

SHIPPING BILL IS CENTER OF SHARP ATTACK

Administration Measure Receives Baptism of Fire at Hands of Opposition on Appearance in Senate

WASHINGTON, Dec. 11. (AP)—The administration shipping bill was taken up today by the senate and was subjected immediately to a baptism of fire at the hands of democratic opponents.

Chairman Jones of the commerce committee, which reported the bill Saturday after making several changes in the house draft, called up the measure. His opening statement in behalf of the legislation, however, went over until tomorrow, because of the time consumed by the debate in several attacks on the measure and by the reading of the entire bill and both majority and minority reports in compliance with a demand by Senator Fletcher of Florida, ranking democratic member of the commerce committee.

The democrats started their attack as soon as Chairman Jones made his first move in the legislative struggle which is expected to occupy the senate for weeks. Senator Jones proposed first that the senate proceed to the immediate consideration of the bill but objection from the democratic side blocked this move until after the regular calendar had been disposed of. The commerce committee chairman next suggested that the senate, beginning tomorrow, meet an hour earlier, but withdrew the proposal in the face of objection from several democratic senators and Chairman Norris of the agriculture committee, that would interfere with committee activities.

Republicans disappointed—Republican supporters of the bill, rather expected the report by the democrats to prevent the taking up of the bill, but the motion was carried without dissent upon a viva voce vote. The next speaker, Senator Jones—a proposal that the senate on quitting work today recess instead of adjourn to expedite the bill—of these democratic members as a vehicle of attack on the measure and on the legislation itself. The proposal later was ruled out of order by Senator McPherson, chairman of the senate, who was presiding, on a point of order raised by Senator Harrison, democrat, Mississippi.

Senator Borah of Arkansas, led off in the attack with criticism of the administration's course in postponing house action until after the election on what he described as "legislative expediency" and then in bringing pressure to bear to hasten enactment of the legislation. "Before the members of congress have had a chance to register the expression of the people at the polls in November."

Has Bad Record—The shipping bill, Senator Robinson said, entered into the fall campaign in more than 50 congressional districts and every state he associated, the candidate supporting the legislation went down to defeat.

Senator Harrison in arguing his point of order, denied that he or any other democratic senator proposed to filibuster against the bill. He criticized the action of the administration in calling the special session at which the bill passed the shipping bill.

GADESKI CANCELS CONCERT

Well Known Opera Singer Puts End to Controversy as to Her Appearance in Coast City

LOS ANGELES, Dec. 11. (AP)—A scheduled concert by the 22-year-old opera singer, who was to sing at the opera house here tonight, was called off today when Mrs. Gadeski, a statement declaring that she would not attempt to sing for the Los Angeles audience at this time.

Mrs. Gadeski explained that while she had received letters from the department of justice showing that there was no ground for charges against her of pro-German activities during the war, and although she had learned members of the American Legion themselves would be the first to defend her against ruffianism at her proposed concert, she nevertheless did not "wish to be the innocent cause of an unpleasant incident." Accordingly, she said, she was cancelling her arrangements to sing here.

BEEF GROWERS TO GET PAYMENT DECEMBER 15

Twin Falls Factory Shuts Down After Finishing Fair Run This Year

The Amalgamated Sugar company will make a payment of \$38,000 to farmers Friday for beets, James Solly, district manager, announced today. The local factory finished sifting beets Sunday morning at 9:30 o'clock and the crews will be laid off, only a small number being maintained to overhaul the machinery in preparation for beginning next fall's run.

A total of 61,400 tons were sliced in the Twin Falls factory this year. At Butley 37,500 tons were sliced, making a total of 100,700 tons for the year.

The beet crop was very satisfactory under the circumstances existing this year, Mr. Solly announced.

A maximum average of sugar beets is predicted for next year and the growers are reported as being satisfied with the result of the past season.

