

STANDARD OIL NOW DRILLING WILDCAT WELLS

California Subsidiary of Giant Corporation Spending Millions in South America to Forestall Exhaustion

SAN FRANCISCO, Cal., Oct. 19 (AP)—Looking forward to the day when the American petroleum fields will fail to produce oil in sufficient commercial quantities to meet the ever-increasing demands, the Standard Oil company (California) is today drilling wildcat wells in the Philippines, Alaska, Ecuador, Colombia, Argentine, Montana, Texas and California, according to reports issued here by the company's officials. The company is spending millions upon millions of dollars on these wildcat wells, and its oil-searching crews are suffering hardships said to be equal to any pioneering efforts in the history of modern business.

Although the California oil supply today exceeds local demand, this may be no more than a momentary phase, the Standard Oil company officials state, and the quest for new oil fields goes on without cessation. The determination of a world-wide search for new oil fields was made by the Standard several years ago during a critical period when the United States faced an actual petroleum shortage, and the temporary excess of oil will in no way interfere with the well-formulated development plan, officials of the company here assert.

In the Philippines
Since the early part of 1921, almost three years ago, 21 Standard Oil men have been drilling for oil at Bonduo Peninsula, on the island of Luzon, in the Philippines group. For nearly three years these 21 men have been drilling incessantly without producing a drop of oil, but the operations will be continued as insurance against the future, against the day when the supply of old line fields play out.

The pioneer oil-drilling work in the Philippines has been fraught with heart-breaking hardships, involving the building of virgin roads through dense tropical jungle, the hauling of foodstuffs from the mouth of the Pagsanjan river to the Standard Oil camp by carabaos (water buffalo), and the drilling of wells in caving formations which forced the abandonment of the first well after nearly a year's continuous work.

Road building in the tropics, where there is an annual rainfall of 150 inches to control, effort play for engineering ingenuity and persistence, the Standard Oil engineers in the Philippines report. The men were compelled to cut down trees, pull up tree stumps, bridge rivers, only to find their road a quagmire after the first heavy rainfall. In between times the crews were compelled to police the natives, carabao, deer, wild pig, and the roving band of monkeys which infested the virgin forest through which the road was being constructed.

Wireless Used
The drilling site at Bonduo is about 75 miles from the Manila railroad, but the 21 men are kept in touch with the events of the world by wireless. Ty-

phoons, high tides and strong currents which have swept the company's men for launch, California, out to sea, have hampered drilling operations, but the work goes on continuously, with no accidents to mar the record, officials report.

From the intense heat of the tropics to the frozen and barren regions of Alaska is quite a jump, but while Standard crews tell in the tropical sun, other Standard crews are battling the snow, sleet and ice inland from Portage bay, northwest of Kanaak, on the Shelvokof Strait, Alaska.

The big problem facing the Alaska crews was the building of roads to insure adequate transportation facilities for the drilling equipment. Time was required to build roads, and the continual rains during the fall washed out the road work over night, changed the course of streams, destroyed bridges, formed bog-holes in the tundra-covered lowlands, and made the mountain grades slippery and impassable.

When the Standard first rigged out its Alaska outfit it sent in the usual California housing equipment, but with double floor material for the several houses generally making up camp facilities. It was found necessary, however, to consolidate the camp housing into a single building. This combination cookhouse, bunkhouse, etc., was built into the side of a hill to prevent the gales from blowing it away. When November snows fell and everything began to freeze, obstacles of another kind were encountered, one of the Standard's Alaska pioneers states. Adverse weather conditions delayed the actual drilling operations from August, 1922, until January, 1923.

Makes Report
A report on oil prospecting in Alaska, written by one of the Standard's men, says:

"Since the wind always blows, snowdrifts form and must be dug out; the creeks and rivers freeze, but the ice breaks under a ten-ton tractor, which causes trouble in getting through as well as danger of injuring the machine, especially the radiator, since it takes the thrust of ice-breaking. To all of this there are many other hold-ups and handicaps. On one occasion a bridge washed away, and, in crossing, the water was too high, causing the engine to stop. It was then necessary to remove the gasoline tank and crank out with a bar in the flywheel holes. This operation took three days of hard work in the water."

In February, 1919, a party of seven Standard Oil geologists and research men sailed out of San Francisco bound for South and Central American ports. This party has been greatly augmented from time to time as research work is being done in various Central and South American countries, in some of which land has been acquired by the Standard. A summary of this work, as it stands today, shows:

Ecuador: A total of 24,700 acres under lease. Drilling of one well commenced October 6, 1922.

Colombia: A total of 2,970 acres under lease, and 3,720 acres owned in fee, with from 225,000 to 300,000 acres controlled through a subsidiary company. Two wells are being drilled.

Argentina: Prospecting permits covering 9,880 acres of land have been acquired. Two wells are being drilled.

Strike Well
One of the latest oil wells to be brought in in California as the result of wildcatting on the part of the Standard is the Wheeler Ridge district, in an isolated section of Kern county. Some of the difficulties and obstacles encountered by the Standard crews on the Wheeler Ridge in their pioneering efforts are comparable with those

"When a Feller Needs a Friend"

Island Schneider.

