FAULTY SIGNAL IS SCENTED IN WRECK HEARING

Actual Cause of Fatal Crash of Destroyers Is Still in Doubt; Radio Records Presented as Evidence

SAN DIEGO, Sept. 18 (AP)—In the maze of technical testimony presented at today's session of the naval court of inquiry...

Practically all of the testimony concerned radio operations and most of it centered on signals sent out by the destroyer at Point Arguello...

Message Delayed. According to the testimony of radio men from the flagship, there was considerable delay in obtaining these direction signals...

This doubt as to the accuracy of radio compass signals from Point Arguello developed great significance as the hearing wore on...

What the court of inquiry expressed itself through Rear Admiral W. V. Pratt, presiding, as particularly anxious to learn, was how the compass bearing of Point Arguello signals which reportedly indicated that the destroyers were still north of the point...

It was a sharp turn to the east such a would have been necessary had the squadron been south of the point, which carried the vessels squarely on the rocks several miles east of the Point Arguello radio compass station.

Records Produced. To determine whether the radio station at Arguello had in fact repeatedly informed the destroyer squadron that it was still north of the point, a certified copy of the station's log for the hours between noon and midnight on September 8, was produced...

There was grave question as to the authenticity of the certified copy of the log, counsel argued, inasmuch as it had been prepared by interested parties, who might easily have made an error in copying the record...

Objection was immediately raised by counsel for Captain Edward H. Watson, commander in chief of the destroyer squadron and one of the 12 naval officers named as defendants in the inquiry...

THOUSANDS MISSING IN FLOOD AT YOKOHAMA

YOKOHAMA, Sept. 18 (AP)—Temporary barracks here were flooded during a terrific storm Saturday and 5,000 are missing.

UNITED STATES BALKS AT PACT ON ARMS SALES

Object to Ratifying St. Germain Convention for Control of Traffic in Munitions Between Countries

GENEVA, Sept. 18 (AP)—The council of the league published tonight a communication from the United States government in which that government says it is unable to ratify the convention of St. Germain for control of the traffic of arms and ammunition.

The document, which was conveyed to the council by Joseph C. Grew, the American minister, gives several reasons. In brief, they are that the convention provides not for a general limitation of armaments, but for the creation of a system of control which would prevent the signatory powers from meeting their own requirements or from supplying each other with arms.

It is declared also that acceptance of the convention would call for the enactment of legislation to make it operative and particularly for the imposition of penalties applicable to private arms producing concerns.

YOKOHAMA, Sept. 18 (AP)—Temporary barracks here were flooded during a terrific storm Saturday and 5,000 are missing.

Nations Seek Aid of U. S. to Curb Traffic in Drugs

League of Nations Inclines Toward Action Designed to Reduce Drug Menace

GENEVA, Sept. 18 (AP)—The league of nations opinion commission met this afternoon with Stephen G. Porter and other American delegates in attendance. The hall was filled with spectators showing great interest in the presence of the Americans.

The latter is notable as favoring the passage of a resolution recommending the cooperation of the United States in dealing with the traffic of dangerous drugs. It further requests the assembly to express agreement with the proposals of the advisory committee, adopts its reports and asks the council of the league to take the necessary steps to put the report into effect.

POLICE TO FIRE ON HOODED MEN

Lewiston Council Orders Officers to Shoot Marauders Resisting Arrest

LEWISTON, Idaho, Sept. 18 (AP)—The Lewiston city council has given orders to the chief of police and his men to "shoot and shoot to kill" any persons wearing hoods or garbs hiding their identity when found invading any houses of this city or molesting its citizens, in case they resist the officers.

This order is the result of a visit by three white-robed men to the home of Georgia Clark, a negro woman, last Friday night.

RAINSTORMS ADD TO OKLAHOMA'S TROUBLE

Scores of Residences Unroofed and Street Car Service Interrupted by Near-Tornado

OKLAHOMA CITY, Okla., Sept. 18 (AP)—Scores of residences and other buildings were unroofed and otherwise damaged, display windows in the business district were smashed, and electric light and street car service to certain sections of the city were interrupted here early this evening by a severe wind and rain storm, accompanied by hail, which for a time assumed tornado proportions.

