

# TWIN FALLS DAILY NEWS

VOL. 5, NO. 776 TWIN FALLS, IDAHO, FRIDAY MORNING, FEBRUARY 16, 1923. PRICE FIVE CENTS

## IDAHO HOUSE BANS ALIEN LAND LEASE

### Measure Prohibiting Tenure by Japanese Sponsored by Representative Gillis, Passes by Vote of 54 to 6

BOISE, Idaho, Feb. 15 (AP)—An anti-alien land lease act was passed by the Idaho house of representatives this morning by a vote of 54 to 6, which will prohibit the leasing of land in the state to Japanese.

Declaring it was time to stop the leasing of Idaho land to those who could not become citizens and who could not be assimilated into our population and whose living conditions would not parallel that of American labor, Representative Gillis of Twin Falls, sponsor of the bill, supported it in a speech to the house. It prohibited an influx of Japanese through the refusal of the federal government to release land now occupied in Washington because of other states passing anti-leasing laws.

Indefinite postponement greeted the Whitehead house bill, had check bill, which would have made the issuing of a check without funds, of more than \$20, a felony.

## PROPOSES FELONY CHARGES AGAINST ARMED BOOTLEGGER

BOISE, Feb. 15 (Special to The News)—Making it a felony to manufacture, transport or sell intoxicating liquor while armed with a deadly weapon, a new senate bill made its appearance at the afternoon session.

A memorial to congress is also asked in the senate, pleading for federal appropriation of \$20,000,000 for roads within and leading to national forests.

## WOULD LIMIT CITY LEVY

Bill to Restrict Municipalities to 10 Mills for General Purposes is Introduced in Idaho Senate

BOISE, Feb. 15 (Special to The News)—Limiting the municipal levy for general purposes to ten mills and providing means to increase this to 15 mills, a senate bill was introduced today.

## COLD SLACKENS GRIP ON WEST

### Country Counts Losses by Death and Through Fires and Crop Damage

CHICAGO, Feb. 15 (AP)—The record-breaking cold wave which has held the central west in its grip for three days, moderated slightly today although the mercury continued at low levels in most sections of the country except Florida and California.

Deaths, loss of millions of dollars through fires, the destruction of thousands of acres of wheat plants and the interruption of railway communication over wide areas were reported from many sections of the country.

As the mercury began to rise from its low record for the winter in Chicago of 5 degrees below zero, the weather bureau reported the development of another cold wave area in the Canadian northwest which threatened continuation of cold weather from the Rockies eastward across the upper Mississippi and lower Ohio valleys and the Great Lakes states for the balance of the week at least.

Severe frosts attributed to the cold were reported in Chicago, while the fire department was called to answer more than a hundred alarms during the day.

Blizzards raging along the Pacific seaboard resulted in obstruction of shipping and several wrecks were reported.

## Idaho Auto Owners Get 15 Days' Grace to Secure License

### Delay in Getting Appropriation to Cover Postage on Plates Extends Dead Line

BOISE, Feb. 15 (Special to The News)—Owners of automobiles in Idaho will have 15 days' of grace to secure their license plates, according to an announcement made today by E. A. Jeter, commissioner of law enforcement. March 1 is the date set when arrests for failure to get a 1923 license will be made.

## OMAHA FIREMEN CONTROL BLAZE

### Win 44-Hour Fight Against Flames in Armour Plant Causing \$2,000,000 Damage

OMAHA, Neb., Feb. 15 (AP)—A brick wall this morning fanned the dying armour and company's fire into action again and the Morris and company's plant is threatened.

OMAHA, Neb., Feb. 15 (AP)—The fire at the plant of Armour & Co., South Omaha, which has been burning since early Wednesday morning, and which has caused a loss estimated at nearly \$2,000,000 and which threw more than a thousand men out of work, late tonight was declared to be under control after a 44-hour fight.

The fire first gained a new lease on life following the collapse of the walls which caused the flames to break through the roof and spread to the upper floors of the gutted buildings.

Spark from the Armour fire this afternoon ignited a wooden runway at the plant, but the blaze was quickly put out. Not so quickly put out was a fire at Swift and Company's feed elevator last night which required the attention of four fire companies.

## The Day in Washington

(By The Associated Press)

Broadcasting of market reports by radiophones from the navy's Arlington station was inaugurated.

The resignation of Director Forbes of the Veterans' bureau, it became known definitely, has been tendered to President Harding.

An agreement was reached in the senate for a final vote on the British debt funding bill before adjournment today.

Direct election of presidents and vice-presidents and abolishment of the electoral college was advocated by Senator Norris, republican, Nebraska, during an address in the senate.

## HOUSE DEBATES OCCUPATION OF GERMAN REGION

### Former Service Men in Congress Defend Franco-Belgian Move on Ruhr Attacked by Minnesota Member

WASHINGTON, Feb. 15 (AP)—Occupation of the Ruhr was attacked and defended today in the house.

Representative Knutson of Minnesota, the republican whip, declared Franco was seeking to dismember the German republic and that the time had come for America to break its "long silence" with reference to the occupation.

Representative Butler, Pennsylvania, chairman of the naval committee, who yielded Mr. Knutson time in which to make his address, told the house he is on no way concerned in what the Minnesota member had said.

"My sympathy is with France," he declared, "and I hope she can collect every dollar that is due her."

Representative Vinson, democrat, Georgia, made a like announcement, declaring he had a brother whose "blood was spilled on the battlefield of France."

"I am for France, and always will be for France," he said.

Points Picture of Distress. Mr. Knutson, who delivered a prepared address, asked how much longer the United States was going to stand silent and permit the violation of the promises made at the time of the armistice.

"President Wilson said we were not fighting the German people," he declared, "but we have been fighting the German people since we were now are under nourished because the allies have taken all of their own. Almost everything produced by Germany during the armistice has been taken from them."

Replying later to Representative Knutson, Representative Bulwinkle, democrat, North Carolina, who served in the world war, told the house that "Greiver Cleveland Borggoli and all the others of that white-livered, yellow-streaked race will applaud and say the armistice was in favor of us."

He declared that the Germans had murdered and ravished during the war in an effort "to carry out their perhilarious aim, to assert their right of domination to deliver to the people of the occupied district the fats, sugar and other foodstuffs sent to them from America."

See Alien Landings. Representative Blanton, democrat, Texas, wanted to know what position Mr. Knutson occupied in the republican house during the world war.

"Oh, I know that he is the republican whip," returned Mr. Bulwinkle, "but I know that he does not speak for those on his side of the house. They are Americans just as you and I, and they do not approve of his speech any more than you or I."

Representative California, republican, declared Mr. Knutson had "unfurled the German imperial standard on the floor of the house of representatives."

"You may say," Mr. Liebesberg said, "that the war is over, but the war has never begun for gentlemen such as the gentleman from Minnesota."

## Traffic Improvement Brings France Nearer to Realization of Aims in Occupied Area

## GOAL MOVEMENT GROWS AS FRENCH MAN TRAINS

### Occupation Headquarters Report Approximately 5,000 Tons of Mined Fuel Leaving Ruhr Daily for Belgium and France; Hopes Are Built on Water Transportation

DUESSELDORF, Feb. 15 (AP)—Rapid strides toward realization of France's aims in the Ruhr are being made daily, according to announcements from the occupation headquarters which point out that from eight to nine trains of coal or approximately 5,000 tons are leaving the occupied area every 24 hours for Belgium and France.

These trains are entirely manned by French civilian railway workers imported for the purpose.

The river route includes 25 steamships and hundreds of barges, many of which are already loaded with coal. The French plan great hopes upon this movement of fuel water.

In addition, the French are maintaining five daily passenger trains from Mayence to Duesseeldorf, some of which carry Germans having special permits granted by the French.

Even within the newly occupied territory freight trains are running. These are mostly composed of coal and steel cars, but when the occasion arises, the French also transport intraruhr freight for the Germans, and shift cars of food wherever they are needed by the population.

A company of French infantry was marching guns occupied the Essen city hall today simultaneously with the declaration of a 24 hour general strike against the recent arrests. The strikers carried identical placards to function.

Trouble is again brewing at Gelsenkirchen, where feeling is running high against the occupying forces.

A French officer was attacked on the street and beaten by a mob, but was finally rescued. The French made several arrests. Many officials continue to ignore the orders of the French and one official, the burgomaster of Blankenstein, has been sentenced to one month's imprisonment.

## FRANCE VOTES LOAN TO POLES

### Parliament Approves Advance of Four Hundred Million Francs to Sister State

PARIS, Feb. 15 (AP)—A loan of 400,000,000 francs to Poland was voted by the French parliament today. It is officially described as "for the purpose of improving Poland's financial and economic situation so that it may resume its proper place in the European concert of nations and play the role to which its geographical position and history entitles it."

