MELLON REPLIES TO PINCHOT ON ENFORCING LAW

Secretary of Treasury Asserts Aim to Rigidly Enforce Dry Measure and Calls Attention of Governor to His Duty... WASHINGTON, Oct. 29 (AP)—Governor Pinchot of Pennsylvania is advised in a letter sent him tonight by Secretary Mellon that the treasury is invoking every available means for prohibition enforcement and that statements to the contrary by the governor in a letter addressed to Mr. Mellon are "groundless and not founded in fact."

Cars of Dynamite Crash into Train Without Exploding

Passenger Engine Is Ditched and Fire Follows But No Serious Injury Results... JOPLIN, Mo., Oct. 29 (AP)—Three freight cars loaded with dynamite and running wild crashed into the front end of a St. Louis-San Francisco passenger train near Carl Junction, Mo., northwest of here, late today without exploding. The explosive cars sent the engine of the passenger train into the ditch and piled over on it. Fire from the locomotive ignited two of the dynamite cars, endangering the lives of passengers. The passenger train was not derailed, however, and it was pulled out of danger. No injuries were reported.

URGES LENIENCY IN FIXING DEBT

Lloyd George Suggests Reduction in Big Total to Be Collected from Germany... RICHMOND, Va., Oct. 29 (AP)—Commenting upon press dispatches from Paris setting forth Premier Poincare's views on the adjustment of German reparations, David Lloyd George, former premier of Great Britain, declared here today that if the French premier meant that there was to be no reduction under any circumstances in the London total of 132,000,000,000 marks, "then there wouldn't be any inducement for Germany to do anything."

DEATH TAKES EX-PREMIER OF ENGLAND

Andrew Bonar Law, Called "Roosevelt of Europe," Is Suddenly Stricken Following Extended Illness... LONDON, Oct. 29 (AP)—Andrew Bonar Law, former premier of Great Britain, died early today. The end came at 2:50 o'clock.

LONDON, Oct. 29 (AP)—Former Premier Andrew Bonar Law was suffering from septic pneumonia. It was announced this afternoon.

Andrew Bonar Law, one of the most powerful figures in political Europe preceding, during and immediately following the World War, became Prime Minister of England October 23, 1922, upon the resignation of David Lloyd George—the last of the famous war premiers and of the "Big Four" at Versailles to step down from office.

"Roosevelt" of England Often called the "Roosevelt of England, because of his tremendous following from all parties and walks of life, Bonar Law became chancellor of the exchequer under the new premier and fought side by side with the "Little Welsh Giant" until the spring of 1921, when he was forced to retire because of ill health.

Expert Emphasizes Importance of Application of Business Methods to Market Farm Crops Profitably

Farmer Must "Place Price Tag on Product," Says President of Wheat Growers; Urges Control of Markets... DENVER, Oct. 29 (AP)—Application of business methods to the marketing of farm products was stressed tonight by William J. Brown, president of the American Wheat Growers' association, in a speech at a banquet attended by delegates to the American Wheat Growers' convention, which opens here tomorrow.

"The farmer should go into the industrial field and bid for brains and executive ability to organize and handle the sale of his product," Mr. Brown said. "The farmer should be able to place a price tag on his commodity just the same as a manufacturer. The farmer is entitled to a fair price for his labor in the field and a return sufficient to compensate him for his work and responsibility as well as one adequate to take care of depreciation of his properties."

"What is the solution of the problem? The organization of farmers and wheat growers so that a marketing control of a majority of the wheat grown in the United States and Canada can be effected. Once this is done and proper executive direction assured, the wheat growers' troubles are over," Mr. Brown continued.

Delegates from 12 states and the wheat growing Canadian provinces have arrived for the conference between members of the American Wheat Growers' association, and members of the national committee on co-operative marketing, headed by Eugene F. Meyer, Jr., managing director of the war finance corporation, and Frank W. Mondell of Wyoming, one of the corporation's directors.

FIREMEN KILLED EVERETT, Wash., Oct. 29 (AP)—Two firemen were instantly killed. Fire Chief W. A. Taro was probably fatally injured and three other firemen severely hurt when a fire truck collided head-on with Chief Taro's automobile tonight at a street intersection.

NEW MARKETING PLAN APPROVED BY FINANCIERS

Agricultural Commission of American Bankers Affirms Faith in Co-Operative Idea Under Sound Management... OMAHA, Oct. 29 (AP)—The agricultural commission of the American Bankers' association, after two hours of spirited debate passed by a unanimous vote this afternoon a resolution affirming faith in the co-operative marketing of crops and in the efficacy of the co-operative marketing idea with the provision that organizations employing this idea be conducted on sound economic principles.

Opponents of co-operative marketing led by R. Sneath of Tiffin, Ohio, member of the commission for the fourth federal reserve district, cast their votes for the resolution with the statement that "it neither endorsed nor condemned the practical principle of co-operative marketing."

Most of the supporters of co-operative marketing were from southern states and pictured its success in the marketing of cotton, rice and other southern crops. R. DeLoach, dean of the college of agriculture of the University of Louisiana at Baton Rouge, declared that co-operative rice marketing in his state had succeeded and that marketing of cotton, potatoes and strawberries might succeed under good business management.

Defends Middleman. Mr. Sneath answered that he was "absolutely opposed" to co-operative marketing and declared that "thirty-three per cent of the business men of the United States are middlemen; we can't get along without them. You can't market grain on the co-operative principle," he asserted.

SQUAW WIELDED IRON ROD TOO CARELESSLY; INDIAN ASKS DIVORCE

KIAMATH FALLS, Ore., Oct. 29 (AP)—Short Bob, a full-blood Kiamath Indian, 80 years old, brought suit for divorce here today against Mrs. Short, Bob's wife, 78, alleging extreme cruelty.

HUGHES' PLAN GIVEN PRAISE

Belgium's Foreign Minister Commends U. S. Initiative and Predicts Success... BRUSSELS, Oct. 29 (AP)—Belgium is particularly happy that the reparations question has been advanced a step further through the friendly suggestions of the American secretary of state.

"The acceptance given by the Belgian government was without reservation. Public opinion in my country, which is always grateful for American efforts, is always profoundly conscious of what we owe the great republic, greeter with joy America's return among the European allies, and the announcement that she would no longer remain aloof from their difficulties. There seems no doubt to me that at this stage, thanks to the good will of all nations, is somewhat clearer, and we can look for real improvement in the general situation."

HARVEY IS SPEAKER AT COMPLIMENTARY DINNER

Formally Thanks Ambassador Who Is Leaving His Successor as "Clean Slate"; Curzon Confirms Statement... LONDON, Oct. 29 (AP)—At a complimentary dinner given tonight in honor of T. P. O'Connor's seventy-fifth birthday, at which Sir Mark Curzon, president of the American ambassador, George Harvey, in the course of his speech, said he was pleased to inform those assembled that as a sequel to a conversation he had just had with Lord Curzon, he was leaving his successor an absolutely clean slate.

