COOLIDGE PROGRAM ADOPTED

Governors of 37 States Approve Schedule of Activities Urged by President; Demands Enforcement of Laws

WASHINGTON, Oct. 20 (AP)—Requested by President Coolidge to assume their share of responsibility for enforcement of the prohibition laws, governors or representatives of 37 states met today at the White House, adopted a program of cooperation.

The program was approved after President Coolidge had addressed the gathering and after an extended discussion of the prohibition enforcement during which Governors Smith of New York and Governor of Maryland declared with some feeling that they were not in altogether thorough accord with the policy of the federal government.

Coordination of all federal, state and municipal enforcement forces.

Issuance by the governors of calls upon the press to support prohibition law enforcement, stress law observance and treat the enforcement program commensurate with the gravity of lawlessness.

Summoning by the governors of conventions of municipal, county and state enforcement officers at a convenient date to discuss and adopt a program for the states, the federal government pledging every possible support to these conventions.

Presenting attorneys in the various districts of the states to confer on the enforcement problem, with the federal government pledging every possible support to these conferences.

Adoption by the governors and by the federal government of whatever means are practicable to cause lawless gangs and saloons to respect the majesty and sanctity of the law and to respect the various agencies enforcing it.

Co-operation by national authorities in all enforcement activities.

Promotion by the states of educational endeavors in favor of the cause of temperance.

The first six points of the cooperation program were offered by Mr. Coolidge after he had told the governors that "no provision of the prohibition amendment or the national prohibition act contemplates any surrender of state responsibility and after representatives of the department of justice, labor and treasury had reported on the efforts being made to obtain strict enforcement of the statutes. The seventh point, that relating to educational activities along temperance lines, was added on motion of Governor Preuss of Minnesota.

"The constitution and the laws are perfectly plain," he declared, and the directions which they contain as to the president and governors are equally plain. The country ought to know all this. It ought to comprehend that when laws have been made they can and can be no question about the duty

of their enforcement.

"The constitution and the laws are perfectly plain," he declared, and the directions which they contain as to the president and governors are equally plain. The country ought to know all this. It ought to comprehend that when laws have been made they can and can be no question about the duty

Novel Matrimonial Club Ably Assists in Work of Cupid

Green Ribbon Is Taken Among Parisians of Desire to Enter State of Matrimony

PARIS, Oct. 20 (AP)—The Green Ribbon club has just celebrated its first anniversary with a record of 700 members, 20 marriages and 40 engagements. The club was born of an article by a humorist whom he just suggested that those who wanted to marry and failed to meet a kindred spirit might wear some token that would show they were prepared to enter into matrimony under due and proper conditions.

CANNON ALARMED OVER PROJECTS

Opposes Present Reclamation Policy as Threatening to National Program

WASHINGTON, Oct. 20 (AP)—Istvan prominent given "re" construction was declared to be the basic weakness of the government's reclamation policy today by Miles Cannon, field commissioner of the interior department, appearing as a witness before the special advisory committee. Mr. Cannon submitted an exhaustive report of a study he had just completed which resulted in his concluding that continuation of the present policy "eventually will lead to general entrenchment and the destruction" of the national program.

Estimating that 23 per cent of the farm units embraced in federal projects were being operated by tenants, Mr. Cannon declared these and "non-resident speculators" were among the chief obstacles now met by the bureau.

Change Ownership. "Many units have changed hands five times, and one is reported to have changed hands eleven times," he said. "In some cases, the government's charges have been disregarded and transfers made without payment of the debt incurred, and in most cases the present user is holding his land at the maximum of inflated value."

HOOVER NOTES IMPROVEMENT IN COMMERCE

World's Commercial Strength Generally Better in Last Year Except in Agriculture, Says U. S. Executive

WASHINGTON, Oct. 20 (AP)—The world's commercial strength has improved during the last year, except in central Europe, Secretary Hoover said today at a meeting of the foreign commerce department of the Chamber of Commerce of the United States. Two dark spots were pointed—the American agricultural situation and conditions in Germany.

Secretary Hoover referred, in speaking of American farming conditions to the disparity of prices between agricultural products with those of other industries, more particularly in that the difficulties that the wheat farmers in certain portions of the west are acute. In Germany, he said, the situation affects the rest of the world, contributing to the depression in American agriculture. He said particularly in relationship to animal products.

Discussing the situation in the United States, Mr. Hoover spoke of the high rate of production, absence of serious unemployment, absence of speculation and of large stocks of goods, all contributing to general stability. Increasing strength in other parts of the world, he said, reflected itself in increasing proportion of American exports to European countries outside of Central Europe. Eighty per cent of American exported manufactures, he said, now go to other parts of the world and the manufacturing industry does not feel repression in central Europe to the degree felt by agriculture.

CHARGE UNBECOMING CONDUCT FOR RADICAL ACTIVITIES

OMAHA, Oct. 20 (AP)—Charges of "conduct unbecoming of a union man" were filed with the Omaha Central Labor council against Thomas Matthews, a delegate from the local Butchers' union to the recent American Federation of Labor convention at Portland, Ore. it was learned today. The charges were filed by the labor union, it has been written by Matthews in which he criticized the convention for expelling William F. Dunne of Butte, Mont., because of the latter's alleged activities as a communist.

Government Commission Turns Attention Toward Collection of Huge Debts

"Occasional Rains" Is Weather Forecast

WASHINGTON, Oct. 20 (AP)—Weather outlook for the week beginning Monday, Northern Rocky mountain and plateau regions: Generally fair except possibly occasional rains west of divide. Temperature near or above normal except cooler late part.

Islands in River Held Responsible for Flood Damage

Demolition of La Grange Locks in Illinois River Is Also Urged as Means of Preventing Future Damage

BEARDSTOWN, Ill., Oct. 20 (AP)—Removal of two islands in the Illinois river and demolishing of the La Grange locks, 12 miles below here, would remove the flood dangers that are constantly threatening this city and community, the special senatorial committee inquires on the McCornick bill was told today.

Another suggestion put forward by witnesses at the hearing conducted on the steamer Mississippi was the changing of the course of Crooked creek which enters the Illinois river, running up stream in the latter, thereby throwing a conflicting channel across the river in time of high water.

Senator McKellar suggested that a survey of the projects be made by engineers of the United States army and the remainder of the committee and witnesses agreed that this action would help solve the problem.

"The government has a duty to see that both houses of the Illinois legislature had unanimously voted an appropriation of \$350,000 to relieve flood conditions on the lower Illinois river but that up to date no one had seen the color of the coin."

Annual Report to Congress Contains Significant Statement and Hints at Probable Requests for Liquidation

WASHINGTON, Oct. 20 (AP)—The American debt funding commission met today and approved the form of its annual report to congress, which contained the significant statement that the commission hopes to obtain further adjustments with the various debtor governments at the earliest possible date.

While there was no elaboration on the expression from any member of the commission, the statement was regarded as a significant hint from official circles that another communication may be sent to debtor nations advising them that the American government awaits their funding proposals. The report recites the negotiations and settlements with Great Britain and Finland and the full liquidation of Cuba's debt, but as for the others little progress is reported.

