AGREE TO URGENT ACTION ON NEW SCHEDULED BONDS

Measure Is Ordered Sent to the House Where Discussions and Vote Are Expected to Take Place Next Week

WASHINGTON, March 13 (AP)—The new schedule bonds bill was ordered sent to the house today by the ways and means committee and a plan was generally agreed upon to push the measure forward next week under a suspension of the rules which would permit a vote in one day and prevent amendments.

Finance committee members opposed the bill—Representatives Mills, New York; Treadway, Massachusetts; and Tilton, Connecticut, all republicans—and Representative Oldfield, democrat, Arkansas, reserved the right to object on the floor to omission from the bill of an option for full cash payments.

Provides Insurance.

The new measure, differing materially from the bill vetoed by President Harding, limits the bonus to paid up 20 year endowment life insurance policies, but provides cash payments to veterans entitled to more than \$50. The same basis of adjusted compensation allowed in the old bill, \$1 a day for home service and \$1.25 for overseas service is provided. In figuring the face value of the policy, however, 25 per cent is added to the adjusted service and added to the premium on the total amount compounded annually at four per cent for 20 years.

Loans Can Be Made.

Loans under the first two years would be allowed on the policies up to 90 per cent of the paid-up value. Revised estimates show the maximum total cost of the measure would be \$2,119,000,000 spread over a period of 20 years.

Chairman Green declared that careful inquiry had shown the cost could be met by the government from current revenue without additional tax. Chairman Madden of the appropriations committee had assured the committee, Green said, that the necessary funds for meeting the annual payments could be met out of the appropriations available as a result of the discussion within the next year or two of the vocational education and other war welfare programs of the government.

To bring the measure up under suspension of the rules, a two-thirds vote must be had. Little opposition, however, is expected.

The cost of the measure would be much less, committee members said, than the bill passed in 1922, which provided four options—cash payments to those entitled to more than \$50, adjusted compensation certificates similar to the present life insurance policies, vocational training aid, and farm or home aid.

England Intends to Raise Efficiency of Dominion Navy

Plans for World-Wide Fueling, Increase of Personnel and Ship Construction Draw Interest of Americans

LONDON, March 13 (AP)—Great Britain's policy of encouraging dominion navies of curbing out world-wide fueling plans, the increase of the naval personnel and construction of five cruisers and two destroyers are points in the 1934-35 naval estimates presented to parliament today which have attracted the attention of American naval observers here.

Estimates call for an expenditure of \$5,840,000 pounds, a reduction of 2,200,000 pounds as compared with the estimates of 1933-34.

In all points the estimates conform to the Washington treaty, it being explained that the capital ships to be scrapped under the treaty terms are in the hands of ship breakers with the exception of one, which is not fit for further war service and will be used for experiments before final destruction.

As for the Singapore base, an all-important issue in navy circles, large estimates for its construction are not mentioned, but funds for fueling purposes will continue to be available, while there is believed to be a possibility of a supplementary estate for the whole project if the labor government does not announce its abandonment.

FORTY-EIGHT MOROS DEAD

MANILA, March 13 (AP)—Forty-eight Moro outlaws were killed and a number wounded in a battle with Philippine constabulary forces at Danavilla, Lanao province, according to dispatches received here today. Lieutenant Algar and six constabulary soldiers were reported to have been slightly wounded. The three-mile battle was fought by Dan Santiago, who escaped during the fight.

Folks in Home Town Come to Defense of Daugherty's Regime

Thirty Leading Professional and Business Men Pledge Faith in Their Friend

WASHINGTON COURTHOUSE, Ohio, March 13 (AP)—Thirty leading professional and business men of this city, the home town of Attorney General Daugherty, tonight sent the following telegram to Chairman Brookhart of the senate Daugherty committee.

"In view of the testimony offered before your committee yesterday we reaffirm our faith in the integrity and uprightness of Hon. J. Edgar Hoover. We would welcome the opportunity to appear before your committee and give testimony concerning the attitude and views of the citizens of Mr. Daugherty's home community."

BRITISH VESSEL IS HELD BY U. S.

Government Demands \$1,000,000 Bond Before Orduna Sails; Order Officers to Trial

NEW YORK, March 13 (AP)—The government, which yesterday seized the Royal Mail liner Orduna, today demanded \$1,000,000 bond for permitting her to sail next Saturday, ordered her officers to trial tomorrow on liquor and narcotic charges and accepted pleas of guilty from two members of her crew.

The two who pleaded guilty were Ship's Stewardess, Charles Daw and his first assistant, Harry Oman. They confessed to smuggling into the United States liquor and narcotics, confiscated by federal district attorneys and special customs agents aboard the ship yesterday.

Federal Judge Garvin remanded the two for sentence next Wednesday, saying he would then consider any disposition the prisoners might submit.

Assistant District Attorney Clark later declared that the government's attorneys would facilitate his efforts to prosecute ship officials and confiscate the Orduna for violation of the country's laws governing the transportation of narcotics and liquor and the evasion of legal revenues.

While the cables were hot this morning with messages of explanation and instruction flashed between representatives of the Royal Mail line, in London, and Washington, D. C., Mr. Clark appeared before Federal Judge A. N. Hand to file a libel suit against the Orduna and demand her confiscation.

WILBUR ACCEPTS OFFER TO-BECOME NAVY HEAD

SAN FRANCISCO, March 13 (AP)—Curtis D. Wilbur, chief justice of the California supreme court, announced that he had received from President Coolidge a communication tendering him the office of secretary of the navy, made vacant by the resignation of Edward Denby, and that he had accepted.

BELIEVE VESSEL IS LOST

NANTUCKET, Mass., March 13 (AP)—The north shore of Nantucket Island today was found today to be strewn with wreckage. A name-plate picked up by a coast guard bore the name Wyoming. No bodies were found.

The guardmen believed the wreck to be the six-masted schooner Wyoming, which sailed from New York March 1 for African ports.

REICHSTAG IS DISSOLVED

BERLIN, March 13 (AP)—For the fifth time in Germany's history and the first time since the nation became a republic, the Reichstag was dissolved today, as calmly and quietly as it came into existence nearly four years ago.

Chancellor Marx read the decree to President Ebert which brought an end to the German parliament.

PASS CHURCH UNION BILL

WINNIPEG, Man., March 13 (AP)—The church union bill, combining the Methodist, Presbyterian and Congregational denominations, was passed by the Manitoba legislature tonight without division.

RATIFY SEIZURE TREATY

WASHINGTON, March 13 (AP)—The treaty between the United States and Great Britain authorizing search and seizure of suspected liquor craft believed to be the three-mile limit was ratified today by the senate.

PETER IS HELD TO COURT FOR MINE SWINDLE

Activities of Idaho Mining Company President Left Trail of Suicides and Destitute Homes, Witnesses Claim

NEW YORK, March 13 (AP)—Charles Peter of Salt Lake, president of the International Mawest Mining company of Portland, Idaho, was held in \$25,000 bail today on a charge of grand larceny in connection with alleged stock swindling. His operations were said by witnesses to have covered a period of nine years, to have extended from New York to California and to have caused suicides, insanity and destitute homes.

The specific complaint against Peter was filed by Peter Roeder of Brooklyn, N. Y., who testified that he had paid \$1500 for stock and that Peter had defrauded \$10,000 on Peter's representations that silver worth \$20,000,000 was ready to be shipped.

Charges that Peter had defrauded residents of San Francisco, Texas and St. Louis were made by John Chouteau, a Manhattan attorney who said he had practiced law in Oklahoma and other western states.

Assistant District Attorney Walter Hart said that Peter, among many conflicting statements, admitted that the stock had paid no dividends in the nine years he had been selling it and that shipment of \$4000 worth of ore in 1916 was the sole output of the mine. These assets were represented in equipment worth \$12,000 and the development value.

Mrs. A. W. Barnes of Wippany, N. J., who testified that she had invested \$1500 was among seven persons who appeared before Magistrate O'Neill and told of buying stock amounting in the aggregate to \$17,700.

ORDER CAP PISTOLS TAKEN TO STOP YOUNG BANDITS

PHILADELPHIA, March 13 (AP)—An order for confiscation of toy cap pistols was issued today by Captain of Detectives Souder, acting superintendent of police. Many complaints of juvenile "banditry" in which children have been robbing of small sums of money by others armed with toy pistols, were said to have been responsible for the order. All of the pistols in those displayed by children on the ground that their sale is forbidden by law.

