PRICE FIVE CENTS

EIGHT DIE FOLLOWING EXPLOSION

Oklahoma Coal Property Scene of Terrible Blast—Preliminary Investigation Fails to Fix Cause

McMURRAIN, Okla., Oct. 20.—With eight dead and one other miner missing, as the result of a gas explosion which wrecked mine Number 2 of the Progressive Coal company here today, steps were under way tonight by federal and state officials for a thorough investigation of the cause of the blast.

The dead: F. E. Seaton, president of the company; A. O. Greenwald; John Sanders; W. A. (Billy) Taylor; Walter Brasher; Bob Edwards; Mark Krause; A. T. Ervine; Missing: Burk Sprague; Injured: Claude Everett, Henry Warner, Joe Harrington and Roy Caldwell. Everett is believed fatally injured. Preliminary investigation has not shown the cause of the explosion but it is believed that a shot fired by one of the 18 men in the mine to loosen the coal, caused the blast.

Another explanation given by the survivors is that the gas became ignited from a lamp worn by Everett. Seaton, fire boss of the mine, who was killed by the explosion, had been working for a week for the body was being continued tonight.

Sprague's body is recovered, it will bring the death toll to nine, as company officials and miners declare that there is no possible chance for him to have survived. The last 17 victims were found dead several hours after the blast, as they were deeper in the mine.

Rescue parties reached the entombed men shortly after the blast, as the mine is shallow. When first reports of the disaster reached McMurran and surrounding territory, hundreds of persons rushed to the scene and assisted in the work of rescue. After hurriedly digging in to the stop, the squads of miners and volunteers brought out the bodies of two workmen. Four men, entombed were found still alive. They were given first aid and rushed to a hospital. Six other bodies were recovered four hours later.

The wrecked mine was a stop, built through an abandoned strip pit, in which coal was found about 500 feet from the opening. The explosion tore through the property for a distance of nearly 100 yards. Fire did not follow the blast.

All of the injured are suffering from severe burns, but hopes for the recovery of three are optimistic. All of the victims were part owners of the cooperative company which developed the number 11 mine, which is located on property owned by the Blue Ridge Coal company of Oklahoma City. It is believed that the progressive concern.

WILLIAM BEETHROED DOORN, Oct. 20 (AP)—The civil betrothal ceremony of former Emperor William and the Princess of Hesse took place today in the drawing room of the ex-empress's castle here. The bride did not appear, but sent a power of attorney.

REPUBLICANS AIDING THE TURKS

M. FRANKLIN BOULLON, the mystery man of France, represented his Government at the Mudanya conference.

EYE WITNESS OF DOUBLE MURDER NOW AVAILABLE

Hal-Mills Investigation Further Complicated by Discovery of Woman Said to Have Actually Seen Crime

NEW BRUNSWICK, Oct. 20.—On the heels of unconfirmed reports that the grand jury of Somerset county today had returned an indictment in the Hal-Mills murder mystery, the investigation was given a sensational twist when it was officially learned that an eye witness to the double shooting, a woman of reputable character in New Brunswick, had been discovered. The introduction of this new phase in the already greatly complicated case, was said to have been responsible for the sudden turn today in the activity of Prosecutor Anarah Beckman, who appeared before the grand jury at Somerville.

The only handicap now retarding the prosecutor in bringing the situation to a climax, was said to be the problem of positive identification by the newly found witness, as more than one person is said to have taken part in the murders. Even though guarded by the house of Mrs. Frances Stevens Hall, widow of the slain tenant, is vigilantly guarded by state troopers and all attempts to communicate with the woman by telephone have been unsuccessful.

Prosecutor Beckman, urged even to intimate if the grand jury had taken up the murder mystery today, refused the slightest information, asserting that grand jury proceedings were absolutely secret and that any reports supposedly coming from his office were unauthorized. He said, however, that satisfactory progress was being made in the investigation.

For the first time since the bodies of the rector and his choir singer were discovered, Prosecutor Beckman and County Detective George Toison recently returned today, were seen to see the clothing both worn when they were killed.

REPUBLICANS IN ENTIRE ACCORD ON PARTY'S AIM

Unanimity in Opinion of Necessity for Election of Whole Ticket Voiced by Speakers Differing on Details

Questions presented by Senator Borah's demand for a direct primary election law in Idaho and other details of policy affecting the republican campaign were given a unanimous approval by speakers representing various viewpoints at a dinner meeting Friday evening at the Hotel Porcino here of about 100 speakers, including candidates for the legislature and county officers and members of the county central committee.

There was a variety of opinion expressed in relation to these questions, but there was entire unanimity voiced with even greater emphasis of the desirability of the election next November. All candidates for office on the republican ticket. Questions incidental to the election of the republican ticket of the speakers agreed were subordinate to this consideration.

The speakers, in the order of their introduction to the assembly, were Frank L. Stephan, county chairman, and C. A. Robinson, former state commissioner; W. D. Gillis, Piler, candidate for representing the republican legislature; Guy Flenner, Boise, managing director of the Idaho Reclamation association and former editor of the Idaho Statesman; J. Taylor Bush, candidate for prosecuting attorney; Shad L. Hodgson, state commissioner, and former Senator M. J. Sweezy, Twin Falls, candidate for senator in the state legislature.

A. Dorman Johnson, H. M. Holler and T. K. Hickman, attorney, also offered suggestions and views of the campaign in its final stages. See Complication. Senator Borah's demands at this time presented an unforeseen complication in the campaign which he asserted. The situation, he said, was one that should be met by united support of the republican candidates for the legislature, the county officers and the political principles for which they stand. Questions raised by Senator Borah, he suggested, were of detail, rather than of principle as they affect the broad principles of the party and should be dealt with after the election. Succeeding speakers, although some of them differed with Mr. Borah's views, as to the desirability of the primary, agreed with this suggestion and urged its adoption.