URGE REJECTION OF CHECK PLAN

Federal Reserve Board Desires Further Study of Claiborne-Adams Scheme

WASHINGTON, Sept. 18 (AP)—Complete rejection of the so-called Claiborne-Adams check collection plan and adoption, with changes, of the federal reserve board's regulation "J" pending was recommended by the board tonight by the federal advisory council at the conclusion of its fall session.

The Claiborne-Adams proposal was put forward by Charles B. Claiborne, New Orleans, and L. B. Adams, Atlanta, and provided for par clearance within the limits of each reserve district. It was opposed by all members of the council.

As for solving the general problem of "par clearance," the council said it was generally in favor of "regulating the reserve banks and their operations once was set and, later withdrawn. Opposition was expressed to any charge being levied by reserve banks for collecting checks drawn on member banks not members of the system which refused to remit at par.

LEGISLATORS OF OKLAHOMA PLAN WAR ON WALTON

Special Session to Consider Governor's Acts and Impeachment Are Rumors in Air as Situation Intensifies

OKLAHOMA CITY, Okla., Sept. 18 (AP)—Members of the state legislature opened an offensive today against the conduct of Governor J. C. Walton in connection with his decree of martial law throughout Oklahoma.

He reiterated that any lawmakers who attempted to hold a special session of the legislature would be sent to jail. "They shall not pass," was the oath that could be read in the presence of armed guardsmen posted before the doors of both the house and senate chambers at the capitol.

He threatened that any lawmakers who attempted to hold a special session of the legislature would be sent to jail. "They shall not pass," was the oath that could be read in the presence of armed guardsmen posted before the doors of both the house and senate chambers at the capitol.

Majority Favor Session. Declaring that the movement is a fight to elect a new governor, the speaker is a dictator, or whether this is a state of executive, judicial and legislative government, promoters of the plan maintain that a majority of the legislature must be contacted.

SOME PROMISING MATERIAL FOR THE FIRST TIME IS BEGINNING TO SHOW UP

NORTHERN ARIZONA IS HIT BY HEAVY FLOODS

Large Section Visited by Severe Rainstorm in Its History; Bridges Are Carried Away

PHOENIX, Arizona, Sept. 18 (AP)—Northern Arizona is receiving tonight from one of the heaviest rain storms in years, which struck that section early Monday and continued until today and tonight. The country has many streams, flooded highways, carried away bridges and washed out railroad track at several points east of Flagstaff, Ariz.

The Verde river, near Prescott, tonight is running higher than at any time this year and has overflowed its banks at some points northeast of here. Although no official estimate of damage could be obtained tonight reports from farming communities in the Verde valley said that growing crops had been damaged by hail.

CONTRACT LET FOR BIG TUNNEL NEAR DENVER

DENVER, Sept. 18 (AP)—The Moffat tunnel commission, this afternoon awarded the contract for the construction of the Moffat tunnel, piercing the continental divide west of Denver, to Hiltcheck & Tinkler of San Francisco. The construction is to be for \$2,500,000 for the 6.05 mile bore.

# SMOKING RUINS MARK TRAIL OF BERKELEY FIRE

### Police Believe All Escaped with Lives when California City Burned; Estimate 12,000 Left Homeless

BERKELEY, Cal., Sept. 18 (AP)—Homes of soldiers, unshaken, broken chimneys pointing crazily at the sky, and jagged dead walls, were all that remained today of what was yesterday one of the most beautiful residence places in the west, the northeastern section of Berkeley. Soldiers and police patrolled the ruins tonight with fingers on ready triggers, where supposed looters slipped about, or searched with electric flashlights for bodies, on the chance that all might not have escaped from the wind-whipped inferno.

It was the hotel of Acting Chief of Police C. D. Lee, however, that all escaped with their lives, as the district offered many broad avenues of exit. A number of children were spotted as missing today, but they were school children who were at their studios when the fire broke out, and who could not get back to their homes.

#### Swept Prosperous Area

The army of the University of California, the big halls uptown, the nearby churches, and many other public and semi-public places were crowded with refugees tonight. According to a police estimate between 12,000 and 15,000 are homeless, the fire having swept a thickly populated area for fifty blocks or more.

