

# GRANGE HEAD REPUUDIATES SCHOOL BILL

### Farm Organization President Denies Claims of Backers of Measure to Abolish Commissioner of Education

BOISE, Feb. 23 (Special to The News)—Reputation by W. W. Deal of Nampa, president of the Idaho State Grange, of house bill 211, which would abolish the commissioner of education, after Representative Williams, progressive, of Minidoka, and co-sponsor of the measure, had said that the Grange demanded it, was the sensational development of an open hearing attended by more than 300 persons, at which the bill was discussed.

Answering charges made that there was inharmonious duplication of duties and no necessity for the two offices of state superintendent and commissioner of education, Mr. Deal said that he was times state superintendent, said that no superintendent who was elected would claim to have sufficiently broad experience or ability to handle the highly specialized work of commissioner. "I am not interested in who holds office, but am vitally concerned in the welfare of 142,000 children, who are more sacred to me than anything, and I hope to see this measure defeated so that we can keep the schools untroubled by politics," said Miss Redfield.

### Denies Work Duplicated

She denied any duplication of work and said that since 1913 there has been a broad building up of the institutions and since in Idaho, and that it could only be done by the state employing an executive head at a reasonable salary commensurate with the importance of the work.

"A superintendent is elected because she can get votes, but the head of the schools should be selected for ability and ability. No superintendent assumes any of the duties of a commissioner."

In explaining his position, Mr. Deal said the Grange had first wanted the superintendent eliminated and when that failed they asked that the commissioner be abolished for economic reasons, but that the principle upon which they stood was the election of a non-partisan board.

### County Unit Falls

The county unit consolidated school district house bill was killed this afternoon in that body by a vote of 10 to 48. Among the bills passed at an afternoon session of the legislature was an exemption from irrigation districts of watered lands; permission to return money to the teachers' funds; providing attorneys for insane persons; forty-one convicts of the state penitentiary from working at the soldiers' home; restriction in amount of orders and warrants issued by a judge; making hunting a trespass without permission of the owner irrespective of warning signs.

### Two Bills Vetoed.

Executive veto of two bills marked the close of the state legislature this morning.

# NORTHERN IDAHO MINE IN FLAMES

### Helmet Crews Wage Prolonged Battle Against Fire in Hercules Property at Burke

WALLACE, Idaho, Feb. 23 (AP)—Working steadily but cautiously, helmet crews continued all day and tonight in their battle against the fire in the Hercules mine at Burke, northeast of here, making every effort to safeguard life as well as property.

The fire started the workers reported, in the 400-foot level and ran east over the sill. It burned to the sill and was extinguished, but is still burning in the stops. As there are only seven men on the fire, the principal difficulty encountered by the men arises from the volume of smoke, which obscures their way.

The rescue party arrived in the mine tonight. Helmet crews from the Hecla, Morning and Tamarack mines in this vicinity, also are at the mine, assisting the firemen. The fire has been called out and checked within half an hour of the time the fire was discovered.

### SUGAR REFINERS CUT MELON

NEW YORK, Feb. 23 (AP)—Stockholders of the Savannah Sugar Refining company today authorized the directors to declare a preferred stock dividend covering the year ending September 30, 1922, in the amount of \$2,000,000. The dividend will increase the preferred stock from \$2,000,000 to \$3,750,000. The directors also were authorized to increase the new common stock from 49,600 to 57,000 shares.

# Victim of Swindlers Glad He Was Plucked for Only 12 Thousand

### Duluth Realty Operator Trimmed by Fake Stock Deal Operators, Sees Bright Side

LOS ANGELES, Cal., Feb. 23 (AP)—Edward J. Webb, wealthy realty operator of Duluth, Minn., who came here two weeks ago with his family for a vacation, reported to the police tonight he had been swindled out of \$12,000 in a fake stock deal by three men whom he met in a downtown hotel, where he and his family have rooms. He will be telegraphed to his Duluth bankers to send him \$10,000 of the sum he lost.

"I'm glad it was only \$12,000," he said. "I came near to putting in \$50,000."

# BLUE LAW FOES SEEK SPEAKER

### Federal Judge Declines to Preside at Salt Lake Mass Meeting to Frame Demands

SALT LAKE CITY, Feb. 23 (AP)—Federal Judge Page Morris, of Duluth, Minn., who was asked to preside at the mass meeting tomorrow in the Orpheum theatre, called to demand the repeal of the cigarette and anti-tobacco law, has declined to serve.

The campaign to arrest smokers in public places has ceased up and during the past two days no arrests have been reported. Last Tuesday and Wednesday, however, many prominent residents were charged with violation of that section of the anti-cigarette law, which prohibits smoking in any form in restaurants and other public places.

Changes by a Salt Lake newspaper member of the Utah legislature from Salt Lake county met and pledged themselves to take no action for repeal or amendment of the cigarette statute is one of the things that are occupying the public eye at present.

Purchase of cigarettes in Salt Lake City is becoming increasingly difficult because of the proposed anti-cigarette law. According to reports, has his supply cached in a nearby laundry office. A customer asks for cigarettes and the cigar man procures the pack from the laundry office, where the laundry office. This and many other schemes are made up of so-called "cigarette bootleggers."

# JAIL DOORS CLOSE UPON MINE WAR PARTICIPANTS

### Forty-Seven Men of Mob that Burned Tipple in Custody of West Virginia Authorities for Varying Terms

WELLSBURG, W. Va., Feb. 23 (AP)—Forty-seven men of the mob which burned the Tipple mine near the Pennsylvania state line last July were tonight in the custody of West Virginia authorities, having been convicted of entering pleas of guilty to the crime. One of the men, Sheriff H. H. Duval, was killed in the fighting and Frank Boda was brought to trial tonight. He had pleaded the crime.

Thirty of the indicted men entered pleas of conspiracy today and each was sentenced to serve three years in the Missouri reformatory.

The grand jury indicted 290 men but 50 have never been apprehended. All of the indictments were for conspiracy and in addition 78 men were charged with murder. Forty of the accused were sentenced to ten years each in the penitentiary.

A total of 43 pleaded guilty. All other indictments against the men under sentence have been quashed.

### JURY ACQUITS POLLARD

RICHMOND, Va., Feb. 23 (AP)—Thomas Pollard, real estate broker, was found not guilty by a jury tonight of the murder of his former employer, Mrs. Thelma Dean Richardson, who was shot to death in front of the Pollard home on December 11, last.

# The Day in Washington

(By The Associated Press)

Senator Underwood of Alabama concluded his service as democratic floor leader, leaving for a European trip.

The house, by a vote of 300 to 11, passed the administration bill directing the return of certain estates of former enemy aliens held by the alien property custodian.

The bureau of immigration announced that it was taking action against whom deportation proceedings are pending, could remain in this country six months more under bond.

The house agriculture committee today reported a bill for the Wisconsin Volok republican, Wisconsin, calling for a federal trade commission inquiry into the proposed consolidation of the Armour and Morris packing firms.

# HARDING TO LEAD AD TO CREDIT BILL

### Undertakes to Straighten Out Farm Relief Legislative Program at Center of Fight in House

WASHINGTON, Feb. 23 (AP)—President Harding has undertaken to straighten out the farm credits legislative program which has caused a bitter fight among republican leaders in the house and a difference of opinion in his cabinet.

The controversy in congress has centered largely around the Lenroot-Anderson bill, provisions of which have been assailed by Secretary Mellon as "dangerous" and "unworkable" which received the public endorsement today of Secretaries Wallace and Hoover.

A White House spokesman, in making a statement, said that President Harding had urged republican house managers to effect a compromise, and the Lenroot-Anderson measure was included in the administration program. At the same time, Chairman McFadden of the house banking committee stated that the principal provisions of the original Lenroot-Anderson bill, which provided for the issuance of farm credits legislation which his committee is drafting.

### President Seeks Reunited

The president, it was stated officially, was seeking to fulfill the administration program on rural credits and felt confident that legislation providing effective relief for the farmer would be enacted before congress adjourns on March 4.

Chairman McFadden said his committee was endeavoring to draft legislation which would meet with general approval and one embracing the main features of the Capper bill, passed by the senate, and the Strong bill, passed by the house, as well as the Lenroot-Anderson bill. Ascertaining that the senate Lenroot-Anderson bill was quite different from the original Lenroot-Anderson bill approved by the joint committee in the composite credits legislation which his committee is drafting.

### Contemplates Quick Action

The chairman hoped to have the bill completed by tomorrow night and reported that the bill was being prepared to give it right of way early next week under a plan contemplating its passage in one day. After house consideration it would have to be referred to the senate bill and conference between the two houses.