The commission now has to deal with debts of foreign countries amounting to \$5,970,117,427, on which interest amounting to \$1,088,457,478 has accrued. The commission total of interest and principal owed by the several governments is given as: Armenia, \$14,243,190; Austria, \$27,664,065; Belgium, \$445,783,734; Czechoslovakia, \$100,424,420; Estonia, \$16,788,728; France, \$3,017,325,074; Greece, \$16,125,000; Hungary, \$1,989,286; Italy, \$1,978,870,333; Latvia, \$6,032,478; Liberia, \$70,328; Lithuania, \$77,979,794; Poland, \$181,830,316; Rumania, \$43,218,878; Russia, \$237,242,054, and Serbia, \$60,992,592.

It is pointed out by the report that the commission has not been in touch "in any way" with the governments of Armenia, Austria, Greece, Liberia or Rumania. The original loan to Russia, \$200,000,000, made during the year, but nothing has been heard from that government since. As for Austria, Secretary Mellon has granted consent for a 20-year postponement of the principal of the loan, but therefore the principal of interest will come from that source for some 18 years more.

Belgium Has Plan. Going into detail of the status of the debts, with the other governments, the report says the Belgian ambassador expressed the hope in June, 1922, that the credit crisis in Belgium lay before the commission definite proposals of consolidation of the indebtedness of Belgium. Except for certain informal discussions, the report adds, no proposals or suggestions have been as yet received. The discussions concerned the consolidation and the exact status of the Belgian debt.

Representatives of the Czechoslovakian government, the report continues, "who came to Washington last May have returned to Prague after bringing about an agreement as to the amount of the debt of the country, and the American relief administration and the United States grain corporation, but leaving for further discussion the final settlement of the war department and the United States shipping board. It is understood they will return to the United States this autumn to continue the negotiations.

France is expected to appoint representatives to negotiate with the commission. The government of France sent a representative to negotiate with the commission in the summer of 1922, and, according to the presentation of complete figures, the French representative returned to France to confer with his government.

Hungary to Pay Up. "The Hungarian minister at Washington, appointed by his government to negotiate with the commission, has advised the commission that his government desired to fulfill its obligations to the United States and is expected shortly to propose some plan for refunding.

The government of Italy has carried on preliminary correspondence with regard to the sending of representatives to Washington, but no representatives have yet been appointed and no proposals have been received.

Poland Negotiating. "The government of Poland is endeavoring to bring about an agreement with the war department as to the final figures of their indebtedness after having done so it is expected that negotiations for refunding may be begun.

ORDER AGAINST SUGAR COMPANY PUT ON RECORD

Federal Trade Commission Closes Case of Many Months Duration by Action to Stop Alleged Monopoly

WASHINGTON, Oct. 20 (AP)—An order to cease and desist from conspiring to maintain the monopoly in the beet sugar industry enjoyed by them" was issued today by the federal trade commission against the Utah-Idaho Sugar company, Salt Lake City, Amalgamated Sugar company, Ogden, and E. B. Woolley and A. E. Coener, Salt Lake City.

The complaint against E. F. Cullen, Elgin, Idaho, was dismissed. In issuing the order, the commission closed a case that has been hanging fire many months, during which several hearings were held and a searching inquiry was conducted by its agents into the beet sugar industry of the west.

Specifically the order is directed against any conspiracy among the respondents to (One) prevent the establishment of beet sugar enterprises and the building of sugar factories by persons or interests other than the Utah-Idaho Sugar company, (Two) to obstruct or prevent competitors or prospective competitors from engaging in the purchase of sugar beets and in the manufacture and sale of refined beet sugar.

DISMISS MURDER CHARGES

Two Men and Two Women, Held in Connection with Disappearance of Oil Man, Are Exonerated

PHOENIX, Ariz., Oct. 20 (AP)—A joint charge of murder against two men and two women in connection with the disappearance more than two years ago of John K. Knight, wealthy contractor, was dismissed tonight by Justice Nat McKee on the conclusion of the preliminary hearing of the four defendants. The court exonerated Tom Tunstall, of Hanasaypa, Arizona, sister Mrs. Ethel Lee Tunstall Fulton, C. W. McMillan of Miami, Ariz., and the latter's mother, Mrs. Letitia Smith, of all charges.

EXCAVATION ACCIDENT TAKES TOLL OF LIVES

STIOUX CITY, Iowa, Oct. 20 (AP)—Three men are dead and one is seriously injured as result of a cave-in at the new Perry creek conduit excavation work this afternoon.

Arrival of 20 Cars Relieves Situation

Twenty refrigerators cars were set off Saturday at Twin Falls, bringing relief in a situation here that threatened more or less serious difficulty in rapid movement of the crop of dozens of apple orchards in which harvest is now in full swing. Order for 15 cars were on file at Short Line freight offices Saturday evening. Short Line agents said Saturday evening that they did not expect further trouble in meeting local demand for cars. They repeated an urgent request that shippers load cars as rapidly as possible.

Short Line Agents Expect No Further Difficulty in Meeting Demand for Refrigerators

Demand for refrigerator cars here at the present time is nearly as shipment of apples. Records of the freight office show that an average of six carloads of apples per day has been shipped out during the past several days. Within the past week only six carloads of potatoes have been shipped from here.

IDAHO WATCHES Sunday, Fair

Bring Encouraging Word to Orchardists

State Horticultural Inspector Talks on Market Conditions in Response to Inquiry

Herry Sabin, Idaho horticultural inspector, who arrived here Saturday evening from Boise to confer with inspectors of this district, brought word of the apple market situation in Boise and Payette valleys that was regarded as encouraging to local growers who discussed the question with him.

COAL SUPPLY SUBJECT OF BABSON ANALYSIS

Price Levels Considerably Reduced Over Status of a Year Ago, Says Statistician; Supply Abundant

WELLESLEY HILLS, Mass., Oct. 20 (Special to The News)—There seems to be plenty of coal, according to a statement issued today by Roger W. Babson, the statistician, who has just completed a survey of the coal situation.

"A year ago this country was emerging from the chaos of the great bituminous coal strike of 1922," says Mr. Babson. "The output for practically five months, April through August, was held on a minimum level. As a result, the total production of bituminous coal last year was the smallest in twelve years. Not only were stocks of coal low but transportation facilities were unable to meet the urgent demand from manufacturing interests. It was difficult to obtain prompt and adequate deliveries. Consequently, prices of coal soared and remained high during the fall and early winter period."

Price Higher
"The average price of soft coal in October, 1922, was \$4.40 per ton at the mine—a level of 200 per cent over the pre-war average. Today we find contrary conditions. A strike this year was avoided and production held on practically a record basis. During the first 230 working days of this year the output has exceeded 413,435,000 tons, against 271,015,000 tons during the same period last year. In fact, we have produced more coal to date than was brought to the surface during the entire 12 months of 1922; the exact figure for last year being 407,894,000 tons. Incidentally, the output this year has been exceeded only once in the history of this country; that was in 1918, when 670,335,000 tons were produced. It is not surprising in view of current figures that commercial stocks of bituminous coal have jumped. Statistics show that on September 1 stocks were estimated at 56,000,000 tons, or the highest volume since April 1, 1923. Present stocks represent an increase of 35 per cent over the low last March and 300 per cent over a year ago."

"The effect of excessive soft coal production, large and increasing stocks, diminishing industrial demand and relatively favorable railroad conditions has been pulling the price level down month after month. With little interruption, prices have continued downward since August, 1922. Today the price at the mine is approximately \$2.40 per ton, or 100 per

cent over pre-war levels, compared with 250 per cent a year ago. Economically, there cannot be a further marked price decline. In fact, conditions point toward a firm price level over the fall and winter months. We are now entering the period of maximum consumption and the customary seasonal strain on our railroads. Block protection over the fall and early winter period should not be postponed.

