

DAIL EIREANN IN FIRST MEET

Opening Sitting of Newly Organized Body Uneventful Except for One Incident

DUBLIN, Sept. 20 (AP)—The opening sitting of the new Dail Eireann was uneventful, aside from one exciting incident. This was when the farmers' party, representing the opposition, in the absence of all the republican deputies, sought to induce the government to liberate imprisoned members of the chamber so as to enable the republicans to hold a meeting and discuss its future policy. This proposal provoked little but somewhat heated debate, which showed that the government had not the slightest intention to recede from its previous attitude toward the republicans.

William T. Cosgrave was re-elected president of the executive council of the Irish free state by acclamation, and Michael Hayes was unanimously chosen speaker of the dail. Mr. Cosgrave was the recipient of a great ovation on his election. All the members of the house stood and cheered him.

One noteworthy difference in today's session from the last sessions of the dail was the admission of people to the public gallery. This was crowded with men and women, who had to be called to order by the speaker for interfering in the session. There was very slight public interest manifested in the assembling of the dail. The crowd outside the building was meager and with the exception of a slight demonstration by some women in favor of the government releasing prisoners, there was no disorder.

Deputy Gary, leader of the farmers' party, in urging the liberation of Eamon de Valera and other republicans under arrest, argued that 44 republicans had been elected in the dail by the people and that they should at least be given the opportunity to meet together to determine whether they would obey the rule of the majority and adopt constitutional methods. Minister of Agriculture Hogan replied that it had cost 15,000,000 pounds sterling and the lives of many gallant men, including Michael Collins, to fall these prisoners, and argued against release. Then Mr. Cosgrave, in quiet tones, said the present was not the proper time to raise such a question. He announced that the government was aware of midnight visits by republicans to certain members of the dail to have the question of release of prisoners and the question of the abolition of the oath raised in the chamber.

WOMAN BLAMES HUSBAND FOR EMBEZZLING SCHEME

Daughter of Politically Prominent Arkansas Family Tells Convincing Story of Disappearance of Loaned Money

SAN FRANCISCO, Sept. 20 (AP)—Mrs. Gene Glover, daughter of a politically prominent family of Little Rock, Ark., was convicted of embezzling \$2,812 from Mrs. Amy Jenkins of Berkeley, Cal., today, although she had come here voluntarily for trial and told a convincing story to the authorities, placing the blame for her trouble upon her husband, Smith Glover, now said to be a fugitive.

Mrs. Jenkins gave Mrs. Glover a check for the money in April, 1922, requesting her to call on her and advise her of the former's safe deposit box. According to Mrs. Glover's story she obtained the money and was returning with it when she met her husband, who persuaded her to let him have it for safe keeping. She says he then refused to return it and induced her to flee east with him.

SURVEY PARTY BRAVES DANGER OF DROWNING

Federal Expedition Charting Course of Colorado Makes Progress But One Member Narrowly Escapes

FLAGSTAFF, Ariz., Sept. 20 (AP)—The exploration expedition of the United States geological survey, charting the course of the Colorado river in northern Arizona, reached the foot of Sepul trail September 13, according to word received here today. Members made a landing at that point and replenished supplies. Sepul trail is 25 miles west of the Grand Canyon and the river at this section is swift and dangerous. One member of the party, it was reported, narrowly escaped death when a boat struck a rock and overturned. The boat with the man hanging on it swept 300 feet down stream before it righted itself. The next point where contact will be made with the expedition will be at Diamond creek, where landing is expected to be made about the last of the month. All members of the party are reported well.

MURTAUGH

MURTAUGH—Mr. and Mrs. Lorenzo Williams and Mr. and Mrs. Milton Bentz of Salt Lake, who have been visiting at the H. F. Williams home, left Monday morning for their homes. They were accompanied by Miss Dora Williams, who will visit relative for some time.

Mrs. V. I. Hauran, who underwent a serious surgical operation at the Twin Falls hospital Monday, is reported to be doing as well as could be expected. William Morrison, who has been confined to his home several days with tonsillitis, is able to go out.

