

NATION'S CROPS VALUED AT OVER SEVEN BILLIONS

Department of Agriculture Reviews Year's Record and Sees Improvement in Prices and Increased Production

WASHINGTON, Dec. 15 (AP)—The nation's crops this year are worth \$7,476,500,000, based on the farm value as of December 1, the department of agriculture announced today in its final crop report of the year.

The value is \$1,845,978,000 more than last year's crops, reflecting improvement in prices for farm products and increased production in some crops. This year's farm production is worth about the same as that of 1916, but is less than 1920 by about \$1,500,000,000 and lower than any year since 1910, except last year. It is only 10 per cent more than half as much as the record value year of 1919.

Bumper Crops

Record production was made this year in rye, while potatoes, sweet potatoes and hay. Other bumper crops this year were rice, with the third largest production in history, tobacco with the fourth largest in history, wheat with the fifth largest production, and corn with its seventh largest crop. Cotton this year is the fourth most valuable crop of the United States, although a small crop in point of production.

Corn, as usual, is the country's most valuable crop being worth this year \$700,000,000 more than last year with a total value of \$1,900,287,000. Cotton stands second with \$1,363,517,000, the first being valued at \$1,191,710,000, and the cotton seed at \$177,755,000. Hay is the third most valuable crop with a total of \$1,331,879,000. No other crop reached a billion dollars in value this year. Wheat was valued at \$894,139,000 standing as fourth most valuable crop of the country.

Corn Crop Declines

Today's final report showed a reduction in the corn crop of about 4,000,000 bushels. Increases were shown for other crops, including: winter wheat, 1,011,000 bushels; spring wheat, 1,700,000 bushels; oats, 14,278,000 bushels; rye, 15,874,000 bushels; buckwheat, 1,407,000 bushels; potatoes, 17,320,000 bushels; and hay, 4,355,000 tons.

Revision of the 1921 production statistics placed the crops that year as follows:

Corn, 3,068,569,000 bushels; winter wheat, 900,516,000; spring wheat, 214,059,000; oats, 1,075,341,000; potatoes, 22,420,000; rye, 15,874,000; hay, 4,355,000 tons; and tobacco, 1,069,095,000 pounds.

PSEUDO GILDED YOUTH IS HELD FOR VAGRANCY

Too Vivid Imagination Strives About Undoing of Job Who Fused for Girls as Member of Hall Magazine

SPOKANE, Wash., Dec. 15 (AP)—Too vivid imagination preyed the undoing of James E. Dooley, aged 23, here last week. Not only had Dooley been a "kidder's" hime, but he was a nephew of the late E. H. Hartman, railroad magnate, but he became so strongly convinced that he was a "kidder" that he told others about it. Dooley is spending a four months' sentence in the county jail on a state vagrancy charge.

Testimony at Dooley's trial on the vagrancy charge brought out that he was in the habit of dropping into the hotel owned by the late E. H. Hartman, a testifying girl he met there with stories of his immense wealth. He further told the young ladies that he would be obliged to give them money shortly to accompany Louis Hill, Great Northern president, on a trip in the latter's private car. As a matter of fact, Dooley has been busy all day working in the Great Northern shops at Hilliard, a suburb, at \$3.50 a day.

Dooley was charged with vagrancy on the statements of Jean Marie, a girl just completing a four months' sentence in the city jail for shoplifting. She told the police that Dooley made her acquaintance in Tacoma, brought her to Spokane and lived on his earnings until her arrest.

NEARLY HALF OF CORN EXPORT GOES TO CANADA

WASHINGTON, Dec. 15 (AP)—Nearly half the exports of corn from the United States in 1922—over 50,000,000 bushels—went to Canada, according to the United States department of agriculture. Much of this corn, however, even went to Europe, for Canadian statistics show that only 12,000,000 bushels were imported from this country for some consumption.

