## TURKISH TREATY BINDS NEW TIES WITH AMERICANS

### Turkey Rated as New Nation by Ismet Pasha Following Attaching of Signatures to Pact with United States

LAURENCE, Aug. 6 (AP)—With the ratification of two treaties signed today, the relations between the United States and Turkey enter upon a new era. Joseph C. Crow, the American representative, in a brief address after the signature declared that the conventions permit of "close and useful co-operation between the two countries."

Mr. Crow recalled that during the past few years Turkey has been the scene of events of far-reaching significance and as a consequence her relations with other countries have been greatly modified, her system of government and political ideals changed, and it seemed fitting that the changes should be the occasion and reason for the conclusion of treaties with the United States.

Ismet Pasha laid emphasis on ties of democracy binding the United States and Turkey. He rated Turkey as a "new Turkey," and a land whose government was based on the will of the people. He expressed his pleasure on entering on friendly and co-operative relations with the great American republic.

The two treaties, one general and the other relating to tradition, printed in French, were signed by Mr. Crow, Ismet Pasha, Riza Nuri Bey and Hassan Bey. The two delegations sat around a table in the drawing-room of the Oushy hotel and solemnly affixed their signatures in the presence of a small group of Americans and others.

**Terms Provided**

In the general convention, the contracting parties agree to terminate all existing treaties between them and legislative acts completely abrogated. Each party agreed to receive diplomatic and consular representatives who will be accorded most favored nation treatment. Citizens of the United States will be entitled to travel and reside in Turkey on conditions that they comply with the laws of the country and to engage in professional, commercial and industrial activities permitted by law to foreigners, and will be assured of the most complete protection of person and property in accordance with the standards of international law.

By way of special exemption it provided, as in the treaty with European states, that Americans with regard to matters of personal status, shall be subject only to American courts. American companies also will be given the right to engage in business in Turkey. The treaty provides complete liberty of contract and navigation and accords the most favored nation treatment with regard to restrictions and conditions of every kind of import and export duties and excise taxes.

The provision concerning the

## Couple Wears Robes of Klan at Wedding

EL PASO, Texas, Aug. 6 (AP)—A man and woman whose names were not disclosed, dressed in full regalia of klansmen, were married at an open air initiation of the Ku Klux Klan at Doming, N. M., Saturday night. It was announced today by G. J. Strmans, Kligrph of the El Paso Klan, who attended the ceremony. It was held thus at the bride's request.

## UTAH MAN LAUDS NEW EXECUTIVE

### Former Governor Expresses Confidence in Ability of Successor to Harding

SALT LAKE CITY, Aug. 6 (AP)—The future of the nation is in steady and reliable hands, William Spry, commissioner of the United States land office, former governor of Utah, said today in speaking of President Calvin Coolidge.

"Calvin Coolidge is a strong man," he declared, "and the people may be assured that the business of the nation will go forward under his direction. He is safe and is a man of the utmost integrity. He may not talk as much as some people would like, but when we realize that it is our tongues that get us into most of our troubles, his peculiarity is not serious."

"I believe that President Coolidge will retain the present cabinet members if they desire to continue in office. As to whether they will do so I would not undertake to say. However, it is my firm opinion that they will keep their portfolios."

"Warren G. Harding stood next to Lincoln, in my judgment. The nation will realize the man's greatness when the policies for which he stood are put into full effect and his wisdom is realized."

"He was a great man and a kind man. The closer people came to him the more they loved him. The members of his cabinet feared to know him and to love him."

## ORDER POSTOFFICES CLOSED ON FRIDAY

WASHINGTON, Aug. 6 (AP)—Postmaster General New today ordered the closing of all postoffices Friday between 2 and 3 p. m. (Mountain Standard time) in tribute to the late President Harding.

## FAVORS STATE EXPLORATIONS OF COAL PRICE

### Federal Commission Finds Local Costs Closely Linked with Rates; Survey to Cost Two Million Dollars

WASHINGTON, Aug. 6 (AP)—Costs of retailing coal, and profits made by retail dealers, can best be explored by municipal state agencies in the interests of the communities concerned, according to conclusions reached by the federal coal commission. In a statement today, the commission said it had found coal retailing inextricably associated with trucking and storage and with the retailing of a variety of other commodities. The expense of conducting a national survey was estimated to be \$2,000,000.

"There seems to be a lack of information as to how far the United States coal commission has gone in the anthracite industry, and intends to go into the bituminous industry, with reference to the retailing of coal," said the statement.

"To set the matter right, the commission announces that it soon discovered that more than 40,000 retail coal dealers in America, many of whom had their coal business complicated with other articles of merchandise, the appropriation would not permit a presentation relative to the investment cost, margin and profits of each of these dealers."

**Samples Taken**

"The commission has done all that it could in the way of sampling in many of the municipalities of the country, the retail coal trade, and will present the result of its investigation to the country, but it has not gone and cannot go into an investigation of all the retail coal dealers of America."

"An investigation of such a character could not be made short of \$2,000,000 and when made would not be conclusive as to whether the citizens of a municipality were satisfied to pay the prices charged by the retailer for coal. Therefore, the commission has concluded that except as to the general investigation of the subject of the retail trade, it will have done all it can when it furnishes the information as to cost at the mine. The railroad rate is easily ascertained."

"Citizens and municipalities must do

(Continued on Page Four.)

## AWE STRICKEN CROWDS PAY DEBT OF MOURNING

### WHITE HOUSE TO BE HOME OF TWO BOYS

WASHINGTON, Aug. 6 (AP)—The White House with Mr. and Mrs. Coolidge and their two sons once more will become the home of some American boys.

Neither President Wilson nor President Harding had sons to recall the days when the staid old halls echoed to the scrambling of the lively Roosevelt youngsters.

John and Calvin Jr., 16 and 15 years old, respectively, will be away at school in Mercersburg, Pa., part of the time, but they are at home at the White House. It is said there will be a noticeable change from the atmosphere of recent years.

## INDUSTRY IS ASKED TO OBSERVE DAY OF SORROW

### National Official Asks that Friday Be Set Aside by Business in Tribute to Memory of Harding

WASHINGTON, Aug. 6 (AP)—Business and industry throughout the country were called upon today to set aside Friday as a day of mourning for the late President Harding by Julius H. Barnes, president of the Chamber of Commerce of the United States.

"We have been fortunate in having a president," said Mr. Barnes in his call, "who realized the very human aspects of enterprises, and realized that the aggregate individual happiness rested on the opportunity and employment of healthy industry."

"It is inevitable also that in mourning the close of one administration, we shall be relieved to feel that the character of his successor is one to give American business and industry renewed courage and confidence."

## GOLFERS TO HONOR PRESIDENT'S MEMORY

NEW YORK, Aug. 6 (AP)—Officials of the United States Golf association today called upon all golfers throughout the country to refrain from playing between 8:00 and 9:30 a. m., Mountain Standard time, on Wednesday, out of respect for the late president.

