TWIN FALLS, IDAHO, SUNDAY MORNING, FEBRUARY 10, 1923.

PRICE FIVE CENTS

BIG CACHE OF OPIUM IS UNEARTHED

Boise Scene of Federal Raid Which Nets Contraband Drug Valued at \$2,000 and Arrest of Four Chinese

BOISE, Feb. 10 (AP)—Dr. Fong Bow and four other Chinamen, Ah Wong, Ling Kong, Ah Wah and Ah Chong, are in the county jail here for the filing of charges by federal narcotics agents as the result of a raid on Dr. Bow's office and home tonight. Dr. W. Ballaine and H. B. Wenzel, inspectors working out of the penitentiary division headquarters, caused the detention of the men. Drugs valued at approximately \$3,500 were seized. The officers reported.

According to the federal men, evidence that approximately \$10,000 had been invested in materials used in the manufacture of drugs, was discovered when, in company with Henry Griffith and chief of police, Ernest Steops, captain of detectives, the office of Dr. Bow was thoroughly searched. Of Good Quality. The opium, which was found in the house with approximately \$200 worth of "Four Aces" which they confiscated, was unstamped, but was of a first class quality, Mr. Ballaine said. He added that the drugs, in various containers, were found in every possible nook and cranny, where an article might be hidden. In a chicken coop in the rear of the house a quantity was found, and another supply was discovered in a pile of dirt a trap door was discovered, in which three jugs of what is believed to be Chinese wine were discovered.

FILM STAR TAKES BRIDE

Harold Lloyd and Miss Mildred Davis, His Leading Woman, Steal March on Friends

LOS ANGELES, Feb. 10 (AP)—Harold Lloyd, motion picture comedian, and Miss Mildred Davis, his leading woman, were married in today at St. John's Protestant Episcopal church, Los Angeles, by the Rev. George Davidson, Jr.

Boy Scouts Will Gain Good Share of Big Donation

Officials in Session at Spokane Announce Favorable Outcome of Efforts

SPOKANE, Feb. 10 (AP)—Boy Scout officials of Washington, Oregon, Idaho and Montana, in conference here today with James E. West, chief executive of the Boy Scouts of America, announced tonight that \$5,000 of the \$6,000 required for the eleventh region to claim its share of the \$72,000 offered by M. H. Chiff, Chicago banker, and been placed in the fund. The \$12,000 to be thus raised, it was explained, will be in addition to \$6,800 national aid to which this region is entitled.

OFFICERS MAKE LENGTHY TRIP TO TAKE PRISONER

Fred Grenz was arrested near the Nevada line early Saturday morning by Deputy Sheriff Sam and Hamilton on a charge of stealing chickens. He pleaded not guilty before Probate Judge Duval Saturday and his bond was fixed at \$500.

PROFESSOR BOENTGEN DIES

BERLIN, Feb. 10 (AP)—Professor William Conrad Roentgen, discoverer of the Roentgen rays, popularly known as X-rays, is dead at Munich.

Fatal Explosion is Accounted For in Peculiar Way

Gasoline Fumes Blown Into Open Door of Furnace Results in Terrific Destruction

EASTLAND, Texas, Feb. 10 (AP)—An explosion here, which has sustained a fatal burst and two others are in a critical condition as the result of a boiler explosion near the refining plant of the Magnolia Petroleum company, at Odessa, Texas, four miles east of here tonight.

Increased Wages Spell Prosperity for Lumber Trade

Advance of Five Cents an Hour Granted Workers of Northwest Affects 80,000 Men

PORTLAND, Ore., Feb. 10 (AP)—A general increase of five cents an hour in wages in the lumber industry in the northwest has been agreed upon by the Loyal Legion of Loggers and Lumbermen, in conference held in both the Pacific and inland empire districts, here today.

MOVING PICTURE CENSORSHIP FOR IDAHO IS URGED

Drastic House Bill Provides for Supervision of Advertising as Well as Requiring Licensing of Films

BOISE, Idaho, Feb. 10 (Special to The News)—Drastic moving picture censorship legislation, providing for advertising as well as denouncing the licensing of all films shown within the state by a commission of three members, of which must be a woman, is provided for in a house bill introduced today by Representatives Bruce and McElrath of Ada county, and Hamilton of Blaine.

WORLD PENSION TEACHERS

Teachers' retirement pension would be provided for in a measure by Representative Preston of Owyhee county. When teachers have reached the age of 70 years and have taught for 30 years will be eligible for an annuity. Funds would be provided by the assessment of 3 per cent of the compensation of Idaho teachers. Retirement of ten a year may occur at the age of 60. Provision is made for the return of money paid into the fund by teachers leaving the state, when reimbursement together with interest would be made.

Asks Old Phone Rates

Aimed at telephone companies in the state and requiring the reinstatement of rates, rentals and charges which expired February 10, 1917, introduced McElrath of Ada county, which extended a house bill. Another measure, from Representative Preston of Owyhee county, affecting public utility rates, which would require equalization may levy a tax of ten mills on utilities within the state to be used for school purposes.

SEEKS ELIMINATION OF EDUCATION COMMISSIONER

BOISE, Idaho, Feb. 10 (AP)—Sixteen members of the Idaho house of representatives joined today this afternoon in a resolution to eliminate the education commissioner. Dr. E. A. Bryan, chairman of education, from state service. Amending the present statute, providing for the board of education and board of regents, and calling for the appointment of four new members of the board by the governor on or before April 1, 1923, the bill would make the state superintendent of instruction the executive officer of the board. Sidericks is.

Sidericks Eight-Hour Bill

The Taylor eight-hour bill, which has been fought over more than any other measure before the legislature, was indefinitely postponed this afternoon on motion of Mrs. Lucy Beardmore, woman member from North Idaho, who sentimentally opposes the measure from the time of its introduction. The senate today passed the Dinwohy bill, extending the privileges of absentee voters to physically unable.

IDAHO MAN FIGURES IN STAR ROLE

Senator Borah Prominently Represented in Satire on Foreign Policy Staged at Gridiron Club Annual Dinner

WASHINGTON, Feb. 10 (AP)—American foreign policy was raked over the coals in satirical vein at tonight's mid-winter dinner of the Gridiron club of Washington newspaper correspondents. Soviet handouts, among them authors, artists and cartoonists, mingled with statesmen, diplomats and leaders of finance and industry, enjoying a series of stunts, musical and otherwise, the club members, after braving the dangerous field of foreign entanglement, rough shod over national domestic matters, recently dragged those who sit in high places over the hot grid.

BANS KLANSMEN ON JURY

State Declines to Accept Ku Klux Members in Trial of Major W. W. Chagnon, Charged with Murder

WICHITA FALLS, Texas, Feb. 10 (AP)—The jury in the trial of Major W. W. Chagnon, charged with murder in connection with the killing of M. C. Lamar, salesman, was completed in the 10th district court here today.

WOMAN FALLS TO INSTANT DEATH

Mrs. Louise H. Leeds, Sister-in-Law of Princess Anastasia, Pitches Through Window

NEW YORK, Feb. 10 (AP)—Mrs. Louise Hartstone Leeds, sister-in-law of Princess Anastasia of Greece, and prominent charitable worker, plunged to instant death from a fourth story window of her fashionable East 65th street home.

PUBLIC FEDERAL IS AGREED UPON

Fourteen White of 33 Victims of Canadian Mine Disaster to be Interred Sunday

CUMBERLAND, B. C., Feb. 10 (AP)—Plans were being made here tonight for a public funeral tomorrow for the 14 white men who lost their lives by number 4 of the Canadian Colliers (Dumsmuir), Ltd., near here Thursday night. The death list from the disaster has been fixed officially at 33.

PRODUCERS TO MEET

CHICAGO, Feb. 10 (AP)—Walter Petet, director of the new Department of co-operative marketing of the American Farm Bureau Federation, tonight announced a meeting of north-west producers in St. Paul, Minn., on March 2, at which he will present the farm bureau plans for the internationalization of collective selling.

FIFTY-FIVE WOMEN MAY BE WIDOWED BY DAWSON DISASTER

Late Check-up of Unaccounted For Mined Shows Terrible Extent of Deadly Blast

DAWSON, N. M., Feb. 10 (AP)—If none of the miners still unaccounted for in Dawson mine disaster are to be found alive, the disaster will have widowed fifty-five women and made orphans of 92 children, according to figures compiled tonight.

BANS KLANSMEN ON JURY

State Declines to Accept Ku Klux Members in Trial of Major W. W. Chagnon, Charged with Murder

WICHITA FALLS, Texas, Feb. 10 (AP)—The jury in the trial of Major W. W. Chagnon, charged with murder in connection with the killing of M. C. Lamar, salesman, was completed in the 10th district court here today.

