HALL'S WIDOW DENIES STORY ACCUSED TO

Breaks Seven Weeks' Silence to Meet Corps of Newspaper Writers; Adds Nothing to Prior Statements

NEW BLAINSVICK, N. J., Nov. 1 (AP)—Mrs. Frances Stevens Hall, widow of the slain Rev. Dr. William Hall, in her first interview with newspapermen since her husband was killed, denied the truth of the story told by Mrs. Jane Olson, alleged eye-witness of the slaying, that Mrs. Hall was present on the Phillips farm when the Rev. Hall and his close friend, Mr. Eleanor Bonhardt Miller, were killed.

SUMMONED BY DEATH

Thomas Nelson Page, noted author and diplomat, who expired suddenly at his ancestral home.

DEATH SUMMONS FAMOUS WRITER

Thomas Nelson Page, Former Ambassador to Italy and Noted Author, Dies

RICHMOND, Va., Nov. 1 (AP)—Thomas Nelson Page, former ambassador to Italy and noted author, died of heart disease this afternoon at his ancestral home, "Oakland," where he was born near Beaverdam, in Henrico county. He was walking in the garden with his sister-in-law, Mrs. Rowell Page, when he suddenly collapsed.

Mr. Page apparently had been in excellent health and only had neck pain in Washington and in Maryland, where he participated in the political campaign, speaking in advocacy of the candidacy for United States senator of his cousin, William Cabell Bruce, and had announced that he soon would begin the preparation of a book dealing with his experiences as ambassador to Italy.

Mr. Page was appointed ambassador to Italy in June, 1918, and continued to hold that post until August, 1919, his service covering a critical period in American-European relations.

In the summer of 1919 he placed before President Wilson at a large White House conference a final report on conditions in Europe and soon thereafter left the service of the government.

Much of his time thereafter was spent in study and occasional writing. He made his home in Washington, but frequently held court for him a man both at home and abroad long before he accepted the diplomatic appointment from President Wilson.

He was the author of a number of books on southern life and as a result of his experiences in Italy, wrote two which won for him the special attention of the literary world, "Italy and the World War" and the other "Life of Thomas Jefferson," in Italian.

In his books on southern life he so eloquently and ably brought to the attention of the world the conditions of the negro and the white man in the South.

FASCIST RULE IS TAKING FIRM ROOT IN ITALY

Mussolini Enters Vigorously on Task of Restoring Discipline — Appointment of Diaz Is Praised

ROME, Nov. 1 (AP)—Every hour brings fresh action on the part of Benito Mussolini to prove his firm intention of restoring discipline in all the ranks.

Replying to congratulations received from great organizations the premier today declared that when the present exceptional conditions were ended he intended to safeguard the liberty of the press on condition that the press prove worthy of liberty.

Defends Model Army. To General Diaz said to have accepted the portfolio of war in order to give Italy one army, Signor Mussolini declared: "We will give Italy a unique army as we have carried out a unique revolution. Italy is not a revolution like others there never was a revolution like ours, in which all public services continued, commerce was carried on, and clerks, soldiers and peasants fulfilled their labors."

Officers of the garrison have arranged to carry out a great demonstration in honor of Mussolini for his achievement in upholding the dignity of the office of minister of war to General Diaz, who is characterized as "the hero of Italian victory."

Story of Attack Made by Mrs. Phillips Figures in Defense Testimony at Murder Trial

CLARK COUNTY, Nov. 1 (AP)—Mrs. M. B. Jackson, widow suffering from a paralytic epileptic convulsion, Mrs. Jackson testified today in the Phillips trial for the murder of Mrs. Bertha Meadows.

This occurred, Mrs. Jackson said, in San Antonio, Texas in May, 1918. Mrs. Phillips, she said, threw her across a trunk and beat her with a shoe, inflicting a wound on her head which she never fully recovers.

CANDIDATES FOR HOUSE FIGURE CAMPAIGN COST

Primary Election Expense Big Item in Statements Turned In by Nominees for Senate; France of Maryland Spends \$30,793; Townsend of Michigan \$30,729, and Ashurst of Arizona \$17; Contest in Massachusetts Costs Nearly \$5,000

WASHINGTON, Nov. 1, (AP)—While less than one-half of the candidates for the senate have filed campaign expense statements, according to the count made today by clerks in charge of the house are sending their reports at the rate of almost 500 a day.

The view was expressed by some senate officials that many candidates for that branch might accept the interpretation of supreme court decision in the Newberry case by Attorney General Daugherty but they were not sure of the exact situation.

Senator Francis Pickens of Maryland, reported that in his primary fight his expenditures were \$30,793 with contributions of \$31,000. Royal W. France, his brother, head-

of the list of contributors with \$15,000. Senator Townsend, republican, Michigan, reported that his election expenses were \$700. After the primary Senator Townsend filed a report showing the expenditure of \$18,729 for his nomination fight by "The Townsend for Senator club."

Senator Ashurst, democrat, Arizona, reported a contribution of \$100 from the Brotherhood of Railway Firemen. He spent \$17.

Senator Linn of Bay State Senator Lodge of Massachusetts, spent \$3,470, all of which went to republican clubs in his state, while William A. Gaston, his democratic opponent spent \$1,520 in the primary and \$2,950 in the general election fight.

Some of the other reports show: Lynn J. Frazier, North Dakota (primary) \$849; Senator King, Utah on September 19, contributions \$1,079; ex-pledges names: Carl W. Eldred, republican, Montana, \$510; and Senator Kendrick, democrat, Wyoming, \$1,418.

Senator Lodge of Massachusetts, spent \$3,470, all of which went to republican clubs in his state, while William A. Gaston, his democratic opponent spent \$1,520 in the primary and \$2,950 in the general election fight.

GIVES PLEDGE OF LOYALTY TO PAY AMERICA

New Chancellor of Exchequer Says His First Duty is to Settle Debt to United States — Campaign Tightens

LONDON, Nov. 1 (AP)—The new chancellor of the exchequer, Stanley Baldwin, declared tonight that his first duty would be to settle the debt to the United States. He made this announcement in a speech at Cardiff which he addressed also to the necessity for a prompt settlement of the repatriation problem.