TREASURER CLERKS KEPT BUSY ON TAX PAYMENTS

More Than \$40,000 in Delinquent Tax—Paid by Last Month; Tax Receipts Unusually Heavy

Improved financial conditions in Twin Falls county are indicated in the announcement Monday of Mrs. Emmel L. Warren, county treasurer, that over \$40,000 in delinquent taxes were paid last month and that real property taxes now due are unusually heavy.

Mrs. Warren urges that all taxpayers remember that property taxes will become delinquent after December 23. "The mills are heavy and we have been kept busy at the windows in the office receiving tax payments," said Mrs. Warren. "Payments are coming in far better than last year and a notable feature is that many are taking up their back payments, which was done last year."

Judge Walters has been "watched" by the wits of the county in the courts which comprise the Fourth judicial district. He was not watched in the literal sense of the term; but the clerks presented him with a magnificent masterpiece bearing the inscription: "Presented to the Honorable E. A. Walters by the Clerks of the Fourth Judicial District." W. E. Stone (Burlingame) Joseph Y. Haight (Cassia); Harry W. Anderson (Lincoln); Frank C. Smith (Elmore); H. T. West (Twin Falls). The judge said he could not account for such a beautiful gift in panicky times, but H. T. West explained that Judge Walters had been so kind and judicious with clerks who were performing court duties for the first time that their appreciation took the form of the finest watch they could buy.

Twin Falls county is represented this year by three students in the state university. Miss Alice E. Norton of Rock Creek in the collegiate work, and Miss Helen B. Borden of Twin Falls in the preparatory. The college enrollment is 235.

Miss Vera Cole and Miss Hazel Laly will have a candy pull at Miss Cole's home this evening.

F. M. Prohlers sold his farm at Kimberly last spring to a gentleman from Nampa for \$15 and moved back to Wisconsin. The Nampa man disposed of the farm to W. H. Thomas for \$37.50 and Mr. Thomas in turn sold it to Mr. Chaborn for \$105, an acre.

Beharals for the comedy to be given by the Pythian Dramatic club in the rink on December 11 are progressing nicely. The comedy which is entitled "Because I Love You," is in three acts and contains many amusing situations. Charley Mcnealey is leading man and he is allowing his hair to grow and is cultivating a Faversham style which takes well with the young ladies. The other young men seem to be jealous of Charley, although they declare they would never think of taking his place. Miss McManis is going to surprise everybody if rumor prove true.

Adoles' Aid society of the Presbyterian church is holding its annual Christmas sale and bazaar today in the Babcock building. Several pretty months have been arranged and the tables are loaded with all the good things needed for Christmas time. The fancy work table is in charge of Mrs. Galladay, Mrs. A. E. Cross, Mrs. Pickett and Mrs. Wilbur Hill. The candy table is presided over by Mrs. Stuart Taylor, Miss Gamble and Miss Mary Gonyea. The cooked food table is in charge of Mrs. L. J. Miller, Mrs. Packard and Mrs. Ostrick. All the supper will be served, being in charge of Mrs. W. P.

The "Veterans' Welfare Bureau" furnishes help to veterans in time of need but, as in this case, days will elapse before they can get necessary evidence and send money. The Red Cross in each community stands ready to co-operate with the bureau, investigate cases and render immediate service.

"Because of the lack of funds the local chapter will this winter probably be able to give financial aid only to service men and their families, since it is the policy of the Red Cross to give post-war work first consideration in budgeting funds."

MARINES LOWER THEIR EXPENSES TO FIT INCOME

Major General Lejeune, in Annual Report to Congress, Reviews Peace Time Activities of "Devil Dogs"

WASHINGTON, Dec. 11.—Several recommendations for new legislation affecting the marine corps are made by Major General John A. Lejeune, in an annual report reviewing the recent peace activities of the "Devil Dogs" during the last fiscal year.

Among other things General Lejeune asks for authority to expend \$750,000 for purchase of a tract of land to develop a marine corps base at San Diego, Calif. Legislation for the purchase of a marine corps base at San Diego, for the training of marine corps, and an appropriation of \$375,000 for the purchase of a small coal steamer to supply depot at San Francisco.

