"Nice People"--

demand nice merchandise, and that is what we aim to sell—and all reasonably priced, too.

There are many "nice people" in Twin Falls and vicinity whom we would like to meet. **COME IN AND GET ACQUAINTED!** During "Nice People" week at the Idaho Theatre we have selected from our stock the following specials for your selection:

<p>China Ware We recommend that you buy dinnerware this fall, due to the new tariff bill that will affect the price of all imported ware, and now at this time all the American potteries are closed on account of the workmen striking for an increase in wages. In view of these conditions we do not look for cheaper dinnerware another year and would advise buying now while our stock is complete.</p> <p>Nippon China We have four beautiful patterns of this ware to select from. Priced at the set— \$22.50 \$39.00 \$42.95 AND \$46.25</p> <p>English Ware Of English dinnerware we have also four good open stock patterns. Your choice priced at— \$23.50</p> <p>Homer Laughlin American dinnerware made by Homer Laughlin, good staple patterns, in open stock. Priced, 42 piece sets— \$9.50 and up to \$20.00</p>	<p>Sweaters For ladies and misses. A nice silk sweater or Wool Jersey. Excellent. Good range of colors— \$7.50 For boys we have cotton and all wool pull-overs, size 24 to 34, in good range of colors— \$1.75 to \$3.75</p> <p>Wool Capes The latest wrap for the little girl, sizes 2 to 10 years. Priced— \$3.75 AND \$4.50</p> <p>Wool Mitties Wool Mitties of extra fine Hannel. Colors red and navy. Sizes 4 1/2 to 4 1/2. Priced— \$4.98</p> <p>Dr. Denton Sleeping Garments Dr. Denton's are the best for children. We have all sizes— 0 to 2 _____ 98c 3 to 6 _____ \$1.15 6 to 8 _____ \$1.40 9 to 10 _____ \$1.65</p> <p>Buster Brown Hose For ladies. We have a thread silk hose in black and brown. Per pair— \$1.00</p>	<p>Wool Dress Goods Just the thing for winter dresses, and especially good for girls' school dresses— Wool Serge, red, 50 inches wide. Yard _____ \$1.98 Wool Storm Serge, black, 48 inches wide. _____ \$1.75 Yard _____ \$2.00 Wool French Serge, black, 48 inches wide. _____ \$1.65 Yard _____ \$1.65</p> <p>Wool Coatings Good heavy wool coating for those who want to make coats. Dark colors, 58 inches wide. _____ \$3.75 Priced per yard _____</p> <p>Cretone Cretones in new patterns for aprons and draperies. Priced— 25c. AND UP</p> <p>Curtain Scrims Good range of patterns— Yard _____ 15c. AND UP</p> <p>Silk Blouses Just received a new shipment of ladies' silk blouses. All new patterns. Priced up to \$6.88. For this week special all 20 at _____ \$4.98</p>

ANNOUNCEMENT

"Nice People" was one of the record-breakers of the stage season in New York last year. It probably caused more comment than any play then running. In addition it has run all the present season in Chicago. It is a frank indictment of the habits of the younger generation—a problem that is vital and real in every community in the country.

You will enjoy "Nice People," and if you are young or have youthful daughters, sons, sisters or other relatives, you will do well to take them with you.

NEW RULES ARE CAUSE OF GRIEF

American Intercollegiate Football Association Official Gives Out Statement

NEW YORK, Oct. 11 (AP)—Football officials in games played throughout the country have given such conflicting interpretations of the two important changes in the rules inaugurated this year, as to whether or not officials should be scoring system of the game, that the rules committee of the American Intercollegiate Football association today issued a statement in an attempt to clear the situation.

Most of the trouble is over the new rule which was designed to change the year after a foul, when the kicking team is to try for a goal from a place kick, a "try for point" through one of three methods. Some teams electing to use the old rule, which provided that the ball and kicked it behind the opposing line. In some instances referees and other officials have erroneously upheld the contention, R. H. Hall, chairman of the committee said in his statement. Mr. Hall pointed out that a team having chosen to "try for point" by kicking last, when the kick failed, and the instance in which the play automatically was ended. The new rule, he added, does not permit the conversion of the play.

