STAR AVIATORS DIFFER WIDELY IN PERSONALITY

Kelley's "Punch" and MacReady's "Balance" Factors in Success of Transcontinental Flights

DAYTON, May 26. (AP)—Lieutenants Oakley Kelley and John A. MacReady, regarded as the country's premier aviators since they bettered the world's endurance record and made the first successful nonstop transcontinental flight, owe their success as a flying team as much to their contrasting personalities as to their admitted superiority as pilots, in the opinion of aviators at McCook Field here, the home station of the men. They predicted that the ability of the two men to work together in trying situations will bring further aerial honors to the United States army.

Kelley's enthusiastic and impulsive nature gives the combination the necessary "punch," while MacReady, more staid and quiet, furnishes the "balance" which is a necessary element in carrying through many difficult situations, according to the belief of those who have observed the men working and flying together during the past two years.

Kelley Sees Possibilities

Credit for the working out of the transcontinental flight plan is given almost entirely to Kelley by his co-pilot, aviator. As chief of maintenance of planes and engines at the mammoth flying center, Kelley in the face of ridicule, opposition and statements that the air service had no ship which had even a chance of flying across the continent, has worked, talked and lived on the plans for the coast to coast flight, during his two years at the field.

For some time no plane appeared that seemed capable of carrying out Kelley's plans, but finally the T2, a Fokker ship originally designed as an eight passenger transport, was brought to McCook Field. Kelley recognized the possibility of long distance flight in it, officers say, and he immediately started work. With a rebuilt fuselage and a new Liberty engine Kelley and MacReady started from the coast last fall only to be forced down at Indianapolis through a mishap. Captain Kelley, aided by Lieut. E. W. Byeman, an expert in the engineering department of the field, continued his work on the plane and after further improvements had been

EASY MONEY POINTS TO HIGHER BOND PRICES

Roger Babson Sees Unusual Opportunity for Investors During Balance of Present Year

WELLESLEY HILLS, Mass., May 26.—(Special to The News.)—Should the investor buy long term bonds now or wait in hope of getting them at lower prices?

The question is uppermost in the minds of the investing public. A gain of two points in conservative bonds since last March has been welcome enough, but there seems to be a great deal of discussion as to whether it is the beginning of the long swing upward or whether it will be offset by an other reaction such as that falling in the bond market of the first three months of this year.

Roger W. Babson's statement on the situation, issued today, presents evidence which deserves careful consideration by everyone interested in the future of investment securities.

"Money rates are easy," according to Mr. Babson, "and will continue at their present position for some time to come."

"January was commercial paper at 4 1/2 per cent on the average. In February it rose to 4 3/4 per cent. March brought it slightly above 5 per cent. In April it ruled at 5 1/2 per cent. Early May brought it slightly above 5 per cent. Present indications are that it will continue at about this same level throughout the summer. Fine loans have been made by the banks on about this same basis, while mortgage money

is available in the east at 5 and 6 per cent.

Banks buying bonds.

"From the point of view of the bond market this easing in money rates indicates a slackening in the demand for government loans, an increase in reserve on the part of our banks and a shrinking up of the increased credit necessary to finance the sudden spurt in business at the beginning of this year. Since it is the habit of our banks to invest surplus funds in bonds as reserves grow, and to liquidate these bonds when government bonds demand increased borrowing on the part of the general business public, it means there are no figures available on the effect that bank purchases and sales have on the general investment market. It stands to reason that the banks represent the largest single customer for bonds in the country and that their position must have an effect upon bond prices. When the banks were selling they not only removed their purchasing power from the bond market, but flooded it with their own holdings. When they reversed this position the stream of bonds that has been coming into the market from the banks is shut off and they offer purchasing power not only for new but also for old issues. As long as they are buying and holding their bonds, prices cannot very well go below present levels, and should evidence a slight strengthening."

"When we examine the outlook as to the possibility of the banks changing their present position we see but two factors which might cause such a shift during the balance of the year.

Stock Market Factor.

"If in reaching the peak of its long swing bull movement, the stock market develops into a feverish spurt, it may be necessary for certain of our banking interests to liquidate bond holdings in order to provide the cash necessary for stock loans on a higher price level. This might cause a temporary sag in bond prices which would be recovered as the flurry subsided, if the advance in the stock market does not develop into a spree of speculation, but proceeds on an orderly basis it probably will have a slight effect upon bond prices.

"The other factor to be considered is that of crop moving which always puts a seasonal strain on our financial machinery beginning about the first of August and ending the latter part of October. This seasonal demand for additional credit may force commercial rates up a fraction, probably not more than one-half of 1 per cent. This probably will cause a slight recession in bond prices. It may not, however, offset an advance that is possible between now and that time.

Long Upward Swing.

