OHIO BANDITS MEET QUICK RETRIBUTION

One Out of Gang of Four That
Shot Columbus Policeman Is
Dead and Two Others Captured
After Gun Battle

COLUMBUS, O., Nov. 28 (AP)—From the recesses of a stolen automobile four bandits early this morning shot two Columbus policemen, killing one and wounding another. One of the bandits, who had been shot, died last night. Two had been captured, following gun fights with police forces, and one was still at large.

The dead is Patrolman Granison Kohler.

A bandit known to his pals only as "Bill" is the injured one.

The injured are: Police Officer George G. Fiddie, 26; Martin, 45, one of the bandits, who anticipated when about to be captured by a posse.

Bodies in Abandoned Car.

The dead bandit was found in his gang's abandoned automobile this morning near West Jefferson, 16 miles west of Columbus. He evidently had been struck by bullets fired by Corporal Fiddie, as the police officer lay injured on a sidewalk, emptying two revolver after the bandits fled.

Two of the bandits, Martin and "Loomis," Columbus, were captured this evening, following a gun fight in the woods near Iddy Chapel, about 20 miles southwest of Columbus. A fourth member of the bandit gang, said by Cummins to be Edward Lewis, noted postoffice robber, was still at large. Cummins told police the Lewis was the one who shot the two policemen.

Used Dynamite Bombs.

When a posse of Columbus officers closed in on the bandits they dynamited their way out, blew off their heads and passed on in an attempt at suicide. "Physical," says that Martin and "Corporal Fiddie" will live.

The four bandits started the morning after they had been arrested at the request of Cleveland authorities, after having stolen the car in which they were riding.

HOUSE CHANGES PROVISIONS OF SHIPPING BILL

Prompt Rejection of Amendments by Democratic Opponents Encourages Friends of Measure; Passage Predicted

WASHINGTON, Nov. 28 (UP)— Radical changes in several provisions of the administration shipping bill, all of them proposed by republicans, were rejected yesterday by the house, which passed a final vote on the measure. More than two score amendments were offered, but less than a dozen were approved.

In quick succession, amendments proposed by democrats, hostile to the legislation, were rejected. Practically all of them came from four democratic congressmen, three of whom were militaries—Representatives Davis of Tennessee, Kirby, and Bridges of Texas, and Bankhead of Alabama. Friends of the bill, encouraged by their success in turning back the democratic attack, predicted they would have a comfortable margin on the passage vote scheduled for not later than 4 P.M. tomorrow.

Gives Concessions.

Among the important changes made in the measure during the day was an amendment by Chairman Madden of the appropriations committee, making it necessary for congress each year to authorize payments from the merchant marine fund to operators of American ships. This was suggested by Representative Edmunds, responsible for making it publican on the merchant marine committee, the house decided not to make government aid available to industrial concerns such as the Standard Oil company for the operation of vessels carrying their own products. The bill, as amended, permits such companies, however, to receive assistance for transporting goods of other shippers.

Prohibition Effects.

As expected, Representative Edgar, sponsor of the bill, proposed an amendment to the bill that would be paid to shipper whose ship carried liquor. The supreme court, it was predicted, might decide that ships carrying more than three miles from port were not subject to the prohibition laws, and that the amendment was therefore unnecessary. Another amendment was offered to prohibit the importation of rum from American vessels.

Representative Edmunds quickly offered a substitute for the Bankhead amendment narrowing its scope to provide that ships should not receive government aid for voyages on which liquor was carried.

After brief discussion, the Edmunds substitute was adopted, 55 to 31.

Board's Present Frustration.

There was a general assault on the provisions of the bill relating to the powers of the shipping board, including that which gives section, stipulating that the board's compensation be not to exceed the board's determination of the amount of compensation to be paid, was eliminated at the suggestion of Representative Graham, republican, Illinois, by a 53 to 46 vote.

Another amendment approved, made the minimum of 600 to 1,000 grains per acre eligible for government aid. This change was suggested by Representative White, republican, Maine, who held that the 2,000-ton minimum in the bill as drafted, was not low enough.

Gumpry Urges Defeat.

House members appealed to by President Gompers of the American Federation of Labor, urged defeat of the bill during the debate, but failed to do so. The bill was defeated, 107 to 85.

