THREE MEN IN CUSTODY FOR KILLING

J. W. Pope, One of Trio Accused of Murdering His Wife, Children and Parents in Oklahoma Home

IDAHO, Okla., April 27, (AP)—Three men were held tonight in connection with the slaying of three persons and the serious wounding of another late last night at the home of T. H. Hansell, a farmer, near Haworth.

John W. Pope, 45 years old, son-in-law of Hansell, was arrested by a posse late today across the Texas border near Oklawaha.

A. Miller and Ira Gardner, said to be friends of Pope, were taken in the Red River bottoms near Haworth. They were reported to have been headed for Texas.

Fearing possible mob violence, the county officers refused to discuss the arrests. It was said, however, that formal charges of murder would be filed tomorrow morning in connection with the case.

Attacked in Sleep

While the Hansell family slept last night in the back room of their two room house, the door was battered down. Either two or three men walked into the room and opened fire on the sleeping figures with a shotgun and large caliber revolvers.

The assassins, used horses. An Indian living across the road from Hansell's home reported he saw two horses fleeing down the road after the shooting.

A heavy rain last night obliterated the tracks around the house, making it difficult to determine the number of men participating in the murderous attack.

TOWN TAKES UP SEARCH.

HAWORTH, Okla., April 27 (AP)—Virtually every able-bodied man in Haworth was in Red River bottoms near here today searching for the slayers of five persons who were shot and killed in their beds in a farm house a few miles from here early today. Bodies of the slain were found by neighbors who went to the house after hearing shots. The dead are:

T. H. Hansell.

Mrs. H. Hansell.

Mrs. J. W. Pope, their daughter.

The daughter of Mrs. Pope and her infant son.

Officers who came from Idaho, county seat, removed the bodies from the blood-soaked front room, in which the family had been sleeping. The assassins cut holes in the floor and fired through. Officers said that the wounds in the bodies indicated that a rifle and shotgun had been used.

The infant, less than one year old, had three shot eye stiches.

Officers announced they were directing a search for J. W. Pope, husband of the slain woman, from whom she had been estranged for some time in Red River county, Texas.

Hansell was a farmer of moderate circumstances. Neighbors told officers the saw two men from the county at Hansell's home on horseback after the

Justice Department Agents Attach Importance to Arrest of Three Men in Salt Lake

SALT LAKE, April 27, (AP)—In the arrest today of three men in Salt Lake, department of justice agents believe they have uncovered evidence which may lead to an insight into the working machinery of a nation-wide band of automobile thieves.

The men are Lawrence Howard, 22; R. E. Page, 31, and W. R. Campbell, 50. All three have confessed.

Statements of Agents W. L. Payne and H. J. Cassidy of the department of justice were aroused by the appearance of three mud-splashed cars in the business streets of Salt Lake. The cars were covered with mud, and were in bad shape.

The drivers of the cars were questioned. Then they admitted the cars were stolen, and named the names of the numbers of the cars in question had been changed; tools, dies, guns and other paraphernalia of automotive outlaws were found. The evidence is virtually complete, the federal agents said.

In the confessions of the men it was stated that numerous groups of automobile thieves working in the larger cities of the country had allied themselves in order that they might exchange the products of the illegal industry. Cars stolen on one coast were driven to the others, or cars stolen in one city were transferred to another and a car stolen there brought back in exchange and sold.

Airplane is Believed Used by Father to Kidnap His Own Son

General Alarm is Sent Out from Mexico With Disappearance of Lad

MEXICO CITY, April 27, (AP)—A general alarm has been sent out for the capture of a mysterious airplane, which is believed to be taking to the United States Charles Parmalee, formerly of Los Angeles, and his 5 year old son, Charles, whom Mrs. Parmalee charges her husband has kidnaped for the second time within three years. Two persons already have been arrested in connection with the disappearance of the boy.

Charles, junior, is alleged to have been stolen last night from a children's home in Tacuba, a suburb of Mexico City, where the court had ordered him placed while divorce proceedings were being fought through the courts by the Parmalees.

Six armed and disguised men are alleged to have forced an entrance into the children's home and torn the boy from the arms of a governess and then to have made their escape in automobiles. Shortly afterwards, according to reports, an airplane motor was heard. This forms the basis for the theory that the alleged kidnaper fled from Mexico City by an aerial route.

WOMEN FUGITIVE SUSPECTS TALK

Prisoners in Honduras Express Disgust at Being Held in the Phillips Case

TEGUCIGALPA, Honduras, April 27 (AP)—The two American women, described by the police as Clara Phillips, California jammer murderer, and Mrs. Young, who are being held in the Tegucigalpa police on request of the California authorities, received in their cells today a number of Latin-American newspaper representatives.

Both women disclaimed any connection with the killing of Albert Mead in Los Angeles and expressed vehemently their disgust at being held in connection with the escape of Clara Phillips from the Los Angeles jail after her conviction of the murder. They said they were residents of New York. The woman who is said to be Clara Phillips asserts she is Mrs. Carson. Mrs. Young said she was a sister of Mrs. Carson. They refused to say anything.

IRISH REVOLT LEADERS ORDER HAIL IN STRIFE

De Valera Proclaims Suspension of Hostilities and Makes Offer to Negotiate Peace with Free State Government

DUBLIN, April 27 (AP)—A suspension of hostilities by the Irish republicans against the forces of the free state government and an offer to negotiate peace with the free state on certain conditions, was proclaimed tonight by Eamon de Valera, the republican leader, and his chief of staff, E. B. Allen.

De Valera's proclamation set forth the general political principles of the republicans and asserts that the ultimate court of appeals for deciding disputed questions is a majority vote of the people of Ireland; that resistance by violence should be excluded, but that adequate facilities should be afforded the people for a proper presentation of the issues involved. The proclamation adds that no body holding republican principles should be excluded from parliament and the council of the nation.

Seas Basis for Peace.

It says the military forces are servants of the nation and amenable to a freely elected assembly.

De Valera expresses the belief that his declaration affords a basis for peace and adds:

"We hope this advance will be met in the spirit in which we make it and that it will be supported by all who love our country and desire a speedy and just ending to the present national trouble."

