TURK CALLS FOR EXODUS OF GREEKS

Ismet Dashes Hopes for Settlement for Protection of Minorities by Insistence on Exchange of Populations

LAWSON, Dec. 12 (AP)—Ismet Zadea, head of the Turkish delegation, dashed the hopes of the Near Eastern conference for a speedy and satisfactory settlement for the protection of minorities in Turkey when he insisted this afternoon's session be postponed upon an exchange of the Greek population in Anatolia for the Turkish population in the Balkans.

Ismet declared that Turkey would not accept Lord Curzon's proposal to have the league of nations handle the affairs of the minorities, as that would mean that the foreign powers would continue their interference in Turkish affairs and encourage the minorities to appeal to the league of nations. This plan, he asserted, would result in the exploitation of minorities for political ends under the slogan of democracy.

The Turkish chief delegate reviewed the entire history of Turkey from the time of the conquest of Constantinople. The Turks, he said, had lived peacefully with the Greeks and Armenians until about 1800 years ago when the Russians began spitting against the Mohammedans under the pretense that Russia was the protector of orthodox Christians in Turkey.

Ismet declared Russia was being responsible for the attack on Gladstone made on Turkey in behalf of Armenians. He said that the Turkish attitude against Armenians frequently had been in the nature of a special fee for protection of the Armenians from the government from Russia which presented some excuse for invading Turkey.

The Armenians brought the massacre to Ismet's attention. He declared: "They have abused Turkish generosity and dabbled in politics. Jews have never had any trouble in Turkey, this proves that it was the Armenians who have been responsible for their difficulties in Turkey; they were fired by the example of other Greeks, the Bulgars and Serbs in satisfying their ambition of speaking the Turkish government."

Rejects Armenians' Claim According to Ismet, those now are no minorities in Turkey which can claim the right to belong to any other nation, thus disclaiming the Armenian claim for a national home in Turkey.

Lord Curzon replied in a spirited manner to Ismet, saying that it was the first time the conference had seen the Turkish delegate as a historian, and always had thought of him before as a soldier and a diplomat. The British secretary of state advised that the conference was dealing with the affairs of peoples in the greatest distress and must find a solution for the present of the outstanding problems and without regard for ancient history, and must frame a treaty which would protect these unhappy people.

Curzon demanded Ismet He called the attention of the conference to the fact that Ismet had not mentioned the allied plans for solving the difficulties of the minorities in Turkey, which Lord Curzon had presented at the opening of his address, but had devoted himself to history and an attack on the league of nations which might be useful to Turkey.

PASTOR LEFT WAITING BY 'PRAYER BRIDE'

REV. GEORGE H. LAWSON of Orange, N. J., threatened to sue a court-ordered Mrs. May Mason widow of a millionaire plumbing supply man for breach of promise, because she failed to become his "prayer bride." As a candidate for nomination to the house of representatives in Boston a few years ago, Lawson sent out pictures describing himself as "The Firm of Zebrugga." He served in the British army and claimed to have been wounded three times. Orange, N. J., Rev. Lawson agreed for a bride. A moment later Mrs. Mason is said to have come forward in tears and said she thought she could fill the bill. When the fitted him.

Copper Authorities Decide Prisoner is Not Clara Phillips

Police Acknowledge Woman Held is Not Los Angeles Slayer; Resemblance Close

CLEVER, Dec. 12 (AP)—Police today after a thorough investigation decided that the woman arrested Monday night on suspicion of being Mrs. Clara Phillips' slayer, was not the same person as the Los Angeles hammer-slayer. In many respects, points of resemblance between the woman at headquarters and descriptions of Mrs. Phillips were striking.

Newspapers were given an opportunity for the first time today to talk to the woman. When she had refused to answer any questions and appeared to be either morosely unbalanced or wearily indifferent, the police decided investigating today she was definitely identified as Beatrice Craig of Kirby, Wyo. Even with these facts at hand, police only were convinced after checking up her fingerprints with those alleged to be taken from the escaped murderer.

MIRACLE MAN IS DEAD NEW YORK, Dec. 12 (AP)—Dr. Miller Royal Whitlock, famous as a specialist on children's diseases and known to thousands as the "miracle man," died today at the Presbyterian hospital where he had been confined for more than six weeks with a disease which he had not been able to cure. Whitlock was born in Newark 48 years ago.

DEMAND JURY TRIALS

LOS ANGELES, Dec. 12 (AP)—Ten men, charged by the police to be members of the I. W. O. C. French were permitted today to demand a jury trial by jury when they were arraigned in police court here today on charges of violating the city's anti-picketing ordinance.

FARMER-LABOR UNITS OUTLINE POLITICAL PLAN

Formation of Third Party Is Ignored in Resolutions Adopted at Cleveland Session; Reject Workers Party

CLEVELAND, Ohio, Dec. 12 (AP)—The national committee of the Workers Party of America, adoption of resolutions for future political action, which did not mention the formation of a third party, a broad program of organization, were the result of two sessions here today of the second conference for progressive political action, when adjournment was taken late today to reconvene tonight.

To Choose Candidates. The purpose of the conference, as declared in the report of the organization and finance committee, was the nomination and election of progressive workers representatives to Congress, United States senators, congressmen, members of the state legislatures and other state and public officials who would be in a position to produce the classes and to the principles of genuine democracy in agriculture, industry and government. The conference was to be held annually, representation being from "over national and international organization of labor, farmers or cooperative societies, political parties, labor, legislative boards of transportation organizations and the city central bodies of labor."

Further Sessions Planned. It is provided that "as soon as possible" the national committee of the conference shall call conferences of "farmers' organizations, labor unions, cooperative societies and other progressive political forces, including individuals, in each state, for the purpose of..."

13 KNOWN DEAD TOLL OF BLAST

Boiler Explosion in Cuban Sugar Mill Kills and Maims One Hundred Workmen HAVANA, Dec. 12 (AP)—One hundred workmen were killed or injured today in a boiler explosion which wrecked the Estrella sugar mill, near Camaguey.

WILSON TO RETIRE FROM PARTNERSHIP WITH COLBY Washington Sec Additional Evidence That Former President is Turning His Attention to Politics NEW YORK, Dec. 12 (AP)—Bellevue Colby, secretary of state in President Wilson's cabinet, today announced that his law partnership with the former president, which terminated December 31, at the expiration of their co-partnership agreement. The announcement was made from the law office of the late president.

Capital Anticipates Move WASHINGTON, Dec. 12 (AP)—Bellevue Colby's announcement of the termination of his law partnership with the former president, which terminated December 31, at the expiration of their co-partnership agreement, is regarded as an added evidence that the former president is again turning his attention to politics, particularly the fortunes of the democratic party in 1924.

What degree of leadership Mr. Wilson may expect to assume in his party is probably known only to him at this time and it is doubtful if any of the few who are numbered among his confidants can venture to speak with authority on the subject.

IDAHO WEATHER Wednesday: Fair in north portion; rain or snow in south portion.

FARM CREDIT DISPLACES SHIP BILL IN CONGRESS

Republican Leaders Agree to Give First Consideration to Rural Relief Bill if Generally Supported

WASHINGTON, Dec. 12 (AP)—Prominent endorsement of the administration shipping bill was urged today, but at the same time indications grew stronger that the measure might soon be laid aside by the senate in favor of rural credit legislation.

Developments in connection with those two major pieces of legislation came thick and fast at the senate wing of the capitol today. The shipping bill was declared at the White House that President Harding believed the merchant marine measure should be disposed of before any attempt to take up by the senate. The president, it was further asserted, held the view that the country was entitled to have legislation which met the measure without undue delay.

