BORAH SPRINGS TO DEFENSE OF HARDING PLAN

Idaho Senator Declares Divorcement of Court from League Would Make it More Effective for Peace

BOISE, July 9 (AP)—Senator Borah today came to the defense of President Harding in a reply to Senator King of Utah who today had branded the nation's chief executive as "insincere" and declared that in his advocacy of the world court he had "deceived the people."

"I feel that the president has pointed the way for the rejection of an effective international judicial tribunal instead of the league which is his purpose, if realized, will strengthen the tribunal and make it far more effective and useful in the cause of peace."

The Borah statement in full follows: "President Harding's speech at St. Louis, which has caused and is still causing so much discussion and to which Senator King advertises every evening, disclosed one central thought, and that was the complete divorcement of the world court from the league—to separate it from the influence, pressure, manipulation or control of international politics."

"Senator King is a very able lawyer and the able lawyer naturally he would agree with that principle. But he is also an earnest advocate of our becoming a member of the league and it is not to be a great and abiding affection for the league rather than his interest in an untrammelled court has unconsciously colored his judgment."

"The court ought not to be connected with the league or any other political institution. It ought not to be the counselor or adviser of the league and it is not to be a great international judicial tribunal, speaking the voice of order and law in international affairs, it should be wholly apart from international politics and disassociated as a counselor or adviser in international politics, and thereby freed from the intrigues and schemings which are so often a part of international politics. Instead of President Harding weakening the court, his purpose, if realized, will strengthen the tribunal and make it far more effective and useful in the cause of peace."

Pat's Burden on Europe "Senator King thinks the course outlined by the president may work delay. Possibly so. It may be that the president's course is not a real court. There have been some indications to that effect. It may be that they do not want an independent judicial body which will be the cause of peace. Nevertheless, it is clearly the duty of the United States and those who are seeking to serve the cause of peace to build the court in an effective fashion, to contend for a tribunal which will really serve the cause of peace. Better build slowly and build effectively than to build hastily and build ineffectively. If the United States will lead the fight for a real court, untrammelled and uncontrolled, in my opinion such a court will be the result. President Harding does not respect this court, he simply proposes to"

Editor Gets in Bad with Courts of New Mexico

Albuquerque Publisher Faces Sentence for Contempt Along with Term for Libel LAS VEGAS, N. M., July 9 (AP)—Carl C. Magee, editor of the Albuquerque Tribune, will be tried in court today by Judge Leaky, presiding judge of the eighth judicial district, tomorrow, to file his answer in four orders to show cause why he should not be sentenced for contempt of court.

Federal Aid Roads Include 2,772 Miles in Idaho's Borders

WASHINGTON, July 9 (AP)—A definite designation of roads to comprise the federal aid highway system has been made in thirty-four states by the department of agriculture. These roads and estimates in the 14 states where the roads have not yet been approved aggregate 187,440 miles, or nearly every city in the country having a population of 5000 or more.

HARDING SEEKS UNDERSTANDING

President Tells Alaskan Audience of Aspirations for His Administration

WRANGELL, Alaska, July 9 (AP)—President Harding landed here today, greeted thousands of people of Wrangell and Petersburg in an address delivered from the steps of the frame court house, declared he came to Alaska "as an apostle of understanding."

"That is what the world and the nation most need," the president declared. The president was welcomed to Wrangell by the Rev. Mr. Dawson, pastor of the Presbyterian church who introduced him to the cheering crowds. After the chief executive had concluded his address, Secretary of the Interior, Work, Secretary of Agriculture, Wallace and Secretary of Commerce Hoover, spoke briefly.

The party landed here this morning to find the town, once the chief trading station of the Hudson Bay company, decorated with flags and flooded with the sunshine of a perfect day. Here the party saw its first test of the cold. The president and Mrs. Harding were presented with a huge basket of strawberries, nearly twice the size of the berries they have been accustomed to in Washington and a bouquet of mammoth peonies.

DEPUTIES VOTE APPROVAL FOR PACIFIC TREATY

French Chamber Ratifies Four-Power Pact, Signed at Washington Conference; Senate Vote Expected

PARIS, July 9 (AP)—The four power Pacific treaty signed at the Washington armament conference was ratified by the French chamber of deputies today. The ratification is expected to be followed shortly by the senate's approval of both this and the naval limitation treaty adopted by the chamber Saturday.

The treaty relating to the use of submarines and poison gases and the protection of neutrals and non-combatants and the two pacts relating to China are unlikely to come before parliament until after the summer recess.

Big Questions Delay Premier Polignone 10 1/2 ago announced his intention to urge the ratification of the Washington treaties but big questions one after another have come up to occupy the time of the parliament, and some opposition developed to putting the treaties ahead of France's more pressing problems. The government, however, began vigorously urging their adoption when it became apparent recently that the United States was impatient at the delay.

Now that the naval armament and Pacific treaties have been approved by the chamber with concurrence by the senate considered assured, the government will not press parliament for consideration before the recess of the other accords, which are regarded as less important to the United States.