More Contention.
The remainder of the confusion is over the rule regarding substitutes, (rule 11), section 2, which provides that a player who has been withdrawn from a game during the first half may return at any time during the second half. A player withdrawn during the second half may not return to the game until the next goal is scored. Concerning it, Mr. Hall's statement says: "While the rule does not in terms refer to a player who finished the first half, but was withdrawn during the intermission between the two halves, the purpose of the rule is clear and there is no reason why such a player should not be allowed to return to the game any time during the second half."

The new "try for point" rule will make the spectator's seats near the two goal lines very attractive once the confusion of the rule is cleared and the significance of the idea, said Mr. Hall. It enables an attacking team to use any possible trick which it would not be able to use, because of the impossibility of losing the ball. In the "try for point" it has a point to gain but nothing to lose.

MATCHED RACE ARRANGED.
SAN FRANCISCO, Oct. 11 (AP)—Next on the automobile racing program in California will be a 100-mile match race Sunday, October 22, at the Coast speedway near Santa Rosa. Several driving stars are to enter the race, among them Jimmy Murphy, leading driver of the year; Tommy Milton, 1921 champion; Harry Harts, Bennett Hill and Frank Elliott.

TO USE NEW STADIUM.
PASADENA, Cal., Oct. 11 (AP)—Pasadena's new stadium, planned to accommodate an audience of 65,000, will be sufficiently near completion to permit a sufficient number of California games here on October 23. It will be turned over to the Tournament of Roses association November 1 by the contractor and construction of seats will be continued through November and December.

PUNTS AND PASSES.

By FULLBACK.
The injury to Cliff Evans, coach of the local high school football team, Tuesday afternoon at Lincoln field while showing one of the members of the team how to tackle, is not as serious as was at first supposed, and the Peppy leader of the blue and white will not last evening in full battle.

The boys are working hard for the Friday game with Florio, and with reports of a like nature coming from Florio, the fans that are fortunate enough to get into the park tonight will be going to be at a premium will be treated to a contest that would make Yale and Harvard points look like a joke.

It has been pleasant to note that thus far this season, the bleachers have been free from congestion. In years gone there were usually from eight to ten thousand coaches who would give out a lot of valuable information as to what should and what should not be done with the team.

These freaks that infect most of the parks in the country, at Lincoln field there were usually from eight to ten thousand coaches who would give out a lot of valuable information as to what should and what should not be done with the team.

Just one day remains for Florio to come over and give the fans a peep at what they have up their sleeve, and there isn't a doubt but what Twin Falls will have its hands full with the Demons' clan. Deman knows all the fine points of the game and has wonderful material to work with.

Buhl will have a game on Friday. It being the first game of the season for the Buhl squad at home. Oakland will be their opponents and a real battle is looked for.

Then we have Rupert and Burley fighting it out at Rupert. These two teams are evenly matched, although Burley relies on its heavy line for yardage, while Rupert uses the aerial stuff as its main ground winner. Either way, the game is going to be close, and fans are anxiously awaiting the result of this clash, which will, in all probability, decide the time old question as to which has the best line plungers or forward pass.

On the North Side two games are scheduled. Hagera is going over to Gooding, and Jerome wending its way to Shoshone. Wendell has an open date and at this time has not been able to get a game.

FOOD WILL WIN GAMER.
SEATTLE, Oct. 11 (AP)—Food will win football games, according to the members of the last two crews coached by the late Ilvan Calkins at the University of Washington, who believes that the prospects of the 1922 purple and gold eleven have been much brightened by the acquisition of "Ma" Snyder, a cook for the training table. Former seaman emphasizes the fact that during the last two years in the boat crew kitchen neither the trimmer nor the varydly lost a race.

It is Mrs. M. E. Snyder to every one but her charges, her faith in her culinary ministrations, too. "I think I'll give them each a beefsteak every other night," she said recently, "and a big baked potato or mashed potatoes and the trimmings, and some of my home-cooked pastry, except just before a game when pastry will be cut off."

TEST CASE TO BE INSTITUTED

Cunard Line Will Take Legal Steps in Application of Prohibition to Foreign Ships

NEW YORK, Oct. 11 (AP)—Officials of the Cunard line tonight announced that they had launched steps to bring a test case in the United States supreme court of the ruling of Attorney General Daugherty that ships flying a foreign flag could not bring liquor on passenger ships within the three-mile limit.

