WORLD'S NEEDS ARE OUTLINED BY PRESIDENT

First Public Utterance of Coolidge Deals with "Practical Idealism"; Gives High Praise to Red Cross

WASHINGTON, Sept. 24 (AP)—A deep faith in spiritual things, tempered by a hard common sense adapted to the needs of the world, is the kind of practical idealism that is represented in the history of America, President Coolidge said today in an address before the annual convention of the American Red Cross.

The idealism of which he spoke, the president said, was illustrated by the men who went to the rescue of Europe when their own liberty and the liberty of the world was in peril, but who, after victory was secured, retired from the field, "unencumbered by spoils, independent, unattached and unbought."

President Coolidge's address, his first formal public utterance, was devoted to praise of the qualities which have made the Red Cross a success. Chief among these, he said, was its practical idealism.

The American Red Cross is a modern application of an ancient principle, the president said. "The idea of charity is very old. It is included in the teaching of the earliest fathers. It is one of the fundamental doctrines of our Bible. It is a spiritual conception of human relationship. It is life in obedience to the things that are unseen."

Relates History. "Throughout history men have been prone to put their trust in the things and have failed. They have sought for power through material resources alone. They have thought it might be gained by the accumulation of great riches. They have attempted to rely upon the naked forces of armies and navies, conquering by might and not by merit. They have sought the ultimate rulers of mankind. They are necessary for security, as police and criminal courts, and bolts and bars are necessary. They are adjuncts of peace. But they are negative forces. They do not create, they resist. They are not the ultimate force in the world. They do not make the final determination of men. Over them all is a higher power."

Moral Force Pre-Eminent. "Mankind has not yet, cannot yet, discard the use of these forces. It is significant, however, that the great nations have at last agreed upon their limitation. But it is even more significant that civilization is coming to rely more and more upon moral force. It is because the Red Cross has been a practical application of that principle that it has been such a tremendous success."

PACT REFUSAL BRINGS GLOOM

Foreign Nations Disappointed Over Negative Action of U. S. on Arms Treaty

GENEVA, Sept. 24 (AP)—"Negative" and "melancholic" were the words employed by delegates at the meeting of the league commission on disarmament today, in referring to a recent communication from the United States government, explaining the reasons why it cannot adhere to the convention for the control of traffic in arms. This convention, known as the treaty of St. Germaine, has been ratified by many countries, and the league asked the United States whether it could also subscribe. When the question was raised today, Lord Robert Cecil remarked that the commission had received a letter from the United States government, which he was sorry to say, was negative in character.

Farm Wagon Serves as Hearse for Man Who Left \$500,000

CARROLL, Iowa, Sept. 24 (AP)—Drawn by a team of horses, a regular farm wagon carried the body of Ethan Akin, 70 years old, who left an estate valued at more than \$500,000 to its final resting place in a cemetery here today. The funeral was conducted without prayer, hymn or sermon, as the will left by the man expressly stipulated that there be no services of any kind and that his body be taken to the cemetery by a regular farm wagon drawn by a team of horses.

ARIZONA BLOCKS COLORADO PACT

Development Within State Is Urged as Alternative to Seven-State Project

WASHINGTON, Sept. 24 (AP)—Development of the Arizona river within Arizona by a state power bond was suggested today by a committee headed by Governor G. H. P. Hunt of Arizona, as an alternative for the Colorado pact which seven states were to have agreed upon the utilization of the great river.

Arizona will never ratify the pact in its present form, the committee asserted, but would be willing to join in an effort to reach a new agreement which would adequately protect her rights. At the same time, the commission was urged not to hold up development projects while waiting for consummation of the agreement.

Arizona desires and absolutely requires development of the Colorado river," the brief filed by the committee said, "but resents the attempted coercion which demands she as a sovereign state, surrender unnecessarily, rights she is entitled to preserve."

"We propose the Arizona state power." (Continued on Page Four)

REVOLUTION IN BULGARIA GAINS RAPID HEADWAY

Entire Country Reported in Hands of Rebels; Communications Cut, Capitol Blocked; Few Sectors Quiet

LONDON, Sept. 24 (AP)—The revolution in Bulgaria has burst into full flame and the whole country is in the hands of rebels, according to dispatch to the Morning Post from Belgrade, dated today.

The dispatch adds that Sofia is blockaded. King Boris has offered to resign but his offer has not been accepted. The insurgents are said to have destroyed all means of communication and the government has lost connection with the provinces. The situation of the capital is critical. It is blockaded both in a military and economic sense; is short of provisions and is threatened with attack.