Expressing the opinion that it would place a tremendous drain on the treasury without effectively rehabilitating the American merchant marine, Mr. Gompers declared that labor denounced the bill as "a fraud, a robbery and wholly indefensible."

"CHANCES POOR" FOR AUTOS.

PERKINS, Nov. 29 (UP)—The degree of prosperity which enables American farmers to buy automobiles has not yet reached China. An American automobile company instructed its Peking agents to report on the prospects of selling their vehicles in the districts of China. The agent, after a careful survey of Chihli province, in states, including those of Florida, which Peking is located, replied: will include as well the cooperatives of the north and middle west, the potato organizations of Maine, Michigan, New York and Wisconsin, and the grain organizations of the northwest, as well as the 150 truck organizations in an annual business in excess of a billion dollars.

The conference, while desirous chiefly to confer with the national leaders in congress in the matter of financial legislation, also discussed other proper methods of agricultural credit, both from the standpoint of investors and credit production and marketing.

Representatives of virtually all of the large cooperative marketing associations will be present and participate in the conference.

Student Building, well known and highly regarded at Indiana University.

Unique among large educational institutions for war memorial funds is the average subscription of \$167 from students.

Indiana, oldest of the great universities of the west, for three memorial buildings to be erected on the campus at Bloomington, Ind., long famed for classic beauty.

Within thirty hours Indiana students raised \$418,000, which has since been increased by subscriptions from alumni and friends.

Indiana's contribution to the campaign is the largest ever received by the student body.

W. A. Alexander, former dean of Swarthmore college and recently appointed librarian of Indiana university, is in charge of the memorial campaign.

Contributions from alumni and friends in the corresponding numbers in the past three years have been as follows:

The buildings in their memory will be constructed from Bedford limestone in the gothic style of architecture. The first units only of the dormitories and stadium will be completed and from the remaining funds the other units will follow later.

GRASSHOPPER CAMPAIGN IS SUCCESSFUL IN CANADA

SASKATOON, Nov. 28 (UP)—It is estimated that 1,068,000 acres of grain in this province were saved this year by the grasshopper campaign, according to the tenth annual report of the insecticidal branch of the department of agriculture. The cost of the ingredients used was less than that in previous years, a considerable saving having been effected by modifications made in the poison hill recipe.

Damage to the crop by grasshoppers in 1921 was estimated at \$1,000,000, from the combination of severe weather and the questionable set out. This is over 78 percent of the crop in affected areas, and gives a calculated loss of 38,000 acres for the whole of the province.

TEA PRICES DUE TO ADVANCE

LONDON, Nov. 28 (UP)—Tea prices will be advanced during the coming winter, according to tea importers in London, the market assigned being the London market.

This failure is 70,000 pounds less than last year, and the effect will be shown by increases of from 4 to 10 cents a pound in all tea, using countries. The China crop, which is largely imported to the United States, is said to have suffered the most.

National Association of Farmers Marketing Organizations Outlines Program.

DALLAS, Texas, Nov. 28 (UP)—The meeting of the National Council of Farmers' Cooperatives, to be held in Washington December 14 to 16, is the result of a common desire on the part of the cooperative marketing organizations to standardize their practices and determine the amount of compensation to be paid, was eliminated at the suggestion of Representative Graham, republican, Illinois, by a 53 to 46 vote.

Another amendment approved, made the minimum of 600 to 1,000 grains per acre eligible for government aid.

The agent, after a careful survey of Chihli province, in states, including those of Florida, which Peking is located, replied: will include as well the cooperatives of the north and middle west, the potato organizations of Maine, Michigan, New York and Wisconsin, and the grain organizations of the northwest, as well as the 150 truck organizations in an annual business in excess of a billion dollars.

The conference, while desirous chiefly to confer with the national leaders in congress in the matter of financial legislation, also discussed other proper methods of agricultural credit, both from the standpoint of investors and credit production and marketing.

Representatives of virtually all of the large cooperative marketing associations will be present and participate in the conference.

DAIL DEBATES CHILDERS CASE

President Makes Spirited Reply to Former Minister Who Chides Government's Haste

DUBLIN, Nov. 28 (AP) — During the session of the Dail Eireann today, when the financial estimates were under consideration the execution of Erskine Childers and the treatment of Mary MacSwiney while she was in Mount Joy prison on a hunger strike, were the chief topics of debate.