"All present indications point to easier money and higher bond prices during 1924. I doubt very much

JACKSON LAKE CONDITION

HURLEY, May 26—Report from Moran, Wyoming, at the outlet of Jackson Lake reservoir shows the following condition:	
Jackson Lake Storage	Acro-Ft.
On May 12, 1923	456,230
On same date a year ago	387,800
For week ending May 12, 1923	23,600
For same week a year ago	19,240
Precipitation at Moran	Inches
For week ending May 12, 1923	0.00
For same week a year ago	0.89
From Sept. 1, 1922, to May 12, 1923	15.11
For same period a year ago	15.05

whether it will be possible to buy good investment bonds next year at anywhere near their present levels. From the long swing point of view statistics clearly indicate the general trend of bond prices will be upward over the next fifteen to twenty years.

"From the investors' point of view the present bond market offers a real opportunity. Prices may react slightly on either of the two developments outlined above, but I am not at all sure that the investor who waits and tries to pick these exact low points will save enough to make up for the interest he may lose in the meantime. If you are buying securities for a regular income I suggest that you buy sound long term bonds now, and that you continue to buy them for the remainder of 1923 as fast as income is available."

General business is holding its own in spite of the slackening of trade in some lines. The index of the Babson chart shows general activity at 5 per cent above normal—within 1 point of the high point for this year.—(All publication rights strictly reserved.)

BEARS TRIUMPH OVER EAST IN ATHLETIC MEET

University of California Wins Intercollegiate Championship for Third Successive Year; No New Records

FRANKLIN FIELD, Philadelphia, May 26 (AP)—A small but sturdy band of far westerners, carrying the blue and gold colors of the University of California, today swept across the best that the east could offer and captured the championship for the third successive time in the intercollegiate track and field meet at the forty-seventh annual I. C. A. A. meet on Franklin field.

The lucky squad of 13 golden Bears, captained by "Brek" Miller, all American football stars, scored 30 1/2 points, one less than their winning total of last year, but enough to win decisively over Princeton, which finished second with 23 points. The Tigers battled valiantly to overcome the tremendous advantage of the westerners in the field events, but their best efforts were not good enough to repel the braven of the invaders.

Yale Wins Third Place.
Yale, which, with Princeton, shared the honors of the east, failed to come up to expectation in the deciding events and despite the large number it qualified, the blue collected but 23 points, winning third place by a half point from Pennsylvania, which, by virtue of two sensational victories, one by Kirby in the mile and the other by Lovejoy in the 200-yard dash, landed in fifth place. Penn State and Syracuse tied for sixth place with 13 points each, Johns Hopkins finished eighth with 12 points and Dartmouth ninth with 10 points.

Identical track and field conditions prevailed for the finals of the two-day meet, but although sensational performances threatened records in several of the events, no new records were established.

Thirty-one colleges, represented by 900 athletes, competed for the college track and field crown, but after eliminations yesterday only 24 were represented today and of these but 19 placed men in the finals.

Strong in Field Events.
California's versatile squad of field performers scored enough points alone for the golden Bears to win. The westerners tallied 36 1/2 points in six field events, hockey scoring three points and their only place on the track with a third place in the 120 yard hurdles.

PITCHERS BATTLE GOES TO GIANTS

Jonnard Bests Glazner in Pitching Duel; Kelleher's Homer Wins for Cubs

NEW YORK, May 26 (AP)—The New York Giants defeated the Philadelphia Phillies today, 4 to 3. Claude Jonnard bested Charlie Glazner in a pitching duel, although Glazner fanned six of McGraw's men. The Giants won the game in the eighth, when Kelly sent Young home with a triple to left after Young had doubled.

CUBS WIN CLOSE ONE

CHICAGO, May 26 (AP)—Johnny Kolober's home run drive into the left field bleachers after two were out in the ninth inning, gave Chicago a 5-4 victory over Cincinnati in the final game of the series here today. The visitors had taken the lead by punching hits behind the Cubs' errors, but Chicago rallied and tied the count in the sixth by punching hits behind Burns' error and a base on balls.

CARDS BEAT PIRATES

PITTSBURGH, May 26 (AP)—Pittsburgh lost its first game of the season on its home grounds today, St. Louis winning the last game of the series 5 to 4, breaking the Pirates' winning streak of seven straight games. The Cardinals won the game in the ninth inning by scoring two runs after they had tied the score in the eighth. The

pirates rallied in their half of the ninth, Grimm and Lawdigs each got singles, but only one run was scored.
Score: R. H. E.
St. Louis 5 13 0
Pittsburgh 4 11 0
Batteries—Haines and Alsmith; Clemens, Cooper and Schmidt.

DICKERMAN SHUTS OUT BRAVES

BROOKLYN, May 26 (AP)—Leo Dickerman shut out Boston, with five hits today, Brooklyn winning, 5 to 0. The Brooklyn pitcher was in trouble only once, in the seventh inning, when the Braves had the bases filled with one out, but a fast double play stopped them. Four hits, a pass and three errors in the third inning gave the Dodgers their five runs.
Score: R. H. E.
Boston 0 5 4
Brooklyn 5 11 0
Batteries—Rudolph, Genewich and O'Neill, Gowdy; Dickerman and Taylor.

ATHLETICS LOSE FINAL TO YANKS

Extra Inning Game Goes to the League Leaders; Ruth Gets Another; White Sox Win

PHILADELPHIA, May 26 (AP)—The Philadelphia Athletics spotted New York a five-run lead in the early innings of the final game of the series here today and then lost the count in the eighth only to lose in the eleventh by a score of 10 to 8. Shibe park was jammed by an excited crowd which overflowed into the field and grand rules were necessary.