The vote on the measure was 515 to 68. Many of those who voted against it declared that the loan, while desired ostensibly for the organization of the Polish army against "unwarranted attacks from the east," really was put through as "a means of coercion against Germany from the west."

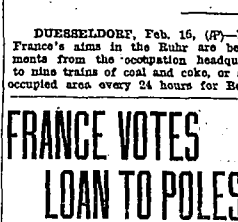

Projected by Briand. The engagement for the loan was undertaken by the Briand government in 1921, and article two of the bill reads: "The French government is empowered to open credit for 400,000,000 francs to the Polish government for delivery of material under special account, reimbursable at the rate of 5 per cent interest."

The report of Mr. Reynald, reporter for the foreign affairs commission, of which Premier Leger is president, says the loan is destined to balance Poland's civil expenditures, such as those for the railroads, telegraphs, and other public utility services. The next item, however, says that the loan is for the purpose of its national defense, to be divided among "by mutual arrangement between the two governments of France and Poland, in accordance with the decisions of the French and Polish general military staffs."

SUGAR MARKET DECLINE IS CHECKED BY BUYING. Refiners' Action in Making Higher Prices Checked, Making for Recovery; Effect is Awaited.

## WATSON ASSERTS HARDING WILL RUN AGAIN

### HERE IS Senator Thomas Watson, of Indiana, who stirred up a hornet's nest politically when he declared in Washington that President Harding is a candidate for re-election in 1924.

Mr. Watson, however, later asserted he was speaking on his own responsibility and not as spokesman for the President.

## SCHEDULE VOTE ON DEBT TERMS

### Senators Agree to Proposal for Session to be Continuous Until Action is Taken

WASHINGTON, Feb. 15 (AP)—An agreement providing for a vote on the British debt funding bill after 2 o'clock, the time each senator for debate will be limited to 10 minutes and that the senate will remain in continuous session until the bill is disposed of.

Adoption Regarded Certain. Passage of the bill was regarded as a foregone conclusion and conceded by opponents in today's debate which was confined almost exclusively to demagogic attacks on the legislation.

The formal agreement for a vote before adjournment tomorrow came unexpectedly, after what appeared to be a foregone conclusion.

Senator Reed, democrat, Missouri, who made two extended speeches today, vigorously attacking the bill, objected earlier to any unanimous consent agreement for a vote before adjournment.

The agreement made was offered by Senator Robinson, democrat, Arkansas, with Senator Smoot, republican, Utah, in charge of the bill, insisting upon a vote before adjournment tomorrow.

A continuous session was noted, however, as Senator Robinson and others said the discussion appeared to be nearly exhausted and would not end after the 2 o'clock time limit went into effect.

A new feature of the voting agreement insisted upon by Senator LaFollette, republican, Vermont, was that the chair should not keep a list of senators to recognize for addresses. Senator LaFollette said this was a practice to which he had often objected in the past.

## DEMOCRATS' VIEWS VARY

Among the democrats participating in today's debate, Senators Robinson, Glass, Virginia, former secretary of the treasury; Pomeroy, Ohio, a member of the senate since 1912; McNamara, Tennessee, and Walsh, Montana.

Senator Ilitcheck, Nebraska, ranking democrat on the foreign relations committee criticized sharply the largely given to Great Britain and other features.

Senator Walsh argued that Great Britain was able to pay the original debt and that American taxpayers should not be compelled to aid the British by assuming the larger financial burdens themselves. This argument also was attacked by Senator McNamara, who objected to voting for a bill which, he declared, virtually would increase the British loan \$340,000 and cause the United States to lose one million dollars in interest payments under the reduced plan.

## GOAL MOVEMENT GROWS AS FRENCH MAN TRAINS

### Occupation Headquarters Report Approximately 5,000 Tons of Mined Fuel Leaving Ruhr Daily for Belgium and France; Hopes Are Built on Water Transportation

DUESSELDORF, Feb. 15 (AP)—Rapid strides toward realization of France's aims in the Ruhr are being made daily, according to announcements from the occupation headquarters which point out that from eight to nine trains of coal or approximately 5,000 tons are leaving the occupied area every 24 hours for Belgium and France.

These trains are entirely manned by French civilian railway workers imported for the purpose.

The river route includes 25 steamships and hundreds of barges, many of which are already loaded with coal. The French plan great hopes upon this movement of fuel water.

In addition, the French are maintaining five daily passenger trains from Mayence to Duesseeldorf, some of which carry Germans having special permits granted by the French.

Even within the newly occupied territory freight trains are running. These are mostly composed of coal and steel cars, but when the occasion arises, the French also transport intraruhr freight for the Germans, and shift cars of food wherever they are needed by the population.

A company of French infantry was marching guns occupied the Essen city hall today simultaneously with the declaration of a 24 hour general strike against the recent arrests. The strikers carried identical placards to function.

Trouble is again brewing at Gelsenkirchen, where feeling is running high against the occupying forces.

A French officer was attacked on the street and beaten by a mob, but was finally rescued. The French made several arrests. Many officials continue to ignore the orders of the French and one official, the burgomaster of Blankenstein, has been sentenced to one month's imprisonment.

## NEW MONEY PROPOSED

BRISSELS, Feb. 15 (AP)—A plan for the creation of new money for use in the occupied territories of Germany was completed by French and Belgian experts. Should the project be put into effect the new money would be issued by the Bank of France and the national bank of Belgium.

## ARIZONA HOUSE ACCEPTS PACT WITH RESERVATIONS

PHOENIX, Ariz., Feb. 15 (AP)—The house of representatives of the Arizona legislature, by a vote of 28 to 17 this afternoon formally passed a resolution ratifying the Colorado river compact with reservations which would guarantee power royalties to Arizona, limit future participation of Mexico in the waters of the river and exclude the Gila river system from the allocation of waters under the compact. The measure now goes to the senate.

## STORM CLAIMS TOLL OF SHIPS

### Five Vessels Go Down in Gale Off Northwestern Pacific Coast Lines

SEATTLE, Wash., Feb. 15 (AP)—The steamer Tuscan Prince is a total loss on Estevan Point, Nootka Sound, British Columbia, according to a wireless message from the United States coast guard cutter Algonquin. The crew was landed at Seattle.

The north Pacific's "graveyard of ships" claimed four more vessels as victims today in a furious gale that swept the coast off Alaska and British Columbia coast lines. The vessel lost was the steamer Algonquin, which was en route to Estevan Point. The freighter Santa Rita, which was en route to Estevan Point, was also lost. The motor ship Columbia, bound by huge waves as the bay on an exposed coast. Also the motor ship B. C. and the British freighter Tuscan Prince.

# COMRADES CALL FOR REVIEW OF CRONKHITE CASE

### Congressional Investigation of Enforced Retirement of 80th Division Commander Sought by Fellow Officers

WASHINGTON, Feb. 15 (AP)—A congressional investigation of the recent enforced retirement from the army of Major General Alibert CronkHITE, Eightieth division commander in France was requested today by James J. G. Wise, who served as a lieutenant colonel in the division and who said that 50,000 of his former comrades in arms under General CronkHITE were "determined to stand by their old commander."

The request was contained in a letter sent to Senator Reed, republican of Pennsylvania, in which Colonel Wise revealed that he was one of those who helped prepare a pamphlet recently circulated among members of congress setting forth the views of General CronkHITE's friends regarding his retirement. Colonel Wise said that Ashley Williams, also a lieutenant colonel in the Eightieth division, and other former officers and men of the division living in Pittsburgh and Bethlehem, Pa., New York city and Virginia and North Carolina, had had a part in preparing and circulating the pamphlet. Both Colonel Wise and Colonel Williams are lawyers here.

### Would Block Successor.

Senator Reed was not ready to announce whether he would comply with the request that he introduce a resolution of inquiry. Other senators, however, including Senator Clegg, republican of Virginia, within whose state the Eightieth division was trained, made known their intention to block confirmation of General CronkHITE's successor, Brigadier General Hanson E. Fly, of the army service school at Fort Leavenworth, Kansas, until the facts are established.

In correspondence with the war department published in the pamphlet, General CronkHITE attributed his retirement to his energy in seeking to bring justice to those whom he held responsible for the death of his son, Major Alexander E. CronkHITE, who was mysteriously shot and killed in 1918 at Camp Lewis, Wash. In one instance it was quoted as declaring that the attorney general had dropped the case at the request of Secretary Hoover, Senator Clegg's successor of New York, and others, a statement which resulted today in denials from both Mr. Hoover and Mr. Clegg.

His own action in the case, Secretary Hoover said, had been to write a note to the attorney general saying he hoped that Captain Rosenbluth, one of the men indicted in connection with the killing, could be given an early trial. Senator Clegg likewise declared he had sought only to expedite the trial of the accused man.