Although the amount appropriated for maintenance of the corps more than \$5,000,000 below that of the previous year, General Lejeune says no deficiency was incurred. Use of 2,200 officers and men in 1922 cost \$414,780.

New Clashes in Length.

General Lejeune covers at length the various activities of the marines, including their maneuvers last summer at Godhavn, progress of the "Devil Dogs" in San Domingo and Haiti.

"The indoctrinating of the marines with the department's policies regarding Haiti is progressing favorably, and in a few cases of friction which have arisen severe and prompt disciplinary measures have had a most satisfactory effect," the report says.

"In San Domingo during the past year the department has formulated a definite policy with respect to the marines' dress and copulatory duty and concentrating them in the large centers and already considerable progress has been made in this direction. The marine corps posts at Azua, Parachon, Moca La Vega, Monte Cristi and Sanchez have been abandoned, and all activity of the marines will be concentrated at Santo Domingo City in the south and at Santiago and Puerto Plata in the north."

General Lejeune expresses the opinion that the report of the senate committee on the occupation and administration of Haiti by the marines was "rightly" and "fairly" handled.

"Discussing the Haitian situation, the report says: "Battles on Native Troops.

"All activities have been concentrated in military training with a special emphasis on the activities of the gendarmerie d'Haiti. A central department of the gendarmerie has been organized and the gendarmerie is in process of taking over Hincha, Thomonde, Malespou and Las Caobas. We have already withdrawn the marines from Las Caobas and from the outposts at Savanette, Terre Rouge and Plaines du Nord. A road is to be built from Malespou to Hincha through the mountains, thus connecting these two valleys so that they can move troops around rapidly. The intention is to ultimately concentrate all marines at Cap-Haitien in the north and at Port au Prince and Port de Paquet in the south."

"During the year patrols have been maintained throughout central Haiti, but banditry has entirely ceased and petty thieving had been reduced to a minimum. No contact with bandits has been had since October, 1921."

DETROIT SETS HEART ON FLAG

Tigers Expect to Overcome Weakness of Former Season With Better Hurlers

DETROIT, Dec. 11.—Detroit baseball fandom, which loyally has supported the Tigers, whether they were "up" or "down," has set its heart on an American league pennant for 1923.

The Tigers, coming from the cellar position to third place in the 1922 race, are expected by the fans to be stronger in 1923 than they were this year. Frank Nevin, president of the club, believes that such should be the case.

"We should have the best pitching staff in the history of the club," Rip Collins, whom we obtained from Boston for Howard Egan and other players, has given us help where we need it most. Sylvester Johnson, out nearly the entire season, due to injuries, undoubtedly will deliver. Herman Fillette, one of the leading pitchers in 1922, and who with Johnson was obtained from the Pacific Coast league, will, with Collins, head our hurling staff. It is possible that we will make one or two deals this winter that will give us even greater strength in the long run.

The team will be strengthened at second base by the addition of Dol Pratt. Blus is one of the best first-basemen in the game, and Rigony, with five games, and five will be taken away from home. The substitution game for group 1 of the south central section will be held here on February 23 and 24.

Following is the Dahl schedule: December 16—Hollister at Dahl. December 22—Dahl at Hanover. January 4—Hanover at Dahl. January 10—Pier at Dahl. January 16—Burley at Dahl. January 22—Dahl at War. February 2—Hanover at Dahl. February 9—Dahl at Burley. February 16—Dahl at Rupert. February 23—Dahl at Kimberly.

BUHL LOSES TO JEROME

Field Goal in Last Half Minute of Play Gives Victory to the Northiders

JEROME, Dec. 11.—(Special to The News).—A field goal in the last 80 seconds of play gave the Jerome hoopers a well earned 29 to 23 victory over the Buhl five here Friday evening at the high school gym.