Approval of the Lenroot-Anderson bill by Secretaries Hoover and Wallace, as well as the approval of the bill by Representative Anderson, republican, Minnesota, chairman of the joint committee of agricultural inquiry. Secretary Hoover wrote that "we feel that it would be a great disaster if the bill should fail to become a law," and Secretary Wallace argued that to offer the Capper credits bill as a substitute would give the farmer the best of reasons for feeling that in reply to their request for bread they had been offered a stone."

# YOUNG BANDITS TAKE CASH

### Two Unmasked Youths Rob Omaha Merchants Express Company Safe After Lundry Employes

OMAHA, Neb., Feb. 23 (AP)—Two young, unmasked bandits entered the office of the Omaha Merchants' Express company today and, after the laundry employes had left, stole \$2,000 in cash and jewelry.

The bandits entered the office at 8:30 in the evening. They escaped in a waiting automobile, and the police are looking for them.

# WOMAN OF 90 YEARS OVERTS PIPE CREDIT FOR LONGEVITY

PUYALLUP, Wash., Feb. 23 (AP)—Mrs. Belver Foster, 90 at birth, attributes her good health to the fact that she has smoked a pipe for the last fifty-five years. She is an inveterate pipe smoker.

# Germans in Occupied Area Committed to Strategy of Crippling Public Utilities

### Franco-Belgian Authorities Take Extra Precautions Following Order by German Minister of Transportation to Strikers to Shut Off Gas and Water and Electric Lights

### ARMED FORCES DISSOLVE MEETING OF MUNICIPAL COUNCIL OF BOCHUM

BERLIN, Feb. 23 (AP)—The French occupying force today dissolved the meeting of the municipal council of Bochum and arrested the oberbürgermeister and twenty-two members of the council on the ground that they had refused to carry out French orders regarding deliveries.

German workers stationed outside the town hall while the arrests were being made.

ESSEN, Feb. 23 (AP)—Extra precautions to guard public utilities in the Ruhr have been taken by the Franco-Belgian authorities because of an order issued by General Wilhelm Groener, German minister of transportation, to the striking railroad workers to cut off gas and water and electric light power whenever possible.

According to information in the hands of the French occupying forces, the strikers have been given orders to perpetrate acts of sabotage of this kind immediately at various points so as to hinder in every conceivable way the forces of occupation.

The German customs houses in the Ruhr were taken over today, the German officials being replaced by customs officers from France. Gradually all the Germans in the customs service in the occupied area are to be let out and in a few days the French and Belgians will be in complete control, it seems including the Ruhr today's proclamation by Spier, however, the German customs chief refused to vacate his office. He was arrested by French guards and taken to the German prison, the German authorities refused to accept the prisoner, whereupon the prison director himself was arrested by French soldiers and locked up in his own jail with the customs chief as a comrade.

### Strike Spreads to Rhineland

The telephone and telegraph strike in the Ruhr beginning to spread to the Rhineland. At Magerode today the postal workers refused to serve the French. Consequently the postoffice was occupied by French troops. At the same time the telephone and telegraph employes quit work and the German population now is without wire communication to the west. A strike against the French in progress at Essen, Dulsberg and other principal points in the occupied region.

Strike funds sent to the Ruhr by the French continue to pour into the district. While some of the funds are being distributed to the strikers, the French daily are making a grand total of 15,000,000 marks which the Germans had planned to distribute among the railway strikers.

### Shooting Affrays Increasing

Several shooting affrays were reported today in the Ruhr. At Oberhausen there was trouble between the security police and French gendarmes who were disarmament men. One of the police was killed and another wounded. In Witten, a German workman was shot and killed.

# BOCHUM SEEMS CENTER FOR OCCUPIERS' DIRECT ACTION

BOCHUM, Feb. 23 (AP)—Most of the direct action carried out by the forces of occupation in the Ruhr for the last 48 hours was in the form of wholesale requisitions of supplies from stores and shops.

One German workman was killed and another wounded in an affray with the troop movements in this section. The principal establishment entered was Bochum's leading department store, which was forced to close. The management to sell wares to the French or Belgian nationals.

Neighboring shops also were visited and requisition forces sent to assist. According to the Germans, the articles taken were for the furnishing of the French officers' clubs, as they include, inclusive of cutlery, boxes, lenses, non-alcohol and similar goods. Requisition receipts were given for all the articles taken.

The casualties resulted as the troops searched the department store with their arms full of goods, attracting a large crowd of German civilians. The Germans declare the crowd did not threaten the soldiers. The store was suddenly fired upon while 10 meters away.

(Previous dispatches from other sources indicated that the casualties mentioned occurred during the occupation of the Bochum law courts).

# OCCUPY RAILWAY STATIONS

ESSEN, Feb. 23 (AP)—The French today occupied the railway stations at Pflundorf and Dulsberg, near here.

# GERMANS LIST CASUALTIES

ESSEN, Feb. 23 (AP)—Nineteen Germans, including one soldier, have been shot dead and 13 seriously wounded by the military forces of occupation since they entered the Ruhr early in January, according to figures compiled by the German authorities here.

# APARTMENT FIRE COSTS LIVES OF 13

### Flames Starting in Garage Beneath Rooming House Envelopes Building Before the Occupants Waken

KANSAS CITY, Kansas, Feb. 23 (AP)—Thirteen persons trapped in a rooming house, were burned to death early today in a fire which destroyed a two-story frame building at 931-937 Kansas avenue in the Armourdale district here. All of the bodies were recovered, but they were so disfigured by the flames that six of them had not been identified tonight.

An official investigation will start tomorrow. The fire started in a garage beneath the rooming house and had almost enveloped the building before the occupants were awakened.

Thomas C. Hattley, owner of the garage, was sleeping in the garage office when the fire broke out. "I haven't the faintest idea how the fire caused the fire. I am sure there was no explosion," he said.

### Tells of Red Hot Stove.

E. J. D. Hodge, a chauffeur, said today that he recalled driving into the garage late last night. He said he found Hattley had been drinking and the stove in the garage office red hot.

Only once before has Kansas City, Kansas, had a fire in which the toll of life was so high. The fire broke out in the Chamber of Commerce building killed 13 persons and injured about 30.

The rooming houses destroyed today contained 18 rooms and housed 34 persons.

### Only Two Stairways.

There were but two stairways, both through the interior of the building, and it was said the hall on the second floor were so arranged that they were difficult to get out in a fire.

The positions of the bodies in the ruins indicated that many of those killed were in the hall. Fire department officials estimated the damage at \$25,000.

# CORONER'S JURY EXONERATES SLAYER OF LABOR LEADER

CHICAGO, Feb. 23 (AP)—"Handsome Dan" McCarthy, who shot and killed "Steven" Kollmer, a rival labor leader, in a gun battle in a crowd at south side cafe last Sunday night, was exonerated by a coroner's jury today, who found that McCarthy shot in self-defense.

Upon the recommendation of the state attorney's office, McCarthy was refused his freedom after the jury's verdict and the police said they would hold him tomorrow on a charge of murder.

# ADVANCE GASOLINE PRICE

BALTIMORE, Md., Feb. 23 (AP)—Local offices of the Standard Oil company of New Jersey announced today that the price of gasoline in Maryland will be advanced one cent per gallon.

# BONDS LARGELY SUSPECTS HELD

NEW YORK, Feb. 23 (AP)—The discovery of a \$100,000 fall in corporation stocks and bonds, believed spurious, in the possession of two men about to depart for a western selling campaign, led to the arrest tonight of Jules "Nicky" Arstein, Edward M. Fuller, bankrupt broker of the firm of Fuller & McGee, who is out on \$30,000 bail on swindling charges, and four other men and women.

Fuller and Arstein, those in custody include Albert Wilson of Cleveland; Albert E. a former stock broker of this city; Henry Sikes and Milton Small, also of New York, and Miss May Wells, a recent arrival from Australia.

# PITTSBURGH WOMAN SAYS FRENCH TROOPS IN RUHR ARE ROUGH

### Mrs. Louise Gelsel, Returning From Bremen, Declares She Will Protest at Washington

NEW YORK, Feb. 23 (AP)—Mrs. Louise Gelsel, of Pittsburgh, returned from Bremen on the steamer Siedlitz today, declaring her determination to go at once to Washington with a protest against treatment accorded her by French soldiers in the Ruhr.

Mrs. Gelsel declared soldiers prodded her with bayonets, compelling her to allow for a treatment on route from Dortmund to Bremen. Her baggage was thrown from a window and one of her trunks was smashed, she said, adding that the soldiers paid no attention to her protests that she was an American.

# FRANCE DENIES USE OF BLACKS

### Germans Spread Reports of Colored Troops Serving with French Forces in Ruhr

WASHINGTON, Feb. 23 (AP)—New French colonial troops have entered the Ruhr, the German embassy said tonight in a dispatch from Berlin. The statement added that "colored troops of the Seventh French colonial regiment have entered Werthen, Valtort and Kupferdreh and have been billeted there in private homes."

