hits; one error.

Fourth Inning

Yankees—Dugan up; Grob threw out Dugan at first; Ruth up; Both was hit by a pitched ball; Pipp up; Pipp fanned; Meusel up; Babe Ruth started to steal second and when the pitcher threw to second base he dithered away; Meusel's line into right for one base; Meusel's grounder and when Both tried for third he went out, Frisch to Grob. No runs; no hits; no errors.

Fifth Inning

Yankees—Schang up; Schang went out; Kelly to Scott; Ward up; Ward sent up a high one which Cunningham took; Scott up; Scott fouled out to Grob. No runs; no hits; no errors.

first; Witt up; Witt flied to Cunningham; Dugan up; Grob took Dugan's hot grounder and threw him out. No runs, no hits; no errors.

Sixth Inning

Glants—Jones went into the box for the Yankees. Young up; Young singled into center, his third hit; Kelly up; Kelly sacrificed, Jones to Pipp; Cunningham up; Cunningham walked; Smith up; Smith sent a high one to McNally; Scott up; Scott fouled out to Dugan. No runs; one hit; no errors.

Seventh Inning

Yankees—Pipp up; Frisch threw out Pipp at first; Meusel up; Meusel got a single behind the pitcher; Schang up; Schang got a double into left; Meusel got to third; Elmer Smith batted for Ward; Coach Hugh Jennings and Baneroff held a consultation; Smith struck out; Scott up; Baneroff threw out Scott. No runs; two hits; no errors.

Eighth Inning

Glants—McNally played second base in place of Ward. Scott up; Hoyt took Scott's roller and threw him out; Scott up; Dugan robbed Scott of a hit and threw him out; Baneroff up; Baneroff walked; Grob up; on a hit and run play Grob singled to right; Baneroff going to third; Frisch up; Baneroff scored on Frisch's single to right; Grob up; Kelly up; Meusel up; Meusel went out, McNally to Pipp. One run; two hits; no errors.

Yankees—Ruth up; Frisch threw out Ruth; Pipp up; Baneroff robbed Pipp of a hit and threw him out; Meusel up; Baneroff tossed out Meusel. No runs; no hits; no errors.

Ninth Inning

Yankees—Baker batted for Hoyt; Kelly took Baker's roller and touched.

LARGEST SQUAD IN HISTORY

RENO, Nov. 6, 69—University of Nevada this year has the largest football squad in its history. Approximately 90 men have turned out for work and are giving Coach Courtwright an opportunity to train three full teams. Courtwright confidently expects to make the Big seven the strongest in Nevada's history, despite the fact that the famous Babebrath star, Jimmy Bradshaw has graduated. "Star" Shew four years a tackle at Notre Dame, is line coach at Nevada.

Buhl Defeats Filer Players In Fast Game

Exhibition One of Best of Season So Far with Real Struggle From Start to Finish—Final Score Close

All football dogs were aptly Friday afternoon at Filer, when the Buhl team won from the Filer eleven by the score of 7 to 0.

Buhl made its touchdown during the last line of play when Aman fumbled Moore's long pass, Butler, Buhl's left end, grabbed the oval and raced 20 yards to a goal. Eddie Wilson dropped-kicked goal.

It was by far the best game played in this section so far this season, both teams being about equally balanced, with Filer having slight advantages with the services of Los Aman and Timm.

At the start of the struggle the 1500 football fans realized that this was in for a good game. It was plain to be seen that there would not be any one-sided score, although every one looked for a fast game through out any minute and make a touchdown.

Filer threatened Buhl's goal line several times during the game. Twice in the third quarter Filer hit the ball within 3 yards of the goal line, only to lose the ball on yardage.

Timm, the star fullback, and Buhl team played a decidedly safe game, punting the ball out of danger each time rather than take a chance on making yardage whenever possible.

Just before the first half ended, Timm, the star fullback, had to leave the game, due to injuries. Leay took his place.

For the Filer team, Aman, Timm and Leay covered themselves with glory. Leay was the big ground runner for Filer, making several nice runs.

Three Do Good Work.

Moore, Macchec and Weaver did stellar work for Buhl. This trio will be best watched. Weaver is playing his first year of football, and although crippled at the start, pluckily continued in the game. Macchec did most of the tackling for the westerners, breaking through Filer's line several times getting his man each time for a loss.

