BEGIN FIGHT ON MEN NAMED AS U. S. COUNSEL

Confirmation of Strawn and Pomerene Furnishes Basis for Organized Battle; Daugherty Inquiry Is Planned

WASHINGTON, Feb. 12 (AP)—An organized fight in the senate against confirmation of Silas H. Strawn and Atlee Pomerene as special government counsel in the oil cases promises to furnish another dramatic chapter to the rapidly unfolding story of the naval oil leases.

Definite indication that Senator Walsh, democrat, Montana, dominant figure in pressing the inquiry, is opposed to the lawyers selected by President Coolidge provided the chief development of the day in the oil investigation.

The oil committee considered the nominations of two executive sessions but without reaching a decision. Between times it heard six witnesses at public sessions in efforts to obtain more light on the circumstances surrounding the leasing of the Pecos Dome reserve to Harry F. Sinclair, and the California Elks IIII reserve to E. L. Doherty.

Incident Closed.
Members of all senatorial groups showed a disposition today to treat as closed the refusal of President Coolidge to entertain the senate's request that he demand "immediately" the resignation of Secretary Denby for his part in the leasing.
Senator Wheeler, democrat, Montana, announced that on Thursday he would introduce a resolution proposing a full investigation of all of the official acts of Attorney General Daugherty and of all branches of the department of justice under the stewardship of Mr. Daugherty.

Cool Had Quarrel.
George Cool, former chairman of the committee on public information, told the oil committee he had been employed by Doherty as "publicity consultant" five months after he left the government service, and had resigned after three months because of a disagreement with his chief.

His salary was at the rate of \$10,000 a year. He also disclosed that he had interested himself in obtaining a lease of oil wells in Teapot Dome and had taken up the matter unsuccessfully with Secretary Denby.
J. Lee Slack, a Denver oil man, with whom Cool was associated, and who had contractual rights in claims in Teapot Dome, testified that he had become convinced soon after Sinclair obtained the lease that there had been "bad faith, fraud and secret dealings."

Trace Source of Funds.
The committee sought, but with little success, to establish definitely who supplied the \$200,000 for the purchase of the Albuquerque, N. M., Journal by Sidney Weil from Carl C. Magee in May, 1923, but it was in evidence that Joshua Reynolds, chairman of the board of the First National bank at (Continued on Page 4, Col. 2)

OREGON TRAIL GETS SUPPORT

State Chamber of Commerce Pledges to Aid in Work of Highway Association

LA GRANDE, Ore., Feb. 12 (AP)—Support of the Oregon state chamber of commerce to the Old Oregon Trail association was pledged by A. S. Dudley, manager of the chamber, at the annual meeting of the trail association here today. The meeting was attended by representatives of 25 points in Idaho, Oregon and Washington.

William Dubey of Baker, Ore., member of the state highway commission, discussed financial problems facing the association and stated that the commission would assist the trail movement in every way possible. Directors nominated included H. A. Larson of Boise, Idaho, for a two-year term, and J. R. Brady of Pocatello, Idaho, for a one-year term. Officers will be selected from among the directors after their election.

Pocatello invited the association to hold its 1925 meeting there. The executive committee will pass on this invitation later. The convention ended tonight with a banquet.

Big Armaments Are Opposed by Speaker for Great Britain

Viscount Haldane Sees Chance for Another War if Halt Is Not Called on Arms

LONDON, Feb. 12 (AP)—In the house of lords Viscount Haldane, the lord chancellor, was spokesman for the government, his speech covering much the same ground as the prime minister's in the house of commons. He admitted France was entitled to security, but said the only difference of opinion was regarding methods. If armaments were piled up as before the war, then the same catastrophe was inevitable. Until other peoples reduced armaments Great Britain could not rest herself in a weak position, but when there was some sort of common mind among the European peoples, the chances for the reduction of armaments would come.

OPPOSE RAISE IN POWER RATE

Witnesses at Utilities Hearing See Chance of 60 to 120 Per Cent Gain

NOISE, Feb. 12 (AP)—Industrial and commercial power rates will be increased from 60 per cent to 120 per cent if the Idaho Power company's proposed rate schedule is allowed to become effective, witnesses for the Southern Idaho Light and Power Users' association told the public utilities commission today. Today was the second day of the hearing before the commission on the schedule of rates filed by the company with the commission to become effective February 17.

Representatives from Pacific Fruit Express company told the commission that the increased rates would have to be absorbed by the farmers in the payment of icing charges. Much electrical power is used, it seems, in the manufacture of ice and the refrigeration will offer the witness nearest told the commission that increases in power rates would necessarily make icing charges on perishable fruits and vegetables much higher.

\$150,000,000 JAP LOAN WILL SOON BE ON MARKET

Plotting of Notes for Reconstruction and Refunding Is Announced; Expected to Yield 7.1 Per Cent

NEW YORK, Feb. 12 (AP)—Plotting of a \$150,000,000 Japanese government refunding and reconstruction loan in the United States was announced tonight by J. P. Morgan and company, who with Kuhn, Loeb and company, the National City company and the First National bank, will head a nationwide syndicate which will offer the issue later in the week. Sale of the bonds, bearing interest of 6 1/2 per cent and maturing in 30 years, will be made at 92 1/2 to yield approximately 7.10 per cent.

Simultaneously offering of 25,000,000 pounds sterling of Japanese bonds of the same tenor, except that the coupon rate will be six per cent and the maturity 35 years, will be made in the English market. Part of the American issue is to be placed in Holland and part in Switzerland by banking groups in those countries. No formal issue of the loan in continental markets will be made except as a part of the American issue.

OFFICERS ON INSPECTION

HERRIN, Ill., Feb. 12 (AP)—Major-General Milton J. Foreman, Adjutant General Carlos Black and Colonel A. L. Culbertson this afternoon made a tour of inspection throughout Williamson county. The officers visited the towns of Marion and Johnson City and stopped at the numerous mine settlements.

The object of their trip, General Foreman said, was to further confer with the city authorities and also to acquaint himself with the internal situation. Military authorities at Marion last night placed a guard around the home of S. Glenn Young. They did this in "the interest of peace," they said.

TEN INJURED.

KAUKAUNA, Wis., Feb. 12 (AP)—Ten persons were injured, two seriously, when a westbound Chicago and Western passenger train collided head-on with a freight train on a curve three miles southeast of here this afternoon. Each train was proceeding with double-header engines and all four locomotives were wrecked as the result of the crash. A considerable section of track was torn up.

REFUSE FUNDS FOR AIR MAIL IN HUGE BILL

Largest Peace-Time Appropriation, Carrying \$739,000,000, Is Passed; Few Amendments at Last Moment

WASHINGTON, Feb. 12 (AP)—The largest peace time appropriation bill ever before congress—the annual treasury-postoffice supply bill, carrying approximately \$739,000,000—was passed today by the house by a vote of 375 to 10. The measure goes to the senate practically as drafted by the house appropriations committee, only a few amendments of importance having been adopted by the house.

One amendment, adopted at the last minute, increased the amount for the maintenance of rural delivery service during the coming fiscal year from \$88,250,000 to \$89,250,000. The vote was 129 to 115.

Previously the house had increased the \$87,000,000 for pay of city letter carriers by \$400,000 and had raised the amount for transmission of mail by pneumatic tubes in New York city approximately \$70,000, or to a total of \$26,372.

The chief change in the bill was the elimination of a section allotting \$1,500,000 for maintenance of the New York-San Francisco airplane mail service. This provision was thrown out on a point of order by Representative Crampton, republican, Michigan, who contended the service was unauthorized by law and the house was without power to grant it funds in an appropriation bill.

The point raised by Mr. Crampton cut short an effort, led by Representative La Guardia, republican, New York, and Representative Clancy, democrat, Michigan, to increase the appropriation for airplane mail service to \$3,000,000.

During the debate Mr. Clancy charged that the railroad was seeking to have the appropriation knocked out altogether. Of the total carried in the bill \$610,000,000 is for the postoffice department and \$129,000,000 for the treasury. Included in the treasury allotment is \$10,029,770 for prohibition enforcement, \$10,652,000 for the coast guard, and \$13,874,000 for the customs service.

Disposal of the bill, the second up (Continued on Page 5, Col. 5)

Is Only Survivor of Principals in Lincoln's Funeral

Miss Estelle Hughes Remembers Details of Last Rites for Martyred President

BLOOMINGTON, Ill., Feb. 12 (AP)—Miss Estelle Hughes, for 44 years a teacher in the schools of Springfield and Bloomington, is the only survivor, so far as known, of the principals who took part in the funeral of Abraham Lincoln, 39 years ago next May.

Events of that time were recalled again today by Miss Hughes. She was one of 200 of the best vocalists in the state summoned to participate in the funeral services. Nearly every county contributed one or two singers.

Samuel Hughes, the father of Miss Estelle Hughes and her sister, Elizabeth, now a teacher in the Bloomington schools, were intimate friends of Lincoln.

Campaign in 1860 Related by Delegate

Addison G. Proctor Relates Story of How Lincoln Won the Nomination After Seward's Candidacy Lost Out

CHICAGO, Feb. 12 (AP)—Addison G. Proctor, Benton Harbor, Mich., today told his experiences as a delegate to the republican national convention of 1860 that nominated Abraham Lincoln for the presidency, in an address before the Chicago Electric club.

Mr. Proctor said that the convention assembled with the prevailing temper—that of exasperation over the increasing political power of slavery. As a consequence the republicans wrote into the platform a plank dedicating "the unbroken empire of the west forever as a free land for a free people," the speaker declared. Then came the task of selecting a tender to carry the issue to the country. Seward appeared as a presidential candidate against the field, his forces highly organized, but the unorganized elements held against him. Out of this disorganization, Mr. Proctor said, the convention turned to Lincoln.

The martyred president was de- (Continued on Page 4, Col. 2)

COOLIDGE SPEAKS ON WIDE RANGE OF VITAL PROBLEMS

Present Issues Relating to National and International Political and Economic Affairs Are Touched Upon by President at Lincoln's Birthday Event

NEW YORK, Feb. 12 (AP)—National and international political and economical affairs of the present time were touched upon by President Calvin Coolidge in an address delivered here this evening at a meeting of the National Republican club held in commemoration of Lincoln's birthday.

The recent disclosure in the investigation of the government oil land lease the present Mexican situation, the proposed soldier bonus, the tax bill now before congress and proposed legislation designed to aid the agricultural interests of the country, were the main subjects touched on by the president. "No one would deny," the president said, "that industrially we are very flourishing. But agriculture has only partially revived. Its position, however, has improved and the returns for the year are nearly 30 per cent in excess of two years ago."

