## HARDING URGES AMERICAN ARMS AND EDUCATORS

### President Asks for Dedication of People to National Objective Lacking Since the World War

WASHINGTON, May 24 (AP)—The preamble of the constitution is the best basis for the nation's course in a program of education, citizenship and citizenship, President Harding declared today before delegates, representing 50 educational agencies and organizations, at the annual conference of the National American Council. The president made a plea for the dedication of the people to the duty of their government, which he said, would furnish the nation "a commanding and dominating national interest" which had been lacking since the world war.

General Pershing, Frank A. Vanderlip of New York, president of the council, Commissioner of Education Tager, Dr. Mann of the National Education Advisory Board of the army general staff, Samuel Gompers, president of the American Federation of Labor, and a host of other educators addressed the meeting.

Mr. Vanderlip outlined the aim of the council as the promotion of education for citizenship and patriotism by coordinating the work of the 50 or more organization members.

General Pershing explained the organization of the reserve army which the war department is building up and said it was the best mainstay of the nation. Neglect of the common defense, he said, had been the cause of many of the national dangers and burdens, and rejected of Washington's advice to be prepared in peace for war had led to the current danger at least twice. The success of the nation in this respect, he declared, depends mostly on the quality of its citizenship.

Commissioner Tager outlined the work of the federal council of citizenship training, which is composed of representative government departments, citizenship training, and other agencies, and is designed to coordinate and coordinate all lines of mental development, health, physical improvement, vocational training, patriotic attitude and other lines of citizenship training.

Mr. Gompers laid emphasis on what organized labor had done in this country for the advancement of education, and also asserted that the organization is necessary until the foreign element in the United States is assimilated.

President Harding was elected honor president of the council, and Vice President Coolidge, General Pershing and Secretary Hoover were re-elected honorary vice presidents. Other officers elected were: Vanderlip, president; James E. West of the Boy Scouts, treasurer; and Lindsey Morse of New York, secretary.

Charles W. Dunn of New York, counsel for the American Specialty Manufacturers' association, advocated legislation to overcome judicial decisions that "revolve price maintenance contracts are illegal" and to permit the manufacturer of a standard article to determine a standard price for it.

## Reputed One Time Idaho Janitor on Trial for Fraud

### E. E. Leo, Oil Operator, Not Related to Southern General, Government Contends

FORT WORTH, Texas, May 4 (AP)—The Ku Klux Klan issue may be injected into the proceedings Monday when the trials of 87 oil men under charges of swindling the mails to defraud, begin in federal court. The first case to be heard is that of Charles Sherwin, H. H. Schwanz and General Robert E. Leo, induced in connection with the General Leo Development company. It is intimated that the defendants may challenge the jury members on their connection with the Klan organization.

In this case the government is preparing to call Confederate veterans as witnesses. The government will endeavor to show by them that they purchased stock in the company from General Leo, who was a descendant from General Robert E. Leo. More than 60 witnesses have been subpoenaed and the government will endeavor to show that Robert E. Leo is not a descendant of the southern general, but at one time was janitor of the state house at Boise, Idaho.

## WOMEN URGES PROHIBITION ON EGYPTIAN PARLIAMENT

Cairo, Egypt, May 24 (AP)—The Egyptian premier promised to submit to parliament a petition handed to him by the American minister, J. Morton Hovey, directed by 200 Egyptian women advocating the prohibition of intoxicating liquor.

## BORAH STRESSES HOME PROBLEMS

### Announces the Preparation of Laws as to Fuel, Freight Rates and Profiteering

MANCHESTER, N. H., May 24 (AP)—Senator Borah, one of the nation's foremost domestic problems, and more particularly the fuel and freight rate situation, and profiteering in the necessities of life, was the keynote of his introduction at the next session of congress, Senator Borah, Idaho, announced here tonight by an address.

"I am sure that the measures which will be introduced in the senate will be ready to offer substitute remedies. The present conditions are intolerable. They cannot be permitted to continue," Senator Borah asserted that if those who were excited over bolshevism would remedy the situation at home, give the people an economic and just government, and necessities of life at a price unattained by monopoly and extortion, there need not be any uneasiness about that which comes from abroad.

## Fears Unsettled Problems

"It is our unshared problems which should give us concern," he added, "and not the unshared problems of people 5000 miles away. Our difficulties involve the interests and welfare of all. We can only recover, we can only escape the dilemma by the prompt effort and the cooperation of all classes.

## POINCARRE HELD AT POST BY MILLERAND

### French President Declines to Accept Resignations Presented When Senate Refuses to Try Communists

PARIS, May 24 (AP)—Premier Poincarre and his colleagues in the cabinet today submitted their resignation to President Millerand, but the president declined to accept them.

The action of the ministers was the outcome of the refusal of the senate to proceed with the trial of Marand and other communists, charged with illegal acts against the French republic. M. Poincarre informed the correspondents he interpreted the vote in the senate as a vote of confidence in the cabinet, which made it impossible for the ministry to act against communist plots.

The senate, sitting as a high court in secret session, voted relative to the action of communists on the following points: First: "Can the court declare itself competent or incompetent? Second: Should the question be referred to a committee? Third: Is the court competent? The senate voted in the affirmative on the first question and in the negative on the second and third questions, the final vote being 148 to 104.

After the vote was taken, the high court formulated its decision in substance: "The matter before the court is not of a nature reserved for its examination; hence it is not necessary for the court to proceed with the hearing. The case will be referred to a committee should therefore be sent before a competent body for its decision."

Comes As Surprise The senate vote was a complete surprise. While it is known that several senators disapproved of the use of the high court, heretofore reserved for matters of a technical nature, General Boulanger, Caillaux and Malvy, to try politicians of the calibre of Cachin and his assistants who it was held, could be dealt with more cheaply and more laboriously by ordinary courts, it was not believed that a majority of the senators took this view.