GRATIFYING TO WASHINGTON WASHINGTON, July 9 (AP)—Action of the French chamber of deputies in voting ratification today of the four power Pacific treaty, coupled with the favorable vote last week on the naval pact, caused gratification in official circles here today, although some regret was evidenced at the forecast that the

Short Line Files Return to South Line Questionnaire and Takes Up Options Here

Early Issuance of Permit for Construction of Rogerson-Wells Road is Predicted by Congressman Smith, Announcing Word from Union Pacific President on Steps Taken

Developments of importance in connection with the Oregon Short Line's announced purpose to begin construction as soon as possible of the railway line from Rogerson to Wells were made public Monday in the announcement by Congressman Addison T. Smith that the Short Line had filed its return to the interstate commerce commission's questionnaire regarding the project, and in the further announcement by M. J. Swadley of the local railroad committee, that the Short Line had taken up its options for the purchase of property west of Rock Creek for terminals and roundhouse sites at Twin Falls for the new line.

Issuance of the interstate commerce commission's permit for construction of the line is to be expected within the next three or four days, Congressman Smith advised in connection with the announcement of his receipt from Carl R. Gray, president of the Union Pacific system, of a telegram stating that the railroad's return to the questionnaire had been filed with the commission at Washington on July 7.

Officials of the road heretofore have announced their purpose to begin construction of the line immediately if possible, with the issuance of the permit. It is known that the force of engineers engaged in making the survey has been increased from time to time during the past three or four weeks.

"It is apparent," Congressman Smith said Monday evening, "that the return to the questionnaire is rather a voluminous document and it is probable that it may take the commission some days to examine it thoroughly. This examination, I am convinced, is all that remains before the issuance of the permit, and I think we may look with confidence for the issuance of the permit within the next three or four days."

The telegram received by Congressman Smith follows: Omaha, July 9, 6 p. m. "Hon. Addison T. Smith, "Original and also copies, as required by regulations, of return to the interstate commerce commission's questionnaire concerning the Rogerson-Wells line, was sent July 4 and delivered by our attorney at Washington to Secretary McElroy's office July 7. "CARTER R. GRAY."

Citizens Secure Option The property in the vicinity of Twin Falls upon which the Short Line has been planned has not yet been secured under option by Twin Falls citizens prior to public announcement of the purpose of the Short Line to build the road, and a condition made by the Short Line to its undertaking the project.

MINERS REFUSE TO GIVE WORD NOT TO STRIKE

Operators Fail to Win Agreement for Continued Coal Production After Wage Contract Expires

ATLANTIC CITY, N. J., July 9 (AP)—The anthracite workers of Pennsylvania today refused to enter into an immediate understanding with the coal operators that the price of coal shall continue uninterrupted after August 31—in the event that a new contract which has been negotiated by them this week, with the understanding that the agreement subsequently arrived at shall be retroactive to September 1. The miners contended that there is ample time to work out an agreement which should be diligently applied itself to the task.

The coal operators paroled the negotiation of the United States Steel corporation that they would make every effort to eliminate the 12-hour day. This is one of the demands of the miners. Wages Still at Issue While the operations did not specifically refuse the demands for a wage increase for contract miners and men employed by the day, they declared that the price of coal should be commensurate with the value of the service rendered, and that they were proud of the present wages because they were the highest ever paid in the anthracite industry.

WOMAN'S DEATH TRACED TO QUARREL OVER WATER

TEXAS Farmer Held on Murder Charge in Connection with Shooting of Wife's Sister. EL PASO, July 9 (AP)—T. W. Fields, a farmer living near here today was held on a charge of murder in connection with the shooting of Mrs. J. S. Peterson, who owned a farm near his fields and the woman is alleged to have been shot in a stream of water. His bond was set at \$2500. Witnesses at the preliminary hearing testified that the woman was reputed to have been quarreling with Fields to have shot her to death from the running board of her car last week.

FLAMES SWEEP OIL PLANT

Five Following Explosion Destroy Building and Several Tanks Involving \$200,000 Loss. KANSAS CITY, July 9 (AP)—Following an explosion today, fire rushed through the plant of the Interstate Refineries here, consuming a building and several tanks of oil. Ralph E. Lanning, president of the concern, at \$200,000. The speed with which the flames spread and the intense heat prevented firemen from attempting to get close enough to the plant to check the fire. All but one of 30 or 35 men employed at the refinery were accounted for. Hundreds of thousands of gallons of gas-oil were consumed in tanks. The fire started in a pipe connecting the tanks, workmen believed.

Broking House Failure Brings Financial Ruin and Disgrace to Former Federal Treasurer

NEW YORK, July 9 (AP)—Haggard, dejected and "broke," John Burke, once treasurer of the United States, and three partners today were seen walking into District Attorney Baughman's office today to offer the authorities what help he could in the grand jury investigation of the brokerage firm of Kardos and Burke, which failed 18 months ago for more than \$2,000,000. Mr. Burke said he was ready to waive immunity, but the grand jury everything he knew—which was astonishingly little—about the operations of the firm. "I give you my word as a man that the last time I had any idea of what was going on was when the bankruptcy petition was filed," he said. "I think that is your trouble" cut in one of the assistant district attorneys, who was examining him. "I don't think you even know you were alive in that outfit."

# YOUNG BOYS TO BE GUIDED OVER MANY PITFALLS

## American Sentinels Enlist Lads of 16 for Development of Mind and Body and Protection Against Evil Influences

CHICAGO, July 9 (AP)—Boys of sixteen are being enlisted into an assembly of American Sentinels, an organization which plans to take the boy at this age, build him in mind and body, protect him against pernicious associations and his development until the day when he shall be inducted into citizenship. His protectors are numbered among the most prominent men of the country, with President Harding as honorary head.