Moore is the captain of the west and has carried his team through the season like a veteran. He is expected Friday stamps him as a real contender for stellar honors in this section.

The first quarter opened up with both teams kicking back and forth, Moore having a slight advantage. Filer took the lead when Moore punned several of their coming when it looked as though a touchdown was in sight.

Complete Forward Pass.

In this quarter Moore and Cox completed a forward pass that netted 12 yards. This play was the only one to net any man yardage, either team's yardage, both sides being forced to kick every other time on their fourth down.

Filer punted to Buhl in the start of this quarter, but Buhl was unable to make any material gains and Moore kicked 40 yards to Aman. This kind of kicking suited him well. The first of 20 yards before he was kicked. On a fumble, Buhl recovered the ball. The Filer line tightened and again Moore was forced to kick to safe territory.

Leay made a couple of nice runs, but Filer, too, found things pretty tough getting through the line, and Aman booted the ball 20 yards. Leay punted right back, and Aman and Leay carried the ball up 13 yards. This was the first time during the game that either team had more yardage on the line than the other.

Filer braced up and Leay, Timm and Aman carried the ball to the Buhl 15-yard line. It was at this stage of the game that Moore's play was brilliant. Leay took his place at fullback. The second quarter ended with the ball on Buhl's 40-yard line with neither team making much headway toward getting a counter.

Funting Resorted To.

Aman and Timm were both out of the line up when the third quarter opened. Leay going in at quarter and Blackerball and Lapp in at right half. This entire quarter was devoted to kicking back and forth with Lapp having a little bit of the best of the argument. In the last two minutes of the frame both Aman and Lapp got back into the game.

The fourth quarter opened with the ball on Buhl's 20 yard line and Filer in possession. Hard line plunges by Aman, Timm and Leay, brought the ball to Buhl's 5 yard line. Filer kicked the ball on yardage, Aman kicked over the line, and Moore returned the punt from the Buhl 20 yards. Moore and Cox again got away with a 15 yard forward pass. On the next three plays, the Filer line held and Moore sent the pigskin high in the air.

Buhl Scores.

Macchec went down the field like a shot out of a gun, with Butler and Wilson close behind. Aman got under the ball, and no sooner did he touch it, than Macchec grabbed him, the impact forcing Aman to fumble. Butler picked up the ball and re-

OKLEY DEFEATS RUPERT

Coach Briscoe's Warriors Take Close Game when Aerial Attack Falls to Puzzle

OAKLEY, Oct. 6 (Special to The News)—The Oakley football team got into the win column Friday afternoon, when they won a bitterly contested game from the Rupert high school team, by the score of 12 to 8.

Three minutes after play had started, "Skiway" Nelson, star quarterback of the Rupert squad, made a 30 drop kick for the first time, his effort being rewarded with 5 points.

After Rupert made the three-point, Oakley started down the field on the next kickoff, and long end runs by Backe, Oakley's star right half, and line plunges by Quarterback Westenberg, brought the ball to within 5 yards of a touchdown. Westenberg went over the line on the second play. He dropkicked goal. Score: Oakley 7, Rupert 3.

Unwork Aerial Attack.

The rest of the game was devoted to Rupert uncorking their aerial attack, only to see every effort go for naught. Fifteen times during the game did the visitors attempt forward passes, and 15 times the locals broke them up.

The result of this game and the Filer defeat by Buhl, gives all teams in the south side of the north, central and western game lost, with the exception of Twin Falls. The Magic City team having won both of their starts. Bury has lost two games so far this season.

BOISE TO INVAD JEROME

Montaners to Play Double-Header with Northsiders on Sunday Afternoon

The Montaners, Boise's crack champions of the diamond will again invade this section, coming to Jerome for a two-game series with the northsiders on Sunday.

Jerome still maintains that Boise has no right to be called state champions until they beat the team across the river, and rather than have the title go to the south, the Aberdeen center of the Boise team decided to give Jerome a chance at the title.

Should the game will be well worth watching in view of the fact that Jerome will be strengthened by the services of Fred Leach, who has just returned to his native hearth after a

CALIFORNIAN WINS BATTLE

Floyd Johnson Scores Technical Knockout over Martin, Champion of A. E. F.

NEW YORK, Oct. 6 (AP)—Floyd Johnson of California advanced a notch in his heavyweights division to fight in the tenth round over Bob Martin, champion of the A. E. F.