President Millerand argued that it was his duty to accept the resignation of the cabinet and that his setting in judicial captivity and that its vote must be considered in the light of rulings from the bench and ought not to be considered as votes of confidence in the cabinet or endorsement of the general policy. He, therefore, declined to accept the resignations. It is expected that the general policy of the government will be maintained in the senate at the earliest opportunity through interpolations and no one doubts what the result will be.

There the matter rests for the moment, but President Millerand is confident that his view is correct that he will leave tomorrow night, as planned for a visit to Lorraine.

## Issuance of New Certificate Will Be Signal for Beginning Construction of South Line

### Union Pacific President Approves Work Done by Twin Falls Men, and Gives Assurance of Early Activity

GUARANTEE SUBSCRIBERS TO RAIL FUND AGAINST LOSS Go ahead and exercise your option. Spend your \$250.00. If by any possibility of chance you are unable to build the Hogerson-Wells road we will see that you don't lose your money.—Statement of Carl R. Gray, President Union Pacific Railroad.

Just as soon as a certificate of necessity and convenience is granted to the Union Pacific, active construction of the Hogerson-Wells line will be completed and the same time return a fair dividend on the investment would result in government ownership. He estimated that government operation would cost \$900,000 more per year than private operation.

He said that failure to provide means for the roads to thus expand and at the same time return a fair dividend on the investment would result in government ownership. He estimated that government operation would cost \$900,000 more per year than private operation.

Official sanction of the granting of the new certificate has been filed with the interstate commission by the public utilities commissions of both Idaho and Nevada. A board of directors for the Idaho Central will be elected as soon as the legal formalities can be completed with it in the meantime.

These details were worked out on Thursday with Mr. Gray and Mr. Platt of the Oregon Short Line and the Union Pacific. The Oregon Short Line and the Union Pacific will be forwarded at once, together with a similar petition to the commission to be presented by Congressman Smith in person.

Details Worked Out These details were worked out on Thursday with Mr. Gray and Mr. Platt of the Oregon Short Line and the Union Pacific. The Oregon Short Line and the Union Pacific will be forwarded at once, together with a similar petition to the commission to be presented by Congressman Smith in person.

## CUMMINS SEES RAIL PROBLEM SOLUTION IN CONSOLIDATION

DES MOINES, Iowa, May 24 (AP)—Consolidation as a solution of the railroads problem was held forth by Senator A. H. Cummins of Iowa today in an address before the Iowa manufacturers' association.

"I think that it is absolutely necessary that the railroads of the country be consolidated—into a comparatively few competitive systems," he declared. "The transportation problem of the United States," he said, "is not cheaper rates, but the maintenance of the systems already established and their expansion and improvement to meet the growing needs of the country."

He said that failure to provide means for the roads to thus expand and at the same time return a fair dividend on the investment would result in government ownership. He estimated that government operation would cost \$900,000 more per year than private operation.

## GUNFIRE HEARD IN REGION OF BANDITS' LAIR

### Noise of Battle is Taken to Indicate the Brigands Fighting Government Troops or Among Themselves

TAO CHWANG, China, May 25 (AP)—Gunfire heard near here today is taken to indicate that government troops are engaging the bandits in the hills, or the bandits are fighting among themselves, as a result of a disagreement in their conference which was scheduled for today. It was learned from different sources that the brigands have taken their captives from the Paotaku mountains and have moved them two miles farther back into the hills.

This sudden retirement appears to indicate that the troops, acting under orders from Tiao Chwang, general of Shanghai, are following the plan adopted from different sources that the brigands have taken their captives from the Paotaku mountains and have moved them two miles farther back into the hills.

## ANALYZES FIGHT ON VALUATIONS

MILWAUKEE, Wis., May 24 (AP)—The real purpose of the attacks being made by "progressives" upon the valuation of property by the interstate commission upon the railways and upon the way in which the railways are being operated undoubtedly is to force them into government ownership. H. G. Bryan, president of the Chicago, Milwaukee and St. Paul railroad, declared in an address tonight before the chamber of commerce, the Rotary club and the Kiwanis club.

"Two angles of attack," he said, "are being used by the opponents of the railroads as a seducing inducement—one is the creation of the demand for further reduction in transportation charges and the other is the attack on the property of the carriers by the interstate commerce commission."

No Desire to A.J.J. "They have no desire to have the transportation industry placed upon a profitable basis because they are mainly interested in bringing about by some 'hook or crook' government ownership or nationalization of the carriers and the financial embarrassment of the roads and the increase in transportation for the public to bear."

They have no desire to have the transportation industry placed upon a profitable basis because they are mainly interested in bringing about by some 'hook or crook' government ownership or nationalization of the carriers and the financial embarrassment of the roads and the increase in transportation for the public to bear."

## SHIPS' LIQUOR RULINGS READY

### Treasury Department Indicates Way is Found Around Conflict of Laws

SPANISH LINERS ABANDON TRIPS TO UNITED STATES NEW YORK, May 24 (AP)—The Spanish liner ship operating between Barcelona and New York, has ordered discontinuance of all American sails, Luis Llanos, local agent for the company, said tonight. The discontinuance was ordered because of the recent supreme court decision forbidding foreign vessels from bringing liquor into American territorial limits, he said.

WASHINGTON, May 24 (AP)—Official promulgation of the new ship liquor regulations must necessarily be expected soon at Treasury, where indications were given today that a way had been found to circumvent international conflict in laws. The regulations were said to be of a temporary nature, and will be in a tentative form awaiting his consideration.

Treasury spokesman refuse to disclose features of the new rules required by the decision, but said that, except medicinal liquor within the three mile limit or to reveal how the laws of the United States and those of foreign countries which require medicinal liquor to carry liquor as crew rations or ship stores were brought into harmony.

It was ascertained definitely that the attorneys general framed the tentative details which the department is giving study to the use of the medicinal liquor regulations.