Full Payments Must Be Made on Income Taxes Due March 15

House Fails to Effect Proposed Out in 1923 Rates; Reduction May Come Later

WASHINGTON, March 13 (AP)—Full payment must be made on income installments due Saturday, the house failing today to take any action on the proposed resolution to make effective immediately the proposed 25 per cent cut on income taxes payable this year.

The provision of the 25 per cent cut in the revenue bill already passed by the house, and if enacted into law, the reduction rate will be made on later installments. Reductions will be given for excess amounts paid on this installment.

GIVE EVIDENCE IN BRIDE CASE

Grand Jury Investigation of Charges Against Congressmen Begun by House

WASHINGTON, March 13 (AP)—Grand jury investigation of criminal charges involving two members of congress were begun today as a house committee attempted to get its bearings and chart a course of procedure.

Unknown to members of the committee, Assistant Attorney-General Spurner, William Smith and Davis appeared before the jury to present evidence developed before the Chicago grand jury which investigated alleged "veterans' bureau" frauds. With them was John W. H. Crim, special assistant, who was in charge of the government's case in Chicago.

Elias H. Mortimer, who offered testimony before the senate veterans' committee several months ago and before the Chicago grand jury, was one of the witnesses. Late in the day adjournment was taken until tomorrow when it was indicated Herman Gutzwiller of Newark, N. J., might appear.

Decision of Attorney-General Daugherty to proceed with his department's investigation of the charges brought to light in Chicago was at variance with his announced intention of dropping the case, if the house saw fit to conduct an investigation of its own.

IDAHO WEATHER.

Friday: Fair.

Involves Daugherty in Deals in Oil, Stocks, Fight Films and Rum

MELLON TAKES STAND ON TAX

Opposes Senatorial Plan of Curtailing Debt Reduction in Order to Lower Taxes

WASHINGTON, March 13 (AP)—Proposed by some members of the senate finance committee that the program of public debt reduction be curtailed to permit further reduction of taxes was opposed by Secretary Mellon.

The treasury secretary appearing before the committee, pointed out that such action could not be taken without changing the law and expressed further objection on the ground of its effect on government bonds.

Committee members favoring the idea suggested at the committee's executive session that the payments made by Great Britain and other nations on loans might be applied either to the reduction of a soldier bonus, when it was explained the law specified that such payments must be used to buy up bonds from which the loan money was obtained. It was suggested the law might be changed.

Chairman Smoot supported the proposition of Secretary Mellon that no change should be made in the program of retiring the public debt and in the end no well defined opposition to this stand developed.

The committee will proceed with consideration of the revenue bill with "under Secretary Winston of the treasury giving data on the condition of the treasury with a view to determining the exact amount of revenue the bill must provide.

Mr. Smoot said today it was expected to take up the rate schedules next week in committee and that probably final sessions would be held in an effort to speed up disposition of the bill.

TWELVE TOWNS IN RUINS

SAN SALVADOR, March 13 (AP)—Twelve villages in Costa Rica are in ruins and about 10,000 people are living in tents owing to numerous earth shocks during the present week. Altogether 420 shocks were felt. The village of Tausapechin has been abandoned.

Woman Springs More Sensational Charges Against Attorney-General; Mentions Huge Sums Paid in Cash

WASHINGTON, March 13 (AP)—More "deals" of a highly sensational nature—all represented as involving Attorney-General Daugherty—were alleged today before the senate investigating committee.

Again Miss Tozie Stinson, divorced wife of the late Jess W. Smith of Washington, continued the attack on the attorney general's "bump and grind," as the witness relating with accompanying indignation and inference, stories which she said Smith had related to her about "deals" in which Smith and the attorney general were engaged. She was accompanied by bodyguards, who were with Smith and Stinson from oil to shirts, and included prize-fight films, whiskey, various stocks, and a parole for a federal convict.

Was "Go-Between."

The most specific allegation in her testimony was that Smith had told her he was acting as a go-between for Attorney General Daugherty and certain motion picture companies seeking to exhibit the Carpentier-Dempsey fight pictures without incurring prosecution under the law which forbids transportation of such films in interstate commerce.

Smith told her, she testified, that he was acting as a go-between for Daugherty and Smith would receive \$10,000.

"Whether that was consummated or not I do not know," she said.

From that Miss Stinson's testimony jumped to another "deal" which Smith, she said, told her he was on between Daugherty and Colonel James G. Darden, said to be president of the Mutual Oil company. Darden's name also has figured in the Teapot Dome inquiry.

Darden, said Miss Stinson, had been, according to Smith, "trying to get some lease on land" through Washington prior to this administration.

Paid \$2400.

As a result of conferences at the mysterious "little green house in K street," Washington, and the "shark" near Washington Courthouse, she said, Smith told her he was owed jointly by Smith, Daugherty and others, Smith and Daugherty each gave Darden \$2400 for investment, according to the story which Miss Stinson said Smith related to her.

Then, according to the same story, details of which she did not know, they "dropped Darden with whom, she testified, she had a deal in an oil proposition or worst," Smith, she

(Continued on Page 4, Col. 3.)

Thousands Greet Denby With Cheers as He Comes Home

Deposed Navy Secretary Says He Is "Not Bowed in Shame Nor Seeking Forgiveness" from American People.

DETROIT, March 13 (AP)—"Ned" Denby, one time gunner's mate on the U. S. S. Yosemite, state legislator, congressman, three years secretary of the navy, a veteran of two wars and a hero in the marine corps—came home today.

Thousands swarmed the concourse at the Michigan Central station as the former cabinet officer arrived from Washington and the route to the city hall where the Denby party was welcomed by Acting Mayor Joseph A. Martin, was lined with people. An afternoon of receptions during which thousands reiterated to Mr. Denby their faith culminated in a banquet in his honor at which representatives of all political parties were present.

It was "more like a launching than a going into drydock," as one speaker said, noting the enthusiasm that greeted the mention of Denby's future political activity by the former secretary.

Mr. Denby read a prepared address. "I come home," he said, "neither asking forgiveness nor bowed with shame, but proudly to proclaim to you that I have done no wrong, nor ought that merits rebuke from you, my friends, nor from them, my ruthless enemies. If it were wrong to try to save that which I was charged to guard, then I have done wrong, not otherwise. If it be wrong to try to protect the homes of the American people from a foreign attack and to place this country in a position of defense, such as it has not had before, then I have done wrong, not otherwise.

PROPOSED FARM LOAN PLAN HITS SNAG IN SENATE

Refuse to Authorize Credit of \$50,000,000 to Spring Wheat Farmers, Despite Endorsement of Coolidge

WASHINGTON, March 13 (AP)—The senate, today, refused to authorize the proposed loan of \$50,000,000 to farmers of the spring wheat belt to finance their share in the poultry, swine and livestock industries.

In disposing of the proposed carried in the Norbeck-Burrows bill on the first of several special agricultural relief measures, the senate divided along geographical rather than party lines. The result showed 23 democrats and 13 republicans opposing and 20 republicans, 10 democrats and two farmer-labor members supporting the bill.

Leaders Reply. Leaders of the farm bloc insisted that the result of the fight for the Norbeck-Burrows bill did not indicate the senate's sentiment toward remaining relief bills. Many opposing members asserted, were based on the opinion expressed by Senator Glass, democrat, Virginia, and others that it was an attempt to put the United States treasury in the hands of the farmer and further on the objection that it was to be used to assist sharply delinquent areas.

The McNary-Haugen bill, scheduled to be the next considered, was expected by the farm bloc to escape criticism raised against the loan bill. It proposes the creation of a \$20,000,000 corporation to purchase the domestic surplus of every staple farm product when it falls below a "ratio price" and to sell such surplus abroad.

Debated for Seven Days. The final vote on the Norbeck-Burrows bill came after more than a week of continuous debate and attempts from both sides of the chamber to amend it in important details. A committee amendment, sponsored by Senator Harrison, democrat, Missouri, which added \$25,000,000 for loans to other one-crop sections, was the first to go. Today an amendment by Senator Bursum, republican, New Mexico, which would have added \$20,000,000 for loans to lands in distressed agricultural sections, was defeated without a record vote, as was also a substitute measure by Senator Howell, republican, Nebraska.

Need Many Field Men. Senator Howell said he recognized that the Norbeck-Burrows bill was "only a make-shift," but insisted the present emergency required prompt relief. Senator Wadsworth, republican, New York asked if anyone considered it possible to organize a corps of government inspectors "which would be able to keep track of this livestock scattered over five or six states."

"We recognize that difficulty," agreed Senator Howell, "and the substitute is intended to throw every precaution around the government funds."