Regarding the amount owing to the United States, he said: "It is a heavy debt, but we have to pay it. It is a heavy debt, but we have to pay it. It is a heavy debt, but we have to pay it."

There has been no development in the quarrel between Mr. Lloyd George and all the other political circles as yet to learn the upshot of the strange situation. Curiously increased by the fact that Mr. Lloyd George had not yet issued any election address. In the meantime, he is confined to his home with a cold.

It is believed that Mr. Lloyd George will be able to speak in London Saturday.

LONDON VOTES AGAINST LABOR

Election Returns From 10 Out of 28 Boroughs Show 149 Seats Lost by Laborites

LONDON, Nov. 2 (AP)—The rout of labor was the feature of the municipal elections in a large number of boroughs throughout England yesterday (Wednesday). Up to an early hour this morning the returns were incomplete, but it is significant that in each of London's 12 boroughs the laborites lost seats.

Other Boroughs Follow Suit. The provincial returns available are equally significant. Including the loss of more than 160 labor seats in about 80 boroughs, mostly the large centers of population such as Manchester, Birmingham, Liverpool, Glasgow, Edinburgh, Plymouth, Southampton and Portsmouth.

On the other hand, in some places labor held its own and even made a few gains.

Regarded as Index. The municipal contests in the country, although nominally concerned with purely municipal issues, not connected with politics, usually are regarded as, and sometimes are, an index of the existing political feeling, and on this occasion they were watched with intense curiosity as possible pointers on labor's chances in the coming parliamentary elections.

SUSPECT ADMITS KIDNAPING GIRL

Prisoner Taken at Grand Rapids Confesses Taking Child From Muskegon

MUSKEGON, Mich., Nov. 1 (AP)—Raymond Eugene Wilson, arrested in Grand Rapids tonight in connection with the abduction of 12-year-old Rosalie from Muskegon, confessed tonight in the county jail, according to the police, that he picked the girl up last Sunday as she was leaving Sunday school and took her for a long automobile ride.

"I was with her a half hour only," Wilson said, according to the officers. "I was with her a half hour only," Wilson said, according to the officers.

Wilson denied that he took the girl to Muskegon county, 100 miles south of here, where she was found in the woods, suffering from hunger and exposure. Wilson also denied that he had harmed the child.

MURGIA MEETS DEATH BEFORE FIRING SQUAD

Mexican Rebel Leader's Execution Following Capture and Brief Courtmartial is Announced

MEXICO CITY, Nov. 1 (AP)—General Francisco Murguía, rebel leader, was executed by a firing squad at 9 o'clock this morning at Tepic, Jalisco, Durango, after a brief court martial last night, it was announced today from the presidential office. Murguía, the announcement said, met death calmly.

Surprised federal forces were asleep in a tiny room behind the high altar of the Catholic church at Tepic last night, Murguía, a former follower of President Carranza, and one of the most persistent of President Obregón's enemies, was given a hasty court martial and sentenced to die.

At 9 o'clock this morning he was led over a hill, and in the presence of the native population, was shot by a detail of men.

Girl Divulges Hiding Place.

According to reports from the past few weeks had virtually been a fugitive. Following the dispersal of his rebel band at Guarecho, Durango, the last of his dozen lieutenants, remaining with him, he had been living the life of a hunted man. He was definitely located yesterday morning at the residence of a local man, and the federal forces, alerted into the local camp and divulged his hiding place to General Abraham Cardenas, who immediately surrounded the village.

Murguía was asleep in bed. He betrayed no emotion when informed that his enemies were nearby. He was awakened, he was conducted to military headquarters where a court martial was hastily formed under the presidency of General Miguel Alemán, who was assisted by General Anacleto Lopez and Pedro Rosa. Murguía is declared in the official report to have offered little defense.

Calmly Faces Executioners.

The former Carranza general received the verdict of the court calmly. "Afterwards he requested writing materials and is understood to have written the night writing letters to his wife and friends. At 9 o'clock this morning the firing squad was assembled and in the presence of the native population of Tepic, Murguía met death.

He declined to have his face covered and gave orders to his executioners. The body being left at Tepic, Jalisco. It probably will be buried there.

In the death of Murguía, the most active of all President Obregón's enemies is removed. For months he had conducted an organized campaign against the central government from across the international boundary.

MEXICANS WOULD ATTEND PAN-AMERICAN CONGRESS

Consensus of Editorial Opinion in This Column to Receive Invitation Will Promote Uruguayan Scheme

MEXICO CITY, Nov. 1 (AP)—Participation of Mexico in the Pan-American congress in Santiago, Chile, next March which is still in doubt, has given rise to much editorial comment here, the consensus of opinion being that "if Mexico is not invited to the conference she will lend herself readily to a Pan-American league of nations as recently suggested by President Bruz of Uruguay.

There is in the editorials an undercurrent of pity and hurt, and, however, that Mexican participation is even in question. El Universal recently stated that "if Mexico is not present at Santiago the congress will not have full significance and will serve to create a feud between Spanish-America and Washington. The newspaper says it believes the Latin American nations will eventually demand that Mexico be admitted as an equal.

AMERICAN JAZZ PLAYERS INVADE BRITISH ISLES

Musicians Attribute Loss of Jobs to Countrymen's Capitulation to Fox Trot

LONDON, Nov. 1 (AP)—The recent influx of American jazz bandmen to supply music for the countrymen increasing numbers of Britishers who have assembled to the fox-trot has had the effect of spreading considerable alarm among English musicians, many of whom claim to have thereby lost their jobs.

Recently there have been numerous representations to the home secretary alleging that American musicians have been allowed to enter England in violation of the alien restriction act. It is claimed that a large number of American jazzers have come here posing as students or tourists while they already have contracts in their pockets calling for large salaries, some as high as 50 pounds a week.

Musicians' unions are considering a campaign to boycott all hotels and music halls employing alien jazz players to the exclusion of British. The unions claim to have the support of the British Legion.

The craze for American jazz dancing in London has reached wide proportions, as is witnessed by the large numbers of advertisements in the daily papers listing instructors in latest ball room dances, and the many places preparing jazz music.