The dispatch to the Post says Premier Zankoff is resigning the government and reinforcing it with adherents of General Theodor Alexandroff, the Macedonian leader, who has become minister of police and holds the whole city under military dictatorship.

Bulgarian communists have held up the Orient express near the Turkish frontier, says a dispatch to the Exchange Telegraph from Constantinople. The dispatch adds that telegraph communication is interrupted.

SOFIA, Sept. 24 (AP)—A semi-official statement issued this evening, says that the communist movement has been suppressed at two points in southern Bulgaria and that peace has been restored. Several centers of communist disaffection still exist in the north, the statement adds, but attempts to create an uprising have been feebly supported and have not succeeded.

UTAH WOMAN DIES SALT LAKE, Sept. 24 (AP)—Mrs. Ruth Priest Iglehart, widow of William Iglehart, formerly prominent Salt Lake newspaper man, died early this morning at the Holy Cross hospital. Death resulted from complications following an operation about ten days ago.

Airplane Vanguard Reaches Scene of International Race

ST. LOUIS, Sept. 24 (AP)—The vanguard of more than 100 army, navy and civilian airplanes from all parts of the country which are entered in the international air races to be held here October 1 to 3 began arriving today. Twelve Thomas Moore pursuit planes, flying in battle formation, arrived from Selfridge field, near Detroit, together with the giant Fokker monoplane, T-2.

It was announced tonight that contestants in the various events of the races would begin trial spins over the 30 mile triangular course at St. Louis field about the middle of the week.

COOLIDGE URGES SAFETY OF LIFE

President Asks Workers and Operators to Co-operate to Avoid Mine Hazards

MILWAUKEE, Wis., Sept. 24 (AP)—Safety, as the common meeting ground on which all who are engaged in mining can gather with the single purpose of saving life, was the text of a message from President Calvin Coolidge read at the opening meeting of the twenty-sixth annual convention of the American Mining Congress here tonight.

The president urged mine workers, mine operators and state and federal officers work together to bring about safety in mining. He expressed himself as pleased by the magnitude attained by the mining industry in the United States and with the favorable place which American mining holds with reference to production with the rest of the world.

"The immensity of our mine resources necessarily imposes a duty in behalf of those who engage in the arduous work of extracting metals and minerals from the earth," the message read. "It should be our effort to lead in producing these with the minimum hazard to life. Mining is unavoidably an industry marked by numerous occupational hazards. We must not pay an unnecessary high cost in life and limb for mine products."

"SHOOT TO KILL IF NECESSARY" IS WALTON'S ORDER TO TROOPS

OFFICER TELLS OF SHIPWRECK

Commander of Ill-Fated Destroyer Squadron Takes Entire Blame on Himself

SAN PIERO, Sept. 24 (AP)—A tale of the Honda disaster, told by the destroyer squadron commander who two weeks ago saw seven of his ships impaled on the jagged rocks near Point Arguello and more than a score of his men go down to their death, took up today's session of the naval court of inquiry investigating the wreck.

Captain Edward H. Watson, chief of the seventh squadron, was the commander who told the story and in it he took upon himself the full responsibility for the catastrophe that cost 23 lives and asked that none of the blame be allowed to fall on the shoulders of his able and loyal subordinates against whom he had no complaint to utter and only words of praise to utter.

That the court of inquiry was not entirely satisfied with Captain Watson's testimony, taking upon himself all of the responsibility for loss of life and ships, however, began to be twilight late today when Admiral William S. French, presiding member of the investigating body, asked him to state whether he had ever objected to his division commanders asking independently for radio compass bearing with which to check their squadron commander's navigation, or whether he had ever objected to their taking soundings at crucial points on a cruise for the purpose of making such that the squadron flagship was right in its dead reckoning.

To these questions Captain Watson answered that he had not "ever objected to such independent soundings or requests for bearings and that he did not object to his division commander's checking his navigation for errors or reporting such errors to him if he discovered them."

WESTERN REPUBLICANS TO CONVENE AT DENVER

Members of National Committee from Six States to Meet October 11; Will Consider Party Plans

WASHINGTON, Sept. 24 (AP)—Members of the republican national committee from Montana, Colorado, Wyoming, Utah, Arizona and New Mexico, and chairmen of the republican committees in those states will hold a conference in Denver October 11.

Chairman Adams of the national committee announced today he had issued a call for the meeting and said the conference would be similar to ones already held in Boston, Chicago and Cincinnati.

