VOL. 5, NO. 27. TWIN FALLS, IDAHO, FRIDAY MORNING, MARCH 2, 1923. PRICE FIVE CENTS

FAST GAMES OPENERS IN CAGE MEET

Jerome, Oakley, Filer and Burley Win in First Round of the High School Basketball District Eliminations

WHAT THEY DID LAST NIGHT			
Jerome	30	Gooding	27
Oakley	53	Carley	28
Filer	36	Halley	20
Burley	35	Twin Falls	25

WHAT THEY WILL DO TODAY

Afternoon Games
Gooding vs. Carley
Halley vs. Twin Falls
Oakley vs. Jerome
Filer vs. Burley

Jerome, Oakley, Filer and Burley won their games in the opening round of the south central Idaho district basketball finals which started last night at the Twin Falls high school, and which will continue until Saturday evening.

The first game of the evening, between Jerome and Gooding, went to Jerome by the score of 30 to 27. Oakley had little trouble putting Carley out of the way, the final reading showing that Oakley had scored 53 times, while Carley made 28 as high mark.

The Filer-Halley game showed Filer taking the long end of a 30-to-20 score, while Burley made 35 to 25 for the Twin Falls hoopers.

Stage Battle Royal

After getting away to a slow start the Jerome-Gooding game turned into a battle royal, although Jerome led the lead throughout the game. The score at the end of the first half stood 19 for Jerome and 9 for Gooding. Gooding came back in the second half to get within three points of tying the score, but the whistle stopped their rally, and the opening game of the tournament went to Jerome.

Oakley picked by many to win the tournament, started off on the right foot, by beating the Carley outfit in a handy fashion. A few minutes after the game started, the Oakley team, scored the first field goal, and from then on the result was never in doubt. The score at the end of the first half stood 15 in favor of Oakley. Carley and Olsen featured for Carley, Olsen giving a wonderful exhibition of fast foot work. Hunter, Larson and Jamison did the heavy work for the Oakley team. Hunter's game being especially commendable. Larson converted 17 out of 20 free throws.

Height Spells Advantage

Filer and Halley had a great game in the first half of the third game of the evening. Filer leading at the end of this stage by the score of 13 to 12. Gooding continuing an advantage in height went out the Halley cage artists in the last half, the final score reading 26 to 20 for Filer. Seymour, Halley's right forward, did splendid work, as did Filer. Whitley's Martin starred for the Filer team with nine field goals.

Gives Locals Setback

The last game of the evening, featuring Twin Falls and Burley, gave the locals a severe setback, Burley winning 35 to 25. Twin Falls, who were the mainstay of the season, was not in the same class with the Casula kids. Jenkins and King did the heavy work for the locals, Jenkins with his clever floor work, and King with his best gunning seen on the local floor.

DEATH STILLS VOICE OF SILVER TONGUED ORATOR

W. Burke Cockran, Representative From New York, Dies at Washington From Stroke of Apoplexy

WASHINGTON, March 1 (AP)—Death today stifled the voice of W. Burke Cockran, a member who has been one of the most eloquent orators who ever spoke from the floor of congress. The famous speaker, a democratic representative from New York, who had matched his powers with many of the greatest of his time, died at 7:10 o'clock this morning from a stroke of apoplexy. Last night he suffered a cerebral hemorrhage, and his remains were interred in the city of New York. He was 63 years of age and had spent his life in the service of his country. He was a member of the bar and had practiced law in New York. He was also a member of the New York legislature and had served as speaker of the assembly. He was a man of great energy and ability, and his death is a great loss to the country.

Organizer for Klan Goes to Jail Rather than Give Testimony

Kansas Supreme Court Issues Writ for Imprisonment on Charge of Contempt

TOPEKA, Kansas, March 1 (AP)—H. H. Kitcher, organizer of the Ku Klux Klan, formerly of Oklahoma City, was placed in the Kansas county jail late this afternoon on a writ issued by the state supreme court holding him in contempt of that court for refusal to answer questions at a hearing today of the state's ouster suit against the Klan.

This action followed an order of the court issued February 26, that Kitcher answer the questions he having refused to do so originally, at the opening of the hearing before Commissioner S. N. Brewster, February 25.

Attorneys for Kitcher, Colonel John H. Dean of Topeka, and W. L. Atwood of Kansas City, stated that the test of the case would be carried to the United States supreme court. Meanwhile habeas corpus proceedings probably will be instituted for Kitcher.

It is not clear whether Kitcher should be compelled to inform the court as to names of members of the Klan after having taken the Klan oath not to do so.

VERDICT ASKED IN BOOZE CASE

Counsel for Defense Offers Motion When Prosecution Rests Its Case

BOISE, Idaho, March 1 (AP)—Defense counsel today noon obtained permission of the court to "put over" continued proceedings to 9 o'clock. He offered, when they will begin the trial of attempting to break down the chain of evidence deduced against the nine defendants indicted February 15 by a terminal warehouse senate bill before the senate today, resulting in failure when the senate voted on the theory that no counties being definitely named in the measure it was impossible to drop.

A strong fight was made in the committee of the whole against the bill which will restrict the state and provide for the financing of grain through public corporations and allow the warehouses to issue receipts which could be used in financing grain growers prior to sale of grain. The committee finally sent the bill to the floor with a favorable recommendation.

Remodels Education Board

The state board of education today consisted of presidents of five state institutions: University of Idaho, Lewiston and Albion normals, Peacote Institute and Industrial Training School, and the board has now completed the end of their terms, according to amendments made to house bill 211, in drastic action taken by the house committee of the whole at this afternoon session.

Predictions from Representative Congdon of Ada county, that the amendment would place the entire control of education in the state, and that a majority of the schools are located and precipitate much difficulty failed to change the attitude of the house which voted 29 to 28 to recommend the bill. The measure includes a provision to abolish the office of commissioner of education held by Dr. E. A. Bryan, and if passed as amended, the bill being passed by unanimous consent.

The Day in Washington

(By The Associated Press)

Representative W. Burke Cockran, Democrat, New York, died suddenly.

The Volpe bill which was passed by the senate and sent back to the house for adjustment of differences.

Brigadier General Frank T. Hines took office as veterans' bureau director, succeeding Charles E. Foxworth.

The senate rejected the nomination of Walter L. Cohen, negro, republican leader of Louisiana, to be customs controller at New Orleans.

Chairman LaFollette of the senate oil investigating committee obtained permission to complete its report after adjournment of congress.

Senate approval was given to a \$400,000 appropriation for continuing activities of the federal coal commission. The bill was not agreed to by the house.

The house passed, 205 to 78, the composite rural credits bill and conferees immediately began adjustment of differences between the senate and house drafts.

DAIRY BILL IS ADOPTED BY SESSION

Idaho House Concurs in Senate Approval of Measure to Regulate Competition and Fix Standards

BOISE, March 1—(Special to The Associated Press)—The Idaho house today concurred in the senate bill 207 passed the house this afternoon by a vote of 43 to 20.

The bill is an outgrowth of a meeting of dairymen, general farmers, fruit growers and stockmen called by Agricultural Commissioner Miles Cannon shortly before the meeting of the legislature at Boise. At that time Mr. Cannon stated the general meeting into groups and legislative programs were decided upon. The dairymen's resolutions culminated in senate bill 207 just passed, which has not had the approval of the state department of agriculture.

Representative Sanborn of Gooding county fought against its passage today on the ground that the first grade improvement of farm lands, and the terminal warehouse senate bill before the house today, would result in much litigation as a result of its administration when competitors would strive for business.

Indefinite postponement of a senate bill in the house this afternoon, which would have prevented the removal of the names of persons subject to motor vehicle tax.

Attempts by Senators Clark of Elmore and Crooks of Ada to eliminate their counties from the terms of the bill today, resulted in failure when the senate voted on the theory that no counties being definitely named in the measure it was impossible to drop.

A strong fight was made in the committee of the whole against the bill which will restrict the state and provide for the financing of grain through public corporations and allow the warehouses to issue receipts which could be used in financing grain growers prior to sale of grain. The committee finally sent the bill to the floor with a favorable recommendation.

Remodels Education Board

The state board of education today consisted of presidents of five state institutions: University of Idaho, Lewiston and Albion normals, Peacote Institute and Industrial Training School, and the board has now completed the end of their terms, according to amendments made to house bill 211, in drastic action taken by the house committee of the whole at this afternoon session.