"As evidence of our good will, the army command is issuing herewith an order to suspend aggressive action to

Death Follows Unsuccessful Attempt to Ford River Near Idaho Falls in Wagon Drawn by Two Horses

IDAHO FALLS, April 27 (AP)—Three persons, Mr. and Mrs. Joe Kruse, Jr., and 17-year-old Blanche Peterson were drowned in the Snake river here last night when an unsuccessful attempt was made to ford the stream with a wagon drawn by two horses. Garrett Gustafson, 18, was carried down stream for some distance, but managed to make shore. Miss Peterson, a student at the Utah Agricultural college at Logan, Utah, came to Idaho Falls last evening and was being taken to the Kruse ranch for a short vacation.

Parents of Mr. Kruse are said to be visiting in Los Angeles.

I. W. W. Strikers Threaten to Spill Blood If Lumber Companies Attempt to Operate

RIVER WILL RUN RED, DECLARATION WARNS

Letter Circulated Among the Employers of Northern California Reviews Walkout Purposes and Promises Trouble in Event of Resistance

SACRAMENTO, Cal., April 27 (AP)—A declaration that the Feather river will run red with blood, if the demands made recently in connection with the strike called by the Industrial Workers of the World, are not met, was contained in a letter circulated among lumber companies of northern California, particularly in Plumas and Butte counties, according to a copy of the letter given out here and published in the Sacramento Bee.

The letter was accompanied by a list of 10 demands and was signed "Committee." The list of demands bore the signature:

"Signed by strike committee, J. Loveston, E. Taylor and F. Riley."

The letter follows:

"We understand that your company and others are going to resist any attempt on our part to assert our rights, as per order issued from here, same to take effect May 1, next.

"Now, if you 'lumber barons' have any regard for your own personal safety, mills, woods, outfits, etc., it will stand you in hand to lay off of any armed guard proposition on your part, for if you do not we guarantee that there will not be a foot of lumber cut in Plumas or Butte counties without the Feather river running red while it is being done.

"We consider that our demands are no more than right or just.

"We are fully agreed and prepared this time to fight to the last ditch, we are giving you this opportunity to play safe."

The demands include release of "darker prisoners"; fifty cents a day wage increase and changes in working conditions.

RELIEF BODIES TOOLS OF REDS

Communist Party Secretary, at Ruthenberg Trial, Details Moscow's Activities

ST. JOSEPH, Mich., April 27 (AP)—Three Russian relief organizations which raised more than a million dollars in this country, were set up by the communist party of America, official representative of the Moscow International, for the dual purpose of raising relief funds and spreading the communist doctrines in churches and conservative labor unions, the secretary of the communist party testified on the stands here today. Jay Loveston, his witness was appearing as a defense witness for Charles E. Ruthenberg, charged with advocating criminal syndicalism.

The defense read Loveston's report to the communist convention at Bridgeport last August, where Ruthenberg was arrested. The report disclosed that the funds of the relief work had totalled \$725,000 in cash and \$450,000 in clothing, medicines and other supplies up to July 15, 1922.

Like other communist groups, the relief organizations were all known by code letters, but as the report was read Loveston, in the witness chair, identified each.

Guides Federated Press.

Loveston's report to the Bridgeman convention, besides disclosing the different names behind the relief work, and the purposes for which it was started, also revealed that the Federated Press, a labor press service, is controlled by the Communist Party of America, and that the Moscow associates.

The Loveston report also claims that the communist is the major force in the league in North Dakota and through their activities there defeated Governor McMillen and elected Governor Luther to the state in his place.

Radicals Plan for May Day is Signal for Police Raids

PITTSBURGH, Pa., April 27 (AP)—Squads of city, county and federal officers, armed with warrants sworn out by District Attorney Samuel H. Gardner, tonight raided the homes and meeting places of alleged members of revolutionary societies, who according to the authorities, had planned a big May day demonstration in Allegheny county. The district attorney said the raids would continue until every suspect was in the county jail.

STRIKE THREAT INCLUDES LONG LIST OF CLAIMS

PORTLAND, Ore., April 27 (AP)—The Portland local of the lumber workers' branch of the Industrial Workers of the World today announced that the strike called in this state for May 1, had been set aside and gave out a list of demands. The demands are:

The unconditional release of class war prisoners; the abolition of all piece and contract work; an eight-hour day from camp to camp; that the company furnish sleeping beds with clean linen at least once a week, that all Sunday work and overtime be paid for at the rate of time and one-half, and that no work be done on Sunday or overtime except when absolutely necessary; that all mail matter be allowed to come to camp without censorship of any kind; that all safety rules be strictly enforced; that clean and sanitary bath houses and dry houses be maintained in all camps; that all top bunk be removed; that employment of boys with clean linen at least once a week, that no fee or charge of any kind be made; that all persons handling foodstuffs in camps have their hands washed.

Lists "War Prisoners."

Specifically listed as "class war prisoners" are the names of:

The I. W. W. prisoners in Leavenworth prison.

The Centralia, Wash., prisoners who defied the army at Washington, Money and Billings.

Sacco and Van Zetti.

Ford and Burck.

Other "War Prisoners" are:

Original syndicalism inmates of state prisons.

The strike committee also sent out warning to bootleggers and gambling houses:

"You are hereby given notice to close up during the strike or drastic action will be taken against you," they read. "Other bootleggers, who are strikers to stay away from booze."

Pathetic Incidents Come to Light in Tenement Fire

NEW YORK, April 27, (AP)—Planes that suddenly exploded a five story tenement in East 19th street early today killed 12 persons, six of them children, and led to injury of more than a score of other tenants.

Two hours before daybreak Harry Vogel, from his home across the street, saw flames burst suddenly from every floor of the building. He called for fireman John Malone, and accompanied him through the flames to the second floor of the burning tenement.

Malone tried to drop a ladder to the sidewalk. Rusted with age, it stuck. A taxicab, driven by Manlio Priebman, a former pugilist, pushed through a crowd until it was directly under the burning building. A group of women and children were passed down the fire escape to the top of the cab and saved.

Meanwhile, on the top floor, the family of David Mandelbaum, painter, was trapped. Mandelbaum's son, Hyman, crawled with his father to the fire escape and was saved. Mandelbaum tried to go back for his wife and six other children, ranging in age from one to 16 years, but failed. Yesterday Mandelbaum had made

the last payment on a farm upstate.

