FRANCE MAKES CURT REPLY TO GERMAN OFFER

Rejects Berlin's Proposals as Basis for Negotiations Looking to Reparation Settlement and Suggests No Plan

PARIS, May 3 (AP)—The French reply to the German reparations offer is a short, terse document, the text of which went forward to Brussels this evening. It is an unequivocal refusal of Chancellor Cuno's proposals. Though the nature of the contents has not been disclosed officially, it can be ascertained that the note in no way takes the form of a counter proposition.

All agreed that by setting forth a reparations plan France would only fall into a German trap, whereby Germany, they believe, was seeking to induce her opponents to make concessions, without giving any promise therein.

BOYCOTT BRINGS BREAK IN SUGAR TRANSACTIONS

Reduction in Prices Follows on Heels of Campaign Launched by New York Women. Children Take Pledge

NEW YORK, May 3 (AP)—On the heels of the sugar boycott by women in New York and scores of other communities throughout the country, a sharp break in futures amounting at the close from 45 to 55 points occurred today. A reduction in the price of refined sugar from 26 to 27.5 cents was announced by one large refiner.

LYNCHING SUSPECTS INDICTED

COLUMBIA, Mo., May 3 (AP)—Five indictments were returned this afternoon by the special grand jury in investigating the lynching of a negro here last Sunday. The names of those indicted were suppressed pending their arrest.

IDAHO WEATHER

Friday: Fair. HUGHES FAVORS NARCOTICS BAN

American Representative Will Take Stand on Subject at League Session

WASHINGTON, May 3 (AP)—The United States will take the position at the meeting this month of the opium advisory committee of the league of nations at Geneva, Secretary Hughes declared in an address tonight before the National Anti-Narcotic conference assembled here by Rexford L. Holmes, a Washington church worker, that the use of narcotic drugs for other than medicinal and scientific purposes is illegitimate.

Mr. Hughes had prepared the statement for delivery in an address, but unable to attend the anti-narcotic session and it was read by Under Secretary Phillips.

Girl in Texas and Man in Washington Wed by Telephone

Long Distance Ceremony Unites Bride with Lover at Point of Death in Hospital

FORT WORTH, Texas, May 3 (AP)—Miss Helen Leona Scatterwhite, sitting in the telephone office in Fort Worth, was wedded to Horace William Keller, critically ill in the naval hospital at Bremerton, Wash., today by a long distance ceremony. Justice of the Peace Hughes, sitting beside the bride here, officiated at the ceremony, getting the verifications from persons in the sick room of Keller. Justice of the Peace James W. Carr officiated in Bremerton. The groom is reported critically ill with pneumonia.

MAN AND WIFE SINK TOGETHER

Tale of Wreck of British Boat in Typhoon Off Guam is Told by Four Survivors

MANILA, P. I., May 3 (AP)—The tale of the wreck of the British bark Amy Turner, whose captain and his wife stood hand-in-hand on the poop deck as the vessel went down in a raging typhoon off the island of Guam on March 27, was brought here today by the four survivors of the disaster which claimed the lives of nine others.

Charles West, able seaman, of Melbourne, Australia, told the story. The Amy Turner, from Newcastle, Australia, with coal, ran into the storm March 23. For more than three days the bark fought the gale. On the 26th it became a typhoon and on the morning of the 27th the crew decided to abandon the waterlogged ship.

SHEEP GROWERS REQUIRE YEARS FOR COME BACK

Banker, Testifying at Wool Rate Hearing, Says Industry is Emerging Slowly from Depression Period

SALT LAKE, May 3, (AP)—"It will be three or four years before the sheepmen can get back to pre-war conditions," declared E. A. Gabrierson, vice-president of the Continental National bank and president of the Livestock Loan association, in testifying at the wool rate hearing here today. Mr. Gabrierson was one of the last witnesses at the hearing which was conducted before Examiner H. C. Paul of the interstate commerce commission. He said that the condition of the sheep industry showed a slight improvement over the last two years, but many had been forced out of business and the others could not get on their feet in short notice.

"The approximate indebtedness on sheep in this vicinity is \$7 a head. At this season of the year they are worth about \$14, but the number of sheep has decreased in the last few years. The wool men of the vicinity would have been better off if the blanket rates had not been suspended. But, if conditions had not improved this year, as they have, the banks and loan companies would have owned all the sheep."

Life and Death Issue. "We feel," said Mr. Hooper, "that unjust comparisons have been made relative to conditions of the sheep industry. People think of the sale of wool in 1921 for 11 cents a pound and consider that was what the industry could stand, so that our present prices represent big profit. Such is not the case, for we were operating at a loss then. Only the change in conditions in 1923 allowed the industry to continue. The losses in 1920, 1921 and 1922 caused the larger companies to become bankrupt, largely for a period."

American Aviators Smash Non-Stop Flying Records in Cross-Country Flight

Winner Gives Wager of \$5,000.00 to Flyers Who Set New Record

SAN DIEGO, Cal., May 3, (AP)—Lieutenants Kelly and MacReady, who richer by \$2,500 each tonight as a result of a wager made without their knowledge, on their record-breaking flight today. Soon after they arrived here, this telegram from Major General Mason Patrick, chief of the air service, was handed to them: "Colonel Franklin R. Kenney, former executive air service, wins \$5,000 on your flight, all of which he hands to you with best compliments. Wire acceptance immediately, Plaza Hotel, New York."

STRIKERS MEETING RAIDED

Los Angeles Shipowners and Police Take Offensive in I. W. W. Maritime Walkouts; 30 Arrested

LOS ANGELES, May 3 (AP)—Shipowners and police took the offensive today in the I. W. W. maritime strike, the police raiding a mass meeting of the strikers, arresting 30, and the shipowners' association issuing an ultimatum that unless the men who walked out returned by tomorrow workers would be imported to take their places. The 30 men arrested were for the most part charged with blocking traffic, but three of them were held for alleged violation of the criminal syndicalism law. These were Chris Peterson and Leo Stark, alleged I. W. W. leaders, and the Rev. Frank P. Wedge, former lumber jack and prize fighter, who was addressing a crowd of several thousand when the police detail arrived. Stark fastened himself to an electric light pole beside which the speakers stood with a pair of handcuffs. The police removed a pair of bolt cutters, severed the manacles and took him to jail.

