## BANDITS AT WORK NEAR TEXAS LINE

Band of 25 Mexicans Plunder Farms Short Distance South of Boundary; Americans' Land to Be Confiscated

**EAGLE PASS, Texas, Dec. 28**—A band of 25 Mexicans, under the leadership of a man using the name as Calvados and representing themselves to be followers of Arnaldo Gonzalez, recently deposed governor of Coahuila, rode into Allenda, 50 miles south of the American border, this morning and looted business houses and ranches, according to a report received here.

After fording occupants of business establishments and residences to give up money in their possession, the invaders said, the band departed quietly, taking several horses and saddles.

**NOGALES, Dec. 28 (AP)**—Attempts to communicate with press correspondents at Cuicacatlan, Sonora, in regard to the reported peace proposal by Governor Angel Flores of Sonora have failed here because of the strict censorship on news emanating from the west coast of the republic. Mexican Consul Juan Terrazas of Nogales, expressed the opinion today that such a proposal had been advanced by the governor, but that the details of the plan were being kept secret for the present.

## MANY LOSE LANDS

**SAN ANTONIO, Texas, Dec. 28 (AP)**—American ranchers in northern Mexico face confiscation of their lands under a recent decree published by the Mexican government, according to a message received by the San Antonio Express from Louis J. Magnien of Del Rio, Texas. Hundreds of thousands of acres are said to be involved. The decree, which is the official organ of the state of Coahuila, December 5, is signed by H. P. De Noguera, minister of agriculture of Mexico. It stated that the concession of June 23, 1881, for the measuring and leasing of the lands was given under condition that these lands should be colonized and that this condition has not been complied with. Therefore the titles to these lands are declared to be annulled and the lands returned to the domain of the nation.

## BATTLE PLANNED

**MEXICO CITY, Dec. 28 (AP)**—A decisive battle is expected to be fought Sunday on the Jalisco front, according to reports from Lapedad de Cabadas, President Obregon established his headquarters at this place, following the first day's advance against Guadalupe, where Yurecuara was occupied by federal forces without the firing of a gun.

"I expect that by the latter part of January the military situation throughout the entire republic will be decided by the central government," President Obregon is quoted as declaring to correspondents.

When questioned whether mercy would be shown revolutionists, the president said: "There will be mercy only for those who are not responsible for the revolt."

## PICTURE MADE BASIS OF SUIT

Daughter of Character Seen in Pioneer Film Story Seeks Damages of \$1,000,000

**KANSAS CITY, Kan., Dec. 28 (AP)**—Charging that the motion picture production, "The Covered Wagon," had caused her to be held up to shame and ridicule, Mrs. Virginia Bridger Hahn today brought suit in the Warren county district court here for damages of one million dollars against the Famous Players-Lasky corporation and the Paramount Pictures corporation.

Mrs. Hahn, whose home is here, asserts that she is the living child of James (Jim) Bridger, widely known plainsman, a prominent figure in the story of "The Covered Wagon," a picture based upon the historical novel of that name written by the late Emerson Hough.

According to the petition in the suit, the motion picture production depicts Jim Bridger as a heavy drinker and as living with two Indian squaws.

Mrs. Hahn, asserting that her father was an "upright, honorable man, never known to have drunk to excess," charges that she suffers great humiliation because the picture shows him in several degrading scenes.

## Koretz Remembers His Victims with New Year's Cards

Man Who Induced Friends to Invest in Oil 'Bubble' Sends Them Greetings

**CHICAGO, Dec. 28 (AP)**—Leo Koretz, who induced relatives and friends to invest \$5,000,000 in Panama alligator swamps which they thought were gushing with oil, and then skipped, was not content with taking the money, but had to have the last word as well, his victims told the authorities today.

In the mails today scores of those who lost money in investments with Koretz, received neatly engraved New Year's cards signed with Koretz' name.

## WANT CHANGE IN MARINE POLICY

Recommendations on Shipping Board Matters Are Presented to President Coolidge

**WASHINGTON, Dec. 28 (AP)**—Definite recommendations as to changes in the shipping board policies and the resignation of Chairman Edward P. Parley necessitating reorganization of the shipping board personnel were presented today to President Coolidge.

The recommendations for alterations of board policies submitted by Chairman Jones of the senate commerce committee, at the president's request, include proposals to have administration of the government merchant fleet divorced from the board and placed under the emergency fleet corporation to extend the coastwise shipping laws to the Philippines to co-ordinate water and rail transportation to a much greater extent than now obtains, and to formulate a plan for replacement of the present tonnage.

As the result of the adverse action of the senate commerce committee on his nomination, which he yesterday asked Mr. Coolidge to withdraw. The resignation is effective at the present pleasure of the president, and it was said at the White House that Mr. Parley would be asked to stay until several pending matters are cleared up.

## COMPLETE TEXT OF TAX MEASURE IS MADE PUBLIC

Secrecy Surrounding Mellon's Proposed Revision Broken by Revelation of Entire Contents by Chairman Green

**WASHINGTON, Dec. 28 (AP)**—The complete text of the new tax bill was made public today by Chairman Green of the house ways and means committee, which will meet again in a congress reconvening on January 2.

In all its features the bill follows the recommendations previously made public by Secretary Mellon. It proposes several hundred amendments to the existing revenue law, many of a highly technical nature, and designed to put an end to tax evasion and misdeeds dealing with the changes advanced by Mr. Mellon in income and other tax schedules. Mr. Green made public the text of the measure after a proposal for publicity of its provisions had been the subject of a heated discussion in a sub-committee yesterday. Democratic committee members, led by Representative Garner of Texas, the rank-and-file Democrat, had insisted that the detailed provisions be laid before the public, but until today the chairman had declined to comply with their demand. Mr. Green said his action finally was prompted by a knowledge that the contents of the measure were known to many outside the committee members.

## Preliminary Study Given

So far the bill has been the subject of only a preliminary study by the committee, which has made no attempt to reach decisions as to what, if any, changes it will make before the measure is reported to the house. "It has been agreed, however, that the administration should give an indication of its attitude toward the measure," Mr. Mellon's proposals for changes in tax schedules.

One of the principal revisions provided in the bill is a reduction of tax rates so that the surtax would begin at one percent on net income from \$10,000 to \$12,000; would provide an additional one percent for each additional \$200 up to \$35,000; one percent additional for the next \$400; and then would add one percent for each \$1,000 thereafter.

## ABANDON HOPE FOR SAFETY OF BIG FRENCH DIRIGIBLE

## Convicts' Plot For Escape Is Nipped by Authorities

Record Jail-Break at Missouri Prison Is Prevented when Guards Intercept Plans Involving Seventy Inmates

**JEFFERSON CITY, Mo., Dec. 28 (AP)**—A plot for a wholesale delivery at the Missouri penitentiary here was nipped by prison authorities today when a search revealed the beginning of a tunnel under the floor of the twelve factory. The twelve factory is located in the extreme south end of the prison grounds and is only about 25 feet from the outside wall.

About 70 convicts work in the factory, and had the plan proved successful the break might have been the largest in the history of the penitentiary.

Working on a tip, Warden John Crawford had a number of guards search for the outlet to the tunnel and after several hours the men found a cleverly sawed place in the floor of the factory in which the boards cut out had been replaced.

Beneath the floor the searchers discovered that the prisoners had started the tunnel. Hidden in it they found a shovel, a pick, a crowbar, a length of rope, an electric flashlight, a hand saw, a supply of food and several bottles of liquid which smelled like turpentine, but which officials believe may be some sort of explosive.

The convicts who were engineering the break would have had to dig only about 30 feet to emerge outside the south prison wall.

## URGE NATIVES OF INDIA TO DEMAND NEW REGIME

**COCONADA, British India, Dec. 28 (AP)**—The natives of the province of Coconada, British India, are urged to demand a new regime.

They are urged to demand a new regime from within a year to receive the charter of the Swaraj, or home rule party, the natives of the province of the Indian republic, said Mahatma All, in opening the 38th Indian national congress here yesterday. The speaker denounced what he termed the autocratic and paralyzing policy of the British government in India, which he said was crushing the natives.

## CONDUCT SEARCH FOR SURVIVORS

Dixmude Lost But Records of Fatal Trip May Be Saved, French Officer Believes

**PARIS, Dec. 28 (AP)**—The Dixmude is lost beyond return, but we have not yet given up hope of finding some survivors," said an official spokesman for the French ministry of marine, a high ranking officer, this evening. "This department will continue to make every effort to search every nook and corner of the north African waters and to inspect every mile of water between Sicily and the Gulf of Gabes before all hope is abandoned."

Further details have not reached official circles in Paris other than those contained in the brief telegrams telling of the discovery by fishermen off Sicily, Sicily, of the body of Lieutenant Grandan and some hope is expressed that on it will be found documents which will serve to clear up the cause of the disaster.

From the village of Salanca, off which the body of Lieutenant Grandan was found by the fishermen, the 100 miles across the Mediterranean to Tunis in Northern Africa will be searched by French warships for traces of the Dixmude, while the patrols which already are covering the southern Africa waters and the region far to the south, including the Sahara desert, will continue their work.

## Last Word Week Ago

The Dixmude was last heard from a week ago when she sent out a radio message from a point southeast of Salanca, Sicily, saying she was bound back toward her airbase at Soud-Pierrefeu near Marseille, whence she had started December 18 on an 18-hour cruise to Northern Africa and return. The French naval authorities by wireless warned the airship that a gale was blowing across the Mediterranean and it would be unsafe to attempt the trip home. Since then all trace of the craft has been lost.

The last vestige of hope that the Dixmude might eventually turn up, which had persisted among some of the experts at the ministry of marine, vanished late tonight on the receipt of a telegram from the admiral commanding the Algerian fleet to M. Rabreau, minister of marine, saying that no evidence could be placed in the story of the airship's entry at In-Salah on the edge of the Sahara desert that the ship had been seen at that vicinity on Wednesday.

## Believed Wreck Occurred

It was officially stated tonight that the last heard from the Dixmude was Friday December 21, when the air craft acknowledged a radio message from Algeria. The opinion of the experts at the ministry of marine is that the dirigible was wrecked that very night or early Saturday morning, the coming suddenly in the terrible hurricane which raged for 24 hours, the wind sometimes attaining a velocity of 100 miles an hour.

## BOISE CHURCH DROPS MEMBERS

Thirty-two in Christian Congregation Put Out for Failure to Observe Peace

**BOISE, Dec. 28 (AP)**—Thirty-two members of the Boise Christian church have been dropped from the church rolls for failure "to live in peace and harmony with their brethren and refusal to fellowship in the work of the church." It was announced tonight by a group of those expelled had been ordered to leave a trustees' election meeting Thursday night and refused.

The expulsion proceedings brought to a head trouble which members of all factions say has been brewing for more than a year between fundamentalists and liberals in the church; those who term themselves fundamentalists charging, those expelled declare, the so-called liberals with denying the divinity of Christ and the literal inspiration of the bible. A third or more party in the congregation, while leaning somewhat toward the views of the liberals, has endeavored to heal the split as far as possible.

Liberals deny the charge of infidelity, and assert that their chief difference with the fundamentalists is over liberty of conscience in matters of faith. The liberals asserted they believed only in extending to others the same tolerance in religious matters as they wanted for themselves.

## BOBBY VENTURE HAS QUICK ENDING IN JAIL

**SPOKANE, Wash., Dec. 28 (AP)**—Less than six hours after they had held up and robbed the First National bank of Medical Lake, 20 miles southwest of this city, four young men who were arrested by deputy sheriffs on their way to Spokane this afternoon had entered phase of guilty in superior court here. They were sentenced by Judge Hugo Oswald to terms of seven to 20 years in the state penitentiary.

Those who entered pleas of guilty were charged with the late afternoon robbery of Carl Sals Donald L. Morgan and James O'Donnell, all of Spokane, and Harold J. Dyer of Kalispell, Mont. James C. Frensis of Spokane pleaded not guilty.

Ministry of Marine Gives Up Super-Airship as Lost when Body of Commander Found by Fishermen

## Fate of 49 of Crew Still Undetermined

Complete Mystery Surrounds Tragedy; Fear Big Ship's Skeleton May Lie in Ocean

**PARIS, Dec. 28 (AP)**—The French super-dirigible Dixmude has definitely been given up as lost by the French ministry of marine.

The finding by fishermen six miles off the coast of Southern Sicily of the body of the commander of the Dixmude, Lieutenant Duplessis de Grandan, entangled in the meshes of one of their nets led the ministry formally to declare that the Dixmude had met with disaster.

Complete mystery surrounds the tragedy. The whereabouts of the giant airship and the other 49 members of the crew is not known. French naval officers are hurrying to Southern Sicily to examine the body of Lieutenant Grandan and some hope is expressed that on it will be found documents which will serve to clear up the cause of the disaster.

From the village of Salanca, off which the body of Lieutenant Grandan was found by the fishermen, the 100 miles across the Mediterranean to Tunis in Northern Africa will be searched by French warships for traces of the Dixmude, while the patrols which already are covering the southern Africa waters and the region far to the south, including the Sahara desert, will continue their work.

## GIRL INMATES START RIOTING

More Than 100 in Industrial School Involved; Many Reported to Have Been Injured

**DELAWARE, Ohio, Dec. 28 (AP)**—More than 100 inmates of the girls' industrial school near here, are reported to have started a riot tonight. Many are said to have been injured. A call for assistance was received here along with summons for medical aid, indicating that some had been injured.

The trouble, according to reports received here, started in cottage number five in which 45 girls are housed. Mrs. Ella Cherington, regular matron of the cottage, is away on a vacation. A substitute matron was unable to cope with the situation and the girls escaped from the cottage.

Girls from other cottages, numbering according to reports from 200 to 300 joined the party and battled with officials who sought to restore order. Windows of many of the cottages, it was said, were broken and flying missiles thrown by the girls. Men from nearby farms aided officials and between 80 and 100 girls were placed under guard in the gymnasium for the night. The riot broke out shortly before midnight.

# BIVAL FORCES SET FOR NAVAL MIMIC BATTLE

Effectiveness of Panama Canal as Means of Defense to Be Tested in Maneuvers Between Two Big Fleets

WASHINGTON, Dec. 28 (AP)—Effectiveness of the Panama canal as a means of national defense will be put to the test next month when the Blue fleet from the Pacific attempts to use the big waterway to enter the Atlantic against the black, or enemy fleet stationed there. Army forces in the canal zone, 8,000 strong, both the Atlantic and Pacific fleets and an expeditionary force of marines from Quantico, Va., will participate in the joint maneuvers, the first of the kind ever attempted.

The war department announcement today said the maneuver plan was based "upon the assumption that strained relations exist between the United States and imaginary enemies, equal to us in resources, man power and naval strength."

"Dummy" to Attack  
"The United States has related the public demand for consolidation of its Pacific and Atlantic fleets for fear such an act would precipitate hostilities," the announcement added. "Early in July a black fleet (enemy) appears in the middle of the North Atlantic ocean and causes the blue government to order its Pacific force to sail for the Atlantic."

"Our Atlantic fleet will represent the black fleet for the purpose of the maneuvers, while the Pacific fleet and the Panama canal department will remain blue. The safety of the canal during the passage of the Pacific fleet will depend on the regular army garrisons in the canal zone."

Get Instructions  
Instructions giving details of the situation have been sent to army and navy commanders, to be opened on Jan. 14, and the operations will occur between January 16 and 22. Chief umpires will be Admiral Eberle, chief of naval operations, and Major General Hones, acting chief of staff.

Three major purposes embodied in the maneuvers are:  
First, to ascertain "the ability of the army to keep the Panama canal open in war with the means, both in personnel and material, placed at its disposal for the purpose"; second, to obtain data as to time required to effect concentration of the fleet in either ocean by means of the canal;

### Why Not?

If certain medicinal spring waters benefit human beings why should they not be good for horses who have similar bodily structures? So thought a well-known English horse trainer and his ailing — as at Doncaster are now being supplied with water from the famous Harrogate springs. In spite of laughter of his friends, did not Epsom salts originate in a spring near the famous race course at Epsom? And, is there any significance in that fact?

SUPERIOR, Wis., Dec. 28 (AP)—Mrs. Allen McPhee of Hillsboro, Wis., widow of the man whose body was burned in a fire at Lake Nebagamon, to cover the flight of Edward J. Sallstad and Dorothy Anderson, demanded that the bones and ashes of her former husband be reassembled and given decent burial. Some of the bones are at the University of Wisconsin pathological laboratory at Madison and some in the custody of the courts.

Americans and Grapefruit.  
Unprecedented demand for grapefruit in London has arisen through the influx of American visitors to the metropolis of the British empire. Covent Garden horticulturists assert that they cannot obtain a sufficient quantity of this distinctly tropical delicacy to supply the tables of fashionable hotels. Prices vary from 15 cents to 25 cents each, but dealers say that visitors from the United States would pay \$5 a dozen rather than dispense with their favorite breakfast fruit.

# WILSON PRIZE TO BE AWARDED

Announcement Is Made at Celebration of Birthday of U. S. War-Time President

NEW YORK, Dec. 28 (AP)—On the sixty-eighth anniversary of the birth of Woodrow Wilson, one year from today, the first \$25,000 prize of the Woodrow Wilson Foundation for outstanding public service will be awarded. Trustees of the foundation announced today at a luncheon celebrating the former president's sixty-seventh birthday anniversary. The trustees also announced that nominations for the first annual award could be submitted from today until June 1, 1924. A jury of nine, headed by President Emeritus Eliot, of Harvard, will select the winner. The annual prize will remain at \$25,000 for the first three years and thereafter probably will be the income collected from the fund which now is over \$800,000 and has an income of almost \$27,000 a year. The trustees said the foundation fund probably would total \$1,000,000 before subscription books are closed.

The prize will go to the "living individual who has rendered within a specified period unselfish public service of enduring virtue." It also was announced that works of writers candidates must have appeared in print and must have been written in English; nominations also must be in writing, with two recommendations. A congratulatory telegram was sent Mr. Wilson by the trustees.

At another celebration of Mr. Wilson's birthday, the Women's National Democratic club, incorporated, received from him a message which read: "I feel confident that it (1924) is to be a year of democratic triumph."

## SMITH-McNARY BILL IS TO RECEIVE ATTENTION

Government Committed to Policy of Reclamation, But No Appropriation Provided for Under New Draft

WASHINGTON, Dec. 28—The Smith-McNary reclamation bill has been reintroduced in the senate and house of representatives, and will be called up for consideration in committee soon after the holiday recess. To save time, joint hearings will be held by the senate and house committees on irrigation, in the hope of getting the bill on the calendar early in the coming year. The bill as introduced this session makes no cash appropriation, but commits the government to the policy of reclaiming waste lands suitable for agriculture and home-making purposes, and stipulates that appropriations shall be made by congress from time to time, as projects and estimates are submitted by the secretary of the Interior. The old Smith-McNary bill sought to appropriate \$350,000,000, a sum so big as to frighten congress. By omitting the immediate appropriation, it is hoped the bill will receive more favorable consideration.

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarettey aftertaste.

## GRAVE ROBBER AND GIRL GET PRISON TERMS

**Sallstad and Dorothy Anderson Plead Guilty to Arson Charges and Bid Goodbye to Friends for Two Years**

SUPERIOR, Wis., Dec. 28 (AP)—Edward J. Sallstad and Dorothy Anderson, who today pleaded guilty to a charge of arson and were sentenced to four years' imprisonment by Judge Archibald McKay in superior court, tonight were en route to Green Bay, in custody of Sheriff W. A. Hagreen of Douglas county.

Tomorrow the nomadic couple will say goodbye for at least two years, the earliest date they may be eligible for parole under the Wisconsin statutes, which provide that at least one-half of a sentence must be served before application for release may be made.

The sentence provides that Sallstad be imprisoned in the state reformatory at Green Bay and that Miss Anderson be confined in the industrial home for women at Tecumseh, Wis.

Sallstad bade farewell to his mother, Mrs. Augusta Sallstad, and his brother and sister at the county jail. These three persons were the only immediate members of the Sallstad family in court when sentence was pronounced.

**Court Gives Promise**

The former Eau Claire manufacturer and his "sunshine girl" left with the assurance of the court that the sentence would be "substantially reduced for good behavior."

Sallstad and Miss Anderson, who admitted they burned a Lake Nebagamon, Wis., cottage containing the disinterred body of Allen McPhie on the night of August 26, 1920, also left with the assurance that when they have served the allotted time they will be free to marry.

When the pair returned to the county jail following the brief court proceedings, Sallstad was served with the complaint in the divorce proceedings brought against him by Mrs. Leone Sallstad Richardson, who seeks legal separation from her husband on account of the night robbery of R. T. Richardson, Eau Claire oil salesman, whom she married two years ago.

### "SIX CYLINDER LOVE"

On New Year's night the fourth of the six-course Lyceum series of entertainments will be given at the High school auditorium. The offering is "Six Cylinder Love," a comedy highly spoken of as rich in humor and replete with clever lines.

The performance will be given by the Percival Vivian Players, Mr. Vivian who heads the company being well and favorably known in Twin Falls as one of the principals in the Ben Greet Players which in previous years pleased many audiences here.

The world might be divided into two kinds of people—those who own automobiles and those who would like to own them. "Six Cylinder Love" is a comedy all about an automobile and the havoc it caused in the lives of two families. That is why it has had such a tremendous run in New York and Chicago.

It is a powerful sermon against extravagance—in spite of the fact that there are more hearty laughs to the play than you would ever imagine. It is good, clean, wholesome fun all the way through, with a clever message that you can't dodge, even though you might try to do so. That is why it has been chosen for the Percival Vivian Players as their offering for this season.

"Six Cylinder Love" is all the more humorous and human because it is a story that can be duplicated in every community in America. The story is that of a newly-married couple, already deeply in debt, who feel they must have a car, in spite of the fact that it will put them in deeper. Their increased popularity with their neighbors after the purchase of the car, the payment that fell due and nothing with which to meet them, until the young husband tampers with the funds of the company for which he works; he comes to his senses and they dispose of all their unpaid-for property and start over again in an inexpensive flat—this is the action of the play which thousands have seen and enjoyed, and which you will laugh and cry over when the company appears here.

The play ran for 54 weeks in New York and then was taken to Chicago, where it enjoyed an unusually fine success, at the New Harris theatre. Through special arrangements with the producer and the author, "Six Cylinder Love" was secured by the Ellison White Lyceum Bureau for this season.

Mrs. Vivian was formerly connected with the Ben Greet Players, and has since enjoyed association with many of America's leading actors. A few years ago he staged "The Wayfarer," a religious pageant which was given by a cast of 5000 people at Madison Square Garden in New York City. In 1922-23 Mr. Vivian played an important role in the Belasco production of "The Merchant of Venice," in which David Warfield was the star.

## COOLIDGE WINS FAVOR IN OHIO

**Republicans Favor His Nomination for Presidency at Coming National Convention**

COLUMBUS, O., Dec. 28 (AP)—The republican party in Ohio today officially went on record favoring the nomination of President Coolidge for president by the national convention at Cleveland in June.

Endorsement of the president was made at a meeting of the state central committee here at committee headquarters presided over by State Chairman Charles W. Montgomery of Newark. The endorsement was said to have been unanimous by Chairman Montgomery, though some of the committee members were not present. Mr. Montgomery said they previously had given their assent to endorsement.

Many leaders believe the endorsement of the president by the state committee practically ensured that Ohio's 51 delegates to the national convention will go there pledged to support President Coolidge.

### Much to Be Thankful For.

There is much in human life to be thankful for, as well as much to distress—wrecks as well as afflictions, heroisms as well as cowardice, and abundant justification for faith and hope. Nothing will contribute so much to progress, to a lightening of the burden of the mystery as a faithful, uncompromising and cheerful performance of the ordinary daily duties and a co-operating interest in the "concerns of the particular hearth and home," a lesson which some of the greatest philosophers were, and are, slow to take to heart.

## FILER TAKES WENDELL TO 42 TO 13 TRIMMING

North Side Basketball Men Meet Defeat at Hands of Wildcats; Preliminary Game Also Goes to Southsiders

Friday evening the Filer Wildcats defeated the Wendell hoop artists by a 42-13 score. This game was presented by a preliminary stage by the second teams of the two schools, which also resulted in a victory for the Filer team by a score of 17-9.

Filer completely outclassed the aggregation of Coach Critchfield's selection at all stages of the game.

Filer is using the five-man defense this year and for an early season game the playing was exceptionally fast with the three last year men, Adkins, Love and Lapp, working nicely with the two new stars, Patten and Shinn.

The good sportsmanship of Filer was easily shown in that but one foul was called on Filer in the entire game. Dennan used five other men during the contest.

Hollister meets Filer in the Filer gym on January 4.

## NATIONAL ASSOCIATION SUPPORTS SPRINT STAR

Resolution Is Adopted Requiring Schools to Determine Eligibility of Their Players in Future Contests

ATLANTA, Ga., Dec. 28 (AP)—The National Collegiate Athletic association today reaffirmed its support of Charles Padlock, University of Southern California sprinter, in adopting a resolution providing that hereafter American colleges and universities reserve to themselves the right to determine the eligibility of their students to participate in international athletic meets "in this country or elsewhere."

The association also made public correspondence concerning the department of Padlock from this year's Olympic team at the instance of the Amateur Athletic Union.

Action on Padlock's case came late in the day after business which had traversed the broad field of college sports and their "evils" and "menaces." Padlock's case was commendable in the consideration of the association by General Palmer E. Pierce, its president, in his address. A committee, appointed to consider the matter, drew up the resolution which met the unanimous approval of the delegates.

## HUSKIES LEAVE FOR SOUTH

University of Washington Football Team Departs for Scene of New Year's Game with Naval Academy

SEATTLE, Wash., Dec. 28 (AP)—The University of Washington football team departed tonight for Pasadena, Cal. where it will meet the U. S. naval academy team New Year's day.

The Washington players are due in Pasadena Monday. Twenty-nine players and the coaches and about 50 rooters left on the train. The Washington players had a light workout today.

## WILL NOT PUSH FARM LOAN

Federal Land Bank Will Not Be Unreasonable in Collection of Debt, But Obligations Must Be Recognized

WASHINGTON, Dec. 28.—The federal land board has assured Senator Gooding that the land bank at Spokane will not be unreasonable in its demands upon Idaho farmers who have payments falling due about now.

While the board takes the position that loans must be repaid, it does not approve the announcement recently made in Idaho that payment must be made immediately or else, the government will foreclose.

The board at Washington is entirely willing that the farmers shall have an opportunity to dispose of their crops in an orderly way and to the best possible advantage to themselves before being compelled to meet their obligations to the land bank.

But while disposed to be lenient in this respect, the board does insist that payments must be repaid if crops have been marketed. Members of the board with whom Senator Gooding has talked believe this consideration is due the farmers; on the other hand, they insist that the farmer, in return, must recognize his obligation to the government.

# SAYS LIFE TOLL WAS AVOIDABLE

Superintendent of Chicago Asylum Laments Lack of Help and Finances

CHICAGO, Dec. 28 (AP)—The loss of life in the burning of one of the buildings of the Chicago state hospital for the insane at Dunning, in which 11 patients and attendants are known to have perished Wednesday night, might have been considerably lessened, and there been more attendants, Dr. Daniel D. Coffey, superintendent of the institution, told the coroner's jury investigating the fire today.

He said that at the time of the fire there were only nine attendants on duty in charge of 600 patients in the building that was burned, and that three of these were women. In addition to a shortage of attendants, he said that the attendants received but \$15 a month and board, adding that with such pay attendants and guards do not remain long.

While the inquiry was in progress, workmen delving into the ruins of the burned building found a part of a burned body. It had not been determined whether this was a nineteenth century or whether it was part of one of the bodies already recovered. Five patients are still unaccounted for, but are believed to have escaped during the fire.

## ABANDON HOPE FOR SAFETY OF DIRIGIBLE

Locality of between 50 and 100 miles an hour.

## AMERICANS INTERESTED

FRIEDRICHSHAFEN, Germany, Dec. 28.—The American naval commission, several members of which expect to accompany the dirigible ZR-3, built here for the United States, in their trans-Atlantic flight next spring, is eagerly following the reports of the search for the Dixmude and has been appealed to the chief officers of the command in Berlin and Paris to keep the commission in touch by wire with the developments in the hunt for the ill-fated craft and her crew.

The Zeppelin commission officials here resent the charges heard from France that the Dixmude had been sabotaged prior to her delivery. They contend that the incident took place in this vicinity and those held afterwards in France with French crews showed definitely that the North Star, which became the Dixmude, was in perfect working order in every particular.

## FILER

FILER—Miss Ruth Bever, daughter of Mr. and Mrs. J. F. Bever, residing west of here, will fill the vacancy in the high office caused by the recent resignation of Miss Mary Pringle, who was married Christmas day.

## Accepted Theories on Expression Are Routed by Educator

University Professor Claims Many Are Deceived by Portrayals of Emotions

MADISON, Wis., Dec. 28 (AP)—Facial expressions do not always betray the emotional state, Carney Landis of the University of Minnesota, told the annual convention of the American Psychological association here today.

When the face of a movie heroine is suffused with a look of tender love, and upturned expectantly she may in reality be wishing for a ham sandwich, or when the lips of an actor curve in a thin smile, his eyes are cold as steel he may be thinking of his new golf stick.

Landis said: "There is no one set expression for certain feelings and emotions," he stated, "but many of the expressions which we assume are traditional social expressions we have acquired by imitating others."

The social status of individual correlates highly with their grade levels in school, Miss Katherine Morlock, of Honolulu, declared in presenting results of a study of the mental differences due to race.

The old adage that a high and broad forehead denotes intelligence must be discarded, Dr. Frederick B. Knight of the University of Iowa, told the convention.

"Physical measures which underlie character analysis agree with the results of a study of other measures of character," Dr. Knight stated.

## COURT JUSTICE RESIGNS; \$17,500 PAY TOO SMALL

Daniel F. Cohan Hands in His Resignation to Governor; Rumor Claims He Will Manage Reed's Campaign

NEW YORK, Dec. 28 (AP)—Daniel F. Cohan, state supreme court justice, tonight announced he had presented his resignation to Governor Smith to take effect next January 12. The difficulty of trying to bring up a large family on a justice's salary, \$17,500 a year, he said, prompted his action.

While the justice did not reveal his future plans, local newspaper forecasts pointed to a resignation to take effect next January 12. The difficulty of trying to bring up a large family on a justice's salary, \$17,500 a year, he said, prompted his action.

## POSSE SEEKS MAN WHO ATTACKED YOUNG WOMAN

FRENCHBURG, Ky., Dec. 28 (AP)—Members of a sheriff's posse, carrying 15 high-powered rifles and 1,000 rounds of ammunition supplied by Governor Fields, upon request from the national guard army at Frankfort, were combing the wooded knobs of Menifee county tonight in search of Reece Bryant, charged with having attacked Miss Mary Wells Christian.

After the alleged attack, Bryant is reported to have barricaded himself in the home of his father-in-law in the edge of the hills and held at bay at the point of his rifle county officers until midnight, when he slipped from the building to the shelter of the woods.

# MANY SUBJECTS ARE DISCUSSED

Conventions of Five National Societies Have Program of Varied Nature

WASHINGTON, Dec. 28 (AP)—Discussions by five national societies in convention here today centered on the farmer as a business man, the consolidation of railroads, the conservation of man power, freedom of speech and the forecasting of business and farm conditions.

Julius H. Barnes, president of the chamber of commerce of the United States, addressing the American Economic association, said American industry holds out the most generous toward the inventor and is eager to utilize every man-saving device.

Citing many examples of labor saving through the inventor's genius Mr. Barnes added: "It is well to recall that this labor is not released to unemployment but that only thus has been possible in America to secure the personnel for enlarged industry and the established new ones which inventive progress continually suggests."

"The farmer is out to borrow a page from the book of big business," B. F. Brown, of North Carolina state college, declared in discussing commodity marketing before the American Sociological society.

That the "decline" of the non-partisan league does not mean the farmer is losing interest or power was stated by John M. Gillette, of the University of North Dakota, who said many principles of the league were embodied in the farmer-labor movement.

Henry F. Ward, of the Union Theological seminary, deplored what he said was a repression of freedom of speech in the nation, asserting the department of justice was misusing its office and funds as a propaganda agency against "radicals."

In a letter read to the society, Ralph M. Easley, secretary of the executive committee of the Civic Education, said he regretted that Mr. Ward was permitted to speak, asserting he was a "radical partisan."

## Building Activity Is Favorable Barometer

Tremendous Amount of Construction in Office, Building Lines Significant of Prosperity, Schultz Says

CHICAGO, Dec. 28 (AP)—The tremendous activity in office building construction throughout the United States is but another indication that 1924 will bring a general increase in business, Earl Schultz, president of the National Association of Building Owners and Managers, declared here today.

Reports from twenty local associations in the larger cities indicate a most favorable outlook, he said, and show that in those cities where building operations have been conducted on large scale there is great activity in general lines of business.

Federal Fact-Finding Body Plans Trip to Idaho in Interest of Settlers

WASHINGTON, Dec. 28 (AP)—In January the reclamation fact finding commission which is investigating the reclamation service and its activities will visit a number of projects in the west where settlers are having difficulty in making their payments to the government.

At the request of Senator Gooding and Representative Smith, the commission will visit both the Boise and the Minidoka projects in Idaho, in order to get first hand information as to the difficulties confronting the settlers and in the hope of finding a remedy that will help the settlers out of their troubles and at the same time protect the investment of the government in these projects.

Not until it returns to Washington, after visiting the projects, will the fact finding commission formulate its findings and recommendations. The report of this commission is expected to lead to important legislation.

## COMPLETE TEXT OF TAX BILL IS MADE PUBLIC

(Continued from Page One)

\$6000 up to a maximum of five per cent on net incomes of \$100,000 or more. Under the present law surtaxes begin at one per cent on net incomes between \$6000 and \$10,000 and scale upward to a maximum of 50 per cent on net incomes exceeding \$200,000.

Will Lose Revenue. The new bill also provides that the normal tax on incomes shall be three per cent where it now is four per cent and six per cent where it now is eight per cent—a reduction which the treasury estimates will result in a loss of revenue of \$91,000,000 a year.

Provision also is made in the bill that 25 per cent of "earned income" which is defined as wages, salaries and professional fees shall be counted as exempt in computing income tax returns. The greater part of this exemption is expected to fall to those having small incomes, with the result that the treasury expects a reduction of \$97,500,000 from this section alone.

The bill proposes the outright repeal of the present taxes on legacies, telephone and radio messages, theater admissions and of certain other nuisance taxes, including levies on silver plated tableware, pencils and fountain pens selling for not more than 61 cents and watches selling for not more than \$5.

## SAVANT GIVES NEW IDEAS ON MAN'S ORIGIN

Wise Man of Science Claims Relationship with Apes and Says Humanity Originated Somewhere in Europe

CINCINNATI, O., Dec. 28 (AP)—Man, although the product of evolution, did not descend directly from the ape of today and had his origin in Europe 400,000 years ago, instead of Asia, according to a statement made by Dr. Hrdlicka, of the National Academy of Sciences, Washington, D. C., a leading anthropologist, declared before the American Association for the Advancement of Science in convention here today.

The relationship of the existent ape to man probably is that of a "cousin," Dr. Hrdlicka said, the two having sprung from branches of the same family hundreds of thousands of years ago. "If we went far enough back, however, both probably would be found to have had their origin in the state of double molested," he added. The development of the human race, he pictured as similar to that of a tree, all of which is the product of a central trunk. Man, he said, might be compared to the top which had grown and developed to the supreme point, while all the branches and offshoots could be considered as the lower animals—all originating from a common source but developing along different lines.

**Transition Period**  
While some sort of anthropoid or man-like ape probably was the precursor of the present human race, Dr. Hrdlicka said there must have been a transition period during which man existed in various grades down to the animal state. "The distance between the lowest form of man and the highest form of ape, however, is too great even to be passed by mutation," he declared.

Three trips to Europe during which he studied the results of excavations made in central European countries have convinced him, Dr. Hrdlicka said, that that district and not Asia or Africa or other remote points was the "cradle of humanity." Indisputable traces of men who existed almost at the beginning of the "ice" period of 400,000 to 500,000 years ago have been found in various places in Europe, he declared, "and even these are not the first traces of the existence of the human race here. Stone implements of a more primitive type than those used by the people and which apparently were the tools of men of ages before, also have been discovered."

**Discover Evidence**  
Discovery of the "pitted jaw," apparently a part of a primitive man, in England, also indicates that humans existed there in some form during the early periods of history, he said. Declaring that the last several years have witnessed a "retrograde movement against those branches of science which deal with human evolution—as if it were a horrible thing of which we should be ashamed," Dr. Hrdlicka said that critics of the theory could find "a wealth of evidence to prove the truth of evolution and the beauty and complexity of the development of man" if they would devote a half hour to the study of the question.

## NEGRO IS BLAMED FOR DEATH OF WHITE WOMAN

Body of Young Wife Is Found in Badly Mutilated Condition in Arkansas Home; Black Under Arrest

FORT SMITH, Ark., Dec. 28 (AP)—Shot in the back with a shotgun and cut and slashed about the head, the body of Mrs. Robert Lettner, 35, was found in her home in the Cutler community, five miles from Fort Smith, today by a neighbor who went to the Lettner home to pay Mrs. Lettner a visit. Will Lettner, a negro, who lived near the Lettner home, was placed in jail here tonight and charged with murder in connection with the death of Mrs. Lettner. He was arrested soon after Mrs. Lettner's body was found.

The woman was unconscious when the neighbors found her alone in her home. She died a short time later.

## TWO LOGGERS KILLED

MISSEVILLE, Mont., Dec. 28 (AP)—Two loggers, Jack Baxter and J. L. Gordon, employees of a lumber company of Hot Springs, northwest of here, were almost instantly killed yesterday afternoon when they lost control of a truck loaded with logs while trying to shift gears on an icy hill. The men jumped to the ground on the lower side of the truck when it rolled over. They were caught beneath the truck.

## Variance Is Shown in Theories Concerning Cause of World War

Policies of Bismarck Are Blamed; Triple Alliance Is Held to Be Responsible

COLUMBUS, Ohio, Dec. 28 (AP)—Two theories of the cause of the world war were advanced tonight at a meeting of delegates to the convention of the American Historical Association. The policies of Bismarck were blamed as accountable for the disaster by Professor Joseph V. Fuller of the University of Wisconsin, while the existence of the triple alliance and the triple entente was held as causes of the war by Professor Bernadotte E. Schmitt of the Western Reserve university.

"It is clear that the schism of Europe in two rival camps armed to the teeth, rather than the bellicosity of the nations, or the other power, was the cause," Professor Schmitt asserted. "The iron chancellor must be held fundamentally accountable for the whole course and outcome of German foreign policy. It was he who created for his country the entanglements, dilemmas and compromising settlements which brought it to disaster," said Professor Fuller.

## WALTON FREED ON \$1000 BOND

Former Governor and Others Surrender to Authorities on Criminal Charges

OKLAHOMA CITY, Okla., Dec. 28 (AP)—Former Governor J. C. Walton, John A. Whitthurst, president of the state board of agriculture, and Ed L. Spears, secretary of the board, surrendered to the authorities here today on indictments returned by the district court jury yesterday charging them with criminal offenses during Walton's administration.

They were released on bonds of \$1000 each and allowed 24 hours in which to enter their pleas.

Walton, who is charged with grand larceny in converting to his own use campaign expense money which he had received from the democratic state central committee, declared he would file motions to quash the indictments such as now are pending and seven other indictments which were returned against him yesterday.

Whitthurst and Spears, charged jointly with diverting state funds to their own use in connection with expenses of the trip here last January of the Oklahoma A. and M. college band for Walton's inaugural barbecue, asked an immediate trial.

A. B. Snodgrass, former state highway commissioner and a close friend of Walton, entered a plea of not guilty when he was arraigned on an indictment charging him with trafficking in state appointments. He was released on \$1000 bond.

George M. Cassidy and Harry Barclay, members of the board of regents of the Oklahoma business academy at Tonkawa, have not yet been arrested. They are charged with having paid Snodgrass a \$8000 bribe to prevent their appointments to the board.

## BOISE BANKER IS NAMED TO COMMISSIONER'S JOB

E. M. Hoover Selected by Governor Moore to Fill State Office to Fill Vacancy Caused by Parke's Death

BOISE, Dec. 28 (AP)—E. M. Hoover, Boise banker, was Friday morning named by Governor C. C. Moore to be commissioner of public investments, filling the vacancy caused by the death in September of S. D. Parke.

Mr. Hoover for 12 years has been a director of the Boise City National bank, which position he will continue to fill after starting on his state work January 1. In order to accept the position the bank has granted him a leave of absence for the year 1924.

The new state office will also be a member of the bank's loan board, which position he will resign in order to accept the state post.

Mr. Hoover has been a resident of Boise for many years, and has held public office before, serving on the city council.

## TWIN SHARE HONORS IN COLLEGE.

Edwin and Frederick Connolly, of New York City, twin brothers, majors in the University of Rochester. N. Y., shared this year's Rosenberger Prize because the Board of Examiners could not find the slightest fraction of percentage difference in their grades. Looking exactly alike, they have always shared the same activities, entering college together and taking the same course.

The Emerson trio, composed of Mrs. Masters, Mrs. Dwight and Miss Emma Smith, gave several numbers. Mrs. Hall was assisted in singing by Mrs. H. W. Merritt, Mrs. Kyle White, Mrs. Paul Taber, Mrs. Clyde Larson, Mrs. Hal Bieler and Mrs. Ray Logan.

The Misses Neva Clark, Mae Franklin, Mary Bailey and Alene Seal entertained 20 couples at a delightful dancing party at the home of her parents, Mr. and Mrs. Seal on Poplar avenue. At midnight refreshments were served. Mr. and Mrs. E. R. Waltz furnished music for the occasion.

Mrs. Phil Herriman entertained her class of girls for the Christmas Sunday school at dinner on Wednesday evening. Covers were laid for 20 and after dinner a candy pull was enjoyed.

Mr. and Mrs. Phil Herriman entertained at dinner on Thursday evening for Mr. and Mrs. T. Kalland of Jerome, Mr. and Mrs. Carl Edwards, Miss Alene Baker, Melvin Clark, George Baker and their son, Louis Herriman. The centerpiece for the table was a beautiful cut glass basket filled with pineapples.

Miss Priscilla Munson entertained at bridge Friday evening for Mrs. Bolman and Miss Marion Bolman, who is attending Stanford university, at her home on Seventh avenue north. The guests were 28 young ladies who are home for the holidays. Other guests

The Elks are planning a dancing party for New Year's eve to watch the old year out and welcome the coming of 1924. The Elks dances are always noted for their good fellowship and those who attend are assured of a most enjoyable time.

Mrs. James S. Hall entertained with a charming luncheon Friday at her home on Tenth avenue north. The Christmas colors were used in artistic arrangement to decorate the rooms, and cut flowers added to their attractiveness.

The guests were seated at ten small tables each having a small Christmas tree for a centerpiece. The nut cups and place cards also were in keeping with the Christmas season.

A kenning followed the luncheon during which musical numbers were given as follows:

Vocal solos by Mrs. James Dygert, Duval, Masters and Zenas Smith; piano selection by Mrs. Merlin Batley; vocal duet by Mrs. Duval and Mrs. Smith.

Official Statement Concerning Controversy Over Doctrines Urges Early Discussions for Peace

NEW YORK, Dec. 28 (AP)—Hope for an early settlement of the controversy between the modernists and conservatives of the Protestant Episcopal church was contained in an official statement issued today after a conference of bishops of several states and prominent laymen representing both factions.

