DEFENDERS MOVE TO HAWAII. Ambassador Says Occupation is Last and Only Chance to Collect Reparations

NEW YORK, April 7 (AP)—Occupation of the Pacific islands is France's last and only chance to collect just reparations for the damage wrought by Germany during the war...

Denying the contention that France is militarily inclined, M. Jusserand quoted statistics to show that the French army budget for 1923 is 4,960,000,000 francs in 1923, and 4,960,000,000 francs in 1922.

Elloquent tributes to the ambassador were paid by Dalbridge Gaby, former secretary of state, and John W. Davis, former United States ambassador to the court of St. James.

Mr. Davis said that M. Jusserand was largely responsible for the cordial feeling which exists between the United States and France. The ambassador, he declared, had succeeded in interpreting France to America in a way that America could understand.

For four years the Germans have paid as the M. Jusserand said, "the occupation is our only chance."

He said that the ambassador had done more for France than any other man in the world. He had succeeded in interpreting France to America in a way that America could understand.

HARDING TURNS HIS ATTENTION TO STATE CARES

President Brings Vacation to Close; Brings Back Strengthened Feeling of Southland's Sympathy

AUGUSTA, Ga., April 7 (AP)—His vacation ended, President Harding tonight turned his face toward Washington and his mind toward the cares and problems of state.

Departure of the presidential party from Augusta tonight closes a vacation of five weeks for the chief executive, four weeks of which were spent in Florida and one in Augusta. Perhaps no president in recent years has been able to obtain such complete rest and freedom from care as Mr. Harding in the period since March 5, when he left Washington.

That his almost entire separation from official duties has benefited Mr. Harding is plainly seen. Moreover, Mrs. Harding, whose convalescence from her illness of last fall, although steady, was slow while she remained in Washington during the winter, has regained much of her former strength. This return of Mrs. Harding to health has, in the opinion of members of the vacation party, been quite as much of a tonic to the president as the day's spent in the sunshine of Florida and Georgia.

The presidential party will arrive in Washington shortly after noon tomorrow, and Mr. Harding will return to his desk in the executive offices Monday morning.

South Shows Sympathy.

In returning to Washington, Mr. Harding, it was said by members of his party, carried with him a strengthened feeling that the people of the south, although largely of a different political faith, are united with him as president. It was declared at the dinner given last night in his honor by the leading citizens of Augusta, and this section of Georgia, and indicated by the ovation Mrs. Harding received late in the downtown section of Augusta. The ride was planned as a review of the school children of the city and they were there by the thousands with an offer for every child, lining the streets waving and applauding as the president and Mrs. Harding drove by.

The reception was said to have been greatly appreciated by the chief executive and Mrs. Harding, adding strength in the president's opinion to the declaration made in his address here last night that not a vestige of the misunderstanding

ing the the Civil war was left in the United States.

See Answer to Challenge.

Several persons close to the president saw today in his last night's address what answer he might make if he chose to reply to the notice served in New York last night by former Associate Justice Clark of the United States supreme court, that the league of nations issue would be forced into the 1924 election. This, it was indicated, was embodied in the following portion of Mr. Harding's address:

"Our first concern, my countrymen, is of domestic affairs, in this republic will be the veriest of Europe—that the republic of the United States is the most just nation in the world—and justice is the most that is asked by God Almighty."

WAR SECRETARY HITS PACIFISTS

Warns Americans to be Wary of Disseminators of Fake Reports on Defense Coast

WASHINGTON, April 7 (AP)—Secretary Weeks in a formal statement Friday urged the public to be wary of individuals and organizations who are responsible for the widespread circulation that has been given recently to incorrect and misleading statistics concerning the costs of the military defenses of the United States.

"American citizens," he added,

50 GOOD CIGARETTES 10¢

GENUINE "BULL" DURHAM TOBACCO

would do well to inform themselves of the facts and to examine into the character of patriotism of those who are promoting the pacific campaign before taking a step that may readily align them with the enemies of the republic."

During the day Mr. Weeks also took occasion to warn army officers not to engage in controversies with any organization as to military policy.