When "Queenie," a collie, was run over in Chicago by an automobile, a policeman was called to shoot her. But Roland Schneider, four years old, who owned "Queenie," begged so hard for the animal's life, because she was "a mamma dog," a kindly veterinary surgeon set the dog's legs in splints. But there were more serious injuries, and "Queenie" died. When a photographer arrived, Roland sat in the backyard of his home, with a basketful of puppies whose eyes were not even open, and murmured through his tears: "I gotta do smethin'!"

Ranchman Drops Dead While Carrying Body of Murdered Workman

Excitement and Shock Prove Too Great for Farm Owner Following Fatal Shooting

HEMINGFORD, Neb., Oct. 19 (AP)—While carrying the body of Fred A. Ward, who had been shot and killed by Lee Masters, a laborer, into his house, W. H. Keister, owner of a ranch, dropped dead from excitement and the shock at the farm a few miles from here today. Ward was killed almost instantly by Masters, who shot him in the back while the farmer was milking a cow, as Keister looked on, officers said. Masters was apprehended into today with bullet wounds in his body, which officers said, were self-inflicted. It was said he cannot live. A quarrel precipitated the shooting, witnesses said.

The Era of Good King "Tut"

When excavators unearthed the ancient resting place of Tut-ankh-amen, they found relics of untold value—beaten gold, works of art—precious stones in lavish profusion. These glowing treasures from the Valley of the Kings point straight back 3000 years to a golden age of luxury.

Yet all the wealth of good King "Tut" could not have bought him a toothbrush, rented a telephone for a day, or purchased a safety razor.

After all, *this* is really the golden age. We have more to be happy with—keener comforts for our choosing. An infinite variety of things have been developed to smooth the course of life to a degree unknown and unbelievable centuries ago.

Nowadays, new comforts and conveniences slip into our lives almost without our realizing it. We are apt to be rather matter of fact about it all.

And advertising is the instrument that makes most of these things possible. Advertising that has made it simple to make and distribute innumerable products at reasonable prices, has played a leading part in making our lives so eminently easy to live.

Read over the advertisements and try to think what the things you see there would have meant to old King "Tut." Then you will realize what a service and what a convenience advertising is to you.

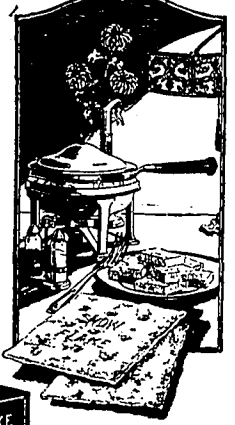

You are not getting the most out of life if you overlook the advertising

FILER SWAMPS OAKLEY TEAM; SCORE 25 TO 3

Dope Again Proves Wrong and Filerites Walk Away with Visitors; Straight Football Predominating Feature

(By MARSH.)

Oakley has a good team this year, but Filer has a better one, and the better one won its fourth straight victory Friday afternoon at Filer, by a score of 25 to 3. The game was played under perfect conditions, the weather was right, no wind, and the field was as smooth as a floor. Oakley was accompanied by several rooters and perhaps 200 Filer fans were out to see the game.

Oakley had the edge on Filer, according to the "dope," which was inconsistent as usual, and Filer took the lead from the first kickoff. The game throughout was close and a fine demonstration of straight football, both teams using similar style and close formation of play, the plays that seemed to gain the most ground for Filer being line plunges, and a tackle play which is becoming known as a characteristic Filer play. It is one that they have used most effectively this season. Oakley seemed to find the end the best way of gaining ground, but even there Filer showed superior defense. In fact Filer proved to be superior in almost every department of the game, in running interference, in the defense and in the line were the places where Filer's supremacy was most evident.

Lapp Kicks.

The game started with Lapp, the Filer quarterback, kicking to Martindale under the shadow of the posts. Martindale returned the ball 20 yards and Oakley lost the ball on downs. Filer gained the ball on the 35-yard line and put it over the goal for the first score in nine plays. Lovo carried the oval over and Lapp failed to convert. The remainder of the quarter was spent in a series of straight line plays by both teams, neither gaining much advantage and ending with the ball on the 35-yard line in Filer's possession.

Spread Plays Used.

The second quarter started with much the same sort of tactics with Oakley opening up some spread plays that proved to be their undoing for Martindale fumbled on the first one and Filer recovered and with a few well directed line smashes pounded the Oakley line for their second score, which Lapp converted to 13-0. This time Elliott kicked for Oakley and sent the pigskin to Lapp who was waiting for it under the crossbar, Lapp returning it 20 yards, and from there until they pushed it over for the quarter touchdown Oakley was unable to hold Filer and the Farmers never lost possession of the ball once during their march up the field.