Mr. Robinson's platform in its provision for placing the tax levying power in the hands of the taxpayers. Mr. Robinson declared that the tax levying power should be placed in the hands of the taxpayers. He stated that the tax levying power should be placed in the hands of the taxpayers.

Mr. Flenner said that the tax levying power should be placed in the hands of the taxpayers. He stated that the tax levying power should be placed in the hands of the taxpayers.

Mr. Hodgson spoke for ticket. He attributed to Senator Borah's confidence and persistence in his demand for the direct primary, and this view of the situation was emphasized by Mr. Hodgson. He stated that the tax levying power should be placed in the hands of the taxpayers.

ONE KILLED, SEVERE HURT NORTH DAK. Oct. 20.—(AP)—One man was killed and a score were injured, two probably fatally, at the Hillinger mine at Minnetonka today when a small car of steel, followed by an electric locomotive, fell down a shaft on top of a descending cage loaded with miners.

Victim Pronounces Jail Sentence Upon Convicted Swindler

Atlantic City Confidence Man Draws Four to Six Years for Bilking Prominent Men

ATLANTIC CITY, N. J., Oct. 20.—Indicted for swindling prominent residents of this resort, including the judge who sentenced him, Justin Kirrah, a retired politician, today was sentenced to the state prison for from four to six years by Justice Smithers. Specific charges were made that Kirrah fraudulently represented himself to be a collection agent for the Prison Relief association of Washington, D. C., and that he obtained a contribution from Judge J. T. White of New Jersey court of appeals.

Specific charges were made that Kirrah fraudulently represented himself to be a collection agent for the Prison Relief association of Washington, D. C., and that he obtained a contribution from Judge J. T. White of New Jersey court of appeals.

Fined for Failure to Aid Dog He Hurt

DETROIT, Mich., Oct. 20.—(AP)—Because he did not stop and give aid to a dog he had injured with his automobile, Thomas McGraw was fined \$5 today by Judge Wm. M. Huston. McGraw was charged with cruelty to animals.

STUDENTS RIOT BRINGS TROUBLE

Arrests May Follow Clash on Campus on Eve of Football Game; Three Probes On

LOS ANGELES, Oct. 20.—(AP)—Three hundred or more students of the University of Southern California and of the University of California, southern branch, tonight faced suspension and possible expulsion from school on an inter-university riot on the campus of the southern branch today. More than 200 police and firemen were on duty to keep order.

Dr. E. O. Moore, director of Southern Branch, declared in an address today that the student of the institution that the University of Southern California had violated a "gentleman's agreement" that neither school should invade the other's campus.

Dr. E. O. Moore, director of Southern Branch, declared in an address today that the student of the institution that the University of Southern California had violated a "gentleman's agreement" that neither school should invade the other's campus.

Police Probe Affair A third probe is in progress under police direction, and an announcement from that quarter was that arrests would follow identification of student participants in the riot.

AMERICAN FALLS CASE UP TO COURT TO SOLVE

Judge Babcock Hears Attorneys' Arguments For and Against Injunction

Legality of forming an Irrigation district to include alleged non-contributing lands was the question at the hearing before Judge W. A. Babcock Friday morning on the demurrer to the injunction against the Twin Falls county commissioners from calling an American Falls irrigation district. The demurrer was prepared for Thomas Costello, who was with them, brought the action. B. E. Stoenmeyer of Pocatello appeared in behalf of the irrigation association and the Twin Falls Canal company was represented by Judge James R. Bethwell.

PORTLAND DRIVES OUT REDS IN DOCK STRIKE

I. W. W. Rounded Up in Police Drive Quit City When Given Alternative of Work on Rock Pile; No Trouble Expected but Mayor Keeps in Touch with State Forces

PORTLAND, Ore., Oct. 20.—Municipal Portland served notice to the world today that it did not tolerate any interference with legitimate business by the I. W. W. in connection with the present water front strike.

Others now in the city jail are to be served in the same manner as soon as the necessary preliminaries can be arranged. Those who were here before it was announced, and depicted agitators who return will be picked up immediately, it was said. Of the more than 100 I. W. W. rounded up in the recent police drive a majority were able to prove that they have been residents of Portland for more than five months. Those who were here for a less time were given the option of leaving town or serving 90 days on the rock pile and without speaking at all have elected to get out of the city.

ELECTION WILL BE CALLED FOR WITHOUT DELAY

Parliamentary Ratification of Irish Constitution Assured Notwithstanding General Uncertainty

LONDON, Oct. 20.—(AP)—In the still highly speculative political situation tonight, only two facts stood out as definite—that there will be almost immediately a general election and that parliamentary ratification of the Irish constitution is assured.

Andrew Bonar Law, who is to head the new government, which will take the place of that of David Lloyd George, in a message to an aviation newspaper, confirmed the intention to advise King George to dissolve parliament immediately, and added that this fact would give ample time to deal with the legislative program. It indicates, however, whether the present parliament would reassemble according to schedule on November 1, to deal with the Irish question, or whether general elections would be held immediately and the Irish legislation left to the new parliament. Either plan would be carried out by the end of the week.

MANY CARS ARE NECESSARY HERE

Over 8,000 Required for Potatoes, Lettuce and Apples in Four Southern Counties

The four southern Idaho counties are in need of 8,000 cars in which to move the apple, potato and head lettuce crop, according to a report given by E. M. Sweezy, of the Idaho State Traffic Commission, during his visit here recently from the Southern Idaho Traffic association. The statistics on the car shortage in the district were given Mr. Sweezy as a means of guiding his visit to relieve the situation throughout the state. Similar data was gathered by the commission on an extensive trip which has included other principal potato producing areas.