Miss Flora Adanson left Wednesday for Blackfoot where she will spend several days with relatives before leaving for Los Angeles to make her home. Mrs. F. J. Marshall has been quite sick the past few days.

Everett Rees of Twin Falls spent the week-end at the home of his brother, Henry Rees.

Walter and Leo Okleberry left the latter part of the week for Los Angeles, where they expect to spend the winter.

Miss Agnes Tremelling and H. A. Shafer of Artesian, were married at the Methodist parsonage in Twin Falls Monday, September 17, by the Rev. Mr. White.

His Royal Highness Suddenly Shows an Interest in Weather

Prince of Wales Makes Strenuous Effort at Being Real Farmer on Canadian Ranch

CALGARY, Alberta, Sept. 20 (AP)—Lord Renfrew, in other words His Royal Highness the Prince of Wales, made his first formal call on a neighbor today. In company with Captain Peacock, his secretary, and W. L. Carlyle, manager of his ranch, Lord Renfrew went to visit the Earl of Minto, who also ranches in the district west of High river, to pass the time of day and learn how the crop was running out there.

The party rode over on horse-back immediately after luncheon. The morning at the E-H ranch was spent in the usual pursuits of ranch life. The work of filling the silo, in which Lord Renfrew was engaged yesterday, was about completed.

Three days on the ranch have put the royal farmer in splendid physical condition and the thoughts of the party are now beginning to turn to fishing and hunting trips. There will probably be a duck shooting excursion before the week-end, then a visit to Banff.

THRILLS AT CASSIA FAIR

Flying Circus One of Big Features of Entertainment for Crowds Attending Exhibition and Roundup

BURLEY, Sept. 20.—(Special to The News).—A flying circus, employing three airplanes and presenting a program of startling feats, is one of the principal features of Cassia county's annual fair which was opened here today to continue for three days. Other headlines of the entertainment program include a real wild west show and auto polo games. Arrangements were made for dancing each evening.

Exhibits of livestock and farm products were considered highly creditable in view of the fact that no premiums were offered because of failure of the county commissioners to levy a tax last year for the fair.

MAIN LINE JOB MAY BE STARTED IN TWO WEEKS

Forman of Construction Company Says No Orders Have Yet Been Given to Begin Building Tracks to Capital

BOISE, Sept. 20 (AP)—Doubt whether actual construction work on the main line will start before two weeks was expressed tonight by A. Bowman, chief engineer of the Utah Construction company. Bowman, reported Wednesday night from Glenn Ferry to be on his way to Boise, talked from Hammett where the company is using a railroad grading job.

Up to a late hour today Bowman had received no orders from the Union Pacific to start work, although he had been awaiting word for three weeks and understood that orders were to come through as soon as the court action was settled.

The Screen

WHAT "MEAN TEMPERATURES" IS
Do you know this mean temperature that the weather man talks about? There are many pretty film actresses who have a good idea about "mean" temperatures. They say it is one which falls to the middle "thirties" on the night they had to play with Mary Miles Minter in a costume of which the warm part is the well around the nose and chin. Did you ever try to keep warm in a suit consisting mostly of glass beads? However, the scene will appear tropical when you see it in "The Heart Specialist," Mrs. Minter's latest Hearst production for Famous Players-Lasky, which will be shown at the Idaho theater today. Allen Forrest is leading man.

INGRAM FILM A TRIUMPH.
Rex Ingram has scored again in his latest production for Metro, "Where the Pavement Ends," which was presented yesterday at the Orpheum theater.

Beautiful Alleen Terry portrays the part of the misfortune's daughter with remarkable skill. Ramon Novarro plays opposite her with magnificent power and appeal. Edward Connelly, as the missionary, and Harry T. Morey, as Gregson, display rare ability.

The film version was made by Rex Ingram from the story by John Russell.

FILER

FILER—Mrs. Violet Munger and children have returned home from the county general hospital where they were ill with diphtheria. Lydia, married six years, died from this disease and was buried in the Filer cemetery beside her father. Services were at the grave.