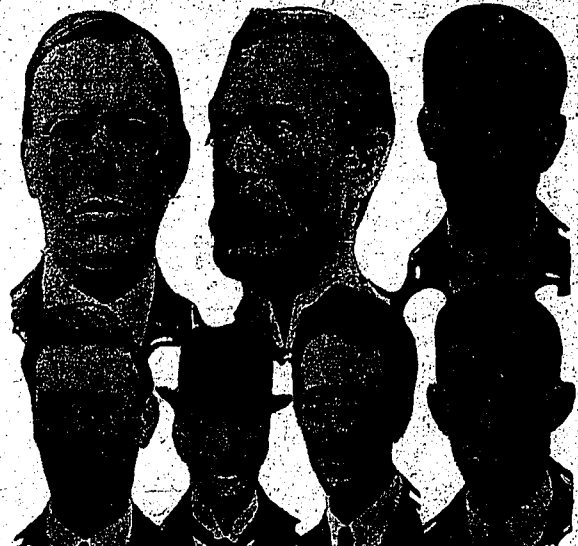

Exports of corn during each of the first three months of 1922 were larger than during any month in 1921. The second largest foreign market for American corn was the British Isles, where 17,843,464 bushels were imported. The next largest markets in point of receipts were the United Kingdom, Germany and Mexico.

Corn exports for the first eight months of this year exceeded the exports for the same period of 1921 by 2,488,743 bushels, according to the department. Total corn exports for 1921 were 8128,974,505 bushels. For the first eight months of 1922 exports were 4,652,284 bushels, exclusive of 485,700 barrels of corn meal and corn flour, the equivalent of 1,311,064 bushels of corn.

Men Who Guide Destinies of Irish Free State

King George has given royal assent to the creation of the Irish Free State and has selected Timothy Healy to be governor general. Here are the Irishmen who will guide the destinies of the new nation: William Cosgrave is president of the cabinet, a position similar to that of premier, Richard Mulcahy is minister of defense, charged with putting down the republican rebellion. Desmond Fitzgerald is minister of foreign affairs. Kevin O'Higgins is minister of home affairs. Professor John MacNeill, one of the most learned of the Irish leaders, is minister of education. M. Joseph McGrath is minister of industry, commerce and labor. Ernest Blythe is minister of local government.

FRANCE WEIGHS ITS GOVERNMENT

Fall of Poincare, in Event of Failure of Reparations Conference, is Openly Discussed

PARIS, Dec. 15 (AP)—While so immediate fears are expressed regarding the safety of the Poincare cabinet during the closing days of 1922, the fall of Premier Poincare, in the event of the failure of the coming Paris conference on reparations, is being openly discussed in the lobby of the chamber of deputies.

The existence of a list of ministers to form a cabinet which would be ready to step into the breach should Premier Poincare be defeated after the Christmas recess at the chamber of deputies is said to be a fact. The backbone of this cabinet is reported to be made up of former ministers of the cabinet of M. Clemenceau, with Louis Tardieu, an ex-minister, but many prominent politicians, some of them former holders of portfolios, are said to have come to an agreement to aid M. Tardieu.

The seriousness of the situation is evidenced by a discussion of the budget today. M. Briand was the center of much attention, but the former premier said to one of his friends: "I have no desire to assume power at this stage."

LIBRARY COUNCIL TO MEET

CHICAGO, Dec. 15 (AP)—The midwinter meetings of the council, executive board, editorial committee and committee on extension of the American Library association will be held here December 28-30, in connection with meetings of university, college and large public libraries. The sessions will be devoted to meetings of the individual libraries.

It is also announced that the Biographical Society of America, which usually meets at the same time, will hold their year in New Haven, Conn., December 29.

A WORD TO THE MEAT CONSUMERS

The U. S. Meat Co. is opening its doors Saturday morning in the Paris block, 130 West Spokane, to sell all kinds of fresh, smoked meats and sausage. We have a record for over one year where we have been selling our meats, at these prices enumerated in the regular advertisement columns. There will be our prices and they will rise and fall with the prices of livestock. We come here to the quarters where we are open now are only temporary, as we will have a bigger place on Main street, which we will fix up with the most up-to-date equipment a market needs in this city. You will also see where we will put a special sale on heavy pork. Now, Mr. Meat-Consumer, if you patronize us we can guarantee you reasonable prices, in keeping with the prices of livestock. It is not necessary to mention the prices that have been imposed upon you here in this city, right along until today. The wise person will patronize the parties who brought the prices down. We invite the public to give us a fair chance by patronizing us and we will guarantee satisfaction. Thanking you in advance, we are yours for service.

Congresswoman Puts Blame for Defeat on Ku Klux and Women

Miss Robertson Tells Rotarians Oklahoma "Went Radical" in Last Election

NEW YORK, Dec. 15 (AP)—Miss Alice Robertson, congressional representative from Oklahoma, today declared before the New York Rotary club that the Ku Klux Klan and the women's vote defeated her in last month's election.

"Oklahoma didn't go democratic; it went radical," Miss Robertson said. "I tremble for Oklahoma. There are very hard times ahead. All of us who try to do things with respect for the constitution and American institutions are subject to attack by radicals."