#### Debris Waste Remains

Crematorium, an exclusive residence section, the equally exclusive English avenue, with its rows of university fraternities and sororities, and the great billy sweep from this street to Shattuck Avenue, the main business street, were a dreary waste tonight, with searchers hurrying everywhere. The Red Cross maintained many stations on the edge of the district to care for refugees and workers alike. Hundreds of university students aided in the patrol.

#### Libraries Burned

It was reported today that the priceless library of Professor Alexis Lange, nationally known authority on education and Professor C. E. Chapman, prominent American history scholar, had been destroyed. Both are members of the faculty of the University of California.

The bond of fire underwriters in San Francisco today appraised the damage at \$5,000,000 exclusive of personal belongings. It is expected that more will amount to at least \$2,000,000 more.

#### TWO TOWNS DESTROYED.

SAN FRANCISCO, Sept. 18 (AP)—Central California continued today to be ringed by forest and brush fires, a number of which were beyond control. Two towns were destroyed and others were threatened by the flames that forest rangers and volunteer firemen were fighting.

The summer playground of San Francisco, the Russian river district, was the center of the fire area and Boyes Springs, a town of considerable size, was burned. Every building, including the hotel and approximately 50 cottages were destroyed. Thousands of men are trying to extinguish the flames in Sonoma valley.

Two hundred soldiers from Fort Baker were placed on duty in Marin county, to the north of San Francisco, to aid in fire prevention. The federal forest service mounted the fire in the California national forest in Lake county had been controlled after burning over 15,000 acres. The fire is still burning south of this forest.

Two men are thought to have lost their lives and \$100,000 in property of the Sugar Pine Lumber company by a fire that was all but under control tonight. Seven hundred men are on the fire line.

Premier Yamamoto

THE first public utterance of Premier Yamamoto, sent broadcast by wireless, appeals to the people of Japan to unite in the trying hours through which they are passing and to make a supreme effort to relieve the sufferers and hasten the work of reconstruction. Premier Yamamoto formed his new cabinet during the fire which destroyed Tokyo, and the first meeting of the ministers was held in the open air, outside the burned home of the premier. Yamamoto had a narrow escape from death, being hurled into a water-filled ditch by the force of the earthquake.

### SEEK JOBS FOR STUDENTS

Every Effort Being Made to Provide Employment for Those Attending Idaho State University

UNIVERSITY OF IDAHO, Moscow, Sept. 18—Every possible business avenue has been entered in an effort to find enough part-time jobs to insure employment for students at the University of Idaho this fall who feel that they cannot continue in college unless they work during spare hours. Although the problem is difficult, Moscow business men are responding splendidly and every effort is being made to secure enough jobs for all applicants, although the number of applications this year is above normal.

President A. H. Upham appealed to the chamber of commerce in an effort to have university students given the preference in the selection of part-time employees. The town has been ransacked and every place where some student may find work has been listed at the student employment office, which is conducted by Ted Turner of Caldwell.

There will be more work for women students this year than ever before, according to Mr. Turner. He also predicts that there will be an abundant supply of odd jobs, although the number of steady part-time jobs will be smaller.

### Prince of Wales Joins Husky Crew on Canadian Farm

#### 'Lord Renfrew' Does Working Clothes and Takes Place Among Ranch Laborers

HIGH RIVER, Alberta, Sept. 18 (AP)—Lord Renfrew, known in England as the Prince of Wales, today became a rancher.

Although it is his own ranch, Lord Renfrew did not pick himself an easy job and was at work at 6 o'clock helping a crew of husky farm hands fill silos with chopped sunflowers. He did not stand around and watch the boys do it.

Wearing the same kind of clothes as his companion laborers, Renfrew did the same kind of work. He took the lead in chopping the silage for the blooded livestock on the ranch.

Because he had just finished a long trip on Sunday, Lord Renfrew started the day late and did not arrive until seven o'clock, his secretary explained. He hurried through his breakfast in order to be at work at 8. The other workers are wondering what time he will get up tomorrow morning.

Lord Renfrew is going to finish the work of filling the silo this afternoon and then do some stocking on the ranch. His secretary said he is feeling great.