Johnson was dazed and reeling in the seventh, but Johnson, who was firing, was becoming wilder. The Californian pummeled Martin with both hands but his blows lacked power.

With a chance blow, Martin staggered Johnson in the 8th but then took a terrific laceration. Martin was helpless in the ninth and Johnson landed a jolt, but could not put over a knockout.

Martin refused to meet Johnson in the latter's corner as the tenth opened. He missed once a half time, falling back into the ropes. Johnson pounced on his helpless opponent and rained a shower of hooks to the jaw and ribs. Martin simply stood and took the punishment until his second tossed a towel into the ring, ending the fight.

The quality of baseball in these leagues has improved wonderfully. I saw semi-pro contests this year which were as well played as class AA ball, and I saw individual players in those games that would have done credit to any team in the Big Ten.

The tremendous development of the industrial league, and semi-professional baseball is blessed by the scores of 100 per cent. said one of the diamond detectives. If two scores give him the once over, the price goes up a few thousand. If three of us happen to visit that club good night.

At the end of the third round Johnson had established a commanding lead by clever use of his powerful left.

The first was a series of lively exchanges favoring the Californian. In the second Johnson "pocketed" Martin with a left and then took a hard right to the jaw. Blood was flowing from a cut of Martin's left eye and from his mouth in the third.

Martin made up last ground by launching an attack in the fourth sending Johnson to the ropes. The Californian came back furiously first in the fifth landed telling blows at will.

Martin was groggy and on the verge of a knockout throughout the

sixth, but Johnson could not place the decisive blow. Both men were covered with gore from Martin's injuries.

Dazed in Seventh.

Johnson jumped into the lead in the first round, had his opponent dazed by the end of the third, and was in undisputed command after the fourth. Being a novice, Johnson became excited when he saw Martin's condition and in his anxiety to land a knockout was unable to place a delicate blow through Martin's lowered guard.

The Californian showed tremendous hitting power; a clever left hand, but he was slow.

Galts Clear Lead.

AWAY BACK IN
"THEM GOOD old days"
THE STORY goes
THAT AN elderly female
WHO WAS VICARIOUSLY
OPPOSED TO the hoots.
ENTERED A street-car
IN WHICH there sat
A MAN evidently excited.
SHE CALLED the conductor.
AND CRIED indignantly
"DRUNKARD in this car!"
"DON YOU allow in this car?"
AND HE replied.
"JUST MOVE over, my man."
NEXT to THAT other one.
AND NOBODY.
WILL EVER notice you?"
NOW I suppose
THERE ARE cigarette
THAT KINDA get
LOST in the shuffle.
AND NOBODY gives 'em
ANY SPECIAL notice,
BUT NOT my brand.
NO, SIR.
FOR TASTE and aroma,
YOU CAN'T beat 'em.
AND THEY'RE mild—yes.
AND YOU'LL admit—
MISTAKE THEM.
BECAUSE THE "BATTERY-MADE"
CAN'T BE copied.

COURT RULING WILL PROTECT MERCHANT VESSELS

Supreme Tribunal Decision Would Prohibit Any and All Vessels from Carrying Liquor in Territorial Waters

WASHINGTON, Oct. 6 (AP)—All vessels, American and foreign, are prohibited from having liquor aboard in American territorial waters under an interpretation of the prohibition amendment and the enforcement act handed down today by the department of justice.

American territorial waters were construed to include those only within the three-mile limit of continental United States, but also those within the three-mile limit of the Philippines, the Hawaiian Islands, the Virgin Islands and Alaska. The law would not apply in the Panama canal zone, as that zone is specifically exempted by the statute.

Case Brought to Issue. Court action looking to a final determination of the application of American law to foreign ships entering American ports was asserted by Attorney General Daugherty, and Chairman Laker of the shipping board.

Chief Justice said he already had been advised that a case was about to be filed which would bring the issue to the supreme court.

Chairman Laker was of the opinion that the first move foreign ships would be to seek an injunction restraining the government from enforcing the law. He said it was reasonable, to suppose that the courts would grant such an injunction with a result that foreign ships would continue to arrive with liquor on board until there was a final decision by the supreme court.

High administration officials explained that there was no executive branch of the government except to enforce the law as interpreted by the legal department. The interpretation was based upon recent decisions of the supreme court in a case involving the authority of the United States to interfere with the transfer of a liquor case from one ship to another in an American port.