### IDAHO WEATHER Tuesday: Fair.

## HIGHEST HONOR TO BE PAID AT HARDING RITES

### Nation's Capital Prepares to Bestow Respects at Funeral Services of Deceased Chief Executive

WASHINGTON, Aug. 6 (AP)—Although Friday has been made a day of mourning throughout the country in memory of President Harding it will not be designated as a national holiday, nor will business establishments be asked to close.

It was said today that the intention of President Coolidge was not that industry should stop except in cases of business concerns which decide voluntarily to suspend their activities out of respect for the late chief executive. In states where state officials have made Friday a legal holiday the banks will be closed on that day.

WASHINGTON, Aug. 6 (AP)—All the military and civic honors that a great nation, in sorrow and prayer, may bestow upon its dead will be paid to the memory of President Harding in the state funeral ceremonies here tomorrow and Wednesday.

Preparations for the saddest ceremony in the life of the country since the martyred McKinley was brought here from Buffalo 22 years ago were completed today under the guidance of President Coolidge. Tonight the national capitol, draped in mourning, awaited the arrival of the funeral train.

President Coolidge, cabinet members, Chief Justice Taft and Senator Cummins of Iowa, president pro tempore of the senate, will meet the train at the Union Union station at 1:30 p. m. Members of the guard of honor—soldiers, sailors and marines—will remove the body from the car where it has rested since the long trip from San Francisco began, and bear it to a black draped caisson at the entrance to the president's room. As the caisson is taken through the station concourse the Marine band will play a funeral dirge.

**Troops in Line**

On the broad plaza outside will be drawn up a squadron of cavalry and a battery of field artillery. As the caisson is lifted to the caisson they will form in line to "present arms" and the Marine band will play as the caisson is strapped into place. On signal the cavalryman will swing away in column, leading the way to the behind schedule. It departed at 7:15 o'clock, nearly four hours behind the estimated running time.

The formal demonstration of the city was made through an all-day parade of citizens which took aboard the train a wreath bearing the inscription "Chicago's Sympathy."

The wreath was presented to Secretary of Commerce Hoover by Acting Mayor Martin J. O'Brien.

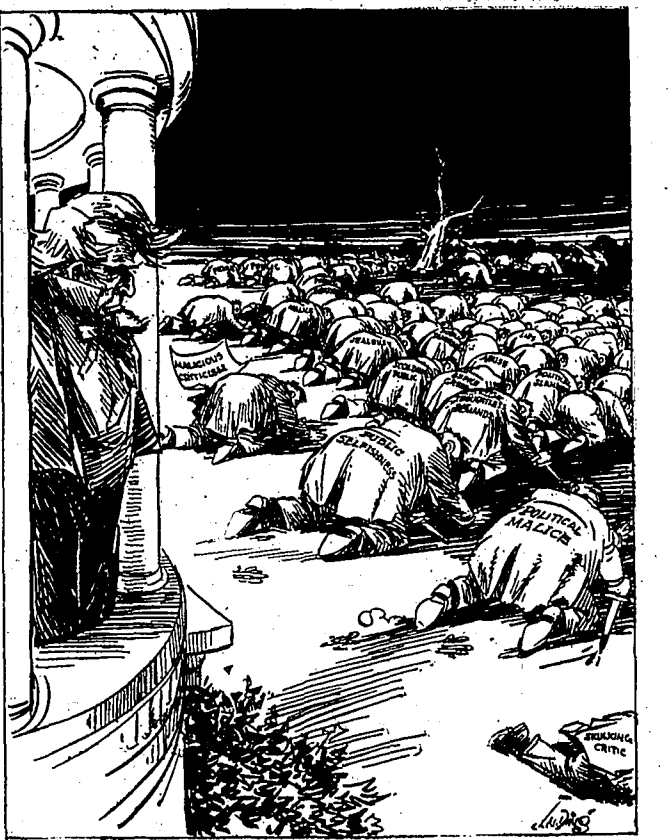

The train paused in its transcendent trip long enough for the changing of engines and the necessary operating delays. Due to the crowds, however, it was here for a little over an hour, moving along at a snail's pace most of the time. Besides the city's floral offerings, many other floral pieces were put aboard the train here.

**Trains**

As the train bearing the president's body moved along, those watching from the train saw the sorrowful face of the thousands with all eyes directed toward the last coach where lay the body of the nation's chief and where

## THE REAL ASSASSINS

## DANGER OF RIOT BRINGS ORDER OF MOBILIZATION

### Troops May Be Ordered to Scene of Charleston Election; Primary Race Causes Apprehensions

COLUMBIA, S. C., Aug. 3 (AP)—Mobilization of two companies of national guard for possible use in connection with the municipal election in Charleston tomorrow was ordered today afternoon by Governor Thomas G. McLeod. Adjutant General Robert E. Craig left here on the Carolina special to take general charge of the situation as the governor's personal representative.

The governor's decision to order out the troops, according to his statement, was taken in view of their being imminent danger of disorder and riot in connection with the primary for mayor. John P. Grace is opposed for renomination by Solicitor Thomas P. Stoner.

## KIWANIS CLUB HONORS MEMORY OF PRESIDENT

### Idaho Falls Organization Pays Tribute to Memory of Harding; Members Stand in Silent Prayer

IDAHO FALLS, Aug. 6 (AP)—The Idaho Falls Kiwanis club paid tribute to the memory of President Harding at their weekly meeting at noon today. A fitting eulogy on the life of the honored dead was delivered by the Rev. C. F. Wining and the members stood in a moment of silent prayer at the conclusion of the verbal tributes.

## American Succeeds in Attempt to Swim Waters of English Channel

LONDON, Aug. 6 (AP)—Henry Sullivan of Lowell, Mass., has succeeded in swimming the English channel, according to a Paris dispatch to the Exchange Telegraph company which took aboard the train a wreath bearing the inscription "Chicago's Sympathy."

The wreath was presented to Secretary of Commerce Hoover by Acting Mayor Martin J. O'Brien.

The train paused in its transcendent trip long enough for the changing of engines and the necessary operating delays. Due to the crowds, however, it was here for a little over an hour, moving along at a snail's pace most of the time. Besides the city's floral offerings, many other floral pieces were put aboard the train here.

**Trains**

As the train bearing the president's body moved along, those watching from the train saw the sorrowful face of the thousands with all eyes directed toward the last coach where lay the body of the nation's chief and where

T. W. Burgess accomplished the feat September 6, 1911, swimming from South Foreland, England, to Le Chatel, France. His time was 22 hours 35 minutes.

When Sullivan took to the water off Dover on Sunday he got away in fine style under what were declared to be favorable conditions. The sea was calm and the temperature of the water was 62 degrees Fahrenheit.

Among the numerous persons who have tried to swim the channel have been several women. They, however, have never been able to set any notable marks.

