PRICE FIVE CENTS.

TEN BELIEVED TO HAVE LOST LIVES IN FIRE

Many Buried in Seething Cauldron as New York Building Walls Topple; Thousands Leave Homes in Fear

NEW YORK, Aug. 21 (AP)—A half score of firemen are believed to have been killed today when the roof and a section of the wall of the building housing the New Plaza dance hall, Brooklyn, collapsed during a fire. A number of injured, variously estimated at from 30 to 40, could not be accurately placed at 4 o'clock this morning.

The collapse, heralded by no warning, came shortly before 2:30 o'clock after firemen had fought the stubborn black smoke and had weakened the roof and walls by their efforts to get at the heart of the fire. The firemen had carried lines of hose into the structure and were fighting the fire under the glare of a half dozen searchlights. Without warning the entire roof and one of the walls crashed, burying all those in the building. A number of spectators close to the wall were believed to also have been victims.

Killed Son-in-law to Avenge Whipping

Georgia Man Fires Five Shots in Presence of Sons; Seeks Flogging Band at Macon

NEWMAN, Ga., Aug. 20 (AP)—To avenge a whipping given his daughter, John W. Minter told the police here tonight he shot and killed Millard Trouton, his son-in-law, in the presence of his sons and sons-in-law, after Trouton had been kidnaped from near his home by the father. The father took the blame for the killing, declaring, the police said, that the brutality administered to his daughter "preyed on his mind."

He told the police that he had sent five bullets into Trouton's body, while members of his family held their kinman in a woods near this place a fortnight ago. Later with the assistance of his sons and sons-in-law, he threw the body into a creek. About one week ago the body of Trouton was found floating in the shallow waters of the stream.

SEEK FLOGGERS. MACON, Ga., Aug. 20 (AP)—From information obtained from the three Hudson brothers, arrested last night in this act of flogging negroes, the police tonight were preparing to send up an organized flogging band which has been terrorizing Macon for several weeks, according to other police.

Death of 'Jake' at San Quentin Causes Prisoners to Mourn

SAN RAFAEL, Cal., Aug. 20 (AP)—There is more sorrow than usual today in San Quentin prison. Jake is dead. He was buried today after a brief ceremony attended by a few guards, a few convicts and a convict pallbearer. The tiny casket was inscribed: "Just Jake, lifer, received August 3, 1910; died August 18, 1923, R. L. P." Jake was a convict who had served in the prison yard 13 years ago and stayed as a prison mascot. A convict has been appointed to keep Jake's grave in order.

WILL ATTEMPT RECORD FLIGHT

Government to Attempt 28 Hour Mail Service; Test Flights Start Tuesday

NEW YORK, Aug. 20 (AP)—Uncle Sam tomorrow will make his most audacious attempt at delivering transcontinental mail in record time. From New York a plane will wing its way westward, bound for San Francisco. From San Francisco a machine will speed eastward for New York. The aircraft will pass one another in the center of the continent, if plans carry. For five days the country will have this aerial express mail service. After that test, Uncle Sam will decide whether or not transcontinental flights are to become mere routine, and mail plane service from Atlantic to Pacific to be made permanent.

Ministry Planned. Cleveland, Chicago, Omaha, Cheyenne, Salt Lake and Reno are the principal cities at which the mail will

WALLACE SEES NECESSITY OF HIGHER PRICE

Range in Earnings and Expenses of Farmer Must Be Changed, Secretary of Agriculture Says

WASHINGTON, Aug. 20 (AP)—Thousands of American farmers will go bankrupt with wheat selling at considerably less than cost of production, Secretary Wallace declared today, while thousands of others will be able to hold on only by the most grinding economy. If the present range of prices of commodities other than agricultural is to be maintained, he added, then to have general prosperity prices of farm products must be increased.

Buying Prices Too High. "The sooner the people engaged in commerce and industry frankly recognize the trouble, the better it will be for all of us. The farmer could get along fairly well with present prices of what he has to sell if prices of what he must buy were down accordingly. But prices of other things remain high. That is what hurts."