The conference, marking the first formal step toward settlement of the controversy over fundamentals of faith, which was interrupted by the Christmas holidays, will be followed by others.

"The right solution of differences within the church will be found not by controversy, but through conference," said the statement, issued by George Zabrinke, chancellor of the diocese of New York.

# COURT PERMITS REOPENING OF LODGING-HOUSE

Keith Rooms, Closed as Nuisance, Again to Receive Guests But Must Eschew Intoxicating Liquor

With the requirement that no alcoholic liquor must be kept, sold or consumed as a beverage on the premises, a temporary injunction was issued Friday by Judge W. A. Babcock in district court here, permitting Mrs. A. Avery to reopen the Keith rooms, main avenue east, which were closed by court order December 10 as a nuisance for alleged violation of liquor laws charged against Mrs. Avery.

The closing order previously had been modified to permit a number of designated occupants of the premises at the time of the close to remain pending the hearing Friday, which was a continuation of the hearing opened last week in the case. The temporary injunction issued Friday replaces the closing order, and is to continue in effect until final decree of the court, the time for which has not been fixed.

**Two Witnesses Heard.**

In support of charges against the proprietress of the Keith rooms, testimony was offered Friday on the part of Joe Priest and Harold Robinson, Twin-Falls youths. Each testified that he had obtained liquor at the Keith rooms, but neither was positive as to the person from whom it was obtained. Priest said that he was a Hansen, district farmer, and that he had accompanied A. P. Pierson, special deputy sheriff, to the rooms when Pierson had obtained liquor there. Pierson, who testified at the first hearing, had stated that he could not identify the person from whom he obtained the liquor.

On the part of the defense the affidavit of Mrs. Avery was offered Friday. In this affidavit Mrs. Avery denied furnishing liquor to Pierson, Priest or any other person, and referred to proceedings in the probate court in which the charges against the closing order were heard were dismissed for lack of evidence.

**Involves Complaint.**

Final determination of the case will involve the complaint filed by the prosecuting attorney against Mrs. Avery, the owners of the premises and their agent. The complaint is supported by affidavit of Sheriff M. E. Finch.

An answer to the complaint on the part of Mrs. Avery and demurrer on the part of the owners and agent, have been filed by Frank L. Stephan as counsel for the defendants.

## Developing Leaders of New Scout Troops

Sixteen Men Become Tenderfoots at Opening Session of Training Course Here

Trained leadership will be available for organization in the near future of a number of additional Boy Scout troops in Twin Falls. It was announced by F. Douglas Hawley, district scout executive, at the close of the first session of a Boy Scout leadership training course Friday evening. The training course is expected to occupy about two months.

Similar training courses, Mr. Hawley stated, will be conducted in Rupert, Burley and Buhl.

Sixteen men, of whom eight are beginners in scoutcraft, attended the opening session of the training course held Friday evening in the probate court rooms here. Others attending included scoutmasters and assistants and members of the local scout council. A resident of Hansen and another, Hazelton also attended. It was determined that the second session should be held in the same place Friday evening of next week. It is anticipated that the second session will be more largely attended than the first, as press of the season's work in business houses is relieved.

Men who attended the first session were organized as a new scout troop in order to demonstrate methods of organization of troops and procedure of troop meetings. Study of the scoutmaster's handbook will be presented at succeeding sessions of which there are to be eight in all.

Boy Scout troops of Twin Falls are arranging to celebrate with appropriate exercises the fourteenth anniversary of the establishment of the scout movement, February 8 to 14. Mr. Hawley announced Friday.

Mr. Hawley will meet on Monday evening with members of Twin Falls troop No. 5, in scout headquarters here, he announced.

## OWNERSHIP OF AUTOMOBILE IN DISPUTE IN FORECLOSURE

An automobile levied upon under judgment of \$200 obtained by the Modern Drug Shop of Filer from Sewall Macaw, is not the property of Sewall Macaw, but belongs to his parents, Mr. and Mrs. M. J. Macaw of Filer, according to the charges in a complaint in intervention upon which a hearing was held Friday before Judge O. P. Duvall in probate court here. Judgment in the case was taken under advisement. The drug shop was represented by Attorney W. D. Gillis of Filer, and the intervenors by Attorney W. P. Guthrie of Twin Falls.

## CHILDREN DENY MOTHER'S CLAIM

Son and Daughter Declare in Court They Prefer Not to Return to Mother

A mother in district court here Friday, without apparent emotion, heard her two children, a son, 16, and daughter, 13, testify that they preferred not to return to her. The mother, Mrs. Pearl Gager Wauchop of Rogerson, appeared in court to urge her claim for modification of a decree of divorce from Milton Gager, father of the children, under which the children had been awarded to the father's custody. Evidence showed that the father, a former resident of Twin Falls, is now employed in California; that the son, Paul, is living with the Harry Webber family on a ranch near Castleford, and that the daughter, Mabel, is living with her grandmother, Mrs. Mary A. Gager, 358 Fourth avenue east, Twin Falls.

The mother contended that since her marriage to H. A. Wauchop, garage proprietor at Rogerson, she was able to provide a home for the children. Judgment in the case was taken under advisement by the court.

O. C. Hall appeared as attorney for the mother, and J. W. Taylor, county attorney, as counsel for Mr. Gager.

## DEATH SUMMONS-CLOSES LONG AND ACTIVE LIFE

Thomas Gill, 90, Dies at Home of Son in Kimberly; Well Known Throughout Community Despite Age

Thomas Gill, age 90, died Friday at the home of his son, W. A. Gill, a garage proprietor at Kimberly, with whom he had made his home for the past 15 years.

In spite of his advanced age Mr. Gill was well known throughout the Kimberly district for his continued activity, which ceased only when he was stricken with his fatal illness three or four months ago. He had been ill during that time as a result of complications following an infected foot.

Resides the son at Kimberly, Mr. Gill is survived by another son, Thomas B. Gill, at Boise, and a daughter, Bessie, of Harvard, Neb. Mr. Gill was born in Scotland.

The body is at the P. J. Grossman parlors here, where the funeral will be conducted Sunday afternoon at 2:30 o'clock by the Rev. Mr. Fletcher of Kimberly. The body will be shipped to Harvard, Neb., for burial.

The News is read by the permanent reading class.