### Seeks Only Facts.

Colonel Wise's formal request for a congressional inquiry was addressed to Senator Reed, who has his headquarters at the Eightieth Division association is located in Pittsburgh, the senator's home town. He explained in his letter that he writes the pamphlet dealing with the case had no desire to conceal their identity, although they did not regard it as material to the inquiry, and contents.

"Our purpose all along has simply been, upon a statement of the case as known to us, to have it possible, a resolution introduced in the senate calling upon the military affairs committee to report to the senate the facts of General CronkHITE's retirement, and such a resolution we sincerely trust your judgment will permit you to introduce."

### WELCOMES INVESTIGATION.

NEW YORK, Feb. 15 (AP)—Louis Marshall, counsel for Captain Robert Rosenbluth, who was accused of the murder of Major Alexander CronkHITE, today wired Senator Clegg of New York that Captain Rosenbluth would heartily welcome a full and unlimited congressional investigation of the cruel charges and insinuations that have been made against him.

## FREE STATE TO USE IRON HAND

### Ireland's Government Convicts Average Citizen That New Rule Means Business

DUBLIN, Feb. 15 (AP)—The Free State's ruling extending the death penalty to cover a wide range of crimes heretofore dealt with as petty larceny has convinced the average Irish citizen that the new regime means business and realizes that the time has come to test its powers to govern. The effect of the new ruling is to apply the death penalty fearfully to every person proved to be assisting, in any way, the campaign of the irregulars against the constituted government. In future the mere possession of hostile plans or documents, and the unauthorized possession of military uniforms, will involve the death penalty. Threatening letters have been falling like snowflakes on all prominent supporters of the government, but now the sending of a threatening letter will involve penal servitude.

Trials for all these anti-state offenses will be held in private by military courts. Although some deputies, including Mr. Fitzgibbon, member for Trinity College, hesitated at conferring such broad powers on the army, General Mulcahy's insistence on them caused his opponents to waive their objections and in the vote on the question the government had no opponents except 13 members of the Labor Party. There has been some expression of uneasiness regarding the discipline of the army on the exact condition of the country, and this has been criticized by such papers as the Irish Times, but there is a disposition on the part of the average citizen to give the new ruling a chance to prove its worth.

### What We Are.

For when we look it in the face, it is an awful thought that we cannot prevent our real character from doing its work among men, and what we are, not what we seem, is that which is really influencing others.—Storford Brooke.

### To Clean Upholstery.

Upholstery may be dry cleaned by brushing with a benzine soap solution and then sponging in clear benzine. This is better than using ammonia water, as so many housekeepers do, for in time the material is attacked.

## ITALIANS ARE PLEASED WITH MUSSOLINI METHOD

### Opinion on Street Bojotes that Government in Power Has Policy and is Above Political Party

ROME, Feb. 15 (AP)—It's a real government," is the way the average Italian sums up his opinion of the new administration of Premier Mussolini. While he may not be of Fascist inclination, yet after recounting the many vicissitudes which the various Italian governments have suffered since the armistice, the Italian on the street complacently goes to his tasks and rejoices that, at last, there is one government in power which has a policy and is free from bartering and maneuvering for votes in Parliament in order to hold its own. The bold front which Premier Mussolini and his cabinet have presented in facing the problem of reducing the cumbersome bureaucracy of the state, with its army of state employes, has found joyous acceptance in the minds of the ordinary citizen, who sees therein a chance for the reduction of the heavy taxes which now weigh on all classes. And when accounts so read in the newspapers of the long and arduous cabinet meetings, with efforts to reform the departments of government, the general comment is, "after all, it is a government."

## RUSSIA BEGINS EXPORT OF SURELUS GRAIN PRODUCTION

MOSCOW, Feb. 15 (AP)—Russia has begun the export of grain by way of Petrograd, Vladivostok and Odesa. The exports are not expected to exceed 20,000,000 bushels. The proceeds from the shipments, according to government statements, are to be devoted to the purchase of agricultural implements and to supply other needs of the peasants to whom the grain belongs. The government recently informed the American Relief Administration that it was ready to carry out its promise to feed approximately 3,000,000 adults in the famine area. The relief administration also expects to feed 3,000,000 children.

## DISSENTION EXISTS AMONG PROTESTANTS IN POLAND

WARSAW, Feb. 15 (AP)—The Protestant churches of Poland have been authorized by the government, under the Polish constitution, to draw up their own statutes covering the administration of the church. Under this decision a Protestant synod was summoned and has been sitting for some time. Due to the fact that there are great differences of opinion between the German and Polish Protestants, it was suggested that two Protestant churches be formed, but the synod failed to do so. The discussion of all questions in dispute, and this among them, and to take up only those upon which a compromise appeared possible.

The last session of the synod was particularly unamused. The Polish members found themselves in a slight minority, and left the hall as a sign of protest.

## CRUSES OF Mental Decay.

The failure of the mind in old age is often less the result of natural decay, than of disease. Ambition has ceased to operate; contentment brings indolence, and indolence decay of mental power, enfeeblement, and sometimes death. Men have been known to die, literally speaking, of disease induced by intellectual vacancy.—Sir B. Brodie.

## An Adage Flouted.

It is an unpleasant duty to disagree with the highest authority, but our personal experience is not that a soft answer turneth away wrath, but that it merely maketh 'em think we're too proud, or something, to fight and turneth 'em on to give us another whack.—Ohio State Journal.

# HUGHES' WORDS CENSORED FOR CHINA SOCIETY

### Princeton Professor Serving as Toastmaster, Omits Reference to Killing of American, to Spare Guests' Feelings

NEW YORK, Feb. 15 (AP)—Notables, both Chinese and American, heard only part of a message written by Secretary of State Hughes and intended for delivery at the tenth annual dinner of the China society of America last night.

The toast master, Prof. Robert McElroy of Princeton, censored Mr. Hughes' message, because, he said he did not want to "offend any of the guests," many of whom were official representatives of the Chinese government in this country.

"I take pleasure in extending my cordial greetings to the members of the China society of America," he expressed my hope for the maintenance of the traditional friendship between the United States and China," the toastmaster read. He omitted the following passage to Mr. Hughes' message:

"I regret that these relations are at present disturbed by the killing of an American citizen and the firing upon an American consular by Chinese officers and by the failure of the Chinese government to make any adequate response to the representations this government found it necessary to take in this connection with this very grave incident."

Shadows Relations  
"I can only hope that the Chinese government will ere long become conscious of its responsibilities in this matter and will make such response as will remove this shadow upon mutually friendly feelings of the two peoples."

The grave incident referred to is the killing of Charles Coleman, an American merchant, at Kalgan, just beyond the Chinese wall by Chinese soldiers on December 11, 1920.

It was in an automobile with Samuel Sokobin, the American consul at Kalgan, and a friend carrying a sum of money to Urga to buy furs when stopped by Chinese sentries who fired when the party attempted to proceed.

Minister Schurman made representations to the Peking government demanding reparations, but a temporary cessation of hostilities between the two governments has ensued, partly due, it has been claimed in Peking, to the inability of the central government to compel the local authorities to investigate the matter to take any action.

Z. L. Chang, consul general of the republic of China, was a speaker at the banquet. When he concluded, he went to an adjoining room, where reporters tried to him all of the Hughes message.

China Always Pays  
Professing his comments with the reminder that he was not a diplomat but a commercial representative of his country to the United States, and therefore "not very familiar with the matter" to which Mr. Hughes alluded, Mr. Chang emphatically declared that "China always pays in full, and fights all matters in which it is concerned."

All foreigners, including Americans, receive the greatest respect in China and are always safeguarded, he said. He expressed a hope that the "provocation," for the action of the Chinese soldiers, asserting he was of the opinion that the Americans were attempting to smuggle silver to Manchuria, in direct violation of existing laws.

LITERARY DETECTIVES IN LONDON FACE HARD WINTER  
LONDON, Feb. 15 (AP)—"Searchers" at the British museum made comfortable livings before the war, but nowadays when it is not so easy for the wealthy to indulge their hobbies of investigation, they are having hard times.

These "searchers" a small body of highly trained men, very familiar with the vast collection of books and records within the museum, and acted as literary detectives for their patrons. One "searcher" has had only three jobs in the last 12 months. Americans used to be good customers, but today they hardly ever appear.

MEMORIAL ASSOCIATION TO ACQUIRE BELLEAU WOOD SITE  
WASHINGTON, Feb. 15 (AP)—A federal charter for the Belleau Wood memorial association in France in a bill introduced by Representative Frothingham republican, Massachusetts and referred to the judiciary committee.

Under the terms of the charter, the association would be authorized to acquire all or any part of Belleau wood, where American marines and infantry stopped the German rush on Paris in 1918, and to erect therein suitable buildings and monuments to the Americans who fell in battle.

All Fish Not Dumb.  
Among fish, there are a large number of different kinds that possess voices. The American bow-pin is an example; it is able to produce bell-like notes.