These remarks were interpreted by the company as meaning that an agreement had been reached on the question of the American government to search vessels for liquor within the 12-mile limit.

PIUTE INDIANS MAKING PROGRESS AT FARMING

Band of Badokins Who Went on the Warpath Last Spring Now Peacefully Employed in Agriculture... MOAB, Utah, Oct. 29 (AP)—The band of Piute Indians that went on the warpath here last spring and who have now settled down on the reservation allotted to them by the government, in San Juan county, are making progress in the work of tilling the soil.

While few of the Piutes are still doubtful concerning the fulfillment of promises made by the government, the majority are satisfied that the fruits of their labors will not be taken from them by the whites.

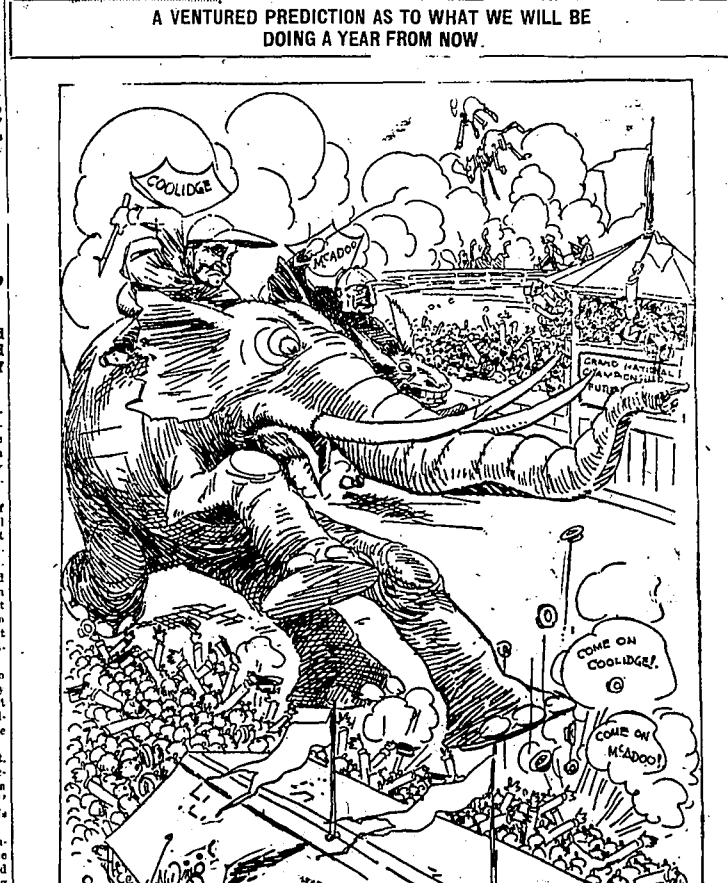

A VENTURED PREDICTION AS TO WHAT WE WILL BE DOING A YEAR FROM NOW.

"But in this connection," the letter says, "I beg to call your attention to the authority for inquiry which you already have under the laws of your own state. Your attention is respectfully called to section eight of the Pennsylvania act of March 27, 1923."

Escaped Convict Forced Into Duel For "Squealing"

Police Claim Brooklyn Man and Second Member of Escaped Band Fought Out Matter of "Ethics" in Crime... NEW YORK, Oct. 29 (AP)—The second member of the band of six convicts who escaped last July from the Pennsylvania state penitentiary in Philadelphia, today fell dramatically into the hands of the New York police.

He is Thomas "Eggie" Gillen, of Philadelphia, shot down in a pistol duel in the Hotel Langwell, on West Forty-fourth street, by Joseph P. McLean of Brooklyn, who gave his occupation as a bootlegger, actor and jockey. The police think McLean tracked down Gillen in the belief that he had given detectives information that led to the arrest in Brooklyn last week of James Brown, another fugitive felon.

Separatists Seek Support of World for New Republic

Government's Greetings to All Nations Avows Friendship and Condemns War; Ready to Pay Share of Debts... WIESBADEN, Germany, Oct. 29 (AP)—The provisional government of the Rheinland republic has sent the following message to all the nations of the world: "The Rheinland people have taken in hand the direction of its destiny. It has proclaimed its full independence and definitely rejected foreign domination."

While few of the Piutes are still doubtful concerning the fulfillment of promises made by the government, the majority are satisfied that the fruits of their labors will not be taken from them by the whites.

NEW TRAIN IS SCHEDULED FOR IDAHO'S STOCK

Fast Special to Be Placed in Service Second Week in November from Nampa to the Coast Markets

NORTH PORTLAND, Ore., Oct. 29 (Special to The News)—Shipment of livestock from Idaho points to the Portland and Seattle markets is to be expedited through a special livestock train to be put in service next month, according to announcement by the Portland and Seattle Union Stock Yards company...

New Market Day

In years past it has been the habit for many shippers of livestock to have their stock on the market for sale Mondays with the result that there has been an oversupply of the market on many Mondays, while on other days of the week very little livestock was available.

Those concerned at eastern markets, finally realizing that it was to the best interests of all that market prices be stabilized to some extent, decided to help out the situation by arranging to ship livestock by districts, each district having its particular day of week to be on the market.

Thursday "Idaho Day"

The Pacific Northwest is coming to realize that they too are putting too much livestock into their livestock markets on Mondays, and too little on other days of week, and the question has arisen, how are we going to change the situation? The suggestion was made last spring that the states of Idaho, Oregon, Washington and California be districted, and each district be assigned a day at the Portland and Seattle markets.

Fast Schedule

All shippers concerned should keep in touch with their local freight agents, get posted on what time the new train is scheduled to pass your station, and arrange to order your cars for your own train, and have your stock loaded on time. This is a fast train and the fast schedule will not permit waiting for anybody.

If your property is desirable and is advertised in the classified—you'll find your buyer.

Beads and Earrings Placed Under Ban in El Paso School

High School Students Go on Record Against Expensive Head Adornments

EL PASO, Texas, Oct. 29 (AP)—Goodbye beads and earrings and banglets! No more will they be worn by girls in the junior class of this high school.

The junior class unanimously decided, the boys voting too, that these articles should not be worn during school hours. But at parties of various kinds, dances and other social affairs they are O. K.

RAILROAD ADOPTS NOVEL PLAN TO AID STOCKMEN

Blooded Bulls Being Exchanged for Scrubs Owned by Colorado Farmer as Means of Improving Herds

DENVER, Oct. 29 (AP)—Pure bred bulls and hogs traded for "scrubs." That's exactly what happened recently when the agricultural department of the Chicago and Southern Railway Company...