PLAN SETTLEMENT. EUGENE, Ore., March 13 (AP)—A Czech-Slovak settlement may be established somewhere in southern Oregon in the near future, probably in the Rogue River valley, according to B. T. Hinzala, field representative of the American Czech-Slovak chamber of commerce, who has been inspecting sites for a colony in that part of the state. He also viewed conditions in Klamath county.

GERMANS FIND HUMOR IN FIRE. NEURUPPING, Prussia, March 13 (AP)—German cartoonists and humorists were provided with a new subject recently and worked it for some time. It was the destruction by fire of a factory where fire extinguishers were made.

GET GOOD BEET PRICES

President of United States Manufacturers' Association Sees Favorable Prospects for Coming Year

SALT LAKE, March 13 (AP)—Prospects for the best sugar industry in 1924 are exceedingly bright, as good prices are being received and manufacturers are optimistic, according to Stephen H. Love, of this city, president of the United States Sugar Manufacturers' association.

"Production in 1923 was about 775,000 tons," he said, "and the 1924 tonnage should be around 850,000 tons."

BODIES OF 33 STILL IN MINE

Rescue Work Still Hampered by Fires; Archbishop on Hand to Offer Solace

CASTLE GATE, Utah, March 13 (AP)—Archbishop Peter Pamasani-Bonds, apostolic delegate of the Catholic church in the United States, with headquarters at Washington, D. C., late today reached this little coal mining town where last Saturday three explosions in Utah Fuel company mine took the lives of 173 miners.

The announced purpose of the archbishop's visit is to offer solace to dead miners' families and alleviate the suffering of all found in dire circumstances. With him are his secretary, the Rev. George Leach, and the Right Rev. Joseph S. Glass, bishop of the diocese of Salt Lake.

A special committee appointed by Governor Charles R. Mabey of Utah also is here to conduct a survey of conditions. This committee will report and make recommendations for the handling of cases of those found in want.

Rescue workers' accomplishment very little today because of several fires in the ill-fated mine, and up to early tonight only 128 bodies had been recovered. On the basis of official figures giving 173 men in the mine when the blasts occurred and on the accepted theory that all are dead, this leaves 35 bodies yet to be found.

The cause of the explosions has not been determined and in the opinion of many it never will be. It is considered quite improbable that the task of thorough exploration of the mine will be completed before next Saturday night at the earliest.

There were more funerals here today of victims of the disaster. Yesterday 41 dead miners were buried at Price, Utah, near at Helper, Utah, and seven in the local cemetery located at the very mouth of the mine in which they met death.

ARE YOU FAT? JUST TRY THIS

Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription. If too fat, don't wait—go now to your druggist and for one dollar, which is the price the weight over, procure a box of these tablets. If preferable you can secure them direct by sending price to the Marmola Co., 4012 Woodward Ave., Detroit, Mich. They reduce steadily and easily without strenuous exercise or starvation diet and leave no unpleasant effect.—adv.

COURT BLOCKS WORK AT DOME

Temporary Injunction Granted Government; Halt Called at Leased Oil Properties

CHEYENNE, Wyo., March 13 (AP)—All drilling operations of the Mammoth Oil company on the Teapot Dome oil reserve are halted and the operation of existing wells is reduced to a minimum deemed necessary to prevent loss or damage under the terms of a temporary injunction granted today by Federal Judge T. Blake Kennedy at the request of the United States government.

Judge Kennedy appointed Rear Admiral Joseph Strauss of the United States navy, and A. E. Watts, vice president of the Sinclair Consolidated Oil corporation as joint receivers to take charge of the properties and seal off from producing wells pending the final settlement of the government's suit for annulment of the lease of the reserve to Harry F. Sinclair and the Mammoth Oil company.

The injunction receivership were granted by Judge Kennedy after a preliminary hearing which followed the filing of the bill of equity in which the government alleges false representations in the transfer of the Teapot Dome reserve from the navy to the interior department and also charges fraud in the execution of the lease to the Sinclair interests.

JAPAN DROPS 53 GENERALS. TOKIO, March 13 (AP)—The final list of Japanese army officers dismissed as a part of the army limitation policy adopted by the government in 1922 has been published. It includes 13 lieutenant generals, 40 major generals and 380 colonels.

These are the last of the 1800 officers dropped in the reduction of the land forces, the dismissals having spread over nearly two years. The reduction also decreased the standing army by 56,000 enlisted men. The peace strength of the Japanese army is now approximately 250,000 men.

A Banker's Grace. A gentleman in the banking line was asked to say grace, and this is what he said: "Dear Lord, we thank Thee for all Thy favors of recent date. Permit us to express our heartfelt gratitude. We trust that we may continue to merit your confidence and that we shall receive many more blessings from you in the future. Amen."

CARD OF THANKS. We wish to express our thanks to our friends and neighbors for their kindness and for the floral offerings which express their sympathy in the loss of our husband and father. MRS. ETNA KERR, VICTOR KERR, CLELL KERR, CHESTER KERR.

Piano tuning. Phone Goggs's, 10—adv. TWO TO-NIGHT for loss of appetite, bad breath, coated tongue, biliousness. Without gulping or nausea. CHAMBERLAIN'S TABLETS Set your liver right—only 25c

Attention, Beet Growers

The success of the Factory is dependent upon the success of the grower. These few remarks are offered in the interests of both, and in pursuance of a policy designed to offer every assistance in our power to the men who grow the beets.

JAMES SCILLEY, District Manager.

NOW is the time to get busy on the land.

Fall plowed land or potato ground should be gone over and seed bed prepared by spring-tooth harrow, or disc, then floated so that low places in field where dry ground has been dragged will have a chance to get soaked up with any moisture we may get, thus insuring an even germination of seed, also to start weeds, then worked again before planting to destroy weeds.

Experience has proved that beets planted the latter part of March or early in April has made the best tonnage.

Drills should be examined to see that each shoe is depositing at the same depth. Each time a turn is made in the field see that shoes are not clogged up. Do not plant more than one and one-half inches deep. A good seed bed well packed and seed evenly deposited at the proper depth will go far to insure a satisfactory crop. All spring plowed land should be worked down, corrugated and irrigated before planting.

Clover and alfalfa ground should be crowned as shallow as possible to cut off crowns properly, then harrow and leave long enough to get crown dried up, then plow about seven inches deep, irrigate and plant as above.

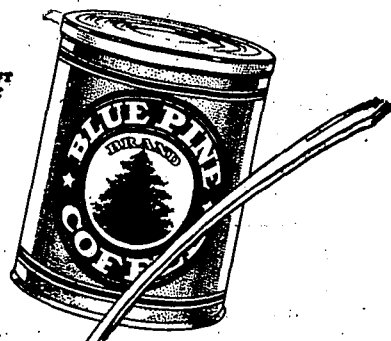

This work should be done so beets can be planted by the 20th of April, and if possible by April first. Do not plant on smooth surface. Always harrow ahead of planter.

ROOSEVELT PUT UNDER FIRE OF OIL COMMITTEE

Walsh Criticizes Acting Secretary's Order for Marines to Clear Teapot Dome of Trespassers in 1922

WASHINGTON, March 13 (AP)—Theodore Roosevelt, acting secretary of the navy, came under fire again today before the oil committee.

His order sending a detachment of marines to Teapot Dome to clear it of "trespassers" in the summer of 1922, four months after the reserve had been leased to Harry F. Sinclair, was characterized by Senator Walsh of Montana as an "outrageous use of the military power."

Secretary Roosevelt also was asked about the circumstances under which he requested Sinclair to give employment to his brother, Archie, whose startling story to the oil committee led to the most sensational disclosures of the huge investigation. He explained that when Archie returned from the war in 1919 he either saw or telephoned Sinclair asking that he employ Archie.

Salary \$15,000.

"What was his salary?" asked Senator Dill, democrat, Washington.

"Ten thousand dollars a year at the start," said Secretary Roosevelt. "I think that was increased to \$15,000 later on."

Secretary Roosevelt told the committee that his order for the marines to clear Teapot Dome had been issued at the request of Albert B. Fall, then secretary of the interior, under what he understood was an agreement between Fall and President Harding.

Questions Leases.

This brought from Senator Walsh the charge that Fall and Sinclair wanted the marines used because if they reacted to civil action the validity of the Sinclair-Fall lease would come under review by a court.