Farm Chief Market.
"The farm is one of the chief markets for the industries of the nation," the president declared. "You have a direct economic and financial interest, you can no longer prosper with that great population and that great area in distress." Mr. Coolidge added, in this connection, that he would not detail any remedial measure designed to aid the agricultural interests as he had done that fully in his recent address to congress, and that his suggestions already had been embodied in bills brought before congress.

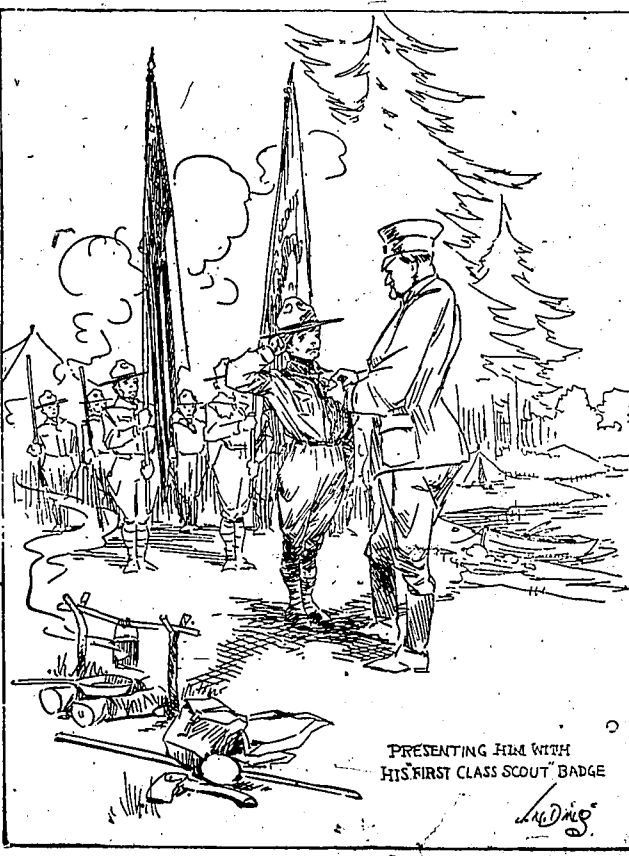

In reviewing the tax situation Mr. Coolidge pointed out that the amount of income tax paid by the people to the federal government was considerably smaller than the amount paid to the state and local governments. The tax burden placed upon the people during the war, Mr. Coolidge said, had been greatly reduced due to measures of economy adopted in all departments of the federal government.

Oppose Bonus.
This discussion of the tax question led up to a mention of the much-discussed soldier bonus, and the president emphasized that in his opinion the payment of such a bonus would not only result in increased taxes, but could not be considered a commensurate and adequate remuneration for the patriotic services rendered by those who served their country during the war. Their services, said the president, were prompted by patriotism and patriotism could not be remunerated with money. In addition, he said, many of the ex-service men themselves were opposed to the payment of the bonus. President Coolidge then turned again to the Mellon tax plan which he defended against the attacks of those who insist that the rich be compelled to pay the major portion of the government taxes.

"Because I wish to give to all the people all the relief which it (the Mellon tax bill) contains," (Continued on Page 4, Col. 3)

IDAHO WEATHER.
Wednesday: Fair south; probably rain, cooler, north portion.

HIS FIRST REAL DISTINCTION WHICH DAD DIDN'T AND COULDN'T BUY FOR HIM

PRESENTING HIM WITH HIS FIRST CLASS SCOUT BADGE

SAY KLANSMAN GOT \$145,000

Formal Contract of Simmons Shows He Collected Big Sum for Quitting Secret Body

ATLANTA, Ga., Feb. 12 (AP)—The formal contract and agreement by which William Joseph Simmons, emperor and founder of the Ku Klux Klan, disposed of his rights, title and interest in the "invisible empire," and renewed his monthly annuity of \$1000 for a consideration of \$145,000 in cash, was made public today by Paul Ethelridge, imperial klansman and chief of staff to Imperial Wizard Hiram W. Evans.

Under terms of the contract as made public, Colonel Simmons agreed to cease all opposition to the Ku Klux Klan and to the administration of Imperial Wizard Evans, and promised not to take part in any organization or movement having for its purpose the disruption, disorganization or interference with the Klan. He retains "Klan Kret," the home the Klan gave him several months ago. All pending litigation against the Evans faction of the Klan is to be dismissed. Colonel Simmons also agreed to resign from the Klan and from the Knights Kamella, Inc., which he organized. His resignation from both organizations was accepted by the emperor, and it was accepted by the emperor.

McADOO WANTS PARTY RULING ON CANDIDACY

Requests Conference of Leaders to Decide on Question of His Continuing as Bourbon's Entry in Race

WASHINGTON, Feb. 12 (AP)—William G. McAdoo announced tonight that he would leave to the leaders of his movement in each state the question whether his employment as counsel by the E. I. DuPont oil companies had made him unavailable as a candidate for the democratic presidential nomination.

A request that a conference of such leaders—men and women—be called in Chicago as soon as possible is made by Mr. McAdoo in a letter to David L. Rockwell of Ohio, his campaign manager in charge of national headquarters at Chicago. The letter was made public here tonight by McAdoo.

"I want this conference to consider and determine," the former treasury secretary wrote, "whether or not the fact that an honorable professional services rendered by me to a client, but having no relation whatever to the oil cases now under investigation by the senate committee, is prejudicial to my leadership in the cause of progressive democracy."

"If they think I am unavailable," he added, "I shall gladly withdraw my name as a figure in the public eye. If they think I should lead, I will do so with all the power that is in me. I will do anything that they think is right and best for the service of the party and the country."

The former secretary also asked that there be invited to the conference "representatives of progressive circles of the democratic party, representatives of labor, representatives of the farmer, and any others who think advisable in order that we may get as far as possible a true index of public opinion."

Mr. McAdoo's decision to leave his political fate in the hands of the Chicago conference was reported after his voluntary appearance before the senate oil committee yesterday to give a full account of his employment by the DuPont companies as counsel in relation to Mexican oil matters.

Explains Employment.
In his statement to the committee he reiterated that his employment came long after he left the cabinet; that it had no relation whatever to the oil leases, and that in every way it was an entirely proper relationship, and needed no explanation. Mr. McAdoo was heard by one of the largest crowds that has attended any session of the oil investigation and he submitted himself fully to questioning by the committee.

As his examination was drawing to a close, Chairman Lenroot said he wanted to make it a matter of record before the committee that Mr. McAdoo's name had been drawn into the investigation by a line of questions which Senator Reed of Missouri, himself a candidate in the democratic presidential nomination, had demanded in the senate should be put to Mr. DuPont—whether he had paid any sums to any former officials after they had severed their relationship with the government.

LAWYERS DENY TALK OF CLUE IN KORETZ CASE

Attorneys Connected with Swindler Investigation Scout Rumor of Fugitive Being in California

CHICAGO, Feb. 12 (AP)—Attorneys here connected with the investigation into the tangled affairs of Leo Koretz, missing promoter, alleged to have swindled his friends and relatives out of millions of dollars in so-called Panama oil lands, denied that Attorney Maurice Berkson was searching for Koretz in California. Referee in bankruptcy Harry Parkin said the investigators knew nothing of any clues in California.

Mr. Berkson's office here assistants said the report that he was in California searching for Koretz was probably the result of a joke by friends.

Conclusive Evidence.
At the request on a traveler found dead on the bank of a river in Queensland a witness testified as follows: "I passed the camp in the morning going to work. I noticed the bottle of whiskey was full. I thought the man was asleep. When I returned in the evening and the bottle of whiskey was still full, I knew the man was dead."

BEGIN BOMBING FANATIC BANDS

Philippine Constabulary Trains Two Field Guns on Entrenched Native Forces

MANILA, Feb. 12 (AP)—Philippine constabulary forces under command of Colonel Clarence H. Bowzer, have begun the bombardment of religious fanatics entrenched in a small valley of Ilocos island, Surigao province, according to advices received today from the island of Mindanao.

The constabulary equipment includes two field guns with which Colonel Bowzer hopes to scatter the native trouble makers.

It is reported that fanatics plundered and burned several houses at Buraen, a village in Leyte province.

Common Colds.
Common colds commonly spread through common habits. Sneezing and coughing in public places, using eating utensils that have not been sterilized, drinking from common cups and using common towels are all ideal ways for transmitting colds that sometimes lead to such serious diseases as pneumonia.

Personal Liberty.
Some folks conflict a temporary touch of sentimental feeling with calm deliberation, reasoning and judgment. That's why personal liberty is sometimes placed above vaccination against such debilitating and serious diseases as smallpox, typhoid fever and diphtheria.

The Peninsula War.
The name peninsula is given to the war waged in Spain and Portugal in 1807-1814, between the armies of Napoleon I and the English and Spanish forces under the command of Sir Arthur Wellesley (afterward duke of Wellington). The war grew out of an attempt on the part of Napoleon to partition Portugal and place his brother Joseph on the throne of Spain. The Spaniards rose in opposition and collected aid from England, which was freely granted. After losing the great battles of Douro, Talavera, Salamanca and Vittoria, the French were driven out of the peninsula, and the rightful king, Ferdinand VII, was re-established on the Spanish throne.

Big Crowd on Hand with Welcome When Griffiths Comes Home

American Lieutenant, Freed from German Prison, Gets Tumultuous Greeting

CHICAGO, Feb. 12 (AP)—A large crowd of American Legion members and others, including many prominent citizens, welcomed Lieutenant Corlies Hoover Griffith back to Chicago today from the German prison where he was imprisoned for his attempt to kidnap Grover Cleveland Bergdoll, American draft evader. He enlisted here in the World War.

After a tumultuous greeting at the railroad station, Lieutenant Griffith, accompanied by his parents, Dr. and Mrs. Eugene Griffith, and his sister, Dorothy, and members of the committee which worked for his release, was escorted to his hotel where tomorrow night he will be the guest at a banquet.

Scientist Prescribes Gland Treatment

Dr. Arnold Lippard, physician in charge at Carlsbad, Austria, an internationally recognized authority on medical progress, recommends gland treatment as a safe and sure method of preventing ill health and warding off premature old age. The famous scientist in his book, "Old Age Deferred," says: "Considering the great importance of the glands in preventing premature old age, we must insist on the reinforcement of their functions, if changed by age or disease, by means of extracts obtained from similar organs of young, healthy animals."