Fifteen Hereford and Shorthorn bulls and 16 Duroc-Jersey and Poland-China hogs were traded in the towns visited. And absolutely no "boot" was asked in the trade, either for the train was run and the cumulative drive helped to interest farmers in pure blooded stock and to forever banish the "scrub" cow and hog from Colorado frontiers.

Getting out the plan involved an expenditure of \$40,000. Cooperating in the plan with the above mentioned organizations were the Denver stock yards association, the federal department of agriculture, Denver millers pure bred dealers who consigned their stock, the train packers and the commercial and civic organizations in the towns and cities visited.

PLAN TO LINK HIGHWAYS

Advance of About 50 Per Cent Is Recommended in Telegrams Sent Minnesota Members of Congress

SHERIDAN, Wyo., Oct. 29 (A)—A movement to link the Minnesota air line, a 950 mile concrete and gravel highway, through Minnesota, with the Custer battlefield highway at Sioux Falls, S. D., is being fostered by Foy Mott, Minn., according to W. D. Fisher, secretary of the highway association.

The Minnesota air line extends from Sioux Falls across the state of Wisconsin and then to Chicago. Linking the highway with the Custer battlefield highway will probably mean the development of a vast territory for that highway, Fisher says. The joined lines will offer a direct highway from Minneapolis to Montana and Wyoming points, inasmuch as the highway runs directly west to Sioux Falls, according to Mr. Fisher.

TELLS OF THEFT OF U. S. CODE

Witness at Stokes Divorce Retrial Recalls Disappearance of Valued Papers

NEW YORK, Oct. 29 (AP)—Theft of a secret United States diplomatic code in Bucharest 15 years ago was recalled in the Stokes divorce re-trial today during an attack on the testimony of Horace G. Knowles, former American minister to Balkan and Latin-American nations.

Mr. Knowles said the code was offered to the Japanese government for \$40,000, but asserted he had never heard that it was bought later for \$25,000 by Secretary of State Elihu Root. He denied he had been dismissed after the incident.

The former diplomat, regarded by attorneys on both sides as the strongest witness remaining among those who testified for W. E. D. Stokes, wealthy hotel owner, swore earlier in jury here late today. The jury was re-trial that he had seen Mrs. Helen Elwood Stokes in the apartment of Edgar T. Wallace, principal co-respondent, while waiting for a friend, Dr. L. N. Benson, Dr. Benson denied in a deposition from Los Angeles that he had even seen Mr. Knowles in the apartment.

Send your name and address plainly written together with cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "croup" and whooping cough, and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach trouble, indigestion, grassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it—adv.

If your property is desirable and is advertised in the classified—you'll find your buyer.

Traffic Gets Tangled Through Cop's Order

DENVER, Oct. 29 (AP)—"Hey, you," Traffic Officer John Carroll, stationed at Seventh avenue and Broadway, shouted at a motorist cutting the corner during the early rush hour the other day. Then things began to happen. As soon as the officer's bass voice boomed forth "hey, you," other motorists within earshot turned to see if they were the objects of the warning, according to the story told in police court.

The results were fines of \$10 and \$15 to two of the drivers. As the motorist who cut the corner started to bump and four were entangled before the mixup was over.

ACCUSED BANKER FREED

Jury Takes Only 10 Minutes to Acquit Man Charged with Law Violation; Depositors Lost \$1,000,000

JOPLIN, Mo., Oct. 29 (AP)—Henry Hohenfeld, president of the defunct Night and Day bank of St. Louis, was acquitted by a circuit court jury here late today. The jury took only 10 minutes. Depositors lost approximately \$1,000,000 in the failure of the bank, it is alleged.

GETS TWO BERRY CROPS

DENVER, Oct. 29 (AP)—A second crop of raspberries in the same season was recently picked by H. Mendelson at his home near here. This is thought to be the first time a berry patch has produced a second picking of berries during the same growing season, according to Mr. Mendelson.

Mendelson attributed the extraordinary occurrence to the unusually favorable fall weather conditions in Colorado this year.

PROPOSES NEW WATER PROJECT

Arizona Engineer Urges 700-foot Dam on Colorado and Flumes; to Cost \$9,000,000

PHOENIX, Arizona, Oct. 29 (AP)—A new plan for diverting water from the Colorado river making it available for irrigation of upwards of 2,000,000 acres of Arizona land, has been proposed by C. C. Tillotson, Clarkdale, Ariz., engineer, and laid before Governor Hunt and the committee of nine, it was announced today.

The plan calls for the construction of a dam on the Colorado river more than 700 feet in height, the building of a flume or conduit from the dam, along the river to the mouth of the Little Colorado river, and thence upstream on the latter to a favorable point estimated at from 15 to 30 miles from the intake. The second unit would consist of a tunnel 2 1/2 miles long to the Verde river at Duff flats.

Engineer Tillotson said he considered the plan feasible though the tunnel would be six times larger than the longest railroad tunnel in the world. The cost for construction of the conduit and tunnel is estimated by him at \$9,000,000.

SNOW AT OMAHA OMAHA, Neb., Oct. 29 (AP)—The first snow of the season here was falling here today.

Making Money Go a Long Way

George Washington, it is related, threw a silver dollar across the Potomac River. At the spot where the feat is said to have been performed the stream is approximately a mile in width. But admittedly, a dollar went farther then than now.

The purchasing power of a dollar bill has shrunk considerably in the last ten years. There has never been a time when discriminate buying paid bigger dividends.

Every day this newspaper contains information that you should have to increase your buying power. The advertisements are intimate little lessons in everyday economy. They teach you how, when and for what your dollar will go farthest.

Merchants tell of their bargains through the advertisements. Almost every new opportunity is offered through an advertisement. Practically every unusual buy is advertised.

You can stretch your dollar to its elastic limit by keeping abreast of the opportunities to get full value.

The advertisements will help you make your money go far

SPORTS
IDAHO TO MEET
GONZAGA NOV. 2

Conference of Business Men
Results in Selection of Date
for Epochal Clash

UNIVERSITY OF IDAHO, Moscow, Oct. 29 (Special to The News)—A decision which fixes Friday, November 2, as the day for the Idaho-Gonzaga football game which will be played on MacLean field at Moscow is announced as the result of a meeting of Moscow and Spokane business men with officials of Gonzaga university.

The game was originally scheduled for Saturday, November 3, but in order to avoid conflict with the W. S. C. Oregon game, which will be played in Pullman on that date, Idaho authorities arranged with Gonzaga for the change in dates. This will enable hundreds of people from northern Idaho to see both games and, presumably, assure a large crowd on both days.

Extensive plans have been made by Moscow business men to advertise the game. Automobile caravans will be sent to all towns of the Moscow and Elveston sections, and Spokane. The Idaho pep-band will probably accompany the automobile caravans, and all alumni in these towns will be called upon to assist.

