

RED-CROSS WILL SPEND MILLIONS IN SOLDIER AID

Relief Organization Steps in When Federal Government Lacks Funds or Facilities to Render Service

WASHINGTON, Oct. 28 (AP)—Approximately \$9,000,000 will be expended by the American Red Cross during the fiscal year ending next June, for relief of former service men disabled during the world war. Since the care of former soldiers and their dependents has been the first call upon the body will spend \$3,000,000 for such relief, and with every chapter practically adding to the relief, the total will reach the estimated figure. These funds will be used for services the federal government is not authorized to render and for which it has neither funds nor facilities.

Care of the ex-servicemen and their families is regarded as the primary Red Cross responsibility, and that it should be neither indiscriminate nor rigidly requires patient study of an intricate problem and careful adjustments to situations as they exist, and develop.

Supplements Official Activity.

"The function of the Red Cross," said John Barton Payne, national chairman, in this year's annual report, "is not to usurp the governmental responsibilities, but to supplement official activity, harmoniously cooper-

ate with official plans and methods, and seek out the individuals in the standardized mass and his peculiar needs.

"The Red Cross requires and distributes information among the men and their families; acquires the U. S. Veterans' bureau with the personal equation in individual cases; provides the necessary services, such as the government, by its very nature, can procure only from voluntary assistance. These obligations and privileges fall primarily to the Red Cross chapters, whose volunteer members are kept acquainted with the official situation through liaison Red Cross officers attached to the district offices of the veterans' bureau."

Peak of Work Not Reached.

—On Armistice Day—November 11—when the American Red Cross opened its annual roll call for membership for 1922 will be under treatment in government hospitals more than 25,000 soldiers, in the opinion of the surgeon general of the army the peak of disabled men under reconstruction will not be reached until June 1926.

During the fiscal year ended last June, 2,376 Red Cross chapters in all sections of the country were recorded active in the soldier relief work. During that year they reported 1,657,076 individual instances of services to such men and their dependents, at a cost estimated at more than \$5,240,000. More than 1,000 persons paid and volunteered work engaged in Red Cross work in government hospitals and the Veterans' Bureau district offices. More than 37,000 compensation and insurance claims were handled, 24,650 allowances and allotment cases, and 9,700 miscellaneous claims. Since February 1919 when this service was established, it has dispensed of \$4,740,000 in checks payable to veterans which the post office reported undeliverable.

Individual Need Is Basis.

ASKS UNANIMOUS VOTE FOR MOORE

Idaho National Committeeman Travels 900 Miles to Support Life Long Friend

MENAN, Idaho, Oct. 27.—Senator John W. Hart, republican national committeeman for Idaho, traveled over 900 miles within the past three days to reach his home in Jefferson county to introduce Lieutenant Governor C. C. Moore tonight and plead with the people of the upper Snake river valley to make the election unanimous for his life-long friend. He urged them to give their whole-hearted support to Mr. Moore and to make the election unanimous for the election of the entire republican ticket.

"I felt it my duty as a friend and associate of my good neighbor, C. C. Moore, to put forth every effort in my power to be here tonight and speak in his behalf," said Mr. Hart. "I have no quarrel with anyone who sees political matters from a different viewpoint than my own. I will give every man and woman the right to think and act as they see fit, but being republican and thinking we are right, we would like to see all think the way we do."

He gives opponents the reason: "I have always felt that the only way to get politics is to be upright."

It is the individual need, and the Red Cross is concentrated upon it to the end that the disabled ex-servicemen may obtain all his rights under the law and that his own and his family's situation may be rendered free from care and worry.

honest and accommodations. I have all ways tried to pursue that course, and when I hear certain people stand before the public and make inaccurate statements in a plan for votes I feel it is the duty of all good citizens to point out such faulty. I was in the presence of Alexander and I know all about what happened. He was elected on a state money. That he would save you millions of dollars. Of course, you know that was practically impossible and in his effort to carry out that pledge he was forced to make concessions that were not in his best interests. He has been of immense benefit to you farmers. He did not have you a million dollars but left you with big debts to pay. His statements to the contrary are not understanding.

"I come here tonight to urge your support in this election for a man whom I have known practically all of my life. I have worked with him in the interests of this state and have always found him upright and honorable in every sense of the word. He has been your lieutenant governor and has served you in a most honest and efficient manner. He knows the interests of the state and has those interests at heart. He knows the needs of the taxpayers of the state, and he knows the conditions that confront you. He is a pillar of the state, and goes through the strain of deflation the same as you have. He has felt the pinch of the strenuous period that has confronted all of us. He knows all about our trials and struggles.

"He will do as he agrees and will use his best judgment in all his undertakings. He is a friend in behalf of the people of Idaho and if he feels an appropriation or any legislation is not the best thing for your interests he will not feel free to vote it. He is one of us."

"You have heard the accusation that the political parties seek only the rich and the powerful. This accusation cannot be honestly made in the case of the republican nominee for governor. He is one picked from our midst on account of his honesty and the fairness of our needs. The other candidate of our party are men of ability

and probably filled to serve well in their respective offices.

"As a citizen of this county, a taxpayer, and one who has the best interests of Idaho at heart, I appeal to you to give Charles C. Moore your whole-hearted support and use your every influence among your friends and neighbors in the interest of his selection. I would not attempt to drive you or to over-paint the picture if I could, but what I state and what I say to you is the truth."

LONDON EXPERIMENTING WITH RUBBER PATENTED

LONDON, Oct. 28 (AP)—Stretches paved with gold were a fiction in the days of Dick Whittington, London's

first Lord Mayor, but streets paved with rubber are distinct possibilities of the near future.

A test is being made in St. Martin Lane with rubber blocks instead of wood and asphalt, and although the former is far more expensive, it is hoped it will last 25 years as against 12 to 14 years for wood blocking.

ASK HIM!

—Moses Alexander, former governor and present Democratic candidate for the same office, says: "We left \$1,200,000! He did—OVERDRAFTS."

—And he says again: "You have a right to ask me, and I have a right to ask you—where did it go?" in a recent speech.

"There is no truth in them." —St. John 8:44

Put It Up to Him and Let the People Hear the Answer

The report of the Senate and House Joint Committee on investigation in the affairs of Alexander's adjutant general's office, said in conclusion:

"THERE HAS BEEN GROSS, WANTON AND CRIMINAL DISREGARD OF THE SANCTITY OF PUBLIC FUNDS OF THE STATE"

This referred to the frittering away of the Militia appropriation by Alexander and his spendthrift aides. The investigating committee adds:

"In the ENTIRE TRANSACTIONS of the Adjutant General and ex-Governor Alexander there is COMPLETE IGNORING NOT ONLY OF THE PROVISIONS OF THE STATUTES BUT OF ALL THE RULES AND PRINCIPLES OF COMMON HONESTY, and the attempt to explain or excuse only results in accentuating its venality."—1917-1918 investigation report.

Taxpayers Have a Right to Know

The Militia fund was \$50,000. Of this amount \$42,937.48 was needlessly squandered in expensive train trips, Pullman quarters, cigars and other luxuries on the state, eastern trips, \$12 a day rooms—at a time when the people were eating substitute foods and conserving everything for war purposes.

Now, Moses, you cannot clear the slate on a straight answer on that item. If you can

WHAT BECAME OF THESE FUNDS?

Sacred Enrolment, School and Humanitarian funds? Insurance collected from the fires of the Lewiston Normal and Soldiers' Home, \$113,000?

Bond issue payment due during your administration, \$330,000?

Gem Irrigation district bonds, \$96,760?

Golden Spike exposition fund, \$10,000?

Steuensberg Memorial fund, \$15,000?

Bridge funds, \$50,000?

Alexander charged the state \$456 for attending the governors' conference months before such conference was held!

He spent \$245.10 for taxicab fare while riding around the city of Boise. What for?

His veto of \$5000 appropriation to suppress the alfalfa weevil cost the farmers of Idaho hundreds of thousands of dollars.

What became of that flag taken by Alexander in his march on the state house?

He used more employes in the state house during his administration than any other state government before or since. He used 33 more than the present cabinet form of government. Why?

PLAYED WITH PUBLIC FUNDS

Alexander grossly misrepresents the tax levy for 1919, and asserts it was caused by the Cabinet form of government. Let's see. Here are seven of the big items of record: Educational institutions, \$409,000; charitable and correctional institutions, \$359,000; road levy, \$1,009,000; bonds, \$188,000; deficiencies, \$187,000; soldiers' welfare, \$169,000; Gem Irrigation district, \$62,600. Making a total of \$2,307,700.

The balance of fifteen lesser items made up the total levy of \$2,500,000.

All of them were HANG-ONERS from the ALEXANDER administration and HAVE ABSOLUTELY NOTHING TO DO WITH THE CABINET FORM OF GOVERNMENT.

Following this period the Republicans CUT THE TAX LEVY FOUR TIMES AND WILL CUT IT AGAIN! And the bills WERE PAID and are being paid.

FOUR YEARS OF FAILURE AND EXTRAVAGANCE

The administration of Moses Alexander is a record of four years of maladministration and administrative profligacy. It is not probable that taxpayers desire to reopen their purses to waste and luxurious extravagance, that species of extravagance the investigating board refers to as "criminality wasteful."

Vote for C. C. Moore, on the Republican Ticket, and Safe and Sound Administration for Idaho and Its Affairs.

Stand Pat With the National Administration and Insecure Better Prices for Your Crops and Development of Resources. It is a Period of Better Prices.

Don't forget that "Alexander took Idaho off the cash basis." Cast your vote for Moore and safety.

HOW ABOUT THESE ITEMS?

What became of the \$673,000 balance left by the Haines administration to your administration?

State auditor says a shortage of \$461,067.90 is chargeable against Alexander's general fund. Why?

Why was the Gem Irrigation district declared worthless by Alexander, when the Davis administration not only cleared up an obligation of \$59,500, but netted the schools of the state \$282,000 by the sale of the same lands?

Alexander says he left a general fund balance of \$212,000. If so, why did he also leave these bills: Outstanding warrants—\$476,118.18; unpaid bills, \$156,430; deficiency claims, \$155,848; unpaid interest, \$7,691; unredeemed bonds, \$300,000?

THERE ARE SOME OTHER THINGS!

The taxpayers paid for a drawing room for two from Boise to Lava.

It cost the taxpayers \$7, and the entire trip cost \$36.70. Why? Alexander spent 207 nights of his last administration on Pullman cars, and 400 of the 720 days outside of Boise, at the taxpayers' expense. What was it for?

While traveling naturally on the people's money he consumed \$1,117.25 worth of food. That was when he was "conserving."

JEROME AND TWIN FALLS WILL TUSSLE FOR TITLE

Fans Promised Fast Game When Northsiders Come Here for Contest

Twin Falls football fans will be treated to another fast game Friday when the Jerome team, champions of the North Side division of the south central section, will clash with the locals in the north and south elimination game.

Jerome has played good consistent football throughout the season, and has justly earned the right to play the Twin Falls team. The North Siders have a team that, although it looked weak in the early part of the season, has rounded out into a team that will give the local players a real contest.

In Turley and O'Rourke the Jerome team has two of the best men in this section. Turley is the line backer. He is well known in the 100 yard line this spring at Burley.

O'Rourke is a quarterback that is one of the severest and is adept at forward passing, being the captain of the team, is stationed at end and takes care of most of O'Rourke's passes.

It is well to remember that the Jerome team plays early in the season is not a line on the way it will play in mid-season. For instance, last season, Wendell scored at Twin Falls at the start of the season and the locals piled up 285 points while Wendell failed to cross the line. Late in the season, Wendell returned to Wendell and had one of the longest times of his career in winning from the North Siders. Wendell scored at Jerome in the game here during institute week to take the North Side championship lightly. Jerome players are a little more confident, and it is more than probable that an improvement of 50 per cent will be shown when they step on the gridiron at Jerome this Friday.

of actual playing time so far this season.

Jerome will be the next team to line up against the locals, playing the north and south side elimination game here Friday.

The game Friday at Behl started out although it was going to be a close affair, but the locals, backed up in the second half and won a well earned victory.

The playing of Jenkins in the second half turned the tide for the blue and white. He had plunged back and been working under a delusion all season, that he is not a line plunger, but speeded in end runs. To be candid, it is just the opposite; "Jenkins" is a plunger and not an end run man.

Even should Twin Falls have lost to Harry Barry's team, it would have been a victory for the Bruins, as it brought out the fact to Jenkins as well as to the fans that he CAN hit the line for material gains.

His plunges Friday were the outstanding feature of the local play. Three times he was called on to cross the goal line and three times he delivered.

Garry seemed to have trouble in getting started, the ground being soft, and the local organized star has been playing on a hard surfaced field all season.

While speaking about Garry, it must be said that he is un-punctured Moore the local star. Moore was called on to do outside, and twice it proved fatal.

Behl's exhibition of holding the line, on a scoreless half, was a great piece of work. The locals failed to make yardage on their first four attempts, being forced to kick each time.

Cook Barry has a classy aggression of footballers, and with another season of coaching the West End team will prove to be the stumbling block of aspirants in this section for the state title.

The New Orpheum Anniversary Week

A year ago this new play house was presented by local people to Twin Falls. The result of combined effort placed our city in the front rank with the finest theatre in the state. The aim was not monetary gain but a bigger, greater Twin Falls. Thousands of pleased patrons have given this modern undertaking their valued support. It is the kind of local spirit that builds real cities. We sincerely trust that we may merit this support and splendid feeling for all time to come.

We are celebrating this anniversary with a grand line-up of shows, with special music and programs. We invite you to help us make it a big success.

PUNTS AND PASSES

By FULLBACK

Well, the North Side elimination is over and Twin Falls came out at the top of the heap.

Five victories without a defeat is the record here up by the locals for this season. Oakley was the first to hit the toboggan going down to a 104 to 7 score. Then came Barry, with a 41 to 3 score tucked to them.

Behl was the next opponent, and gave the locals the hardest game of the elimination series, the score being 19 to 0. "Burrer" fell an easy victim to the wiles of the Evans clan, and had to be satisfied with a 10 to 10 tie. Friday the locals scalped the Behl warriors, 33 to 0, and now the real elimination game starts in earnest.

In totaling up the figures it is seen that Twin Falls scored 203 points to their opponents 7. In other words, Twin Falls has scored 29.1 points per game, and 19. points every minute.

Social Notes

Bernice Robinson, daughter of Mr. and Mrs. C. A. Robinson, departed for 19 of her little girl friends with the Hallows on dinner Saturday evening. The house was elaborately decorated in all the world emblems devoted to the season, and the table decorations were in the Hallows motif. Conversations were held during the evening was spent at the theatre.

Mr. and Mrs. O. A. Schwartz were Thursday evening at the Hallows party, 1819 avenue, east. The house was artistically decorated with pink and white flowers, black and white and other symbols of Hallows. After an hour of spooly-stories, cards were played, Mrs. Robert Stiles winning the prize for high scores. At the close of the evening delicious refreshments in keeping with the season were served. The guests were Mr. and Mrs. O. A. Schwartz, Mr. and Mrs. D. H. Anderson, Mr. and Mrs. Bill Compton, Mr. and Mrs. Filiveter, Mr. and Mrs. A. Riccausa, and Mr. and Mrs. Robert Stiles.

Barton Perrins and Myron Henz Jr., entertained at a Hallows party at the Perrins home on Blue street, toward Saturday evening. An entertaining evening was given with a witch's corner in which burned a black cat and where the guests looked for fortune told. There were favors for each guest and many games suitable for the season were enjoyed. The house was decorated in the Hallows motif and Mrs. Bill Compton and Frankma appropriate to the season were served. The guests included many of boys and numbered 25 many of them being in costume.

The home of Mr. and Mrs. C. H. Perry was the scene of a delightful Hallows party Friday evening, when the guests were entertained by refreshments, card and social games. The evening card entertained their husbands and children. The home was beautifully decorated in a color scheme of yellow and black. Hallows costumes being used in profession, Autumn leaves and asparagus ferns added to the beauty of the room. There was a short program and the evening games and the singing of old-time songs by the assemblage were enjoyed. The children, numbering 16, were decorated with the yellow and black doors. Thirty-four adults were present.

The Elks has issued invitations for a masquerade dance on Tuesday evening, October 31.

On Thursday evening Julia Hunter, daughter of Mr. and Mrs. E. H. Hunter, entertained the Owalas Camp Fire girls at a masquerade party at her home on Maple avenue. Games were the order of the evening, followed by refreshments. On Friday evening Bolla, the son of the house was host to a number of his boy friends. The house was decorated with the yellow and black colors, and the games were those devoted to this season of the year.

John Denton and Ray Allen entertained a number of their boy friends at a Hallows on party Friday evening at the Denton home on Eleventh street. The time was spent with games, and the festivities closed with the serving of refreshments. The Duns, Robert McGuire, Robert Deiss, Burton Denton, Robert Nixon, Junior Simpson, Levitt Craven, Jim Ball, Lloyd Barrett and Parris Kall.

JOHN W. HARDIN, Candidate for State Senator on the Republican Ticket

"I have always been in favor of a state wide direct primary and since my nomination at the republican primaries in the Boise county, I have been determined to ascertain the sentiment of the voters of the republican party concerning a state wide direct primary, and feel that I can state as that a large majority of my fellow republicans are for it.

"I believe in a majority rule, and consider myself in no way bound by the republicans state platform on that subject, inasmuch as I was nominated at a primary election held weeks prior to the Wallace convention.

"Therefore, if elected to the senate, I shall support and work for a state wide direct primary measure. It also favor any measure for the relief of the veterans of the great war, and any measure having that end in view will receive my wholehearted support and effort.

"If I am elected to the office for which I am nominated, I shall be my sole aim and purpose to support any legislation that may be proposed for the benefit of the majority of the people, and shall give every attention to any legislation that the people of Twin Falls county may from time to time suggest.

LITTLE PROSPECT FOR RUSSIA TO SEND GRAIN

Belief Administration Investigator Says Greeks Will Not Exceed Needs

LONDON, Oct. 18 (AP)—Exportation of grain from Russia this year is in the highest degree unlikely, says Dr. Lincoln Hutchinson of Berkeley, California, special agricultural investigator for the American Relief Administration who has just returned to London from Moscow.

Dr. Hutchinson's investigation of last winter that the A. R. A. based his chief measure for the Ukraine and Trans-Caucasia, who has recently been making trips through the Volga Valley and the

Generally it is the very letter that comes "postage due" that one wouldn't give two cents for.

Europe can pay America's exports more. But what America wants to know is how the debt can be collected.

The more that's said and done in this country about preventing national strikes the more is said that done.

A new foot disease is believed to be caused by pressure of the foot on the gas pedal. It is rarely fatal except to pedestrians.

UTOPIA A country without an army, a navy, a national debt or an income tax—such is Tonga, last remaining native kingdom of the South Seas.

Every male in Tonga is presented with eight and a quarter acres of land when he reaches the age of 10. The treasury has \$500,000 surplus, all public improvements have been paid for, and a complete educational system has been set up.

Tonga presents the nearest approach to Utopia on this planet. Although it is a tiny island, greater nations like our own might get some good lessons there.

Switzerland, another little country, is run on a different plan. The Swiss have the best drilled army in the world, they have no need for a navy, as the country is in the center of troubled Europe.

Why don't we have the big proportionate army that its taxpayers are forced to support? It is because Tonga is surrounded by the far reaches of the Pacific Ocean, and no other country has been greedy enough to grind it with the iron heel.

Switzerland has gone its little business of warfare with all the greedy nations that surround it. It is the victim of geography.

But Tongans and Swiss are alike in this—they mind their own affairs, they are prosperous and they have seen the value of education.

If all the nations of the world would spend the brains and money on education that now go for war pots and rotten diplomacy, the Swiss could throw their guns away, and all the world would be like Tonga.

Has Europe agreed on anything at all in the last 200 years? Germany still promises to pay because she has found that it pays to promise.

In other days most women were satisfied with pin money, now many prefer alimony. The man whose wife insists on a thick squirrel coat looks ahead to a hard winter.

While your man's been out at Fairview, reported that she had returned there. "I'm a get desperate," he decided, and he called on the Coolidge lawyer, and get him to take a hand. "I was afraid they were all ready for the 'get-away-act'."

"And you told the lawyer?" "Everything I know, and some I guessed at. I thought the old girl would throw a fit, but he didn't. He came through with the money."

"But say, that fellow had held him out all right. He never had an inkling anything was wrong; no more did the banks. We went over and talked to the president of one of them."

"A new foot disease is believed to be caused by pressure of the foot on the gas pedal. It is rarely fatal except to pedestrians."

"Sure; those two cutters coughed up money in a stream. Called in a detective agency, and gave me three copiers all in a row, and the other agent, he chit on the wire, and made him give us a free hand. Then I had a cinch."

"There is not much else to it. West, a little after one o'clock, the shadow showed in from the Union Street that Hobart had just purchased two tickets for Patance. We hustled over, but were too late to catch that train, but learned the girl had accompanied him on the trip."

"The leaves of the sugar cane are long and narrow, and the stalks are hard and thick. It looks very much like growing corn, but grows somewhat taller—around six to ten to 12 feet. After the cane ripens, it is cut and taken to a sugar mill."

"Duty is Feasibility. I would submit to a severe discipline, and to go without many things cheerfully, for the good and happiness of the human race in the future."

"More Salt at Equator. The farther the waters of the ocean get from the equator the less salt they contain."

"I don't think they are, Captain. The station agent said several men bought tickets to Chicago early this afternoon. It is the real gang we've got concerned. Do you know just who they are?"

"Those I saw were Hobart, Red Hogan, the girl, a big fellow they called Mark who was on the yacht—Mark Bennett's, he's Hogan's aide."

"I made sure of that afterward. Then I got busy. If you was in the hands of that guy, and his gang, the chances were dead against you. But there wasn't a darn thing I could do, except to hunt up Hobart, wire every town along the North shore to keep an eye out for the yacht, and pick up a thread or two around town. I got a bit of that, to wire me up. We found Hobart hid away in a cheap hotel on Broadway, and put a trailer on him. The girl had disappeared; she'd been to a bank, and then to the Coolidge lawyer and signed some papers; after that we lost all trace of her foot."

"And a very little black-haired devil by the name of Dave." "I'll be in this job. That would be Dave Dave. That guy would cut your throat for fifty dollars, any other."

"Those were all I saw. No doubt Hobart's wife is in the house somewhere, guarding. Natalia Coolidge probably."

"Six altogether, counting the women." "Yes, and you better count them, for they will fight like tigers. The girl held me up at the point of a gun."

"We've got to get the drop first, that's all. They're yellow. The whole outfit is yellow. Shootin' in the back is their style. Now, you know the lay inside the house; what is our best chance?"

"West studied over the situation, his eyes fixing here 'n' there, and McGowan waited."

"Well, Mac," he said finally. "This is a new job for me, but I put a man out in front, and then take the others in through the back door. We'd have to rush it, of course. I know the front door is locked, and it couldn't be broken down quickly. I listened when those fellows went back, and I heard no click, as though they had locked the door behind them. They don't know anybody has been after them except me, and they believe I am done for. They feel so safe on him they are a bit careless. I'll wager something we can walk straight in on the outfit how does that strike you?"

"As the only feasible plan. Let's crawl out of here."

"Sugar cane. The leaves of the sugar cane are long and narrow, and the stalks are hard and thick. It looks very much like growing corn, but grows somewhat taller—around six to ten to 12 feet. After the cane ripens, it is cut and taken to a sugar mill."

RUSSIA WILL ABOLISH REVOLUTIONARY COURTS

Soviet Official Says Instructions of Red Terror Will Be Done Away With

MOSCOW, Oct. 28 (AP)—Revolutionary tribunals which have been administering justice in Soviet Russia for the last five years are to be abolished, according to a statement by N. Krylenko, state prosecutor and

chairman of the supreme tribunal. Ordinary and military courts of justice will be organized instead. The revolutionary tribunals came into existence at the time of the Red terror in 1918. They were a kind of revolutionary death striking weapon outside court jurisdiction, with power similar to those of the Chinese, who were in 1918. His many friends of Wallace will be pleased to know that T. D. Conner, formerly of this city, but now a resident of Filer, is now a candidate for county commissioner from his home district in Twin Falls county and that his success is likely. Mr. Conner was formerly mayor of Wallace and the people of this city heartily endorse to this day his cleaning out of Pine street. Later Mr. Conner ran for sheriff and was approached by some men who desired him to not enforce the law in some respects if elected for their votes and influence. This he refused to do although he knew what it would mean to him. But he never regretted his stand. Mr. Conner is a successful and competent man and those who know him in his many years' residence in the Coeur d'Alene know that his neighbors in South Idaho will make no mistake in selecting a man so well fitted as county commissioner.—Wallace Press-Times

THE MARKETS

GRAINS - AVERAGE LOWER

These Have Off as Season's Close as Result of Week End Profit Taking Operations

CHICAGO, Oct. 28 (AP)—All grain averaged lower today, wheat ending off during the last hour as a result of a week-end profit-taking. At 12:30 wheat was 1.14 1/2, and 11:30 wheat was 1.14 1/2. Corn was 88 1/2, and 11:30 corn was 88 1/2. Soybeans were down 1/4 to 1.26 and soybean meal to 12 1/2 cents higher.