MAN'S IDENTITY IS SOUGHT

Sheriff at Pocatello Expresses Belief That Mystery Surrounding Discovery of Body Will Soon Be Cleared

POCATELLO, Sept. 24 (AP)—The identity of the man who was found murdered here Saturday morning may be established within the next 24 hours, Deputy Sheriff H. W. Henderson announced tonight. A receipt from the Western Farmer, a Portland, Ore., publication, made out to Mike Ross, was found in one pocket and is the clue which officers think will lead to identification.

TWO KILLED WHEN SHIP TANKS BURN

OAKLAND, Cal., Sept. 24 (AP)—Two pumpmen were killed and thousands of dollars of damage was done in an explosion and fire at the pump room of the Associated Oil company's tank steamer Alton Anderson at the Moore Drydock company's plant on the Oakland estuary. The vessel had just left the drydock.

ACCUSED OF MURDER OGDEN, Sept. 24 (AP)—A few minutes after the body of Gilmer Keyes was found in the railroad yards at Evanston, Wyo., Sunday afternoon, Manuel Lopez, 28, had been pursued, cornered and arrested by posse officers, according to word received here. Lopez is accused of the shooting of Keyes. Both are Mexican laborers.

GRAIN EXPORTS GAIN WASHINGTON, Sept. 24 (AP)—Grain exports from the United States last week amounted to 4,602,000 bushels, compared with 3,399,000 the week previous.

Commands Guards to Prevent Assemblage

All Citizens Soldiers of Oklahoma Held in Reserve if Needed to Stop Session of State Legislature

OKLAHOMA CITY, Sept. 24—Adjutant General B. H. Markham tonight was ordered by Governor J. C. Walton to "use all force of arms necessary" to prevent the session of the lower house of the Oklahoma legislature called for noon Wednesday.

All citizen soldiers of the state between the ages of 21 and 45 were directed to hold themselves in readiness "with such arms as they possess or can obtain to come to the assistance of the sovereign state of Oklahoma when ordered to do so by the governor."

With issuance of the military order the executive's determination to prevent the house session which has been called by his legislative opponents to consider his impeachment.

May Use All Arms. The adjutant general was ordered to use all military forces of the state if necessary to disperse the assembly. Governor Walton reiterated his charge that the proposed meeting would be an unlawful assembly, "dominated and controlled by the so-called inviolable empire, commonly known as the Ku Klux Klan."

He declared that since the K. K. K. has proclaimed an enemy of the state of Oklahoma—under his martial law proclamation of Sept. 15, the session therefore would be in defiance of the laws of the state and an attempt to break the peace.

As a precaution against any attempt of the legislators to meet elsewhere should they be barred from the house chamber at the state capital, the governor also directed Adjutant General Markham to disperse the meeting at "any other time or place in the state of Oklahoma."

"The troops will be ordered to shoot to kill if necessary to prevent the assembly," Governor Walton told newspaper men. "I hope, however, the necessary conciliatory measures will be necessary."

"All male citizens of the state" between the ages named are meant in his order to citizen soldiers to be ready for duty, Governor Walton explained. The governor denied he intended taking action in the federal court to determine the legal status of the proposed meeting.

He likewise denied that he had (Continued on Page Five)

FIVE KILLED IN BALLOON RACE

U. S. Army Flier Among Victims; Six Machines Destroyed or Damaged

BRUSSELS, Sept. 24 (AP)—The international balloon race for the Gordon Bennett cup developed into an international disaster. Already five men have lost their lives; one is believed to be fatally injured, and no fewer than six balloons were destroyed or badly damaged.

Lieutenant Olmsted and Supt. of the United States army 8-6 are among those who perished, but the United States navy A-6629 made a safe landing at Patten, Holland.

Some of the contestants have not been heard from; they may have escaped the fury of the storm, or met the same fate as the British balloon Margaret, the latest to be reported, which fell into the sea off Denmark. The casualty list is as follows:—United States Army 8-6, struck by lightning and burned; Lieutenants Olmsted and Supt. killed.

The Spanish balloon Pinar, caught fire from lightning and fell near Hoy-Goor; pilot Garcia killed and his assistant Gomez Guillamon, badly injured.

The Geneva (Swiss) struck by lightning near Beverice and burned in mid-air. Her pilot, Von Graunau, and Weyna killed. Villa de Brunelleschi, Belgian, damaged before the start and withdrawn. Margaret, British, fell into the sea near Skagen, Denmark. Pilots Allen and Berry saved. Saint Louis, American, burst before start.