## QUESTION RIGHT TO SHOW PHOTOS

Printing Pictures of Dempsey Fight: Precipitates Puzzling Questions

WASHINGTON, Sept. 18 (AP)—The action of Federal Judge McClintock at Huntington, W. Va., in asking for the indictment of a newspaper for publishing pictures of the recent Dempsey-Firpo fight is a novel application of the law, department of justice officials said today, and in requesting the grand jury to take cognizance of the situation the judge moved entirely on his own initiative. Although there has been a popular

conception that the law applies only to moving picture films of pugilism and this point was stressed by ministers and others before a congressional committee before its enactment, officials said that it bans all photographic films of pugilistic encounters, "moving" or "still," if used for "public exhibition." Unofficial opinion, however, has been that the law was designed to stop exhibition of films in halls and elsewhere and not to penalize newspaper publication, although this point never has been tested in the court. Merit of newspaper publication has not been classed as "public exhibition," but efforts of film owners and exhibitors to show pictures by surprise department officials said, have led in some instances to rulings virtually barring exhibition of "still" photographs. In this connection, it was said that plans were discovered recently to ship single photographs across state lines, in compliance with the law, and then place them together for a crude but lucrative moving picture exhibition. Inquiries were re-

ceived by the department of justice after the Dempsey-Gibbons fight at Shelby, Mont., as to whether such a course would violate the law, and an affirmative reply was given by Assistant Attorney General Grill, in charge of criminal prosecutions. "Still" pictures of the Dempsey-Firpo fight have been published freely in Washington newspapers without objection by federal authorities and officials said it was entirely within the law to show either the "still" or "moving" films in New York, the law applying only to their transportation in interstate commerce.

CHICAGO, Sept. 18 (AP)—Harry F. Sinclair, owner of Zev, winner of the Kentucky derby, left here today without accepting or rejecting a proposal for a \$250,000 match race between Zev and a half dozen of the richest three-year-old stakes in America, including Admiral Cal T. Grayson's My Own, to be run during the Maryland state fair at the Laurel track.

## AMERICAN ARMY MEN WIN WORLD'S POLO CONTEST

Brittishers Go Down in Defeat Before Khaki-Clad Veterans in Deciding Event of Three-Game Series

WESTBURY, N. Y., Sept. 18 (AP)—America added to her sporting supremacy today when four veteran khaki-wearers representing Uncle Sam's army, galloped to a 10 to 3 victory over four British army men in the deciding contest of the three-game international series for the polo championship of the world.

Heating Great Britain at her own game and giving a final shove to the upset they started Wednesday in the first contest which they won, 10 to 7, the Yankee team took the championship today by a score that left no question of supremacy.

It was a costly loss of prestige for the British. Their team was probably the best that could be gathered from both the military and civil life of the empire and had the famous international cup been the stake they could not have been stronger. The margin of its victory can be better appreciated when it is realized that had the contest been played on a handicap basis, according to official ratings, the score today would have been 20 instead of 10 to 3.

## WINS BILLIARD CONTEST

Philadelphia Player Takes Three Straight Games in Three-Game Series at St. Louis

ST. LOUIS, Sept. 18 (AP)—Coming from behind, Otto Reiselt of Philadelphia, won his third straight game in the three-cushion billiard championship here today by defeating Tiff Denton of Kansas City, 60 to 47 in 65 innings. This gives Reiselt victories over all of his three opponents, as he defeated Robert L. Cannefax of New York yesterday afternoon, and Champion John Layton on Sunday night. Reiselt's high run was five, and he had five runs of four. Denton's high was four, running this number five times.

The Yankees outscored their opponents in an aggregate that was painful to supporters of tradition. In each game they failed ten points or a total of 30, while the British earnings were 22; seven in the first, 12 in the second and three in the third, a total of 22 and a difference of eight.

## PLANS CANCELLED FOR LEONARD-DUNDEE FIGHT

Matchmaker Declares Public Interest Decreased and Weather Risk Too Great to Stage Bout

NEW YORK, Sept. 18 (AP)—The lightweight championship match between Benny Leonard, title holder, and Johnny Dundee, who holds the featherweight crown, scheduled at the Yankee stadium September 25, has been called off because of the inciness of the season, it was announced late today by Jimmy Johnston, matchmaker of the Cromwell A. C.

