SHIPPING BILL PASSES STORMY HOUR IN HOUSE

Administration Measure in the Topic for Five Speeches, Three For and Two Against Proposal

WASHINGTON, Nov. 23.—Brought up in the house, the administration shipping bill was commended and condemned during a stormy debate today in which leaders on both sides of the battle took part.

At 11:45 p. m. five speeches—three for and two against the measure—were made. Two full days of debate remain before the bill will be laid before the house for amendment, and to satisfy all eyes a meeting time tomorrow was advanced to 10 o'clock.

GRANGE ASSAILS

WASHINGTON, Nov. 23.—Opposition to the proposed separation of the Central Pacific railroad from the Southern Pacific was indicated today with the introduction of testimony of the first two representatives of the general public before the Interstate Commerce commission.

TO DARKEN HAIR, APPLY SAGE TEA

Common garden sage brewed into a heavy tea will, scientific advice will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove revelation of gray hair is fading, streaked or gray, mixing the Sage Tea and Sulphur recipe at home though is not necessary. A bottle of Weyb's Sage and Sulphur Compound at any drug store will remedy for you. This is the old-time recipe improved by the addition of other ingredients.

UNEMPLOYMENT CASTS SHADOW ON PARLIAMENT

Work Shortage in Kings' Speech, Winding in King's Speech

Parliament Issue, Apart From Irish Questions

LONDON, Nov. 29.—The closing of the business session of parliament today, which revealed what is likely to be a permanent question in both house and commons, was a day when the shadow of unemployment was cast upon the proceedings, which the speaker was especially called upon to refer to in his address.

The keynote of this was struck in the king's speech, which was read by the speaker, as usual, at the opening of the session, and in which the speaker, in his address, alluded to the state of unemployment in the commons, and in which he said that the government is anxious to find the means of relieving the distress which is being caused by the unemployment of the commons, and in which he said that the government is anxious to find the means of relieving the distress which is being caused by the unemployment of the commons.

SUSPECTED SLAYER OF COLLINS IS CAPTURED

Significance Is Seen in Arrest of Tom Hales, Chief Irregular Leader of Upion District of Cork

DUBLIN, Nov. 29.—Tom Hales, chief irregular leader of the Upion district of Cork, was arrested today. His capture is regarded as important, as he is said to have been the commander of the district where Michael Collins was assassinated last August. Hales is a brother of Zeon, Hales, a member of the Dail parliament, who is a proponent of the Anglo-Irish treaty and a proponent of the national army in Cork.

A dispatch from Cork after the assassination of Collins declared that Tom Hales accepted responsibility for the ambush in which Collins met death. Hales had been a bitter opponent of the treaty and his capture was alleged to have set free to the platform at Brandon last St. Patrick's day while a demonstration in favor of the treaty was being held.

John Collins, brother of Michael, said that the irregular troops under Hales' control had held him overnight while he was on his way to Dublin to attend the funeral of Michael, and that Hales boasted to him that his men had killed Michael.

As team-master for Mr. Langford, T. H. Irwin had Robert Rayl, no endorsement from this or any newspaper...

THE REAL PROBLEM

No matter what the price quoted, it is a question if wheat will ever again be successfully and profitably farmed in the Twin Falls County unless the transportation charges by the railroads...

What cannot be grown at a profit and sold here or elsewhere at the discount in price represented by the present freight rates between Twin Falls and Chicago...

It was the next morning that Susie said she over the backyard fence to Bridget...

Organization must come. Coerced effort must be made. Some money must be spent in presenting the case of the Southern Idaho farmer before even a chance of relief is possible.

The freight rate on Idaho farm products today constitutes the biggest single barrier to prosperity with which the farmer is confronted.

Organization must come. Coerced effort must be made. Some money must be spent in presenting the case of the Southern Idaho farmer before even a chance of relief is possible.

How do these men feel about it? One has to be either for or against this auto speeding. It is rather hazardous to take a middle-of-the-road position.

A French economist says his country is unable to pay her debts. Many practices that same kind of economy.

Quite a lot of them call her to see Aunt Jane and they come lots of times, bringing and taking letters...

Mrs. Darling had been over the night before as usual, and had stayed an awfully long time, talking to Aunt Jane on the front piazza...

Father hitched and abominated and moaned nearer the door all the time she was talking, and he didn't seem to hear her when she pushed her chair toward him and sat on the edge of the bed...

But it wasn't just because he was young that Aunt Jane refused. It was because he was just kind of a "bad" party...

It was the next morning that Susie said she over the backyard fence to Bridget: "It does beat all how popular this house is with the ladies—after college hours!"

"Sure it is!" An' I do be thinkin' the Widder Darlin' is a heap kinder of Aunt Jane than she would have been had poor dear Mr. Darlin' lived!

"But all this doesn't make Father like them. I'm not sure but it makes her dislike them. Anyhow, he won't be goin' out with them."

"Do you measure insurance by the same standards of quality and require the same tests of soundness which you apply to your banking institutions?"

Insurance Which Does Not Insure Is One Of The Costliest Things On Earth

And she wouldn't let them go on and be ending, though I told her poor old soul that I thought she perfectly all right; and I reminded her about the book and five meetings where I stood, and all that.

Well, Aunt Jane said she was sure to go to the airport with my boys. You see, Charlie Smith had walked home from school with his twins, but I had to stop that. And Fred Small was getting so he was over here's lot.

But he couldn't have. Paul is no silly boy. He'd do enough to get a license to drive his own car.

But I wasn't just because he was young that Aunt Jane refused. It was because he was just kind of a "bad" party...

WILL SAVE BIG SUM ON NEW MAINS TO HOSPITAL

Use of New Type of Iron Mains Will Cut About \$2,500 From Expense of Construction

Through the selection of a new type of pure iron water main for use in constructing the new hospital in Twin Falls, the city and county will save approximately \$2,500, or nearly 50 per cent of the cost of the iron pipe used, it was stated Thursday by Joseph Krivanek, city street superintendent, who will supervise the construction work.

The project was to have been started some time ago, but has been postponed on account of delay in shipment of pipe. The main pipe to be used is of a type now in use in this district. It is not as thick as the old iron pipe, but is made of pure iron and is tested to stand under a pressure of any amount of pressure. The saving in pipe cost would be about \$2,500 and \$500 would be saved by the elimination of the old iron pipe.