The Klan opposed her because she voted against the soldier bonus bill, she said. "The women became the sheepdog of the Sheppard-Towner maternity bill."

Moonskinners Furnish Badges for Delegates at Sheriff's Session

SPOKANE, Wash., Dec. 15 (AP)—Moonskinners in northwestern Idaho are contributing badges for delegates to the Northwest Association of Sheriffs and Police conducted by the sheriff of the county, Ore., from January 18 to 20, 1923.

The police officers' organization is selling up copper shills and converting them into badges for the delegates. The association includes in its membership officers from Washington, Oregon, Idaho, Montana, Alberta and British Columbia.

AGED APACHE SUFFERING FROM STARVATION

PRESCOTT, Arizona, Dec. 15 (AP)—Between 20 and 50 old Apache Indians in the middle of the Verde district are suffering from want, according to a report made by a delegation of the Verde district commercial club. Many of the Indians are blind and all of them are too feeble to work, it is stated. Restrictions on the amount of rations which the Indian agent is permitted to issue are said to have worked a hardship on the aged Indians.

FORMOSA HAS A RECORD RICE CROP BUT WITH NO BUYERS

OSAKA, Japan, Dec. 15 (AP)—Formosa has 4,680,000 koku of rice to sell and thus far no buyers. Last year the island shipped 1,020,000 koku to Japan, but this year with a record crop in Formosa and Japan, there is an over-supply. Later estimates of Japan's crop make it from 800,000 to 1,000,000 koku less than originally estimated.

IMPROVEMENT IS SEEN IN WESTERN WINTER RANGES

Beneficial Effect of Snow and Rain Together with Comparatively High Temperature is Pointed Out

DENVER, Colo., Dec. 15 (AP)—Winter ranges in the western states have been improved generally since November 1, in the north chiefly by snow and in the south by rain and comparatively high temperatures, according to a statement issued today by the crop and livestock estimate bureau of the department of agriculture. The critia in the south not only have provided water for stock but has aided the growth of wheat which will be available for grazing and in Texas grass also has been benefited. The average condition of ranges in the western states December 1 was 84 per cent of normal compared with 81 per cent on November 1. The condition of cattle averaged 80 per cent of normal compared with 83 per cent on Nov. 1, while the condition of sheep on December 1 was 93, the same as one month earlier.

Hay and other feed are reported as sufficient for prospective needs in South Dakota and Nebraska, but the supply either is deficient or scarcely equal to needs in Montana, Wyoming, Idaho, Colorado and Oklahoma. In Oklahoma cattle were put on winter feed about ten days earlier than usual. Marketing of cattle for the fall season is nearly completed and is reported to have been much heavier than usual although hindered to some extent by shortage of cars. Financial conditions, scarcity of pastures in some regions and to some extent heavy snow covering the ranges have forced cattle on the market despite prices which were not satisfactory to producers.

CRAZY TURK RUNS TO FIGHT ANOTHER DAY

Representative of Angora Government Who Eluded British is at Lausanne; Weight Makes Flight Difficult

LAUSANNE, Dec. 15 (AP)—Diplomatic day in 1922, representative of the Angora government at Rome and member of the Turkish delegation at the Near Eastern conference, was present at the senate in Constantinople when the allied governments, under British leadership, closed up the Turkish parliament in 1919 and banished to Malta the most of the nationalist leaders who had not joined Mustafa Kemal in Angora.

The British were after Djialaladin, but he was too clever for them. He was warned in advance and lay in hiding until he was able to make his way across the Bosphorus disguised as a peasant. Then he was smuggled to the coast across Anatolia to a point on the Angora railway which was beyond allied control.

Diplomatic Air Force is as large as a man as Chief Justice Taft of the United States supreme court. His companion in flight was Halide Edib Hissim, the celebrated Turkish novelist whom the English also wanted to send to Malta because of her effective agitation against the terms of the Sevres treaty. Halide Edib Hissim is a slightly athletic build and found the night walks and horseback ride comparatively easy. But it was difficult to find a horse strong enough to carry Djialaladin Air Force. The horse fell under his weight, and he was badly battered and bruised before he managed to reach a zone of safety.

In the three years and a half since that he fought the Angora government has won recognition as the responsible government of Turkey; has defeated Greece, and has unseated the sultan at Constantinople. So the refugees of 1919 are now returning to Europe under conditions far different from those under which they fled.