Barnes Declares Fixing of Wheat Price Standard is Not Feasible

WASHINGTON, Aug. 20 (AP)—Wheat price fixing by legislation is declared unfeasible by Julius H. Barnes, president of the Chamber of Commerce of the United States and head of the United States grain corporation during the war, in an article published in the current number of the Nation's Business.

Mother Waiting for Kidnapers to Bring Her Baby Back Home

NEW YORK, Aug. 20 (AP)—An empty baby carriage stood all day today at the spot in West 18th street where three months old Lillian McKensie was kidnaped Saturday.

Tonight McKensie trundled it slowly home, still empty, to his wife, who had kept up her courage through the day by washing baby Lillian's clothes and telling herself she would not return to it its precious burden.

But Lillian still is missing and the hundred detectives who devoted the entire day to a feverish search for her have begun to fear she is dead. She was delicate and the spark of life had been kept in her only by careful administration of a complicated food formula.

MELLON FAVORS TIME ON DEBTS

Will Pursue No Immediate Effort to Collect for War Obligations to U. S.

WASHINGTON, Aug. 20 (AP)—The American government probably probably no immediate effort to hasten negotiations of a debt funding agreement with its foreign war time debtors as a result of information brought back to the treasury today by Secretary Mellon.

Determination upon such a policy was practically secured when it became known that Mr. Mellon, who has just returned from a two months' visit in Europe, would remain in the cabinet. He conferred with President Coolidge during the day.

Mr. Mellon, who is chairman of the American debt commission, was declared to be pessimistic regarding completion in the near future of additional funding settlements. He was reported as believing, after his study of conditions abroad, that the present was not a good time to attempt inquiry as to what the foreign government contemplated in the way of paying the American loans.

Urges Legislation. He also was said to be of the opinion that legislation prolonging the life of the debt commission, due to expire in another year, would be necessary.

Taking a gloomy view of European affairs, political and economically, the secretary was said to see no hope for an immediate settlement of the reparations tangle and to believe that until that question is disposed of there is little chance of improvement in Europe's economic situation. The connection between the involved reparations problem and the payment of debts to the United States, particularly by France, was declared to be regarded by Mr. Mellon as close.

PRESIDENT DISCUSSES ANTHRACITE SITUATION

Participants in Talk on Coal Strike Possibilities Decline to Comment; Coolidge Wants to Be Ready

WASHINGTON, August 20, (AP)—"Contingencies" in the anthracite situation was discussed with President Coolidge today by Chairman Hammond of the coal commission.

BUSINESS MEN GIVE VIEWS ON WORLD AFFAIRS

Report to Coolidge Claims Industry Wants U. S. Participation in Settlement of European Troubles

WASHINGTON, Aug. 20 (AP)—Views of the Chamber of Commerce of the United States in various international and domestic questions were placed before President Coolidge today by a delegation headed by Julius H. Barnes, president of the organization.

Support World Court. Reaffirming the chamber's endorsement of the Harding world court proposal, the delegation said it had expressed "gratification" in the measures taken by the American government to that end.

Calling attention to the chamber's opposition to the government engaging in commercial business.