Predictions from Representative Congdon of Ada county, that the amendment would place the entire control of education in the state, and that a majority of the schools are located and precipitate much difficulty failed to change the attitude of the house which voted 29 to 28 to recommend the bill. The measure includes a provision to abolish the office of commissioner of education held by Dr. E. A. Bryan, and if passed as amended, the bill being passed by unanimous consent.

Representative W. Burke Cockran, Democrat, New York, died suddenly.

The Volpe bill which was passed by the senate and sent back to the house for adjustment of differences.

The senate rejected the nomination of Walter L. Cohen, negro, republican leader of Louisiana, to be customs controller at New Orleans.

Chairman LaFollette of the senate oil investigating committee obtained permission to complete its report after adjournment of congress.

Germany Washes Hands of Ruhr Situation; Blames France for Storm Seen Gathering

Illness Interrupts Trial of Oregon Night Riders Case

Alleged Victim and Star Witness for Prosecution Stricken with Hemorrhage

MEDFORD, Ore., March 1 (AP)—J. F. Hale, alleged victim of night riders in a kidnaping and hanging episode, and star witness in the present trial of Dr. J. J. Brany, J. P. Hittson, Howard Hill and 16 others, was accused of participating in this episode, was stricken with hemorrhage of the stomach today during the trial and tonight was said to be in a serious condition.

Late today, when jury was finally selected and accepted by both sides for the trial of Brany and co-defendants, but at the suggestion of the defense two alternative jurors will be drawn in the morning to hear the evidence in the case. The opening statements of the state and defense will then be made and the taking of the evidence will begin unless the serious condition of Hale prevents.

Pola Negri Breaks Her Engagement to Comedian of Films

Actress Says She Is Too Poor to Marry Charlie Chaplin; Has Other Reasons

LOS ANGELES, March 1 (AP)—Pola Negri, motion picture actress, has broken her engagement to Charlie Chaplin, comedian of the films, according to an interview the Los Angeles Times will publish tomorrow.

Beyond remarking that "were a thousand reasons why I should not marry Mr. Chaplin," Miss Negri avoided conversation following her announcement that the engagement was off and confined her explanation of the break to a written statement, the text of which follows:

"Therefore, I give Mr. Chaplin his freedom and release him from his engagement. I wish him the best and most beautiful country in the world.

"Please don't ask me any questions," she warned, after her statement had been read. "I am not able to answer them."

Miner Caught Under Twenty Tons of Rock Has Chance to Live

Complete Recovery Promised Workman Crushed for Four Hours Under Avalanche

SPOKANE, Wash., March 1 (AP)—Crushed under 20 tons of rock for four hours this afternoon, Andy Sorby, aged about 45, and a former Alaskan miner, was a hospital tonight with the chance of a complete recovery, barring sickness from exposure.

Sorby was working at the top of a chute at the International Portland Cement company's plant, at Irwin, seven miles from Spokane. Crushed rock, ranging from dust to chunks two inches in size, was dropping down the chute into a trailing jail for transportation into the plant.

Falling into the chute, Sorby was pinned down from all sides by the falling rock. Fellow workers rushed to his aid, but the best they could do was to prevent his face being covered. Fifty men were summoned. The slices of the chute were timbered, to prevent further rock falling, and after four hours of work Sorby was pulled out, numb from the pressure of the rock. He was rushed to one to the hospital.

SPOKANE BUILDING BURNS

Flames Destroy Four-Story Furniture Store Causing Damage Estimated at Approximately \$200,000

SPOKANE, Wash., March 1 (AP)—The four-story Tull and Gibbs furniture store building was injured by fire today, and the damage was estimated at \$200,000. The first alarm was running at 8:25 p. m. The fire was said to have started in the shipping department on the ground floor. The building and contents were insured.

TAX BILL GOES TO PRESIDENT

WASHINGTON, March 1 (AP)—The senate concurred today in house amendments to the national tax bill and the measure was sent to the president.

Disclaims Responsibility for Maintenance of Peace

Berlin Government, in Statement to Non-Participating Powers, Voices Apprehensions for "Explosions" Resulting From "Atmosphere of High Tension"

OCCUPATIONAL FORCES ORDERED TO TAKE OVER THE GERMAN RAILWAYS

BERLIN, March 1 (AP)—Germany has sent to the larger foreign powers who are not participating in the Ruhr occupation, notes calling attention to the seriousness of the situation in the Ruhr. It is declared this step is considered necessary "in order to give to the world a composite picture of French procedure."

WASHINGTON, March 1 (AP)—The German embassy in a formal statement issued late today declared that should the population in the Ruhr, "already severely tried, let itself be led to acts of desperation, the German government, owing to the participation by the French of the German official apparatus in the Ruhr, will not be in a position to guarantee the maintenance of peace and order in the occupied territory."

An atmosphere of "high tension" has been created gradually throughout the occupied zone, it was stated which "causes the possibility to be feared that this atmosphere may in the near future lead to explosions."

The text of the statement follows: "Owing to the latest developments in the Ruhr territory, especially owing to the ever more numerous and brutal expulsions, drastic sentences by courts-martial, pillage and destruction of property, and through the oppression of entire towns such as Recklinghausen, Gelsenkirchen and Bochum, an atmosphere of high tension has gradually been created in the entire occupied territory which causes the possibility to be feared that this atmosphere may in the near future lead to explosions."

Holds to Passive Policy
"The German government still maintains a policy of more passive resistance as hitherto applied, and in this policy is backed by the unanimous support of the officials and the entire population. Should, however, the population, already severely tried, let itself be led to acts of desperation, the German government, owing to the participation by the French of the German official apparatus in the Ruhr, will not be in a position to guarantee the maintenance of peace and order in the occupied territory."

How far the German administrative and economic apparatus in occupied territory has been disorganized by France is shown by the following: "By order of the commander of the 128th French division German security police of Essen, urban and rural districts, has been disbanded. Disarming of three main postal districts is also reported from other places, so that the Ruhr is gradually deprived of all its organs of control, which hitherto provided for the safety and peace of the population."

Lists Expulsions
"Expulsions of the following persons took place up to the present time: "The governor of the Rhine province, all presidents of administrative districts, with one exception, the presidents of three main postal districts, of three railway districts, of two finance boards, of two courts of appeal, forty-nine lord mayors, thirty-one postal directors, nine customs directors, six directors of the reclamation, four editors of three main postal districts, of trade unions, thirteen directors-general of mining companies. Total 552, besides that approximately 2,000 members of families."

GIVES AMERICAN STAND ON RHINE ARMY'S COST

Assistant Secretary of Treasury Enters Conference with Representatives of Allied Powers

PARIS, March 1 (AP)—The position of the American government regarding its claim for reimbursement for maintenance of the army of occupation on the Rhine was explained by Elliot Washburn, assistant secretary of the treasury, at his first conference with financial representatives of France, Great Britain and Italy here today.

The American view had already been fully set forth in various notes to the allied governments since November 2, last, when the allied ambassadors' council, finding it difficult to conduct the four-cornered correspondence, suggested the present conference.

The delegates today decided to defer further consideration until next Monday, to afford them time to think over matters and consult their various governments. It was also decided to observe secrecy, except for official communications to the public.

The cost of maintaining the American army on the Rhine has been estimated in Washington February 19 as approximately \$255,000,000.

BERLIN JURY COMPLETED

MARION, Ill., March 1 (AP)—The opening arguments to the jury in the second Herrin mine riot trial will be made tomorrow morning, following the completion of the jury today, attorneys in the case announced tonight. Six months on trial charged with the murder of Antonio Mulkovich, of Erie, Pa., one of the 25 persons slain in the riot last June.

The jury contains two union miners. It was announced that presentation of evidence will not begin until Monday.

Wales Uses Yankee Slang in Talk to American Collegians

LONDON, March 1 (AP)—The Prince of Wales slipped into "Yankee slang" tonight to the great pleasure of 300 American former college students at the opening of the American university union. Speaking of the double benefits of a university education and overseas experience, he said: "Perhaps I have more luck than most of you. I think perhaps I can put one over on many of you by asking how many of you have visited your own territories of Honolulu and the Philippines, as I am coming into competition with the national institutions.

Aster said: "The Prince of Wales' is one of the best Americans I have ever met. He knows when we talk what we mean. There is no greater link between England and America than his royal highness, in fact, no greater link between all countries."

Yale and Harvard, Princeton and Columbia men gave their college cheers for the prince, and Dr. Harry A. Garfield, president of Williams college, led 15 "Yale" for almost half an hour, and a remembrance of his three days in Wales.