Johnston declared that he planned to promote the match early in the 1924 outdoor season. The combination of weather risks and the fact that public interest in the proposed fight had lessened, influenced the promoter in deciding to cancel the engagement for this year.

Leonard and Dundee originally were matched by Johnston to fight September 5, but it was postponed because of Dundee's alleged poor condition, though Johnston admitted that the was influenced by a small advance sale of tickets in deferring the contest at that time.

CRITICISMS OF DEMPSEY HEARD BY COMMISSION

Firpo Adherents Allege Champion Failed to Stick to Rules in Title Bout; Boxing Solons Take No Action

NEW YORK, Sept. 18 (AP)—The New York state athletic commission took no cognizance officially of the Dempsey-Firpo heavyweight championship battle today, despite reports that it might act upon the criticisms directed at Referee Johnny Gallagher because of his neglect to compel Dempsey to follow regulations on several occasions during the fight.

The commission discussed the match at its regular weekly meeting, but issued no formal statement concerning the fight, particularly from Firpo partisans, who charged that Dempsey should have been disqualified for alleged infraction of the rules several times before he knocked out the South American Bull of the Pampas. The specific accusations in one of these communications were that Dempsey did not adhere to regulations, agreed upon before the fight, in failing to go to a neutral corner after each knockdown; that he hit Firpo once before the Argentine's knee had left the floor and that he struck the South American several times after the bell had rung for the end of the first round.

Official attendance and gate receipts, announced today, revealed that the total paid attendance of \$2,224 established a new record for fights at attractions anywhere, eclipsing both the Dempsey-Carpenter fight two years ago and the Firpo-Willard bout at the Regency Hotel last year. The total attendance at both of these contests was between 90,000 and 100,000, according to Promoter Tex Rickard's figures, but the net paid attendance was only about 76,000.

The total Dempsey-Firpo attendance was \$7,000, while the gross receipts amounted to \$1,388,822.30, placing the match second in this respect to the Dempsey-Carpenter spectacle, which attracted a "gate" of \$1,600,000.

Net Receipts \$951,551. Deduction of a federal tax of \$180,074.80 and state tax of \$27,197 left net receipts of \$651,551.

Dempsey left this afternoon for Chicago, where he will spend several days before continuing to Salt Lake City to visit his parents. He then plans to go on to his home in Los Angeles. Firpo has postponed his trip to Canada until next week. The Argentinian has definitely decided to hang up his gloves until next year, taking a complete rest from the strenuous campaign that led up to his title fight before going into training again. His proposed match in the spring with Harry Wells is still hanging fire, although Promoter Tex Rickard has hopes of closing it before the Argentine leaves New York.

Firpo will return to the Argentine after his Canadian trip.

YANKEES LOSE ANOTHER GAME

Cleveland Takes Series with American League Leaders; Chicago Takes One

NEW YORK, Sept. 18 (AP)—New York was delayed another day in clarifying the American league pennant when Cleveland won the last game of the season, 4 to 3. Cleveland won the season's series from the Yankees, 12 to 10. Cleveland hit shawkey hard in the fifth and seventh innings. Sewell drove in three of the four runs scored in those innings. Shantz, a young left-hander, was effective against all the Yankees but Menzel who hit a home run and two doubles.

FAULTY SIGNAL

(Continued from Page One)

During the course of his testimony, Lieutenant Wild, squadron communication officer, placed the responsibility for the navigation of the destroyer squadron on its disastrous cruise upon the shoulders of Captain Watson and Lieutenant Commander Donald T. Hunter, both of whom were aboard the Delphy when the squadron grounded.

The order directing what proved to be a fatal change of course to the eastward at 9 o'clock was given by Lieutenant Commander Hunter as captain of the Delphy, according to W. D. Covington, navigating quartermaster of the vessel, who testified that he was on the bridge at that time and heard the order given; heard the captain, call for two blasts of the whistle, signalling the turn, and heard the wailing signal repeated down the line of destroyers as they swung in a 90 degree arc toward the rocks off Honda.