Train Bandits Flee With Sacks of Mail

Dozen Men Hold Up "Katie" Passenger in Oklahoma; Escape After Gun Battle

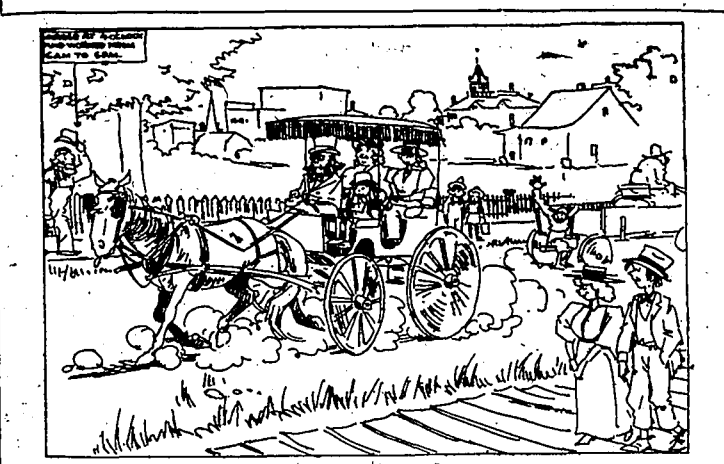

OKLAHOMA CITY, Okla., Aug. 20 (AP)—More than a dozen bandits held up southbound passenger train No. 123 on the Missouri, Kansas and Texas railroad at Okes, Okla., south of Bartlesville, shortly before midnight, according to message received by the dispatcher of the road here. The train crew engaged the bandits in a gun fight and it was reported that at least one man had been wounded.

The bandits appeared when the train reached Okes at 11:08 p. m., and forced the train crew to cut off the engine tender, mail and baggage car and proceed about a mile south of Okes, according to the information. Passengers were not molested, it was reported, the sleeping car and chair cars being left behind in Okes. An official report on the robbery received here from J. C. Koch, conductor of the train, said: "Number 123 mail and express cars robbed one mile south of Okes at 12:25 a. m. Five masked men getting about 20 registered packages, value unknown, including scalp wounds on Fireman B. D. Towers, also Engineer Miller, beating up Mail Clerks C. D. Welis, W. Burch. No injuries serious. The passengers were not molested. The bandits left at 12:45 a. m., going west to Pawhuska."

RUM PIRATES TAKE LIFE

GLOUCESTER, Mass., Aug. 20 (AP)—In a battle with rum pirates on board his schooner, the J. Scott Hanksen, out of Nova Scotia, Captain Arthur Moore, of Weymouth, N. S., was shot and probably fatally injured today. Harry Harm, cook of the vessel, suffered serious wounds. Both were brought to a hospital here by fishermen who sighted the schooner's distress signals after the shooting.

SEVERAL CROPS PROMISING OF HEAVY HARVEST

Corn and Fruit as Well as Sugar Beets Have Favorable Prospects, Federal Department Report Claims

DENVER, Aug. 20.—The prospects for crop truck crops, fruit, late potatoes and sugar beets continue very promising in most of the Rocky mountain region, according to the semi-monthly notes of the United States division of crop and livestock estimates. The harvesting of grain continues but the yield of spring wheat has been cut by rust in eastern Colorado and southeastern Wyoming. Ranges are the "best in years," and hay, both tame and wild, is generally fair to good. All classes of livestock are looking unusually well.

The harvesting of winter wheat is nearing completion in Utah, Nevada, Colorado and Wyoming. Yields are generally light in Colorado and Wyoming. The cutting of spring wheat, oats and barley has begun. Oats and barley are generally in good condition throughout all these states and a large yield is expected. Rust is doing damage to the spring wheat crop in all of eastern Colorado and southeastern Wyoming. Many fields will be unfit for grain and will be used as feed for livestock. Moisture conditions have been very favorable to corn and grain sorghums in Colorado and present prospects indicate that the yield will be considerably above normal.

Early Spuds Short.

The early potato crop is below average in Utah and much of Colorado. Late potatoes, however, are considered good in all the states and the prospect is very favorable in the three leading producing sections of Colorado. Sugar beets are still needed in Utah, Colorado and Wyoming and are reported as "best in years" in many sections.

Ranges are above normal in Wyoming and Colorado and considerable improvement is noted in Arizona and New Mexico since the advent of recent rains. Raisin still needed in southern Utah and Nevada. All classes of livestock are in good condition of flesh and very little disease is reported. The third cutting of alfalfa is in progress in New Mexico and is producing better than either of the other two cuttings. Raisin still needed in southern Utah and Nevada. All classes of livestock are in good condition of flesh and very little disease is reported.

Cotton Improving.