# CORRESPONDENT GIVES VERSION

LONDON, Feb. 23 (AP)—The Times correspondent at Cologne, after a visit to Düsseldorf, says in a dispatch filed in Cologne today, with reference to the presence of black troops at Werthen, Veltort and Kupferdreh, that he learns they were not formed in the Ruhr through recruitment and have been withdrawn. They belonged to the Seventh colonial regiment which the French do not regard as a colored regiment, as all its members are entitled to claim French citizenship. Some of the men are black and some white, and unfortunately black elements were included in the contingent sent to the above towns.

The correspondent says that the views at French headquarters are less optimistic than a few weeks ago and they undoubtedly the toughness of the German resistance came as an unpleasant surprise. But, it is added, the French have settled down to trench warfare, with determination as grim as that of the Germans.

# FRANCE ISSUES DENIAL

PARIS, Feb. 23 (AP)—Official denial was made tonight that black troops of the Seventh French colonial regiment lately have been sent to serve in the Ruhr.

# MELLON ASKS FOR FUNDS

Treasury Secretary Seeks Appropriation to Construct and Repair Marine Hospitals and Quarantine Stations

WASHINGTON, Feb. 23 (AP)—Secretary Mellon today asked congress for an appropriation of \$5,750,000 for construction and repair of marine hospitals and quarantine stations. Included in the estimates were proposals for new hospitals at San Francisco, Seattle, New Orleans and at a point contiguous to Galveston and Port Arthur, Texas.

# NEWSPAPER UNION PLANT BURNS

WICHITA, Kansas, Feb. 23 (AP)—The Wichita branch of the Western Newspaper Union was completely destroyed by fire early tonight. According to reports, the plant, which was valued at between \$200,000 and \$250,000, lost covered by insurance.

# VOTES TO GIVE BACK PROPERTY SEIZED IN WAR

### Houses Passes Measure After Rejecting Amendments Proposing Complete Restoration and Declaring Policy

WASHINGTON, Feb. 23 (AP)—The administration bill directing the return of such as \$10,000 of each estate of former enemy aliens held by the alien property custodian was passed today by the house. It goes to the senate.

The vote was 300 to 111 and came after the house had rejected amendments proposing restoration of all the property; return of all of the property of Austrian nationals and the declaration of policy by congress that the property would be restored ultimately.

Renewing before the final vote his efforts for the restoration of all the property held by the custodian, Representative Reycraft, democrat, Texas, moved to recommit the bill with instructions to the interested committee to add an amendment that would have that effect, but his motion was voted down, 181 to 124.

### Would Restore Incomes.

Aside from the return of all trusts of \$10,000 or less, and a like amount of income therefrom, the bill would provide that all income accruing from the various trusts after the measure became effective, should be repaid to the original owners of the property.

Colonel Thomas W. Miller, alien property custodian, estimated that this measure, if enacted into law, would restore his office from custody of approximately 93 per cent of the individual trusts which were seized. These would be returned, however, only about \$45,000 out of the \$317,000 of estimated value of the property held. This total does not take into account the value of the German ships seized after America's declaration of war and now held by the government.

Patents to be returned under the bill would include only such as were not in litigation and not held by the war and navy departments. This would include the thousands of patents sold to the Chemical Foundation for the recovery of which the government has instituted court action.

# GERMANS GOVT U. S. DOLLARS

### High Rate of Exchange on American Money Monopolizes Conversations Abroad

BERLIN, Feb. 22 (AP)—American dollars hold a magic charm for Germans. Since the quotation of the dollar has run well above 20,000 marks, that coin is regarded as a charm. Newspapers display quotations of the dollar in black type on their first pages. It stands alone. Quotations on English, Swiss and Scandinavian money are relegated to the market pages.

The American seems at the moment in Berlin was recently approached by a seven-year old German boy, the playmate of her son, who hesitatingly asked: "What, you please show me a real dollar?"

She handed him a dollar bill to examine and the boy fingered it for some time in complete silence before protesting: "But its just paper, having you a real dollar?"

The woman explained that she had no silver dollar, but assured him the American paper was just as good as the silver, and even more valuable if one wanted to sell it at the bank.

The little fellow wasn't persuaded. He thanked the American woman very politely and walked away in a deep study over the intricacies of currency.

In shops foreigners are frequently asked for dollars. Shopkeepers and clerks are anxious to have at least one as a souvenir. No American who desires to send a gift to a German friend can do better than mail crisp, new American bills. The high rate of exchange on the dollar is almost the sole topic of conversation in mixed gatherings, and fortunate is the man who can produce an American bill before astonished friends.

### TAKE BIRDS FOR WALKS

Chinese Fondness for Feathered Pets That Impresses Foreign Visitors in Far East

PEKING, Feb. 23 (AP)—Fondness displayed by Chinese of all classes for birds as pets and playthings is a trait that always impresses a foreigner in China. Taking the bird out for a walk is part of the regime of many households. It is no uncommon thing to see a well-dressed, prosperous looking Chinese strolling about bently swinging a bird cage containing a song bird resembling a parakeet.

### FOR RENT

## Alleged Slayer Trapped By Telephone

When Boston policemen arrested a man there on the charge of brutally murdering 17-year-old Christian Herwich, daughter of a section in Wallington, New Jersey, a man called Police Chief Michael Kelly, of Jersey City, New Jersey, on the telephone and told him the wrong man had been arrested. "I ought to know," he said. Engaging the man in conversation, Kelly traced the telephone to New York, and the New York policemen arrested the man as he was leaving the telephone booth. He turned out to be Robert Downey, known also as Sylvester McDrath, a deserter from the navy. He confessed the crime and implicated James Joseph Cochran, also a deserter from the navy, and now both face charges of murder.

## Two Hundred Cities Join Movement for All-American Meal

### Sacramento Chamber of Commerce Launches Nation-wide Campaign of Education as to Country's Production

SACRAMENTO, Cal., Feb. 23 (AP)—Nearly 200 cities have joined in an "All-American Meal" movement, A. S. Dudley, manager of the Sacramento Chamber of Commerce, has announced here. The "All-American Meal" for meals for there will be breakfast, luncheon and dinner will be made up of food products grown or manufactured in their entirety in the United States and its possessions and available in all parts of the United States. Canned, processed or preserved foods are eligible.

The food articles already entered are representative of all parts of the nation. They include salt fish, cranberries and maple sugar from New England; cereals from the middle west and grapefruit from the southern states; oranges, olives and a wide range of fruits and vegetables from the Pacific slope, and pineapples from the Hawaiian Islands.

### AUSTRIA MAKES TEST OF EUGENICS IN MARRIAGE

VIENNA, Feb. 23 (AP)—Of 424 candidates for matrimony who presented themselves during one month at the newly established municipal department for "advice in matters of marriage" the physician in attendance granted certificates to only 3 per cent of the applicants.

The News is read by the permanent earning classes.

# USE OF MEAT IN UNITED STATES SETS NEW MARK

### Consumption in 1922 Equivalent to 149.7 Pounds for Each Person, Department of Agriculture Figures Show

WASHINGTON, Feb. 23 (AP)—More meat was consumed in the United States last year than in any previous year, the department of agriculture announced today. The total consumption was estimated at 16,533,000,000 pounds which amounts to 149.7 pounds per person applying the July 1, 1922 estimate of population. The per capita consumption showed an increase of six and one-half pounds over 1921 and 6 1-2 pounds over 1920.

Coupled with the decrease in the exports and somewhat higher prices to purchasers in 1922, the department said, "these figures evidence a satisfactory state of the home market, doubtless to the prosperous condition and better purchasing power of the people generally."

### Europe Cuts Expenses.

The adverse conditions of foreign exchange and the poorer purchasing power of European countries have seriously affected the exports of meat products. Foreign trade in beef has, and while there has always been a

large exportable surplus of products and lard, the trade in the former (mostly bacon and ham) has steadily diminished in the last four years.

### MORE MEAT ANIMALS FIND WAY TO MARKET IN 1922

WASHINGTON, Feb. 23 (AP)—More meat animals were marketed materially in 1922 than in any previous year by the live-stock producers of the country last year as compared with 1921, according to the Department of Agriculture.

The combined receipts of cattle, calves, hogs, sheep and lambs at public stockyards last year amounted to \$9,449,002 head compared with \$8,055,916 in 1921 and \$7,855,454 in 1920. The increase in the combined marketings during 1922 over 1921 was 4,593,187 head or 5.1 per cent and the increase over 1920 was 1,793,548 head or 2 per cent. It was the exceptionally large receipts of cattle, calves and hogs which resulted in the increases, the marketing of sheep and lambs in 1922 having been the lightest since 1917.