Agrees to Postponement. Almost simultaneously with this declaration, the announcement was made by Senator Jones, republican, of the shipping bill that he would agree to lay aside this measure temporarily should advocates of the rural credit legislation be able to bring before the senate a bill in which there was a considerable degree of unanimity. He added later in the day in the course of an extended speech that the shipping bill—the opening statement for proponents of the merchant marine measure—was that there is no legislative measure that will benefit the farmers more than this bill to afford transportation across the ocean for their produce.

Claim Majority for Move. The announcement by Senator Jones of his willingness to lay aside temporarily the shipping bill was preceded by a series of conferences between democratic and republican members of the shipping measure during which the stronger advocates of farm relief legislation in both parties were called in support of the move. The proposal made as soon as a rural credit bill was reported from committee, to take up the farm measure and to dispose of the shipping bill, was endorsed by Senator Fletcher of Florida, ranking democrat on the commerce committee, leaders of the farm bloc and Senators Hiram Bingham and Charles McNary, two republican members of the new progressive bloc, conducted these conferences, tonight announced that they had 55 senators or considerably more than a majority to support the move.

Committee Hear Reports. How soon the move might be made was a question tonight, although rural credit legislation was much to be expected to come through tomorrow. The banking and currency committee, to which most of the half dozen or more rural credit bills have been referred, is expected to report on the measure before it with the hearing of some of the proposals. Further hearing will be held tomorrow and it was expected that the bill would be reported in ten days or two weeks before a measure could be reported.

The agriculture committee, which also has under consideration a measure heard additional members of a delegation from the northwestern states upon the Norris bill to establish a government farm loan bank, and sell farm products and upon the Lead bill to stabilize prices of the major agricultural products. The White House is expected to be declaring its enactment must go hand in hand with passage of credit legislation if the farmers of the northwest were to be satisfied.

Rural credit legislation also was taken up again at a meeting of the senate today. The White House is expected to have been trying to agree on a definite measure, but leaders indicated that owing to differences of opinion on the part of the republican in support of any one bill.

Senator Jones Delivers Exp. Although farm credit legislation was pushed to the front, the shipping bill was also given attention. Senator Simmons, democrat, North Carolina, while delivering a speech in behalf of a "real rural credit bill," urged the senate to take up the measure and after doing so offered the shipping bill voted at the last regular session of congress by President Harding.

Senator Jones in his opening speech in behalf of the shipping measure declared the necessity as he saw it, for the senate to take up the measure and to announce a vote upon it with finality.

"We cannot be certain what this legislation will accomplish," he held the senate. "Neither is anyone sure what it will not do. Therefore, senators, in my opinion, it is better to vote a great injury to the nation's industry and to the nation's defense."

The Day in Washington

Senator Simmons, democrat, North Carolina, introduced the soldiers' bonus bill voted by President Harding.

Development of the Mississippi river was urged by Governor Parkey of Louisiana, in testimony before the House flood control committee. The senate passed the annual treasury appropriation bill in practically the same form in which it was approved yesterday by the House.

The department of agriculture estimated this year's total cotton production at 9,964,000 bales, 17% 0/00 less than last October forecast.

It was indicated at the White House that the United States regarded with concern the failure of the allied powers to reach an agreement on German reparations.

Republican leaders decided to lay aside this measure temporarily should advocates of the rural credit legislation be able to bring before the senate a bill in which there was a considerable degree of unanimity.

The annual supply bill for the departments of state and justice, carrying a provision of \$500,000 for the investigation and prosecution of war frauds was passed by the House.

The house judiciary committee began its hearings on the Kellie Bill, which would amend the Federal General Discharge and agreed it would be necessary to ask Chief Justice Taft as a witness.

BANKERS JOIN IN FIGHT ON RATES

Federal Reserve Officials Say Farmers' Right Is So Bad Relief Should Be Given

WASHINGTON, Dec. 12 (AP)—Officials of western federal reserve banks in testifying today before the interstate commerce commission declared that the present conditions regarding the territories of the United States are so bad that some relief to farmers, probably in decreased railroad rates, was an essential condition if any progress was to be made.

WILSON TO RETIRE FROM PARTNERSHIP WITH COLBY Washington Sec Additional Evidence That Former President is Turning His Attention to Politics NEW YORK, Dec. 12 (AP)—Bellevue Colby, secretary of state in President Wilson's cabinet, today announced that his law partnership with the former president, which terminated December 31, at the expiration of their co-partnership agreement. The announcement was made from the law office of the late president.

Washington Has Not Been Sounded Yet on Cancellation of War Debts WASHINGTON, Dec. 12 (AP)—The United States has not been approached, directly or indirectly, in regard either to cancellation of the French debt or American participation with allied partners in the discussion of German reparations, according to an officially authorized statement today at the State Department.

Comment Is Chary Outside of this statement no official quarters on press agencies from London (citing of the British position to the United States) have been heard with relation to French debt cancellation as a possible means for solving the conflict of views among the members of the allied governments.

Earlier in the day, the statement was authorized by the White House that the cancellation of the war debt, according to the official statement, was viewed by the Washington government as one of the "most acute" European difficulties.

WINTER'S GRIP EXTENDS OVER ENTIRE NATION

South Pacific Coast and Extreme Southern Florida Escape Blizzards, High Winds and Snows

CHICAGO, Dec. 12 (AP)—The first extreme cold waves of the winter, accompanied in many sections by blizzards, high winds and snow, which has swept across the Midwest with the exception of the south Pacific coast and extreme southern Florida.

The Great Lakes region and upper Mississippi valley also were ranging from a few degrees above zero to a few degrees below. Chicago experienced its coldest weather of the winter, severe above zero, with heavy snow and several blizzards in Indiana, Illinois, Iowa and Wisconsin, reported snow and sub-zero weather in Michigan.

The northwestern half has been in the grip of a cold wave for several days seemed to have been the origin of the cold. The coldest freezing temperatures so far south as New Orleans, took up like shipping and moved rapidly eastward, storm warnings being sent out along the Atlantic coast.

Increasing cloudiness, with slowly rising temperature, was promised for the Great Lakes region tomorrow, with possible clearing. However, the cold, however, was promised no relief, the cold weather being forecast to continue.

AMERICAN CONSUL SHOT BY FORMER SERVICE MAN

Assistant of Government Representative in Mexico Was Seriously Wounded Discharged from Army

MEXICO CITY, Dec. 12 (AP)—Two lives have been lost in connection with the shooting today of Mason Mitchell, American consul here. Mr. Mitchell was resting at his home on the corner of Callejón de San Mateo in the left side which he said to be not of a serious nature.

One of the men arrested in Loreto Bay, Baja California Sur, who was discharged from the American Army during the war after some martial on a charge of disobeying orders. He was called to the attention of the police to press his claim for a pension, but was told that as a dishonorably discharged soldier he was entitled to none.

Mr. Mitchell was shot at close range from behind.

FEDERAL RELIEF SOUGHT IN RE-BUILDING ASTORIA

Appeal for \$2,000,000 Appropriation for Town's Reconstruction Sent to President and Congressmen

ASTORIA, Ore., Dec. 12 (AP)—The work of reconstruction started today said the citizens of this mill-impoverished city. The first week's fire was re-opened for the first time to workers, property owners and members of the community.

Plans were completed for the re-opening of Commercial street, the principal east-west traffic artery. The U. S. M. A. conducted a free employment camp to provide work for many jobless men who asked to help in rebuilding Astoria.