Mrs. R. K. Dillingham and little daughter, Lucy Adell, left Thursday morning for Pomona, Kansas, where they will visit indefinitely with relatives and friends.

Mrs. A. E. Anderson and son, Cliff, returned last week from a visit of several weeks in California.

E. L. Royston was elected delegate from Filer lodge No. 125, to the grand lodge of Idaho I. O. O. F., which will convene in Moscow on October 15.

Mrs. George D. Crockett and children of Rock Creek, and Mrs. Mary V. Norton and Mrs. James J. Walker of Twin Falls, spent Friday here.

George Carlson of Buhl, will take a position in the Record office. He moved his family from Buhl the first of the week into the Trullitt house on Yakima avenue.

The Gasoline War Concerns Every Motorist—

The Tom Cat has finally been smoked out—the wren's satisfied to stay in the background and rob the producer, the refiner and the jobber—he has now come out in the open in a deliberate attempt to eventually rob the public.

"Greed" is the watchword of the oil monopoly—they must have their own way—they must have the road clear of legitimate competition—no obstacle must stand in the way of the ultimate aim of robbing the public by higher gasoline prices than ever before.

Regardless of their OWN statements in their OWN advertising—the oil monopoly has spared neither money nor effort in fighting the Independent companies—their terrific overhead caused by their insane desire to have pumps on every corner, service stations in every available location, simply to crush competition, IS BORNE BY THE PUBLIC and it's high time for some action to be taken—to find out whether or not a monopoly is bigger than the Government itself.

This is your FIGHT—as much as OURS. It's a question of whether you want a monopoly to fix the price of your gasoline, with competition in the future as before the Independent Gas and Oil Company entered the field or whether you want to throw off the shackles of this monopoly and have the petroleum industry in the hands of men you KNOW to be conscientious in their endeavors to serve your best interests.

YANKEES CLING LEAGUE PENNANT

New York Americans Take Third Successive Victory by Beating St. Louis

NEW YORK, Sept. 20 (AP)—The New York Yankees clinched their third successive American league pennant here today, defeating St. Louis in the first game of the series, 4 to 3. New York's margin in the greatest in either major league in many years. Stan Jones won his twentieth game of the season, though he was hard pressed by St. Louis in the late innings. The Yankees bunched their hits in good effect when Van Gilder. Severid was hit on the head with a foul ball in the second inning and was forced to retire.

MAYOR TRACES HUMAN ADVANCE

March of Civilization Leading to American Constitution is Hodgkin's Theme

BUHL, Sept. 20 (Special to The News)—Shed L. Hodgkin, Twin Falls mayor, addressed the Buhl Rotary club today on the Constitution. Mayor Hodgkin discussed the constitution, not from a legal standpoint, but from the viewpoint of the development of liberty of the human race to the point where it manifested itself in a form of government under the constitution. He traced the early history of governments, pointing out that the natural rights of man were not considered until the time of Christ and that Christ's sermon on the mount was the first teaching of code of conduct for the individual, which carried him beyond the laws of the time.

After tracing the various forms of government down to the time of the Declaration of Independence he said: "For the first time the natural or God-given rights of man were fully and completely expressed in this document." Mr. Hodgkin then discussed the government of the colonies under the Articles of the Confederation, discussing their weakness and the situation under it. He said, "We completely changed the theory of government which had existed in the world up to that time—that is, that all political power rests in the people. That government is organized for the purpose of securing the natural rights of man, the constitution is really a legislative act of the people, hence coming from the highest power in the land. It is the supreme law of the land."

COURT GIVES OPINION

TULSA, Okla., Sept. 20 (AP)—A decision today by District Judge A. C. Hunt in the protracted legal controversy over the police power in Tulsa county was acclaimed a victory by all parties. Three men convicted of floggings and held by the military as witnesses under a stay of execution by Governor J. C. Walton were left in the jurisdiction of Adjutant General B. H. Markham, but Judge Hunt, in delivering his opinion, declared that "the right of habeas corpus has not been suspended in Oklahoma." The court dismissed a petition for writ of habeas corpus, in behalf of Ben and Grover Sikes and Earl Sack, convicted and sentenced to two years in the penitentiary for participation in the whipping of a farmer, but in doing so held that the courts retained full power, including the right to grant habeas corpus during the existence of state-wide martial law.

