Soviet Government, in Note to Warsaw, Calls Appeal for Clemency for Catholic Vicar General Unfriendly Act

MOSCOW, April 2 (AP)—The Russian government tonight issued a sharp note for transmission to the Polish government, characterizing Poland's attempt, "in defiance of the Russian justice" an "unfriendly act."

So far as could be ascertained tonight Vicar General Butkavitch had not been executed up to this afternoon.

The note categorically denies that representatives of the Russian government told the Polish representative in Moscow or anybody else that this trial had only a formal significance and would have no serious consequences.

The Russian government, it added, declines to enter into a discussion of superstitious and unscientific accusations advanced against the Russian court and the Russian authorities and declares responsibility for the consequences emanating from such an act, unprecedented in international affairs, falls solely on the Polish government.

A dispatch from Warsaw last Tuesday said that when Premier Sikorski learned that Archbishop Zeplik, Vicar General Butkavitch and 11 priests had been found guilty by the Moscow court he went for Leonid Obolenski, a Soviet minister to Poland, and informed him that the Polish government and population observed with anxiety the attitude of the Soviet government toward the Catholic church and the Polish minority in Russia. He added that representatives of the Russian government had assured the Polish minister in Moscow that the trial of the priests was only a formality and without importance but that the sentence of death had been pronounced upon two of the convicted men.

Speaks for Civilization. Macting not only as the need of the Polish government but as the spokesman of the civilized world which indignantly condemns this unprecedented act of flagrant violation of liberty and conscience and the elementary rights of citizens, the premier added, "I regret the soviet's attention to the responsibility it would assume by the execution of the sentence."

The premier asked M. Obolenski to immediately convey his declaration to the soviet government.

# ART COLLECTION BURNS

SANTA BARBARA, Cal., April 2 (AP)—Art objects valued at hundreds of thousands of dollars were destroyed tonight in a fire of unknown origin destroyed the home of Mrs. Oliver D. Wight Norton in Montecito, an estate suburb. The home, one of the show places of a protected city, was built at a cost of \$200,000. Furniture, paintings, tapestries and other works of art will bring the total loss for more than \$750,000, insurance companies estimated.

# Idaho Falls Girl Becomes Bride of Son of W. R. Hearst

Young Couple Elope from University of California Where Both Have Been Prominent

MARTINEZ, Cal., April 2 (AP)—George Hearst, son of William Randolph Hearst, and Miss Blanche Wilbur, daughter of O. K. Wilbur of Idaho Falls, Idaho, eloped from the University of California at Berkeley and were married here today. Both have been prominent in college activities.

The couple appeared at the county clerk's office and applied for a license. Hearst gave his age as 21, his birthplace as Washington and his father as W. R. Hearst. Miss Wilbur confessed to being 19.

The license obtained the two married to St. Catharine's cathedral church, where the ceremony was performed by the Rev. Father E. S. Olsen. As the youthful couple apparently had taken no one into their confidence it was necessary for the priest to provide witnesses. Father Barragan and Miss Mary Kane officiated in that capacity.

# SLAIN MODEL IS TRACED TO CURB

Investigators Learn That Dorothy Keenan Was Senior Member of Brokerage Firm

NEW YORK, April 2 (AP)—A "Broadway butler" and an artist's model, Dorothy King Keenan, 28-year-old murder victim, had another role—that of senior member of the stock brokerage firm, "King and Scott," it was learned tonight. The revelation was made in a report by Assistant District Attorney Thomas Gearty, who investigated the firm last summer, to Assistant District Attorney Peccora.

Albert K. Guimares, the "man in the wheel coat" who was an admirer of the model and to whom she was said to have made many gifts, also was interested in the brokerage house, Gearty said.

Miss Keenan, who was known on Broadway as Dorothy "King" backed the company with large sums of money, Gearty said, he was told by Guimares, "King and Scott," he said, was affiliated with another brokerage house, "Stoddard and Spangler," in which Guimares also held an interest and through which he was reported to have made from \$75,000 to \$100,000 a year.