Night of Horrors. Five minutes later, he said, the Delphy struck, the ward arm blinkers flashed light, warning to destroyers astern of the Delphy, according to W. D. Covington, navigating quartermaster of the vessel, who testified that he was on the bridge at that time and heard the order given; heard the captain, call for two blasts of the whistle, signalling the turn, and heard the wailing signal repeated down the line of destroyers as they swung in a 90 degree arc toward the rocks off Honda.

PIRATES TAKE EASY CONTEST

Pittsburgh Slugs Three Boston Pitchers for 17 Hits; Giants Win Another

PITTSBURGH, Sept. 18 (AP)—Pittsburgh hammered three Boston pitchers for 17 hits and won today's game 12 to 2. After Barnes had yielded three runs on four hits in the first inning he was retired when struck on the knee by Grimm's infield hit. Goechger proved ineffective and was relieved in the fifth by Fillingim after the pirates had added nine more runs, five of them being in that inning. He stopped after scoring.

WALTON PROMISES AID TO STARVING FARMERS

Oklahoma Governor Defends His Position in Clash with Klan and Assures Ample Protection

OKMULGEE, Okla., Sept. 18 (AP)—Promise to use the national guard to obtain food for starving farmers in Carter and Marshall counties if other measures fail, was voiced by Governor J. C. Walton, in a speech to an audience here tonight said to have been the largest ever assembled in Okmulgee. The governor declared that in response to pleas from residents of the two counties he had determined to appoint a commission to investigate conditions there and that if the situation warranted he would ask the remainder of the state "to divide its goods" with the victims of "four crop failures."

The reference to this further use of the guard came after a long speech in which the governor defended in detail every phase of his administration that he said had been criticized.

CARY'S HORSE LIKELY TO MEET DERBY WINNER

'My Own' and 'Zev' Probably Will Contest for Right to Run Against Papyrus in International Race

NEW YORK, Sept. 18 (AP)—My Own, carrying Rear Admiral Cary T. Grayson's colors, and Zev, from the Rancocas stables, are likely to meet on the Laurel track in Maryland on October 12 to decide which shall have the honor of meeting Papyrus, English derby winner, in the international race at Belmont park October 20. The race between Zev and My Own, if it is staged, will be the result of an offer of a \$50,000 purse made by the Maryland State Fair association.

Lou Cassidy, representative of the Laurel track, said Admiral Grayson was ready to enter My Own and all that is now needed is the approval of Harry E. Sinclair and the committee of the Jockey club which will pick Papyrus' opponent.

# PUBLISHERS TO FIGHT STRIKE OF PRESSMEN

## Walkout Leaves New York Readers Without News of the Day; Owners Will Not Meet Striking Union Heads

NEW YORK, Sept. 18 (AP)—New York went without its leading newspapers for the better part of 24 hours today when a strike of 22,000 pressmen prevented publication of a majority of the city's morning and evening dailies.

From midnight last night until this evening the city's millions, most avid newspaper readers of the world, practically were cut off from news of their own and the rest of the world's doings.

An early edition of the New York Evening Post, run off by a hastily recruited corps of pressmen, was the only one of the large afternoon papers to appear before noon and when it had been exhausted the news stands were bare and newsways were mute.

### Smaller Papers Profit

Newspapers in nearby New Jersey cities, smaller local papers not affected by the strike, and foreign newspapers rushed thousands of papers and scores of emergency newsways to the more important traffic intersections where they enjoyed an unprecedented sale at premium prices.

One Boston newspaper sent copies of a special edition to the city by airplane while the local Boston paper, for the first time in its history, put on sale an all-English edition. Many news stands presented the unusual picture of newspapers in half a dozen foreign languages and none in English.

The newspaper famine was relieved in the late afternoon when a composite newspaper, representing jointly the 11 afternoon papers affected, appeared on the streets.

The composite newspapers were distributed by the joint delivery forces of the 11 papers.

### Vote Nearly Unanimous

The strike was called a few minutes after midnight by Web Pressmen's Union No. 25, after the organization had concluded a four-hour meeting. President David Simons of the union declared that all but one of the members had voted for the strike, which, he said, grew out of inability of the union and the publishers to agree to a working agreement to replace the one which expired September 1.