Kelly and MacReady Wing Way 2600 Miles Across Continent at Average Speed of Over 100 Miles an Hour

SAN DIEGO, Cal., May 3, (AP)—All distance records for a non-stop airplane flight were smashed today by Lieutenants Oakley G. Kelly and John H. MacReady, who flew here from Hempstead, N. Y., in 28 hours 56 minutes 48.2 seconds, official time. The distance covered was approximately 2,626 miles, but the flier's average speed was more than 100 miles an hour because they did not follow an exact airline.

It was their second attempt at a trans-continental flight without a stop, they were 12 hours down in Indianapolis on their way east from San Diego last year. That flight was made in the same plane that was used today though a different engine had been installed.

SEVEN DEAD; 37 HURT IN TRAIN WRECK IN UTAH

Denver and Rio Grande Western Passenger Overturns on Curve in Mountain Country; Cause is Unknown

SALT LAKE, May 3 (AP)—Seven persons dead and 37 injured, some probably fatally, was the toll reported tonight as the result of a wreck late last night of Denver and Rio Grande Western passenger train No. 5, which overturned while rounding a curve in the wild mountain country near Woodside, Utah. Hurting forward after the two locomotives had plunged off the tracks, the smoking car, baggage car and day coach piled up in wreckage atop the two engines and the work of relief and rescue started immediately as the cries of the injured reached those in the rear cars who were awakened from their sleep.

Five at Death's Door.

The injured were brought to Salt Lake and little hope was held by physicians for the recovery of five of them. The seven dead were identified as follows: FRED C. RADEK, engineer, Grand Junction, Colo.; ALBERT ANDERSON, fireman; RIFE COLE; EDWARD D. PARTIDGE, professor in mathematics, Brigham Young university, Provo, Utah; MRS. E. C. WHITE, Soldier Summit, Utah; MRS. TRENE MOHR, Salt Lake. ARTHUR HOOKERY, longshoreman, Great Lakes, Ill. MRS. R. S. GOEMMEL, Brooklyn, N. Y.

Passengers' Stories Vary.

Passengers aboard the wrecked train who arrived here today recalled with difficulty any of the sensations which assailed them as the speeding coaches piled in a tangled mass of wreckage. Descriptions of the accident and circumstances surrounding it vary, but the position which the observer had upon the train. Fireman William Gillis was tossed from his locomotive and safely. He alighted unhurt, while the grinding steel wreckage crashed to death his companion in the cab—English Motor. Mrs. F. E. Sauer, of Wichita, Kansas, was a passenger on the ill-fated train. She was not injured. Recounting the story of the impact, Mrs. Sauer asserted that the coolness of the passengers was remarkable.

Come Without Warning.

"It all happened in a second," according to C. T. Burns of Price, Utah. "We were riding along at a fair rate of speed, or about 35 or 40 miles an hour, when the car tipped, rolled over and the lights went out. A number of men called out telling the passengers to remain orderly and we would try to get them out as soon as possible," he said. Among those injured in the wreck was Gertrude Hudson, Cambridge, Idaho. She was not seriously hurt.

NAVAL AIRMEN FALL TO DEATH

Practice Flight Ends in Crash Bringing Instant Death to Two Aviators

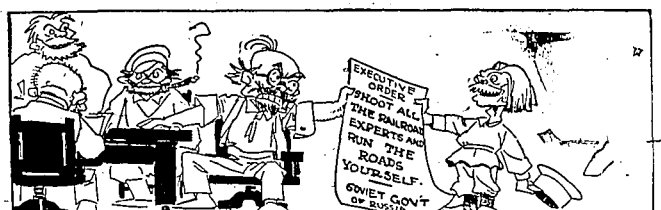

SAN DIEGO, Cal., May 3 (AP)—Two United States naval aviators of the air squadrons, battle fleet based at North Island, were instantly killed today when a Vought observation plane in which they were making a practice flight through the back country, crashed in the vicinity of Sweetwater. Aviation Chief Carpenter's Mate H. H. Tattman, and H. H. Pirkman of the same rank, were the victims of the crash, which demolished the plane. Officers of the air squadron who received reports from men sent out when first reports of the wreck were received, stated that the plane was so demolished that an idea of the cause of the crash could not be obtained from it. The opinion was expressed that the men probably had fallen several hundred feet.

The Vought plane left North Island at 8:35 a. m. on a practice flight.

LOWERS OIL PRICES

FINDLAY, O., May 3 (AP)—The Ohio Oil company today reduced the prices of all Wyoming and Montana grades of crude oil it purchases 10 cents a barrel.

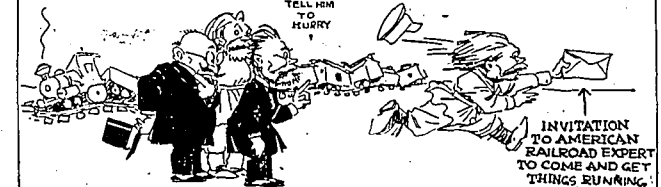

GREAT MYSTERY—WHO GOT THE LETTER?

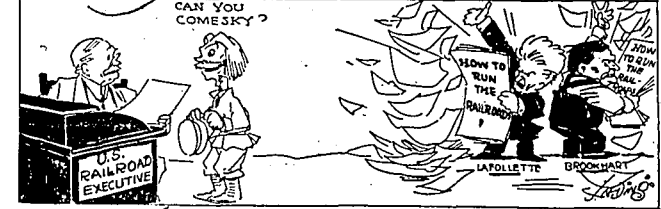

Once there was a small group of liberal souls who thought all that was needed to run the railroads was a few theories

But, sad to relate, their transportation system failed to thrive under the treatment and finally collapsed

Whereupon they dispatched urgent appeals to America for expert talent to rehabilitate the railway systems

And the strange thing about it is that neither Senator LaFollette nor Senator Brookhart ever got the message.

