Jews Predominate Among Thousands of Would-Be Emigrants Massed in Barracks at Riga, and at Ports

MOSCOW, June 30 (AP)—Several thousand Russian and many Jewish families from the south, are concentrated in barracks in Riga, awaiting the necessary visas for their admission to the United States.

Representatives of English, French, German and American steamship companies are meeting in Moscow and endeavor to reach an agreement with the Russian volunteer fleet which has been granted a government monopoly on the immigrant passenger business.

However, many white Russians and Ukrainians desire to go to America and the quota available will be speedily filled if the steamship companies succeed in negotiations.

BUSINESS REVOLUTION ATTRIBUTED TO AUTOS

Babson Sees New Era on Wheels; Traces Rise of Motor Vehicles to Position of Industrial Pre-eminence

ALBANY, N. Y., June 30 (Special to The News)—Roger W. Babson was today asked what is the greatest factor with which the banker, manufacturer and merchant must reckon during the next 20 years.

"When we were children a ten-mile drive was a considerable trip. A hundred and fifty miles was a great journey for which we would prepare for weeks. Many of us never traveled that far until we were grown up. Today, however, the situation is very different.

"This cannot help but greatly develop certain industries and harm others. At present the automobile is greatly helping the building industry of the millions of people moving from the cities to the suburbs and country. After, however, this exodus has been completed, the building industry will fall flat.

"I believe in the permanence of the automobile industry—although, of course, many small manufacturers will be crowded out in 1924, may see an over-production of cars. The industry, as a whole, however, is hardly and is here to stay.

STAGE SET FOR FAST BALL GAME

Hansen and Twin Falls Players Both Confident of Victory; Hansen Brings Rooters

Hansen will be the guest of the Twin Falls baseball team this afternoon at Athletic park in a regular scheduled game of the Southern Idaho Baseball League.

Hansen has been trying all season to get a game with the locals, as it has felt confident that it was strong enough to take the measure of the locals.

Today is the first time this season that these two teams have met and both are right at the top of the list. The game should be one of the best of the season and the large crowd of Hansen fans who are accompanying the team, will bring their yelling voices with them.

"Fat" Thompson, hero of many a ball game in this section, will be seen on the mound for the visitors, with Patton doing the catching.

Manager Whitell of the local team will open up with Don Linville, with Phil Fox in reserve. Harry Bilo, the dean of all local backstops, will be seen in action for the first time here this season.

The Twin Falls team will be strengthened by an appearance of Morley, who will be seen in one of the outer gardens.

From an unbiased standpoint of view it looks as though the Twin Falls team is going to have the hardest fight of the season on its hands this afternoon. Hansen has a team that has been playing together for the last three years, and their team work is the best in the league. Twin Falls, on the other hand, has been using a different team

each week, making team work and in baseball an impossibility.

It is a known fact that Twin Falls has the best bunch of individual players in the league, but without team work this becomes a liability.

Kimberly will entertain the Shoshone team, and will have some real battle on its hands, as Manager Kilpatrick of the north side team has done considerable bolstering up the last week, and will present a team today that will stack up with any in the league.

The Shoshone fans want a winning team and Kilpatrick got busy.

Ben will be at home to the Jerome team this afternoon, and Jerome must win the game to stay at the top. This business of picking the league leaders to beat the weaker teams every time they meet is bunk, as the dope shows that the talleriders do their best playing against the teams higher up. These facts hold good in the major leagues as well as in the local leagues.

These great tires are carried in a full line, to meet the need of every car, every purse, and every road condition.

There is the Fisk Flat-Tread Cord, the huskiest, easiest-riding, safest, longest-lived tire ever made.

The regular Fisk Non-Skid Cord, standard equipment on many cars of popular make, is creating remarkable mileage records.

The Fisk Premier Cord is a medium-priced tire of good construction and good value.

The Fisk Red-Top has an extra heavy tread and an extra ply of fabric, which make it the most popular tire on the market for small cars which carry heavy loads or travel on rough-country roads.

The Fisk Non-Skid Fabric is the best purchase among fabric tires of standard construction.

The Fisk Premier Tread fabric is lower-priced, stands up well and has earned a good reputation.