Mr. Weeks admitted he had received a statement from Brigadier General Fries, chief of the chemical warfare service, which had been prepared by the general as an answer to attacks made against him by the National Council for Prevention of War, and the Women's International League for Peace and Freedom. It was stated that General Fries' reply would not be made public either by him or the war department.

Ford ANNOUNCEMENT of Interest to MILLIONS OF FAMILIES

"I Will Build a Car For The Multitude" said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car — to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters, each doing a little.

Why not start today? Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you to get started toward the ownership of a Ford car.

BRUINS MASTER BARNSTORMERS

Twin Falls Evens Score With Nampa, Winning the Second Game, 14 to 4

Twin Falls high school baseball team made revenge sweet Saturday morning when they walloped the Nampa team, 14 to 4, in a long drawn out game that ran almost three hours.

Playing in mid-section of the locals had but little trouble evening matters with the barnstormers.

Ray Houghton on the mound for the first time this season, pitched a beautiful game, allowing seven scattered hits during the eight innings he worked.

The two runs scored off him came in the sixth inning after Smyth fell a victim to the G. Jarman-Hammond system. Hurdle hit a easy roller to Selek who fanned. Woodie struck Selek and then Schwabinger sent a two fly out down the left line, the resulting in Hurdle and Woodie.

The visitors' run two came in the ninth, with Martin pitching. Sprague sent a single to Martin, and went to third on Smyth's single to left. Hurdle sent a hit to Martin, who threw in first, letting Hurdle, Sprague follow on the play. Martin had plenty of time to set Sprague at the plate. Woodie hit to Selek who threw to the plate and Smyth was safe when Mussel dropped the throw.

Starting in the second inning, the local bats rung the bell twice. Jarman was granted a life when Johnson threw wild to first. Hoffman whiffed, and Selek waited for free transportation. Keith jugged Nye's hot roller and all hands were safe. Jarman sent a clean single to center scoring Jarman and Selek.

Fifth Turns Tables
In the third inning the blue and white bats hopped on Johnson for fair, and when the smoke had cleared, five runners had spilled the rubber. Jerry Jarman singled to left, Mussel walked, Laval Jarman laid down a neat sacrifice and both runners advanced. Hammond jugged one to the barn for a pinch Jarman and Mussel scoring. Selek walked again, but was tossed out, second on Nye's roller to Burke. Jarman rattled the boards on the center

field fence scolding in Hammond and Nye, who had pilfered second base. Houghton cracked a single to center scoring Jarman.

One runner was added in the fourth, Jerry Jarman opened this stanza with a clean single to left. Mussel singled again, an old Laval Jarman. Johnson forced G. Jarman in when he passed Hammond. Johnson was zamboni at the stage, and Kelly went to the mound.

Fifth was sent to the mound and sent the apple bar over the right field fence. Mussel singled infield, Laval Jarman singled sharply to center. Mussel got to third, Hammond was hit on the leg. Sixth was sent to the mound. This was the third time that the lanky first baseman had been hit during the Nampa series. Selek singled infield scoring Mussel. Nye sent a screamer to right field, scoring Jarman and Hammond.

Chalk Up Another
Not satisfied with thirteen runs the locals sent another across in the sixth. Houghton beat out an infield roller to short. Cront went out Kelly to Smyth, but Jerry Jarman sent one out to the barn in left for two bases, scoring Houghton. This was Jerry Jarman's fourth hit of the game.

DISTRICT TRACK MEET TO BE HELD AT FILER

Local Path Stars to Compete for Honors at Fair Grounds—Athletes from Entire Section Entered

Athletes representing high schools throughout the South Central district will meet at Filer, April 27, for the annual district track and field meet. It was announced by George L. Deenan of Filer, manager of the district this year.

Three entries will be allowed from each school, except that only one relay team may be entered from each school. A having cup will be given to the school winning the meet, and a cup will be given to the runner-up.

The meet, which has been held at Burley the last few years, will take place this spring at the Filer fair grounds, where everything is being put in readiness to accommodate a large list of expected entries.

