STORMY SCENE AT INQUIRY ON VETS' BUREAU

Colonel Forbes, Former Director of Federal Aid Body, Enters Objections to Procedure of Investigators

WASHINGTON, Oct. 22 (AP)—Sharp objections by Charles R. Forbes of Seattle, former director of the veterans' bureau, marked the opening today of public hearings before the senate, committee investigating the operations of the bureau.

"This matter is going all over the country," he said, "and unless I can make reply it will be assumed that I am sitting here without offering any objection."

Question Forbes' Choice Brigadier General Frank T. Hines, retired, president of the committee, had testified that Francis B. Smith had been employed apparently as a consulting architect in connection with the Livorno, Calif., hospital project at a salary of \$4,800 a year and that he performed duty for only a few hours.

"Who employed Mr. Smith?" inquired a member of the committee. "I employed him," shouted Mr. Forbes from his seat at the end of the long table.

Discarded Clothes Assist Sleuths in Train Wreck Case

Overalls and Blue Denim Shirt Found Near Scene of Hold-up Lead Latest Clue to Robbers' Identity

ASHLAND, Ore., Oct. 22 (AP)—A pair of overalls and a blue denim shirt, both discarded and found on the hillside near where the Southern Pacific train was held up and four men killed almost two weeks ago, are, according to officers, helping to solve the mystery of the holdup.

The overalls and shirt were sent to O. E. Heinrich, a criminologist of Berkeley, Cal., for examination. In the pocket of the overalls were found four strands of hair.

Lechance was linked to the crime by a checkup of a list of employees of contracting firms at Oregon City. He was a laborer there in August this year, and is alleged to have been the man who stole the explosives and battery with which the charge that killed the slain Matt Crick Daugherty was set off.

RENEW FIGHT ON FREIGHT RATES

Plea to Be Presented at Commission Hearing for Reduced Charges for the West

KANSAS CITY, Mo., Oct. 22 (AP)—Preliminary plans for presenting at an interstate commerce commission hearing here November 14 a plea of western states for reduction of freight rates on grain products and hay were formulated at a meeting of interested persons here today.

"We believe the freight rates are a predominant factor in agricultural conditions," Mr. Reed asserted, "and we do not propose to shirk our duty in fighting for a fair reduction in the middle west."

"Economic testimony showing the gross returns of agriculture. Financial testimony, indicating the conditions in grain states with reference to increased mortgage indebtedness. Rate adjustments, made or contemplated by the carriers, with maintenance cost and studies of valuations."

Gaston B. Means, Boy-Ed Financial Agent and Sleuth, Is in Bad-Once. More

NEW YORK, Oct. 22 (AP)—Gaston B. Means, a former special agent of the federal department of justice today was arraigned on four indictments charging use of the mails to defraud and violation of the prohibition and internal revenue liquor laws in the transfer of \$12,000 cases and 12,000 barrels of whiskey from licensed distilleries to bootleg channels.

Means once was acquitted of the murder of wealthy Maude A. King of Chicago. He figured in the famous King forgery will case, he confessed to having been financial agent for Captain Karl Boy-Ed, German naval attaché in Washington in 1917; for years he has been an investigator for the department of justice and William J. Burns.

Others Escape. At least 10 persons are named in the indictments as parties to the alleged conspiracy but will escape prosecution because they testified before the federal grand jury, the federal attorney said.

In the transfer of \$12,000 cases and 12,000 barrels of whiskey from licensed distilleries and government warehouses to bootleg channels, Means and his secretary are charged with having used the mails to defraud bootleggers by promising to use his influence as a department of justice operative in getting liquor out of bond for them; conspired to violate the Volstead act through the illegal transportation of liquor; conspired to defraud the government by removing bonded whiskey from federal warehouses without paying duty; and conspired to defraud the government by removing vast quantities of liquor from licensed distilleries to places other than designated government warehouses.