"The thing in my mind then was the protection of naval property," Secretary Roosevelt said in explaining why he ordered the marine detachment under Captain George K. Shuler to Wyoming. He confirmed this by a reference to an entry in his diary made the

COLLEGE MEN HEAD GOLD RUSH OF '40, EXPERT SAYS

"The pioneer of western pioneers was a rude son of toil, but a man of thought, trained amid arts and letters,"—P. Parkman.

This adequately and eloquently describes the pioneer who blazed the trail to the west and made possible the building up of this great nation. These men, many of them college graduates, who left their homes in the east when gold was discovered in California in 1849, and braved the dangers of the prairie with its desert sands and Indians to build up a new country, are worthy of consideration.

A few of them have been made famous but the thousands who gave their lives in the mad rush of those early days remain unnamed even in the most sensational literature. It was to honor these and present that period in its true colors that Vitaphone pictures "Pioneer Trails," a David Smith production, which will be shown at the Orpheum theater today.

NOTED PLAYERS IN PICTURE.

The featured players in George Melford's Paramount production, "Pioneer Trails," which is being shown at the Idaho theater today, are: Jacqueline Logan, Antonio Moreno and Walter Ogle. The cast also includes Charles Ogden, Robert McKim, Luke Cosgrove and Nathan Rogers. The scenario was prepared by Harvey Thew from the original screen story written by Byron Morgan.

"THE WHITE SISTER" TO BE SHOWN HERE.

"The White Sister," Lillian Gish's greatest success, will be shown at the Idaho theater, beginning Monday. "The White Sister" was made entirely in Italy, in the exact locations designated by P. Marion Crawford in his famous novel from which the picture was adapted. It was produced by Henry King for Inspiration Pictures and is released through Metro.

day of the order, July 20, 1922.

Senator Walsh in several statements to "the gentlemen of the committee" declared the property had passed out of the possession of the navy department to Sinclair and that in any event resort should have been made to the courts.

LEWISTON READY FOR REPUBLICAN STATE CONCLAVE

Plans Complete for Convention March 25 to Name Delegates; Extensive Entertainment Program Outlined

LEWISTON, Idaho, March 13 (Special to The News).—The plans are complete for the republican state convention to be held here on March 25 to name delegates to the national convention.

Reports received indicate the republican leaders are planning on making this first convention one of the important party gatherings of the year to discuss issues and formulate plans for the later nominating convention and it is not improbable that the question of state candidates will receive considerable consideration at the Lewiston meeting.

The Lewiston State Normal school of having this party meeting called here and while they will have no suggestions to make relative to the convention program, the Lewiston people hope to provide entertainment and diversion for the delegates that will make their visit to this part of the state well worth while.

A special committee is busy with the organization of a cabaret program to be given during the dinner hours at the Lewis-Calk hotel where the convention will be held, and another committee is busy in organizing side trips that will be of interest to delegates from remote sections of the state.

The Lewiston State Normal school has extended a very cordial invitation for delegates and party leaders to visit that institution during their stay here and the Lewiston people are co-operating with Moscow to the end that the delegates may have the opportunity of visiting the University or Idaho while that institution is in session.

ADOPT NOVEL METHOD TO GET LIQUOR EVIDENCE

BELOIT, Wis., March 13 (AP)—The old fashioned medical stomach pump was responsible today for the arraignment of ten Beloit men charged with selling intoxicating liquor. Bonds of \$1000 were furnished for each man. The stomach of an operative working under the direction of the police department, was pumped before and after the alleged sale of intoxicating liquor took place.

SWISS ELECTRIFYING RAILWAYS

BERNE, March 13.—The electrification work of the Swiss national railways has passed the halfway point. About 300 miles have been completed with about as much more to be electrified.

KENYON PASSES CABINET OFFER

Federal Judge Turns Down Coolidge's Tender of Secretaryship of the Navy

WASHINGTON, March 13 (AP)—President Coolidge's tender of the navy secretaryship was declined today by Federal Judge William J. Kenyon and the chief executive prepared to offer the portfolio to Chief Justice Curtis D. Wilbur of the California supreme court.

Judge Kenyon himself, announced the declination, declaring in a formal statement that he could not "escape the essential qualifications or training for the office."

The statement was issued after Judge Kenyon had indicated to the president that his reply to the tender would have to be a declination and that he had reconsidered his decision and the earnest reasons of Mr. Coolidge.

The recent declaration brought the former Iowa senator to the same conclusion.

Should Chief Justice Wilbur accept the naval portfolio and take on his office of attorney general become vacant within the next few months, it is believed here that Judge Kenyon will be tendered the latter place.

Some of his close friends feel that he would accept the attorney generalship.

In addition to Chief Justice Wilbur, President Coolidge also has on his list of those being considered for the navy place James E. Davidson, republican national committee man from Michigan, and George E. Post, former representative from Illinois.

Is a Gland Operation Necessary?

By a new discovery the life giving gland substance which is sometimes administered by expensive operations may now be supplied in tablet form. This treatment is highly recommended by European and American scientists, who have proved that the internal administration of gland extracts has a very marked effect upon the corresponding glands of the human body, often rebuilding them to normal activity.

Such a treatment is now offered to the public in the form of Glandogen, a highly concentrated glandular tonic, in convenient tablet form, prepared from pure glands of healthy young animals and compounded with other valuable ingredients. Glandogen is obtainable at Schramm-Johnson Drug Company. Mail orders given prompt attention.

Coats:

Everywhere we are hearing good things about the Palmer garments. We appreciate these statements, and while we know that we are giving you splendid values, we feel that there is just one way to satisfy yourself as to the style and quality of these goods, that is to come in and try them on. The coats are wonderful. You saw a few of them at the Style Show last night, but we have many others equally good-looking, which must be seen to be appreciated. If you are looking for a dress coat or a sport coat, we have them. Plain colors, plaids, stripes, in all the popular shades.

\$15.50 to \$100

TROY DEFEATS TIMES SQUAD

Record Shattered for Single Game by Printers; Bailey Places High

The moral to be learned from Thursday's game of the bowling league is that it takes more than one good game to win a tournament. The Times unconditionally smashed a record in the first game, but the effects wore off in the last two and they ended the evening with scores ranging from 135 to 160 with a total of 721.

The first game in the feature, The News' former record of 970 pins for a single game fell far short before the onslaught of the rival printers, three of whom above 200 and the others not far from the mark, with the final count reading 1020, just 44 pins better than the News score.

The laundry count of 903 was far from poor in this contest, but it was in the second encounter that the cleaners showed their stuff by smashing out 912, which was just 96 pins better than the print shop count. In this game, Trill, who had been in the high score for the evening with 233.

The Times team took to still greater depths in the final game, which also went to the laundry, where it was nicely taken care of by a simple little count of 802-721, in which King and Bailey predominated.

Bill Bailey was not so much for this bowling placed him high with 279 for a total when the final reckoning came with Trill's 233 game placing him high with 271.

The honors were well divided in Thursday's games, which leaves four teams well in the running for the championship. The teams with good chances are the Troy Laundry, Times, Idaho Theater and Sugar Factory.

Team totals were: Times 2387; Troy Laundry 2017. The averages: Troy Laundry 174, Times 172.

FAST GAME ON SCHEDULE BETWEEN GIRLS' TEAMS

Van Patten Reports Everything in Readiness for Session Friday Evening Between Jerome and Buhl

Buhl, March 13 (Special to The News).—Everything is in set for the Jerome-Buhl girls' basketball game Friday evening, announces M. M. Van Patten, who states that already the Jerome high school has reserved a seating section for 200 with every prediction for a crowd that will fill the Buhl gym to capacity.

The district declamatory contest to be held immediately after the game also promises to draw a large crowd to the affair, which is scheduled as a state championship engagement for the co-ed teams.

Thursday the Buhl squad with Coach Barry were guests of the Buhl-Rotary club at the weekly luncheon of the Buhl business men, who are actively supporting the fair basketball-tossers.

Coach Barry, whose guidance the Buhl team has made such an enviable record, announces that the lineup against the Jerome girls will be: Hayes (captain) and Baker at guards; Ralph at forward; and Smith at center. The contest will be decided between Cox, Dingman and Metz. The Jerome co-eds will arrive Friday morning.

FIRPO BOUT POSTPONED

Battle Between South American and Luis Suffers Slight Illness At Buhl Is Put Off Until April 5

BUENOS AIRES, March 13 (AP).—The 15-round boxing bout between Luis Firpo and Al Reich of New York has been postponed until April 5. The postponement was at the request of Firpo who is suffering from soreness of a muscle in the left arm, developed after his recent fight with Eganista Spilla.