The execution of Childers was brought forward by George Gavan Duffy, former minister of foreign affairs, and the treatment of Miss MacSwiney by Cathal O'Shannon, laborite. The government's action in both cases was strongly upheld by Wm. Cosgrave, president of the dail, and Kevin O'Higgins, the home minister.

Duffy Aids Explanation

Mr. Duffy, during his defense asked Richard Mulcahy, minister of defense, to explain the execution of Childers. Duffy said Childers was a great Irishman, but he had to act in law, but in fact, His assertion drew loud applause from some of the members. Mr. Duffy argued that swing to unscrupulous propaganda, Childers had been represented as a monster of wickedness and that for this reason the government should have taken more care to prevent him from being done him. Yet he was tried in secret on the sole charge of the possession of a revolver in a private house.

Amendment Thrown Out

Mr. Cosgrave, in an impassioned reply said Duffy was afraid of his own shadow; that he made his speech to tell the people he was innocent, not guilty, like the others. The members of the Dail, Mr. Cosgrave argued, were dealing with the situation in which the plan of assassination was in the minds of the people opposed to the government, and their newspaper reeked with intentions to induce them to commit these assassinations.

FARMER LABOR DELEGATES REJECT NEW PARTY PLAN

South Dakota Conference Votes Against Proposal for Forming State Political Organization

SIOUX CITY, S. D., Nov. 28 (AP) — A resolution to organize a South Dakota Farmer Labor party was rejected yesterday at a conference of farmer and labor representatives from all over the state.

It was agreed, however, to call another meeting to be held on January 16, when the proposal will be voted on again. The conference was favorable on a resolution to send delegates to the national farmer-labor conference to be held in Chicago Decem-

ber 11.

The resolution for the organization of the state party was turned down because of the strong opposition of the labor delegates. Their opposition was based on a letter received from W. E. Beck, president of the South Dakota Federation of Labor, from Samuel Gompers, national president, in which the formation of such a party at this time was opposed.

The conference adjourned shortly before midnight tonight with the naming of formal delegation to the conference.

FINDS NO SUPPORT FOR PROHIBITION AT TULSA

Prosecuting Attorney Dismisses 15 Liquor Cases With Rebuke to "Good" People of Community

TULSA, Okla., Nov. 28 (AP) — Prohibition is not wanted in Tulsa, declared Prosecuting Attorney W. P. Seaver today, explaining why he had ordered the wholesale dismissal of liquor cases in the county court.

"People don't want prohibition and I don't want to force anything down their throats that they don't want," Seaver stated.

"It isn't the bootleggers and moonshiners that care so much, but the good people of the community who are putting every impediment in the way of honest officials. I have lived here two years and have just concluded after two years of work in the attorney's office that the people want it, and there is no use trying to force prohibition on them."

Yesterday set a new record for cases dismissed when 15 cases were dismissed upon application of the county attorney.

Biggs added an element of mystery to his death by registering at the hotel under the name of wife, and later ordering lunch for two hours before he receded. Today, however, police located the drug store at which the dead man purchased the poison.

FAMOUS PLAYERS SUED FOR \$30,000,000 FOR MONOPOLY PLAN

NEW YORK, Nov. 28 (AP) — The Vitagraph Company of America today filed suit for \$30,000,000 in the U. S. District Court against the Famous Players Lasky Corporation and a dozen individuals charging a conspiracy to control the motion picture industry of the nation.

The suit was filed under the section of the Sherman Act which prohibits combinations and conspiracies to restrain commerce in an interest in triple damages when interstate commerce is involved.

The Vitagraph company alleges that the defendants have interfered with its business by buying production and distribution and have established such control as to have cost the plaintiff \$3,000,000.

TURKEY FAVERS AMERICAN PACT

Kemalist Spokesman Shows Lively Interest in Report of Likelihood of Treaty

LAUSANNE, Nov. 28 (AP) — Turkey will be glad to sign a general pact with the United States and will be happy to begin negotiations at any time, Ismet Pasha informed the Associated Press tonight.

The representative of the Kemalist government has not yet begun any negotiations with Ambassador Child, but is expected to do so to negotiate an exchange of views at the first available moment. Ismet showed lively interest in the reports that a treaty of amity and commerce probably would be an outcome of the London conference.