SEES JAPANESE MENACE TO U. S. RULE IN HAWAII

Senate Committee Urges Enactment of Measure to Permit Restricted Immigration to Relieve Labor Shortage

WASHINGTON, March 1 (AP)—Urging enactment of the Dillingham resolution to permit restricted immigration of otherwise inadmissible aliens into Hawaii to relieve the present labor shortage, the senate immigration committee in a report today declared American control of Hawaii and the center of the Pacific ocean to be endangered by the Japanese.

The situation with respect to the preponderant Japanese population of the Hawaiian islands was discussed at length in the report which said the Dillingham resolution should be adopted as an emergency measure, and conditions more completely remedied by permanent legislation.

Strike Reveals Need.

Calling attention to the 1921 strike of Japanese plantation workers as illustrating the need of removing the Japanese monopoly of the unskilled supply, the report declared that strikes had been "marked by unusual animosity on the part of the Japanese language press and by many un-American demonstrations of violence."

The shortage of labor now existing in the islands, the report said, is the result of the restlessness of the field laborers, who received, in addition to their regular pay in 1922, a total of \$2,000,000 in bonuses, and also "in larger part by the particular racial solidarity of the Japanese who constitute 43 per cent of the population of the islands."

"American industrial and political control," the report added, "is seriously threatened by the preponderance of the Japanese among those who normally perform the field labor of the territory and by an actual shortage of such labor."

Must be Met at Once.

"The situation in Hawaii must be met at once. It is not merely a question of saving Hawaiian industry from bankruptcy. The commanding fact is that the industries will inevitably pass into the hands of the Japanese instead of merely going out of existence. Such a transfer of economic control would practically destroy the American control of Hawaii and in effect transfer to Japanese control of the center of the Pacific Ocean. Certainly such a result would be of serious consequence to the American naval and military control of the mid-Pacific."

JAPAN SEES EFFICIENCY DECLINE AS WAGES RISE

Crippling of Necessary Industries to Supply Export Trade is Attributed to Rising Production Costs

TOKIO, Mar. 1 (AP)—Sanji Muto, President of the Kanagafuchi Spinning Co., in an article contributed to the Osaka Asahi, draws a gloomy picture of the future of Japan's economic life. "Japan is the third country in the world as regards the density of population," says Mr. Muto. "And since her population is increasing at an annual rate of something like 600,000, the country is more and more becoming dependent on foreign countries for the supply of food stuffs."

"As all the possible outlets for her surplus population have been closed, it will be necessary for Japan to develop industries so that money with which to buy food may be obtained. But Japan is lacking in raw materials, the cost of fuel is high and, in addition, the rising cost of production tends to retard the growth of industries and the development of export trade. Taking 100 as the index figure for prices and wages in 1900, these figures now are 204 and 415.

"The remarkable rise in prices as noted above is due," Mr. Muto said, "to the heavy burden of taxation, adoption of a protective policy, inflation of currency, rising wages and increase of cost of living. In recent years wages have made a tremendous advance, but the efficiency of workers has been falling in inverse proportion, while the consumption of commodities, especially articles of luxury, has been increasing at a remarkable rate. In other words, the consuming classes have been steadily increasing, but the producing classes are declining.

"Hence lies an economic crisis that is impending. Unless the people are awakened to this important fact and strive to ameliorate the existing state of affairs, Japan will be plunged into a very grave crisis."

Chamberlain's Cough Remedy
Nothing So Good for a Cough or Cold.
"Everyone who has ever Chamberlain Cough Remedy speaks well of it," writes Edward J. Miller, Ambler, Pa. "People who once use this preparation are seldom afflicted with any other. It is excellent to stop a cough or break up a cold."

Congresswoman to Ask Inquiry Into Primary Election

Mrs. Winnifred Mason Huck Charges Illegal Expenditures on Part of Her Opponent

CHICAGO, Mar. 1 (AP)—Mrs. Winnifred Mason Huck, Illinois congresswoman at large, Wednesday announced that on her return to Washington she would ask a congressional investigation of the primaries yesterday when Morton D. Hull defeated her for the republican nomination to succeed the late Representative James R. Mann, of the second Illinois district.

Mrs. Huck declared that Mr. Hull spent "large sums of money, far more than the \$5,000 limitation for congressmen."

Mrs. Huck said she will lay her case before Secretary of War Weeks and possibly before President Harding. She will be a member of the house only until its adjournment March 4.

Mrs. Huck, although not the first woman, was the first mother to be a member of congress.

ANNOUNCES PROGRAM FOR INLAND EMPIRE TEACHERS

Idaho Commissioner of Education Outlines Arrangements for Sessions of Spokane Convention

SPOKANE, Wash., Mar. 1 (AP)—The preliminary program for the annual convention of the Inland Empire Teachers' association to be held in Spokane from April 4 to 6, has been announced by President E. A. Bryan, educational commissioner of Idaho.

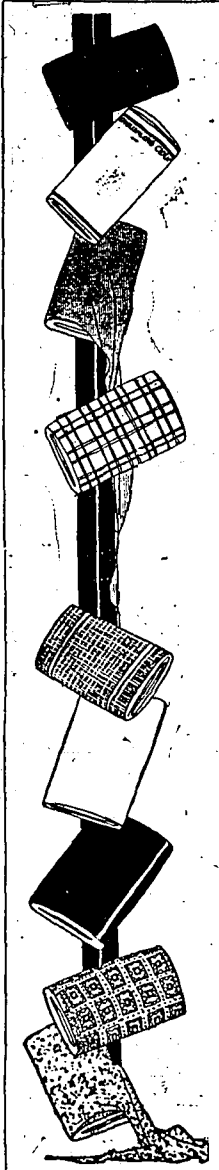

The general sessions of the convention will be held in the morning, while sectional meetings will occupy the afternoon. The convention will open Wednesday, April 4 with the annual president's address by Dr. E. A. Bryan. The second address will be given by Dr. E. B. Bryan of Ohio university, the principal speaker of the convention. Dr. W. J. Spillman of the United States department of agriculture will give the concluding address of the morning session.

The session April 6 will be opened by Dr. William W. Owen, president of the Chicago Normal college and of the National Educational association. Dr. A.-C. Leonard of the University of California, will also give an address, as will Dr. E. B. Bryan of Ohio. The annual business meeting and election of officers will take place on the second morning of the convention.

Friday morning's session will be opened with an address by Dr. J. E. Englemann, field agent of the National Educational association. Miss Julia Spooner, president of the Portland Grade Teachers' association, will speak in the afternoon. The convention will be closed with an address by Dr. E. B. Bryan.

NOTICE OF SALE

I will sell at the hour of 2:30 p. m., 1 Ford car, 1915 model, Motor No. 412-210, License No. 47724, 1921 issue, held for storage. J. F. GOODWIN, adv. Hansen Transfer Co.

Spring Time at Booth's

Loads of Pretty Things to Make Up

Many ladies are making classy little gowns at home and it's really so easy to do if you use the new Deltor System included in Butterick Patterns for sale here. It seems impossible to go wrong and the new materials make up so nicely and they are so charming that with home making every woman can have a much larger wardrobe.

New Ratines

Ratine is to be much used and for sport wear it's most practical. Colors are bright and cheerful. They are in different shades of green, rose, blue, lavender, red and yellow.

Priced in 36 inch patterns, at 50c yard, 75c to \$1.50. It also comes in fancies, too, up to silks, at \$2.50 to \$5.50.

and New Voiles

After a few months of rest voiles are back again, prettier than ever. You can easily have more than one with the Butterick Patterns to help you, and at our prices the cost is so small. *New Voiles, 40 inches wide, in extraordinary patterns of different colors, are priced in a large range at 35c per yard. At 50c per yard and 75c per yard you can get most remarkable patterns.*

50 GOOD CIGARETTES 10¢

Spring styles and still they include vanity cases. All are pretty. You will like these new ones—

\$2.00 UP

Spring Gloves of Kid

Real French kid gloves are not easy to get. We have new ones just here in 2-button, 12-button and 16-button lengths. You will want them before Easter.

Blouses Are Rich

Rich silks, rich colorings, carrying an air of the Orient. Some in patterns, some plain.

Another Package From Booth's

Farm Loans

LOW rate of interest. A ten-year loan with easy prepayment privileges—no bonus or previous notice required.

No waiting for inspector. Money is ready when title is clear.