There has been standing for a long time an offer by a London publication of a prize of \$5000 for the successful crossing of the channel by a man or woman swimming.

# NATIONAL PARK IS VISITED BY RECORD CROWDS

Attendance at Yellowstone Estimated at Third Heavier than Ever Before with Season Half Gone

YELLOWSTONE PARK, Wyo., Aug. 6.—Visitors find Yellowstone National park enjoying the banner year of its history. Attendance is running a third heavier than ever before, there have been more celebrated visitors than in any previous year, and every condition has been favorable to the maximum enjoyment of the park.

The total travel to August 1st was 73,293 persons, compared with 51,570 persons to the same date in 1922 and 42,105 in 1921. The rail travel was 23,145 compared with 17,735 last year and 12,717 in 1921.

Motor travel to August 1st was 49,300 persons in 14,705 cars compared with 28,002 persons in 9307 cars last year and 28,883 persons in 8130 cars in 1921.

**Westerners in Majority**  
By entrance the travel this year has been as follows: Northern Gateway, 23,311; Western, 24,379; Eastern, 18,821; Southern, 6,882.

The favored automobile entrances were the Gardiner Gateway, with 4074 cars; and the Eastern, with 4370. Through the Western entrance came 3330 cars and through the Southern 2334. Arrivals at the south entrance were increasing rapidly toward the end of the month. The southern entrance established a record for automobile entrances at a single gateway on July 29th when 177 cars entered with 600 passengers. This heavy travel was due in part to errors in regard to the closing of the impassable condition of the eastern road to the park.

Rail travel to August 1st by entrances was as follows: Gardiner Gateway, 6711; Western, 12,430; Eastern, 9940; Southern, 56.

The greatest day's travel in the history of the National park was July 18th when 2,556 persons entered. The record of the previous year, made July 23rd, was 1,983. So far during the present season there have been 12 days when more than 2,000 visitors arrived.

**LACK OF PRECAUTION IS BLAMED FOR ACCIDENTS**  
Registration and Examination of All Drivers Is Urged to Cut Down Rate of Deaths from Mishaps

NEW YORK, Aug. 6 (AP)—Lax supervision of motor vehicle drivers and the resultant increase of 32 per cent in the automobile death rate during the past three years is due to the fact that the majority of state legislators are from rural districts where strict examination and registration of drivers is not a vital matter, according to a report submitted by William J. Cox, traffic accident research engineer, to the National Bureau of Casualty and Surety Underwriters. There were 14,000 deaths from motor accidents last year, he said.

Second, the visit of President and Mrs. Harding and the Alaska party attracted national attention to the park. The visit of the congressional party also stimulated wide interest.

Third, there seems to have occurred a general re-direction of interest on the part of eastern tourists from Europe to western America. Attendance of visitors from both eastern and southern states is far heavier than ever before. It is significant that the press of the entire country is giving generous attention to the Yellowstone, as well as other national parks.

Fourth, the enjoyment of the park seems to have become democratized. The visitors represent every class of travelers, including great numbers of mechanics and farmers arriving in their own cars. A recent party included 40 printers of New York City. Horseback parties of society girls from eastern cities have shared the roads with groups of Boy Scouts from the towns of neighboring states.

**Beauty Belongs**  
Of course the park itself has been the chief motive inspiring the majority of its visitors. Old records here do not recall a time when the Yellowstone region was more beautiful. Late spring rains and recurring showers have left the park greener and more abundant with wild flowers at this date than ever before.

The Yellowstone bears, too, have done a tremendous service in promoting enjoyment of the park by encouraging further attendance. Bears this year have been more numerous than at any time since 1919, when because of excessively cold weather many of them left the park area and were killed by hunters. Many of these bears have appeared regularly on park highways, "holding up" automobiles for sugar and bacon rinds, and permitting themselves to be photographed at the leisure of the photographer. President Harding himself made the acquaintance of a mother bear and her cub while here.

**May Widen Highways**  
The maintenance of the park highways under the extraordinary traffic

## CASKET IS STARTED ON HOMEWARD JOURNEY

Close-up picture of former President Harding's casket being placed in hearse at San Francisco preparatory to trip to national capital. (U. S. Picture.)

a crew of several hundred men has labored continually to keep them in shape. It is apparent to park officials that the future increase of automobile travel will render advisable the widening and improvement of present highways at many points.

The transportation, hotel and camps companies and other concessionaries which cater to visitors have all fulfilled the requirements of the extraordinary travel. Some idea of the immensity of their task may be derived from the fact that toward the end of June, there were from 12,000 to 15,000 persons within the park. Of course a majority of these, camping in the public automobile camps, made their own living arrangements.

**SILENCE HOLDS BASEBALL FANS**  
Pall Falls Over Crowd of Thousands as Harding Train Enters Chicago

CHICAGO, Aug. 6 (AP)—The tolling of a bell in a nearby church and the wave of the umpire's hand today dropped a pall of silence over thousands of baseball fans gathered in Cubs' pews as they stood in silence and paid their respects to President Harding. It was said to have been the most impressive interval ever witnessed in Chicago.

Simultaneously with the retirement of the last Brooklyn player in the seventh inning, the first toll of the church bell was sounded and Umpire-in-Chief Fineran removed his mask and cap and waved his hand slowly as a signal to the players. Then his head bowed, he stepped to the home plate. Umpire Pfirman, officiating on the bases, walked to first base and followed the example of his superiors, while the players remained in their respective dugouts, hat in hand and heads bowed, while the bell continued its tolling.

The crowd, about 3000, including a large number of children, joined in the silent honors to the chief executive. Not a sound was audible in the park, the fans not even conversing with one another during the five-minute interval, and only the flying of a few pigeons and occasional chirping of sparrows broke the silence.

**Collapsible Ladder.**  
A collapsible orchard ladder, made in two sections, is described in Popular Mechanics Magazine. The upper section of the two-part ladder is disposed at an obtuse angle to the lower one, and terminates in a single rail. As this rail is sheathed, no damage to the bark is possible when it is adjusted between the limbs of a fruit tree, and the fruit picker can pick over a considerable range without having to descend and shift the ladder to a new position.

**MERRIAM FIGHTS FIRES**  
President of Carnegie Institution Boils Spleens and Proves Sincerity of His Efforts for Restoration

EUREKA, Cal., Aug. 6 (AP)—Removing his coat and hat, Dr. John C. Merriam, president of the Carnegie Institution, Washington, D. C., and of the Save-the-Woods league, joined a force of fire-fighters who were attempting to beat out a brush fire near the Richardson grove of redwoods south of Garberville late yesterday afternoon. The fire was subdued after a two hours fight. A number of the members of Dr. Merriam's party also fought the flames.

**Same Old Story But a Good One.**  
Mrs. Mahala Burns Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another at a tank of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."—adv.

The News is read by the permanent reading classes.