Firpo today said he considered Reich a more dangerous man than Spilla and that he desired time to put himself in the best of condition.

REDS' CHANCES GOOD. NEW YORK, March 13 (AP).—The death of Pat Moran, miracle man of the Cincinnati club of the National league, is unlikely to jeopardize pennant prospects of the Reds in the opinion of John A. Heyler, president of the league. He expressed this view today before departing on a two weeks' tour of the six National league camps in Florida.

Remember Your Friends. "Forgive yoh enemies," Uncle Eben "but don't get so infatuated about it dat yoh forgave yoh friends."

BETTER HEALTH SERVICE

Public Health Is Public Wealth

Issued by the Public Health League of Idaho

THE BABY AND THE SAFETY PIN.

Many a baby has swallowed a safety pin. Some of them have swallowed a tack or a nail or an unwashed nickel or penny. Fish bones, chewing gum, pieces of broken toys, pencil stubs, toothpicks and pins appear to be favorites with the little tot who has the desire to put things in his mouth and find out what he can about them.

Once he gets a pin or some such object in the mouth and it reaches the back of the tongue, down it goes. A small object like a pin or a nail is often inhaled into the mouth. If of the right size and swallowed, it is stopped in the gullet and the child chokes. If inhaled it reaches the windpipe or lungs. A suffocating condition results and serious danger is involved.

Formerly little could be done for these accidents. However, recent developments of this phase of surgery have been remarkable. By illumination of the interior of the body and the use of cleverly devised instruments and delicate manipulation of them, it is possible to pass instruments down through the windpipe and seize and

INVOLVES DAUGHTERY IN MANY CHARGES

(Continued from Page One)

testified, had told her. From that point the testimony jumped to an alleged "deal" to get a parole for a "Mr. Solomon," a brother-in-law of Dr. Weber, the actor.

Miss Stinson testified that she was in New York with Smith when they met Weber. Smith and the actor, she said, discussed the possibilities of getting a parole for Solomon. The conversation, she said, was "about fixing it with Daugherty."

"Was there any reference to any money transactions in it?" asked Senator Wheeler.

"He (Smith) said," testified Miss Stinson, "he (Weber) is awfully cheap. He wants something for nothing. I don't know whether we will do anything for him or not."

Had \$75,000. From that, Miss Stinson's testimony turned to meeting Smith at Washington Court-house, where he had just arrived from Washington with 75 one-thousand dollar bills in a belt around his waist. Where he got it he couldn't tell her, she said, and she didn't fix the date.

"Did you ask him about them?" "No. That was after I stopped wanting to know things."

"He brought money from when he brought money with him?" "From Washington."

"Then, after telling to illustrate the devotion of Smith to Daugherty, he said, 'I don't know what I'm doing. Daugherty first refused to come to his side and finally did come to be present at Smith's operation for appendicitis, the subject of whiskey came into the inquiry.'

Senator Wheeler wanted to know if Miss Stinson knew of any specific deals in whiskey in which Daugherty and Smith were engaged. She said she knew of no specific deals, knew "just generally," but added:

"They had plenty of liquor at their disposal." Smith, she said, brought "large quantities of it" to Washington Court-house for his own use; that in fact, Daugherty had been with Smith when he arrived with suitcase full of it, and that Smith had given some to the attorney general, to himself and to other friends.

"Why, he brought it in a case larger than this table," said the witness, indicating a small table before which she was seated.

"Just a week-end supply," observed Senator Moses.

The Miser. The man who enslaves himself to his money is proclaimed in our very language to be a miser, or a miserable man.

U. P. PLANS TO BRING SETTLERS

Big Rail System Cuts Fares and Announces Intention of Inducing Westward Move

OMAHA, March 13.—A plan to place desirable settlers on the large areas of fertile land tributary to the Union Pacific system was announced here today by H. M. Adams, vice-president of the Union Pacific in charge of traffic. "Selective Colonization" is the name given to the plan, according to the announcement, as only read home seekers with some means will be encouraged to locate.

Reduced round trip rates of one fare plus two dollars are being established, tickets to be sold on specified dates from March to November. Liberal appropriations are being made for advertising and inquiries will be thoroughly investigated and followed by field representatives of the railroad. Helpful co-operation will be given in meeting the wishes of the prospective settlers as to the kind of land and type of home surrounding desired, and in assisting in the movement of household goods and livestock from the old homes to the new.

Lead Assistance. Arrangements will be made to put the new settlers in touch with county agricultural agents, superintendents of schools, home demonstration agents, ministers, and any agencies which may be formed to give the newcomers a welcome, to assist them in getting started and to keep in touch with them through the formative period.

"The Union Pacific system is entering upon this work with confidence and enthusiasm," said Mr. Adams, "in the belief that many useful citizens will come to our communities and become permanent residents, and that the states, counties, cities and towns will supplement our efforts with their own. We must make the settler feel that the move means as much to him as to us. Tributary to our lines are millions of acres of improved and unimproved land which should be converted into farms where diversified farming, dairying, hog and poultry raising can be successfully carried on."

Says Idaho Should Profit. "Idaho by reason of its advantages in the way of a long growing season, rich soil and abundant water, should profit greatly by this joint effort of the railroad and the communities. The railroad has no land to sell, nor will its representatives make sales of any kind. The work will be under the direct supervision of Robert A. Smith, supervisor of agriculture at Omaha, and C. C. Gignoux, assistant supervisor of agriculture, who will devote his entire time to field work. Established traffic representatives of the company will also assist settlers at both ends of the journey."

If your property is desirable and is advertised in the classified-you'll find your buyer.

SCHOOL OFFICIAL RESIGNS

Superintendent at Buhl Notifies of Intention to Resign Position; Successor Not Selected

BUILT, March 13.—(Special to The News).—J. Henry Allen, for the past five years superintendent of the Buhl schools, has tendered his resignation, effective next June when his present term expires. No reason for Mr. Allen's resignation was given. The new superintendent has not yet been named.

FUNERALS

SHRIVER.—Funeral services for William R. Shriver, whose death occurred Wednesday at his home, 220 Ramona street, will be held at 2 o'clock Saturday afternoon in the J. E. DeWitt chapel and will be conducted by the Rev. W. W. Burke of the Christian church. Mr. Shriver was 61 years of age and had been a resident of Twin Falls for 15 years. Besides his parents, Mr. and Mrs. Owen Shriver, Mr. Shriver is survived by one son, Leo Shriver, Portland, and three daughters, Mrs. Lola Curtis, Portland; Mrs. Marie Constable, Buhl, and Mrs. Clyde B. Monroe, Lava Hot Springs.

HOW TO MAKE A BILLION

In a newly issued booklet, North-
western University tells the American
people how to make a billion dollars
a year—or what is the same thing, how
to save it. The process is simple.
Just keep well.

A billion dollars, says the univer-
sity's medical authorities, is a mod-
erate estimate of the annual cost of
illness in the United States. In Illi-
nois alone there are two hundred
thousand persons regularly on the sick
list, and in the whole country, more
than three million. To bring the cost
of this wastefulness down to compre-
hensible figures, it is about five hun-
dred thousand dollars an hour.

A billion dollars a year, it may be
observed, is fair interest on a prin-
cipal of twenty billion dollars. Thus,
if we merely stopped being sick, it
would amount to cancelling our national
debt, or making ourselves a
present of about one thousand dollars
per family.

It is worth while to be well! It
certainly is, from the purely material
point of view. And most people will
agree that the pain, discomfort, bore-
dom and general objectionableness of
being sick are worse than the eco-
nomic loss. Health is literally price-
less. There is respectable religious au-
thority for the statement that one can-
not even be a good man without health,
because genuine virtue requires energy
of body and mind.

But what can be done about it? If
preventive measures could be made
available for the poorest communities
as they are for the best, say the au-
thorities referred to, "a reduction of
from ten to twenty-five per cent could
be brought about in annual illness. At
least one hundred million dollars of the
money lost each year in illness could
be saved. Moreover, almost two hun-
dred fifty thousand deaths could be
prevented."

This means more public attention to
health. Still larger gains might be
made if individuals in every commu-
nity would live up to the simple health
rules they know but fail to practice,
regarding diet, ventilation, exercise,
sleep, and the avoidance of contagion.

A REMEDY FOR HATRED

The director of a big charity society
urges community singing as a means
of overcoming hate. Music, he ex-
plains, is the common language which
breaks down barriers of class and caste
and transcends the differences of
race, color and religion.