Ruleing that the detention of the three prisoners by the military was neither "illegal nor unauthorized," the court also declared that "the right of habeas corpus cannot be suspended." He added he believed Governor Walton's proclamation of martial law was not justified. The three men were released from military custody tonight. "I system and occasionally expressed the fear that our experience as a self-governing people will fail. But if you teach the young men and young women in our educational institutions and the boys and girls in our schools that the basic principle of government as embodied in the constitution is the natural or God-given rights of man our government will last until every Red, every Bolshevik and every Socialist has disappeared from the earth."

SOCIETY

Edited by Mrs. E. B. Williams Telephone 396

Mrs. C. A. Miller entertained three tables of players at bridge Tuesday evening, complimentary to Mrs. Crawford McManis, who is leaving today for Long Beach, Cal. to join her husband. Mrs. McManis received a guest favor, and honors for high score went to Miss Teresa Hynes. Refreshments were served after the game. Those present were some of the intimate friends of the guest of honor.

Mrs. A. W. Ostrom was hostess to the Harmony club at a one o'clock luncheon Thursday at her home in Buhl. The usual games of bridge were played, Mrs. H. P. Barger winning the prize. Mrs. Ernest Claudia of Long Beach, Cal., was a guest, and eight members motored out for this pleasant meeting.

Mrs. James Denny entertained the members of the Optimist club at her home on Fourth avenue last Wednesday afternoon. During the business meeting Mrs. Harold Irvine was elected to membership. Needlework and conversation occupied the remainder of the afternoon and the hostess served dainty refreshments.

The Business and Professional Women have issued invitations to the teachers in the Twin Falls schools for an "at home" next Sunday afternoon from 3 to 5 at their club rooms.

The Episcopal Guild met in the social room at the Parish hall Thursday afternoon and spent the time sewing for their fall bazaar. It was decided to hold an all-day meeting next Thursday in the same place.

The Mountain View club met Wednesday afternoon at the home of Mrs. Anna Greene. Eleven members and two guests enjoyed the recreation provided. Delicious refreshments were served by the hostess. Because of the busy season this club will omit their meetings until October 10, at which time Mrs. Esther Hanlon will be hostess.

The Woman's Foreign Missionary society of the Methodist church held their last meeting for the year in the church parlors Thursday afternoon. Mrs. J. M. Wall was in charge of the devotional. Election of officers for the coming year, which begins in October, was held with the following results:

President, Mrs. E. H. Beltz; first vice president, Mrs. M. L. Haviland; second vice president, Mrs. Carlyle Pickett; third vice president, Mrs. Florence Brown; recording secretary, Mrs. William Baker; corresponding secretary, Mrs. M. S. Hoover; treasurer, Mrs. J. L. Personius; counselor for young people's work, Mrs. Joseph Blake; supervisor for junior work, Mrs. M. M. Moore; secretary of extension work, Mrs. Moses Stearns.

The treasurer reported more than \$1000 in receipts for the year. Mrs. G. E. Duke had charge of the program, which was on Malayan and Philippine islands. Miss Mildred Elrod rendered an instrumental number, "Sunday Morning Chimes." Mrs. C. D. Weaver was hostess for the afternoon, her assistants being Mrs. T. F. Warner, Mrs. U. G. Stevens, Mrs. R. D. Stover, E. P. Laubenthal, Clarence Young, J. P. Herron and Charles P. Werthammer. These ladies served refreshments and the room was artistically decorated with a profusion of flowers and dahlia.

CATHOLIC WOMEN NAME CONVENTION DELEGATES

Representation at State Convention Is Chosen at Open Meeting of Local Organization; Program Features

Delegates and alternates to represent the Catholic Women's league of Twin Falls at a state convention to be held in Boise, October 5th, were nominated at a meeting of the local organization in the business women's club rooms Thursday afternoon. Delegates named were Mrs. Patrick Wynn, Mrs. Frank Wagner and Mrs. Donald McLean; alternates, Mrs. O. A. Schwartz, Mrs. W. S. Decker and Mrs. George Wallace.