Modest Home of First Woman U. S. Senator

Here is the modest home and study of the first woman ever sent to the United States senate, Mrs. W. H. Felton of Carorsville, "The Grand Old Woman of Georgia," appointed by Governor Hardwick to fill the unexpired term of the late Thomas Watson.

Mrs. Felton's modest home.

Mrs. Felton's modest home.

DOLLS' MOTHER IS NOT GUILTY, JURY DECLARES

Woman Accused by Husband With Doing Away With Babies by Means of Elaborate Hoax is Freed

HAMMOND, Ind., Oct. 20. (AP)—Mrs. Hazel McNally, declared by her 55 year old husband to be the mother of "Doll Baby" twins, was freed of a charge of murder this afternoon when Judge Henry C. Cleveland ruled that the state had failed to prove the infants were not still alive.

The 26-year old wife, who has grined and giggled through four days of the preliminary hearing, while witnesses attempted to fasten on her the charge of double murder, collapsed and fell fainting to the floor, as the court and audience of 150 women court room fans rang in her ears. By a strange paradox of the law, the "hoax" which maintained the twins "born" to Mrs. McNally last December were but imitative creations of china and straw dressed in baby clothes, won its victory because the state was unable to prove that the identical babies were held at the present moment living, breathing human beings of actual flesh and blood. The missing corpus delicti—lawyer's phraseology for the "body of the crime"—proved a stumbling block to the state and because of it, the mystery of the McNally twins whether they ever existed, whether they were only dressed up dolls, or whether, as the state contended, they were first real babies and then dolls, remains unchanged.

JAPS GAIN HIGH PRAISE

San Francisco Women Laud Qualities of Citizenship of California's Sons of Contention

PITTSBURGH, Oct. 20. (AP)—Two San Francisco women lauded the "citizenship qualities" of American born Japanese and Chinese in addresses at the forty-first annual meeting of the board of managers of the Women's Home International society of the Methodist Episcopal church.

"The Japanese have come to stay," said Mrs. E. Evans San Francisco, who reported on Korean and Japanese activities. She declared that while statistics show that 5555 Japanese have been born in the United States.

TOOK HIS PART SERIOUSLY

Better Half of Lodge Member the Sufferer Because of Club's Share in Entertainment

"Oh, my goodness alive!" exclaimed the mistress of the mansion as she greeted some newly arriving guests at the front door. "Here's this rug all rolled up again. It's my husband who does it." He sits in front of the mirror here and dances.

"Yes, you see his lodge is putting on a minstrel-show. There are six or eight men, and Paul's one of them. I just paid \$5 to have my hardwood floors polished, and Paul's worn all the polish off preceding his dance. Last night he had a man from Missouri who knew all about buck and wing dancing come in and instruct him for an hour. Several men called on Paul to dance, and he wouldn't let me interrupt him for any one of them. He had all his friends lined up here observing his antics and making suggestions.

"Paul says, 'Please Ma-ma, Papa's Gettin' Blind' Then after he sings that to the dance, and then he comes to the trouble come in. If he sings too loud and vigorously it takes all his breath and he can't dance. Ordinary dancing is hard enough on him, because he is six feet tall and weighs 208! But this is extraordinary dancing with a big band. He wears an alarm clock for a wrist watch, and a locomotive headlight for a diamond pin. To dance around with these things on after singing is almost impossible. The friends who were here last evening couldn't agree as to whether Paul would be better laughing or looking damn during the stunt. 'Of course you will be going to the entertainment to see him,' suggested one of the guests. 'Oh, yes, I'm going to be there right up in front and if I see once I'll pull smile all right, because he'll remember the damage he did to my floor in front of the mirror. 'Well, I'm not going to be there,' declared Paul's mother. 'The cheapest seats are 50 cents, and I'm sure the show won't be worth 50 cents to me.' I've been acquainted with some of Paul's jokes for 57 years, more or less.—Fall-River-Globe.

Flapper's Definition. Asked to define "flap" a romantic girl replied, "I guess it's love when the fellow you are dancing with steps on your foot and, instead of it hurting, it makes you thrill."

ANNULMENT IS ASKED FOR

New York Publisher Seeks Divorce Upon Ground Marriage Was Illegal

NEW YORK, Oct. 20. (AP)—Wenth is about the only point of agreement between Nelson J. Peabody, publisher, with offices in New York, Boston and Chicago, and his wife, Lola, Mr. Peabody has instituted suit for annulment of his marriage on the ground that his wife was married to him before—his California divorce became final. The California divorce became final. The state Supreme Court Justice Wagner granted Mr. Peabody \$100 a week alimony and \$7500 cost fees pending settlement of the case.

"This is Mrs. Peabody's side of the story contained in an affidavit: 'When he was a poor man I struggled with him. I washed, cooked and scrubbed in order to assist him. When he became wealthy I shared in his prosperity. Now that he is in receipt of a fabulous income he institutes an action to annul our marriage, claiming that it is void by reason of a technicality. Thus he seeks to starve me into submission.' Mr. Peabody denies he ever sought to avoid his duties as a husband and charges that while he was absent from home, sales occupied by him and his wife at various hotels served as place 'of rendezvous' for various men whom he names.

Ethics and Epigrams. "There's nothing better in heaven than your own little job" and "The man who fills his little niche on earth in the very best way that it can be filled, is as good as any angel in heaven." are two sayings which sound like different versions of the same epigram of Rev. Robert J. MacPinto in his address to the Yvancville club. Whether Pastor MacPinto said both these things, or only one of them, he put a grand truth in a crisp form. Noneat, efficient work is not only a worldly utility but a high moral duty. (New-York-Times.

