ATTORNEYS ASK REGULATION OF OIL INDUSTRY

Executive Committee of Legal Chiefs Asks Immediate Action to Abolish Monopoly and Establish Fair Dealing

CHICAGO, March 15 (AP)—The executive committee of the national conference of attorneys general at a special meeting today formally called upon President Coolidge, congress, the federal trade commission and the executives of the several states to take immediate action to establish a more effective regulation of the petroleum industry.

Acting under authority of the last meeting of the entire association, the executive committee today outlined a program of activity and requested congress "to provide immediately a special and sufficient appropriation to the federal trade commission for the conduct and prosecution of this work."

Referring that "the industry seems to be under such control that prices may be raised overnight at every gasoline station in the nation," the statement declared "that all unfair trade practices in the production, manufacture and distribution of gasoline and other petroleum products be abolished without delay."

The statement was signed by eight members of the executive committee as follows:

Attorneys General O. S. Spillman, Nebraska; chairman; George M. Nye, Georgia; secretary; Clifford L. Hilton, Minnesota; Herman L. Ekers, Wisconsin; Benjamin J. Gibson, Iowa; Jay B. Weston, Massachusetts; George P. Short, Oklahoma; Harvey H. Curt, Utah.

The action suggested seeks these ends according to the statement:

"The execution in true spirit" of the Standard Oil decree of 1911; abolition "without delay, of all unfair trade practices"; the abolition of trade agreements between dominant factors in the industry.

"The statement also demanded congressional legislation and that the powers of the federal trade commission "be enlarged to the end that there may be no doubt as to its power to accomplish the results sought."

ATTACK OREGON TAX LAW

SALISBURY, Ore., March 15 (AP)—The state income tax law was attacked in the circuit court here today in a suit asking an injunction against enforcement of its provisions. The suit was filed by the Standard Lumber company, a concern incorporated under the laws of Oregon, but which conducts its business in Idaho. Provisions of the law are declared in the complaint to be oppressive and arbitrary.

FACT BATTLED

WARSAW, March 15 (AP)—The Polish diet has ratified the international white slave traffic agreement. When ratified many women made speeches in the diet, an unusual event.

Hamon's Daughter Gets Explanation of Wood Interview

Olive Belle, Age 16, Returns from Runaway Trip to Washington; Nabbed General's Son and Made Him "Apologize"

CHICAGO, March 15 (AP)—Olive Belle Hamon, 16-year-old daughter of the late James Hamon, Oklahoma oil man and reputed politician, returned to Chicago today from Washington proudly bearing what she termed "a letter of apology" from Leonard Wood, Jr., who recently charged that Hamon offered to secure the republican presidential nomination for Major General Leonard Wood in 1920 in exchange for appointment as secretary of the justice.

Miss Hamon "ran away" to Washington in an effort to lay her father's case before the senate committee investigating the naval oil reserve. "I met Leonard Wood, Jr., outside a theater in Washington and told him I wanted an apology," she said. "He told me he would give me one."

She dictated a typewritten letter signed Leonard Wood, Jr., as follows: "I am only too glad to write you about what I said in my interview to the press. I want to set to rest all personal reflections upon your father, under whom I worked in Texas. I was merely asked several questions relative to the convention in Chicago, and I stated the incident, as I recalled it, to a reporter. As for my personal feelings toward Jack Hamon, all I can say is that they are the pleasantest. I hope you feel better after reading this."

"My father made Mr. Harding president," Miss Hamon declared, "and he did it for my mother's sake. Father controlled votes enough to swing the convention when the end came. He wanted to have Harry Daugherty nominated for Mr. Daugherty was a good friend of his, but he thought it was better for his own influence for Mr. Harding, who was her cousin."