Means smiled as the indictments were read to him. Through his attorney he immediately pleaded not guilty and asked that bail on all four indictments be set at \$14,000 instead of the \$20,000 demanded by prosecutors. Judge Knox made it \$15,000, offering to give the prisoner until tomorrow to produce the money.

TREASURY PLANS TO CLOSE DOWN ON LAW EVADERS

Expansion of Federal Prohibition Enforcement Department Being Considered in Effort to Stop Liquor Traffic

WASHINGTON, Oct. 22 (AP)—Expansion of the federal government's prohibition enforcement machinery in an effort to stop liquor smuggling and to check what is described by officials as rapidly increasing supplies of high test alcohol, is under consideration at the treasury. The program contemplates practically doubling the strength of the coast guard and the placing of a prohibition agent in every brewery.

While the changes under consideration for the coast guard have not yet been placed before Secretary Mellon, those in charge of the service have calculated approximately twenty million dollars would have to be appropriated by congress to carry them out. Tentative plans call for the addition of more than a score of cutters and about 50 speedy power boats to be used in tracking down rum runners off the coast. Additional personnel is also proposed.

Treasury officials denied that the new program was due to recent criticism that has come from several quarters regarding prohibition enforcement. On the other hand, it was declared the changes have been under consideration for some months and the internal revenue bureau has been engaged in a series of studies of difficulties in the enforcement of the law.

CHUBBOSES OPPOSE KLAN. SPRINGFIELD, Mass., Oct. 22 (AP)—An anti-Klan Klux Klan resolution without mention of the Klan was passed today by the national council of Congressional churches. Six Towns in Germany Taken in Separatist Movement; Coblenz to Be Occupied

AIX LA CHAPELLE, Oct. 22 (AP)—Six towns are known to have been occupied by the separatists up to this evening in addition to Aix La Chapelle. They are Muncken-Gladbach, Julich, Mont Joie, Cleve and Duren. The present plan, as learned tonight, calls for the occupation of Coblenz tomorrow.

Her Mathes was not present at the actual occupation of the town hall. An anti-Klan Klux Klan resolution without mention of the Klan was passed today by the national council of Congressional churches. A resolution was passed calling on opponents to come out in the open with a petition for its repeal and then await an honest settlement of the issue.

Advisory Committee on Reclamation Decides on Complete Investigation of Each Major Project

WASHINGTON, Oct. 22 (AP)—Decision to investigate each of the major Federal irrigation projects from its inception to the present state of development was reached today by the special advisory committee on reclamation. Before the committee's final report is submitted to Secretary Work, Chairman Campbell, former governor of Arizona, said it is intended to analyze every step taken by the reclamation bureau with a view to determining, if possible, the basic cause of the present situation of the Federal program.

Governor Mabey described to the committee in detail the status of the Strawberry valley project in Utah, which, he said, recently had suffered the loss of many desirable farmers because of their failure to make adequate surveys. A recent survey, the governor said, had shown an average gross income of \$28.50 per acre per year for the farms with annual charges of \$1.80 per acre, leaving an indicated net income of \$12 per acre. The average acre of Strawberry valley comprises 35 acres.

GREAT THROGNS VOICE WELCOME TO EX-PREMIER

Crowds Gather at Every Stopping Place as Train Carrying Lloyd George Crosses Indiana; Discusses Questions

INDIANAPOLIS, Ind., Oct. 22 (AP)—The state of Indiana welcomed David Lloyd George, the wartime premier of Great Britain, today, the day being set aside in his honor and thousands coming here from distant points to give him a cordial greeting upon his arrival shortly before noon.

Accompanied by troops from Fort Benjamin Harrison and by American Legion, world war veterans and other former service men, the distinguished visitor passed through streets lined deep with people who at some points crowded through the ropes and surrounded the official automobiles. At the soldiers and sailors monument he stopped to place a wreath, and again at the national headquarters of the American Legion he paused for a few minutes to sign the register and receive a plaque from the organization and a token from the Daughters of the American Revolution.