"Young fellows in this transition period are neither boys nor men, and need guidance so that they will not become misfits in the world of adults, because they lacked vocational training," said Rear Admiral William A. Moffett, former commandant at Great Lakes Naval station, and honorary director of activities. "Much of the social and industrial unrest is developed because in too many instances young fellows who have almost attained to adult maturity are left to drift. They are compelled to take an individualistic view of life and thousands of them become resentful against society because they feel they did not have a fair chance."

"Seeking to correct this alleged condition, the American Sentinels was launched with a program of six aims, which are: Teaching the enjoyment of living and developing a sense of true sportsmanship; finding the proper vocational place for each young man and training him to fill that place; reviving the Old Spartan endurance, fortitude and steadfastness in all good things; cultivating a spirit of honor, tolerance for his fellow man, and understanding; an appreciation of American history and institutions; developing a body of athletic, intelligent, clean-cut and virile young Americans; formally inducting each young man into citizenship.

The organization is based upon the Roman army system, there being two main divisions—legionaries and auxiliaries—those under 21 being legionaries. The workers and sponsors are legionaries. Legionaries are divided into groups, 32 forming a guard. Each guard is divided into four squads. The guard is governed by a prefect and two assistants. Eight guards constitute a legion, each legion having a centurion. Twenty legions make a cohort, ten cohorts a legion. All legions are under the direction of a director general.

"There is no distinction as to race, faith, party, class or sect."

# JURY DEMANDS WOMAN'S DEATH

## Sentence Imposed on Mrs. Crudele, Slayer of Husband, Sets Precedent

CHICAGO July 9 (AP)—For the first time in the history of Cook county, a jury today meted out the death penalty to a white woman, when Mrs. Sabella Peter Crudele and her second husband, Peter Crudele, were found guilty of the murder of Frank Nitti, Mrs. Crudele's first husband, and death was doled out for both.

The jury returned its verdict after less than two hours' deliberation. The woman and her husband were convicted largely through the testimony of Charles Nitti, 15-year-old son of the woman.

"Son Incriminates Mother. Frank Nitti, a truck farmer, disappeared July 29, 1922, shortly thereafter after Crudele, a boarder at the Nitti home, and Mrs. Nitti were married. Charles Nitti, the son, told the authorities that Crudele had killed his father with a hammer on Nitti's porch, and that Mrs. Nitti had held her husband's hands while Crudele struck the blow. The boy said Crudele had forced him to help dispose of the body, which he said, had been thrown in the river. An indictment was voted, but was dismissed when no trace of the body was found. On May 1, however, Nitti's body was found concealed in a catch basin. Crudele, his wife, and Charles Nitti were then indicted for murder, but the case against the boy was wallo pressed.

The boy's evidence and that of James Nitti, his brother, was relied on largely by the state. Crudele is 23 years old and his wife is five years younger. He said she was 39, but her sons declared she was 46.

See Justice Done. "I am glad we finally found a jury which would treat a woman in a cold blooded murder case the same as a man," Milton Smith, assistant state's attorney, declared in commenting on the case. Today's convictions increase the number in the state jail convicted of murder and awaiting execution from seven to nine.

The Same Everywhere. The editor of *Living Lighter*, a native newspaper of Lahore, India, says, "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy many times among my children and servants, for colic and diarrhoea and always found it effective."—Adv.

HERE is the latest photograph of Edward W. Bok of Philadelphia, who has offered a prize of \$100,000 for the best practical plan for the cooperation of the United States with the other nations in attaining and preserving world peace.

## MAUGHAN PLANS NEXT ATTEMPT

### Army Flyer, Forced Down To Dawn-to-Dusk Flight Effort, Dauntless and Smiling

ST. JOSEPH, Mo., July 9 (AP)—Dauntless and smiling, Lieutenant Russell L. Maughan, army aviator who was forced to abandon his dawn-to-dusk New York-to-San Francisco flight near St. Joseph today, said tonight another flight would be attempted within a week. Lieutenant Maughan will fly to New York Wednesday or Thursday of this week, he said, in the plane which broke down at Avonue City, about nine miles northeast of St. Joseph. The plane is undergoing repairs and Maughan expected before it would be in condition to use by tomorrow night. A clog in the gas line of his engine caused Maughan's first trouble, he said. He was within five minutes' flight of the St. Joseph municipal air field when his engine went dead. Maughan dropped into a pasture, but in making a sharp turn to avoid striking a row, two of the steel ribs of the landing gear of his plane gave way.

No extra parts will be needed, Maughan's two mechanics who had both in St. Joseph four days ago, and his engine, declared after they had reeled in a motor car from the airport to the suburban town. A welding machine was taken from St. Joseph this afternoon and all repairs will be made in the pasture and the gas line will be cleaned out.

Sees Evidence of Luck. "Am I discouraged? I should say I am not," declared Maughan, as he gulped food and milk forced on him by his mechanics. "I'm the luckiest man in the world. Why should I be discouraged? Could any aviator be luckier than I? Here I have an engine go dead above a pasture. Suppose it had gone dead in that fog early this morning above the Allegheny mountains. I would not be here to tell you about it."