## Ford's Name Figures in Motion Picture Men's Row

CHICAGO, May 24 (AP)—Snyder A. Cohen of New York, was re-elected president of the Motion Picture Theaters of the Associated Exhibitors at a tumultuous final session of the organization's fourth annual convention here today, following an hour's speech on "The Motion Picture Industry and the Public." He referred to the "alleged participation of Henry Ford of Detroit, through the efforts of the Motion Picture Association and their participation in matters associated with the election of the president and other officers" of the organization.

His decision to allow his name to be presented to the convention as a nominee for president, after repeated declarations that he had no interest in the office, was the result of developments in the convention.

## RECEIVER FOR CULT ASKED

ST. JOSEPH, Mich., May 24 (AP)—A petition asking for immediate receivership of the Michigan state at Benton Harbor, was filed in the circuit court here today.

WASHINGTON, May 24 (AP)—Official promulgation of the new ship liquor regulations must necessarily be expected soon at Treasury, where indications were given today that a way had been found to circumvent international conflict in laws. The regulations were said to be of a temporary nature, and will be in a tentative form awaiting his consideration.

## POINCARRE REAFFIRMS FRENCH STAND ON RUHR

Premier Tolls Deputies France is in Position to Wait as Long as Germany is Disposed to Resist PARIS, May 24 (AP)—Premier Poincarre again told the chamber of deputies today that France would not reduce her share of reparations due from Germany by the return of the Ruhr. He said that the determination of the government to remain in the Ruhr until France's share was paid.

A precedent for this action, he said, was provided by the Germans themselves, who remained in France after the war of 1917 until the last centime of indemnity was paid.

The premier declared conditions in the Ruhr as far as they concern operation of the railroads and the transportation of seized products were improving. The coal and coke were actually crippling the French iron trade.

THE GREAT CONQUESTS FLAMES. NEW YORK, May 24 (AP)—The British freighter Gormy City was saved from destruction late tonight after a battle of several hours by the crew of a freighter. Fire was discovered in the freighter's number four hold shortly after she arrived from Liverpool via Philadelphia and anchored at Stapleton, Staten Island. The ship carried a general cargo. The extent of the damage has not been determined.

Clodburst Washes Houses Off Foundations and Plunges Garbage Into Darkness GARTHAGE, Mo., May 24 (AP)—This city is in darkness tonight and menaced by flood waters as a result of a cloudburst. Garbage was washed several houses off their foundations, put the municipal light plant out of commission and sent Spring river and smaller streams on a rampage.

Damage on a rampage. Thousands of dollars' worth of property were rescued by the use of boats, trawlers and other means. No reports of deaths or injuries had been received tonight.

A number of business houses in the south and southeast part of the city were flooded and suffered considerable damage. An eastbound Frisco passenger train has been held at the station for several hours and is unable to pull out.

KANSAS STREAMS FLOODED. TOPEKA, Kansas, May 24 (AP)—While all Kansas streams are filled and overflowing, the situation in the flood situation is not viewed with alarm by the weather bureau here. Concerning received reports of another rain near Red Cloud, Neb. The amount of rain above Concordia was reported to be out of its banks.

RECORD MAKING FLYERS READY FOR RETURN TRIP SAN DIEGO, Cal., May 24 (AP)—Lieutenants Oakley G. Kelly and J. A. MacBride tonight announced that they have some special provisions they would start at 8:30 tomorrow morning on their return trip in the monoplane which they flew from New York here in 27 hours a few weeks ago. A last minute change in plans caused them to postpone for 24 hours the start which had been set for this time.

The aviators have planned to go direct to St. Paul, then to St. Louis and Dayton.

They hope, they said, to make the trip to Washington in about 40 hours of actual flying.

DAHO WEATHER. Friday: Increasing cloudiness.

LIBERALS SEEK REPUTADIATION OF ASSEMBLY'S ACT

Sixty-Six Presbyterian Church Leaders File Protest Against Condemning of Doctrines Preached by Fosdyck

INDIANAPOLIS, May 24 (AP)—Sixty-six leaders of the Presbyterian Church of the United States filed with the general assembly today a protest against the assembly's action yesterday in condemning the doctrines preached by Harry Emerson Fosdyck in the First Presbyterian church of New York.

An attempt was made by fundamentalists to void the protest out of the record, but Dr. Charles F. Wishart, the moderator, ruled a protest was not admissible without the consent of the assembly.

The assembly completed its eighth day's session and adjourned at 4:15 p. m. to meet at Grand Rapids May 25 of next year.

One of its last official acts was to send down to the presbyteries for their consideration an overture to amend the church law to permit individual presbyteries to sanction the regular employment of ministers of other denominations, such as Dr. Fosdyck, who is a Baptist.

While the overture, if approved, would legalize the employment of Dr. Fosdyck and other out-siders in special cases, it will not change yesterday's mandate to the First Presbyterian church of New York and all other churches of the denomination to see that the doctrine expounded in their pulpits conforms to the doctrine of the church and the Westminster confession of faith.

Charges Lack of Evidence. The protest against yesterday's action was signed by Dr. George Alexander, pastor of the church where Dr. Fosdyck preaches; Nathan Day, secretary of the conference in church publication; William P. Merrill, pastor of the famous Brick church of New York; Rev. Martin D. Harbin, student pastor at Cornell university; Rev. Edward H. Pence, Portland, Ore.; Rev. James C. Reid, San Francisco; Rev. Murray S. Howland, Buffalo; practically all of the New York delegates and many others.

The protest declared the assembly's action was based on allegations of the Philadelphia presbytery in conditions in the New York presbytery, which were "not substantiated by the evidence." It stated that the assembly had condemned without proper hearing, and that the resolution tends to impose doctrinal tests other than those solemnly agreed in the constitution of the church.