In the apartment adjoining that of the Mandelbaums an entire family perished. Aaron Kuzis, his wife, their daughter, Bertha, 21 years old and their 18 year old son, David, were found dead on the floor near the open door.

Bertha was engaged to be married. She would have been saved but she went back to get her wedding dress. When her body was found a bit of scorched lace was clutched in one hand.

Mrs. Isaac Brownstein, who lived on the third floor, died in a hospital from burns.

At daybreak the fire was under control. In a Jewish synagogue next to the burned tenement, a rabbi appointed a committee to draft resolutions urging a law compelling landlords to provide modern fire escapes and condemning non-fire proof dwelling houses in thickly populated districts.

The origin of today's fire was not determined. Fire department officials attached no significance to the fact that the fire only a block away had cost the lives of 17 persons last October, had been kindled, apparently by a pyromaniac.

HUGHES PLACES COURT FIRST IN PLAN FOR PEACE

Secretary of State Offers Answers to Questions Touching Upon American Affiliation with Tribunal

WASHINGTON, April 27, (AP)—Participation by the United States in a permanent court of international justice was advocated tonight by Secretary Hughes in an address before the American Society of International Law as indispensable to any plan for the prevention of war and the promotion of peace.

"Whatever else we should have," Mr. Hughes declared, "we need at once a permanent court of international justice. No plan to promote peace can dispense with it. We shall make no progress toward the prevention of war if we adopt a perfectionist policy."

"These are the questions," he added, "in which I assume the citizens of the United States are interested: 'Is it a good thing to have an international court?' 'Why should we have a permanent court instead of a temporary arbitral tribunal?'"

"Is the permanent court of international justice established on a sound basis?" "Is there any reason why the United States should not support it?"

Court Makes for Peace

"First, why should there be an international court? The manifest answer is that there are controversies between countries which should be settled by a court."

"It is to the direct interest of the United States, with respect to the disposition of its own controversies that the best practicable method of judicial settlement should be provided. Every citizen knows that it is in the interest of domestic peace that we should maintain a tribunal by which controversies arising between any two states can be determined. It is equally essential to world peace that controversies not our own should be peacefully and impartially determined wherever that is possible."

"Second, why should there be a permanent court instead of temporary tribunals?"

"The principle of judicial settlement of international disputes has been applied from early times through arbitrators. It is a method of great value and I have no desire to underestimate it. We have had parties to more than 70 arbitrations and we have concluded a score of general arbitration conventions. Throughout its history the United States has consistently supported this sort of judicial process, but we have long realized that it leaves much to be desired."

On Sound Basis

"Third, is the permanent court of international justice, to which the president's recommendation refers, established on a sound basis?"

"The permanent court of international justice has been established under what is called a statute, of constitution which defines its organization, jurisdiction and procedure. In the preparation of this statute the council of the league called to its aid an international committee of the most distinguished jurists, among whom was Elihu Root. x x x The plan was considered and amended by the council and assembly of the league, but its main structure was retained. While the main plan was adopted by the assembly of the league, it could not be put into effect by the action of the league. It was necessary to have a special international agreement on the part of the states which were willing to accept it."

"The permanent court is thus an establishment separate from the league, having a distinct legal status created by an independent organization."

"Fourth, is there any good reason why the United States should not support the permanent court?"

An American Policy

"It is objected that it is not a world court. But in what sense is it not a world court? x x x The answer is x x x that about 48 nations have already signed the protocol, and if the United States adheres, there is every reason to suppose that participation by the other nations will be brought about. This should be our aim. x x x"

"Suppose we should now undertake to establish another world court? We could not establish it by ourselves; should have to prepare a plan and submit it to the other nations. We should need the approval of the nations who have already signed the other plan."

"Certainly we do not object that the disputes of others should be settled peacefully by similar methods. Then, as I have shown, the establishment of a permanent court has been an American policy because we have desired this essential improvement in judicial process in international relations. Political platforms have treated this as an American policy and not as a forbidden entanglement. If you

BRICKLAYERS at Work on Hotel Building at Longview, Washington, are Victims of Fatal Accident

LONGVIEW, Wash., April 27 (AP)—Five men were killed Thursday when a scaffold on which they were working fell from the roof of the hotel Monticello, under construction here.

The dead were bricklayers who came here from Oregon and Washington cities. A sixth workman escaped by grasping a portion of the scaffolding that did not fall. The accident occurred after the men had returned from lunch.

Inspection of the scaffolding revealed no reason for the break. The hotel is a six story building.

United States Commissioner at Los Angeles Orders Return of Three of Eight Indicted Sales Agents

LOS ANGELES, April 27 (AP)—L. H. Lathrop, E. A. McIntock and George W. Clarke, indicted by a federal grand jury in Idaho last February on charges of using the mails to defraud purchasers of land near Nampa, Idaho, appeared before a United States commissioner in removal proceedings here Thursday. Lathrop and McIntock waived hearings. Clarke was ordered held to answer to the charge in Idaho.

According to the indictment the three were officers of the Northwestern Investment company, a Utah concern, with an office in Pocatello, Idaho. Eight sales agents under similar charges are said to be in custody in Idaho.

Idaho Student Given Belgian Heroes' Medal

John W. Cramer, Hailey, Receives Croix de Guerre with Palm for Bravery in Battle

UNIVERSITY OF IDAHO, Moscow, April 27—The Belgian Croix de Guerre with palm was recently presented to John W. Cramer of Hailey, a senior in the University of Idaho college of law, by Colonel E. R. Chrisman, commandant of the university cadet corps, acting as representative of the Kingdom of Belgium. The war cross was awarded on June 1, 1922, for extraordinary bravery displayed Nov. 1, 1918, by Cramer, then a corporal in the 301st infantry, at Audenarde, Belgium. The Belgian Croix de Guerre with palm is the third medal to be awarded Cramer for his bravery at Audenarde. Feb. 7, 1919, the French Croix de Guerre was conferred on him and on Nov. 23, 1918, he was personally decorated with the Distinguished Service Cross by General J. J. Pershing. The official citation from the Belgian government follows:

"Corporal Cramer was a member of a patrol sent out to reconnoiter the town of Audenarde. This patrol discovered several enemy machine gun snipers posts, located in buildings, which were enfilading the streets of the town. With another soldier Corporal Cramer dodged from building to building and, entering one of the

houses containing a machine gun, captured two machine gunners." Cramer is president of the Bench and Bar association; a member of Phi Alpha Delta, honorary law fraternity; Square and Compass, honorary Masonic fraternity; and is vice-president of the senior class. For two years he was historian of the Idaho branch of the American Legion.