Guests
Proceeding to his hotel, Mr. Lloyd George lunched privately with a few guests and then spent the afternoon quietly, dining privately again tonight before going to the Capitol to deliver an address. Dame Margaret Lloyd George and their daughter, Miss Megan, were entertained late today at dinner by the local council of women.

Mr. Lloyd George's trip to this city from Louisville, Ky., resembled a triumphal tour, great crowds surrounding his train at every stop and with the beating of hands and cheering extending a hearty welcome to the state. The distinguished visitor acknowledged the demonstrations by appearing on the observation platform of his private car, bowing and shaking hands and speaking a few words in appreciation of the greeting of the people.

Talks Prohibition
Receiving newspaper men at his hotel he spoke of his pleasure at coming here. In the course of a discussion of public questions he remarked in reply to questions on prohibition that he was not at all impressed with the difficulties of enforcement, because the law was now and drastic. Time would demonstrate, he explained, whether prohibition possessed essential merit, and if it does, he said, he believed it would stand.

Leaving here late tonight Mr. Lloyd George will visit Marion, Ohio, and Cleveland tomorrow.

ASK INJUNCTION AGAINST WYOMING LEGISLATION
CHEYENNE, Wyo., Oct. 22 (AP)—Alleging the legislative acts in 1919 prohibiting the manufacture of "carbon black" from natural gas in Wyoming unconstitutional, Roy Willey and Clarkson R. Willey of Big Horn county late today filed in the district court of Laramie county here a suit asking for a permanent injunction against the enforcement of the law.

ATTACKED WHITE WOMAN; NEGRO TO DIE IN CHAIR

North Carolina Man Found Guilty by Jury After Five Minutes Deliberation; Shot Followed Assault

JOHNSON CITY, Tenn., Oct. 22 (AP)—John Goss, negro, who went on trial at Bakerville, N. C., this morning on a charge of attacking a white woman, was found guilty after five minutes deliberation by the jury and was sentenced to death by electrocution on November 30, 1923, according to word received here tonight from Bakerville. The attack on the woman precipitated a racial disturbance at Spruce Pine, N. C., last month and about 200 negroes were deported from the town and its vicinity by the white citizens. Troops were ordered there by Governor Morrison of North Carolina and remained on duty for ten days before order had been restored, but only a few of the negroes returned to their jobs.

GIVES ORDERS TO SHOOT "KU KLUXERS" IN BUTTE

BUTTE, Mont., Oct. 22 (AP)—His order "have orders to shoot any Ku Kluxer who appears in Butte," Sheriff Larry Dugan declared today after his men had climbed the heights of the continental divide Saturday night to investigate the mysterious lights which observers reported appeared to be a fiery cross. The sheriff said his men saw evidence of a large fire within a circle of smaller fires in an area marked by numerous footprints.

CHARGES BY NEGRO IN STOKES TRIAL DENIED

Assistant District Attorney on Witness Stand; Blacks in Majority in Sensational Testimony

NEW YORK, Oct. 22 (AP)—Assistant District Attorney Percor on the witness stand in the Stokes trial this afternoon, denied subornation charges of Joseph A. Thornton, a negro witness for W. E. D. Stokes, who testified last week in the indictment of the district attorney's office had induced him to contradict his evidence after the first trial.

Mr. Percor told of questioning Thornton in person, complaint from attorneys for Mrs. Helen Elwood Stokes, after Max D. Steur, counsel for the wealthy hotel owner, had abruptly closed the plaintiff's case as the twenty-first of his seventy witnesses stepped from the stand. Twelve of the 21 were negroes, many of whom contradicted themselves repeatedly and four of whom repudiated affidavits introduced in the court by Mr. Stokes. Joseph H. Dawson, notary public, was the first defense witness. He affirmed the validity of the documents.

Edgar T. Wallace, chief co-respondent, arrived in New York today. He may be called to testify for Mrs. Stokes tomorrow.

MOVE FOR REPUBLIC IN RHINELAND IS SPREADING

BRUNSWICK, Oct. 22 (AP)—The Rhineland republic movement has entered the French zone of occupation, superstitious today taking over Muenchen-Gladbach, where the opposition was not serious, and also Berncastel and Treves. Erkelenz, near Aix in Chappelle, where the movement originated yesterday, was occupied without resistance.