FAST GAME IS PROMISED FOR CELEBRATION

Hard Fought Ball Game Promised—When Twin Falls and Kimberly Meet on Fourth

Bob Whitel and his gang of fence bustlers will clash with the Kimberly team on the Fourth at athletic field in an exhibition game that should prove to be of more than passing interest. With the addition of "Blipmie" Walton, late of the Hansen team, Kimberly is well fortified in the box, and Walton will no doubt take the helm Wednesday afternoon. Walton has been going fine this season with the Hansen team, and has a good team behind him in Kimberly, too.

The local team will be strengthened by Morley and Hilo, and Manager Whitel feels that the Twin Falls team is on for a long winning spell.

Although the Wednesday game will have no bearing on the standings of the two teams as far as the Southern Idaho league goes, it is a known fact that Kimberly would rather beat Twin Falls than eat.

There has always been a spirit of keen rivalry between the two teams, and to date Twin Falls has a slight shade the better of the argument. Manager Whitel is still undecided as to whom he will use in the box on Wednesday, but it looks like the probable choice of the local skipper. The game Wednesday will start at 3 sharp.

JEROME AND SHOSHONE READY FOR DOUBLE TILT

Holiday Games Scheduled on North side for Fourth; Point to Two Hard Fought Contests

JEROME. (Special to the News).—Jerome will celebrate the Fourth with two ball games between the local team and Shoshone of the Southern Idaho baseball league.

Shoshone, although tailenders at the present time, have done considerable strengthening during the last week and promise to give Jerome two real battles.

Lindner, Shoshone's star catcher, who was injured a few weeks ago, has fully recovered, and will be seen in a suit on the Fourth. Another addition to the Shoshone team is Bill Keefe, known on the north side as one of the best outfielders in the business. Bill bats from the port side. Peble, the hard hitting short stop of the Shoshone club is back again, and will add strength to the line up. Manager Bills of the Jerome team is confident of victory, although he wasn't slow in saying that he would be satisfied with an even break with the rejuvenated Shoshone team. Bills will bring out a new pitcher for the morning game, in the person of Stanwick, Humphrey will be on the receiving end.

In the afternoon, Erickson will be called into service, with Howerton donning the mask.

Shoshone will start the morning game with Morton in the box. Morton has been showing up better these warm days and the Shoshone fans expect much of him Wednesday morning. Graves will take care of Morton in the afternoon and Lindner will guide the team from behind the plate.

A large crowd of Shoshone fans are going to journey to Jerome to help celebrate, and root for their heroes. The morning game starts at 10, and the afternoon affair is booked for 3:30.

"The Bustle of Silk" Herbert Brenon's first production for Paramount, in which Betty Compson and Conway Tearle are featured, will be on view at the Idaho Theatre next Monday and Tuesday. In addition to being published in book form, this Cosmo Hamilton story also ran as a serial and achieved great popularity. It is full of romance and possesses a certain naive quality so far as the feminine leading role is concerned.

"THE MARRIAGE CHANCE"

"The Marriage Chance" is a comedy with a dramatic shock. It is something new—different—unique. Picture fans who are continually crying, "Oh, it's the same old story!" will find the new Hampton Del Ruth production absolutely unlike anything they have seen. It ranges from riotous farce to poignant tragedy; from amusing to temper from rollicking fun to tenderness. Interpreting this extraordinary picture is an extraordinary cast—Alta Allen, Milton Sillis, Henry Walthall, Tully Marshall, Irene Rich, Mitchell Lewis, Laura La Varnie, Nick Cogley—a galaxy of names seldom if ever found playing farce comedy, a company able to do justice to the dramatic moments in which "The Marriage Chance" abounds. GUARANTORS OF SHELBY FIGHT ASSUME REINS

L. J. Moulumbly and Mayor Jim Johnson Retire and Major G. E. Lane Takes Charge as Trustee; Money Coming

GREAT FALLS, Mont., June 30. (AP)—A complete reorganization of the business management of the Jack Dempsey-Tom Gibbons heavyweight championship fight at Shelby, July 4, was effected tonight, with the selection of Major G. E. Lane, of Lewistown, one of the wealthiest business men of the state, as trustee of the sale, and the resignation of L. J. Moulumbly of Great Falls, and Mayor Jim Johnson of Shelby, from further participation in the management. Moulumbly and Johnson were among the original promoters of the contest.

