FRENCH AID IS GIVEN MOVE FOR SEPARATE STATE

Several Small Towns and Villages Fall into Control of Republicans; Belgian Troops Also in Action

COBLENZ, Oct. 26 (AP)—Open and active French support enabled the Rhineland republic today to extend its hold over a number of small towns and villages. French and Belgian troops enlarged their policing activities in republican controlled towns and quickly suppressed disorders growing out of attempts by the loyalists to throw out the separatist groups.

Joseph Mathieu and his supporters in the separatist movement still hold Coblenz, which became the capital of the new republic overnight, when the French military crown kept loyalists off the streets while the separatists, who previously had been driven from town, returned and marched down the streets past the French sentries and took over the government buildings.

Eds. Join Nationalists

The separatists have brought upon themselves the united opposition of the nationalists and communists. The majority of the population is supporting the normal government, but under the Franco-Belgian military policy of disarming the police, the old officials have been unable to defend themselves.

MEET OPPOSITION

BRUSSELS, Oct. 26 (AP)—Turbulence at several points in the Belgian zone of the Rhineland is reported in dispatches from that region today. Pillaging has occurred at Emmerich, near the Dutch frontier of the Rhineland. At Neuss, southwest of Dusseldorf, the separatists met with opposition and were prevented from establishing themselves.

Big Krupp Plant Seized by Mobs; Several Are Killed

Rioting Crowds of Men Out of Employment Take Over Great German Plant and Battle Police from Barricade

LONDON, Oct. 26 (AP)—A mob of several thousand unemployed seized the Krupp works at Essen today and barricaded themselves in the main buildings, says a dispatch to The Daily Express from Essen. At least seven persons were killed and 500 wounded in a desperate fight with the "blue" police, who are described as inadequate to deal with the situation.

MINERS STRIKE
PARIS, Oct. 26 (AP)—Dispatches from Berceau report that the men in most of the German mines in Upper Silesia have ceased work.

Woman Minister to Tie Marriage Knot for Granddaughter

Rev. Mrs. Mattie Elliott, Age 75, Also Officiated at Wedding of Her Daughter

PORTLAND, Ore., Oct. 26 (AP)—The Rev. Mrs. Mattie T. Elliott, for more than 50 years an ordained minister of the United Brethren church, will go to Eugene tomorrow to officiate at the marriage of her granddaughter, Miss Delight Verdonium, to Edward Kolar. Both young people are students at the University of Oregon.

POSSE BATTLES WITH BANDITS

Bank Robbers, Barricaded Behind Rooks, Hold Off Officers with Gun Fire

EFFINGHAM, Ill., Oct. 26 (AP)—Three bandits, who have been looting the State Bank of Commerce here of \$6000, are holding at bay a large posse of officers and citizens ten miles southeast of Effingham. The bandits are barricaded behind a rately constructed fortification of logs and staves.

The Tower Hill Anti-Roads Thief association today located the bandits in a dense timber, fired on them and attempted their capture, but threw away when the men threw up embankments and dug themselves in for an apparent siege. Surrounding the barricade, word for help was sent out and reinforcements began arriving from towns within a 25 miles radius.

IMPEACHMENT TRIAL ORDERED FOR GOVERNOR

Walton to Take Stand Before Senate Court on November 1 to Answer to Charges of Misconduct in Office

OKLAHOMA CITY, Okla., Oct. 26 (AP)—Governor J. C. Walton late today was ordered to trial before a senate court of impeachment on November 1, on official misconduct charges presented by the lower house of the state legislature.

Date for the arraignment was set immediately after a board of house managers had presented to the court a bill embodying 22 charges, the entire number drafted by the house committee on investigation and impeachment.

Eight Charges

The eight articles approved today charge the governor with issuing state police commissions to large numbers of "irresponsible persons," censoring the press, issuing illegal deficiency certificates on two occasions, falsifying his primary campaign expenditures, abuse of the pardon and parole powers, receiving funds from various sources for his personal use and general incompetency.