The line sent its attorneys, Lord Day and Lord of New York, to Washington today to confer with the attorney general and to arrange for petitioning for an injunction to restrain the government from putting the liquor ban into effect.

The attitude of the American Ship-owners' association, however, as expressed in an official statement today after a meeting of directors, is that it will peacefully abide by the Daugherty ruling. If the prohibitionists, as a reward, will lead their support to the ship subsidy bill now before congress.

After commencing the disadvantages which private American vessels, running dry, will suffer in competition with foreign ships, the association said: "Must-Not Disadvantage."
"There is but one way in which this disadvantage can be met, and that is by national aid along the lines now provided for in the national shipping bill."

"The association believes that the friends of prohibition appreciate the situation and will be among the strongest advocates of giving to American ships every assistance that is necessary to maintain and upbuild the merchant marine."

The association's stand was against and concerted effort to retain liquor on passenger ships by recourse to legal means, saying it felt "the situation in one which should be left to the individual companies."

AMSTERDAM

AMSTERDAM — Charles Trueman and son Arthur, and Mrs. Carolina Trueman of Butte, Montana, notified to Monday on Thursday, returning to Boise night.

Mr. and Mrs. Carmon Carson and small son have moved near Twin Falls where they expect to reside during the winter.

Mrs. L. V. Dean is reported quite ill. Charles Trueman was a Begovson visitor on Tuesday.

Mrs. E. P. McMunnigal of Anaconda, Montana, who has been a guest at the Charles Trueman home for the past month, will leave on Saturday for Peosta, Iowa, after spending a few days, she has gone to Kansas City, Mo., to spend the winter.

Mrs. N. H. Sletman, who has been quite ill for some time, is much improved.

HAZELTON

C. O. Greenwood and son, Walter, were visitors in Twin Falls over Saturday and Sunday.

Mrs. Brown, wife of Professor Brown of the high school faculty arrived in Hazelton Sunday, Mr. and Mrs. Brown will make their home in the St. Marie house near the high school.

Miss Elinor Edwards and Miss Marjorie Brown were Twin Falls visitors this week.

Mr. George Buckley was in Hazelton on business Wednesday.

GIRL BUDDIES WILL MEET

Women with War Service Records to be Welcomed in New Orleans During American Legion Convention

NEW ORLEANS, Oct. 11 (AP)—Girl buddies of the soldiers in France, scheduled for the membership of the Women's Overseas Service league, will meet with the boys they formerly aided for the first time at the annual convention of the American Legion here.

Though they served side by side with the men in France, the overseas girls, including in their ranks canteen workers, searchers, hospital bus workers, entertainers and librarians, are not eligible to Legion membership because of their civilian status during the war.

Already 2000 former overseas women in thirty cities are enrolled in the organization formed a little more than a year ago, according to officers. Red Cross, Salvation Army, Y. M. C. A., Y. W. C. A., Jewish Welfare board, National Catholic War council and American Library association women are included in the membership.

A bill to incorporate the league now is before the senate judiciary committee, the house having passed favorably on the measure. Miss Louise Wells of Chicago, national president, announced the organization is non-political, and will undertake no legislative program.

"Our aim is to give government recognition to the women who were asked to serve their country," said Miss Wells.

This test shows why a Clothcraft Suit is such a wonderful VALUE

A Clothcraft Serge Coat—right from the rack—was thrust in water, dried and repressed. And it came through the test looking like new.

Now you know how water will ruin almost any garment—how it pulls it all out of shape. That is because a coat is made of many little parts—fabric, hair-cloth, lining, canvas, thread, etc. If these materials are not of good quality

or if the coat is not put together with these parts in the proper relation to each other, it cannot survive the water test unchanged. The fact that Clothcraft Coats do go through this severe test without harm proves that the materials are of proper quality, the designing perfect and the workmanship truly expert—and that they will retain their shape after the hardest wear.

Doesn't this answer your suit problem exactly? Doesn't it show you that Clothcraft Clothes are clothes of Quality? And doesn't the price—for instance, \$27.00 for Clothcraft Standard Serge in blue, gray or brown—show the VALUE which is built into Clothcraft suits? Visit us and let us demonstrate further.