**RESPECTS PAID NEW EXECUTIVE**  
Coolidge Meets National Officials; Politics Subordinated to Funeral Plans

WASHINGTON, Aug. 5 (AP)—A constant stream of visitors kept President Coolidge busy today and gave him an insight into some of the government troubles requiring his early attention. Conferences were held on various subjects, but they all were subordinated to the preparation of plans for the funeral here of President Harding.

Many called at the hotel suite occupied by Mr. Coolidge simply to pay their respects. Chairman Hammond of the federal coal commission and President Comptroller of the American Federation of Labor, however, discussed various phases of the coal situation.

The agricultural situation was taken up with the president by Fred B. Stark, director of the war finance corporation, who submitted a summary of tentative plans to afford further relief to farmers.

**FRANCE REPAIRS DAMAGE OF WAR**  
Ravages of World Hostilities Rapidly Being Effaced; Finance Improved

LONDON, Aug. 6 (AP)—France of today, like the France of 1871, is making a magnificent effort by hard work to restore the ravages of war, according to an official report of the British department of overseas trade. The report is the work of the commercial counselor of the British embassy in Paris, J. B. Cahill, and is painstaking and exhaustive. The general conclusions of the report are:

The present economic position of France is strong.

Her industrial population is fully employed, and her output in most fields of production is only limited by shortage of man power.

The industrial reconstruction of the devastated areas is fast approaching completion.

The report states that the destroyed or damaged coal mines are increasing their output with improved technical equipment. The great woolen and cotton works are kept going to the full extent of the labor at their disposal. The great agricultural areas of wheat and beet root; the chief crops of northern France, will soon approximate the pre-war areas.

Ports, waterways, railways and roads have been and are being improved. Water power, the report continues, is being systematically turned to account. New resources in ores, coal, potash and oil have been developed. There has been advance in industrial organization in a marked fashion in the chemical, electrical, metallurgical, engineering, aluminum and other industries, discarding through French industry as a whole. French foreign trade in weight has already surpassed pre-war figures.

Final results have been obtained by hard work in the devastated regions. Of 2,160,684 devastated acres, 7,447,297 have been cleared of rubble, trenches and barbed wire; 19,920 factories have been rebuilt out of 23,160. Of nearly 4,941,000 acres of devastated agricultural lands, more than 1,235,000 have been put under the plough.

The main railway system has been repaired, nearly all the waterways have been made navigable, and of the 30,450 miles of devastated roads 19,743 have been restored to traffic and 8971 have been improved.

**MARKET CONDITIONS TO ADVANCE COTTON PRICE**  
NEW YORK, Aug. 6 (AP)—Recent increase in the price of cotton, caused by prospects of a sharp reduction in the Texas crop, will mean a gain of approximately 480,000,000 to farmers who have cotton to sell, William Mitchell, of Waltham and company, cotton brokers, estimated today.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

**FISK TIRES**

FISK RED-TOP 30x3½ Tires. Extra Ply of Fabric, Extra Heavy Tread. They carry heavy loads over bad roads and rough city pavements with the most amazing results.

No one buys a Red-Top who is not glad to buy another one.

It has repeatedly been tried in competition with other high-grade tires and always wins on its superior merits. It outwears from two to three ordinary tires. Like all Fisk Tires the mileage is bought at low cost.

SEEK ANSWER TO ARMS PROPOSAL

League Committee Puzzled by Refusal of Small Nations to Join Pact

PARIS, Aug. 6 (AP)—How to make guarantee treaties between two or more nations harmonize with the proposed general pact for mutual agreement by the league of nations is an effort to bring about reduction of armament, is giving some trouble to the temporary committee of the league of nations sitting here.

Disinclination of the smaller members to join in the general pact which might bind them to take part in a blockade is the principal obstacle to it. The larger nations which are most exposed to danger from the interior, say they cannot leave themselves in a position where abandonment of them by the smaller states would be likely to lead to action otherwise likely to protect them from aggression.

Hence, the indisposition of France for partial guarantee pacts. The representatives of the smaller powers have been joined by Italy, however, in their demand that action in case of threatened war only after the council has decided whether there is a cause for action.

TURKISH TREATY BINDS

(Continued from Page One)

amount and the collection of duties on imports and exports is said to be of particular interest to American commerce, as it accords the most favored nation treatment unconditionally, regardless of whether special favors and facilities are granted by either country gratuitously, or in return for reciprocal compensatory treatment.

Will Resume Negotiations

The final difficulty over claims of American property eventually will be settled by agreement to keep the question outside the treaty. A compact was entered into whereby the two governments mutually undertake to resume negotiations after a period of 30 days, each government reserving its rights.

FAVORS STATE

something for themselves. If they believe that they are paying to the retailer an exorbitant profit, they should supplement the work of the commission by local investigation of the subject.

Hot Weather Diseases

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and keep it handy.

Morning Finds Tourists Away

Only Six Out of 40 Cars Remain when Rising Sun Greeted Autolists' Park

Friday night a difference in the morning, O what the difference! In the morning, only six out of 40 cars in Goldsmith's Deserted Village. While much has been said in praise and little against our tourist park, Twin Falls, who has been touring through Oregon, Washington and the northern part of Idaho with his wife and little daughter, Yvonne, was the heaviest loser. He lost an Eight watch, two gold chains and a valuable medal which had been presented to him by the smaller states.

Mr. and Mrs. L. E. Shepherd of Los Angeles and C. E. Bartlett and daughter of Glenwood Springs, Colo., spent Sunday in the park, and left for Los Angeles Monday morning.

Stuns Free Park

One tourist said that he would never camp in a free park if he could find one where a reasonable fee was charged, for the reason that, unfortunately, there is an interesting number of very unamiable people on the road who are traveling on the cheap.

FIVE ARE KILLED WHEN FREIGHT STRIKES AUTO

HUNTINGTON, Ind., Aug. 7 (AP)—Five persons were killed and four were injured, two of whom may die when a freight train on the Elgin, Joliet and Eastern railroad crashed into an automobile at Griffin, Ind., several miles from here, early this morning. The automobile tried to cross ahead of the train.

BANDITS SLAUGHTERED BY CHINESE SOLDIERS

UTAH TENNIS STARS WIN

Two Logan Youth Take Uphill Victory Over Regional Singles Champion and Provo Player

SALT LAKE CITY, Aug. 6 (AP)—The tennis doubles championship of the Intermountain region tonight wrested with Cyril Hammond and Wesley Howell, Logan, Utah, youths, by virtue of their uphill victory today over Fred Dixon, regional singles champion, and John Smith, of Provo, Utah, in the final at the Salt Lake Tennis club courts today. The score was 4-6, 7-5, 4-6, 6-1, 7-5.