The score stood 19-0. Time for the half was about up and as Filer was again kicking off the whistle blew, ending the half. Here a technicality line smashes pounded the Oakley line for their second score, which Lapp converted to 13-0. This time Elliott kicked for Oakley and sent the pigskin to Lapp who was waiting for it under the crossbar, Lapp returning it 20 yards, and from there until they pushed it over for the quarter touchdown Oakley was unable to hold Filer and the Farmers never lost possession of the ball once during their march up the field.

The second half seemed to give Oakley added fight in the start down he installed the favorite in the betting for the cup event. Cherry Tree will probably be second choice and Fancy Free third, with Marino Corps, Tiptoe Inn and Fantocho regarded as outsiders.

The last quarter started with another Filer march for a touchdown, Hall carrying the ball over on the tackle play which proved to be effective during the whole game. Lapp kicked off to Martindale and Oakley attempted two passes in their last try to cross Filer's goal line before the whistle blew. Both were incomplete. They also attempted another field goal which went wide. The final score, 25-3.

The lineup: Oakley: Filer, Wilson, Eanls, Walker, R. E. Hall, Ed. Steel, R. T. Landreth, Larson, C. Adkins, E. Wilson, B. G. Hicks, I. G.

Cup of Solid Gold to Be Awarded to Horse-Race Winner

International Challenge Trophy, at Stake in Zev-Papyrus Contest, Is Work of Art

NEW YORK, Oct. 19 (AP)—The international challenge cup which will be a stake in the \$100,000 international race at Belmont park is one of the handsomest trophies ever offered for thoroughbred competition.

The cup is of solid gold, stands about 12 inches high and weighs about 100 ounces. It is a hand made copy of a cup fashioned in 1797, during the reign of Queen Anne, a period when racing was most popular and had royal support.

An eagle with outstretched wings every feather clearly etched, ornaments the top of the trophy, which also bears on one side the arms of the United States. The other side is reserved for a list of winners.

FANS TURN TO GRID SCHEDULE

List of Games to Be Played Holds Out Promise of Interesting Football Season

NEW YORK, Oct. 19 (AP)—Football comes into its own tomorrow, athletic fandom, its attendance no longer claimed by the world's series, now turns to the colleges for its thrills and finds awaiting it a most promising list of gridiron contests. The list includes several battles involving powerful intercollegiate foes, others bringing together eastern rivals of equal size and strength, and still more sending brilliant and determined college eleven against larger but possibly less well prepared university teams.

The big intercollegiate game and probably the most largely attended of the day will be that at the Palmer Memorial stadium, Princeton, N. J., where the Princeton Tigers, which went un conquered last season, meet Knute Rockne's brilliant Notre Dame eleven, recent victors over West Point. Notre Dame is regarded as favorite because of its triumph last Saturday and also because of the fact that Coach Roper of the Tigers has been forced to make several shifts in his lineup owing to injuries, illness or inefficiency.

Important also to the football public are the contests involving Cornell and Colgate at Ithaca, N. Y.; Penn State and Navy at State college, Pennsylvania; Pennsylvania and Columbia at Philadelphia; Syracuse and Pittsburgh at the Yankee stadium; and two intercollegiate clashes, Georgia Tech and Georgetown, at Atlanta, Ga. At that point is the important showing made in recent years by Holy Cross against Harvard, makes their game one of promise, and Vermont's 1922 defeat of Dartmouth lends to their Burlington clash an added note of interest.

SIX OVERNIGHT ENTRIES IN LATONIA CUP RACE

LATONIA, Ky., Oct. 19 (AP)—A field of six thoroughbreds have been entered over night for the \$15,000 add-on Latonia cup race at two and one-quarter miles to be run at the Latonia track tomorrow. Chancelot, the mare which won the Latonia special at the recent meeting, will likely be installed the favorite in the betting for the cup event. Cherry Tree will probably be second choice and Fancy Free third, with Marino Corps, Tiptoe Inn and Fantocho regarded as outsiders.

ZEV'S MALADY NO HINDRANCE

Ranococas Stable's Brown Son Prepared for Good Showing in World Classic Race

NEW YORK, Oct. 19 (AP)—Zev, the Ranococas stable's brown son of the Finn-Miss Kearney, will match strides with Papyrus, English derby winner, for international three-year-old supremacy and stakes of \$100,000 at Belmont park tomorrow in a race that promises to take rank among the greatest classics of all time.

Zev will go to the post despite the eleventh hour development of a skin malady which it seemed today would force the withdrawal of the colt and the substitution of Rear Admiral Cary T. Grayson's My Own, which was shipped to Belmont park, prepared to race, if called upon. But the race committee of the Jockey club, after examining Zev and reviewing the report of a veterinarian, decided that the Ranococas star was fit, and ended a day of sensational speculation in turf circles by announcing America's original entry would oppose the English champion.

Though the Jockey club committee's decision, made public by Major August Belmont, had the effect of restoring to some extent the waning confidence in this country's representative, general belief prevailed that, regardless of the seriousness of his malady Zev would go to barrier under a handicap.

And as a result, betting odds which had declined yesterday after a spectacular workout by Papyrus, swung sharply toward the English horse, which was expected to go to the barrier tomorrow afternoon at 4 o'clock a favorite, probably at odds of six to five.