Scientific Experts Develop Inventions of Much Importance

New Calculating Machine Rivals Magic; Alloy Metal to Take Place of Steel

NEW YORK, March 15 (AP)—The production of a calculating machine that can compute algebraically, and a printing machine that prints without type, are the latest exploits of scientists employed in the Research Corporation laboratories. Dr. Arthur A. Hammerschlag, president of the corporation, said today. He also announced the discovery of a new alloy metal to take the place of steel.

The organization was perfected 12 years ago to encourage inventors and assist in introducing their inventions into the world.

It now is serving, Dr. Hammerschlag said, as a recognized link between inventors, manufacturers and the government.

SENATE REVIVES ONE TERM BILL

Proposal to Limit Presidents to Six Years in Office Is Under Debate

WASHINGTON, March 15 (AP)—The proposal to limit presidents to one term was resurrected today in the senate, where it led to considerable debate as to the propriety of occupying the White House to "play politics."

The senate had under consideration the constitutional amendment proposed by Senator Norris, republican, Nebraska, under which new presidents would take office and new congresses would convene in January after their election. Senator Harrison, democrat, Georgia, proposed a further stipulation limiting presidents to one term of six years.

Proponents of the one term restriction contended it would "raise the standard of the presidency" by making it necessary for the chief executive to consider the effect of his policies in his impending campaign for reelection.

TOTAL EXPORTS SHOW INCREASE

Fix Value at \$367,000,000, Gain of \$61,000,000 Over February of Last Year

WASHINGTON, March 15 (AP)—American exports of goods were valued at \$367,000,000, an increase of approximately \$61,000,000 over February 1923.

Imports for the month were \$335,000,000, as compared with \$303,412,000 in February last year.

Gold imports for the month were \$35,111,299, against \$8,382,900 in February. The export of gold coins was valued at \$307,000,000, an increase of \$35,135 last month, and \$1,000,000 for the same month a year ago.

Silver imports aggregated \$7,800,409, as compared with \$3,792,282 in the same month of last year. The export of silver was valued at \$4,761,713, against \$2,101,039.

FIRE AT DUBOIS CAUSES TOTAL LOSS OF \$65,000

POCATELLO, March 15 (AP)—A disastrous fire which for a time threatened the destruction of the entire town swept Dubois, Idaho, early this morning, doing \$65,000 damage.

The fire broke out at 2 a. m. in the City bakery and cafe which were completely destroyed and the flames spread by a 40-mile wind, spread to the Jensen cafe, Polye-Payette lumber yards and a hardware store. The fire reached the American Legion post, and Fremont cash store, but was extinguished without causing great damage.

Electric light and power line were burned down about the city water pumping system was put out of commission. The Oregon Short Line water system was put in action at 6:15 a. m.

DISMISS MURDER CHARGE

LOUISVILLE, Ky., March 15 (AP)—A charge of murder against Wm. Gates, confessed slayer of Richard Heaton in an alleged "testimony chamber," was dismissed today following Gates' arraignment in police court. Gates was held under \$20,000 bond for South Carolina officials after he had been served with warrants charging he was a fugitive from justice.

SENATORS WILL URGE CASH PLAN IN BONUS BILL

Leaders in Upper House Give Assurance of Supporting Payment Scheme; Much Opposition to Insurance Idea

WASHINGTON, March 15 (AP)—Advocates in the house of the proposal to provide for a full cash payment option in the soldiers' bonus bill received assurance from senate leaders today that favorable consideration would be given to such a scheme when the bill reaches the senate.

Under the agreement reached yesterday, the bonus bill will come up for a vote Tuesday with amendments prohibited. In view of this procedure, considerable opposition to the measure had developed among veterans in the house today, particularly on the democratic side, and a plan was under consideration to defeat the bill and attempt then to bring out from the ways and means committee a measure providing for a full cash payment option. A two-thirds vote will be necessary for passage of the measure Tuesday.

Some discussion was had among members of both houses today of a plan to put the bonus ahead of the revenue bill in the senate. No formal movement to this effect has gotten under way, however, and senate leaders expressed the opinion that, with the revenue bill already before the finance committee, it would be gotten out of the way ahead of the bonus.

