ETNA'S WRATH CAUSES REIGN OF DESOLATION

Visit of King Brings Ray of Cheer to Stricken People Driven From Homes by Molten Floods

CATANIA, June 20. (AP)—The smiling, fruitful and thickly populated slopes of Mount Etna and the surrounding country, as the correspondent of the Associated Press saw them in the past, have now become with ghastly suddenness the "land of desolation."

Through the thick darkness, which can almost be felt on the climber's face, the lava fire flowing from the broken lips of the craters, extending for miles and gradually growing darker as the molten mass cools and hardens, until cracks and crevices appear on the surface through which can be seen bubbling up the boiling lava from beneath.

The fields of Flume, Frodo, Diana and Catiniano, once green and beautiful, now covered with heavy deposits of dust and cinders, tremble and heave beneath the feet, while the roaring sounds accompanying the eruption mingle with the rumblings of lorries through the darkness carrying away the refugees and their possessions from the doomed villages.

In Path of Rain

As one approaches the volcano, masses of fiery matter thrown from the smaller craters can be seen; they fall slowly down the mountainside, and above them are dense clouds of smoke and vapor. One by one the splendid homes and villages, where the families in the neighborhood were accustomed to spend the summer months, are overborne and destroyed. Orchards and gardens have been consumed in the intense heat long before the lava reaches them, leaving myriads of sparks and finally smolder down into grim blackness.

At Castiglione, where the progress of the devouring lava stream is slow, but stony, the inhabitants have saved their possessions, though doubtless most of these must be abandoned along the roads. The living room in almost every house has been transformed into a chapel with statues of the Madonna and saints and candles burning before them, while kneeling figures prostrate themselves in prayer for protection.

Discovers Strange Plant Bearing Both Spuds and Tomatoes

Louisiana Farmer Exhibits Freak of Nature Burbank Has Tried to Produce

ALEXANDRIA, La., June 20. (AP)—H. F. Haynes, a farmer of Willow Glen, has brought to Alexandria a freak of nature which, it is understood here, Luther Burbank, the plant wizard, has been trying to produce. It is a plant bearing Irish potatoes on the roots and tomatoes on the foliage.

Haynes planted potatoes on a plot of ground where tomatoes were produced last fall and the tomatoes struck recently. The potatoes and tomatoes are about even as to number but the potatoes are larger than the latter.

Discovery of a potato-tomato plant was reported recently at Forest Hill, La., but was given little credence until Haynes arrived here yesterday and exhibited his plant and the fruit to potato growers.

IDAHO POTATO GROWERS FORM MARKETS UNIT

Representatives of About 50 Per Cent of Industry, at Pocatello, Take Action on Sapiro Plan

POCATELLO, June 20. (AP)—Potato growers, estimated by officials here to represent about fifty per cent of the industry in the state, met here today and organized the Idaho Potato Exchange, Charles G. Carlson was elected chairman.

Officers of the exchange who were named today, it was said, will continue in their positions until the Sapiro plan for a national potato exchange is completed and operating. Officers elected besides Mr. Carlson were: James Pendulbury, first vice chairman; L. H. Phillips, secretary-treasurer; Arnon Sapiro, originator of the national movement.

Local Committee Named

Organization committee to superintend the details of service in local communities in the state were appointed. J. P. Marshall was named as the Twin Falls committee man.

The meeting was called for organization of the "let's" potato growers, but it was decided to permit "clearly" growers to become members inasmuch as many of the latter have crops of late potatoes to ship as well as crops of early potatoes.

President's First Speech Is Addressed to Small Boy

West Virginia Lad Hails Chief Executive on Trip and Receives Cheerful Greeting in Return

ON BOARD PRESIDENT HARDING'S SPECIAL TRAIN: Near Cumberland, Md., June 20. (AP)—President Harding made his first speech after leaving Washington for a 15,000 mile trip to the Pacific coast and Alaska today at Martinsburg, W. Va. It was addressed to a small boy in the streets who had recognized the chief executive and received in turn a cheerful "Hello there."

The train had stopped for water when the president appeared on the rear platform. The small boy was the first to recognize the chief executive and called "Hello, Mr. President." Others, including a number of railroad workers who had been waiting at the station, followed the boy's example and hailed the president a pleasant journey.