The exact condition of Zev remained somewhat of a mystery tonight. There have been reports for some time that the Kentucky derby winner was not in the best of condition, but the first intimation that anything was seriously amiss came yesterday afternoon, according to Major Belmont's statement, when Harry F. Sinclair, general owner of the horse, advised the Jockey club's committee that Zev had developed a skin malady which threatened the fitness of the colt.

One of the most picturesque features of the race tomorrow will be the matching of riding and generalship between Donoghue, premier rider of England, and Earl Sande, leading American jockey, who will have the leg up on Zev. Both are exceptional horsemen and quick witted pilots, bred in the strategy of the turf.

Donoghue, who has won five English derbies, placed European to victory at Epsom Downs this year for his third successive triumph in this classic. He ranks at the top in number of victories in England this year with 62, while Sande, with 104 victories so far to his credit, leads the eastern track riders.

MY OWN READY.

NEW YORK, Oct. 19 (AP)—Admiral Cary T. Grayson's My Own, which arrived late today at Belmont park in response to an emergency call from the Jockey club, is fit and prepared to run against Papyrus, according to the bay colt's trainer, W. F. Burch.

My Own has been Zev's outstanding rival for three-year-old honors this year and was chosen first alternate to the Ranococas colt when America's candidate for international honors was named. Many, in fact, believed My Own a more formidable contender than Papyrus, but the Ranococas colt has shown marked ability at longer distances. My Own has won all six of his starts this season, his last victory coming in the \$10,000 Maryland handicap last Saturday, when the son of King James won handily over a strong field and covered the mile and a quarter in 2:02 3/5.

STANFORD AND OREGON POLO TEAMS TO MEET

CORVALLIS, Ore., Oct. 19 (AP)—Stanford university will meet Oregon Aggies here tomorrow in the first intercollegiate polo game to be played on the Pacific coast. Stanford has a strong team, having won from the University of Oklahoma and Arizona this year.

Members of the Aggies team obtained much experience in the recent tournament at Vancouver. O. A. C. recently was asked to join a western intercollegiate polo association which is being organized by the Universities of Oklahoma, Arizona, Stanford, Texas, Colorado and Utah.

BRUINS TAKE SNAPPY GAME FROM INDIANS

Local Football Fans See Good Contest when Twin Falls Conquers Visiting Team from Fort Hall, 33 to 0.

Before a small crowd but with perfect weather for football the Twin Falls Bruins romped home with the long end of a 33 to 0 score against the Fort Hall Indians Friday at Lincoln field.

Clarence "Moose" Garrity was going in top form Friday and was called upon time after time to carry the ball and was always good for a few yards through the line.

The Bruin line did not display the form that they did last Friday. They were on the Chicago and Illinois and the Indians to star tough, especially on the kicks.

Hard-Fought Victory. The Indians were a tougher nut to crack than the score would indicate, and had the Bruins on the one-yard line at one time, but the Bruin line stiffened and held them for four straight downs with about a foot gain.

G. Garrity and Peter Jackson for the Indians were the outstanding players and both of them were exceptionally good on end runs and several times they were away around end for long gains.

First Quarter. The Indians won the toss and elected to kick and defended the west goal. Gus Garrity kicked off for the Indians. Moose received the ball and ran it back to the center of the field.

Twin Falls kicked and Moose booted the ball out of bounds and had to kick over. On the next kick the Indians stopping the ball back 35 yards, Timm stopping the runner with a beautiful tackle.

2 yards and the Bruins received a 5-yard penalty for off-side, the ball going over. Timm fumbled on the first play and the Indians recovered. Johnson failed to gain through the line but Garrity got away around end, making first down. The Bruins received 5 yards for off side. Sherk tried the line without results on the next try.

Moose kicked to the goal, Jackson receiving and ran it back 20 yards. Johnson lost at the line without results. Jackson then tried a pass but it was incomplete. On the next play Jackson completed a 20-yard pass to Garrity for first down. Johnson was unable to gain through the line and on the next play Moose intercepted a pass, running it back 2 yards.

Second Quarter. With the ball on the 15-yard line Alford upped it. His first pass to Timm was incomplete and the ball was lost on the next unsuccessful try for a pass. Garrity plugged the line for 5 yards and completed a pass for 7 yards and completed a pass for 7 yards and completed a pass for 7 yards.

Third Quarter. Between halves Gus Garrity and Peter Jackson of the Indians came over to the Bruin bench to inquire about Jenks' injury and to wish him luck.

Fourth Quarter. Joe Baker replaced Gus Garrity for the Indians. Moose tore through the line for 8 yards and first down. Timm tore around end for 2 yards. And Moose was stopped on the next two plays and the ball went over.

Between halves Gus Garrity and Peter Jackson of the Indians came over to the Bruin bench to inquire about Jenks' injury and to wish him luck.