Hasty and Mays started the game and both were driven out of the box in the fifth inning.
Babe Ruth hit his ninth home run of the year in the third inning with two on bases.
Score: R. H. E.
New York 10 12 9
Philadelphia 8 15 2
Batteries—Mays, Hoyt, Penneck and Gange; Hasty, Bonnell and Perkins.

THREE STRAIGHT FOR WHITE SOX

DETROIT, May 26 (AP)—Chicago won its third straight victory of Detroit today, 2 to 1, when sharp fielding by Thurston cut off threatening rallies.
Score: R. H. E.
Chicago 2 8 2
Detroit 1 9 1
Batteries—Thurston and Schalk; Dasso and Bassler.

VAN GLIDER BEATS INDIANS

ST. LOUIS, May 26 (AP)—A base on

balls to Jacobs, the only one issued by Uble, and Steve O'Neill's threebase wild throw on Williams' sacrifice in the ninth, enabled St. Louis to defeat Cleveland today, 1 to 0. The game was a pitchers' duel between Uble and Van Gilder.
Score: R. H. E.
Cleveland 0 5 2
St. Louis 1 4 1
Batteries—Uble and O'Neill; Van Gilder and Collins.

ERRORS LOSE FOR BOSTON

BOSTON, May 26 (AP)—Bad outfielding, was largely responsible for Boston's losing to Washington today. The score was 4 to 2. Boston's pitching and fielding were excellent.
Score: R. H. E.
Washington 4 10 3
Boston 2 7 1
Batteries—Mogridge, Russell and Russell; Ebanke and Deimich.

S. C. STANFORD CLASH OCTOBER 13

SANTA CLARA, Cal., May 26 (AP)—Seven football games will be played by the University of Santa Clara varsity team during the 1923 season. It was announced by E. J. Ryan, S. J., athletic director. The Stanford game has been set for October 13 at Stanford but efforts are being made to have the contest staged at Santa Clara as a feature of alumni home coming day. Practice will start on August 25 under the direction of Coach Edgar H.

Keinholz and Captain elect, Phillip G. Fawke.
The schedule is as follows: October 6, California at Berkeley; October 13, Stanford at Stanford; October 20, California Aggies (Davis) at Sacramento; October 27, Nevada at Reno; November 10, St. Mary's at San Francisco; November 18, Olympic club at San Francisco; November 20, Arizona at Tucson.

Tournament Brings Trap Shooters Here

State Meet to Witness Exhibition of Prowess of Many Gun Men

Between fifty and sixty trapshooters from all parts of Idaho and Utah will gather at the Twin Falls gun club grounds this morning for the opening of the Idaho state tournament shoot which starts today and ends Tuesday afternoon.

Every town in the state that boasts of a gun club will be represented, while Boise is sending a delegation of 15 men. Salt Lake City and Ogden have nine men representing the two towns, among them being Sam Sharnan, the dean of the Utah metropolis, when it comes to making the gun babies believe.

Finals will start until 12 today, the registered target shooting following.

The average state shoot usually has from 25 to 40 shooters, while nearly twice that number will be in attendance here.

Fans who enjoy this form of sport will find ample accommodations during the entertainment, and no admission will be charged.

JOHNSTON REACHES FINAL

Californian Will Meet Washer of Belgium in Match to Determine International Tennis Championship

ST. CLOUD, May 26 (AP)—William M. Johnston of California, and Jean Washer of Belgium, tomorrow will meet in the finals of the men's singles of the International tennis tournament.

Washer earned the right to play Johnston by his defeat today of the young French player, Henri Cochet, by the score of 6-1, 3-6, 6-4, 6-1, 6-3.

The same Belgian in 1922 met Willam F. Tilden in the finals, but went down to defeat in three straight sets.

The same old story of hard court championships and Riviera towns of the past few years will obtain so far as the women's singles are concerned, as Suzanne Lenglen will meet Miss Kathleen McKane of England, in the final.

McKane, who defeated Mrs. Bessie British of England today, 6-1, 6-1, while Miss McKane has little difficulty in overcoming Miss Godling of France, 6-2, 6-2.

HIGH SCHOOL CHUCKER SIGNS WITH EDEN TEAM

Laval Jarman to Make Initial Appearance as Moundman for North Side Club in Kimberly Game

Kimberly and Eden will offer the entertainment for the local fans Sunday afternoon at the Kimberly baseball grounds, as Twin Falls will journey to Shoshone, and Hansen will play Jerome at the North Side town, in the second scheduled games of the Southern Idaho Baseball league.

The game at Kimberly promises to be hard fought, from start to finish. Laval Jarman, catcher, pitcher and general utility man of the Twin Falls high school team, and later with the Twin Falls team in the capacity of utility man, will be seen in the box for the Eden club.

Manager Smith made arrangements Friday whereby the clever Laval will become the property of the Eden team, and will no doubt finish the season with that team.