He was among the first men trained at Camp Lewis when that camp was formed. After spending ten months at Camp Lewis as a drill sergeant he was injured in bayonet practice and was in a hospital for five weeks. He went overseas with the 301st Infantry, landing in France July 20, 1918. He was wounded in action Sept. 20, 1918, in the Argonne offensive, and received his honorable discharge in May, 1919, at Fort D. A. Russell, Cheyenne, Wyo.

Following a review of the ceremony a review of the university cadet regiment was held.

INDIANA'S LAW ON MARKETING IS TO BE MODEL

Farmer Governor, After Vetoing Measure, Sets Commission to Work on Substitute to be More Acceptable

INDIANAPOLIS, April 27 (AP)—Governor Warren T. McCray, of Indiana, hopes that out of this state may come the model cooperative marketing law for farmers of the middle west. He vetoed a measure, known as the cooperative marketing act, which was passed by the Indiana legislature, recently adjourned, and now proposes a committee to draft a model cooperative marketing law.

Governor McCray owns and farms 5000 acres of Indiana prairie land and in explanation of his veto declared that the bill would hurt those intended to be helped. Half of the provisions of the bill were singled out by the governor as "objectionable," and furthermore U. S. Lesh, attorney general of Indiana, declared the bill, as a whole, unconstitutional.

The governor proposes a committee of practical farmers, agricultural experts, legislators and marketing men on a constitutional law to create the model law. He suggests that enough farmers be on this committee to give them the deciding vote.

Looks Beyond Act

"The farmers of the middle west," declared the governor, "now have a law first that is fair to them and I hope to have such a bill ready for the next legislature in time for everyone to have an opportunity to study it and know what it contains, so that they will not be surprised by the title as was the case in the one just vetoed."

"I am a farmer and I favor the principle of cooperative marketing, and I am fully satisfied that I know only too well some of the past experiences of the farmer, such as that with elevators a decade ago, with the wheat marketing movement that followed and with some so-called cooperative marketing agencies that seem to have disappeared after the farmer had paid his fee, and that he had to go to a farmer to know that farming has been profitable to some one other than the farmer."

"I firmly believe, if the drastic provisions of the proposed act had been incorporated into law, that true cooperative marketing would have been set back at least 20 years. As between the bill which might have been passed, organized under it, and the producers entering into the marketing contracts with such associations, there was no balance in favor of the former, and the obligations imposed. Three persons or more, according to the proposed law, might form an association with or without capital, and the producer entering into the association might be tied in for ten years, and everything he produced would go to the association for marketing."

Details Objections

"A farmer joining with an association and later failing to market all he produced thereby would be fined, but sent to jail. There was no limit to the amount of debts which the association might incur, and for the payment of which the members of the association might be made liable. On the other hand, there was no obligation imposed on the association to account to its members for the proceeds of their just and equitable share of any profits that might be derived from the sale of their products. Anyone new in business dealings with farmers, who could not act under the proposed law, even offer to buy the products of a farmer who belonged to an association without being subject to jail."

Apparently Governor McCray's program for drafting the model law will not have the support of the Indiana Farm Bureau Federation, which backed the bill he vetoed. President W. H. Settle of this organization has announced that he would not confer with the governor, or arrange for drafting a model bill. He said he was "disgruntled" by the veto. He said the bill had the approval of recognized national farm bureau men.

CANADIAN GROWERS SEEK DUTY ON AMERICAN FRUIT

OTTAWA, Ont., April 27 (AP)—A plea of the Niagara Peninsula Fruit Growers association for higher duty on fruit from the United States is based upon the premise that the public's appetite for fruit has increased rapidly before the Ontario crop ripens, and that the home-grown crops of strawberries, peaches and cherries are therefore thrown upon a limited market. It is probable that the minister of finance will send a representative to the Niagara fruit belt to discuss the situation with the fruit growers. It is argued by the Niagara association that hundreds of carloads of early California and Florida fruit invade the Ontario markets long before the domestic crop is ready to sell. As a result of this early satisfying of the demand for home-grown fruits has been absolutely declining. The growers want a duty high enough to make the price of United States early fruits virtually prohibitive.

CONSTRUCTION IS BEGUN ON \$2,000,000 PROJECT

Sale of Bonds Issued is Followed by Work on Arizona Dam Designed to Pay Own Cost by Sale of Power

PHOENIX, Ariz., April 27 (AP)—After the recent sale to a banking syndicate of a \$1,800,000 bond issue voted in January, actual construction work has been started at the site of the new Mormon Flat dam near here. The work is designed to enlarge and stabilize the hydro-electric power system which its sponsors declare is unique in the history of power production, unique in that the hydro-electric power, although a by-product of an irrigation project, is rolled up on to pay virtually the entire cost of the project.

When the federal government built the Roosevelt dam on the Salt river in Arizona, under an agreement which binds the landholders to pay the costs in installments extending until 1937, the power possibilities of the dam were considered of secondary importance. But already the Salt River Water Users' association, the organization of farmers under the dam, has found the income from power to be a big help in meeting payments to the government.

Under the present arrangement, however, as the power is impounded essentially for irrigation, power can be generated only when water is being drawn out of Roosevelt lake for irrigation purposes. The Mormon Flat project has been worked out to make possible continuous large scale power generation at Roosevelt. The project involves the construction of a 160 foot dam at Mormon Flat, 27 miles below Roosevelt, to catch and hold for irrigation purposes the water released from Roosevelt in the generation of power. The plan includes the raising of the spillway and the installation of additional generators.

Use of Battleships Against Smuggling Fleet is Planned by Administration

WASHINGTON, April 27 (AP)—A plan to use the navy against the rum smuggling fleet off the Atlantic coast has been worked out by the administration. It was said at the White House today and will be put into effect if the president is found to have the necessary legal authority.