GERMANS WILL QUIT POLICY OF RESISTANCE

Action Decided Upon by Cabinet and Chancellor Calls for Restoration Order Along the Ruhr

BERLIN, Sept. 24 (AP)—Chancellor Stresemann announced tonight that the government had decided to abandon passive resistance immediately and unconditionally.

In his statement the chancellor announced that the government had decided to abandon the policy of passive resistance in the Ruhr and Rhineland and had ordered resumption of activities in all lines at once. The government's action is not made conditional on the previous return of deportees or the release of imprisoned nationals, these and other disputed points being left to subsequent negotiations with the occupying powers.

PARIS, Sept. 24 (AP)—The German cabinet has decided to end passive resistance in the Ruhr, according to a dispatch from Berlin. The decision will be submitted to the various German premiers, all of whom are expected to concur except the Bavarian.

The chancellor urged the employers to resume operations at their plants and mines immediately and to adopt uniformity so as to avoid independent action which might be detrimental to the restoration of economic normalcy in the Ruhr and Rhineland.

MUSCLE SHOALS SCHEME UPSET

Ford Must Revise Offer on Account of Sale of Gorgas Plant for \$3,500,000

WASHINGTON, Sept. 24 (AP)—Henry Ford's much controverted offer to buy Muscle Shoals was wholly upset today when the government sold to the Alabama Power company the Gorgas steam plant—a part of the property—at a price of approximately \$3,500,000.

This development forces a revised offer from Mr. Ford if he wishes to bid for the remainder of the project. He previously had informed congress that unless the Gorgas plant were included in the sale his bid did not hold.

Political observers who have professed to see some connection between Mr. Ford's offer for Muscle Shoals and the presidential boom which bears the manufacturer's name predicted today that the next development would be reverberations in the coming session of congress, which possibly might develop into something bearing a relation to the coming pre-convention campaign.

WILL ASK GRAND JURY TO HEAR STOKES CASE

CHICAGO, Sept. 24 (AP)—All the evidence uncovered in the investigation of charges by Mrs. Helen Elwood Stokes, that her husband, W. E. D. Stokes, wealthy New York hotel owner, had attempted to purchase affidavits defaming her character, will be placed before Thomas Marshall, assistant state's attorney, and indictment expert with recommendations that the entire matter be placed before the grand jury "as soon as possible." Charles S. Wharton, assistant state's attorney, in charge of the investigation, announced tonight.

Mr. Wharton made the announcement after a night and day of almost steady questioning of persons who said they had been asked to make affidavits that Mrs. Stokes was an inmate of a notorious club of 20 years ago. As a result of this questioning, he declared he has obtained affidavits from several negroes, who made affidavits that they did not even know what was on the papers to which they affixed their signatures. Others, he said, declared they never seen Mrs. Stokes.

Judges Selected for Bok \$100,000 Peace Award

The seven judges who will decide the \$100,000 award offered by Edward W. Bok, Philadelphia publicist and philanthropist, for a "practicable plan" whereby the United States may cooperate with other nations to prevent war have been announced in Washington. They are: Colonel Edward M. House,

American member of the supreme war council at Versailles; General James Guthrie Harbord, chief of staff of the A. E. F. in France and now president of the Radio Corporation of America; Elihu Root, president of the Wadsworth college since 1911; Roscoe Pound, dean of Harvard law school

since 1916; Elihu Root, winner of the Nobel peace prize in 1912, member of the permanent court of arbitration at The Hague since 1910 and famous lawyer; William Allen White, editor and novelist; and Brand Whitlock, former minister to Belgium during the world war.

The Screen

"THE COVERED WAGON." "The Covered Wagon," acclaimed one of the greatest of all screen spectacles, recently adapted from the late Emerson Hough's story of the Oregon Trail, is being presented in first class theaters in New York, Boston, Chicago, Los Angeles, and a company equally equipped with an orchestra of 25, stage production and effects, cameramen, machines and scenic inventions has been organized to tour the Pacific northwest. The early presentation in this territory is out of courtesy to those hardy pioneers who blazed the trail westwards in the early '40s.