The condition of cotton is improving in New Mexico and a good stand is reported in Arizona where bolls are now opening quite rapidly and picking is commencing. Fruit and truck crops are good in Colorado and New Mexico. The shipment of cantaloupes is in full progress from Dona Ana county, New Mexico, and is commencing in Colorado. The crop is somewhat late in Colorado but if the season continues favorable a fair to good yield is expected. Apples are commencing to ripen in Utah and peaches are ripening late. The prospect for apples is above normal in Colorado. The pear crop has been damaged by blight in New Mexico. The present indications are that the peach crop in Colorado will be much larger than last year but may still be late to benefit the crop much in Torrance county, New Mexico, where a large percentage had been planted.

AUTO ACCIDENT IS FATAL

Minister and Wife Among Six Killed When Bus Turns Over 300-Foot Embankment into River

NICE, Aug. 20 (AP)—The Rev. Sirhan Grant Person and Mrs. Person, of Newton, Mass.; Charles H. Gray, two women who have not yet been identified, and an automobile bus driver were killed today when the bus went over the parapet of the road leading from Nice to Evian and plunged 300 feet into the River Var. A number of other persons in the bus were injured. Some of them were taken to a hospital in Paget-Theriers and the runner brought to Nice.

ADVISE FEEDING OF LOW GRADE WHEAT

CHICAGO, Aug. 20 (AP)—Feeding of low grade wheat to livestock in preference to corn was advised today by the joint committee on wheat research of the wheat council of the United States and the United States Chamber of Commerce.

Horn From Historic Cow.

Among the prized possessions of the British Royal College of Physicians is the silver-mounted and polished horn of the cow, Blossom, from which Jenner, the discoverer of vaccination, obtained his first lymph.

Believe Arrest Insures De Valera's Election

Eamon de Valera

Dispatches from Ireland indicate that his arrest by the military, when he emerged from hiding and attempted to make a campaign speech in running for membership in the Dail Eireann, will result in the overwhelming election

of Eamon de Valera, Spanish-American. "President of the Irish Republic." De Valera was arrested at Ennis, County Clare, and fainted when soldiers fired a volley of blank cartridges over the heads of his hearers.

ATTACKS TARIFF AND RAIL LAW

McAdoo Raps Fordney-McCumber and Railroad Bills in Campaign Statement

SEATTLE, Aug. 20 (AP)—The Esch-Cummings railroad act and the Fordney-McCumber tariff were denounced by William G. McAdoo, secretary of the treasury in the Wilson administration, in a statement prepared for use in a campaign in the Spokane district to elect a congressman to the seat vacated by J. Stanley Webster, when he went on the federal bench. The statement was made public today.

"The Esch-Cummings railroad bill, passed by a republican congress established an unsound and vicious system of rate making, resulting in excessive freight and passenger rates to the great injury to agriculture and business generally," said the statement.

"The Fordney-McCumber tariff is an economic abortion. It sets up an absurd theory of isolation while it seeks the American farmers at home and denies them remunerative trade abroad."

Mr. McAdoo declared that under the Fordney-McCumber tariff farmers are shot to pieces by high prices for all they have to buy. Remarking that the republican administration had promised increased credit as a relief to farmers, the statement declared:

"But it is not credit the farmers need so much as more and better markets where they can sell their products at a profit instead of at a loss. If farmers are put in a position to make profits instead of losses they will have no trouble in getting credit."

Foreign markets, remarked the statement, must be provided by "a national foreign policy and a sensible tariff policy."

SPANISH SHIPS MOVE TOWARD MOROCCO

MADRID, Aug. 20 (AP)—Orders have been issued for a cruiser squadron to sail immediately for Morocco. The cruisers Espano and Alfonso XXI have received sailing orders.

Hot Weather Diseases.

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in markets where they can sell their products against a sudden attack, get a bottle of Chamberlain's Colic and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.

WAGE CONTRACT STILL DISPUTED

Rates in Anthracite Industry Still Hold Attention of Miners and Operators

ATLANTIC CITY, N. J., Aug. 20 (AP)—Wage rates in the anthracite industry were the chief topic of discussion before today's session of the joint negotiations of mine operators and mine officials. Both sides consented to both groups set aside the question of check-off for union dues and union recognition, which blocked previous attempts at settlement that would prevent negotiation of anthracite production September 1, and proceeded to an analysis of the union's demands for general wage increases.