HEALTH PROGRAM FOR PHILIPPINES UNDER WAY

War on Disease is Launched in Islands with View to Improving Common Welfare

MANILA, P. I. Nov. 1 (AP)—Colonel

Edward L. Munson, U. S. A., adviser to the director of health, and the governor general's office, are working out a health program for the Philippines islands. Colonel Munson has served in the Philippines on four different occasions and was in charge of the public health service here during its organization 20 years ago.

"Health work is so fundamental," said he, "that it affects industry and commerce, happiness and contentment. If sickness weakens the health of even

a remote community in the islands the condition is reflected on business in Manila. It is because the fighting of disease is everyone's problem that the health service gets general support."

Governor General Wood requested that Colonel Munson be assigned to duty here.

NORTH SIDERS TO MAKE HARD FIGHT FOR TITLE

Bruins in Game With Jerome, Face Turning Point in Football Career for Season

The first of the real elimination football games will take place at Lincoln field Friday afternoon at 3 o'clock when the Jerome team, champion of the North Side, will tangle with the Twin Falls protectors of the blue and white.

This game will be the turning point for either Jerome or Twin Falls, as the winner will be in line for a chance as the winners of the eastern division, which will probably be Pocatello.

Coach Evans has been working the boys at a terrifically hard pace, while Jerome is working harder than ever before, according to reports.

The Twin Falls team will use the same lineup as that which went against Buhl. Coach Evans is taking no chances, and rightly so, as Jerome has had two weeks' rest against the locals.

Although these things seem but minor details to the average fan, nevertheless, they are important to the players as well as to the coaches.

The Jerome team will rely on the speed of its backfield with Turley and O'Rourke in the lead.

Jerome is figuring on bringing a crowd of 200 rooters and they will have a special section allotted to them in the center of the stands.

PUNTS AND PASSES

By FULLBACK

Getting away from home a little while is noticed that the eastern part of the state is still going at full blast hunting for a championship team to play the victors of the North and South in the season of the south central division.

In this section there is but one game to be played, that is between Jerome and Twin Falls, which will be played on Friday. This game will decide the large as to who will claim with the winners of the eastern division.

In the eastern section there are three teams that have their cap set for the national championship, Buhl, Pocatello, Blackfoot and Idaho Falls.

Pocatello and Blackfoot have each played three regular football games and have won all three, while Idaho Falls, picked by many to win the title, fell before the onslaught of the foot warriors last Friday by the score of 13 to 0.

This coming Friday Pocatello will face her old time enemy when it is journey to Idaho Falls for an hour's peculiar combat with the high school leads at that city.

Blackfoot will hike to St. Anthony, and although the Salinas have lost to both Idaho Falls and Pocatello, it seems to have the Indian sign on the Blackfooters. Last year with a fair team it walloped Blackfoot to the tune of 19 to 0. Blackfoot, last meet of the men with graduation this spring, while St. Anthony had eight regulars left over.

Even with Idaho Falls' loss to Blackfoot the dope says that it should win from the railroad city players, and to the 17-0 that this happens, and St. Anthony wins from Blackfoot, the eastern section will step into a triple tie with Blackfoot, Pocatello and Idaho Falls.

This tie will revert into a double tie

after the Armistice Day game between Pocatello and Blackfoot, which is scheduled to be played at Pocatello.

Idaho Falls' two wins were at the expense of St. Anthony and Jerome, the former being whipped by the score of 29 to 0, and the Mc's was down underneath a 45-to-0 beating.

Pocatello has played more games than the other teams and last Friday were scored on for the first time this season. A Fort Hall Indian intercepted a forward pass and ran 40 yards to a touchdown. The final score of this game was 38 to 7.

The opening game of the season for Pocatello was played at Blackfoot, and "Poco" won 61 to 0. This was a conference affair. The second clash was also a conference for the title and St. Anthony was the victim, the final reading being 31 to 0.

Thus, playing in a sea of mud the McCummins entertained the Pocatello lads, and once more Coach McDonald's understudies came out on the long end of a 29 to 0 score.

The other game played by Pocatello which had no bearing on the title was with the Buhl Normal school of Buhl. Buhl put up a poor exhibition and went down under a 39-to-0 score. Thus it is seen that the Junction City lads have scored 129 points to their opponents' 7.

Coach McDonald has a team that is composed of a good many kids that are known to Twin Falls fans through their playing baseball here last spring.

At the top of the list comes Ericson, the lucky number 3, and a member of the twirl against the locals last season. "Eric" is captain of the football team and plays center. Last year he was picked as all-state interscholastic center. The guard positions have been somewhat of a puzzle to McDonald, but Kelly and F. Cox seem to be the most likely men.

At tackle there is Lon Cox and Garrott, while Sutton, a member of the baseball team is stationed at quarter. Sutton is a bear when it comes to picking the right plays at the right time.

Jackson, the man that looked like "Babe" Roth during the Pocatello-Twin Falls baseball game at Pocatello, is playing in the line and is called "Big" because he is so big. He plays football like he fits baseball, then he would be into that cross his path. He is built perfectly for a backfield man, and it is his mighty plunges and dashing end runs that has kept Pocatello at the top of the pile.

Ball and Young alternate at right half, with Anderson playing fullback. Anderson is the lead plow over the season, and in a few yards are needed for a counter.

Gorgatz, Ball and Ritchey are the full backs. Ball and Ritchey are fast as a flash, while Ball and Ritchey never did look as though they were tired during a football game.

Cut out the above lineup as it looks very much as though it will be Twin Falls and Pocatello that will clash on Friday, November 17, for the right to play the northern winner for the state title.