Fifteen events starting with the fifty yard dash, will be held, namely, the 100 yard dash, the 220, the 440 and 880, mile running, high jump, 220 low hurdles, 120 yard high hurdles, the 12 pound shot put, the discus throw, jav-

JEROME WINS FROM NAMPA

Northerners Knock Woodie Out of Box in Ninth Inning and Win Close Game From Barnstormers, 11 to 10.

JEHOAH, April 7.—(Special to The News)—Knocking Woodie out of the box in the ninth inning the Jerome team won a close game here this afternoon from Nampa, 11 to 10.

Leading from the start, the Nampa ball tossers were caught in the fifth inning, the Jerome stars making the more real four all in this frame.

In the eighth inning Nampa again took a commanding lead, being on the top of a 3 to 4 score.

Jerome after its defeat at the hands of the Filer team refused to lose two in a row and fighting hard made the score read 9 to 8 in the last of the eighth. Nampa scored another in the ninth, and when Jerome took its place at the bat in the last inning, Nampa was little hope left.

Selek, however, scolded, and when the final out was fired the home boys had dashed three runs across the platter.

Hammond opened the game for Nampa, but gave way to Woodie in the seventh, and when the eighth inning when he injured his arm, Peyton finishing the game.

The Nampa boys left for home after the game, having won two and lost two on their barnstorming trip of this season.

Announcing Our Co-operation In THE NEW Ford Weekly Purchase Plan

Following out our policy of extending the facilities of this bank in whatever way we can to serve the public, we have arranged to give our co-operation of the new Ford Weekly Purchase Plan.

We realize what the automobile means to the average family in bringing them greater enjoyment of life, and believe our action in helping those who desire to become Ford owners will be appreciated by many families who can now realize that ambition through the new Ford Weekly Purchase Plan.

Under this plan, you can begin with an initial deposit as low as \$5.00. Then select the type of Ford Car you want—Touring Car, Runabout, Coupe, Sedan, etc.—and arrange to make weekly deposits on which interest will be computed at our regular savings rate.

Come in and let us explain the Ford Weekly Purchase Plan to you, or, if you wish, go to the nearest Ford Dealer for further details.

Start today, and before you realize it you will be driving your own car.

BEARS DEFEAT NEBRASKA

BERKELEY, Cal., April 7. (AP)—The University of California defeated the University of Nebraska 75 points to 65 in the east-west track and field meet here today, taking eight first places. The Corn Huskers from their customary early advantage, but were stiff battle in the track events, but were swamped by the California Bruins in field events. Coach Henry E. Seeley's boys from Lincoln, Neb., took first in six of the nine track events, but took first in only one field event, the high jump. Nebraska showed its superiority on the track, taking 15 points to California's 22. However, the Corn Huskers, taking 43 points to Nebraska's 11.

KANSAS CITY WINS TITLE

CHICAGO, April 7. (AP)—Kansas City High, champion of Kansas, won the national invitational interscholastic basketball tournament at the University of Chicago here tonight, defeating Berkeley, Cal., 22 to 21. The Kansas City Kansas team won the game through their greater speed and their extremely fast running attack, sweeping the basketball defense aside before it had a chance to form. Berkeley tried to stem the tide in the second half but despite their better outlet was unable to score to the front. Berkeley did not have the lead throughout the game.

Dominion's Recovery from Depression Slow and Sure

Babson Praises Gradual and Deliberate Manner by Which Canada is Passing Through Readjustment

WELLESLEY HILLS, Mass., April 7. (Special to The News)—Roger W. Babson has today returned from a tour of inspection of the Dominion of Canada which has appeared in The News from week to week. Mr. Babson stated that if any thing, business is becoming too rapidly active in the United States.

“Everywhere people are talking prospering and things are looking bright again,” says the statistician. “A large part of this is a good thing; but too much of it all at once is dangerous. When rapid recovery is too rapidly a relief may occur. The business men of the United States need to remember the warning of that old capitalist and philosopher, Solomon, who cautioned the business men of Jerusalem that ‘pride goeth before destruction, and a haughty spirit before a fall.’”

“I am pleased with the more gradual and deliberate manner by which Canada is passing through her readjustment. We have much to learn from our northern neighbor. To my regret, I have no letter to the states but unless we take care, business will be better in Canada in 1924 than it will be here.