TURKS MINING SMYRNA HARBOR

Elapse of Time Without Incident After Demand on Allied Warships Deemed Hopeful

LONDON, Feb. 10 (AP)—A Constantinople dispatch to the Exchange Telegraph company, says that the British government has ordered all the lightships in the Gulf of Souda, access to which is forbidden at night.

WARN OWNERS OF AUTOS

Automobile owners who permit boys to tie their sleds behind cars and to be dragged along the streets will be held responsible in case of injury to the boys, according to J. E. Criss, chief of police.

SNOWFALL PROBES IN WEEK'S WEATHER FORECAST

WASHINGTON, Feb. 10 (AP)—Weather outlook for week beginning Monday: Upper Mississippi and lower Missouri valleys: Considerable cloudiness, probably snow over north and south of rate over south portion at beginning and again about Wednesday or Thursday; temperature normal or slightly below.

The Day in Washington

(By The Associated Press) Federal authorities considered a request of the New York state fuel administrator for a partial embargo against anthracite shipments to Canada.

board to pay the Norwegian arbitration suit claims of \$11,955,000 from its claims fund.

The senate finance committee voted a favorable report on the British debt refunding legislation with minor amendments, as passed by the house.

Germans Look to America to Stave off the Spectre of Famine in Occupied Area

Municipal Authorities Forbid People Accepting Food from French Supply Kitchens on Ground that Residents Are Well Able to Take Care of Themselves

INVADERS MAKE GOOD PROGRESS IN RESTORATION OF RAILROAD SERVICE

DUESSELDORF, Feb. 10 (AP)—Air patrols began flying over the Ruhr today, watching the various coals and coal control posts, and the movement of trains in the direction of the frontiers. The French have completed the installation of an airbase near Dusseldorf and airmen will inspect the entire occupation frontiers daily.

DOUBT GATHERS ABOUT FATE OF SHIPPING BILL

Compromise Move Among Republicans Seeking Drastic Amendments Develops in a Conference at White House

WASHINGTON, Feb. 10 (AP)—With congress adjourning sine die at the end of another three weeks, the troubles of the much-harassed administration shipping bill have multiplied so that even its friends tonight said that its ultimate fate was shrouded in increased doubt.

WIDE AREA OCCUPIED.

ESSEN, Feb. 10 (AP)—The area now occupied by the French and Belgians in the Ruhr aggregates approximately 200,000 square kilometers, including the Rhine Island, according to figures announced in German quarters. The population of this area is 3,177,637, which compares with the population of Massachusetts and Michigan.

TO DISCUSS SITUATION.

BERLIN, Feb. 10 (AP)—President Ebert and several members of the cabinet are according to Kautsky for a discussion on Sunday with the Baden government on the situation.

TENSION INCREASING.

BERLIN, Feb. 10 (AP)—It is officially announced that the German charge d'affaires in Paris today handed the French government the following note:

Cause of Blast Is Still Mystery to Mine Management

Hope of Finding Any of Missing Men Alive Virtually is Abandoned by Rescuers

DAWSON, New Mexico, Feb. 10 (AP)—Dawson's death list in the disaster blast which wrecked a mine number one of the Phelps-Dodge corporation Thursday last, probably will be 120. Officials have abandoned hope of finding any of the missing men alive. It was announced today that the total number of bodies recovered from the mine passages reached 54 early tonight. The body of Albert E. English, Jr., foreman, was removed shortly after four o'clock this afternoon.

W. D. Brennan, manager of the local properties, after an exploration trip which took him to the most distant point in the mine—the end of number four crosscut north—declared emphatically there was little doubt that all had perished.

This afternoon—48 hours after the blast—the cause of the explosion was as much a mystery as it has ever been.

Official on Ground

P. C. Beckett, general manager of the Phelps-Dodge corporation, arrived here at 3:29 o'clock this afternoon to investigate the explosion.

The rescue work has hampered early in the day by a blizzard but the storm subsided at noon.

The main tunnel has been partially cleared virtually its entire length. The four locks, which were drawn down, leaving crosscut four cleared of gas, and partially rebuilt, attacked the task of reopening a way through crosscut five, six and seven north—the longest of the remaining.

In the group of more than 300 crowded about mine entrance this afternoon, were those who still hoped against hope that the rescue work would draw faces and anxious eyes, but there still were no tears. Only in the executive offices of the company, or at the morgue does one hear the sound of weeping.

Devastation within the mine is appalling, according to Manager Brennan.

CECIL'S PEACE SCHEME CAUSES HOT EXCHANGES

League Decides on Further Study of Proposal for Mutual Guarantees and International Army

GENEVA, Feb. 10. (AP)—Lord Robert Cecil's project for a treaty of mutual guarantees, providing for an international military force to be used against any state assuming the role of an aggressor, was referred today by the temporary committee on disarmament of the league of nations, to a sub-committee for further consideration.

It was provided that meanwhile the technical opinion of the permanent military commission of the league would be sought. The session probably was the most turbulent in the history of the league of nations committee.

M. Viviani of France, and Signor Schanzer of Italy, declared the time was not ripe for Lord Robert's project. To their suggestion that it be referred to the military committee for further study, the British statesman retorted that this meant the burial of his project, which was intended to pave the way for a reduction in armaments.

Viviani Sees Barrier
M. Viviani held that the treaty stood no possible chance of success unless supported by the various governments and that it therefore should be referred to the military committee, the members of which represented the governments.

After a violent debate, Lord Robert's compromise suggestion that the technicians be asked for an opinion, but that the project come before the disarmament committee in June, was adopted.

The project as presented to the committee follows the outline given in previous dispatches, but Lord Robert decided to omit any concrete plan for reduction of armament. He explained to the correspondent that general acceptance of the guarantee treaty would inevitably be followed by a general reduction of those armaments which would become unnecessary.

The treaty provides that the council of the league, by a three-fourths majority vote, may decide whether any state is menacing, and negotiate a special supplemental treaty affording adequate protection to the most needy state in the form of a military convention.

Apportions Quotas
The signatories would agree to accept general command by any state to which the council might entrust the organization of protective measures. Each signatory would agree to hold part of its naval and air forces at the disposition of the state having general command and to furnish further military help if requested by the council.

Any member of the league, and in addition, the United States, Germany and Russia, could adhere to the treaty by notifying the league or the signatories.

That's Different.
A man is always anxious to explain where he got his bad cold, but he is not so willing to tell where he got his good umbrella.

BABSON TAKES HOPEFUL VIEW OF TAX SITUATION

Statistician Sees No Immediate Prospect for Reduction of Government's Expenses; Predicts Soldier Bonus

WELLESLEY Hills, Mass., Feb. 10.—(Special to The News.)—"When will taxes be reduced?"

"The problem is apparent in the mind of the American business man and investor as he figures his report for 1922. To get the answer Roger W. Babson, statistician, has spent a week in Washington, studying the tax situation. His first-hand findings and unbiased report is of vital interest.

"Future taxes," says Mr. Babson, "depend in part upon future expenditures. The figures for the past year on this score, at least, are very hopeful. Whatever criticism may be made of the present administration, it must be admitted that it has exerted a continuous effort to reduce expenditures. An honest attempt is being made to introduce and operate a budget system. At the conference of Bureau Chiefs, held recently at the Continental Memorial Hall some 600 men met to effect further economy in the operation of the Government business.

"Fixed charges," interest rates and previous obligations, of course, cannot be changed, and in spite of the splendid work done to cut down current expenditures, the expenses of the government for 1922 reached a total of \$3,795,302,499.80. Nearly one billion of this amount was paid out, as interest on the public debts, such as Liberty Bonds and other outstanding securities in the United States; \$253,800,000 was used in pensions to soldiers, or their dependents, of the War of 1812, the Civil War, Indian Wars, Civil War and Spanish American War, while \$450,000,000 was paid for compensations, care and training for veterans of the World War. Approximately \$455,000,000 went to the army, and \$475,000,000 for the navy. About 60 per cent of our total expenditures go to the payment of interest, sinking funds, pensions and relief to veterans.

Revenue Yield Declining
"During the fiscal year of 1922, the Government collected \$4,109,104,450.04. Present prospects, however, indicate that no such amount will be collected in 1923. The Excess Profits Tax has been removed and general business is not as prosperous, and therefore will not yield as much in taxes as in previous years. To meet this situation, President Harding has earnestly requested that expenditures be cut by \$250,000,000 more.

"If we look at the United States Government as we would a corporation, there is no cause for alarm. Expenses have increased, to be sure, but expenses have increased in all businesses. On January 1st, 1923, we had in the United States, in gold \$3,933,475,015, about 45 per cent of all the gold in the world. Of this, over three and one quarter billion is held in the hands of treasury in the form of bullion. If we look at the ledgers, we find that 3,600,000 tax payers and 101,300 corporations contributed \$2,068,123,102.68 in 1922. While only \$356,443,387.18 was time, some day, some how, some where, their taxes would be reduced.