Senator Robinson, Arkansas, democratic leader, said he was in favor of disposing of both measures as soon as possible and that if the revenue bill were not passed it could be kept before the senate until passed.

Meanwhile the finance committee put over until Monday further hearings in connection with the tax reduction bill, covering the exact revenue needs of the government for next year. The hearing will be concluded by the middle of the week, he thought, and work will then be resumed on the bill with the rate schedules under discussion.

Members of the committee meanwhile refuse to commit themselves to any rate plan although it is known to be the general sentiment that the bill as passed by the house will have to be materially revised to prevent a treasury deficit.

Another movement got under way today for adoption of a resolution providing immediately for the 25 per cent reduction in income taxes payable this year.

Senator Robinson, Arkansas, democratic leader, introduced a resolution to eliminate the installment of taxes due September 15 and to refund one-fourth of the tax reduction bill for the purpose of carrying the bill over on business conditions the proposition should be removed from the revenue bill and settled at once. However, the chairman of the ways and means committee said the treasury had declared this particular plan unsound.

HOLLISTER MAN HURT IN WRECK

G. A. Sallee Suffers Cuts About Face as Result of Collision of Two Automobiles

G. A. Sallee, Hollister, suffered painful lacerations about the face and head as a result of the collision Saturday evening of his car and another machine driven by James Frazzelle, Twin Falls, on the road in the vicinity of the V. J. Truholm farm seven miles south of Twin Falls.

Mr. Sallee, 35, was returning with Mr. Sallee from Twin Falls to Hollister suffered only minor injuries, while Mr. Frazzelle and his companion were badly injured.

Both machines were badly damaged. Mr. Sallee, after making a personal report on the occurrence at police headquarters here, was taken to the home of his daughter, Mrs. John Kinney, of this city, where his wounds were dressed.

Mr. Frazzelle's car afterward appeared at police headquarters and related his account of the occurrence.

Drivers of either machine seem to have been unable to anticipate the collision of the two machines according to the police, and the crash occurred while each driver was endeavoring to give the other the road.

GIBSON'S SCORES KNOCKOUT

WINNIPEG, Man., March 15 (AP)—Tommy Gibbons, St. Paul light heavyweight, knocked out Jack Moore of New York after one minute and 35 seconds in the eighth round of a ten-round bout here last night.

Gibbons, 24, was scheduled to fight here last night.

Lower Temperature on Weather Outlook

WASHINGTON, March 15 (AP)—Weather outlook for the week beginning Monday, Northern Rocky mountain and plateau region generally fair; temperature below normal; light snows are probable at beginning.

IDAHO WEATHER Sunday: Fair.

\$25,000,000 Damage Suit Filed Against Shell Oil Company

Inventor, Seeks to Recover Huge Sums for Alleged Infringement of His Rights

SAN FRANCISCO, March 15 (AP)—A suit for the recovery of \$25,000,000 from the Shell Oil company for alleged patent infringement in the recovery of oil from sand and shale was filed in the United States district court here today by Frank Navin, an inventor of oil recovery processes, a resident of Los Angeles, but formerly of Salt Lake City.

According to Philip S. Ehrlich, attorney for Navin, the suit is the first of its kind to be filed against oil companies in this country on like grounds and which will demand the return of hundreds of millions of dollars to Navin.

The suit is the first of its kind to be filed against oil companies in this country on like grounds and which will demand the return of hundreds of millions of dollars to Navin.

LEGION POST IS SUSPENDED

State Commander Ired by San Francisco Veterans' Opposition to Bonus Measure

SAN FRANCISCO, March 15 (AP)—The Legion post, No. 299, American Legion, San Francisco, was suspended today by State Commander James P. Collins following publicity given to a resolution adopted by the post opposing the adjusted compensation bill now before congress.