"The world is in a turmoil of self-
ish differences," he continues. "Men's
minds, where self-interest reigns, are
ruling their hearts. We are losing
our standards, our ideals, our spiritual
communities between men and nations.
Music stands foremost among the arts
which hold by a universal appeal. Men
are led much more by feeling than by
reason. Men singing together cannot
hate one another."

But experience has shown that men
singing together can hold hate against
other groups of men. Is the German
"Hymn of Hate" forgotten?

Whether music will wipe out selfish-
ness, suspicion, misunderstanding and
hatred on a scale broad enough to
benefit mankind in general obviously
depends very much on what the sing-
ers sing.

Horses Appreciate Smudge Fire.
Jack horses used in the Canadian
safari party which mapped the land
north of Athabasca Landing, Alberta,
did not need to be taught what a
smudge fire was for. The moment it
was started they crowded up into the
smoke and escape from the flames.
This made it easy to round them up
for the next day's journey.

Dreamland Adventures

DR. JACK
BY DADDY

Jack and Janet play doctor and
nurse. They are called to see Lone-
some Bear, who has a toothache.
Then take him to see a dentist, but
the dentist, scared at the sight of the
bear, runs away.

CHAPTER V.

Jack Turns Dentist.

JACK and Janet laughed and laughed
as they saw Dr. Pullum, the den-
tist, running as if for dear life. The
dentist looked very funny, indeed,
racing through the snow, with his
white jacket flapping behind him.
But Lonesome Bear didn't laugh. He
had such a bad toothache all he could
do was to groan and moan.

"Come back, Dr. Pullum," called
Jack after the dentist. "Come back,
Lonesome Bear will not hurt you. He
only wants an aching tooth pulled."
But Dr. Pullum did not come back.
He ran and ran until he was out of
sight.

Hoppy Hop Rabbit looked at Jack.
"Why don't you pull Lonesome Bear's
tooth?" he asked. "You are a doc-
tor."

Jack thought that a good idea. The
dentist's forceps were on a swinging
stand beside the dentist's reclining
chair. Jack picked them up and
tossed the handles together. He liked
the way they worked. It would be
interesting to play he was a real den-
tist and pull Lonesome Bear's aching
tooth. Besides he would be doing a
favor to poor Lonesome Bear.

"Get into the chair," said Jack to
Lonesome Bear. The big bear obeyed,
climbing his huge frame gingerly into
the cracking chair. Janet, as nurse, put a
clean towel around his neck. Jack
climbed on an ordinary chair in order
to be high enough to reach Lonesome
Bear's head.

"Open your mouth wide," ordered
Jack. Lonesome Bear stretched his
great jaws apart. Jack could see
plainly the aching tooth with the

That sight was comical.

gums swollen around it. Jack got a
good grip on the forceps. He put them
into Lonesome Bear's mouth. He tried
to grip the aching tooth in their steel
jaws.

But the instant the steel touched
Lonesome Bear's aching tooth Lonesome
Bear gave a great roar and jerked
away.

"Wau-ah! What are you going to
do with those awful pinchers?" he
howled.

"Why, I am only going to pull your
tooth," replied Jack, steadying him-
self on his chair. "Open your mouth
and hold quiet a minute. I'll have that
tooth out in a jiffy."

Wau-ah! I don't want it out," howled
Lonesome Bear. "My tooth
doesn't ache any more. I am going
home."

And what did Lonesome Bear do but
jump out of the dentist's chair and
start for home. And after him went
Jack, still holding the forceps. He was
chasing Lonesome Bear just as the
dentist had chased Jack. The sight
was so comical that Janet and Hoppy
Hop Rabbit could not help laughing.

"The funny way in which Jack
finally pulls Lonesome Bear's
tooth will be told in the next
chapter."

Breakfast Food
"Matrimonially Speaking"

BY MRS. HUGH MCKAY

My husband's language is not always
what it might be.

For a man who's spent most of his
life in a city, he certainly has col-
lected a lot of open air, he-man repa-
rations.

When he cracks his head after
limbing under the bed for a wan-
dering collar button, he says a few
words that would make a cow ranch
man look like a "chatterbox."

They way he can talk to a stallion
or would make Simon Legree throw
away his whip and join the Girls'
Friendly Society.

When we were engaged Hugh never
permitted himself more than a few
"cherries" and "goshes." But now
that he knows me better and that I
never, he gives me the best of all the
words in the Webster's Dictionary.

"I'll have to give him credit—he
doesn't swear often. But when he does
—he's thorough!"

Tomorrow: "My wife expects
me to eat up her left-over party
food."

(Copyright, 1923, by Public Ledger Co.)

IF RHEUMATIC
BEGIN ON SALTS

Says You Must Keep Feet Dry,
Avoid Exposure, Eat
No Sweets

Stay off the damp ground, avoid ex-
posure, keep feet dry, eat no sweets of
any kind for a while, drink lots of
water and above all, take a spoonful
of Jad Salts occasionally to help keep
down uric and toxic acids.

Rheumatism is caused by poison
toxins, called acids, which are generat-
ed in the bowels and absorbed into the
blood. It is the function of the kid-
neys to filter this acid from the blood
and cast it out in the urine. The pores
of the skin are also a means of free-
ing the blood of its impurity. In
damp and chilly, cold weather the skin
pores are closed, thus forcing the acids
to do double work; they become
weak and sluggish and fail to elimi-
nate this poison, which keep accumu-
lating and circulating through the sys-
tem, eventually settling in the joints
and muscles, causing stiffness, sore-
ness and pain, called rheumatism.

At the first twinges of rheumatism
get from any pharmacy about four
ounces of Jad Salts; put a tablespoon-
ful in a glass of water and drink be-
fore breakfast each morning for a
week. This is helpful to neutralize
acidity, remove bodily wastes and also
to stimulate the kidneys, thus helping
to rid the blood of these rheumatic
poisons.

Jad Salts is inexpensive, and is made
from the acid of grapes and lemon
juice, combined with lithia, and is used
with excellent results by thousands of
folks who are subject to rheumatism.

(Continued)

"It's bad business, and especially for
you," said Preston. "Dueling is not
so much in favor here as in France.
Of course there are duels, but the best
people in French are not against the
practice. You would be sure to get
the worst of it. The old general is a
favorite of the king. He is booked
for knighthood. If you were to kill his
son in the present state of feeling here,
your neck would be in danger. If you
were to injure him you would have
to make a lucky escape, or go to prison.
It is not a pleasant outlook for one
who is engaged to an English girl. He
has a great advantage over you."

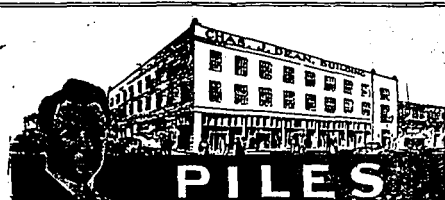

Captain Preston went with Solomon
Binkus next day to the address on the
corner of Boulevard Clarke. It was
the house of the general, who was
waiting with his son in the reception
room. They walked together to the
Antak club. The general was self-
contained. It would seem that his had
opinion of Yankees was not quite so
comprehensive as it had been. The
whole proceeding went forward with
the utmost politeness.

"General, Mr. Binkus and John Irons,
Jr., are my friends," said Captain
Preston.

"We are to get out quickly under
the others," said the captain. "They
will follow in five minutes."

NEW LAMP BURNS
94% AIR

Beats Electric or Gas

A new oil lamp that gives an amaz-
ingly brilliant, soft, white light, even
better than gas or electricity, has been
tested by the U. S. Government, and
35 leading universities and found to
be superior to 10 ordinary oil lamps.
It burns without odor, smoke or noise
—no pumping up, is simple, clean,
safe. Burns 94% air and 6% common
kerosene (coal oil).

The inventor, W. E. Johnson, 161
North Union Ave., Portland, Ore., is
offering to send a lamp on 10 days'
FREE trial, or even to give one FREE
to the first user in each locality who
will help him introduce it. Write him
today for full particulars. Also ask
him to explain how you can get the
agency and, without experience or
money, make \$250 to \$500 per month.

BRIEF RALLY FOLLOWS
DROPPING IN PRICES

Lowest Prices Recorded Since Last August 7; Abandonment of Belief of Shortage Is Bearish Factor

CHICAGO, March 13. (AP)—Wheat today fell to the lowest price since August 7, last, but rallied somewhat when word came that 2,000,000 bushels of Canadian wheat had been bought for shipment to Europe. Abandonment of belief in a shortage of domestic supplies of the Rockies was a leading factor. Wheat closed unsettled 1-2 to 7-8 net lower, May \$1.06 and July \$1.05-5-8. Corn finishing down 3-8 to 1-1/2 advance and provisions 2 to 2 1/2 down.