WORLD HOPEFUL OF SUCCESS FROM NEW SCHEME ON DEBT SETTLEMENT

DANNER FOUND GUILTY OF MURDERING WOMAN

Montana Man Convicted of Murder and Is Sentenced to Pay Supreme Penalty for Slaying of Man and Wife

BOZEMAN, Mont., Oct. 26 (AP)—Seth O. Danner was found guilty of murder and sentenced to death by the jury which returned its verdict at 11:20 o'clock tonight. The defendant did not look at the jury as it filed into the room or afterward and with apparent unconcern walked out under guard of four deputy sheriffs.

Danner was convicted on the testimony of his former wife who accused him of murdering her and her husband. Mrs. Danner, who was married to Danner when she was 15 years old, confessed to the police that she had seen her husband kill Mrs. John Sprouse of Moberly, S. D., and had heard him say that a few hours before he had killed John Sprouse.

DEATH ENDS LOVE TANGLE

Colorado Mine Manager Kills Himself When Found with Another Man's Wife; Husband Held for Assault

LAS ALLEN, Colo., Oct. 26 (AP)—One person is dead by his own hand and a second, a woman, is in the Greeley hospital near death as a result of discovery last night by Elmer Nowell that his wife and William Beilein, 60, manager of the White Ash mine, near here, were out riding together. Beilein shot himself. Mr. Nowell was severely bruised and beaten in addition to having two fingers newly severed by a butcher knife during the fight that followed Nowell's discovery, and Nowell is held in jail.

"MISSING" MAN FOUND

SANTA BARBARA, Oct. 26 (AP)—Joe Wilhoit, a member of the Salt Lake City Gang, assigned to Salt Lake City today by automobile from Salt Lake City. He spent several days hunting and was surprised that he had been reported missing. Yesterday Mrs. Wilhoit asked the police and automobile clubs to aid in the search for Wilhoit, fearing he had met with an accident.

GERMANY IS SATISFIED WITH REPARATION PLAN

BERLIN, Oct. 26 (AP)—Much satisfaction was expressed in Government circles today over the report that the plan of Secretary of State Hughes for the appointment of an international commission to ascertain Germany's capacity to pay reparations had been accepted as the basis of a proposal for a discussion of the subject.

FRENCH FAVOR NEW PROPOSAL

In Adopting British Suggestion Poincare Credited with Diplomatic Success

PARIS, Oct. 26 (AP)—The French government has accepted the British proposal for an examination into Germany's capacity to pay reparations. It is regarded in diplomatic circles that Premier Poincare has thus avoided a bad turning in France's international relations, for this morning, when the American note and Prime Minister Baldwin's speech were published here, he appeared to be beset on all sides.

Defied by the German chancellor in a speech which was regarded as paying prolongation and intensification of the troubles with the reich, and summoned by his allied associates to accept the principle of a conference which he had hitherto steadily rejected, the French premier seemed to have been isolated, if not cornered.

His prompt acceptance of one of the alternative proposals made by the prime minister clears the atmosphere, and while nothing is expected by French officials to come from a restoration of Germany's capacity to pay reparations, it has at least avoided the appearance of hanging back on a proposal approved by the American government.

The first impression regarding M. Poincare's reply was that it practically rejected Mr. Baldwin's proposal, since it limited the constitution of the examining commission by putting the nomination up to the reparation commission, which was tantamount to rejecting the idea of a conference of plenipotentiaries named by the various governments.

When it transpired later that there were alternative projects in the British proposal, one for an international conference of plenipotentiaries and the other for a committee to be named by the reparation commission, it was seen that the premier's reply constituted an acceptance.

STOKES TESTIMONY FAILS

Photographer on Stand in Retrial of Millionaire's Divorce Case Breaks Up Theory Based on Picture

NEW YORK, Oct. 26 (AP)—Ira L. Hill, Fifth avenue photographer, testified today at the trial of W. E. D. Stokes divorce suit against Mrs. Helen Wood Stokes that a picture of the defendant which negro witnesses for the wealthy hotel owner said they had seen on the respondent's dresser in 1914, was not taken until April 9, 1918.

Edgar T. Wallace, the co-respondent, was interrupted in a detailed denial of miscegenation charges of Mr. Stokes' witnesses when Mr. Hill took the stand.

BRITON GRAVELY ILL

LONDON, Oct. 26 (AP)—Andrew Bonar Law is still abed with a serious throat affection and his condition today became so aggravated as to justify his physicians issuing a bulletin, the first since the former premier's breakdown last summer.

The bulletin, which was signed by Sir Thomas Harder, the famous cancer specialist, and Dr. Gould May, said the patient was suffering from an exacerbation of his recent feverish chill, necessitating continued confinement in bed.

BRITISH WILL VOTE

LONDON, Oct. 26 (AP)—Britain is fast approaching another general election and renewal of the age-old conflict over protection versus free trade, if last night's speeches by Premier Baldwin and the chancellor of the exchequer, Neville Chamberlain, have been correctly interpreted by the press.

Expect Americans to Play Important Part in Agreement

Washington Diplomats Optimistic of Reparations Settlement Under Hughes Plan

WASHINGTON, Oct. 26 (AP)—Word that France, Italy and Belgium had accepted British proposals that an international commission of experts be formed to study Germany's economic situation and capacity to pay brought hope today to Washington officials that at last a step had been taken toward adjustment of the vexing reparations problem.

It was clear that some official announcement from London was expected to show the extent to which an agreement had been reached and it was said that French officials, that the commission had developed during the day, it appeared certain that American experts named with the approval of the Washington government, would sit as members of the commission.

Official advices from Paris said that Great Britain had not accepted the French suggestion that the commission be named under authority of the reparations commission and within the specific term of the treaty of Versailles. Presumably that stipulation also marked the Italian and Belgian acceptances.

It is understood that the French government was pointed out to the commission foreign office that it is only under the specific authority of the treaty which permits the reparations commission to call to its expert advice, that it could see any way to bring about the proposed entire settlement of Germany's reparations.

"The secretary of state has no doubt, however," Mr. Hughes added, "that competent American citizens would be willing to participate in an economic inquiry for the purpose of assisting through an advisory board appointed by the reparations commission to make recommendations."

Should the indicated acceptance result in the formation of such an advisory commission of experts not only the American members but those representing the allied governments probably would be appointed only with the approval of their respective governments, as the proposition is understood here. It was pointed out that not only would the governments naturally reserve this right in agreeing to the plan, but that in European countries, as in America, it was improbable that any of the type needed, if the advice of the commission is to carry weight, would accept an invitation to become

Southern Pacific Insures Employees For \$100,000,000

Total of 90,000 Persons to Be Covered by Group Contract Exceeding in Size Any Other Group Policy

NEW YORK, October 26—Julius Kruttschnitt, chairman of the executive committee of the Southern Pacific company, announced today the awarding of a contract for group life insurance covering the 90,000 employees of its various lines. The amount of insurance covered by this one policy may exceed \$100,000,000, he said, far exceeding in size any other known policy.

EUROPE GIVEN NEW HOPE BY DEBT PROPOSAL

America's Decision to Participate in Reparations Conference Lifts Continent Out of Depression

LONDON, Oct. 26 (AP)—America's decision to lend her advice and co-operation in a conference for the settlement of the German reparation muddle seems to have lifted Europe out of the slough of depression.

Secretary Hughes' prompt and decisive response to Marquis Curzon's plea for American assistance has given impetus to a situation which has heretofore been marked by utter inertia, and for the first time today British officials began to see a rift in the mists which have so long enveloped the problem.

America's voice, stressing the imperative need of finding a suitable financial plan to prevent economic disaster in Europe, found prompt echoes in Paris, Brussels and Rome, for it became known late this afternoon at the British foreign office that France, Belgium and Italy had all accepted the principle of an advisory conference of experts.

While the British authorities would have preferred a full conference of ministers to liquidate the reparations troubles, they hope the preliminary conference of experts will lead to a large council of allied and American statesmen.

France's consent to enter the advisory conference of experts will involve the question of acceptance of the American principle that all inter-allied debts and German reparations must be divorced, a point upon which Premier Poincaré has heretofore differed from Great Britain and the United States.