"Save Anyhow" and You Can

SMILE Always

The two magic words that have put determination into many Twin Falls earners—changing them from debtors to savers — are: "SAVE ANYHOW!"

If you'll join the army of Twin Falls Bank and Trust savers and follow the same motto, you, too, can SMILE ALWAYS! For a person's optimistic confidence and enjoyment of life in general grow with the size of the bank account!

BANK where its FRIENDLY!

POPULARITY IS SURE TO COME

Method of Photographing Spirits Set Forth in Detail at Session of Association

CHICAGO, Oct. 20. (AP)—Declaring that "spirit photography is a reality," Thomas Grimshaw of Detroit, Mich., trustee of the national spiritists' association, yesterday told the organization's annual convention that "spirit photographs are likely to become prevalent in the future." In describing the process of photographing the spirit, Grimshaw said that the sitter goes to sleep, "Typically," he continued, "is what is known as materialism of the ectoplasm. The ectoplasm exudes from the sleeping subject and completely its own form if he has the latest styles from New York picks up exultations from any others of his who may be in the room. This spirit body then rises a few feet above the physical body onto the psychic plane. It is then that the photograph becomes possible."

A plan to found a national correspondence school of spiritualism was a feature of today's session. The theory of "psychic splendor" was explained today by Mrs. Mary T. Longley of Washington, D. C. She said they are an essential part of the chemistry of the soul, as well as the magnetic lines which can be seen like a beam of light connecting the etheric with the physical body at times when the spirit is wandering in unknown places."

Bad Habits in Cankies. When a canny bird plucks feathers from the young birds, pluck them to a small nursery cage suspended from the side of the breeding cage in a summer, that will allow feeding between the wires, as the young birds should not be removed entirely from their parents until they are able to crack the food upon which they must feed.

WOULD TEACH DEMOCRACY

School of Instruction for Campaign Speakers Will Tackle Subject Along New and Original Lines

AKRON, Oct. 20. (AP)—A "school of democracy" for women of Ohio who expect to take the stump for their party in the remaining days of the present campaign has been opened here by Mrs. Harold W. Wilson of New York, national suffragist leader and prominent democratic party worker, as the "teacher."

Mrs. Wilson told her students how to dress, talk impressively, be prepared to answer questions, tell funny stories to win over hostile sympathetic audiences and how to start and when to properly conclude their addresses. On the matter of dress Mrs. Wilson told her class not to be "fashion plate" when you get up to make a photograph are likely to become prevalent in the future. Among other admonitions were these: "Don't wear a veil under any circumstances." "Don't wear a skirt so short that your audience will look at your ankles, materialism of the ectoplasm. The ectoplasm exudes from the sleeping subject and completely its own form if he has the latest styles from New York picks up exultations from any others of his who may be in the room. This spirit body then rises a few feet above the physical body onto the psychic plane. It is then that the photograph becomes possible."

KNOLL

KNOLL—There will be a Hal-lor-nen entertainment and social at Pleasant View school Friday evening, October 27. Mrs. Sammie Harris, representing the Pro-gram's Board of the Presbyterian church, will give a lecture Sunday morning at 11 o'clock at the Pleasant View Presbyterian church at Knoll. Mrs. Sammie Harris will entertain the Ladies Aid Saturday afternoon. Will Thompson, George Rottig and Walter Mills returned from Nevada Wednesday. They brought back two deer. Mr. and Mrs. Arthur Judson of Hax-son spent Thursday with Mr. and Mrs. Ed Morris.

6 1/2% FARM LOANS Quick Money for Farmers—1 Per Cent Commission Pay It Off Year by Year as You Can LETSCH & WILLIAMS TWIN FALLS PHONE 218

Save for the Lean Years "And Joseph gathered up all the food of seven years . . . and the seven years of dearth began to come the death was in all the lands; but in all the land of Egypt there was bread."

What an example of foresight to every man, woman and child in America, ringing clear and true down through the centuries. In the years of plenty when youth and health abound is the time to save and not to spend.

This is the season when returns are coming in from harvested crops. The money flows back through business channels. Both producers and merchants benefit therefrom. There are years of plenty and there are lean years.

Are you giving careful thought toward creating a surplus for the lean years?

A checking account or certificate of deposit will create such a fund. And it will help you to save.

## HARVARD WILL TACKLE CENTRE

### Cambridge Scene of Third and Last Struggle Between Famous Gridiron Teams

NEW YORK, Oct. 20 (AP)—Intercollegiate games will not start to the weekend football play, in the east tomorrow. Harvard will meet Centre college for the third and last time at Cambridge; Princeton will tackle Maryland at Princeton; the Navy has Georgia Tech as its opponent at Annapolis; Syracuse faces Washington at Syracuse, and Georgetown will mingle with Fordham in this city.

Outstanding among the purely academic contests of the day will be the Cornell vs. Colgate game at Ithaca; Yale vs. Williams at New Haven; Pennsylvania vs. Swarthmore at Philadelphia; Brown vs. Lehigh at Bethlehem; Dartmouth vs. Vermont at Hanover; and Army vs. New Hampshire State at West Point.

Of greatest interest, perhaps, to the average follower of the autumn sport will be the struggle in the Harvard stadium between the colorful "Reddy Colts" from Kentucky and the orthodox but well trained crimson players. With each institution credited with one victory in the games of the past two years, the struggle probably will break the standing tie and furnish a climax to the series, for under the new triangle agreement recently entered into by Yale, Harvard and Princeton, intercollegiate games appear to be a thing of the past.

### HARD CONTESTS EXPECTED

Lots of Work and Low Scores Expected to Predominate in Day's Games in Western Conference

SAN FRANCISCO, Oct. 20 (AP)—Hard fought, low score contests are expected to predominate on the far western football calendar tomorrow. One game between Washington and Oregon Aggies will count in the Pacific coast conference standings.