The visitors started hotly with a rush, scoring 15 points in the local's 5 in the first five minutes of play. The Jeromeites, with perfect guarding and clever basket shooting, managed to be at the top of an 18 to 17 score at the end of the first half. The local half was even throughout, the Westiders failing to take a commanding lead.

The playing of Mullins for the Buhl team was easily the feature of the game. His shooting of baskets from the center of the floor being the potent factor in the visitors' keeping the score so close. Clinton also starred for the visitors with 8 field goals.

For the home team the dribbling and guarding of Walter Schag was worthy of mention. Earl Morris at center was the big point maker for the locals, shooting several long baskets.

The boys' game was preceded by a hotly contested game between the girls of the two schools, which was also won by Jerome by the score of 21 to 18.

BUHL'S GAMES SCHEDULED

Half of Series of Ten Basketball Games to be Played by Westend Team on Own Floor

BUHL, Dec. 11.—(Special to The News).—The Buhl high school basketball team starts on December 16 with a series of games with the different towns in the section, according to the schedule given out by Coach Barry.

"In Basler we have a great catcher, and Wood is close behind him. The ability of the Detroit outfield is too well known to need comment. The club, with an even break, should be better next season than in 1922, when we finished third."

CUB'S LINEUP CONTAINS EXTREMES OF STATURE

Tallest and Shortest Men in Major League are Claimed as Members of Chicago National League Club

CHICAGO, Dec. 11.—Chicago's National League baseball club is long on champions. It claims to have the tallest and shortest men in the major leagues, and also the strongest player.

Ernest Oberon, a pitcher, standing 6 feet 6 1/2 inches in his stocking feet, undoubtedly is the tallest player in the majors. Earl Adams, who came to the Cubs from Wichita, Kansas, is a second baseman and measures only 5 feet 4 inches.

Lester, "Huck" Miller, who came from the Pacific coast league, is said to be the strongest man in baseball. He is the son of Sebastian Miller, who for years was known about Chicago and the middle west as the "strong man," and whose tests of strength are well remembered by the old timers.

Lawrence, "Huck" Miller, who came from the Pacific coast league, is said to be the strongest man in baseball. He is the son of Sebastian Miller, who for years was known about Chicago and the middle west as the "strong man," and whose tests of strength are well remembered by the old timers.

FARMER-LABOR SESSION HITS KNOTTY ISSUE

Question of Seating Representatives of Workers' Party Causes Warm Debate at Cleveland Conference

CLEVELAND, Ohio, Dec. 11 (AP)—The question of seating representatives of the Workers Party of America precipitated a heated and prolonged discussion at this afternoon's session of the first day's meeting of the second conference for progressive political action...

Edward Keating of Washington, former congressman, recently chairman of the floor and declared "the Workers Party has no place where honest trade unions are represented and it was brought forward to kick the representatives to a convention that does not wish attendance of the so-called Workers Party."

"The Workers Party is an American and anti-labor," declared Mr. Keating. "This convention stands for the flag and Constitution and the reason we are going to kick the representatives of the Workers Party out is because they do not stand for the flag."

A delegate from Minnesota declared he "hoped the conference would not take same a resolution as such. The Workers Party as William G. Burns and the department of justice agents, who have thrown workers of this party into jail."

Another debate was precipitated when the credentials committee presented a majority report that representatives from local trade and labor unions should not be seated as such. Morris Hillquit of New York offered an amendment that such delegates be seated by the committee, but not as delegates from unions, and that they be prohibited from voting on any roll call.

The question of the formation of a third party did not reach the conference today, but reports current tonight indicated that resolutions on resolutions bearing on this subject may be offered tomorrow. One of the reports was to the effect that the farmer-labor delegates had offered a resolution in favor of the third party movement.

Decides Voting Strength The credentials committee decided on the following voting strength on a roll call ballot, based on one vote for each 10,000 accredited members.