"Coolies" Laborers.  
The name "coolies" is applied to Asiatic laborers, chiefly from India and China, imported into other countries.

## Girl Who Slew French Royalist Editor

M. Marius Plateau, one of the editors of the French Royalist newspaper Action Francaise, was assassinated by a 20-year-old girl, Mile. Germaine Barton, an anarchist. Plateau was associated with M. Leon Daudet, head of the Royalist party, whom the girl originally intended to kill, but whom she could not reach. The girl attempted suicide, but will recover from her self-inflicted wounds, though she is dying of tuberculosis.

## LOGGERS WOULD CUT OUT WARFARE IN INDUSTRY

Loyal Legion Seeks Elimination of Strikes, Lockouts and Sabotage in American Lumber Production

TACOMA, Wash., Feb. 15 (AP)—Cooperation between employers and employees, on the lines worked out by the Loyal Legion of Loggers and Lumbermen, will eliminate strikes, lockouts and sabotage in American industry, according to Norman F. Coleman of Portland, Ore., president of the Four L.

In a recent address where Mr. Coleman said that the relation of employer and employee is changing from the status of master and servant to one of association and industry.

"When the interests of the workers are recognized they work on fair terms to the satisfaction of their employers," he said, adding that the Four L in the lumber industry had proven that fact. The new relation, he said, had liberated two new resources, the intelligence of the men on the job and a feeling of good will that is tremendously important.

## IDAHO DEBTS WILLAMETTE.

MOSCOW, Idaho, Feb. 15 (AP)—The University of Idaho basketball team drubbed that of Willamette university here last night, 64 to 23.

The Idaho Vandals did not develop full power at any time during the game, their superior offensive permitting them to score at will. Al Fox of Idaho was individual star of the game, coging 11 field goals and converting 10 of 19 free throws.

## ANIOLET KETTLE UNBARTHED

SANTA CLARA, Cal., Feb. 15 (AP)—The ancient and well-worn copper kettle, believed to have been made by the Indians of Santa Clara Mission more than 100 years ago and found recently by workmen excavating for the new science building at the University of Santa Clara, will be placed in the historical museum of the university, according to Rev. Joseph C. Sasia, director of the museum and library. Included among the articles in the museum are vestments worn by the early padres at the foundation of the first mission in 1777 and a baptismal record kept by Father Junipero Serra, founder of all the California Missions.

Three Kinds of Moths.  
There are three types of destructive moths against which we must wage war if we value our household goods. These are the furniture moth, the clothes moth and the tapestry moth.

## HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

### Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach soars, tongue is coated and when the weather is rainy you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get for ounces of Jael Salts from any pharmacy here; take a teaspoonful in a glass of water before breakfast for a few days, and your kidneys may then get fine. This famous salt is made from the acids of grapes and lemon juice combined with lithia and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jael Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—adv.

## ON TRAIL OF ARSON GANG

### Shanghai Police Bend Efforts Toward Apprehension of Firebugs Believed Responsible for Many Fires

SHANGHAI, Feb. 15 (AP)—Shanghai police are devoting their time to a search for members of an arson gang whose presence in the International Settlement came to light when two packing cases stored in the west Hong-kow police station burst into flames. Three packing cases were found near the station, and by all means were sent to the police station by a Chinese police constable. Several hours later, two of the boxes burst into flames, and released rivulets of oil which carried the fire in all directions. The third box was removed to an open area and in due time it, too, burst into flames.

Examination of the boxes revealed that they had been packed with oil-soaked cotton waste containing jars filled with kerosene, to which was attached clock-like mechanism to start the spark. Thirty more packing cases of this infernal machine variety have been found in obscure warehouses but no arrests that could lead to prosecutions have been made.

Falls in Duty.  
The individual who is hurt by some one and fears and fails to make it known, and thus give opportunity for explanation and correction, deserves what he suffers for his lack of courage, and even more for his failure to give occasion for justice to be done.—Alexander Lyons.

Human Blindness.  
There is no dearth of kindness in this world of ours; only in our blindness we gather thorns for flowers.—Bernad Massey.

The First Tomb.  
The Emperor Constantine, who died in 337, is supposed to have been the first person who ordered his tomb to be erected in a church. This was done in the Church of the Apostles at Constantinople, of which he was the founder.

And It Will Be Final.  
"The automobile driver who depends on his horn to clear the track for him," says the old citizen of Little Lot, "one of these days will have a short argument with a railway train at a grade crossing."—Youth's Companion.

Superiority Brings Earnings.

"The Root of All Evil."  
"De love of money," said Uncle Eben, "is de root of all evil. Jes de name, we keeps rootin' around for money dan we does foh football."—Washington Evening Star.

## Wild Ducks Imbibe Too Freely of Mash and Suffer Effects

JOPLIN, Mo., Feb. 15 (AP)—Partaking too freely of corn whiskey mash, which has been distributed in large quantities on a small island above Riverton, Kansas, is, in the opinion of Charles Williams, United States deputy game warden of Arkansas City, Kansas, the reason for strange actions of thousands of wild ducks in the last few days near Riverton.

The birds apparently are "intoxicated," Williams stated in reporting the result of his investigation to Hy Connelly, president of the Joplin Sportsmen Protective league today.

## PROFITTEERING IN RENTS BANNED BY CHINESE RULE

BOSTON, Feb. 15 (AP)—A "gentle" men's agreement has been invoked in Boston's Chinese district to combat rent increases in tenements and stores. By custom, it is said, a Chinese will not move into quarters from which a fellow countryman has departed whether voluntary or not, unless the latter consents.

Regardless of the landlord's views on the subject of property rights, if the departing tenant is not satisfied with the landlord's treatment, he may refuse to refer to another person a certain indefinite equity he is supposed to possess. As a result it is declared there are today many vacant tenements in Chinatown.

No Great Thickness.  
The thickness of a razor-edge has been reckoned at about one-millionth of an inch.

Laundry Bowlers Win From Shoemen

Cleaners Roll Even 900 in Last Game Breaking Own Record and Setting Mark for Alley

The Troy Laundry won the odd game from the Shoe Market brigade last night at the Twin Falls bowling alleys, taking the first and third games.

Rolling an even 900 in the last game, The Troy Laundry proved that the local fans will see some high class bowling before the season ends. This total for one game is the record to date for the alleys, the laundry boys breaking their own record of 880 made last week.

The first game went to the shirt and collar artists by the score of 704 to 723, with Jack Tritt sinking the lumber for 200.

In the second game the Shoe Market boys perked up a bit, winning from their friendly enemies, 836 to 720. The Laundry men couldn't get going in this game. Buchanan with 181 took high in this affair.

The Shoe Market team hit 806 in the last game, but the fast going Laundry team with their 900 were easy winners, although 806 isn't to be sneezed at. Phil King hooked 215 in this game for high game, which also went for high game for the evening.

**CLEANERS AND SHOE POLISH**

Troy Laundry	1	2	3	Totals
Bailey	138	174	100	412
Miller	154	130	158	442
King	154	131	215	500
Cubit	200	110	202	612
Cubit	148	140	165	453
Totals	794	700	900	834
Shoe Market	143	168	162	473
Buchanan	125	161	140	426
Hullihan	157	169	164	490
Atlap	162	179	189	530
Salmon	130	139	142	411
Totals	723	836	806	2365

THE END OF A PERFECT DAY

The largest crowd of the season turned out to witness the three games.

No, Clarice, missing the head pin and falling to make a high score doesn't mean poor sportsmanship.

The high school kids who seem to have organized a Rotors' club, occupied the top roost again last night and pulled for the Shoe Market team.

Jack Tritt, who claimed that he was a sicker man than Andy Gump, started off with 200 and ended with 202. Constat hit the box score for his second game.

Roy Cubit had a wonderful time. The pin setters were playing hide and seek with the head pin, with Cubit doing most of the seeking. 148 and 149 was the result of Cubit's first two efforts.

Jimmie Hulihan popped them on the nose, and that's all that evening. Jimmie is getting to be some bowler.

Bill Bailey couldn't get started in the opener, but finished up in nice shape. Bill is the most dangerous man in the league when it comes to picking a strike when a strike is needed.

Phil King rattled the pit with 215 in the last game which helped his average considerably. King looked much better last night.

Hugh Lewis picked up several splits during the evening. This bowler is coming right along, and it won't be long before Hugh will be up with the inner 16.

Jake Yochem had to pump up some tires, and was unable to attend, consequently Elmer Atlap took his place. The best that Atlap could do was wriggle himself into first among the high average men with 178 for the evening.

Elley Miller took a vacation, missing enough games to last him the rest of the season.

Dag Salmon found the fishing rather slim, although he did show wonder-

Bowling League Recruit Takes Top Place on Week's Record of Averages

The official bowling averages of the Twin Falls bowling league for the fifth week have been released and show a new man at the top. Elmer Atlap, the extra bowler for the Shoe Market team, clipped off an average of 178 in the first three games he has bowled in the league.