NO LOOPHOLES TO BE LEFT IN DRY LAW RULES

Treasury Department Promises Penalties That Will Leave No Doubt as to Government's Intentions

WASHINGTON, May 3 (AP)—Treasury officials began today the drafting of definite regulations for enforcement of the prohibition law as construed by the supreme court, with the announced intention of determination that no loopholes would be left for evasion. Penalties will be provided, it was declared, which will leave no doubt as to the government's intention to deal vigorously with the situation.

The day's developments, therefore, augmented evidence already given in several quarters that the national policy with respect to the transportation of liquor within the territorial waters of the United States will be firm, and that after June 10, when the regulations become effective, strong representations will have to be made by foreign powers before changes in that policy will be considered. Treasury plans contemplate the writing of regulations which will make the three-mile limit an actual deadline for ships with liquor aboard.

Medical Stocks Excepted.
There will be provision, obviously, for the entry into American waters of necessary stocks of medical liquor on ships, but the restrictions will be, it is said, of a character serving as proof of the positive stand of the United States government.

Officials explained that there is no desire to needlessly handicap legitimate business endeavor. The effect on foreign powers of the court's ruling barring liquor at the three-mile limit still drew some attention today, but many officials were willing to await developments. No formal representations have been made, but it is believed by some officials that protests would come.

Retaliation Feared.
There was some fear that efforts would be made by some foreign governments to retaliate through the use of customs laws. Secretary Mellon discounted that possibility, however, although he admitted such moves might be made. The use of retaliatory measures to embarrass American shipping would not go far, however, in the view of officials, before they reached the point of violation of international law or treaties.

PRICE TREND IS LOWER

Broadstreet's Commodity Index Shows Provisions and Textiles Exhibiting Principal Weakness
NEW YORK, May 3 (AP)—A slight downward trend of prices for April was noted by Broadstreet's commodity price index. It reflected some modified views of the outlook for business as a result of the quieting down first visible in late March. Provisions and textiles exhibited the principal weaknesses of April, but metals and naval stores also showed a declining tendency. In all, seven groups declined, while six advanced, although the advances in the latter were not impressive.

PHEASANT EGGS FROM ENGLAND WILL BE HATCHED IN AMERICA

LONDON, May 3 (AP)—Experiments made by a large firm of game breeders have shown that pheasant eggs can be sent to America and satisfactorily hatched out. The firm has therefore made arrangements with a transatlantic line of steamers to take over ten thousand eggs by their vessels when the laying season starts next month. "The pheasant is not native to America," said the manager of this firm, "and stocks have constantly to be renewed and the blood strains changed. Hitherto we have been sending live birds, but now we know that eggs can be sent equally as well. They will be shipped the day they are laid and should be under a hen pheasant or in an incubator in America about ten days later."

TOMBSTONE WARNS AUTOISTS

READING, Pa., May 3 (AP)—A tombstone erected near Huggins hill on the Portville pike, near Hamburg, is a grim reminder to reckless automobilists of the danger of careless driving on the highway. The stone, about four feet high, has the words "Danger" on the top. On the side toward Reading a skull and crossbones appears with the announcement, "14 miles to the nearest hospital."

What is useless to you may be valuable to others—advertise it in the classified columns.

HERRICK FACES CHARGES

Former Congressman from Oklahoma is Haled into Police Court when Woman Complains He Annoyed Her

WASHINGTON, May 3 (AP)—The name of "Manuel Herrick, occupation private detective," appeared on the overnight headquarters police blotter with a charge of disorderly conduct entered opposite.

The former congressman from Oklahoma and erstwhile "aerial daredevil of congress," was picked up by a traffic policeman who said he intervened after a woman had complained that Herrick was annoying her. The policeman also reported that the prisoner had been brought in only after a tussle. He was released on \$5 collateral.

When his case was called in police court the district attorney's office announced that several women had asked for permission to testify against the prisoner. Herrick appeared to conduct his own defense, but after a consultation the hearing was postponed until tomorrow.

COMMENCEMENT WEEK PLANNED

Principal Speakers in Connection with Idaho Graduation Exercises Named

UNIVERSITY OF IDAHO, Moscow, May 3.—Dean Paul Roberts of St. Michael's cathedral of Boise will preach the benediction at noon and Professor Edmund S. Meany, head of the history department of the University of Washington, will deliver the commencement address to the University of Idaho's class of 185 graduates at commencement exercises this spring. This announcement is made from the office of President H. H. Roberts in view of the fact that Idaho's most prominent churchmen and is active in church affairs in the northwest, while Professor Meany is an authority on early day history and an adopted member of three northwest Indian tribes. Both are excellent speakers and the appearance of Professor Meany will be significant in connection with the presentation of the big present depicting early Idaho history.

Governor C. C. Moore has accepted the invitation of President Upham to be present at commencement this year and will probably deliver a short talk at the commencement exercises. Professor Meany, who has been at the University of Washington for many years, is regarded as the "keeper of traditions" of that institution. In 1900 he was adopted by Chief Joseph into the Nez Perce tribe, and in 1903 he was taken into the Vancouver tribe as "Mothah Waiht," which means "Three Knives." In 1903 he was taken into the Vancouver tribe as "Mothah Waiht," which means "Three Knives." In 1903 he was taken into the Vancouver tribe as "Mothah Waiht," which means "Three Knives."

This year's commencement program has been changed somewhat from programs of former years and baccalaureate exercises will be given on the evening of Wednesday, June 6, with the commencement exercises the following day in stand of Wednesday, as has been the practice. The commencement week program commences with a recital by the department of music Friday, June 8, while the following day is devoted largely to alumni activities, with the big historical program coming in the evening. Sunday morning Dean Roberts will give the baccalaureate sermon, and in the afternoon the R. O. T. C. military band will give its annual concert.

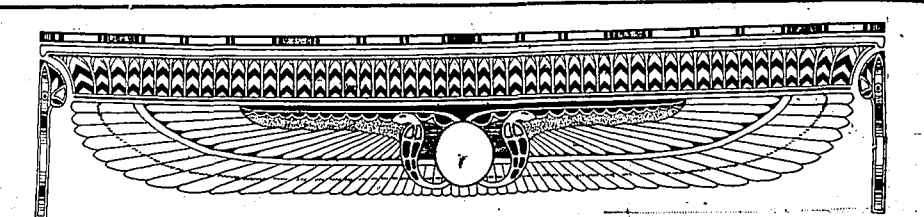

Monday, June 11, will be the big day on the program, for besides including commencement exercises it will witness the dedication of the Mary E. Forney hall, new dormitory for women, which is now being completed. The baccalaureate program, it is planned, will start at Ridenbaugh hall and go to Mary E. Forney hall for short dedicatory exercises before proceeding to the auditorium for the commencement exercises. The afternoon will be devoted to social events for the alumni, seniors and visiting friends of the institution.