Reports from Cologne lead to the belief in Belgian circles that the British will not tolerate the entry of the separatists into their zone of occupation. The British are said to be unwilling to treat with any other than the central government in Berlin.

It is confirmed that the proclamation of the Rhineland republic was hastened by the apprehension of the separatist leaders that Berlin had decided to favor the proclamation at Cologne of an autonomous Rhineland which would be obedient to the central authorities.

MONTANA WOMAN IS HELD FOR MURDER OF HUSBAND

Flinding of Man's Body with Throat Cut Leads to Filing of Charge; Couple Cooked for Crews

THOMPSON FALLS, Mont., Oct. 22 (AP)—Mrs. Lulu Siler was arrested on a charge of first degree murder today in connection with the death of her husband, A. B. Siler, whose body, with the throat slashed, was found yesterday near a Western Union Telegraph construction car at Belknap siding, seven miles west of here.

Mr. and Mrs. Siler were cooks for the construction crew. Prosecuting Attorney A. A. Alvord declared today Mrs. Siler did not report the finding of the body until she had prepared breakfast for the crew following her purported discovery of it.

Officers are looking for a strange man said to have been around the car Saturday night.

Dainty people—millions of them—now use a new method of teeth cleaning. It brings them whiter, cleaner, safer teeth. It will to you. Go prove this.

All most fight film

All people who want prettier teeth must fight the film. Film is that vicious coat you feel. In old-way cleaning, much of it clings away. Soon it becomes discolored, then forms dingy coats.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Gears breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Thus cloudy teeth and tooth troubles become almost universal.

Dental science has now found and proved out ways to fight that film. One disintegrates the film, one removes it without harmful scouring.

Many careful tests proved these methods effective. Then a new-type tooth paste was created to apply them daily. The name is Pepsodent.

Now, the world over, that tooth paste is bringing a new dental era. Careful people of some 50 nations are employing it today.

MY OWN TO RACE GRAYSON ENTRY

Rivalry Between Star American Three-Year-Olds May Be Settled at Latonia

NEW YORK, Oct. 22 (AP)—Zev, international three-year-old champion, as a result of his decisive victory Saturday over Papyrus, the English derby winner, will settle his rivalry with My Own for American honors in the Latonia championship at Latonia, Ky., November 3, unless present plans go astray.

Sannel C. Hildreth, trainer of Zev, today announced that the Racecolt would be shipped to Latonia next week for the big stake and as Rear Admiral Cary T. Grayson, owner of My Own, already had entered his beaten star, seemed assured that these two thoroughbreds would settle their disputed question of supremacy.

"Nothing will keep Zev out of the race except a breakdown," declared Hildreth, who added that they had declined to enter his charge in the \$25,000 Washington handicap at a mile and a quarter to be run as the closing feature at Laurel, Md., next Saturday.

My Own is an entry in this event but there was some question today as to whether Grayson might not withdraw his horse in anticipation of fulfilling at Latonia his desire to have the great son of King James match witts with Zev.

Should My Own and Zev meet at Latonia it would be a real test for both thoroughbreds for the championship is at a mile and three-eighths, a longer longer than the international race. My Own has proved his worth as a distance runner on more than one occasion this season and Zev disproved the reputation of critics that he lacked staying qualities by demonstrating both unusual stamina as well as unusual speed in conquering Papyrus.

SERIES IS PROLONGED BY ORIOLES' VICTORY

BALTIMORE, Oct. 22 (AP)—The Orioles prolonged the little world's series by winning the seventh game from Kansas City at Oriole park this afternoon, 10 to 6. Five runs behind when they came in for their final bats, the Blues flashed a thrilling five-run rally, tying the score and knocking Lefty Grove from the rubber. Tommy Thomas was rushed to the rescue and stopped the run making after allowing one hit.