"So far as the securities of coal companies are concerned, there is no occasion for anyone to become optimistic. To be sure, in the list of stocks and bonds of coal company representatives of the soft coal industry there is wide variety. The stocks of the older and better known companies are, by no means, low in price. In view of the general trend in the speculative markets, there is no incentive for purchasing. For the long pull, stockholders must bear the brunt of the struggle which the industry faces, against the pressure of rising costs through union demands on the one hand, and a condition of over production combined with increasing favor for oil as fuel to limit the selling price of the other."

Questions Bonds.
"Bonds issued by a coal mining company can hardly be said to have the qualifications commending them to conservative investors. In the first place the mining industry represents a liquidating proposition, that is, each ton of coal taken out, reduces the assets ultimately available. Serial maturities or sinking fund charges, have been adopted in some cases to meet this objection. But such a fixed charge entails a serious depletion of working capital in time of full operation and makes the cost of coal mined practically prohibitive in times of severe competition. In any event, it must be obvious even on casual reflection that after a period of years of large demand and good prices for coal such as we have had, any new borrowing either to expand mining operations or carry a large inventory, does not engender conservatism."

"Under the present outlook for business the Babsonchart shows it will work at 10 per cent below normal. I would rather have the bond of the power company or railroad which uses the coal than to cast my lot with the fortunes of the coal mining industry."

The following items will be sold for storage at Montgomery's auction ground on Saturday, October 27, 1923:
1 box, property of A. J. Kierco.
2 boxes of goods, 1 grip, property of N. E. Reed.
1 piano, property of Mr. Collier.

ALASKANS WILL VOTE ON PLAN FOR DIVISION

Special Election Is Called by Juneau City Council for November 6 when Harding Proposal Will Be Passed Upon

JUNEAU, Alaska, Oct. 20 (AP)—A special election to pass on the question of dividing the territory of Alaska of which the late President Harding suggested the southern portion might well be admitted soon as a state, was today called by the Juneau city council for November 6. The city of Ketchikan asked all cities in southeastern Alaska to have an election on the question that day. Commercial bodies in Ketchikan, Wrangell, Petersburg and Juneau, all in southeastern Alaska, have gone on record in favor of division.

If the vote November 6 is in favor of division, advocates of the change propose to hold a convention here November 15 to consider ways and means of presenting the matter to congress. Early formation of a state of the union from southeastern Alaska was suggested by the late President Harding in Seattle July 27, in the first speech he made after his return to the states from a tour of the north. The speech was delivered to a throng in the stadium at the University of Washington and when Mr. Harding was already in the grasp of the illness that ended fatally six days later in San Francisco.

ROOT IS ILL
NEW YORK, Oct. 20 (AP)—Elliott Root is suffering from an attack of kidney trouble and is confined to his bed in this city, his secretary said today. Doctors were reported to have discovered a stone in the left kidney which they hoped to remove without an operation.

Arc or Ox-Acetylene Welded Joints are Found in the WEIR

JOINTS welded by electricity or oxygen and acetylene gas actually fuse the two pieces of metal into one. Both of these up to date processes are used in the new factory in eliminating what has always been an objection to warm air furnaces—leaking joints.

The WEIR furnace is positively gas, dust and smoke tight and if this assurance is of the value to you that it has been to thousands of other WEIR users it should convince you that the WEIR furnace is the heating plant for you to purchase and thus avoid the discouraging possibility of ruined walls, draperies, pictures, etc.

Gases or soot simply cannot come from the WEIR as it is built today, and then pass thru the registers into the rooms and the materials in the WEIR stand up and continue to save fuel money many years after the price is forgotten.

The WEIR is made by the Meyer Furnace Co., Peoria

COUNTY CLERK FOUND GUILTY

Cumberland, Va., Executive Held Responsible for Slaying of Rev. E. S. Pierce

CUMBERLAND COURT HOUSE, Va., Oct. 20 (AP)—Robert O. Garrett, Cumberland county clerk, was found guilty today of second degree murder for the killing of Rev. E. S. Pierce here last June. He was sentenced to serve five years in the penitentiary. The trial had been in progress since last Tuesday morning and was the second time the Cumberland county clerk had been put on trial for his life as a result of the shooting to death of the Baptist minister for which both he and his accused brother, Larkin C. Garrett, were indicted for first degree murder. The latter also was once brought to trial, his case ending in a mistrial after it was alleged three members had before going into the jury box expressed opinions as to the case.

PAYMENT OF LOANS IN IDAHO AT LARGE TOTAL

Departmental Report Indicates More Than \$32,000 Paid in Last 30 Days and \$20,000 Advanced for Aid

BOISE, Oct. 20—The Department of Public Investments report for the last month shows a better condition among the farmers of the state in their payment of loans and interest on loans. The farmers have paid \$32,150 on loans in the past 30 days and the department has advanced only \$20,773 for their aid. A total of loans to farmers of \$34,400 has been approved during the same time, according to A. Hognesen, acting commissioner of public investments. These have been pending for some time.

The department has recently made a payment of \$25,000 in purchase of school bonds for Kootenai county district No. 1, out of a total of \$200,000 bonds from that district. The department has invested out of the insurance fund for \$40,000 worth of Liberty bonds at a cost of \$20,114.17 inclusive of accrued interest, and brokerage. The insurance fund must be invested in liquid and safe securities.

NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary

Kansas City, Mo.—(Special)—A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, the well known Florida specialist in this city. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. There's no hard gonging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and struts, their ruptures absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of The News who writes him at his office, 3083 Koch Bldg., Kansas City, Mo. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.—adv.

REWARD. A reward of \$50.00 is hereby offered and will be paid for information which will lead to the arrest and conviction of the person or persons who, on October 3rd, at about 7:30 o'clock p. m. of said day, ran over and drove down four girls on the road between the County General Hospital and the City of Twin Falls, and left no clue to his or their identity. Information in this matter may be given J. W. Taylor, County Attorney. By order of the Board of County Commissioners. J. D. BARNHART, Chairman.

Broadway Admired Matinee Idol Who Wore Loud Clothes

Death of Frank Devornon Recalls His Sartorial Selections Many Years Ago

NEW YORK, Oct. 20—More than a generative nago Frank Devornon, matinee idol, was known far and wide as the Beau Brummel of Broadway. He died in Bellevue hospital today of heart disease. He was 78 years old.

In his heyday, when his slightly appearance at the Windsor, the Bowery or Wallack's were much in the nature of triumphs, Devornon earned and held his Brummel title by making big changes of clothing daily. He was a joyous apparel; he affected large checks and fancy stripes, and Broadway admired.

WOODS TO RETURN TOKIO, Oct. 20 (AP)—Cyrus E. Woods, United States ambassador to Japan, is leaving for America the first of next month with his wife and her mother. The trip has been made necessary in order that expert medical attention can be given Mrs. Woods' mother, who was injured in the Japanese earthquake. The ambassador and his family will be absent about 60 days.

The News is read by the permanent earning classes.

GOVERNOR MOORE QUOTED

Interesting Statement of State Executive Indicates Spirit of Extentlessness to All Classes and Religions

BOISE, Oct. 20 (AP)—An interesting statement of Governor C. C. Moore of Idaho appears in the current issue of The Jewish Tribune of New York. This excerpt is typical of his spirit of fairness to all classes, races and religions.