CLAIM BUCKETEERS MADE CONFESSION ON FAILURE

NEW YORK, Aug. 6 (AP)—Edward M. Fuller and W. Frank McGee, stock bucketeers, who since May have been federal prisoners for contempt of court, have made full confessions about the circumstances of their firm's \$9,000,000 failure, according to the New York American.

Have You Seen the New Buick?

Have You Seen the New Buick? President Harding's strongest characteristics were loyalty to his family, his friends, his party and his country; a desire to serve and his passion for peace and good will.

# STOCK RECOVERY SHOWS FAITH IN NEW EXECUTIVE

### First Full Day of Trading on New York Mart Accompanied by Rally of Prices to Higher Levels

NEW YORK, Aug. 6 (AP)—Wall street's confidence in President Coolidge, which has been the basis of its banking and business leaders' sound expression in today's stock market, the first full day session since the death of President Harding, when prices recovered the ground lost Saturday and mounted upward to higher levels than those prevailing at the close of business last Thursday.

The rally, which really began in the late trading on Saturday, originated in the buying orders of professional operators, who either covered stocks previously sold short, or bought for a firm on the chance that the market had been temporarily inflated. The volume of sales was relatively small, a number of the large traders showing no disposition to extend their commitments pending a definite announcement of the new administration's policy and the outcome of developments abroad. Communist leaders reported little public participation in the day's business.

## Society

Edited by Mrs. R. H. Williams, Telephone 394.

Mrs. V. H. Ormsby and daughter, Hazel, were guests of Mrs. A. G. Gallup and daughter, Dorothy, of Dolo, last week. On Wednesday Mrs. Gallup gave a bridge tea for Mrs. Ormsby. There were five tables of players and several others came in for tea. Tuesday afternoon Miss Gallup gave a tea for Miss Ormsby at which there were 20 guests.

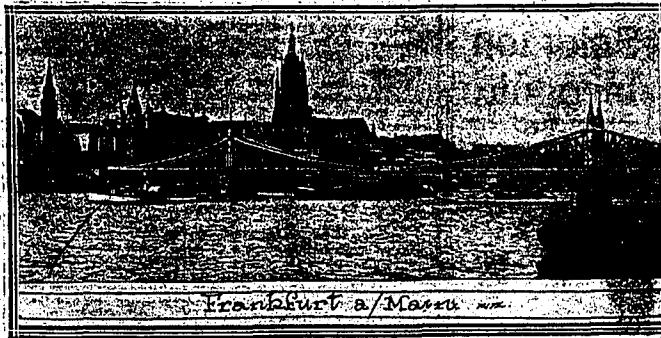

Mrs. E. M. Wolfe, chairman of the committee on arrangements for the "at home" which the community service department of the Twentieth Century club are giving for Miss Personal French, dean of the University of Idaho, has received a telegram stating that owing to illness she will be unable to come to Twin Falls until Wednesday, August 8. Miss French especially desires to meet the high school graduates of this year and seniors for the coming year and their parents. The committee in charge extend a cordial invitation to all who are interested in the university and its friends of Miss French. The meeting will be held in the high school auditorium on Wednesday evening at 7:30.

Members of the Salmon Social club entertained for their families at an all-day meeting Thursday of last week at the home of Mrs. J. T. Winde. Dinner and excellent cafeteria style on the shady lawn. In the afternoon a short business meeting was held, after which refreshments were served. Visitors present were Mr. and Mrs. Bonnell, Mr. and Mrs. Owens and children, Mr. and Mrs. Budd and children, Mrs. J. H. Winde, Mrs. Adams and Mrs. Cleveland. Mrs. Mary Crays will be hostess at the next meeting of the club to be held August 9.

A picnic supper served on the lawn at the C. A. McMaster home, and the presentation by Twin Falls delegates at the Portland convention of the national organization, were features of one of the most enjoyable meetings of the summer held Monday evening by the Business and Professional Women's club. Reports of the delegates were given after the members had gone from the scene of the picnic supper to their club rooms. Miss Mary Dohinson, club president, reported on the business of the convention. A report of the social activities was given by Miss Ada Walkington and of the music by Mrs. J. H. Masters. Miss Ethel Adams spoke of the spirit of the convention and Miss Iza Driskill of the celebration some of the delegates attended at Meadham. Mrs. John F. Coughlin and Mrs. Robert Rogers, who were in Portland at the time of the convention, also spoke. The meeting closed with a surprise shower for Miss Jennie Larson, a club member, soon to be married.

## Wave of Communism Sweeping Germany

A wave of communism is sweeping Germany, increasing with each widespread depreciation of the value of the mark. Frankfurt on the Main, one of Germany's largest industrial cities, just outside the French zone of occupation in the Ruhr, has been the scene of the greatest outbreaks, many being killed and wounded there, and far graver trouble is anticipated, now that the German government has forbidden further meetings there of the radical elements.

### HIGHEST HONORS (Continued From Page One.)

Mrs. Coolidge and the wives of the cabinet officers who will await with her the arrival of the body. While the casket is in the White House there will be placed on the bier a wreath for Mrs. Harding, one by the president and Mrs. Coolidge, one for the supreme court by Chief Justice Taft, one for congress by Senator Cummins, and Speaker Gillett of the house of representatives, who is accompanying the body, and also wreaths from the heads of foreign and state governments.

On Wednesday at 10 a. m. the casket will again be placed on the caisson for the journey over Pennsylvania avenue to the capitol, where it will be laid in state in the rotunda. The historic thoroughfare will be cleared of all traffic and will be roped off with cordons of police on guard as the funeral cortege moves slowly to the muffle of drums and funeral dirges by army, navy and marine corps bands.

General Pershing and his staff will head the military escort, consisting of the First battalion, Thirteenth engineers and band; the Twelfth infantry and band; the Marine band; the Fifth regiment of marines; the navy band; a composite regiment of sailors; a battalion of the District of Columbia national guard; the First battalion, Sixth field artillery; the second squadron, Third cavalry, and the army band.

Mourning Family The caisson will follow the troops and their will come Mrs. Harding and other members of the mourning family, with President Coolidge immediately behind. Following in the line will be cabinet officers, Chief Justice Taft, and justices of the supreme court, former President Wilson, senators and representatives and other government officials, state governors and representatives of many military, fraternal and civic organizations. Assistant Secretary Davis will lead the officers of the army; Assistant Secretary Roosevelt, the officers of the navy; Assistant Secretary Moss of the treasury department, the commissioned officers of the coast guard and public health service, and Assistant Secretary Drake of the commerce department, the commissioned officers of the coast and geodetic survey.

On the plaza east of the capitol the troops will swing into line facing westward as the casket is carried up the long steps to the east entrance through a double rank of non-commissioned officers of the army, navy and marine corps especially selected as a guard of honor. The foot troops will remain in mass formation until the casket has been placed on the catafalque within.