Bill Towan of the Rogerson Cafe team, who led the league the first week, and has been hanging around the top ever since, in the hopes that some of the three and six game bowlers will let him get back to his rightful place at the top, is second this week with an average of 176. This shows a gain of three points over last week.

Player	Team	Games	Pins	Average Last Week
1. Atlap	Shoe Market	3	530	176

Butchers Compete on Bowling Alleys

Central Market Squad Takes Three Straight Games From Independent Crew

Triumphant the Central market butchers marched from the Twin Falls bowling alleys after winning three straight games from their bowling enemies, the Independent meat market.

The first game ended with the Central knocking down 684 pins to 632 for the Independents. McKinley was high in this game with 169.

The second shot showed the Central netting 718 which is a high mark in this state for a butchers' team. The Jungst clan stopped at 620 in this game. Conna Mangel toppled over 177 in this frame.

In the third game the Central market men broke the state record made in the second game, by hitting the lumber to the tune of 735 while the Independents perched at 606. McMillan scored down 164 in this game for high mark.

**KIDDING THE INDEPENDENTS**

NEW LEAGUE IS LEADING TOPIC

Proposed Organization Causes Diversity of Opinion in Baseball Circles

NEW YORK, Feb. 14, (AP)—Baseball's chief topic of discussion—the proposed continental or inter-allied league, reported to be in process of organization in eight eastern cities of the United States and Canada and to have major league approval, is not actual backing—today developed a diversity of opinion in diamond circles here and throughout the country.

An air of mystery shrouded the actual organizers of the project and the majority of baseball men were skeptical in their views of a new league's feasibility. One or two significant developments, however, lent some color to the proposition.

Chief among these developments was an informal conference held by John A. Heydler, president of the National league, with most of the club owners of the senior circuit, who remained in the city after yesterday's schedule meeting.

Mr. Heydler declined to divulge details of the meeting, but it was said that Barney Dreyfus, president of the Pittsburgh club, said that he had been approached by sponsors for the new league and asked to join Montreal interests in backing a franchise in that Canadian city.

That similar interests also had made overtures to club owners in Washington and Brooklyn, two other cities mentioned as part of the new circuit, also was indicated, but their identity remained unexplained.

Brooklyn Park Available

Charles H. Ebbets, Brooklyn president, was known not to be opposed to permitting the use of his park by a new league club, providing the national league schedule, which gives his club 19 Sunday home dates during the summer, was not interfered with.

Clark Griffith, Washington magnate, also was quoted as leaning favorably toward the project.

General N. L. Huston, part owner of the New York Yankees, expressed general approval of plans for a new league which would afford an outlet for major league material, but otherwise there was little official comment. The majority of club owners declined flatly to express their views.

Edward G. Harrow, business manager of the Yankees, who admitted last night that he had been offered the presidency of the new circuit, would not comment on it today nor indicate whether he would accept such an office.

As revealed last night from apparently authoritative sources, it was planned to put clubs in the new circuit in Montreal, Washington, Brooklyn, Providence, Toronto, Baltimore, Buffalo and Newark. The latter four cities already hold international league franchises.

provided. All in all, it is a typical "Father" production.

**SPREAD.**

In his new Pathé serial, "Speed," Charles Hutchinson performs a few new thrills for his admirers which are photographed under the most unusual conditions—under water. In one hair-raising scene the Pathé stunt star is seen bathing under water with a huge man cutting shark, and in another episode he is shown trying to get the half-nelson on a gigantic alligator. And there was no camera-faking about it, either. This wonder picture will be the feature attraction at the Lavering theater tonight and Saturday, with a special bargain matinee Saturday at 2 p. m.

In addition a Pathé picture featuring Frank Keenan will be shown, and a Leo Maloney western.

The Screen

FATHER ON HIS VACATION

"Father on His Vacation," the new comedy with music, based on the ever popular comics by George McManus, will be the next stellar attraction at the Lavering theater Monday and Tuesday.

All the famous characters, including the beloved Jiggs, Maggie his terminant wife; Dinty and the rest of the Mahoney clan, will be seen in the flesh. A large and capable company has been engaged and in addition to innovations and other features not to be found in the common run of offerings, a number of unsurpassing novelties and original ingredients will be

**FOR BIG STAKES.**

With a practice fire two lamps behind him, Tom Mix carries to safety the girl who is his sweetheart in his latest Fox picture, "For Big Stakes." The horse that he rides does not need to be urged for he knows the danger and gives every ounce of speed that his double harness will allow. This thrilling film drama comes to the Orpheum theater today.

A horse that is almost human, that knows what his part is in a motion picture, and carries out every detail in the scenes requires the sharpest instincts. The name of the film is "For Big Stakes"—and the name of the star's horse is Tony. Some star—and also some horse.

# MEMORY FAILS CONFESSED SPY

### Accuser of Detective Agencies in Interests of Communists, Forgets Simple Facts

CHICAGO, Feb. 15 (AP)—The memory of Albert Balan, alias Balanar, confessed spy and agent provocateur, which enabled him for three days to tell a story of crimes alleged to have been committed by the Michigan and Thiel detective agency and operatives of the department of justice, failed him today.

Under cross examination by O. L. Smith, assistant attorney general of Michigan, Balanow, who made his depositions here for Frank P. Walsh, attorney for 22 defendants in the Michigan conspiracy case, forgot the date of his birth, the date of his birthday, the name of the ship on which he came to America, the town where he was born and many other facts about himself.

He refused to tell the names of his brothers and sisters in this country who might supply the information, and after accusing the Michigan and Thiel agencies of making a fool out of the witness or himself, refused, on advice of counsel, to tell where in America he landed or any other facts about his coming to this country.

### Volunteers Deposition.

Allen O. Meyers, assistant general manager of the Bureau agency, who could not be found by subpoena servers when Mr. Walsh attempted to question him in Philadelphia, New York and Washington, appeared today and volunteered to make a deposition.

Although the Michigan authorities have arrested both of the men and women who are alleged to have attended the communist convention near St. Joseph on last August 22, and warrants for the missing 15, one of the missing ones is attending the hearing here as a reporter. He is M. Beckal, a representative of the Jewish Freiheit, a New York newspaper.

Although he sat through the hearing today within a half dozen feet of Mr. Smith, Prosecuting Attorney Gore of Berrien county, Mich., and Max Burger, former department of justice agent who is assisting the Michigan authorities, he was only recognized by fellow reporters. Beckal told newspaper men he did not attend the convention.

# SEES CHURCH IN EUROPE IN NEED

### Presbyterians in Session Told That Denomination Abroad Must Have Aid in Task

TORONTO, Ont., Feb. 15, 6P.—"If the Protestant Church of Europe is to aid in the rehabilitation of that continent we must help them to do it—they are too weak to do it themselves. The greatest need of the world are churches today, next to our foreign and home missions, is the continent of Europe," Dr. James I. Good, of Philadelphia, spoke today in a report made to the conference of the World Presbyterian Alliance, now in session here. Mr. Good is secretary of the Committee on Work in Europe.

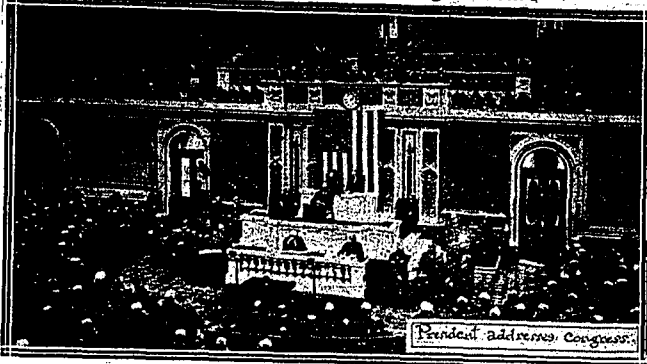

"The religious condition of Europe is very much the same as a year ago," Dr. Good's report goes on to say. "There is the same story of need everywhere. The need of money for church buildings is increasingly imperative. This is true in France and Belgium, but especially in Bohemia. If they are to be helped, our churches must do it. And what is done must be done quickly."

"Several new needs are becoming more pressing. The first is the need of supporting their students for the ministry. There is a lamentable dearth of ministers in those lands, except in Germany and Hungary, where only four ministers to 100,000 Lithuanians, only five ministers to 20,000 Poles, Bohemia could use 60 more ministers than she has. In Yugoslavia more than a quarter of their congregations are vacant, and the same is true of disintegration. Some of those churches will die out unless they get more ministers. Then, too, three of those European countries have no theological schools for the education of their young candidates. They are Lithuania, Poland and Yugoslavia."