Speaking of it, Dr. Alexander, under whose direction Dr. Fosdyck preaches, told the assembly "despite the protest which was just heard, the First Presbyterian church of New York is ready to proceed to carry out the mandate of the general assembly. I ask for your sympathy, forbearance, and I may say, cooperation. I'll go back to face the difficult task of interpreting this action to the members of my church.

Fosdyck Not Injured. "Do not expect us to do everything tomorrow. Much as I regret this action of the general assembly, I am not concerned with Dr. Fosdyck. The action will not diminish his popularity or usefulness.

"This question has been raised that he holds his position for his conclusions. I would not say he is confused but should receive no more under his

agreement, than he did the year previous to his entering into it. Dr. Fosdyck, more than any man I have ever known, is the educated young man and woman of today. He has been bringing them back to the light of Christ and I desire to do anything further to abrogate these young people from the church. If there is some delay don't think we are disobeying your mandate. We are simply trying to preserve unity, peace and power of the Presbyterian church."

LEGAL ADVERTISEMENTS

NOTICE OF SHERIFF'S SALE. Notice of Sheriff's Sale of Real Estate Under Decree of Foreclosure and Order of Sale.

Jennie L. Snow, Administratrix of the Estate of W. L. Snow, Deceased, Plaintiff.

vs. Jay E. Wilder and Emma E. Wilder, his wife; William Graham, F. L. Cogswell, W. V. Mack, Cogswell Tire and Service Station, Ed Tolbert, Bank of Kimberly, a banking corporation, and Nibley-Channel, Lumber Company, a corporation, Defendants.

Under and by virtue of an Order of Sale and Decree of Foreclosure issued out of the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, dated the 23rd day of May, 1923, in the above entitled action wherein Jennie L. Snow, administratrix of the estate of W. L. Snow, deceased, as Plaintiff, recovered a decree against the above named defendants, on the 12th day of May, 1923, which said decree was on the said 12th day of May, 1923, recorded in judgment book 8 of said District Court at page 482, I am commanded to sell all that certain lot, piece or parcel of land situated in the County of Twin Falls, State of Idaho, and bounded and described as follows,

To-wit: Lot numbered Three (3) in Block numbered Two (2) of Five Point Addition, to the City of Twin Falls, as same is shown and designated, on the Official Plat of said Addition, on file and Record in the office of the Recorder of said County and State, together with all and singular the tenements, hereditaments and appurtenances unto belonging or in anywise appertaining.

Public notice is hereby given, that I will on the 27th day of May, 1923, at the hour of 2 o'clock p. m. (Mountain Time) of said day, at the East Front Door of the Court House of the County of Twin Falls, State of Idaho, sell the above described property in obedience to said Order of Sale and Decree of Foreclosure, to satisfy Plaintiff's Decree with interest thereon, together with all costs that have accrued or may accrue to the highest bidder for cash, lawful money of the United States.

Dated this 23rd day of May, 1923. M. E. FINCH, Sheriff. By H. S. HAMILTON, Deputy.

UTAH GOVERNOR GRANTS REPRIEVE TO MURDERER

Orders Stay of Execution of Death Sentence Upon G. Gardner when Evidence of Insanity is Found

SALT LAKE, May 24 (AP)—George Gardner, alleged slayer of two men, sentenced to be shot by a firing squad at the Utah state prison tomorrow, was granted a reprieve until the next meeting of the state pardon board by Governor Mabey late today. The governor's action followed the declaration that evidence of insanity was found in an examination of the

prisoner by a lunacy commission today. The commission had been appointed by Governor Mabey this morning following importunities by two sisters of the condemned man.

The next regular meeting of the state pardon board is set to be held on June 23.

Gordon was convicted of the murder of Gordon Stuart, deputy sheriff, at the Gardner ranch home, near Welby, Utah, on April 15, 1922. At his trial it was charged that Gardner shot the officer when the latter came to his home to serve a process of claim and delivery of property in Gardner's possession alleged to belong to Joseph Irvine, Gardner's former business partner. Gardner then pursued Irvine, who

had fled, and shot him a short distance from the home.

Mrs. Martha Gernance, Gardner's common law wife, was convicted of complicity in the slayings and is serving a 10-year sentence.

TWILIGHT BALL SCHEDULE MADE

Legion and Elks to Open Season with Game Tuesday Evening; Little Series Planned

Schedules for the Twin Falls Twilight League released Thursday evening show the first league game to be played

Table with 4 columns: Sport, Bankers, Electricians, Elks, Legion. It lists game dates and times for various sports teams.

On Tuesday evening, May 29, at 6:15, the Bankers and Electricians bring the two teams to open hostilities.

The Twilight game will be between the Legion and Elks, and as all teams are about evenly divided, some classy games are promised the fans for the coming summer.

Breaking the schedule in two parts, the committee decided to have a little world's series of its own, as the winners of the first and second half will have to play a three game series to decide the championship.

The new ball park is rapidly nearing completion, and by the end of the week the stands will be ready for Tuesday's opener.

There will be another drawing this week for the rest of the players who were not picked at the first drawing,

AMERICAN CLAIM AGENT RESIGNS HIS POSITION

Withdrawal of Robert C. Morris from Body Formed to Settle War Debts of Germany, Second in Week

WASHINGTON, May 24 (AP)—Robert C. Morris of New York, American agent before the German American mixed claims commission, today tendered his resignation to President Harding.

The resignation of Mr. Morris was the second among officials of the claims commission within a week. William H. Day, former associate justice of the supreme court, resigned several days ago as umpire of the commission, because he felt that a younger and stronger man should be assigned to the work which involves the settlement of claims amounting to a billion and a half dollars.

Mr. Morris, since the organization of the commission last October, has been engaged in preparing briefs on the claims that the American government and its citizens have against Germany as the result of war damages and has built up a staff to conduct the presentation of claims.

The White House announcement of his resignation says it has been postponed until the organization of the American agency was fully perfected in every way.

President Harding is understood to be desirous that the work of the commission be expeditiously handled, and consequently it is expected that he will soon announce the appointment of a successor to Mr. Parker as American commissioner and to Mr. Morris as American agent.