Although the Aggies won from Washington in 1920 and 1921, it is considered tomorrow's game one of the hardest they have this year. Washington, with a team said to be the best since the victorious days of Coach Dobbie, has diversified at the big game will be between the Olympic club of San Francisco and the Champion University of California eleven, undefeated since 1919.

### UNDEFEATED TEAMS MEET

Interest Running High in Struggle Between Michigan and Ohio State on Grid at Columbus

CHICAGO, Oct. 20 (AP)—With every team in the western conference in action tomorrow, the greatest football meet of the decade will center in the clash between Michigan and Ohio State at Columbus, where probably 70,000 persons, the largest crowd that ever witnessed a football game in the west, will see two undefeated teams meet at the dedication of Ohio's new \$1,000,000 stadium.

Ranking next in importance will be the Michigan-West at Ann Arbor, the other big ten game of the day, Chicago will meet Purdue at Chicago, while Minnesota will take the field against Northwestern at Evanston, and Indiana will furnish the opposition to Wisconsin at Madison.

### BERGER

BERGER—Miss Lillian McGregor left Monday for Ogden, Utah, to visit relatives for the winter.

Her many friends will be pleased to learn she is recovering from what at first appeared to be sleeping sickness caused by a bad topical treatment.

A. G. Ayer has an abundant crop of fine apples on his Salmon tract orchard which he is storing for future disposition.

A. G. Victor is loading a car of beans at Berger for the Bean Growers' association. He had a good yield and good quality. Several of the farmers on the Salmon tract raised beans as an experiment this season and are well pleased with the results. A larger crop will be raised next year.

The Loyal Neighbors gave a surprise for the teachers and scholars on Wednesday afternoon, just after the last recess. The members met at the home of Mrs. T. I. Shaw and went to the school in a body with well filled baskets of articles and pumpkin pie—also, punch was served.

The grain threshing is almost through in this district, and the hum of the beans and seed huller can be heard from any direction. The seed yield is fair as an average.

Thomas Shaw resumed his studies at the Hollister high school Wednesday, after an absence of a few days with his parents, Mr. and Mrs. T. I. Shaw, Berger.

Unsatisfying.

The serious and responsible life of an ordinary prosperous man, fulfilling the requirements of our social organization—futures, and neither completely satisfied nor completely occupied.

Still less does the responsible part of the life of a woman, of the prosperous classes, engage all her energies or hold her imagination. And there has grown up a great informal organization of temptations, games, entertainments, social routines, travel, to consume these surplus powers and excess cravings, which might otherwise change or shatter the whole order of human living.—H. G. Wells.

## RECEIVES BELATED HONORS

### Late William Kelly, Father of Steel Making, Commemorated in Bronze Tablet

DETROIT, Oct. 20 (AP)—The late William Kelly, scientist, hailed as the discoverer of the pneumatic process of steel making, has been accorded the honors denied him while he lived.

The honor is in the form of a bronze tablet placed in the door of the public library at Westland, a suburb, said to be the birthplace of the American steel industry.

Steel men from all parts of the country witnessed the dedicatory ceremonies. The inscription on the tablet asserts that the late Mr. Kelly was the discoverer of the process of steel making that has made the building progress of the world possible.

Following the unveiling, William G. Kelly, of Charleston, W. Va., a son, told a story that up to that time had been a family secret.

He declared that years ago his father established a steel mill in Kentucky and began the manufacture of steel by the old charcoal process. One day the slaves revolted to replenish the charcoal beneath one of the furnaces. Mr. Kelly investigated and saw the cold air was reaching the melting iron and making it not colder, as he expected, but hotter.

"My father developed the air process of steel making from that discovery," the speaker said.

He said the discoverer related that two English workmen later obtained from his father the story of the process and that later when the elder Kelly attempted to patent his process, he discovered that the late Sir Henry Bessemer of England already had obtained the American rights, asserting that he had discovered the system independently. The speaker charged that later developments proved Sir Henry had been one of the men who stole an English steel worker, obtaining the story of the process from his father.

"My father established his priority rights but a struggle followed as he did not meet with financial success," the son said.

The late Mr. Kelly established the first large steel plant in this country at Westland. Despite the fact that the Detroit suburb was the birthplace of the industry Pittsburgh later was selected as the steel city of the country.

### KIDNAPER FOUND GUILTY

OMAHA, Oct. 20 (AP)—Fred Brown faces a sentence of life imprisonment for kidnaping, with intent to assault Mrs. Jean Jenkins, 24 years old. The jury, after more than 44 hours deliberation, returned a verdict of guilty Friday night.

Charged with pending against Brown include kidnaping, with intent to assault, Miss Kathryn McManan, who with Mrs. Jenkins, was chained in Brown's shack near Benson, a suburb; assault against Harry El Boyd, who went to the assistance of the two women; and stealing an automobile.

The two women alleged that they accepted a ride in Brown's automobile and instead of being taken to accompany him to his shack where he fastened them in chains, put them in a hole under the shack and, attacked them.

Then began a twenty day chase for the fugitive during which Brown eluded airplanes, automobiles, possees and bloodhounds. Finally Brown was shot by Wyoming officers, 63 miles north of Medicine Bow, Wyoming, June 27.

On the witness stand, Brown denied that he had kidnaped the two women and said that they had gone to the shack of their own accord as he alleged they had several times previously.

Almost Fast Victim to Clutney.

