

CANADIAN GIRL GOES TO DEATH DENYING CRIME

Mrs. Florence Lassandra, 22, Following "Emperor Pic" on Gallows, Accuses Him of Double-Crossing Her

PORT SASKATCHEWAN, Alberta, May 2 (AP)—Emilio Piccirillo, "The Emperor Pic" in the rum running fraternity of Crow's Nest Pass, and 22-year-old Mrs. Florence Lassandra, his confederate in crime, were hanged at sunrise in the Port Saskatchewan jail today for the murder at Coleman last September of Steve Lawson of the Alberta provincial police.

The girl, whose presence with Piccirillo often saved him from the bullets of gallant troopers who would not fire on a woman, died protesting that the "emperor" had double-crossed her.

"Die, he died and he'd died," she wailed as she stood on the scaffold, gazing with wild eyes on her last sunrise. "I never did any harm to a being in the world. Isn't there anybody here that has any pity?"

Arrives on Prohibition.

The "Emperor Pic," who rose on the crest of provincial prohibition from humble junkman and peanut vendor to a place of wealth and great influence in his community, was nabbed there to hour her charge. Summoned first, he had mounted the scaffold at 5:15 o'clock, accompanied by Father Fidielis, Franciscan friar to the little Roman Catholic parish, and the vicar of the village church that stands near the prison gates.

"You are hanging an innocent man," he said as he was placed over the trap.

A moment later the trap was sprung. At 5:25 he was cut down and Dr. E. H. Mooney, the jail physician, pronounced him dead.

Mrs. Lassandra, white and slinking, but maintaining her composure, was summoned to the scaffold at 5:51 o'clock.

Moots Death Quietly.

She wailed her protest and her accusation, then became quiet and admitted meekly as the noose was adjusted and the cap drawn. Just before the trap was sprung she murmured that she "forgave" everybody.

Mrs. Lassandra did not give up hope of clemency until last night. Then word was brought to her that the cabinet council sitting in Ottawa all day yesterday considered her case for the sparing of her life, had decided it could not interfere.

Grinds from the provincial police barracks were patrolling every entrance to the prison grounds, with loaded carbines, ready to brush with possible rescuers.

Takes Soldier for Model.

The night passed quietly, however, and just before dawn Mrs. Lassandra

Paid Father Fidielis, "I'll go to the gallows like a soldier."

Down in the village a cock crowed. The chorus was taken up in a score of barnyards. A moment later the doomed pair heard the crunch of heavy heels on the gravel walk before the barred doors of the death house. It was the hangman and his assistants, come to conduct them to the scaffold.

BOY CHOIR'S REHEARSAL COST CHILDREN LEGACY

NEW YORK, May 2 (AP)—Rehearsal of the boy choir of the exclusive Fifth Avenue Episcopal church of St. Thomas caused the transfer of a society woman's bequest from a home for incurable children to a memorial hospital for the Society for the Prevention of Cruelty to Animals. This became known Wednesday when it was learned that Mrs. Sidney Marie, wealthy broker's wife, had visited the police yesterday and complained of the choir's rehearsals.

MARY PICKFORD DEMANDS WAGE EQUAL TO CHAPLIN'S

NEW YORK, May 2 (AP)—Professional jealousy of Charles Chaplin caused Mary Pickford to demand \$10,000 a week in 1917, after she learned the comedian was drawing a salary of \$600,000 a year, it was declared today by Samuel Goldwyn, formerly head of the Goldwyn Pictures corporation. Mr. Goldwyn testified before the federal trade commission when it is seeking to determine if the Paramount interests control the motion picture industry.

KITCHEN TAKES REST CURLE

NEW YORK, May 2 (AP)—Representative Charles Kitchin, former minority leader in the lower house of congress, is at a hospital here taking the "rest cure," it was learned today. His condition is declared to be not serious.

NO EXCEPTIONS MADE TO BAN ON LIQUOR IMPORTS

Government Decrees Rigorous Interpretation of Prohibition Law Shall Be Made Effective in All Respects

WASHINGTON, May 2 (AP)—The American government, taking a positive position with regard to the transportation of liquor into territorial waters of the United States, decreed today that the rigorous interpretation of the prohibition law given by the supreme court shall become effective June 10. Secretary Hughes was requested by the treasury to communicate notice of the decision to all foreign governments. The treasury, which has jurisdiction over all prohibition enforcement, suggested that the state department advise foreign governments that all ships entering the three-mile zone are to be subject to the new application of the law without exception and that no further pronouncement may be expected from this government regarding the effective date.