"So finally a plan has been evolved by your committee on clothing for Europe. They seek an appeal to the Theological Seminars of our family of churches in America, asking them to take at least one continental student, educate him, pay his necessary and traveling expenses, and send him back to work in those churches. Four of our Theological Seminars have already done this. Princeton has four, Lancaster three, Central has two, and Western of Pittsburgh has one continental student. The Theological Seminars are now ready to take a student, Louisville, Union Seminary of Richmond, Columbia, the United Presbyterian Seminary of Pittsburgh, and the Dutch Reformed of New Brunswick."

"Still another need is also emerging—the need of theological books for the libraries of their theological universities. One of the theological professors of one of the oldest of the Hungarian universities, Sáros-patak, said to us last summer: 'I have not bought a new book since before the war. How can I expect to keep abreast with the times?' Another bright young Privatdozent in Budapest said to me: 'Unless we get books for our libraries, we are in danger of cultural, educational, and intellectual

# President Urges Debt Refunding Measure

President Harding is shown addressing a joint session of the Congress on February 7, urging passage of the measure to permit the refunding of the British war debt and the passage of the ship subsidy measure.

sternation.' Can not some plan be devised to satisfy this tremendous book-hunger over there?

"A third and last new feature of the present is that the field is enlarging, because Russia is just coming into the range of our vision. Last summer we were told in Lithuania that there were 100,000 of our faith did not have a single pair, as all had left the country. We also learned from the congregations in Moscow and Odessa that they were starving and wanted food drafts."

# WILLING GIVERS AID BOY SCOUTS

### Contributions from Local Organization Evidence Approval and Support

That the Boy Scout movement is a valuable asset to the Twin Falls community and that local organizations of various kinds so recognize it is demonstrated by the fact that approximately \$300 has been donated or promised since the beginning of the Scout "Roundup Week" Monday.

The Elks lodge at its regular meeting Thursday night subscribed \$25 and the Rotary club has contributed \$100. The Kiwanis club board of directors has decided to recommend a contribution of about \$100. The J. D. S. Catholic Women's league of the church Thursday night voted to donate \$25. The American Legion is also entertaining the contribution of money to the fund. The funds are to be devoted to the needs of the Boy Scouts, particularly in regard to the Scout camp.

# HARD BATTLE SCHEDULED

### Doubleheader Here Friday Night Between Filers and F. F. Teams Promises to be Interesting Affair

Boys' and girls' basket ball teams of the Filer and Twin Falls high schools will meet this evening on the high school gym floor in a doubleheader that gives promise of being two of the hardest fought cage battles of the season.

With both Filer teams holding wins over the local school, the fans will turn out in masses to help the blue and white athletes even up the score.

This is not an easy matter, as Filer has two teams that have been winning consistently during the entire season. They will step into the fray this evening determined to make it two straight. The girls' game will start at 7:30 sharp.

# ANNOUNCEMENTS

A meeting of the board of the Rural Federated club will be held Saturday 2 p. m. at the home of Mrs. A. S. Martin, 542 Second avenue west.

On this (Friday) evening the R. F. A. will hold a short session of lodge at 7 o'clock. F. F. followed by a social and mystery supper. All R. N. A.'s and families and M. W. A.'s are invited.

The Pythian Sisters will meet this (Friday) afternoon at 2 o'clock in the Business Women's club rooms.

The W. C. T. U. will meet on Friday at 2:30 in the parlors of the Methodist church, with Mrs. Hubbard as leader. The program will be a Frances Willard memorial service. There will be special business to be attended to and it is hoped there will be a large attendance.

Miss Virginia Pearl Anderson and Craig T. Bracken were quietly married Thursday morning at 9 o'clock at the home of the bride's parents. Mr. and Mrs. J. W. Anderson, 346 Sixth avenue north, the Rev. A. O. Pearson of the Presbyterian church officiating. The bride wore a beautiful dress with red carnations and a delicious wedding breakfast followed the ceremony. The bride wore a handsome blue tailored dress with a hat to match. Immediately after breakfast the young couple left for a wedding trip to Boise. Mr. and Mrs. Bracken are both well known in previous business life, while Mr. Bracken was formerly an art teacher in our city school. Those present were Mrs. E. Bracken, mother of the groom, Mr. and Mrs. Edna Bracken, Mrs. Leo Bracken, Mr. and Mrs. J. W. Anderson, Mr. and Mrs. C. D. Anderson, Mrs. D. K. Frost and daughter, Irene, and J. H. Stowell.

The Highland View club gave a Valentine social Wednesday evening at the home of Mrs. Ed Snider. The rooming were most attractive with decorations of hearts and other emblems in keeping with the season. Games and contests were enjoyed until a late hour when refreshments were served by the members of the club. Those present were Mr. and Mrs. Vannoy and family, Mr. and Mrs. G. W. Bigdon and son, Mr. and Mrs. Matt Schmidt and family, Mr. and Mrs. Clifford Day and son, Mr. and Mrs. Elmer Hahn and family, Mr. and Mrs. E. Rozello and family, Mr. and Mrs. F. A. Junker and daughter, Mr. and Mrs. Dale Rozelle and family, Mr. and Mrs. D. W. Kingsbury and family, Mr. and Mrs. G. B. Oster and family, Mrs. George Fuller and son, Mr. Vanece, Mr. Peterson, Mr. and Mrs. George Peterson, Mr. and Mrs. Edgar Vannoy, Mr. and Mrs. Elmer Fuller, Mr. and Mrs. William Woodruff, Alfred Woodruff, Ernest Woodruff and Mr. and Mrs. Ed Smizer.

The Baptist Ladies' Aid met Thursday afternoon with Mrs. E. C. Sparks, who was assisted by Mrs. Richard Mansory—Mrs. J. F. DeWitt and Mrs. John Gonsky. The regular order of business was transacted with the president, Mrs. Effie Watkins, presiding. The remainder of the afternoon was spent with needlework, after which the hostesses served a delightful refreshment. There was an unusually large attendance, several visitors being present.

The Episcopal Guild met Thursday afternoon in the social room at the Parish hall. There was a lengthy business session with the president, Mrs. C. S. Sigbee, presiding. The ladies of the Christian church extended an invitation to this church, as well as others in the city, to meet together in order that they may become better acquainted. The Guild voted to accept the invitation. A committee was also appointed to take part in the conference to be held in regard to taking up Americanization work among the foreigners in our city. Mrs. Sigbee gave an interesting report of the recent convention held in Boise which she attended as a delegate. The ladies sewed new garments for the children, which is to be the work for the Lenten season. Some committees were appointed to begin work for a large banner to be held in the fall. During Lent the Guild does not serve refreshments.

The Morningglade club met Wednesday morning with Mrs. George Thompson on Elizabeth boulevard. Mrs. Orrin Fuller was a guest of the club and 14 members were present. Election of officers was held resulting in the re-election of all former officers. A general social time was enjoyed and the hostesses served delicious refreshments.

The Mentor club, which is composed of ladies who live in the vicinity of Carry, met in all-day session at the home of Mrs. Earl Miller Wednesday. The husbands were guests, and a beautiful cafeteria dinner was served at noon and was followed by a brief business session, after which cards were enjoyed. The rooming were lovely with

# NO JURORS SELECTED IN HERRIN MINE RIOT CASE

### Court Rules Contributor to Defense Fund is Not Disqualified for Jury Service

MARION, Ill., Feb. 15, 6P.—Participation in the one per cent checkoff which has been levied by the Illinois miners' union against its members to be used for defending members indicted in connection with the Herrin mine riot, does not disqualify prospective jurors from serving in the second trial, Circuit Judge D. T. Hartwell ruled today.

The ruling was occasioned in the examination of Icie Jennings, a former union coal miner, who said he supposed the one per cent checkoff had been taken from his wages. C. W. Mihalokuff, assistant attorney general, contended that contributing to the defense of the men on trial was sufficient cause to bar him from jury service, but the court held the contribution was voluntary and was not sufficient cause for disqualification. The prosecution then excused Jennings with its sixth peremptory challenge.

No jurors have been definitely agreed upon.

# SOLVES DEATH MYSTERY

LOS ANGELES, Feb. 15—Miss Rhoda Hodges, young student of Boise, Idaho, whose death here Sunday under mysterious circumstances caused the authorities to investigate, died from acute indigestion and carbon monoxide poisoning, the coroner announced today.

The announcement followed an autopsy performed on the young woman. Carbon monoxide poisoning was said to have been caused by a heating system in the apartment occupied by Miss Hodges and her mother, Mrs. Stella Hodges, who also became seriously ill, but whom physicians said today they expected to recover.

SASTERN REPRESENTATIVES: George B. David Co., Inc., 171 Madison Ave., New York, A. R. Keator, 1411 Harvard Building, Chicago.

SELECTING A TICKET

Within a few weeks now the people of Twin Falls will be called upon to elect a Mayor and two City Commissioners.

The outcome of the election depends very largely upon the personnel of the tickets and about this question of a selection of tickets revolves the main obstacle in the way of a representative election outcome.