With the confidence inspired by three straight victories, Idaho faces the game with many advantages and every hope of success. Gonzaga, on the other hand, will prove to be a strong opponent, for her reputation in the past and her splendid showing against W. S. C. mark her as a possible winner.

CANADIAN SCHOONER WINS

Schooner Bluenose, Defender of Fishermen's Trophy, Beats American Entry Over 40-Mile Course

HALIFAX, N. S., Oct. 29 (AP)—The schooner Bluenose of Lunenburg, Canadian defender of the international fishermen's trophy, today defeated the American challenger Columbia of Gloucester in the first of the series, leading the challenger by one minute and 20 seconds over a 40-mile course off Halifax harbor. The result was a surprise for the Bluenose won in a race which was generally conceded to be Columbia's.

With the breeze making six knots at the start, increasing to 17 later and veering from due west to southwest, the cumbersome Bluenose once more proved the truth of the fishermen's motto, that all things being equal, the bigger boat is the better boat. The defender appeared to have the edge on the challenger on all points of sailing under the conditions obtaining, but she was considerably lighter in ballast than when she defeated the Henry Ford off Gloucester last year and seemed to handle better.

Buffalo Meat to
Be on the Menu
on Thanksgiving

About 2,000 Animals in Canadian Park for Bison to Be Slaughtered Thursday

CHICAGO, Oct. 29 (AP)—Buffalo, such as the Canadian bison, had to drive from the American plains, have become so numerous in the Dominion of Canada park for bison at Wainwright, Alberta, that some 2,000 of the animals must follow Buffalo Bill's victims to their happy hunting grounds next Thursday. As a result, buffalo steaks may be on the market by Thanksgiving.

John C. Campbell, an official of the national parks department of the dominion, departed for Ottawa today after making arrangements with Chicago packers and Canadian manufacturers to handle some of the executed bison.

Protests made to the Canadian government against slaughter of the buffaloes were based on a misunderstanding, Mr. Campbell explained. As a result, buffalo steaks are referred to the fast disappearing buffalo, while as a matter of fact, he said, the buffalo is increasing about 2000 a year, and with 3800 in the Wainwright reservation, the herds have become too unwieldy.

EIGHT TO BE QUERIED
FOR LOOTING OIL FIRM

Indictments Are Returned by New York Jury Blaming Blamed for Stealing Company Money

NEW YORK, Oct. 29 (AP)—Eight indictments charging grand larceny have been returned against three men in connection with the alleged looting of the company of Delaware, with officers here and in Wichita Falls, Texas. It was learned tonight, those named are J. Ben Ross, Los Angeles; Edward D. Davenport, believed to be in New York; and John F. Emrich, former president of the company, who is now in Los Angeles.

Former Governor Frank of Oklahoma, was a witness before the grand jury that indicted the men. It was said, his testimony dealing with a plan whereby he was to have purchased a controlling interest in the company from Emrich. Emrich, it was charged, American challenger Columbia of Gloucester in the first of the series, leading the challenger by one minute and 20 seconds over a 40-mile course off Halifax harbor.

SNOW IN IOWA.
DES MOINES, Oct. 29 (AP)—Iowa's first snow fall of consequence occurred tonight, the weather bureau here reporting the snowfall general over the state. The precipitation was estimated at an inch and one-half, but most of it melted as it fell. The temperature for the night, it was said, would remain about freezing except in the northern counties where it may reach 25 or lower.

Uncomfortable Shaving Process.
Razors are not allowed in the Wiltshire county asylum at Devizes, England, and those who desire to be shaved have to use pumice stone, according to report of the commissioner under the board of control. Safety razors have been recommended.

SAXONY HELD BY
INVADING FORCE

Stressemann's Expedition into Red Province Still Clouded in Secrecy

BERLIN, Oct. 29 (AP)—Chancellor Stressemann's punitive expedition into "red" Saxony is still in the initial stages and it will be several days before its further progress reveals whether it is intended as something transcending the mere limits of a counter-offensive with a federated state over the question of constitutional prerogatives.

The chancellor of the reich has appointed Dr. Carl Heinze as commissioner representing the reich in Saxony. Dr. Heinze immediately requested the resignation of the Saxon cabinet and the minister complied with this demand, withdrawing from the office at the time set by the commissioner, 2 o'clock in the afternoon.

General von Mueller, who commands the reichwehr in Saxony, prohibited the diet from meeting. What further steps are to be taken by the central government has not developed. The central government's object is to hold the whip hand over Dr. Zelgner and his radical administration, in that it has literally honeycombed Saxony with reichwehr detachments, thus precluding the possibility of physical outbreaks.

So far as competent political opinion in Reichstag circles is concerned, opinion to the ranks of the moderate socialists, it may be said that the government's drastic procedure is being viewed as highly preferable to an attitude of waiting upon the pleasure of the Saxon communists, who, despite their minority in the Reichstag, were rapidly becoming a menace not only to Saxony, but to the other proletarian sections of Germany.

Both the political and social situation in Saxony has reached such a critical stage that President Ebert became convinced that it called for a strong show of authority by the central government, as Saxony was rapidly developing into an incubator for German bolshevism.

MINISTRY WITHDRAWS
DRESDEN, Saxony, Oct. 29 (AP)—The Saxon ministry, composed of communists and socialists and headed by Dr. Zelgner, withdrew from their official quarters today in compliance with an order issued by Dr. Carl Heinze, the newly appointed commissioner representing the reich in Saxony.

Though deposed, the ministers have not given up their fight, as they met immediately and prepared a protest against the procedure of the central government, demanding that the question shall be submitted to the reichsrat or federal council. The other claim is that the promoters of the federated states and the federal council should pass on the question.

One of the most urgent problems confronting Dr. Heinze has to do with the organization of the food situation throughout Saxony, especially in the densely populated sections. Quiet prevailed in Dresden, Leipzig and other cities, although the offices of the communist organ, Arbeiter Zeitung, at Leipzig, have been occupied by the police.

Indian Slain for
"Short Changing"
in Deal for Wife

Zookie and Otto Complete Negotiations But Trouble Starts Over Shotgun

PRESCOTT, Arizona, Oct. 29 (AP)—A revival of the custom of trading in wives in the Purple mountain Indian camp, 87 miles south of here, today led to the killing of an Indian chief by a brave who refused to turn over a shotgun demanded in the sale of a squaw.

The chief, who was slain, was Zookie Egan, and his slayer is Otto Mokahque, according to authorities. Egan offered to sell his squaw to Mokahque, it was alleged, demanding one horse, one mule and one shotgun in payment.

When the squaw went to Mokahque, the latter gave Egan the horse and saddle, but refused to part with the shotgun, the police said. A quarrel followed and Mokahque took the shotgun and killed Egan, according to the authorities. Mokahque was brought to the Prescott jail.