"Further study indicates that the

problem during the next few years is not one of trying to decrease the present budget, but rather of trying to hold it where it is and keep it from going much higher.

Heavy Expenditures Loom
"Unless a miracle happens, some sort of bonus bill will be passed in 1924. If not passed with the President's consent it probably will be passed over his veto. This will call for a huge additional sum of money. Then there is a tremendous road building program, the proposed nationalization of coal mines and the demands upon the treasury by the Farmer Bloc.

"When I talked with financiers regarding possible means of taxation to meet these additional expenditures and proposed increase in our national budget, the suggestions are as follows:

(1) A Sales Tax. (2) A tax on Light Beer and Wines. (3) Further Customs and Internal Revenue. (4) Collecting from Europe the \$10,000,000,000 owed us and, (5) The Restoration of the Excess Profits Tax.

"The keener students of taxes almost universally recommend the Sales Tax, but politically there seems to be little chance of the new Congress putting it through. A tax on light beers and wines at the present time is certainly out of the question. Both custom and internal revenue taxes are as high as the public can stand. Hence, by process of elimination the political leaders strenuously refuse to cancel the European debt for fear of the re-enactment of the Excess Profits Tax.

Fear Well Founded
"Their fear in this regard is well founded not from a purely selfish point of view on the business man who must pay such a tax, but because of its effect on the prosperity of the whole country. The re-enactment of such a tax would be a distinct set back to everyone. Natural resource sources, available labor, nor even capital, is sufficient to make a country prosperous. Russia is rich in natural resources. Africa abounds in available labor, and in every country where money is cheapest business is at its worst. Prosperity is really the result of initiative, courage and hopefulness. These intangible but all-important forces are the result of encouraging business. We cannot get prosperity by putting a ball and chain on the enterpriser.

"Inheritance taxes may be increased without affecting business. Congress may even increase the tax on incomes from stocks and bonds without hurting the farmer, but the re-enactment of the Excess Profits Tax, which paralyzes efficiency, enterprise and initiative would be distinctly harmful to all sections of the country and to farmers, businessmen, and to wage workers alike.

Affect Investors Directly
"These figures on government receipts and expenditures have a direct relation to investors. They mean that the present demand for non-taxable bonds will continue. A good many people who have their money in taxable securities have continued to hold these securities and pay a tax on them with a sub-conscious hope that some time, some day, some how, some where, their taxes would be reduced.

"Further study indicates that the

leads one to believe that higher taxes are here to stay, and that it will be a real feat to keep them down to present figure.

"An interest in tax-exempt securities may also be increased by a constitutional amendment preventing the sale of any more 'tax-exempt.' A resolution to this effect is before Congress at the present time. If it is passed, it will go before the states for ratification. It will be a long time, however, before such a bill will get the necessary two-thirds of the states to sign it, that it may become a constitutional amendment. Even if enacted it, of course, could not be retroactive and cannot affect the tax-exempt securities already issued. The very agitation may tend to bring out a rush of new issues which will have a depressing effect on the municipal bond market in spite of the strengthening tendency which many people expect.

Bond Crop Never Falls
"All this means," concluded Mr. Babson, "that the very large investors will continue to hold tax-exempt securities but there is no reason why the average investor should stampede to secure such issues. The bond crop is one crop that has never yet been known to fail. Many people believe that owing to the improved conditions, money will be much higher and that all bonds will decline in price during the next few months. This may be true, but I seriously doubt it. Altogether the Babson chart stands today at 3 per cent above normal, which would ordinarily signify that we are entering another period of inflation, a statistical study strongly suggests that

this present optimistic figure is only temporary. The great readjustment which started over two years ago is only about 60 per cent complete. My prediction is that bond prices in 1923 will average about the same as the bond prices in 1922, and the 'tax-exempt' will follow the general market.

"It will be safe for investors to count on present high taxes continuing, even if Congress has sense enough to enact an Excess Profits Tax."

FEBERVES FLOWERS' COLORS
TOKIO, Feb. 10 (AP)—H. Yendo, a government teacher, has discovered a method to preserve the natural colors of leaves and flowers in pressed specimens. He had devoted many years to experimenting.

An Inspiration

Abraham Lincoln, born in a lowly cabin of logs, got a desultory kind of education; he went to school six months. He lived hard and worked hard to earn bread, board and a yearly suit of homespun jeans and rawhide boots. In spite of a makeshift existence of farm hand, riverman, railsplitter, storekeeper, poverty and rudeness of life, he made the most of things, never permitting hardship to cloud his nature, and rose to be America's immortal president.

"I will study and prepare myself, then some day my chance will come," he said, showing early development of determination to make something of himself, and a desire to know. He never neglected an opportunity to learn.

He borrowed and read every book he heard of, in a circuit of fifty miles around him. Reading late in the night by the light of pine knots, he kept his book in a crack in the logs in his loft to have on hand at the peep of day. One of his old friends said, "He was better read than the world knows or is likely to know exactly."

Arithmetic problems were figured with charred sticks on the back of a wooden shovel serving as a slate. Long extracts from books he read were copied with a turkey-buzzard pen in brier-root ink.

His great heart never failed to aid men and women in trouble. Worthless drunkards called him friend. Once he picked up an inebriate who lay freezing by the roadside and carried him far to shelter and fire.

The following incident will show how he appreciated his first opportunity to earn. He had built a boat of his own. One day two men requested that he row them, and their trunks, from shore to a river boat standing in mid-stream. Each man tossed a silver half-dollar in Lincoln's boat for this service. He said this was the most important incident in his life—"I could scarcely credit that I, a poor boy, had earned a dollar in less than a day, that by honest work I had earned a dollar. I was a more hopeful and thoughtful boy from that time on." Later he earned \$8 a month as a "bow-hand to work the front oars."

What Inspiration Lincoln's Life Is!

Any man who gets discouraged easily, or has a tendency to give up, should consider the example this great man, who belongs to the ages, has set, and realize what a man can do, even with a poverty start, through most trying circumstances, when he makes up his mind that he can. Good things must be earned. Lincoln standing "six-foot-four," athletic, outlifted, outworked, outwrestled any man he met.

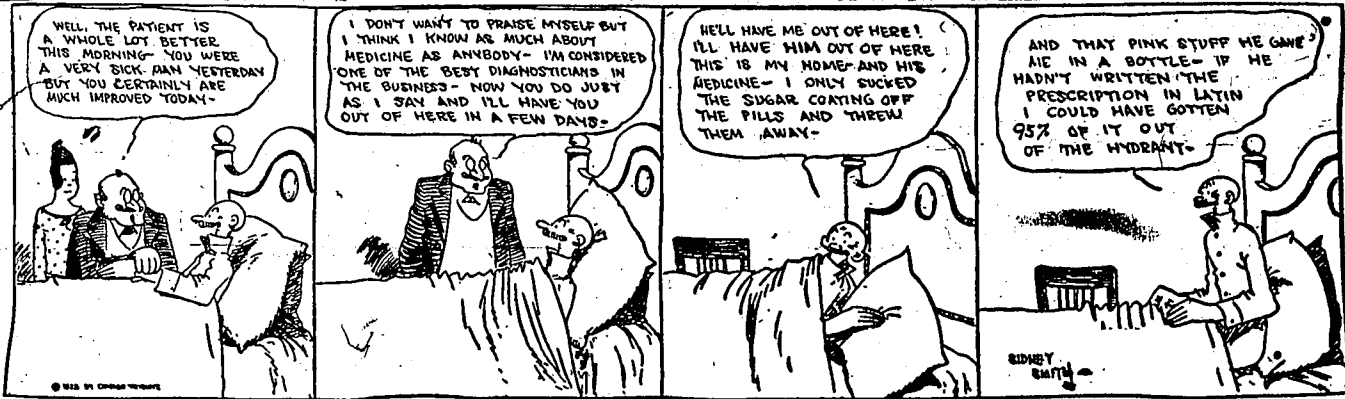

He said, "I have never had a policy, I have simply tried to do what seemed best each day, as each day came."

President Harding said, "Lincoln, the child of privation, hardships, of barren environment and meager opportunity, rose to unquestioned leadership. His parents were unlettered, his home was devoid of every element of culture and refinement. No infant prodigy, no luxury facilitated or privilege hastened his development, but he had a God-given intellect, a love for work, a willingness to live and a purpose to succeed."

"Lincoln was modest, but he was sure of himself and always greatly simple. His vision was blinded by no jealousy. He took advisers from among his rivals, invoked their patriotism and ignored their plottings. He dominated them by sheer greatness of his intellect, and singleness and honesty of his purpose."