The Studebaker Light-Six Roadster and Coupe-Roadster were primarily built for business use. In meeting the urgent demands of business, they naturally have fulfilled the needs of the small family. Each is built for hard usage, day in and day out. And as they are completely Studebaker built—you know they will stand up under hard going. The bodies are attractive, roomy and thoroughly comfortable for all-day travel. Ample luggage space is provided under the rear deck. There's an internal hot-spot to reduce gasoline consumption to a minimum. Valves are inclined at a 20 degree angle to give a new measure of power, greater flexibility and better acceleration. Crank shaft and connecting rods are machined on all surfaces, thus eliminating vibration and insuring longer life to the motor. Studebaker low prices are made possible by great volume and complete manufacture. Studebaker quality is traditional.

Table with 3 columns: Model Name, Price, and Notes. Models include Light-Six, Special-Six, and Big-Six in various configurations like Touring, Roadster, Coupe, and Sedan.

PACKER WILL KEEP SILENT AS TO TRADES

Open Armour Declines to Reply to Questions as to Extent of Grain Speculations in Past Few Years

OHAIO, Oct. 11. — J. P. Armour, meat packer and capitalist, declined today for the present to answer questions which he had been asked concerning the extent of his speculations in wheat and corn during the period from July 16, 1920, to May 31, 1922.

Mr. Armour will appear again Friday morning at 10 o'clock, after conferring with his attorneys, and tell the commission whether he will or will not give the figures which he has been asked to furnish.

Mr. Armour, who has been in the market "occasionally" as a speculator during the period under investigation, Mr. DeLoach, chairman of the committee, said he would like to know how much he has bought or sold to reveal the sum of his long or short-lives on any given day.

"I can't answer that off-hand, and I don't know how that can be substantiated," he replied when asked by Victor Murdoch, vice-chairman, president of the committee.

"Were your operations quite extensive?" the chairman asked.

"I presume that would depend on a man's point of view," Mr. Armour said.

Speculation Defended

Mr. Armour defended speculation in grain and the marketing machinery which makes it possible, because, he said, the farmer is afforded an opportunity to sell his product at the end of the year in an open market. The producer does not always get the price he is entitled to, he admitted, but in the average he sold, the farmer benefits by the system.

His views on the speculative market were brought out by Mr. Murdoch, who recalled his acquaintance with P. D. Armour, the name of the Armour, fortune and father of the present head of the house. It was P. D. Armour who broke the Great-Too elevator, which was the first to hold 40,000,000 bushels of wheat purchased and as delivery day approached, the elevator was worth \$1,000,000, but the market fell and the elevator was worth only \$100,000.

Mr. Armour weighed the question for a moment and then said:

"Of the average, I think it has been because the farmer has a place to sell his wheat every day in the year. He may not always get the price he would like, but he is entitled to it. I think it has established conditions. Without the speculative market, no trader would buy wheat until he had it sold, and you know that because you have to carry it a long time before you can sell it."

George E. Marcy, head of the Armour grain company, testified that he thought the transaction by his organization are hedged, through the purchase or sale of future to safeguard a cash transaction, but that there are some purely speculative dealings.

Mr. Armour weighed the question for a moment and then said:

HIGH SCHOOL NOTES

There was a short assembly Wednesday evening during the fourth period. Mr. Barnes announced that there would be an assembly every other week instead of weekly. On the Wednesday that it is in the high school will hold the meetings during the fifth period. Several new clubs are to be organized this year. One of these suggested are a debating club, and a dramatic club which Miss O'Leary will have charge of. This club's primary interest will be to have a declamation contest. This club is being organized by Miss Hamilton who is one of the faculty teachers. The Spanish and Agriculture clubs will be organized also this year. The Radio club has been organized already this year.

Here is something about the! The Masons have offered their hall to the students for another high school dance. This dance will be for the students only and will be held on Friday evening at 8:30.

There will be a pep meeting Friday morning. The cheer leaders have been working some new yells and will be giving them out during the following class the Friday game promises a good deal of excitement.

The Blue Triangle committee has recently held a meeting Wednesday night immediately after school. The social committee has planned a real interesting program for the next meeting. The committee is planning to give out new kinds of social service work. The meeting adjourned at 8:30.