CALIFORNIA FIGHT BILL FAILS

SACRAMENTO, Cal., May 3 (AP)—A constitutional amendment prohibiting the permit of round-the-mountains in California failed of passage today in the senate of the state legislature. The vote was 21 for and 18 against. A two-thirds majority is required. Senator Murphy of San Francisco gave notice he would move tomorrow for reconsideration of the vote.

BALL GAME ACCIDENT FATAL

LOS ANGELES, May 3 (AP)—Walter Wiseman, 16 years old, student at a local preparatory school, died today from injuries received in a baseball game on the school diamond. While attempting to catch a fly he collided with another player and was rendered unconscious, remaining in that state until his death.

The Dry Goods Section of the Idaho Department Store certainly lives up to its reputation of having by far the largest and most complete stock of choice Dry Goods at the most reasonable prices

POSSIBILITY OF PLOT IS SHOWN IN MORSE CASE

Prosecution Piles up Evidence of Opportunity for Conspiracy to Defraud Government in Ship Contracts

WASHINGTON, May 3 (AP)—Additional evidence designed to show that there was opportunity for a meeting of the minds of Charles W. Morse, his sons and other defendants, for the formation of the conspiracy charged against them to defraud the federal government on war time ship contracts, was presented today in the District of Columbia supreme court.

At the same time defense counsel elicited from the government's witnesses, B. G. Higley of New York, who was an officer and counsel for the various Morse companies, the statement that he knew of no fact that would tend to show that Morse had any knowledge of the contracts for building government ships were entered into for the purpose of defrauding, delaying, thwarting or perverting the purposes of the government.

The witness testified that while he was connected with the company he used his very best efforts to carry out the contracts.

Government counsel brought out that the Hudson Navigation company had an outstanding mortgage of \$4,000,000 and that several of the steamers listed in the affidavit were destroyed. One of them never having been heard from after starting for Russia.

Before the trial was resumed today, counsel for the government and the defense, with the concurrence of Justice Stafford reached an agreement under which the deposition of John Barton Payne, former chairman of the shipping board, will be taken this week so that he may leave Sunday night for Mexico City. Mr. Payne is listed as a witness for both sides.

PIGGY WIGGLY COUNTS ON SALE OF ITS STOCK

Plans for Depositing of Approximately 60,000 Shares are Perfected in Effort to Save Chain Stores from Ruin.

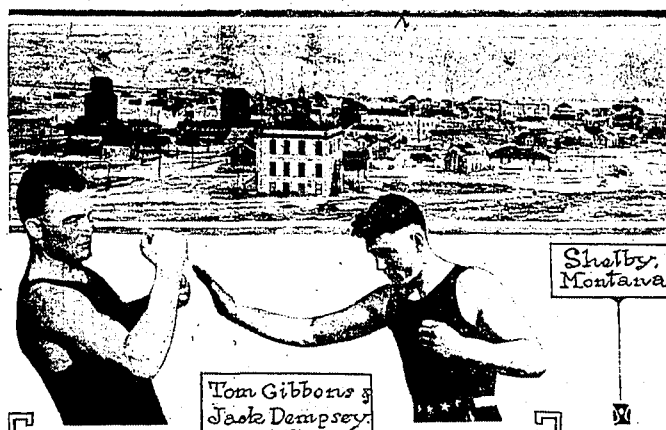

MEMPHIS, Tenn., May 3 (AP)—Plans to market approximately 60,000 shares of stock of Piggy Wiggle Stores, Inc., at \$5 a share were perfected at a meeting today of Memphis business men who rallied to the support of Clarence Saunders, president, who announced in page newspaper advertisements that he would "go broke" unless he disposed of the stock.

Under the plans adopted all money paid in on stock subscriptions will be held by the sales committee until the entire block is sold and an investigation is to be made by the committee as to the soundness of the investment. If the shares are not all sold or if the committee fails to endorse the project the money will be returned to the subscribers.

The situation which resulted in the organization of the stock selling campaign came as an aftermath to a recent sensational Wall street episode in Piggy Wiggle and Mr. Saunders' venture in the market in a buying campaign which, he declared, was necessary to "save the stockholders of my company from loss and my business from ruin."

Whooping Cough.
This is a very dangerous disease, particularly to children under five years of age, but when no parotytic, codicic or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.—Chamberlain's Tablets are Mild and

Dempsey Meets Gibbons On July 4

Details have about been completed for a fight between Jack Dempsey, world's champion heavyweight, and Tom Gibbons, brother of Mike, in Shelby, Montana, on July 4, under the auspices of the American Legion. It is said Dempsey will receive \$300,000 for his share, while Gibbons is believed to have been promised \$50,000. Loy Moulumbly is managing the bout.

FILER

FILER—N. A. Jackson sold his concession to Otto Simon last week. Mr. Simon is a new arrival from Price, Utah, and was recently married to Miss Martha Pitts. They took possession last week and have opened the place under the name of the American concession. Mr. and Mrs. Jackson are planning on a trip to Norway.

G. W. Anthony has established the first radio station in Filer. He lives on the J. L. Edwards property on North street.

Mr. and Mrs. Williams of Twin Falls spent Friday here on business.

Mr. and Mrs. E. H. Sander were shopping in Twin Falls Friday.

Mrs. W. A. Shear and Mrs. O. A. Madland spent Friday in Twin Falls.

Mrs. A. E. Brown and two small children left Saturday for Downham, Colo., for a visit with Mr. Brown's parents.

Mr. and Mrs. Wayne McLaughlin and small son are visiting relatives here from Portland, Ore.