Now Angle Is Seen. The extent of Miss Keenan's holdings was not revealed. Authorities immediately began an investigation into her association with the firm. It was (Continued on Page Five).

# LOVETT FOR OLD LINEUP OF SYSTEMS

Union Pacific Chief Suggests Restoration of the Harriman Combination to Compete with Proposed Hill Road Merger

SAN FRANCISCO, April 2 (AP)—Judge Robert S. Lovett, chairman of the board of directors of the Union Pacific system, told the interstate commerce commission at a field hearing held today on the nationwide consolidation of railroads under the Esch-Cummins bill, that the commission's valuation of short line railroads would be "embarrassing" to larger purchasing lines.

Judge Lovett took advantage of the California hearing to get before the commission views which he was unable to express in Washington against the Holden plan for the consolidation of railroads and advocated a merger of the Union Pacific and Southern Pacific Ogden route, the old Harriman combination, to compete with the Hill road consolidation advocated by Holden.

The suggested consolidation of the Southern Pacific with the Chicago, Rock Island and Pacific railroad would give the Southern Pacific a "100 per cent line in Chicago." "It would be a great temptation for the Southern Pacific to make its Ogden gateway freight through the Rock Island to Chicago by "short hauling" the Union Pacific by the Denver and Rio Grande railroads to Denver, the witness said. The Union Pacific, he said, would view such an arrangement as a violation of the Pacific railroad act of early days and the illegal diversion of traffic originating on the Central Pacific railroad area of the Southern Pacific system.

Favors Natural Trend. Judge Lovett was frankly pessimistic regarding the anticipated benefits of railway consolidation under the Esch-Cummins bill and suggested that the lines should be left to follow their natural developments, including extensions and feeble, subject to the approval of the commission.

President C. M. Levey of the Western Pacific railway expressed the conviction that the Western Pacific should be left free to participate in the most profitable grouping under the Esch-Cummins act, but that it should also be a part of a main competitive line to Chicago with connections through the Denver and Rio Grande and the Burlington road in Chicago.

The Western Pacific attitude is one which was created by reason of the fact that its stockholders are its former creditors. Under that condition, and (Continued on Page Five).

CONDEMNNS OCCUPATION. LONDON, April 2 (AP)—The independent labor party today's session of its three-day conference adopted a resolution condemning the Ruhr occupation and demanding the withdrawal of all foreign forces from Germany. During the discussion of the resolution, Herr Crispian of Germany said the socialists in his country desired that they look to the British should not withdraw alone.

M. Langlet of France asserted that but for the split in the French socialist party, Premier Briand would never have dared to embark upon "the abominable Ruhr adventure."

He added he had strong hopes that next year's election would not only destroy Poincaré's majority but double the socialist representation in parliament and materially alter "the present tendency of the French imperialism."

# REPUBLICANS FAVORED BY MICHIGAN'S VOTERS

DETROIT, Mich., April 2 (AP)—Michigan voters today put the state back into the list of strong republican states from which it strayed last November, when a close election in a year, a democratic United States senator, possibility of another democratic show of strength was one of the more interesting features of today's election in which municipal and minor state offices were filled.

On the face of the returns the old time republican strength was but an apparent thing. It was Frank Doremus, a former democratic congressman, was elected mayor. The race for the office vacated by United States Senator James Cavanaugh was won by Democrat Arthur A. Humphreys, a popular candidate, has been expected to make a strong showing. Late tonight he was maintaining a lead over James W. Peches, former police commissioner, of nearly four to one, and his election was conceded by about 25,000 votes.

For the state officers no close contests were apparent. The 105 out of 996 precincts had reported. The republican candidates without exception had comfortable leads.

## Lord Robert Cecil, Here in Behalf of League of Nations, Would Turn Nations From Idea of Use of Force

NEW YORK, April 2 (AP)—Fear and suspicion, twin demons which have possessed the world and which can be exorcised only by some form of an association of nations, are the forces that stand between France and Germany in the settlement of the reparations question as they stand in the way of settlement of every other international question. Lord Robert Cecil, noted British exponent of the league of nations, declared in an address before the Foreign Policy association tonight.