AMERICAN TARIFF HITS AT CHINA'S EGG TRADE

Shanghai, Dec. 15 (AP)—China's trade will be less affected than that of any other country by the new American tariff, according to some experts expressed in official and commercial circles in Shanghai. The chief exports from China that are affected by the American tariff are tea, silk, raw cotton, and walnuts. These constitute less than a fifth of China's annual exports to the United States.

The bulk of China's exports to America in aggregate valuation comprise raw cotton, silk, tea, hides, unprocessed wax, sundries, carpets, and other articles and sundries, or about 70 per cent of the country's exports, and these are continued on the free list.

The new tariff, however, and down, constituting about 10 per cent of China's exports, are said to be admitted under the same scale of duty that obtained under the 1913 tariff. The new law's increase from 45 per cent to 55 per cent on manufactured articles including sundries, is believed to be a relief, as it is thought that additional in the ad valorem duty from 95 per cent to 90 per cent on embroideries will have much effect in reducing the bulk of these exports.

ITALY'S AMBASSADOR WAS ONCE IDAHO MINE WORKER

Former Associate State Engineer, Charge of Mill of Bunker Hill and Sullivan Property

WALLACE, Idaho, Dec. 15 (AP)—Prince Galeazzo Ciano, recently named Italian ambassador to Washington, D. C., was engineer in charge of the mill of the Bunker Hill and Sullivan mine here in Idaho, according to E. W. Cline, one of the mine officials. At that time the prince was in the United States metallurgical department, says Mr. Cline.

When leaving the Wallace mine, Prince Ciano went to San Francisco, where he remained until Italy was drawn into the world war. He then returned to his native country and served during the war with the engineering corps of the Italian army. It is said that he was Prince Ciano who laid a mine which blew up the top of Ogdan mountain, an Austrian stronghold.

His senior friend, who retained the Italian ambassadorship to the United States after the Fascist party came into power in Italy, Premier Mussolini appointed Prince Ciano to succeed him.

ANTI-BOLSHEWIK TENDENCIES WERE LIBERTY FOR RUSSIAN

Rome, Dec. 15 (AP)—A Russian named Z. W. Zinovieff, who was thought by the police to be G. S. Zinovieff, governor of Petrograd before the war and now chairman of the executive committee of the Russian revolutionaries, was taken into custody today on a train bound from Trieste to Rome. The police afterwards ascertained that the man was not the communist, but a Russian with anti-Bolshevik tendencies. They therefore set him free.

STRONG TRACK TEAM IN PROSPECT FOR STANFORD

Cardinal Hopes to Dedicate New Stadium with Sweeping Victory Over Ancient Foe

STANFORD UNIVERSITY, Cal., Dec. 15 (AP)—One of the best track teams that ever wore the Cardinal is in sight for next spring at Stanford, providing the men here remain in school and are not injured.

Next year the "big meet" with California probably will be held in the Stanford stadium and the Cardinal is hoping to dedicate the new \$14,000 stadium track with a sweeping victory over its ancient foe. The track was the last built by the late "Dad" Morrison, beloved Stanford trainer.

Stanford always has been strong in the spring and next year will be no exception, for a new runner, Marshall Hale, has been discovered. Four watches last week timed Hale at 9 and 16 seconds in the 100-yard run, and 21.84 seconds in the 220. Hale was on the squad last year but did not race on account of a pulled tendon. In addition to Hale there is a good half miler, Edmie Sidden, track Cardinal sprint man of 1922, will return to college after the Christmas vacation. Bob Wright also will run the sprint.

For the first time in several years the Cardinal team will have good distance men. Three runners, Al Charles, Murray and Elliott, built out for the long run. Last year Elliott, after two weeks of training, took third in the two mile run against California.

There were three to Glen Hertrampf, national intercollegiate champion in the shot and discus and a dangerous man in the high jump and a coach who holds the Stanford-California record for this distance and also holds the Stanford practice record. Charles Dale, who won the half mile year against California, will also be back. "Blink" Williamson and Van Juden will run the 440 yard event, and Dale and Lettner will be in the hurdles. Two years ago, in a national meet, Falk-run second only to Krogness of the Harvard star.

Bill Blake will be in the role-vault and Stanford is weak only in the jump and the javelin. If Blighetti comes back, the weakness in the javelin will be removed.

In the Stanford-California meet last year—a bitterly contested affair—the Cards and Bears fought to a tie.