"This country was founded on that fundamental principle that religious freedom should be enjoyed by all peoples of the land and that racial and religious prejudice should be forever barred. I believe that every man and woman throughout the land has a God-given right to worship his God according to the dictates of his own conscience, so long as he is law-abiding and peaceful in his pursuits. I furthermore believe that the stirring up of religious and racial prejudice and animosity will do great harm in the peaceful conduct of the social and civic affairs of the nation.

"The late war should have impressed upon all of us the equality of man; for did not the youth of all creeds mingle their blood in the common cause of humanity and right in the world? We must not judge too harshly lest we be judged at the end of time, and we must recognize merit and good when it is shown by any race, color or creed."

LARGE ACREAGE REVERTS TO FEDERAL GOVERNMENT

Total of About 6,000 Acres Set Aside for Carey Act Project in Custer County Is Relinquished

BOISE, Oct. 20 (AP)—State Reclamation Commissioner Warren G. Swendsen has just completed a piece of clean-up work which will mean much for the state of Idaho. He recently relinquished back to the federal government 6,371.7 acres of land set aside in 1910 for a Carey act project known as the Thousand Springs Land and Irrigation company in Custer county which has never materialized. The statutory time for furnishing the water supply has been exhausted; the company admits its inability to complete the project and water available may be used to better advantage on other tracts.

It is the policy of the federal government to open such tracts to homestead entry and it is the opinion of Commissioner Swendsen that war veterans will be given the first opportunity in this connection.

This relinquishment is a type of the work of the reclamation department in cleaning up old projects and either getting the min shape for entry and actual use or relinquishing the land back to the government so that it may

be available for homestead entry. Reclamation permits are not issued without the most careful investigation of the reclamation department as to water and the advisability of such construction and to the cost of maintenance.

PRINCETON SLAUGHTERED BY NOTRE DAME ELEVEN

PRINCETON, N. J., Oct. 20 (AP)—Notre Dame today slaughtered the Tigers, 25 to 2. Marching into jungles fresh from its victory over the Army, the invaders from Indiana launched its attack of end stirring runs and forward passes and allowed the Princeton eleven but two points, failed on a safety in the second period.

Four touchdowns by four different players was the roll which the Hoosiers executed from the undefeated football champions of the Big Three in 1922. D. Miller, Strubelcher, Lyden and Mayer crossed the line for the middle westerners and Lyden succeeded in booting the ball over the goal posts after touchdown.

Some 30,000 spectators streamed into the Palmer stadium today to witness the battle. Dr. Evans, the optician from Boise will be at the Perrine hotel next Monday, October 22. I fit glasses correct actual use or relinquishing the land back to the government so that it may

SINCLAIR COLT WINS BIG RACE BY SIX LENGTHS

Smashing Victory for America Is Recorded when Zev Passes Tape Far Ahead of Papyrus; Had Easy Victory

BELMONT RACE COURSE, Oct. 20.—Coming down the home stretch with a blinding, irresistible burst of speed, Zev, the Bancoos stable's great son of the Finn-Miss Kearney, scored a smashing thoroughbred victory for America today, conquering Papyrus, the English derby winner by the decisive margin of six lengths over the mile and a half Belmont park course.

With Zev's sensational victory went \$80,000 of the \$100,000 purse for which the classic was fought and the crown of three-year-old champion of world at stake for the first time, in one of the most colorful spectacles American turf history has ever known.

A vast throng of 60,000, the largest in course track, crowded the stands in this picturesque Long Island setting in expectation of a tense duel for thoroughbred laurels. But while there were thrills aplenty, the crowd saw the American colt sweep to a triumph almost as one-sided as it was spectacular.

Track Was Heavy.

Over a track that was heavy and soggy from several days of rain, Zev answered pre-race fears that he was not in the best condition, by galloping to convincing, impressive victory over Papyrus. After a rather hard start, Zev overtook his rival before the first quarter pole had been reached and thereafter was never headed despite the game and gallant efforts of the English champion.

Over the first mile and a quarter it was a thrilling race, Zev leading by practically a length over that distance, standing off the challenger, Papyrus, and apparently running well within himself. Then came the real test, the final quarter and Zev, with lead and the colt responded with a terrific burst of speed. Papyrus fell behind rapidly, apparently tired and "all out" under this gathering pace. Zev galloped under the wire full six lengths in the van amid a tremendous ovation from the throng that had watched the struggle in pulsing gripping suspense.

Zev in Best Form. There was no question of Zev's superiority practically from the start, and, too, there was no question but that Zev was close to the best form of his brilliant career. The fact that he carried him to victory in the Kentucky derby, the Belmont and other historic stakes this year and gained the colt the title of American three-year-old champion.

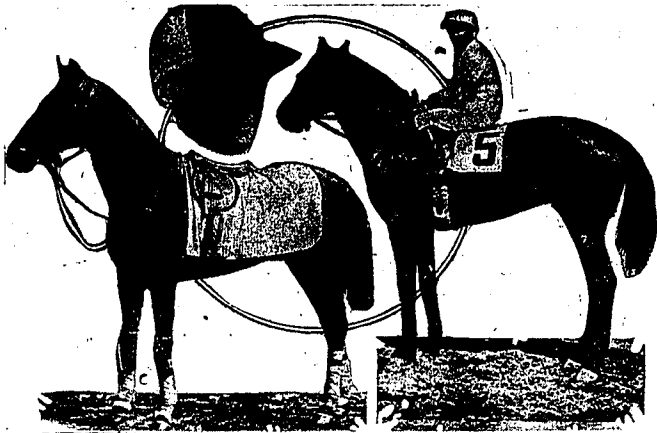

When Zev went to the post there was no outward sign remaining of the skin mainly whose development within the past few days had attracted a sensation in turf circles, caused a rapid decline in the stock of America's ensue and threatened to force Zev's withdrawal in favor of the Admiral Cary T. Grayson's My Own. The sleek coat of the racer showed him in fine fettle and his race proved it.

"Mud Horse" at Home. Zev, always a noted "mud horse," demonstrated he was completely at home in the heavy going and tonight it seemed that the story of Papyrus' defeat lay in part in the fact that the derby winner seemed unable to run at his best on the sloppy track.

There was no question but that Papyrus was a magnificent colt to turf critics, especially in view of the English horse's brilliant time trial just before the race, and perhaps an explanation of this was the fact, derby opened after the match, that the derby winner was shed smoothly while Zev wore hot toe and heel caulks. This, it was said, accounted for the fact that Papyrus seemed to slip at the start, unable to gain firm footing.

Best Horse Won. "Papyrus was not at home in the going," declared Steve Donoghue, the great English jockey, who rode the invader, afterward, and this opinion was confirmed by Basil Jarvis, the colt's

AMERICAN COLT WINS \$80,000 STAKE

"Papyrus," Steve Donoghue and Zev with Earl Sande up.

At the right above is shown Harry P. Sinclair's three-year-old, Zev, and Earl Sande, who rode the American colt to victory Saturday in the International race at Belmont Park, N. Y. At the left is shown Papyrus, much-touted English Derby winner, and Steve Donoghue, English jockey, who made his first trip to the United States only to lose the derby by six lengths. The purse for the race, which attracted the attention of racing fans everywhere, was \$100,000, \$80,000 of which went to the winner and the balance to the loser.