This, however, will not interfere with Jarman's playing in the Twilight League, as he will be working in Twin Falls during the summer.

Manager Smith of the Eden team has another ball player in mind whom he wants on his team, but refuses to divulge the name.

With Laval Jarman in the box for the Edens, and "Big" Louie chucking them over for the Kimberly nine, a battle royal is in store for the fans who make the trip to the neighboring town.

Manager Bob Whitford of the Twin Falls team, is still in doubt as to who will do the throwing for his team, although Oliver may be called into service.

Morton is scheduled to do the twirling for the Shoshone team, while Hansen and Jerome are going to give the Jerome fans a real treat.

These two teams have been two years trying to bring the supremacy, and today will offer another chance.

Erickson, the big southpaw from Pocatello high school, will occupy the mound for the Jerome team, while Hill, Walton or Thompson doing the heavy work for the Hansen boys.

The Kimberly-Eden game will start at 3 o'clock sharp.

RAIN PREVENTS MEET. MOSCOW, Idaho, May 26 (AP)—The track meet scheduled for today between Washington State college and University of Idaho was cancelled on account of rain.

A clash between freshmen teams of the two institutions also was postponed until May 31.

CHICAGO BOY STAR OF INTERSCHOLASTIC MEET

Eugene Goodwillie Sets New American Record for 220-Yard Dash and Oarries Team to Victory

STAGG FIELD, Chicago, May 26 (AP)—Eugene Goodwillie, a blonde youth, regarded by his admirers as the only rival to Charley Paddock, the world's fastest hurdler, today raced into athletic hall of fame when he established a new American record in the 220 yard dash, first in record for the 100 yard event and, practically unbroken, won the nineteenth annual national interscholastic track meet for University high school of Chicago.

University high, with a total of 20 points, captured the honors in the high school division of the meet, while St. John's military academy of Delta, Wis., won the academy section with a total of 60 points.

Hollywood, Cal., was second with 17 points; Cedar Rapids, Iowa, third, with 13; Huntington Beach, Cal., fourth, with 12; while Oklahoma City, Okla.; Sacramento, Cal., and Red Bluff, Ark., were tied for fifth with 10 points each.

The meet, conducted under the auspices of the University of Chicago, drew a record-breaking list of more than 750 school boy athletes from 100 states from California to Maine, shattered Goodwillie's 17-year-old flying marvel, ran the 220 yard dash in 42.5, the fastest time the event has ever been run on a coved track.

The best previous time was made on a straight away. He led the American record for the century when he broke the tape five years ahead of Joe Deen, one of the fastest stars in the west, in 94.5, within one-fifth of a second of the world's record, held jointly by Paddock and others.

Bronze-skinned athletes from California made an impressive showing in the meet, more than 20 of them placing in one or more of the events.

Harry Smith, San Diego, national interscholastic champion in the pole vault, with a record of 12 feet 11.75 inches, easily won his event with a leap of 12 feet 6 inches.

He tried to make this year's feat and cleared the bar nicely, but struck it with his hand as he was going down and jarred it off his supports.

Kreutz of Stockton, Cal., won the discus throw, the distance being 133 feet.

KENTUCKY DERBY LEADER WITHERS STAKES WINNER

Zev Governs Mile in Fastest Time Ever Recorded on New York Track; Mattingly Finishes Second

NEW YORK, May 26 (AP)—Covering the mile in the fastest time ever recorded at the track for a three-year-old, Zev, the sterling set which beat a field of 20 to the wire in last week's Kentucky derby, won the forty-eighth running of the classic Withers stakes at Belmont Park today.

Breaking in front as the barrier fell, Jockey Sautelle took Zev to the rail and was never caught, finishing in 1:57.15. Mattingly, which followed Zev, at the finish of the derby, was second, and again, and Barbary Bush third, fifth, winner of the weakness, which finished third in the derby, was also runner up today, as was Major August Belmont's set Messenger.

Zev's victory matched that of Aristides, which after winning the first Kentucky derby in 1875, captured the second running of the Withers stakes.

VANDALS TAKE SECOND VICTORY FROM OREGON

Idaho Baseball Team Captures Second Game by 12 to 8 Score; Fox Scores Homer With Bases Full

MOSCOW, Idaho, May 26 (AP)—The University of Idaho took its second victory from the University of Oregon today by 12 to 8. Fox of Idaho made a home run in the second inning, with the bases full. In the same frame Edwards of Idaho got a circuit cut with one man on.

Score: R. H. E. Idaho 12 2 7 Oregon 8 9 2 Batteries: Golden, Fox and Guirella; Brooks, Latham and Cook.

FIRST FEMALE PLATE DUSTER

LOS ANGELES, May 26 (AP)—The baseball umpire has arrived, and her name is Miss Nina Belle Hurst. Miss Hurst, if it is stated, is the only girl umpire officially licensed.

She has been interested for a long time in the Southern California Baseball Managers' association. At a recent meeting of the organization, at which more than 150 clubs were represented, covering territory from San Diego to Santa Barbara, her application was approved.