The department of justice has been asked for an opinion as to whether the president has power to declare an "emergency" and use the armed forces of the government to curtail the operations of the rum smugglers. An announcement of the decision will be made later. The department has been requested to check the operation of the rum smuggling in the London government seek its assistance in preventing ships flying the British flag from engaging in the liquor traffic between foreign ports in the United States. The cooperation of the Canadian authorities also has been requested. Prohibition Commissioner Hayes for some time has been urging that the navy be utilized to stop the operation of the rum fleet.

TWIN FALLS AND RUPERT DIVIDE HONORS AT MEET

Interscholastic Records Get Bump when Alvord Makes 220 Low Hurdles in 27:1, and Long Runs 220 in 22:2

Twin Falls and Rupert divided honors in the south central Idaho district track and field meet held at Filur Friday afternoon, each team scoring 31 points. Burley was second with 23, and Jerome third with 18.

Two interscholastic track records received a bump when David Alvord, Twin Falls, ran the 220 yard low hurdles in 27:1, tying the state record. Long, of Rupert, made the 200 yard dash in 22:2. This, it is believed, is a state record, with the world's record in this event being 21:4, made by Paddock.

Long, of Rupert, led in individual scoring with 16 points, besides coming in first in the relay. Turley of Jerome scored 13 points for his team, but failed to score in the relay.

Total points scored by each of the participating teams follow: Twin Falls, 31; Rupert, 31; Burley, 23; Jerome, 18; Filer, 12; Bush, 5; Richfield, 5; Wendell, 4; Rhoshone, 4; Bliss, 1; Hagerman, 1; Castleford, 0.

In the 100 yard dash Turley, Jerome, Long, Rupert, Aman, Filer, and Alvord, Twin Falls, ran the distance in 10 seconds flat, the finish being so close that a consultation had to be held by the judges before the winner was declared. The results in this event according to the judges were: Turley, first; Long, second; Aman, third.

In the 50 yard dash Turley, of Jerome, under the tape first, with Long second and Aman third. Time, 5:2.

The half mile event went to Hockaday, Rupert, in 2:08:1. Bill of Twin Falls, took second place, and Gribble, Hagerman, was third.

Raises High Jump Mark Ringert, Buhl, took the running high jump, clearing the bar at 5 feet 4 1/2 inches. This was three and one-half inches better than the record made at Burley last year. Times: 22:2. Twin Falls, took second and J. Griffith, Burley, made third.

Long took the 220 in handy fashion with Turley, Jerome, second, and Hash, Wendell, third. Times: 22:2. Tridmore, Richfield, made the only counter for his school by clearing the bar in the pole vault at 10 feet. Blinckorn, of Wendell, was second, and Canine, Burley, third.

Stone, Rupert, made five points for his team when he ran first in the 440 yard dash in 53:1. Wolf, Burley, took second with Patz, Twin Falls, third.

As was expected, "Big Bill" Korshinek of Burley took first in the shot put, heaving the ball 41 feet 6 1/2 inches. Lorien Jenkins, Twin Falls, took second with 39 feet 7 inches, and Jones, a young giant from Rhoshone, took third.

Frank Powers of Twin Falls had things his own way in the 120 yard high hurdles, taking first place, with Griffith, Burley, second, and Charley Diehl, Filer, third. Time: 18:1.

Long went 19 feet 10 1/2 inches in the running broad jump, with Alvord, Twin Falls, second with 19 feet 6 1/2 inches. Timm, Filer, was third with 19 feet 5 1/2 inches.

In the javelin throw, Smith, Jerome, took first place with 137 feet 5 inches. Schaeffer, Filer, picked second with 137 feet 4 inches, and Murray, Twin Falls, registered a point with 127 feet 1 inch.

Alvord and his record of 27:1 took first place in the 220 low hurdles, with Canine, Burley, second, and Powers, Twin Falls, a close third.

Jenkins Pulls UP Score One of the bright spots of the field events was the throwing of the discus by Larin Jenkins, Twin Falls, with his team four points behind Rupert, but one throw to go, he threw for a distance of 108 feet 30 inches, taking first place, and putting his school in the lead.

Jones, Rhoshone, with 104 feet 3/4

Dead at Birth, Life Restored by Adrenalin

Official announcement has been made at the Ann May Hospital, in Spring Lake, New Jersey, of the case of a baby, born seemingly dead, which was revived by four injections of adrenalin into the heart muscles, after every other known method had failed. The announcement was withheld for two weeks, in order to ascertain if the baby would live. The child, a girl, was born prematurely to Mrs. James Miller, of Belmar, New Jersey, and was declared dead. Artificial respiration failed and adrenalin was injected into the heart, which showed slight action. In five minutes there was another injection and then a third. The child functioned normally during the night, but next day "died" again. Again adrenalin was injected and the heart action restored. The child "came back," is now improving rapidly and will live. Adrenalin is taken from the precranal glands of pigs.

inches, took second, and Reeves, Twin Falls, with 102:1, took third.

Reay, Filer, winner of last year's mile run, repeated, taking first place in easy fashion, with G. Griffith, Burley, second, and Patterson, Bliss, third. The judge for third place was missing during this event, and no one seemed to know who had won third in this event, as Witham, Twin Falls, was neck and neck with Patterson at the tape. Time: 5:02.

The relay proved to be one of the fastest ever seen in this section, with Long, Rupert, and Alvord, Twin Falls, running the last lap in an pretty a race as was ever seen on the cinder paths.

In this race Beaver got away to a bad start, but Bice picked up quite a few feet for the blue and white when Patz relieved Bice. Twin Falls was still a trifle behind, but the speedy Alvord soon filled the gap, and the last 200 yards was neck and neck between the Twin Falls star and Rupert's mainstay. Alvord took a slight lead at the last lap, but Long forged ahead in the last 20 yards, winning by inches. The time in this event was 1:47. Burley was third in the relay.

Filer Loses Stars. Filer, who had been figured on as a possible contender, scored 2 points, as its two star men, Timm and Aman, had to fall out owing to sickness. Timm had been in bed three days prior to the meet, with Aman also cheating the doctor.