Letsch & Williams
TWIN FALLS

PAVEMENT FAIR, BUT CURBING FAULTY, SAY SALT LAKE ENGINEERS

Results of McGonagle and Ullrich Investigation of Street Improvement Work Done in 1920 by Warren Company Laid Before City Commissioners; Approve Murtaugh Report

That quantities of material used in pavement constructed in Twin Falls in 1920 were sufficient, and that the workmanship is "on a whole, of a fair quality," but that the design of the light standard bitulithic pavement is faulty in that the wearing surface is "too light to successfully resist the impact of modern traffic," and that "there is evidence that portions of the original wearing surface did not contain sufficient bituminous binder," are conclusions reached in a report on investigation of the bitulithic pavement conveniences laid in 1920 by the Warren Construction company in Twin Falls, prepared by McGonagle and Ullrich, Salt Lake civil engineers, and laid before members of the city commission immediately prior to their meeting Thursday evening.

Oaks Curbings Faulty.
In respect to curbing constructed here, the report says "the concrete curbs fully line in part to the use of dirty material and in part to improper curing of the concrete."

The report says further that there is poor surface drainage on several blocks due to improper design of street grades and cross street waterway culverts.

The report also contains an account on Thursday evening with respect to the Salt Lake engineers' report, but adopted a somewhat similar report submitted by Mr. A. Murtaugh, Salt Lake civil engineer, who was retained to do some preliminary work and assist the Salt Lake engineers in their investigations.

Following is the text of the McGonagle and Ullrich report:

Pursuant to a resolution of the city council and a letter from J. L. Moe, city clerk, under date of November 25, 1922, we have made an investigation of the pavement constructed by the Warren Construction company in 1920 in local improvement districts Numbers 24, 26 and 27, and submit the following as our report of said investigation.

History

The contract for constructing the pavement in aforesaid local improvement districts was let to the Warren Construction company on January 4, 1920. The work was started shortly thereafter and completed by the latter part of October of the same year. The contract called for the laying of approximately 270,000 square yards of Warren bitulithic pavement, with the extensions on Main street and Shoshone street and 1 1/2 blocks on Minidoka street were to be of the standard Warren bitulithic pavement. It is our understanding from information furnished us that the original pavement was laid in the form of two or three blocks was laid by the Warren Construction company, and that this company also constructed all curb under the contract west of Sixth street, north and east. The Heleneke Construction company was awarded a sub-contract from the Warren Construction company to construct all curb to the east of Sixth avenue, north and east.

During the months of June and July, 1922, the Warren Construction company resurfaced 104,023 square yards, finished 148,484 square yards and patched 9,153 square yards of pavement, the foregoing totaling 85 per cent of the original pavement laid by the Warren Construction company in 1920. The company also replaced and repaved approximately 15,000 linear feet of curb. The method employed in resurfacing the pavement is described in detail in our bitulithic report submitted to the city council under date of July 31, 1922.

Field Investigation

A field examination of the premises involved in this report was made by Mr. C. J. Ullrich of this firm, during the time from December 15 to 18, 1922, inclusive. In making this investigation Mr. Ullrich was assisted by Mr. A. Murtaugh. He was accompanied by information by members of the present city administration. All office records pertaining to the pavement in question were examined, and all samples cut from the pavement by Messrs. Berg and Allen before resurfacing was done by the Warren Construction company, which had not completely disintegrated, were carefully examined and the thickness of the bitulithic wearing surface measured. In addition, eight samples were cut from the pavement in different parts of the city and shipped to Salt Lake City for examination and analysis.

Plans. Samples of curb were also taken in different parts of the city and shipped to Salt Lake City for examination. Due to the fact that the pavement was

partly covered with snow, Mr. Ulrich could not make as close an inspection of the surface condition of the pavement as he would have liked, however, sufficient of the paving surface was exposed to show the character of the workmanship.

The inspection of the official paving file in the city clerk's office disclosed no record of correspondence between the city's engineer, Mr. Hoffeditz, and the contractor, and Mr. Ulrich was informed by the city clerk that no trace had been found of the engineer's personal file pertaining to this pavement. A record of all orders given by the engineer to the contractor, also a copy of all correspondence between the engineer and the contractor should have been filed with the city clerk.

Rock Base.

The specifications provide that the

rock base in the case of the standard Warren bitulithic pavement shall consist of a 6 inch layer of crushed rock, and in the case of the light standard Warren bitulithic pavement of a 4 inch layer of crushed rock, both to be accompanied by a 10-ton road roller. The crushed rock used was lava rock. A 6 inch layer of this rock should ordinarily compress to 4 inches and a 5 inch layer to 3 1/2 inches under the weight of a 10-ton road roller. No measurements of the thickness of crushed rock base were made by Mr. Ullrich during his inspection of the pavement on account of weather conditions, however, a study of the reports of Messrs. Allen and Berg, submitted to the city council under dates of July 1st, 1922 and July 21st, 1922, respectively, show that the required thickness of crushed rock base was found in all of the 57 samples taken from the pavement, and in 90 per cent of these cases the required thickness was exceeded.

Summarizing the thickness of the rock base as given in the reports of Messrs. Allen & Berg we get the following:

Standard pavement.
Five samples 4 inches thick.
Three samples 4 1/4 inches thick.
Two samples 4 3/4 inches thick.
One sample 4 1/2 to 4 inches thick.
Three samples 5 inches thick.
Fourteen samples 5 1/2 inches thick—4.40 inches average.

Light Standard Pavement.
One sample 3 1/2 inches thick.
Eleven samples 3 3/4 inches thick.
Eleven samples 4 inches thick.
Three samples 4 1/4 inches thick.
Fifteen samples 4 1/2 inches thick.
One sample 5 1/4 inches thick.

One sample 5 3/4 inches thick. Forty-three samples; 180 inches thick—4.10 inches average.

The foregoing table shows that on the standard pavement the average thickness of rock base for the 57 samples taken exceeds the required thickness by 4 of an inch, and in the case of the light standard pavement by .36 of an inch.

We also call the city council's attention to the report of Spenser and Lauenbenheim submitted to the city council under date of April 4, 1921. This report shows that wherever a hole was dug to the foundation, the required thickness of crushed rock base was found.

The specifications provide that in the case of standard Warren bitulithic pavement—

New Spring Goods Reflecting Our Effort to Give Outstanding Values

New Spring Fabrics Priced Lower

Table Damask 89c
Extra fine quality mercerized damask, in new, beautiful patterns. Priced low, the yard **89c**

Toweling
Bleached Turkish 35c
Double warp, extra quality bleached Turkish toweling, of firm weave. The yard **35c**

Pillow Cases 35c
Empire pillow cases made of standard quality casing, without starch or filling, 45x36 inches. Priced **35c**

Empire Sheets \$1.69
A well known quality, without filling or starch, and seamless, 81x90 inches. Priced low at **\$1.69**

Satin Bed Spreads \$6.89
These are of extra quality and weight, in a variety of attractive patterns, size 81x90, and larger. Have cut corners, a spread of real value that will give excellent service. Priced each **\$6.89**

Sheet Wadding 5c
In white and grey. Priced very low, per sheet **5c**

Striped Lingerie Satine 59c
Striped bloomer material, in maize, flesh, light blue, rose, emerald, navy, golden brown and burnt orange, 30 inches wide, and priced very reasonably, the yard at **59c**

Use McCall Printed Patterns

Step by Step—printed lines and printed directions teach you how to make up your garments quickly, successfully and most economically. Sold exclusively at this store.

Silk Striped Shirting 59c

White madras shirting, with silk colored stripes. For waists, boys' shirts, men's shirts. Extra wide. A real value at most attractive price. **59c**

36 Inch Percale at 23c
An assortment of light, standard quality percales, in new patterns for spring. Unusually pretty and a quality worth making up. Priced **23c**

Renfrew Devonshire Cloth 35c

In plain and fancy colors and patterns, suitable for dresses, aprons and waists, and most serviceable. Priced **35c**

New Tissue Gingham 59c

New spring tissue ginghams, in check and block effects, in wide range of colors. Priced low, the yard at **59c**

All Wool Novelty Suitings at \$1.89

All wool novelty suiting for coats and suits, in rich and attractive colors of blue and navy. One of the best values we have offered in years. Priced specially low, the yard **\$1.89**

All Wool Novelty Suiting at \$2.39

All wool—tubing suiting—for sport and knicker suits, in real handsome colorings, and the quality is the finest obtainable. Use McCall's printed patterns and make your new spring suit, these colors included in our showing: brown, green heather, brown heather, oxford. Priced very special, the yard **\$2.39**

Women's Real Hosiery Values

Cinderella and 5045, Full Fashioned Silk Hose \$1.98

A specially good high grade pure thread silk hose. We do not believe that Cinderella Hose at this price for value and service has an equal. Made with high spliced heel and double soles. In the popular shades for spring. Priced very low **\$1.98**

1382-1352 Thread Silk Hose 98c

A pure thread silk and also fibre plaited on silk hose with seamed back. Will give most satisfactory wear and is being freely bought, being an excellent value at this price. Priced **98c**

Vassar Girl, Geisha Girl, Silk Hose \$1.35

This is specially good hose at this price and will give excellent service. This is a splendid value, inexpensive at this price, with seamed back, in all the most wanted shades. Priced low **\$1.35**

Novelty Silk Sport Stripe Hose \$1.49

An extra fine silk hose, will give splendid wear, being made of silk and linen with double sole, and high spliced heel and toe. A hose which will be much in demand this spring. Priced low at **\$1.49**

Spring's In Sight—Our Fashions Are Right

You will be most agreeably surprised at the prices we are quoting on your new Spring Apparel. You get the utmost here in style, quality, at a low price.