On the banks of the historic Potomac, a most fitting place, stands Lincoln's memorial in beauty and majestic grandeur—and as Royal Cortissoz expressed it—"In this temple, as in the hearts of the people for whom he saved the union, the memory of Abraham Lincoln is enshrined."

THE GUMPS—AM I A GOOD DOCTOR?

TODAY'S SPORTING NEWS

RUPERT BUNCH TAKE VICTORY

West Enders Go Down to Defeat at Hands of the Faster Team; Score is Decisive

RUPERT, Feb. 10.—(Special to The News)—The Rupert high school basketball team won from the Buhl cage artists here tonight by the score of 39 to 14.

This was the second defeat in as many days suffered by the west end team, the Burley quintet applying a beating Friday evening on the Burley floor.

Buhl's failure to shoot easy baskets tells the story of tonight's defeat. Timo after time Mullins and Ringert threw away easy chances to add to the visitors score by failing to drop the canba through the net.

Stone, the locals' left guard, was the whole thing, shooting 8 field goals, making five free throws, and displaying clever floor work.

For the Buhl team the guarding of Layno and Wilson was the most prominent feature, these two lads working overtime in their effort to stop the onslaught of the Rupert boys.

The box score:

Buhl	Pos.	FG	FT	F	Points
Dunn, rf.		1	0	1	2
Mullins, lg.		2	4	0	8
Ringert, c.		2	0	2	4
Layne, rg.		0	0	1	0
Wilson, lg.		0	0	3	0
Totals		5	4	7	14

Rupert Box Score:

Rupert	Pos.	FG	FT	F	Points
Burgher, rf.-lf.		4	2	0	10
Stout, rf.		0	0	0	0
Gregory, rf.		0	0	0	0

SEMI-FINALS WILL BE PLAYED IN TWIN FALLS

The basketball semi-finals in the part of the south central district, comprising Filer, Buhl, Hollister, Kimberly and Twin Falls, will be played at Twin Falls on February 23 and 24. Instead of at Buhl, it was announced after a meeting of the athletic coaches at Filer Saturday afternoon.

This gives the local school both the semi-finals and the finale.

No reason was given for the change.

The News is read by the permanent earning class.

HOLLISTER IS NO MATCH FOR BARACA TEAM

Salmon Quintette Goes Down to Defeat Before Superior Playing of Local Five

Hollister lost the odd game to the Baraca basketball quintet at the high school gym Saturday evening by the score of 38 to 23.

Gordon Ecklund, again proved the stumbling block for the Hollister quintet, scoring 26 of the 38 points made by his teammates, shooting baskets almost at will.

Hollister was handicapped through the loss of two regulars. When it is considered that Hollister has but seven men at the school available for basketball all the more credit is due them for their wonderful showing against the powerful Baraca five.

I. Behunia was the star for the visitors, shooting 6 baskets, and throwing five free throws.

The story in figures:

Baracas	Pos.	FG	FT	F	Points
Jackson, rf.		2	0	1	4
Blickford, lf.		4	0	3	8
G. Ertland, c.		10	6	0	28

RAY SETS NEW RECORDS

Speedy Chicago Runner Lowers the World's Best Mark for 1.34 Miles, 3,000 Meters and Two Miles

NEW YORK, Feb. 10 (AP)—Jole Ray of the Illinois Athletic club, Chicago, broke three indoor world's records, lowered the time for outdoor world's record and established a new indoor world's record at the Wilco Athletic club games tonight. It was a feat unparalleled in track annals.

The diminutive Chicago taxi-driver lowered the world's best indoor mark for 1.34 miles, for 3,000 meters and for two miles, indoor and out. He created a mark for 1.78 miles indoors.

Ray's new world's records are: 1.34 miles, 7:50.5, 3,000 meters, 8:31.5, 2 miles, 9:08.2.5, Ho ran 1.78 miles in 8:34.3.5.

MOSCOW TEAM WINS MOSCOW, Feb. 10 (AP)—The University of Washington basketball team suffered its second defeat of the season here tonight, losing to the University of Idaho, 40 to 20.

FREE THROWS

(By Casaba)

Friday evening the Filer high school basket ball team will invade the local high school gym for its return tilt with the blue and white hoopers.

Although the finals which are to be held here in March are the most vital games of the season, nevertheless the Twin Falls-Filer clash means as much, if not more, than do the tournament affairs.

Filer always has a good team and holds a win over the locals so far this season. This game was played at Filer.

Friday evening the Evans clan is going to wipe out that defeat, if possible, and all red-blooded fans who crave action will do well to journey to the high school gym.

A hard fought battle, is the way a fan expressed himself when asked what he thought of the coming basketball game.

The blue and white team may win and they may not; either way Friday night's clash will be a dandy.

The Twin Falls team showed considerable improvement against Rupert, even though it was trying out the new five-man defensive style of play.

The early part of the last half found the local boys a little sluggish, but when Rupert became dangerous they laced up.

The Filer game will be the last before the semi-finals, which will take place at Buhl February 23 and 24.

In the semi-finals will be Filer, Buhl, Twin Falls, Hollister and Kimberly. The two winning teams will play in the district finals, which will be held in Twin Falls in March.

STRIKES AND SPARES

As is usually the custom with bowling tournaments, someone is supposed to figure out why the bottom team is at the top, and why the team that should be at the top is only at the half way mark, so to give the fans a chance to see what the dops is, we have compiled a few figures which should upset most of the other figures.

The Idaho theater team is at the top of the pile as far as games won and lost is concerned, but when the total pins is figured they drop to 42th place. The Troy laundry leads the league in this respect with 9533 pins smashed over for the 12 games, for an average of 794 pins per game.

Getting down a little closer it is found that the Troy laundry men have averaged 159 per man per game.

Here are the figures:

Team	Total Pins	Aver. Pins Per Game	Aver. Pins Per Man
Troy Laundry	9533	794	159
I. D. Store	5501	458	135
Rendahl-Wright	5166	430	133
Wright's Store	5105	425	132
Idaho Theater	4978	415	131
Rigerson Cafe	4016	334	100
Shoe Market	3957	329	100
Alvord & Mott	3165	263	141

Getting down a little further in the figures it is found that the average for the league is 151, showing that the Twin Falls bowling league will stay with the rest of them.

The Wright's store team has the record for high three games, with 2563, a record that is apt to stand for the rest of the season.

The Troy laundry boasts of high individual game with 589. This sounds good, but it won't be long before the teams will be clipping 960 or better.

High total pins for three games is a deadlock with Al Pink and Charley Hill, both of the Wright's store team tied with 596. This is another record that will probably stand during the remainder of the season.

The high game of the league season was rolled by Riley Miller with 223. Charley Hill was close on his heels with 220.

Charley Hill also wins the \$5 Troy Laundry prize for the week just closed for high three games, his 596 doing the work.

The prize for the coming week offered by the Troy laundry is the cleaning and pressing of two suits of clothes for the bowler making the most spares during the three regular scheduled games.

On Tuesday evening, February 20, at 6:15 all bowlers of the Twin Falls bowling league, who were eligible to bowl February 5, will be the guests of the Rogerson hotel at a banquet given in the hotel dining room. The hotel management urgently requests that every eligible bowler be present, as it promises to be the big event of the season.

The schedule for the week starts off Monday evening with the Rogerson

cafe men bowling with the league-leading team. On paper the theater kids look to have an edge, but the dops may be spilled with Towan, Larsen and Bob Logan bowling up to form.

Tuesday evening the Rendahl-Wright Auto men take on the fast coming Wright's store gang, and if Emory Donoff can be kept away from that musical pipe of his, the department store men are in a fair way to win the odd game.

Wednesday night the I. D. store tangles with the Alvord & Mott five, and although the I. D. men will be the favorites, it is well to remember that the postoffice gang have shown steady improvement, and the counter-jumpers may bump into a snag.

The final league game of the week will be played on Thursday evening with the Troy Laundry dirt chasers mixing with the Shoe Market shoe-lace experts. This game should be a corker, as the Shoe Market team has been making rapid strides lately, and the Troy laundry will have its hands full during the entire length of the three game course.

Our daily bowling thought: Always be patient with a foe—that others may be more patient with you.

LAVERING TWIN FALLS FAMILY THEATRE

MONDAY AND TUESDAY, FEBRUARY 12 AND 13

S. P. WINS ITS FIGHT TO HOLD CENTRAL LINE

Interstate Commerce Commission Sets Aside Ruling of the Supreme Court in Approving Railroads Merger

WASHINGTON, Feb. 10, (AP)—The application of the Southern Pacific company to retain its present control of the Central Pacific railroad by control of the stock and lease of its lines, was granted today in full, by a decision of the interstate commerce commission.