Baltimore, however, came back in its half of the ninth and scored the necessary run to win.

FEDERAL MEN CONSIDER RIVER POWER PROJECT

United States Commission Fails to Reach Decision on License for Diamond Creek Development

WASHINGTON, Oct. 22 (AP)—The federal power commission devoted several hours today to consideration of the application for a license covering a power project at Diamond Creek in the Colorado river canyon, but reached no decision. The project has been characterized as the keystone of the entire development of the Colorado basin.

The only official explanation of the commission's failure to reach a decision was that its technical staff had not completed the required digest of the various briefs, plans and other documents filed by proponents for and opponents of the Diamond Creek project.

It was reported, however, that a

difference of opinion had developed among the commission's membership as to the wisdom of proceeding with so important a development before a policy had been adopted relating to the whole river in which seven states are vitally interested.

Junior High Cubs Win From Jerome

North Side Second Team Goes Down to Defeat, 38 to 6, in Game Here

(By MARSH.) The Junior high Cubs took their game from Jerome's second string Monday by a score of 35-6 in a manner which left no doubt that they have the same stuff that is found in their bigger brothers on the Bruin's lineup.

The game started promptly at 3:30, with Jerome kicking to the Cubs. Two well directed smashes gave the Cubs their first downs in four more chances they failed to make yardage and lost the ball to Jerome who immediately punted.

Twin Falls once more got possession but never lost it until their second try first touch-down. Lining up for an attempt at goal, Frazzelle drop kicked into the line the ball bouncing upon a Junior high lineman and going over the bar. Score, 7-0.

Frazzelle kicked off and Jerome responded by kicking on the first play. The Cubs got the ball and next scored a series of line backs that resulted in a second score. Frazzelle failed to kick goal.

In the first minute of the second quarter Frazzelle went over the line for the third century, making the score 19-0. In the next play both teams took turns of being offside and in making fumbles. Finally Frazzelle got away for the fourth score and left things as they were for the half. The score was 25-0.

The half opened with Jerome kicking off to Soars, who returned the ball 40 yards, playing the oval in Jerome territory. A short time after this Soars fumbled the ball and James, the husky Jerome guard, scooped the oval and ran 70 yards for Jerome's single touchdown. Twin Falls was unable to make any more scores in this period. The fourth quarter opened with the ball on Jerome's 10-yard line, two plays took it within a foot of the goal, and on the next play a costly fumble by Berg ended the game as the Cubs a touchdown and Jerome punted out of danger for the time being at any rate. The Junior high was unable to score until the last ten minutes, when Soars returned legged to send in the reserves. Then, behind some beautiful interference by O'Neal and Putzier, Kelly was able to put over another touchdown by a 35-yard run. Frazzelle kicked goal. Score, 32-6.

In the last two minutes of play Frazzelle again carrying the ball, went over for the last score. The outstanding players for Jerome were perhaps McKorkley, James and Yorgason, the last named is the diminutive end who was in every play that came his way. Smith, who took the end berth in the last half for the Cubs, could also give pointers to the Bruins even, on smashing plays and tackling, as could Owens in getting into the line. Putzier, who is the smallest member of the Junior high squad, showed everyone that he was a brother of the famous Bob, when he was given a chance. The Jerome team was accompanied by Superintendent Snodgrass. The lineup: Junior High: Jerome Seconds: Nye L. E. Lieser L. F. Harrison L. J. Anderson L. J. Sullivan E. G. Owens R. T. Garrity R. E. Holiday Declared When Ruth Appears

HAZELTON, Pa., Oct. 22 (AP)—"Babe" Ruth came to Hazelton today for a baseball game. It was made a holiday, the mines closing at noon and the public schools of all towns in the region closing early. Mine workers left their jobs at the majority of operations in such numbers that work had to be suspended. Babe went hillside against Mondor, a mine worker of Colabtain, who pitched for the Hazelton team. He struck the home run king out twice.

GREB WINS BY SHADE. NEWARK, N. J., Oct. 22 (AP)—Harry Greb of Pittsburgh, middleweight champion, tonight defeated Lou Bogach of Bridgeport, Conn., by a shade in a 12-round non-decision bout, according to a newspaperman's decision.

DOPE PEDDLER GIVEN TWO-YEAR TERM

SALT LAKE, Oct. 22 (AP)—William P. Hunt, identified on October 1 by J. Frank Norfick of Texas as being a former member of the Joe Fleury luncheon ring, was sentenced to two years in Leavenworth prison today after pleading guilty in federal court to a charge of selling narcotics. He claimed, however, to have made only one sale. Hunt is said to have confessed certain luncheon operations to Norfick when Norfick confronted him in jail here. Hunt was known in Texas as W. B. Spencer, according to Norfick.

BOISE PACKING CONCERN HIT BY BIG FIRE LOSS

Estimate Damage to Davis Company Plant at \$100,000; Believe Blaze Started from Meat Cookers. BOISE, Oct. 22 (AP)—Fire, which started in the smoke room of the Davis Packing company, here, destroyed the plant today with a loss estimated by John F. Davis, president at \$100,000. Covered by \$35,000 insurance. Overheated meat is supposed to have caused the fire. A high wind made efforts to fight the flames in the grease-soaked frame building futile. Late tonight the wind blew up the embers and the fire department was called again. Whether the plant will be rebuilt will be decided at a stockholders' meeting this week. The business was first started in 1916 by the Davis brothers for slaughtering cattle on their range. It was doing this year about a quarter of a million dollars worth of business annually.

RADIO SEEKS MISSING THEATRICAL MAN

Radio and motion-picture screens have been called into service by James Forbes, a New York playwright, in his search for his brother, Robert E. Forbes, manager of the New Capital theatre, of Albany, N. Y., who disappeared while suffering from amnesia. Mr. Forbes is 56 years old and weighs 160 pounds. He has gray eyes, heavily lashed, and wears gold spectacles, with tortoise-shell suits. He wore an Oxford gray sack suit, with white hat-line stripe, dark, medium-weight overcoat, black derby and black laced shoes.

NEGLECTING THEIR LANGUAGE

Younger Chinese Since the Revolution Show a Preference for English and French. To judge from the numerous articles that are being written on China, its literature is not reaping great benefits from the revolution. In the first place, the Chinese language is being pushed more and more into the background. The younger generation no longer receives the training it once received in the Chinese "Classics," and hand in hand with this goes their preference for foreign languages—English primarily, and then French, with a little German. It is, of course, impossible for a country to build up a body of national literature in a foreign language. Intellectually, however, China is making reassuring progress. Its three greatest political writers, all of whom have been active for nearly a quarter of a century—Tchang-Schi-tung, Kung-Ku-wel, and Liang-Kitchow—are as active as ever in their efforts to save the nation from the fate of India or Burma or Korea or Egypt or Poland.

Fine for the Youngsters. "Play us you enter" is the welcome sign on the sides of the "Jollytown" trolley cars in Baltimore, Md., where the traction company has set aside several cars for the children to play in. They are complete in every detail except that the power is turned off and they are anchored to the ground. Instead of the usual advertising cards, Mother Goose rhymes and pictures are displayed along the sides. The clanging gongs and the loud calling of imaginary and unheard-of street names afford noisy proof of the popularity of the play cars as the crews take them along fancied routes.

The Origin of Cowboys. The word cowboy used to designate herdsmen on the ranches of the Far West was first applied to British marauders and Tories who plundered the people east of the Hudson river during the occupation of New York.