In the screen version of "The Covered Wagon" the adapters have done the unusual, that is, they have faithfully followed the story in almost every detail and the result has been that the motion picture has taken precedence over the novel. The thrilling tale of the pioneers forging the Platte river is said to be a masterpiece of motion picture photography. The love story of Molly Wingate and Will Dunton is depicted with rare beauty and the prairie fire, Indian attack and the first arrival of the caravan in Oregon are other scenes of thrilling intensity. This notable attraction, accompanied by a large symphony orchestra comes to the favoring theater soon.

"THE PROBATION WIFE." A picture with a plot, characters who live, a star who is the best that can be had, excellent photography and splendid direction—all make up Norma Talmadge's picture, "The Probation Wife," in which she is presented by Joseph M. Schenck.

Ennion's Idea

TWENTY centuries ago a Sidonian craftsman inscribed on a drinking glass he had made these words: "Made by Ennion, let the buyer remember." This is said to be the first advertisement.

Today, every manufacturer who is really proud of his product, marks it, that all may know and identify his work. Then, by advertising, he throws on both product and mark the search-light of public attention.

Only good goods, fairly priced, can flourish in the light of advertising. *The goods must be as advertised.* Otherwise, they lose caste in the buyer's mind. And no business can thrive under the weight of public condemnation.

That is why a merchant or manufacturer places the reputation of his business at stake every time he advertises. He spends his money to invite your consideration of his wares, and then, perforce, must leave the final decision to you.

That is why it pays to buy advertised goods.

PUBLISHERS GAINING IN BATTLE WITH PRESSMEN

International Union Executive Assers Workers Are Anxious to Take the Places of Strikers

NEW YORK, Sept. 24.—Publishers' association officials arranged tonight to combine the strike of New York's combined morning newspaper to 16 pages tomorrow. As the striking pressmen remained adamant, George L. Berry, president of the international union, asserted union pressmen from other cities were arriving and on the way here for a "hearty response" to his appeal for men to fill the vacancies.

Firpo's total earnings for seven fights here amounted to not less than \$203,625, according to McCormick. The Argentine, it is alleged, received \$125 for his first fight in this country with Sailor Midget, and \$125,000 for the Dempsey match. Illustrating the rapid rise in Firpo's drawing powers, the complaint points out that he received \$1,000 and \$5,500, respectively, for knocking out Joe McCann and Italian Jack Herman in 1922; \$9,000 for his victory over Bill Brennan last March; \$15,000 for defeating Zack McAuliffe in May, and \$50,000 as big share of the spoils at Boyle's Thirty Acres, where he vanquished Jess Willard in July.

Action of the club was taken on a motion offered by Wendell Allen, who expressed confidence that such an investigation would vindicate the course of Twin Falls school officials involved. In accordance with the motion, Shad L. Hedgin, Twin Falls mayor, declared it the duty of Twin Falls citizens to see that Twin Falls schools were properly conducted; to correct wrong when it had been shown that wrong had been done, and to defend the school and its administration when they were right.

Because practice has not progressed sufficiently to permit an estimate of the results of the present season, it is necessary to consider the situation from the standpoint of numbers only. It is reasonable to assume, however, that in such an array, representing all the larger high schools of the state, at least one good team of players can be found. Coach Dave MacMillan, who gave Idaho her freshman football talent last year, is back at the wheel and has outlined a practice program which will perfect players who have come from high schools and develop those who have not had previous experience.

All is quiet at the Rotary camp. Training has been tapered off to prevent over-training. The cold weather dampened the activities and only light secret practice will be held from now on. The day of the game has not been set as yet, but probably will be Wednesday.

After the automobile in which the bandits were driving toward Denver broke down, the three holdups were rumped in a gun fight when they attempted to steal a second automobile from the garage of Henry W. Fourstein, a stockman living on the outskirts of Denver. Neither Fourstein nor any of the bandits was injured, but the latter, in beating a retreat, dropped a bag containing part of the stolen currency.

It was expected that editorials and increased department store advertising would appear tomorrow, after a limited amount of display space reappeared in the combined papers of this morning and afternoon. A publishers' committee was appointed to see that sufficient news print paper got to the various plants tonight for the biggest edition since the strike began a week ago.

BOWLING SEASON OPENED

Old-Timers on Hand when Alleys Boopen, Preparing for League Organization Soon to Be Formed

The official bowling season opened Monday night at the Twin Falls bowling alley. The whole place has been renovated, the alleys smoother up and everything made ready for a big season. A few of the old timers were out Monday night hammering up and getting ready for the league which will probably be organized within a short time.

Last year's Idaho freshman 11 enjoyed the glory of a highly successful season, which clinched the northwest title. During the six games the Vandal yearlings were scored on but once.