ADVISES SEATING SEATS FOR IDAHO-TWAIN FOOTBALL GAME

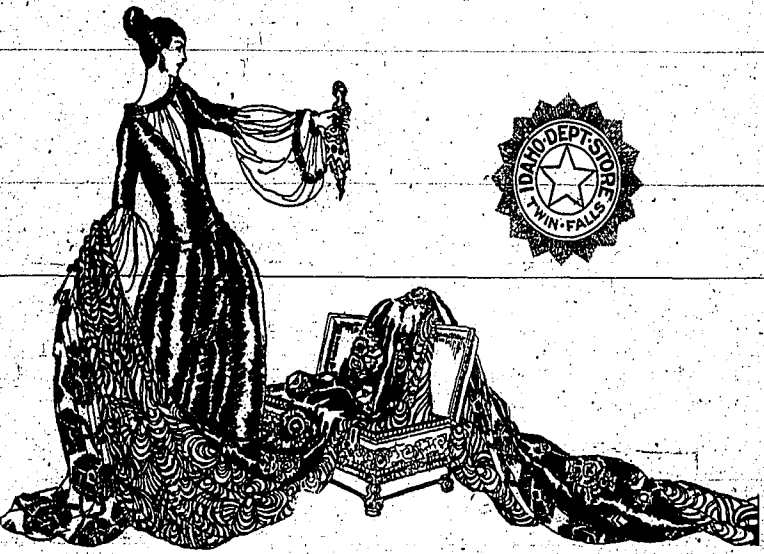

BOISE, Nov. 1.—Clarence W. Gibson, manager for the University of Idaho club of Boise, has announced that the stands will be divided and reserved in sections only for the Idaho-Twin Falls football game here on Armistice Day. Some sections will naturally be better than others, but all tickets will be the same in price. The best sections will be for the benefit of those who order their tickets early by mail.

BRITTON HANDS MITCHELL TITLE

New Jersey Youth Becomes New Champion With Decision Over Veteran

NEW YORK, Nov. 1 (AP)—Age and his wisdom fell before youth and his crushing determination when Jack Britton, starting the 40 mark, and the oldest living man to hold a world's boxing championship title, surrendered to Mickey Walker of Elizabeth, N. J., after 15 rounds of grueling boxing in Madison Square Garden tonight.

After 30 years in the ring, Britton, the sage and crafty master of defense, twice the holder of the crown that topped tonight, was a poor match for the aggressive Jerseyman, who displayed more than ordinary knowledge of the science of fistfighting. Walker won all the rounds.

Slaves Get Knockout

Throughout the latter half of the battle Britton was on the verge of a knockout. It was not his iron chin that held him, but his eyes, which were watered and his hands, which were aching from the punishment he was able to function.

At one time Britton's eyes were glassy, but by a strategic retreat he managed to hold off his man until his brain cleared.

There was something odd about the fight that was not satisfactorily explained to the crowd that filled the historic arena. When the contest started the ring it was announced on the behalf of the New York boxing commission and promoter Tom Rickard that "all bets are off" for the match because the pugilists were laid at 6 to 5 on Britton, but when the preliminaries began tonight the odds had been transferred to Walker. He was made favorite by 8 to 1. Despite this unusual incident, the crowd seemed to believe in the contest. They howled as they watched the 41-year-old fighter, pugilist Britton; they held their breath when he saw the scorching slipping of the aged, weary and weakening champion. They cheered and applauded as each of the closing rounds of the bout ended with Britton, though reeling, still on the safe side of a knockout.

Youth Loses Punch

As the last round began, there were shouts of hope that Britton could survive. They were unnecessary, for Walker, with his extra effort and sharp of some power by Britton's earlier blows, was without the sleep producing punch. Britton knew he was trapped and he tried to get the decision, he congratulated Walker, adding: "I wish you luck, boy." Walker replied that the champion was the gamest man he had tackled.

FORMER MAT CHAMPION WINS MATCH FROM OUTLIER

NEW YORK, Nov. 1 (AP)—Joe Stecher of New York, former world's heavyweight wrestling champion, tonight defeated Charley Cutler of Montreal, former American title holder, by obtaining a straight fall.

Stecher obtained the first fall with a three-quarter Nelson and body scissor after 57 minutes and 50 seconds of grueling, the second and deciding fall came after but 31 minutes more of mat work, Stecher downing his opponent with an arm-lock and scissors.

FIGHT TEN ROUNDS TO DRAW

PORTLAND, Ore., Nov. 1 (AP)—Jimmy Darcy of Portland and Tom King, champion of the Atlantic middleweight championship, fought ten hard rounds to a draw here tonight. King was the aggressor throughout most of the fight, which was fought out at close quarters.

RYZAKO, former heavyweight champion wrestler, was awarded the decision here tonight over Cliff Binkovsky, former Ohio State University football star.

CLERGYMAN'S BODY AT FORMER HOME FOR BURIAL

Witness Maintains Vigil and Arranges for Funeral Although on Verge of Collapse

WATERLOO, N. Y., Nov. 1 (AP)—The body of the Rev. Leonard Jacob Christler, who was murdered Thursday night at his home in Havro, Mont., arrived here this afternoon. It was accompanied by Mrs. Christler, who has been constantly with the body since it left Havro on Sunday morning. The body was taken to the home of the parents, Mr. and Mrs. Henry Christler, where it will remain until the time of the funeral Friday afternoon.

Mrs. Christler is in a highly nervous state and on the verge of a collapse. Nevertheless, she insists on making all arrangements for the funeral.

SAN FRANCISCO, Nov. 1 (AP)—The board of directors of the United Brotherhood of Carpenters and Joiners of America tonight issued a statement in which the department of labor is seeking to have it abolished. E. J. Henning, assistant secretary of the union, made an address before a chamber of commerce meeting.

FLORIDA TRAIN WRECKED

LAKELAND, Fla., Nov. 1 (AP)—A passenger train was wrecked and the engine car seriously injured, when an Atlantic Coast line railroad freight train ran into soft trackwork and piled up eight cars at Oaklawn, near here tonight.

Remark of John Adams Dix, John Adams Dix, American statesman and general, made the remark, "If anyone attempts to haul down the American flag, shoot him on the spot." This was a part of a telegram sent from Washington Jan. 20, 1801, ordering the arrest at New Orleans of Captain Brestwood, the commander of the revenue cutter "McClintock," which it was feared he would turn over to the rebels.