They were in no degree advanced toward a common viewpoint when adjournment was taken tonight, but left the topic open for more discussion tomorrow. The United States coal commission, which induced the industry's leaders to meet again in spite of their deadlock, was given a report of the day's transactions.

Present Union Demands.

John L. Lewis, president of the United Mine Workers, and Phillip Murray, its vice president, and Rinaldo Cappellini, C. J. Golden and Tiernan Kennedy, its three district presidents in the anthracite region, laid out the union's demand for a \$2 a day increase for all day workers in and around the mines, and 20 per cent increase in piece rates, a ton for mining coal.

S. Warriner, chairman of the anthracite policies committee, who had three associates, W. F. Richards, A. E. Joseph and W. W. Inglis, in the joint meeting, opposed.

Means Price Increase.

The operators took the general ground that the increase could be met only by increasing the price of coal, by perhaps as much as \$2 a ton and that the consumer was in no position to pay the extra charge. The competition of bituminous and soft coal, as substitute fuels, the operators claimed, would result in the shutting down of anthracite mines and the unbalancing of anthracite production.

For the union, Mr. Lewis argued that wage rates in steel, building, textile and other industries had been tending upward during the last year.

Both sides questioned coal commission findings as to anthracite, labor conditions, Mr. Warriner asserting that official reports had found the labor rates sufficient to meet living costs. The union contingent said that the coal commission had suggested \$1700 as a fair yearly earning in coal and that the lower priced men would have to work Sundays, holidays and some nights to make that much.

McADOO CLUB MANAGER CAMPAIGNS IN MONTANA

J. A. Davis, California Man, Seeks to Clinch Delegation for Democrats; Organization Forming

GREAT FALLS, Mont., Aug. 20 (AP)—J. A. Davis of Berkeley, Cal., who announced himself as manager of the organization of W. G. McAdoo clubs of the west to promote the nomination of McAdoo as the democratic candidate for president, was in Great Falls today seeking to clinch the Montana delegation for McAdoo in the next democratic national convention.

Mr. Davis was quoted in the Great Falls Leader today as stating that clubs will be formed throughout Montana and the west for McAdoo's candidacy, and that work to that end is now being carried out in various parts of the country.

"I have been meeting with great success in my efforts," Mr. Davis was quoted as saying, "and I expect the Montana delegation, headed by Senator T. J. Walsh, to be for the candidacy of Mr. McAdoo."

"I also expect that Mr. McAdoo will be nominated in the democratic national convention."

Mr. Davis conferred with Senator Walsh and other democratic leaders here.

Same Old Story But a Good One.

Mr. Mahala Burns, Savannah, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."—adv.

READY TO START WORK IN MINE AT KEMMERER

Regular Operations to Be Resumed Monday After Scene of Fatal Explosion Last Week

KEMMERER, Wyo., Aug. 20 (AP)—Regular operation in the Frontier mine of the Kemmerer Coal company, where an explosion which cost the lives of 99 men occurred last Tuesday, will be resumed here Wednesday next. It was announced at the company's offices today. A coroner's jury found that the disaster was caused when a mine boss attempted to light his safety lamp in a gas filled room. Today a number of workmen were busy in the mine preparing for its operation.

FRANCE TO RECOGNIZE GREEK GOVERNMENT

PARIS, Aug. 20 (AP)—The French government announced today that it would recognize as Greek government and fully accredit its minister at Athens.

The First Sakophona. M. A. points out that the first saxophone was made in 1846. He adds that the evil men do lives after them.—London Tit-Bits.

Inhaling of Fumes of Silver Caused Skin to Turn Blue

NEW YORK, Aug. 20 (AP)—Fred Walters, whose bright blue skin had made him a good living for many years in side shows, died today in Bellevue hospital from heart disease.

Physicians at the institution made a careful examination of Walters' body and discovered to their amazement that not only his skin, but all his organs and tissues, including brain, heart and muscles were of the same brilliant color.