Miss Hurst, a resident of Sawtelle, Cal., and a physical instructor, in speaking of her work, said: "Baseball is the cleanest, squarest game in the world, and one in which I have been interested for a long time. My work keeps me in constant touch with boys and girls who are keen for athletics of all kinds, and my favorite sport is baseball. Ever since I can remember I have been going to baseball games, and I know of no other game which can equal it in engagemnt and excitement."

"I am delighted that the association has acted favorably upon my application. So far as I know, I am the only woman umpire duly authorized by an organization of clubs to officiate back of the pitcher."

"I do not expect to have any more grief than falls to the lot of a male umpire, as I am already conversant with most of the fine points of the game. I consider it entirely possible that the feminine umpire will be as common in the near future as the male umpire is today."

ATTRIBUTES ESCAPE TO BACKBONE OF HIS CAR

From Modesto, Cal., comes the news of one of the most peculiar accidents on record.

C. O. Glestead, a telephone company employe, had a narrow escape from death when a fast passenger train hit the Star coupe he was driving. Glestead attributes his escape from injury to the tubular backbones in the Star car, one of the special features of all Durant and Star automobiles.

Asilo from breaking off the two upper wheels, the Star coupe was not even scratched, not a pane of glass being broken. The tubular backbones prevented the frame from buckling and consequently made damage to the body negligible.

The car was brought to Modesto, where two new wheels were installed, after which the Star car ran merrily on its way.

The Readahl-Wright Auto company, local dealers in Durant and Star automobiles, when questioned about the tubular backbone, to which the safety of the above car is attributed, stated that it is the foremost improvement in motor car design in several years, and is used only on Durant-built cars, being protected by patents.

RUM SMUGGLERS PROVE ELUSIVE

Prohibition Agents Suspect Fleet Landed Illicit Cargo Before Withdrawing

NORFOLK, May 24 (AP)—The Atlantic coast rum fleet, the operations of which federal officials have revealed an "international ring," has withdrawn tonight from the entrance to the Virginia capes and enforcement officers expressed the fear that it had found a way to land its goods. Meanwhile William L. Burwell, his wife and Rex D. Shotton, arrested on charges of conspiracy in connection with the operations of the smugglers, were ordered released on bonds for a preliminary hearing June 4. The bonds of the Burwells were fixed at \$500 each, and that of Shotton was placed at \$10,000 and he was held when he failed to make it.

Federal enforcement officers tonight scoured the coast for another month said to be involved in the smuggling ring, which they said had ramifications in several countries, including Cuba and Scotland. They exhibited the present activity of smugglers off the coast of Virginia was due to an effort to send large quantities of liquor to Washington, where several hundred visitors will gather next week for the Siltwater convention.

Problem More Difficult.

Division prohibition chief Sins said the problem of stopping the flow of whiskey from sea to land was becoming more difficult and coast guard officers expressed the belief that 20 ships would be necessary to man the coast guard entrance to Chesapeake bay against rum runners operating between fleet and shore.

Federal officials said they have received reports during the day that 7000 cases of whiskey from the rum fleet had been landed and reached its destination safely, 1000 parcels of the cargoes, they said, had been seized.

NEAR EAST WAR CLOUD

(Continued From Page One.)

both were confronted with problems of internal disorder demanding great statesmanship.

Mr. Greco emphasized that Greece faced the terrible refugee problem and direct need of national reconstruction; it was unthinkable she would abandon this to take up arms. He appealed to both countries in the interest of their future happiness and prosperity not to spare efforts at a solution.

Adversaries Reconciled.

M. Venizelos thanked all the plenipotentiaries, as well as the American minister, for their efforts toward peace. He said he was glad to see that Turkey's conciliatory attitude would help to influence the settlement of the remaining problems between Turkey and the allies.

The Jingo-Slay delegates said they opposed a change in the Thracian boundaries, but would not push this objection to the point of engineering peace.

TARGET LOSES SIX TEETH

OAKLAND, Calif., May 25 (AP)—A fantastically painted individual stuck his head through a canvas opening and lodged through his teeth at a local resort, Jack Hanson, 8, and his brother, Willie, 6, watched the stunt and set up a stand in place of a ball. Jack lost six teeth and part of his upper lip.

ZION PARK ON HARDING TRIP.

SALT LAKE, May 26 (AP)—President Harding's proposed western trip the latter part of the month will be cancelled only in the event Mrs. Harding, because of the state of her health, cannot accompany him, according to United States Senator Ross Smoot of Utah. A trip to Zion national park in southwestern Utah has been proposed by Senator Smoot for the presidential party.

CHINESE TROOPS

(Continued From Page One.)

Plans for action, it seems fit to the diplomatic corps at Peking.

The movement of troops toward the outbreak followed on the heels of statement in diplomatic circles that it had been definitely established that politics and not ordinary banditry was behind the holdup of the Shanghai-Peking express near Suchow three weeks ago.

Political Move Detected

It was freely intimated that no political faction, hoping to embarrass another, and under the raid, it was hinted further that the diplomatic corps was considering taking steps to seize the real and personal property of certain high official plotters in an effort to force action out of the Peking government.

Demands have been made at various times during the past two weeks by foreign circles in Shanghai, that the government undertake the release of the captives either by direct negotiations with the bandits, or by the use of foreign troops.