LIBERALS SWEEP FIELD IN ELECTIONS IN CUBA

Early Returns Indicate Party's Candidates Chosen for Governor in Six Provinces and Mayor of Havana

HAVANA, Cuba, Nov. 1 (AP)—Liberal party candidates swept the field in the partial elections held throughout the island today, according to incomplete, unofficial returns received tonight by the central election board and the newspapers. Apparently the liberals have elected their candidates for the governors of the six Cuban provinces and the mayorality of Havana. Their representation in the lower house of congress was increased so largely that the administration majority will be annulled.

OFFICIALS MARK TIME IN TEXAS POLITICAL TANGLE

AUSTIN, Texas, Nov. 1 (AP)—State officials tonight were marking time in the Mayfield senatorial litigation. Although Attorney General Keeling advised Secretary of State Staples last Saturday to certify Mayfield's name to county officials in view of the supreme court's decision, both state officials refused to state their opinion on whether or not they would place Mayfield's name on the ballot. The opinion was expressed today by attorneys who conferred with the attorney general's department on whether or not since the dissolving of the last injunction the matter of including Mr. Mayfield's name now rests with county election boards.

It was reported here today that attorneys for Mayfield were at Fort Worth preparing mandamus action in district court to compel county election boards to include Mayfield's name on the ballot.

First Impressions Favor Germany at Reparations Meet

Dr. Hermes Presents Statement on Stabilization of Mark but No Proposals

BERLIN, Nov. 1 (AP)—The session of the allied reparations commission today was chiefly occupied with a statement by Dr. Hermes, the German finance minister, respecting stabilization of the mark, but no definite proposals were submitted. The questions of a moratorium, possible aid for Germany and control of German finances were not discussed.

The attitude of the German government, it was asserted, has made a most favorable impression. It seems willing to cooperate with the commission in every way and to give all information desired.

SCIENTISTS TO STUDY GULLS ON INLAND WATERS

Investigators on Lake Champlain will endeavor to trace Migrations of Sea Birds With Leg Bands

BURLINGTON, Vt., Nov. 1 (AP)—The migratory habits of sea gulls, which year after year have made the Four Brothers Islands in Lake Champlain their breeding place, will be studied by a party of scientists who plan to visit the islands next summer.

Professor Harry F. Perkins of the University of Vermont, probably will lead the investigators.

Full and authentic information concerning the habits of the birds is lacking and, in an effort to clear up some disputed points, the scientists propose to attach small bands to the legs of the young birds to serve as identification marks during the migrating season. The task will not be accomplished without difficulty, as the old gulls are known to resist strongly any interference with their offspring, and the investigators look forward to receiving some severe buffeting from the outraged parents.

The plan is in line with the aims of the National Bird Banding association, whose members make a record of every bird banded and send a copy of the file to headquarters of the association at Washington. Whenever a bird with a band upon its leg is captured by a member of the association, headquarters is notified, and in this manner information relative to the movements of birds is obtained.

ACCUSED WOMAN FALLS IN FAINT AT MURDER TRIAL

Prosecution Renews Attacks on Mrs. Rosier's Character Prior to Her Marriage

PHILADELPHIA, Nov. 1 (AP)—Mrs. Catherine Rosier, charged with the killing of her husband, Tuesday and Wednesday, Miss Mildred G. Beckitt, collapsed today and was carried out of court unconscious shortly before adjournment. Mrs. Rosier is being tried for the murder of the stenographer.

The thirteenth day of the trial was marked by a renewal of the prosecution's attack upon Mrs. Rosier's character before marriage. Another development was the testimony of Dr. Charles W. Burr and Dr. Elmer Phillips, alienists, that Mrs. Rosier was sane at the time of the shooting. The defense plea is based on grounds of emotional instability.

The case is not expected to reach the jury before Friday. The defense has about a dozen witnesses to call on rebuttal.

None of "Nothing to Worry About." What are a few thousand hairs more or less, except to persons whose hairs have been numbed? Professors counted the hairs on the heads of an American university, a recent dispatch from Berlin stated. The census research disclosed that the men had from 40,000 to 60,000 hairs; the women from 60,000 to 70,000. Counting at the rate of one hair a second, it would take one professor more than 19 hours to number 70,000.

Third—Where Mr. Hall got the \$26,000 in securities which were found in his safety deposit vault, and with the case of which he was reported to have planned an "elopement" for the Orient with Mrs. Mills.

Her lawyer later explained that she returned to discuss the "origin" of the funds because she herself had given them to him and she felt delicacy in going into so personal a matter.

No Malice Toward Slayer. The widow maintained throughout the interview that she harbored no malice toward her husband's slayer, and that she was not personally interested in seeing the murderer punished, although she hoped for the good of society to see the person or persons apprehended.

Outwardly at least, the investigation of the double murder mystery was at a practical standstill today.

Investigators who have been seeking corroboration of the story of Mrs. Gibson, in which she connected Mrs. Hall with the slaying party, continued their work under cover. Although the faith of some of them appeared to be shaken by the double murder mystery, they professed to have no reason, as yet, to doubt Mrs. Gibson's sworn statement.

BLOODY FINGER PRINTS MAY CLEAR UP MYSTERY

Shovel, Believed to Have Been Used to Dig Grave, in Hands of Investigators

CLEVELAND, Ohio, Nov. 1 (AP)—A blood stained shovel, which authorities believe was used to dig the shallow grave in which the body of Mrs. Hazel Burns was found near Painesville a week ago, was found today in the woods near the grave.

On the handle were spots of blood which "well defined" finger prints which will be examined by forensic experts, it was announced by authorities.

The spade of the shovel was said by authorities to be covered with soil similar to that on the grave where Mrs. Burns was found buried.

George Koestel, Hamilton expert of Cleveland, was to have gone to Painesville today to take the finger prints of Henry J. Burns, the murdered woman's husband, who is being held in jail at Painesville charged with the murder, but the trip was deferred until Koestel has examined the finger prints on evidence so far discovered in connection with the case.

A REFRESHING CONTRAST

There is a note of electricity and a ring of rigid honesty about the utterances of C. C. Moore in sharp contrast to much of the political clap-trap being peddled over the country in an effort to catch votes.