While December wheat ended strong in the early trading, ending up for the week by 1/8, for over Sunday, with reports of lack of export demand resulted in a decline before the closing that carried values off from the close, but the undertone was by no means weak. Homes with eastern companies, Chicago old and new corn, and soybeans, were about 1/2 cent lower on Sunday. Outside markets said Chicago old and new corn were 1/4 cent higher, and soybeans 1/4 cent higher, and soybean meal 1/4 cent higher.

Provisions were rather dull and slightly easier with lard and grain.

FACTORY WORKERS RETURN TO AGRICULTURAL SUBSISTERS

TOKIO, Oct. 28 (AP)—It is estimated that the factories in Japan are discharged some 600,000 workers since the business depression, year before last. Taking 1,800,000 as the number of industrial workers in the country, the discharged amount is almost one third. It is reported that about 20 per cent of the discharged went to the farms from whence the workers had been recruited.

STOCKS SUFFER SETBACK

Profits Taking and Professional Selling at Higher Levels Take Wind Out of Bulls

NEW YORK, Oct. 28 (AP)—Prices opened higher in today's stock market in response to short covering but profits taking and professional selling at the higher levels combined with the lack

of effective buying power sent them downward again, most closing showing a net loss of 1-1/4 to 1-1/2 points. Gulf States Steel was the leading advance, spot, climbing 3-1/4 points in a flurry of buying in the last hour. Other steel stocks responded to the optimistic view of trade conditions expressed at the American Iron and Steel Institute meeting. United States Steel common rose 1/4. Lackawanna, Republic and Vandalia, steeling off fractional gains.

Crude Petroleum developed moderate strength, improving 1-1/2 points, but changes in the other oil shares were mixed. Equipment shares again were weak. Shipping shares were offered forward toward the close. Market preferred dropping 3 points and American International of America 1-1/2.

Toll sales were \$26,000,000. Foreign exchange were inclined to weakness but trading was unusually brisk for a Saturday session. Demand for sterling rose to \$45 and minor currencies were noted. The French, Belgian and Italian rates.

The clearing house statement showed a net increase of \$15,000,000 in the reserve fund of banks. The federal reserve decreased by \$42,335,000. Excess reserves totalled \$117,020,000, an increase of \$27,222,000 over last week.

GOODING SHOWS NEED OF LOWER FREIGHT RATES

Fordney Tariff Not an Attack on High Freight Costs Are Features in Senator's Address at Buhl

Buhl, Oct. 28.—(Special to the News).—The benefits of the protective tariff and what it means to the farmers and the necessity for lower freight rates were the principal points in the address of Senator Frank B. Gooding given at the Buhl on Saturday night. Senator Gooding was introduced by J. W. Taylor, republican candidate for governing auditor.

The speaker defined the farm bloc and in answer to its opposition he said the manufacturers of New York and New Jersey had a greater interest in the tariff than the American farmer. As a result of the passage of the tariff bill the farmers are practically all ruined.

The speaker defined the farm bloc and in answer to its opposition he said the manufacturers of New York and New Jersey had a greater interest in the tariff than the American farmer. As a result of the passage of the tariff bill the farmers are practically all ruined.

The speaker said he was interested in the passage of the farmers' credit bill which would provide more credit for the farmers. He then turned to the question of the tariff on wool.

Under the present system of rates, the wool grower in Idaho receives 10 cents per pound for his wool, while the wool grower in California receives 15 cents per pound.

Senator Gooding stated that the tariff on wool is the only tariff that is not a protection tariff. It is a tariff that is a burden on the wool grower.

The senator highly commended the efforts of Representative E. Smith, and said there is no district in the United States so ably represented as that of Congressman Smith's.