YALE LISTS MEET GAMES

NEW HAVEN, Conn., Dec. 15 (AP)—The Yale football schedule for next season was announced today, calls for "trial" games at San Francisco, and in conformity with the so-called "triangular agreement," calls for no long trips from home. Seven of the games will be played at the last of the Harvard game, the last of the season, will be played at Cambridge.

MAJOR LEAGUES DRAFT THREE COAST PLAYERS

Salt Lake Constructs Two and Sacramento One Star to Big Clubs; Deal for Eddie Collins Falls Through

NEW YORK, Dec. 15 (AP)—Major league clubs closed their 1923 conferences after establishing new records for a maximum discussion of player deals and trades and a minimum of actual propositions consummated. Three deals involving acquisition of highly touted minor league stars were the net results of practically continuous bargaining efforts. No inter-league deals figured in the limelight.

Outstanding today was the intimation by officials of both New York and Chicago American league clubs that the deal by which the Yankees sought to acquire Eddie Collins, star second baseman of the White Sox, practically had fallen through.

The three deals of importance consummated during the week, all announced yesterday, brought three more Pacific coast league stars to the majors. Pittsburgh acquired Pitcher Earl Kuntz from the Sacramento club for four players and \$7,500 in cash; Philadelphia Nationals obtained Shortstop Hines Sand from the Salt Lake City club, for four players; and St. Louis Browns paid \$10,000 for Pitcher Hollis Thurston, also from the Salt Lake City club.

REED COLLEGE ADDS ROWING TO LIST OF ACTIVITIES

PORTLAND, Ore., Dec. 15 (AP)—Reed college of Portland, which has added rowing to its list of sports, will send its varsity against the University of Washington freshmen in Seattle next spring.

Russell S. Callow, rowing coach at the school and director in the race, stated that the University would do all it could to further the "finest and cleanest" of sports at Reed.

Sixteen men are out for the Reed crew, working under Coach Richardson who was stroke of the 1920 Washington team.

FASHION SHOW DOOMS FLAPPER

Short Hair and Short Skirts Find Scant Favor at Styles Show at Lausanne

LAUSANNE, Dec. 15 (AP)—Short hair and short skirts was "little-favor" in the fashion-conference which Paul Poiret, the Paris artist, conducted at the Grand Theatre for the fashionable crowds gathered in Lausanne for the Near Eastern conference.

Ten Parisian mannikins displayed more than 100 costumes before the excited audience which registered its approval, by loud applause, or was deadly silent when a "pauvre" hurried across the stage.

It was the fancy of the "auvent" which was the main portion of the audience.

It soon became apparent that the girls coveted more than the costumes. It was difficult for a short-haired girl to call forth much applause from a young diplomat who courted a friend of the main section of the audience.

There were mannikins with bobbed hair which was curled, and bobbed hair which was straight. There were both blondes and brunettes with short hair, but the attracted little attention.

There were girls with long hair, regardless of whether it was red, golden or black. They got all the applause. And the more modest and demure the mannikin, the greater her popularity with the spectators.

The "snappy flapper" was clearly in the minority in the opinion of the international fashion culture at Lausanne, and the wildest girl in extremely long skirts and with plainly dressed hair was in favor.

The favorite among the mannikins was a gray-eyed girl Quakeress, with brown hair, parted in the middle, and simply dressed. Her neck and arms were all gray or blue, and whenever she appeared on the stage the applause was deafening with the more flashy mannikin, smiling with great affectation and dressed in conspicuous red and yellow gowns, were greeted with little enthusiasm.

NEW ENGLAND CONCERNS ISSUE STOCK DIVIDENDS

Increased Capitalizations on Part of Several Corporations Bring About Distribution of Millions of Dollars

BOSTON, Mass., Dec. 15 (AP)—Another batch of increased capitalizations with consequent stock dividends brought further Christmas distributions representing millions of dollars to stockholders in New England corporations today.

To the large sums already diverted from surplus in other companies, there were added several actions of recapitalization and dividend payment that ran into many hundreds per cent.

The Brown and Sharpe Manufacturing company of Providence, making machine tools, filed with the secretary of state notice that its capital stock had been increased from \$100,000 to \$10,000,000. A stock dividend of 10,000 per cent was voted to the owners of the new stock.

Stockholders of the Waukegan company, manufacturers of wire, voted at Providence today to increase the capital stock from \$200,000 to \$5,000,000. They voted also to distribute among themselves the new stock as a 1,000 per cent stock dividend.

The New York Manufacturing company of Saco, Maine, making cotton cloth, by action of the directors, proposed to the stockholders a doubling of the \$1,000,000 capitalization with a 100 per cent stock dividend.