Seats will be provided in the rotunda for about 800 persons who have been invited to attend the funeral services, to be conducted by Dr. A. Freeman Anderson, acting pastor of the Cavalry Baptist church, assisted by Dr. James Shera Montgomery, chaplain of the house of representatives. Those present will include President Coolidge, Chief Justice Taft, and other justices of the supreme court; cabinet members, senators and representatives, and foreign diplomats.

The services over the great bronze doors will be thrown open and the public admitted to the rotunda to pay its own last tribute to the dead president. Those entering the capitol to view the body will pass up the steps four abreast, between lines of marines. Reaching the bier the line will

### AWE-STRIKEN CROWDS (Continued From Page One.)

separate, passing two abreast on each side to reform and pass out of the western entrance and down the long elm-shaded concourse to Pennsylvania avenue. From 11 a. m. until 5 p. m. a tide of humanity will ebb and flow. At 5 o'clock the great bronze doors will again be closed and preparations made to bear the casket to the union station for the final journey to Marion, Ohio, where burial will be at 3 p. m. Friday.

The route of march across the capitol plaza and over Delaware avenue to the station will be lined on either side by foot troops.

Retain Original Party President Coolidge and other officers, senators and representatives will accompany the body to the station, but on the funeral train will be only the members of the party who made the tragic trip west with President Harding. This is in accordance with the wishes of Mrs. Harding. Mr. Coolidge, Chief Justice Taft, cabinet officers and foreign diplomats will leave here Thursday evening for Marion.

After the casket has been placed aboard the train, the guard of honor which is accompanying it to Washington again will take up its solemn duties, relieving the special guard which has been selected to act here. From the time the casket is placed in the East room there will always be five non-commissioned officers standing at attention, motionless except for occasional changes in position made to ease the strain of the vigil.

All government departments will be closed an hour before the body arrives in Washington and will remain so until the day after the burial. The commissioners of the District of Columbia issued a proclamation today requesting all places of business to close tomorrow when the funeral train arrives, on Wednesday, and also on Friday.

### AWE-STRIKEN CROWDS (Continued From Page One.)

rode his widow. Tears trickled down the cheeks of men and women as the funeral cortege passed. Little children followed the train as it moved down the tracks, some of them sobbing.

Despite the great throngs, and it was estimated that those who saw the funeral cortege as it passed Chicago numbered anywhere from 200,000 to 300,000 persons, there was scarce a sound as the train rolled slowly by. People stood with heads uncovered and almost breathless as they witnessed the spectacle for which some of them had stood along the dusty, hot and uncomfortable right of way for more than four hours.

In making the trip through Chicago the train passed through the sections commonly designated by the nationalities inhabiting them. It was a significant fact that through these quarters of the city, so often termed "foreign," the train was met by the same sorrowing thousands that greeted it elsewhere. Italians, Poles, Greeks, Jews, Germans, negroes, Slavs—they all were Americans mourning the funeral cortege swept by.

Mrs. Harding, at a window in the rear coach near the casket of her husband, for a while watched the endless throngs, the sympathetic faces of the crowds, the tear-stained cheeks of men, women and little children. She must have felt that no living president in the country's history ever drew his countrymen to his side as did Warren G. Harding in death.

Two standard Pullman coaches laden with floral offerings to a point which made passage through them by the train crew impossible gave mute testimony of the outpouring of love which has been America's response to the death of its leader. All the way from the Golden Gate to the city on the shores of Lake Michigan.

Never in the history of any nation, perhaps, have such scenes of poignant sorrow for the dead and such manifestations of deep sympathy for bereaved loved ones been witnessed as during the day when countless thousands marked reverently the passing of the

funeral train. To those aboard the train it seemed as though the American people had moved into the two states traversed and were standing silently with uncovered and bowed heads. Eyes grew misty and throats choked at the uncontrolled display of emotion by a stricken people.

The old and the young, the weak and the strong, and the rich and the poor were there with a proof of patriotism and loyalty that America will not soon forget.

Those who stood mourning the passing dead included among their number some who remembered the passing from Washington to Springfield, in Illinois 22 years ago, of the funeral cortege of the martyred Lincoln. There were more who recalled the old days of 1901 when a similar train bore the body of McKinley from Buffalo to Washington and thence to Canton, Ohio.

Express Sympathy Mingled with the expressions of grief always were manifestations of sympathy for Mrs. Harding, who during the day left her room and spent some time in the black-draped and silver-walled chamber of the last car where rests the bier of her husband. Through it all she still remained the bravest of those aboard the train, in keeping with her promise not to break down.

The bereaved widow was joined in sorrow during the day by Dr. George T. Harding Jr., brother of the late president. Dr. Harding, accompanied by Dr. Carl E. Sawyer, of Marion, Ohio, met the funeral train at Dixon, Ill., having been brought there from Chicago on a special train over the Chicago and Northwestern.

Mrs. Harding of the day was spent by Mrs. Harding in rest, preparing herself for the trying hour to follow the arrival of the train in Washington tomorrow. She also has been giving some thought to her plans for the future. While no definite decision has been reached, it was thought probable by some of the closest friends with whom she has talked that she will make her home at least for some time after leaving Washington with her brother, C. B. Kling, of Marion, Mr.

Kling for several years has spent the winters at Rockledge, Fla., and the president and Mrs. Harding visited him there last March during their southern vacation trip.

As the train drew near to Chicago, the largest city through which it has passed, and in which Mr. Harding was chosen by his party in the 1920 national convention as its leader, there were many touching incidents, all expressive of the sorrow of the great city.

Steel mills along the tracks became silent and their workers, leaving their machines, formed a line outside the buildings, along the railway, on top of freight cars and even on the roofs. All stood reverently with bowed and uncovered heads as the cortege passed.

United States mail planes flew low over the train which for some distance ran through a shower of blossoms dropped from the planes.

World war veterans in uniforms of the army, navy and marine corps grouped in formations, stood in the files of those gathered at every station.

At DeKalb, Ill., a bugler sounded taps as the train moved slowly along. A Rochelle, girl scouts acted as a guard of honor for the dead and saluted the car in which Mrs. Harding, their honorary president, was riding. A transcontinental express train, headed for the Pacific coast from Chicago, was stopped between Dixon and Sterling and its passengers were accorded a guard of honor for the observation car. The women, as well as the men, stood rigidly at salute.

MAKE GOOD TIME CHICAGO, Aug. 6 (AP)—The funeral cortege bearing the body of President Harding to Washington passed LaPas Junction, Ind., 89 miles from Chicago, at 10:10 p. m. Central Standard time. The train was making good time between stations, according to railroad advice here, but was being slowed down by the great crowds gathered at every station as it sped through Indiana.

# 100° in the Shade or 10° below Zero!

One hundred degrees in the shade or ten below zero, meat deliveries to your retailer go steadily on, so that you may be assured of just the kind and quality of meat that you desire.

No city is so far removed from live stock production that it cannot receive its regular supply of fresh meats.