IMPORTANT GRID GAMES ON SCHEDULE SATURDAY

Contests Bearing on Western Conference Grid Championship to Be Fought Out Throughout Middle West

CHICAGO, Oct. 19 (AP)—Three of the most important games bearing on the western conference football championship will be decided tomorrow. Michigan and Ohio State, acknowledged as two of the strongest teams in the "big ten," will collide at Ann Arbor, with the losers' championship hopes gone glimmering, while Illinois and Wisconsin will have their championship hopes on the showing against Iowa and Indiana, respectively.

Chicago will meet Northwestern in its annual battle at Stagg field, while Minnesota will come to grips with North Dakota at Minneapolis, and Purdue will play Wabash at Lafayette in the other game of the day.

Interest, no doubt, will center in the Michigan-Ohio fray at Ann Arbor and the battle between Illinois and Iowa at Iowa City.

Match Shade and Wells. NEW YORK, Oct. 19 (AP)—Billy Wells, water weight champion of England, and Dave Shade of California, were matched today to meet in a 15-round bout at Madison Square Garden next Friday night.

Shenk was unable to gain. Krovantek replaced Mussell at end. Indians made first down. Jackson went through the line for 8 yards. Johnson made 3 more and first down. Jackson plugged the line for 8 yards, but the next play Johnson was attempting to pass when Day tore through and nailed him 10 yards behind the line of scrimmage.

Fourth Quarter. Joe Baker replaced Gus Garrity for the Indians. Moose tore through the line for 8 yards and first down. Timm tore around end for 2 yards. And Moose was stopped on the next two plays and the ball went over.

Idaho Theatre. Today. Matinee 1:30. "RUGGLES of RED GAP". A James Cruze Production.

IT'S A COMEDY OF WESTERN LIFE FULL OF LAUGHS with EDWARD HORTON ERNEST TORRENOR LOIS WILSON. Also "EASTER BONNETS" and "SPEED DEMONS".

Stage Is Cleared for Big Race Saturday Over Belmont Track

Elite of Blooded Running Horses of Two Countries to Contest in \$100,000 Event

NEW YORK, Oct. 19 (AP)—Salient facts concerning the Zev Papyrus International race tomorrow follow: Place: Belmont park track. Time: 4:00 p. m. (The international race will be fourth on the list of events which gets under way at 2:30 o'clock.) Distance: One and one-half miles.

Weight: 120 pounds. Purse: \$100,000; (\$80,000 and a gold cup to the winner; \$20,000 to the loser). Contestants: Zev, by The Fin-Miss Kearney, Ranocosa stable's three-year-old, representing the United States; Papyrus, by Tracery-Miss Mattie, Benjamin Irish's three-year-old, representing Great Britain.

Owners: Harry F. Sinclair of New York, who bought Zev as a yearling together with another yearling for \$12,500; Benjamin Irish, who bought Papyrus as a yearling for \$17,500.

Trainers: Samuel C. Hildreth, who for years has led the list of American trainers and who developed Zev; Basil Jarvis, one of the most successful of the younger school of English trainers, who has prepared Papyrus for every race in which that horse has entered.

Jockeys: Earl H. Sande, America's premier rider, who will ride Zev; Steve Donoghue, England's leading jockey and five times winner of the English derby, will ride Papyrus.

Racing colors: Sinclair, white, green collar and cuffs, white cap; Irish, primrose, purple cross sashes, primrose cap.

VANDALS SCORE VICTORY OVER NOTED RIVALS

Followers of University of Idaho Witness First Defeat of W. S. C. by Vandals in Last Nine Years

PULLMAN, Wash., Oct. 19 (AP)—Followers of the University of Idaho Vandals saw a sight today for which they have been waiting for nine years. They saw the red-jerseyed Vandals rip and tear through to a 14 to 0 victory over the Washington State college football team.

Today's game was played before a crowd estimated at 10,000, the largest ever assembled on a Pullman field. Washington State broke a nine-year losing streak by defeating Idaho 14 to 0.

Not until the dying moments of the final period did the Cougars hold Idaho for downs, and then it was on the one yard line.

Today's Sporting News

Gooding Triumphs Over Wendell Team

Winning—Eleven—Chalks Up Third Victory in Defeat of Strong North Side Players

GOODING, Oct. 19 (Special to The News)—Gooding won her third victory of the season Friday afternoon when they took Wendell, heretofore regarded as one of the best on the north side, into camp by a score of 9-0. The defensive work of both teams was notable and the first half was scoreless. In the third period Gooding advanced the ball to the 20-yard line by a series of long runs...

Rupert Chalks up Another Victory

Defeat Pocatello High School Eleven on Tech Field, 20 to 0; Cash in on Error

POCATELLO, Oct. 19 (Special to The News)—Rupert added another victory to her list Friday when they met the Pocatello High School football team. The final score was 20-0. Two of the counters were direct results of intercepted passes. The third resulted when a Pocatello spread formation was goofed and they lost 20 yards giving the ball to Rupert on the 15-yard line. Connell and Hickey were the two men on the Pocatello team who did stellar work. Barratt was also a star and Stone and Nelson wore easily Rupert's most scintillating performers.