Mr. Moore is not an orator, neither is he a professional politician. He is an ambitious, hard working business man and farmer, with a knowledge of Idaho's problems, gained by literal contact with Idaho conditions. He would correct these conditions by applying common sense methods to the operation of the affairs of state. He makes no extravagant promises, is not afraid to admit that there are things which he does not know and his chief interest lies in the future rather than in the past as evidenced by the facts that he criticizes but little and talks much of the possibilities of his State under the brand of management he proposes to put into practice.

Mr. Moore's speech Tuesday night was not the speech of a politician, neither was it a mere bid for votes. It was a plain announcement by a plain man in the interests of a better Idaho and it was well worthy of the consideration of the members of all political parties.

AN ELECTION FACTOR

The fact that the present tariff was designed to a very large extent with the idea in view of ultimately benefiting the farmer is not apt to be forgotten in the forthcoming election. That the import taxes upon agricultural products will result in higher prices for farm commodities cannot be gainsaid. If there is one result more certain than any other in connection with the measure this is it. The agricultural interests of the country have been given an opportunity for approved financial benefits under the tariff such as has never before been made possible by any Congress. The Republican party, as an entity, has insured higher prices for farm products and as far as the other political parties are concerned there has been no attempt made to 'controversy' this fact.

Undoubtedly this will prove a factor in the coming election as, undoubtedly, it should.

PROVINCIALISM

If the present trend of events continues, there will soon be no provincialism left in the United States. Isolation is what makes people provincial and isolation is rapidly becoming a thing of the past.

THE TELEPHONE

The telephone was the first medium to connect far-flung districts with the life of the cities. The automobile next furnished a means of rapid and convenient transit. Now the city has been brought to the small town by means of the radio. When Prairie Depot, Ohio, can listen-in on concerts as far east as Newark, as far south as Atlanta, and as far west as Kansas City, then that town partakes in a measure of the characteristics of the cities. They have something in common together.

THE GREAT NATIONAL ROADS

The great national roads form another de-provincializing element. A sparsely settled district, however far it may be from the larger centers, cannot grow self-centered and peculiar when cars from 10-15 different states pass through town every day.

THE DANGER LIES IN THE OPPOSITE DIRECTION

In fact, the danger lies in the opposite direction. Towns tend to grow rather too much alike. Without labels, it is difficult for a stranger within a diameter of five hundred miles to be able to distinguish one town from another. Town spirit is also becoming more difficult to foster. Communication and easy travel have brought this about. There may come a time when the people of this country have extended their travels around the globe so widely that they will not appear even as distinctively American.

CURTAIN RISES ON CONFERENCE ON INDEMNITY

First Day's Developments Disclose Nothing of Allies Line of Action on Reparations Problems

BERLIN, Nov. 1 (AP)—An exchange of courtesies between Chancellor Wirth and the members of the reparations commission and a subsequent informal visit by the commissioners to the ministry of finance Tuesday officially inaugurated the meeting to be the most significant series of negotiations in the whole range of reparations discussions.

Neither of the day's occurrences afforded indication as to what line of action the entente investigators are likely to follow. The meeting with Minister of Finance Henrichs and several secretaries of state concerned itself with the question of agreeing upon a working basis for the forthcoming deliberations.

American in Emslight. Much importance was attached in German quarters to the presence of Hol and W. Boyden and Colonel James A. Logan as American observers, especially in view of the emphasis placed by the German government on the urgency of an international loan in connection with the process of stabilization.

INVESTIGATORS GIVEN MINERS' STRIKE STORY

WINDSBEE, Pa., Nov. 1 (AP)—The strikers' side of the industrial struggle in the open shop coal field of the Berwind-White company was painted in vivid colors here Tuesday in the hearing conducted by Mayor Hylan's investigating committee from New York. Women living in tents, burn and sickness camps corroborated the stories which their husbands told the investigators.

The keynote of these stories was that the strike, which began on April 6, was not primarily the consequence of an effort to organize the Berwind-White properties, but was the response of the employes to a drastic cut in their wages which became effective on April 1.

Men and women insisted that prior to the strike the average wage weekly of the miners was from \$15 to \$22.

JAPAN EXPECTS LEAGUE SUCCESS

Foreign Office Sees Aid to World Peace Movement in Washington Conference

TOKYO, Nov. 19.—With the League of Nations, with the cooperation of those powers and yet, and its membership, will confer the objects for which it was formed. In a statement to the press, the foreign office said:

"It is true that the League of Nations leaves something to be desired in the degree of authority which it carries among the nations, but the fact that it is not a perfect institution was understood and realized by Japan at the beginning, and we entered it with the hope and trust that in the fulfillment of its service its members would derive experience and confidence and gradually work out its imperfections from the Japanese point of view. The service undertaken by the League is failure to enlist all of the powers great as well as small, in its membership, as was originally designed.

The League has, however, steadily developed since its organization, and its efforts for peace and international cooperation have already been rewarded. The promotion of accord and the work of benefiting humanity do not make such interesting reading as accounts of wars and destruction. Nevertheless, the work of the League is on record and cannot be denied.

The primary objective of the League, which is peace and understanding among the nations, was not only furthered to an incalculable great extent by the Washington conference, but the members were stimulated and encouraged to proceed vigorously upon their labors. The League is now honoring treaty, signed at Washington, and its members who were not signatory to the Washington agreements may share in their beneficial effects and signers may go superior any other which those agreements provide.

Statements of JOHN W. HARDIN, Candidate for State Senator on the Republican Ticket

I have always been in favor of a state wide direct primary and since my nomination at the republican primaries of Twin Falls county, I have endeavored to ascertain the sentiment of the voters of the republican party concerning a state wide direct primary, and feel that I can safely say that a large majority of my fellow republicans are for it.

I believe in a majority rule, and consider myself in no wise bound, by the republican state platform on that subject, inasmuch as I was nominated at a primary election held weeks prior to the Wallace convention.

Therefore, if elected to the senate, I shall support and work for a state wide direct primary measure.

I also favor any measure for the relief of the veterans of the great war and any measure having that end in view will receive my whole-hearted support and effort.

If I am elected to the office for which I am nominated, it shall be my legislation that may be proposed for the benefit of the majority of the people, and shall give every citizen in Twin Falls county may from time to time suggest.