France will also have to face the question of reducing the amount of indemnity expected from Germany, which in the past has been fixed at 6,600,000,000 pounds sterling, or 132,000,000,000 gold marks. This sum, and the question of granting a moratorium to Germany, were the points which led to the failure of the last export bank commission, of which J. P. Morgan was a member. Mr. Poincaré anticipates Mr. Poincaré agrees to these and other conditions. It will then remain only for the nations participating in the conference to appoint their experts and formulate a program of procedure.

British officials seem to favor Berlin as the principal seat of the conference, as this would make Germany's books and records and the German officials themselves more accessible to the experts who are to appraise Germany's assets and her capacity to redeem her indemnity obligations.

Expulsion Causes Students' Strike

GOLDENDALE, Wash., Oct. 26 (AP)—Students at Centerville high school went on strike recently when J. D. Carroll, principal, expelled 17 boys for infractions of the school rules. Diplomatic relations were restored when it was discovered that a football game with Centerville high school was scheduled and that all the members of the Centerville team were either under the ban or on strike.

A truce was signed in time for the contest and the expelled players and striking sympathizers resubmitted to good standing in the school. Goldendale eleven, present winners in the Mid-Columbia league, routed the reconciled Centervilleites, however, to the tune of 51 to 0.

Bobbed Hair O. K. for Teachers But Cigarettes Banned

School Superintendent Approves Smoking by Women—Except Members of Faculty

PHOENIX, Ariz., Oct. 26 (AP)—Cigarettes may be all right for some women, but they're not for Phoenix school "mamas." At least so says John D. Loper, city superintendent of schools.

The order prohibiting school teachers from smoking was not due to the fact that any of the present personnel of teachers had been found using cigarettes, Loper explained, but because last year one of the most attractive teachers in the city did smoke. "A puff of cigarette smoke is enough to lose your job," the superintendent told a meeting of school teachers recently.

"No young woman who smokes cigarettes can be a good teacher," he continued. "She cannot set a proper example for her pupils. Certainly we shall not tolerate smoking among the teachers of our children."

The meeting at which Mr. Loper delivered his ultimatum was one in which bobbed heads were said to be prominent and those bobbed heads nodded emphatic agreement to his assertions, it is said. Now those who have contended that bobbed hair and cigarette smoking go hand in hand are wondering whether they might have been mistaken.

YEGOS IMPRISONED TELLER

ESCAPEE WITH \$14,000
NORWALK, Conn., Oct. 26 (AP)—The Norwalk Commercial and Savings bank was held up and robbed today by two men who escaped in an automobile.

The men took \$14,000 after locking Larry Marshall, assistant teller, and Miss Martha Coleman, bookkeeper, in a vault.

The alarm of the robbery was not given until an hour later when a customer heard cries in the vault and released Miss Coleman and Marshall.

KELLOGG CHOSEN AS AMBASSADOR

Former Senator from Minnesota Selected by Coolidge as Successor to Harvey

WASHINGTON, Oct. 26 (AP)—Frank B. Kellogg, former United States senator from Minnesota, has been selected by President Coolidge as American ambassador to Great Britain. Formal announcement is withheld for the present, but the appointment is expected to become effective soon.

News that Mr. Kellogg has been chosen to succeed George Harvey, whose resignation recently was accepted, created a stir at the capital. Senators generally declined to comment on the selection, but some of them made little effort to conceal their surprise. Heretofore Mr. Kellogg's name had not been mentioned prominently in connection with the ambassadorship.

President Coolidge from the first has been determined to appoint a western man to the post of St. James. At the time when the names of Elihu Root of New York and Speaker Gillette, of the house of representatives, whose home is in Massachusetts, were among those mentioned in connection with the post, friends of the president insisted that he was looking to a section other than the east. There were reports that former Governor Norwood of Illinois might get the appointment.

Unlike Ambassador Harvey, who is regarded as a "bitter order" in the league of nations controversy, Mr. Kellogg was counted among the "mild reservationists" in the senate fight over the treaty of Versailles. He also was a supporter in the senate and since his retirement of President Harding's proposal for American participation in the world court.

"EXTRA! EXTRA!! British Take Bunker Hill!"