SIDEGLIGHTS ON FRIDAY'S GAMES. Moose certainly looked like old times out there Friday. He was worked in play after play and gained yardage in almost every attempt. And that run from an intercepted pass was a beauty. The Moose did a nose dive in the last quarter down near the goal line that upset his equilibrium for a few minutes, but he came back stronger than ever. His punting was beautiful and his passing very good, but his most effective work was in plugging the line.

GOLDSTEIN IS AWARDED DECISION OVER BURMAN

NEW YORK, Oct. 19 (AP)—Abe Goldstein, of New York, won the judges' decision over Joe Burman of Chicago in their 15-round match at Madison Square Garden tonight. Goldstein substituted for Joe Lynch, bantamweight champion, although Burman was recognized as the title-holder of New York state. Lynch dislocated his shoulder yesterday, his manager announced. Burman weighed 118 pounds and Goldstein 117 1/2.

VANDALS WIN

(Continued from Page 4.)

within eight minutes and the Vandal crowd went wild. It was brought about by a break and spectacular dashes by Fitzke and Davis, Idaho halves. Davis scored from the two yard line on a center stub.

Stung by the suddenness of it, the Cougars turned all their thunder back for the remainder of that period and for the two following forced Idaho on the defensive and kept the ball in Idaho territory. Remarkable punting by Fitzke was not sufficient to keep Idaho out of danger.

Two times Washington State passed, backed and swept around ends to advance within a foot of the goal line, only to lose when Idaho's tight ends refused to let them score. The Cougars came near scoring in the third period. A bad punt by Fitzke gave them the ball. Idaho failed to stop the advance in midfield. When action was within two feet of the line and two downs Coach Egan called upon Hickey, his captain and leading battering ram, to save the day, but Hickey failed by inches.

Two times the Cougars failed to score on place kicks, and each time the big Cougar crowd groaned. Once Hales missed a long pass behind the goal.

In the third period Idaho loosened with a furious offensive and with a dazzling combination of open and close play, Coach Egan rushed in reinforcements and frantically paced up and down the side lines, but Idaho was not to be stopped. Idaho made one touchdown in that period and came near making of that period and the Cougar team, composed of reserves, tightened and Idaho, with her punch weakened, was held. Fitzke, Idaho's right half, was the star of the game. His punting was supreme. For 11 kicks he averaged 42 yards and he continually punted the ball out of danger.

Stars Listed. For Washington State, Hales was the star. He made big gains around the ends and worked well on defense. Davis and Stivers, for Idaho, and Slater and Hickey for W. S. C. were outstanding players.

First Picture of New Chinese President

Marshal Tsao-Kiu, military governor of the Chinese province of Chihli and leader of the Chihli Militarists, has just been elected president of the Chinese republic by the Peking parliament. The charge was later open made that he bought the presidency by paying \$5000 a vote.

Shoshone Defeated by Buhl Grid Team

West End Eleven Wins Hard-Fought Game, 20 to 13; Passes Feature Contest

SHOSHONE, Oct. 19.—(Special to The News)—Buhl defeated the local high school here today in a hard fought game, 20 to 13. Shoshone was unable to gain much through the Buhl line, but were more successful with their passes, getting away with two that resulted in touchdowns. Captain Jones was the most consistent performer for Shoshone. Buhl was able to make much yardage on long end runs and gained most of the ground by that route. Buhl was also more successful with their passes and gained considerable ground by the aerial route. Buhl scored two touchdowns in the first period and one in the last. Macheack was a power on the defense for Buhl and Vinegar was the most consistent ground-gainer.

KANSAS-NEBRASKA GAME LEADS MISSOURI LIST

Valley Conference Fans Much Interested in Outcome of Traditional Battle to Be Played at Lincoln

KANSAS CITY, Oct. 19.—(The traditional battle between the University of Kansas and the University of Nebraska, which will be decided at Lincoln this year, will head line the football program in the Missouri valley conference this week, with two other conference games and two games with non-conference opponents, attracting great interest. Ames will meet the Kansas Aggies eleven at Ames, and Washington university of St. Louis will meet the University of Oklahoma at Norman. Grinnell plays Cornell college and the University of Minnesota plays St. Louis university in the non-conference games of the day. Drake is idle. Coach Clark of Kansas will subject his men to their first conference contest when he sends them against Nebraska. In two practice games the Jayhawkers beat a 9 to 0 win from Crichton and a 10 to 0 victory over Oklahoma A. M. and M. With an uncrossed goal line, the Jayhawkers are determined to give Nebraska a real fight. The Cornhuskers, although handicapped by several injuries, probably have an advantage in seasoning, having lost to the strong University of Illinois, 24 to 7, and having won from Oklahoma, 24 to 0.

BUEL SECOND TEAM WINS

BUEL, Oct. 19.—(The Buhl second team in the absence of the first string team, who were in Shoshone, journeyed to Castelford and brought back the long end of a 31 to 6 score against the Castelford first team.