The general level of prices during 1922 was materially higher than a year earlier and with the exception of cattle during the first five months of the year only in rare instances did any class of stock drop to the 1921 level. In view of the relatively light supplies available, lambs led in the upward movement of prices, the 1922 average being \$3.54 higher per 100 pounds than for 1921. Ewes advanced \$1.69 hogs 71 cents and good and medium beef steers 26 cents, all per 100 pounds.

### Prices Lower than 1920.

Compared with 1920, however, the 1922 prices followed substantially lower levels, hogs being \$4.69 under the power of European countries have 1920 level, cattle \$4.37, ewes \$2.17, and lambs \$1.92 all per 100 pounds. One of the outstanding features of the livestock market during 1922 was the relatively heavy movement of

stockers and feeders. The increase in receipts was impressive but this movement was largely neutralized by the increase over 1921 in shipments of animals back to the country for further feeding.

A fair conception of this shifting of the stream of meat animals from the slaughter back to the feedlot may be gained from the fact that in 1922 stocker and feeder shipments represented 8.3 per cent of the receipts, while in 1921 they represented 10.8 per cent. Thus, although during 1922 receipts of live stock increased 5.1 per cent and local slaughter 3.1 per cent. Stocker and feeder shipments increased 26.5 per cent over the preceding year. This single fact serves as an excellent index both of the change in sentiment among live-stock producers and of the improvement in general credit and trade conditions during the year just closed.

### Trend Steadily Upward.

An outstanding movement of the cattle movement was the striking increase in the marketing of both western range cattle and Canadian cattle. From July 15 to December 30 receipts of such stock at Chicago alone amounted to 269,109 head, compared with 148,614, during the corresponding period of 1921, an increase of approximately 81 per cent.

Although during the greater part of 1922 cattle prices lagged somewhat behind those of hogs and sheep, a fact which was the basis of rather bitter complaint and considerable loss on the part of range cattlemen in particular, cattle prices were noticeably in that there was an absence of sudden and wide fluctuations in price and a steadily upward trend. During the entire year weekly average prices of good and medium beef steers, which grades constituted more than 75 per cent of the steers offered, fluctuated within the extremely narrow range of \$1.80 per 100 pounds. Opening prices were within 10 cents of the lowest of the year and closing quotations were only 25 cents under the high point.

## TUNNEY REGAINS CHAMPIONSHIP

New Yorker Gains Judges' Decision Over Harry Greb in 15-Round Bout

NEW YORK, Feb. 23 (AP)—Gene Tunney, 34, of Greenwich Village, regained the American light heavyweight championship when he gained the judges' decision over Harry Greb of Pittsburgh, at Madison Square Garden tonight.

The decision met with mingled hope and applause, despite Tunney's popularity among a great majority of fans, and came as a surprise to those at the ring side, who had given Greb a wide margin on points in most of the rounds. Tunney was baffled by Greb's wild style of attack throughout the early part of the bout. He finished the last two rounds, however, with the only effective aggressiveness in a hard-fought championship fight with a hard right smash to the jaw. This closing rally of the challenger, plus consideration probably given to alleged foul holding, was believed to have swayed the judges' verdict, however unsatisfactory it was to a large portion of the crowd.

Round One—The opening round was preceded by a prolonged conference over Greb's ring tactics, claimed by Tunney's supporters as unfair. The champion took the aggressive at a tap of the gong and cut loose with a left jab and right to Tunney's head. They both mixed willingly but landed few telling blows.

Round Two—Greb bewildered the challenger with his whirlwind attack. He rocked Tunney's head from side to side with a succession of rights and lefts. The challenger missed most of his attempts to land on his shifty opponent.

Round Three—Greb was cautioned by the referee for holding. He shot over several left jabs to the jaw and cuffing Tunney about the head as they danced in and out of the challenger's reach.

At Furious Pace  
Round Four—They mixed at a furious pace, Greb landing three blows in one, but Tunney kept his chin up and left to the face. The challenger forced the fighting for the first time and drove Greb to a corner with a body attack. Greb's mouth was slightly cut and blood trickled from a scratch on Tunney's left eye, as a result of a mixup.

Round Five—The champion bounced about in characteristic fashion, swinging both fists as he flailed his opponent on opening to shoot home a stiff right to the ribs. They were mixing at a fast pace as the bell closed the round.

Round Six—Greb forced Tunney to miss repeatedly and landed a hard right to the jaw without drawing a reply. Tunney jabbed lightly with his left and absorbed a stiff punch to the ribs.

Round Seven—Greb set the pace with a rushing attack to Tunney's head and body. He opened a light cut over the challenger's right eye and hit him with a series of rights and lefts to the jaw. Tunney seemed baffled by his rival's shifting tactics.

Round Eight—Greb snapped the challenger's head back with several right swings. He cut loose with a left-like attack that drove Tunney to the ropes but was booted by the crowd in the belief that he was holding.

Tunney Receives Beating  
Round Nine—Greb shot in a terrific blow to the body, right to Tunney back on his feet, but was again cautioned for holding. Tunney ran into a flurry of blows as he tried to fight back and was severely punished by the champion as they mixed at close quarters. A fresh cut was opened under Tunney's right eye during the melee.

Round Ten—Tunney upset the champion for a moment with one of the few sustained attacks he had shown. The Pittsburgher came right back, however, and traded stiff blows to the body. Greb pummeled his rival about the head as the round closed.

Round Eleven—Tunney appeared to lose confidence under the rain of blows let loose by Greb and offered little resistance to the champion's aggressiveness. Greb peppered his opponent about the head and body, occasionally shooting in damaging rights to the chin and ribs.

Round Twelve—Greb was admonished in emphatic terms for failure to break from a clinch. He blocked Tunney's drives for the body and punished the challenger with hard swings to the head. The referee went

to Greb's corner as the round ended to repeat his warning against the champion's failure to break from a clinch.

Round thirteen—Greb continued to force the fighting, driving Tunney about the ring with rights and lefts that had a damaging effect. Tunney's attempts to retaliate were futile and in exchanges at close quarters the champion landed twice as often as the challenger.

Sends Champion to Ropes.  
Round fourteen—Tunney sent the champion to the ropes with a right that landed flush on the jaw. It followed this shot with an aggressive attack that apparently weakened the champion. Greb was on the defensive for the first time in the bout but succeeded in blocking the most of Tunney's punches.

Round 15—Greb came back strong as the final round opened and rocked Tunney with a succession of right uppercuts as they mixed at a speedy pace. Tunney punished the champion about the body, but was jolted by several smashes to the head in return.

### GIANT SOUTH AMERICAN SEEKS DEMPSEY'S TITLE

Luis Angel Firpo Arrives in New York from Buenos Aires and Holds Conference with Tex Rickard

NEW YORK, Feb. 22 (AP)—Declaring confidence in his ability to fight his way to a match with Jack Dempsey for the world's heavyweight championship, Luis Angel Firpo, giant South American pugilist, reached New York Thursday after a voyage of 21 days from Buenos Aires.

Accompanied by his secretary, Alfredo Guerrieri, his sparring partner, Carlos Benglia, a promising light heavyweight, and an interpreter, Firpo was welcomed by an enthusiastic delegation of his countrymen, headed by Ernesto C. Perez, Argentine consul general.

After a conference with Promoter Tex Rickard at Madison Square Garden, he announced he would begin active training tomorrow at the garden gymnasium for his bout March 12 with Bill Brennan of Chicago.

"I know Brennan will give me the hardest fight I've ever had," Firpo declared. "But I am sure I can whip him. Mr. Rickard has promised me a match with Dempsey if I defeat Brennan, but I am willing to fight other contenders before meeting the champion. Today, I received a telegram from Jack Kearns, Dempsey's manager, saying he could not sign with me before six or eight months. That suited me perfectly. I will want much time to prove my right to challenge him."

Rickard declared he regarded Firpo

## Sixth Week's Bowling Records Show General Improvement in Averages

The sixth week of the Twin Falls bowling league finished Thursday evening, and averages compiled show that but few changes have taken place, although most of the bowlers have shown vast improvement.

For a change, Bill Gowen, the Rogerson's cafe king pin, heads the list of pin smashers with an average of 170, which he held from the week before.

The big sensation of the week was the bowling of Bill Bailey, who climbed from seventh to fourth place. In the records this means but three places, but when a man is clipping off 167 and boosts it to 172 in three games, it is worthy of mention.

Workers Ask Higher Pay  
Reports of Proposed Wage Scale Increases for Plasterers and Sheet Metal Workers Heard in Spokane

SPOKANE, Wash. Feb. 23 (AP)—Reports of proposed wage scales for plasterers and sheet metal workers were made before the Spokane Building Trades Council last night, but no action on the reports was taken. All scale changes are subject to approval of the council before becoming effective.