Major Lane was chosen to represent the 20 business men of the state who contributed \$5,000 each to make possible the fight at Shelby. The first installment due Dempsey, George H. Stover, a Great Falls banker, Roy Ayers, a former district judge, and H. A. Tompkinson, Great Falls business man, will be associated with Mr. Lane in directing the management.

Assign Picture Rights
Moulumbly, state commander of the American Legion, has assigned his entire interests in the fight to Lane, the transfer including his moving picture rights. Jack Kearns, manager of the heavyweight champion, contributed his share of the moving picture rights, amounting to 33 1/2 per cent. of the \$100,000 to be subscribed to Dempsey's \$100,000 installment.

Major Lane declared that the fight would be decided as scheduled and that Dempsey's \$100,000 would be paid Monday, when it is due. While no announcement was made, it was understood that \$50,000 had been already raised.

Major Lane stated that he had the pledges of twenty business men of Montana that the \$100,000 would be raised before it is due, and that a portion of the subscription credits now available in cash. He declared there is no dispute between himself and Kearns over the interpretation of the fight contract and that complete harmony exists between himself as manager and those now in charge of the promotion.

SPARRING PARTNERS BEING GIBBONS INTO HIGH REED
SHELBY, Mont., June 30 (AP)—The custom ring, fringed by a circle of more than 50 Blackfoot Indians and squaws in picturesque regalia and war paint, Tommy Gibbons, newly appointed Thunder chief, and his sparring partner, through his daily war dance with his sparring partners today.

It was one of the final workouts Gibbons will have before he clashes with Jack Dempsey here July 4. He boxed six rounds, three of them fast and fierce, the others tame and sometimes comic. Tillie "Kid" Herman and Jimmy Delaney, both of Lewistown, high and received the only severe punishment the challenger meted out today.

Herman boxed only one-two minutes with the challenger, but it was the fastest two minutes Gibbons has had in three weeks of training. Herman started the fracas with a ripping punching.

Mix in Speedy Bout
Delaney, whose style is similar to that of Mike Gibbons, and who is almost as fast as the challenger in his footwork, missed many blows in his two rounds with the challenger, and by the end of the second session, he was wide open. Gibbons, letting go his punches as he has been doing the past few days, several times led with his left, followed with his right in lightning fashion and did not receive a return.

Tad Hannigan, a Denver featherweight, boxed three rounds with Gibbons, who apparently took delight in making Hannigan miss, or in receiving his blows flush on the face without trading blows.

Gibbons took his usual run this morning and skipped rope, punched bags and flexed the pulleys for two rounds each before his workout. He snuffed and chatted with friends during and before his workout, and exhibited no evidence of any nervous strain.

More than 200 spectators sat in the hot sun and watched him work. The Indians, who inducted Gibbons into the Blackfoot tribe Thursday night, suddenly swarmed into the arena on horseback when the challenger was exercising, gave a few war whoops, and settled back in their saddles to watch him do battle with his mates. When he finished they applauded him with the wild cry of the plains which once

meant that the redskins were on the warpath.

Many new visitors were arriving in Shelby today and the town is preparing for the influx at the beginning of next week.

Tickets Selling Rapidly
Tickets for the July 4 bout were being sold rapidly at fight headquarters today.

Phil Campbell, ticket manager, said the demand indicated that purchasers had held off buying tickets until definite assurance had been given that the \$100,000 would be paid Dempsey on schedule.

While no definite figures were made public as to ticket sales, it was indicated by Campbell that the total sum already received, including money contributed here for the payment of the first \$50,000 for which tickets were produced, might run as high as \$150,000 or \$200,000. Officials are confident that \$100,000 will be received for general admission by Wednesday, or received for tickets before that date, consequently the total gate receipts for the bout, it is estimated, will exceed \$300,000.

Shelby is a noisy, confusion-filled town.