Candidates discussed at auto men's dinner. Polls of all important candidates are talked at dinner meeting here Friday.

Political candidates and their campaign policies were thoroughly discussed at a meeting of representatives of the automobile business in the Twin Falls district last evening.

Conclusions reached at the meeting were not announced, but it was stated that all political candidates are open to local office seekers.

REGISTER OR FORFEIT VOTE

Listing for City Election Does Not Entitle Voter to Ballot

November 7

Registration for the city election, wherein the voter registers at the city hall, does not authorize the voter to participate in the general election November 7 and voters are urged not to confuse the two systems of registration.

Voters who registered and who participated in the general primary election need not register again for the general election, but all voters who have moved from their regular voting precincts must file application with the county clerk for permits for absentee voting.

Registration books close at 9 p. m. Saturday, November 4.

PLANS FOR ARMISTICE DAY BEING COMPLETED

Legion to Hold Ritualistic Ceremony — Business Men to Decide on Closing Hours

The ritualistic ceremony will be held at the Orpheum Theatre between 11 and 12 noon on November 11 as part of the American Legion's program observance of Armistice Day, according to information given by Newell S. Wright, secretary of the chamber of commerce, by A. Wilton Peck, commander of the Legion.

Mr. Peck stated Saturday evening that the remaining details of the Legion's program are being completed but as yet nothing definite has been arranged.

C. E. Wright, president of the chamber of commerce, has called a meeting of the business men for 11 o'clock Monday morning in the chamber rooms to decide on hours for closing stores on Armistice Day.

Some of the merchants and citizens of Twin Falls are planning to close one hour while some of them want to close during the afternoon and have the entire Armistice Day program carried out before afternoon.

A response to a telegram from Mr. Wright asking the position of Governor Davis in regard to observing the day states that the governor intends to observe a holiday proclamation.

Mr. Wright has also received a communication from E. J. Duffin, secretary of the Burley commercial club, asking for details of information in regard to the program to be carried out in Twin Falls November 11.

ANNOUNCEMENTS

The War Mothers will hold an all day meeting at the home of Mrs. T. H. Irwin, 12th and 4th streets, east of the Washington school, on Addison avenue road Tuesday, October 31. The purpose of the meeting is to give some of the information in regard to the war in an all-day outing.

The Twentieth Century club will hold a meeting on Tuesday afternoon at 2:30 at the Baptist bungalow. A rain meeting will be in charge of Mrs. M. J. Swelley, president of the Western Union of Women's Clubs and an invitation has been extended to the rural clubs.

SHEEP RECEIPTS HEAVY DURING 30 DAY PERIOD

Oregon Short Line Reports Show Twin Falls and Other Points Increase Stocks

During the past month the Oregon Short Line unloaded 97 car of sheep from Twin Falls, a fact which is a gratifying district according to the railroad company's records. The sheep averaged about 250 to the car.

Other points on the branch reported an increase in sheep receipts, especially at Twin Falls. The large number of sheep unloaded for feeding purposes is expected to afford a profitable means of disposing of surplus hay.

TURN TO THE RIGHT

Whitchell Smith has a happy faculty for writing plays that are wholesome and profitable. He has written of humor and a touch of sentiment, an easy knock-off characterization, his clear command of the English language is sure to like, and his unflinching faith in the fact that the heart of the public is in the right place.

When the production is completed, "Turn to the Right" will enjoy a long and prosperous career behind the footlights, for the play is complete in every respect. It is a play that the public, in the past, has always heartily approved.

At the Orpheum Monday and Tuesday, matinee and evening.

"MANKLAUGHER"

One of the most notable casts seen in the Twin Falls has been assembled by Cecil B. De Mille for his latest Paramount picture, "Manklaugher," which will be on the stage here this week. Thomas McGuire, star, Leslie Joy and Lola Wilson have featured roles, with others in the supporting cast.

George F. Miller, Harry Chapman, Jack Mower, Dorothy Cummings, Cassin Ferguson, Sylvia Ashton, Raymond, Fred, and others.

Brothers Furness Bond. R. H. Kelly and his brother, W. W. Kelly, arrested Thursday when liquor was seized at the farm.

An authority on botany estimates that the number of species of flowers cultivated in Europe is 4,800, of which 420 possess an agreeable perfume.