Lieutenant Maughan estimated he made approximately 1300 miles in nine hours, one day today, following the streets of St. Joseph, he did not show as much fatigue as most motorists exhibit when they have driven a motor car 25 miles.

Maughan said he was absolutely lost in a fog for 250 miles. He feared he would swerve from his route, but hated to lose any time by slowing down. He made several trial flights to go above or around the fog, but it seemed to envelop him completely.

To Dispel a Mouldy Smell. Sprinkle a few drops of oil of lavender on the shelves of bookcases and closets and dispel that mouldy smell caused by damp weather.

## MILLION AUTOMOBILES GOAL FOR CALIFORNIA

### Officials Predict Registration This Year of One Car for Every Four Persons in State

SAN FRANCISCO, July 9 (AP)—One million automobiles in California by the end of this year, or one for every four persons in the state, has been predicted by officials of the California State Automobile association here. Already, for the first half of the year, 901,247 motor vehicles were recorded, and a man in San Diego claims the distinction of owning license number 1,000,000, although there are not actually that many yet. Last year the total number of cars registered in the state, according to the association, was 890,000.

REDUCES PRICE OF LEAD. NEW YORK, July 9 (AP)—The American Smelting and Refining company today reduced the price of lead from 6.25 to 6.10 cents per pound.

Pointer for Auto Drivers. It is better to give six inches of road than to get six feet in a cemetery.

Pity the Poor Pedestrian. It wishes were motor cars gasoline would go up a million per cent.

## JEROME

JEROME—Mrs. Arnold Stevens died suddenly at her home west of Jerome on July 4 at the age of 55 years. Mrs. Stevens was in her usual health and was approaching a car to go to Jerome to the celebration when she fell and died instantly. Besides her husband who leaves a large family and many friends to mourn her loss.

Miss Adeline Eldred is spending a two weeks' vacation at the home of her brother, A. B. Eldred, and family, east of Jerome. The many friends of Mr. and Mrs. S. Frazer, Jr., have received announcements of the arrival of a girl at their home in Pawnee, Oklahoma. Mr. and Mrs. Frazer were pioneers of the north side tract.

Mr. and Mrs. Kenneth Amett spent Wednesday in Jerome from their home in Filer. W. A. Heiss left Thursday for California, where he will spend a two weeks' vacation with Mrs. Heiss, who has been in California for some time and expects to return with him.

Mrs. C. A. Varnum has returned from an extended trip to Lava Hot Springs. She was accompanied by her son, Walter, and grandson, Charles Tyler. The trip was made overland.

W. H. Howerton has as his house guest his son, Mrs. Mary Howerton, of Gibbs, Mo. Miss Merle Aberdeen was hostess to the L. O. P. H. club on Monday evening.

ing. After the election of officers and a social hour a delicious luncheon was served.

Miss Irene Shepherd was guest of honor at a delightful dinner on Tuesday afternoon at the home of Mrs. S. L. Arund. Miss Irene received many useful gifts. The hostess served a delicious luncheon after a social afternoon.

Mr. and Mrs. Jack Graham, formerly of Grandview, have moved to Wendell where they expect to make their home. Mr. and Mrs. S. R. Reed, Sr., have returned to their home at Arcadia after an extended trip to Ogden.

Mr. and Mrs. Thomas Janyx left the first of the week for Plainview, Texas, where they will spend the summer. John Hartshorn has as his house guest his sister, Miss Mabel Hartshorn, of Lansing, Mich. James Whobrey and family have as their house guest Miss Ira West of Rogerson.

Mrs. G. M. Morrill of Appleton, has as her house guest her mother of Clifton, Idaho. Mr. and Mrs. William Robby and family, and Mr. and Mrs. Harry Forbes and son, spent Sunday in Twin Falls.

Mrs. Vera Hinesley arrived on Tuesday from Los Angeles and expects to reside indefinitely at the home of her parents, Mr. and Mrs. D. H. Cook. Mrs. Merritt Fry of Arcadia, delightfully entertained at her home on Friday afternoon in honor of Mrs. Winterhalter. After a social afternoon the hostess served delicious refreshments.

Mr. and Mrs. Milo Sheldon spent the past week in Halley and Ketchum.

THE GUMPS - AN ILL WIND

DAY ANSWERS FINAL SUMMONS

Former Secretary of State and Supreme Court Justice Ends Life's Journey

MACKINAC ISLAND, Mich., July 9. (AP) - The body of former United States Supreme Court Justice William R. Day, who died here at 5:30 this morning, was taken here today to Canton, Ohio. William A. Day of Cleveland, a son, accompanied the body.

The funeral party expects to arrive at Canton on Tuesday and burial will be there. The former justice had been ill for about ten days and several days ago physicians gave up hope for his recovery. According to Dr. James Brogan, death was due to complications following an attack of pneumonia in Washington about three years ago.

Mr. Day's left lung was seriously affected and the right one slightly so. Dr. Brogan asserted that Mr. Day had been living "on his nerve" for the last few years, believing he must die in the public affairs to which he advanced again. He was conscious until a few minutes before he died.