JOURNALISM LOSES LURE

Only One Out of 96 Illinois High School Graduates Prefers Newspaper Work

WATKIN, Ill., May 24 (AP)—Journalism has lost its glamour to students, according to Paul Koller, principal of the Watkin high school. One of 96 students in this year's graduation class, only one prefers journalism. Engineering, the stage, teaching and office work appealed to 50 per cent, it was indicated in questionnaires which were filled out. The school of journalism conducted for a class of 120 seniors and under-classes is believed to have taken the lure from the profession.

FRENCH PILOTS ADEPT IN NAVIGATING RHINE

BINGEN-ON-THE-RHINE, May 24 (AP)—Prosaic pilots from the Seine have taken the romance out of certain German fairy stories of the middle ages and shattered legends of the Rhine which have stood for many centuries.

The mysterious currents of the Lorelei, famed in song and story, and in Germany as well known almost as Old Father Rhine himself, have been conquered by the French without a struggle.

When the French began German occupation of the Ruhr began scores of prizeless prizes and trailing barges through the treacherous channel which swirls about the great rock Lorelei, quit the jobs at once as part of Berlin's passive resistance.

The French Freuchen looked over the task ahead of them. Boats on the river must be kept going and coming as part of the occupation program, in song and story, and in Germany as well known almost as Old Father Rhine himself, have been conquered by the French without a struggle.

President Harding is understood to be desirous that the work of the commission be expeditiously handled, and consequently it is expected that he will soon announce the appointment of a successor to Mr. Parker as American commissioner and to Mr. Morris as American agent.

ISSUANCE

(Continued From Page One.)

new certificate is granted. It is hoped to obtain action upon the application within the next 30 days although every effort will be made for an even earlier hearing on the application.

Will Locate Terminal

Chief Engineer Armstrong will leave at once for Wells to select final terminal site there. Surveying and selection of right of way will not commence until the granting of the certificate of necessity, for the building of the road.

J. S. Keel will leave here on Monday next to meet Chief Engineer Armstrong at Wells in connection with the selection of terminal ground there.

UNEMPLOYMENT IN BERLIN

BERLIN, May 24 (AP)—Unemployment is increasing in Berlin at an alarming rate, and is the subject of excited discussions in the city council. Estimates of the number of unemployed the end of April varied from 90,000 to 300,000. Demands are being made by labor leaders that the city restore parks, improve public buildings and extend subways to relieve the situation.

EIGHT DEAD; MANY HURT IN RIOTING IN GERMANY

Communists Capture and Burn Police Headquarters at Gelsenkirchen; Defense Forces Evicted in Fight

GELSENKIRCHEN, May 24 (AP)—Eight persons are dead—seven men and one child—and between 70 and 80 are suffering from wounds due to bitter fighting which broke out here last night between communists and the defensive forces.

The trouble had its origin in the capture by the communists of police headquarters at Gelsenkirchen, where it was fought. The building was then set on fire.

The members of the defense forces, who were being pushed back and forth by the communists, were driven out after hard fighting, when was resumed in the streets. The casualties were about equally divided between the communists and the defensive force. The communists today are still holding a portion of the police headquarters.

News agencies have been begun by the communists and their sympathizers with the burgomaster with a view to forming a commission of four to take over the task of policing the city.

RECOGNITION OF WOMEN IS RESISTED BY CHURCHMEN

MONTREAL, May 24 (AP)—Although the general assembly of the Southern Presbyterian church in closing session here today issued instructions to its executive committee to act immediately not more than three women to the membership of each of the 49 opposing the recognition of women left a protest in the records tonight as they departed for home.

FORSTALLS EXECUTION

TUSCON, Arizona, May 24 (AP)—A last minute delay of the execution of Manuel Martinez set for 5 o'clock tomorrow morning occurred late today when the Arizona state prison at Florence was served with a writ of habeas corpus directed him to produce Martinez in superior court at 9:30 o'clock Saturday. Martinez was to hang tomorrow for the murder of J. Frank Pearson.

FORD OUTBIDS BANKERS

DETROIT, May 24 (AP)—Henry Ford outbid New York bankers today and advanced to the city of Detroit \$500,000 on a short loan. The Detroit manufacturer will receive a 4 per cent interest on the loan. The eastern banking interests asked 4 1/2 per cent, it was said.

Evils of Constipation

Perhaps the most serious of the diseases caused by constipation is appendicitis. If you would avoid this dangerous disease, keep your bowels regular. For this purpose Chamberlain's Tablets are excellent, easy to take and mild and gentle in effect.

RUSSIAN GIVES VIEWS ON BOLSHEVIK REGIME

Monchev Leader Tells International Socialist Congress Soviet Develops New Bourgeoisie

HAMBURG, May 24 (AP)—Russia today is in the hands of the despotic dictatorship of the communist party, declared the Russian Menshevik leader, Abramovich, addressing the international socialist meeting here. He urged that organization be undertaken among Russian peasants and laborers to induce them to make their country a "democracy."

In place of pre-war Russian capitalism, he said, and instead of the soviet ideal state in which there were to be no classes, there had developed a new bourgeoisie class of manufacturers and private capitalists, socially different classes.

Russia's state industries, he declared, are operating with great difficulty and are unable to compete with private enterprise.

It was announced in the congress that the delegates chosen by the social revolutionary party in Russia were unable to attend the Hamburg meeting because they are in jail under sentence of death. It was also stated that the Hungarian delegates had been prevented from attending on account of opposing political elements.

OIL OPERATORS SHUT DOWN

TULSA, Okla., May 24 (AP)—To avoid a further cut in the price of high gravity midcontinent crude oil, 11 of 12 operators in the Fireback field of Osage county, Oklahoma, agreed today to shut down and keep closed 279 wells.