Such a compound is now offered to the public in the form of Glandogen, a highly concentrated and efficient tonic, prepared in convenient, tablet form, from the glands of young, healthy animals, and compounded with other valuable ingredients. This tonic has already achieved some remarkable results.

Glandogen is obtainable at the Schramm-Johnson Drug Co. Mail orders given prompt attention.

100 UNDER ARREST.

REDS' GRIP ON GERMANY DENIED

Teuton Trade Executive Asserts Communism Holds Little Faith of the People

BERLIN, Feb. 12 (AP)—None of the German witnesses who have appeared before the committee of experts impressed General Dawes and his colleagues quite as favorably as did Peter Grassman, vice chairman of the Federation of German Trades Unions, who today discussed the German working man's attitude "on reparations, the eight hour day, taxation and other topics of current interest to the members of the committee."

The candor with which the German leader answered the numerous questions put by the experts, notwithstanding a vigorous handshake by General Dawes at the conclusion of the hearing, Mr. Grassman was put through two hours of cross examination. Incidentally he told the committee that there was no chance for communism in Germany as the rank and file of German workmen rejected socialism in spite of their present social and financial plight. He believed the existing vestiges of radicalism in Germany would disappear with the improvement of social conditions.

EDEN

EDEN—Rev. Mr. Haze of Caldwell conducted services at the Presbyterian church Sunday morning. Plans are being formulated whereby Eden and Hazelton may have a regular minister in the near future.

Mr. and Mrs. W. A. Thompson and children of Twin Falls spent Saturday and Sunday here.

W. C. Whittle, representative of the Elkhorn Creamery company, was a business visitor here Saturday.

Miss Gladys Bong and sister, Mrs. B. H. Brown, motored to Twin Falls Thursday evening.

W. O. Brown was a business visitor in Jerome Saturday.

The Ladies' Aid meets Thursday afternoon at the home of Mrs. W. P. Seraggs with Mrs. Claude Woodward as hostess.

Mrs. W. O. Brown, who has been in ill health for some time, left on Sunday afternoon's train for Los Angeles, where she will remain for some time in hopes of being benefited by the change of climate.

POSTPONE CANDLER CASE; BIG-CROWD DISAPPOINTED

Hearing of Wealthy Woman Is Put Off Until Chief of Police Recovers Spectators Fill Courtroom

ATLANTA, Ga., Feb. 12 (AP)—Illness of Chief of Police James L. Beavers caused postponement today of the case against Mrs. Anna Candler, Sr., W. J. Stoddard and G. W. Keeling, charged with violating the city code which provides for the arrest of people who are found in places where intoxicants are found.

The cases were continued until Chief Beavers is able to appear in court. He has been ill at his home since Sunday.

The principals were in court when the cases were called and the courtroom was filled with spectators attracted by the trials of the wife of a millionaire and two prominent business men.

The cases are the outgrowth of the arrest of Mrs. Candler and the two men in an apartment house while they were sitting around a table on which rested a bottle alleged to have contained liquor.

JOHNSON STARTS ON BIGGEST TRIP OF HIS CAMPAIGN

WASHINGTON, Feb. 12 (AP)—Senator Johnson of California, candidate for the republican nomination for president, left tonight for a two weeks' speaking trip in the west, the most extensive so far of his campaign. After a conference tomorrow at his Chicago headquarters he will spend three days speaking in central and southern Illinois and then several days each in Nebraska, South Dakota and probably North Dakota.

CLOVER

CLOVER—Albert Schroeder returned home Sunday after a two months stay at Portland. He made the trip overland.

The Ladies' Aid of Clover met on Thursday afternoon at Mrs. J. Lassen's home. A large crowd, attended, who spent the afternoon sewing. At the close of the meeting a lunch was served by the hostess.

Mr. and Mrs. B. Martens and family and Ted Gehring spent Sunday in the A. List home.

Thomas Becher and Mrs. A. List spent Tuesday afternoon and evening at the A. J. Becher home in Twin Falls.

All the mumps patients are recovering nicely. There are a few new cases reported. Toni Donsenfold and Vesale Dierker are among them.

THE GUMPS—A FRIEND IN NEED

CARTER REACHES MUMMY CASE IN KING TUT TOMB

Finding of Golden Coffin of Ancient Ruler Claimed Greatest Discovery in History of Egyptology

LUXOR, Egypt, Feb. 12 (AP)—The greatest discovery in the history of Egyptology, even, many claim in archaeology, was made this afternoon in the sepulchral chamber of Tut-ankhamen in the Valley of the Kings.

In the presence of a gathering representing the light of Egyptology, the lid of Tut-ankhamen's great pink sarcophagus was raised and a stupendously magnificent mummy case covered with plates of solid gold was brought to light.

The moment was the most dramatic in the history of the dramatic discovery of Tut-ankhamen's tomb.

Treasure Found.

The general consensus of opinion of those present was that the mummy form case which indubitably encloses the king's mortal remains, immeasurably surpasses in splendor and beauty even the previous magnificent treasures the excavators in this tomb have brought to light.

The mummy case is perfectly intact. It is described as one of the most wonderful things of its kind that ever has been found.

The pharaoh is represented in high relief, covered with sheets of solid gold, more than twice life size, his serene and beautiful face exquisitely incised with glittering eyes of amethyst and a long up-curved beard of solid gold. The face and scepter which the king grasps in his crossed hands are of gilded wood more than three feet long. From the waist down the broad wings of protective goddesses meet across the knees to shield the pharaoh from danger.

Mummy Uncovered.

When the lid was raised the mummy case was found to be covered with three thicknesses of linen, browned with age. This linen when rolled up disclosed to the bewildered eyes of the excavators, as one of those present told a correspondent of the Associated Press, "a gleaming, golden man."

The mummy case stands in a coffin on what seems to be a wooden sleigh on which countless priests dragged it to the Valley of the Kings.

To picture the scene of this tremendous find, one must visualize a narrow low-roofed vault, the walls of which are decorated with rather garish religious scenes which King Ay had painted in honor of his mother and his predecessors; in the foreground a group of guests huddled, in shirtheless and unpleasantly warm, jostling one another in the heat of the tomb; in the background, beneath scaffolding, pulleys and ropes, the plain huge mass of the royal sarcophagus, brilliantly illuminated under the blinding rays of an 8000 candle power electric lamp.

Georgia Woman Sentenced to Hang

Above is pictured Mrs. Ida Hughes, of Atlanta, Georgia, with her husband, Frank. Mrs. Hughes has just been sentenced to be hanged in the Tower in Atlanta on March 14, and her husband is soon to go to trial on the same murder charge.

Mrs. Hughes, second woman sentenced to death in Fulton county, Georgia, shot and killed her mother-in-law when the latter, with policemen, sought to search her home.

BETTER HEALTH SERVICE

Public Health Is Public Wealth

Issued by the Public Health League of Idaho

THE MEASLES EPIDEMIC.

Not since 1920 have measles been so generally prevalent over the country as at the present time. The old fallacy that a child might just as well have measles "first as last" and "get it over with" is fast disappearing. Measles cannot now be considered a harmless disease, and it is no more necessary for a child to have measles than to have smallpox. To deliberately expose children to measles is little short of a crime.

Measles is one of the most contagious diseases of childhood; and it is unfortunate that its most contagious state is before the eruption appears. Usually about 14 days after exposure, with several days of cold-in-the-head symptoms, the eruption is noticed on the inside of the mouth and on the skin. The skin rash appears in small dark red spots and spreads rapidly all over the skin and the mucous membrane as well. The rash fades within

a week, but leaves a fine scaling not always noticed.

The measles patient should remain in bed and be kept warm for at least a week. Good ventilation is important. Children who have symptoms of cold, running nose, watery eyes, and sneeze frequently should not be permitted to mingle with other children until the nature of the ailment is determined as discharge from the eyes, nose, throat, and mouth should be received on pieces of soft cloth and immediately burned.

A large number of deaths result indirectly from measles, that is, deaths attributed to after effects of this disease, such as broncho-pneumonia, eye and middle-ear infections, diseases of the kidneys, etc. An attack of measles lowers a child's resistance that he is made more susceptible to other diseases.

Measles is a serious and sometimes fatal disease.

JEROME

JEROME—Mrs. Frank Fashbaugh, delightedly entertained on Tuesday afternoon at her apartments in the bank building. Six tables of guests enjoyed bridge. Mrs. Abramson won high and Mrs. Brewer low. A buffet luncheon was served.

Mr. and Mrs. Will Boyd and family have returned to Jerome after an extended visit in Arkansas. They will make their home in Jerome.

John Overfield of Westfield left on Thursday with a shipment of potatoes to Los Angeles. He expects to make a month's visit with relatives. The Wednesday Bridge club met with Mrs. W. T. Venzle on Wednesday afternoon. Mrs. P. F. Green won high

and Mrs. Thorndike low. There were three guests present.

Mrs. Seifert and children and her mother, Mrs. Humphrey, have returned to their home at Tacoma, Wash., after an extended visit at the home of Walter Diebold of west of Jerome.

Miss Mae Githins of Canyonville has as her guest her sister, Mrs. Green, of McCammon, Idaho.

What proved to be one of the most enjoyable social affairs of the winter was a bridge party at the home of Mrs. R. E. Shepherd with Mrs. E. D. Piper, Mrs. W. N. Hardwick and Mrs. R. E. Shepherd as hostesses. There were seven tables of players. Mrs. Carluhn won high, Mrs. Churchman second prize and Mrs. Anderson low. Lunch was served at the small tables

that had a small case of sweet peas of centerpieces. Mrs. Gundelfinger of Hazelton and Mrs. Parry of Twin Falls were out-of-town guests.

Mrs. Gus Callen of Canyonville has been confined to her home the last two weeks with a serious case of mumps.

The men of the Catholic church were hosts at a benefit card party Tuesday evening at the Civic club hall. There were twenty-four tables of guests who enjoyed five hundred. High score was won by Mrs. A. B. Barclay and Will Hart, and low score by Mrs. Conner and Mr. Mayer. Delicious refreshments were served. The men of this church have recently organized the Jerome Council of National Catholic Welfare League, this being their first social function.

Mr. and Mrs. Gilbert White delightedly entertained at dinner on Wednesday evening for a few of their friends. The color scheme of yellow was carried throughout the four courses.

J. B. Overfield and Roy Dellinger of Westfield transacted business in Boise last week.

Ben O'Harrow of south of Jerome is a patient in the Twin Falls hospital recovering from an operation for appendicitis. He is expected home the last of the week.

Mrs. Wendell Lameroux of Idaho Falls is spending a few weeks at the home of her parents, Mr. and Mrs. A. S. Lemay, of Jerome, before leaving for San Francisco, where she will join Mr. Lameroux in making their future home. Mrs. Lameroux is accompanied by her two children.

Mrs. J. B. Daggett left the first of the week for a short visit with her brother, Leonard Maxwell, in Nampa. Miss Mabel Fairman of Eldorado Heights left the last of the week for Benedict, Neb., where she will make her home with relatives.

Mr. and Mrs. Hugo Jones of Eldorado Heights are disposing of their possessions and will leave in the near future for Gardfield, Wash., where they will make their home.

Mr. and Mrs. Joseph Myer have returned to their home in Jerome after an absence since last August. They have been visiting a daughter at Ferndale, Oregon.

Mr. and Mrs. H. T. Pugh have leased their home in the northeast part of Jerome and are planning on traveling the next year. Mrs. Pugh will leave for her girlhood home in Wales, while Mr. Pugh will visit in California.

If your property is desirable and is advertised in the classified—you'll find your buyer.

FILER

FILER—Mrs. J. O. Andrews of Caldwell was a week-end guest at the T. E. Moore home, visiting her daughter, Mrs. Georgia Snyder, instructor in the high school.

W. C. Nuzman has gone to Albion, where he will complete his course of study at the Albion Normal.

Mrs. Orie Aman was removed from the county general hospital Wednesday to the home of her sister, Mrs. A. T. Craig.

Mr. and Mrs. Leslie Foyle and small child, of Kimberly, visited at the R. L. Macaw home Sunday.

Mr. and Mrs. James McMahon are the parents of a son born Thursday, February 7.

Mr. and Mrs. L. P. Larsen and children of Kimberly spent the week-end at the home of Mr. and Mrs. J. P. Mallory.

A large crowd from here attended the basketball game at Buhl Friday evening.

Mrs. Stevens, mother of Mrs. Otto Sealey, is spending a few weeks at the Sealey home. Mrs. Stevens has spent the past year with a daughter in Portland, Oregon.

Pershing's Salary. General Pershing receives a salary of \$15,500 a year. His allowances amount to about \$8,000.

PILES

Astounding Prevalence

IT is appalling to realize that probably 70% of the adult population suffers with Piles or some other form of Colon trouble. Yes, I GUARANTEE to cure any case of Piles by my non-surgical method or refund the patient's fee.

On or about March first my office operation will be moved to my new and new building at 8th & Main, directly opposite the Court House, Portland, Oregon. Send today for my FREE Illustrated book.

SERIES SCANDAL TOLD AGAIN IN JACKSON'S SUIT

Comiskey Relates Story of Tense Moments when Cicotte Made Confession; Explains Signing of Players

MILWAUKEE, Feb. 12 (AP)—Charles A. Comiskey, owner of the Chicago club of the American league, took the stand shortly after noon today in defense of his club against the \$10,000 salary and bonus claim of Joe Jackson, his former outfielder. His voice shook in deep emotion as he related the story of the tense moments at the White Sox baseball park in September, 1920, when Eddie Cicotte, one of his pitchers, confessed his part in the world series scandal.

How Cicotte was selected as the man most likely to tell of what happened to the series of that year, after a conference of attorneys and officers of the club at the ball park shortly before the appearance of Cicotte, Mr. Comiskey explained in detail on the stand. He testified that after the selection, Cicotte came, asked to see the witness alone and then told him the story of the world's series, how he had received \$10,000 for his share of the spoils and named seven other players as implicated jointly with him.

Mr. Comiskey described Cicotte's alleged confession as "pitiful." The witness advised him to go home and gain whatever consolation he could from his family, he testified. Cicotte, the witness said, did not want to go back to face the players and left the park without calling for the balance of his salary due.

One by one, the witness continued, players named were sent a notice of release at the ball park, told to get their salary and leave the place. Then the witness left the park, he said, having heard "enough" to explain why it was attempted were made to sign up suspected players for another season after rumors of a "brooked" world series were current immediately after the close of the 1919 series. He said a rule of the league required the clubs to sign up their team personnel before February 1 following the close of the season in order to protect club rights. During the late fall and winter of 1920, he said, the matter of a "thrown" world series had only reached the stage of rumors, on which the club had been unable to obtain any definite information as to the facts.

OAKLEY TAKES FIRST DEFEAT

Score of 36 to 34 for Buhl is Subject of Much Argument; Another Game on Schedule

BUHL, Feb. 12 (Special to The News).—The Oakley team basketball quintet took its first defeat Tuesday evening in the Buhl gymnasium by a score of 36-34 in favor of the Buhl stars who have the enviable record of losing but one game during the season.

The Oakley team, which is composed for the most part of members of the crack high school hoop squad of last year, demonstrated a fast brand of basketball, Baker and Larson being particularly effective in their playing. The first half ended with Buhl leading by a three-point margin, 17-20. In the second half Buhl players managed to maintain their lead until the last moments of play when Oakley tied the score, 34-34, and a second later shot a basket which gave them the lead. Buhl retaliated with another field goal and the whistle ended the game with what appeared to be a tied score.

Barry decided the game in favor of Buhl on some infraction of the rules which barred the final Oakley count. The Oakley team is reported to still be dissatisfied with the decision and it is probable that a game will be played the fore part of next week at Oakley to decide the fracas. Oakley has six victories to her credit this season. For Buhl Simpson at forward and Wilson at guard were the stellar performers.

JUNIOR GAME ARRANGED; METEORS READY TO PLAY

Cubs and Hollister High School Five to Tangle Friday; Senior Squad Is Still Handicapped

The junior high school Cubs will sharpen their claws on larger meat Friday afternoon when they tackle the Hollister high school five in a cage battle in the local high school gymnasium immediately after school at the end of this week.

In Kelly the junior squad has a basketball of no mean ability and the remainder of the squad are easily able to keep the pace set by Captain Kelly, who plays at the center position. The senior high school in its game with the Boise quintet on Thursday and Friday will have a great handicap with Martin unable to appear and a doubtful atmosphere still surrounding the Cubs' appearance in the blue and white uniform even though his condition examinations taken Tuesday are passed. The last year's captain has been out of training for a month and will be seriously hampered by lack of practice. At the very worst however, the Meteors will face the Capital City team with as strong a lineup as they faced the red and white with two weeks ago.

PRINTERS BOWL TRUE TO FORM

Shattered News Squad Loses All Three Games to Bowlers from Idaho Theatre

Captain Ashbury and Perry Thompson were the sole survivors of The News bowling quintet, which started out the season with promise of finishing high in the league standings, in Tuesday's game with the Idaho theater squad which was and will be minus the services of their stellar performer, "Hooh" Layville.

The theater bowlers were singularly successful in taking all three games by safe margins. The only attempt in which the printers showed any of their former spirit was in the final game which came largely through Ashbury's 200 score, which was the only one during the evening to get above the 200 mark and which placed Emmett in line for high honors, which he took easily with the printer's high of 242 pins.

METAGUE GETS NEW PILOT

NEW YORK, Feb. 12 (AP)—Mike Metague, who recently severed connections with Joe Jacobs, his manager, under whose direction he won the world's light heavyweight championship from Battling Siki, today signed a contract placing him under the managerial wing of Paddy Sullivan, whose boxing ring includes Harry Wills, the negro heavyweight.

WOULD ABOLISH BONUS

NEW YORK, Feb. 12 (AP)—National league owners at their annual meeting today voted to abolish the bonus clause in a played contracts for extraordinary hitting, batting or pitching skill. The league also adopted a schedule of 154 games opening April 15 and closing September 29.

BEGIN FIGHT ON MEN NAMED AS COUNSEL

(Continued from Page One)

Albuquerque, had taken it over from Well after 30 days. Magee told of attacks he was making on Albert B. Fall in his paper, and efforts he made to sell the plant. He said he received an offer from the Los Angeles Herald, which he asserted, "represented a big money," and that Frederick G. Bonville and J. T. Tammon of the Denver Post, had sent a man to see him but he refused to deal with them.

CAMPAIGN IN 1930 RECALLED BY DELEGATE

(Continued from page one)

scribed by the veteran republican as the "most interesting character in American history since Washington, a man born to poverty, and without the usual advantages of education, but a great leader."

COOLIDGE SPEAKS ON VITAL PROBLEMS

(Continued from page one)

said the president, "I am opposed to material changes or any compromise on the tax measure." In dealing with the liquidation of the international war debts, the president pointed out that every effort had been made to accomplish the liquidation. The largest sum, "which was that of Great Britain and which amounted with accumulated interest to \$4,000,000,000, has been settled on terms that provide for its payment over a period of 62 years."

In defending the government's attitude in the Mexican policy, President Coolidge explained the present government had recognized the Obregon government in Mexico after administration officials of the United States had convinced themselves that President Obregon's government was the soundest set up in recent years in Mexico.

Talks Oil Fracas

In concluding his speech, President Coolidge devoted considerable comment to the recent disclosures in the leasing of the government oil lands. "There will be immediate, adequate and unflinching prosecution, criminal and civil, to punish the guilty and to protect every national interest," the president said. "In this effort there will be no politics, no partisanship. I am a republican, but I can not at that account shield anyone because he is a republican. I am a republican, but I can not at that account prosecute anyone because he is a democrat."

"Distressing as this situation has been," he continued, "it has its reassuring side. The high moral standard of the people were revealed by their instant reaction against wrongdoing. The officers of the government, without respect to the party, have demonstrated a common purpose to protect government property and to bring guilty to justice."

STRESSES NEED OF GERMAN AID

Mrs. Woodrow Wilson Pleads Cause of Foreign Children; Urges Fair Attitude

NEW YORK, Feb. 12 (AP)—Mrs. Woodrow Wilson, in a letter to Major General Henry Allen, made public today, expressed the hope that the fund for aid of helpless German children would continue to find generous support.

Her letter, in answer to information from General Allen that the flag incident at the Wilson embassy at the time of Mr. Wilson's death had alienated numbers of workers for the cause and caused the cancellation of some gifts, follows: "Dear General Allen: The information contained in your letter of February 10th with respect to the starving children of Germany causes me genuine distress. As a private citizen I will not venture to comment on the official aspect of the recent flag episode, but I am so convinced the feeling of my husband on this phase of the matter presented by you would so entirely accord with my own that I do not hesitate to express the hope that your fund in the aid of helpless German children may continue to find generous support."

"I am sure Mr. Wilson would not have the slightest devaluing of the American people whom he so loved, take on the guise of resentment which might cause suffering if not death among innocent children."

"Faithfully and sincerely yours, (Signed) 'EDITH BOLLING WILSON.'"

Split Soule

Among the natives of South Africa there is a general belief in the split soul. One tribe believes in three souls—one in the head, another in the stomach, and a third in the big toe.

Duralumin Metal Light

So light are the strong duralumin metal gliders of the navy's new giant airplane ZR-1, that a ten-foot length of one of them can be easily lifted on a man's little finger.

Best Way to Use Pick

Greater output of coal and less fatigue to miners are claimed as the result of a psychological investigation of the best way to use a pick recently made in Manchester, England.

Japanese Religion

The Japanese religion demands that a man must worship "on the soil" every day. Miners are advised not to use this by sprinkling a little dirt in one corner of a room, sometimes on a square of cement made for the purpose.

EARLY DISPOSAL OF TAX BILL'S AIM OF LEADERS

House Members Agree to Confine Debate to Three or Four Days; Track to Be Kept Open for Final Action

WASHINGTON, Feb. 12 (AP)—Informal agreements made today by house leaders designed to confine general debate on the tax reduction bill to three or four days when it is taken up on the floor. Thursday is believed to assure disposition of the measure in the house within three weeks at the most and possibly in two.

Chairman Green of the ways and means committee and Representative Garner of Texas, ranking democrat, expressed the hope that general debate on the bill could be concluded on Monday, and the income rates, the center of difference on the measure, taken up Tuesday and disposed of within two days.

Discussions on the bonus bill today developed the opinion in the committee that it could not be given consideration before the tax bill is disposed of. Chairman Green said, however, the bonus measure would be first on the program of the committee after the floor contest on the revenue bill is finished.

Gets Clear Track

The revenue measure was given a clear track in the house by a decision of the republican steering committee today to withhold all other legislation from the calendar during its consideration, with the possible exception of appropriation bills if delay is encountered in its disposition.

Skirmishes Expected

In addition to amendments which will be offered by the democrats, however, to the estate tax rates, coupled with an amendment to impose a gift tax, some skirmishes are expected on revision of the war excise, or nuisance taxes, many of which the committee repealed. Representative Clancy, democrat, Michigan, has said he would seek reductions on the taxes on automobile accessories and spare parts and perhaps on automobile taxes in general, which the committee refused to allow. Considerable spirit is expected for the gift tax.

Split on Surtax

Discussion among republican leaders today failed to develop a definite agreement in their party as to surtax rates, on which pronounced difficulties have developed in their ranks among which the democrats are centering their fight. Representative Longworth, republican floor leader, in expressing the belief that it would not be possible for the republicans to put through the Mellon surtax rate of a 25 per cent maximum, has said, however, that they should be able to unite for a rate lower than the 44 per cent maximum proposed by the democrats.

EXPLOSION TAKES LIFE

CHEBBYVALE, Kan., Feb. 12 (AP)—A man believed to be Harry Percival, of Independence, Kansas, was killed instantly today when a motor truck, heavily loaded with nitroglycerine, was blown up three miles north of Altoona.

The shock of the explosion was felt for miles around Altoona, reports said.

Baby Marie Osborne to Greet Admirers

Famous Juvenile Star of Screen to Appear in Person for Three Days in Twin Falls

Admirers of Baby Marie Osborne, whose acquaintance with the whimsical little star of the motion picture world has been confined to witnessing of her performances on the silver screen, will have opportunity three days this week to meet her in person at the Orpheum theater here, according to assurances given Tuesday to Manager A. R. Anderson by C. B. Downs, business manager for Baby Marie.

Baby Marie, who, with her parents and tutor, has spent the past 14 months touring the larger cities of the east, will arrive here today to appear at both afternoon and evening performances at the Orpheum for three days beginning this evening, in a singing, dancing and talking repertoire. Negotiations for the appearance here of the famous juvenile star have been conducted over a period of several weeks by Manager Anderson. She will come here from Boise.

The recent tour will continue for two months longer, and is to include principal towns of the northwest and Canada, where, according to her business manager, Baby Marie insists upon going to obtain a fur coat. At the close of the tour, Baby Marie will return to the Orpheum under a new contract signed to begin work in the production of a motion picture play of the Little Lord Fauntleroy type.

In the course of the present tour Baby Marie returned to her home town of Trinidad, Colorado, which she had left almost 10 years before at the age of three and on which she has made her debut as a star on the screen in "Little Mary Sunshine." Since then millions of kiddies and grownups have enjoyed numerous other productions in which she has played the leading role.

Theatres

LEAGUE PLAY PLEASURES

"The Hoodoo," a three-act comedy by Walter Ben Barnes, was entertainingly presented Tuesday evening at the Laverling theatre by members of the Epworth League of the Methodist church, before an appreciative audience of about 600 persons. The play was presented as the Epworth League's fifth annual dramatic offering for the benefit of its building fund. It was the league's most potent and undarkening in the sphere of the drama, with 23 persons appearing in the cast, under direction of Edward E. Smith.

The story of the play in itself is an engaging one and its presentation Tuesday evening was interesting and highly creditable to the young players and their director.

Misadventures befalling possessors of "the hoodoo," an English scarab, that came successively to the possession of a bridegroom on the eve of his wedding, two of the wedding guests and a burglar provided abundant comedy.

In the interpretation of principal roles, Miss Marguerite Pomeroy, Miss Eunice Ling, Miss Estelle Lentz, Miss Verna Glover, Miss Ora Mae Constable, Miss Dorothy Fuller, Willis Moffat, George Montooth, Clarence Slack and George Perrine were entirely pleasing. The appearance of Miss Fanny Humphry in the part of a col-

ored servant was the signal for instant laughter, and Charles Askew, in his part, contributed to the gaiety of the occasion. Other roles were well presented by Miss LaVerne Carlson, Miss Alice Perrine, Miss Hazel Slack, Miss Mildred Elrod, Miss Beatrice Smith, and Earle Jones. The audience paid tribute of kindly laughter to the four juniors on their successive passages before the footlights as the "four little Spiggots."

GOES OVER THE TOP AT NATIONAL CAPITAL

One of the feature film attractions to be shown in Twin Falls very soon is "Little Old New York," the Comopolitan production starring Marion Davies. This offering will be on view at the Orpheum, the dates of showing to be announced in this paper shortly. A report on the popularity aroused by "Little Old New York" at its premier presentation at the Bialto theater, in Washington, D. C., bears out the praise given this film at other great centers.

A review of the capital city showing says: "It was a gay night at the Bialto. Senators, statesmen and high officials of all nations crowded the theater. The reception given 'Little Old New York' by the 3200 people present was the heartiest and most spontaneous ever witnessed."

The Marshall Nellan production, "The Eternal Three," closed a two-day engagement at the Orpheum Tuesday night with much success. Today the Orpheum offers its mid-week bill of vaudeville, consisting of four big acts, featuring the Five Balmoral Killies. An exceptionally attractive program is assured.

NATALIE TALMADGE RETURNS.

Two years ago Natalie Talmadge retired from the screen to become the wife of Buster Keaton. Now she has returned and will appear with Buster in his Metro feature length comedy, "Our Hospitality," which comes to the Idaho theater on Thursday. So will the Keaton-Talmadge duo, Joseph Talmadge Keaton, (Buster II).

Atmospheric Test

To test the effect of atmospheric conditions at high altitudes, three balloons with recording instruments were sent aloft in a cylinder 15 feet long and 9 feet diameter, and the air within was gradually rarified until it was equal to that at a height of 27,888 feet, and the temperature was 22 degrees below zero.

MANY STUDENTS' NAMES APPEAR ON HONOR ROLL

Out of 450 Senior High Enrollment, 161 Attain Scholarship Honors and 125 Make Perfect Attendance Records

Out of an enrollment of approximately 450 students in the three classes of the senior high school, a total of 161 were listed on scholarship honor rolls of the first semester, which were announced Tuesday at the office of M. C. Mitchell, superintendent and principal of the senior high school.

The names of 125 members of the three classes appear on the scholarship high honor rolls and of 102 on the scholarship honor rolls.

Attendance honor rolls announced at the same time contained the names of 125 students of the three classes who had not been absent nor tardy during the first semester, and of 165 with perfect attendance records for the third six weeks period of the present school year.

Senior Scholarship Roll

Listed in the order of rank, members of the senior class whose names appear on the scholarship high honor roll are:

Vida Selek, James Tucker, Della Mae Bradish, Ina Campbell, Martha Farrar, Vey Glah, Allice Prior, Genevieve Wilcox, Harold Sinema, Anna Rector, Robert Dingman, Melcher Priebe, Vera Richins.

The senior class scholarship honor roll is as follows:

Neoma Anderson, Mary Bailey, Raymond Baldwin, Marshall Barga, Herbert Carter, James Denny, Harold Fisher, George Gihring, Agnes Horron, Clara Kall, Birdie Kelsa, Leora Lack, Ethel Matlock, Evelyn McDonald, Helen McDowell, George Miller, Morris Moore, Lucie Munson, Dorothy Neely, Mary Newman, Audra Reed, Gertrude Rexroat, Paul Rowan, Edgardo Shurtless, Roberta Silver, Beatrice Smith, Mildred Smith, Pauline Stephens, Hoyt Stephenson, Pauline Ware, Lona Yachem.

Junior Scholarship

Twenty-two pupils are named in the junior class scholarship high honor roll, which is as follows:

Norma Lenz, Louise Owen, Catherine Rosenbaugh, Harriet Clapp, Lela Henry, Glenn Jain, Dorcas Sheldon, Ruth Tolliver, Iris League, Susan Blackburn, Flo Cook, Ann Craven, Maybelle Estling, Helen Waite, Lawrence Rutter, Verne Weir, Adeline Eldred, Wilma Hammond, Jere Long, Helen Vannoy, Phyllis Kirkman, Donald McClain.

The junior class scholarship honor roll is as follows:

Robert Anderson, Joseph Christerson, Virginia Christopherson, Beulah Cleveland, Ross Cole, Hazel Coleman, Homer Davis, Philip Day, Irving Drury, Johanna Dunn, Dorothy Fulmer, Hazel Jenkins, Marjorie Johnson, Emma Ruth King, Lavella Kunkel, Harold Marquis, Alice Marshall, Leona Norris, Helen Pelant, Helen Porter, Vera Potter, Kenneth Rendahl, Marie Riedeman, Theodore Scott, Dorothy Shears, Delmar Shumway, Robert Simpson, Hazel Slack, Mary Snow, Lawrence Turner, Edna White, Wallace Wilkison, Edith Williams, Ruth Wirth.

Sophomore Scholarship

Containing 24 names, the sophomore class scholarship high honor roll is as follows:

Jeroma Krivanek, Dahl Beckwitz, Evelyn Bolster, Ila Peairs, Helen Perrine, Gladys Griffith, Vera Sackett, Twila Norris, Isabelle Clark, Clinton Evans, Margaret Hill, Raymond McMillan, Alice Taylor, Fern Wadsworth, Hester Hamilton, Elizabeth Miller, Ruth Porter, Leona Ellsworth, Margaret Owens, Dorothy Barger, Clara Ritchey, Elsie Vannoy, Robyn Finch, Laverne Carlson.

Following is the sophomore class honor roll:

Kenneth Ahern, Estelle Averitt, Effie Bear, Olive Bitter, Ruth Brown, Nilla Campbell, Pauline Coderburg, Minnie Christopherson, Cecelia Draxler, Keith Evans, Victor Galloway, Marion Hammond, Newton Harrell, Mattie Kelsa, Millicent Kelsa, Edna Kolb, Donald Lenz, Isabelle Letham, Estelle Longeteig, Walter Malberg, John McGinnis, Lois McKinney, Wilma Meier, Eliezer Miller, Jessie Olmstead, Blanche Roy, Grace Schade, Howard Shohoney, Consuelo Sturgeon, Ruth Van Ausden, Ralph Villers, Margaret Wall, Milas Walters, Stanley Walters, Mabel Williams, Elaine Wiseman, Fern Wright.

Senior Attendance

Senior class members with records of perfect attendance during the first semester are:

Neoma Anderson, Raymond Baldwin, Earl Bickford, Walter Botcher, Wallace Caldwell, Ina Campbell, Harry Coe, Mabel Dougherty, Dorothy Ebner, Jean Emery, Martha Farrar, George Gehring, Vey Glah, Agnes Horron, Clara Kall, Leora Lack, Evelyn McDonald, Mildred Mackey, Ethel Matlock, George Miller, Dorothy Neely, Melcher Priebe, Allice Prior, Anna Rector, Esther Requa, Gertrude Ritchey, Harold Requa, Beatrice Silver, Beatrice Smith, Hoyt Stephenson, James Tucker.

Junior Attendance

Perfect attendance records during

the first semester were made by the following members of the junior class: Wesley Bagley, Paul Baird, Anita Bies, Edna Carter, Joseph Christopherson, Hazel Coleman, Paul Denny, Russell Denny, Adeline Eldred, Ruth Eller, Katharine Ellensbaugh, Ruth Nye, Hazel Parish, Helen Porter, Helen Porterfield, Marie Riedeman, Dorothy Shears, Delmar Shumway, Edith Skillingman, Hazel Slack, Mary Snow, Ella Steener, Marguerite Thometz, Florence Jacky, Emma Ruth King, Phyllis Kirkman, Iris League, Alice Marshall, Ruth Tolliver, Helen Waite, Ruth Wirth, Jessie Young, Buren King, Jere Long, Donald McClain, John Mackey, Susan Blackburn, Ann Craven, Boy Humphrey, Glenn Jain, Albert Murphy, Theodore Scott, Dorcas Sheldon, Lawrence Turner, Helen Vannoy, Vera Weir.

Sophomore Attendance

The sophomore class attendance honor roll for the first semester follows:

Wilma Meier, Edna Noble, Jessie Olmstead, Margaret Owens, Helen Perrine, Ruth Porter, Russell Potter, Clara Ritchey, Dorothy Roberts, Nadine Settle, Howard Shohoney, Edwin Dulse, Leona Ellsworth, Robyn Finch, Earl Florida, Victor Galloway, Gladys Griffith, Esther Hamilton, Newton Harrell, Harold Sisson, Consuelo Sturgeon, Edith Taylor, Elsie Vannoy, Milas Walters, Ruby Warberg, Raymond McMillan, Grace Schomover, Cromwell Sennel, Margaret Hill, Mildred Kelson, Millicent Kline, Sidney Knight, Millicent Kols, Edna Kolb, Gordon Laird, Donald Lenz, Estelle Longeteig, Edward Martin, John McClain, Oscar McCormick, John McGinnis, Dorothy Barger, Clifford Bell, Dahl Beckwitz, Evelyn Bolster, Ruth Brown, Nilla Campbell, Laverne Carlson.

Honoring their new members, the Business and Professional Women entertained with a Valentine dinner in their club rooms Monday evening. The rooms were handsomely decorated with red hearts. A Valentine motif was also carried out for the table, red and white candles being used. The place cards were Valentines.

A short business session followed the dinner after which there was a program, the principal number being a short play entitled "Aunt Deborah's First Laughter," given by the ladies of the Robekah lodge with the following cast: Mrs. C. Ivan Price, Mrs. F. L. Cogswell, Mrs. Velma Denn and the Misses Ina Parker, Crystal Kelly, Evelyn Lindley and Veronora Murray. Valentine games until a late hour completed the festivities.

Miss Esther McRoberts and Mrs. Wilbur Worberry entertained the Pan-Hellenic club Monday evening at the home of the former on Blue Lake boulevard. The rooms were decorated with valentine emblems and the dainty luncheon served at the close of the main jogg games, which were the evening's diversion, carried out the same colors.

Mrs. V. C. Ballantyne was the recipient of a delightful surprise Monday evening in honor of her fifth anniversary. The evening was spent playing games after which a delicious two-course luncheon was served by the guests, a color scheme of pink and white prevailing in the table decorations and menu. Those present were Mrs. and Mrs. Herbert Wirth, Mr. and Mrs. P. M. Lowe, Mr. and Mrs. E. W. Whitney, Mr. and Mrs. P. I. Smith, Miss Hazel Wirth, Marion Gardner and Mr. and Mrs. Ballantyne.

The Elks gave one of their enjoyable dances Tuesday evening with the usual large crowd in attendance. Punch was served throughout the evening and music was furnished by the Benoit orchestra.

Abiding Faith.

We live best by faith, dear brethren, not what we call knowledge. We are misanthropes frequently with the facts we assemble. I suppose this is the reason why we have never yet been permitted to lay our hands for sure upon the mystery of truth and everlasting life. Go ahead with your diggings and your discoveries. You cannot reach beyond the short-sighted powers of mortal men to know.—Saturday Evening Post.

The Other Fellow's Girl.

The sympathetic visitor to the hospital, stopped at the bedside of a pale young man swathed in bandages. "Cheer up," he said unctuously, "keep smiling; it is the best medicine." "I'll never smile again," replied the battered one sadly. "I'll never smile again—at least not at another fellow's girl."

Add Sedentary Pursuits.

PARTY AFFAIRS ARE LINEED UP

Idaho Republicans Pick Lewiston and Idaho Falls as Places for Conventions

BOISE, Feb. 12 (AP)—Idaho republican state committee, holding their first session since that meeting in October, 1922, called to meet the emergency created by Senator Borah's attacks upon their platform, met today in the Owyhee hotel, Boise, to take stock of the condition of their party in the state, to choose places for the two republican conventions to be held

this year, and to settle upon the time of the first convention and the manner of choosing delegates to it.

They selected Lewiston as the place for the convention, which will send delegates to nominate a presidential candidate and write the party's national platform at Cleveland. This Lewiston convention will be held March 26, and the sessions will begin at noon.

For the nominating convention to be held in August, the city of Idaho Falls was chosen, notwithstanding the fact that Halley and Caldwell were bidders for the convention and Weiler and Boise offered the republicans their hospitality.

In contrast with the stormy session last October, the meeting today seemed very harmonious. Only slight rumblings of the former discord within the party were heard in speeches made by the committee members of the 58 counties represented.

The representative of Ada county's central committee, which adhered to the Borah cause in 1922, made an open bid for reunion. And the omission of the reading of minutes of the previous meeting, which would have contained the resolution passed at the last session, was taken to mean that party leaders were studiously avoiding any new cause for rupture.

REFUSE FUNDS FOR AIR MAIL SERVICE

(Continued from Page One)

ply measure to be sent to the senate this session, cleared the way for house consideration of the tax bill which will be taken up Thursday. Tomorrow will be devoted to the consideration of miscellaneous measures.

EDITORS TO MEET

WASHINGTON, Feb. 12 (AP)—A conference between newspaper and press association representatives in the United States with their colleagues in the Pan-American republics will be held in Washington beginning March 17. Invitations to the conference already have been sent out by Secretary Hughes acting as chairman of the board of directors of the Pan-American Union.

Mr. and Mrs. E. D. Kellogg expect to return home from California between February 20, and March 1. Mr. Kellogg will be glad to meet his old customers as usual.—adv.

Vain Wish.

A "SECRET TREATY"

That was a curious story, told by
Lloyd George, about a "secret pact"
having been made at Paris by Presi-
dent Wilson, during the peace treaty
negotiations, whereby France was au-
thorized to hold the Rhine for 15
years.

Lloyd George ought to know, as a
very intelligent American knows, that
if any such agreement were made with
Clemenceau by President Wilson,
it could have been nothing more than a
private understanding, having no
legal validity and not committing the
United States or any other nation.

There may have been an expression
of willingness on the part of President
Wilson to recommend such an arrange-
ment, just as he recommended, at
France's request, the three-power
agreement to defend France against
Germany in case of another attack.
If so, the matter never got so far as
a recommendation to the United States
Senate for its approval, without which
no such agreement could possibly com-
mit our government to such a policy
beyond President Wilson's term of
office. No President can bind his
successors in office, regarding foreign
affairs, without a formal treaty duly
ratified.

The United States, as has been ex-
plained often enough, does not make
"secret pacts" with other countries.
There are no secret treaties filed in
the archives of the state department
at Washington. All that any President
has power to do is to negotiate treaties
and submit them to the Senate. If
that body fails to ratify them, they
are not treaties. The necessary pro-
cedure precludes all possibility of se-
crecy, because ratified treaties are
always published officially; and be-
sides, the Senate has never been
known to keep a secret.

GERMANY OUT OF DEBT

It is a curious financial situation
that has developed in Germany. It is
rather hard to understand, in a prac-
tical way, just what it means.

The German government has repudi-
ated its public debt. That is to say,
German war bonds and other evidences
of public indebtedness are made worth-
less. That had been virtually accom-
plished through the deterioration in
value of the currency in which the
bonds were payable, but it has been
made official by act of the German
government.