Three days after the Battle of Bunker Hill, the news filtered into New York. The excitement in Boston had all died down before it was even known in the metropolis.

Today, a few minutes after the battle had started, raucous-voiced "newsies" would be calling their extras on the streets of every city in the country. Bulletins would be published after every charge up the bloody slopes. Shortly after the final shot was fired, headlines would emblazon the story across Page One of every newspaper in America.

The newspaper make it possible for you to know the news of the day almost simultaneously with its occurrence. Out of the tangle of daily events, it relates the outstanding incidents for your benefit. This is the news that *everybody* reads.

But knowing ones realize that there is other news as well—news that concerns them even more intimately. This is the up-to-the-minute news of what to buy, where to buy, and how to buy.

The advertisements are news columns of merchants and manufacturers who have important stories to tell you.

Take advantage of them. Keep abreast of this important news. If it were not important, good business men would not pay for the privilege of telling it to you.

There were grounds for our assertions, however, which take our article out of the class of "reckless knocking," as Mr. Swin says it. Nevertheless we are glad our information was incorrect...

Mr. Swin's letter, to which reference is made in the editorial, and which is published in the same issue of the Independent, is as follows: I was amazed in reading your leading editorial of the 20th ult. to note the various glaring inaccuracies in your picture of conditions in Twin Falls and vicinity...

For instance, your statement that lands formerly held at \$200 per acre are now being sold at \$10 per acre is high as \$200 per acre. There has been a big drop in prices here, just as in every other agricultural section. Lands which were selling at an average of \$300 per acre in 1920, are now bringing \$150 to \$200 per acre...

Murray Severely Hurt in Accident

Twin Falls Man Confined to Hospital in Salt Lake with Broken Shoulder and Ribs

T. F. Murray, Twin Falls, suffered injuries in an automobile accident near Farmington, Utah, last week which will cause him to be confined to a hospital bed in Salt Lake for several weeks...

Mr. and Mrs. Murray were in Salt Lake on business connected with the purchase of a new store at Burley and were planning to spend the evening with Mrs. Murray's brother, Andy Christensen, and family, who live at Lagoon, when the accident occurred.

Prior to leaving Salt Lake for Lagoon, Murray expressed a desire to ride out to the Christensen home with a friend of the Christensens who drove a Ford "bug," because he did not like to ride fast behind Christensen. Before the "bug" reached Farmington it caught up with a truck and in attempting to pass was forced into the dirt beside the paved highway...

The break in the shoulder is the socket joint and expert attention of five weeks will be needed to keep the arm from healing into a permanently stiff position. The driver of the car was not seriously injured. This is the third accident Murray has been in during the last ten years.

Important Event on Hand for Boys

Scouts Invite All Twin Falls Lads to Lincoln Field for Rally and Field Day

This afternoon will mark an important event in Twin Falls boyville. All the boys of the city are invited to Lincoln field for the rally and field day in charge of the Boy Scouts. Officials are busy perfecting last minute arrangements to care for the events of the afternoon and insure the kiddies a good time.

One of the events of the afternoon will be the presentation to seven troops in Twin Falls of the President Harding streamers for winning honors in the anniversary round-up for 100,000 more scouts. Each troop will have scouts at hand to receive the streamers.

Scouts throughout the city will refrain from committing any depredations or mischievous acts during Halloween season. Such unchristianlike conduct is foreign to the principle of scouting, and no scout in good standing will be guilty of such acts.

It is proposed that the Boy Scouts hold a campfire at Lincoln field Hallows' on night in order to allow the kiddies to work off their festival spirits there. The scouts will vote on this matter at the rally this afternoon.

Mercury Retraces Prior Day's Course

Mercury in the thermometer at the government weather observer's station here Friday retraced practically the same course it had followed in the preceding day, according to M. Hammons, observer. High for the day was recorded at 53 degrees and low at 27, showing an advance at the maximum of one degree, and at the minimum an advance of two degrees. Weather continued fair.

Temporary Expediency is often the cause of serious fires.

A light is needed "in a hurry," some wires are twisted together and left without insulation, constantly threatening fire and menacing personal safety.