For more than forty years Mr. Day spent his summers here. He was beloved in part by public affairs because of his democracy and was familiarly known to all residents here from hotel owners to bootblacks. Besides William L. Day, three other sons, Luther, Rufus and Stephen survive. While the former justice was always frail, physically, his sons were powerfully built. It is related that while Mr. Day was on the bench he introduced William L. Day, a Cleveland, Ohio attorney, to the then Chief Justice White. The chief justice acknowledged the introduction with the remark: "Your son is real block off the old chip."

Chosen by McKinley. The name of William R. Day is indelibly linked with that of William McKinley. When the latter was elected president, Justice Day was little known outside of Ohio, where he was born in 1849. He had graduated from the University of Michigan, studied law in a law office, taken a law lectures, and began the practice of his profession. He had been elected judge of the common pleas court in Stark county, Ohio, when 35 years of age, and in 1883 President Harrison had offered him the position of judge of the district court for the northern district of Ohio, but ill-health forbade his accepting.

Shortly after the election in 1897, President McKinley let it be known that he would make John Sherman, then old and near the end of his career, secretary of state, and that he would name his fellow-townman, William R. Day, as secretary of state. It is doubtful if the assistant secretary of state had ever met a foreign ambassador until he came to Washington in 1897. Sherman could not carry out the duties of his office. The untrained diplomat in the second position in the department had to shoulder the responsibility of the department in a tactful way as not to offend his superior. How well he filled the office and a year later the office that Sherman had occupied as secretary of state was entrusted later by McKinley when he said: "Day absolutely never made a mistake."

department did not spend several times as salary in rent for a mansion, but lived in an unpretentious residence, trusting to his ability and demeanor to bring the requisite dignity to the position he held.

CONVICTED WOMAN WAITS CALMLY FOR EXECUTION

Mrs. Anna Bruzzi, Found Guilty of Murder of Her Lover, in Prison for Death in Ohio

NEW YORK, July 9 (AP) - Mrs. Anna Bruzzi was taken to the Auburn prison today to await execution in the electric chair at Sing Sing for the murder of her lover, Frederick Schneider, a wealthy Bronx contractor.

TURKEY WANTS SHIPS REMOVED

Calls Upon Britain to Remove Warcraft Simultaneously With Her Land Forces

LAUSANNE, July 9. (AP) - Turkey wants Great Britain to remove her warships from Turkish waters simultaneously with her land forces, that is, within six weeks after the ratification of the peace treaty by the Angora government. The warships of France and Italy must also go, James Pascha declares, so that Ottoman subjects may be freed of all this evidence of foreign dominion.

The allies representatives have referred the question to their home governments. It is presumed that Great Britain will agree to a reduction in the number of ships, but will decline to withdraw all of them pending general ratification of the straits convention, which fixes the number of warships which may pass through the Dardanelles and the Bosphorus.

The protocol on concessions which will be attached to the treaty, provides that in case the Chester company abandons parts of its contracts and decides not to build the allotted railroads Turkey will give an option on the British and French companies enjoying pre-war rights.

ASHTON, Idaho, July 9. (AP) - Gored by a infuriated bull while crossing a pasture on a farm near here, Otto Sturm, rancher, is in a serious condition at his home here. Sturm dropped to the ground when the animal charged, but one of the bull's horns struck him under the right arm, gashing his body. He will recover.

Are We Never to Be Safe? A dead man in Philadelphia drove an automobile for quite a distance and finally ran it into a tree, says an exchange on a pasture on a farm near here. Otto Sturm, rancher, is in a serious condition at his home here. Sturm dropped to the ground when the animal charged, but one of the bull's horns struck him under the right arm, gashing his body. He will recover.

Twin Falls Drops League Affiliation

Local Team to Continue Season as Independent; Seeks Game with Jerome

Twin Falls base ball team has dropped out of the Southern Idaho Baseball League, and will play independent baseball for the remainder of the season, Phil Goldwater is manager of the team, according to Bob Whittier, who will continue as captain.

The decision was reached at a meeting of the players and backers of the team last night at Maagauly's. Lack of sport of the league members and belief that contests with teams coming from a greater distance would draw better crowds led the players and directors to come to this decision.

The team at the start of the season went into debt to build a ball park, and a report from the treasurer shows considerable red ink, so in order to ease this deficiency, a benefit game will be played here on Sunday, July 22, with Jerome.

Should the plans to get Jerome here fall to materialize, an outside team will be picked for the benefit affair. Tentative plans to have DeLoach here this coming Sunday are under way, and the fans should see some high class baseball the rest of the season.

The regular scheduled twilight game between the Electricians and the Bankers will be played this evening at 6:15.

LEONARD WINS FROM HART

Writers Give Attention to Lightweight Champion in Eight-Round Bout on Philadelphia Card

PHILADELPHIA, July 9 (AP) - Benny Leonard, lightweight champion of the world, tonight defeated Alex Hart of Lorain, Ohio, in the opinion of the majority of sports writers at the ring-side, in an eight-round bout at the National league baseball park. Approximately 30,000 persons, the largest crowd that ever witnessed a boxing bout in this city, saw the match.

Bobby Wolgast of Philadelphia, carried a draw, according to sports writers, in his eight round bout tonight with Joe Lynch, New York bantamweight champion, at the National league baseball park. Wolgast forced the fighting in the early rounds and in the fifth he had the champion holding. Lynch got better as the fight progressed, his work in the seventh and eighth rounds putting him on even terms with the Philadelphia.