The diplomatic corps, however, maintains that to deal directly with the bandits would relieve Peking of its responsibility for the safety of the prisoners and, so far, has refrained from initiating such a course.

Fear for Captives' Safety

As to a foreign military movement on the outlaw stronghold, it is generally believed in Peking and Tientsin, a belief which the captives themselves have expressed, that such action would enhance the danger of the prisoners' death at the hands of their captors.

It is pointed out that there are not over 20,000 garrison troops in the international compounds there, a force entirely inadequate to undertake operations in the trench-riddled hill country of Shanghai against bandit bands said to aggregate 10,000 men.

Tension Lessons

The close of the third week since the 14 were captured comes with less tension than prevailed last Sunday. At that time the bandits had threatened to kill some of their prisoners if their demands were not met by Tuesday, May 22. But Tuesday came and went and no executions followed.

There is no death threat abroad tonight and hopes are held out that the lives of all the prisoners will be spared by their kidnapers, but, with General Tien's troops launching their drive against Paotai-saka, there is considerable anxiety in foreign quarters for the safety of the imprisoned 14.

The Screen

PERSIAN ROMANCE IS FEATURE

Manager Anderson of the Orpheum theater announces that the next feature to be shown there will be "Omair the Tentmaker," a tale of Persian romance and adventure. Guy Bates Post, one of the country's most popular dramatic actors, is the star of this production, and Virginia Brown Faire, a beauty contest winner, plays opposite him.

"Omair the Tentmaker" was written and produced by William Walton, the creator of many theatrical successes, including the "Masquerade." Mr. Post's initial screen venture, James Young directed it.

The bewitching mystery which surrounds the Orient has been transmitted to the screen in a masterful manner, and the picture has been hailed as one of the greatest screen achievements to date. The story revolves about the life of Omair, Khayyam, the Persian philosopher, astronomer and poet. The general public, acquainted only with the famous quatrains of this captivating figure, is unaware that he lived a life of exciting adventure and that about him shrouded plot and counterplot, with the shaft of Persia as one of his enemies.

IN THE FROZEN NORTH.

Alice Brady and her supporting company of Paramount players, with Henry Kolker director, had their technical staff spent several weeks in the frozen north filming snow scenes for "The Snow Bride," a French-Canadian story by Guy Levia and Jodie Herzog, which comes to the Idaho theater next Monday and Tuesday. The company worked in the vicinity of Tom-Kip, a fur camp, on Lake Tenakee, 300 miles northwest of Montreal, in temperatures which ranged from 39 to 40 degrees below zero. Frozen noses, ears, fingers and toes were not uncommon among the members of the troupe, but barring a frost nip or two, Miss Brady escaped because, as she explained, "I wore everything, including the kitchen stove."

The company completed the picture at the Paramount Long Island studio, where all the interior scenes were filmed. Among those with Miss Brady in the north were Maurice B. Flynn, Mario Majeroni, Nick Thompson, Jack Boston, Stephen Gratton, W. M. Cavanaugh and Margaret Moran.

SETS SPEEDWAY RECORD

INDIANAPOLIS, May 26 (AP)—Driving at a speed of more than 108 miles an hour, the fastest ever recorded officially, at the local speedway, Tommy Milton today won the pole position for the annual 500 mile automobile race to be held here Wednesday. Seven other drivers qualified their cars for the event by negotiating 10 miles at a speed of 80 miles an hour or more.

Big Boom Expected in Nevada Copper Camp

Since the announcement made by the officials of the O. S. L. Ry. Co. that they are going to build from Logansport, Idaho, to Wells, Nevada, "contact," located in the heart of the Salmon River Mining district, is the center of much attention. They are ever hearing of this camp, and are you familiar with its possibilities? Do you know that the government mineral survey shows the mineralized area of this district is much larger than that of Butte, Montana, and among the largest in America? For years mining companies have been holding to their claims waiting the opportunity which would come with the construction of a railroad into the camp; during that time they have been developing their properties, hauling their ore over 20 miles on a railroad and then shipping about 200 miles to smelters. Can you estimate the possibilities and wealth of this camp with rail road and smelter accommodations in the camp? The Contact Townsite is platted and on the market and new claims are now being located. Are you going to be on the ground floor in this camp, or are you going to let the Miner fellow choose your location? Are you going to buy direct from the Contact Townsite Company, or are you going to wait and pay someone a bonus of \$500 to \$10,000 because he has selected the location you prefer? Are you going to locate your claim, or are you going to wait and buy your location? Your money is of as much value to you as it is someone else. "PROVIDED YOU ACT WISELY." Don't overlook the opportunity, for the man who acts quickly and wisely at the opening of a big boom, mining camp—only.

BRITAIN NAMES COMMISSION TO FRAME TAX ON BETTING

LONDON, May 26 (AP)—When Chancellor Baldwin presented his annual budget in the house of commons recently he intimated that a commission would be appointed to inquire into the feasibility of a tax on betting, which has reached tremendous proportions in Britain, and from which he anticipated considerable revenue could be secured.