ILLINOIS AND IOWA ON EVE OF GREAT BATTLE

Hawkeyes Outweigh Opponents Seven Founds to the Man But Other Advantages Favor Visitors

IOWA CITY, Iowa, Oct. 19.—(Special to The News)—The eve of the greatest football battles ever played on a Iowa field, the Illinois eleven tonight was concealed at edge on Iowa in every point save two. These are: The fact that Iowa will outweigh the Illinois seven pounds to the man, and the second is that Iowa will have the largest home coming crowd in its history urging it to a victory. The Illinois team arrived here this morning, 29 strong, went through a light workout on Iowa field this afternoon, and another practice period is scheduled for tomorrow morning.

COURT VERDICT SETS PRECEDENT

(Continued from Page One)

Evidence was introduced by Prosecuting Attorney J. W. Taylor, contending the state's case. That France actually wrote the check in question, and that there was no hereabouts at that time a person bearing the name of R. O. Hillber. A blotter, which was identified as having been taken from the vandalizing works where the check was issued, was introduced in evidence. Marie on this blotter, the state contended, corresponded exactly with the writing on the check. Testifying in his own defense, France said that he received the check from Hillber in payment for certain furniture. E. V. Mendelson, butcher, testified that a man who gave the name of Hillber had been a patron of his establishment, and Earl Critchfield testified that he had been present when the deal for the furniture had been made by France with Hillber.

MENTIONS NEW CANDIDATES FOR 1924

(Continued from Page One)

Dixon of Montana recently made a speech nominating him. I expect that Senator Johnson will get some delegates in Pennsylvania, also. "I was told in New York that that state will go for Senator Wadsworth," Senator Moses said he had not yet found any material change in the political sentiment in the west. "There is still this feeling of dissatisfaction and resentment," he added. "They find it hard to define or explain, but I think it exists very clearly, and it seems that this education has been very badly dealt with by republicans."

Claims Many Doctors Are Now in Practice Under Bogus Permits

Former-School Examiner Moves 15,000 in Business with Fake Medical Diplomas

ST. LOUIS, Oct. 19 (AP)—The belief that approximately 15,000 physicians are practicing in the United States under bogus licenses obtained through the fraudulent issuance of high school and medical school diplomas by "rioters" in various parts of the country, was expressed here today by William F. Sachs, former examiner for the Missouri medical board, voluntarily appeared at Circuit Attorney Siderer's office late tonight after a long conference admitted his part in the "mill." He implicated Dr. Robert A. D. Cox of St. Louis, and Drs. D. R. Alexander and Ralph Voligt of Kansas City, as members of the "mill." The three physicians named have been arrested and released on bond. Sachs added that "diploma mills" also were operating in the eastern part of this country and in California. Sachs was released without bond.

GOVERNORS PLEDGE AID ON ENFORCEMENT

(Continued from Page One)

After much stormy debate, joined in by Governor J. E. Blaine of Wisconsin and Pat M. Jeff of Texas and with the Sweet memorial still pending, Governor George B. Sizoo of New Jersey introduced a resolution declaring the federal enforcement organization ineffective in its operations and that "we believe there can be no real enforcement" as long as present conditions exist. Governor Sizoo immediately moved to be tabled. Seconded by Governor Walker of Georgia, the motion to table was put to a roll call, and passed 26 to 2, Louisiana and New Jersey governors voting no. Present and not voting, Wisconsin; absent, Michigan.

FATHER AND SON KILLED WHEN TRAIN SITS AWAY

IDAHO FALLS, Oct. 19.—J. W. Jakeman of Rigby, was instantly killed, and his son, Floyd, 20, received injuries from which he later died, when their automobile was struck by an Oregon Short Line train at a grade crossing just north of Rigby last evening. The car was demolished and the father's body was horribly mangled. The son suffered a fractured thigh and broken ribs which penetrated his lungs. He died in a Rigby hospital. According to the story the son was able to tell, they did not see the train until it was upon them. The crossing, which is on the state highway, is obstructed by trees and buildings.

ings so that the world will see the cards on the table and come to know just what you and I know, namely, that the defenders of the country are its best asset. Then your membership will not wane and many who are holding aloof will join the legion. Otherwise, the spirit of Americanism in the country is bound to crumish the legion." His election: "As national commander of the American Legion I shall endeavor always to interpret the ideals and achieve the aims of my comrades in service. I shall carry on the fight the legion has always made for the disabled men and women who gave so much for their country. I shall seek to secure a close and human contact between them and the governmental agencies dealing with their welfare. "I shall conduct an active and vigorous campaign to secure the immediate passage of an adjusted compensation act, urged by the fifth national convention of the legion. "With the help of the thousands of men who have dedicated their lives to the principles set forth in the preamble of the American Legion constitution and who now constitute the membership of the American Legion, I expect to see the accomplishment of greater deeds to the benefit of our glorious republic." Chaplain Elected. Ezra C. Clemans of Minnesota was elected national chaplain of the legion here today by acclamation. Mrs. Franklin Bishop of Leicester, Mass., was elected national president of the American Legion Auxiliary, composed of women who performed military service during the war at the final session of the organization late today.