Hughes on Sure Footing.
Secretary Hughes was said to regard the position of the American government as sound and with plenty of precedents establishing the rights which it has assumed. There were, on the other hand, some government officials who believed the United States could not fail in the interest of international comity, to take notice of protests by foreign governments if they are made of Washington embassies and legations of practically all maritime powers of the world have advised their home governments of the court decision.

While state department officials are of the opinion that the decision has in no way infringed upon treaties with foreign governments, it is well certain that the foreign powers will accept that view. Some diplomatic quarters have it known that limitations imposed by the treaty provisions, particularly in trade agreements guaranteeing equality of treatment to shipping.

Puts Diplomacy to Test.
Treasury officials are acquainted with the extreme delicacy of the situation, it was asserted and the inference drawn that unusual care will be used in drafting the regulations carrying the court decision into effect. The treasury statement mentioned that consideration must be given to the rights of foreign governments under international laws and treaties as well as the rights of our own citizens.

JOHNSON BEATS YANKEES 3 TO 0

Veteran Pitcher Hurls Three Hit Game and Scores First Shut Out of Season

WASHINGTON, May 2 (AP)—Walter Johnson held the Yankees to three scattered hits today and scored his first shutout of the season, Washington winning, 3 to 0. The veteran twirler displayed his old fire form, working smoothly in pitches. The contest was the fourth consecutive major league

WILD THROW BEATS REDS.

CINCINNATI, May 2 (AP)—A wild throw to second base by Bohne, with a sure double play in sight which would have retired the side scoreless, gave Chicago a ninth inning, 2-to-1 victory over Cincinnati today, evening up the series of four games. Until the ninth inning had the visitors blanked.

WHITE SOX WIN ANOTHER.

CHICAGO, May 2 (AP)—Elam Van Gilder allowed only four scattered hits but his wildness, coupled with daring base running on the part of Johnny Mottel, and some good support, enabled Chicago to defeat St. Louis, 4 to 2 today. Charley Robertson pitched in fine form.

ROMMELL WINS FIRST GAME.

BOSTON, May 2 (AP)—Boston tonight Philadelphia today, but triples by Perkins and Galloway, together with errors by Fawcett and Burns in the first inning gave the visitors four runs and they eventually won, 4 to 3. It was Rommell's first victory of the year.

Barnstormers Tie Score with Nampa

Garrity Pulls Twin Falls Team Out of Hole; Darkness Stops the Game

NAMPA, May 2.—(Special to The News)—Twin Falls high school tied with Nampa, by a score of 11-11 in the first game of the series here this afternoon. The game was called in the ninth inning on account of darkness.

At the end of the third the score was 10-0 in favor of Nampa, at which point Evans took Jagan out and put in Garrity. Three Nampa pitchers were knocked out of the line in rapid succession, and from this point Twin Falls crept steadily toward with the Nampa team gaining but one further run. Nampa was first down when Slim Hammond hit a three-bagger, tying the score. Garrity's pitching was a feature of the game.

SCOTT SHARES HONORS WITH JOHNSON AT GAME

WASHINGTON, May 2.—(AP)—Walter Johnson, Washington's veteran, in shutting out the New York Yankees today, 3 to 0, pitched his 100th scoreless game as a major leaguer—and did it on the day Everett Scott, Yankee shortstop, was playing his 100th consecutive major league game.

Scott was the center of attraction; Johnson the hero of the game. All of the 8,000 fans at the American league park knew Scott had already participated in 999 straight games. Few of them realized, however, that their pitching idol had scored 99 shutouts since joining the Washington team in 1907.

Ceremonies had been planned in honor of Scott. Before the game, the two teams lined up at the home plate while Scott, escorted by President Rip Johnson and accompanied by the marine band, marched between the line of players to Secretary Denby, who pinned a gold medal on the New York player in honor of his record. Later a delegation of admirers from Scott's home town, Bluffton, Ind., presented him with a horseshoe floral wreath. Scott long ago shattered the record of both leagues for playing in consecutive games and Johnson had passed the mark of scoreless victories of pitchers in the majors.

BALL FIELD TAKES SHAPE

MATTISON AND BAILEY TO OPEN CUE TOURNEY

Tom Entrants on Ties for Beginning of Three Cushion Billiard Matches; Double Elimination Required

Frank Mattison and Bill Bailey will open the three-cushion cue tournament which will start at Macauley's billiard parlor Monday evening.