IOWA'S GRIDDERS LOSE TO ILLINOIS, 9 TO 6

Champions of Western Conference Lost Hope for Big Ten Battle; Put Over Winning Play in Fourth

IOWA CITY, Iowa, Oct. 20 (AP).—Iowa's football team, champions of the western conference and joint claimant with Michigan to the title last season, lost its first game in 23 starts today when Illinois, through a 50-yard place kick by Britton in the opening period and an open field attack in the final quarter, defeated the Hawkeyes, 9 to 6, in a thrilling game coming out here.

Gringo, first left halfback of Illinois, brought doom to the Iowans and dashed their hopes of another Big Ten title when, after Iowa had gone into the lead in the fourth period, he took a three long passes from Hall, Illinois quarterback, which advanced the ball from his own goal line to Iowa's two-yard line, whence he took it over on the first play.

Iowa's touchdown in the fourth period came on a beautiful pass, Fry to Romey.

Trainer, but neither put this forward as an alibi for defeat. There was no doubt in their minds, as well as those of the vast gathering, that the best horse, as they stood today, was behind the red of thoroughbred speed and stamina, was a brilliant duel of horsemanship and in this matching of riding with Earl Sande, the premier jockey of America, won over his famous rival, Steve Donoghue, winner of five English derbies, who piloted Papyrus to triumph in this year's classic at Epsom Downs.

It was Sande's generalship as much as Zev's greatness that brought victory to America. The little jockey who had piloted the Bancoos star to all his big triumphs, outmaneuvered and out-thought his opponent.

The time of the race, two minutes 25 2/5 seconds, was not remarkable, but it was good in the face of existing track conditions. The fractional times showed that Zev displayed his great speed over the first five furlongs of the race, but by comparison with Papyrus, the Bancoos colt seemed to travel swiftly in the final stages of the encounter. Zev, however, maintained a remarkably smooth, even pace over the whole race, always keeping enough in reserve to withstand the invader's challenges.

Fractional times by eighths follow: 13; 25 4/5; 38 1/2; 50 2/5; 1:02 2/5; 1:15; 1:27 4/5; 1:40 4/5; 1:54; 2:07 3/5; 2:21 2/5; 2:35 2/5.

NORTHWESTERN IS BEATEN

Aerial Attack Falls to Function Properly and Chicago Wins Game, Final Score Being 13 to 0

CHICAGO, Oct. 20 (AP).—Northwestern's aerial attack failed to function in the first three quarters of play today and the University of Chicago defeated the Purple 13 to 0. When the Purple warriors toward the end of the last quarter, it was too late for the Maroon defensive to hold. Twice in the last five minutes of play, Northwestern, by aerial passes, hid the ball inside of Chicago's five-yard line, but both times the Stagg men defensive held and Northwestern was prevented from scoring.

MICHIGAN UPSETS DOPE

Ohio State, Famous for Forward Passing, Is Defeated at Its Own Game Before Crowd of 45,000 Persons

ANN ARBOR, Mich., Oct. 20 (AP).—Michigan demoralized and overwhelmingly defeated Ohio state, famous for its forward passing, at its own style of game today, burying the Buckeyes under a 23-0 score in one of the most startling upsets of the 1923 western conference championship games. The game, which resulted in the elimination of Ohio from the championship race, was witnessed by a record breaking crowd of 45,000 spectators, the greatest throng that ever jammed historic Ferry field. Every inch of standing room was filled, thousands were turned away, and tickets sold as high as \$50 each, although there was very little scalping.

KANSAS AND NEBRASKA FIGHT FOR SOBERLESS TIE

LINCOLN, Neb., Oct. 20 (AP).—Kansas and Nebraska universities, traditional football rivals, battled to a scoreless tie, in the new Nebraska Memorial stadium today, following the stadium dedicatory exercises which were held in connection with the annual Cornhuskers' alumni reunion.

JEROME GRID TEAM TO MEET JUNIORS HERE

Frontline of Another Good Football Game is Held Out to Twin Falls in Clash with North Side Squad

Twin Falls is promised another good football game this afternoon as the junior high grid meets Jerome Saturday morning the squad turned out for practice. Their regular coach, Mr. Anderson, and Evans, the Bruins' leader, were out and plied them through a stiff workout on Lincoln field. They were also issued uniforms. Heretofore they have been playing without equipment but when they meet Jerome they will be as well equipped as the Jerome seconds.

Mr. Anderson was uncertain as to the lineup for Monday afternoon, but probably the following will take their places in the junior high aggregation: Walter Frazzelle, a younger brother of the high school's star, will be doing the fullback, with Kenneth Dunn and Captain Lewis Stimpson at the half positions. At quarter there is still a great deal of uncertainty. Kelly, O'Neal and Berg are all strong contenders. The pivot position will be taken probably by Anderson, with a choice between Harrison, Vance, Sullivan and Steel for the guards. Letzer and Herby are the most likely tackles, and at the end we have Garrity, Jewett and Nye all fighting for a place.

This game will be followed later by a return game at Jerome. Coach Anderson is optimistic and prophesies a victory for their first game in out-of-town school. The Bruins' goal is to win the game and pass the junior high, occupying somewhat the same position that Garrity does for the Bruins as he is also counted upon to make good gains through the line. The game is called for 3:30 Monday afternoon in the Lincoln field.

BALTIMORE ORIOLES ARE WINNERS AGAINST BLUES

International League Champions Show Complete Reversal of Form in Game with Kansas City

BALTIMORE, Md., Oct. 20 (AP)—Showing a complete reversal of form from their playing in Kansas City, the Baltimore Orioles today won the championship of the Kansas City American league by defeating the Blues in the first local game in the junior world series this afternoon, 7 to 6. Expected to lose until the eighth inning, the Blues flashed a five run battling rally, tying the score at six all. The Orioles came right back in their half of the same inning and handed the visiting champions a home run to the right field stands. Baltimore's victory makes the series stand three to two in favor of Kansas City.

Although the weather was fairly good for baseball, only 3505 fans passed through the turnstiles. The total receipts were \$8200. This was the smallest crowd of the present series.

OREGON AGGIES LOSE TO CALIFORNIA UNIVERSITY

CALIFORNIA FIELD, Berkeley, Cal., Oct. 20 (AP)—The University of California defeated Oregon Agricultural college 20 to 0 in the first Pacific coast conference game of the season. California depended largely upon straight line smashes. The Aggies though strong in the last quarter weakened in the second period and California punctured the line almost at will.

COLORADO IS VICTORIOUS

BOULDER, Colo., Oct. 20 (AP)—Mixing passes with powerful line smashes the University of Colorado bewildered the Brigham Young eleven and scored a 41 to 0 victory in their first conference game of the season here today. Out of 20 attempted passes, Colorado completed 14 for a total of 263 yards. The visitors made but one first down.

MINNESOTA WINS

MINNEAPOLIS, Oct. 20 (AP)—Minnesota's cross country team contributed to a day of glory by winning today by capturing the first four places in a dual meet with the Grinnell Carriers over the campus course, and winning the competition.

WILSON GETS DECISION

BOSTON, Oct. 20 (AP)—Johnny Wilson, former middleweight champion, gained the decision over George Robinson, Cambridge negro boxer, in a ten-round bout here tonight.

PEACHES ANNOUNCED

Football practice Monday morning at 7:30 o'clock was announced Saturday evening by Coach Evans of the Twin Falls high school.