Addressing his first American audience, Lord Robert, who has come to the United States for a series of speeches on behalf of the league, declared it was essential that Britain should "turn the minds of nations from force as the only remedy."

"Take the question of reparations," he said. "What is it that makes this question so intractable? Is it that, although the French are anxious for the Germans to pay, they are also anxious if they are allowed to get on their feet sufficiently to pay, they will become again a danger to the security of France?"

"Do not think I am attacking the French on this account. No one who has read the history of these countries even cursorily will say the fears of France are unreasonable. For the matter of that, the fears of Germany either."

Calling for New Spirit. "There is long history behind the reparations question of the present day, and if we are to bring some remedy to this state of things, the first thing we have to do is to ally international fear and suspicion."

"We have to get a new spirit among the nations of the world. We have to turn their minds from force as the only remedy. We have got to teach them that persuasion, public opinion, are of far greater value than mere physical compulsion."

Warning that the next war, if one came, would be far more terrible because of new scientific discoveries than the world war, and that it was not inconceivable that American cities might be laid waste and their populations destroyed by enemies flying from over the sea, Lord Robert declared that a crisis in world history had been reached—that nations must "learn to perish."

At recent Washington agreement for the limitation of naval armament was but a "first step" in the only direction that can save the present civilization from going the way of the civilization of Egypt. Lord Robert said, adding that the three most terrible arms of warfare—aircraft, submarine and force—had not been at all affected by the Washington treaties.

Years for Agreement. It was true, he concluded, that the Washington conference had laid down certain rules for submarine use, but there was little likelihood that these would be observed, he declared, if nations ever again found themselves fighting for their lives.

"Certainly the experience of the last war is against any such hope," he said. "I do not believe there is any chance of warfare was observed, and though we may think that our enemies were the worst, yet, in all candor and frankness, I doubt but that a single nation which has a clean sheet in the matter."

"When you look upon the earth a great energy is being expended and it is not reasonable to expect that by any rules and regulations you will be able to limit these activities."

She desires, and rightly desires, to be free from the entanglements of Europe and its concerns. But can she be free from them? What is her own experience quite recently?

In 1917 America felt compelled to enter the world war. It was not that she desired war, but that she was told by some of her European neighbors that if another great European war took place, involving, as wars always do, great interests of right and wrong that it would be possible in the future any more than in the past, for America to stand outside and take no part. Any such anticipation surely was gambling with the future of your country.

And if that be so, if it be really true that even on this side of the Atlantic there is no certainty that the nation can avoid the worst of all entanglements—participation in war—is it unreasonable to suggest that it is an American interest to erect safeguards against the outbreak of war in any part of the world, for when war breaks out no one can tell how far it will spread?

A Reminder. A woman has been complaining in court that her husband threw a teapot at her because she twice gave him business for breakfast. The man must have been a street car conductor who resented being reminded of his work.—London Opinion.

Boise Wins Second Telegraphic Shoot

Capital City Shooters Turn In Score of 146 Against Twin Falls Men's 142

Table with 2 columns: Name and Score. Lists shooters like E. L. Patrick, Wheelwright, M. T. Miller, Easley and their scores.

Boise won the second telegraphic shoot from the Twin Falls club Sunday morning by the score of 146 to 142. The Capital City shooters, shooting in a downpour of rain, did some of the best shooting of the season, and turned in a score of but four missed birds out of 150 shot at.

The victory gives the two clubs one game apiece, with five more to be played. Favorable weather once more greeted the members of the local club, although heavily laden skies proved to be too dark a background for some of the shooters.

An added feature to the day's shoot was the appearance of "Uncle" Pete Holohan in the company. Pete shot at day pigeons as far back as 1832 and still steps around like a two-year-old. His record for the day was 69 out of 75 as usual.

A razor crowd thronged the woods before were out to try their luck with the birds, the result being that better scores were made. Let Wright broke up 66 out of 75 and E. L. Patrick clipped off 67.