Members of the local organization who also are officers of the state organization, and who will attend the convention in that capacity, are Mrs. E. M. Wolfe, state president; Mrs. T. C. Macauley, state secretary; Mrs. A. J. Finke, state corresponding secretary.

Thursday's session of the local organization, which was an open meeting, was featured by an address by the Rev. Father Koyser on the motto of the organization, "Faith and Charity," and by a musical program by Ildor Friedman, violinist, accompanied by Eugene Ahern.

At the close of the business session tea was poured from two silver urns by Mrs. E. M. Wolfe and Mrs. Patrick Wynn.

The committee in charge of arrangements for the meeting was composed of Mrs. Wolfe, Mrs. Wynn, Mrs. Donald McLean, Mrs. A. J. Finke, Mrs. Frank Wagner, Mrs. O. A. Schwartz and Mrs. H. B. Sherman.

LODGE MEN AND WOMEN ENJOY SOCIAL AFFAIR

Entertainment for Odd Fellows and Rebekahs Proves Outstanding Event in Fraternal Circles of District

In point both of attendance and interest, an entertainment for members of the Odd Fellows and Rebekah lodges given Thursday evening in Odd Fellows hall here was one of the outstanding events of the lodge year.

Odd Fellows and Rebekah lodges at Buhl, Filer, Kimberly and Jerome were represented by large delegations.

A program of music, readings and vaudeville was followed by dancing, refreshments being served at the conclusion of the program.

The initiation of "Billy Hunter," a real live goat that is traveling from Egypt to Moscow, Idaho, and visiting Odd Fellows lodges on route, according to lodgemen in charge of the affair, was an amusing feature of the entertainment program. Other numbers included a violin solo by Don McClain; reading, "The Odd Fellows Review," by M. H. Pope; vaudeville turn by Mr. Morrison, appearing this week at the Idaho theater; solos by Miss Oregotta Murray and Miss Veronias Murray, and a duet by the Misses Murray, accompanied by Miss Emily Huntman.

THE WORKMAN'S FRIEND: Real progress is indicated in the appeal made by Samuel Compers for industrial workers to welcome the adoption of new labor-saving machinery...

Ever since the invention of the steam engine and the beginning of the industrial era, labor has fought labor-saving devices on principle, believing that the machine injured the manual worker by taking away his work.

He has come to see, along with the more intelligent of the class he represents, the economic truth that any displacement of men by machines is always temporary...

Machinery, multiplying production, also multiplies work, with the industrial system gathering speed and complexity and demanding more and more men to operate the machines.

It will be a fortunate day for everybody when this truth is universally accepted.

THIRTY EXPANSION: One state announces proudly that seventeen of her communities have recently spent an average of nearly four million dollars each on such improvements as good roads, office buildings, hospitals, hotels, churches, waterworks, streets, banks, sawmills, etc.

There are two sorts of expansion. That based on actual needs and soundly financed is good. The other sort, gone into heedlessly and financed foolishly, represents extravagance for which taxpayers must pay dearly.

Yet public thrift and foresight are probably quite as attainable as the same virtues in private life. It is encouraging to note that just as family budgets are gaining in favor and successful use, so are public budgets.

HEALTH AND ACCIDENTS: There may seem at first to be little connection between a worker's health, habits and diet and his safety from accidents while at work.

A factory inspector points out that many industrial accidents are attributable to the worker's fatigue.

Fatigue may be caused by working conditions—poor light, poor ventilation, defective equipment—and in such cases the conditions need to be changed.

There may seem at first to be little connection between a worker's health, habits and diet and his safety from accidents while at work.

Fatigue may be caused by working conditions—poor light, poor ventilation, defective equipment—and in such cases the conditions need to be changed.

So the doctrine of health, as important in every phase of an individual's life and happiness, grows.

begin to receive when your salary begins to 'vanish.' 'Oh, no!' said Jennie. 'I've received much more than that now! You don't know how proud I feel. So many nice men I never knew before, and all my old friends like you working for me in the convention and at the polls, just as if I amounted to something.'