Although the supreme court in 1922, at the end of 11 years of litigation over the existing merger of the roads held them to be combination in restraint of competition, and ordered them separated, the commission—with but one member dissenting—declared their maintenance a union was necessary in the interests of the public which they traversed, and the country as a whole.

Further the majority declared, the former policy of the nation in demanding maintenance of competition above all other things in transportation service, had been reversed by the congressional enactment of the transportation act of 1920, permitting general consolidation of roads under government supervision. On this ground, the maintenance of the merger of the two roads, notwithstanding the court's decree, was declared to be legally authorized and advisable in view of public necessities.

The opinion pointed out, however, that the conclusions of the commission would be subject to review by the courts before they could become effective. Commissioner McChord, in complete dissent from the view of his associates, declared the "findings of the majority contrary to the will of congress as expressed in the legislative act which conferred the powers invoked in this case." With Commissioner Campbell, who entered a partially concurring opinion, he declared the Central Pacific company, by its peculiar nature as a corporation, could not legally lease its lines to the Southern Pacific, without federal legislation.

Affects Construction Project
Chairman Meyer and Commissioners Atchison and Campbell also suggested that in consideration of receiving the authority to hold the Central Pacific, the Southern Pacific be specifically required to construct the Natrona Cut-off, a contemplated new line of railroad in Oregon.

Traffic agreements reached between the Union Pacific and Southern Pacific systems and between the Western Pacific and the Southern Pacific, allowing reciprocal rights for maintenance of traffic service over the Central Pacific lines, the Southern Pacific commission held, have eliminated nearly all the objections which the Western shippers, states and communities hitherto have advanced to the merger of the two roads.

The agreements in question, all of which are aimed at maintaining full transcontinental service over the Central Pacific route which runs via Ogden, and competing with the Southern Pacific's own transcontinental route running via El Paso, have satisfied all interests in the territory concerned, the decision said, that the present unity of the Central-Southern combination should not be disturbed.

Goals Rescued Inadequate
The supreme court, in ordering the roads disassociated, the decision continued, directed the installation of a system of joint use of tracks, terminals and facilities by the two corporations after their separation.
"We are convinced that even if everything of this nature which has been done were done," the commission

Society

Edited by Mrs. A. B. Williams. Telephone 359.

Miss Elsie Anderson entertained several of her girl friends with a Valentine party Saturday afternoon at the home of her parents, Mr. and Mrs. A. R. Anderson, on Blue River boulevard. The time was delightfully spent with various games, after which delicious refreshments were served at a table beautifully decorated with hearts and other emblems of the Valentine season. The guests were Dorothy Hedstrom, Marie Gracey, Dorothy Chappel, Grace Kaitlette, Ruth Lewis, Barbara Kaitlette, Esther Shuman, Barbara Kaitlette and Helen Showers.

Mrs. H. P. Barger entertained two tables of players at bridge at her home on Robinson street Friday evening. Following the card games daily refreshments were served.

On Thursday evening Miss Flora Dower entertained at dinner for the Misses Verna Kingsbury, Ellen Lamberton, Ina Parker, Alice Perrine, Alice Giermans and Mrs. Howard Larson of Idaho Falls. The table was most attractive with emblems of the Valentine season. The centerpieces for the table being a crystal chandelier. Following dinner the evening was spent with cards.

held in discussing this point, "the result would be more expensive and less efficient and satisfactory service than can be rendered under present conditions. The new system would be weakened both financially and from the standpoint of service. In the course of time, this situation might find a partial remedy, but in many respects no remedy would be possible.

"The record justified the conclusion that separate operation of the Central Pacific lines will disrupt existing routes and services in California, and between that state and adjacent states, and except to the extent that the rupture may be mitigated it will render impossible the continuance of much valued transportation control now conducted over the Central Pacific and Southern Pacific lines without regard to co-operate ownership. Such separation will result in an indeterminate extent, in the increased cost of operation and duplication of capital investment in railroad facilities and increased cost of operation.

Questions Financial Power
"Moreover, it is doubtful whether for a time at least, the Central Pacific, if operated as an independent carrier, would have the earning capacity, credit, and financial stability to maintain the best transportation service for its equipment and improvement necessary in the future to meet the requirements of public service. In view of the large amount of grave doubt whether the interests of the country as a whole would not be adversely affected by the financial problems and results consequent upon such a separation.

From the legal standpoint, the decision explained, the supreme court decision dissolving the merger, was legally in effect, and to be considered the final authority. But the commission held, viewing the two railroads, as in effect separated, under powers conferred upon it by the transportation act, authorized the Southern Pacific company to own the capital stock of the Central Pacific, and to lease until December 31, 1924, the lines which the latter company owns. The authority thus granted, the order said, may be terminated at any time by the commission and is contingent upon the maintenance of the traffic agreements mentioned. Further the unification of the two lines contemplated will become null and void either if the Southern Pacific company disposes of the Central Pacific stock, or if the commission itself, before the consummation of general plans for consolidation of railroads, declared that the merger of the two railroads is an obstacle to such consolidation.

Don't miss the Valentine Day Carnival Dance, Wednesday, February 15, Dancehall. A jolly good time to all.—adv.

SENATE GIVEN BRITISH DEBT FUNDING BILL

Finance Committee Approves Measure by Vote of Eight to Three; Democrats Agree Not to Obstruct Course

WASHINGTON, Feb. 10 (AP)—Approved by the finance committee, eight to three, the bill passed yesterday by the house giving congressional sanction to the British debt settlement agreement was reported formally today to the senate.

Chairman McCumber indicated that it was his intention to call the measure up the middle of next week, but whether it would be possible to displace at that time the administration bill, now the unfinished business of the senate, remained to be developed. One republican, La. Follette, Wisconsin, and two democrats, Walsh Massachusetts, and Gerry, Rhode Island, voted against the bill in committee, while one democrat, Williams, Mississippi, supported it. The seven republicans voting for a favorable report were McCumber, North Dakota; Smoot, Utah; Watson, Indiana; Curtis, Kansas; Dillingham, Vermont; Calder, New York, and Frelinghuysen, New Jersey.

Touches Delicate Issues
A brief touching on the bills was held behind closed doors, Senator Smoot, a member of the American debt commission, going into some detail of the negotiations with the British commission. He declined to answer a number of questions put by senators on the ground that the information was of a highly confidential character. Some committee members thought more information than that supplied by Mr. Smoot should be obtained before the committee acted, but they were overruled.

Senator Smoot was reported to have told the committee that the agreement entered into was a modification of the original American proposal, which contemplated a flat interest rate of 3 1/2 per cent over the entire period the loan was to run. This was unacceptable to the British government and the terms finally agreed upon—2 per cent for the first 10 years and 3 1/2 per cent thereafter—then were proposed.

MISSING BRIDE IS FOUND

Great Falls Man's Anxiety is Allayed by Telephone Call from Wife Visiting Friends in Brooklyn

NEW YORK, Feb. 10 (AP)—Mrs. James McGregor of Great Falls, Mont., bride of five months, whose disappearance last Tuesday started a city-wide search at the request of her husband, was found today in Brooklyn, where, it was said, she had been visiting friends.

At the Continental hotel, where the bridal couple registered, when they came here to celebrate a belated honeymoon, it was said that McGregor had received a telephone call from his wife this afternoon, saying she was "all right" and not to worry, but that in his excitement he had forgotten to get her address or telephone number. He later checked out of the hotel, after he is believed to have been informed where in Brooklyn he could meet Mrs. McGregor.

Women's Togs for Spring and Summer Possess New Charm

Odd and Artistic Designs in Colorful Styles and Combinations Feature Market

Everything which goes to the making up of the outer wear of women for the spring and summer season is extremely pretty, odd, artistic and colorful and many different modes and combinations will be worn, says a fitter from New York by R. C. Beach of the Idaho Department store, who is at present in the metropolis on a business trip. Suits will be very popular this season, he declares, and styles are unusually attractive. Polka-dot, tuft and camellia's hair cloth are the leading materials, navy and tan the leading colors. The box coat, the Balkan blouse and the medium and the long plain tailored coats will be correct for the misses' and women's suits. The three-piece suits and dresses are shown as well. Coats and capes for women, misses and children are most attractive in navy, tan, rocky, open and black; in polo, Polaire, Perret and twill cord and kindred fabrics.

Suits, coats and capes are showing much embroidery, very attractive. In the higher grades of coats and capes, the popular materials are Arabella, Bolter, Nelly and Ermine. Velvet and camellia's hair fabrics, in the soft and light materials make wonderful coats and capes for spring this year. Sport togs are very, very good in occasional really fabric, silk, soft hand-woven materials in Egyptian figured designs in bright colors, paisley patterns, as well as the plain colors. Wrap around jackets for suits, with shawls at the side, wrap around blouses and wrap around skirts are big, all very lively. In figure and color, very good.