The Oakdale (N. I.) Worsted company, after increasing its stock from \$100,000 to \$450,000, distributed the capital stock from \$200,000 to \$400 per cent stock dividend.

The Merrimack Woolen company increased its capital stock from \$750,000 to \$1,000,000 and provided for a stock dividend from capital and surplus, the exact amount of which was not announced.

SOPHOMORE GIRLS TEAM INTERGLASS CHAMPIONS

Defeat of Seniors for Title Upsets Dope Bucket at Close of Series; Junior Boys Lead

More dope was spilled Friday afternoon at the girls' interclass basketball games which are being played at the local high-school gym, when the girls of the sophomore class trounced the seniors by the score of 21 to 11, winning the school championship.

The senior girls lacked team work, the first essential of basketball, while their younger opponents showed mid-major form.

Three O'Neil girls "dusted" for seniors, scoring all but four of the points, but her work failed to prove an incentive to her teammates.

Head Coach played a strong game for the sopho doing most of the basket shooting. She was unfortunate in one instance in having to time called to permit her to rearrange strategy which had obstructed her view. After hair pins and the powder puff had been applied, play was resumed.

The second game of the afternoon was played between the freshmen and the seniors of the boys' division, which resulted in a victory for the latter, the score being 25 to 17.

The seniors displayed a strong lineup with Scott and Walter Selok as forwards, Strickling at center, and King and Pat Ryan as guards. King played all around playing featured the match.

The closing game of the day was between the juniors and sophs. The juniors won handily by the score of 23 to 11. The first half of the game ended with the third year men leading by a 9 to 6 score, and the crowd of spectators were pulling for "the Moores" to win, so as to put the juniors in the "with" the seniors, but the wily "sophs" and his teammates did not begin pulling away in the last five minutes of the game. Garaly for the sophs hit the ball in his possession most of the time, but lack of practice kept the "Moores" from scoring easily. Chester Jamison has shown considerable improvement and gave a good account of himself during the game. These two birds will bear watching.

For the juniors, "Swoed" Jenkins and Ross Cole again did most of the heavy work, the pink-checked lead showing up a great deal better than on the preceding day.

The final games will be played Monday at 4 o'clock. The standing of the different classes at date:

FILER TRIMS JEROME'S QUINTEY AT HOOP GAME

Northsiders Take Short End of 30 to 8 Score; Cole is the High Point Maker

FILER, Dec. 15 (Special to The News)—The Filer basketball five won an easy victory over the Jerome hoops by the score of 30 to 8 in the high school gym here this evening.

The local quintet with the casual in its possession most of the time proved victorious of the hoops for the North Side visitors.

Maurice Cole at center for the home team was high point maker for the evening with seven field goals for a total of 14. Love was a close second with 10 points, while Marvin Cole scored the rest of the points with three field goals.

Tim and Lapp did fine work at guarding, while the local fans are predicting that the two Cole boys will be one of the "big" ones to watch in the future.

Jerome made but two field goals, the other four points being the result of free throws. Four of the five being charged against them.

Girls of the two schools staged the curtain raiser which went to North Side last night by the score of 17 to 15.

OREGON AGGIES SQUAD WILL VISIT CALIFORNIA

Baseball Players Plan Barnstorming Tour During Christmas Holidays; Tentative Schedule Made

COORVILLE, Ore., Dec. 15 (AP)—Basketball players of the Oregon Agricultural College here are planning a "barnstorming" tour of California during the Christmas holidays. The men leave December 25 and return January 8.

The tentative schedule calls for games at Marysville, Sacramento, Stockton, Livermore, San Francisco, Oakland and Oakland. Among the teams to be met will be the San Francisco Olympic club, Stanford University, the University of California, Berkeley college and the University of Santa Clara.

Coach Bob Hager will pilot the expedition and will have eight or nine players on the squad, including "Lefty" Hager, all-rounder center last year, and five other veterans, Moe Lyman, Luke Gill, Sam McCarr, Lyle McCarr and Arthur Ross, guard and captain.

The Aggies' first game in the northwest conference will be played January 18 against Willamette university. The Multnomah club five of Portland plays here January 23.

ARRANGE OWNER'S CLAIM TO RECOVERED AUTOMOBILE

GRONWATT, Ohio, Dec. 15 (AP)—Police here are searching for the owner of a bloodstained automobile here early today, was disassembled tonight when Walter Phillips, a bricklayer, who left the car parked on the top of a hill, was arrested at police headquarters and claimed the automobile as one stolen from him several days ago.