Duplex Premier Vacuum Cleaner

11 Distinctive Features of the Duplex Premier

- A Comfortable Pistol Grip Handle**
Equipped with switch for instant starting and stopping. A quarter turn of the knob to the right starts or stops the motor. Soft rubber tip on spout prevents breakage.
- Slide-On Bag Clamp**
Simply pull the clamp off the end of the bag, empty it, and slide the clamp on. It is air tight and dust tight.
- Jiffy Bag Connection**
A slight turn of this connecting and the bag is disconnected for emptying. Another turn and it is on tight and trim.
- Adjusting Screw**
Simply turn this thumb screw to raise and lower the nozzle. This at once gives the correct nozzle position for the greatest cleaning efficiency for every rug.
- Non-Marring Hard Rubber Casters**
Three of them—they are large, easy going and will not mar the most highly polished surface.
- Motor-Driven Brush**
The PREMIER DUPLEX is equipped with a Motor-Driven Soft Bristle Brush. This brush sweeps all lint, thread, hair and litter from the surface of the rug or carpet and at the same time beats and vibrates it, assailing the powerful suction in constantly removing all the heavy, imbedded dirt.
- 20-Foot Flexible Covered Cord**
Always ready, yet out of the way. This cord, when cleaner is not in use, may be folded compactly on its wide metal guides screwed into the handle.
- Twill Bag**
Specially woven bag of finest twill. It keeps every atom of dust and dirt in until emptied in the next use. With dust accumulating in bag against sweeping and dusting, a cleaner bag of such material is an important consideration.
- Air-Cooled Motor of G-E Type**
A smelt fan is shrouded on the armature shaft. This fan forces air through the motor and cools it during actual operation. This is a great point of superiority in the PREMIER DUPLEX motor.
- Extra Wide Nozzle**
The nozzle is thirteen inches in width. Its front lip is rounded to permit free movement over the carpet and to allow the powerful suction to draw and seal the carpet over the nozzle.
- Handle Lock Nut**
By this convenient device you can adjust and lock the handle at any desired position.

MAN'S BODY IS FOUND HUDDLED OVER SHOTGUN

Believe Farm Laborer Was Suicide — Toll Friends He Was in Trouble — Disappeared on Monday

The body of Henry Kohnan, age 46, a farm laborer, was found beside an irrigation ditch near the farm of William Graham, about a mile northwest of the city Wednesday, after it was a double-barreled shotgun and over a his skull was torn away, apparently by the discharge from the gun, both barrels having been fired.

Kidnapping was indicated by all evidence and an inquest will be held, according to Coroner P. J. Grossman. Kohnan had been missing since Monday noon and for several days before he was reported missing, according to Eugene Wahl, a resident of the vicinity where the body was found and with whom Kohnan had lived for about five years.

"Gent" Tell You About It

Kohnan would not confide in his true name and address, then he said, "I can't tell you about this. I am sick," according to his friends.

Kohnan had borrowed the gun from Mr. Wahl, who intended returning it. A red sweater worn by the dead man attracted the attention of William Graham and the body was discovered.

He notified the sheriff and the police in Twin Falls and Deputy Coroner Burtman, Deputy Sheriff Hamilton and Deputy Prosecutor North investigated.

Suicide Evident

They reported that no cartridges were found on the body but that the set had apparently been committed before Tuesday night, as the clothing was wet and the gun barrels were slightly rusted. The sum of \$175 in bills was found in a pocket.

Kohnan had been employed on the farm of J. H. Pierce prior to that time when employed by M. A. Strunk. He wore blue overalls, heavy working shoes and felt shoes.

Relatives in Nebraska

Kohnan was not married and is survived by relatives in Randolph, Neb., according to his friends. An effort will be made to communicate with his relatives.

Among the effects turned in to the coroner by a former employer Kohnan had some clothing, a hat, a pair of shoes from Luxembourg, Germany, and he had taken out naturalization papers four years ago. He was a Catholic and had been a member of the local unit under the auspices of that church.

HACKMAN HITS FEDERAL RESERVE BANK SYSTEM

Democratic Free Trade Tariff Scored as Cause of Unfavorable Economic Conditions

The federal reserve act was criticized by Turner K. Hackman in the principal address at the republican meeting in the school house at Holler Wednesday evening. Other speakers were M. J. Swetley, J. W. Taylor and W. H. Hill.

Mr. Hackman condemned the federal reserve act as being the cause of inflating prices and then indirectly bringing about deflation and contraction of currency. These conditions, with the democratic free trade tariff, he said were responsible for serious economic conditions.

Mr. Swetley pointed out places where money could be saved for the state and supported several federal resolutions in favor of the republican platform.

FIRE DESTROYS BUILDING

Clothing Gathered by Salvation Army and Equipment of Auto-Shop Burned

Clothing obtained for relief work this winter was burned when fire destroyed the two-story building on East Main avenue Wednesday morning. The first alarm was given by the fire department and the fire was under control by 10:30 a. m.

The fire started in the rear of the building and spread so rapidly, that the efforts of the fire department were of little avail. The building and contents were partly covered by insurance and the total loss was estimated at approximately \$6000.

HEARING UNDER WAY ON IRRIGATION COMPLAINT

Appeal From Petition Filed in 1920 to Have Lands Reclaimed From Hilldale Project Argued in Court

The action brought by Isaac Bennett, B. Brooks and others to have their lands excluded from the Hilldale irrigation district, was heard by Judge T. B. Bailey Lee at Jerome Monday and Tuesday. Tom days was given in which to file briefs for the irrigation district and another ten days for the opponents to answer.

The case also includes a procedure brought by the Hilldale district to have confirmed by the court the bond issue of approximately \$400,000 for the project.

The plaintiffs and about 50 others ask that their lands be excluded from the district and they claim in their petition that an adverse water supply is already afforded by the North Side canal. The petition was filed in 1920 and when heard by the directors of the district last year was refused. The case is now being heard on an appeal from that decision.

The property involved lies in the first segregation of the North Side district around Hilldale, Eden and Hazelton. Judge James R. Bethwell is appearing for the plaintiffs and W. M. Morgan is representing the Hilldale irrigation district.