Figured Designs and Colors
Beautiful designers in the slip-overs, the V-neck, the tuxedos and the Balkan blouse style, also in oriental figured designs and colors, knitted sport suits, knitted sport dresses and knitted sport coats are very good. Sport skirts, sport sweaters and new waists also make a fine spring outfit.

Hand-made fabrics, with the new Turco collars are very good for the coming season, and the silk waists seem to be more attractive than ever. For the misses, the biggest thing of all—dresses—For the younger and smaller women the beige style wide skirted, ruffled, herbiboned, applique, and checked, knitted dresses, principally in black and blue and some tan cocoa and copen. Flat crepe and satin-faced canton, crepe-de-chine in all the leading shades make up the material for the better dresses for the nation and the miss. The styles are very appealing. Foulards are good, sport dresses in high colors and white are being well received.

The cowboy handkerchief effect at the neck is shown, Chinese embroidery, Egyptian embroidery is new. They are all in all, the women are going to be very much interested in the new things that are now coming out.

LILLIAN CRIST in D. W. GRIFFITH'S "ORPHANS OF THE STORM"

FUNERALS

The funeral of Henry Munger, age 74, was held Saturday afternoon from the Methodist church at Flor. Mr. Munger came to the Twin Falls tract in 1909, moving here from Colorado, where he settled in 1876.

Following the Civil war, in which he served nearly four years under General Sherman, Mr. Munger lived for a time in Illinois, moving to Nebraska with his family in 1872.

He is survived by three sons and two daughters.

ANNOUNCEMENTS

Twin Falls chapter, O. E. S., will meet in regular session Tuesday evening, February 13 in Masonic temple at 8 o'clock. Mrs. Ann Jane Haley of Idaho Falls, grand matron of the Grand Chapter of Idaho, will make her official visit at this time. On the same evening, beginning at 5:30, the Star social club will serve dinner to Eastern Star ladies and their husbands. A small sum will be charged to meet in defraying expenses of the same.

The Pan-Hellenic club will meet Monday evening, February 12, with Miss Margaret Bennett, 337 Seventh avenue north.

DENTIST WINS SUIT OVER FARM LAND TITLE

After deliberating the greater part of Saturday afternoon the jury in the civil suit of H. R. Mitchell against Dr. F. E. McAtee, returned a verdict finding in favor of the defendant. The case was started Thursday. Testimony was finished Friday afternoon and arguments were presented Saturday forenoon.

The suit concerned a trade of property between the two parties to the suit, Mr. Mitchell claiming that Dr. McAtee misrepresented the title to a farm near Jerome valued at about \$28,000. The jury held Dr. McAtee did not falsely represent himself as the owner of the land, and that he did not conceal from the plaintiff the true condition of the title to the land. H. C. Mills represented the plaintiff and E. V. Larsen was counsel for Mr. McAtee.

THE LAW IN THE OASE

It doesn't matter to which class counties of Idaho belong, there is no legal way in which warrants in payments of bills or salaries can be issued oftener than once in every three months if we accept the Constitution of the State of Idaho as authority.

Section seven, article eighteen says: All County officers and deputies, when allowed, shall receive as full compensation for their services, fixed annual salaries, to be paid quarterly out of the County treasury as other expenses are paid.

Existing law on the subject is not wholly in harmony with this Constitutional provision, but in the event of a test it is to be assumed that the Constitution would prevail.

Now and interesting light upon the subject of the precise difference, if any exists, between the issuance of warrants in Counties of various classifications is supplied through letters published in another column by Former Senator J. H. Seaver and Senator Pike.

In the face of the facts as they appear to exist two things are plain: namely, that a change to a first class county would not change the salaries of the present Board of Commissioners, and would not change the present plan of quarterly issuance of warrants.

Which gives rise to the question: Why the change?

ABRAHAM LINCOLN

Each passing year adds new lustre to the fame of that great American whose place in the history of this land ranks with that of him who was first in the hearts of his countrymen. About his illustrious name new glories shine as time goes on and retreating distance brings him more majestically into view, like some towering mountain peak which can best be seen afar off.

Into the life and character of Abraham Lincoln are being interwoven the imperishable fabrics of spirituality, romance and imagination. As he recedes, and thus receding comes more completely within the scope of human understanding, the world claims him. The uncouth mystic sprung from the loins of a primitive people, nurtured at the breast of poverty, schooled in the university of the wilderness, becomes in hardly more than a single generation a figure, with a universal appeal, an inspiration everywhere on earth to mankind struggling against the odds of fate. No people has contributed a nobler figure than his to the shadowy annals of tradition.

The instincts which actuated his career of devotion to his country lie deep in the breasts of his fellow citizens. Americans in honoring him pay tribute to themselves, for they produced him, reared him, sustained him, and offered him to the service of humanity. In the hearts of a people from whom so splendid a product can come must be a nobility of character sacred and immortal. In this lies the hope of America in the years to come, in this reflection that, so long as the ideals of the splendid past are cher-

ished and preserved, each generation will breed a man to meet an urgent need.

In keeping alive the flame which burns at the altar of Lincoln, the men and women to whom he dedicated his immortal soul maintain a beacon light to guide their faltering footsteps along the way to better and nobler things.

THE FORUM

PIKE EXPLAINS VIEWS.

Editor Twin Falls News:

Dear Sir: You will note that I, this morning, introduced a bill which would place Twin Falls county in the list of first class counties, where it was, I believe, until the session of two years ago.

I did this in direct response to a ruling that was made by the county attorney of Twin Falls, which ruling had previously been made by the former attorney to the effect that it is of doubtful legality for the county commissioners of any other than a first class county to pay salaries or other bills oftener than quarterly. It is a fact that many counties of the state are doing it, but it is also a fact that they are probably in jeopardy and might receive the same treatment at the hands of the law for so doing as was meted out to our school trustees and our highway board. The savings in discounts by paying bills every 15 days instead of every 90 days is very considerable. The present county board has evidenced their entire willingness to go on to a full time basis and have announced their intention of so doing whether the county is put in the first class or not. The things we have mentioned they cannot do under the legal statutes of second class counties. By giving full time they are able to dispense with the two part employees, which action they have already taken.

Under the Constitutional provision that salaries must during a term of office cannot apply to that term, the commissioners are forbidden to receive any increase during this biennium, despite the fact that first class counties carry higher salaries to the commissioners. In justice to the present board, I wish to say that they unanimously request that the change be made regardless of the fact that a raise of salary does not go with it, as they believe it best for the county. It would seem, therefore, that the county stands to gain very heavily in the matter of saving money by becoming a first class county.

The Twin Falls delegation is anxious to receive the ideas of the public in this measure. The bill has been introduced with the intention of allowing the various counties of the state to be heard in order to reclassify as is usually done every biennium. This bill will be heard in committee for week or ten days, in order that all may be heard. We have already received extensive petitions in favor of the change, but if there is any decided opposition we want to know it.

If you care to bring this matter to the attention of the public, we shall appreciate it.

Yours truly,
 W. F. PIKE.

Boise, Idaho, February 8.

COUNTY CLASSIFICATION.

Editor Twin Falls News:

Regarding the proposed change of Twin Falls county from its present rating of second class to that of first class it occurs to me that I may be in a position to explain the situation, inasmuch as I was responsible for the bill making it a county of the second class. Before introducing that bill in the senate two years ago I took counsel with the attorney general and was advised by him that the classification of counties in Idaho had to do ONLY with the amount of the salaries of commissioners. This can be verified by reference to the code.

The state constitution provides that the county commissioners shall pay all county salaries and other expenses quarterly and a statute contrary to this of course would be null and void, though passed by both houses of the legislature and signed by the governor.

The commissioners may take a recess from one month to another, and in that way continue to transact business, whether they are classified as a county of the first class, the second class, or the third class, if they are willing to spend the time, but in changing the classification from the second class to the first class, as proposed in Senator Pike's bill, simply means that each of our commissioners will receive \$1500 a year instead of \$900, as at present. This difference in salaries of the three commissioners in a county of the first class instead of a county of the second class, will amount to \$1800 per year.

It was for purely economic reasons that I introduced this bill two years ago, and I quite agree with you editorial that the financial condition of our people is such that they are not able to increase salaries at this time.

Very truly yours,
 J. H. SEAVER.

Fifteen Years Ago in Twin Falls

From The News Files Feb. 7, 1908.