ACREAGE OF FALL WHEAT
DECREASED 20 PER CENT

Reports from Farmers Throughout Seventh Federal Reserve District Shows Comparative Decline

CHICAGO, Oct. 29 (AP)—Fall wheat seeding shows a decrease in acreage planted of nearly 22 per cent in the seventh federal reserve district, according to announcement today from the federal reserve bank of Chicago. Wheat seeding is well under way throughout the country, it added, and continued:

"According to reports from 159 agents representing 81,155 farmers, the acreage planted in the seventh district this autumn compares only 78.2 per cent of that in the fall of 1922." The reports also stated that frost caught corn and late potatoes before maturity in many counties, and that low temperatures in September affected the potato yield and reduced the supply of seed corn.

One of the most urgent problems confronting Dr. Heinze has to do with the organization of the food situation throughout Saxony, especially in the densely populated sections. Quiet prevailed in Dresden, Leipzig and other cities, although the offices of the communist organ, Arbeiter Zeitung, at Leipzig, have been occupied by the police.

What is useless to you may be valuable to others—advertise it in the classified columns.

LAW ADOPTED TO
REGULATE PRESS

Brazilian Senate Passes New Measure Designating Scope of Publicity

RIO DE JANEIRO, Oct. 29 (AP)—After one of the most protracted and spectacular parliamentary battles in the history of the Brazilian republic, the senate today passed and sent to the president for his signature, a law regulating the press.

The new law would prohibit the publication of statements judged to be injurious, against the president of the republic, the cabinet ministers and other federal, state and municipal officials, or against the heads of foreign governments or diplomatic representatives.

The publication of state secrets, or articles which might tend to promote misunderstandings between Brazil and other nations, are made illegal. Anonymous publications of all kinds are prohibited as likewise are advertisements of drugs, medicines and alleged "cures" unless they are approved by the health department or attested by competent physicians.

Provision is made that newspapers which publish a statement concerning any person which is considered injurious to that person, must print gratuitously the person's reply, giving it equal space and prominence. Infractions of the law would be punished by sentences of imprisonment or fines. The measure has been bitterly opposed by the political parties opposed to the government as well as by a majority of the newspapers, including some which are generally favorable to the government. It is expected that the constitutionality of the law will be tested in the supreme court.

FRUIT PACKERS BUSY

EUGENE, Ore., Oct. 29 (AP)—Notwithstanding the very uncertain market for dried prunes, packing plants in the upper Willamette and Umpqua valleys are all operating and thousands of tons of high grade fruit are being processed and boxed. They will be placed in storage to await better marketing conditions.

MANY CHARGES ARE LISTED IN KLAN HEARING

Misuse of Funds and Fee-Splitting Are Alleged Against Former Official; Louisiana Governor Launches Attack

ATLANTA, Ga., Oct. 29 (AP)—Charges of misuse of funds of the Knights of the Ku Klux Klan, fee-splitting and efforts to secure the filing of a breach of promise suit against E. Y. Clarke, former head of the propagation department of the Klan, featured the reading in Fulton county court here today of a series of affidavits intended to be used by the plaintiffs in the suit of David M. Rittenhouse and others for a receiver for the Knights of the Ku Klux Klan. Only a portion of the affidavits gathered by the plaintiffs were read today, Judge John D. Humphreys adjourning court until tomorrow morning when the reading will be resumed.

Two affidavits made by Mrs. Helen K. Steele, who recently filed a suit for \$100,000 against Mr. Clarke, charging him with breach of promise, were read by the plaintiffs today. The affidavits made prior to the time of the filing of the suit tell of numerous meetings with Tom Akers, formerly employed in the publicity department of the Klan, in which he endeavored to induce her to file suit against Mr. Clarke.

ATLANTA, Ga., Oct. 29 (AP)—Dr. H. W. Evans, imperial wizard of the K. K. K., was charged with having purchased 14 carloads of one issue of a newspaper published by the Klan, in which the name of the Klan was used to attract subscribers. Evans was charged with having sent out the United States, in an affidavit sworn to by E. J. Jones, former cashier of the Klan, and introduced in evidence today in Fulton county court in the suit of David M. Rittenhouse and others for a receiver for the Knights of the Ku Klux Klan. The issue contained a story complimentary to Dr. Evans and his photograph, Jones swore, and the total cost was \$18,000.

NEW ORLEANS, Oct. 29 (AP)—The declaration of H. W. Evans, imperial wizard of the K. K. K., in an address at Dallas, Texas, last week, that the Catholic, Jew and negro are three elements that cannot become good American citizens, brought a reply tonight from Governor John M. Parker, of Louisiana in an address here on the Louisiana political situation in which he declared the issue of the present campaign is Klan and anti-Klan.

The governor, who personally rented the largest auditorium in the city for the purpose of delivering his address, denoted his remarks largely to Louisiana politics, but much of his speech was about the Klan as an organization in general.

PLANS FOR IMPEACHMENT OF WALTON TAKING FORM

Forces of Both Sides in Trial of Oklahoma Governor Making Preparations for Arguments

OKLAHOMA CITY, Okla., Oct. 29 (AP)—Plans for the impeachment trial Thursday of Governor J. C. Walton moved forward today, although outwardly the proceedings were marked by the strange and almost to the spectacular developments which brought 22 charges of official misconduct against the executive and his subsequent suspension from office. As a district court grand jury recommended examination of evidence which formed the basis of the impeachment charges with a view toward possible criminal action in the courts, forces of both sides in the impeachment cases were completing all pre-trial arrangements behind closed doors.

BONAR LAW IS CALLED BY DEATH

In contrast to the epochal period during the war, the comestic and the era of reconstruction subsequent to the ending of hostilities, the government of Bonar Law was eclipsed in importance, although it dealt with several problems of great domestic and international magnitude. A man on a globe was the British question, the French invasion of the Ruhr valley, which placed England in an extremely delicate position; the funding of the American debt and the difficulties with soviet Russia over the treatment of British subjects in the Near East.

Born in Canada, Bonar Law was born in New Brunswick, Canada, September 16, 1858, the son of the Rev. James Law, M. A., of New Brunswick. In early youth he was taken to Glasgow, where he attended high school and finally became bookkeeper for an iron firm. Later he was made a member of the cabinet and when he retired from business to enter politics was one of the biggest iron merchants of Scotland. Golf and chess were his favorite recreations.

Nine years before his election to parliament he married Miss Annie Pichin Bobley, who died in 1909. Four children were born to them, two sons and two daughters. One daughter, Isabella, became the bride of Sir General Frederick Sykes in London in 1920. Two sons, Anthony and Lieutenant C. T. Bonar Law, were lost in the war.