World Bansure Americans

"We should have a national treaty dealing with commercial and consular matters," he continued. "I hope above all that Americans will not worry about the future of educational and philanthropic institutions in Turkey. We want them to stay, and have no objection to adding laws which would confirm the continuance of the admirable attitude we're showing our people."

Ismet seemed anxious about the American official attitude toward the Turkish demands for abolition of the capitulations, saying:

"We want to establish our own country and our own currency. France may be satisfied with this, but a fair trial. We have heard that Americans and others object to our country as founded on the religious tenets of Mohammedan. This is not true. Religion is one thing in our country, law another, and the law will be fairly and honestly administered."

Court American Approval

Reverting to the treaty, Ismet declared that its negotiations would be a splendid thing for Turco-American relations, which the Turkish people especially desired to cultivate. He saw no necessity of inserting clauses concerning the treatment of American missionary institutions in the suggested treaty.

TO CHANGE RESERVE LAW

Chairman McFadden Introduces Bill to Permit Members to Charge for Collecting and Remitting Funds

WASHINGTON, Nov. 28 (AP) — Chairman McFadden of the House banking committee introduced today a bill amending the federal reserve law to permit members of the federal reserve system to charge for collecting and remitting funds, the amount of expenses actually incurred.

The measure, which is a substitute for a bill proposed earlier by Mr. McFadden dealing with the "clearance" question, also would eliminate provisions of the law which permit the federal reserve board to regulate charges made by banks for collection and payment of checks and drafts and which stipulate that no charge will be made against federal reserve banks.

The bill seeks to eliminate the section of the federal reserve law under which federal reserve banks collect drafts without clearance charge by sending them direct to the banks on which they are drawn, while demanding payment for the service by the banks from which they are received.

The only way to stop him is to put him in a trap against it or not to let him in at all. Purdie hotel this evening and see what the squad looks like.

This game, which has the state championship pitted against it, is the second most important of the season, and every game we have had is important, owing to the fact that the system used this year is based on straight elimination. One game lost, one team out.

Bolin has a wonderful record this year, and outside of the Purdie Walla game, has walked off all the teams in that section of the country.

Twin Falls, too, has a record that will stand a little attention. Not once this year has the Blue and White team lost a game (toss wood), and but twice has it been beaten (toss wood), once an interrupted foul pass, and once on a fumble.

Bolin is still complaining of a crippled team while the locals are not offering any nibbles. Some wine, the beer and beer will be won by the best team.

Arrangements for seating the large crowd have been completed and the seats from the gym have been placed in the grand stands along the bleachers on the south.

PLEADS FOR AND TO SAVE FRANCE FROM ITS PERIL

Clemenceau at Chicago Reiterates Charges Against German Militarism; Protests Desire for Peace

CHICAGO, Nov. 28 (AP)—Standing with outstretched arms before an audience that packed the Auditorium, Georges Clemenceau today pleaded with America to save France from possible extinction.

Father of the French nation, who repudiated many of the charges of militarism and imperialism brought against his country, the old Tiger declared that France sought only peace, but that war was being forced upon her.

"If France does not get the help that she needs," he declared, "she may disappear. Athens was a democracy, very great and very fine. But she disappeared, and if France were to disappear, a democratic people would begin to look around and ask, 'If something had not disappeared, what had brought life to the world?'"

The aged premier's audience hung on his every word, interrupting him twice to drive him behind a device which would carry his weak voice through the big house. He was interrupted by frequent outbreaks of applause.

Takes Root in West

He began his talk for his test on the platform he had read last week on Grant's tomb in New York. "Let us have peace."

"Since the world has been," he concluded, "this tiger always been the feeling in every man's heart that he wanted peace. But General Grant, when he uttered those famous words, knew very well that before there could be permanent peace must be war."

"It is a pity that there is so much cruelty; that it bleeds with its bloodshed and things we hardly dare think of now. Nevertheless, that was really a beautiful and inspiring time when men gave their lives for a great cause; when they were ready to die for a world—a world which represented the finest and most exquisite part of human heart and thought."

Peace, "Tiger" of France

"But that is done, the war is over. Peace has come. Now our task is to live in peace, with God's help, in freedom. We must approach a satisfactory power in some way or other, and convince that power that it should get behind our cause."