Swimmers Get Greeting

A few miles out of Martinsburg, the president still on the rear platform, saw a scene which carried him back to the swimming hole days of his youth. In the foreground were a half dozen boys scuffling and trying to get a log out from under a large rock in a pool formed by a little creek flowing down through the hills. Mr. Harding greeted the youngsters with a smile and a wave of his cap.

RUMORS BLAMED FOR FAILURE OF BROKING HOUSE

Zimmerman and Forsyth, One of Oldest and Best Known Wall Street Concerns, Is Forced to Wall

NEW YORK, June 20. (AP)—Caught in the maelstrom of rumors with which Wall street has seethed for the past few days, Zimmerman and Forsyth, one of the oldest and best known members of the New York stock exchange was forced to the wall today.

The crash, coming on the heels of an announcement by President Crowell of the exchange yesterday that investigation had disclosed rumors of impending failures to be without foundation, caused a bad break in the market, more than eighty of the most popular shares totalling to new low records for the year, with losses of two to five points.

Situation Kaleidoscopic

President Crowell in an interview this afternoon, declared he was ready to repeat his statement of yesterday that exchange officials knew of no impending failures. He would not hazard a flat prediction that none of the eight or nine firms concerning which rumors have been floated, would not fail tomorrow. Emphasizing the fact that his statement was the statement of a moment, Mr. Crowell disclosed that the business department committee of the exchange had members of the Zimmerman and Forsyth house before it yesterday, a short while before the optimistic statement was issued. At that time the firm was able to convince the committee, he said, that it would be able to pull through, despite the heavy run which started Monday.

ADMITS FALSETY OF ACCUSATIONS IN MOUNT CASE

TRAVELING MAN RETRACTS STORY WHEN CONFRONTED WITH STATEMENT FOR SIGNATURE

CLIFTON, Ariz., June 20. (AP)—Assistant State Attorney Charles S. Wharton, left here tonight on his return trip to Chicago a few hours after R. H. Row, San Francisco traveling man, had confessed the falsity of his story in which he told how a group of students buried a body in an excavation near the night Leighton Mount, Northwestern university student, disappeared in September, 1913. Row, whose story caused a five-day sensation and promised for a time to lead to a reopening of the investigation of the Mount case, faltered today when confronted with the necessity of affixing his signature to the typewritten statement he made last night.

In the presence of Mr. Wharton and Sheriff Witt and County Attorney Ling of Clifton, Row was asked if he wished to sign the statement, having first been warned that if his story was found to be false his signature would make him liable for perjury in Arizona and that his statement that he had received \$100 from the student group to remain silent concerning the case would make him liable under the Illinois law.

After a moment's hesitation, Row replied that he wished to retract everything he had said. The entire story was "false" he said, and had been invented by him in an effort "to cop something." Row did not explain what it was he expected to "cop" but he said he had come to the conclusion that his plan would not work out.

In two interviews yesterday with Mr. Wharton, Row told of the burial of a body and that five photographs from a group brought from Chicago which he said resembled members of the party.

No legal action will be taken in Row's case, Sheriff Witt has announced. Row stated tonight it was his intention to leave Clifton immediately. During talks with officers, Row claimed that he was badly gassed during the world war.

SLAYER SUSPECT IN TESMER CASE PUZZLES POLICE

Fred Thompson, "Mystery Woman," Clings to Protestations of Innocence

CHICAGO, June 20. (AP)—Fred Thompson, who was identified yesterday as the man who shot the "mystery woman," who two weeks ago shot her husband during a holdup near the Tesmer home, tonight re-voiced one of the most puzzling questions ever questioned by Chicago police.

Twenty hours of questioning failed to shake the statement of Thompson, who was arrested yesterday, while dressed as a woman, when police raided his apartment, that he did not have anything to do with the Tesmer slaying.

Still dressed in the modish beaded dress, silk stockings and gay hat he wore when arrested, Thompson talked almost incessantly during the questioning and interview with reporters, but he persistently denied that he knew anything about a revolver which was found in his apartment.

Thompson admitted that his statement to police yesterday that he had been legally married 14 years ago to Frank Currier, who was arrested with him, was "bunk" after he had been reported to police that Thompson was a normal man physically. Later on he was examined by a member of the staff of the psychopathic hospital, but the examination was not announced. He was returned to his cell after the examination.