M. B. Clark is seriously ill at his home with typhoid fever.

Mr. and Mrs. Harry Williams have moved into the Earl Munson property on Sixth street.

Mrs. Tomer Holcomb arrived Tuesday from Spokane, Wash. Mr. Holcomb arrived in his car Elyard from Spokane. They will make their home with Mrs. Holcomb's parents, Mr. and Mrs. Earl Murray.

Otto Simon was taken to the county hospital Sunday morning suffering with an attack of appendicitis.

HIGH SCHOOL NOTES.
The senior girls held the last meeting of their club, the Green and White, Thursday evening at the home of Ellen Landon on Fourth avenue east. Half of the girls dressed as boys and brought their girls. After a short business session the evening was spent with dancing and refreshments were served at the close of the evening.

School will be dismissed today at 3 o'clock to give the students a chance to see the Boy Scout parade this afternoon.

WOOL MEETS ACTIVE DEMAND.
TWIN FALLS, May 3 (AP)—At the second auction today 13,874 bales were offered. Offerings met with an active demand and prices held firm, practically all descriptions being sold.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

PUBLIC LIBRARY HAS BUSY YEAR

Total Circulation of 69,046 in Past 12 Months; Annual Report Made Public

With an average daily circulation of 227 books and a total circulation of 69,046, the Twin Falls public library has had a very busy and successful year, according to the annual report of Miss Jessie Fraser, librarian, for the 12 months ending May 1.

Miss Fraser's annual report and the monthly report for April were placed in the hands of the members of the library board at their meeting on Wednesday afternoon.

MAN AND WIFE SINK

(Continued From Page One.)

Then the crew launched the two boats, West and two of his companions in one, the remaining eight of the crew in the others. As they pulled away from the side of the bark, they saw the Captain and Mrs. Neilson, standing hand-in-hand on the poop deck, until the craft took to the plunge beneath the mountainous waves.

The larger boat capsized and seven of her occupants were drowned, but the eighth, Frank Lindholm, swam to the side of West's boat and was hauled aboard. Then a weary passage began.

A sail was rigged on the small craft and for twenty-eight days the castaways ploughed through a wide expanse of water until they made Sarigao, on the island of Mindanao in the Philippine group.

They had a small supply of canned meat and when this was exhausted they managed to catch a dolphin, which they ate raw. Next, the water ran out and after a day's thirst a squall blew up with heavy rain and they refilled themselves.

After landing at Sarigao, they were sent to Manila where they arrived today.

OUTCASTS BEAT JUNIORS

High School Players, Left Behind by Engstromers, Took Hard Won Game from Younger Team

A team composed of members of the Twin Falls high school baseball squad who were not able to make the trip to Nampa with the first string men, called themselves the 'Outcasts' and won a hard fought seven inning game from the junior high school boys, 7 to 3, at Lincoln field, Thursday afternoon.

The senior lads led 3 to 1 up to the first of the seventh when the 'Outcasts' scored six runs.

Frazelle and Wisner did the heavy work for the Junior high boys, with Doc Jarman and Ed Martin doing the twirling for the winners, with 'Stubby' Dunn on the receiving end. Ormsby did the umpiring and seemed to satisfy both teams.

ROTARIANS NAME DIRECTOR BOARD

Note of Civic Interest Prevails at Final Meeting; Several Addresses Given

Harmony and co-operation in the interests of civic development in Twin Falls supplied the keynote of the regular monthly dinner meeting of the Twin Falls Rotary club, the guests of the club being the ministers of the Twin Falls churches and Mayor Hodgins and the members of the newly elected city council.

The meeting also constituted the final session of the Rotary year under the administration of Arthur A. Peavey, president. Directors for the ensuing year, from among whom officers will be selected later, were named as follows: W. T. Seaver, L. C. Chen, S. H. Sawyer, George R. Easley and C. E. Booth. Roy Gardner, local manager of the Mountain States Telephone company was elected to membership. Prior to coming to Twin Falls, Mr. Gardner was secretary of the Burley club.

Urges Co-operation

Joseph H. Seaver, as the first speaker of the evening, made a strong plea for a better spirit in local affairs, dwelling upon the need of faith among men in the interests of the common good wherever men are gathered together. Mr. Seaver's text supplied the motif for the remarks of all the speakers. The entire program which followed being given up to the broad proposition that the chief necessity in Twin Falls consisted of a better understanding of the other fellow's viewpoint and a willingness to pull together rather than in opposite directions on the part of the entire citizenship.

Speakers from among the ministers were Father Keyzer of St. Edward's church; Reverend A. G. Pearson of the Presbyterian church and Reverend Edgar L. White of the Methodist church. Mayor Seaver, city executive for the district including Twin Falls, addressed the club on the value of Scout training to boys in the development of citizenship.

Mayor Seaver explained the financial situation of the city and announced the intention of calling a general meeting to discuss the question of a means to be adopted for the financing of the municipal city, falling within a plan of economy was, he said, the only alternative. On the basis of existing conditions a 50 per cent reduction in the present cost of first department, public department and a closing down of the public library would appear to be necessary, he stated, in the event that the raising of further funds was decided against.

SPORTS Win Hard-Fought Game with Nampa

Twin Falls Take Victory in 12 to 0 Score; Locals Make Three Home Runs

NAMPA, May 3.—(Special to The News)—In a game featured by three home runs by the visitors, Nampa took the final end of a 12-to-0 score in the second game here with the Twin Falls high school team.

The game was hard fought throughout and each team took brief leads over the fence in the first inning. In the seventh, the Twin Falls team made good use of the final stanzas and won the winning score.

BUHL ATHLETES DEFEAT HAGERMAN BY BIG SCORE

Take Big Majority of Events in Dual Meet at the End of May. Several High Marks Established

BUHL, May 3.—(Special to The News)—By a score of 30-1-2 points to 10-2, Buhl won from Hagerman in easy style in the joint track meet held here Thursday afternoon.