We marked our prices so low that there can be no after-season reduction prices on our ready-to-wear. You are to have the benefit of the lowest prices right at the beginning of the season—which we know you will welcome, you pay no premium on our goods. We can readily say—in comparison to offerings elsewhere—**WE HAVE THEM AS GOOD BUT—**

We Sell Them For Less

See Our Taffeta, Canton, Crepe de Chine, Flat Crepe Dresses at \$14.98

It would take a considerable stretch of one's imagination even to attempt to visualize their beauty, difference and value

TODAY'S SPORTING NEWS

DECISION GIVES VILLA'S CROWN TO NEW YORKER

Filipino Loses Flyweight Championship to Genaro in Sensational 15 Round Mill Before Demonstrative Crowd

NEW YORK, March 1 (AP)—The American flyweight boxing championship title returned to its native shores tonight in historic Madison Square Garden, where a capacity crowd saw Frankie Genaro take it from Palla Villa, the Filipino, who won it from Johnny Buff in Brooklyn last summer. The decision was of the last in a variety. Newspaper critics at the ringside were divided in their opinion. Those who favored it were not enthusiastic and those against it were bitter in their denunciation. The crowd became demonstrative and a squall of blue cents had difficulty in clearing the aisle. It was evident when the men entered the ring that Genaro's friends were in the majority and they booed Villa when he was escorted to his dressing room. For two-thirds of the way the fight was not of championship caliber and the fans, to whom Villa always showed an unending aggressiveness, were surprised when he chose a strategy of defense. For ten rounds the bout hovered on a close, but in the last five the mixing was so furious that the spectators were in almost constant uproar.

Villa Is Warned

Villa seemed the more aggressive and his punches seemed as steaming as his challenger's, but he was warned more often than the winner for objectionable tactics and once or twice the crowd booed him. Besides a left hook to the jaw and two-handed rights to the ribs, Villa employed a variety of the "rabbit" punch. He used it with his back hand once when Genaro was not exactly facing him and it caused loud disapproval. On the whole Genaro was more cautious than his opponent and in the constant exchanges the Filipino seemed at an advantage. But the New Yorker was not so tired at the end of the bout, the result of punishment that Villa did. Genaro used his right effectively and though he missed frequently his accuracy was greater than Villa's. The last round probably gave Genaro the title. Twice he hit and caught the Filipino squarely on the point of the jaw and the champion's knees sagged. But Pancho came back and after clinch was in a furious exchange when the bell rang.

BOISE WINS FIRST GAME

Beaves Defeat Caldwell in Opening Round of Basketball Championship of East Half of Southwest District

BOISE, Idaho, March 1 (AP)—Playing the first of a series to decide the sectional championship of the southwestern Idaho interscholastic league in the state association basketball championship race, the Boise high school Beaves tonight won the Caldwell high school, 41 to 33, on the Caldwell floor.

This game is the first of three games being played between these two teams for the championship of the eastern half of the Boise valley district. The Payette quintet having taken the honors in the western division. The second game of the Caldwell-Boise series will be played at Boise Friday evening, and should a third game be necessary a neutral floor will be used, preferably the Boise Y. M. C. A. floor. The winner of this series will play Payette for the right to compete with the winners of the south central district, the winner of this game going to Moscow to compete for state honors.

Auto Men Defeat Rogerson Bowlers

Rendahl-Wright Team Runs Up More Than 800 Points in Each of Three Games

Bowling three games over the 800 mark the Rendahl-Wright pin busters took the old game from the Rogerson cafe crowd last night at the Twin Falls bowling alleys in the last scheduled game of the week. The feature of the evening was the bowling of 906 in the second game by the Cafe men, coming within three pins of the record held by the Troy handy men. The Mechanics rolled 805 in this game. Kennedy of the "feed department" knocked over 220 pins for high game. The first game was the closest of the evening, the Auto men winning by 13 pins, the final reading of the score being 815 to 802. Percy Thompson took high game in the opener with a "feed department" knocked over 220 pins for high game. The first game was the closest of the evening, the Auto men winning by 13 pins, the final reading of the score being 815 to 802. Percy Thompson took high game in the opener with a

POCATELLO, WESTON AND MALAD LEADING IN EAST

Three Teams Favored for Final Round of District Basketball Tournament in Progress at Gate City

POCATELLO, March 1.—(Special to The News). Basketball finals for the Pocatello section opened Wednesday afternoon with Bancroft defeating Blackfoot, 21 to 20, Paris losing to Pocatello, 45 to 34, Malad wallowing, Challis, 56 to 8, and Mountain winning from Montpelier by the score of 31 to 28. Weston, last year's intermountain champs, drew a bye the opening day. Thursday afternoon Weston trampled the Bancroft team 50 to 19, and Pocatello hung up the high score of the tournament by beating Challis 80 to 8, thus eliminating the latter. This evening Paris eliminated Montpelier, winning by a score of 50 to 23. Malad had an easy time with McCammon, scoring 50 to McCammon's 31. With Challis and Montpelier out of the race, another drawing will be held Friday morning to arrange the Friday and Saturday games. Early indications point to Pocatello, Weston and Malad to fight it out Saturday.

ENTERTAINS THREE QUEENS

LONDON, Mar. 1 (AP)—Mrs. E. C. Tilden, of San Francisco, was the product woman in all England, recently when she celebrated her hundred birthday and had as her first guests three queens. Queen Mary called first to offer her congratulations, and later in the day Queen Alexandra, and Queen Olga of Greece, honored her with a visit. To mark the celebration Mrs. Tilden, who owns considerable property, returned a portion of the rent paid by each of her tenants.

Titled Heiress Is To Wed Jockey

Lady Ursula Grosvenor, daughter of the Duke of Westminster, is shown here with the Countess of Lytton. Lady Ursula, just 21, has a considerable fortune in her own name. From London comes the report that she is soon to become the bride of Jack Anthony, prominent and successful jockey of steeplechase races.

FAST GAMES

(Continued From Page One.) "Buz" Cannine, Burley's star, lived up to his reputation, taking first honors, with his speed and long distance basket shooting. His feeling to Griffith, the elongated Burley center, was responsible for 16 of Burley's points, with Cannine making ten more with five field goals.

Narrowing Schedules.

The winner of the Carey-Gooding game will play the loser of the Jerome-Oakley game in the opening game of this evening. The winner of the Twin Falls-Halley game will play the loser of the Burley-Eller game for the second contest of the evening. The final game of the evening will be between the winner of the Jerome-Oakley game, and the winner of the Filer-Burley game. Homer Hudson and Charles Gray officiated last evening, and their work was all that could be asked. The four games were played in three hours and forty minutes.

The box scores for Thursday's games:

DISCLAIMS RESPONSIBILITY

(Continued From Page One.)

Thereafter, the Cologne bridegroom then acquired by the British is not included in this order. The decree, which is effective immediately, sets forth that the taking over of the railroads is deemed necessary in the public interests in view of strikes by the German railroad employees and the unsettled conditions generally.

HORSE DRAWN HEARSE IS OUBLIOSITY IN KENTUCKY

LOUISVILLE, Ky., March 1 (AP)—The unique sight of a horse-drawn hearse bearing a funeral procession of mourners laden automobiles appeared on the streets here recently. Mrs. Lucy Rust, 75, died at Fairmount, Ky., and her body was brought here for burial. During the last years of her life, Mrs. Rust had steadfastly refused to ride in an automobile. She requested before her death that a horse-drawn hearse be used at her funeral. After much effort a hearse was found at Mount Washington, Ky., and brought here bearing the body of Mrs. Rust from Fairmount. Comprising the cortege were the machines of relatives and friends.