The success of the 1922 crew, coupled with the encouraging prospects for the fresh outfit now in the making is having its reaction. The athletic department finds that it is mighty tough to get good enough to make a promising outfit.

er corporation," which will take over the power development of the canyon of Colorado within the state of Arizona. We propose a management that will be non-partisan and efficient, actuated by the best interests of the power users and all concerned.

Conflicting statements came throughout the day from officials of the international headquarters of the local union, which was appointed to after the international had held the strike illegal. Spokesmen for the strikers insisted no union men from other cities had gone to work on affected papers, asserting any man who had been added to the depleted processing forces were neither machinists nor members of a pressmen's union. They said their own ranks remained as solid as they were Friday, when the publishers announced that "a few strikers had returned to work."

SOCIETY

Edited by Mrs. E. B. Williams Telephone 396

Mrs. W. F. Pike and Mrs. M. W. Kunkely were hostesses at a 9 o'clock breakfast Monday morning at their home on Tenth avenue east. A bowl of pink asters formed the centerpiece for the table. Following breakfast luncheon was enjoyed. Mrs. Ernest White winning the prize for high score, Mrs. George D. Alken received the consolation and Mrs. B. A. Hamilton was presented with a guest prize. The guests were Mesdames Wilbur Hill, W. Orr Chapman, E. J. Osterlund, Arthur J. Feagley, H. O. Miller, L. T. Wright, Burton B. Morse, Ernest White, M. J. Sweeley, H. W. Clouchik, P. J. Costello, J. M. Maxwell, Hortense Perrine, B. A. Hamilton of Hollywood, Cal., and Miss Jane Maxwell.

On Monday afternoon Mrs. Kunkely and Mrs. Pike entertained with a Kensington. A clever guessing game was part of the amusement, the prize for the greatest number of correct answers being won by Mrs. L. E. Johnson, and consolation by Mrs. James Fitzgerald. Mrs. D. C. Weeks who was an out-of-town guest, received a dainty favor. The guest list included Mesdames T. Q. Gracy, Stanley Gough, F. T. Harter, Herman Delse, O. P. Duvall, P. R. Taber, H. J. Wall, P. H. Smith, Hayes James Fitzgerald, J. B. Holwell, Kennedy Packard, J. A. Sinclair, F. L. Stophan, W. Trentowakey, J. W. Chapman, A. L. Swim, C. M. McElwain, C. D. Weaver, Stuart Taylor, Jr., C. A. Enes, Mary Y. Norton, W. P. Guthrie, Vishner Gamble, Horton C. Mills, D. F. Sweet, D. C. Weeks of Tallahassee, N. J., and Dr. Emma Crossland.

Elaborate preparations have been made for the Twentieth Century club reception which will be held this afternoon from 2:30 to 5 o'clock in the Lavering pavilion. In the evening the music for the ball will begin promptly at 8 o'clock and will be furnished by the Bennett orchestra. The hall has been beautifully decorated for the occasion under the chairmanship of Mrs. H. C. Gettler, with a corps of able assistants.

One of the most successful and enjoyable social functions of the fall season was the reception and tea given in honor of the teachers in the city schools by the Business and Professional Women in their club rooms on Sunday afternoon. The shades were drawn and the beautiful decorations of fall flowers under the softly shaded lights formed a lovely picture. The guests, numbering about 100 were greeted at the door by Miss Emma Post, county superintendent of schools. In the receiving line stood the president of the club,

Mrs. Mary Dolbous; vice president, Mrs. A. J. Fink; treasurer, Miss Myrtle Anderson; secretary, Miss Ina Baker, and Miss Ada Walkington and Miss Blanche Hill, members of the executive board. The ten table had for a centerpiece a crystal basket of asters and crystal candlesticks hold yellow candles. Mrs. H. J. Young and Miss Minnie Farrar poured the first hour and Mrs. A. J. Fink and Miss Blanche Hill the second hour. The program consisted of an address of welcome by President Mrs. Dolbous, two vocal numbers by Miss Lucille White, accompanied by Mrs. D. L. Alexander, a piano duet by Miss Nellie Nelson and Miss Jeroma Krasnek, and two vocal selections by Miss Ogoretta Murra. Miss Ada Walkington was general chairman, Miss Charlotte Pond had the program in charge, and Mrs. Emma Warren was chairman of the tea table.