ANTLERED HEAD BEAT SOLDIERS

Elks Take 15 to 4 game from Legion Boys; Manager Brown Sends Out Scout

"Just a prayer at twilight, it is the song Ray Brown, captain of the Legion ball team, sang last night at Athletic park, when his troupe went down to defeat, 15 to 4, at the hands of the Elks in a five-inning contest, which had to be called because the groundkeeper forgot to fill the bunkers.

The game was featureless outside of the sterling work of Ray Brown, who threw them over for the purple-hooded lance. Ray was bright, allowing the Legion boys last night scattered hits, one was deserving of a shutout, all four runs made off him being the result of errors.

Garity essayed to do the twirling for the Legion team, and received a warm reception in the initial frame, when the Elkers pounced him for four clean hits, which were well punished, through three walks and an error, netting the Elks five runs.

In the third, the Bard of Avon came back to life when the Legion staged his "Comedy of Errors" in the first inning that the antlered tribe scored nine runs and five hits. In this inning Scully sent a batter through the pitcher's box that caught him up to the fence on the knee, forcing him out of the game, Bob Whitzel taking his place as arthritic.

After two men were out in the third, and the bases loaded, Garity threw in the sponge, "Bim" Lyons going to the box. Scully did well enough, but his support was a trifling 10 to 0.

Jim Scully made three clean hits out of three official trips to the bat, and did some nice fielding around second base. The work of Joe Jarman at short was good to look at.

Bill Kieffer, although the property of the bankers, played third for the Elks, and had an affair with the willow, whiffing three times.

This evening the Electricians will clash with the Bankers, and if the weather man turns on a little sunshine, so that the electricians will have a possibility that the fans will see a real game, as both teams boast of several good players.

Local harmony is scheduled to do the throwing for the wire-twisters, while Phil Pix will perform for the Bankers. The game this evening will start at 6:30.

The box score of the Elks-Legion game:

Table with columns AB R H PO A E. Rows for Scully, Kieffer, D. Lavinille, Thomas, Kieffer, G. Jarman, Leishofer, Powers, Hodgins. Totals: 28 15 11 15 9 6.

Summary: Stolen bases—Scully, Thomas, Bailey, Garity, Leishofer, Leishofer, Hodgins, Atkinson, Yechem. Two-base hits—Ostrander, Lavinille, Taylor. Kearns Cuts Down Dempsey's Workout

Champion Limits Boxing to Four Fast Rounds; Wells' Style Proves Baffling

TWIN FALLS, Mont., June 20 (AP)—Working in his indoor gymnasium during the force of a driving hail and rain storm, Jack Dempsey today engaged in a shortened workout under orders of Manager Jack Kearns.

Dempsey limited his boxing to four rounds, but indulged in the usual round of leg pumping and shadow boxing.

Bill Wolf, a 170-pounder from Appleton, Wis., who arrived in camp this morning in search of work, was on the list of contenders for the title.

After the bruising two rounds with Wolf, Dempsey showed a remarkable exhibition of ducking and feinting with Billy Wells, the British welterweight.

Wells' baffling style puzzled Dempsey and the crowd, with the result that the British boxer twice knocked down his opponent.

Before the end of the week Wray will probably have his ambition to box Dempsey gratified as Manager Kearns has assured him of an opportunity.

Wray, who is 24 years old, was brought into camp by Tex M. Carthy, a former heavyweight boxer.

Fight Promoters Launch Campaign to Raise Third \$100,000 to Be Paid Dempsey

SHELBY, Mont., June 20 (AP)—Another shift was made today in the personnel in charge of the Dempsey-Gibbons championship fight July 1, when Fred R. Scarles of Great Falls, an expert accountant, assumed office as assistant treasurer to Mayor Jim Johnson of Shelby, treasurer of the American Legion committee promoting the fight.

It had been previously announced that Frank C. Fogarty, also of Great Falls, who is assisting Dan Tracey, new business executive, would be assistant promoter.

Tracey has launched a campaign to raise the third \$100,000 which must be paid the champion by July 2. He hopes to secure the money within three or four days and place it in escrow to allay any fears that it would not be paid on schedule.

About the only fighting here today was between the warm sun, which quickly dried the ankle deep mud in Shelby's main street, and a cold breeze.