The newspaper owners announced, through the publishers' association, that the walkout was illegal and that notice and was unjustified. They announced they would make no efforts to meet the heads of the striking unions but that they would attempt to negotiate with the officers of the International Printing Pressmen's and Assistants' Union of North America.

### Strike Illegal?

George Barry, of the international union, characterized the strike as illegal without the consent of the international and in violation of the Tripartite agreement to arbitrate any difficulties which might arise between the international union and publishers. He urged strikers to return to work and served notice that the international would do everything in its power to help publish the New York dailies. Both he and the publishers' association sent out calls to pressmen in other cities, whether union men or not, to come here and help get out the suspended papers.

### Simons Makes Denial

President Simons, of the local union, in a statement this afternoon denied that the strike was illegal and declared it followed failure of the publishers to comply with the agreement that a new contract be drawn up before September 1.

The publishers tonight made public a letter from Mr. Barry in which he declared the union, in which he declared action would be taken to cancel the union's charter unless the pressmen returned to work immediately.

### EARTHQUAKE HITS ITALY

ROME, Sept. 18 (AP)—Earthquake shocks were felt today in southern Italy and Sicily. Fortunately no material damage was done and there were no casualties. It is presumed that the local disturbances had their center in Japan, as simultaneously the seismograph observatories registered a serious earthquake more than 4000 miles distant.

plan provides sensational publicity to further his candidacy," Mr. Gaylord said.

### OFFICERS GIVE DETAILS

TULSA, Okla., Sept. 18 (AP)—Officers of the military commission appointed by Governor Walton in mid-August to investigate floppings in Tulsa county tonight outlined their work from the beginning to the present time in an interview granted the Associated Press in the presence of an official military reporter.

More than one hundred cases of mob violence, some by hooded men, have thus far come to the attention of the investigators, they said, and more than 3000 pages of testimony has been prepared for submission to the attorney general of Oklahoma.

### Thirty Indicted

Approximately 400 witnesses, who have experienced these floppings in one form or another, in Tulsa county, in most cases within the last six months, have appeared before the commission the officers reported. To date 30 men have been indicted by the filing of indictments in the district court. One

of the members of the commission declared in answer to a question as to when the investigation would be completed that the work would end "when the last man of the lawbreakers is in the penitentiary."

The military commission here is said by members to be the first to sit in the United States since the reconstruction period following the war between the states.

Of the 30 men indicted, six thus far have been granted preliminary hearings in the civil court, and all of that number have been held in bonds for criminal trial.

### Witnesses Heard

Today the commission heard 15 witnesses, and filed one new information charging riot. Morris Evans and Jake Hyde were named for participation in a flogging on May 20 at the home of L. A. Cook in the outlying country.

The information charged that Evans and Hyde with other persons unknown, attacked the Cook home, riddled the house with bullets, abducted and flogged Cook and mistreated his wife.

## MILLION PAID TO JAP-RELIEF

### Certified Check Handed to Premier as First Installment of Red Cross Drive

WASHINGTON, Sept. 18 (AP)—Ambassador Woods at Tokio handed to Premier Yamamoto yesterday a certified check for \$1,000,000 as the first large installment of the relief fund for Japanese earthquake sufferers collected by the American Red Cross.

In reporting to the state department the ambassador said the premier was deeply moved and expressed his gratitude to the American people.

Mr. Woods refuted reports of cholera outbreaks in Japan and transmitted the result of an inquiry made by Dr. Kihle, an American physician doing relief work in Tokio.

Five hospital buildings for treatment of earthquake victims have been purchased by the Red Cross with the funds collected during the past two weeks and will be shipped immediately to Japan, it was announced today. The buildings, knocked down, will be erected at such places as Japanese officials see fit.

The relief fund today reached a total of \$8,585,000, more than \$3,000,000 above the figure first set as the goal.

### PROVIDE FOR PUNISHMENT FOR OPPOSING TAXES

BERLIN, Sept. 18 (AP)—President Ebert has issued a decree under which persons who advise non-payment of taxes to the reich, the federal states or municipalities, or who withhold foodstuffs, may be punished by imprisonment and fines in unlimited amounts.

Persons guilty of such charges, furthermore, are liable to deprivation of their civil rights.