As a result of a conference between the members of the city council and representatives of the Great Shoshone & Twin Falls Power Co. on Monday evening 25 arc lights will be installed on the streets of Twin Falls at a cost of \$72 per lamp per year. As a consequence the power company agreed to give Twin Falls the Spokane power schedule which is the lowest in the entire northwest, in order to encourage the establishment of manufacturing industries in this city. For cooking purposes the rate will be five cents per kilowatt hour, which will be equivalent to three cents per hour for an ordinary gillnet.

John D. Haughey returned Saturday evening from a trip of several days to the Hagerman country. Mr. Haughey thinks 11 degrees below zero pretty cold for driving.

M. H. (Dad) Pape, who recently went to Salt Lake to undergo a surgical operation, is getting along splendidly. He expects to be on his feet again in a week or two. "Dad" has a multitude of friends in Twin Falls who will be delighted to know that he is comfortable in the Holy Cross hospital in the Utah capital and is receiving the best of care.

Mrs. C. E. Booth gave an exquisitely appointed luncheon on Tuesday in honor of Mrs. Tush who left that evening for California. The place cards were original water color paintings designed by the hostess. Covers were laid for 10.

The Twin Falls band is to be reorganized under the leadership of George W. Reels. For this purpose a meeting will be held in the office of Woods, Evans and Thomas at 8 o'clock next Thursday evening.

L. T. Wright has succeeded H. C. Duffin as local manager of the Consolidated Wagon and Machine Co., Mr.

Duffin being transferred to the Roxburg house. Mr. Wright is a brother of G. G. Wright of Idaho Falls, who is one of the giants of the implement trade in the northwest. The new manager has had 17 years' experience in

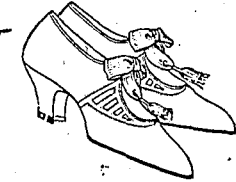

the business, all of which was gained in irrigated sections. What is useless to you may be valuable to others—advertise it in the classified columns.

Candles of Early Days. Candles used by the Romans were composed of string surrounded by either wax or pitch; splinters of wood covered with fat, were used by the English poorer classes about 1800.

The NEW 1923 STUDEBAKER

cars are now on display in our salesrooms

The new Light Six, with its all steel body which is three and three-quarter inches longer in its new design, is also equipped with a one-piece rain proof windshield. These are two of the outstanding features of the new model which add greatly to the beauty and appearance of the car.

The Special-Six touring car for 1923 includes a number of new features and refinements, among them the one-piece rain-proof windshield, quick acting cowl ventilator, glare proof visor, tonneau lamp with long extension cord, and deep seat cushions of genuine leather, all of which contribute materially to the comfort of driver and passengers.

The Big-Six Touring, the most powerful car built, is completely equipped with every accessory for convenience and luxury. The low cost of maintenance is one of the characteristics of the Big-Six and one of its most valuable features.

Demonstrations at any time at your convenience—Terms as you want them.

CHAPTER XVI

"They Must Be Told."

Mr. Lambe's serious eyes had become hard and penetrating as a ball of crystal lenses. They gave the impression of piercing the exterior of the man before him, and rendering his mind. Alexander looked, at that moment, rather like an inquisitor of Torquemada's court.

"You're Mr. William Spencer," said Alexander. "That's so. You don't know me? I guessed you wouldn't. But I remember you very well, though I never connected your name till now," said Billy calmly. "You were chaplain to the Tenth Kullians, in 1918. Came from China to join 'em, I heard."

"I was a sub in the Ninety-seventh of the line, lying next the British Seventh division at Arras," added Billy. "I remember you because you brought in six wounded who got left, after the raid on the pitboxes. Two of them were ours. You got the military medals."

Alexander stared at Alexander in blank amazement.

"That will do," interrupted Mr. Lambe impatiently. "We are not dealing with the war. Do you realize," he said in his grim tone, "the position in which you have placed this lady?"

Billy looked straight at him.

"You are Miss Scroop's cousin," he said quietly, "and a parson. I guess I'll take lying down, for you, anything you choose to say or do. Of course I realize it, and I'd wish I'm here. I've been a fool. I didn't mean to know that I ought to have known."

"I do," he said, "and I'd wish I'm here. I've been a fool. I didn't mean to know that I ought to have known."

"Things are so different, where I belong. Am they were different in France—might be different. But that's no excuse. I wish I'd broken my neck before I did such a fool thing. And here we are in the soup. I don't mind bulk feeding and shearing lambs \$14.85 to 15.35."

NEW YORK STOCK MARKET.

Day's total sales, \$55,000,000. Twenty industrials averaged 107.70; net gain, .88. High, 1923, 101.70; low, 90.94. Twenty railroads averaged 85.56; net gain, .31. High, 1923, 83.56; low, 81.23.

NEW YORK, Feb. 10 (AP)—Professional operations for the day were conducted with increased vigor in today's brief session of the stock market. All groups moved to higher ground under the leadership of the sugar and independent steels. Sales, which exceeded 675,000 shares, made it one of the most active half holiday sessions in many months.

High prices for Cuban raw sugar and the department of commerce's prediction of a shortage in the crops, further increase in the prices of Mid-Continental and Penna. Cuba Cane oil, and a big increase in the dividend on Atlantic Refining stock furnished the impetus for the advance, which also was influenced by reports of an expanding business operations and higher earnings contained in the weekly economic reviews.

All of the principal sugar stocks moved to an all-time record for the year, some of them to the highest price in more than two years. Cuba Cane Sugar preferred, touched 39 1/4 and today fell back to 28, where it was up four points on the day. American Beet Sugar closed at 47 5/8, and gains of 1 to 2 1/4 points were recorded by Manana Cuba Cane common, Punta Alegre American and South Porto Rican sugars.

Gulf States Steel, which touched 92 1/2 in the fall, sank a half point for a net gain of nearly four points on the day, but the advance in these shares. Crucible was not far behind with a gain of three points, while Republic and Old steel preferred gained 2 1/2 points. United States Steel closed fractionally higher. Announcement of an increase of 105,000 tons in the unified capacity of the United States steel corporation after the market closed was somewhat of a surprise to the speculative community, which had expected a slight decrease because of the fact that the steel was

ter. And you don't matter either, parson. All that matters is Miss Scroop. Get me?"

"Come here," said Alexander. He took Billy by the arm, led him to the window, and turned him so that he saw the sun on his face. Mr. Lambe looked at Billy for some moments in silence, with a peculiar interest.

"Mr. Spencer," said Alexander, releasing him, "I will see you presently. I shall have something to say to you. And the moment, leave me with my cousin. And—go quickly!"

Billy nodded. He turned to Almee with a smile.

"Don't you worry," he said quietly, "the padre's white."

Billy disappeared with extreme suddenness through the window. Alexander turned slowly to the door. "That young man," he said, "has the heart of a child. It is a good thing to have. And rare, at his age. That does not alter the fact that your situation is dangerous, and even terrible. My decision is final," he said earnestly. "There is but one thing to do. The plain, honest course. Aunt Erythea must be told immediately. Then you will be safe."

"And I repeat it's impossible," returned Almee quickly. "Can't you see? You understand. And George understands. But even if you don't care who never understand. Mr. father. He doesn't belong to our time. He'll consider only one thing—that his daughter has been disgraced before all the county. Her name a by-word among the rabble. That's how he'll take it. It will be done. As for my father."

Almee smiled merrily.

"I never thought about it. But George told me what it would mean to my father. And she's right. You don't know Dad."

Alexander had turned rather white. He walked to the door and back, in some agitation.

"It is some years since I have seen your father. But I know him very well. And I believe you are right. This would be a heavy blow to him. But—it has got to be faced."

"And I will not let Dad face it!" cried Almee. "I'll face it myself. But I'm not going to have him made miserable—for all the parsons in the country!"

"You have no choice. You do not suppose for a moment this thing can be concealed and overcome!"

"It can't be turned to my liking with supreme confidence."

"Of course I do. Billy will see it through!" she said triumphantly. Alexander gasped.

(Continued in Next Issue.)

reported to have declined a large amount of business last month. Baldwin closed at 137, for a net gain of 1 1/8, and Standard closed at 129 1/8, where it fell to 119 3/8, where it was up 2 1/8 on the day. United Cigar Stores, which jumped 24 points, to 209, was the feature of the specialty list, other leaders being the Erie, Erie & Greenwood Typewriter, Tobacco Products preferred, Krueger, Luma Locomotive, American Smokers Tobacco, Iron Products preferred, and Woolworth, all up 3 to 10 points.

Demand sterling touched 44.81 1/2, a new high record for the year and only half a cent below the highest mark established in December, which in turn, was the highest in three years. French francs eased off slightly to 6.20 cents, and all other European remittances, except those of Germany, showed a large speculative interest, and market up to 20 1/2 cents, an against their recent low of 18 1/2 cents.