Junior High School Notes

The inspection of these crumblers shows that the best of hands and faces, better appearing hair, an improvement in the appearance of the shoes and clothing as well as better sitting and standing postures. Barbers and charts are used to aid in the course.

Most of the most cases made by the student. The result is keenly interested in the work with plenty of variation in ideas and expression of those ideas.

About 40 per cent of the class time is spent in the gymnasium or out-of-doors where exercises and games for the winter are being enjoyed. There are about 100 eighth D pupils enrolled in the physiology classes. Near the close of the semester an exhibition of the gymnasium will be given by these pupils illustrating the type of corrective gymnastics practiced. Mrs. Winona Merritt has charge of this department of work in the junior high school.

A very clever debate was given in Mr. Casey's seventh B English class on Tuesday of this week. The question debated was, "Resolved, 'Boys are more useful to their parents than girls.'" The affirmative was handled by Oron Bonnett, Edible, Edith Bell and Julia Norman. The negative side was represented by Dorothy Parks, Thyllis Evans, Berdette Ellsworth and Marjorie Duke.

The arguments delivered by the boys proving that boys have (1) finer discrimination than girls, (2) more endurance, and (3) that they give more time and are more willing to help to their parents, was a favorable decision for the affirmative side. Miss Casey and Mrs. North acted as judges. Ralph Webb conducted the debate and made a capable chairman.

The News is read by the permanent reading class.

Social Notes

Edited by Mrs. E. B. Williams. Telephone 396

Mrs. M. C. Mitchell was hostess at a charming one o'clock luncheon on Wednesday afternoon at the home of Mrs. E. B. Williams. The guests were seated at the small tables and a color scheme of pink and lavender was used. The flowers were asters in these shades, while the nut cups and place cards were in the same dainty color. Luncheon was served in four courses and was followed by bridge. Mrs. E. B. Williams winning the prize for highest score, and Mrs. W. H. Edridge was awarded the consolation. The guest list included: Mrs. E. B. Williams, Mrs. W. Bronnagh, W. H. Edridge, Edith Felt, Clarissa Evans, Will Selley, Olive Hartland, C. H. Krenpel, P. J. Connelley, A. A. Peavey, W. H. Leal, J. W. Golladay, Paul Fisher, Arthur Vincent, Leonard Vincent, Edward Cooper, C. E. Wright, Keyson Green, E. H. Graves, Dorman Johnson, Z. H. North, E. B. Williams, E. E. Bohman, Len Chapin, James Hall, H. C. Alexander, Frank Murray, O. P. Duvall, Zenas Smith, J. S. Bassell, Newell Wright, Mrs. E. B. Williams, Mrs. C. E. McEwen, Donald McLean, Miss Charlotte Evans, and Miss Grace Bryant.

Mrs. W. H. Edridge entertained the Wednesday Bridge club this week. Nine members were present, and Mrs. E. C. Lavering, who is in the city from Boise, was the guest. Mrs. Alan P. Saylor, who was a guest, Mrs. L. T. Wright was the successful contestant for high score, and Mrs. E. B. Larned received the consolation.

Mrs. Edward Guttery entertained on Tuesday in honor of the eighth birthday of her daughter. The caterer for the table was a lovely birthday cake decorated with pink candies, at either end of the table were placed bouquets of pink and white daisies. Streamers of pink and white running from the cake marked each cover, and streamers in same color were suspended from the chandelier and fastened to the four corners of the table. The delicious luncheon was served in two courses. The guests were Betty Parks, Agnes Wallace, Beth Bassell, Zenas Johnson, Vera Erickson, Hazel Mills, Nona Hiltman, Jack Deal, Virginia Doss, Edwin Lloyd, Dorothy Doss, Florence Chadwick, Edward Guttery and Louis Charles Guttery.