Brotherhood of Locomotive Engineers 9 votes; Brotherhood of Locomotive Firemen and Enginemen 13; Order of Railroad Telegraphers 8 votes; Switchmen's Union of North America 1; Stationary Firemen and Oilers 3; Order of Railway Conductors 4; Brotherhood of Railroad Clerks 13; American Train Dispatchers association 1; International Brotherhood of Firemen 10; Amalgamated Street Metal Workers International Alliance; International Association of Machinists 20; Amalgamated Clothing Workers of America 36; International Ty-

geographical Union 6; Public Executive Service 1. The voting strength of the socialist party and the United Mine Workers of America has not yet been determined. The Farmers National Council, the Farmers Labor League of America, and the National Non-Farmers League with a membership estimated at 900,000, also are yet to be determined, but it was estimated that the farmers' vote would be about 90.

STRIKE REMEDY

Mr. Davis returned in detail the part taken by the federal government toward the settlement of the rail and coal strikes but expressed no opinion regarding the merits of the two controversies. He did refer, however, to the debated question of the attitude taken by the Association of Railway Executives toward the railroad strike settlement proposal of President Harding when it first was submitted to them.

Mr. Davis reiterated in detail the part taken by the federal government toward the settlement of the rail and coal strikes but expressed no opinion regarding the merits of the two controversies. He did refer, however, to the debated question of the attitude taken by the Association of Railway Executives toward the railroad strike settlement proposal of President Harding when it first was submitted to them.

Continuing his discussion of strikes which involve the interests of the general public on a large scale, Secretary Davis said that "all thinkers have recognized for some years that men who take on this office in public service give up their right to strike."

"Moreover, there is a field in the twilight zone between public employment and private industry, generally referred to as public utility or quasi-public service," the secretary continued. "It is in this classification that the railroads, the coal mines, and other similar industries fall. The president has said that every man has a right to work as well as the right not to work in any given industry. This right not to work in industry or under conditions which the individual considers improper cannot be abridged. There must be a compensating circumstance whenever a limitation is not upon the freedom of action."

On their first marriage Traxler used a fictitious name, but later confessed to his wife, who then married her again under his right name.

ROB BANK AND SEIZE BANKER

Bandits Rifle Vaults of California Institution and Carry Away President and Child

LOS ANGELES, Dec. 11 (AP)—Four bandits today robbed a bank at First Calif., about 40 miles north of Los Angeles in Ventura county, of \$60,000 and forced G. E. Spencer Jr., president and his little daughter to ride with them in their automobile to Los Angeles, according to Spencer's report to the police here.

Spencer said the four men entered the Fillmore state bank at First street after they had reached Los Angeles when he was alone except for his daughter, Mary Ella, six years old. Two of them drew revolvers and ordered him to put his hands up and the other took the currency from the vault, he stated.

The bandits then forced Spencer and the child to enter their waiting automobile. They were warned they would be killed if they attempted to call help, the banker said.

POSTAGE STAMP DEALERS EXPECT GOOD RETURNS

PARIS, Dec. 11 (AP)—The Ferraris sale of postage stamps, which has brought hundreds of collectors to the city, is by far the largest sale ever recorded in Paris. Many of the stamps are bringing record prices and the bidding is spirited.

More interest has been shown in stamps collecting since the war than ever before, according to dealers, and with the return to normal times the popularly known amateurs is expected to make huge profits for the traders.

GIVES CONDITIONS FOR SKI-CARPENTIER BOUT

French Boxing Commission Bales Ballyho Must Go to National Fund; to Deduct Hall Rent Only. PARIS, Dec. 11 (AP)—The French boxing federation announces that it is ready to authorize a fight between Battling Siki and Georges Carpentier under the following conditions:

The receipts must go to the aid of some kind of national importance; the contest must be organized by the federation and financially controlled by representatives of the fund; all money collected, including the sum from photographic and moving picture rights, shall be paid over to the fund. The only deductions permitted will be for rent of the hall, unless, as is being hoped, the hall will be given free, and the expenses of attendants.