After the meeting, with both Twin Falls and Rupert tied for honors for first place, the referee tossed a coin for first and second cups, Rupert winning the cup for first place with Twin Falls having to be content with second.

A feature of the meet was the playing of the Twin Falls high school band between the different events. A crowd that filled the large grandstand was in attendance.

DISCREDIT MURDER IDEA

Salt Lake Authorities Boris Views on Death of Miner Found Dead, but Hold Companions at Party

SALT LAKE, April 27. (AP)—Although police detectives said tonight they discredited the theory that Jack Beaky, a miner, who was found dead in his hotel room here today, had been murdered, eight persons, including three women, were being held pending an investigation. The arrests were made late today. A bruise on Beaky's head and the fact that his neck was discolored led J. J. Galligan, city physician, to believe that he had been hit on the head with a blunt instrument and then strangled. After a further examination the physician said he believed death was due to alcoholic poisoning. All of those held in connection with the case tonight denied that Beaky had been murdered. The eight are alleged to have participated in a party said to have been held in Beaky's room last night.

Artistic Faculty. "There is beauty in the moral world and in the intellectual world; but there is also a beauty which is neither moral nor intellectual—the beauty of the world of art. There are men who are devoid of the power of seeing it. There are others in whom it is in overpowering passion; happy men, born with the productive, or at least, the appreciative, genius of the artist. But in the mass of mankind, the aesthetic faculty, like the reasoning power and the moral sense, needs to be aroused, directed, and cultivated; and I know not why the development of that side of his nature, through which man has access to a perennial spring of ennobling pleasure, should be omitted from any comprehensive scheme of university education.—Huxley.

HERRIN INQUIRY TOUCHES TRUCE

Events Immediately Preceding Massacre of Non-Union Miners are Reviewed

MARION, Ill., April 27. (AP)—How events were made to perfect a truce the night before the outbreak and after three union miners were shot was told the legislative committee investigating the Herrin riots by witnesses today. William Warden, a lawyer, said that late that afternoon he went to the office of the Greater Marion association and heard Colonel Sam Hunter, personal officer on the staff of Assistant General Carlos S. Black, report to General Black over the telephone that two union miners had been killed and another wounded at the mine operated by W. J. Lester. The witness said that Hunter told Black that he had been unable to get in touch with Sheriff Levin Thaxton and that the local officials had done nothing. He said he did not hear Hunter make any request for troops, but that later Hunter telephoned C. H. McDowell, superintendent at the mine, that he should agree to close the mine and put up a flag of truce and that McDowell agreed. Hunter then tried to reach Hugh Willis, executive board member of the Illinois Mine Workers at Herrin, and could not get him but talked over the telephone with Fox Hughes, vice president of sub-district No. 10, the witness said, and told him of the truce arranged with McDowell. Judge Tails of Parley. Judge D. F. Hartwell testified that he had met Hugh Willis the same evening in Marion and had gone with him to the office of DeLois Dutz, state attorney, where they found Sheriff Thaxton. Willis, according to Judge Hartwell, said that he had been informed that Lester had agreed to close the mine and told the sheriff he was willing to go out there with him and disperse the crowd. He said it was decided before he left the office shortly after midnight that Colonel Hunter and the sheriff were to go out to the mine early the next morning. When the party finally reached the mine, they found that the non-union workers had been taken out by the mob and the mine cars and buildings were on fire. Twenty-three of the non-union men were slain shortly afterward. While the truce conference was tak-

ing place in the state attorney's office in Marion the night before, Attorney Warden testified that a mob filled the square.

Policeman Saw Armed Men. W. A. Thornton, a former Marion policeman, testified that on the night before the killings he had seen eight automobiles loaded with armed men pass through Marion. Questioned regarding his failure to report happenings that night, the witness said he had all he could do to keep the peace in Marion.

GROWERS' SALES OF STOCK RUN INTO BIG SUMS

Co - Operative Commission Firms Selling \$100,000,000 Worth of Cattle, Hogs and Sheep Annually

CHICAGO, April 27 (AP)—Eight producer-owned and controlled, cooperative livestock commission firms are selling cattle, hogs and sheep at the rate of \$100,000,000 annually, according to G. Brown of the National Livestock Producers' association, said in his quarterly report to the board of directors, made public today.

The Producers' Co-operative Commission association at Buffalo, N. Y., the report said, handles 15 to 20 per cent of the livestock sold on that terminal market; the Chicago Producers' Commission association handles five to eight per cent of the livestock on that market; the Port Worth Co-operative market handles 40 to 50 per cent a week; that at Indianapolis handles from 25 to 35 per cent of the market sales; the one at Kansas City 50 to 60 carloads a week; that at St. Louis has increased its business 123 per cent in one year, and the Peoria, Ill., market is handling 35 to 50 carloads of livestock weekly.

The report said the associations have a membership of nearly 100,000 livestock producers.

In an address to the board of directors, O. E. Brundage, president of the American Farm Bureau Federation, said that the time has arrived for the American farmers to cooperate in marketing their products and asserted that the livestock market is only one phase of this cooperation.

MORSE DEFENSE SEES RED TAPE

Alleged Irregularities in Ship Deals Explained on Grounds of Inefficiency

WASHINGTON, April 27 (AP)—The question of the eligibility of one of the jurors sitting in the Morse case in the District of Columbia supreme court was eliminated today and the trial of the issue on its merits went forward. Counsel for the defense concluded their opening statements to the jury and it was announced that the introduction of evidence by the government would begin Monday.

Decision to go ahead with the case with the jury as originally constituted was reached at a continuation of conference between counsel and Justice Stafford.

In concluding his statements to the jury, Attorney Rockwood of New York, of defense counsel, declared the government "should not try to work any vengeance, or present ideas that are beyond the pale of an honest administration of the criminal law."

Mr. Rockwood declared that the defense in relating the dealings between Morse and his sons with the Emergency Fleet corporation, concerning ship contracts, would show a systematic mass of obstruction and red tape; an absence of co-operation in forwarding the ship-building program and an "accumulated mass of progressive inefficiency in the departments of that corporation, such as in my judgment never were discussed before."

Counsel asserted also that the defense would offer evidence that "accounts were jumbled because high officials" tried to prevent progress payments to the Morse shipyard.