Compare this with the meat supply of thirty or forty years ago. Summer weather then meant salt or pickled meats in the country, and a limited variety of fresh meats in most cities.

Refrigeration, developed by scientists, has made it possible for Swift & Company, and other packers, to prepare fresh meats and ship them long distances in refrigerator cars, so that today, without regard to heat or cold, meat reaches your dealer fresh, clean, and wholesome.

In addition to the fresh meats thus available, Swift & Company prepares a variety of tempting meats for hot weather:

- Swift's Premium Cooked Ham, mild and sweet, smoked over hard wood fires, is always delicious.
- Swift's Premium Frankfurts, from our modern sanitary kitchens, offer a choice blending of meats and spices.
- Swift's Sausage Specialties and Swift's Dry Sausage, ready to serve, help lighten the housewife's summer task.

In addition to these, a score of other Summer Specialties are made available by Swift & Company's research and development work.

Our profit from all sources averages only a fraction of a cent a pound.

Swift & Company, U. S. A.

THE MARKETS

SLOW SELLING CAUSES SLIGHT GAIN IN PRICE

Wheat Advances Slightly on Chicago Market; Corn Shows Slight Drop and Oats Close Higher

CHICAGO, Aug. 6 (AP)—Despite a huge increase of the domestic visible supply, wheat averaged a 1/2 cent higher in price today. Absence of aggressive selling was a feature. The close was unsettled at a range varying from 1/4 cent decline to 1/8 cent advance with September 9 3/4 to 10 7/8, and December 8 1/8 to 10 1/4.

Although the increase in the United States visible supply of wheat amounted to 7,844,000 bushels for the week, including nearly 5,000,000 bushels at Chicago, little if any depressing influence on the market resulted. The enlargement having been foreseen and with other bearish factors had been apparently discounted by previous setback in price.

Goodly about European selling back deferred shipment had more or less to do with easing the wheat market in the late dealings. Bears, however, were handicapped by price upturn in the New York stock market and in cotton.

CORN—Receipts 90,000; choice and prime fed steers and yearlings 10 to 15¢ higher; spots up more. In-between grades steady; top matured steers \$11.05; bulk fed steers \$8.50 to 10.75.

CHICAGO LIVESTOCK CHICAGO, Aug. 6 (AP)—Receipts 20,000; killing class generally steady to strong; better grade yearlings showing some advance; top matured steers \$12, higher market this season; numerous loads \$11.50 to 11.90; bulk beef steers \$9 to 11.25; best long yearlings \$11.50; several loads Montana grassers sold at \$9.00 to 9.25; canners, cutters and feeders steady; bulk steers \$7.75 to 8.00; bulk vendors to packers \$11 to 11.50; outsiders hand picking up to \$12; light hogs bulls steady to \$12.00; heavy steady to strong; spots higher; stockers and feeders eligible to sell at \$8.50 and above, strong to the higher others steady.

STOCK BUYING BRIGHTENS Finance in More Optimistic Frame of Mind as Home and Foreign Reports Indicate Firm Progress Total stock sales 147,800 shares. Twenty industrial averages rose 51; net gain, 1.31. High, 1223, 105.38; low, 86.91. Twenty railroads averaged 76.02; net gain, 1.24. High, 7923, 90.65; low, 76.78.

UPHOLSTERED CHAIRS To make the leather upholstered chairs look like new, thoroughly re-upholstering is the best way for the tattered furniture, before applying a dressing. This is necessary to prevent that streaky, blurred appearance. Mix equal parts of boiled linseed oil and turpentine (or kerosene) and apply with a piece of soft flannel; then polish with another flannel cloth.

THE PASSEIMISTIC SLUETH The Ananias Club: "No," admitted the detective, who had been assigned to the latest murder case, "we haven't a single clew, and there isn't a chance in the world of our getting the murderer within the next day or two." "Oh, innat! Enquirer."

CAUSE FOR MIND TO REJOICE. I think every rightly constituted mind ought to rejoice, not so much in the happy birth of a child, as in the fact that there is a father more which it cannot know—Ruskin.

LOSSES IN THE STOCK MARKET which resulted largely from the liquidation of the investment and speculative elements, the possible consequences of a change in administration were recorded in today's session.

Trade originated almost entirely from professional sources, being divided between covering operations of speculators who sold short last week and buying by floor traders who acted on the theory that the market had been overvalued at least temporarily.

United States Steel, which has sold 100,000 shares of its stock, emerged back to \$81.38. The monthly tonnage statement, which is to be issued on Thursday is expected to show a decrease of 400,000 tons of unfinished orders.

Heavy selling of the St. Paul shares, which touched new lows for the year, closed down 1/2 cent to 85.00, which some excellent gains were recorded. Erie issues were particularly strong; the second preferred gaining 1/8 cent.

Government Bonds NEW YORK, Aug. 6 (AP)—Liberty bonds closed: \$1001.00, \$1000.00, \$999.00, \$998.00, \$997.00, \$996.00, \$995.00, \$994.00, \$993.00, \$992.00, \$991.00, \$990.00.

SUGAR NEW YORK, Aug. 6 (AP)—There were no sales reported in the local raw sugar market today and prices were unchanged at 14 for Cubas, cost and freight, equal to \$60.03 for centrifugal.

UPHOLSTERED CHAIRS To make the leather upholstered chairs look like new, thoroughly re-upholstering is the best way for the tattered furniture, before applying a dressing. This is necessary to prevent that streaky, blurred appearance. CLASSIFIED ADVERTISEMENTS

ONE CENT PER WORD PER INSERTION - AND WORTH IT! Advertisements under this head are always alive and active, and constitute the best means so far devised of bringing the need of advertisers to the attention of residents of South Idaho

Pancake Tuesday. An interesting old custom prevails at Newberry, England, every Shrove Tuesday. The church bell rings and a crowd of youngsters assemble at the foot of the church tower. When the bell ceases a shower of pellets containing pennies is thrown from the tower. Down below there is a rushing and a scrambling. The strongest and stoutest secure the prizes. All the pellets disappear, even those lodged in the trees. It is a merry crowd for a few moments. In the great hall of Westminster school, near the abbey, there is a similar scene. The school cooks toss a pancake over the roof beams and the boys scramble for it. Pancake day is probably a reminiscence of the cakes baked in the goods for Elijah by the angel before his forty-day travel to and back at Sinai.

Found. The most interesting newspaper in the world is the one you happen to be looking at when a woman is standing hanging to a strap in a street car.—Wichita Eagle.

Safety First. Marjorie was out riding in her pony cart when she came to a bridge on which was a sign, "Capacity of this bridge 5000 pounds only," so she cautiously got out and led her pony over.

FOUR ROOMS—MODERN CONVENIENCES. \$1,600 takes it—few hundred will handle. If interested address W. H. B., care News office.

US KIDS—

GOOD-BYE!