Kept Under Pressure. A cork 200 feet below the surface of the water will not rise again, owing to pressure of water.

BANKERS HEAR SUGGESTIONS OF PRESIDENT

Coolidge Stresses Value of "Weeding Out" Men Not Able to Maintain High Standards of Ethics in Profession

WASHINGTON, Oct. 29 (AP)—President Coolidge told a group of investment bankers today that the country looked to them to "weed out" those engaged in the banking business who do not maintain "a high standard of ability and honesty."

Addressing the bankers, who are here to attend the annual convention of the Investment Bankers' association of America, from the south portico of the White House, the president said it was "almost impossible to weed out every undesirable element, but the country has come to know that it can rely upon the representations made by its investment bankers."

Speakers at the first day sessions of the convention declared that business conditions were good, were on a stable basis, and gave every indication of leading to a still better situation. Among them was Secretary Wallace of the agriculture department, who outlined the federal government's program of aiding the states in constructing and maintaining good roads.

The Elks will give their annual Halloween dance on Wednesday evening in the club rooms on Shoshone street. Contrary to other years this will not be a costume party.

Master Donald Higbee entertained at a Halloween party on Saturday evening for a number of his young friends. The house was decorated in Halloween emblems and colors and the games were the time honored ones played at this time of year.

There will be a rehearsal of the play "Old Lady 31" at the home of Dr. Wallace this evening at 8 o'clock.

TURKS CHANGE TO REPUBLIC

New Form of Government Is Established; Pasha Is Elected to Serve as President

CONSTANTINOPLE, Oct. 29 (AP)—The national assembly at Ankara has voted the establishment of the Turkish republic. Mustafa Kemal Pasha has been unanimously elected president.

The assembly accepted the constitutional amendments proposed without opposition, and loudly cheered the republic. The influential Popular party at a meeting previously held accepted Mustafa Kemal's proposal to proclaim a Turkish republic and for the election of a president, who would be empowered to nominate a premier. The party also accepted the following proposals by Kemal:

The language to be Turkish, the religion Islamism; the president of the republic to be elected by the deputies for a term of four years, eligible for re-election; the president to be chief of state, with the right to preside over both the council of ministers and the grand national assembly; the president, to nominate the president of the council of commissioners, who will choose his own colleagues to be submitted to the assembly for approval.

Those who read the story of "The Covered Wagon" will not be disappointed in the picture now showing at the Lavering, and those who did not will be enabled to gain about as clear an impression of the subject matter as if they had.

"The Covered Wagon" probably ranks among the best half dozen pictures ever filmed. Dealing as it does with a period in American history full of the charm and realism of the most stirring chapters in the annals of the development of America, the story carries an appeal of unusual strength.

The Elks will give their annual Halloween dance on Wednesday evening in the club rooms on Shoshone street. Contrary to other years this will not be a costume party.

Master Donald Higbee entertained at a Halloween party on Saturday evening for a number of his young friends. The house was decorated in Halloween emblems and colors and the games were the time honored ones played at this time of year.

BIGAMIST IS SENTENCED

Prisoner Pleads Guilty to Grand Larceny Charge and Is Given Three to Fifteen Years in Prison

SPOKANE, Oct. 29 (AP)—Harry Roehon, alleged bigamist, who was returned here from Los Angeles today, pleaded guilty to a grand larceny charge, sworn to by Mrs. Schneider, one of his wives, and was sentenced to a term of three to fifteen years in the state prison in the superior court. Declaring that he had "made his peace with God," Roehon said he was ready to face whatever penalty the court might mete out, but declared his intention of using every effort to repay Mrs. Schneider all the money he had obtained from her.

He was charged with having taken \$7000 from Mrs. Schneider, whom he was declared to have married in Coeur d'Alene, Idaho, in 1910.

The Covered Wagon

Those who read the story of "The Covered Wagon" will not be disappointed in the picture now showing at the Lavering, and those who did not will be enabled to gain about as clear an impression of the subject matter as if they had.

"The Covered Wagon" probably ranks among the best half dozen pictures ever filmed. Dealing as it does with a period in American history full of the charm and realism of the most stirring chapters in the annals of the development of America, the story carries an appeal of unusual strength.

The picture itself is a work of art with scenes carefully chosen and every line of an attention and efficiency to detail obtained at heavy cost. The cast is well selected and well balanced with a blending of humor and pathos which adds greatly to the entertainment qualities of the performance. As an educational force of interest to everybody and of real value to the rising generation its value cannot be overstated.

Supported by an orchestra which provides real music throughout the entire performance, time spent in viewing "The Covered Wagon" passes quickly. A capably house was present at the opening at the Lavering last night with a dozen early towns represented among the audience.

Experience Tells--

The wise motorist is not content to go on using any old gasoline that may be offered him. He realizes that his auto is a valuable piece of motor mechanism and that its performance and length of life depend largely upon what kind of fuel he feeds it.

Thousands of motorists in the intermountain region have learned from experience that I-GO GAS gives more power—more mileage, that it burns free, leaving a minimum of deposit in the cylinders; that it reduces repair bills and adds to the life of the motor.

You can easily find out for yourself just what I-GO GAS will do. During the coming month use only I-GO. Watch its performance carefully. Check your mileage. Watch your motor on hills. You will find that although I-GO costs the same as ordinary gas, it is fully 25% cheaper in the long run. Try it.

Always Use I-GO GAS

Use I-Go coupon books for economy and convenience.

HEY BILL, THOUGHT I'D BUY THE NEW I-GO GAS

MELLON REPLIES TO GOVERNOR PINCHOT

(Continued from page one.) Pennsylvania law accords the state executive, the secretary asserts that means of obtaining a search warrant are much easier and that action can be more quickly had under the Pennsylvania code than under the Volstead act.

Any officer of the state, from a justice of the peace, has the power to approve a search warrant, Mr. Mellon says, while federal agents in obtaining a search warrant must depend upon a single United States commissioner in each district. Such condition makes for difficulty in carrying out enforcement by federal officers, the letter points out.

The Associated Press is exclusively authorized to disseminate the information...

Eastern Representatives: George B. Davis Co., Inc., 171 Madison Ave., New York, A. R. Keator, 1411 Bedford Building, Chicago.

HALLOWE'EN: Some thirty or forty years ago a group of students of the medical department...

In the minds of those young men the spirit of Hallowe'en was properly served and the "joke," notwithstanding that it put the butcher out of business...

The mischief associated with the celebration of the holiday of today is of a much milder form than in the days in which the incident referred to took place...

Too many men have had to spend dollars in the rebuilding of fences, the repair of gates, and the re-striking of clothes line.

Hallowe'en is only a few days off - Let's make it a sensible occasion in Twin Falls.

STANDARDIZATION

An engineer, addressing an audience of engineers, says that bank checks ought to be made all the same size as bank notes...