The committee has now been appointed and includes several members of parliament who are noted sportsmen. The committee comprises 18 members drawn from all parties of the house; eleven of them are conservatives, two national liberals, two independent liberals and four labor members.

TIRES WITH 500 NAIL HOLES LEAK NO AIR

Mr. K. E. Milburn of Chicago has invented a new puncture-proof inner tube, which, in actual test, was punctured 500 times without the loss of any air. Increase your mileage from 10,000 to 12,000 miles without removing this wonderful tube from the wheel, and the beauty of it all is that this new puncture-proof tube costs no more than the ordinary tube, and makes riding a real pleasure. You can write Mr. K. E. Milburn at 250 West 47th St., Chicago, or he wants them introduced everywhere. Wonderful opportunity for agents. If interested write him today—only.

Jantzen
The National Swimming Suit

The suit that turned bathing into swimming!

Come In and See Our Display of the Swimming Suit that Never Sags, Never Binds!

Hot, sweltering days!
But, like a cool breeze, the thought is waited through the minds of millions this week, that in a few days the Fourth will be here, with its joyous outdoor pleasures.

Go in' away to the seashore, or to camp by the lakes and streams? Then of course you intend to swim. So, don't forget to take your Jantzen with you. Everywhere you will find your fellow joy-seeker reveling in the comfort of the national swimming suit. And you'll never find the Jantzen swimmer padding around the edges. He's having the time of his life on the diving board, and cutting through the water with speedy strokes. Why? Because the Jantzen was made to swim in.

NO OTHER SUIT LIKE THE JANTZEN

Jantzen exclusive patented features are the bow trunks which give perfect fit, non-rip crotch, and original Jantzen-stitch which gives with every movement of the body. The Jantzen is worn and recommended by many world-champion swimmers.

From Maine to Manila, Jantzen swimming suits will be featured this week. We have a complete assortment of all the fashionable colors—brilliant reds, beautiful blues, blacks, greens, fawn, tobacco, heathens—solid colors and contrasting stripes. Styles for youths, women and children.

Come early while our stock is complete. Just say "I want a Jantzen"; we will be glad to explain its exclusive features to you.

THE GERMAN RADICALS SPEAK

German radicals are demanding the nationalization of the nation's economic and productive assets, with a view to determining just how the allied demands may best be met or compromised.

They do not mean to yield the points on which every German government since the war has stood firm. Their motive, rather, is to embarrass German capital, and to exploit the riches of big business in the interest, not of Germany's creditors, but of those who call themselves the proletariat.

Like the English radicals, they are talking of a capital levy, or at least a tax on production. They suggest government mortgages, on a gold basis, on all real estate, and a rigorous process of hypothecation, comprehending big and little industry, commerce, banking, shipping and farming. Every producing agency is to be taxed, if they have their way, on the volume of its production.

And the leaders talk of it as a "sparing of accounts," suggesting that only by the adoption of such a policy can German labor be rewarded for the way in which it has stood by German capital by its passive resistance in the Ruhr. "It is labor's pound of flesh," says a leading radical, "and we mean to have it at last."

It is safe to conclude that, if German capital has the option of yielding to France in the Ruhr or to German labor on terms like those, France will have her way. The "Imperial Republic" has been living on its capital, through currency inflation, for half a dozen years, and the capital levy which the radicals urge would be the last straw. It is rough on Germany, but French victory in the Ruhr seems at hand.

WAR BUREAU WANTS GIRLS.

TOKIO, May 26 (AP)—For the first time in its history the war department is enlisting women. It is seeking for applications from girls from 15 to 25 years of age to learn shorthand, stenography and bookkeeping.

THE FORUM

CHURCH BANKRUPTCY.

Editor Daily News. An article in your paper of April 29, entitled, "Church in Bankruptcy," refers to the filing of a petition in bankruptcy by Seventh Church of Christ, Scientist, Chicago. The article quotes certain things contained in the petition, from which it appears that the church in question is a branch of the Mother Church in Boston; but this is untrue. The organization which filed the petition was not a church, but a church which styled itself Seventeenth Church of Christ, Scientist. This organization was never an authorized branch of the Mother Church, nor recognized as such. Neither has it been so recognized by the sixteen branch churches of Christ, Scientist, Chicago.

Very sincerely yours, P. W. REED, Christian-Science Committee on Publication for Idaho, Cour d'Alone, Idaho, May 22, 1923.

Fifteen Years Ago in Twin Falls

Taken from News Files May 22, 1908

In order that Twin Falls may take good care of all those who come here for the big Salmon trout opening on June 1, the Oregon Short Line has agreed to furnish sleepers and dining cars as required, to be attached to the Twin Falls yard for use so long as they are needed. The sleeping car charts will be at the Hotel Perrine, in charge of the company, J. B. Williams, and those who want berths may secure them by applying to Mr. Williams at once. The company will provide one or more dining cars for the rush and is prepared to accommodate an unlimited number of visitors.