Another chapter had to be added to the volume of feats of endurance by Benda. The latest here is a porter of Benden, Kent, England, which, seeing a stack of peas, decided to eat them. His imagination proved greater than his appetite, however, and for a week's time he was unable to eat anything but peas. The man went to thrash the stack and found the strayed prodigal in the very heart of it. It had eaten its way there, but had been unable to devour a way to the other side or retreat by the way it had entered. Fresh air and water quickly restored the prisoner, however, and all was well.

**WANTED**

**Car Lots Only**

I deal in loaded cars of the above products, 14 high class, state inspected, FORD, GAZO, or will handle for Grower's account.

There is no need of advance money on warehouse receipts, covering apples, potatoes and grain. One hundred car storage space available at local direction point in middle west for apples and potatoes. Nationwide marketing connections.

Reasonable selling charges.

**WANT YOUR OFFERS**

WE are not affiliated with any pool or combine and assure you a square deal.

**UNBARRLED MARKET ADVISOR**

Correspondence from individuals and associations solicited.

LOCAL PLAYERS TAKE HONORS IN ONE SIDED GAME

Rupert High Defeated on Lincoln Field in Struggle Replete with Good Work on Both Sides

The Twin Falls high school football team added another victory to its already perfect score, by defeating the Rupert High School team in a regular scheduled game Friday afternoon at Lincoln field by the score of 69 to 0. From the opening whistle it was evident that the locals would pile up a large score against the visitors. The first four minutes of play resulting in Twin Falls making a touchdown on straight line plunges.

The usual routine passed the center end of the division failed to capture the Evans clan. Time after time it tried frayed plays, and time after time Twin Falls broke up the plays.

A high wind hindered the Rupert team to a great extent, as they were unable to take chances with their forward passes.

Garry's Great Run

The big feature of the game was the intercepting of a forward pass by Clarence Garry, half back of the locals. He leaped high in the air, catching the oval as if it were a baseball, and ran 60 yards for a touchdown. It was one of the most spectacular plays ever seen at Lincoln field.

For Rupert, the playing of Stone, Hammer, Nelson and Long was a decided feature. True to expectations this quartet of huskies did the heavy work for the visitors during the game. After from Garry's wonderful all around playing it might be added that the playing of the entire Twin Falls team throughout verged on the phenomenal.

Fleisty of Minto

Rupert high school brought its band, the lead school musician occupying their customary place in the bleachers, and last but not least, the band which claims Ralph Ormsby as leader. This band composed of "Sigsbee" Sigsbee, "Hick" Hick, "Chick" Chick, Biley, entertained during the intermission, and their efforts were well received.

The game in detail:

First Quarter

Anderson kicked off to Nye. Jenkins, Scott and Selek brought the ball up 20 yards. Garry and Scott moved it up 20 more yards, and the line rested on Rupert's five yard line. Twin Falls was using line plunges, and hitting the line with the force of a cannon ball. On the next play Scott went over for the first touchdown of the game. Scott dropped kicked goal. Score: Twin Falls 7, Rupert 0.

Puckett kicked to Stone, who was dived in his tracks by Selek. Stone started out to make an end run but two yards was the reward of his effort. A 15 yard penalty forced Long to punt to Selek. A series of line plunges by the Twin Falls line again set the pigskin on the 5 yard line, and this time, Garry tripped over the line mark for another 6

points. Scott drop kicked goal. Score: Twin Falls 14, Rupert 0.

Anderson kicked to Garry's waiting arms. Garry went up the field for 25 yards before being detained. Jenkins and Selek helped the cause with 20 more yards, and then Twin Falls fumbled and Rupert got the ball on the 30 yard line.

Robinson Gets Busy

"Stow" Robinson felt worried about something, and on the first play through the line, asked Stone what the trouble was all about, and while said Stone was explaining, the line man decided that Rupert had lost 6 yards during the process of "Stow" trying to "Stow".

Fraxile took through on the next play, and Long fumbled, Lester fell on the ball. Selek and Garry rip ascended through for 12 yards. Jenkins then took around right end for 15 yards putting the ball within ten yards of the goal posts. The Rupert line stiffened and it took four downs to secure Selek over for the necessary counter. Scott failed to make the extra punt. Score: Twin Falls 20, Rupert 0.

Puckett's Kick

Puckett made a beautiful kick off, kicking to the goal line against the wind. Long received, and with slow downs to secure Selek over for the first quarter. Score at the end of first quarter: Twin Falls 20, Rupert 0.

Second Quarter

Garry kicked outside on Twin Falls 40 yard line. Long tried to kick to Selek, but his kick was wide in vain. On the next play he tore around right end for 13 yards.

Selek's Interference

Scott tore around right end for a gain of 20 yards, Selek giving him perfect interference. Rupert kicked off, and Twin Falls was only able to gather 7 yards on the next three plays, and Garry kicked over the line, his punt going a good 60 yards. Long took the ball back 10 yards, and kicked 40 yards. It was a beautiful double spiral and Selek fumbled, after a hard run. Twin Falls, however, recovered. Scott again fumbled, and Selek kicked the ball back 10 yards, and then Garry went up for 10 more, setting the ball on Rupert's 5 yard line. Jenkins went over on the next play. Scott drop kicked goal. Score: Twin Falls 27, Rupert 0.

Puckett's Kick to Stone

Puckett kicked to Stone, who made a beautiful catch and carried the ball back 30 yards for the longest run to be made by the visitors. His interference on this play included practically the entire Rupert team. Hammer, Nelson and Long made 12 yards. Selek or went in at this stage for John Lester. Garry intercepted a forward pass and started for the goal line, but after making 15 yards, he stumbled. Scott tried to get through the Rupert line but failed to make yardage, Garry circled around right end for 25 yards. Jenkins found the going easy for 8 yards, and set the ball down on Rupert's 20 yard line. Scott and Selek added another 12 yards, and at this point Rupert was penalized 5 yards for off side. Scott went over on the next play, standing up. Scott drop kicked goal. Score: Twin Falls 34, Rupert 0.