Phillips stated that he had been employed in Cincinnati for two months. He said he had parked his machine on Park boulevard last Tuesday night, when the car was disassembled and he was arrested and that it was stolen from there.

Bloodstains on and about the car led police to believe that the driver had the automobile out of their hands leaving off the California license tag.

WHITE SCORES TECHNICAL KNOCKOUT OVER MITCHELL

Chicago Lightweight Wins the Right to Challenge Champion by Defeat of Boxer

NEW YORK, Dec. 15 (AP)—Charles White, Chicago lightweight, won a technical knockout over Ritchie Mitchell of Milwaukee tonight in the fourth round of a 12-round match at Madison Square Garden.

Mitchell's seconds threw a towel into the ring after two minutes and 40 seconds of the round had elapsed as Mitchell fell to the canvas for the third time.

Mitchell's stilly style of attack bothered White during the early part of the bout, but the slender Milwaukeean was unable to stand up under White's terrific blows. White floored Mitchell in the first round with a left hook, but the latter came back in the second and had the Chicago boxer groggy, opening a cut under White's right eye and his lip.

Mitchell stayed on the aggressive during the next few rounds, but both showed up their feet. Scoring an opening in the fifth round, White staggered Mitchell with his left and sent him to the canvas. The bell saved White from a knockout in the second.

White smashed his right and left across with telling effect in the tenth round, and sent Mitchell in distress. Groggy and badly battered, but still game, Mitchell tried to fight back, but ran into a left hook that again sprawled him on the floor. He staggered to his feet only to go down again in the face of a fusillade of blows, and the fight ended as a towel was tossed into the ring from his corner.

RED-HEADED GO-BOYS FORM CLUB AT PULMAN COLLEGE

PULMAN, Wash., Dec. 14 (AP)—Red-headed girls at Washington State college here organized a club of "The Torch." The girls claim that the club has a purpose, but that purpose is a secret. Miriam Gerlach, dean of women at the college, is one of the members of the club.

WHITMAN FOOTBALL MEN TURN TO INDOOR SPORT

WALLA WALLA, Wash., Dec. 15 (AP)—With only a few days' rest from their strenuous football schedule, members of the 1923 football squad at Whitman college have turned their attention to basketball. A squad approximating 20 men are training out under the direction of Coach R. V. "Nig" Borleske.

Seven members of the in-school squad are letter men from this year's football team. This year's hoop squad will be led by Captain "Buz" Schneider. "Old" Nick, all northwest forward last year, and Jack Gervan, diminutive defense player, are both said to be turning out against local opponents. Both men are said to have heart trouble. Knudsen center, is troubled with an injured side, and is expected to play intramural football.

COAST REPORTS LABOR SURPLUS

Increase in Number of Workers Out of Employment Results from Farm Work's Close

SAN FRANCISCO, Dec. 11 (AP)—The surplus of unskilled workers throughout the Pacific coast increased materially in November, due largely to termination of agricultural activities.

Building and lumbering are still going forward, however, where weather permits, and a slight improvement in railroad rates is noted.

An abstract of Mr. Kelly's survey of conditions in California, Oregon and Washington follows: "California—Agriculture and fruit canning practically closed, resulting in a surplus of unskilled labor throughout the state.

BULL FARMERS REALIZE FAIR RETURNS ON CROP

Business Says Growers 'Freely Well Satisfied With Season's Prices'

"Farmers around Bull are pretty well satisfied with prices received for general conditions of the district are inclusive to optimism," said Ben H. Busman, secretary of the Bull Chamber of Commerce, a Twin Falls guest Friday night.

"One factor at least which helped out considerably this fall was that about 40,000 head of sheep were brought in through representatives of Clinton and Company of Boise. About 10,000 have been shipped and the remainder are still on hand.

"The crop crop was heavy this year. A good deal of the crop was sold to the sheep men at an average price, while other farmers sold their corn on the market and made out pretty well at about 75-cents a bushel.

Mr. Busman was enthusiastic over the state farmers' conference at Boise December 4, and believes the idea will be one of much benefit.

Appeals to Court to Reveal Hiding Place of Captive

Washington Man Gets Order Against Irish Free State in Endeavor to Obtain Prisoner's Testimony

NEW YORK, Dec. 15 (AP)—The Irish free state was ordered by Justice George V. Mulvan, in supreme court today, to show cause next Tuesday why the arrest of imprisonment of Stuart M. O'Mara, Irish republican leader, should not be revealed to attorneys for O'Mara and Eason de Valera.