Bonar Law Shows String Attached to Offer to Forgive War Obligations

LONDON, Dec. 12 (AP)—The collapse of the allied premiers' negotiations here, it is becoming evident, was even more complete than at first supposed, since the outstanding obligations which had been seized upon by the optimists, namely, the scrapping of the Balfour note by Great Britain, now is said to have been acclaimed prematurely.

Prime Minister Bonar Law admitted as much in the house of commons this afternoon, when he said he had learned that the hate on the part of the continental press to consider Lord Balfour's utterance as a thing of the past, is unwarranted.

Britain in view and not merely because she wanted to be generous. The British policy is said to be centered on re-establishment of trade and commerce, stabilization of exchange and bringing to an end the almost continuous allied conferences and disputes over reparations and war debts.

It is interesting to the official view, the British are willing to make great sacrifices, but the other allies also must sacrifice some of their interests. Unless Great Britain sees the ultimate gain through the policy of stabilization, it is stated, the government would not carry out such a program for the British taxpayers would risk that having to shoulder the debts without benefit.

NO BARRIER TO PACKER MERGER IS DISCOVERED

Government Adopts Passive Attitude Toward Proposed Purchase by Armour of the Morris Plant

WASHINGTON, Dec. 12 (AP)—The government will take no action at this time on the proposed acquisition of the Morris & Co. physical assets by Armour & Co., of Chicago, it was formally announced today by the secretary of agriculture. This decision was reached by Secretary Wallace after long study of the proposal and conference with President Harding and Attorney General Daugherty. There was no indication in Washington whether Armour & Co. would proceed with their negotiations for the Morris establishment, which is a competitor and one of the "big five" packers.

Secretary Wallace declared there appeared to be no occasion for action at this time under the packers and stock yards act, which he administered in connection with the proposal. Mr. Wallace also transmitted this information and additional data on the proposal to the senate in response to a resolution of Senator La Follette, republican, Wisconsin.

Power Purely Regulatory.
In a formal announcement, Mr. Wallace declared there was nothing in the packers and stock yards act which specifically prohibits the purchase by one packer of the physical assets of another. An opinion by Attorney General Daugherty, made public with the announcement, said the act is essentially a regulatory one and that the duties and powers of the secretary of agriculture thereunder are to regulate the industry.

The attorney general declared nothing in the act itself nor the regulation provided for therein contemplated or required that the secretary of agriculture should advise the industry in regard to such a transaction as proposed

CHURCHES WOULD ADMIT REFUGEES

Congress and Administration Bombarded With Petitions for Lifting Immigration Bars

WASHINGTON, Dec. 12 (AP)—Appeals from all over the country are being made to congress and the administration to raise the immigration bars to allow Armenians and Greek refugees from Turkey's oppression to enter the United States a limited time.

The Federal Council of Churches some days ago presented the first appeal to government officials in Washington. This appeal, which stated that America has always welcomed political and religious refugees, pointed out that an act of congress will be required to meet this emergency. Senator Walsh of Massachusetts has introduced such a resolution.

The request of the Federal Council is being backed not only by the churches and church people throughout the country but by various other organizations. In a new appeal issued today, the Rev. Samuel McCrea Covert, one of the general secretaries, says: "At Ellis island there are many Greeks and Armenians from Asia Minor and Thrace who are being denied admission because the annual quotas of immigration from those groups for the year 1922-23 are exhausted. Even in the case of those who have progress relatives in America ready to receive them an entrance is possible until some action is taken by congress."

Where Will They Go?
"Where are these refugees to go? Smyrna is only one incident, even if the most tragic of the Turkish policy. The roads from Thrace are reported as crowded with these people. A day may record a similar exodus from Constantinople to the help of Bulgaria and Serbia, Greece cannot possibly care for the boats pouring in upon her. More than half a million are reported as having arrived already. The total number will probably be one million, which means an increase of 20 per cent in the population of Greece. Obviously

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble

To much meat may prove uric acid which settles and overworks the kidneys occasionally to relieve them once they allow the bowels covering all the acids, uric acid, poison, also they may feel a little misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad they have rheumatic twinges. The urine is cloudy, full of sediment, the channels of the urinary tract, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush out the body's uric acid, wait just about four ounces of Epsom salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes, and hence just combined with lithia, and has been used for generations to help clean and stimulate sluggish kidneys and stop bladder irritation. Epsom salts is appetitive, harmless and makes a delightful, appetizing lithia water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.—adv.

REPORT ON CONDITION AT JACKSON LAKE RESERVOIR

Report from Moran, Wyoming, at the outlet of Jackson Lake Reservoir showing the following conditions: Jackson Lake Storage, 4,000,000 cu. ft. On same date 1922 ago 3,000,000 cu. ft. For week ending December 9, 1922 4,400 For same week a year ago 4,600 For week ending Dec. 9, 1922 3,112 For same week a year ago 3,033 From Sept. 1, 1922 to Dec. 9, 1922 1,197 For same period a year ago 1,004

CALL FOR FLOOD CONTROL
Mississippi Valley Representative Petition of Emigration of Farmers and Agricultural Property Loss.
WASHINGTON, Dec. 12 (AP)—Floods in the Mississippi valley not only are driving thousands of farmers from the land but also are leading to raise the head of the river and wipe out terminals built at great cost, the house flood-control committee was told today by the Wilson-Humphreys \$100,000,000 Mississippi river general improvement bill.

Representatives of every section of the valley and some from other parts of the country, testified that a comprehensive, scientific scheme of harnessing the great waterway to make it safe for both those living along its banks and for transporting great crops of the middle west was urgently necessary.

PERSONS BITE FROM SNAKE BITES
LONDON, Dec. 12 (AP)—According to statistics received from India, 3,360 persons were killed by wild animals in British India during 1921 against 3,832 in the previous year.
Tigers were responsible for 1424 deaths, leopards for 320, wolves for 359, bears for 10. The loss of human life from snake bites fell from 20,242 in 1920 to 10,996 in 1921.

DEVELOPS A NEW BREED HAVANA DOG SHOW

HAVANA, Cuba, Dec. 12 (AP)—A probable result of the Havana Dog Show, says the Havana Telegram, "will be the classification of the Cuban hound among recognized breeds. This type, which is the outcome of hundreds of years of mixed breeding, is general throughout the country districts. It is a huge animal weighing about 120 pounds, of a yellow to brown color, with the ears of a bird dog and the muzzle of a mastiff. Its hair is short and smooth and its tail long and wiggly."

Thought for the Day.

The News is read by the permanent earning classes.

Timber Unlured by Fire.
Investigations made by the United States forest products laboratory indicate that timber cut from insect or fire-killed trees is just as good for any structural purpose as that cut from live trees of similar quality, providing the wood has not been subsequently injured by decay or further insect attack.

POLICY OF RAILWAY EXTERMINATION
TOKYO, Dec. 12 (AP)—A general policy of extension and improvement has been adopted for the South-Manchurian railway by Mr. Takaji Kawamura, the newly appointed president of the company. Funds for the work, he said, now are available although the company failed to raise a loan in America.
"The 30,000,000 yen loan repayment which falls due in December," he said, "has been renewed and when the proposed new loan of 10,000,000 yen is floated the company will not require any more capital this year."

"Another Package From Booth's"

BOOTH MERCANTILE COMPANY

FLAGS LOWERED FOR WANNAMAKER

Philadelphia 1926 Precedent in Paying Honor to Merchant Prince

PHILADELPHIA, Dec. 12 (AP)—John Wannamaker, internationally famous merchant and former postmaster general, died at his home here today. He was 88 years old.