The second game of the evening will be between Goldwater and Sam Kayler.

On Tuesday evening Epler and Larson will tangle in the first game, with Logan and Toolson fighting it out in the second game.

Wednesday night "Troy" Bracken will take on the one and only "Doc Snook" in the opener, and the two winners of the Monday night game will play the second meet.

Thursday night the two losers of the Monday night games will open the series, thus eliminating one of the sharpshooters. The second game of the evening will be played by the two winners of the Tuesday setts.

Only one game will be played on Friday and that will be between the two losers of Tuesday night's games, which means that some one else will give up the chance of winning the concrete trophy.

For the second week the dope will be figured from the results of the first week's play, and it has been suggested that a genius with a superhuman mind help arrange the last week of play.

Twenty-five points will be placed each evening in the game, and all contestants will be allowed to talk or kid their opponents. This has been done to allow some of the contestants who are in the habit of kidding the boys out of the games to employ the same tactics during the tournament.

In case a triple tie should result at the end of the schedule, the three contestants will draw for a bye. The first two playing 25 points, and winner playing the "bye" man a string of 50 points for the title.

The entries follow: Epler, Goldwater, Bailey, Mattison, Kayler, Larson, Logan, Toolson, Snook and Bracken.

DEMPSEY-GIBBONS BOUT AT SHELBY IS ASSURED

Selection of Referee, Size of Ring and Other Minor Details, Only Remain to be Agreed Upon

CHICAGO, May 2.—(AP)—The Jack Dempsey-Tom Gibbons world's heavyweight championship contest scheduled for Shelby, Mont., July 4, will be definitely closed here tomorrow with the arrival of Jack Kearns, manager of the heavyweight champion.

Eddie Kane, representing the St. Paul challenger, arrived here at 10 p. m. Mike Collins, matchmaker, and Lloyd Moloney, representing the promoters, Collins had a certified check for \$110,000 to turn over to Kearns when the articles are signed. This amount will be given the champion as a guarantee that the contest will be staged.

The only issue to be considered before the articles are signed will be the selection of a referee, the size of the ring and other minor details. A clause in the articles call both boxers to be in Great Falls, Mont., six weeks in advance of the contest to finish their training.

A Sale of Silk Underwear That is Truly a Sale

Friday and Saturday we offer you Silk Underwear at prices not possible in the past few years, and we are sincere in believing that such prices will not be possible again for some time. A New York manufacturer needed money. He said that if we would buy 100 dozen gowns and chemise we could have them almost at our own price.

ON SALE FRIDAY AND SATURDAY ONLY

Chemise

The combinations or chemise are all made of flesh colored crepe de chine, of excellent quality and weight. They are trimmed in either lace or ribbon and in the assortment are at least six different styles. Combinations of this quality in stock at this time are selling for \$3.95 and \$4.95. You may have your choice at this sale—

\$2.95

Gowns

Gowns of flesh colored crepe de chine of fine quality, either lace or ribbon trimmed. When you buy gowns at this price they are more economical than cotton for they really wear longer. In view of the fact that our allotment of gowns was just three dozen we must limit two gowns to the customer. These gowns are equal in value to others selling at \$4.95 and \$5.95. You may have your choice—

\$3.95

Glove Silk Vests

There are just two dozen of those good glove silk vests left. They are equal in weight and quality with vests selling usually at \$2.50 and up. During this sale or until gone, choice \$1.69

Glove Silk Bloomers

These bloomers match the glove silk vests at \$1.60. They are reinforced, cut full and roomy. Bloomers of this quality are seldom ordinarily for \$5 and \$6. We offer them at \$3.50

Wash Silk Combinations

Combinations made of different colored wash silk, trimmed in lace and ribbon. Peach, orchid, pink, white, etc. A mighty good value at \$1.95

RAISE IN LEVY URGED TO MEET CITY EXPENSES

Commissioners Find Budget Making Task Impossible; Agree to Call Meeting of Voters to Take Action

After two days of practically continuous consideration of ways of reducing the city's annual financial budget from \$50,000 to \$30,000, Twin Falls city commission at its adjourned meeting Wednesday night, found the task impossible and members agreed that the only solution is to put the matter before the voters of Twin Falls and abide by their decision on the question of increasing the tax levy five cents.