COUNTERTENNER SUSPECT BROUGHT TO BAY AT BOISE

SALT LAKE, July 9 (AP) - Charged with counterfeiting United States coins of \$1 denomination, John E. Wanggaard is under arrest at Boise, Idaho, following an investigation conducted by Henry C. Taggart, secret service agent of the Utah-southern Idaho district, and Idaho officials. It was announced here tonight. Two machines used in making the altered Wanggaard issues were confiscated, it was announced. Wanggaard is being held for the federal grand jury.

ENDEAVORS END MEET

Dr. Francis E. Clark, Founder and President of Organization, Closes Des Moines Convention

DES MOINES, July 9. (AP) - A consecration service led by Dr. Francis E. Clark who founded the Christian Endeavor, 42 years ago and has been its president ever since, tonight brought to a close the largest, and, according to Dr. Clark, one of the most successful international conventions ever held by the world wide organization.

The delegates will depart tonight and tomorrow pledged to a definite program for the next two years activities, during which leaders of the society, hope to add two million to the ranks of Christian Endeavor workers.

GERMAN POSTAL RATES JUMP

BERLIN, June 27. (AP) - Postal rates in Germany will be tripled July 1. An official letter from Germany to the United States or other foreign country now requires a 300-mark stamp, but must have a 900-mark stamp after July 1.

Golden Silence. A slip of the foot can soon be recovered, but a slip of the tongue may be irreparable mischief. Words once spoken can never be recalled and frequent explanation of them merely makes bad matters worse. This is why silence may be golden.

Large advertisement for Prince Albert cigarettes, featuring a portrait of a man and the slogan 'Me-o-my, how you'll take to a pipe—and P. A.'.

TWIN FALLS DAILY NEWS

Issued every morning except Monday... Twin Falls News Publishing Co., Inc. (Established 1904)...

Subscription Rates: One year \$4.00, 6 months \$2.50, 3 months \$1.50, 1 month \$0.50.

MEMBER OF ASSOCIATED PRESS... The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it...

INDUSTRY AND POLITICS... Collier's Weekly, reviewing its straw vote for presidential favorites, suggests that perhaps the big vote cast for Henry Ford means that about one-third of the voters in the country...

Ethics of Odd Jobs... That a code of ethics exists among men of all work was discovered recently by a Woodlawn householder who hired a man to beat his rugs.

Canada Wars on Beavers... Beavers have become so destructive along the St. Lawrence river that owners of islands in Canadian and United States waters have been given permission by the Dominion government to exterminate them on the Canadian side of the boundary.

A STATE'S BEAUTY SITES... Illinois expects soon to have its outstanding beauty sites located and marked so that all who wish may find and enjoy them.

Rate of Sound Travel... In one second sound in air travels 1,100 feet, sound in water 4,700 feet, light, 186,400 miles, and an electric current anything up to 300,000 miles.

Two Cardinal Errors... He who imagines he can do without the world deceives himself much; but he who fancies the world cannot do without him is still more mistaken.

BRITISH CELEBRATE FOURTEEN

It might be said that a new historic epoch was officially opened when a British naval force joined in a Fourth of July procession at Portland, Ore., and staff officers of the British navy sat in the spectators' stand and listened to President Harding's address.

Breakfasts, Big and Little... Really Makes Little Difference, Provides Requisite Amount of Exercise is Taken.

Hearty breakfasts are recommended after being frowned on by many dietitians for long. Appetite, like conscience, was whispering the truth all the time.

Canadians Wars on Beavers... Beavers have become so destructive along the St. Lawrence river that owners of islands in Canadian and United States waters have been given permission by the Dominion government to exterminate them on the Canadian side of the boundary.

Pay for Non-success... Paying up cost unsuccessful candidates at the recent British election something like \$35,000. England has a law which requires a man who puts himself forward for parliament before he has enough popular esteem to get one-eighth of the vote cast in his district to forfeit the sum which amounts to approximately \$700 in our money.

Rate of Sound Travel... In one second sound in air travels 1,100 feet, sound in water 4,700 feet, light, 186,400 miles, and an electric current anything up to 300,000 miles.

A Fresh Start... Miss M. writes that while she was visiting her sister in the country she observed that morning she was awakened by her little niece, three and a half years old, who exclaimed: "Aunt Annie, get up; the world has begun!"

Two Cardinal Errors... He who imagines he can do without the world deceives himself much; but he who fancies the world cannot do without him is still more mistaken.

The Secret Adversary

By AGATHA CHRISTIE

(Continued)

"Gott im Himmel! Conrad, what is it?" Tommy felt a small hand thrust into his. Beside him stood a girl who he pointed up a rickety ladder that apparently led to some attic.

Hearty breakfasts are recommended after being frowned on by many dietitians for long. Appetite, like conscience, was whispering the truth all the time.

Canadians Wars on Beavers... Beavers have become so destructive along the St. Lawrence river that owners of islands in Canadian and United States waters have been given permission by the Dominion government to exterminate them on the Canadian side of the boundary.

DECIDED LONG AGO.