TWIN FALLS WILL DRAW INTERMOUNTAIN SHOTS

Trap Shooters from All Idaho Centers and Utah to Compete Here in State Tournament Events

Trips shooters from all parts of the state will gather here Sunday for the state tournament shoot which will start Sunday at 9:30 and end Tuesday afternoon.

Shooters from Utah also will be in evidence as Salt Lake and Ogden will add two squads, among whom will be champions of the Utah metropolis, considered by many to be the best in the intermountain region.

Ample seating room has been provided, and all interested in this branch of sport are invited to the grounds to witness the shoot.

JOHNSTON FORGES AHEAD

ST. CLOUD, France, May 24 (AP)—William M. Johnston, America's second ranking tennis star, today won his way into the semi-finals of the international hard court championship by virtue of a clean victory over Count De Gomar of Spain. He won in straight sets, 6-3, 6-2, 6-1.

Tomorrow he meets La Coste, the youthful Frenchman, who, after witnessing today's match, expressed doubt of his ability to take even one set from the brilliant Californian. The French champion, Cochet, came through in the upper half of the draw, but must defeat Washer of Belgium tomorrow in order to qualify for the finals.

Johnston played superb tennis against the Spanish nobleman. The former drive, for which he is famous, was working perfectly. Count De Gomar played some of his best tennis of his career, but was helpless against the sizzling drives that shut down the side lines or cross court out of his reach after "Little Bill" had maneuvered him into an awkward position. Time and time again he caught his opponent flat-footing or going the wrong way.

SCHOOLBOY ATHLETES OF NATION ENTER CONTESTS

CHICAGO, May 24 (AP)—Olympic stars of the future, representing high schools and academies from more than 30 states, arrived here today to compete in the nineteenth annual national interscholastic track and field games to be held under the auspices of the University of Chicago tomorrow and Saturday afternoon.

The meet drew a record-breaking entry, 1250 athletes of which 893 will compete in the high school section, and 357 in the academy division. The meet will be run in two sections, one for academies and one for high schools, with a trophy for the winner of each division. While not many eastern schools will be in the competition, the cream of the school boy athletes of the midwest, south and far west are entered.

### California City Boosts New Road

San Francisco Chamber Wires Pledge of Co-operation in Rogerson-Wells Project

That the building of the Rogerson-Wells railroad is of vital importance, not only to the Twin Falls country but to California as well, is recognized in a telegram received Thursday afternoon from the San Francisco Chamber of Commerce by the Twin Falls Chamber of Commerce.

The telegram reads as follows: "The San Francisco Chamber of Commerce has always advocated building the road from Rogerson to Wells, Nevada, thus shortening the distance from Idaho points to San Francisco 300 miles. The mutual interests of both Idaho and California will be advanced by construction of this road and we hope your present efforts in this direction will prove successful. This statement will be given publicity in California. San Francisco Chamber of Commerce."

### Society

Edited by Mrs. E. B. Williams, Telephone 399.

Mrs. John Gott entertained with a charming bridge party at her country home on Thursday afternoon. A profusion of spring flowers decorated the rooms. Three tables of players enjoyed the games, prize for high score being won by Mrs. Charles H. Burton and consolation by Mrs. Alan P. Senior. Dainty refreshments were served after the games. Mrs. E. C. Peterson, Mrs. A. W. Ostrach sang several beautiful vocal solos.

Complimenting Mrs. John Crocker of Maroa, Ills., who is visiting in Twin Falls for a few days while Mr. Crocker is attending to his extensive interests here, Mrs. P. E. Costello gave a 1 o'clock luncheon on Thursday. The centerpiece for the table was iris in purple and white and the other decorations carried out the same colors. Those present besides the honored guest were Mrs. Arthur J. Peavey, Mrs. P. H. Smith, Mrs. P. F. McAtee, Mrs. Joseph Weaver, Mrs. Charles Hart, Mrs. E. J. Ostrom, Mrs. E. C. Brock, Mrs. H. S. Cowling and Mrs. Henry J. Wall.

Mrs. Mary V. Norton and Mrs. James Walker, the Episcopal church members, held Thursday afternoon at the residence of the latter on Main avenue west. There was a good attendance and the regular routine of business was transacted. A pleasant feature of the meeting was the presence of the Rev. and Mrs. B. C. O'Connell, Mrs. H. V. Scheffel and Mrs. Leland Frazier of Rupert. Mrs. Scheffel, who is president of the Rupert guild, spoke entertainingly of the work being done by the organization. Two excellent papers were read, one by Mrs. B. C. O'Connell on the life of Archdeacon Stark, and the other by Mrs. C. T. Bunce on "Abel, the Undeveloped." A social hour followed during which refreshments were served.

The Presbyterian missionary society met in the parlors of the church Thursday afternoon. Devotionals were led by Mrs. D. Kutz. The business meeting was the subject for roll call. A most interesting program on Japan was given by Mrs. C. R. Scott, assisted by the following young ladies: Miss Margaret Lunsby, Miss Margaret Sully, Miss Alma Ducker, Miss Una Stafford and Miss Sunshine Williams.

The Foreign Missionary society of the Methodist church met in the church parlors Thursday afternoon with Mrs. Turner K. Beckman as hostess. There was the regular business session, followed by a most interesting program on Japan and Korea in charge of Mrs. M. M. Moore, assisted by the Standard Bearer girls who cleverly portrayed a missionary's home in Japan. The rooms were attractive, with quantities of lilacs and iris. The hostess was assisted by Mrs. James Barry, Mrs. Joseph Blake, Mrs. H. H. Howe, Mrs. S. Smith, Mrs. H. J. Barber, Mrs. L. S. Jones and Miss Emma Bradley, who served refreshments before adjournment.

**Lumbago.**  
This is a rheumatism in the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. P. J. Dean, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."—adv.

EASTERN REPRESENTATIVES: George B. David Co., Inc., 171 Madison Ave., New York 17, N. Y.