Diminution Over Hump.
“I spent some weeks of my trip studying Canadian conditions,” continues Mr. Babson. “I was very much pleased with what I found. Various factors suggest that the Dominion stands in about the same position in the economic cycle occupied by the United States six or eight months ago. If this is so we must look for Canadian business to improve rapidly in 1923. The farming situation is better and various factors in the conditions of credit, shipping and trading centers of the north woods owing to the state of the fur market and the plenitude of furral animal skins, are better than in the prosperous condition than on the prairie. Its farmers did fairly well last year and the fruit growing sections had very profitable yields. Lumber demand is expected to develop to quite sizable proportions. Even in the mining towns a look for a fair improvement. In British Columbia business during the spring months should be good.

“Canadian sales efforts during the next few months should be concentrated on the eastern provinces. The manufacturing communities in southern Ontario look relatively the best and even in the agricultural sections, conditions are more favorable than on the prairie. Sixty financing helped to lighten the load of the eastern farmer. Industrial activity in Canada is estimated to be in the vicinity of 70 per cent of capacity. A somewhat slight decline in time is still prevalent in some fields, gold mining is an outstanding exception. This line is fairly busy and is resulting in considerable prosperity in such centers as Vancouver, Kelowna and Lake, Ontario.

Best Customers in Cities.
“Industries manufacturing goods for human consumption or covering any perhaps most active and enjoy the most concentrated business. The best customers will be found in the cities. I have in mind all of the manufacturing centers of southern Ontario and Quebec, not especially those producing pulp and shoes, textiles, clothing and food products. In the maritime provinces a firm foundation is being built. In the mining sections of the west, industries are now dull, but I believe that warmer weather will bring decided better markets for lumber, fish and other local products. Let us turn to the south. A good section should look nearly as attractive to sales representatives as southern Ontario and Quebec.

A more hopeful feeling is developing, however, in the prairie and other agricultural regions. Better prices for farm products are helping the Canadian farmer as well as the farmer in the United States. As the Canadian farmer is slower in feeling the good effects of this increase in prices for farm products, he is well on his way to a better position. Let us turn to the fundamental principle of economics that the dominion lags about a year behind the states, both as to action and reaction—decline and recovery. Hence, I say that while today's conditions are better in the states, they may be better in Canada next year. Business conditions are much like a storm wave. Each section gets the storm, but all do not get it at the same time.

Should Better Relationships.
“We should be better neighbors to Canada. Some day we must turn to her for natural resources. When our timber is gone, when our water power is all developed; when the price of land here make the raising of cattle profitable in Canada, but not in the United States, the boundary line between the two countries was never made by God—it was made by man. Hence, let us not erect unnecessary tariff walls or other barriers. Let us remember that in the long run, the prosperity of both countries is bound up together. For either to prosper both must prosper. Hence, I say that while today's conditions in legislation as well as in name.

“The Babson chart continues to register the slight inflation to which I have already noted. Today it still stands at 5 per cent above normal. With the readjustment only 60 per cent completed, this is not a healthy sign.

Fifteen Years Ago in Twin Falls

Taken From News Files April 3, 1908

The Idaho and Nevada Southern Railway company has purchased blocks 141, 142, 143, 144, 145, 146 and 147 from the Twin Falls Lumber company as a site for its yards and buildings. The purchase was made quietly but the closing of the deal at this time would indicate that the railway company expects to have use for the property in a short time. While no official announcement has been made, it is the opinion of the community that the Idaho and Nevada Southern will have a strong road with Twin Falls and Wells, Nevada, as its terminals.

Harder brothers of the Twin Falls Creamery company began the operation of their new creamery this week. Their equipment is of the very latest style and contains much apparatus not usually found in modern creameries.

The sale of town lots for the week approximated \$120,000. Monday's sales alone aggregating \$90,000. The lots were all purchased by Twin Falls citizens, which shows what they think of their town.

Mr. and Mrs. E. A. Moon have returned from a tour in California where they spent the winter.