INCREASES RAILMEN'S PAY

Railroad Labor Board Awards Higher Wage and Overtime Pay to Clerks, Freight Handlers and Station Men

CHICAGO, Mar. 1 (AP)—The eight-hour day with time and one-half for overtime after the eighth hour was granted another class of railroad employees Wednesday by the United States railroad board in its decision on the dispute between the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station employees and a number of carriers. The rule providing for one day off each week also was granted to this class of employees, but provisions of the decision being effective March 1 as was an increase of two cents an hour in the rate of pay for freight employees and common labor employed about stations. The eight-hour day ruling is similar to that recently granted signal men. Approximately 65,000 employees are affected to the extent of about \$3,000,000 annually by the increases in pay granted. Involved in the new rules of overtime and Sunday work are about 320,000 employees, many among those being of the Brotherhood of Railway Station employees.

TIME SCHEDULE IS CHANGED BY SMITH MEASURE

Victory is Practically Won Through Efforts of Chamber Board to Make Mountain Time Official

"Southern Idaho will be placed in Mountain time zone under the provisions of legislation which passed the house this afternoon. Addison T. Smith, M. C."

The above telegram received here Thursday night from Congressman Smith represents a virtual victory for the Twin Falls chamber of commerce after three years' effort to get the Twin Falls and southern Idaho officially in the mountain time zone.

The bill mentioned by Congressman Smith has been passed by the senate and now needs only the approval of President Harding to make the present city time the standard. Local business men are confident the president will sign the bill.

Begin Action in 1920

The action to secure the change was first started by the local chamber of commerce by an act of the board of directors on March 3, 1920, petitioning the public utilities commission and the interstate commerce commission. When no action was obtained through the same popular means of the people of the Twin Falls tract joined the chamber of commerce board to join with other commercial organizations and recommend on July 16, 1920, that all clocks be moved ahead one hour, leaving standard time an hour later.

The advantages of the faster time were quickly seen by all communities until the practice was adopted by the territory north to Boise and Caldwell and Hatley and south to Wells, Nevada. Since that time two schedules of time have existed.

Smith Enters Fight

Congressman Smith then began the fight at Washington. The proposition had been referred to the interstate commerce commission. Congressman Smith introduced a bill in the last congress but the bill "died" when congress adjourned the last session. In the present session he again introduced and the telegram from Congressman Smith announces the victory of the bill which is expected to be a law soon. Official announcement of the law is expected in a very short time.

Chamber of commerce officials regard this accomplishment as demonstrating the results of constant cooperation between the people, commercial organizations and congressmen toward securing a needed change.

HELP KIDNEYS BY DRINKING MORE WATER

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the bladder, thus compelling you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very painful; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Eads Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the bladder and in the bladder and urinary organs, which then act normal again.

And Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folk who are subject to urinary disorders caused by acid irritations. And Salts causes no bad effects whatever. If you have a pleasant, effervescent lithia-water drink, which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.—adv.

Sale of Cigarettes Under Regulation Proposed in Utah

New Measure Would Make Traffic Legal on Payment of Heavy Tax

SALT LAKE, March 1 (AP)—A measure designed to permit the sale of cigarettes in Utah, under strict regulation, and providing heavy penalties for unlicensed sale, or for sale to minors, was introduced in the Utah senate this afternoon by the senate committee on public affairs. The new bill reads comprehensive measure and in some respects is more sweeping than the Butwick law, which it seeks to amend. Whereas advertising of cigarettes has not been prohibited, the committee measure aims to prevent the advertising of tobacco in any form in newspaper, on bill boards or elsewhere.

PAVEMENT FAIR, BUT CURBING FAULTY, SAY SALT-LAKE ENGINEERS

(Continued From Page Three)

little pavement the thickness of the wearing surface including seal coat shall be 2 inches after compression with a 10-ton road roller and in the case of city bit the wearing surface including seal coat shall be 2 inches before compression.

Asphalt analysis of Twin Falls city paving samples:

Table with 4 columns: Sample No., Per Cent, Per Cent, Per Cent. Rows include 200 mesh, 100 mesh, 60 mesh, 40 mesh, 30 mesh, 20 mesh, 10 mesh, 3-8 inch, 2-4 inch, 1 1/2 inch.

The samples taken are truly representative of the entire paving job as will be noted by referring to exhibit No. 1 attached to this report. Most of these samples were tested at the city hall.

While a number of them have disintegrated from exposure, the following numbered samples were intact and were analyzed by Mr. Ulrich to determine the thickness of the bitulithite wearing surface:

Sample No. 12—1 1/4 inches thick. Sample No. 13—1 1/2 inches thick. Sample No. 14—2 inches thick. Sample No. 15—1 1/2 inches thick. Sample No. 16—1 1/2 inches thick. Sample No. 17—1 1/2 inches thick. Sample No. 18—1 1/2 inches thick. Sample No. 19—1 1/2 inches thick. Sample No. 20—1 1/2 inches thick. Sample No. 21—1 1/2 inches thick. Sample No. 22—1 1/2 inches thick. Sample No. 23—1 1/2 inches thick. Sample No. 24—1 1/2 inches thick. Sample No. 25—1 1/2 inches thick. Sample No. 26—1 1/2 inches thick. Sample No. 27—1 1/2 inches thick. Sample No. 28—1 1/2 inches thick. Sample No. 29—1 1/2 inches thick. Sample No. 30—1 1/2 inches thick. Sample No. 31—1 1/2 inches thick. Sample No. 32—1 1/2 inches thick. Sample No. 33—1 1/2 inches thick. Sample No. 34—1 1/2 inches thick. Sample No. 35—1 1/2 inches thick. Sample No. 36—1 1/2 inches thick. Sample No. 37—1 1/2 inches thick. Sample No. 38—1 1/2 inches thick. Sample No. 39—1 1/2 inches thick. Sample No. 40—1 1/2 inches thick. Sample No. 41—1 1/2 inches thick. Sample No. 42—1 1/2 inches thick. Sample No. 43—1 1/2 inches thick. Sample No. 44—1 1/2 inches thick. Sample No. 45—1 1/2 inches thick. Sample No. 46—1 1/2 inches thick. Sample No. 47—1 1/2 inches thick. LAND FOR THE VETERAN

The action of the house, in passing the Sutherland bill providing soldiers and sailors homestead entries in Alaska, recalls the fortunate fact that there are still spots on the American map which beckon the spirit of the pioneer. Twenty years ago this measure would have provoked mirth in Washington.

Several states have made land available to service men. There is something, however, in homesteading near the traveled way that does not completely satisfy the hunger for existence on virgin ground.

Alaska, once the foolish legend of its forbidding nature is exploded, extends to the settler immense areas of fertile ground, cleared by nature and well watered, with wood and unlimited coal close at hand.

Today the valley lies fallow awaiting the pioneer's wand, the plow. It is close to a great placer mining region now unworked simply because necessities of life that might be raised in the Sustina valley, are not available at reasonable cost.

Men familiar with the north have devoted themselves for years to combating erroneous impressions concerning Alaska entertained in the ordinary imagination. Not only has our northern possession greater latent possibilities than any vacant territory in the states; it provides, too, those natural attributes which lure the traditional American spirit for conflict with the soil, a soil which in Alaska's case is claimed to be open-handed with the adopted son.

A PARTY WITHOUT ISSUES

The availability of candidates for the democratic presidential nomination depends on the party's issues, says William Jennings Bryan, who hopes, presumably, that the issues will be of just the right cut to fit him, or vice versa.

This is an admission of lack of par-

Son Is Born To Princess Mary

This photograph shows the crowds outside Chesterfield House, the London home of Viscount Lascelles, watching the arrival of members of the royal family who called there to congratulate Princess Mary upon the birth of a son and heir. Dr. H. J. F. Simpson was the attending physician.

NEW ENGLAND'S FARM PROBLEMS WIN ATTENTION

Northeastern States Aroused Over Drift of Population to City, Seek to Build Up Agricultural Prosperity

BOSTON, Mar. 1 (AP)—New England, thoroughly aroused over its abandoned farms and the drift of population from the country to the city, which has been more marked than ever since the war, is making a determined effort to build up an agricultural prosperity which shall rest on a firm foundation.

Under present conditions the New England farmer is well off as compared with those of other sections, according to state and college authorities. President Ralph D. Hesel, of New Hampshire College of Agriculture and Mechanic Arts, said in a recent address that the old-time trend to the west had stopped and that western farmers were now coming to New England because they saw a bright future for agriculture here, due to the nearness of markets.