In a divided opinion, the court confirmed the authority of prohibitions against the presence of a trade, and in the view of the attorney general, went so far as to hold that the eighteenth amendment and the Volstead act repealed all prior existing treaty with Great Britain.

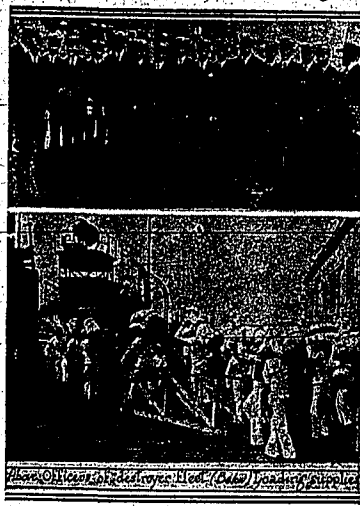

Chairman Laker predicted that enforcement of the law would operate to the disadvantage of the American merchant marine and would make more necessary enactment of the ship subsidy bill if the American flag was to stay on the high seas.

Mr. Laker said it would be to hamper Great Britain in its efforts to build up American shipping to the Orient and South America. He expected Vancouver, B. C. to profit at the expense particularly of Seattle and Portland in the Orient, trade, and Montreal at the expense of New York in the South American trade.

Utilizing New Forces. One of the greatest forces produced by chemical action is that which is generated by the swelling of quicklime, or unslaked lime, when it is brought into contact with water.

Family Ties. Our relatives are God-given; our friends we choose. We have a tender feeling to those bound to us by ties of blood. It is this that keeps them together, a loving grace for which we should be grateful.

Will Guard Americans in Turkey

Above are the officers of the American destroyer fleet which will be rushed to the Near East to protect American interests in Turkey. From left to right: Lieutenant-Commander C. T. Blackburn, Lieutenant-Commander Schuyler Mills, Lieutenant-Commander John H. Wilthrop, Lieutenant-Commander John S. Baalcof, Lieutenant-Commander R. W. Matthews, Lieutenant-Commander Walter A. Edwards, Commander Harry H. Hall, Lieutenant-Commander Bruce Ware, Lieutenant-Commander E. G. Haas, Lieutenant-Commander H. G. Fuller, Lieutenant-Commander L. J. Jordan, Lieutenant-Commander H. B. Field and Captain C. M. Tozer, who commands the flotilla.

COST OF SALOON WOULD REACH A HUGE AMOUNT

Drink Bill of Nation for Light Wine and Beer Estimated at Five Billion Annually

ROCHESTER, N. Y., Oct. 6 (AP)—If the use of beer and light wines should again be permitted in this country, we would have a drink bill of \$5,000,000,000 a year; the saloon would be worth \$1,000,000,000 a year and also would come back, and we would have a new evil in the widespread drinking by women. These statements were made here tonight by the Rev. Dr. Fickett, research secretary of the Board of Temperance, Prohibition and Public Morals of the Methodist Episcopal church.

Supporting his allegation, Dr. Fickett said in part: "After we nations closed the saloon, our drink bill was nearly \$6,000,000,000. The present drink bill in Great Britain, with about 40,000,000 people, is \$2,000,000,000, or approximately \$200,000,000, which we understand, is practically double what it was before the war. With increased prices and greater consumption, due to after-war tendencies, there is no doubt that our liquor bill would be \$5,000,000,000 annually, not including the incidental losses to the people caused by the heavier traffic. As taxes are based upon the revenue of the American Federation of Labor, the working men of the United States contributed 70 per cent of the drink tax in 1919."

Whiskey Not Needed. "The American saloon was beer saloon, not a whiskey saloon. All of its institutional evils, including its brothel accompaniment, its gambling halls and its theaters for women introduced by the brewery owned saloon, would thrive just as well if not a drop of whiskey were sold. You cannot open 250,000 saloons in this country and keep them from selling whiskey. The saloon never obeyed any law passed for its regulation except the law compelling it to pay taxes, and the evasions of that were notorious."

"We would have a new evil in widespread drinking by women," Dr. Fickett declared. "An American woman was kept out of the American saloon. The American man considered her too good for the debauching influence of beer. A few respectable women drank at all in America in the old days. But the old standards of conduct for women are passing away under the influence of the new feminine age, and are being overthrown and pushed by every method of trade promotion, would be perilous to American womanhood."