(Continued.)

The women were rather stampeded by this onslaught of the irregular troops—especially Mrs. Bronson. She felt a flutter of pride in her son, but it was quickly smothered with a motherly desire to spank him.

"Don't bother, Jim," said Mrs. Bronson. "You won't be teaching the Woodruff school that long."

"I reckon I may be making a mistake to say anything," said he, "but I'll tell it straight to you, as you're a pore; but I must speak out for Mr. Jim! I must! Don't turn him out, folks, for he's done me for us than any one else in the world!"

CHAPTER VIII

Jennie Arranges a Christmas Party. Miss Jennie Woodruff of the Woodruff district was a sensible country girl. Being sensible, she tried to avoid unpleasantness.

"Don't you think father is lovely?" said she. "He is going to let me use the runabout when I visit the school."

"I don't know about that," said the colonel, smiling. "I begin to think that Jim is a Brown Mouse. I've told you about the Brown Mouse, haven't I?"

"Napoleon Bonaparte was a Brown Mouse," said the colonel. "So was George Washington, and so was Peter the Great. Whenever a Brown Mouse appears he changes things in a little way or a big way."

"For the better, always!" asked Jennie. "No," said the colonel. "The Brown Mouse may throw back to slant-headed savagery. But Jim... sometimes I think Jim is the kind of Mendelian segregation out of which we get Franklins and Edisons and their sort. You may get some good ideas out of Jim. Let us have them here for Christmas, by all means."

There is no doubt that on Christmas day Jennie-Woodruff was justified in thinking that they were a queer couple. They weren't like the Woodruffs, at all. They were of a different pattern.

THE MARKETS

STRONG CANADIAN PRICE AFFECTS U. S. MARKETS

Wheat Scores Material Advance Largely as Result of Better Quotations on Winnipeg Offerings

CHICAGO, Sept. 20 (AP)—Wheat scored a material fresh advance in price here today, largely as a result of the fact that the Winnipeg market was strong notwithstanding big normal deliveries. Chicago closing quotation went unaltered, 3 1/4 to 1 1/4 net higher, with December \$1.03 3/4 to 7 1/2 to 1.02 3/4, and May \$1.09 1/4. Corn finished 7 7/8 to 1 3/8 up, oats at 1 1/8 to 1 1/4 net, and provisions varying from 2c decline to a rise of 12 cents.

Quinnato's report, which the wheat market here has shown of late against selling pressure gave bulls an initial advantage that was enhanced by talk of an early settlement of difficulties between France and Germany and the gossip about Washington plans for farm relief measures.

Reports of snow and rain in the Canadian northwest tended also to help, but the chief focus of attention throughout the day was the evident upward tendency of Winnipeg quotations despite the fact that Canadian farmers were delivering wheat to country stations at the rate of about five million bushels every 24 hours, a total considerably more than was the case a year ago.

It was explained that so far the huge deliveries of wheat in Canada had proved to be no burden because, to a large extent, the growers were retaining ownership by taking storage tickets. In addition, much of the wheat delivered in Canada was said to be to apply on previous sales unfilled owing to the smallness of the Canadian oil crop crop-over. On the other hand independent strength of the corn market there was also more or less effective as a stimulus to wheat values.

TWIN FALLS MARKETS

These prices are obtained daily at 7 o'clock in the afternoon and are intended to cover only the regular dealers for short periods offer more than the quoted price no effort is made to include such quotations. Quotations are offered merely to aid in the purchase and should not be accepted as reflecting extremes of either high or low prices.

Sugar Takes Another Jump. Reports from wholesale houses advise a raise of 25 cents the hundred to take effect September 21.

Potato Market Stronger. The local potato market is booming around like a cork, and local buyers are paying a nickel more yesterday than they day before.

Green peas, confided beans, was beans and late roasting ears of good quality are offered at the local stores.

RETAIL MARKETS

Falls to Producers. The Twin Falls markets yesterday were as follows:
