COMMISSION IS SLOW TO ACT ON REPARATION

Expect Germany Will Combat Efforts of Allies to Hold Out on Deliveries of Commodities; Situation Is Tangled

PARIS, Nov. 26 (AP)—The German government, it is expected here, will bring the agreements between the Franco-Belgians and the Sines group and other Ruhr industrialists to the notice of the reparations commission with a view to combating any effort by the occupying powers to hold out proceeds from the deliveries in kind or payments of taxes under these arrangements for the purpose of meeting their own expenses of occupation.

Rights in Question The subject has been raised as to what constitutes the reparations commission's rights. Part of the French press content that the commission has nothing to do with these records, which are regarded as private and concerning only the separate action of France and Belgium in the Ruhr.

It is learned that the Franco-Belgians have their claim to payment of their occupation expenses met by the proceeds of the deliveries in kind upon articles 240 and 251 of the treaty of Versailles which give priority to occupation costs over reparations.

SEES RAIL VALUATION AS CONGRESS' PROBLEM

Iowa Senator Predicts Railroad Question to Be Big Issue Before Congress; Final Decision Up to Courts

WASHINGTON, Nov. 26 (AP)—Physical valuation is one of the main, if not the principal, railroad questions which will come before the new congress, in the opinion of Chairman Cummins of the senate interstate commerce committee.

The report to be applied in the valuation of railroads, Senator Cummins stated, probably will be fought out in the coming congress, although he added that in his belief the final decision in determining the valuation of railroads would rest with the courts.

HITCHCOCK TO BE MANAGER FOR JOHNSON

Postmaster General Under Taft to Guide Campaign Ship for Western Man; Vigorous Fight Is Promised

CHICAGO, Nov. 26 (AP)—Senator Horan Johnson, duly announced candidate for the republican nomination for president, announced here today that Frank Harris Hitchcock, postmaster general in President Taft's cabinet, and a republican leader for years, has been appointed general manager of his campaign.

Senator Johnson, who returned here today from Washington to address the Cook county real estate board Tuesday night in the first public address to be made since announcing himself a candidate for the republican nomination, declared that Mr. Hitchcock will assume command of the campaign immediately and a vigorous fight will be started in all sections of the country.

He conferred here today with William Wiegley, Jr., who has been appointed manager of his campaign in Illinois, and may assume command of the entire northwest territory and lead leaders expect to take a prominent part in his campaign.

Mr. Hitchcock has had years of previous experience in presidential campaigns having worked for the postmaster generalship through the agriculture and postoffice departments.

Before assuming the postmaster general portfolio, President Taft's assistant manager of the republican national committee from 1904 to 1908. He was manager of Taft's campaign for the nomination in 1908 and later managed the republican campaign of that year. He was chairman of the party's national committee in 1908-9. He assumed command of the campaign of Charles E. Hughes for the republican nomination in 1916 and the same year was a member of the republican national advisory committee.

Since then he has resided in New York city, returning to his original practice of law.

MORROW NAMED TO RAIL BOARD

Retiring Kentucky Governor Picked by Coolidge; Barton Denies All Reports

WASHINGTON, Nov. 26 (AP)—Edwin P. Morrow, who will retire as governor of Kentucky December 1, has accepted appointment by President Coolidge as a member of the railroad labor board, succeeding R. M. Barton, who has resigned.

Governor Morrow will enter upon his new duties soon after December 1, when his term as governor expires. His appointment is in accord with an agreement entered into by President Harding when Judge Barton was appointed last spring. Governor Morrow was urged for the vacancy on the board at that time and was offered the place, but asked, it is understood, to be allowed to serve out his term as governor. Mr. Harding thereupon persuaded Judge Barton to continue on the board until Governor Morrow could take over his duties.

Denies Report
CHICAGO, Nov. 26 (AP)—Former Judge R. M. Barton, a member of the United States railroad labor board, said tonight that he had not resigned, when informed that Governor Edwin P. Morrow, of Kentucky, had accepted President Coolidge's appointment to succeed him as a member of the public group of the board.

He had heard of Governor Morrow's appointment and "I never resigned," Judge Barton said.

He refused to comment on a reported agreement with the late President Harding by which he was to continue on the board until Governor Morrow's term as Kentucky's chief executive expired.

Judge Barton was named in a recent appointment by President Harding last spring along with E. F. Grable and Horace Baker. The appointments were made some time after the terms of Barton, Baker and Albert Phillips had expired and they gave rise to reports that three new members were to be named. Mr. Grable was the only new man selected, however.

ROMANTIC YOUTHS ARE CROWDING MOVIE TOWN

Perennial Pilgrimage of Boys and Girls Not Diminishing, Noted Director Says; Admires Tryouts at Home

LOS ANGELES, Nov. 26 (AP)—Film-struck boys and girls are "over-running" the motion picture studios in the Hollywood district, according to producers and directors.

"Hundreds come to Los Angeles each year, as if it were a pilgrimage, each expecting to be among the chosen ones in the screen world," said Marshall Nellan, director and producer. "There are a few who win, but the majority fail. We—and I believe I speak for the entire industry—will not permit the Hollywood district to be made a sacrificial shrine. Those ambitious for a screen career must be taught to try out their talent at home."

Girls no longer are chosen merely for their beauty, nor men because they resemble the popular conception of a "shick." Film actors are chosen because of their ability, and that ability cannot be known unless it has previously been tested. Aspirants should make adequate tests of their ability—if they have it—before coming here with only the hope of a career to compare with that of others with only the same hope.

SUGAR COMPANY EXPERT KILLED IN AUTO SMASH

William H. Richardson Loses Life When Car Gets Beyond Control and Skids on Pavement at Idaho Falls

IDAHO FALLS, Nov. 26 (AP)—William H. Richardson, for the past thirteen years head mechanic and traveling engineer for the Utah-Idaho Sugar company, was killed at 7:30 Monday morning when his car tumbled over on the highway four and one-half miles south of Idaho Falls.

The accident occurred when Richardson, who was enroute to Blackfoot to keep an engagement with B. R. Smoot of the Blackfoot factory, attempted on the pavement to pass another car in which Mr. and Mrs. Yero Sauee and their two children were riding. His car skidded on the wet pavement and crashed into the Snurr machine, turning it over and wrecking his own car. Richardson was pinned beneath the car and an examination by Coroner Dinwoody revealed that his skull was fractured. Death is believed to have been instantaneous.

BRUINS UNDERGO STIFF WORKOUT

Local Gridmen Put Through Exacting Practice in Preparation for Coming Game

The Bruins were put through a stiff workout Monday night in preparation for their battle with Nampa Thanksgiving. Leiser was the only man absent from the lineup. After a short signal practice the Bruins took on Coach Anderson's junior high Cubs. The Cubs kicked off the Bruins who promptly marched the ball over for a touchdown, and although they met a stiff resistance and were not able to gain yardage, they received a good workout as well as the Cubs.

Under the tutelage of Pat Flynn the second string retired to secrete, and the first string and after dispensing with the Cubs the Bruins took on the second string. The second squad opened up with a variety of spreads but the Bruins were able to solve them quickly and stunted them before they were well started. The Bruins' line seems to be having the same old trouble—they don't charge—and it seems hard to get them lined up with the proper fighting spirit.

Nampa is reputed to have a heavy team with words of fight and will probably give the blue and white the battle of their lives. They have only met defeat once this season and to do that they will have to make this most glorious season for them. The Bruins have only tasted the bitter pill of defeat twice this season and should put forth every effort to make this last game another victory.

Only two days are left for practice and they will probably be devoted to light work only and the development of new plays. The Nampa team will arrive Wednesday afternoon and have a chance for a light workout before the game. The game will be called at 2:30 p. m. Season tickets will not be good for this game as it is in the nature of a post season game and the season tickets were sold originally with the idea of being good for all games up to the interdistrict game, any games after that to be paid for separately. The students will be admitted for 50 cents and the adults \$1.

ROCKNE HELPS DORAIS TO PREPARE FOR GAME

Former Team Mate on Notre Dame eleven, Mack Arata, at Scene of Gonzaga-Detroit Contest

SOUTH BEND, Ind., Nov. 26 (AP)—Kneate Rockne today lent a helping hand to his old team mate, Charles Dorais, in preparing the Gonzaga university eleven, in its inter-sectional clash with Detroit Thanksgiving day. The Gonzaga team is staying in South Bend until Wednesday and the two Notre Dame players, famous exponents of the passing game, worked together with the westerners on Carter field this afternoon. Gonzaga must stand through a stiff workout early in the afternoon and the Notre Dame team, who play St. Louis on Thanksgiving at St. Louis, took the field later.

IDAHO DEBATERS READY FOR SEASON'S OPENING

Triangular Contest with Canadian School and U. of Oregon on Bill for First Event This Year

UNIVERSITY OF IDAHO, Moscow, Nov. 26 (AP)—University of Idaho debaters will open the present debating year January 15 against the University of British Columbia and the University of Oregon in a triangular test. The affirmative team for each institution will travel. Idaho's affirmative will go to Vancouver, while the Oregon affirmative will come to Moscow.

The question chosen for this contest is, "Resolved, that the United States should immediately recognize the Soviet government of Russia." Topics for position on the two Idaho teams are scheduled for November 28.

Last year Idaho was victorious in both her triangular contests. The first was the Utah-Montana-Idaho triangular, while the second was with Whitman and Washington. Errol Hillman of Rexburg, debate manager, is formulating plans for the debating year and is negotiating with the other institutions on dates for the other triangulars.

Ford Trucks Are Bought On Performance Records

If you were to ask a hundred—or a thousand—Ford truck owners why they use Ford trucks in preference to all others, they would likely say, "Because the Ford stands up."

They know that under the endless grind of daily service the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for repairs or replacements. They buy to get performance.

A few might add that the Ford is the lowest priced truck on the market. But they would emphasize the work this truck does, not its initial cost, in accounting for the fact that there are more Ford Trucks in use today than all other makes combined.

VATICAN SILENT ON APPOINTMENT

Names of Archbishops Hayes and Mundelein Mentioned Among Americans

ROME, Nov. 26 (AP)—At the vatican there is complete silence concerning the names of the candidates for the papacy who may appear at the secret consistory to be held December 30. Even the nationality of those who may receive the nod has not been made known. If any new American cardinal is to be appointed Archbishop Hayes of New York and Archbishop Mundelein of Chicago, are mentioned as the favorites most likely to be accorded the honor. The persons in vatican circles are of the opinion that the far west ought to have its cardinal and in this connection the name of Archbishop Hanna of San Francisco, is being mentioned as most probable candidate. It is believed the pope will prefer at the South American cardinal especially after the suggestion made by the king of Spain to the pontiff in his address when the pope received him several days ago. The archbishop of Indiana is considered the prelate who most probably would receive the honor as the Brazilian government has for some time has been urging that he be given the red hat.

THREE MINERS KILLED BY POWDER EXPLOSION

Bodies of Two Are Blown to Pieces, Third Man Overcome by Fumes; Cause of Blast Not Determined

OATMAN, Arizona, Nov. 26 (AP)—Three miners were killed today when two boxes of powder exploded in the underground workings of the United American mine here. The bodies of two men were blown to pieces while a third miner was overcome by fumes and was found dead in the mine. The dead are: Joe Featherstone, Franz Zion, M. Thayer. J. B. Gibson, a miner, who also was in the mine when the explosion occurred, was found unconscious by rescue workers near the body of Featherstone. Featherstone and Gibson were at the top of the stop when fumes overcame them. Gibson probably will survive, according to physicians. The cause of the explosion probably will never be known, according to mine officials, as two of the slain men, Zion and Thayer, were the only persons in the mine when the blast occurred.

POLICE TO TEST BRAKES

PORTLAND, Ore., Nov. 26 (AP)—Portland police have inaugurated a testing system to enable motorists to learn whether their brakes are in regular working order. At certain specified places they have placed marks on the streets. Drivers are directed to approach the first mark at 20 miles an hour, apply the brakes, and if the car stops before it reached the second mark the brakes are pronounced safe. If the car does not stop the driver is directed to the distance between the marks is 35 feet.

Burro Accepts Motherless Calf in Place of Own Deceased Offspring; New Combination Proves Successful

RENO, Nev., Nov. 26 (AP)—That a burro can make a successful mother to a calf is being proven at a ranch near Contact, Nevada. A large calf, left motherless, and a burro, whose calf had died, came together, and while the calf filled the vacancy left by the demise of the burro, the maternal instinct of the little burro caused it to accept the calf as a substitute. The combination has worked out successfully and for nearly four months the calf has depended upon the burro for existence and sustenance.

The Baptist young people's union, a vocal number, and Mrs. D. E. began a happy solo.

CHRISTMAS SEAL SALE CAMPAIGN ANNOUNCED

Business Houses to Be Given Free Opportunity to Assist in Anti-Tuberculosis Activities
Anti-tuberculosis association Christmas seals will be made available this week to business houses for "first of the month" mail, according to plans of the county association, announced Monday by Mrs. D. L. Alexander, chairman. After the business houses have been given an opportunity, the announcement says, a canvass will be conducted by mail. Seals will be sent to individuals to relieve them of the necessity of hunting for a sale booth, it being expected, of course, that they will remit payment for the seals to the association. No one is compelled to buy, and anyone receiving seals who does not care to support the association may return them as same. The mailing system is used merely to facilitate distribution and conforms to the plan being used in other cities throughout the country by the national organization.

ANXIOUS MOTHER SEEKS MISSING DAUGHTER HERE

Letter from England Enlists Mayor's Assistance in Effort to Locate Annie L. Miles

In an effort to locate her daughter, Annie L. Miles, a resident of Twin Falls four years ago, Mrs. F. I. Miles of England has enlisted the assistance of Shad L. Hodgkin, Twin Falls mayor, to whom the following letter was delivered Monday: "I am writing to ask you a favor. Will you kindly do your best to locate my daughter, Annie L. Miles, residing in the city in 1919, and not heard from since that date? In one of your banks she had deposited money. Perhaps they will be good enough to tell you where it was transferred to. It is very important that she should be found. Surely she must be registered somewhere.

DAIRY MARKETING PLAN TO BE PRESENTED HERE

One of Series of Meetings Expected to Take Definite Action on Co-operative Organization Scheduled

One of a series of meetings at which it is expected definite action will be taken with respect to establishment of Twin Falls county of a cooperative dairy products marketing association, will be held at 7:30 o'clock in the Business and Professional Women's club rooms in Twin Falls. The first meeting of the series was held Monday at Burgett, and the third meeting is to be held Wednesday at Kimberly. The present undertaking is a continuation of a movement launched last spring and also because of the press of farm work. Gustav Knutze, Buhl, is the chairman of the county wide organization lately formed to present plans for the organization.

BLAZE IS ATTRIBUTED TO UNBALANCED WOMAN

Authorities Say Mrs. S. Frough Applied Torch to Shed Under Delusion that She Had Cornered Devil
Under the delusion that she had caught and was destroying the devil, according to local authorities, Mrs. S. Frough, formerly an inmate of the state mental hospital, Monday afternoon set fire to a shed at the Frough home, 101 Harrison avenue. Damage estimated at about \$100 resulted before the blaze was extinguished by the fire department. Mrs. Frough is said to have objected to the fireman's attempt to put out the fire. Neighbors calling later at police headquarters and the sheriff's office, expressed fear for the security of themselves and their property.

Authorities Suspect Old-Style Joy Ride

Report made late Monday to police headquarters that a horse had headed all day hitched to a telephone pole in the alley off Fourth street between Fourth and Fifth avenue east, brought about the recovery of a horse and buggy owned by J. M. Wright, Blue Lake boulevard north, which had been missing since Sunday evening when it was taken from the alley back of the Methodist church. Officers expressed the opinion that the rig had been taken for an old-fashioned joy ride.

PIGGY PIGGINS By DADDY

(Jack and Janet watch Piggy Piggins eat and are cured of fast eating.)

CHAPTER II. Piggy Sees a Sight. "PIGGY PIGGINS, why do you eat so fast and so much?" asked Janet.

Piggy Piggins started at Janet with his little eyes. He curled up his nose as if in scorn at such a silly question. "Why, I eat so fast and so much because I like to eat," said he.

"Do you know what happens to fat pigs that go to town?" asked Jack finally. "Well, when you find out you can't take a nice long ride to town, as all good fat pigs do."

"The children opened the door of the sty and let Piggy Piggins out. They closed the door after him so the other pigs would have to stay inside."

"When you see what happens to fat pigs that go to town you will not want to eat again," promised Jack.

"I'll not go another step if you are going to show me something that will make me stop eating," grunted Piggy Piggins.

"If you want to eat after we show silent night such a whirlwind of sound as effecting the disintegration of the tense energy in the room."

Three Men AND a Maid By P. G. Wodehouse Illustrations by Irwin Myers

"That's too bad," said Jane, a little annoyed. "At this time of night!"

"It's the burglars!" quavered Mrs. Hignett. In the stress of recent events she had completely forgotten the existence of these enemies of society.

"I'm nursing dear Eustace," said Jane. Mrs. Hignett quivered, and cast an eye on the lump in the bedclothes which represented dear Eustace.

"Dear Eustace!" she repeated mechanically. "We're engaged," said Jane. "We got engaged this morning. That's how he sprained his ankle. When I accepted him, he tried to jump a holly bush."

"Engaged! Eustace, is this true?" "Yes," said a muffled voice from the interior of the bed.