Walter G. Meyers of the Associated General Contractors announced that the only proposed increase of which the contractors had received official notice was that of the bricklayers, and that a conference between the bricklayers and contractors was planned for next week, at which time the whole question of building trades wages probably would be discussed. No difficulties between employers and workmen was anticipated, he said.

Be Thorough.  
It is better to say, "This one thing I do," than to say, "These forty things I doable in."—Washington Gladden.

## You Will Want Your Fordson Tractor Early

Everything points to the greatest shortage of Ford products this year that has ever existed. Never before has the demand been so great. You will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it. You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$395 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early. There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build up a reserve. It must be a case of "first come, first served" and the only way in which you can protect yourself is to list your order with a Ford dealer immediately.

By taking advantage of our dealer's first opportunity to make delivery, you will be assured of having your Fordson when you need it.

THE GUMPS—POOR NEGLECTED ANDY

Bowling League's Leaders in Bunch

Few Points Separate Principal Contenders as First Half of Tourney Nears End

Table with columns: Team, Won, Lost, Pct. Rows include Troy Laundry, Idaho Theater, Rendahl-Wright, L. D. Store, Shoe Market, Rogerson Cafe, Wright's Store, Alford & Mott.

With the ending of the first half of the bowling tournament on one week away the fans are beginning to wonder who will be perched at the top when March 1 rolls around.

The Troy Laundry team have a slight hold on first place, and will tangle Monday evening with the Alford & Mott bunch. Of course this looks like a walkaway for the "make clean" team, but one never knows what a tall end team will do.

Perhaps the Troy Laundry pinners will take three straight games, and then again, perhaps they won't. Walk and see.

Tuesday evening the Rogerson Cafe and Rendahl-Wright teams will play a trio of games. This looks like the real goods when it comes to close games.

Both these teams are fighting hard for recognition with the Wright's team, either team is apt to be resting there before many week's pass. Don't fail to see the Tuesday night game.

On Wednesday the L. D. Store boys will cross bats with the Wright's Store team, and although both teams went into a slump this week nevertheless the store should be a dandy. These two teams are too evenly matched to pick a winner offhand.

Thursday night see the Idaho Theater boys mixing it with the Shoe Market team. The Theater lads were bumped out of top place by the fast-going laundry team, and threaten to fight to the last ditch to regain the coveted place.

The prize offered by the Troy Laundry this week for the highest number of pins in the three games goes to Solf of the Rendahl-Wright team with a total of 17. Bring out your two suits of clothes, and let George do it.

One of the bowlers said the reason he didn't try to win the Troy Laundry prize was because the prize proposition doesn't mention anything about finishing a barrel, and for that reason he didn't try to win any prizes.

Our Daily Bowling Thought: If Ether has a shape, has Chloroform

Value of Pleasant Words. Pleasant words are as a honeycomb, sweet to the soul, and health to the bones.—Proverbs.

Healing Hand of Time. Time hath often cured the wound which reason failed to heal.—Seneca.

"When Knighthood Was in Flower" represents the supreme achievement of the motion picture art.—New York American.

You Can See It, Starting Monday. Idaho Theatre

Jerome Contests Draw Big Crowds

Girls and Boys in North Side Begin Sub-District Elimination Basketball Games

JEROME, Feb. 23.—(Special to The News)—The opening of the basketball semi-finals for this sub-district took place this afternoon at the high school, before a crowd that taxed the capacity of the gym long before the first game had been called.

The first game of the afternoon, between Wendell and Idaho, resulted in a victory for the former, the score being 33 to 16. Wendell completely outplayed their opponents, and at no stage of the game was the result in doubt.

The second game of the afternoon in the boys' division, was between Gooding and King Hill. The Gooding team won in handy fashion, superior floor work telling the story. The afternoon in the third boys' game of the afternoon, the locals gave the Hagerman quintet a good wallop, the final score being 24 to 13.

The girls' basketball teams also were in prominence, each school sending a boys' team here having sent a girls' team, thus making a double tournament. The boys play a double elimination, while the single elimination plan is being used for the girls.

The first girls' game was between Gooding and Idaho, with Gooding taking the game by the score of 24 to 10. The second game of the girls' division gave the Jerome girls an easy victory over King Hill. The score in this game was 27 to 2.

The evening games brought about the elimination of Hagerman and King Hill. Wendell winning from the former by a score of 24 to 13, and Idaho took good care of King Hill in the opener, winning a close 27 to 23 battle.

Jerome and Gooding clashed in the final game of the evening, the home team winning by a score of 20 to 17, in the snappiest game of the tournament so far. The work of Morris, center for the score of 25 to 21, and Bill took three field goals and throwing 10 free throws out of a possible 10.

Early indications point to Wendell and Jerome being the two teams that will represent this section in the finals which will be played at Twin Falls next week. This same condition exists with the girls' teams, the consensus of opinion being that the Jerome and Wendell girls will fight it out for first place.

VANDALS DEFEAT W. S. C.

Idaho Finishes Non-Conference Game at Pullman With Only Four Point Lead; Score 24 to 20

PULLMAN, Wash., Feb. 23.—(AP)—The University of Idaho basketball team finished a non-conference game with Washington State college here tonight with only a four point lead, score 24 to 20. The game does not effect conference standings due to a rule counting only the first game between any two teams on each floor.

The half time score was 17 to 9 for Idaho, the Cougars making their sport after the rest period. With 11 minutes left to play Idaho was leading 20 to 14.

Thompson and Fox, Idaho, and Fiel, W. S. C., throw three field goals each. Fox also converted six fouls in ten attempts.

Burley Runner-up in Eliminations

Takes Second Place in Tournament with Victory Over Rupert by Score of 61 to 35

RUPELT, Feb. 23.—(Special to The News)—Burley high school's basketball team, in the final rounds of a sub-district elimination contest here tonight, defeated the Rupert squad, 61 to 35, winning second honors in the tournament, a place alongside the undefeated Oakley team as representatives of this subdivision in the district tournament at Twin Falls.

Cumulative, Burley forward, was the outstanding star in this game. He accounted for 28 of the points scored by his team.

The Oakley team tonight added to its laurels by an easy victory, 50 to 18, over Albion.

In the morning's game Oakley defeated Rupert, 40 to 17; Albion defeated Paul, 42 to 9, and Burley defeated Delco, 61 to 2.

CAREY BASKET SHOOTERS CINCH HONORS AT HAILEY

Win Easy Victory from Gannett, 36 to 14, after Defeating Hailey Hoopsters by Score of 23 to 20

HAILEY, Feb. 23.—(Special to The News)—Carey's basketball team clinched first place in the semi-finals for this section here tonight when it won an easy victory from the Gannett quintet by the score of 36 to 14 after taking a close game from the Hailey hoopsters in the afternoon with a three-point lead, the final score being 23 to 20.

The second afternoon game went to Gannett after being threatened several times by the fast Richfield boys. Gannett's early lead proved too much, however, and 25 to 20 is the way the scorer announced the final count.

Richfield was eliminated in the second game of the evening by Hailey, the score being 35 to 16.

The clever floor work of Randall, forward for Carey, combined with his long distance basket shooting, featured the afternoon and evening play.

With Carey safely perched in first place, the Hailey and Gannett teams will meet in the last game of the tournament Saturday evening. The winners of the game will be the other team to journey to Twin Falls to compete in the finals.

(Additional Sports News on Page 3.)

What Makes You Sneeze? Sneezing, like breathing, or the action of the heart, is involuntary and for the most part beyond conscious control. The nose, as the natural breathing apparatus, is furnished with a very delicate "filter" against dust and germs. From this membrane the brain stretches a "telephone" nerve. When the membrane is irritated by dust, or inflammation, or in any way, a danger signal is automatically flashed to the brain, which then orders a sneeze to clear away the foreign intruder. A sharp intake of breath is caused, the windpipe is momentarily closed, and the sneeze has to find an exit from the nose, thus cleaning the membrane filter in the process.

DE VALERA MAY CALL OFF IRISH CIVIL STRIFE

EAMONN DE VALERA, "President of the Irish Republic," is said to have agreed to call off the civil war in Ireland, and to submit the question to a plebiscite to determine whether the Irish Free State or the Republic shall exist. He has demanded, however, that England's threat of war against a republic be withdrawn in the event the people decide, by vote, that they wish to break away entirely from the British Commonwealth of Nations.

Wild Plants Valuable. Many wild shrubs and plants which grow profusely in the semi-desert plateau region of Mexico have been found to contain valuable commercial properties. This is especially true of the wild guayule shrub from which crude rubber is extracted. It was about 25 years ago that the discovery was made by a chemist at Saltillo, Mexico, that the despised guayule shrub could be made to yield crude rubber in paying quantities. Following this discovery, the utilization of the desert shrub was started, and in the course of a few years became one of the important industries of Mexico. During the year immediately preceding the downfall of President Porfirio Diaz crude rubber from the guayule shrub to the value of \$60,000,000 gold was exported from the Torreón consular district.