Puckett made a dandy kick off

ending the ball for the goal line. Rupert's ball on 20 yard line. Stone and Hammer made 12 yards on the next two plays.

King Gets In

On the next play, Clix King went through the line, Long, took a few yards. After two minutes of play Long punted up the field 20 yards. Scott and Garry mended up the field 25 yards on the next three

plays, and then Garry went around kick, and led for 15 more.

"Stow" Robinson went out at this time, with Moron Jamison in his place. Garry and Puckett failed in the trying for a forward pass. Puckett was over the goal line when Garry passed, and should have completed, as Garry made a perfect throw. Rupert's ball on the 20 yard line. Rupert failed to make anything on an end run and the half ended with the ball in Rupert's possession on about 20 yard line. Score at the end of the first half: Twin Falls 34, Rupert 0.

Third Quarter

Seaver went in for Lester, and Alford in for Selek. Anderson kicked and Twin Falls fumbled, Rupert failed on the cleave off. Ball now on Twin Falls 29 yard line. Hammer on a fake play, got away from the crowd, but forgot to reckon with John Nye, and down went the Hammer. Stone punted up 10 yards, and it looked as though the visitors were going to score. Garry kicked 30 yards out of danger. Nelson by artful dodging carried the ball back 10 yards. The Rupert backfield failed to make the necessary yardage on the next four plays, and Twin Falls took possession.

Alford-Bum's Little

On the first play "D" Alford started around left end and before he decided to stop 60 yards had been traveled. The farther he ran the faster he went, and with Jenkins giving him perfect interference, he took the fleet-footed "Skinny" Nelson to stop him. Garry, Scott and Jenkins carried the ball to the 5 yard line, only to fail to make yardage on the next two yards. Rupert took the ball. This was one of the prettiest pieces of resistance of the day, Rupert's line holding the hard plunging Garry for a 1/2 yard gain which proved to be two yards of the specified distance.

Long made a very poor kick

kicking outside on the 5 yard line. Alford took the ball, and on the first play went around right end for a touchdown. Scott drop kicked goal. Score: Twin Falls 41, Rupert 0.

Anderson kicked to Jenkins

Alford went around left end for another 30 yards. Scott and Alford made 10 more, and then the elongated Garry sneaked through the line for 30 more. Scott came up 5 yards setting the ball on the 5 yard line. Alford went over on the next play. Scott drop kicked goal. Score: Twin Falls 48, Rupert 0.

Anderson kicked to Puckett

who carried the ball up 20 yards. Rupert line held and Garry was forced to

kick. Rupert blocked the kick, and Hammer recovered ball. Rupert then started to march up the field, but the journey was short lived as Garry got through the line and stopped proceedings.

Garry's Sizz

It was at this stage of the game that Garry jumped high in the air and speared a forward pass intended for Hoops, and raced down the field for 60 yards with the entire Rupert line trying to stop him. It was the most sensational play of the day, and the cheering from the stands was well deserved.

It was during this play that Long

was hurt and had to be carried from the field. Scott drop kicked goal. Score: Twin Falls 55, Rupert 0.

Anderson kicked to Puckett

who again carried the ball back 15 yards. Alford made 10 yards, and then Twin Falls fumbled, Rupert getting the ball. Fraxile playing for Long made 6 yards. This is the closest the Rupert got to the Twin Falls goal line during the entire game. Two attempts at forward passes failed, and Stone kicked to Scott. Hand line plunging by the Twin Falls back field carried the ball to the Rupert 40 yard line, when the third quarter ended. Score at the end of the third quarter: Twin Falls 62, Rupert 0.

Fourth Quarter

Stone was injured at the end of the third quarter, and Bailly took his place. Stone was the second Rupert man to be carried off the field.

Puckett kicked to Nelson, and Nye dived in his tracks. Twin Falls line held and on the fourth down Hammer tried for a place kick but the 40 yard line. Jenkins hit the line and the ball was taken in for Fraxile. Garry circled around left end for 25 yards, and a touch down. Scott drop kicked goal. Score: Twin Falls 69, Rupert 0.

This attempt failed and

Scott carried the ball back 15 yards. Powers went in for Scott. Alford and Garry took the ball up 15 yards. Twin Falls, with Powers at the helm, got busy with a bunch of forward passes, the first two attempts failed, and Garry kicked.

At this stage, Coach Evans yanked a bunch of regulars and put Victory in for Seaver, Harrison for Swin, Somerville for King. Garry and Scott completed a forward pass for a 10 yard gain. Garry made 15 yards around right end. Garry and M. Jamison tried a forward pass, Jamison failing to hit the line. Garry made a beautiful pass, and Jamison should have completed, and made a touch down, as there was no one near him. Garry and Puckett failed on forward pass. C. Jamison in for Puckett.

Puts in Sub

Alford made two end runs that del-

ted the locals 60 yards, with Garry giving wonderful interference on both occasions. Crown went in for Jenkins. After Garry had made 10 yards around right end, Rupert lightened, and Twin Falls hit the ball in the shadows of the goal posts. Hammer kicked to Powers, who carried the ball back 10 yards. A forward pass, Garry to C. Jamison, netted the Blue and White 20 more yards. Line plunges by Garry and Crown put the ball on the 3 yard line. Garry carried the ball over. Powers drop kicked goal. Score: Twin Falls 76, Rupert 0.

Denton in for Somerville

Holman in for Nye, and Day in for Garry. This move put the entire first team out of the game with the second and third teams taking care of Rupert. Powers kicked to Hammer who carried the ball 15 yards. The Twin Falls line held and Rupert was in the net of kicking when the shot was fired, announcing the ending of the game.