The opinion was unanimously expressed that a meeting be called shortly when the qualified electors of the city will be presented with the facts pertaining to the city's financial matters and requested to decide whether the city's tax levy is to be increased to 15 mills if the people do not favor a tax increase the only tax levied on the city.

Mayor Hodgson stated that in his experience he had seen something of the effects of inadequate fire and police and other city departments and that the conditions are already unprofitable.

The total amount of expected income this year is estimated at something over \$50,000, whereas the expenditures as represented in outstanding warrants was \$95,000 and during the year before last, it was \$50,000, the expenditures were about \$134,000.

City Attorney A. J. Meyers stated that there is some question as to the issuance of warrants before the city budget is made out and published, according to statute, and in view of that fact the commissioners are making every effort to arrive at a conclusion as soon as possible.

The new administration is united in the determination to share the issuance of warrants in the future on a strictly legal basis and to raise the credit of the city thereby. The legality of warrants issued by the former administration will be determined and an inquiry will be made into the condition of the warrant redemption fund especially.

The commission determined last night, in allowing bills, to allow those against funds which show legal cash balance and to withhold action on the others temporarily.

Books Chemist Job. An application was received from J. W. Visher, requesting permission to bid on the contract as city chemist, now held by E. B. Doolley. After a short discussion, in which Commissioner S. S. All classified the present chemist as one of the best in the state, the matter was held over.

an electrical inspector temporarily. Application of M. W. Johnson for the position of city weighmaster was placed on file with several others. The commission passed the resolution formally dispensing with the services of the former city executives and employees who were released immediately after the new officials took office. No other employees were released Wednesday, although F. W. Mackey, time-keeper and inspector in the water works department, was to take a position with the Barrett Auto company. An application has been made by J. A. Thomas for the position of night police sergeant and junior. The matter was discussed at some length and action deferred, Arthur Jarman, the incumbent, to hold the position until further notice.

COMMITTEE WILL CONSIDER PLANS

Organization Working for Big Project to Make Statement to Land Owners

For the purpose of discussing a number of matters associated with the campaign on the American Falls reservoir project, the fate of which will be decided by the result of the election on May 12, members of the large committee of the general committee on information has been called by Chairman Swin for today at 12:30 at the Purkin hotel.

Features for Consideration

Some of the outstanding features of the committee's probable presentation to the land owners may be summarized as follows: Removal of water shortage, whether periodical or otherwise. That would operate to stabilize values and place every acre of property on the tract in better shape both as to production and sale.

on the subject of a railroad south from the Twin Falls tract. "I am as confident as ever I was of anything that assurances of the building of the American Falls reservoir will be followed by construction of a railroad south from Twin Falls," said Guy Fleener, manager of the association.

"It must be remembered that railroads cannot build extensions out of their earnings. Therefore, they must seek capital for such investments. There are enough railroad facilities here now to move the present production, and future business could be taken care of by additional equipment over the same lines."

"The trouble is we reach the wrong markets by those routes. The need is for closer markets—California, and that may be reached under more favorable conditions by way of the Panama canal."

"The existing railroad in this territory, the Union Pacific, is as anxious as we are that the territory it serves should have the best possible outlet."

"A poor territory offers 75000 acres. It has sought other outlets of investment. It is difficult to secure money for railroad purposes under any circumstances and next to impossible to do so unless the territory to be served shows possibilities justifying the new investment."

"In other words, such territory must do its part to establish itself on a basis of more steady and profitable production, which means a certain and not a fluctuating tonnage. The American Falls reservoir project furnishes the chance to do that very thing, and with that investment assured, the railroad extension will follow, in my opinion."

Let the Imperial Clean Your Rugs This Spring

We have just purchased one of the nationally known HAMILTON-BEACH Rug Cleaning Machines and are ready to help you make your house-cleaning complete.

And we can do it thoroughly and satisfactorily in your home. The rugs will be ready for use a few hours after being cleaned. Your valued rugs need not be out of your possession for two or three days undergoing a treatment you would feel justified in objecting to.

Vacuuming and hand-washing do not thoroughly cleanse a rug into which the grease, grime and dirt of the streets have been ground for months. The menace to yourselves and your children, of soiled and unsanitary rugs, is easily overcome if you will call upon us to help you.

We'll guarantee your absolute satisfaction. Just phone 4-9-1 and our representative will call and explain our process and give prices.