Mr. and Mrs. M. J. Sweoley have returned from a visit to their old home in Sioux City, Iowa. They brought back slight colds; which the warm sun of Twin Falls soon cured.

The K. K. K. club gave an April Fool's party in K. of P. Hall Wednesday evening. About 40 young people were present and the evening was spent playing games and singing. Refreshments were also served. The grand prize was won by Miss Gibson, boy's prize by Bruce McMillan, and consolation by Gail Fargo.

Henry Wise, a prominent attorney of Winston, Mo., has arrived in Twin Falls with his family and is here to stay. Mr. Wise is a young man who desires to grow up with the west and is picked out the best city in which to grow.

Work on the excavation for the new Presbyterian church chapel was begun this week. It is expected that the contract for the building will be let in a few days.

The sophomore class welcome Annis Smith and Hattie Carlson into their ranks, while the freshmen welcome Edna Carlson.

The attendance of the schools is increasing daily and at the present rate the enrollment will be over 500 before the year closes.

WARRANT CALL.
All warrants of Independent School District No. 1 issued during January, 1923, will be paid upon presentation to the treasurer of the district. Interests on these warrants ceased April 7, 1923. JAMES FITZGERALD, Treas. Ind. School Dist. No. 1.

CHAPTER XVII

“The reason some folks here to have so much money,” explained Mrs. Penfield, “is, they don't know how to plan. Land, they'd be apt to know how little money they could live on if they'd only mix their brains with it.”

It was admitted at Number 47 that funds were ample for the project in hand, but the young Miss Penfield was dissuaded to find her capital diminished from one dollar to eighty cents, the intervening twenty being required to liquidate the final payment on the Wopple window. It seemed that one could not face a holiday in the right attitude if one were in debt, and Lettie could not be spared to earn further. She looked around. A woman stood beside her, engaged in mental work on candle-holders. With the in-

trusion of wild excitement, Lettie unpraised her instantly. “Landy gracious!” she cried. “Ain't it a fright the way they lump 'em?” The woman looked up. “Ain't it?” she agreed. “And the six-for-five candles are longer'n them in boxes, too?” “I gotta scheme,” said Lettie. “What say if we go snucks on a card?” “I'd be glad to.” “Theorupon nickels were pooled, and a card was purchased and divided, to the infinite satisfaction of everybody concerned.”

ADVANCE INFORMATION ABOUT COAL

We are your friends but we don't think that the railroads are; you remember what they did for us on spuds this year. They don't seem to think that we got punishment enough so they will advance the rate on coal 50c per ton on April 17th; so you can make money fast by buying your coal before that time.

On \$8.00 coal you save 50c. Should a ton last a month; this is one way to get even with the parasites.

Possibly you don't understand what we mean by parasites, it is like this: We notice that on our sheep that had ticks on them, although they would eat heartily, and they did not seem to be sick, they would get weak and very poor.

That is what is the matter with the public in general. We must do something to offset these parasites. If you think this matter over carefully, the result will be that you will order some of that Spring Canyon Nut Coal at \$8.00 per ton, before April 17th.

We still have some of that famous Trebi Seed Barley for sale. You will regret it if you don't sow some this season. Barley will be high next fall.

Studebaker advertisement featuring a car illustration and text: 'We believe a Studebaker Sedan is good for five to ten years of useful, satisfactory life. We are not positive as to the real life because none has yet worn out. If, when you trade in your car, you learn that you can get only three or four hundred dollars for it because there is no second-hand market for that make of car, then you must add this extra depreciation to arrive at the real cost of the car.'

This is Arch Preserver Shoe Week at Our Store

EVERY day this week we shall have, in our store, demonstrations to show you why the Arch Preserver Shoe makes feet happy, why it keeps feet healthy and vigorous...

These demonstrations not only will show why, how, the Arch Preserver Shoe eliminates the little foot aches and pains by keeping the foot arch from sagging, but also why its exclusive patented features can not be successfully imitated.

THE ARCH PRESERVER SHOE

You'll be especially interested in seeing why this shoe permits the raising of the heel, according to the smartest style ideas, and yet supports the foot exactly as Nature planned.

Remember, come any day, any time during the day.