Following are the winners of the various events with the time made: 50-yard dash—Buhl, 5.04; 100-yard dash—Winegar, Buhl, 10.04; 200-yard dash—Wilson, Buhl, 26; 400-yard dash—Winegar, Buhl, 58; Half-mile dash—Grubbe, Hagerman, 2:20; Mile—Joyce, Buhl, 5:23; High hurdles—Ringert, Buhl; 80-yard dash—Buhl, Hagerman, 32; High jump—Ringert, Buhl, 5 feet; Pole jump—Stark, Hagerman, 19 feet 3 inches; 100-yard dash—Buhl, 1:12; Relay race—Buhl, Butler, Dunn, Winegar and Wilson.

GRIMES SUFFERS INJURY

ST. LOUIS, May 3 (AP)—Ray Grimes' first baseman of the Chicago National league team, was injured in the fourth inning of today's game here, and will be out of the game indefinitely. It was announced tonight by the team management, Grimes suffered an injury to his spine in sliding into third base.

AMERICAN AVIATORS

(Continued From Page One.)

"Approximately 60 miles from Blueville, Ills. we were thrilled by the sight of a huge beam of light projecting up through the clouds. It was a veritable beacon along a rocky and dangerous shore to us, for otherwise intense darkness prevailed and we were trusting solely to our compass to keep on a straight course.

"Paint streaks of moonlight were all that we sighted of the heavens until daybreak over Tucuman. Kelly was at the wheel, Dawn was just breaking. Kelly gave a shout of joy when on looking over the side of the cockpit he spied the cemetery on the outskirts of Tucuman. It was a landmark we knew."

Takes Hills Handily

From that time on the aviators had not the slightest difficulty. They were flying in daylight over a section they knew well from their previous flight and the plane, lightened of much of its early burden of fuel, did all that was asked of it in climbing over the mountain ranges. They considered that part of the trip no easy task that they barely commented on.

MacReady and Kelly said that they exchanged positions at the wheel every six hours except while crossing over the Arizona forests. Then they changed frequently, partly to rest and partly to arrange their schedule so that MacReady would handle the controls in making the landing here. The aviators said they would remain here in the hope of establishing a new world duration record of at least 48 hours. They will make that effort some time this summer. They expect to remain on duty at Rockwell field until next spring, when they plan to fly east to prepare for their attempt to go around the world.

COMRADES REJOICE OVER SAFE ARRIVAL OF FLIERS

NEW YORK, May 3 (AP)—The mileage covered by Lieutenants MacReady and Kelly in the T-2 in their transcontinental flight was estimated at between 2700 and 2800 miles by Major W. R. Weaver, commander of the Mitchell field, tonight. The fliers averaged better than 100 miles an hour on the trip, he said.

New Mark in Daring

"They carried, outside of food, practically no personal equipment, and in taking off, closed the hangar by inches when it seemed a crash was inevitable. They deserve great credit as they have set a new mark in American daring and ingenuity."

The officers' feat established a new

non-stop Captain John Alcock and Lieutenant Arthur Brown, British aviators, crossed the Atlantic ocean in June, 1919, flying 1950 miles from Newfoundland to Ireland.

The U.S. Navy the United States navy in May, 1919, made a flight of 1219 miles, crossing the Atlantic from Newfoundland to the Azores. In July, 1919, the British dirigible R-34 established a non-stop flight record for all aircraft when it flew 2300 miles crossing the Atlantic from east to west and return.

Nature's Wonderful Mechanism.

It has been estimated that the power developed by 1,000,000 Niagara in 1,000,000 years would not equal the energy expended by the earth in a single second as it circles around the sun. And yet, so perfect is the mechanism that, flying around its axis at an equatorial speed of more than 1,000,000 miles an hour and around its orbit more than 1,100 miles a minute, all the mundane influences of which astronomers know could not change the length of its day as much as a second in 100,000 years.

SOVIET GAINS MASTERY OVER RUSS CHURCH

Moscow Conclave Adopts Resolution Unfrocking Patriarch and Identifying Christianity with Communism

MOSCOW, May 3 (AP)—With virtually no opposition the resolution unfrocking the Most-Reverend Dr. Tikhon, former patriarch of all Russia, was adopted today by the Russian church convalescing. The resolution proclaims that henceforth Dr. Tikhon would be an ordinary citizen, with his lay name of Basil Ivanovich Iliakov.

The scene of the all-Russian church convalescing which took the action was similar to the gathering which is 1917 elected Dr. Tikhon as patriarch, but in all the absence of the official faces of priests and laymen making up the convalescing it seemed as if few, if any, defenders of the patriarch could be found.

This prosecutor in the church proceedings was the Petrograd apostolic vicar, Volensky, a firm and fiery believer in the idea that the communist regime is materially practicing the precept of the original Christianity.

Lenin's Picture on Wall. Standing on the stage under an unfamed picture of Christ, and gazing into the large picture of Lenin which is hung with the other communist leaders on the walls of the room the convalescing held his audience spellbound for several hours rinding the gamut of his voice from a soothing murmur to the thunders of condemnation.

The new ideal of Christianity was growing, despite the fact that calumnies had sought up "even Christianity, which elected a stock-farmer, and Christ as its leader," said the speaker.

Oath Capitalism Sin. Volensky declared that the church formerly was a tool of the czar and that Dr. Tikhon was a worthy agent of the revolution by pronouncing anathema on socialists who strove for the betterment of humanity. "Our ethical duty before the world is to pronounce capitalism a sin," Volensky exclaimed.

Refuting the accusation that the convalescing had been called to condemn Dr. Tikhon, Volensky added, "I follow him; put yourself in martyrdom, be true to yourself. But if you do not believe in him you must agree to the unfrocking of him. You must choose between Tikhon and Christ."

Metropolitan Peter, who acted as chairman, hastened to put the resolution calling for a vote against Dr. Tikhon to be heard were ignored, Peter declaring that the business before the convalescing must be finished. He demanded that all in favor of the resolution lift their hands.

Single Negative Vote. In the darkness of the room it seemed that something was being held. The number of delegates raised their hands and that the other delegates were taken by surprise at the suddenness of the vote.

Negatively only one hand was raised, but five of the delegates asked to be registered as not voting.