Mrs. Junney Shinn of Piler entertained at a one o'clock luncheon at her home Wednesday morning. Mrs. M. J. Swooley of Twin Falls, who is president of the Inter-mountain and Coast Federation. The centerpiece for the dining room table was the fall flowers. Mrs. H. W. Clougher, past district president, Mrs. James Fitzgerald, secretary of the Inter-mountain and Coast Federation, and Mrs. E. C. Graves, president of the Piler Women's club, were guests at this delightful affair. At the close of the luncheon the guests were taken to the home of Mrs. H. H. Schlammer where the Piler Women's club observed Western Federation day. Mrs. Swooley delivered a wonderful address on the work of the Western Federation, also gave a report of the general federation biennial at Chattanooga, N. Y., last June, her remarks met with hearty applause. The club also gave a report of the first district convention at Idaho Falls, Oct. 4, 5 and 6. Mrs. Fitzgerald extended greetings from her office and expressed a desire that all clubs west of the Rocky mountains become members of the Western Federation. Mrs. Downs delighted the assemblage with two vocal solos. At the close of the afternoon refreshments were served by Mrs. F. P. Mosley, Mrs. T. E. Moore, Mrs. O. J. Childs, Mrs. Charles McLeary, Mrs. Tom Costney and Mrs. Goods.

Mrs. A. E. Siffer entertained the Harmony club Wednesday afternoon. The exact white was the prize in a banquet at the Boggs on the close of the afternoon the host laid for over 100 and fun and good times served "dainty refreshments. Mrs. Fellowship held the boards until a late hour. Mrs. J. E. Williams, Mrs. W. J. Willitt, Hance, Mrs. E. O. Spilberg and Mrs. Corbett were guests.

Misses Doris and Denna Wynne entertained the Catholic club of high school students at a charming party on the evening. Games and dancing were enjoyed by the young folks throughout the evening. At a late hour a delicious two-course luncheon was served by the hostesses. The Wynne residence was daintily and attractively decorated in colors of salmon pink and sage green. This color scheme was also carried out in the place cards, which card voted this delightful party that best it has ever had. These charmingly were Mrs. Alvas Wynne, Mrs. J. Wynne and Mrs. C. Malberg.

Optimistic Thought. Wondrous is the strength of cheerfulness.

ROTARIANS MAKE MERRY WILL DISCUSS TAXATION

Members of Buhl, Burley and Falls Clubs Join Twin Rapids in Joint Session

Rotarians of Buhl, Burley, and Bannock joined with members of the local Buhl club in a banquet at the Boggs on the close of the afternoon the host laid for over 100 and fun and good times served "dainty refreshments. Mrs. Fellowship held the boards until a late hour. Mrs. J. E. Williams, Mrs. W. J. Willitt, Hance, Mrs. E. O. Spilberg and Mrs. Corbett were guests.

Speeches in jocular vein were made by President Jess O. Eastman of the Buhl club, President "Doc" Grooms of the Buhl club, and President Girdlewood of the Burley club. Interpreted with ensemble singing and numbers by the Old Home Four and brief addresses by George B. Aiken of Boise, W. J. Guebla of Amsterdam, Holland, and others present as guests of club members.

President Arthur J. Peavey of the Twin Falls club presided. A minstrel performance put on by the Burley visitors was a feature of the evening.

Pat's Paradoxical Condition

Mrs. Casey—"Ah! how are all yer folks, Mrs. O'Brien?" Mrs. O'Brien—"It's all well they do be expectin' me, old man. He's been enjoyin' poor health for some time, but he complained 'av feelin' better this mornin'!"—Boston Evening Transcript.

Inindividuality and Charm

Mark the new coats from Wooltex

It would almost seem that when Wooltex designers created the new winter coats they had in mind practically every type of woman, practically every age, every individual taste.

The woman who wants a coat simple in lines yet elegant in fabric and tailoring will find several beautiful models to choose from; the young girl will discover coats labeled all over "youthful and becoming." Some coats lend themselves to every day, every occasion-use while others are more distinctly "dress coats" or "business coats."

But every time the Wooltex label shows itself in a collar then the wearer can congratulate herself on having secured beautiful all-wool fabrics, expert tailoring and style that is at the same time smart and enduring.

All the new models on display now \$25.00 to \$95.00

Style notes about the new coats

Wooltex coats show the prevailing popular straight-line silhouette. Some are unbelted, others belted with the belt or girdle well below the waist. The full kimono sleeves give a graceful drapery to many coats. Sleeves are the distinctive feature of all coats, pouch sleeves, bell sleeves, wide sleeves gathered into narrow cuffs. For trimming, you can choose from a long list—fur, cording, tucks, braiding, embroidery, silk stitching. In marino, ormandale, velvete, norgamlow, rubard.