Funeral services will be held Thursday afternoon at 2 o'clock in Bethany Presbyterian church. In that church, which long has been familiarly known both by those who worshipped there and others as "John Wannamaker's church," the services of the merchant prince will be in state Thursday morning from 10 o'clock until noon. The interment will be private in the family vault at the Mt. Airy cemetery, secretary of St. James the Less. The Rev. A. Gordon McLennan, pastor of Bethany church, will conduct services both at the church and at the vault.

Memorial Voted Tomorrow.

Mr. Wannamaker had preserved himself in a remarkable manner and his active participation until a few months ago in affairs civic, political, industrial and religious, was well known without parallel. Although he had not in his usual vigorous health in the last year, Mr. Wannamaker was identified prominently with the city in celebrating the one hundred and fiftieth anniversary of the signing of the Declaration of Independence with a world exposition in 1926 having been a leader in the exposition, '03-1876, which marked the one hundred anniversary of that historic event.

The death of the great merchant came at 8 a. m., the hour which for more than half a century saw him at his place of business. The Wannamaker store in Philadelphia at New York were closed immediately and will remain so until after the funeral.

Writings From All Sides.

Men prominent in all lines of endeavor poured in expressions of regret at the passing of Mr. Wannamaker and tributes came from the ranks of the rich and the poor, business associates and business rivals. President Harding, Governor Egan, Cardinal Dougherty, Governor Clifford Plimchot and others prominent in the official and religious life of the country paid personal tributes to his life, as did many others who had come into contact with his manifold activities.

Philadelphia's public schools will be closed on the day of the funeral in memory of Mr. Wannamaker, who, as chairman of the education committee of the board of education, did much in building up the educational system of the city. The first in a series of buildings of the city, the flags on municipal buildings rest at half mast in honor of a man who did not hold high public office.

Early last month Mr. Wannamaker broke down with a severe cold contracted at his magnificent country estate, "Lyndhurst." He was removed to his town house where some of the indications of the gravity of his illness two weeks ago. It was then his three attending physicians began issuing bulletins on the condition of his health. Suddenly, it seemed he had rallied and there was hope that he might recover. For several days proceeding he had his condition was said to be improving.

Dies Like a Stoic.

At midnight yesterday, however, it became apparent that his end was near. His children were sent for. His two daughters, Mrs. Barclay H. Warburton and Mrs. Norman H. Warburton, at his bedside when he died, as were members of their immediate families. His fast falling strength would permit him to make no utterance but signified that he recognized them all. A severe coughing spell which had gradually been sapping his strength, suddenly in action until it stopped. He died like a "stole," said Mr. McCord.

His only son, Bolman Wannamaker of New York, who is 33, immediately arrived here today and had to be assisted into the house.

The News is read by the permanent carrying class.

CUBS SIGN MOST YOUNG PLAYERS

Alexander Only Veteran Among 14 Pitchers on Roster Striving for Permanent Positions

CHICAGO, Dec. 12, (AP)—The Chicago Cubs will go into the 1923 National League pennant race with a team made up of more young players than any other club in the major leagues. It also will be piloted by the youngest manager in the oldest organization, William Killefer, 34, who was reappointed for a term of two years.

Four players are on the club's roster to report for spring training at Catalina Island. The majority were with the club in 1922, when Manager Killefer hopes the process of reconstructing the club, and with the exception of Marty Krug, who filled in at third base the latter part of the season, will be on hand when called together.

From this array of talent, a club of seasoned players is expected, which should be an improvement over the 1922 aggregation. The process of reconstruction might be the fact it finished in fifth place.

Fourteen pitchers on the club's roster will strive for permanent positions of these, only one, Grover Alexander, is a veteran. Although handicapped part of the season of 1922 because of a lame arm, he still has considerable pitching stamina. Four are outcasts.

The Cubs are believed to have acquired star players in George Grantham and E. B. Barrett, who will contend with ten other men signed up for infield positions.

Charley Hollocher, rated as one of the best shortstops in the majors, should have a regular berth, but Ray Grimes, one of the leading first basemen in the league in 1922, and an excellent batter, may find some strong competition among the other young men.

Other candidates for infield jobs include Johnny Killefer and Joe Kingman, who returns from Atlanta. Benjie Weaver also comes back for another trial. Tom men are slated to battle for outfield berths. The catching department should show greater advantage in 1923, as Bob O'Farrell has opened into one of the best backstops in the league. He probably will be the first string receiver, but will find some strong competition in Wirtz and Leo Harstich.

O'ROURKE WOULD STAGE DEMPSEY-WILLARD BOUT

LOS ANGELES, Dec. 12 (AP)—Tom O'Rourke, New York boxing promoter, wants to stage a return bout between Jack Dempsey, heavyweight champion, and Jess Willard, former champion, according to a statement made here tonight by Gene Doyle, one of Willard's representatives.

Doyle said Ray Archer, Willard's manager today, received a telegram from O'Rourke announcing he was "handling" Willard's registered letter, offering to stage a bout between him and Dempsey at the Polo grounds in New York in May.

RUFFERT BIDS FOR YANKEES

NEW YORK, Dec. 12 (AP)—Colonel Jacob Ruffert today officially announced that negotiations for the transfer to him of Colonel T. L. Huston's half interest in the New York Yankees had been virtually completed and that within a week he would be sole owner of the American League champions. The club, including the Yankee stadium, has an estimated value of \$5,000,000.

Free Throws

Who was it said that the snow was on the pumpkins? With that in mind the athletes of the local high school have taken up the great indoor game of active work in the gym started Tuesday afternoon. The basketball season is upon us, and from now on the fans will have a nice steam-heated place to watch the maneuvers of the local quintet.

The preliminary class games will start Thursday afternoon after school, with the freshmen. With that in mind the opening clash. The second game of the afternoon will be between the sophomores and seniors. The schedule for the class games have been arranged so that each class will play the other at least once during the series.

On Friday at 4:30 the girls interclass game will be held to decide the class championship of the co-ed division. This contest will be between the seniors and sophomores. Immediately following the first of class the freshmen and seniors will tilt into one another, while the final tilt of the afternoon will be between the sophomores and juniors.

Monday at 4 p. m. the freshmen and sophomores will open hostilities with the juniors and seniors ending the day. This last match should prove to be a whirlwind from start to finish.

All halves will be 15 minutes each with an extra between the different games.

The class captains elected were: Seniors, Ole Klum; sophomores, Ed Anderson; freshmen, Fred Johnson; and juniors, Fred Johnson. The factors are planning their faith under the leadership of one Lard Jenkins, the man who made the free throw famous. "Sweet's" performance last year while with the Borley five needs no reminder. Mr. Ellis will coach this squad.

The sophomores felt that under the leadership of "Moose" Garrity they could win all their games, and "Moose" was chosen captain. Garrity is unknown quantity as far as the hoop game is concerned and should the gridiron star prove just half as adept at stopping around on the gym floor as he was on the football field then "Moose" will be in line for another letter. Mr. Feinhusen is coaching the Moose brigade.

The talkative Jerome Fravelle has been chosen captain of the freshmen and if lots of talk will win for the first year men then Jerome will make an ideal captain. Mr. Merritt will coach this bunch.

It is probable that Coach Evans of the local high school will be delegated to referee the class games, which means that there won't be any time taken out for the tying of shoes, etc.

These games are free and all lovers of the candy game are invited to attend and root for their favorites.

OPENS ATTACK ON DAUGHERTY

Minnesota Congressman Wins Opening Bout in Hearings on Impeachment Proceedings

WASHINGTON, Dec. 12 (AP)—Hearings on impeachment proceedings brought against Attorney General Daugherty by Representative Keller, republican, Minnesota, were opened today before the house judiciary committee. They were marked by frequent clashes between members of the committee and Jackson H. Balsion, counsel for Mr. Keller, first as to the medical procedure and second as to the relevancy of testimony.