Julius Verne's Prophecies. When man was a boy he read Julius Verne. Now that he is a man (or, is he?) he acts Julius Verne—in how many instances in the war, and before it? Was it not Julius Verne who suggested a gun in a traveling gasp and scald the one who had intended attacking shells, unless it ran, submarines, airplanes—all through the last two were adumbrated, with many other inventions not yet manufactured, in Verne's "New Atlantis"? Julius Verne is, indeed, representative of the French imagination, which is scientific, the Russian is psychological; the English poetical; the German transcendental.

Hard to Explain. An inquirer who writes a feminine hand wants to know why some men travel with a home and then stay away from it.

GRIM WAR

(Continued from Page One)

of the delays incident to the negotiations and conference, and as waiting some undertaking in writing from the allies.

Diplomats Encouraged

CONSTANTINOPLE, Oct. 6 (AP)—Although no definite news has yet been received from Mudania, where the allied representatives have gone again to renew their conference with the envoys of the Turkish nationalist government, at midnight tonight there was a distinct rumour of optimism among the allied diplomats here regarding a possible successful outcome of the negotiations.

The feeling prevailed, notwithstanding that the Kemalists today issued an ultimatum to the allies, demanding their consent to Turkish occupation of Thrace and the previous rejection by the Kemalists of the proposal for the sending of allied troops and the establishment of an allied control commission in the province. The ultimatum, which contained the demand that Thrace at first demanded a reply by 2:30 o'clock in the afternoon. Later the time was extended to 6:30 o'clock and still later to 1 o'clock. Meanwhile the allied generals had sailed for Mudania.

World Avoid Rupture. "We showed a willingness to go to any honorable length to avoid a rupture. If our pacific advances are not acceptable or are not reciprocated, we are ready for eventualities."

Most of the Italian here expressed regret over orders received from Rome directing General Mombelli, the Italian representative at Mudania, to depart Turkish claims. An announcement received from London that former premier Venizelos is willing to have the Greek troops evacuate eastern Thrace, thus permitting the early establishment of a Turkish civil administration there was considered as offering a way in the present crisis, but the belief prevailed that the Kemalists would adhere to their expressed intention, not to permit the presence in Thrace of allied control commissions.

Three additional British dreadnaughts arrived before Chanak today, bringing the strength in the Dardanelles battleships up to nine. The British are making extensive naval concentrations in the neighborhood of Imid.

"Saving at the Spigot." An example of good intentions as regards weighing, but most unskillful methods in executing them, was noted in a plant where considerable high-grade steel valued at \$275 a pound was being used for the main parts by machine.

Banish All Vices. What maintains one vice would bring up two children.—Benjamin Franklin.

LITTLE GAINED FROM HEARING

Federal Trade Commission Investigation of Speculation in Grain Market Opens

NEW YORK, Oct. 6 (AP)—Jesse H. Livermore, stock and grain market operator, appearing as a witness in the federal trade commission's investigation of speculation in the grain market, declared today that he had never known of any "manipulation" in the commodity markets, and stated that he did not think the operations of any individuals influenced market prices of commodities.

He declared that the grain market was an institution beneficial both to the farmer and to the consumer, stating that a market for futures was necessary to allow farmers to dispose of their products. But for the market, he stated, three or four large elevator corporations would control grain prices at their will.

Explaining his operations, Mr. Livermore said: "My operations in the grain market are just like those in any of the other markets. I figure and guess at future supply and demand by judging by similar events in the past and studying the present statistical position. The only time a speculative

investor makes money is when he forecasts the future correctly, when he sees probable future conditions and judges future prices."

Mr. Livermore defined a speculative investor as a man who "stays up" future sets of conditions and who trades on the basis of his conclusions. He declared that both speculator and gambler, who took short flying chances, were stabilizers of the market.

"Is the Product Right?"

It is a maxim of advertising that a poor product cannot be successfully advertised. It may flash upon the scene with brilliance, become the talk of the hour, and to all appearances be destined to set new records, but unless it is and does what is claimed for it, no amount of printer's ink and artist's colors can give it permanence.

Advertising men know this so well that today the first question upon which they must be satisfied before they will recommend advertising to any manufacturer is — Is the product right?

And merchandise that is right — merchandise that will satisfy in service — merchandise that will bring customers back for another purchase is the first requirement of the jobber and the retailer who expect to endure and flourish.