BY H. F. O'NEILL

CIVIC MATTERS GET ATTENTION OF COMMISSION

Chauffeuage Question is Settled; Adopt Sprinkling Ordinance; Ordinance; Talk Over Proposed Jitney Bus Line

Action on the matter concerning the selection of a site for the 1923 Chauffeuage, passage of a sprinkling ordinance, consideration of permits, and reports and a conference with Fred Spence, relative to the plan to inaugurate a jitney bus line in Twin Falls occupied the attention of the city commission at their regular meeting Monday night.

Commissioner of Finance J. S. Keel reported that the application of the Chauffeuage association for the use of the city park had been withdrawn and that satisfactory arrangements had been made. The commission tendered the association the use of the library lots for the holding of the attraction this year.

The sprinkling ordinance adopted includes the same districts as last year, with the exception of those districts where the property owners have petitioned their properties out. An opportunity for protests is afforded before the ordinance goes into effect.

Talk Bus Finance.

As a result of the conference with Mr. Spencer the latter will furnish the council data showing the route and time schedule he expects to follow in the operation of his bus line. Mr. Spencer expects to have one bus in operation at first and to start operations very shortly after he is granted a franchise.

The commission was presented with a petition signed by several residents asking that a poultry company be prevented from erecting the building known as the old Twin Falls Cider and Vinegar works, located on lot nine, block 103. The commission found it had no authority to act in the matter and tabled the petition.

The Allen Oil company was granted permission to erect two more service stations, one at Second avenue east and second street, and another near the Cogswell station on Main avenue south.

The Lind Auto company was granted permission to erect an eight-foot sign extending over the sidewalk, near the company's building.

On motion of Commissioner W. T. Leale the commission employed John Radcliffe, accountant, to check over the city's tax accounts. He will do the work at a rate of \$10 a day.

The city treasurer's report showing a substantial surplus is being considered, approved and ordered filed. The commission rejected the bill for \$120 submitted by J. S. Schultz, which caused considerable discussion at the last meeting.

The maintenance of the William Harkins barn was the subject of a motion made by Commissioner E. L. W. Briz and another resident on West Addison avenue, near Main. The council was unable to take any action, and as a result Mr. Briz is expected to file a petition signed by other residents of the neighborhood asking the abatement of the barn on account of their objectionable odors and appearance.

Went Woods Out. Newell S. Wight inquired as to the plans of the city in regard to cutting weeds along Buchanan street. The council was not informed as to legal rights in the matter, and it was referred to City Attorney A. J. Myers.

The commission considered the request of the proprietor of the Orpheum show shining parlor to conduct a popcorn stand on Shoshone street and the matter was continued.

The session closed with an informal discussion on the question of water rates and the purchase of meters. Half a dozen companies manufacturing meters submitted their price lists which varied from \$8 to \$10.75 for each meter exclusive of the commission's dial which is ordered by Commissioner E. G. All. The attention was directed to the fact that the commissioners have not yet decided on the type of meters to be installed and apparently a considerable amount of further discussion will be necessary. The matter of greatest importance is the cost involved.

TOURISTS' CAMP AT PARK

More than a thousand passengers stopped at the new site of the Park of Twin Falls, Yellowstone Park.

W. H. Dygert, city tourist park superintendent, reports that during the last half of June a total of 1022 passengers, stopped at the park.

Tourist travel started earlier this year than last year, and it is expected the traffic last year by a considerable margin.

The park presents an interesting sight daily as the cars come selves with camp duties. The cars are almost invariably piled high with luggage of every sort, although occasionally a tourist appears who has acquired the knack of packing all the necessary equipment in a small space.

The great bulk of the traffic consists of persons who are either traveling to or from the Yellowstone National park or have just left it.

Refuses to Marry to Enter U. S.

Miss Lulse Hohloch, 19, a pretty pink-cheeked girl, from Germany, refused to marry Gottlieb Brisch, of Philadelphia, when he called at Ellis Island Immigration Station, New York Harbor, to claim her as his bride, in accordance with arrangements he had made with her parents. She said she did not love him and would not put such a curse on her life.

School District Has Surplus Sum

School Board Finds Last Year's Revenues Exceeded Expenditures by \$6,816.27

Independent school district No. 1 closed the school year with a surplus of \$6816.27 on hand, expenditures being \$200,026.41, and revenues \$213,822.78, according to the district's annual financial report submitted at the regular monthly meeting of the school board Monday night in the superintendent's office at the high school building.

The surplus will be transferred to the sinking fund of the district. The meeting was dominated by the tentative budget for the coming year. The budget, which calls for an expenditure of \$229,765.25, was not adopted and will possibly be revised again before final action is taken. Cash receipts last year were \$239,559.13, the report showed.

In considering routine business the school board allowed regular bills and awarded the contract for furnishing the winter supply of 700 tons of coal to the Intermountain Coal company.

ELECTRIC IRON BLAMED FOR BLAZE IN RESIDENCE

Home of Mrs. Anna Branson, 437 Third Avenue North, Seriously Damaged by Fire; Occupant Escapes

Fire, believed to have started from an electric iron, did serious damage to the rear of the residence of Mrs. Anna Branson, 437 Third avenue north, shortly before 11 o'clock Monday night.

The flames, which were discovered by Mrs. Branson shortly after she had retired, spread rapidly and caused a blaze of light that could be seen for many blocks.