LONDON DEPRESSED BY DEFEAT OF PRIZE COLT

News of the Victory of Sinclair's Brink in International Event is Received with Much Surprise

LONDON, Oct. 20 (AP)—The news of the defeat of Papyrus at Belmont park by the American champion three-year-old Zev, was received in London with surprise and depression. A few hours prior to the race reports from New York indicated that the British colt would be a favorite, and the British public, which had been somewhat apathetic over the contest, suddenly began backing Papyrus heavily. Interest thereupon in British sporting circles became more pronounced as the evening wore on, and the one topic among the theater and restaurant crowds was the outcome of the great international turf contest, which will be held in London on Monday.

CANNON ALARMED OVER PROJECTS

(Continued from Page One)

"The necessity of the department approving all future transfers is approved," he continued. "The witness declared the department's estimate of \$2922 as the average indebtedness of the individual water user, was too low, adding that personal examination led to his belief that it was nearer \$4000 per user. "But figuring the average at \$3000," he continued, "it will be shown that the burden of debt, exclusive of governmental charges is \$114,355,000, or approximately the same as they owe the government. In other words, commonly the total cost of construction," and warranted the assumption that the public interests in the settlers' welfare went beyond the mounting aggregate of payments over and above the increase in wealth.

The annual increase of national wealth represented in the products of the reclamation projects, the witness said, probably "equals the total cost of construction," and warranted the assumption that the public interests in the settlers' welfare went beyond the mounting aggregate of payments over and above the increase in wealth.

Mr. Cannon cited the Boies project as apparently illustrating the general situation. With advances from the government totaling \$12,000,000, the commissioner asserted, "designing politicians, self appointed guardians of the water users and selfish interests, have so far intrusted themselves upon the patriotic and well-meaning people of this project that they may look forward to the time when the entire investment will be relinquished."

Increases in Wealth.
The witness urged the committee to recommend a strong practical and capable business organization in Washington, with a field force trained in organization, production and business principles to guide the farmer. Lack of cooperation by the government agency was indicated, he said, by the recent suspension of federal land bank aid to reclamation farmers in the St. Paul, Omaha and Spokane divisions. The original land bank act had practically prohibited aid to irrigation farmers by requiring the banks to take only a "first lien." Most reclamation settlers had already assigned their claim to the reclamation bureau on taking up their land, he said.

SOCIETY

Edited by Mrs. E. B. Williams Telephone 396

Mrs. J. S. Russell entertained at luncheon Sunday in the private dining-room of the Hotel Rogerson. Covers were laid for thirty-six at a table charming in a color scheme of yellow and pink. Bud-vases held yellow and pink flowers, and the tables were decorated with pink and white. The place cards bore hand-painted roses in the yellow and pink. After luncheon the guests motored to the Bussell home on Seventh avenue north, where bridge was played at eight tables. Favor for high score was won by Mrs. R. A. Read, and consolation by Mrs. Alvin Harbort. The home was attractively decorated with roses, asters and marigolds. Mrs. E. A. Wyatt of Los Angeles, Cal., and Mrs. Richard Newton of Seattle were sub-town guests.

The Twin Falls Order of the Eastern Star will entertain the Jerome and Hollister chapters on Tuesday evening, October 23, after a short business session the social committee will be in charge and a special program will be given.

Members of the Pan-Hellenic club will be entertained at the home of Mrs. A. E. Anderson in Piler on Monday evening with Mrs. W. J. Gillis as assistant hostess. Those who plan to go are asked to meet at the home of Mrs. Arthur J. Peavey, 100 Seventh avenue north, at 7:30 Monday evening. Members of the club who cannot attend are requested to call Mrs. Marlin G. Batley before noon on Monday.

The Business and Professional Women will have their first meeting Monday evening in the study of Mrs. Katherine Provest. On Tuesday at noon the usual luncheon will be given in the club rooms.

ATTENTION GIVEN DEBT COLLECTION

(Continued from page one)

As soon as it became possible to do so and asked that their visit might be considered as a preliminary one, further negotiations to be undertaken at a later date. "The government of Yugo-Slavia has expressed its intention of sending representatives to the United States shortly for the purpose of presenting to the commission the point of view of the Yugo-Slavian government regarding the adjustment of its war debts to the United States."

COOLIDGE PROGRAM IS ACCEPTED

(Continued from Page One)

of executives to enforce them with such instruments and by such means as the law provides for securing enforcement." General consideration of the prohibition bill was given by Governor Grosbeck of Michigan, who with Governor Mabey of Utah had been selected by the state executives to represent to the president's message.

"Not Worth a Rush." The saying "not worth a rush" dates back to the days before carpets were invented, and the floors were strewn with rushes. When an honored guest was expected fresh green ones were cut and spread—but people of little consequence had to be contented with rushes that had been used, while still humber folks got none at all.

G. O. P. AFFAIRS HELD IN GOOD SHAPE IN WEST

Chairman Adams Says Factional Difficulties Ironed Out; Boss Denver as Contender for Convention

WASHINGTON, Oct. 20 (AP)—Chairman Adams of the republican national committee, returning today from a trip through the west, brought word that Denver was a "serious contender" among cities desiring to secure the republican national convention next year. "Although there is a wide impression among republican leaders that Chicago is leading the race for the convention city, Mr. Adams said that prominent local interests were backing Denver's campaign.

"Denver's reputation as a convention city is already well and favorably established," said Mr. Adams, who recently spent several days in the Colorado capital in conference with republican party leaders of the intermountain region, comprising the states of Colorado, Utah, Montana, Wyoming, Nevada and New Mexico. "Republican factional difficulties in some of the western states, he said, have been ironed out and party lines strengthened.

"The republican organizations in the west are in good shape," said the committee chairman. "There is little or no factional trouble. They realize the campaign will be hard fought in that section of the country, but they are confident as to the result."

INDICTMENTS RETURNED AGAINST ILLINOIS MEN

Chambers Is Faced with Murder Charge; Two Others Held for Manslaughter for Deaths from Poisoned Liquor

PANA, Ill., Oct. 20 (AP)—The grand jury returned indictments to investigate five deaths here recently from poisoned whiskey, into today indicted Robert Smith, a chemist, for murder and recommended that he be held without bond and returned manslaughter indictments against John, Stephen and Paul Tokoly. Each of the manslaughter true bills contained five counts. John, Stephen and Paul are sons of John Tokoly and the three operate a soft drink parlor here. It is alleged the poisonous whiskey was obtained from Smith by the Tokolys. The grand jury recommended that each of the Tokoly bonds be \$7500 on each charge, or a total of \$37,500 for each, making a total of \$112,500 for the trio.

The News is read by the permanent reading class.

The Screen

"THE COVERED WAGON" BOOKED HERE OCTOBER 29

The long awaited, "The Covered Wagon," will show at the Loring theater for three days, commencing Monday evening, October 29. And a story of the winning of the west. This great screen spectacle was adapted from the late Emerson Hough's novel of the same name, and is a story of the winning of the west when brave men and women wended their "westward ho!" in white topped prairie schooners. The subject was filed with reference to the lofty theme of the book and with all the elaborate detail which the enormous financial resources of the producing company could provide. Beyond question it is the most human and tender story of the hardships and sufferings of the heroic pioneers that has yet been put in pictorial form.

"The Covered Wagon" tells the story of the Oregon trail in '48 and depicts with historical accuracy the pioneers' conflict with a triumph over the greatest horse in captivity with savagery and barbarism. It is replete with adventure, danger and comedy and has, too, a fascinating love story. In keeping with the dignity of the spectacle there is an orchestra under the direction of Earl Schwartz.