BANDITS SHOOT BANKER; GET AWAY WITH \$96,000

Three Unmasked Men Overpower Party of Six in Lobby of Kansas City Bank; Confederates Wait in Car

KANSAS CITY, Mo., Dec. 12 (AP)—In a spectacular holdup in the lobby of the Livestock Exchange here late today, three unmasked bank robbers obtained \$96,000 and shot Thomas F. Henry, credit manager of the Drivers National Bank. Henry is expected to recover. Henry was in charge of five men sent by the bank to get the money at the postoffice sub-station in the Exchange building. They received the money in five packages. Joined by Jack Kelly, house detective, they started back to the bank.

HOUSTON LEADERS DEVELOP TWO NEW TYPES OF APPLIES

GENEVA, N. Y., Dec. 12 (AP)—Two new types, the Crested and Flop, the former a cross between the Ben Davis and McIntosh, and the latter from the Northern Spy and Sultan, have been developed by horticulturists at the state agricultural experiment station here. The new fruit now is being distributed to growers within the state by New York Fruit Testing Cooperative Association, Inc., for seeding.

FARMER-LABOR

(Continued From Page One)

...of perfecting permanent state organizations. "The state conferences thus called," the report stated, "shall elect their own officers and state committees and shall organize the progressive political forces within the states for the purpose of securing the nomination and election of public officers who are in accord with the aims and objects of the conference. Each state conference shall decide on the question whether the nomination and election of candidates should be a program of the conference of such state can best be accomplished through the primaries of the old parties or by the method of independent political action."

Platform it was disclosed that the conference has a debt of \$11,000.

The report of the resolution committee, presented late today by Edward Keating, former congressman from Colorado, and characterized by him as embodying the best of many resolutions presented to the committee, and the "shortest political program ever presented in American politics" was adopted after prolonged debate and parliamentary difficulties.

Six Planks of Platform

The platform contains six planks and a resolution, as follows: "The repeal of the Each-Consolidated railroad law and operation of the railroads for the benefit of the people; the public control of water power in the interest of the people; "The direct election of the president and vice president by the people and extension of direct primary laws in all states; "That congress act to declare legislation unconstitutional; "Enactment of the Norris-Sinclair consumers and producers financing corporation bill designed to increase prices farmers receive and reduce prices consumers pay for farm products and the creation of an independent system of food products credit; "Efts at Big Incomes; "Increased tax rates on large incomes and inheritances, and payment of a soldier bonus by restoring the tax on excess profits; "Legislation providing minimum essential stands for employment of women; equality for women and men

while improving existing political, social and industrial standards, and state action to insure maximum benefit of federal maternity and infancy acts.

"Resolved, that the Conference for Progressive Political Action as a leading factor in securing the election of progressive United States senators and members of the house, request such members to act as a peoples' bloc and to work for the peoples' progressive program, and that the chairman and secretary of this conference shall call such progressive members together as soon as the new congress convenes to organize them for effective action."

voted to a minority report of the resolutions committee, proposing the formation of a third party, which, after a protracted debate, was defeated by a vote of 64 to 52.

rates in order that commodities whose prices have held to high levels than those of farm products might bear a larger proportion of the transportation cost; that the witness said, was one of the methods which should be adopted to relieve the situation. Dr. Henry J. Vetter, former president of the Kansas Agricultural college, was cross-examined during the day by railroad attorneys, who sought to show that increase in land prices in the west did not justify the assertion of great depression.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms a sore spot through and through. From the blood circulation, breaks up the congestion—and the old rheumatism for sure is gone. Bowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, cold in chest. Almost instant relief awaits you. Be sure to get the genuine with the name—Bowles on each package—adv.

True Beauty. For it is beautiful only to do the thing we are meant for.—Florence Nightingale.

This letter said out written to Mr. Tatt by Mr. Wickham constituted the principal evidence submitted today. They both dealt with a pardon for Willard N. Jones, convicted in Oregon in 1907 of alleged bank fraud and referred to alleged activities of William J. Burns, appointed last year by Mr. Daugherty as chief of the bureau of investigation in the department of justice, in connection with the drawing of the jury in the Jones case.

Paul Howland of Cleveland, Ohio, who appeared as personal counsel for Mr. Daugherty, developed for James A. Finch, pardon attorney for the department of justice, the department report in the land fraud case, that both Mr. Burns and Mr. Henry had denied the charges with regard to the drawing of the Jones jury. Mr. Finch testified also that Judge Gilbert had denied the charges, but Mr. Balsion declared the official records of the department of justice would show that the trial judge subsequently had changed his opinion.

Compers Takes Stand On this point, Guy H. Oryster, confidential secretary to Samuel Compers, partner of the late Fred H. Hodson & Labor, testified that Mr. Compers had called the Wickersham document Mr. Daugherty's attention last week before the hearing was made of Mr. Burns' appointment. This was the attorney-general's office, in a presence, he said, adding that Mr. Daugherty had verified the fact of Compers' stand from "gossip" which Mr. Daugherty had sent.

GROWERS STUDY PROBLEMS WITH RELIEF IN VIEW

Difficulties of Transportation Figure Prominently at Sacramento Conference of Fruit Producers and Farmers

SACRAMENTO, Cal., Dec. 12 (AP)—Analysis of the transportation difficulties which have faced the fruit and vegetable growers of the Pacific coast this year and in the past, and suggestions for relief about improvement of conditions, featured the opening of the fifty-fifth annual convention of the fruit growers and farmers of California.

The convention is being attended by delegates from Montana, Oregon, Washington, Idaho, Arizona and other western states.

Establishment of a transportation committee to look after the needs and placing of a branch of the car service division of the American Railway association at some point on the coast, were among the suggestions.

Questions regarding the possibility of a recurrence of the car shortage of 1922 were answered by railroad representatives, who said that a similar combination of circumstances was likely to recur next year but in following seasons.

Plans for the northwest were outlined by Frank R. Spaulding, superintendent of the Washington utilities of Olympia, Wash. Millions of acres of the richest ground in the country were waiting to be reclaimed in Washington, Oregon and Idaho, he said, but no effort toward reclamation was being made because the spirit of the people had been broken by transportation troubles.

"What use it is for us to sow and reap when we are unable to use our crops after harvesting them?" Spaulding asked. "Thousands of boxes of apples are rotting on the trees at the present time because we lack the cars to ship them."

Spaulding's words were reiterated by Miles Cannon, commissioner of agriculture of Idaho. G. E. Erbe, president of the public utilities commission of Idaho; E. M. Burns of the Northwestern Growers association; A. H. Stone, general manager of the Good Hope Apple Growers association, and others.

TIGER TAKES LEAVE OF FRIENDS IN AMERICA
Clemenceau brings "Peace Mission" in United States to Close and Depart for Home in France

NEW YORK, Dec. 12 (AP)—Surrounded by friends of France, in a hall festooned with the intertwined flags of America and his own land, Georges Clemenceau, former premier of France, tonight came to the end of his "peace mission," and took leave of the United States.

He appeared in the grand ballroom of the hotel Pennsylvania before members of the American committee for devastated France. Immediately after he had spoken, he mounted the steamer Paris on which he will sail home tomorrow.

The Tiger of France received ovation after ovation—first when he stepped the hall to the strains of the Star Spangled Banner; again when he was referred to as "the address of France," and then, French ambassador by Jules J. Giffard, French ambassador to the United States, again when he was introduced by Owen Winter, and several times during his brief talk.