PROHIBITION AS AN ISSUE

Dry enforcement, all at once, shows signs of becoming a political issue. The action of Governor Pinchot of Pennsylvania, in practical efforts in his own state and in his Washington speech at the national citizenship conference, has served to focus public attention on the subject.

SPRAYING IS NOT HARMFUL

There is No Danger if Proper Methods of Eradicating Pests Are Used.

A good many people have asked the question, "Will fruits and vegetables which have been sprayed be dangerous to use?" It can be said that if they use the methods recommended for the different pests by the Department of Agriculture and the experiment stations there will be no danger.

Considerable fear has been expressed by some that spraying of fruits and vegetables might leave enough arsenate of lead or copper on the surface to be injurious to any one who might eat the fruit.

Right in this line experiments have been undertaken by the United States Department of Agriculture to determine whether there might be left on such fruits and vegetables which are sprayed enough chemicals of a poisonous nature to be injurious.

Are Hiccups Rheumatism? That hiccups may be due to rheumatism is the contention of Dr. Martin J. Chevers, a member of the British Medical Association and a well-known Manchester physician.

"I crossed the frontier last night," said Lloyd George in a recent speech, "the most remarkable frontier in the world—without forts and guns or soldiers or barbed wire to protect it."

That is as it should be. Why on earth, thinks the American, should any one think there could be anything difficult in the way of intercourse with Canada?

MOTOR BUS GROWS POPULAR

Hundred Electric Railway Companies Now Are Using It to Supplement Their Service.

The motor bus grows in use. There are now, says Financial America, about 100 electric railway companies using motor buses.

Most of the motor bus lines in the United States are operating on a ten-cent fare basis, and the opinion of electric railway officials is almost unanimous that a five-cent fare would not prove profitable.

The potential growth of this type of service is large. Already there are more than 40,000 motor vehicles in service in the United States carrying passengers over scheduled territory.

There is no danger if proper methods of eradicating pests are used. A good many people have asked the question, "Will fruits and vegetables which have been sprayed be dangerous to use?"

THREE MEN AND A MAID

"Eustace is returning to England on Saturday," said Mrs. Hignett. She spoke a little wistfully. She had not been parted from her son since he had come down from Oxford; and she would have liked to keep him with her till the end of her lecturing tour.

"Where is he going to live? Why, at Windles, of course. Where else?" "But I thought you were letting Windles for the summer?" Mrs. Hignett stared.

"Letting Windles?" She spoke as one might address a lunatic. "What put that extraordinary idea into your head?"

"I thought father said something about your letting the place to some American?" "Nothing of the kind!" It seemed to Sam that his aunt spoke somewhat deprecatingly, even smugly, in correcting what was perfectly natural and true.

"I have never failed to cure the most obstinate cases by a few doses of antirheumatic medicine," Doctor Chevers states in a letter to the British Medical Journal. He admits that morphine may relieve the spasms, but adds that it does not go to the root of the cure.

"The hiccups is particularly timely in view of the reported 'hiccups' epidemic in France, which, it has been suggested, must mean that 'hiccups' are infectious. One of the cures used in France is to apply severe pressure to the epipharynx."

The Season Passes. The man looked forth from his lonely table. After untold deliberation the head waiter snatched over. "Have you ordered, sir?"

LEGAL ADVERTISEMENTS NOTICE TO CONTRACTORS Notice is hereby given that the Board of Trustees of the Village of Hansen, Idaho, on behalf of said village, are in office of said village, on the 25th day of October, 1923, at 8 o'clock p. m., receive and open sealed bids for contractors for the hauling of three hundred (300) cubic yards of material from the Vinland gravel pit, located approximately at the corner of Hansen, to and upon the streets of said Village; said hauling to be completed not later than the last day of December, 1923. Bids may be deposited at any time prior to the last day of opening the same with A. B. Case, Village Clerk. The board reserves the right to reject any and all bids.

Famous Literary Club. The Literary club, also known as "Johnson's club," was founded by Samuel Johnson and Sir Joshua Reynolds in London in 1764. Bowdler, Burke and Goldsmith were among the first members.

DUIN'S REPORT. NEW YORK, Oct. 19 (AP)—Duin's report that the sharp contracts that have marked business in recent months still appear. Something of the gain which was made in the market is still possible, but it is not as general or extensive as some interests had expected and in some quarters there is falling conditions in the different industries very considerably with substantial having in some branches of manufacture and restricted demand in others, and production is more uneven.

NEW YORK, Oct. 19 (AP)—Raw sugar was neglected throughout the day with out sales or interest. Cubes were nominally 5 7/8 cent and freight, equivalent of 7.69 cent paid. Futures were under pressure most of the day in a moderate trade. The opening was 7 to 7 points lower and December contracts, after selling at 5.13 reacted to 5.08 cents and lower. October closed 46.00; December, 35.05; March, 34.04; May, 34.12.

NEW YORK, Oct. 19 (AP)—Refined sugar was quiet and unchanged in price. Special granulated listed at 49.15 to 49.50. Refined futures nominal.