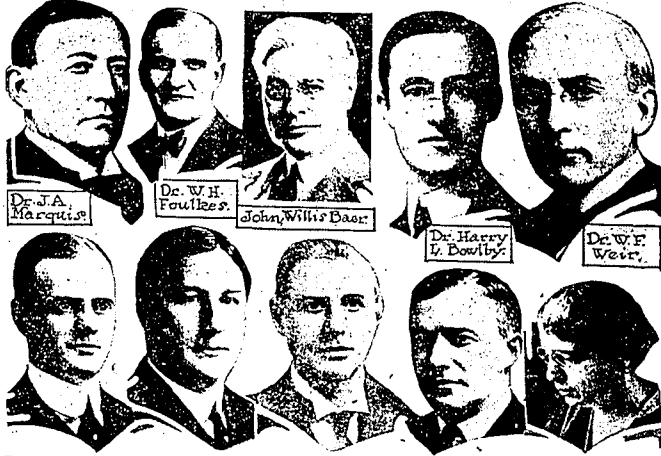

Lost Treasure of Montezuma. According to legend, Montezuma at the time of his overthrow in 1520 by Cortez and his Spanish followers, had, in addition to the colossal loot which the victors secured in gold and silver, fabulous wealth in gold stored away beneath his secret palace hidden in the plateau region of what is now the state of Nayarit, Mexico.

The loot, which no travelers secured, was stupendous, to be sure. But they missed the greatest single cache of gold in Mexico by disillusioning Montezuma in time for him to recall his messengers sent-out to bring in the gold from the child-treasure house of his gods.

Cortes tortured and then murdered hundreds of the leading Aztecs in an effort to get from them the secret of the location of the great treasure place and palace. Failing to gain his information in that way, he spent several years scouring the western part of Mexico, but in vain.

Insect Families in Oaks. About a thousand kinds of insects make their homes in oak trees.

Presbyterian General Assembly To Meet

Dr. J.A. Marquis, Dr. W.H. Faulkner, John Willis Baer, Dr. Harry L. Bowdley, Dr. W.F. Weir, Dr. W.P. Scheff, Dr. J.M. Gaston, Dr. Charles Scanlon, Dr. H. Robinson, Mrs. Charles Doye

The General Assembly of the Presbyterian Church of America will meet in Indianapolis, May 17 to May 24. Dr. Harry Laity Bowdley, head of the Lord's Day Alliance, will make his final report as secretary of the Presbyterian General Assembly of Sabbath observance, this committee having been merged with the Board of Christian Education. Dr. Bowdley, native of Asbury, New Jersey, has been threatened with death because of his efforts at Sunday enforcement. One of the distinguished commissioners to the assembly is Dr. John Willis Baer, of Pasadena, California, formerly of Boston, who is the only layman who ever held the office of moderator in the church. For the first time since he became general secretary of the Presbyterian New Era Movement, Dr. William Hiram Harkness of New York, a commissioner and as such is said to be slated for moderator. Mrs. Charles K. Doye, of Chicago, will report on the women's boards of the church. Dr. Charles Scanlon, general secretary of the Presbyterian Board of Temperance and Moral Welfare, will urge censorship of motion pictures. Dr. William P. Scheff, home secretary for the board, will report on work in Africa, India, China, Japan and Korea. Dr. John M. Gaston, of Pittsburgh, general secretary of the board for Freedmen, will tell of his work for educating negroes. Dr. Harold M. Holt, general secretary of the Board of Publication and Sabbath School Work, will make his annual report. Dr. William P. Weir, of Chicago, will make his report as general secretary of the Permanent Committee of Men's Work. Dr. John A. Marquis, general secretary, will report for the Board of Home Missions.

Society

Edited by Mrs. E. B. Williams, Telephone 306.

There was an unusually large attendance at the meeting of the Baptist Mission circle at the home of Mrs. A. Huntsman on Blue Lakes boulevard Thursday afternoon. The regular routine of business was transacted with the president, Mrs. S. Watkins, presiding. Miss Alice Gibbs led the devotions after which a varied program followed, consisting of the following: two piano solos by Mrs. Carl Benson, a humorous reading by Mrs. Frank Boughton, who responded to an encore, a vocal selection by a ladies' quintet composed of Mrs. George Wiley, Mrs. Pearl Westcott, Mrs. H. Nunnemker, Mrs. Mrs. H. Henson at the piano; a reading by Mrs. W. G. Crotty and a most amusing musical number by Mrs. Frank Boughton, Mrs. J. C. Healy, Mrs. Iva Wynn, Mrs. Nunnemker and Mrs. L. V. Smith, an a duet by Mrs. Nunnemker and Miss Edna Graham. Concluding the afternoon refreshments were served by the hostess and her assistants, Mrs. W. G. Crotty, Mrs. Fergus Briggs and Mrs. C. Q. Kelly.

The Episcopal Guild met Thursday afternoon with Mrs. E. B. Williams on Eleventh avenue east. The meeting opened with devotions led by the president, Mrs. Iva Wynn, after which plans were completed for a cooked food sale to be held Saturday, May 12, the place to be announced later. The remainder of the afternoon was spent in an enterprising business session and refreshments were served by the hostess, who was assisted by Mrs. Carl J. Hahn, Mrs. George Easley and Mrs. H. P. Laird.

Mrs. Frank McCornick was hostess to the Morning-side club Wednesday afternoon. After the business session refreshments were served by the hostess, Mrs. Meslance Patton, Graham, Seattle, E. F. McNew and Patton.

The Kimberly Road club met Wednesday afternoon with Mrs. Williams. After the business session an interesting paper was read by Mrs. H. C. Alexander on National Garden Week, and was followed by a discussion on the subject. A number of delightful games were played and the hostess served re-

freshments. Mrs. J. E. Gish and Mrs. Rauch were guests of the club.