WILL SHOW RACE FILM

In view of the world-wide interest in the international horse race classic of yesterday which brought Europe's greatest horse in competition with America's fleetest race, arrangements were made with the Westchester Racing association whereby Pathé made a permanent motion picture record of the match. As soon as the pictures can be de-

veloped and printed and shipped to distributing centers they will be shown. The Idaho theatre has closed a contract for them and Twin Falls people can see them here on November 5th and 6th.

NOVEL PICTURE COMING

Said to be one of the most novel pictures of the current season, William de Mille's latest Paramount production, "The Marriage Maker," will be the feature at the Idaho theatre for three days beginning Monday. Agnes Ayres and Jack Holt are featured, while Charles De Roche heads the supporting cast. As an added attraction and without adding anything to the admission prices the Idaho theatre will present Jack Dougherty, an Irish baritone, in a number of songs, the kind most everybody likes to hear. Mr. Dougherty carries his own accompanist with him on tour.

TWIN FALLS DAILY NEWS

Published every morning except Monday. Twin Falls News Publishing Co., Inc. (Established 1904)

Entered as second class mail matter April 18, 1918, at the post office at Twin Falls, Idaho, under the act of March 3, 1879.

SUBSCRIPTION RATES: 3 months \$3.00, 6 months \$5.50, 12 months \$10.00

MEMBER OF ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for publication of all dispatches received by it...

EASTERN REPRESENTATIVES: George H. David Co., Inc., 171 Madison Ave., New York; A. R. Keator, 1411 Hartford Building, Chicago.

STABLE STANDARD OF VALUE. Professor Irving Fisher of Yale, the well-known economist and monetary authority, is at it again, demanding a stable dollar.

"Talk about the mark and the ruble," he says, "and we can appreciate the need of such a standard. But we are overlooking the fact that our dollar is less than two-thirds of what it was before the war."

"We have definite, fixed standards of weight and measurement, but we lack what we need worst of all—a definite, unchanging, international standard of value."

Undoubtedly we do, as everyone who thinks seriously about the matter concludes, sooner or later. It is perhaps the biggest material need in the world today.

But what is Professor Fisher going to do about it? It may not be beyond the power of the human intellect to solve this problem, but nobody has come forward yet with a solution that convinced any great number of people.

CO-OPERATIVE ROADSIDE SELLING

A new kind of co-operative marketing plan is being tried in Ohio. Fruit-growers of Little Mountain have combined to sell their apples, not to distant city consumers, but to automobilists at the roadside.

The association is going into the matter in a thoroughly business-like way. There will be no cheap peddling about it. They are establishing a good, modern, self-respecting fruit market. They have established, first of all, a commodious parking space so that patrons will not have to stop on the highway.

The farmers concerned evidently have learned useful lessons from the western associations of fruit-growers. These lessons have been driven home by the invasion of eastern markets by western fruit.

Here is emphatic recognition of the part the automobile customers is coming to play in the agricultural market. Roadside buying in some communities has been under a cloud so far, because of the lack of standard quality and fair prices in the roadside goods.

"WE STOP AT CROSSINGS" Discussion of grade crossing accidents may become tedious to such few persons as never drive and even to motorists who have never been in an

accident. But it must continue until the menace has been stopped. The fact that in nineteen hundred twenty-two there were nine thousand and twenty-one persons killed in grade crossing accidents in the United States and more than twenty-five thousand others were injured is evidence enough of the seriousness of the situation.

In spite of safety activities it is said that such accidents are on the increase. A county in Indiana is leading in a movement which includes organizations in Indiana and Chicago. It was roused to action by fifty-nine crossing deaths and 150 injuries suffered within that county in the first nine months of this year.

As a first step the safety workers are co-operating with the railroads in the installation of more effective danger warnings such as crossing bells, swinging target signs and similar devices. At the same time that they work for the adequate warning of motorists, they work for a better spirit of co-operation and self-protection among drivers, bringing before them the necessity of stopping before they cross any tracks anywhere.

Fifteen Years Ago in Twin Falls

From News Files, October 23, 1908.

The first football game played in Twin Falls last Saturday between the Poentello high school and Twin Falls high school was a very hard defeat for the high school, the Poentello boys being much heavier and more skilled, taking the game by a score of 35 to 0.

Ed Walters of Contact, was in Twin Falls this week. He reported that the copper camp was much interested in the prospects of a railroad from Twin Falls to Wells, which seemed to be continually growing brighter.

Mr. and Mrs. T. F. Warner will entertain tomorrow evening in honor of Mr. and Mrs. A. L. Warner. The hours will be from 8:30 to 10 o'clock.

It is feared that the hard freeze of the last two nights may have injured the late potatoes to some extent, but the farmers are all busy and if this fine weather continues for a few days all the late crops will be in and everything snug for the winter.

The postal department has authorized the employment of an additional clerk for the space of four hours daily.

Frederic Conger, representing the Western Union Telegraph company in

Three Men AND a Maid By P. G. Wodehouse Illustrations by Irwin Myers

Copyright by George H. Doran Co. (Continued) CHAPTER II

The liner Atlantic lay at her pier with steam up and gangway down ready for her trip to Southampton. The hour of departure was near and there was a good deal of mixed activity going on. Sailors fiddled about with ropes. Junior officers flitted to and fro. White-jacketed stewards wrestled with trunks. Probably the captain, though not visible, was also employed on some useful work of a nautical nature and not wasting his time.

It seemed to Sam that he had been bitten, and this puzzled him, for New York crowds, though they may shove and jostle, rarely bite.

He found himself face to face with an extraordinarily pretty girl. She was a red-haired girl with the beautiful ivory skin which goes with red hair. Her eyes, though they were under the shadow of her hat, and he could not be certain, he diagnosed as green, or maybe blue, or possibly gray.

Nature abhors a vacuum. Samuel Marlowe was a susceptible young man, and for many a long month his heart had been lying empty, all swept and garnished, with "Welcome" on the mat. This girl seemed to rush in and fill it. She was not the prettiest girl he had ever seen. She was the third prettiest. He had an orderly mind, one capable of classifying and docketing girls. He

Twin Falls, this week is looking into the question of opening an uptown office, for which there is urgent need.

Iron Wesley L. Jones, the next United States senator from Washington, will speak on national issues at the rink in Twin Falls Saturday afternoon, October 24, at 8 o'clock. Congressman Jones comes from an irrigated state and can tell you something you ought to know. Come and hear him.

followed convulsively. His well-developed chest heaved beneath the covering of blue flannel and invisible stripe. At last, he told himself, he was in love, really in love, and at first sight, too, which made it all the more impressive. He doubted whether in the whole course of history anything like this had ever happened before to anybody. Oh, to clasp this girl to him, and—

But she had bitten him in the arm. That was hardly the right spirit. That, he felt, constituted an obstacle.

"Oh, I'm sorry!" she cried. Well, of course, if she regretted her rash act. After all, an impulsive girl might bite a man in the arm in the excitement of the moment and still have a sweet, womanly nature.

"The crowd seems to make Pinky-Boodles so nervous." Sam might have remained mystified, but at this juncture a heavy rug from a bundle of rugs in the neighborhood of the girl's lower ribs was sharp yapping sound.