Wright's Costume Accessories for the Fourth

Nothing will interfere so much with your enjoyment of the great national holiday as to know that some part of your costume is lacking. Perhaps it is just a handkerchief, a pair of gloves or such. Perhaps below you will notice something just to remind you of things you may need.

Gloves

If you intend to wear silk gloves, there is only one kind to buy and they surely will be Van Raalte's. Van Raalte sets the fashion in novelty silk gloves and to do so there must never be a question about quality. We have shades and colors to go with most any combination you desire.

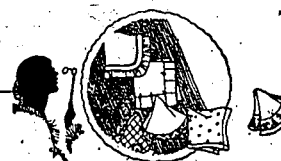

Neckwear

Frill fronts and vestees are now the most popular in public demand. They go so nicely with the new sweaters, the jaquettes, or the practical suit. Perhaps you want just a collar to set off the blouse sweater or jacket. You will find such a good assortment of things that fashion calls for.

Hosiery

Although hosiery need not match the shoes yet one should carefully work out a combination that is pleasing and attractive. Never was our stock so complete with the newest shades of heaver, order, gray or white. Let us suggest Hummingbird, Van Raalte of Gotham Gold Stripe.

Handkerchiefs

Handkerchiefs play such an important part in your costume for so many of them are being worn on clever wrist bands and they too should carry out your color scheme. Genuine imported Lisseu kerchiefs with fast colors. Then we offer colored pure linen ones at such reasonable prices.

Silk Underwear

Silk underwear is so reasonably priced nowadays that every woman should enjoy the luxury or comfort of silk under garments. Van Raalte makes such wonderful pieces of glove silk, and "Dove" quality crepe de chine and radium silk gowns and step-in are wonderful. A complete assortment.

BUILDERS' PLOT

(Continued From Page One.)

The government alleged that the manufacturer defendants offered the contractors a total discount of 15 per cent if the latter would consent to the restricting clause.

The defense contended that the manufacturer offered the discount as an inducement to the contractors in order to avoid a city-wide carpenters' strike, which the union threatened if the restricting clause was not inserted in their agreement. The trial lasted about a month and followed indictments returned against the defendants two years ago.

The Secret Adversary

(Continued.)

The other's face was convulsed with rage. For a minute Tuppence thought she was going to spring upon her, which would have placed the girl in an unpleasant dilemma...

"You may—some day!" said the other significantly. The cold malignity of her manner sent an unpleasant chill down Tuppence's spine...

"Supposing we sit down," she said pleasantly. "Our present attitude is a little melodramatic. Now, let's talk."

"What about?" said Mrs. Vandemeyer sullenly. Tuppence eyed her thoughtfully for a minute. She was remembering several things...

"What makes you think that?" "I don't know," said the girl truthfully. "But I'm sure."

"You are still," said Tuppence with admiration. Mrs. Vandemeyer shook her head. "Not beautiful enough," she said in a soft dangerous voice.

"I wear it. And, once he's caught, you'll be out of danger." "A thrilling look swept across Mrs. Vandemeyer's face."

"The price was big enough. I should suggest a hundred thousand pounds." Her economical spirit did not permit her to mention the whole million dollars suggested by Julia.

"A hundred thousand pounds," repeated Tuppence. The light died out of Mrs. Vandemeyer's eyes. She leaned back in her chair.

"No," admitted Tuppence. "I haven't—but I know some one who has." "Must be a millionaire," remarked Mrs. Vandemeyer unbelievingly.

"I'm inclined to believe you," she said slowly. "What does he want to know, this friend of yours?" Tuppence went through a momentary struggle...

"He wants to know where Jane Finn is," she said boldly. Mrs. Vandemeyer showed no surprise. "I'm not sure where she is at the present moment," she replied.

"What's his name?" "Tommy Bereford." "Never heard of him. But I'll ask Boris. He'll tell me anything he knows."

"Thank you. There's one thing more." "Well?" Tuppence leaned forward and lowered her voice. "Who is Mr. Brown?"

"You do," said Tuppence quietly. "Again the color deserted the other's face." "What makes you think that?"

"I don't know," said the girl truthfully. "But I'm sure." Mrs. Vandemeyer stared in front of her for a long time.