Articles of incorporation have been filed in Idaho and Nevada by the Idaho-Nevada Southern Railway company, of which H. L. Hollister is president; I. B. Perrine, vice president and general manager; R. M. McCallum, secretary and treasurer; S. H. Hayes, attorney. These officers, with C. R. Hart, will constitute the board of directors. R. H. Mollman of Ely, Nevada, is designated as agent for the service of process in Nevada. The capital stock of the company is \$250,000. The articles provide for the construction of an electric railway from the city of Twin Falls to several points on the Twin Falls tract to Wells, Nevada.

Mr. and Mrs. Harry P. Barger are receiving congratulations on the arrival of a 19 pound girl born last Saturday morning.

George Esley, who has been visiting his brother-in-law and sister, Mr. and Mrs. E. B. Williams of the Hotel Perrine, left last week for a mining district in the Rainier river section of Canada, which is north and east of Duluth. He will spend the summer in the new district where some promising mines are opening up.

Mrs. R. J. Ostrander, son and daughter, arrived from Chicago on Sunday. They are guests at the Hotel Perrine, pending the completion of their home in the new building, one of the finest residences in Twin Falls.

At the Gold sports held at the school last Friday afternoon by the members of the high school classes, Dave Gilbert won the cup for the coming year, securing first place in all events. James Shields won second place and Bert Fuller and Harry Eaton tied for third place.

NOTICE OF SHERIFF'S SALE.

Notice of Sheriff's Sale of Real Estate Under Decree of Foreclosure and Order of Sale.

First National Bank of Twin Falls, a corporation, vs. Plaintiff, N. D. Cunningham, Defendant.

Under and by virtue of an Order of Sale and Decree of Foreclosure issued out of the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, dated the 23rd day of April, 1923, in the above entitled action, wherein First National Bank of Twin Falls, a corporation, is Plaintiff, recovered a decree against N. D. Cunningham, Defendant, on the 23rd day of April, 1923, which said decree was on the said 23rd day of April, 1923, recorded in Judgment Book 9 of said District Court at page 451, I am commanded to sell all that certain lot, piece or parcel of land situated in the County of Twin Falls, State of Idaho, and bounded and described as follows, to wit:

Lots Thirty-eight (38) and Thirty-nine (39) of Block Six (6) of Blue Lakes Addition to the City of Twin Falls, Idaho, according to the official plat thereof recorded in the office of the County Recorder of Twin Falls County, Idaho, together with all and singular the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

Public notice is hereby given, that on the 5th day of June, 1923, at the hour of 2 o'clock p. m. (Mountain time) of said day at the east front door of the Court House of the County of

Twin Falls, State of Idaho, I will, in obedience to said order of sale and Decree of Foreclosure sell the above described property to satisfy Plaintiff's decree, together with interest thereon, together with all costs that have accrued or may accrue to the highest bidder therefor, for cash lawful money of the United States.

Dated this 12th day of May, 1923. M. E. FINCH, Sheriff. By H. S. HAMILTON, Deputy.

Federal farm loans, 5 1/2 per cent interest.—adv.

ACHIEVING Through Co-operation

TODAY the great electrical system of the Idaho Power Company with ten power plants, serving sixty towns and communities comprising 38,000 customers, is a reality.

The waters from a thousand springs and rushing rivers have been harnessed and converted into power and light which contributes to the health, wealth and happiness of every citizen within the broad territory served by this company.

This accomplishment has been achieved by the courage and vision of the men who have developed this public service enterprise and by those who have co-operated by furnishing the money with which to build power plants, install giant generators and erect thousands of miles of transmission and distribution lines.

960 CUSTOMERS Living in the territory we serve have invested their money in IDAHO POWER COMPANY 7% Preferred Stock

The stock owned by these customers, aggregating several hundred thousand dollars, is working for Idaho and Idahoans. The dividends earned by this money is constantly reverting back to those who have the interest of this section of the country at heart.

Idaho is yet but in its infancy. It is growing, and will continue to grow. Her power and light service must maintain its pace in the vanguard of progress. This company must serve its present customers and expand to meet the demands of new industries and new homes that will continue to come. More money will be needed, and this is why more of our customers are being given the opportunity of sharing in the success of this company.

For Reinvestment of Savings Funds

If you have other securities which will mature in the near future and wish to invest with absolute safety, you should consider Idaho Power Company 7 per cent Preferred Stock for the reinvestment of such funds. Dividends are paid quarterly on the first of February, May, August and November. Why not share in our next quarterly dividend? Investigate now. Ask any employe—they're salesmen.

FREE BOOKLET COUPON form with fields for Name and Address, and a request to send an illustrated booklet containing more information about the stock and payment plan.

\$10 Starts You Saving on Our Easy Monthly Payment Plan. For the convenience of those who cannot buy a \$100 share of 7 per cent Preferred Stock outright, we have arranged a special easy savings plan whereby shares may be purchased at the rate of \$10 a month. This is an easy way to save a little money each month. Before you know it you have your first share paid for, then another and another. It counts up surprisingly fast. IDAHO POWER COMPANY

FOUND OUT!

The careless or inefficient public servant is soon found out. The careful man, who feels his responsibility and takes pride in the service he renders, soon builds up a big business and a growing clientele. Care and efficiency is our constant guide.