"The coloring," the doctors announced, "was due to 'argyria,' and chronic silver poisoning."

"Some 40 years ago Walters is said to have worked in a mine in Australia. If this report is correct, it is probable that while in the mine Walters inhaled into his body nitrate of silver which turned him blue."

Demosthenes Born 355 B. C.

Demosthenes, the foremost orator of history, was born in Athens about July in the year 355 B. C.

GUARD AGAINST FLOODS

Men at Work to Prevent Recurrence of Damage Which Occurred at El Paso 10 Days Ago

EL PASO, Texas, Aug. 20 (AP)—Men in three eight-hour shifts were at work today trying to prevent the recurrence of a flood such as damaged suburban homes near here 10 days ago. Water in the Rio Grande has been rising steadily since Sunday noon. Rains of Saturday night and Sunday between El Paso and Elephant Butte dam are expected to force the water over the temporary embankments put up 10 days ago, when houses, chicken farms and gardens were damaged.

ORDER GREEK UNIONS TO BE DISSOLVED

ATHENS, Aug. 20 (AP)—An official decree issued today orders the dissolution of all workmen's unions and the seizure of their papers. The funds of the unions will be placed in the national bank and used to found a workmen's provident fund.

What is useless to you may be valuable to others—advertise it in the classified columns.

Checks Save Miles

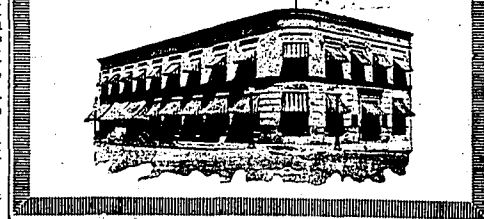

A hundred years ago it was often necessary for a business man to travel many a rough mile with his money to settle an account.

Later it became possible to send his money by express. Today he merely sits at his desk and writes a check in settlement of an account at home or abroad.

A checking account at this bank is a mighty handy thing.

SHOSKONE AND SECOND WEST

LOCALS DEFEAT COLORED BOYS IN SHORT GAME

Fast Fielding by Jarman and Pitching by Fix Are Features of Five-Inning Sunday Attraction

Fast fielding by Laval Jarman and Hullan of the Twin Falls team, aided by the superb pitching of Phil Fix kept the fast colored ball team from Escotello away from the plate in Sunday's game which was won by the locals, 6 to 0, in five innings of play, the game being called at the end of the fifth on account of rain.

The work of Laval Jarman in center field was easily the best seen here this season. This high school lad, who pitched Williams' hard hitting first baseman of the visiting team, of two trippers with catches that looked impossible. In the third inning he ran to the score board in deep center and speared William's hard drive, and in the fifth he duplicated the feat with a beautiful catch in right center.

Jimmie Hullan allowed the locals to apply the coat of whitewash by grabbing Roach's hard smash in the fifth with three men on base and two men out. Hullan caught it on his shoe strings. King started in the box for the visitors and showed a great assortment of stuff, but the team behind him seemed to be rattled, as they allowed the locals to score four runs in the initial frame, with very few real hits.

Phil Fix pitched well enough to keep the enemy away from home plate, which always means better than average pitching. Phil was hit rather hard, but perfect support by the infield, and exceptional work by the outfield kept the enemy out of reach throughout the five innings, although they became dangerous in the fifth, when they loaded the bases with two men out.

Vic Williams, the giant first baseman of the Escotello team was easily the feature of that team. Vic sent one against the right field fence for two bases in his first attempt, and then allowed Jarman to rob him of two more doubles or possibly triples.

Miss Kieff's catch of O. Williams' pop up back of third in the first inning was a nice piece of work. Sunday's game was fast throughout, the five innings being played in 50 minutes.

JEROME

JEROME—Mrs. M. Keane, who has made her home with her granddaughter, Mrs. J. B. Daggott and family for many years, left on Thursday for her old home in Pennsylvania. Mrs. McKeane leaves a host of friends to regret her departure from Jerome of which she has been a member of Pleasant Plains returned to her home after an extended visit with her mother in Portland, Ore.