"Therefore, let opinions speak. Let us reason with each other, discuss with each other, even cross each other. If that be necessary, but step by step, through the efforts of the people, not through the efforts of the government, to achieve what we want—the truth, justice, liberty and right."

Asserting France had "essentially been called militaristic and imperialistic, the Tiger declared he had determined to make some official figures to show why France needs that she must maintain a large army—at least until the day when the common guarantee of her safety from the United States and Great Britain."

WILL SUBSTANTIATE STATEMENTS

He repeated first the figures he provided, had given concerning France's war losses in killed and wounded, and in devastation of her homes, factories and mines. Then he plunged into the subject of arms and munitions, which he declared had been hidden away in Germany for the next war.

"In Germany, I say again, there is no authority, and in this I have been criticized—but almost every day in Germany we find guns, machine-guns, guns of every description," he asserted. "I have quoted two or three authorities on that, and I have been told that was a lie. I did not know it was a lie, but I do now. I am going to my informants, all honorable gentlemen, to hear witness, and we will then know who is speaking the truth."

"I have written this down, and will have the whole document printed. However, I want to read a few lines to you. This is official:

"One hundred and fifty cannons, the 105's, also 84's howitzer, equal to the size of the allied commandant in Germany. That is one fact; that is quoted, and it was denied. Thirteen large field pieces were unearthened January 10, 1922, and 3,000 of the small or field pieces have been uncovered and marked."

Disclosed in Germany

"Multiply that by 50 and you have some idea of what has been found in Germany by the inter-allied commission since July, 1921. The Germans have been giving this figure, and of course they don't do this thing for the purpose of destroying us. It certainly is not for peaceful operation."

THE MARKETS

WHEAT PRICE ADVANCES

Foreign Purchasing Orders Began, Decidedly Badly Effect on Market; French Politics Involved

Calgary, Nov. 28 (AP)—Indications of export business on a large scale had a decided bullish effect on the wheat market today. Prices closed strong, 1-1/2 to 2-1/2¢ net higher, with May, \$1.10 to \$1.11-1/2, and July, \$1.07-1/2 to \$1.07-3/4. Corn gained 1-1/2 to 2-1/2¢, and oats 1-1/2 to 1 to 1-1/2¢. In provisions, the outcome varied from 2 cents decline to a like advance.

Foreign purchasing orders, which in some quarters were associated with French plans to seize the Ruhr region, may not have had a soaring tendency the market, but a soaring tendency afterward resulted in a more numerous, the close being at almost the top figure of the day. In this connection, it was said a speculator on the basis had a sharp increase in position and had bought heavily in the market, on his account. Meanwhile, estimates were that the Europe had taken more than 1,000,000 bushels today in addition to 3,000,000 bushels the day before.

It was contended that navigation on the St. Lawrence River would within a week and then allow a large amount of domestic wheat at the Atlantic seaboard and Gulf of Mexico and at Buffalo, and on the lakes, would equal to a couple of weeks' requirements of Europe. Unprecedented dryness in Argentina and heavy rains in Argentina and the Andes made this a traditional calendar date to buy wheat all helped to stimulate the advance and, so, too, did a new reduction in the estimated crop output of Australia.

Commodity exchanges remained light. Country offerings remained light, active demand continued from the south and southwest.

Provisions, although dull, were up by the strength of hogs and grain.

THIRD ROBBERY REPORTED HERE IN THREE DAYS

Seven Cents Is Reward of Burglars Who Enter Lumber Office Monday Night; Holdup Reported

Burglars entered the office of the Home Lumber company some time last night, making the second holdup within three days and with a reported holdup Sunday night the necessity for protection against further similar activities was evident Tuesday. Police are still seeking the burglars who entered the office of the Home Lumber company Saturday night and it was reported that no one were left in the burglar Monday night.

Seven pennies were the reward of the person who entered the Home Lumber company office Saturday night. The cash was held in a safe which was broken by means of a skeleton key. The cash drawer was broken open and its small cash account taken according to the report to the police. Nothing else was disturbed and the small safe in the office, which was left intact, held its contents of papers intact.

Char Reports Holdup.

The holdup reported by William Sawyer, manager of the First National Bank, said he was held up and received a small amount of cash by two unmasked bandits as he was returning to his home farm a short distance west of the city on the highway early Monday morning.