OBREGON ADHERENT TURNS SWEET DEFENDS STAND OF COOLIDGE ON LAWS

General Estrada Reported to Have Openly Defied Mexico's President; Takes Up Fight for de la Huerta. Colorado Governor Believes Pinchot Was Justified in Passing Problems to National Executive. SAN ANTONIO, Texas, Oct. 22 (AP)—Following reports of clashes in the City of Mexico between the adherents of Adolfo de la Huerta and Plutarco Elias Calles, candidates for president, El De Mocrata, of the City of Mexico, carries a story that General Enrique Estrada, formerly one of President Obregon's strongest supporters, has openly defied the president and taken up the fight for de la Huerta. Estrada was one of the four governors who sprang to Obregon's aid when the revolt against Carranza was begun in Sonora. Estrada was then governor of Zacatecas and was one of the first persons to revolt after the Sonoran coup. It was Sonora, Zacatecas, Sinaloa and Guerrero which put over the revolution.

CLEVELAND, Oct. 22 (AP)—President Calvin Coolidge is feeling the right way on prohibition and Governor Pinchot of Pennsylvania was justified in passing the prohibition problem on to him, Governor W. E. Sweet of Colorado declared here today on his arrival to attend the national constitutional convention of the Y. M. C. A. Governor Sweet was uncertain, however, that the president can act effectively. "There are many agencies that come between the president and enforcement officials," Governor Sweet said. "They are separated by the war department and numerous government bureaus. I question whether, despite his good intentions, he could do very much unless the laws were really changed." Prohibition enforcement is pretty well solved in Colorado, Governor Sweet said, by a state law which takes enforcement out of politics. The governor will remain here over Wednesday to address the Cleveland Advertising club.

CLAIM SAVING FOR GOVERNMENT BARGE

ST. LOUIS, Oct. 22 (AP)—In the comparatively brief time and under the most discouraging conditions the government-owned barge line from St. Louis to New Orleans had been operated the shippers and farmers of this section of the country have been saved \$2,993,750. Congressman Cleveland Newton told the special senatorial committee holding hearings on the McCormick bill here today. "The savings has been affected through the difference between rail and water rates, even though the barge line has suffered losses through the deplorable condition of a comparatively small stretch of the river between here and New Orleans," Mr. Newton told the committee.

BAVARIA STILL AT ODDS WITH CENTRAL POWER

BERLIN, Oct. 22 (AP)—Reports from Munich today were not such as to encourage hope of early conciliation between the Bavarian and central governments. Nevertheless there are signs of a growing movement in the important Popular party opposed to the policy of the Bavarian military dictator, Von Kahr. The Bavarian government, having received the oath of allegiance today from the seventh Reichswehr division, has forbidden the publication of a proclamation addressed to the Bavarian troops which the Berlin government intended distributing in the form of pamphlets by means of an aeroplane.

LITVIN AGAIN GOES ON TRIAL

State Offers First Evidence at Close of Day Occupied by Selection of Jurors

The state's case in the second trial of David Litvin, Twin Falls garage operator who is accused of receiving stolen automobiles, was opened in district court here late Monday afternoon following the selection of the jury which occupied practically the entire day.

Selection of the jury was not completed from among 30 jurors summoned into court under an open venire ordered Saturday afternoon by Judge W. A. Babcock, at a special venire calling for 18 additional jurors was ordered Monday afternoon. In the selection of the jury both state and defense counsels removed from the box 12 prospective jurors, by peremptory challenges, each side exhausting its quota.

The state introduced Monday afternoon the testimony of P. O. Herriman, Twin Falls chief of police, who signed the original complaints against Litvin, and of L. S. Biel of Churchill, Idaho, who testified that he purchased from Litvin the car which Litvin, in this case, is charged with having received, knowing it to have been stolen.

State Scores Point

Effort of the defense counsel to obtain from Biel any testimony as to whether or not he had received any compensation from Litvin for the car after it had been taken by the authorities was blocked when the court sustained objections entered by Prosecuting Attorney J. Taylor. Defense counsel recorded an exception to the ruling of the court. Witnesses who testified Monday were cross-examined by Shad L. Hodgkin of defense counsel.

In his opening statement, Prosecuting Attorney Taylor said that the state expected the evidence to show that Litvin had received a number of cars from one J. J. Hannah, knowing the cars to have been stolen; that he had experienced difficulty in obtaining licenses for these cars, and that in the case of the car in question he had gone to Buhl to make application for license and had used the name of Biel for the purpose.