"And poor Eustace is so worried," continued Jane, "about the house. She went on quickly. 'He doesn't want to deprive you of it, because he knows what it means to you. So he is hoping—we are both hoping—that you'll accept it as present when we are married. We really shall want it, you know. We are going to live in London. So you will take it, won't you—to please us?'"

How long this poignant scene would have lasted, one cannot say. It is as if they had not even heard of it. But at this moment, from the regions downstairs, there suddenly burst upon the

The visibility was bad. At any rate he went away. In this last statement she was perfectly accurate. Bream Mortimer, who had been aroused at the orchestra and who had come out to see what was the matter, had gone away at the rate of fifty miles an hour.

"We'd better go downstairs," said Jane, "bring a candle. Not out of Eustace's door. Don't you stir out of bed!"

Episode Three. Of all the lured pursuants, there are few less attractive to the thinking man than sitting in a dark cupboard waiting for a house-pigeon to alight.

"You had better take a squint through this peep-hole first," said Jack. "Come here and have a look. You will see what happens to fat pigs."

So Piggy Piggins pecked through the hole. And as he pecked he turned as pale as a pig can turn.

My wife is a fresh-air addict. Our house has just as many windows open in December as in July.

Now, I'm a great believer in proper ventilation myself. I've never been so fresh as I feel by the idea of trying to get too close to nature during the winter months.

Not so, however, with my wife. She is never happier than when she's introducing a little more fresh air into the home.

She's talking about having a sleeping porch built, but it doesn't seem to me that we need it.

COUNCIL FIRES OPENING GUNS ON BAD CURBING

City Commissioners Call for Strict Compliance with Contract Provisions; Welfare Problems Presented

Concrete curbing installed in Twin Falls three years ago must be made satisfactory "if it requires replacement every year during the life of the contract," according to resolution of members of the municipal commission at a regular meeting Monday evening. As an initial step toward securing replacement of defective curbing the commission instructed City Attorney A. J. Myers to determine the amount of corporation responsible for the work.

"We will stand squarely on the Murrain report," said one member of the commission asserting in a report on the pavement and curbing presented by M. M. Murrain, Twin Falls engineer, about a year ago, at which time a similar report was received from a Balk Lake engineering firm. Payment in Good Shape. The discussion with respect to the curbing followed a report given by Mayor Hodin to the statement of J. W. Coovert of Portland, representative of the Warren Construction company, following the expiration of pavement laid here by that company three years ago. Mr. Coovert became ill while here and was unable to present his report personally to the city officials.

Other questions which claimed the attention of the commission at its meeting Monday evening were complaints regarding an alleged rat nuisance, methods of insuring sanitary handling of meat sold here, and desirability of measures to insure delivery of honest weights and other commodities. Discussion of these questions was informal, no definite action being taken at this time.

The smoke prohibition presented in complaints made by residents in the vicinity of the laundry on Fourth avenue east, who said that the establishment was responsible for the fire and damage and discomfited from smoke, but that it permitted waste water to run in quantities through the gutters.

Defects in the regulations with regard to inspection of meat for sale supply members of the commission reported, had been pointed out by citizens who object to sale of meat on the public scale. The regulations, however, stands on the grounds that such practices are un sanitary.

Weight Insurance Favored. Adoption of a regulation of regulation in effect in Boise and elsewhere to insure honest weights, Mayor Hodin reported, had been urged by D. F. Detler, lumber dealer. Under such a regulation he would be authorized to require delivermen to weigh their loads to determine whether honest weight was being delivered and the commission expressed approval of the suggestion, but deferred action to next week.

The commission adopted an ordinance amending regulations enacted by the preceding administration relative to construction of oil storage tanks. The original regulation was amended to provide that all tanks, regardless of the time of their construction, must conform to prescribed specifications, and provides penalty of \$100 assessable daily for violation. The ordinance will become effective 10 days after its publication.

Early Answer Promised. Whether it is to the best interests of the city to purchase property upon which a gravel highway has been built to make a round corner on the road leading east toward the sugar factory from Blue Lake, boulevard south, or to permit the owner to disregard the present route of the road in setting his corner stakes will be determined by next Monday, according to assurance given by the commission to T. J. Wood, owner of the property, who appeared again at Monday evening's session for an answer to the question presented. The city's liability for damages for the encroachment of the road on the property in question was denied on the ground that the city was not one of a number of contributors to the cost of the improvement which was built by the highway district. Proximity of the corner to the Blue Lake canyon wall is a factor that complicates the problem, and the commissioners determined to make further investigation this week to satisfy themselves on this score.

The commission approved a refund out of the improvement district funds to the amount of about \$100 collected through erroneous assessment for paving against property owners in the vicinity of which no paving had been laid.

Municipal Commission Takes Action Following Raid on Blue Light Pool Hall

Upon recommendation of Chief of Police P. O. Herriman, Twin Falls municipal commission at its meeting Monday evening, revoked licenses issued to Jose Argudo for operation of the Blue Light pool hall on Second avenue south.

Action of the commission followed a raid on the establishment made last week by the police and county authorities, in which Argudo and Frank Guillen were arrested and a quantity of what was said to be moonshine whiskey was seized. Argudo and Guillen were held to answer in the district court on a charge of illegal possession of liquor.

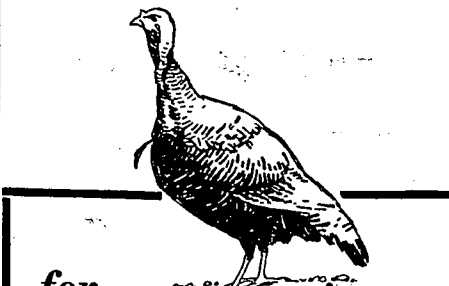

ARRANGEMENTS FIXED FOR FOOTBALL CONTEST

Burley Is to Meet Idaho Falls at Pocatello Late This Week, According to State Board's Ruling

Burley will meet Idaho Falls again either Friday or Saturday of this week at Pocatello, according to the ruling of the state board of control, and the winners will meet Boise for state honors the following week. This decision was reached after carefully considering the situation from all angles and the state board believes it the only fair and just way to settle the controversy. The state teachers' meet will be in progress at Pocatello and the games will draw a large crowd. It will be played on the Tech field. Unofficial reports from Boise state that they will decline to play under this ruling but it is expected that the Braves will not pass up an opportunity for a chance at the coveted state title.

FALL RESULTS IN LAD'S DEATH

George Dietrich of High School Junior Class Suffers Fatal Injury in Fall from Horse

George Dietrich, aged 15 years, son of Mr. and Mrs. Harry Dietrich, and a member of the Twin Falls high school junior class, died early Monday morning at the county general hospital from the effects of injuries received late Sunday afternoon when he was thrown from his horse at the family home six miles northwest of Twin Falls. The boy was taken to the J. E. DeWitt mortuary. Arrangements for funeral services await word from relatives elsewhere.

The fatal accident occurred while the parents of the dead boy were away from home for a short time. Before leaving Mr. Dietrich placed a wire gate across a lane leading into the farmyard to keep cattle in the field. George Dietrich and his brother, Charles, 14, at the time were visiting a neighbor. The two lads, with a companion, Leslie, returned home at about 4 o'clock. All three were riding horses with free rein.

The gate was not observed by the lads until they came close to it and George, who was leading the horse, went to check his horse in time to prevent the crash. The gate was torn down when the first horse struck it, the other two riding horses were thrown. George was thrown off his horse and the animal was slamed by the force of the blow. The other lads, turning back to look on from a distance, in an attempt to restore the injured boy, who however, did not regain consciousness before his death about 12 hours later. The attending physician stated that death was the result of concussion of the brain. They found no mark on the injured boy's body.

News was made Monday to communicate the sad news to relatives of Mrs. Dietrich in a mountainous region about 30 miles from Boise. Word was sent to United States District Judge E. S. Dietrich and Ralph Dietrich, uncle and brother of Mr. Dietrich, at Boise, where Mr. Dietrich himself resided for a number of years and served the post office as deputy mail and game warden. Mr. Dietrich also served here as deputy sheriff.

VISITOR RECEIVES HURT WHEN TWO CARS CRASH

F. S. Barnhart of Denver Suffers Slight Injuries, and Two Machines Are Damaged by Collision

F. S. Barnhart of Denver, guest at the home of his brother, J. D. Barnhart, chairman of the board of county commissioners, was slightly injured and two automobiles were damaged as a result of a collision Monday afternoon at the intersection of Fourth and Second streets north.

Mr. Barnhart and J. C. Beauchamp were passengers in a Ford sedan driven north on the street by John A. Blair of Burlington, Iowa, which was struck by a Ford touring car driven from the opposite direction by Hubert Fraham, Lauesen. The Fraham car, according to witnesses, was on the wrong side of the street in order to avoid running down a number of boys on bicycles, and the sun was in the driver's eyes. Witnesses stated that the accident, in their judgment, was unavoidable. The sedan was overturned by the impact.