He was held up with a pistol within a quarter of a mile of his home and was walking the rest of the distance when the bandits stepped out from both sides of the road, he said. "One of them then put his hand on my shoulder and told me to 'stick' my money in the pocket of my coat. I did all the time," he said. "I talked to him and was quite sure they were the same two men who were in the car just before I left for home." One of them was wearing a leather pockets and took out a shotgun and pointed it at my chest and threatened. I gave them some good advice and told them if they were going to rob me, I would have had my gun with me in the restaurant and I would have loaded them the money." After that they left me and walked down the road. If I had my gun with me I sure would have put up a fight."

Police Look On.

Police officers were called to the scene of the holdups with the understanding that the bandits would be captured in the border but with no class on which to work apprehension of the guilty persons was made extremely difficult. Chas. E. Cross stated he believed the robberies were effected by local talent.

PROPERTY SOLD AT TAX SALE BRINGS IN \$1700

Sixteen Buyers Purchase Property at Public Auction of Land for Delinquencies

The county realized a total of \$1,700 at the public auction sale of tax-delinquent land from Twin Falls county property tax-delinquent from 1914. The sale was conducted at the court house by P. O. Lynch, deputy auditor. The property in various locations was taken by 16 buyers. The bidding was fairly spirited.

Eight lots in Blue Lake addition were sold in five parcels to James Flanagan and Olaf Nelson for \$425, the largest price received at the sale. Two lots inside the limits of Twin Falls city commission, at its weekly meeting Tuesday evening, decided to take action on the subject at the next meeting and to present the matter to dealers in the meeting to get their views on the provisions of the proposed ordinance.

According to the majority sentiment at the meeting Tuesday night the drafted ordinance would require retail dealers to take out a license with the city of \$50 where less than 50 cattle, hogs, sheep or calves are sold a year, and \$75 for dealers selling more than 50,000 head. The license would be issued by the city mayor, inspector monthly and a charge made of 20 cents for each beef and 10 cents for each hog or calf or sheep slaughtered.

Inspect Farm Meat

The license cannot be made to apply to the sale of bacon, ham, sausages, etc., by the ordinance, which would also allow persons "offering for sale meat from animals slaughtered other than in the slaughter houses located within the corporate limits of the city or within five miles of it, a fee of \$5 per head for cattle inspected, 50 cents per head for inspection of all hogs, sheep or calves." The ordinance will be submitted to the city council for inspection monthly and a charge made of 20 cents for each beef and 10 cents for each hog or calf or sheep slaughtered.

This phase of the proposed ordinance was the subject of strenuous objection by H. E. Sutter, a farmer living two miles west of Kimberly. Mr. Sutter made an effort to explain that farmers do not object so much to being forced to pay the inspection fee as they do to being forced to bring their meat to the city for inspection.

Agree on Fees

The amount to be charged for the retailing license was the principal point of discussion. It was finally decided to set the scale at \$50 and \$75.

The ordinance, which was re-drafted by Turner K. Hinckley, attorney for the city commissioners, and S. D. Davis, attorney for the business men, is an equitable means of revenue from the meat dealers and butchers and at the same time to protect the public from sanitary standpoint.

Would Increase Revenue

Commissioners Roberta stated that the ordinance, if passed, would bring in about \$750 net and we who would have to pay the \$50 fee. Attorney Heckman urged the minimum of \$50 as a protest for the retail dealers from those who conduct a periodic or occasional business.

"Our association, a purely civil body, is interested in promoting reclamation interests in our state and in giving the fullest protection to the land owners through the use of the law. All we can do, in connection with the American Falls reservoir project, is to aid in presenting to the land owners the straight facts. If any action would be hampered in any way, our association would be the first to enter protest."

Should Wait for Facts

"Many statements have been made to mislead the farmers. It is difficult, almost impossible, to run down all these statements, which are peddled in a subtle manner; but we have requested the directors of the Twin Falls Canal company to make a statement in the paper, which it regards as vital to Snake river valley, if not in the campaign in the various communities. I am sure the stockholders will be asked to assist this undertaking, which it regards as vital to Snake river valley. It will not be in position to take the lead in the campaign in the various communities. I am sure the stockholders will, in the way of aid, give possible assistance in the way of aiding in furnishing correct official information."