Mrs. Charles McPhee of Salt Lake, who is visiting her parents, Mr. and Mrs. L. I. Benoit, and Mrs. Richard Wilson of Seattle, who is the guest of her parents, Mr. and Mrs. Charles L. West, moved to Twin Falls to spend the day with Mrs. O. W. Ostrom.

Mrs. J. J. Lockie gave a baby party on Saturday afternoon to celebrate the first birthday anniversary of her little daughter, Betty Lou. The birthday gifts were presented by Mrs. J. J. Lockie. Refreshments were served to the following well known mothers: Jack Miller, Pauline and Phyllis Polard, George and Mary Jean Shipman, Bobby and Billy Wilson, and Molla and Martha Holmes.

Neighbors of Woodcraft, entertained Friday with their first social function of the pre-winter season, which was held in the club rooms of the Business Women's club. The rooms were decorated in fall flowers. Mrs. Jewell Cagle sang several selections, accompanied by Mrs. E. B. Williams. Refreshments were enjoyed throughout the evening, after which a buffet supper was served. Mrs. Ralph Wyllie and Mrs. James Watts were in charge of the entertainment.

Members of the Blue Lakes Boulevard club were entertained at a meeting Friday afternoon of last week at the home of Mrs. Edmondson on Blue Lakes boulevard. Twenty-two members and three guests were present. Business which had accumulated during the summer was disposed of, and arrangements made for a cooked food social to be held the first Saturday in October. The hostess served refreshments.

"It is because of the ideals for which the Red Cross stands that I take large satisfaction in extending a welcome to this convention, and acting as its president and presiding officer. I respect it for what it has done and what it is. I am mindful of its purpose and its origin. This organization had its beginning in the day of Abraham Lincoln. It is representative of the dominant influences of his time. It partakes of his spirit. It shows the way to a larger freedom. Our country could secure no higher commendation, no greater place in history than to have it properly said that the Red Cross is truly American."

PAYETTE BANKERS ENTER PLEAS OF NOT GUILTY

Three Men, Charged in Indictment with Unlawful Handling of Money, to Be Tried at Later Date
BOISE, Sept. 24 (AP)—Pleas of not guilty were entered this afternoon by O. H. Avery, president; C. E. Larson, cashier, and James A. Laurer, director of the Payette National bank, before United States District Judge Deltrich. The date for trial will be set later.
In an indictment returned by a grand jury recently the men are charged with unlawful practices in connection with the bank's money.
ANNOUNCEMENT.
The drama and literature department of the Twentieth Century club will meet with Mrs. M. W. Kunkely, 203 Tenth avenue east, Wednesday afternoon at 2:30.
The M. S. and B. club will meet Wednesday afternoon with Mrs. C. H. Eldred.

sought federal aid in his war on the Ku Klux Klan.
"Whenever the government steps in the issue in the result," the executive asserted, "I would like for them to take over this fight, because it's a bear on my hands, but until they do the state of Oklahoma is fully capable of looking after it."
A majority of the members of the lower house of the Oklahoma legislature were gathered in Oklahoma City tonight, waiting for Wednesday noon, when they expect to face guns and bayonets in their attempt to convene and consider the impeachment of Governor J. C. Walton.
PLAN NO RESISTANCE.
House members will go peacefully to the state house and attempt to assemble, offering no resistance in case their way is blocked, declared Representative W. D. McBee, who is in charge of the session plans.
All the troops needed will be on hand to prevent the house from meeting, Governor Walton stated, reticent that an attempt on the part of legislators to convene would constitute an unlawful assembly of Ku Klux Klansmen, which is banned under martial law.
Will Disperse Groups.
Three or more persons constitute a mob within the meaning of Oklahoma statutes and the executive indicated that all groups of "three or more persons gathering around the entrance to the house chamber Wednesday would be dispersed. Whether arrests will be made was not revealed, the matter being in the hands of Adjutant General B. H. Markham, who is maintaining silence as to his plan of action.
The house members do not plan to go to the capital in a body, and in this was seen tonight the possibility that there would be no wholesale dispersion by the military. If the legislators walk singly or by twos to the door of the house chamber, and find their way barred, it is not expected that the military will interfere.
See Walton Victory.
This procedure, it is suggested, would establish, without a collision

ALLEGED ENEMY PATENTS SOLD THROUGH PLOT

Government Files Charges of "Combination, Scheme and Conspiracy" in Transfers to Chemical Foundation