The first trial of the Litvin case here last week, resulted in failure of the jury to agree upon a verdict.

Members of the jury empaneled Monday in the second trial were: J. P. Phillips, Sam Lockhart, F. D. Brown, F. D. Lacey, J. W. Houch, C. W. Case, W. E. McMaster, H. L. Stewart, J. E. Cross, Roy Duncan, Ivan Lincoln, T. E. Moore.

Because We Want the Farmer to Prosper We make the suggestion to the farmers of this vicinity, that no move would do more to stabilize farming prosperity and income than to have each farmer invest in good Dairy Cows, as much as he can spare from the Crop Money being received now.

CORN SETBACK AFFECTS WHEAT PRICE ADVERSELY

Market Tends to Rally During Closing Hours on Strength of Prospective Legislation

CHICAGO, Oct. 22 (AP)—Ident wither for continuing the corn crop led to a decided setback today in the price of that cereal and had a bearish effect on wheat, but gossip about prospective amendment to the Copper-Tincher bill tended to rally the wheat market at the last. The finish in wheat was unsettled at the same as Saturday's close to 3-8c down with corn 1 to 3c lower, oats 1 1/2 to 5/8c off and provisions varying from 2 cents decline to 12 cents advance.

With the corn market weak from the outset, wheat bulls were not a dissenting voice although the wheat market showed a little firmness during the first few minutes. The initial appearance of strength in wheat was ascribed to the fact that wheat shipments from North America were large and that Liverpool quotations were higher. Unsettled conditions in Germany, however, and an increase in the United States visible supply were adverse factors, and so too was a bearish estimate of the Argentine crop. Besides, France was said to have concluded arrangements with Russia for a large supply and dispatches at hand announced of the lifting of Russian taxes on export grain.

The day drew to an end and sections which were current that President Coolidge was to investigate the merit of an amendment to the Copper-Tincher bill attracted notice at the bull side of the wheat market. Bulls also put some stress on further talk about foreign credit plans in connection with wheat exports from the United States.

In the corn market the fine weather was generally looked upon as the forerunner of big receipts. Demand for nearby deliveries was much less in volume than has recently been the case. Oats declined with corn.

Provisions showed the effect of lower quotations on hogs, but the effect was not so pronounced as would be expected to continue good demand for meats.

IDAHO FALLS, Oct. 20.—(United States Department of Agriculture Market News Service).—Shipments Friday continued heavy, the total movement being 1349 cars, of which Malin, Minn. and the Dakotas shipped 804. Idaho sent out 37 cars, 12 going to California. Growers are busy digging and placing most stock in cellars. The carload market at Idaho Falls was steady Friday with an improved demand, but the total movement was unchanged. Only a limited number of dry refrigerator cars are furnished and the trade does not care to buy potatoes in bulk. Growers are open to selling the price on Idaho Russets ranging from \$1.00 to \$1.10. Wisconsin and Minnesota shipping point markets were quiet. Colorado and North Dakota weak. Chicago Saturday morning, with 431 cars on track, was steady. Kansas City steady. St. Paul and Fort Worth slightly weaker.

When the market opened Wall Street appeared to be of the opinion that stock prices already had discounted the worst that could happen in Germany and that the week-end rumormongering had little effect on the domestic economic situation. Short covering operations were resumed in the leaders with the result that gains of a point or more were recorded by Bell, Union Pacific, American Locomotive, American Can and Dupont. The continued heaviness of sterling, which hit \$4.50, was attributed to the withdrawal of American bank balances in London through fear of inflationary measures in Great Britain, eventually created pessimistic feeling in the foreign exchange market which found its reflection in larger selling orders. Special weakness again crept up in the rubber shares. United States Rubber common and first preferred sinking to new low levels for the year. New minimum prices were also established by a number of other issues, including Central Leather, American and Pacific Coal and Oil, Auto Kaited Hoovers, Prestol Steel Car preferred, Illinois Central preferred and Columbia Graphophone preferred.