Found a Cure for Indigestion. "I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now," writes George W. Emory, Black Mills, Ala. These tablets contain no opium but strengthen the stomach and enable it to digest the food naturally.—adv.

Lasts longer—goes farther—contains more than the ordinary leavening strength—therefore you use less.

CALUMET The Economy BAKING POWDER

has relieved millions of housewives of bake-day worries for over 30 years. THE WORLD'S GREATEST BAKING POWDER

VOLCANIC ACTIVITY IN ALASKA CAUSES CONCERN

Recurrence of Conditions of 1906 when New Islands Were Created and Then Disappeared Is Feared.

ANCHORAGE, Alaska, Mar. 1 (AP)—Volcanic phenomena on the lower Alaskan Peninsula where another great peak, Mount Pavlov, is situated opposite the Shumagin Islands and north of the Umanak Pass, blew off on December 30, may bring about conditions similar to those of 1906, in the opinion of certain geologists.

Pavlov is located in a narrow neck of Alutian peninsula and protruded crumple may result in separating the active peak from the remainder of the peninsula. So frequent have become the volcanic tremors, due to volcanic activity, that residents of southwestern Alaska pay little heed to them unless something spectacular occurs.

When Katmai blew up, carrying away the top of Mount Fuji, the area, Kodak and surrounding islands were submerged beneath a blanket of volcanic ash, which later developed into fertile soil. The next outbreak occurred at Mount Lassen, California, burst into mild activity after years of quiescence.

One of the rare sights accompanying the eruption of Pavlov is the vivid reflection cast against the northern mountain peaks as far north as McKinley, 20,000 feet elevation, and several hundred miles from the scene of action. During the most active period of Pavlov's explosion the entire Alutian range of towering peaks were radiant with a marvelous glow, changing into iridescent colors of awe-inspiring splendor.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to buy it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

FIGHTS FIRE WITH SNOW

SPRINT LAKE, Idaho, Mar. 1 (AP)—Snow took the place of water for fire fighting purposes during the recent snow storm here. While returning from work late at night, Evan Jones, a railroad employe, discovered the rear end of a store building in flames. He called for help and then turned his energies to throwing snow on the fire, which was making rapid progress toward nearby oil tanks. His method of fire fighting quickly gained control of the flames and little damage was done.

If your property is desirable and is advertised in the classified—you'll find your buyer.

Let this agency check up on your insurance requirements. It is wise to check over your insurance requirements at regular periods.

Property values change, you make improvements and purchase new things. These all represent money—an investment that fire may wipe out. It is the job of the agency to know property values and insurance, and to help you to insure against fire loss in the Hartford Fire Insurance Company.

A phone call today may save you loss tomorrow.

PILES

Do Some Investigating. MR. J. of Walla Walla, Wn., had been a sufferer from Piles 25 years. Read HIS letter and the many others in the FREE illustrated book which tells the true facts about such cases as yours—and about my non-surgical, painless, harmless treatment.

Investigate my remarkable work as a highly specialized physician before subscribing to so-called "home" and "quack" cures.

Remember, my treatment is guaranteed to completely and permanently cure your Piles. Send today for FREE book.

DR. G. S. J. DEAN

"YOUR SUCCESS" IN THIS WORLD

Depends a great deal on your ability to save money—The difference between the successful man and the failure in financial matters is usually the fact that one is systematically thrifty of his energy, his time and his money, while the other is not. Besides the actual amount of money you store up, thrift teaches you lessons of self-restraint, industry and business-like methods of inestimable value to you as long as you live. Even bad luck and failure may be stepping stones to success if you take the right stuff in you. This has been the experience of thousands of ambitious men and women everywhere. You need the power which comes from saving money and putting it away safely. There is a two-fold benefit from the practice of economy—you develop character and you accumulate capital.

CALL FOR MORE REPAIR WORK ON PAVEMENT HERE

City Commissioners Instruct Attorney to Notify Warren Company to Meet Contract Terms; Engineer Reports

Through a resolution presented by Commissioner M. L. Cogswell and adopted at a special session of the city commission Tuesday night the city attorney was instructed to notify the Warren Construction company to repair local paving and curbing in accordance with the contract with the city for the work done by the Warren company.

All Declines. Commissioner S. S. All declined to vote for the resolution on the grounds that he had not sufficient knowledge of the Murtaugh report and that he was not sufficiently familiar with the situation.

His position was taken following a brief talk with Mayor J. D. Tucker and which resulted in a roll call being taken. The motion had been made and seconded to adopt the resolution when Mr. All asked that action be deferred.

Now, just a moment, Mr. Tucker, don't go at it so fast," said Mr. All. "Roll call is in order," replied Mr. Tucker. "Mr. See, call the roll."

Mr. Murtaugh's report was to the effect that the paving seems to be of the required thickness but that it shows signs of being brittle in some places. He also refers to some question of the thickness of the light standard paving and spots where the concrete has not penetrated the surface, his report stated. These places, according to the report, are to be taken care of by the contractor.

Curbing Inferior. The curbing is of a generally inferior quality, due to the presence of too much foreign matter and due to the fact that the curbing is not being cured properly after laying, according to Mr. Murtaugh. His report also states "It is unfortunate and I consider it a grave oversight that my paving should have been laid on a concrete base of wood pipe used in the water distributing system."

The special session was called for the purpose of approving issuance of salary warrants for employees. Total bills of \$121.31 were presented.

All voting for the allowance of warrants, except those of the street department. After the session Mr. All stated that he questioned the validity of the transfer of the money out of which street warrants are being paid.

RURAL CLUBS FEDERATION HONORS FORMER PRESIDENT

Mrs. E. B. Corey, former president of the Rural Federation, who is leaving for California, was the recipient of a beautiful token of friendship from the federated club girls. A set of silver tokens, being presented at the regular meeting of the M. S. and S. club on Wednesday afternoon at the home of Mrs. F. A. Darling.

HIGH SCHOOL NOTES

A short business meeting of the student council was held Thursday. There was a pep meeting in the gymnasium Thursday at 11:50.

The senior class held a meeting Thursday to vote upon the announcements. The rings and pins have been decided upon and will be sent forth shortly. The contents for the class have not been decided on as yet.

The sophomore Blue Triangle girls held a candy sale Thursday evening at the basketball gymnasium. The proceeds will go into the camp fund. School will be dismissed at 1:30 Friday so the students may attend the tournament games.

There will be a special meeting of the social committee in Miss Joy's office Monday immediately after school. This will be held to discuss the plans for the party.

Federal Farm Loans, interest 5 1/2 per cent, 34 years to pay with the privilege of paying at any interest-paying date. Farmers wanting these loans should place applications 30 days prior to their need of money. See on Saturday afternoons at the Fidelity Title & Abstract in Ferris building at 9 o'clock. J. W. McDowell, Sec.—adv.

Finish Survey of Road to Rogerson

Mining Associate of Wolfe Says Little Difficulty Expected in Buying Right of Way.

The survey of the Idaho Central railroad from Wells to Rogerson has been completed and the crews will shortly begin work at the divide between Wells and Riverside in an effort to do the double track of the line at that point, according to W. T. McArdle, associate of Conard Wolfe in mining property at Contact.

The first lap of the survey was completed Thursday, he said. Mr. McArdle stated he was unable to verify reports that finances of the company have been subscribed to the extent that Mr. Wolfe had requested him to obtain a list of all outstanding accounts to be presented for payment.

Mr. McArdle predicts that little trouble will be encountered in obtaining the right of way and that construction could be started by April 1. Western Pacific equipment will be used on the new road, he said.

Personal

On Business Trip—S. Strauss was a business visitor to Buhl Thursday.

To Attend Court—M. J. Sweeney went to Rupert Thursday to attend court.

Back from Burley—C. R. Robinson returned from a short visit to Burley Thursday.

Makes Brief Stay—Mrs. W. R. Wilson was in town from Filer between trains Thursday.

To Capital City—Mr. and Mrs. Patrick McIntyre went to Boise Thursday evening for an indefinite stay.

To Move to Hollister—W. A. Fowler went to Hollister Thursday to make arrangements to move his family there.

Leaves for Buhl—W. B. Allen of Portland, Oregon, who has been in the city for some time, left for Buhl Thursday.

Called to Burley—Mrs. L. E. Wald was called to Burley Thursday evening on account of the sickness of her mother, Mrs. John Cronin.

Back from Yakima—Mrs. A. C. Wood returned Thursday from Yakima, Washington, where she had been called by the sudden death of her only sister, Mrs. Andrew Lee.