Looking back to the election of a year ago, it should be apparent to anyone that the people as a whole did not vote.

The main difficulty is in the selection of a ticket in opposition to the Mills-Walton ticket.

The public may take its choice, if indeed the public succeeds in getting one good ticket into the field.

ABOUT SUGAR BEETS

From present indications the quantity of sugar beets planted on Twin Falls County farms this year will not greatly exceed the figures of last year's crop.

Yet the matter of the crop which he shall plant is the business of the farmer and not at all the business of this newspaper.

The point of the whole matter is simply this: Farmers will grow beets only to the point where they are convinced that an adequate return for the labor expended is certain and sure.

Just—the speech of the fourteenth century. "Mout plaisante dame—" he began, dropping reverently on one knee.

No man is going to be asked to plant a crop at a sacrifice, but it is sincerely to be hoped that enough farmers will see fit to devote ten or twenty acres apiece to beets to enforce against the elimination of the company's plant as a factor in the development of the Twin Falls country.

Effort Hubbard paid of advertising: "Advertising is the education of the public as to who you are, where you are and what you have to offer in the way of skill, talent or commodity."

The truth contained in these words is emphasized and multiplied every day, but ability to read the printed word is not enough to make all men see it.

The JOY of LIVING By SIDNEY GOWING. Illustrations by Ellsworth Young. Copyright 1922 by Sidney Gowling.

(Continued.)

Almece was walled out of the room, hardly less bewildered than Alonzo. When she had gone upstairs, Monsieur De Jussac returned to the dining room.

He paced the room with long strides, developing a series of plans that flashed through his brain. Some covered him to laugh aloud, others evoked a sigh.

"In this country of Puritans, schemes that elsewhere would glow like a golden mist, become impossible!" he mused regretfully.

Since the coldness of Lady Diana was the main difficulty, Bertrand's thoughts concentrated naturally upon her, and it is to be feared that Almece's predicament faded into a secondary place.

He turned to inspect the pectoral of another suit, beautifully engraved and chased with gold.

"It was Lady Diana, in a long girdled wrap trimmed with white fur. In her hand was a rolled up paper that might have been a piece of music; it trembled visibly. Her face, as she gazed at the mirrored figure, was as white as her garments."

Especially Aunt. I'm going to count three. When—"Miserable!" gasped Bertrand.

"I have no quarrel with you, vicome. You're all right. But I've got you both. You'll accept my terms—"

"Yes, yes!" she said wildly. "How dare you—pretend to be a ghost!"

"Sweetest of all earth's treasures!" exclaimed Bertrand. "You love me? You tremble—your heart beats. Say it! You love me!"

"I-I-I do," she whispered, hardly audible, "and—I should never have dared to let you tell me so."

"But my aunt!" exclaimed Diana suddenly, her blushes changing to pallor. "If—"

"She will give us her blessing. In the morning—"

"Lived we in those days," cried Bertrand with rising fervor, "I would hack my way to her favor though a hundred spears barred the path."

"It becomes me a merveille! Name of a name! Let me envisage myself the conqueror of my Diana!"

He strapped on the greaves and culottes over his dress trousers, donned the gorget and, hitting down the big helmet, placed it over his head, ordering his nose in the process.

"Stop her—make her be quiet!" cried Diana trembling. "Bertrand—if my aunt—"

"Yes, yes! Mademoiselle—" "Listen! Within three feet of me is a burglar alarm," said the voice, diabolically. "I'm going to start it. Before you can turn yourselves round, the whole household will be down on you."

"I have no quarrel with you, vicome. You're all right. But I've got you both. You'll accept my terms—"

"Yes, yes!" she said wildly. "How dare you—pretend to be a ghost!"

"Sweetest of all earth's treasures!" exclaimed Bertrand. "You love me? You tremble—your heart beats. Say it! You love me!"

"I-I-I do," she whispered, hardly audible, "and—I should never have dared to let you tell me so."

BURN ABERDEEN MINE-RUN COAL \$7.75 Per Ton. Best by Government Test. Shankel Coal Co. Phone 436. Across from O. S. L. Tracks.

Spring Draperies

Women who are thinking of getting the home ready for spring and summer will find at this store a very complete line of Draperies and Curtain Nets.

Incidentally many of them are advantageously priced. Such Beautiful Draperies You Never Saw. Most wonderful in their gorgeous colorings and hand blocked oriental patterns.

Cretonne at 35c and 39c per yard. Out of the ordinary patterns are at these prices. All new and pretty colorings. You will surely like them.

Chintz at 75c yard. Old English patterns of printed Chintz. Smooth, and besides drapes it makes exquisite dresses and aprons.

Veledge Cretonne \$1 per yard. Superb in their attractiveness. Hand blocked patterns that are sun-fast and on the window they look like velvet.

Town and Country Cretonne \$1.25 to \$2.00 yard. In these sun-fast, hand blocked patterns you will see the same things exactly that you would see in the best and largest drapery stores in America.

Printed Tapestry \$1.25 yard. These are handsome new patterns, in heavy cloth, and you will want to make pillows out of some of these, too.

Duplex Tapestry \$1.39 per yard. Use either side. A woven, 36 inch tapestry stripe. Fine for upholstery, curtains or pillows.

Double Drapery Terry Cloth \$1.25 per yard. New quality, soft and drapery. One side will have wonderfully blended golden floral effect and on the other side the effect will be carried out in rose.

Velcord Tapestry \$2.00 yard. A corded velvet, 36 inches wide, handsome effects that blend in any room. Heavy, yet soft.

Plain Colors to Match. The new note is to make valances of plain matched colors. We have rep cloth in plain to match all drapes.

"Another Package From Booth's" Booth Mercantile Co.

THE MARKETS  
SELLING SCUTTLES WHEAT

Values Tremble Under Pressure Ascribed to Disappointing Outlook for Legislation

CHICAGO, Feb. 15 (AP)—Waves of selling that totaled well into millions of bushels brought about a sharp decline of values in the wheat market today. The bulk of the selling was ascribed to eastern interests which until today had clung to hopes of a revision of export duties.

At first, the wheat market showed apparent strength with a moderate amount of buying. A cold, southerly weather in the winter crop belt and on higher quotations at Liverpool, Liverpool in price, however, went to higher than one cent, and instead of about an hour. From that stage onward the selling came in such volume that except for brief intervals the descent of prices was practically unchecked, and the finish was at the lowest level reached.

All of the gains of the last week or ten days in the wheat market were wiped out by the panic selling today. Rumors that there had been a settlement made privately between eastern long and western shorts brought forth present selling. The decline in the decline and it was this delivery in particular which was affected chiefly by selling orders from the east. According to current gossip the greater part of the holdings liquidated today were closed out at a profit.

Corn and oats were governed by the action of wheat. Rains in Argentina had soured the market. The price of provision market the influence of higher prices on hogs was more than counterbalanced by the weakness of grain.

PORTLAND LIVESTOCK

PORTLAND, Ore., Feb. 15 (AP)—Cattle nominally steady; no receipts; choice steers \$7.25 to 8; medium to good \$6.50 to 7.50; fair to medium \$5.75 to 6.50; common to fair \$4.50 to 5.75; calves \$5.25 to 6; choice cows and heifers \$5.25 to 5.75; medium to good \$4.50 to 5.75; fair to medium \$3.75 to 4.50; common cows \$3 to 4; canners \$3 to 4.25; calves \$3 to 4.50; choice calves \$4.50 to 5.50; prime hogs \$10 to 10.50; medium light \$9.50 to 10; heavy \$8 to 9.50.

OMAHA LIVESTOCK

OMAHA, Feb. 15.—United States Department of Agriculture (AP)—Receipts—Receipts 6000; mostly 25 higher; bulk packing cows \$7.25; bulk butcher hogs \$8 to 8.50; top \$9.10.

CHICAGO LIVESTOCK

CHICAGO, Feb. 15.—(United States Department of Agriculture) (AP)—Cattle—Receipts 7000; active; all selling classes unevenly mixed. Choice steers and feeders about steady; beef steers 10 to 25c higher; largely 25c up; beef cows and heifers generally 25 to 40c higher; better grades heifers and cows 40c to 45c; veal top 1.20; hogs—checkers and advancers; canners and cutters and bulk 10 to 12c higher; veal calves 25c higher; spots more; quality considered, bulk desirable veal calves to packers \$10.25; slippers to packers \$10.75 to \$11; bulk desirable heavy hogs \$10.75 to \$11; bulk canners \$11.25 to \$12; strong weight cutters \$11.25 to \$12; bulk steers and feeders \$10.75 to \$11.50; Hogs—Receipts 15,000; 20 to 25c higher; closed firm; bulk 100 to 200 pound average \$8.50 to \$9.25; top \$9.25; bulk 210 to 225 pound average \$8.50 to \$9.25; weight packing show around \$7; pigs bulk \$7.25 to \$8; estimated holdover 14,000.