The order was granted on petition of John F. Flannery of Washington, D. C., through Martin Conboy, his New York representative, who seeks to have a commission take O'Mara's testimony in the \$2,500,000 Irish republic bond suit which has been in the New York courts for more than a year.

The papers alleged that O'Mara was unlawfully detained in Ireland and it was feared he would be killed or otherwise prevented from giving testimony before the case could be brought to trial.

This development of affairs of the Irish free state in this country followed the receipt today of a letter by Daniel J. McGrath, who has been handling the consular affairs of the free state since Joseph P. Kampel died November 25, warning him to leave the country before December 26 or be shot at night. It was signed "Compton William Auldry."

Mr. Flannery went to court today on receipt of reports that O'Mara, who raised the \$2,500,000 by popular subscription in America during the world war, was in the custody of free state authorities.

"It appeared to us," he said, "that the free state might execute O'Mara before we could get on how the fund was raised could be taken." Mr. McGrath received the threatening letter this morning at the consular office. There was no clue to the writer, except in the spelling of "honorably" and "ignob."

AUTOMOBILE HIDING IN IRELAND NOT MUCH FUN

DUBLIN, Dec. 15 (AP)—Irish automobile owners are having a hard time. Travel is difficult and dangerous, many roads are impassable and repeated delays to examine permits discourage motoring. The tax for light cars works out at about ten shillings a week and many drivers cannot get under the present conditions, more than 100 miles a week out of their cars. If the tax is not paid there is the risk that the authorities may confiscate the car.

ADMINISTRATION SEES

(Continued From Page One)

eler had conferred here recently with Mr. Hughes and there was an informal meeting to associate these two conferences and to link them with the project for a loan to Germany by American bankers.

Loan Question Not Touchd It was indicated authoritatively at the state department late in the day that the loan question had not come up there in any official and formal way. Comment with respect to the project was refused beyond that intimation. The state department was equally reticent regarding the "rumor" of Ambassador Harvey, although it was admitted later at the White House that his first hand knowledge of the developments during the meeting in London, at the council of premiers was expected to be helpful. The admission was coupled with a suggestion that too great significance should not be given Mr. Harvey's trip.

It was said officially at the state department, that of the American attitude of white clover, war debts had undergone no change.

KNULL

KNULL—A Christmas program will be given Saturday evening, December 23, at 7:30 in the Pleasant View Presbyterian church. Appropriate exercises by the children, reading and songs, will be followed by a Christmas cantata by the choir, under the direction of Mr. Griev, "The Herald Angels." It is Mr. Stult's latest work, and in its preparation emphasis has been laid upon the various missions of the angels, as recorded in the gospel of St. Luke. The bright, beautiful music is full of Christmas spirit and a revival in vitation is extended to all to attend this service.

Mrs. J. T. Anderson and son, John left Thursday morning for Missouri for a six weeks' visit with Mrs. Anderson's mother and other relatives.

Mr. and Mrs. T. A. Baird from Twin Falls called in Knoll Park.

Mr. and Mrs. Ben Stater are the parents of a son, born December 1.

The Presbyterian choir was invited to Hazelton temple evening to give the "Mansions" by Henry Van Dyke, which was given at the Knoll Presbyterian church two weeks ago.

Miss Myrtle Mann and Miss Colbert, teacher of Park Lane school, will spend the week-end with Mr. and Mrs. Ray Mann.

OIL FIELD BIG ISSUE

(Continued from Page One)

An appeal to Christian America and Christian peoples the world over to send all their prayers to protect the Christian faith from aggression from Constantinople the patriarch of the Greek orthodox church was made tonight by Monsignor Germano, a high dignitary of the Greek orthodox church, who has come to the Lusitania conference to fight the cause of the patriarch.

Ismet Paşa, head of the Turkish delegation to the Near East conference and a long conversation tonight with Marquis Curzon of Kedleston, chief British representative.

Turks Stand Firm Lord Curzon reiterated the statement made during the day in a note inviting parties to the village of Mosul, containing the city of Mosul and the much-disputed oil fields, and not to exceed the territory of a majority of the population is Arab and the district belongs naturally to the Arab kingdom of Iraq.

The Turkish delegation insists on the claim of Mosul for Turkey and on the refusal of the Ankara government to grant territory for a national home for the Armenians. The delegation desires these oil fields which it has no authority to make concessions.