After all the shooters had their fill of trying to break records, two teams were picked for an exhibition shoot. "Pop" Fisher declaring himself captain of the one-tenth of one percent team, and Let Wright acted in like capacity for the two and a half percent sextette.

Let Wright's team was troubled with the impact on the Gudgeon, which is French for records, and after the first ranges it was a chaff for the Fisherites. Coats was high for this brigade with 22. The final score in this setto was 132 to 118.

SHOOTING THE SHOOTERS. Fisher's Team, Shot At, Broke. Fisher 25 29, Holohan 25 19, White 25 21, Patrick, E. L. 25 23, Wheelwright 25 23, M. T. Miller 25 22.

WHAT THE SHOOTERS DID. Name, Shot At, Broke. Holohan 75 69, Wheelwright 75 69, Coak 75 69, E. L. Patrick 75 69, Wright 75 66, M. T. Miller 75 64, Bevans 75 61, Halley 75 61, Fisher 75 60, Evans 75 58, Snook 75 46, Easley 75 42, W. Miller 75 39, McFarland 75 39, E. A. Reynolds 75 36, Reynolds 75 36, Jones 75 33, Dooly 75 33, Frans 75 32, Strickfaden 75 32, Brier 75 30, Schwartz 75 29, Moore 75 29, S. Sulladay 75 27, Harhour 75 24, J. H. Patrick 75 19, Dekker 75 17, Robinson 75 13, Stulliff 75 9.

HITTING THE BULL'S EYE. More shooters than last week which means that the sport is growing in popularity. Over 200 more birds were broken than the week before.

"Uncle" Pete Holohan is still the shooter of old, and even his gun got a kick-out of his clever work. Roy Wheelwright popped them on the nose, coming up with the leaders when the final hot rang. Roy showed vast improvement over last week's shoot.

Another of the gun men who cut a few rapiers was Clint Evans. Clint joggled along fairly well on his first 50, and when chosen for the first team he did his best work, breaking 22 out of the 25.

George Easley got away with 42 out of 50, and when asked how he did it, he answered "Easy." So there you are.

M. T. Miller went out to show the younger shooters how it should be done, and did it, finishing with 64 out of 75.

George Bevans was another who did nice work during the day, clipping off 61 out of 75.

Alvin Harhour said that he wasn't going to take advantage of some of the beginners, as he didn't Harhour any ill feeling toward anyone.

E. A. Reynolds popped off 22 out of 25 in his last string.

Arthur Healy gave the birds a treat and only hit 13 out of 50.

Coats covered 'em with shot, hitting the topnotchers with 69 out of 75.

ROTARIANS WILL MEET KIWANIAN ON ALLEYS

Business Men's Organizations to Clash in Bowling Contest. All Members to Take Turns at Pins

Wednesday evening starting at 8 o'clock, the first annual bowling contest between the Rotary and Kiwanis clubs will take place at the Twin Falls bowling alleys.

Both clubs are so confident of victory, and there are so many high class bowlers in both clubs who know that they are good so don't have to prove it that it has been decided to have the contest on a 10 for 10 for a sort of elimination process. After such bowlers as Tabby Caldwell, George Sandholtz, John Graham, Bob Logan, Clark Wright, Merwin Hatley, and others too numerous to mention, get started, the followers of the big K can't possibly see how they can lose.

Looking over the rotary gang, it is found that such stellar performers as Charley Booth, Arthur Peavey, Clint Evans, Fred Seville, Bill Seidley, Don Scott and others will uphold the honor of the older organization. Of course, "Pop" Fisher will slide them down the polished surface, but no one knows how far.

There will be all sorts of leafy, bald-headed men's teams, humped-up husbands' teams and fiveback teams for those who feel that they are not able to roll the steeper hills.

With the two clubs taking all the alleys there will be no other bowling allowed, without doctors, ambulance drivers, undertakers and friends are all asked to join in the fun.

Several barrels of liniment have been donated for the occasion.

AROUND THE BASES.

The first game of the season against Jerome last Friday showed that the locals are not the team that represented the school last year, although one is inclined to believe that another two weeks' work will smooth out the rough spots.