Private German indebtedness, too,
is virtually wiped out by worthless
money, though private bonds and
mortgages, or secured debts, are de-
clared to have ten per cent of their
former gold value. The war debt
swept out of existence is said to have
been, at its height, forty billion dol-
lars. Add the private debts eliminated,
and Germany has repudiated indebt-
edness amounting to nearly as much
as its whole prewar national wealth.

But what has been lost? Countless
private fortunes invested in war
bonds, mortgages, etc. That is, money
has been lost. And credit, based on
money, has been destroyed. But money,
unless it is solid gold, is not "real
wealth"—only evidence of wealth.

Suppose half a dozen men, all of
whom owed money to each other, were
told they could not pay, were to meet,
talk things over and agree to cancel their
mutual indebtedness. Would these
men as a group be really worse off
after cancelling them than before?
They would have lost their own work-
ing power and their physical property,
and they would all be out of debt.
That roughly represents the present
situation of Germany, except that Ger-
many still has its reputation debt to
pay to the Allies.

THE DEEP WATERWAY

way and power project, the slow de-
velopment and acceptance of the plan

Dreamland Adventures

THE WHITE WOLF

By DADDY

(Snarly Wolf, after seeing child-
ren watch the tricks of trained
dogs, learns to do tricks himself.
He plots to gather children around
him and then grab the plumpest
and sweetest.)

CHAPTER III.

Snarly Wolf Changes His Color.

SNARLY WOLF had found that he
could not gather the children
around him simply by doing tricks. As
soon as the children had seen that he
was a wolf they had fled.
"Wau-uh! It will do me no good
to do tricks while I look like a wolf,"
said Snarly Wolf to himself as he
thought the matter over. "I must
change my looks so the children will
think me a kind and gentle dog."

While Snarly Wolf was thinking
this he was within sight of Farmer
Brown's sheepfold. Guarding the fold
was a handsome collie dog, a most un-
usual collie dog, for his coat was
snow white in color.

"Woo! Woo! Keep away from
here!" warned the white shepherd dog
when he saw Snarly Wolf.
Snarly Wolf did not leave away. He
knew the white shepherd dog would
fight hard to guard the flock and that
his bark would bring the shepherd with
a gun to help him. So Snarly Wolf
slunk into the woods.

But the sight of the white collie
dog had given him an idea.
"My sheep are like that of the white
collie dog," thought he. "If I could
turn myself white, I could fool the
children into thinking I was a dog."

Snarly Wolf wondered how he could
turn himself white.
"I'll roll in the snow," growled he.
"The snow will turn me white!"
So Snarly Wolf rolled in the snow.
While that turned him white for a lit-
tle time, the white did not last long.
Every time he took a step the snow
shook off.

"Wau-uh! I must find some other
way to turn white," thought Snarly
Wolf.

Then he remembered passing the mill
by the river one day while out hunting.
He had seen the miller and the miller
was all white with flour.

"If I can find flour in the mill I
can turn myself white and the white
will stick to my fur," growled Snarly
Wolf. Saying this, he started for the
mill. He found that the miller had
gone home, and the door was shut.

Snarly Wolf ran all around the mill
both in Canada and the United States
before he was able to understand. Yet it
is likely that there is just as wide
divergence of opinion as to the feasi-
bility of the project in the Domini-
on as there has been in this country
between the East and the West. It is
reported that the United States govern-
ment does not care to hasten the
project until public opinion on the sub-
ject is more united and has been more
clearly expressed than at any time so
far.

In nineteen hundred twenty-two
when the United States put the mat-
ter up to Canada, that government re-
plied that it was not yet ready to pro-
ceed with consideration of the pro-
ject. The other day it took a real
forward step, however, by asking the
appointment by the American state de-
partment of an enlarged engineering
board to prepare a final report cover-
ing the engineering features and cost.
In the meantime converts to the
proposition are being made right along.
National jealousies are slowly giving
way before the obvious fact that any
such improvement in general transpor-
tation and power facilities as the
deep waterway would bring about
could not help benefiting the entire
country. This is simply one of the
big undertakings whose ultimate suc-
cess is practically assured, but which
must be advanced slowly with wisdom
and scientific carefulness.

Where Women Can't Act.

One of the peculiar customs that pre-
vail in Japan is that men shall take
female roles in stage produc-
tions, and that custom continues
although that country has produced ac-
tresses of marked ability. The per-
formance of the custom illustrates how
soundly countries may be welded to
a habit even when the conditions that
caused it to be put in practice all have
disappeared.—Ohio State Journal.

Two Gamelleis.

There were two Bible characters by
the name of Gamellei. The better
known Gamellei was a Jew. He
has been called a prince of peace.
A member of the Sanhedrin, the Jewish
council, he was a righteous judge, sav-
ing the apostles from condemnation
for preaching the word of Christ when
all the people cried out for their death.

Martyrs of Vice.

The martyrs to vice far exceed the
martyrs to virtue in endurance
and in number. So blinded are we by
our passions, that we suffer more to be
damned than to be saved.—Hans-
nah More.

'Get out of my mill—'

seeking a way to get in. At last he
came to a broken window. The hole
in the window was just large enough
for him to squeeze through. In he
went and to his surprise he found him-
self flourishing in a bin of white flour.
The flour choked him, and almost
smothered him. "It swallowed this way
and that way, trying to escape, but the
more he wallowed the deeper he buried
himself in the flour."

"I am drowning," howled Snarly
Wolf. "I am drowning in flour." And
he lay there.

But rescue came unexpectedly. The
miller coming back to the mill, heard
the howls. The miller hurried to the
bin and was surprised to see a white
animal floundering about in the flour.

"It is the white collie dog that
guards the sheep," exclaimed the mil-
ler. "How can he be in my flour bin?"
The miller threw the end of a
flour bag to Snarly Wolf. Snarly
snapped at the bag, closing his teeth
on it. The miller pulled at the other
end and dragged Snarly out of the flour
bin.

"Get out of my mill, you pesky
dog," cried the miller, and he gave
Snarly Wolf a kick that sent him fly-
ing from the door. Snarly was sur-
prised by the kick, and hurt, too, but
he did not go back to bite the miller.

"He thinks I am a white dog,"
snarled Snarly Wolf to himself. "If I
fooled him, I can fool the children.
They will think me a white dog and
will come to watch me do tricks. Then
I will gobble the plumpest and the
sweetest."

(How Snarly Wolf feels the
chance will be told in the next
chapter.)

RECIPE TO CLEAR
A PIMPLY SKIN

Pimples Are Impurities Seeking
an Outlet Through Skin
Pores

Pimples, sores and boils usually re-
sult from toxins, poisons and impuri-
ties which are generated in the bowels
and then absorbed into the blood
through the very ducts which should
absorb only nourishment to sustain
the body.

It is the function of the kidneys to
filter impurities from the blood and
cast them out in the form of urine,
but in many instances the bowels cre-
ate more toxins and impurities than
the kidneys can eliminate then the
blood uses the skin pores as the next
best means of getting rid of these
impurities, which often break out all
over the skin in the form of pimples.
The sure way to clear the skin of
these eruptions, says a noted author-
ity, is to get from any pharmacy about
four ounces of Jad Salts and take a
tablespoonful in a glass of water each
morning before breakfast for one
week. This will help prevent the for-
mation of toxins in the bowels. It
also stimulates the blood to clear the
skin of these eruptions. It is a noted au-
thority, is to get from any pharmacy about

Jobbing Russets, best \$2.25 to \$2.50; poorer lot \$1.75.

General average \$1.90 to \$2.00; poorer \$1.50 to \$1.75.

Idaho Russets \$1.50 to \$2.10.

St. Louis, Saturday—Jobbing Colorado

DUMB BELLS

MUTTON AND LAMB AS FOOD

Among the Most Healthful, Nutritious and Palatable of Meats, Say Experts.

The production of sheep for wool alone is rapidly on the wane in the United States. More and more emphasis is being placed on the production of mutton and lamb for the table, although only 84 per cent of the meat consumed by the average American for the last five years was lamb or mutton. This proportion should be much larger, according to the United States Department of Agriculture, as mutton and lamb are among the most healthful, nutritious and palatable of meats.

The reason for the limited use of lamb and mutton throughout the central section of the United States developed its origin in the days of the development of the great corn-belt region. At the time the sheep industry was being developed, the department workers were according to the New York Times. At that time sheep owned by the settlers of that region came largely from the North Atlantic states and had been developed almost without exception for wool production, and consequently the inherent flavor of the meat.

The flesh of these animals was no doubt tough, not so palatable as the modern ones, and possibly owing to the crude methods of curing for it, much of it was unfit for use. As this section of the country developed as a sheep country in the development of mutton breeds of sheep and as much prejudice against the meat has been handed down from generation to generation there has developed the idea that the flesh of all sheep is not appetizing and carries peculiar flavors.

SNOWSHEDS WILL BE RAZED

Picturesque but Monotonous Features of Mountain Travel Are to Disappear.

The snowsheds along some of the railroads through the Sierras are being taken down, one stretch measuring 14 miles in length. Some sort of snow-fighting equipment will be used instead. These enormous structures were novel at first, but when it came to riding through them, mile after mile, were always trying to get a glimpse through the window-like openings which occurred at regular intervals, but this was impossible as the movement of the train precluded anything like a glimpse of the country—nothing but a constant view of the sides of passengers, coupled with the fact that the maintenance of the sheds has been a serious item of expense, prompted the railroad people to dispense with the long snowsheds.

School for Smokers.

A smoking master has just opened a school in London. He teaches the art of smoking cigarettes and cigars. It appears it is not so simple as is generally supposed. For instance, really to enjoy a cigarette, he says, you must first get the right angle, and yield to the vulgar taste of swallowing the smoke. Once the cigarette is in your mouth, you must not move again, you must only slowly draw in your breath. The best time in his opinion to smoke a cigarette is before a meal, and you must not smoke after a meal. The London master makes his last from twenty-five to thirty minutes. To smoke and also drink alcohol is a heresy. Alcohol spoils the taste of tobacco, but coffee taken with the cigarette is perfect. People who smoke a cigarette after another without stopping are nothing but savages. So says the London professor.

Chicago Livestock.