Mr. and Mrs. H. Hardy are the parents of a boy born to them on Saturday, August 4.

Mr. and Mrs. Arthur Eldred and daughter Elaine spent the week visiting relatives in Twin Falls. Mrs. Charley Bird of Sugar Loaf, has as her house guest her sister, Miss Gibson of Colorado.

Miss Eldora Lamont has returned to her home in Missouri after an extended visit with her sister, Mrs. Ben Diefendorf.

Mr. and Mrs. George Langer and family of Sugar Loaf, left on Friday for a two weeks' tour in Yellowstone park.

Miss Carrie Rawson returned to her home in California after a short vacation at the home of her sister, Mrs. I. C. Thompson.

Mr. and Mrs. Victor Benguechea spent the week-end at the home of Mrs. Benguechea's parents, Mr. and Mrs. Strana of Pleasant Plains.

Mrs. Adam Mye and Mrs. Mike Jones were hostesses to the Falls City Civic club at the home of Mrs. Jones on Thursday afternoon. After a social time the hostesses served delicious refreshments on the spacious lawn.

Miss Charibel Petrie has returned to Salt Lake, after spending the summer vacation with her brother, George Petrie and family of Brevard.

Mrs. Tony Kalland returned to her home on Saturday after a week's visit with friends of Mulgoon.

Mrs. Heber Hancock spent the week-end visiting friends in Twin Falls.

PIRATES DEFEAT LEAGUE LEADERS

Pittsburgh Wins Second Game, 3 to 1; Cincinnati Takes Two from Phillies

NEW YORK, Aug. 20 (AP)—Pittsburgh overed the series with the New York Nationals taking the second game of the series by a score of 3 to 1. Morison pitched a strong game for the Pirates and had good support, his infield making three double plays.

CHICAGO, Aug. 20 (AP)—Chicago defeated Brooklyn today, 10 to 4. Grimes got poor support, the Dodgers making seven errors behind him and the Cubs bunched 10 of their 12 hits. Tom Griffith made four hits off Kaufmann, who twirled an effective game and was brilliantly supported. Pitcher Steuland, farmed out to Wichita Falls in the Texas league, rejoined the Cubs today.

BOSTON, Aug. 20 (AP)—Extra base hits off Tony by Nixon, Southworth and McGinnis were deciding factors in Boston's 5 to 2 victory over St. Louis today. A running catch by Nixon at Stacks' expense and several one-handed plays by the latter were fielding features.

REDS TAKE TWO. PHILADELPHIA, Aug. 20 (AP)—Cincinnati took two games from Philadelphia, winning the first 6 to 3, and the second 8 to 3. With Pittsburgh's defeat of New York the Reds are now but 4 1/2 games from first place. Cy Williams hit his thirtieth home run of the season in the third inning of the second game, scoring Sand ahead of him.

PACIFIC COAST LEAGUE

Table with columns: Team, Won, Lost, Pct. Rows include San Francisco, Sacramento, Portland, Salt Lake, Seattle, Los Angeles, Vernon, Oakland.

MONDAY'S GAMES

Score: Portland 4 9 1, Los Angeles 2 7 2. Batteries—Middleton and Onslow; Jones, Hughes, Thomas and Baldwin, Rego.

No other Coast games scheduled.

Birds and Their Nests. The average time taken by a bird to build its nest is about a week, but if the first one is destroyed a second home may be built in a day. A few lazy birds repair an old nest of last year.

SEES ALLIES IN CRITICAL SHAPE

Former English Official Pleads for Caution in Handling War Debt Question

MANCHESTER, England, Aug. 20 (AP)—Addressing the members of the West Birmingham Unitarian association tonight, Austen Chamberlain, former chancellor of the exchequer, declared the "entente is hanging by a thread and any clumsy handling of the reparations question at this moment may snap that thread and undo the work of the last twelve or fifteen years."