THE TOURIST CAMP: Denver is advertising the opening of its automobile touring camp for the season.

It is worth the money and trouble! Denver thinks so. It expects big profit from the money the tourists will spend in the city...

Hundreds of other cities and towns in the West look at the matter in the same way, and many of them are coming to the know...

The eastern part of the country has been strangely slow to realize the value of this kind of hospitality, and loses accordingly.

MOVIE STAR INCOMES: Ever since Charlie Chaplin signed his famous million-dollar contract back in nineteen hundred seventeen...

Film stars, said the witness, are paid for the completed negatives. Out of that lump sum the star—he it man or woman—must pay the producing expenses...

All of which proves, not that movie stars do not receive big pay, but that they do more work for it and run more risk of loss than the public has realized.

CHAPTER XVI

Benita. Having exhausted all the resources of the mountain, such that had interest for them, Madeline's guests settled quietly down for a rest...

Madeline avowed their pleasure in regard to the breaking of camp; and meanwhile, as none of them cared for more exertion...

Madeline recognized Stewart. She had a greater feeling of surprise than had at first been hers. But for the next moment she secretly thought at all...

Stewart underwent another swift change. He started violently. A dark tide shaded his face and a glitter leaped to his eyes.

"What you do or think, Stewart, is No Concern of Mine." blotted over the healthy red-brown of his neck and cheeks.

"What you do or think, Stewart, is no concern of mine." "Miss—Miss Hammond! You don't believe—" interred Stewart.

Stewart underwent another swift change. He started violently. A dark tide shaded his face and a glitter leaped to his eyes.

complete. Sorrow gave place to indignation—that while she had been "gnawing about this cowboy, dreaming of her good influence over him, he had been merely husing."

Madeline did not think of him again till late that afternoon, when she was leaving her tent to see several of her guests. Stewart appeared suddenly in her path.

"Miss Hammond, I saw your tracks down the trail," he began, eagerly, but his tone was easy and natural. "I'm thinking—well, maybe you sure got the idea—"

"I'm sure not going to have you think—" He began passionately, but he broke off, and a slow, dull crimson outwardly dark, serene, with level, brightly eyes upon Stewart, but inwardly she was burning with rage and shame.

"I'm sure not going to have you think—" He began passionately, but he broke off, and a slow, dull crimson outwardly dark, serene, with level, brightly eyes upon Stewart, but inwardly she was burning with rage and shame.

"What you do or think, Stewart, is No Concern of Mine." blotted over the healthy red-brown of his neck and cheeks.

"What you do or think, Stewart, is no concern of mine." "Miss—Miss Hammond! You don't believe—" interred Stewart.

Stewart underwent another swift change. He started violently. A dark tide shaded his face and a glitter leaped to his eyes.

"What you do or think, Stewart, is No Concern of Mine." blotted over the healthy red-brown of his neck and cheeks.

"What you do or think, Stewart, is no concern of mine." "Miss—Miss Hammond! You don't believe—" interred Stewart.

Stewart underwent another swift change. He started violently. A dark tide shaded his face and a glitter leaped to his eyes.

leaped to his eyes. He took two strides—leaping her. "I'm not thinking about myself," he thundered. "Will you listen?"

"No," she replied; and there was freezing hauteur in her voice. With a slight gesture of dismissal, unmistakable in its quality, she turned her back upon him.

Stewart stood perfectly motionless. Then slowly he began to lift his right hand in which he held his sombrero. He swept it up and up, high over his head. His tall form towered.

force suddenness he flung his sombrero down. He leaped at his black horse and dragged him to where his saddle lay. With one pitch he tossed the saddle upon the horse's back.

Stewart raised his dark face. Everybody listened. And everybody heard the rapid beat of a horse's hoofs. The sun had set, but the park was light.

"What's up, Gene?" he queried, sharply. "Nels' long arm shot out, and his hand fell upon Stewart, holding him down."

"Nels' long arm shot out, and his hand fell upon Stewart, holding him down." "Shore you ain't gettin', Gene?" "Let go, Gene!" cried Stewart.

"Nels' long arm shot out, and his hand fell upon Stewart, holding him down." "Shore you ain't gettin', Gene?" "Let go, Gene!" cried Stewart.

"Nels' long arm shot out, and his hand fell upon Stewart, holding him down." "Shore you ain't gettin', Gene?" "Let go, Gene!" cried Stewart.

"Nels' long arm shot out, and his hand fell upon Stewart, holding him down." "Shore you ain't gettin', Gene?" "Let go, Gene!" cried Stewart.

"Nels' long arm shot out, and his hand fell upon Stewart, holding him down." "Shore you ain't gettin', Gene?" "Let go, Gene!" cried Stewart.

How significant was the effect of his words upon all the cowboys! Stewart made a fierce and violent motion, terrible where his other motions had been but passionate.

"Wal, I'm sorry, but I reckon they'd as well know fast as fast. Maybe that yearnin' wish of Miss Helen's for somethin' to happen will come true. Shore it will!"

"Get out of my way!" he yelled. "Then with the same savage haste he adjusted the bridle on his horse."

"Get out of my way!" he yelled. "Then with the same savage haste he adjusted the bridle on his horse."

"Get out of my way!" he yelled. "Then with the same savage haste he adjusted the bridle on his horse."

"Get out of my way!" he yelled. "Then with the same savage haste he adjusted the bridle on his horse."

"Get out of my way!" he yelled. "Then with the same savage haste he adjusted the bridle on his horse."

"Get out of my way!" he yelled. "Then with the same savage haste he adjusted the bridle on his horse."

### Await Outcome of Test of New Law

#### Interest Shown in First Case Under Senator Pike's "Lazy Husband" Measure

Considerable interest surrounds the outcome of the preliminary hearing of Ivan Cobb of Filer, in probate court, Friday morning on a charge of family desertion, the case being regarded as a test case of the "lazy husband" bill passed by the state legislature.