Jerome brought over a team that looked fast enough to represent the north side metropolis in any league.

Lawrence at short is fast as a greased lightning, and makes several nice assists during the game.

Lee is a clever pitcher, but works too fast. "Meyer" has a nice assortment of curves, but is inclined to be a trifle wide, due to the fact that he is in such a hurry.

Jerome boasts of some hard hitters in Byron, Emmett, Morris and Len.

Watch Jerome before the season ends.

In looking over the locals, the work of Ed Mussell behind the bat was the outstanding feature of Friday's game. "Muss" played in the outfield last year, and proved to be one of the best high school outfielders in the state.

Evans, in quest of a backstop, hit upon the happy plan of trying Ed behind the bat, and that his guess was right was demonstrated Friday.

Putting the mask for the first time Mussell convinced Evans as well as the fans that he is a natural born ball player and can be used anywhere in the diamond.

Mussell throws fine to the bases and keeps the hitters hugging the bags at all times. Although credited with an error Friday the error should have gone to Selek and Jerry Jarman, as Mussell made a perfect peg to second, with both infielders sound asleep, the ball rolling to center.

Of the new men on the team, Walter Selek looked sweet at second base. Walter handled eight chances without a blow, and handled himself like an old-timer. Walter's hitting was a little weak, however.

Len Sent may yet find a place on the team, as he is one of the surest men on the team on fly balls. Len got a Texas leaguer and a walk out of two trips to the bat.

INTEREST CENTERING ON CHOICE OF D. A. R. HEAD

Three Candidates in Running for Election as Successor to Retiring President General

WASHINGTON, April 2 (AP)—Interest in the annual congress of the Daughters of the American Revolution to be held here April 16 to 21 is centering in the triennial election of officers with a three-candidate contest for the office of president general.

The candidates now in the field to succeed Mrs. George Magwood Moore, whose term expires this year by constitutional limitation, include three prominent members: Mrs. Anthony Wayne Cook of Pennsylvania; Mrs. G. Wallace Hanger of the District of Columbia; and Mrs. William Cunningham Story of New York, honorary president general of the D. A. R.

Tickets have been announced, partially by the candidates, and there is every indication of a hotly contested contest when the 2000 delegate assembly in Memorial Continental hall, Officers will serve for three years, with the exception of the vice president-general, whose terms are only for two years.

The presidents-general of the D. A. R. have included notable American women. Mrs. Benjamin Harrison was the first, accepting the office while first lady of the land. Mrs. Adlai Stevenson and Mrs. Charles W. Fairbanks, wives

of vice presidents of the United States, also have served in this office. Two picturesque figures will be missing from the convention this year—Mrs. Mary S. Lockwood, known as the "Little Mother of the D. A. R.," who died last fall, and Mrs. John A. Logan, widow of the Civil war general, whose death occurred last month.

"ROCK OF MARNE" DELETED SALT LAKE CITY, April 2 (AP)—The thirty-eighth, United States Infantry, which served with unusual distinction overseas during the World War, is now stationed at Fort Douglas here. Only 29 of the 3,300 officers and men who were in France with the regiment are still in its ranks. Brigadier General U. G. McAlexander, who as a colonel commanded the thirty-eighth in the Marne battle, is in charge of Fort Douglas. In the fighting on the Marne the thirty-eighth won the name "The Rock of the Marne Regiment," because of its feat in routing two divisions of German shock troops.

GUN CLUB TO CONDUCT HANDICAP TOURNAMENT

Shot Gun Men, in Three Groups, to Compete for Love Cups; Scores Count in Telegraphic Meet

Starting April 15 the Twin Falls Gun club will hold a handicap shoot at the gun club grounds.

The affair will be set off in three groups, class A, class B, and class C. A handsome silver loving cup will be given the winners of the three divisions.

The class A shooters will be those who have an average of 50 or better; the class B division being gauged from 40 to 50, and all those under 40 will be listed in class C.

To get the handicaps fixed so that there will not be dark horses in any of the three sections, an average of the last three weeks' shooting will be figured.