MRS. IDA YANTIS DIES

Husband and Two Daughters Survive Woman Who Dies at Home Here Following Extended Illness

Mrs. Ida Yantis, age 45, wife of S. P. Yantis, died Wednesday forenoon at her home, 330 Third avenue north, following a long illness. Mrs. Yantis had been in bed for several weeks and is survived by her husband and two daughters. The body is at the DeWitt undertaking parlor.

HIGH SCHOOL NOTES

Twenty Three Triangle girls are going to work for "OB" sign this year. The "OB" sign is a Girl Reserve ring that has to be worn. A girl must follow a certain health program for six months, making an average grade of B for three consecutive periods and give a good season and club spirit. A secret jury committee is appointed by the president and it decides at the end of the six months with the aid of the health charts whether the girl has won a ring or not. Last year only three girls won rings, Florence Dupon, Dorothy Inghram and Margaret Blose, although a number of girls tried. Dr. Emma Cross-hall offered her services to examine the girls before they start the health program.

Tuesday during the fifth period there was a fire drill of the high school students. This was done in accordance with the state law which requires a fire drill once every month.

Wednesday during the first period there was an assembly of all the high school students. The band, directed by Mr. Balabridge, played five selections, one of which was "The American Patrol." Edmund Becker made an announcement regarding the debating club. Boys are urged to join this club and thus create good competition to develop a debating team that will win the state championship this year. Mitchell gave a talk on "Scholarship" and he pointed out the advantages of striving to attain a high scholarship on the honor roll.

WOMAN WEEPS AS POLICE CARRY HER TO STATION

Wife of Man Serving Jail Sentence on Liquor Charge Re-acts When Arrested

Mrs. Juan Anzabco, whose husband is serving a two months' sentence on a liquor charge, was arrested Wednesday morning in the Durka rooms for having liquor in her possession. Chief Gross and Officer Mackay after evidence of the sale of liquor had been furnished them, Chief Gross said. The woman related arrest and confinement were necessary before she could be placed in custody. She burst into tears and was carried most of the way to the police station, police said. A pint of liquor concealed in a hole in the wall back of a sink and covered with a cloth and several liquor glasses are held as evidence. She was released on bond of \$200.

The president, Mrs. Glen Jenkins, conducted the business session after which the social hour was in charge of the hostesses for the day, Mrs. W. S. Dow, Mrs. H. W. Coochey, Mrs. Charles Brown, Mrs. G. G. Foster and Mrs. C. A. Eanes. The house was beautifully decorated with Hallows' emblems and the refreshments were in keeping with the same.

Mrs. W. H. Tolliver, who has recently returned from a three months' visit in Kansas City, was given a charming surprise in the form of a "spook" party at the home of Mr. and Mrs. W. C. Crotty by the Baptist ladies and their husbands. Dainty refreshments were served. The "spook" of the season was present.

WOULD AID REGISTRANTS

With a view to assisting persons who have returned registrants to the register of information for the registrants, Mrs. E. B. Larson, who has been active in this respect, in which they reside, republican county headquarters here will endeavor to supply the need of information to all registrants; it was announced Wednesday evening by H. M. Holler, campaign manager. Republican headquarters, telephone number is 1045.

Mr. Boughton represented "Dumbo" and furnished a large part of the amusement for the evening. Mrs. Boughton dressed as a witch, received the prize for the best costume. Mrs. Burt Brown was the judge. A short program followed the march; the secretaries singing songs very appropriate to the occasion. The game "progressive conversation" was led by Mrs. E. E. Cory, and the spook fairy gave a humorous reading. The committee in charge was Mrs. C. Baskin, Mrs. E. B. Larson, Mrs. Hollman and Mrs. Sherlock, who furnished refreshments at 10 o'clock. To make the surprise most complete, Mrs. Crotty had the Rev. and Mrs. Tolliver and Mrs. W. W. Wallace as dinner guests. The ladies presented Mrs. Tolliver with a beautiful brooch tray that as a token of esteem.

Mrs. W. W. Wallace entertained the Kimberly Road club, in her new home Wednesday afternoon which was beautifully decorated with Hallows' emblems and a stent program furnished much merriment and a quilt top was placed. Late in the afternoon the ladies refreshments were served to the 15 members present.

Mrs. George H. Truitt of Murtagh entertained a number of her first class friends at a delightful gathering on Wednesday at the Hotel Rogerson. The table was attractive with a color scheme of orange and black. The following list of guests were present: Mrs. W. W. Wallace, Mrs. E. B. Larson, Mrs. C. Baskin, Mrs. G. C. Elver, Mrs. W. S. Dow, Mrs. H. W. Coochey, Mrs. Charles Brown, Mrs. G. G. Foster and Mrs. C. A. Eanes.

The L.P. M. club gave a banquet in the private dining room at Tom's cafe Monday evening. The table was decorated in the colors of the club, with Hallows' emblems added. Miss Della Mae Bradah won a silver hand engraved pencil with the emblem of the club. At the close of the party the young people motored to the home of Dr. and Mrs. J. E. White where the remainder of the evening was spent in conversation. The refreshments were prepared by Miss Mildred M. Nichols, Margaret McAttee, Marguerite Boyle, Della Mae Bradah, June Morgan, Cora Brown, Dorothy Feasby, Laura Wilton and Nancy Morris Robinson, Russell Husted, Merrill Ayres, Walter Weaver, Conrad Engel, Chris Miller, Lynn Langloesch, James Dennis and Lowell Langloesch.

"The Most Versatile Cleaner Made"

That is the description applied to the ROYAL ELECTRIC CLEANER by an expert who had studied its effective and thorough cleaning action on furniture, draperies, walls, moldings, radiators, on deep velvet carpets, and on concrete floors.

A complete cleaner does more than clean and renovate rugs and carpets. The Royal does that of course—does it thoroughly and rapidly—but in addition, the Royal boasts an attachment for every cleaning need, providing through its powerful suction the one safe and sure method of reaching out-of-the-way places.

When the Royal starts to hum in your home, it is singing the "swan song" of dirt, dust and druggery.