BULLS FORCE VALUES UP  
Speculators for Advance Bid Up Prices Despite Volume of Profit-taking

Twenty industrials averaged 102.67; net gain, .72; high, 1923, 102.67; low, 99.94.

NEW YORK, Feb. 15 (AP)—Speculators for the advance succeeded in bidding up prices in today's stock market but they were hampered by a large volume of profit taking induced by the fall in money rates, and copper advanced 5/8, advanced to 5 1/2 and then 6 and fell back to 5 again at the close.

Foreign news developments were largely ignored but the day's high for sterling had a cheerful effect on sentiment. Higher prices for crude oil, zinc and copper, the latter being quoted at a new high record of 15 1/2 cents a pound, stimulated the buying of shares in those groups. The apparently chaotic condition of the Cuban sugar market and the refusal of sugar markets imparted an irregular trend to the sugar company issues.

New high records for the year were made by a number of stocks including American Can at 99 1/4, Golden Oil at 58 5/8, Gulf States Steel at 90 1/2; North American at 110; Westinghouse Electric at 67 3/4; Utah Copper at 67 1/2; California Motors at 71 1/2; California Petroleum at 81 3/4, U. S. Industrial Alcohol at 71 3/8, Vanadium Steel at 42 3/4, Crucible at 82 3/4; California Petroleum was the leader of the oil group, trading in which became more active on another increase of 25 cents a barrel in the price of California Crude at 41 1/2. The latter was the leader of the oil group, trading in which became more active on another increase of 25 cents a barrel in the price of California Crude at 41 1/2.

Trading in rail shares continued in lethargic fashion although the main tendency was upward with Delaware and Erie leading the advance. Steel shares, noted in the weekly trade review, combined with reports that manufacturers were offering premiums to independent companies for prompt delivery, caused a sharp rise in steel shares, United States Steel common approaching within a small fraction of its year's high and the independent issue soaring to new high ground.

Some of the individual stock spots were Atlantic Refining, Tidewater Oil, Dupont, Pittsburgh Coal and Westinghouse Air Brake, all three to six points.

Times money was offered at 5 percent for all dates with brokers taking some for 40 days and longer but bidding only 3 to 3 1/2 for the shorter maturities. Commercial paper continues modestly. Receipts of the United States Department of Agriculture for 1923, the prime name commanding 4 1/2 percent. Foreign exchange were firm. Demand sterling reached a new year's high at 84 3/4, and French francs advanced to above 6 cents.

LIBERTY BONDS

NEW YORK, Feb. 15 (AP)—Liberty bonds closed:

A well known traveling man who visits the drug trade says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult, and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it to the child group and whooping cough it is unsurpassed.—adv.

# CRIMINAL CASE CHARGES FOUND WITHOUT BASIS

## Prosecuting Attorney Dismisses Action Against Physician, Nurses and Patient With Complete Exoneration

With a complete exoneration of all of the accused persons, J. W. Taylor, Twin Falls county prosecuting attorney, Thursday evening announced the dismissal of a criminal action instituted Monday against Dr. J. B. Morgan, Mrs. T. W. Williamson, and three young women employed as nurses by the county general hospital.

### Dispose of Suits on Civil Docket

Dismissal of the action was made, according to Mr. Taylor's statement, "without any compromise or adjustment."

### No Basis for Charges

Mr. Taylor's statement follows: "After making a most thorough examination into the charges, interviewing various physicians and gathering all of the facts connected with this case, I found that there was absolutely no foundation upon which to base the charges, and, becoming satisfied that there was absolutely no grounds for the prosecution against any of these defendants, I felt it my duty, as prosecuting attorney for the county, to make a motion before Justice Packard for the dismissal of the charges, which dismissal was accordingly granted."

### Dr. Morgan Gives Facts

"I might say that Dr. Morgan personally called upon me and offered to furnish, and did furnish to me, a complete statement and laid all the facts before me so that I could make a complete and thorough examination, which I did do, and dismissal of the action is made without any compromise or adjustment. Had there been any grounds for the action, it would have been presented to its final conclusion and had there been any doubt as to the innocence of the parties involved, I should have submitted the case to the magistrate.

## DATE FOR SEMI-FINALS IS ADVANCED ONE DAY

Change in Made in Schedule for Sub-District Elimination Contests Because of Game Club's Coming

The sub district basketball semi-finals which have been transferred from Buhl to Twin Falls will be played February 22 and 23 and 24 as had been previously announced, owing to the fact that the University of Idaho Game Club will give a concert at the high school Friday evening.

There will be two games played Wednesday afternoon starting at 2:00 o'clock, two Wednesday evening starting at 7:30 and two Thursday evening at 7:30.

## Wright Opening Draws Big Crowd to New Quarters

Large Numbers Visit the Elks' Building Home; Orchestra Adds to Pleasures of Occasion

The opening of Wright's store in the new location in the Elks' building took place Thursday evening when hundreds of persons passed through the doors between 7 o'clock, when the opening began, and 9 o'clock, the closing hour of the department store.

## Counts Funds for Work on Streets

Superintendent Krivanek Says Workmen Are Laid Off Only Because of Lack of Jobs

Approximately \$2200 remains in the city's street fund and this amount will be sufficient to meet the needs of the street department until May 1 when the 1927 city expense budget is laid out, according to E. T. Krivanek, street and waterworks superintendent.

## Windows Attract Attention

The display windows arranged by Emery Benoit, proved one of the attractions of the opening event. On the second avenue side were offerings of various kinds including gloves, handbags, trimmings and small goods interspersed with late models of gowns and wearing apparel.

## PRIZES AWARDED

Prizes awarded by the slogan contest conducted by the Davis Optical company were awarded Wednesday as follows: Alice K. Larson, first; Ellis Sparks, second; and honorable mention was given Mrs. B. Johnson and Mrs. A. S. Lamonte. J. W. Tritt and Henry Garrett were judges.

## They Appeal to Our Sympathies

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you suffer from biliousness, try your stomach, give them a trial.—adv.

**Congratulations.**  
You have shown your faith in Twin Falls by the move you have made and we wish you success.

## Wright Opening Draws Big Crowd to New Quarters

Large Numbers Visit the Elks' Building Home; Orchestra Adds to Pleasures of Occasion

The opening of Wright's store in the new location in the Elks' building took place Thursday evening when hundreds of persons passed through the doors between 7 o'clock, when the opening began, and 9 o'clock, the closing hour of the department store.

## Counts Funds for Work on Streets

Superintendent Krivanek Says Workmen Are Laid Off Only Because of Lack of Jobs

Approximately \$2200 remains in the city's street fund and this amount will be sufficient to meet the needs of the street department until May 1 when the 1927 city expense budget is laid out, according to E. T. Krivanek, street and waterworks superintendent.

## WEATHER STATISTICS

HELENA, Mont., Feb. 15, 69—Maximum and minimum temperatures at the following cities during the 24 hours ended at 6 o'clock tonight, reported by the United States weather bureau, were:

Chicago	High 12	Low 4
Edmonton	9	-26
Elmer	10	-18
Kalispoll	14	0
Miles City	9	-14
New York	23	12
St. Paul	10	-14
Salt Lake City	30	20
San Diego	64	49
Seattle	44	30
Twin Falls	41	18

Idaho forecast, Friday: Fair. 24 Wright opening—P 8

Thursday's average temperature of 29 degrees represented an advance of several degrees over the average of previous days recently in Twin Falls, and spring weather was the order of the day. High temperature at 41 degrees was the same as on Wednesday, while low at 18 degrees was seven degrees above that of the previous day.

## THREE TO PARTICIPATE IN SPEAKING CONTESTS

Tryouts at High School Result in Selection of Students to be Trained for Future Declamatory Events

The declamatory tryouts at the high school auditorium Thursday were well attended and resulted in the selection of three speakers to represent the Twin Falls high school in the sub-district contest at Filer on March 9. The winners and their departments were: John Ambery, oratorical; Cloe DeWitt, dramatic; Margaret Dunlap, humorous. The judges were J. W. Porter, Superintendent M. C. Mitchell and Miss Fairy Cunningham of the high school faculty.

**Attention Farmers**  
Sugar advanced one dollar and twenty-five cents per hundred pounds.  
According to statistics there is a sugar shortage of two million tons. At the present price of sugar, beets are worth eight dollars and thirty-seven cents per ton, which would make one hundred and thirty dollars and eighty cents per acre for a fifteen ton per acre crop. Many of our growers produce twenty tons per acre, which would bring returns of one hundred seventy-four dollars and forty cents per acre.  
We are at the present time contracting beet acreage, and we ask all farmers to consider seriously the putting of a part of your farms into beets as *sugar beets is the safest crop you can grow*, and will give better returns than any crop we know of.  
The larger the acreage the better price we can pay for beets.