Referring to the government charge that the defendants furnished untrue facts to William G. McArdoo, former secretary of the treasury, and counsel for Morse, they were made the basis for a written statement to the shipping board, Mr. Rockwood declared Mr. McArdoo "did not know the facts, as presented to the board by him, were true."

Aitken's order follows:

"To all commanders and independent brigades:

"Suspension of offensive: In order to give effect to the decision of the government and army council embodied in the attached proclamation you will arrange a suspension of all offensive operations in your area as from noon Monday, April 30.

"You will insure that whilst remaining on a defensive all units take adequate measures to protect themselves and their munitions."

I. W. W. STRIKERS

(Continued From Page One)

Oregon and Washington have been affected by the strike and approximately 10 per cent of these have suspended operations for the present. Only three mills in Washington have left the strike order, according to reports of employers.

"The Oregon capital it was announced that machine gun crews and gas hewitzer squads of the national guard, with expert riflemen would be transported to any point in the state whose local civil authorities were unable to handle the situations arising from the strike.

Six hundred oil workers had quit work tonight at Long Beach, Huntington Beach and Santa Fe Springs, Cal., in a sympathetic strike in support of the 1800 longshoremen already out in the Los Angeles harbor district, and 500 members of the Federation of Marine Transport Workers were reported to have voted to join the I. W. W. walkout tomorrow.

Strike Leader Arrested

Meanwhile, police took into custody J. B. Childs, said to have been sent here from New York to direct the strike in this territory.

Crews of several lumber steamers arriving from the north left their ships when they docked at Los Angeles and the work of unloading the vessels was held up while new crews were being sought.

BIDS ASKED ON MERCHANT FLEET

Administration Makes Final Effort to Convey Fleet to Private Ownership

WASHINGTON, April 27 (AP)—The administration's final effort to convey the government fleet to private ownership and operation was taken today when the shipping board invited bids on all the passenger and cargo ships on its register.

A basic condition was that each offer must carry with it a guarantee to maintain one of the present government routes or some new route acceptable to the board.

Announcement was made at the same time that the existing routes had been consolidated so as to reduce them to 18 which would be given first consideration in any plan touching on the operation of an American merchant marine. The regrouping was decided upon both as a measure of economy and to give operators a wider latitude in accepting freight.

The board's announcement set no minimum below which an offer would not be considered or on the period of maintenance, but it was said that both the route and the period of guarantee would be strictly insisted upon.

The bidders will be asked to specify by May 28 the ships he desires to purchase, the route he prefers to maintain, to set forth in detail his ability for guaranteeing adequate service, and finally to give the "character, frequency and extent of service." So far as possible, bidders will be asked to select ships now in operation, and the routes upon which they are in service, but permission will be given for selections also from the laid-up fleet, and for transfer of ships now in operation to other routes.

CARSON'S MOVEMENTS TRACED

LOS ANGELES, April 27 (AP)—Jesse C. Carson, accused of helping Mrs. Clara Phillips, hammer murderer to escape from the Los Angeles county jail, and now believed to be in custody with her and another woman in Teeguigalpa, Honduras, was away from home the night of the jail break, according to information given the district attorney's office today.

Carson told friends in Hyde Park, a suburb, Deputy District Attorney Keyes said he had been informed, of the jail break before newspapers arrived there with accounts of the escape. Carson was said to have declared Mrs. Phillips had gone to Mexico and that the authorities never would find her.

"The authorities failed today" in an effort to locate Mrs. Etta May Jackson, a sister of Mrs. Phillips. Another sister, Miss Olla Weaver, declared she could make no statement concerning Mrs. Jackson's whereabouts.

REQUISITION DATA DELIVERED

SACRAMENTO, Cal., April 27 (AP)—Under Sheriff Eugene Biscaglia of Los Angeles county, accompanied by Deputy District Attorney William Clark, arrived today with papers which will enter into preparation of the state's requisition for the return to Los Angeles of Mrs. Clara Phillips, escaped hammer murderer.

Biscaglia said as soon as the requisition papers are prepared, an agent would be sent to Teeguigalpa to make positive identification of the woman held, who is believed to be Mrs. Phillips.

It was said two or three days will be required to prepare the requisition papers here.

shooting. They said at least a score of shots were fired.

Boy Is Solo Survivor

Only one person in the death room, a 14-year-old boy, whose name was not learned, escaped.

When the first shot was fired Mrs. Pope's body slid from the bed where she was sleeping and fell across him as he lay on a pallet on the floor. The boy told officers he remained quiet until the work of the assassins was completed and they had left. He then examined the bodies of the other five persons.

The only one still living was the Pope baby. He said he took the boy in his arms and started to a neighbor's house, but realized before he had gone far that the bullet follow had killed. He then returned to the house with the body.

Outing Clothes—Be Prepared

Tweed Suits \$25.00

COAT—KNICKERS—SKIRT—3 PIECE

Just what you've wanted—a Knicker Suit with skirt to match—made of the same fine, high grade, all-wool tweed that's made our sport suits the popular thing. Tan, heather and grey mixtures, finely tailored, fit beautifully, coat and bloomers made full in length and width; not skimpy anywhere; sport patch pockets. It looks dressy and it is fit for the hardest wear.

Knicker Suit \$18.75

The same suit as the three-piece—Knickers and Coat. The same quality of cloth we sold so many last year at one dollar per suit more money. New, this season's added features and styles—\$18.75.

Wool Jersey Jackets \$5.00 to \$9.75

The trouble you often find with jersey jackets is in the fit. **These fit!** With fancy check or mixed tweed knickers these jackets in red, black, navy and green make very attractive and practical outfits. Many prefer them to matched suits, and they certainly are reasonable. Ladies' and Misses' sizes to 44; Child's, 6, 8 to 14 years.

"Knickers" \$5 pr. to \$12.50 pr.

Every outdoor occasion requires them nowadays—so much more freedom and comfort, so much more modesty.

BETTER NOT SAY IT
Bad news travels faster than good news. There is an old saying, "No news is good news."

How thoughtlessly unkind we sometimes are when acquaintances of ours suffer misfortune! Troubles are bound to come to us all in some shape or form, and what we say about others today may apply to us tomorrow.