BARBER-FINANCIER CASE PROBE REACHES TO ITALY

Detective Agency Investigating Operations of Alleged Embezzler Calls for Record in Land of His Nativity

CHICAGO, Feb. 23.—(AP)—Investigation of the financial operations of Joseph Marzino, barber-financier and alleged embezzler, shifted today from Chicago, Buffalo and Warren, Mass., to Italy, when the detective agency in charge of the case asked its Italian office to find what were Marzino's activities when he was in Italy, and also to find how he obtained large sums of money he is said to have brought back from there.

Marzino, also known as Balata, went in connection with alleged embezzlement of \$312,000 in securities from the Warren, Mass., national bank, operated in Chicago in 1921. It was learned here today, according to James Beckman, his attorney, who said Marzino bought banks at Fairmont, Ind., lost on both ventures and then investigated a bank at Appleton, Wis., and one near Lincoln, Ill., but did not succeed.

Frank L. Taylor, former railroad man and the president of the Warren, Mass., bank, which was closed by bank examiners, who was arrested here Wednesday night, was arranged today. Waiving examination and extradition, he expressed his willingness to go to New York to answer all embezzlement charges and was held in \$10,000 bail. Taylor maintains he is innocent of the charges.

FREE STATE ROUNDS UP LEADERS OF IRREGULARS

Balds in Dublin and Suburbs Yield Many More Score of Rebel Prisoners to Troops and Police

DUBLIN, Feb. 23, (AP)—There was sharp firing in the streets here this evening, during which a corporal was shot and killed and a woman wounded.

More than a score of irregulars were rounded up today and captured by the Free State troops and police, who raided various parts of the city and the suburbs. The principal person taken into custody was Zeon Fitzpatrick, well known as an irregular leader who fought under Rory O'Connor when the dissident forces were besieged in the Four Courts building here last summer. Fitzpatrick and five other men were apprehended in Drumchra, a suburb of Dublin.

In County Cork, John Lynch, a brother of Liam Lynch, chief of staff of the irregular army, was arrested.

OPPONENTS OF SHIPPING BILL CLAIM VICTORY

Measure Urged by President Seems Overwhelmed by Filibuster and Attacks of Enemies in Senate

WASHINGTON, Feb. 23 (AP)—The administration shipping bill tonight had passed into the state of a coma after a protracted fight.

Worn by the filibuster and attacks of his enemies in the senate, the legislation for which President Harding called congress in special session and which the executive has urged with all the force at his command, hung limply in a single thread on the motion pending in the senate to take it up for consideration.

Most of the measure's friends gave up the fight during the day, and their despair of doing more to save it by abandonment of the night session into which they had forced the senate for four successive nights.

Senator Jones, republican, Washington, who as chairman of the commerce commission, has favored the bill in the senate, refused for the first time to say that he was hopeful—although declaring that he would fight on.

End Is Indefinite.

The day may come tomorrow or it may be delayed until next week, possibly Monday, and will be brought about either by a motion to send the measure back to the committee or by abandonment of it with another piece of legislation.

Some suggestions were heard about the senate that it might be left pending with its death to occur coincident with the adjournment.

Indications of the end developed rapidly in the senate today, although definitely forecast yesterday. Senator Curtis of Kansas, the leading republican leader, early in the day went to the White House and informed the president that the cause of the bill was hopeless.

The president, who has not usually to have taken any direct part in every possible effort to be made in behalf of the legislation.

Truce Is Proposed.

Returning to the capital just before the senate met, Senator Curtis conferred with Senator Jones and other republican leaders. There, in an executive session, the republican leaders proposed a unanimous consent agreement that the senate adjourn at 5 p. m. on Monday tomorrow, after which bills on the calendar would be considered for two hours.

The opponents of the ship bill entered no objection, and the president announced his consent to the conference adjournment throughout the day when the senate adjourned the plan of action had not been agreed upon except that a test vote very probably would come tomorrow.

Resumes War of Words.

Tending final disposition of the bill, his opponents continued the filibuster and refused to allow any other business to be transacted, even the reception of reports from committees.

His supporters, republican, New Jersey, soon after the senate convened, spoke in behalf of the legislation and then the filibusters resumed their campaign of talking. Senator Clegg, republican, Iowa, made a further attack on the railroad; Senator Stanley, democrat, Kentucky, discussed phases of the prohibition question, and Senator Norris, democrat, Dakota, spoke for three and a half hours on financial matters.

SLAIN MAN'S FEARS OF VIOLENT DEATH BARED

Business Friend Tells Police Earle Remington Had Bought Protection Against Gang of Bom Bunchers

LOS ANGELES, Feb. 23 (AP)—Earle Remington, electrical engineer, slain in his own yard here a week ago sought protection three months ago against a gang of hoodlums, and he feared would attempt to take his life, according to information police announced tonight they had received from a business friend of the dead man.

This friend, whose name was withheld, told the police, they said, that Remington went to him several times with requests for making a bootlegger asked for protection against a gang of liquor smugglers, declaring that the gang had threatened to kill him.

SIMPLIFICATION OF LAW IS BARRISTERS' PURPOSE

American Law Institute to Broaden Data Before at Washington by Foremost Jurists and Lawyers

WASHINGTON, Feb. 23 (AP)—The American Law Institute, an association of the foremost jurists and lawyers in the United States, was organized at a meeting here today to promote the clarification and simplification of the law, secure better administration of justice and carry on scientific legal work.

The meeting, called by the committee on the establishment of a permanent organization for the improvement of the law, of which Ellus Root is the head, was presided by probably the most distinguished gathering of the legal profession in the history of the country. In voting to form the institute, it accepted unanimously the report of the committee which dealt exhaustively with the necessity of a competent statement on American law.

Among those in attendance were the justices of the United States supreme court, the chief justices of many of the state supreme courts and prominent lawyers from every state in the Union. With the exception of the members of the United States supreme court, all were made charter members and incorporators of the institute. At the same time, a council of 21 members was organized to perfect the organization and when this has been accomplished the institute will undertake the re-statement of the law.

The committee in its report mentioned two chief defects in American statutes—"uncertainty and complexity." These, the report said, "cause undue litigation, prevent resort to the courts by those entitled to their aid, and when litigation is actually begun creates delay and expense."

FORD IS NAMED BY DEMOCRATS

Michigan Bourbons Praise Efforts to 'Awaken Conscience' but Withhold Endorsement

DETROIT, Mich., Feb. 23 (AP)—A resolution recognizing the efforts of Henry Ford in awakening the conscience of the American people, and the menace to democracy of money-control elections, but carrying no endorsement of the manufacturer as a possible democratic candidate for president of the United States, was adopted here today by the democratic state convention.

Passage of the resolution, it was contended, was a compromise between one convention faction that desired to endorse Ford for the presidency and another which expressed the belief that the present time was inopportune for such an endorsement. The resolution, as originally drawn, contained presidential endorsement, but Charles H. Kimmerle of Cassopolis, who introduced it, insisted that it should contain the endorsement when he read it to the delegates.

Kimmerle yielded to the wishes of democratic leaders in making the omission. The resolution, as adopted, reads: "We recognize the tremendous influence of Henry Ford, a citizen of our state, for good and evil, in domestic and political affairs of the nation, and of all mankind. Our candidate for senator in 1918, he became an important factor in getting to Michigan and the nation, not only in Michigan, but in the United States senators and in awakening the conscience of the American people to the menace to democracy of money-controlled elections."

Does Political Influence.

Mr. Kimmerle expressed the opinion Mr. Ford largely was responsible for investigation of the case against former Senator Truman H. Newberry, the latter's subsequent removal from the senate, and the defeat of Senator Charles E. Townsend at the polls last November.

Henry Ford and his employees in Wayne county elected Woodbridge K. Ferris to the United States senate last November, Mr. Kimmerle said in urging adoption of his resolution.

Milk Carried in Wicker Baskets.

Traveling on the Manila milkman delivers freshly forming carabao milk in tall Spanish wine bottles to his customers' front doors long before sunrise. Unlike the American milkman, he has no equipage in which to transport his wares, but carries them in two wicker baskets slung from the ends of a bamboo pole which he balances across the shoulders through a wooden neck yoke. Carabao milk is said to be delicate when served in coffee or chocolate, surpassing in flavor both cow's and goat's milk. Because of their early morning track work, Filipino milkmen are superior physically to any other type of working men in the islands, with powerful leg muscles and broad, strong shoulders.

German Fascist Parade In Munich

These photographs show the recent parades of the National Socialists (German Fascist) in Munich, where the party met to urge all kinds of resistance to the French. Bavaria is the hotbed of the movement to oppose the French.