NOTED STARS IN CAST

Monday, the "New Stars" Annetta Taylor, Wallace Reid, Bebe Daniels and Julia Faye—all stellar members of the famous Cecil B. DeMille success—head the cast of "William Tell," the Paramount picture, "Nice People," which opens at the Idaho theatre today for a three-day run.

DeMille, Wallace Reid's long service under the Paramount banner, he has never worked under the direction of William DeMille. This is equally true of Bebe Daniels, Conrad Nagel, and other members of the "New Stars" and a veteran of several previous William DeMille dramas.

"Nice People" was originally introduced to the public immediately as now it is written by Rachel Crothers. It is a strong story of modern social life. A Marmaduke comedy in which "Ham" Hamilton plays lead is a part of the program.

Color and Disease. Color really does fight disease. Take for example the ultra-violet ray. Here we have a most convincing proof of the health factor that resides in color. This famous ray exerts a very potent curative effect upon certain diseases of the skin. A ray of ultra-violet light is concentrated upon the diseased part and immediately a new process is set up which the disease is eventually destroyed.

THE MARKETS

CHICAGO GRAIN MARKET.
CHICAGO, Oct. 11 (AP)—Buyers on a large scale led to an unreported advance in wheat prices today after a moderate decline due to the signing of the armistice with Turkey. The market closed unsettled 3-4 to 1 1/4 cent higher, with December \$108.4 to 110.74, and May \$110.14 to \$110.84. Corn finished 5/8 to 5/4 up. Oats at a shade off to 5-8c gain, and provisions down 1/2 to 3/8c.

Most of the heavy buying of wheat was satisfied for other big traders here, but whether his purchases were to cover previous sales or were in the nature of an investment, remained an open question. Excess of volume at the top page of the market in the Near East failed to extend beyond the first 30 minutes of trading in the wheat pits.

Excess of volume at the top page of the market in the Near East failed to extend beyond the first 30 minutes of trading in the wheat pits. Excess of volume at the top page of the market in the Near East failed to extend beyond the first 30 minutes of trading in the wheat pits.

NEW YORK STOCK MARKET

NEW YORK, Oct. 11 (AP)—Heavy buying of shares of industrial companies holding large surpluses on further reports of major cuttings; again, the stock market rallied. The main tendency in the market was again upward. Bulls, which have been lagging behind in the last few days, became quite active today and some substantial gains were recorded by the high grade shares.

Immediately after the market closed the Standard Oil company of New York announced its intention of declaring a 400 per cent stock dividend, payable in shares of the present \$25 par value, the capitalization of the company to be increased from \$10,000,000 to \$40,000,000. The stock distributed today within a radius of 8 1/4 points, closing at 23 3/4, a net gain of half a point on the day but 1 1/4 below yesterday's high. Standard Petroleum closed at 19 1/2, a net gain of 5/4 point after a session established a new high for the year—20 1/2. Both Petroleum and issues also created new tops on rumors of extra dividend distribution. After all moved with comparatively narrow limits.

Overnight announcement of a 75 per cent stock dividend in National Biscuit closed as expected, the stock closing at 20 1/2, the same as yesterday, after having been run up to 21 1/4. Announcement of a 50 per cent stock dividend in American Radiator apparently was disappointing to speculative interests, that stock showing a net loss of more than three points on the day.

Shares of coal carrying carrying companies benefited most from the buying demonstration staged in rail shares, the United States paid 1 1/4 to 1 1/2. Lackmann, Reading, Lehigh Valley, Norfolk and Western. Grangers also made good progress, notably Union Pacific, Canadian Pacific, Atchafalpa, Southern Pacific and Great Northern preferred.

Steel prices were forced down during the afternoon session, but improved fractionally later in response to publication of weekly trade reviews showing a steady increase in production.

Referee in Bankruptcy.