HAZELTON

HAZELTON—Mr. and Mrs. Andrew Hansen are the parents of a boy, born Monday, August 13. Mr. and Mrs. Fay Shepard left Tuesday for an outing in the hills above Hazelton. Mr. and Mrs. Charles Barlow returned home Wednesday from Bellevue, where they have been camping. Mrs. J. H. Hamlin, who has been visiting her daughter, Mrs. Peck, returned to her home Thursday at Murphy, Idaho.

HITTING WINS FOR BOSTON.

DETROIT, Aug. 20 (AP)—Opportunity hitting on the part of Boston enabled the Red Sox to defeat Detroit today, 6 to 2. Cobb made a brilliant running catch off Burns' long drive in the first inning.

THREE STRAGGLERS

ST. LOUIS, Aug. 20 (AP)—Taking a lead in the second inning that the locals could not overcome, Washington made it three straight from St. Louis today, 7 to 2. The visitors had 22 assists, making 43 in two days. Williams used his alleged illegal bat, but did not get a hit. The bat contains a wooden peg in the business end.

CAUSE OF APPENDICITIS

When the bowels are constipated, the lower bowels or large intestine become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed, and keep your bowels regular and you have little to fear from appendicitis—adv.

FORD IS DEFENDANT IN \$200,000 LIBEL SUIT

Jewish Author and Publisher Resents Appearance of Article in Dearborn Independent

NEW YORK, Aug. 20 (AP)—Herman Bornstein, author and editor of Jewish publications, Saturday filed a \$200,000 libel suit against Henry Ford and the Dearborn Publishing company. The suit is based upon an article, "A Glimpse of Jewish International Politics," which appeared in the Dearborn Independent in August, 1923, and upon a news dispatch from Detroit the following January, in which Ford was quoted as saying he got the material for the article from Bornstein during the voyage of Ford's "peace ship," the Osear II.

An Important Announcement to Parents!

School days are almost here again, and with school days comes your responsibility for your child's welfare. How About Your Child? Are you sure that he or she is equal to the strain that school work entails? Is he going to be handicapped this year as the year before with defective eyesight?

Are You Giving Him a Square Deal? Headaches, eye strain, inability to concentrate on close work are caused by defective sight, and glasses are the only thing that will give relief. Many a Child Who Left School Because of Some Physical Handicap may today have been a success in life instead of a square peg in a round hole. The responsibility is with you.

The Davis Optical Company Feels Jointly Responsible with you in the importance of eye care for the student, as we realize the importance of correcting these ills as early as possible so that the child will not be doomed to wearing of glasses for the balance of a life-time, and many times glasses worn in early school life will correct the condition and eliminate the need of them later.

For the Past Three Years We Have Striven to Awake Parents to the importance of the care of the eyes, and again this year we will conduct our Students' Free Eye Clinic.

Any child attending public or high school is entitled to come in and have their eyes examined without charge and if glasses are needed we will earnestly recommend them—if not, will gladly tell you so.

You owe it to yourself and to your child to know whether or not his eyes are right.

Davis Optical Company's Free Eye Clinic Aug. 21st to Sept. 8th

Autumn Ready-to-Wear

Rolling in From Eastern Fashion Centers Comes Another installment of the largest stock ever purchased by the Idaho Department Store

THE COLLEGE GIRL will find clever little dinner dresses with just the right air of sophistication; frocks for the classroom that are smart because they are plain, and distinctive because they are different; Hart Schaffner & Marx sport coats of manly cut and feminine charm; and sweaters that faithfully stand by most seen on every college campus.

THE BUSINESS WOMAN will find those dark silk dresses so dear to her heart; coats "practical" enough to wear to work, and so carefully styled that she will be proud to wear them anywhere; blouses, skirts and suits.

THE AVERAGE WOMAN will find everything that every woman needs, from comfortable, good-looking little dresses for afternoons at home to stunning street costumes, and furs from the house of Gordon-Ferguson.

IF IT ISN'T RIGHT BRING IT BACK Idaho Department Store AFTER ALL THE BEST PLACE TO TRADE