Clemenceau spoke about ten minutes, explaining that he "was tired, had sore throat and wanted to go to bed." He thanked the committee members for what they and other Americans had done for France.

Social Notes

Edited by Mrs. E. R. Williams Telephone 324.

Complimenting Mr. and Mrs. J. Frank Martin, who are leaving Twin Falls to make their home in Idaho; Mr. and Mrs. T. E. Foster and Mr. and Mrs. O. W. Williams were hosts at a "1900" party Monday evening at the Hotel Regal on Maple avenue. The Frank Regal won high score for the year of the Central Basin. Mr. Martin was the successful contestant for the year's first prize, and Frank Regal were presented with a guest price. At two-course luncheon was served. The friends of Mr. and Mrs. Martin. On Sunday evening Mr. and Mrs. Paul Taber entertained at dinner for Mr. and Mrs. Martin. The guests were Mr. and Mrs. William Mackenzie, and Mr. and Mrs. Henry J. Beaulieu.

Mr. C. F. Green was hostess to the Current Events department of the Twentieth Century club Tuesday afternoon, the assisting hostesses being Mrs. T. J. Foster, Mrs. Louis Friedman and Mrs. L. Thompson. There was a social business session and the giving of current events by members. Mr. Packard gave an interesting talk on their last Pacific expedition after they left Port Townsend. Mr. E. B. Dooley gave a history of the Columbia territory prior to the forming of Idaho. A social hour followed and refreshments were served.

Mrs. C. H. Eldred entertained the Prohibition Sisters at a quilting Tuesday afternoon. At the conclusion of the sewing period refreshments were served.

RUBIA IS EXPERIMENTING WITH NEW CURRENCY
MOSCOW, Dec. 12 (AP)—As the gold ruble cannot at present be regarded as the real measure of value in Russia, a new ruble called the "goods ruble," which is based on the value of certain kinds of goods, it is proposed to introduce into the market other varieties of the ruble, namely, agricultural, export, import and budget rubles.

A well informed Russian business man, questioned as to the soviet financial plans, said the intention was that paper issues should be backed by supplies of goods. He said the paper would be based on face value by the treasury and for the new financial measure is probably a fact that the soviet is nearing a desire on the part of people who are hoarding them.

RUSSIA IS EXPERIMENTING WITH NEW CURRENCY
MOSCOW, Dec. 12 (AP)—As the gold ruble cannot at present be regarded as the real measure of value in Russia, a new ruble called the "goods ruble," which is based on the value of certain kinds of goods, it is proposed to introduce into the market other varieties of the ruble, namely, agricultural, export, import and budget rubles.

The cabinet and committee of the Blue Triangle club will hold a meeting Wednesday immediately after which is to be given December 20, and 21, for the Christmas party.

The senior class will hold a party Friday evening, December 15. The seniors are to dress as children, and naturally. The first part of the evening will be given over to games, while the latter part of the evening will be spent in dancing.

Dairies for 1923 are now ready at the Cloe Book Store—adv.

NEW SALES AGENCY TO IMPROVE WHEAT PRICE

Growers Join Big Organization at Minneapolis to Pool the Crops of Entire West

The marketing of wheat of the entire west through a new sales agency, resulting in reasonable and more satisfactory prices to the grower is the aim of the American Grain Growers association, just formed at Minneapolis. W. F. Alworth, rancher near Curry, returned Tuesday after having attended the organization as one of Idaho's two representatives.

The new association is an outgrowth of the Northwest Wheat Growers' association and the meeting was called by that organization. For other co-operative marketing organizations in various western states came into the organization and it is planned to oblige growers to give the contract of the wheat crop.

The territory covered is divided into two zones. The northwest zone includes Oregon, Washington, Idaho and Montana. The other zone comprises Texas, Kansas, Oklahoma, Nebraska, Colorado and Wyoming. Headquarters will be at Minneapolis or Kansas City and the manager of the American Grain Growers association will be George O. Jewett, manager of the present organization.

FARMERS WILL DISCUSS LEGISLATIVE PROBLEMS

Newly Elected State Legislators to Meet Farmers of District Monday to Talk Issues of Legislature

Farmers of this district will meet in the Chamber of Commerce rooms Monday evening to discuss state legislative matters with the newly elected representatives of the legislature. The legislators will be in the charge of the meeting.

The legislators have accepted the invitation of the chamber to discuss state legislative issues and the date for this meeting will be set later. The chamber will not participate in the meeting on Monday night.

Those interested in the Monday meeting hope to meet with more success than on last Monday night when a meeting of farmers and citizens was called at the store of Mr. Lloyd. The attendance, however, was not encouraging.

RUSSIAN GRAND DUKES WILL ASSEMBLE AT CHRISTMAS

LONDON, Dec. 12 (AP)—Maria Fodorova, the dowager empress of Russia, who now resides in Denmark, has agreed to a meeting of all of the Russian grand dukes to be held in Copenhagen at Christmas time.

PRINCE GOING INTO BUSINESS

COPENHAGEN, Dec. 12 (AP)—It is rumored here that Prince Axel, son of Prince Waldemar, who recently returned to Denmark after a voyage as captain on board one of the East Asiatic company's ships is now considering entering a business life.

It is never possible to curb the tongues of the unwise and if the outside world believes that the Twin Falls country is an iron-ore producing area, the Twin Falls country is only too glad to oblige.

CARUSO MEMORIAL CANDLE

Offhand, we should say that a statue monument, a work of art in stone of floral vein, would be a more appropriate, a more enduring and a more poetic memorial to Enrico Caruso, the great tenor, than the huge candle, eighteen feet high and weighing a ton, which New York artists have made.

BE CURED TO Stay Cured

DR. CHAS. J. DEAN... MENTION THIS PAPER WHEN WRITING

will list for eighteen centuries. Would a marble sculpture last longer? The candle will stand in a church in Pompeii, and more persons will see it there than in a cemetery.

AS TO CLEMENCEAU'S VIXEN

Did Clemenceau make a deep impression on America? This is the question in everybody's mind. Another interesting question relates to the impression that America made on Clemenceau.

RUSSIAN GRAND DUKES WILL ASSEMBLE AT CHRISTMAS

LONDON, Dec. 12 (AP)—Maria Fodorova, the dowager empress of Russia, who now resides in Denmark, has agreed to a meeting of all of the Russian grand dukes to be held in Copenhagen at Christmas time.

PRINCE GOING INTO BUSINESS

COPENHAGEN, Dec. 12 (AP)—It is rumored here that Prince Axel, son of Prince Waldemar, who recently returned to Denmark after a voyage as captain on board one of the East Asiatic company's ships is now considering entering a business life.

Snake River Pete Says

Every man should learn to pray, then he will not be at a loss for words when he gets in a tight place.

It's a Contagious Disease!

(Dear Reader: This is not a patent medicine advertisement.) NE of our contemporaries, for some time past, has been periodically afflicted with that dread disease known as Piles-Outlets, and now, we notice with sorrow, that an untamed competitor, having without the contagious condition as long as possible, has finally contracted the malady in a more violent form.

A BUSINESS man in the cleaning industry is acquainted with his operating costs, and knows that high-class service cannot be rendered the public, with well cleaned and pressed for \$1.00.

Imperial Service has always meant high-class service in every particular, and we have always endeavored to keep our reputation from sinking to the level of those in the cleaning industry to whom the business code of ethics is an unopened book, neither read nor understood.

We believe the public is fair-minded and just, and willing to pay a fair price for service rendered.