WALLACE CALLED FOE TO PACKER CONSOLIDATION

Secretary of Agriculture is Quoted as Opposing Armour-Morris Merger Before House Committee

WASHINGTON, Feb. 23 (AP)—Secretary Wallace was quoted today as having told the house agricultural committee that he was opposed to the suggested acquisition of Morris and Co. by Armour and Co., another of the Chicago "big five" packers. He spoke before the committee in executive session, to urge that there be no action on the resolution by Representative Voigt, republican, Wisconsin, proposing an inquiry by the federal trade commission in carrying out plans for the merger.

The committee tabled the resolution. There will be no action on it by this congress. Mr. Wallace declined to divulge any part of his statement to the committee, but there were reports that he had opposed the Voigt resolution on the ground that an inquiry by the trade commission would handicap this department in carrying out plans now in preparation. The view of the committee was that congress should take no action that might embarrass its administration of the packers and stockyards control act.

Government sanction of the merger of Armour and Co. and Morris and Co. was asked by J. Ogden Armour nearly four months ago. Particular attention has been given by Mr. Wallace to the probable effects of such a merger, which would create a meat packing empire with holdings aggregating more than a billion dollars a year.

A month after Mr. Armour had laid the proposal before him, Secretary Wallace announced there seemed to be no occasion for action at that time.

In urging the merger Mr. Armour stated that it would permit such economies to be effected as would enable the company to serve more efficiently the consumer and the producer.

GRAYSON WINS DOG DERBY

Veteran Member of North Country Finishes 200 Mile Non-Stop Course in 29 Hours and 52 Minutes

THE PAS, Man., Feb. 23 (AP)—Covering the 200 mile course in 29 hours and 52 minutes, Billy Grayson, veteran member of the north country, driving C. B. Morgan's dog, today won the annual non-stop dog derby of The Pas, Dog Derby association. He finished his long run at 1:52 o'clock.

A Rudick of The Pas, driving a team of hounds, was second, and W. W. Weston, third. All these drivers were mushing seven days.

This was the third consecutive win for Morgan's team and he now retains permanent possession of the Burns cup.

FLOWERS—Home grown, snapdragon, marigolds, sweet pea, callas and several other kinds. Specialist in floral designs for many years. Price—quality—variety—satisfaction. Phone 1279.

CITY TOWER GREENHOUSES, Twin Falls, Idaho.

ATTENTION FARMERS!

On account of bad roads and extent of territory, our fieldmen may be unable to call on you during the contracting season. To accommodate those of you who wish to contract we have opened an office in the Arthur L. Swim office on Shoshone Street, where one of our men will be in attendance. We will be pleased to talk Sugar Beets with you, and invite you to make this office your headquarters when in town.

HIGH SCHOOL NOTES

Friday morning the students of the high school enjoyed an unusually long assembly. Mr. Peterson, an expert with the Underwood typewriter, gave a demonstration showing the simplicity of the mechanism of the Underwood machine. He took the machine apart and put it together again in three minutes and 15 seconds. Miss Friedman, a speed and accuracy champion, gave a demonstration showing her ability and the rate of speed that can be attained on the Underwood typewriter. She wrote several one-minute tests at a rate of speed that made the typing students gasp with astonishment. She said the four fundamentals of speed in typing are accuracy, consistent practice, concentration, and rhythm. She also stated that it was within the reach of any typewriter.

list to become an expert. The Junior class presented the one-act play entitled "The Aristocratic Club of Coville." All the characters were colored and the costumes were very characteristic. The characters were: Jim Denny, Rosie Flynn, Clara Kall, Sarah Rouse, Hazel Jenkins, Bert Shober, Hector Rydahl, Louise Owen, Quinn Austin, Jean Emery, Daniel Frost, William George, Lyle Lingelbach and Tom White. The quartet composed of six members were very clever and the dancing of Tom and Lyle was enjoyed by all. The orchestra played several selections.

BAPTIST LEADER DIES

DAYTONA, Fla., Feb. 23 (AP)—Dr. Robert Stuart McArthur of New York, president of the Baptist World Alliance, died at his winter pastorate at Daytona beach late tonight of acute indigestion.

Determining Ship's Tonnage.

The first rule in this country for determining the tonnage of ships was adopted by congress in 1790, but it was not correct and some shipbuilders and masters swindled greatly by clever use of the error, so in 1850 the British people determined to apply the theorem of Newton by determining the contents of solids bounded by irregular surfaces, and in 1854 the present law, fixed in England, was adopted by other countries and is in general use now on all seas.

ATTENTION

Dairymen and Cream Producers

The Dairy Committee appointed sometime ago is ready to report. The following meetings are scheduled for this purpose: Hansen, Monday, February 26th, 4:30 p. m. Twin Falls, Tuesday, Feb. 27th, Business Women's Club, 2 p. m. Flier, Wednesday, Feb. 28th, High School, 2 p. m. Committee would like every farmer with cream for sale present.

A Paris-Inspired Frock

At Little Cost

Every woman wants to be smartly gowned. But not every woman can afford the extravagance of an imported frock. Because of the Deltor, however, you can stitch into the product of your own needle all the charm of Paris.

Miss Kelsey will tell you the secret

This Butterick representative will be with us on Saturday and Monday. Be sure and visit the store on one of these days. You'll find her at the Butterick Pattern counter.

Miss Kelsey has had large experience with dress-making and is here as an expert to advise you without cost to you. Let her tell you how Deltor will save you money.

BOOTH MERCANTILE CO.

GRANGE HEAD

(Continued From Page One.)

afternoon when Governor Charles C. Moore withheld his approval from a senate bill which would extend the term of water masters to two years, and a house bill requiring the labeling of homogenized cream. In his letter to the senate he suggested the postponement of that portion of the water master bill which would relieve the ambiguity of the statute in relation to salary, but advised the disapproval of the senate term. Question of its constitutionality prompted the veto of the public health measure, he said.

HOUSE SALES AT BILL TO PAY GOVERNOR'S RENT

HOHE, Idaho, Feb. 23 (AP)—Praising possible defeat of an appropriation measure which would allow Governor Charles C. Moore \$1200 per year for house rent, two test votes were taken during the morning session on the bill which was up for final passage was recommitted for amendment. After an acrimonious debate and a call of the house, a vote of 38 to 25 sent the bill back with party lines broken.

Cuts in salaries of members of the public utilities commission to \$3000 per year and like cuts in the salaries of teachers and commissioners were enacted by the passage in the senate of two senate bills.

Salaries of the commissioners of public works, reclamation and finance would remain at \$5,000 under the terms of the bills. Senator Vanhook lost his proposed law today, which would have prohibited the sale of irrigation bonds at less than 90 per cent of par, when the measure was defeated in the upper house.

Requiring school districts to pay the tuition of students sent to other districts, a senate bill passed that day.

CIGARETTES BLAMED FOR FIRES

HALF OF FOREST FIRES

LOS ANGELES, Calif., Feb. 23 (AP)—Careless cigarette smokers caused nearly half of the fires which occurred in the Angeles National Forest Reserve in 1922 according to R. H. Charlton, supervisor of the reserve. The result of the carelessness will be the burning of the cigarette smoker from the forest reserves, Mr. Charlton stated.

SPokane CARPENTERS VOTE FOR RETURN TO PEAK WAGE

SPokane, Wash., Feb. 23 (AP)—Practically a unanimous vote was cast by 282 members of the carpenters' union in session here tonight to place wages back at eight dollars a day, the 1920 scale and highest over known here. The present wage is seven dollars. There are 450 men affected. The proposed increase must be submitted to the building trades council, which will confer with employers' representatives, before it is effective.

THE MARKETS

CHICAGO GRAIN MARKET

CHICAGO, Feb. 23 (AP)—Liquidating sales on the part of eastern interest failed to encounter in the wheat market today the resistance which for a week has upheld \$1.19 as the price for No. 1 hard winter wheat...

Support of the wheat market developed only after values had descended to well below \$1.16 for May. Aside from the declines in foreign markets, talk of barter-type supplies and the unusual lack of buying here...

Port and corn were heartily affected by heavy receipts here and by word of general rains in Argentina improving the outlook there for corn.

Provisions averaged a little higher with good cuts and about increased European buying of lard.

ADOPT PLAN TO RAISE PROFITS FROM DAIRYING

Proceed to Incorporate County Association of Farmers; Sentiment Expressed at Series of Meetings

Acting on the support given at a meeting at Buhl this week dairymen have decided to organize a permanent co-operative organization for the purpose of marketing dairy products...

Sentiment expressed at the Buhl meeting was unanimously in favor of the immediate formation of the association and as a consequence the incorporation papers are being prepared...

Meetings were held this week at various points in the county but through small attendance the sentiment shown was not considered representative and two additional meetings have been scheduled for next week...