But what shall be said of his demand for the standardization of women's hats, on the general ground that "standardization is what makes mass production possible..."

Uniformity in industrial production has great merits, and it is necessary in the present scheme of things.

A TEMPERANCE CAMPAIGN

With the mutual pledges of law en-

forcement given by President Coolidge and the governors' conference, prohibition may be said to have gained a new start.

There is another factor, however, which has not yet been given any clear account of itself in this reform movement.

This public is a two-faced creature. Collectively, the nation shows a strange hypocrisy in dealing with its liquor problem.

FILER

FILER—Mrs. A. E. Anderson was elected president of the P. N. R. Teacher organization at its first regular meeting held at the Central school Friday afternoon.

One of the social events of the season was a Hallowe'en party given by the members of the Hallowe'en order at the I. O. O. F. hall Tuesday evening, October 23, which was attended by Rebekah's and their husbands.

Mrs. F. L. Carney and son, Ira, returned yesterday from a visit with friends and relatives in Nebraska.

Trouble enough. A delegation had called on Jones to get him to serve on the house committee of the Country club.

Dreamland Adventures

THE PRIZE WINNER By DADDY

Jack and Janet go through a talking machine town into the Land of Giggles.

CHAPTER I. Voices They Know.

After helping Jim, the freckle-faced lad, find his lost time, Jack and Janet followed You-Neve-Cat-Tell further into the Land of Melody.

One of the soldiers was not waiting for the girls. He was mending his uniform and paying no attention to them.

"I have heard that tenor voice before," whispered Janet to Jack. "It seems to be a gypsy camp as I listen to him. I wonder why?"

Just then the young soldier turned toward them.

"Oh, yes! Bream!" "While you're down there just chirrup a little more to poor Plisky. He does appreciate it so!"

"Oh, yes! Bream!" "While you're down there just chirrup a little more to poor Plisky. He does appreciate it so!"

"How is your dear little dog, by the way?" inquired Sam solicitously, as he fell into step by her side.

"Much better now, thanks. I've made friends with a girl on board—she's the only one I hear her name—Jane Hubbard—she's a rather well-known big-game hunter and she fixed up some sort of a mixture for Plisky which did him a world of good."

"I do admire a man who knows what to do at a dog fight. I'm afraid I'm rather helpless myself. There never seems anything to catch hold of."

"I thought I'd like a breath of fresh air before lunch," said Sam. "Oh, Bream!" said the girl.

"Hal hal hal! Her name is Michaela now," sneekered You-Neve-Cat-Tell, as Michaela sang to Don Jose in her sweet soprano voice.

There is Princess Carmen! "Oh, I'd like to see her again. She was so nice to us."

She sat next to him. She sang a song to him in her lovely contralto voice. She was making love to him.

Jack and Janet could not understand that all the while they had seen Carmen she did not want to marry Don Jose, whose name then was Carlos.

"All right," said Bream moodily. He trotted along. There are moments when a man feels that all he needs in order to be a delivery wagon is a horse and a driver.

"Oh, yes! Bream!" "While you're down there just chirrup a little more to poor Plisky. He does appreciate it so!"

"I do admire a man who knows what to do at a dog fight. I'm afraid I'm rather helpless myself. There never seems anything to catch hold of."

"I do admire a man who knows what to do at a dog fight. I'm afraid I'm rather helpless myself. There never seems anything to catch hold of."

"I do admire a man who knows what to do at a dog fight. I'm afraid I'm rather helpless myself. There never seems anything to catch hold of."

"I do admire a man who knows what to do at a dog fight. I'm afraid I'm rather helpless myself. There never seems anything to catch hold of."

"We'll sit and read Tennyson." "Finis! Br—you and I and! Mortimer!"

CHAPTER IV. It was the fourth morning of the voyage. Of course, when this story is done in the movies they won't be satisfied with a bald statement like that.

And so, calm and golden, the days went by, each fraught with hope and youth and sweetness linking two young hearts in either tatters forged by the laughing Love-God.

Samuel Marlowe, muffled in a bathrobe, came back to the stateroom from his tub. His manner had the offensive jauntiness of the man who has had a cold bath when he might just as easily have had a hot one.

It was not surely the spiritual pride induced by a cold bath that was uplifting this young man. The fact was that, as he toweled his glowing back, he had suddenly come to the decision that this very day he would propose to Winifred Bennett.

Christmas Dishes in India. In native India the favorite Christmas food is a gigantic plate of rice, which is banded round with as many as a score of different curries.

PUPILS LISTED ON HONOR ROLL

Sixty-Six Junior High School Students Excel in Scholarship During First Period

The junior high school honor roll for the first period of the first semester. In addition to the regular honor roll for scholarship, a new one is being carried in both the junior and senior high schools for those who have met perfect attendance.

As yet the senior high school honor roll for scholarship has not been published. The junior high has 66 members on the honor roll. Another innovation devised this year is the ranking of the honor students into two groups, those with averages of "A," and those with "B" averages. "A" being above 94 per cent and "B" being 80 per cent, on the basis of 100 as being perfect. The eighth grade ranks highest in scholarship with 19 members compared with the number enrolled, the ninth grade second and the seventh last.

Fifth grade "A" division: Doris Grimes, Ruth Van Gilder, Ruth Darling, Mary Provost, Nellie Galloway, Charlotte Vogel. Ninth grade "B" division: Loyal Perry, Spencer Miller, Betty Wilson, Jane Maxwell, Elva Smith, Thelma Wilson, Mary Virginia Hart, Beth Bowen, Helen Barnes, Dorothy Dinkler, Jewetta Cox, Mabel Porterfield, Marcelle Wynn, Claudia McCoy, Neva Gish, Albert Kofer, Hazel Griffith and Robert Fahrney. Eighth grade "A" division: Helga Johnson, Mary Ward, Julia Hunter, Geneva Fink, Barbara Provost, Carol Thompson, Ruth Caldwell and Elizabeth Lucas.

Eighth grade, "B" division: Maxine Urice, Pearl Walters, Alpha Flores, Vera Barnes, Fern Hall, Agnes Harvey, Phyllis Evans, Alpha Smith, Rex Dibble, James Bothwell, Gwendolyn Bradley, Maurine Ballard, Aileen Gahart, Edith Davis, Nora Hartley, Roscoe Weaver, Edith Johnson, Ella Krueger, Helen Longesteg, Robert A. Wirth, Elma Bowberry, Heloise Miller and Lena Bohrn.

The seventh grade, "A" division: Mary Duane and Ruby Clay. Seventh grade, "B" division: Dick Evans, George Taylor, Madeline Pickett, Genevieve Bolster and Eugene Perrine.