More charity for others will mean charity for ourselves and we will gradually come to take a keener delight in reporting something good of some person than something bad.

TOO MANY LAWS
Senator Ferris, of Michigan, stirred up the animals with a suggestion that legislatures everywhere go out of the lawmaking business for the next 10 years.

The fallacy of this proposition is that it defies the human instinct to be creating something. Also, in spite of comical remarks to the contrary, the fact remains that occasions are continually arising that make new legislation necessary.

SEE WHAT THE KIDS DID
The savings bank division of the American Bankers' association reports the interesting fact that American children in the last year increased their capital savings by almost \$4,000,000.

all deposited in savings banks in the schools, and representing the thriftiness of 1,543,906 boys and girls. The grand total of such banked savings of school children in this country is more than \$15,000,000, something to make father open his eyes. It is true that the average savings of each child works out at \$2.10, but even so, that more than a million and a half of children can each save that much in a year, thus cheating the soda counter and pop merchant, is a staggering and most significant fact.

The Light of Western Stars A Romance By Zane Grey Illustrations by Irwin Myers

"Hello, Flo. Where is she?" he called, eagerly. With that he looked over her shoulder to spy Madeline. He actually jumped at her. She barely knew the tall form and the bronzed face, but the warm flash of blue eyes was familiar. As for him, he had no doubt of his sister, it appeared, for with broken welcome he threw his arms around her, then held her off and looked searchingly at her.

"Well, sister," he began, when Florence turned hurriedly from the door and interrupted him. "Al, I think you'd better stop the wrangling out there."

"By George! I forgot, Flo. There is a little business to see to. Keep my sister in here, please, and don't be fussed up now."

"Dear Old Girl," he said, "you haven't changed at all, except to grow lovelier. Only you're a woman now, and you've fussed the name I gave you. G-d! How mighty you bring back home! It seems a hundred years since I left. I missed you more than all the rest."

Periodic Causes of Unemployment Following Prosperity Treated in Report of Business Cycles Committee Named By Hoover

HERBERT HOOVER

Employer and labor leader, social worker and manufacturer, have sat together, studied the causes of periodic business depression and unemployment, and have made a joint report to the effect that common sense and informed judgment during business booms can minimize, perhaps eventually eliminate, the disastrous slumps which in the past have followed great waves of prosperity.

It seemed to her that a long, stored-up bitterness was flooding her. It hurt her to see him—hurt her more to hear him. And in the succeeding few moments she grew closer to him than she had ever been in the past.

CHAPTER III

Then Madeline returned to the little parlor with the brother whom she had rarely recognized. "Majesty!" he exclaimed. "To think of your being here!"

"Dear Old Girl," he said, "you haven't changed at all, except to grow lovelier. Only you're a woman now, and you've fussed the name I gave you. G-d! How mighty you bring back home! It seems a hundred years since I left. I missed you more than all the rest."

"How suspicious you are! I'd forgotten just who my beautiful sister really is. Majesty, you're not going to ask me to take money from you?"

"More than you think. Even if we are lost here in the woolly West we get news. Everybody knows about Anglesbury. And that Duke duke who chased you all over Europe, that Lord Castleton has the running now and seems about to win. How about it, Majesty?"

Season's Highest Average Reached

With both maximum and minimum temperature being unusually high an average of 60 degrees is being reached on the warmest day this spring.

High mark was 71 and low was 40 degrees and although neither was quite a few other days they were both above the average.

Temperatures have been on the upward trend for the past 10 days and farmers are hoping the weather will continue warm and lowered temperatures at this time would result in serious damage to the fruit blossoms.

FRENCH CONSUL QUILTS SIBERIA

Follows Precedent Set by America and Britain in Leaving Soviet Far East Capital

TOKIO, April 27, (AP)—The French consul at Vladivostok has decided to follow the precedent set by the American and British consuls and leave the soviet capital of the far east, it was officially announced here today.

It was also reported that the Vladivostok branches of the Yokohama Specie bank and the Hong Kong and Shanghai Banking Corporation will change their officials depart for Hong.

The French consulate and the banks claim that it is impossible to carry on their functions owing to soviet regulations. Details of the objectionable regulations were not given.

Cable dispatches from the Far East yesterday announced the closing of the American and British consulates at Vladivostok.

It was reported, unofficially that the reason for the closing of the American consulates was that the soviet officials had insisted Washington request Moscow to extend governmental recognition to the American officials.

VICE-CONSUL Edward B. Morris, stationed at Chita, was reported to be preparing for departure.

URGES STRIKE OF BUYERS

Senator Capper Would Reduce Consumption of Sugar and Send 'A Few Profitless' to Jail

KINGSLEY, Kansas, April 27, (AP)—Declaring that "probably 25,000,000 homes are being robbed daily by this colossal holding in sugar," United States Senator Arthur Capper of Kansas advocated today the use of a buyers' strike, and the sending of "a few profitless" to jail as a means to lower prices.

His remarks were part of an address before the Southwestern Kansas Editorial association, in annual convention here.

Commenting the recent action of the American consulates in seeking an injunction closing the New York office and sugar exchange to all operators not in actual possession of commodities said, Senator Capper said:

"The profiteers seem to be as thick as tick in this country as they were during the war."

Senator Capper strongly opposed the rail consolidation scheme now under consideration, saying that such a step would remove terminal markets from the middle west.

REFUSES TO NAME GIRLS

Attorney Claims Privilege When Interrogated by Jury Probing House of David Immorality Charges

ST. JOSEPH, Mich., April 27, (AP)—Walter Nelson, Detroit attorney, who is suing and being sued by the House of David, refused today to furnish to the grand jury investigating the cult the names and addresses of girls who are said to claim they were criminally assaulted by "King" Benjamin Purnell, head of the colony.

Mrs. John Hansell in their \$80,000 suit against the cult in federal court at Grand Rapids last week, is attorney also for the Bamford sisters, who are suing Purnell for \$100,000 each for alleged improper relations, and is also defendant in a \$150,000 slander suit brought by the House of David.

Nelson told the grand jury that the names and addresses came to him from clients and were therefore privileged communications.

Judge Dingenman adjourned the hearing late today and Tuesday after issuing more than a half hundred subpoenas for additional witnesses.