Farmers who were present at the meetings last week were highly enthusiastic over the plan. Mr. Drossard stated, and they are circulating petitions for the signing of cream contracts...

Varsity Concert is Classic Event

Repeated Encores Demanded by Appreciative Audience at Program of Glee Club

The University of Idaho Glee club more than fulfilled predictions as to a program of high quality in a concert given in the high school auditorium...

The Bell choir sang by Werner Ripplinger of a piano solo. Outstanding number of the early part of the program, and as an encore Mr. Ripplinger presented "Young Tom O'Bevin," a catchy piece that was well received.

POSTPONE BOARD MEETING

American Falls Directors Unable to Convene on Account of Absence of Attorney for Big District

The meeting of the board of directors of the American Falls irrigation district which was scheduled to take place Friday, was postponed until March 6 on account of the absence of Justice James R. Butwell whose services were necessary in order to transact business planned for the meeting...

IDLE MONEY CONDEMNED

J. A. Cram Hits at General Lack of Ambition for Hard Work; Addresses Meeting of City Employees

The evil of too much idleness and aversions of the average person toward hard labor were points of an address on efficiency by J. A. Cram at the meeting of the city street and water works employees at city hall Friday night...

Hundreds Attend Church Programs

New Members Welcomed Into Methodist and Baptist Organizations at Receptions

New members of the Methodist and Baptist churches were welcomed at receptions given in their honor Friday night at the two churches. Programs including music, plays and other features were given at both events which closed with a social hour and the serving of refreshments.

The program at the Baptist church opened with a song followed by prayer by the pastor, the Rev. W. H. Tolliver. A reading entitled "The Abolitionist" was given by Miss Alma Sherlock, followed by a three-act play, "The Abolitionist," which the characters were portrayed by Owen Adams, Mrs. Will Cottrell, her two children, and Mrs. Ira Wynn and Frank Boughton. Mrs. Wynn and Mr. Boughton, playing negro parts, were much applauded.

Following the offering, the Rev. Mr. Tolliver gave his address of welcome to the new members, after which a musical sketch which proved a feature of the event, was given by Mrs. Heary Nausonier, Mrs. George Wynn, Mrs. Leslie Smith, Mrs. Arthur Requa and Mrs. H. H. Weaver.

At the Methodist church the program opened with an introductory sketch "Graduating Hours," in which 15 took part. The playlet was given in three acts.

Musical by a quartet composed of Mrs. M. J. Ball, Turner and Wright, was followed by two musical readings by Mrs. H. J. Weaver, accompanied by Mrs. C. D. Stover.

Refreshments were served after the services and an invited committee composed of Miss Ida Evans, Mrs. Mott, Mrs. Flora Stevens, Mrs. C. E. Potter, Earl Dougherty, G. E. Bell, J. E. Wright and G. A. Galters, will be elected after the concert at 8 o'clock.

The total attendance at both churches was estimated at about 700 persons.

SEE FAVORABLE FUTURE FOR DEEP CREEK LANDS

Report More Than 1700 Acres Bought in Four Months; Directors Elected at Annual Meeting

More than 1700 acres of land in the Deep Creek district has been sold within the last four months to buyers from eastern Idaho, it was announced following the annual meeting of the Deep Creek land and water company Tuesday at the office of H. E. Powers, directors for the ensuing year were elected as follows: H. E. Powers, president; R. W. Fisher, followed by H. M. Webb, state treasurer and manager; S. T. Hamilton was chief attorney and C. O. Storrell as water master.

Within the past three years the ownership of the Deep Creek land has changed hands almost entirely and now is mostly in the hands of residents actively who are going forward actively in the permanent development of the tract," says a statement by members of the company. "It has been demonstrated that the deep soil and numerous water courses of the land of this tract are ideal for the growth of alfalfa seed and a large acreage of the new Russian variety will be sown this spring."

TRIAL OF CIVIL DOCKET TO CONTINUE NEXT WEEK

Also Cases to be Heard in District Court in Three Day Period; Foreclosure Suit Testimony Begins

Testimony in the suit of Edith M. Foster against May Hill on the foreclosure of a mortgage on property located near Haysden, was taken in district court Friday following the disposition of the suit of C. E. Lind against the Hansen Auto company. The latter case was held by the court to be a law case and not requiring the services of a jury.

The civil docket for next week is as follows:

Monday—William Cleveland vs. D. S. Sawyer; R. M. Kuzner vs. H. B. Walter; Western Reserve National bank vs. H. B. Walter.

Tuesday—Patten Brothers vs. J. J. Rigger; John T. Morse vs. Jesse George; Brown Brothers Shoe company vs. D. F. Weddeway.

Wednesday—L. I. Million vs. W. G. Sampson; John E. Evans vs. Charles E. Jones; Nell McManis vs. Henry Nichol.

Rotary Members Entertained—A speck by President Havens of International Rotary delivered in Kanas City together with a brief musical program, was enjoyed by the local club members and their wives by radio Friday night. The demonstration took place in the offices of the Idaho Power company.

CHANGE DATE OF HEARING

Case of Order Against City is Held Over One Week on Account of Jury Trials in District Court

Order to show cause in district court in the case of Alan P. Senior seeking an injunction to prevent payment by the city of the sum of \$805.00 for publication of the city audit was Thursday advanced to March 27. The order given will be held before Judge Babcock. The continuance was given on account of the trial of civil suits in district court. The order given by Judge Babcock Friday states that the hearing will be held at 10 a. m. March 27, "or as soon thereafter as counsel can be heard."

Society

Mrs. Arthur J. Peavey was hostess to the Luncheon club Friday. Covers were laid for 14 at a beautifully appointed table, the centerpiece being a bowl of jonquils. The rooms were charming with spring flowers in vases and baskets. The usual games of bridge were played. The order given was in favor of Mrs. J. E. Pittman was a guest of the club.

Mr. and Mrs. John M. Maxwell were hostess to the luncheon club Thursday evening, honoring Mrs. H. E. Carman of Vancouver, B.C. Covers were laid for ten, and a color scheme of pink was carried out in all of the decorative details.

Mrs. H. E. Barber entertained the Fortnightly club Friday afternoon. Prize for high score was won by Mrs. C. H. Krugel. At the close of the games the hostess served light refreshments.

The Presbyterian Missionary society met Friday afternoon at the parsonage of the church. Devotionals were led by Mrs. A. G. Pearson, and a brief business session was presided over by the pastor, Mr. G. M. Hall. The program consisted of a story on "Stewardship," by Mrs. G. M. Simpson, and the continuation of the study book, "The Trend of the Races," chapter three, by Mrs. G. M. Simpson. Mrs. W. W. Witham, assisted by Mrs. Harry Smith and Mrs. Walter Cawce. Chapter four was reviewed by Mrs. Leo Bracken and Mrs. D. F. Stewart. Mrs. E. H. Dunlap, chairman of officers evening, brought in the quota all completed ready for shipping.

The card party planned for Tuesday evening by the Star Social club following the regular chapter session of the O. E. S., has been indefinitely postponed because of the play being given at the home of Mrs. W. W. Witham, chairman of officers evening, which was given to the Boy Scouts.

The Baptist luncheon was the scene of a pleasant gathering Friday when the Board of Christian Education assembled for their annual mid-winter picnic. A bountiful dinner was served at noon in cafeteria style and was followed by a program of entertainment. Each club represented presenting a number, as follows: A piano solo by Mrs. A. E. Henderson of the Woman's Progressive club; "History Review" in the form of a contest by the Unity club; Mrs. Blake, the winning side being presented with tiny flags; an entertaining paper by Mrs. Oris Cryder for the Mentor club; two vocal solos by Mrs. D. R. Churchill of the A. A. K. club; correct solo by Mr. Fuller for the Morningdale club; the Wayside club presented Master Melvin Jones in a vocal solo and Mrs. Beer with a piano number. Judge P. E. Chamberlain for the Country Women's club, gave "Reveries of a Club Woman's Husband"; Dr. Fisher presented "The Moral Hygiene" for the Blue Lakes Boulevard club. The clubs went on record as opposing the repeal of the tuberculosis hospital bill and endorsing the farm credits bill. Mrs. Brown spoke to the clubs of what the Farmers' Digest hopes to make of the women's department, and asked the cooperation the federated club women.

The Shaurock club was delightfully entertained Thursday afternoon at the home of Mrs. W. Z. Irons. Mrs. John Deane was a guest, and 17 members were in attendance. There was a short business session during which plans were made for an ovator supper to be given March 2 at the home of Mrs. Henry Rossmann. The afternoon was spent socially and Mrs. Irons, assisted by Mrs. Frank Wood, served dainty refreshments, suggestive of Washington's birthplace. Tiny flags and hats were worn by the club. The club will meet with Miss May McGinnis on March 8.