# GROWING TREES AND RAIN FALLS CAUSE CONCERN

Attention to Storm Sewer Needs and Embankments of Pools; Boys Winter's Coal

Attention to storm sewer needs and embankments of pools is being given by the city engineer, J. H. Giffin, in view of the fact that the city is now in the midst of a heavy rain season. The engineer has been making a survey of the city's storm sewer system and has found that many of the sewers are in need of repair and that the embankments of the pools are in poor condition. He has therefore ordered that the city engineer be authorized to expend money for the purpose of repairing the sewers and embankments. The engineer has also ordered that the city engineer be authorized to expend money for the purpose of purchasing coal for the city's schools for the coming winter.

# Short Line Files Articles in Nevada

Railroad Pays \$3,350 for Privilege of Acquiring Legal Identity in State

Indicating its purpose to enter the state of Nevada, the Oregon Short Line Railway company has filed its articles of incorporation in the office of the Nevada secretary of state, paying \$3,350 for the privilege, according to word received here Monday from Wells. The Short Line was incorporated originally in Utah. Filing of its articles in Nevada is generally accepted here as additional proof of its intention to construct and operate the proposed line, for which it has been granted a certificate of necessity and authority by the interstate commerce commission.

# CANAL COMPANY PUTS UP BOND

## Present Plan of Water Deliveries to Be Continued Pending Result of Appeal

Under a judgment rendered by District Judge George Edgerton of Idaho Falls, on questions involved in one phase of the suit of B. Glavin against the Salmon River Canal company, the company, soon after the decision was announced Monday, filed \$10,000 bond in district court here, and it was announced by members of the company's directorate that the method of irrigation water delivery giving individual storage was to be continued pending final determination of the case by the state supreme court. This method of irrigation water delivery was attacked by Glavin in his suit. He contends for water delivery on a pro rata basis to all settlers, and in this contention he is upheld by Judge Edgerton. The application was rejected by counsel for Glavin, and it was on the phase of the controversy that Judge Edgerton rendered judgment Monday, after a hearing conducted here two days last week.

# Kawians Render Tribute of Sorrow

## Appealing Characteristics of Dead President Are Extolled in Memorial Session

There was none of mirth or gaiety among Twin Falls Kawians when they gathered Monday at their regular luncheon meeting to pay tribute to the memory of the late President Harding, a distinguished member of the organization. Instead of the customary rollicking song, the Kawians joined in singing "America," and after the invocation, they stood silent for a moment in their places in meditation on the life and work of the dead chief executive. Following tribute to the departed leader was paid by Congressman Addison T. Smith, a personal friend of Mr. Harding for many years. "Throughout America," he said, "we are mourning the death of President Harding, not so much because he was president, although that is a great honor, but because a severe loss to the nation—but because of his innate greatness, his natural magnanimity and radiant humaneness. He was truly a friend of man, and I can think of no better characterization of his life than Sam Walter Fensholt said, 'For Mr. Lincoln is a House by the Side of the Road,'" the congressman said, quoting from the verses in his closing remarks.

# Mercury Hits Same Low Mark Regularly

Minimum temperature has been recorded five nights of this month at 46 degrees, one point advance being shown for the sixth night, according to records of the government weather observer's station here. Low point Sunday and Monday was recorded at 46 degrees, with a high Monday at 84, as compared with Sunday's maximum at 81 degrees.

# WATER USER IS ACCUSED

William George Dennis Alleged Interference with Ditch and Hearing Date Is Set

Another case involving alleged interference with irrigation water delivery for this county, here Monday when William George Dennis, operating a farm south of Twin Falls, was accused of illegal interference with a ditch and headgate in a complaint filed in probate court by the prosecuting attorney at the instance of J. H. Giffin. Appearing in court upon summons served by the sheriff, George pleaded not guilty to the charge, and the hearing was set for next Thursday.

# City's Jail Often Without Occupants

## Police Chief Reports Cell Room Tenanted Only 12 1/2 Days During Past Month

Twin Falls' municipal jail was occupied altogether for less than one-half day during the month of July, according to a report presented to the city commission at its meeting Monday evening by Chief of Police P. O. Heriman. Twenty-six arrests were made during the month and warrants were given in 36 cases of minor violations of ordinance. Thirty complaints were investigated. The total of fines collected was \$146.10. Four small boys found on the streets after the sounding of curfew, were the only juvenile offenders reported.

# Baby Clinic Given State Bureau's Aid

## Public Health Nurse to Cooperate with County Fair Board for Interesting Event

The state bureau of child hygiene, in cooperation with the Twin Falls county fair, will hold a health conference and baby clinic at the fair, September 11 and 12. Miss Edith Charles, public health nurse, will arrive in the county soon to make the arrangement for the clinic.

This is a scientific examination of children of pre-school age and is free to all applicants. However, in order that all may be accommodated and the examination be systematic, it is necessary that all children be enrolled by September 1. Enrollment may be made either with Mrs. T. E. Connor or with E. M. Markel, both of Elmer, Idaho. A line should be either of these persons will insure examination and as soon as possible give of intent to submit one or more children, the mother will be given a ticket for free admission to the fair.

Every effort is being made to make this clinic the largest in the state. Dr. F. W. Almond will be in charge and able physicians and nurses will be at hand to expedite the examinations.

Particular attention is given to the enrollment of mothers as to the health of their children, declares Secretary Markel adding, "Let's wisp up so that we may be able to give the babies a chance to grow up physically strong."

The building formerly used for a club building is being partitioned and other arrangements made so that the greatest privacy may be obtained for the examinations.

The fair will have beautiful ribbons for the children to be examined.

# HARKINS GETS CONTRACT FOR NEW ROAD BUILDING

Pioneer Twin Falls Contractor to Extend Gravel Highway on Addition Avenue to Hanson Bridge

Contract for the construction of two miles of gravel highway east from the end of the gravel on Addition avenue to the Hanson bridge was awarded Saturday by the Twin Falls highway district directors to William Harkins of Twin Falls, an experienced road builder operating in this region for several years. The contract was awarded on Mr. Harkins' bid of \$998, the district to furnish the gravel.

# POCATELLO WILL STAGE PIONEER CELEBRATION

POCATELLO, Aug. 6 (AP)—Civil organizations here, working with the Oregon Short Line unit of the Union Pacific system, will stage a pioneer day celebration and safety rally August 8. Arrangements are in the hands of a general committee consisting of members of the chamber of commerce, Kiwanis club, Rotary club and Short Line officials.

Planned originally as a pioneer day celebration, these civic bodies asked officials of the railroad to participate. The invitation was accepted and the railroad's part in the program will consist of a safety rally in the morning and a barbecue in the evening.

# OIL MEN INDICTED

LOS ANGELES, Aug. 6 (AP)—Ten oil operators, six of Texas and four of Los Angeles, and one Los Angeles corporation, were indicted by the federal grand jury here on charges of using the mails to defraud.