Closing their successful year the Catholic Women's League enjoyed the charming luncheon at the Hotel Perrine Thursday at 1:30. Yellow and white May baskets holding jumpings and ferns decorated the tables, which were further adorned with crystal candlesticks, holding yellow candles and nut baskets also in white and yellow. During the serving of the luncheon a splendid musical program was rendered adding much to the pleasure of the occasion. Following the luncheon members and visitors adjourned to the Business Women's club room, where the regular league meeting was held. This was opened with a short address by Father Ronald S. Keyzer and followed by an interesting program. The committee in charge were Mrs. Rose Logan, chairman; Mrs. Donald McLean and Mrs. Charles Neely. About 90 were in attendance, out-of-town visitors being Rev. Father McGowan, Mrs. J. M. Zint, president of the Altar society, Mrs. O'Rourke, Mrs. Daley and Mrs. Green, all of Jerome; Mrs. Leonard, Mrs. Drayton and Mrs. Annie Sleur of Plover; Mrs. Lo Bailey, Mrs. C. H. Lamb and Mrs. Ashline, of Shoshone; Mrs. H. P. Hulton and three delegates from Gooding, and Mrs. Kate Fisher and three delegates from Bulli.

Mrs. Merlin Batley entertained two tables of players at a Mah Jong party Thursday afternoon at her home in the Reed apartments.

SHEEP GROWERS

(Continued From Page One)

of ten years. Some of these contingents taking this fall period to take up these bonds, while others hope to pay for them in five. If the industry is to survive, it must receive fair treatment. We do not want the rates reduced so low that the railroads will carry our wool without a fair profit. We feel that no lower rates should be established for a longer haul than for a shorter haul.

"We desire a continuance of the stopping in transit privileges, not only for loading, but for storage. We want to apply to St. Louis and other interior places, but our main idea is to develop Salt Lake as a storage and distributing center for wool. We are centrally located here with markets on all sides and railroads leading here

from the sheep growing sections of the intermountain country, including Utah, Nevada, Idaho, Montana and parts of Wyoming and Colorado."

Shown Production's Fall H. W. Prickett, manager of the traffic service bureau of Utah and representing the National Wool Growers' association, offered numerous exhibits, and a chart just before the hearing adjourned at noon today. He merely numbered these and they were admitted in evidence with the reading of titles.

"We desire a continuance of the stopping in transit privileges, not only for loading, but for storage. We want to apply to St. Louis and other interior places, but our main idea is to develop Salt Lake as a storage and distributing center for wool. We are centrally located here with markets on all sides and railroads leading here

ing of titles. Mr. Prickett will explain them and submit to cross examination at the hearing in Boise which opens at 10 o'clock tomorrow morning.

One of these exhibits shows the production of wool by states for the years 1910, 1918, 1920 and 1921. In seventeen states of the west the production was 101,007,000 in 1910, 184,255,000 in 1918, 187,130,000 in 1919, 182,091,000 in 1920 and 161,023,000 in 1921. This also gives the percentage of domestic production, which has decreased during the last few years. Going further, this exhibit gives the statistics on number of sheep and pounds of wool there should be per capita in this country. This shows in 1920, 33.1 sheep for every 100 of production and 2.86 pounds of wool, this being lower than in past years.

Following the sessions in Boise, there will be further hearings on the

subject of a general readjustment of wool rates at Portland, Phoenix, Albuquerque and Boston. The session here began at 10 o'clock Monday forenoon and continued to noon today.

CHAPTER VII

Her Majesty's Rancho.

Five months brought all that Stillwell had dreamed of and so many more changes and improvements and innovations that it was as if a magic touch had transformed the old ranch. Madeline and Alfred and Florence had decided on one chosen by Madeline...

All that had been left of the Stillwell house which had been still standing on the road to all the success and prosperity that he cared for. Madeline had been a conscientious student of ranching and an apt pupil of Stillwell...

Madeline Hammond cherished a fancy that the transformation she had wrought in the old Spindling place and in the people with whom she had surrounded herself, great as that transformation had been...

her, Madeline thought, was beyond reason or belief or words to tell. Under his guidance, sometimes accompanied by Alfred and Florence, Madeline had ridden the ranges and had studied the life and work of the cowboys...

Sometimes she thought of her par-

(Continued in next issue)

Me-o-my, how you'll take to a pipe—and P.A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy's jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is sold in foppie red bags, red and blue handkerchiefs and half pound tin humidors and the special crystal glass humidors with sponge moisture top.

PRINCE ALBERT the national joy smoke

ENTHUSIASM TO BE GUIDED

Properly Directed, It is One of the Most Valuable Possessions a Woman Can Have.

enthusiasm, of how they had persistently refused to believe she could or would stay in the West. They were always asking her to come home. She wrote that she would return to her old home some time, of course, for a visit; and letters such as this brought returns that amused Madeline, sometimes saddened her...

There are women who let all of their enthusiasm bubble to the top of their conversation, frothy women. Then there are women who let their enthusiasm settle at the bottom of their personality, like the dregs of lost youth. Absorbed in the routine of their own little lives they lose touch with the lives of others...

But there are women whose enthusiasm neither bubbles to the top nor settles to the bottom. Women who really let "themselves go." They are interested in other people and events outside of their own little lives, and this interest sparkles into enthusiasm. These are the women whom we call "wild" and these are the women who make happy friendships and happy marriages, even when they are handicapped by lack of beauty, or lack of cleverness, or lack of style.

Americans at the Telephone.

One way to measure the extent of the relative use of the telephone in average countries is to determine the average amount of time per year actually spent by each inhabitant in telephone conversations. Statistics indicate that in the United States the average per capita time consumed in holding telephone conversations is 10 hours; in the Scandinavian countries, Denmark, Sweden and Norway, 12 hours; in Germany, five hours; in Switzerland, three hours; in Great Britain, two hours; in France, one hour, and in Italy considerably less than one hour.

World's Accessible Timber.

The accessible timber of the world is inadequate to the requirements of modern civilization, says the forest service, United States Department of Agriculture. We now draw one-third of our paper requirements from Canada. There is an embargo on the export of pulp wood from the crown lands of Canada, and this is likely to be extended to all forest lands in the Dominion, completely shutting off the supply of raw material for the paper industry of the United States...

Coloring Cotton Goods.

There are many different systems of producing high-grade colored cotton goods. Each system has its special advantage over other systems for the production of a certain line of goods. Each class of goods has a certain line of buyers which creates an increasing demand for this particular class. The various systems under which cotton colored goods are produced may be covered under the following list: Bleached goods, dyed goods, painted goods—muted goods, embossed goods, enameled goods, printed goods.—Dyestuffs.

If your property is desirably and is advertised in the classified—you'll find your buyer.

THE MARKETS