There will be no free seats. The members of the federation, officials, umpires, judges, timekeepers, seconds, managers, boxers and reporters must all pay an admission fee. The federation also makes it a condition that an investigation commission and jury be appointed to justify the charges he has made.

MORRISBY WINS DECISION

SPokane, Wash., Dec. 11 (AP)—Morrissey won a decision over "Battling" Freeman Labbes, Baker, Ore., 144 pounds, in a 16-round fight here tonight. Labbes was totally outclassed and gave a pitiful demonstration against the east Idaho brawler. The stellar attraction of the evening was the four round preliminary fight which "Gus" Schaefer and "Doc" Helan, Boise lightweight, battled toe-to-toe to a referee's decision for Schaefer.

GONAGA PLANS TRIP

SPokane, Wash., Dec. 11 (AP)—Twenty-two members of the Gonzaga university football squad, with coach, manager and trainer, will leave Tuesday, December 10, for San Diego, for the Christmas game with the University of West Virginia. The squad is expected to reach San Diego December 22, permitting two days to prepare for the contest.

HUSTON WOULD SELL

NEW YORK, Dec. 11 (AP)—Colonel T. A. Huston announced tonight that he is negotiating for the sale of his franchise interest in the New York American baseball club. Colonel Huston said he had received several offers, including one from his partner, Colonel Jacob Suppert, but had not made a decision.

COMMUNISM TO BE GIVEN TRIAL

Group of Families to Pool Crops and Divide Proceeds on Basis of Size of Family

PORT WILLIAM, Ont., Dec. 11 (AP)—A group of 60 Canadian families will give "ideal communism" a trial in a newly opened township named DAVEN, 25 miles south of here, where the Arrow river valley skirts the international boundary.

The families will take land in the one township and will live in a settlement established in the center of the township. Here will be a school and a church and community-owned business establishments.

The crops will be pooled and disposed of in bulk and the proceeds will be divided on the basis of the size of each family. The township comprises 173 plots of 360 acres each, with only one plot unsuitable for farming.

The first step will be the erection of a sawmill, probably this winter, and the selection of a number of members of the community to clear a certain amount of land, equal acreage to each quarter section.

Spring plowing and sowing will be carried on in the same way, and other buildings erected. Full settlement may be accomplished in the spring, according to persons prominent in the community plan.

Clothing and household goods will be treated as private property, but everything else—farm implements, fencing, cultivation, road making, all land, etc. will be treated as common property of the community.

There will be no Sunday work and the eight-hour day will be among the rules of the community. Rules will keep the settlement in touch with the news of the outside world.

A GOOD BEGINNING

Governor-elect Moore is to be congratulated on his determination to start the state of Idaho from the Statehouse instead of from the drawing room of a Pullman car.

Moore with all the com lifted out bodily, and east side should be the keynote of the forthcoming administrations not only in States but in counties, municipalities and other executive boards.

Perish the economy which consists in crippling the needed things, in wanting dollars that penalties may be levied, in grandstanding in public and fooling the people in private.

Mr. Moore, it seems, understands this very well.

RAT, LICENSED

Its all right of course, everybody says it is but a little hard to get used to.

Times when girls attending college didn't play penny ante on trains, didn't leave off their corsets in order to dance, didn't stay out unbecomingly until four o'clock in the morning...

Young people think differently today, say the defenders of the flapper and her boy friend—the ho-flapper—'but they say do'.

And I found her. In the little back room where Aunt Hattie keeps her trunks and mothball bags, Mother was in the corner crying.

Even the automobile, held up to public scorn and general parental contumely as an instrument of the devil for the debauching of youth, isn't really as dangerous a vehicle as the old family buggy with a quiet horse which could be driven with the reins wrapped around the whipstock.

Its all in the point of view—only—the Almighty hard to see it that way.

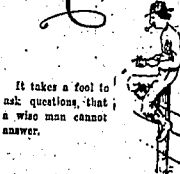

Our sons of a generation ago didn't have their pasties laced at the ankles and our daughters were not invariably christened Lissenskind.