"Yes," she said hoarsely, at last, "I know. I was beautiful, you see—very beautiful."

"When shall I have it? There must be no delay here." "This friend of mine will be here presently. He may have to send cables, or something like that. But there won't be any delay—has a terrific huster."

A resolute look settled on Mrs. Vandemeyer's face. "I'll do it. It's a great sum of money, and besides," she gave a curious smile—"it is not wise to throw over a woman like me!"

"If there should be some one listening? I tell you I'm frightened. You don't know him?" "Think of the hundred thousand pounds," said Tuppence soothingly.

"You don't know him," she reiterated hoarsely. "He's—ah!" With a shriek of terror she sprang to her feet. Her outstretched hand pointed over Tuppence's head. Then she swayed to the ground in a dead faint.

"Tuppence looked round to see what had startled her. In the doorway were Sir James Peel Edgerton and Julius Berensmimer. (Continued in Next Issue.)

SOLID TRAINLOAD OF STUDEBAKERS DELIVERED. Newark, New Jersey, Dealer Takes Big Shipment of Light Sixes to Fill Retail Orders.

A solid trainload of Studebaker cars, consisting of 120 light sixes, has just been shipped from the big Studebaker factories at South Bend, Indiana, to the Studebaker Sales company of Newark, N. J.

This shipment is unusual in two respects. First, the entire 120 cars will be delivered to waiting buyers as soon as unloaded. And, second, it is believed

it represents the largest shipment to one dealer of a single model of car in the \$1000 class ever made by a manufacturer. This gives fresh evidence of the insistent demand for the Studebaker light six that exists in the metropolitan district of the east just as it does throughout the country.

"It is not surprising that those experienced metropolitan motor car buyers should create a tremendous demand for the Studebaker light six," according to J. W. Barrett, local Studebaker dealer.

"To the majority of these purchasing price is a secondary consideration. They demand a quality motor car—superior construction, dependability, reliable performance, thorough comfort and hand some appearance."

"If your property is desirable and is advertised in the classified—you'll find your buyer."

REVELATIONS OF MR. CONOCO — the most contented motorist in six states!

“Get this secret—”

“QUALITY, high-mileage and Conoco all mean the same thing, but you only have to remember the last one—Conoco.”

“I did my share of experimenting with a good many kinds of gasoline—heard and read a lot of statements and claims (some of them sounded good, too)—until a little over a year ago I put my car on the Conoco diet.”

“Business takes me over a good part of the state pretty much the year round.” Then in summer I like to get out into the hills for a real vacation. But no matter what part of the state I’m in, it’s easy to find the CONOCO sign, where I’m always sure of getting clean, uniform, dependable gasoline.

“That, in itself, means a lot to me.”

RAILROAD PLANS IMMIGRATION TO FARMS IN IDAHO

Union Pacific Begins Assembling of Data on Agricultural Opportunities for Mid-West Advertising Campaign

Announcement has just been made by Union Pacific representatives of plans to obtain complete data at once on farm lands in Idaho available for purchase or renting, this information to be broadcast throughout the middle west with the view of inducing farmers in that section to take advantage of agricultural opportunities in this state and settle here.

The plan is in charge of Vice President Platt of the Oregon Short Line, who expects to have a complete canvass of the state made. D. E. Sullivan, Twin Falls agent of the Short Line, will have personal charge of the work here and he will start Monday morning to obtain listings throughout the Twin Falls country. The work will be done in cooperation with the state and the latter will furnish the data and assist in the work of obtaining reliable and fair rents and sales price figures.

The railroad system is widely planning to make the campaign complete in every detail. Besides prices and rents on farms available in the Twin Falls country, Mr. Sullivan will obtain information on the divisions of acreages as to cultivation, improvements, the condition of the land and crop records, distances to schools and to towns and country roads.

The information thus obtained throughout the state will be put together in concise form and used as the basis of the campaign in the middle west, which is to be conducted by the immigration department of the Union Pacific. Among other things the advertising campaign calls for the showing of slides in motion picture theaters showing stands of Idaho crops and other points of interest to the farmer. It is understood that the immigration department of the road will advance the plan intensively with the idea of getting results as soon as possible.