CHICAGO, Feb. 12 (AP)—Cattle—Receipts 11,000; good to choice beef steers, especially weighty kind, strong; lower grades dull, closing 15c to 16c; feeder calves \$5 to \$5.50; cowboys, top matured steers \$11.50; average weight 1521 pounds; several loads weighty bullocks \$10.75 to \$11.50; some 1570 pound averages \$11.10; short fed steers rather numerous at \$7.50 to \$8.25; bulk fed offerings making \$7.50 to \$8.25; yearlings scarce; best youngsters \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$4.75 to \$5; beef bulls \$7.50 to \$7.50 according to weight and condition; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; yearling calves closing 60c to \$1 lower, being \$1.75 to \$2.00; bulk packing steady to strong; desirable feed beefers, shade higher in spots; also stock containing comparatively small, bulk bologna bullocks \$

DISTRICT LOOKS TOWARD SALE OF BONDS

Directors at Meeting Here to Take Steps Toward Providing Deposit to Insure Work at American Falls

Steps toward early sale of the American Falls reservoir district's bonds probably will be taken at a meeting of the district's board of directors to be held here today, it was stated Tuesday evening at the district offices here.

The directors at this meeting also will receive the report of E. R. Shepherd, president of the district, relative to his recent visit to the national capital, in connection with which much was done toward removal of congressional antagonism to the American Falls project and the way was paved for an agreement which was consummated under the purchase of Twin Fall Indian bottom lands required for the reservoir site.

To Meet Federal Conditions. Action on the part of the directors looking toward an early sale of a portion of the district's bonds is deemed advisable at this time in order that the district may be in position to meet the requirements of the federal appropriation bill providing for deposit by the district and others contracting for American Falls water of \$1,000,000 as a condition for the expenditure of additional federal funds on the project.

Through Mr. Shepherd, the directors stated some weeks ago that the district would have its money ready in time to avoid delay in the use of federal funds.

Court's Decision Awaited. Actual sale of any portion of the district's \$2,700,000 bond issue voted last spring, is expected to await the state supreme court's decision as to questions raised on appeal from the order of the district court here confirming the district's assessment of benefits and cost of participation in the American Falls project.

Hearing on the questions raised in the appellate proceedings was held Monday before the supreme court. It is anticipated that the court's decision will be announced within a few days.

VISITORS TO DOMINION SUFFER LAW'S PENALTY

Three residents of the vicinity of Twin Falls recently have been sentenced to pay fines each in the sum of \$100 for failure to report return from Canada, as required by the tariff act of 1922, according to E. J. Reese of the United States treasury department special agency services, with headquarters in Seattle, who is here for a few days on official business.

This measure, Mr. Reese pointed out, provides for the issuance to persons entering Canada on a tourist's permit which must be returned to custom officers at the border on return from the dominion. Failure to comply with this provision subjects the offender to the liability of forfeiture of his car in addition to fine.

Fines aggregating more than \$100,000 have been assessed against residents of the northwestern states for violation of this requirement, Mr. Reese said. In almost all instances, he said, violation of the requirement is the result of carelessness rather than of any criminal intent.

VOTES IN NEW MEMBERS

Membership of Twin Falls Boy Scout council was increased at a meeting Sunday afternoon in the chamber of commerce offices, by the election of new members to G.V.R. representation to troop committees and by sponsoring organizations. The new members elected at this time were Captain P. W. McRobert, W. S. Parish, William Scilly, Grover E. Harrington, H. M. Brannin, Captain J. M. Sweeley, E. L. Ashton and W. Zeuss Smith.

F. Douglas Hawley, district scout executive, reported to the council that members of local troops had passed more than 180 tests in scoutcraft proficiency during the past month.

VENTURES OVER ROADS.

W. A. Kent, Contact man, arrived here Tuesday at the end of an overland trip over difficult roads. The road, he said, is bad between Twin Springs and Rogers, and almost impassable from the Point ranch to Rogers.

Place tuning. Phone Logan's, 108.

Bickel School Bell To Be Put on Market

The big bell that in bygone days summoned pupils to the school of Twin Falls to their class room, the Bickel school bell, then, was the only school building, the district afforded, will be placed on the market and sold to the highest bidder, according to decision reached by the board of education at its meeting Monday evening.

The bell has not been used for several years. It is the only bell in the possession of the district and has been replaced by a system of gongs, which system also has been installed in three other school buildings erected here since the completion of the Bickel.

GRENZ ACCUSED AGAIN OF CRIME

Convicted Invader of Chicken House Now Held with Another for Loss of Harness

Fred Grenz, paroled under sentence of one to 15 years prison term for burglary, Buhl, has again been arrested at his home here Tuesday evening in connection with alleged theft of three sets of harness recently reported missing from Blackfoot. Earl Watson, 24, formerly a resident of the vicinity of Rogers, also is detained in connection with the same alleged theft.

Grenz was convicted in 1918, recently in the vicinity of Blackfoot and was summoned here about a week ago as witnesses for the defense in the case of Joe Nobel, charged with kidnapping 11-year-old Vernona Darling. According to Sheriff M. E. Finch and his deputies, by whom both arrests were made, Grenz was taken in custody after Watson, who was arrested in Buhl where he attempted to dispose of a set of harness, had made a full confession of guilt and involved Grenz. Grenz stoutly denied any part in the alleged offense, and did not change his attitude when confronted by Watson before the officers.

Grenz was convicted in district court here last spring on a charge of burglary alleged to have been committed about a year prior to that time when he is accused of having entered a chicken house and made away with some of its denizens. In the interval between the alleged raid on the chicken house in this county Grenz was convicted in Oregon of theft of turkeys, and was taken in custody by local authorities immediately upon his completion of a jail term in that state.

CANAL BOARD PUTS OFF DECISION ON MANAGER

Directors Hold Regular Monthly Session with President Absent; Annual Audit Meets Approval

Directors of the Twin Falls Canal company, a regular monthly meeting here Tuesday, with Carl J. Miller, president, absent in Walla Walla, Washington, because of illness in his family, took no action with respect to change in the office of general manager which is persistently reported to be imminent.

The directors received and accepted the report of John Wolfenden, accountant, of an annual audit of the company's books and records in wholly satisfactory condition, and proceeded to consideration of drainage projects recently approved.

It was stated that call probably would be issued for a special meeting of the board to be held soon after the return of Mr. Miller some time next week.

MEXICAN MOONSHINER DRAWS JAIL TERM AND \$100 FINE

Tomas Martinez, Mexican, pleaded guilty in district court here Tuesday to violation of the prohibition laws and was sentenced to serve 60 days in jail and pay a \$100 fine. Martinez was arrested recently when the sheriff and deputies raided his cabin near the sugar factory here and seized a warm still and eight gallons of its product.

WATERMASTER TO BE EJECTED

Election of a watermaster for water district No. 48 will be held in connection with the annual meeting to be held Monday, March 3, at Bonworth, according to advice received by C. G. Higgins, county auditor, from W. G. Swendson, state commissioner of reclamation.

COURT SUGGESTS CUT IN DAMAGES

Development Company to Be Granted New Trial Unless Judgment Comes Down

Unless Sarah E. Brackett and associated owners of cattle ranch land, inundated by construction of the Idaho Farm Development company's reservoir in the vicinity of Bonworth, consent within 30 days to remit approximately \$15,000 of a judgment awarded to them against the company in condemnation proceedings lately tried in district court here, the company's motion for a new trial will be granted on the grounds that excessive damages were awarded by the jury, according to a conditional ruling issued Tuesday by Judge W. A. Babcock.

Under the court's ruling Mrs. Brackett and other heirs of the late Ira Brackett would receive for lands actually taken for the reservoir \$231,850 instead of \$35,815 awarded by the jury, and for land not actually taken \$287 instead of \$410, a total reduction of \$9088. Frank Clark, associated with the Bracketts in this case, would receive for lands actually taken \$10,912 instead of \$21,556, and for lands not taken \$1400 instead of \$2500, a total reduction of \$8214. The Bracketts then would receive judgment for total damages in the sum of \$27,147, and Clark \$17,442.

The amount of the reduction prescribed by the court is approximately the same as the difference between the larger award given by the jury in the second trial of the case and the award given by a jury before whom the case was first tried about three years ago. Attorneys for the land owners are E. A. Walters, E. M. Wolfe and S. T. Hamilton, the company being represented by Edwin Snow, Boise, and Arthur W. Ostrom, Buhl.

EXAMINER ARRANGES FOR CONFERENCE WITH ALIENS

Del L. Sullivan, Salt Lake, United States naturalization examiner, in connection with his visit here next Saturday when several petitioners for American citizenship will appear in district court for final hearing, has arranged to conduct examinations, required under new regulations, in the case of aliens filing their first papers, according to word received by the clerk of the court.

Word to this effect has been sent to John Ernest Swenson, Joseph P. Correll, Joe Pryor, Samuel Bieder, who are expected to appear for preliminary examinations at this time. In connection with the examiner's coming visit attention again was called to the expiration on March 3, next, of the period during which veterans of the world war may become naturalized citizens under certain privileges and exemptions as to procedure. Veterans who wish to take advantage of these privileges are advised by the examiner to appear here Saturday with their discharge papers and accompanied by their witnesses.

BOYS BRING CITY PUBLICITY.

An International Boys' Week program for 1924, issued by the International Rotary clubs, copies of which have been received here by the local leaders of the Boy Scout movement, contains a full page picture of Twin Falls Boy Scouts who last spring served for a day as Twin Falls Mayor and municipal commissioners seated about the council table.

BUHL INVESTOR CLAIMS DAMAGE

Farmer Denies Liability on Note Given for Sugar Company Stock

Denying liability for payment of a note on which F. R. Cox, as receiver for the Idaho Co-operative Beet Sugar company, has instituted suit, Joseph Abbl, a Buhl farmer, is in an answer and cross-complaint filed Monday in district court here, asks not only that the note be declared void, but also that he be awarded judgment for \$1621. He asks for \$225, representing 75 per cent of the payment he made in cash at the time of executing the note in return for shares of stock of the co-operative company, and for \$1290 damages alleged to have been caused by failure of the company to fulfill its agreement to furnish beet seed for a 20-acre field which Abbl, after waiting until late in the season, planted to another crop.

Abbl, in his answer and cross-complaint that the co-operative company through its agent, early in 1920, represented to him that it would erect in Buhl a beet sugar factory which it proposed to move from Nevada at an estimated cost of \$500,000; that 65 per cent of the proceeds from sale of the company's stock would be placed in a trust fund until 65 per cent of the total amount required for erection of the factory had been subscribed. He alleges further that none of the company's stock was ever issued and that the company in March, 1921, went into the hands of a receiver.

Abbl is represented in his action by Attorney A. W. Ostrom, Buhl.