New Officer Joins Force—Ned McCreedy, who has been a member of the city police force to succeed W. C. Griffin, who has resigned to become merchant police officer.

Returns to Nevada—Mrs. Lewis Rotherhoeber of Virginia City, Nevada, who was called there by the death of her father, C. T. Burt, returned to her home Wednesday, accompanied by her mother.

Come from New York—Mr. and Mrs. Webster Harris from Newport, N. Y., arrived Thursday. They were met by J. H. Glander of Castleford. They will be the guests of Mr. and Mrs. Glander for some time, and if they are suited with conditions will make this their future home.

Relatives Missing—Ralph Rowley came from Hammett, Idaho, on the noon train Thursday. He expected to come out to his home and take him to the ranch of his grandfather, B. S. Sorensen, but there was no one to meet him, and up to 6 o'clock he had found no one who knew where the Sorensens live.

Deaths

Mrs. Lina Becher. Mrs. Lina Becher, age 57, died Thursday afternoon at her home, 315 Fourth Street east. Death followed a period of ill health covering the past four years. The immediate cause was dropsy from which she had been confined for the past few months.

Mrs. Becher was a member of the Lutheran church and had resided here five years. She is survived by four sons and four daughters, Mrs. Rudolph Martens, Mrs. A. List, Albert, Thomas, Edmund and Dollida Becher, and her husband, all residing here. Henry Becher of Orange, Cal., and Mrs. E. Reidel of Lincoln, Ill.

Funeral services are awaiting the receipt of word from relatives and will probably be held Sunday afternoon. Mrs. Becher observed her fifty-seventh birthday five days before her death.

FUNERALS

John J. Peters. The funeral of John J. Peters, age 93, who died at the home of his son here Wednesday, will be held at 2 o'clock Friday afternoon from the Grossman chapel, the Rev. W. B. Tolliver officiating.

Furniture Square Brand 1913 Prices. We furnish your home complete. Low and used furniture. Low rent means low prices. A. H. Vincent, Company. Phone 408-215 Shoshone St. So.

Society

Edited by Mrs. B. B. Williams. Telephone 194.

The Presbyterian Ladies' Aid society held its annual meeting in the church parlors Thursday afternoon. The president, Mrs. H. C. Young, presided and the reports of the secretary and treasurer were given. These were most gratifying and flattering from both a social and financial standpoint.

The Episcopal Guild met in the social room of the Parish hall Thursday afternoon. There was an informal business meeting during which plans were completed for a dinner which the Guild will serve Saturday evening in the store formerly occupied by Wright's on Main street.

The Baptist Missionary Circle met at the bungalow Thursday afternoon. The usual business was transacted. In the chair, Miss Alice Gibbs was in charge of the program, the study for the day being the second chapter of the book "The Trend of Race."

The Woman's Progressive club met Wednesday afternoon with Mrs. J. R. Kirkman. Mrs. Smith of Berger, and Mrs. Carrie Harper White were guests, and fifteen members were in attendance.

Professor Paul G. Hanft will give an organ recital in the Presbyterian church this (Friday) evening, presenting classical and modern compositions. He will be assisted by Mrs. Hanft with vocal selections. A silver offering will be taken.

ANNOUNCEMENTS

The Neighbors of Waunderast will meet this (Friday) evening, March 2, in the Business Women's club rooms at 8 o'clock. Cards.

The Ladies of the G. A. R. Dan McCook Circle No. 3 will hold their regular business meeting in I. O. O. F. hall Saturday afternoon at 2 o'clock.

The Past Matrons' club will meet with Mrs. J. W. Chapman, 635 Third avenue north, on Friday evening, March 2.

GRIEVANCE COMMITTEE NAMED. As members of a grievance committee for the eleventh judicial district, J. C. Rice, president of the Idaho Bar association, has appointed Hugh Baker, Rupert, chairman; Adam Barclay, Jerome, and Harry Benoit, Twin Falls, according to word received here.

COOKED FOOD SALE. Presbyterian cooked food sale at Young's hardware store, Saturday, March 3.—adv.

WARRANT OALL. All warrants of Independent School District No. 8, issued up to February 1, 1923, will be paid upon presentation to the treasurer of the district. Interest on these warrants ceases March 12, 1923. A. M. ROOVER, Treasurer Ind. School Dist. No. 8, adv. Murtaugh, Idaho.

"Shoe Repairing in Connection" Early Spring Showing Women's Patent Pumps ONE-STEP FOR \$6.85 Why Pay More?

BARBER SHOE CO. THE MODEL. Next Door to Orphan Theatre. Plain too, patent vamp, grey suede quarter and heel. English laced. Sizes A to C; 2 1/2 to 8 1/2.

WEATHER STATISTICS

Table with columns: Location, High, Low. Includes Helena, Chicago, Edmonton, Havro, Kellogg, Millis City, New York, St. Paul, Salt Lake, Seattle, Twin Falls, Idaho forecast—Friday: Cloudy and unsettled.

DAIRY BILL IS ADOPTED

(Continued From Page One.) amended will allow the presidents of the schools to direct their own activities and fill vacancies made by the death or resignation of any of their own number.

HUNTING TRESPASS BILL GIVEN APPROVAL OF HOUSE

BOISE, March 1. (AP)—The hunting trespass bill passed the house by a vote of 32 to 20 today. Placing the regulation of automobile stage lines and trucks used in public service under the direction of the public utilities commission, the Idaho house of representatives passed a regulatory bill today prepared by the various auto transportation organizations of the state.

Ability to redeem property on which there are back taxes would be given owners under the terms of a house bill passed today. Property owners whose property has gone to tax deed for 1920, 1921 and 1922, may redeem it at any time by paying the back taxes which caused the property to be sold, together with interest and penalty, if the property has not been sold by the county, according to the terms of the bill.

The house has passed a senate bill appropriating \$40,000 to reimburse those who have paid tobacco licenses for 1923.

The \$5,000 appropriation for Idaho's activities under the federal maternity act was passed by a vote of 32 to 10.

Senate Mill Grinds. The senate passed a house bill appropriating \$5,000 to eliminate blight on rural white pine; authorizing school districts to invest their sinking funds; teachers' retirement refund; the extension of time on normal school work for teachers seeking certification; removing from the state board of education the right to establish standards for high schools; a measure providing the payment of court reporters monthly, and the new qualification bill for registered nurses.

The Keeton house bill allowing highway district commissioners \$3 per day for services and limiting the annual compensation to \$1,000 was defeated in the senate.

The Pneumonia Month. March is a typical pneumonia month and usually sees a high rate of mortality for the disease. After a long and hard winter the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ-laden mucus and not only cures a cold but prevents it, resulting in pneumonia. It is pleasant to take. Children take it willingly.—adv.

DETAILS OF SHOOTING AT RANCH ARE LACKING

No News Received from Authorities Investigating Death of Man in Big Creek District.

No report had been received early this morning relating to the shooting of Glen Aton, whose body was found Wednesday afternoon at the ranch of the Utah Construction company, 23 miles southeast of Rogerson.

A. J. Grossman, county coroner, and New York deputy sheriffs left Rogerson about 8 o'clock Thursday morning with a team and wagon to make the trip to the ranch, but no news of them had been received at Rogerson shortly before last midnight.

Aton seems to have had no intimate acquaintances at Rogerson and the details surrounding his death were not known there late Thursday night, according to reports from Rogerson residents.

SEED WHARF. For Sale—50 bushels of Dickson seed wheat. This wheat in competition with thirty different exhibits of this variety won first prize at the Idaho State Seed Show recently held at Burley. Thoroughly re-cleaned and checked with certification tags attached.

Naturally We Think So. Knowing it as well as we do, it is easy for us to believe that the New Ball-Bearing Primrose is the very highest development in Cream Separator construction. But we don't ask you to take our word for it. Just let us prove it by a practical demonstration. Some distinctive features: Ball-Bearings, Easy Turning, Slow Crank Speed, Long Life, Sanitary. CASEY-PARKER IMPLEMENT CO. PHONE 485 TWIN FALLS. READ THE DAILY NEWS.

Announcement. Change in Management of The Big White Store. We are pleased to announce to the public that we have secured the services of Charles L. Hart as manager of this institution to succeed Ben R. Firman, resigned. Mr. Hart needs no introduction to the people of this community, having been manager of the Idaho Department Store for about four years. Many changes will be made in our store, in the way of merchandising, which will be of benefit to the buying public. We trust Mr. Hart's old friends and strangers as well, will visit him at his new location.