We also believe our patrons are entitled to protection from this contagious disease, and therefore offer the following prophylactic prescription:

Ladies' and Men's Plain Suits—Ladies' Plain-Wool Dresses—Light Weight Coats..... \$1.00

MARY MARIE

By Eleanor H. Porter

Illustrations by R. H. Livingston

(Continued.)

He turned and scuffed a little, but he shook his head. "Thank you, child, but I don't think you know quite what you're promising," he said.

"Yes, I do." Then I told him my idea. At first he said no, and it couldn't be, and he was very sure she wouldn't see him, even if he called.

"At exactly ten o'clock he came up the steps of the house here, but he didn't ring the bell. I had told him not to do that, and I was on the watch for him."

I did it, and five minutes before ten she was sitting quietly sewing in her own room, and I went downstairs to watch for Father.

And he said, how funny, and wasn't that my name, and where was the maid. But I didn't seem to hear.

They're there now together. And he's been here a whole hour already. Seems as if he ought to say something in that length of time!

ONE WEEK LATER

At just that minute Mother came in to the room. I wish you could have seen her. My stars, but she looked pretty—with her shining eyes and the lovely pink in her cheeks.

She just came and put her arms around me and kissed me, and I saw then that her eyes were all misty with tears.

CASH

For Your Victory Bonds

On or after December 15th, all 4 3-4 per cent Victory notes, the serial numbers of which are preceded by the letters A, B, C, D, E or F, may be redeemed at this bank.

We will give cash for the full face value of these notes and any attached coupons due on or prior to December 15, 1922.

We Seek More Business on Our Record

There is no charge for this service which we extend gladly to customers and non-customers alike, who hold notes of this series.

The First National Bank of Twin Falls, Idaho

And I went. I thought, of course, that she was coming, too. But she didn't. And when I got down the stairs I found it was all alone; but I went right on into the library, and there was Father waiting for me.

But he came back the next day, and he's been here some part of every day since. And, oh, what a wonderful week it has been!

They're going to be married. It's tomorrow. They'd have been married right away at the first, only they had to wait—something about licenses and a five-day notice. Mother said, Father fussed and fumed, and wanted to try for a special dispensation, or something; but Mother laughed, and said, certainly not, and that she guessed it was just as well for the positively had to have a few things, and be needed!

And, as I said before, it is all perfectly wonderful. So it's all settled, and they're going right away on this trip and call it a wedding trip. And, of course, Grandfather had to get off his joke about how he thought it was a pretty dangerous business; and to see that this dangerous didn't go into an epileptic while they were watching the other one. But nobody minds Grandfather.

How about this being a love story now? Oh, I'm so excited!

YOUNGER OFFICIALS PROPOSE NEW HOME FOR PRINCE REGENT

TOKIO, Dec. 12 (AP)—The younger officials of the Japanese department are advocating a plan to make the Atsuta Detached Palace, where the Prince of Wales resided, a permanent dwelling for the Prince Regent. They propose to remodel this palace along lines similar to Buckingham Palace, appropriating half of it for the use of the people.

There is a false thrift and a real thrift.

False thrift orders the cheapest and vaguely hopes to get the best.

Real thrift—insisting on the best—finds that in the long run the best is usually the cheapest.

In homes where real thrift prevails you will find "King Coal" is a regular and faithful servant, because it is the best coal mined in the West.

It is the aristocrat of fine coals.

INSPECTION TO COST BUTCHERS DOLLAR A YEAR

City Commission Amends Meat Ordinance to Take Inspector's Salary Out of General Tax Funds

An amendment to the city meat ordinance was passed by the city commission in regular session Tuesday night as a substitute for the measure recently drafted and providing for the payment of \$1 a year for an inspection license by all meat dealers in the city limited to the monthly inspection of slaughter houses free. The salary of the city inspector will be paid out of city taxation funds instead of by revenue from the license and inspection as provided in the first proposed amendment.

The amendment is practically the same as the old ordinance except that it provides for the inspector's salary. The commissioners stated that they had introduced several meat dealers and butchers since the last meeting and that the new amendment met their approval. The principal factor in favor of the new amendment was that it would result in cheaper meat this winter, commissioners said. It was found that the inspectors' salaries in other cities, as Robert said, in spite of assertions to the contrary by dealers attending the special meeting last week, that the changing of a large license fee would cost the higher priced meat.

"We stand for the consumer," said the mayor. "We were elected to represent them, and if this ordinance works a hardship in any way on the dealers here it will be offset by the saving in meat prices for the widows and children this winter."

All Causes Commission

Finance Commissioner E. S. All was responsible for something of a commotion when he reported to the commission statements that he had heard to the effect that J. T. Krivank, superintendent of streets and waterworks, had frequently used a city seal in making tickets and had used for other personal purposes. The charge was indignantly denied by Mr. Krivank, who said he used his own car in such cases. The commissioner drew from the city's tank, and declared he had been informed that the city employees were accustomed to using the city's seal in making tickets and their houses on Sundays. No investigation of the charge was sought.

Commissioner All also sought the opinion of the other commissioners relative to sending Twin Falls fire apparatus in case of fire to near-by points. The mayor and Commissioner Roberts said they were wholly in favor of the plan, which would be a binding assistance in the event that the local fire insurance rate would not be affected materially thereby.

License Card Tables

The Snooker billiard parlor was granted a license to operate five card tables and a license for two tables was granted the Pacific hotel. An application for a license was denied the operation of the Blinnight pool hall. Four residents appeared to make a complaint about the sprinkling in the vicinity of Washington north and south streets, claiming that the adjustment of sprinkling in these streets last summer state was insufficient. Two others present stated that the adjustment of sprinkling charges in these streets were allowed.

DAED PARTY

The Catholic League will conduct a card party at the Business Women's club rooms, over Varney's, Friday evening, December 15, at 8 o'clock. All the ladies interested in furnishing a table, phone or see George Wallace, chairman. Price 50 cents—adv.

Pictures and frames for the home at the Clos Book Store—adv.

READING PUBLIC TURNS TO SERIOUS LITERATURE

Public Library Circulation for November Increases; More Demand for Non-Fiction

The circulation of the Twin Falls public library for November was 4,324 volumes, or about 300 more volume than was circulated during the same month last year, the report of Miss Joseph Fraser, librarian shows. The amount of non-fiction read is on the increase, it being about one-third of the total circulation. Philosophy, travel and history have been circulated in equal number of volumes, while sociology, essays and poetry had the least circulation.

"The 'Amoralization' of Edward Bok is still much in demand," stated the librarian. "It is also 'The Duster,' 'Painted Windows,' 'The Glass of Fashion,' and 'Mirrors of Downing Street.' Of the more recent fiction, 'The Quince,' 'The Story of Man,' and 'Van Loon's 'Story of Mankind' are asked for more than anything else."

Emily Post's new book, 'Etiquette' is in constant use. Sinclair Lewis' 'Babbitt' and 'This Freedom' by Hutchison are the most popular books of fiction.

"The book of law and history will be interested to know that the 'Life of John Marshall' in four volumes by Albert N. Beveridge has just been added to the library. This is a story of the life of the man who has been written and the reader of biography will enjoy the personal side of the man and the interesting facts which the writer has brought out."

"It is, however, Marshall's public works with which the books are chiefly concerned; his services to the country, his previous life and experience which lead to an understanding of his greatest opinions."

"It is an account of Marshall's frontiersman, soldier, legislator, lawyer, politician, diplomat and statesman and the conditions he faced in each position."

"The Judge," by West; "Minds and Manners of Wild Animals," Horaday; "Outline of Science," Holmes and "Science of Judging Men," by Merrill.