There is no better assurance of this kind of merchandise than an advertising pledge to the public.

NEW YORK STOCK MARKET.
NEW YORK, Oct. 6 (AP)—Confused price movements featured by heavy speculation in all shares, marked today's active stock market session, in which the ultimate trend was upward. Opening weakness undoubtedly was due to disturbing overnight news from the Near East, which induced profiting taking reaction of some buying. The general turning point, however, was marked reversed itself however, when bullish demonstrations were staged in a number of specialties, but fell back again to response to a bear

raid on Mexican Petroleum and sea-borne oil.
 Declaration of a 200 per cent stock dividend by the Standard Oil company of New York was the signal for another rally, which was accelerated by the publication of unaudited estimates indicating an increase of between 750,000 and 1,000,000 tons in the unfiltered tonnage of the United States Steel corporation, which in September figures are upward swing was restrained somewhat by a marking up of the call money rate.
 Standard Oil of New York, which is traded in on the curb market jumped 20 points to 300 on announcement of the stock dividend, added 40 more by touching 344 and slipped back to 334 at the close.
 Standard Oil of New Jersey, which is traded in on the "big board," sold off 6 points at the opening, jumped 10 and yielded 4 1/2 on profit taking for a net gain of one point. Houston Oil also profited from the heavy demand for oil shares following the Standard Oil dividend action, making a net gain of 4 1/2 points. Tidewater was pushed up 4 1/2 and Texas company 3 1/2, while Sinclair Improved fractional on a turnover in excess of 70,000 shares.

Mexican Petroleum, a speculative favorite, was the target of a heavy bear attack, receding more than 10 points and the Mexican seaboard issues turned heavy in consequence, but yielded only fractionally. Threats of litigation over the new officers were blamed for the reaction in Petrochem preferred, which slipped back more than 3 points. The common offered more resistance to pressure, showing only a small fractional loss.
 Steel shares became quiet active in the afternoon, United Steel common climbing close to 100, for a net gain of 10 points, advanced and closed 20 to its final quotation yesterday and moderate gains being recorded by Bethlehem B.

 Victory 4-34 (called) 100.12

Wool Market.
BOSTON, Oct. 6 (AP)—The Commercial Bulletin tomorrow will publish the wool market. The demand for wool has continued strong and well diversified with prices showing a slight advance. It is possible a cut-in pound, on the average for the week. The strong position of the market is reflected in higher advance on goods by the American Woolen company of 10 to 37 1/2 cents a yard, which is due wholly to the rise in the raw materials.
 The Commercial Bulletin tomorrow will publish the wool prices as follows:
 Wisconsin—Half blood 40 to 45c; 3/8 blood 45 to 49c; 1/4 blood 45 to 49c.
 Colorado—Texas fine 15 to 16c; California Northern 12.50 to 13.50; fine eight months 12.50 to 13.50; medium eight months 12.50 to 13.50; Southern 95c to 1.00; Oregon 95c to 1.00; New 1 staple 12.50 to 13.50; fine and fine medium combing 11.50 to 12.50; eastern combing 11.00 to 11.50; No. 1, 11.00 to 12.50.
 Territory: Fine staple choice 11.50 to 12.50; half blood choice 11.50 to 12.50; 3/8 blood combing 11.50 to 12.50; 1/4 fine medium combing 11.15 to 12.00; Fullbred Delaine 11.00 to 12.50; A. A. 11.00 to 11.15; A. Super 11.10 to 1.08; Mohair: Best combing 60 to 100; best carding 60 to 65c.

DUNN'S REVIEW.
NEW YORK, Oct. 6 (AP)—Dunn's review says: "With few exceptions major movements in business continue in the direction of improvement. Recent weeks have brought a practically general advance, following a seasonable lull in different trades and a setback in some industries through labor troubles, and reaction is undeniably stronger. While uniformity of gain in volume of transaction is lacking, and though obstacles to progress are still present, activities in various quarters have increased considerably and in certain instances the best previous records have been closely approached or exceeded. The noteworthy demand for railroad material has remained an outstanding feature, about 1,500,000 tons of mills having been ordered for 1923 delivery, and large quantities of rolling stock purchased and production of both pig iron and steel has recovered substantially from the low level of the summer.
 Weekly bank clearings, 47,411,757,000.
 The News is led by the permanent earnings class."