Liquidating sales on the part of holders of wheat outweighed every other consideration in the wheat market during the first half of the day. Evidence was at hand in this connection that disappointment was keen over government reports failing to limit the domestic shortage theory, which for months has been one of the big props of the bull side of the market. As a result no adequate support for prices developed until May delivery had touched as low as nearly \$1.05, a level within 1-8 of the season's bottom figure, and 7-8 under last year's high point.

In addition to the large purchases of Canadian wheat for Europe, a little export business was done here, the first in some time. Crop complaints from states east of the Mississippi also were noted, but for at least the time being were treated as of only passing moment.

Vigorous buying rallied corn and oats from moderate declines in sympathy with wheat. Arrivals of corn in the market were reported to be small, and seedling were current. Traders virtually ignored talk of substituting rye for corn, though rye was selling here at the lowest price this season.

Producers selling weakened the provision market.

TESTS REVEAL IDAHO CATTLE IN NEW LIGHT

Federal and State Veterinarians Urge Purchase of Native Stock in View of Tuberculin Test Results

A not too recent for the work in Idaho was subjected to tuberculin tests by federal and state veterinarians co-operating, and only 25 of the tested animals were found to be infected with tuberculosis, according to statement of Dr. W. A. Sullivan, director in charge in Idaho of federal bureau of animal industry activities, and Dr. Wendell R. Smith, state veterinarian, who arrived here Thursday to confer with the county agricultural agent relative to beginning the "area drive" tuberculosis tests in this county about April 1.

In view of the results of the tuberculin tests throughout the state, Dr. Smith said, the results justify justification for agitation for purchase of Idaho cattle, especially by Idaho breeders and dairymen. The record made in the tests last month is reassuring not only because of the great number of cattle tested, but because of the small number of reactors discovered.

Work in Banrock
Approximately 12,000 of the cattle subjected to the test in February were in herds in Banrock county, where an area drive similar to the one to be conducted in this county is in progress. The other cattle tested during the month to bring the total up to 15,000 were tested by private veterinarians throughout the state.

The drive in this county will be handled as soon as the Banrock county drive is completed about April 1, Dr. Sullivan said. It is considered probable that range herds will be among the first subjected to the test, and the visiting veterinary officials expect while here to confer with range herd owners relative to construction of chutes to be erected in the drive where any great number of cattle are gotten together.

Dread Malady Not Here
No trace of the foot and mouth disease has come to light in Idaho, although veterinarians are keeping a vigilant guard against its possible appearance, the visiting veterinarians said. On their way to Twin Falls, Thursday they stopped at Eden, where a report that this disease had been discovered in sheep there. The investigation proved conclusively that the suspected animals were not affected.

FINAL TRIBUTE PAID TO MEMORY OF YOUNG GIRL

Community-Wide Sorrow Over Death of Lolita Stephen Is Evidenced at Funeral Services

Sorrowing friends and classmates joined with the stricken parents in paying a final tribute to the memory of one of Twin Falls' best beloved young women at funeral services Thursday afternoon for Miss Lolita Stephen, only daughter of Mr. and Mrs. E. J. Stephen, whose sudden death Wednesday came as a distinct shock to the entire community in which she had won an enviable position with her unusual talents and pleasing personality.

Members of the high school junior class, of which she was a member, attended in a body, while accommodations of Ascension church, Episcopal, in which the services were conducted by the Rev. L. P. Nissen, were wholly inadequate to accommodate the assemblage of friends. A profusion of floral offerings almost hid from view the white casket and banked high about it.

Girl classmates wore honorary pallbearers while young men of the high school were active pallbearers.

SCOUT LEADER SCHEDULED

In conformity with a schedule worked out by a committee of the Snake River boy scout council at its quarterly meeting in Buhl, P. Douglas Hawley, district scout executive, will reconvene Monday and Wednesday of each week for his work in Twin Falls and will spend each Tuesday in Buhl. The last three days of each week are to be given to work in Rupert and Burley and he will be held open for special purposes.

INCREASE ANTLERED HERD

In connection with admission into membership of a class of about 50 candidates representing Twin Falls and several neighboring towns, Twin Falls lodge of Elks Thursday evening enjoyed an elaborate entertainment program and luncheon was served to more than 200 members of the order at the close of the affair.

Alleged Hardened Criminal, Accused of Theft of Paul Man's Machine, Says He Made Wrong Selection

A. W. Haines, reputed possessor of a long criminal record, who with Arthur Quenton, is charged in an indictment returned this week by federal grand jury in Pocatello, with theft last November of a Ford car from Arthur Bourg of Buhl, professed remorse when he learned that he had taken a car that represented savings of several years and loss of which was not covered by insurance, according to work brought here Thursday.

"I thought it was a doctor's car," Haines is reported to have said.

Haines and Quenton were captured by federal authorities who traced them from Paul to Buhl, Montana, Casper, Wyoming, and finally to Murdo, South Dakota.

Just last fall Haines and Quenton are reported to have escaped from jail in Idaho Falls where they were held on a grand larceny charge, and made their way to Twin Falls and then to Haines before going to Paul where they are alleged to have taken the Bourg car.

Style Show Scores Further Successes

Second Presentation Draws Another Appreciative Audience Overtaxing Accommodations

Earlier successes were surpassed by the phenomenal performance of the Twin Falls Style and Style show, presented Thursday evening before an appreciative audience that taxed the Idaho theater accommodations to the limit so that standing room only signs again were displayed early in the evening.

Successive numbers were presented with the precision of clockwork and the performance gained in the second presentation all that it might have had to gain the first night.

The performance, with minor variations, was a repetition of the first night's offering, but with more beauty, with a lot of worth-while information being blended in pleasing proportions in the throughout program.

Following the show, a musical program, followed by the merchants' review and closing with the style show proper.

DENIES LIABILITY AND CALLS NOTE FICTITIOUS

Sam Cox, Murtaugh District Farmer, Claims Obligations Were Increased by Fraudulent Means

Suit for cancellation of a note and mortgage for which he denies responsibility and for limitation of seizure under foreclosure of another mortgage against his property, filed in district court here Thursday by Sam Cox, Murtaugh district farmer, against the Federal Reserve Bank of San Francisco and M. E. Finch, as sheriff.

Issuance of a restraining order to prevent the sale of the property, pending determination of the issues in dispute is asked, and in connection with the complaint there was filed an undertaking hearing signatures of Cox and Finch.

In his complaint Cox declares that he never signed the note and mortgage which he seeks to have cancelled and declared that the instruments were forged and fraudulent.

Claim for exemption from execution is set up by Cox in relation to the obligation for which he admits liability, and in this connection he claims the right under the law to reserve three horses and two cows.

The action was instituted by Homer C. Mills, attorney.

FORMER KIMBERLY GIRL WINS CONTEST HONORS

Buna McGraw to Represent Gooding College in Dramatic Section of Interscholastic Declamation Meet

GOODING, March 13.—Fourteen students entered the preliminary contest to determine who should represent Gooding college at the Southern Idaho interscholastic declamation contest which will be held at the Idaho Technical Institute at Pocatello, March 24.

Irvin Parls of Glens Ferry, was first place with his original oration, Buna McGraw a graduate of Kimberly high school, and now a resident of New Pine Creek, Oregon, took first honors in the dramatic section, and Harold Roberts, former student of the Boise high school, was selected as representative in the humorous department.

Others whose good work made the splendid program possible were: Ruth Spurr; Maeel Beaman, Gooding; Ruth Eaton, Wendell; Nevada Elbert, Richfield; these with humorous numbers: Ella McGraw, Wendell; Clara Tenny, Gooding; these with original oration: Dallas McNeil, Boise; Jabelin Carter, Ogden and Harriet Thoreson, Rupert.

ACCUSED MEN TO ANSWER CHARGE

K. S. Peters and F. G. Lechleier Expected to Seek Separate Trial in District Court

Arraignments in district court here today of K. S. Peters, former manager, and Frank G. Lechleier, former secretary of the Mutual Building and Loan association, on a charge of embezzling \$13,442 of the association's funds, expected to be followed by motion by defense counsel for separate trial of the two defendants who now are charged jointly with commission of the alleged offense, and perhaps by motion for postponement of trial until the next term of court.

The prosecuting attorney's office Thursday completed and filed in district court the information charging Peters and Lechleier with the alleged offense, and arraignments in district court were set at that time for 10 a. m. today.