WASHINGTON, Sept. 24 (AP)—The sale of enemy-owned patents to the Chemical Foundation, Inc., by the alien property custodian, was accomplished through a "combination, scheme and conspiracy," the government charges in a brief filed today in the federal district court at Wilmington, Del., in its suit to set aside the sale.
Former Attorney General A. Mitchell Palmer, Francis P. Garvan, former alien property custodian, and now president of the foundation and others are assailed in the brief which is signed by Attorney General Daugherty, Henry W. Anders of Richmond, Va., special assistant to the attorney general, and other government counsel.
The evidence adduced at the trial of the case before Judge Morris of Wilmington some months ago, is reviewed and affidavits quoted at length to support the many contentions of the government, which have:
Questions Authority.
That President Wilson could not delegate to Assistant Secretary of State Polk his authority to order a private sale of alleged enemy property.
That President Wilson's order of February 13, 1920, did not attempt to ratify the orders of Mr. Polk authorizing private sale of the property.
That the sales were invalid because of the "combination of substantially all the prospective purchasers into one organization."
That the sales were invalid because made purposely in such manner as to destroy in whole or in part the value of the property.
That the sale was illegal and void, "on account of the relations of the parties conducting the same to each other and to the subject matter."
"Price Too Small.
That the sales were illegal and void for the reason that "the price paid was arbitrarily arrived at and grossly inadequate."
That the transactions of alleged sale and assignment were unlawful and void, "since in effect they constituted an effort on the part of the alien prop-

erty custodian to confiscate the alien property and to give or donate the same as bounty in the aid of certain private industries."
Calling attention to the fact that the alien property organization became officers of the Chemical Foundation, Inc., the brief says, "no one can read this evidence without reaching the conclusion that the representatives of the dye and chemical industry proposed to foreclose any opposition to this transaction by making the officers and agents of the United States to officers and agents of their prospective corporation."

THE MARKETS

CORN HITS NEW RECORD; WHEAT PRICE IS FIRMER

Reports that Stocks of Old Corn Are Smaller than Usual Brings Stronger Quotations; Market Closes Strong

CHICAGO, Sept. 24 (AP)—Corn today scored new high price records for the season and brought about fresh upsurges in the value of wheat. "Assertions that the stock of old corn was the smallest ever known and that the movement of new corn will be extremely small for some time had a decided bull effect. Wheat closed strong 7-8 to 3-3/4c net higher with December \$1.04 3-4 to 1.04 1/2, and May \$1.03 3-4 to 1.03 7-8. Corn finished 1 1/2 to 1 3-4 up, oats at 3-8 to 3-4c advance and provisions unchanged to 1/2 cents down. Almost as soon as the market was open September delivery of corn jumped about 37 cents, for the first time this season and before the day was ended May delivery had also advanced a new top figure. Scarcity of immediate supplies of corn continued to be acute and this circumstance was emphasized by further reports of frost damage done to the new corn crop. Under such circumstances offerings of wheat were light and the wheat market reflected the upward swing of corn values. The fact that the market at Winnipeg were small in proportion to the large receipts there also was a bullish influence and so too was gossip about likelihood of an increased tariff on wheat imported into the United States. Highest prices of the day were current both for wheat and corn in the final trading, previous declines of corn had been themselves in a pinch and made haste to extricate themselves, but in doing so were forced to bid prices up. At the finish No. 2 yellow corn available for immediate delivery commanded 90 cents a bushel, 1 1/8 cents over September.

TWIN FALLS MARKETS

These prices are obtained daily at 4 o'clock in the afternoon and are intended to cover only the average of prices. When prices are shown for short periods offer more than the quoted price no effort is made to include such quotations. Quotations are offered merely as a guide to producers and shippers who are accepted reflecting extremes of either high or low prices.

Potatoes Off Again. A drop in the spot market in the east caused a slump in price locally and buyers were offering 75 to 80 cents Monday. Wheat and butterfat seem to have settled down to a steady level, there being no change in the two commodities lately.

Beans Are Lower. Beans were quoted at 10 cents a hundred lower Monday than the last of the preceding week. Five dollars being the best offered.

Hogs Take a Drop. The hog market took a decline yesterday, especially in the light weights. A drop of 15 cents being noted. Medium are off 25 cents, while heavy are quoted much the same.

California raisin grapes made their appearance on the local markets today and are selling for 20 cents a pound.

LUKE WHOOSIS

CURIOUS WHAT LOGIC WILL DO

WHEN TWO PEOPLE AGREE SO THEY SHOULD GET ALONG TOGETHER WELL! SHOULDNT THEY?