The handicap shoot will consist of 100 shots, 50 on April 15 and 50 on April 22. The telegraphic handicap tournament will also count on the telegraphic shoot with Boise.

Shooting will start at 10 o'clock sharp.

WOOLWINE WANTS REAMEY

Confessed Confidence Man Who Turned State's Evidence at Denver Trial May Be Used in California Case

DENVER, April 2 (AP)—Unless local authorities interpose objections, George (Len) Reamey, a confessed confidence man, who turned state's evidence in the trial of 20 alleged members of a nation-wide bunco ring here, will be taken to Los Angeles to testify against alleged confidence men Thomas Leo Woolwine, Los Angeles county district attorney announced tonight.

Reamey will be used as "surprise" witness in the case of at least three alleged confidence men now under arrest, Mr. Woolwine said. The three are alleged to have operated in Denver prior to the "bunco" raids of last August here, and two of them are held in Los Angeles on charges of the attempted swindle of a Colorado man, J. A. Wells of Pueblo.

ELEVENTH HOUR REFLECTIONS

Rain or shine, all those who are qualified to vote in Tuesday's City election should do so. To fail to vote is not only to neglect an important public duty but it is to delegate to a few the duties of the many and contribute directly to the weakening of the very spirit of the whole election principle.

Apparently there were no new developments Monday. The Lambing campaign committee offers a quotation of law tender to show that Shad L. Hodgins is not qualified to serve as Mayor because he is not a taxpayer. The Hodgins committee rests its denial upon the Constitution of the State of Idaho backed by the opinion of half a dozen local attorneys.

It is to be hoped that the entire proposition will be thrown out completely when it comes to voting. It isn't a proper issue; it swarms too much of the sort of tactics of which we have all complained in the past. The argument is utterly beside the question of the merits and qualifications of the candidate for the job in hand.

POOR OWB MOHER: The failure of Slump-Party Socialism as applied to Russia is now evident to every open-minded person, and admitted even by Lenin. It is not so clearly realized that Socialist prophecies have failed elsewhere in the world.

Dr. Goodnow president of Johns Hopkins University, calls attention to the prediction on which Marx based his program, that the rich would grow richer and the poor poorer until the capitalist regime collapsed.

THE RICH, OF COURSE, HAVE GROWN RICH. But more of the poor than ever before have been crowding into the rich class. All classes have moved up together, with the increase of economic production. There has been more wealth to distribute, and the distribution has been, on the whole, according to ability, because competition is still free and talent and energy always have their chance.

THE LINER'S DAILY: One of the big Atlantic liners will publish an up-to-the-minute newspaper which the passengers can have with their morning coffee on board ship. It will be printed during the night, the news items coming by wireless from both sides of the ocean.

TRADE SCHOOLS PROVE SUCCESS: SAN FRANCISCO, April 2 (AP)—Three more trade schools, whose curricula will include iron and brass moulder, bricklaying, painting, and paper hanging, have been opened here by the San Francisco Industrial Association.

forced isolation saved breaking health and nerves. In such circumstances a daily paper bringing unmitigated reminders of the world will be anything but a blessing.

On the other hand that innumerable caravan who mistake transportation for travel and lose sight of the scenery in counting the seconds probably will find the paper a blessed relief from boredom. What they read will more than compensate them for all they miss by reading it.

THE IDEAL GIRL

The students' paper in the Michigan Agricultural College has been conducting a questionnaire as to the kind of girl preferred by the men. There is a usual demand for "loyalty," "being a good girl," "beauty in every sense of the word," etc., but perhaps more interest attaches to certain other attributes.

That the girl may bob her hair and carry a vanity case if she wants to, and powder her nose and lipstick, but she must not put rouge on her cheeks or lips.

That she must not smoke cigarettes; that she must not be addicted to "petting parties."

There is a good deal of agreement along this line outside of the colleges too.

The Allies and the Turks are to resume negotiations. It is easy to find a nation that will talk things over. The trick is to find one that will knuckle under.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have used for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy so large a sale."