Both Peters and Lechleier are at liberty under bond to which they were admitted following preliminary hearing last Saturday by Probate Judge P. L. Davall, bond being required from Peters in the sum of \$2000 and from Lechleier in the sum of \$3000.

Intervention Denied

Application on the part of Lechleier to intervene in the suit of the Mutual Building and Loan association against the United States Fidelity and Guaranty company, was denied by Judge Bicknell following hearing in district court Thursday. Lechleier sought to prevent removal of the case to the federal district court, and asserted in his application that he had a good and sufficient defense.

Every charge made against him. This suit was brought by the association to recover the amount of the alleged embezzlement and provision of the case issued for judgment to the association.

ARRANGE FOR VISITORS AT DINNER CONFERENCE

Representatives of Boise and Neighbor Towns Expected to Hear Oregon Trail Exposition Here

Delegations from Boise as well as from many neighboring towns are expected to attend a dinner meeting of the Twin Falls Chamber of Commerce Wednesday evening, to be addressed by Walter Macdonald, La Grande, Oregon, president of the Old Oregon Trail association, according to announcement made Thursday by Secretary Charles P. Dwight. Tickets for the dinner meeting probably will be placed on sale today, with reservations for several visiting delegations. The committee in charge of the affair is composed of E. L. Ashton, P. W. Bronough and W. Orr Chapman.

ANNOUNCEMENTS

The Yeoman lodge will meet Friday evening. After a half hour business session the members will entertain with a card social to which are invited the wives of the members and the non-member husbands.

SOCIETY

Edited by Mrs. E. B. Williams Telephone 298

Mr. and Mrs. Wilson Entertain for Visitor
Mr. and Mrs. Asher B. Wilson were hosts of a phoebe party Wednesday evening, complimenting Mrs. H. F. Allen, who is in the city for a brief visit.

The lady's and gentlemen's prizes for high score were won by Mr. and Mrs. John M. Maxwell. Mrs. Allen was presented with a guest favor and the consolation was awarded to Roy Smith. At the conclusion of the games a delicious two-course luncheon was served.

The guests were members of a former phoebe club and a few other friends of the guest of honor and included Mr. and Mrs. George R. Enslay, Mr. and Mrs. Roy A. Read, Mr. and Mrs. T. J. Woods, Mr. and Mrs. L. T. Wright, Mr. and Mrs. George Alkon, Mrs. Mrs. Leonard Smith, Mr. and Mrs. John Maxwell, Mr. and Mrs. E. A. Walters, Mr. and Mrs. C. E. Booth, Mr. and Mrs. A. J. Penney and Mr. and Mrs. A. G. Fisher.

Club Meets with Mrs. Smith
The Addison Avenue Social club met with Mrs. W. O. Smith Wednesday afternoon.

After a short business meeting a lesson on health and dress-making was taken up under the direction of Mrs. Marion Hammond.

Several vocal numbers by Mrs. Wallace were greatly enjoyed. Daily refreshments were served during the social hour. Mrs. Wallace and her daughter were guests of the club.

The next meeting will be held with Mrs. Pickering on March 26.

Novel Program Is Given

The Woman's Progressive club held their regular meeting on Wednesday afternoon at the home of Mrs. Emma Smith. Several visitors were present.

Each member gave a cake recipe at roll call. After the regular business the club federation paper on "Life Insurance" was read by the president, Mrs. J. W. Smith.

Topic number one furnished the program for the day, an interesting feature being the cake-walk, which consisted of guessing various cakes suggested by means of characters. Mrs. Owens was the hostess for the day and served a delightful luncheon.

Woman's Council

The Woman's Council of the Christian church met Thursday afternoon at the home of the Misses Driskell on Walnut street. During the business session it was decided to hold a cooked food sale on the Saturday before Easter.

Mrs. A. L. Houghtelin's division had charge of the program, the subject being "American Heroes in Missions and Benevolence." Mrs. T. S. Wasson read a splendid paper on Frances Willard. This was followed by a talk on the incidents in her life by Rev. W. W. Burks. Mrs. Martha Farquhar gave a reading, "Polly of the Circus," which was greatly enjoyed. A pleasant social hour followed during which refreshments were served.

Wedding Anniversary Is Observed

Mr. and Mrs. Paul Meull entertained with a seven o'clock three-course dinner Wednesday evening at their country home south of the city, the occasion being their eleventh wedding anniversary.

A pink and lavender color scheme was carried out in the decorations. A large bowl of sweet peas adorned the table, at which 11 guests were seated. After dinner pinoc and "500" were enjoyed.

Those present in addition to the host and hostess were Victor Meull, Mr. and Mrs. Frank Brown, Mr. and Mrs. Edgar Patrick, Mr. and Mrs. Frank McCormick, Mr. and Mrs. J. W. Porter.

At a late hour ice cream and cake were served, after which the guests departed wishing their hosts many happy returns of the day.

Improvement Reported—Condition of Captain E. A. Landon, chief clerk of the American Falls Reservoir district, who submitted Tuesday to an operation for removal of a goitre, was greatly improved Thursday, according to report from the county general hospital where he is a patient.

The Ladies of the G. A. R. Dan McCook circle No. 3, will hold a cooked food sale on Saturday, March 15, in the foot sole on Saturday, March 15, in Twin Falls, at Alvord & Mott's store.

BREVITIES

Buhl Attorney Here—Jake Shank, attorney of Buhl, was in Twin Falls Thursday on a business trip.

Returns After Visit—Mrs. I. H. Masters returned Wednesday after two months' visit to California and Utah.

Return From California—Mr. and Mrs. Daniel Allen and children returned Wednesday from Redding, California, where they spent the winter months. There they spent the winter months.

Come Back to Idaho—Mr. and Mrs. W. B. Hargraves returned Tuesday at the end of an overland trip from California, where they spent the winter as the guests of their son Carl B. Hargraves.

Return From Boise—R. E. Broadard, county agricultural agent, and Mrs. Broadard, returned Thursday from Boise, where they spent a few days while Mr. Broadard attended a conference of feeders.

Health Improving—Attorney Everett M. Swamy, who has been for some time confined to his home through illness, is steadily recovering, and for the past day or so has been able to spend some time at his office.

Dairymen In Session—Members of the Dairymen's association executive committee held a meeting Thursday evening in the county agent's office here to consider matters in connection with the completion of a membership campaign.

Helps Establish Fraternity—Edmund Becher, Twin Falls, freshman at the University of Idaho, is a charter member of a new local fraternity on the University campus, organized by 21 men students, to be known as the Beta Chi fraternity.

Ships Leave From Buhl—C. H. Dalen of Salt Lake, representative of the Archie McFarland and Son Commission company, went to Buhl Wednesday to arrange for loading and shipping four carloads of hams from that point Saturday.

Convicts Prison Term—Gleason France, convicted in district court here of issuing fictitious checks, left Wednesday for Boise to begin serving one to 14 years' prison term to which he was sentenced. He was accompanied by his father and Attorney W. P. Guthrie and Sheriff M. E. Finch.

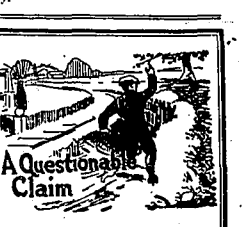

Wins Honors at School—Miss Margaret Dunlap of this city, a student at the University of Nebraska, has been elected to membership in the Alpha Chi Omega sorority and also has been elected to the freshman commission, an honorary sorority, composed of 2 girls out of a class of 2500 students, according to word received by relatives.

Warmer Weather Is Reflected in Record

Warmer and more settled weather was reflected Thursday in records of the government weather observer's station here, showing mercury's extreme high mark for the day at 52 above, an advance of six degrees over the maximum of the preceding day, and low at 32, an advance of 12 degrees. A trace of precipitation was recorded.

ADDRESSES TO BE BROADCASTED

Addresses of Hamilton Holt and the Rev. Nehemiah Bonvont, who will speak Sunday evening between 7:30 and 9:30 in St. Michael's cathedral, Boise, on "The Christian Church and International Affairs," will be broadcasted by the cathedral radio, according to announcement made here Thursday.

An onlooker, caught in the cave-in of a sewer excavation, used for \$10,000. Apparently his injuries were minor.

To put it mildly, the sincerity of the claim is doubtful. The court will decide, and all legal expense and any award will be covered by insurance.

Also, the contractor can be "on the job," as his insurance includes handling his defense.

You may have sudden need for this insurance and the service provided by the Hartford Accident and Indemnity Company. Get it here, before the accident.