The line up:

Twin Falls	Position	Rupert
Puckett	L. E.	Hartlett
Swin	L. T.	McMill
Nye	L. G.	Newman
King	O.	Anderson (c)
Fraxile	R. G.	Reo
Taylor	R. T.	Drasco
Robinson	R. H.	Hoops
Scott (c)	Q.	Nelson
Jenkins	L. H.	Stone
Garry	R. H.	Long
Selek	R. B.	Hammer

GOODING TRIMS SHOSHONE

Victors Use Straight Football to Win Victory by Score of 25 to 0

GOODING, Oct. 20.—(Special to The News)—Gooding took an easy football victory from the Shoshone warriors Friday afternoon by the score of 25 to 0. The locals used straight football during the entire game with Sparks and Adams starting with several long runs. The ball was in Shoshone territory throughout the game. Murphy did the heavy work for Shoshone his punting being a decided feature.

Seek the Higher Life.

Whatever you do, be greater than your calling; let your manhood overtop your position, your wealth, your title. Masterful living, constant growth toward a higher life are the great ends of human existence. Your calling should be the great school of the great man-developer, character builder, that which should broaden, deepen and round out into symmetry, harmony and beauty all the God-given faculties within you.—Orison Swett Marden in Chicago News.

Church's History.

With much diversity of opinion on minor points, there is a general agreement in dividing the history of the church into three great periods. The first, from the birth of Christ to the time of Constantine; the second, from that epoch to the Reformation, and third, from the Reformation to the present time.

What is useless to you may be valuable to others—advertise! in the classified columns.

THE MARKETS

Yearlings \$13.50, heavy fat ewes \$4.50 to \$5.00; light weights up to \$7.00.

NEW YORK STOCK MARKET.

NEW YORK, Oct. 20 (AP)—Convincing evidence that the recent reaction in the stock market was purely technical was given today when most of the list moved upward in response to a good demand for certain railroad shares and the availability of bids of special stocks.

CHICAGO GRAIN MARKET.

CHICAGO, Oct. 20 (AP)—Wheat averaged higher in price today, helped by indications of good export and milling prospects. A circumstance which was more than counterbalanced the unsettling effects of much loading of spreads between December delivery and May.

By actual count, four out of every five homes in Twin Falls receive The News daily. Tell all these people what you have to sell, trade or exchange, about your rooms for rent, houses for sale or rent, the position you want, or the help you need—ONE CENT per word—Phone 32

Table with 3 columns: Item, Price, and Description. Includes Fourth 1-4s, Victory 4-4s, and U. S. Treasury 4-4s.

BOSTON WOOL MARKET.

BOSTON, Oct. 20 (AP)—The Commercial Bulletin tomorrow will say: 'The demand for wool has been throughout the week and for all grades, with prices generally higher.

Catbird imitated. The catbird is so called because the note by which he is most commonly known is like the meow of a cat, but as a matter of fact he imitates almost every other sound he hears.

# CROWDS GREET ELKS' ARTISTS AT EVERY TURN

## Augmented Vaudeville Show Vies With Circus in Popularity while Hundreds Dance During Evening Hours

With four circus performances scheduled instead of two as previously, and the general entertainment program augmented to include a vaudeville show of 12 features acts, the Elks' night performance of the Elks' carnival act a new high record for entertainments in connection with the 4-day festival of the Twin Falls lodge.

The crowd of Friday night was larger than on any of the previous evenings and a corresponding increase in the enthusiasm and general spirit of jollity was noticeable.

The first patrons were on hand just as the doors opened and followed through the maze of booths established to the entrances of those established in the various booths.

On leaving the circus the sightseers were treated to a surprise in the form of a vaudeville show with 10 acts as the main feature.

Glaring posters arrayed on the site of the canvas background here out the crowd and the first quality.

One more of the melodies of the hard working piano player and his banjo accompaniment, both axes collar and neckties and equipped with a good supply of liquid, proved alluring to hundreds.

# FASHION SHOW AT ELK LODGE ATTRACTS MANY

## Tea Under Auspices of Twentieth Century Club Proves Drawing Card in Connection With 4-Day Program

The patronage and enthusiasm evident at the tea of the Twentieth Century club at the new Elks' building Friday afternoon marked the affair another successful event on the calendar of the week in connection with the complete of the new lodge home.

The musical program, which was well received consisted of two numbers of the Elks' composition of Mrs. I. H. Masters, Mrs. W. H. Wright and Miss Emma Smith. Following the trio selection solo were rendered by the Elks' quartet and Mrs. O. P. DeWall. The trio was accompanied by Mrs. Dorman Johnson and the soloists by Mrs. Merle Bailey.

The Proves Big Attraction

The fashion show, with exhibits from Twin Falls stores, was a great attraction. The showing of evening gowns included several late models and drew a considerable number. Exhibits of coats, suits, hats and fur wraps and children's clothing was also shown.

# Cold Snap is Due, Says Weather Man

"Cold wave coming." This was indicated in the forecast of the weather man Friday night. While there is no absolute assurance in the report it appears that the official weather man may be right.

Although the sun fought a gallant battle to warm things up Friday its only success was to present an ideal day for the football game. The highest temperature recorded was 57 degrees and the lowest was 40 degrees, as compared to the high temperature of 73 degrees and low temperature of 29 degrees on Thursday.

Powder Missed

On the train home from Chicago I carried my snuff's parcel and her box of powder. Arriving at our home town, I handed her the parcel, forgetting I had put the powder in it. A crowd of town boys was at the station to meet a young man. As said he opened the parcel for her, the two of them were showered with face powder. Did the crowd scream? It got me when we reached home—Exchange.