The weekly clearing house statement showed a decrease of \$55,000,000 in loans, discounts and investments, and an increase of \$13,000,000 in the reserve members in the federal reserve bank. Net demand deposits decreased 115,000,000. Aggregate reserves totaled \$28,600,000, leaving an excess reserve of \$12,984,000, an amount a deficit in reserve of \$5,720,110 last week.

PARENT-TEACHER PROGRAM GIVEN

Pupils and School Officials Take Part in Community Meeting at Curry

State legislation was discussed and an enjoyable program was presented at the meeting of the Curry Parent-Teachers' association at Curry school house Friday.

Parents assembled just before noon well equipped with refreshments, and when school was dismissed they were joined by the teachers and children in a cafeteria dinner in the school basement, where the mothers were not not lunched to the children for three successive winters.

Miss Pond is Guest. Miss Charlotte Pond, county superintendent was the guest of honor and in introducing her as the chairman of the program committee stated that Curry district No. 8 has been highly honored in having furnished two representatives, Miss Britton and Mrs. and Miss Pond.

The members of the school board gave short talks. Mr. Miles explained house bill No. 91, now pending in the legislature, and the measure, and in his graph to the state representatives that the members were opposed to a state-wide tax for general school purposes.

Program given. The children gave the following programs: Health crusade played by pupils under Miss Black; a song by Mrs. Chapman's classes; "Intelligence Bell," Allison Runson; "Life of Washington," Roy Feland; "Life of Lincoln," Wayne Kenworthy; "Gottysburg Address," Jessie Miles; piano duo, Mary and Esther Smartz. Mr. Schwab read Mary Shipman's story of the interesting story of the meeting.

An excellent example in community spirit and voted Raymonk Carter, principal of the school and the teachers thanks for their hearty cooperation.

PLAN DEVELOPMENT OF CONTACT COPPER MINE

Stockholders in Meeting Here Decide on Selling Block of Stock for Financing Tunneling Work. For the purpose of raising finances with which to push development work of the Ore-Copper company's property at Contact, a block of stock will be placed on the market shortly, according to a decision reached at a meeting of the stockholders Saturday night in the office of C. C. Siggins, president of the board.

The shaft is now at the 336 foot level and the plans are now to begin tunneling at that point to ore bodies which the company expects to encounter at a short distance. Some ore has been encountered in the shaft and the assay indicates that the property will equal any in the Contact camp in value, according to stockholders. Besides copper, the ore tests show the presence of some gold.

Most of the stockholders are Twin Falls business or professional men. Twelve attended the meeting including the three owners at the property. The annual meeting of the company will be held at Contact March 10.

CONTEST JUDGES NAMED

Henry Gettler and J. W. Tate have been selected to serve as judges by Dr. Harry Davis, in connection with the contest now being staged by the latter.

ENTHUSIASTIC AUDIENCE HEAR RECITAL PROGRAM

Four Numbers Presented by Mrs. Josephine Schuriger Encored Heartily; Musical Numbers Prove Attractive

The recital given by Mrs. Josephine Schuriger Friday evening was most enthusiastically received. She was introduced by Mrs. Leo Braeken in a few well chosen words. The audience demanded an encore to every number and still wished for more when the program ended.

Mrs. Schuriger gave four numbers, most of a greatly diverse type. The play-acted and greatly enjoyed by her hearers as she chose. Mrs. Schuriger showed a thorough command of technique and good intonation to every number and was well liked for more when the program ended.

She was very ably assisted by Professor Paul Hantz who played a piano solo and with accompaniment for organ recital. The program consisting of James Hill, Douglas Salmon, Dr. Rouse and L. L. Patrick, accompanied by Mrs. Hall, was heartily applauded.

SCOUT COUNCIL TO PLAN PROGRAM FOR "ROUND-UP"

Will Decide on Arrangements for a Week of Activities at Meeting to be Held at Chamber of Commerce

The program for the Boy Scouts "Round-up week," which begins on Tuesday, will be decided and outlined at the meeting of the scout council at the Chamber of Commerce rooms Sunday afternoon.

The entertainment of the American Legion Tuesday night, which was to have been one of the features of the week, has been canceled and it will be held on the evening of February 27, at that time the Boy Scouts will put on a program for the legion, including sent history, the oath, scout law, first aid work and signaling.

Fire Fighters Busy

Apparatus Called to Combat Flames at Three Places in Three Hours; New Record

Three fires kept the city fire department busy continuously for three hours following noon Saturday.

The first blaze destroyed a small ranch house on West Madison street near the Rock Creek canyon. The house was owned by P. J. Grossman and was valued at about \$2,000. It was not insured. The cause of the blaze was attributed to an overheated stove. A single hose line 120 feet long was used.

About 45 minutes later and before all of the apparatus had returned to the station fire broke out in the basement of the Wagner Bakery, causing a damage estimated at between \$500 and \$2,000. The fire was caused by an explosion of slack in the furnace. It spread quickly to other combustible substances and was extremely difficult to fight on account of dense smoke.

Shortly after 2 o'clock a quantity of oil at the Johnson & Haveno blacksmith shop on Long avenue south, a short distance from the fire station, took fire from a stove. The chemical tanks were used and the blaze extinguished with negligible damage.

According to firemen three fires have never before occurred in so short a time. During the winter of 1920 three fires broke out within 24 hours while the temperature dropped to 35 degrees below zero.

Don't miss the Valentine Day Carnival Dance, Wednesday, February 14, 8 o'clock. A jolly good time to all.

School Directors Will Discuss Tax

County District Officials to Meet Wednesday to Consider Salaries and Proposed Levy

Establishment of a uniformity of teachers' salaries and proposed state legislation concerning a two-mill school tax levy will be the principal points to come before a meeting Wednesday afternoon at 1:30 o'clock in the office of Miss Charlotte Pond, county school superintendent of school districts.

An invitation has been extended to all school directors throughout the county, whether they are independent districts or not, and it is planned to form a permanent organization through the meeting Wednesday, Miss Pond said.

"The proposed school tax of two mills has, I believe, some good qualities," said Miss Pond. "It is intended to benefit the poorer school districts. However, the various phases of the proposed measure are not thoroughly and widely understood and it is to obtain a more extensive knowledge of its details that the meeting has been called."

The superintendent's office it will be adjourned to more commodious quarters.

Personal

Back From Rupert—W. A. Duckor returned from Rupert Saturday.

On Business Trip—G. M. Wood went to Castelford on business Saturday.

Goes to Filer—F. C. Diffendaffer, 605 Fourth avenue east, went to Filer Saturday.

Makes Short Stay—Mrs. H. J. Dunlap of Murlough was here between trains Saturday.

On Shopping Trip—Mrs. W. E. Pernwald came from Hansen on a shopping trip Saturday.

Returns to Buhl—Gerent Miller returned to his home in Buhl after a brief stay Saturday.

Idaho forecast—Sunday: snow.

Two degrees below zero was the low temperature recorded by the government thermometer at the M. Hammans ranch Saturday. Low temperature Saturday was the same as on Friday. High temperature for the day was 30 degrees, five degrees above the maximum recording of Friday and 11 degrees under the high mark of Wednesday, when the highest temperature of the past two weeks was recorded.

Deaths

James M. Arnhart. James M. Arnhart, formerly a resident of Filer for nine years, died Saturday morning at Wichita, Kansas. His son, J. C. Arnhart, was at the bedside at the time of death. Mr. Arnhart was 74 years of age. The body will be interred at Filer.

SERVICE Without Extra Charge

We have our stores so systematized and our overhead to such a minimum that we are in position to give you the most efficient service possible.

WE MAKE DELIVERY and have expert men go along to see that it is placed in your home without a scratch, costing you no more, as this is part of our service. WE especially solicit out of town business.

You can exchange your old furniture for new in our exchange department which we have in connection with our new store in the Elks' Building. Our exchange department is on Main Avenue, and covers three floors. Here we carry the best and biggest line of used furniture in Southern Idaho. Before putting used furniture on our floors it is thoroughly washed and cleaned, and then refinished in our own shops by expert repair men.

"We make terms to suit the buyer."

TWIN FALLS, IDAHO

Bandana Kerchiefs

For sports wear—wear around the head and knotted around the neck.

"Broncho Bill" fashion, from the neck of a smart sweater coat.

For evening coiffure, wind around the head.

It is also knotted about the waist of a dress, a skirt, or sports knickers.

As an evening headdress, knot the kerchief at the back of the neck.

Knotted over the shoulder also gives a very smart effect.

At any rate, whatever you care to do with them, you will find here almost any sort of "Bandana" you want.

This is the great "Deauville Kerchief" craze you've been reading about in the east.

Now in Twin Falls at this store in the oriental patterns on rich silk, large size, at \$2.50 to \$7.50.

You're sure to want one. Get it now when selection is good.