"I hope he didn't hurt you much. You're the third person he's bitten to-day." She kissed the animal in a loving and congratulatory way on the tip of his black nose. "Not counting bellosa, of course," she added. And then she was swept from him in the crowd and he was left thinking of all the things he might have said—all those graceful, witty, ingratiating phrases which just make a bit of difference on these occasions.

Sam reached the gang-plank, showed his ticket, and made his way through the crowd of passengers, passengers' friends, stewards, junior officers and sailors who infested the deck. He proceeded down the main companion-way, through a rich smell of indiarubber and nitred pickles, as far as the dining-saloon: then turned to his stateroom.

A foolstep sounded in the passage outside. The door opened.

Eustace Higmett nodded listlessly, sat down on his bag and emitted a deep sigh. He was a small, fragile-looking young man with a pale, intellectual face. Dark hair fell in a sweep over his forehead. He looked like a man who would write verse libre, as indeed he did.

"Hello!" he said, in a hollow voice. "What on earth's the matter?" said Sam.

"The matter?" Eustace Higmett laughed mirthlessly. "Oh, nothing. Nothing much. Nothing to signify. Only my heart's broken." He eyed with considerable malignity the bottle of water in the rack above his head, a harmless object provided by the company for clients who might desire to clean their teeth during the voyage.

"If you would care to hear the story?" he said.

"It is quite short."

"That's good." "Soon after I arrived in America I met a girl..." "Talking of girls," said Marlowe with enthusiasm. "I've just seen the only one in the world that really amounts to anything. It was like this. I was showing my way through the mob on the dock, when suddenly..."

"Shall I tell you my story, or will you tell me yours?" "Oh, sorry! Go ahead."

Eustace Higmett scowled at the printed notice on the wall informing occupants of the stateroom that the name of their steward was J. B. Midgeley.

"She was an extraordinarily pretty girl..." "What was her name?" "Wilhelmina Bennett. She was an extraordinarily pretty girl and highly intelligent. I read her all my poems and she appreciated them immensely. She enjoyed my singing. My conversation appeared to interest her. She admired my..."

"I see. You made a hit. Now go on with the rest of the story." "I asked her to be my wife, and she consented. We both agreed that a quiet wedding was what we wanted. She thought her father might stop the thing if he knew, and I was dazed sure my mother would—so we decided to get married without telling anybody. By now," said Eustace, with a woe-ridden glance at the porthole, "I ought to have been on my honeymoon. Everything was settled. I had the license and the parson's fee. I had been breaking in a new tie for the wedding."

(Continued in next issue)

HANSEN

HANSEN—W. J. Young of Twin Falls was a business caller in town Thursday.

A fire drill given in the grade schools

Wednesday afternoon showed the building could easily be emptied in one minute. Mrs. Herbert Estor is a guest at the Loycock home this week; while Mr. Estor is attending to business matters in Salt Lake.

A community meeting was held at the church Thursday to discuss matters relative to keeping a minister for the Hansen church. Dr. White, district superintendent of the M. E. church; the Rev. A. J. Pearson of Twin Falls, and the Rev. T. Blodgett of Mountain Home, were present and delivered addresses. A goodly number of people representing various denominations of the community attended. Plans were perfected for a community church and the Rev. Mr. Blodgett was unanimously chosen as minister. A committee was chosen to arrange for his salary and to see that necessary repairs are made for a comfortable parsonage. The Rev. Mr. Blodgett and wife are coming to the field exceptionally well recommended and there should be no question but that in a very short time Hansen will have a live community church.

The Ladies Aid met at the church by Thursday afternoon with Mesdames Stokes Wiseman and Mydo Walker as hostesses. A new president, Mrs. O. D. Wilson, was elected for the ensuing year. Plans were discussed and perfected for their annual Thanksgiving dinner at the bazaar.

Mrs. G. M. McVey is visiting friends at Oakley.

A boy was born to Mr. and Mrs. Ole Anderson this week. Mrs. Anderson is at the home of relatives in Twin Falls.

Clarahe Soverance, a teacher of American Falls, attended the funeral of Mariel Lacourse, which was held Monday.

The Hansen Bridge club met at the home of Mrs. G. E. Pledger Wednesday afternoon. Mrs. H. M. Smith won high score. Mesdames C. A. Griswold of Buhl and B. M. McCoy of Twin Falls were out-of-town guests of the club.

Miss Ruth Hamilton spent the week end visiting relatives in Twin Falls.

REVELATIONS OF MR. CONOCO—the most contented motorist in six states! Image of a man in a car.

"I'm sittin' pretty" EVER since I began looking a bit more carefully when the time came to pull up alongside a gasoline pump. "Never bothered much about whose pump it was—thought gasoline was just gasoline and took the rest for granted. Right there was where I made a common and sad mistake." "In my travels over the state I noticed one sign in particular and next thing I knew I had the Conoco habit—it was easy to get but, man! how much easier to keep it up." "This old car of mine took on a new lease of life right from the first tank-full of Conoco—a poor stretch of road or a sharp, winding grade means nothing these days. There always seems to be enough extra 'kick', or reserve power, to pull us over the rough places." THE CONTINENTAL OIL COMPANY (A Colorado Corporation) Marketing a complete line of high-grade petroleum products in Colorado, Wyoming, New Mexico, Utah, Idaho and Montana Use Conoco Coupon Books. They are convenient and save you time and trouble making change. Good at all Continental Service Stations and accepted by dealers generally. CONOCO GASOLINE Reg. U. S. Pat. Off.

A Tempting, Breakfast Food TRU-BLU Grahams Broken Up in Half-and-Half Healthful, Too! supplying you with the bran and mineral salts of the outer coating of the wheat grain as well as its nourishing, meaty heart. Your grocer can supply you with Tru-Blu Grahams in sanitary, dust-proof packages or in 5-lb. wood boxes. TRU-BLU BISCUIT CO. D. 1923; such meeting will be held for the allowance of claims, appointment of trustee, and examination of bankrupt.

GUY I. KINNEY, Referee in Bankruptcy.

IN BANKRUPTCY NO. 2214. In the District Court of the United States, for the District of Idaho, Southern Division. In the matter of V. J. Stearns, bankrupt.

You are hereby notified, that the first meeting of creditors of said bankrupt will be held at the office of the undersigned Referee in Twin Falls, County of Twin Falls, State of Idaho, at 2:00 o'clock p.m., on the 1st day of November, A. D. 1923; such meeting will be held for the allowance of claims, appointment of trustee, and examination of bankrupt.

GUY I. KINNEY, Referee in Bankruptcy.

Sun Dial. The sun dial is first mentioned in the Book of Isaiah 38:3, and may have been used in the plan of the famous sun dial at Assula in the form of a series of steps. The remains of such a sun dial have been found amid the ruins of Pompeii. The modern sun dial only differs from the primitive one, in that it is more accurately placed and more carefully made.

THE CHANGE. "Yes, Mabel has given up the idea of a career."

"You don't tell me! And she was so determined, had made all arrangements to work her way through music in Munich and sing in Paris. My goodness! So devoted to a career!"

"Yes, dear, yes, she was; but there was an awful weighty bereavement in the family of that young man who wanted to marry her, so she decided to console him!"—Richmond Times-Dispatch.

Get On Lightly. "Hello, Jones, what's up?" "Gunsht would, old man."

"Great Scott! How did it happen? Out shooting?"

"No, home—learning the cornet."—London Weekly Telegraph.