WILL HAVE FARMERS ON CHAMBER COMMITTEES

Encourage Farmers to Take Part in Industrial Problems; Urge Action on Rates Case

The hand of welcome was extended to the farmers when the board of directors of the Chamber of Commerce, said they were, wholly in favor of the plan, which would be a binding assistance in the event that the local fire insurance rate would not be affected materially thereby.

Other books recently added are "The Judge," by West; "Minds and Manners of Wild Animals," Horaday; "Outline of Science," Holmes and "Science of Judging Men," by Merrill.

The case, which was originally brought up by the Southern Idaho Trust, in connection with the adjustment of rates on all branch lines in the state, was pending for some time.

ADMITS LIQUOR CHARGES

E. R. Edwards pleaded guilty to liquor charges; Gates to be sentenced for embezzling from W. S. Foster.

E. R. Edwards, arrested Monday night, pleaded guilty to a charge of having liquor in his possession and was bound over to the district court when charged before Probate Judge P. Duval Tuesday. Lawrence Gates pleaded guilty to embezzlement of a saddle and bridle from W. S. Foster and sentence will be pronounced Saturday. He was arrested December 6.

POLICE FORCE IS PUT ON GRIDDLE

Commissioners Air Dissatisfaction with Course of Events at Headquarters

Dissatisfaction on the part of members of the city commission with the administration of the Twin Falls police department was aired Tuesday afternoon at an informal conference of commissioners in which Commissioner E. S. All refused to take part and from which representatives of the daily newspapers were excluded.

With the exception of Commissioner All, who declined to participate because, he said, he would "have no hand in dealings that were not open to the public," all of the other commissioners and the mayor took part in the conference, together with all of the members of the police force and several other persons.

Newspaper representatives were told when they were asked by the mayor to retire, that the proceedings of the meeting would in due time become public through action taken at a regular meeting of the commission.

During the discussion, it was learned, Chief of Police J. B. Cross was asked if he thought he could "get along" in his present position, to which he replied, "I can get along with anyone; I can't stay sore at anybody very long."

Statement was made that eight patrolmen were in ignorance, under the existing organization, of information that had come to headquarters during the day. The chief replied that the day force was equally in the dark as to the activities of the officers on night duty.

EASTERN STAR CHOOSES ITS OFFICERS FOR YEAR

Mrs. M. O. Ware is Elected to Succeed Mrs. H. O. Dickerson, Retiring Worthy Matron

Members of Twin Falls chapter, Order of the Eastern Star, at a meeting Tuesday evening, elected the following officers for the coming year: Worthy matron, Mrs. M. O. Ware; worthy patron, Dr. F. O. Beebe; associate matron, Mrs. E. J. Finch; secretary, Mrs. J. B. Rogers; treasurer, Mrs. Walter Lee; conductress, Mrs. J. P. Johnson; associate conductress, Mrs. O. Johnson.

Mrs. Ware, who served last year as associate matron, was chosen to succeed Mrs. H. O. Dickerson, retiring worthy matron.

BRING CASHIER TO TRIAL

Deputy Sheriff Goes to Michigan for Forney Minkley, Bank Cashier Charged with Embezzlement

Deputy Sheriff V. H. Grimsby left Tuesday morning for Detroit to obtain extradition papers to bring L. H. Merrifield, former cashier of the Bank of Murfreesboro, to Twin Falls from Lansing, Michigan, where he is held on charges of embezzling \$4500 from the bank early this year. Merrifield refused to waive extradition.

Local Brevities

Married to Wed.—B. N. Bailey of the Elmer and Joy Henderson of Hollister were granted a marriage license Tuesday.

Sewing Club Entertains.—The Sewing club of Booth's store entertained ports will be discussed and methods for making hunters within the Wright's store with a 6 o'clock dinner at Tom's cafe Tuesday evening.

Judge Davis Will Judge John E. Dayles, Twin Falls attorney, is in the county hospital under treatment for kidney trouble. His condition was reported Tuesday as to be satisfactory and an operation may be necessary.

HEARING SET FOR BIG MURTAUGH BOND ISSUE

Petition for Confirmation of \$3,700,000 Bond Issue to be Heard on January 8

Hearing on the supplemental petition filed by district court Tuesday for the examination, approval and confirmation of the \$3,700,000 bond issue of the Murtaugh irrigation district was set for January 8 at 10 a. m. at the court house. The petition was filed Tuesday by Porter & Williams, attorneys for the district.

The directors of the district proposed a bond issue on December 6, 1921. Previous to this date H. T. Henderson, engineer, had made the necessary survey and furnished plans and estimates for the district. A copy of the planned operation having been submitted to the state reclamation department. The amount of the issue was estimated at \$3,700,000. A special election was held May 15 when there were no dissenting votes.

The organization of the Murtaugh irrigation district was approved on March 26, 1921. The petition provides that any person interested may appear and make answer or demur to the petition on or before the date of the hearing.

PLAN TO BRING QUAIL AND PARTRIDGES HERE

Fish and Game Association to Discuss Bringing in Birds and Enforcing Game Laws

Ways and means for stocking this district with Hungarian partridges and quail will be discussed at a meeting called by the county assessor, office Friday evening at 7:30 o'clock at the South end of the Twin Falls. The meeting is called by Dr. Earl Blear, president of the association and is open to all sportsmen; whether members of the association or not.

If it is decided to bring propagating stocks of the birds here the association will obtain the birds through the association or from the state game warden. Dr. Blear said, a state game warden of several years on quail would be necessary. Reports have been given that hunters in this vicinity have killed Hungarian partridges and quail.

DEFENDANT ON STAND IN SUIT OVER CATTLE SALE

A. A. Warner, defendant in the civil suit brought by O. A. McFadden, occupied the witness stand in district court a large part of the afternoon Tuesday. Judgment of \$1899.93 for the plaintiff was rendered in the case of O. A. McFadden vs. the Boyle Commission company.

A long list of witnesses will be called in the McFadden suit and the case will probably continue through Tuesday. The plaintiff asks for payment for cattle sold and Mr. Warner and the latter has brought a counter suit claiming the cattle were afflicted with lung-jaw.

The jury was selected during the forenoon and Mr. Warner first took the stand at 1:30 o'clock.

Tuesday is Coldest Day of the Season

"The coldest day of the season," chattered the weather man in speaking of the temperature Tuesday. The average for the day was 19 degrees, or three degrees lower than on Friday when the lowest temperature this winter was recorded.

The low average was caused principally by the temperature remaining at a low mark during the day. The average for Tuesday was 19 degrees. The mercury advanced only seven degrees during the day and at 8 o'clock Tuesday night the temperature stood at 22 degrees. A trace of precipitation was recorded.

Directors Race Close in Hillsdale Election

Unofficial Returns Shows Split in Special Assessment Voting; Light Vote Recorded

A. Van Buren and B. W. McElweary were favorites for membership on the board of directors of the Hillsdale irrigation district. From district No. 1 and in the other two districts Mr. McHenry and A. B. Hartley, both of whose terms have expired, were favored for re-election, according to unofficial but nearly complete returns from the district election of the district Tuesday night.

Returns from district No. 2, or the Hillsdale district, showed the voters against the assessment of cents a acre for maintenance purpose, the vote being almost two-to-one against it. In district No. 3, or the Cassel-Lamp district, the voters were unanimously in favor of the special assessment, which would raise approximately \$7000.

Owners of approximately 30,000 acres of land are affected. The voting was rather light as has been the case in previous years, according to reports. The special assessment has been levied every year.