Neighbors gathered quickly and the arrival of the first fighting apparatus attracted a large crowd. The flames were under control by the time the garage was reached, but considerable damage was caused by fire and water. The house was insured.

Mrs. Branson stated that she believed the fire started by the garage heater. The fire showed that the electric iron had been left with the current turned on and was still hot when found in the water-soaked room.

The residence was formerly occupied for a number of years by S. G. McAnley, former city commissioner.

YOUNGSTERS TAKE TRIP

Members of Boy Scout Troop No. 2 and Camp to See Hivite Girls of Twin Falls to See Hivite Girls

Among the parties touring Yellowstone nation this year is the Boy Scout troop No. 2, and a group of Bee Hivite girls from Twin Falls, who left here Monday to make the trip overland to the west.

Hazen Exeter, scoutmaster of troop No. 2, is in charge of his troop. They were speeded on their way Monday morning by Douglas Hawley, district Scout executive, who gave the boys some parting advice.

They will return about July 18. The group of Bee Hivite girls number about 25. They also left Monday with Mrs. Exeter, Mrs. Blangford and Miss La Verne Black in charge.

Mercury Advances Toward High Mark

Temperatures on Sunday and Monday showed but slight difference and high marks for the two days were both above recent maximum averages.

CHARGES FILED AGAINST TWO HELD IN JAIL HERE

Photographer Will Probably Face Trial for Motor Act Violation; D. O. Rice Made Defendant

No further arrests occurred Monday in connection with the case of E. W. Miller, photographer, who was taken into custody here about 1 o'clock Saturday morning for alleged violation of the Motor Act.

D. O. Rice, who was also arrested following the arrest of Miller, was charged with driving a taxicab without a license, complaint to that effect being filed in probate court Monday and the prosecuting attorney's office and signed by Chief of Police Phil Herrmann.

Rice is charged with having transported Mrs. Sadie Hoige and Mrs. Violet Walworth to Jerome and to have charged \$5 for making the trip. Rice, who has been in his confidence under the impression that the officer was Miller and to have given the deputy considerable information before he recognized his mistake.

Apparently Miller will be taken back to Pocatello to be tried there, as information has been received stating that charges have been filed against him at Pocatello. Mrs. Hodgson said to have accompanied Miller from Salt Lake to Pocatello, where others involved were arrested and confessed.

The arrest of Miller, as thrown upon deputy sheriffs the duty of taking Miller's little Boston toy bull terrier out for his daily walk. The little dog, which has been the object of much admiration on the streets of Twin Falls and other cities, is a very attractive little animal and is said to be rather valuable.

The arrest of Miller, who is only a few inches in height and represents the "pocket" size in Boston terriers, its worth has been placed as high as several hundred dollars.

Kiwanis Club Hears Topics of Interest

District Scout Executive Talks; Seek Suggestions for Big Convention Next Month

Building of good citizenship is the essence of Scoutcraft and the goal to watch the work of Boy Scouts of the Twin Falls district will be directed, members of the Kiwanis club were told at their evening meeting Monday by Douglas Hawley, district Scout executive, who arrived Sunday from Palouse district, Washington, to enter upon his duties here.

Progress already achieved and the leadership in Scoutcraft in this district were commended by Mr. Hawley. The Rev. W. A. Moore, formerly minister of the Christian church here and a pioneer resident of the Twin Falls country, who is returning to his home in Yakima, Wash., from Atlantic City, New Jersey, where he attended sessions of the international convention of the Lions' club, also a guest, and detailed at some length his impressions of the convention proceedings, paying tribute to the purposes and membership of Rotary, Kiwanis and Lions clubs.

In connection with discussion of plans for the Utah-Idaho district convention of Kiwanis clubs to be held here next month, it was decided to call upon individual members at next week's meeting for suggestions relative to arrangements for the banquet that is planned as a feature of the entertainment. It is estimated that more than 500 persons will attend the convention.

N. S. Wight, secretary of the chamber of commerce, communicated to the club the information received by Congressman Addison T. Smith from Carl H. Gray, president of the Union Pacific railway system, to the effect that the Short Line route in this state, the project was likely.

Mrs. E. B. Williams, telephone 894. Katherine Harrison, daughter of Mrs. T. A. Harrison, celebrated her birthday Tuesday evening for the cast on a buying trip for the stores at Twin Falls, Rupert and Burley. He expects to visit New York, Chicago, Cleveland and Washington, where she will be accompanied by buyers from the Ogden store. Heretofore the major part of the buying has been done from Ogden, but due to the increased volume of store space here it has been decided that Mr. Wright can better judge the needs of this community.

Agust Your Brakes

Brakes which do not hold make business for the undertaker. If a child darts in front of you, and your brakes fail to work, you are sure to pay dearly for injuring the child, or else wreck your car and possibly another. Test your brakes often!

Even properly adjusted brakes fail at times and cause accidents. Insurance will make good your loss, both for damage to your car and to the person or property of others if involved in a mixup.

Get automobile insurance here covering fire, theft, collision, liability and property damage.

ANNOUNCEMENTS

The Knights of Pythias and the Pythian Sisters will hold a joint installation on Wednesday evening, July 11, in I. O. O. F. hall, commencing at 8 o'clock sharp. All are welcome.

The Business and Professional Women will not have their usual luncheon today (Tuesday), because of so many being in attendance at the convention in Portland.