The county commissioners will attend the hearing for the purpose of obtaining an insight into the operation of the law and as a matter of guidance.

The law was introduced at the last session of the legislature by Senator W. F. Pike of Twin Falls, and the present case is believed to be the first on record since the measure went into effect.

The measure provides three ways in case of conviction, in which the cases may be disposed of. The defendant, if found guilty, can be put at work at a wage of \$1.50 a day, part of which is turned over to his family, and the rest remitted to the county, or he can obtain work of his own choice and pay the specified amount, or he can pay his fine in one sum.

The board of county commissioners has received occasional requests for financial assistance from men apparently able-bodied and regarded as capable of working and the commissioners are interested to know whether or not these men can be classified under the new law.

J. W. Taylor, prosecuting attorney, will represent the state in the case, and Frank Stoddard, former prosecutor, will counsel for the defense.

### Seek Candidates for Summer Camp

#### Legion Puts County Representative in Field for Military Training Courses

In response to a request from Lester P. Albert, adjutant of the Idaho department of the American Legion, C. H. Krongel, Twin Falls post commander, has appointed county representative to have charge of enlistments for the Citizen's Military Training Camp this summer.

Major Drew M. Standrod, of Pocatello, has been given charge of the work in this state and he is urging Legion officials throughout the state to appoint representatives to have charge of the enlistments and to push the work as rapidly as possible in each county.

Twin Falls county is entitled to 15 men, and Adjutant Albert asks that an alternate be selected for each candidate in order to insure the full quota to which the county is entitled.

The candidates residing in the ninth army corps area will be sent to three different camps, each being located in the various sub-districts. The Idaho candidates will go to Fort Douglas, Utah.

Three courses are offered at the summer camps, which are conducted entirely as a matter of keeping the young men of the country in better condition for military service. The training is conducted along military lines, although recreation in practically every approved form is allowed and being courses more pleasant. Training expenses are met by the government and the candidate is not compelled to take any of his own money, and he is afforded of leaving the camp when he desires.

### LOCAL MOTORISTS JOIN IN AUTO ASSOCIATION

#### Campaign Progresses Favorably for Members Here; Field Secretary Outlines Aim of Organization

R. W. Adams, field representative of the Idaho Automobile association, reports that the campaign for membership in the organization through the assistance of the Twin Falls Chamber of Commerce is progressing in a satisfactory manner although the number signing applications are fewer than was at first expected.

The present aims of the association are to log and mark the highway from Granger to Weiser, issue literature of interest to the tourist in southern Idaho and directing him as to the best routes and calling attention to Idaho's various attractions.

Membership in the Idaho association carries with it membership in the American Automobile association and co-operative privileges and favors in each co-operating state association, including California, Oregon, Washington, Montana and all other western states.

The local drive for members will, according to closed Saturday or Monday, according to Mr. Adams.

#### Whooping Cough.

This is a very dangerous disease, particularly to children under five years of age, but when so paragonic, coding or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take—adv.

### Eighty-Six Degrees is New High Record

With a new high temperature record for the season reached, Twin Falls folks were given a sample of real summer weather Thursday and comment on the heat almost crowded railroad talk off the splendid of conversation.

The mercury advanced from low mark to 45 degrees until it reached at 8:45 high record for the day, exceeding the previous high mark established about two weeks ago, by one degree. Temperatures remained high throughout the afternoon and evening and at 8 p. m. the mercury stood at 71 degrees.

### Personal

**Goes to Filer**—Mrs. Hattie Henriksen went to Filer Thursday to visit Mrs. Harry Musgrave.

**Visiting Sister**—Thelma Weller of Rogerson is spending a few days with her sister, Mrs. R. Hawley.

**Will Visit Son**—J. H. Swan left Wednesday for Maltrata, Neb., where he will visit his son, John T. Swan.

**Visit Relatives**—Mr. and Mrs. C. R. Henderson of Colorado, are visiting at the home of Mrs. C. B. Janks.

### ELKS LODGE TO RECEIVE BIG CLASS OF MEMBERS

#### Prospective Candidates File Applications for Initiation; Special Ceremonies to be Held on June 7

New membership applications are being received in considerable numbers by the Elks lodge and the next initiation has been set for June 7, when it is expected that from 75 to 100 candidates will be taken into the order.

With a class of this size the ceremony will probably require an entire evening or possibly a day and the event will close with a special and original entertainment program in which the new members will be asked to participate.

The long list of applications is evincing the attention of the membership committee composed of C. C. Siggins, A. Wilton Peck, I. A. Chapin, Tom Reed and H. J. Houff.

### WILL OPEN BIBLE SCHOOL

#### Classes to be Conducted in Lutheran Church by Rev. J. Gihring; Accept Any Pupils of School Age

The Rev. J. Gihring, pastor of the Lutheran church, will conduct a vacation bible school in his church for a number of weeks this summer.

Classes will be conducted from 9 to 11 a. m. and any children of school age and of any religious denomination will be cheerfully enrolled, the Rev. Mr. Gihring announces.

### DELEGATES ARE ELECTED TO NURSES CONVENTIONS

#### Members of District Association Meet at County Hospital; Secretary of State Organization is Guest

Election of delegates to the convention of the state nurses association at Boise June 5 and to the northwest convention of the same organization June 7 constituted the principal features of members of the first district of the Idaho Nurses association at the nurses' club at the county hospital Thursday night.

Mrs. Robert Rogerson was named as the local district delegate to the Boise meeting and Miss Minnie Farrar and Mrs. Rogerson were selected as delegates to the northwest conference.

Miss Gerriah of Boise, secretary of the Idaho association, was the guest at the meeting from Thursday night. Matters of professional interest were discussed and an inspection trip was taken through the hospital. About 10, including nurses from Twin Falls and Filer, attended. Miss Virgil Hansen, president of the district organization, presided. Refreshments were served at the close of the meeting.