JUVENILE LITERATURE

The dime novel, as an element in literature, perished some years ago but the dime novel's ghost goes marching on.

Except for the fact that the dime novel dealt largely with the activities of criminals, there isn't much difference between it and the modern stories designed to catch and hold the attention of the rising generation.

Snake River Pete Says

It takes a fool to ask questions that a wiso man cannot answer.

Story by wireless upon a course of instruction which consists of information only as to where the said battery is located. Both types of story perform the same general work.

As to the merit or demerit of either, who shall say? The modern tale has it on the dime novel that the badge of respectability is a part of its decorations.

asked her to marry him; and she was still more proud and happy.

She said she was selfish and willful in concealing, and wanted Father—ah, herself! She said she did not think that he had his work in the world; and his place to him, wasn't just in being married to her, and attending to her own affairs.

She said things went on worse and worse, and it was all her fault. She grew sour and cross and disagreeable. She could see now that she did. But she did not realize it all then what she was doing.

She said a lot more—oh, ever so much more; but I can't remember it now. I know she did not know that by and by the tarnish began to dim the brightness of my life, too; and that was the worst of all, she said—that innocent children should suffer, and their young lives be spoiled.

She thrust the dress back into the chest, and shut the lid. And she began to talk and laugh and tell stories, and be gayer and jollier than I'd seen her for ever so long.

"So I see," he answered. And there was such a hurt, sorry look away back in his eyes.

Then he began to talk and tell stories, just as if I were a young lady to be entertained.

And of course, I asked what was and then I knew, almost before he had told me.

"Oh, yes, just as you said it was," he said, and then he looked at me.

"But how could you?" he asked, frowning, and looking so surprised.

"I supposed tonight, seeing you, and all this, brought it back to me so vividly that he turned and looked at me.

"But what was your mother doing with that dress?" he asked then, looking even more puzzled and mystified.

"But I am two in one," I declared. "This is why I'm a cross-current and a contradiction."

"Well, no—I hadn't," answered Father, in a queer, half-mothered voice.

"And did you fall in love with her right away?" I just couldn't help asking that question.

"Was she so awfully pretty, Father?" I could feel the little thrills tingling all over me.

"She was, my dear. She was very beautiful, very, very, just that—like a joyous something that I could not describe."

And right there and then it came to me that Mother said it was her fault.

I looked up at Father. He was still talking half under his breath, his eyes looking straight ahead.

"Oh, that's a funny look came to his face, half ashamed, half vexed."

"Yes, just as you said it was," he said, and then he looked at me.

"But how could you?" he asked, frowning, and looking so surprised.

"Then another (Idea came to me. "But Father, if she would see you—"

"I think—little girl—if I ever got the chance I would say a great deal more than I said to you tonight."

"Yes, just as you said it was," he said, and then he looked at me.

FUNDS ON HAND TO BUILD ROAD, WOLFE CLAIMS

President of Idaho Central Wires From San Francisco Money is Waiting to Carry Project to Completion

Funds sufficient to guarantee the construction of the Idaho Central railroad have been paid to the company and surveying crews have been increased and instructed to rush the work as fast as possible, Maurice Mulvihill, mining man from Contact, announced Monday.

Mr. Wolfe's final telegram was received by another from him which stated that arrangements had been completed for completion of the financing but that the signatures had not been obtained.

No Doubt as Contact

There is no longer any doubt in the minds of the mining men and others at Contact and vicinity but what the railroad is a sure thing. Everyone is certain that it will soon be a reality.

State of Building

On receipt of the word from Mr. Wolfe, from San Francisco where he is said to have completed the financial details, Contact was turned into a scene of rejoicing unexampled in this district in 20 years. It was reported that five crews were being organized to work south and six crews working north from Contact are working at top speed and as soon as the surveying is completed crews will be starting cutting through the rock between Contact and San Jacinto, Mr. Mulvihill stated.