TO PROMOTE AIR SERVICE

Business Men, Bankers and Postal Officials Interested in Aerial Transportation

DETROIT, Oct. 11 (AP)—The importance of aeronautical development from the standpoint of the nation's bankers, the United States postal service, and the business men of the country, was stressed here today by speakers at the first National Air Institute. The institute was preliminary to the Fallier series and now continues that began tomorrow and continues through Saturday.

The institute was participated in by the Aeronautical Chamber of Commerce, the American Society of Mechanical Engineers and Society of Automotive Engineers, the American Bar Association and National Aircraft Underwriters' association.

Commercial banks of the country need aviation better development of this science will be a spur to business, Lewis E. Pearson, chairman of the board of directors of the Irving National bank of New York City, told the institute. The continent soon will be spanned by mail planes in from 25 to 30 hours, Paul Henderson, general assistant postmaster general, told the institute.

"It is in the airplane a means of transportation is an important as well as an important as the future life of the country as is the steam locomotive and automobile," he said. "The people are entitled to the advantages of additional speed in handling the mails in the advantage now offered in the form of improved airplanes."

The speaker said his department hoped soon to move mail by airplane continuously from New York to San Francisco.

The business men of the nation are demanding speed and for this reason the air transport is challenging the attention of commerce and industry as a whole. It is the national business problem, declared J. Rowland Bibbins, manager of the department of transportation, and the communications of the United States Chamber of Commerce.

Edmund J. New York, president of the National Aircraft Underwriters' association, and speaker on the subject of the country's insurance companies, declared such efforts have resulted in increased and advanced development of American aviation.

GOLD PRODUCTION GROWING.

JUNEAU, Alaska, Oct. 11 (AP)—The production of gold in interior Alaska will probably be considerably larger this season than during 1921, according to Colonel L. C. Gotwald, mining engineer in charge of placer mining, while only in the country's estimated production, but Colonel Gotwald based his prediction on the increased activity throughout Alaska in the placer fields in the section of the territory through which he passed.

In the Fairbanks district there is a decided increase in placer mining, while other interests are prospecting the creeks in that vicinity to ascertain the advisability of bringing in dredges for working the property. Colonel Gotwald

Odd Names of Irish Streets. Oddness of Irish street names is illustrated by the names of two streets in Sligo, Ireland.

SPUD PICKERS AVERAGE OVER SACK A MINUTE

Jarman Brothers Demonstrate Speed in Potato Fields; 624 Sacks in Ten Hours

What is believed to be a world's record for potato picking was made recently at the P. Lee Jarman ranch in the P. Lee district, when V. E. Jarman and A. H. Jarman in competition with their brothers, G. W. Jarman and L. B. Jarman, picked 625 sacks in 10 hours. The contestants are all sons of Mr. and Mrs. Arthur Jarman of Twin Falls.

The P. Lee Jarman family is in regard to the achievement. What we believe to be the world's record for potato picking, was made at the P. Lee Jarman ranch a few days ago when two men picked 624 sacks in 10 hours. The contestants were V. E. Jarman and A. H. Jarman, who were accompanied by their brothers, G. W. Jarman and L. B. Jarman.

Four brothers, V. E., A. H., G. W. and L. B. Jarman, are employed by Mr. Jarman, and have been considered rapid workers, but as one on the ranch had an idea that they were the speed and reduction of two cents a gallon in the price of gasoline. The former sold in these trying for hours by price was 50 cents and the new price is 28 cents a gallon.

On Thursday, V. E. and A. H. Picked 624 sacks in nine hours and on Friday they picked 625 sacks in ten hours. They were accompanied by their brothers, G. W. and L. B. Jarman, who were accompanied by their brothers, G. W. and L. B. Jarman, who were accompanied by their brothers, G. W. and L. B. Jarman.

When one takes into consideration that the sacks weighed 225 pounds each they can readily see that Jarman not only made a world's record, but that they also had to do a back-breaking stunt in lifting, as the total weight of the 624 sacks amounted to 140,700 pounds and all these had to be thrown into the water which stood as high as their heads—an average of over 2000 pounds per minute.

If anyone can beat this record let us hear from you, otherwise we will claim the championship for these expert potato tappers.

Behrman's Our Big CLOSING OUT SALE Now in Full Swing. Our entire stock of Dry Goods and Women's Wear now on sale. A tremendous price reduction. Every article in store reduced.