Lorena sprang forward and threw her arms around Mrs. Penfield's neck. She kissed her forehead and then Mrs. Penfield held her close. Flashing pictures jerked through her brain of her own life, starting in promise like Lorena's, breaking in despair, as she hoped Lorena's never would.

"Dear little girl, may you be happy always," she whispered.

Sees First Man As One Afflicted with Every Ill

Scientist Carries Denial of the Theory of Evolution to Interesting Conclusion

WASHINGTON, April 2 (AP)—If William Jennings Bryan's theory of evolution is correct, Adam must have survived for 930 years all the germs which afflict man today; Eve must have been created by vivification; that the Garden of Eden must have been in China, and a lot of other startling things must have followed in consequence.

Dr. Stiles argued to his fellow scientists that if it doesn't hurt to believe all these things one cannot agree with Mr. Bryan.

Harbor for All Germs: According to Mr. Bryan's premises, Dr. Stiles argued that all germs which cause disease must have been created in the beginning as they exist today.

Eden in China: From that deduction, and admitting that Adam survived all of these, Dr. Stiles said it must be further deduced that the Garden of Eden was in China because this is the only place where man is known to survive some of these afflictions.

A Farmer Cured of Rheumatism: "A man lived on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says Dr. P. Ryder, Patton Mills, N. Y.

ARMY AVIATORS SET NEW MARKS

Speed Records Made by French Flyers are Eclipsed in Ohio Aerial Derby

DAYTON, Ohio, April 2 (AP)—In a spectacular aerial derby, Army aviators from McCook field today set new world speed records for 500 and 1000 kilometers distance, far eclipsing those made this week by French aviators at the Villa Savoye airrome.

Unofficial figures tonight showed that Lieutenant Alex Pearson, commanding 500 kilometers in one hour, 50 minutes, 12.7-10 seconds, making approximately 169 miles an hour; that Lieutenant Harts Harris and Sylvia Bliss of McCook field traveled 1000 kilometers in four hours, 52 minutes 35.24 seconds, averaging around 125 miles an hour.

In addition to the 500 kilometer mark set by Pearson, Harris and Lockwood also were credited with exceeding the French record for that distance, as are four other McCook field aviators.

Eleven ships took the air shortly after 1 o'clock today in the effort to beat the French records. Seven were U. S. Navy vessels and four French record planes finished the 500 kilometer distance but four of the others were forced down.

Preventative Medicine

The tendency of medical science to lower preventative measures. It is easier and better to prevent than to cure. Pneumonia, the most common chronic disease that medical men have to contend with, often follows an attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ.

HODGIN BASES CANDIDACY ON CONSTITUTION

Nominee for Mayor Declines to Accept Gifts of Property to Meet "Qualifications" Demanded by Defractors

Arguments advanced against the qualifications and fitness of Shad L. Hodgkin...

The meeting was attended by approximately 650 persons who were manifestly won by the statements of the speakers...

Mr. Hodgkin then referred to section 20, article 1 of the state constitution from which he quoted:

"No property qualifications shall be required for any office to be voted or held...

JEWISH QUARTER IN RUINS

Rumanian Mob of Anti-Semites Deals Havoc in Ruins of Habovra; Situation Worst for American Players

BUCHAREST, Rumania, April 2. (AP)—(Jewish Telegraph Agency)—The Jewish quarter of Jassy is a mass of ruins today in consequence of an invasion of that section of the city by a mob of anti-Semites.

The government has denied the request for permission to reopen the Jewish theatre in Bucharest, where Jacob Kalich and Molly Picon, American-Jewish actors, were playing when anti-Jewish disturbances, led by students, broke out recently.

It is possible that Kalich and Miss Picon will have to leave Rumania.

The dramatic and literary department of the Twentieth Century club will meet Wednesday afternoon, April 4, at the home of Mrs. S. C. Wyatt, 149 Third avenue north.

Princeton Rebekah lodge will meet this (Tuesday) evening in I. O. O. F. hall at 5 o'clock. All visiting members welcome.