Boys Not Far Outnumbered Another interesting fact also came out in the attendance reports which is contrary to the popular belief that at the junior high school age the girls outnumber the boys. In the local school there are 325 boys and 344 girls attending. There were, in the seventh grade class, 62 girls with perfect attendance and 87 boys. In the eighth grade the girls were a little better, there being 88 girls and 75 boys, while in the ninth grade the boys fell away down, having but 56 with perfect record against 98 girls.

The tardiness report shows the boys to be ahead of the girls on this score as the 37 boys reported tardy is but 11 per cent of the total enrollment and the 49 girls is 88 per cent of their total.

Of all the boys in the junior high school 49 per cent had perfect attendance, and of the girls 72 per cent. This is an excellent showing, reports the principal, Mrs. North, in view of the fact that so many have been excused during this first period to help on the farms, for the junior high was not dismissed during the past two weeks as was the high school.

The first period grades were given out Monday afternoon during advisory period to the students of the senior high school.

Surgeons Report on Ward of Lodge

Encouraging Word Comes from Rochester Relative to Hazel Lansberry's Condition

Encouraging word from the Mayo clinic, Rochester, Minnesota, where Miss Hazel Lansberry is a patient, was received Monday by S. H. Baklan, chairman of the committee for the Odd Fellows and associated organizations, in charge of arrangements for a carnival and dance to be given Tuesday evening at her home.

"Hazel's left foot has been operated on," the message said. "It is expected to operate on the right foot in a week or 10 days. She will remain here at least six weeks following the next operation. It would be better for her to stay longer. She will require very well, and is comfortable in a ward at St. Mary's hospital."

As a result of the operation it is hoped that Miss Lansberry, a cripple since birth, and 700 persons whose sympathy for her has been stirred by the complete health, will be restored to complete health.

Announcement was made Monday that the Yoncon lodge had voted to contribute to the benefit fund, and that proposal for similar contribution would be presented to the Elks lodge.

Persons who have not been invited personally to contribute, it was stated, may mail their checks to Percy Alfred, treasurer, or S. H. Baklan, chairman of the benefit committee.

Personal

Here on Business—Frederick Novinger of Shoshone, was in Twin Falls on business for the Darrin and Novinger Sheep company on Monday.

On Business Trip—Dr. Emma Crossland left Monday evening on a business trip to Portland. She expects to return the last of the week.

Returned From Visit—Mrs. Newell S. Wight and little daughter, have returned from several weeks' visit at the home of her parents in Halley.

Visiting Parents—Mrs. Bonnie Burson of Salt Lake, is here for several days' visit at the home of her parents, Mr. and Mrs. P. O. Herriman.

Concludes Visit—Mrs. Ernest Claudin left Monday evening for her home in Long Beach, Cal., after an eight weeks' visit with her parents, Mr. and Mrs. A. E. Slifer.

Returns From East—Miss Jennie Swan, who has been visiting for the past two months in Lincoln, Nebraska, and Burlington, Iowa, returned Sunday to her home here.

Back From Portland—Mr. and Mrs. David Jenkins have returned to Twin Falls after two years absence in Portland, where Mr. Jenkins was engaged in the automobile business.

Returns to Twin Falls—W. E. Smith, who was formerly engaged here in the automobile business, and Mrs. Smith, have returned from Salt Lake where they have spent the past several months.

Car in Collision—A delivery car driven by Dave Humphrey, and a Ford car driven by J. W. McDow, collided Saturday afternoon at the intersection of Main avenue and Shoshone street. Both cars were damaged. Mr.

ANSWERS FINAL SUMMONS

Mrs. Susanna McKean, Former Resident of Twin Falls and Castleford, Dies at Farm Home on North Side

Mrs. Susanna McKean, aged 45 years, wife of George W. McKean, a former resident of Twin Falls and the Castleford district, died Saturday evening at the family home on a ranch 10 miles east of Jerome, after an illness of only a few days' duration. The body was brought here to the I. J. Grossman mortuary, and funeral services will be held here, arrangements being delayed for word from relatives elsewhere. Mrs. McKean was born in Ohio. She was the mother of seven children, one of whom, Miss Theodora McKean, resides here.

SCHOOL SESSIONS RESUME

With only 20 absentees out of an enrollment of about 350, sessions of Twin Falls senior high school were resumed Monday after suspension for almost two weeks during which students took an active part in a community effort to save the district's perishable crops.

HOT WATER DRENCHES BOOKS Bursting of a rusted hot water pipe in the court house Sunday morning, drenched some of the records in the vault of the assessor's office, and water leaked into the county attorney's office on the floor below. County Assessor S. Clud Stewart said Monday that none of the records had been seriously damaged.

Humphrey accepted responsibility for the accident and stated that he would pay for repairs.

Guests From Shoshone—Mr. and Mrs. Fred W. Gooding and daughter, D. Sid Smith, with her small son and daughter, were visitors at the home of Mr. and Mrs. Morgan Hoop on Monday from Shoshone.

Birth Is Announced—Announcement of the birth of a daughter Sunday, October 28, to Mr. and Mrs. James H. Harvey, at Boulder, Colorado, has been received here. The mother was Miss Juanita Dean, daughter of Mr. and Mrs. George W. Dean.

Spend Evening in Hazelton—C. C. Siggins, county auditor, and Mrs. Siggins, spent Monday evening at Hazelton, where they were guests at a party given complimentary to their daughter, Mrs. John V. Dingman, and family, who will leave soon to spend the winter in Long Beach, Cal.

New Low Temperature Mark Set for Season

A new low temperature mark for the season was set Sunday night, when the mercury dropped to 20 degrees above zero, according to records of the government weather observer's station here. Mercury was dropping Monday evening a reading at 9:30 o'clock showing temperature of 33 degrees. Monday's high mark was recorded at 48 degrees, a decline of four points under the maximum of the preceding day. Weather continued fair.

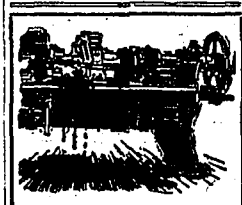

SNOW HITS IDAHO FALLS

Weather Observer Places Total Measurement at One Inch; Temperature of 12 Above Is Recorded

IDAHO FALLS, Oct. 29 (AP)—The first snow-fall of the season visited Idaho Falls Sunday morning, the weather observer placing the fall at one inch. The thermometer went down to 12 above last night and the ground froze for a depth of about three inches, nipping some of the potatoes that were close to the top. Potato men say that with the coming of warmer weather which is in evidence today, the damage will be slight. Sugar beets were not damaged. It is estimated that about one fourth of the potato crop is yet to be dug in the upper Snake river valley above Pocatello.

Oil thrown from a machine may be the cause of a fire.

An oil-soaked floor, whether in a factory or woodshed, may be all that is needed to kindle a tiny flame into a serious fire. Fire hazards are often present in many forms that are easily overlooked.