The action of Commander Collins will be passed upon at a meeting of the department executive committee, called by him here for Sunday morning, March 23.

Protest was made against the resolution of the Daylight post, not only because it showed opposition to the bonus, but because it was not taken up through the former American Legion machinery, the state and national organizations. Commander Collins accused the Daylight post of "desertion" at a time when the bonus had become a congressional issue.

The membership of Daylight post, it is understood, includes numerous men who hold commissions in the army, navy, marine corps, or in the organized reserve.

Virtually all officers at the presidio here are members.

MASTERS APPEALS FROM ORDER FOR NEW TRIAL

Twin Falls Publisher Carries Action Instituted by E. F. Walton for \$42,000 Damages into Supreme Court

Notice of appeal to the supreme court from an order issued January 17, last, by Judge W. A. Halseck granting E. F. Walton a new trial in district court in the suit to recover \$42,000 from T. H. Masters, publisher of the Twin Falls Times, of claim of alleged libel, was filed in district court here Saturday.

The suit was brought by Walton and Hodge, Stephen and North, for the defendant publisher. The order granting a new trial set aside judgment on a jury's verdict in favor of Masters.

MASONS TO HOLD SESSIONS

Twin Falls lodge, A. F. and A. M., will hold sessions Wednesday afternoon and evening in the Masonic temple here. Indian action, had virtually completed plans for the gathering here next Tuesday and Wednesday of all interests throughout the world to participate in an action of Deeds of Honor.

Over 100,000 acres of Oange land will be placed under the hammer in lots of 100 acres each. The auction is conducted by the United States government.

OIL LANDS TO BE LEASED

PAWBUKA, Okla., March 15 (AP)—This little city, capital of the new Indian nation, had virtually completed plans for the gathering here next Tuesday and Wednesday of all interests throughout the world to participate in an action of Deeds of Honor.

Over 100,000 acres of Oange land will be placed under the hammer in lots of 100 acres each. The auction is conducted by the United States government.

PRUNE FARM HAS 2562 ACRES

BUTTE CITY, Cal., March 15 (AP)—What is declared to be the largest prune orchard in the world was reported by the consolidation of several large orchard farms on the Sacramento river. In the consolidation area, 2562 acres. Approximately \$2,000,000 was involved in the transaction.

Lower Temperature on Weather Outlook

WASHINGTON, March 15 (AP)—Weather outlook for the week beginning Monday, Northern Rocky mountain and plateau region generally fair; temperature below normal; light snows are probable at beginning.

IDAHO WEATHER Sunday: Fair.

Party Members in Hot Debate Over Demand to Put Roosevelt Out

COOLIDGE PUTS TAX DATA OPEN TO INSPECTION

Directs Internal Revenue Bureau to Permit Study of Income and Profits Returns; Order Aimed at Oil Magnates

WASHINGTON, March 15 (AP)—President Coolidge has issued an executive order directing the bureau of internal revenue to permit inspection of income and profits tax returns by congressional committees upon passage of a resolution by either house.

The new order became effective immediately upon promulgation today.

Although there was no comment at the treasury where the order and regulations carrying it into effect were made public, it was generally accepted as having a bearing on the oil inquiry and may lead to an inspection by the senate oil committee of the returns of the Hokeny, Sinclair and other oil interests.

The new bureau regulations provide that "inspection of any return shall be afforded to any committee of the senate or house of representatives, or joint committee of congress of the United States by the secretary of the treasury upon application duly made to the chairman of such committee, pursuant to a resolution of congress or either house thereof, which shall enumerate the particular returns desired."

The new bureau regulations also provide that "inspection of any return shall be afforded to any committee of the senate or house of representatives, or joint committee of congress of the United States by the secretary of the treasury upon application duly made to the chairman of such committee, pursuant to a resolution of congress or either house thereof, which shall enumerate the particular returns desired."

The new bureau regulations also provide that "inspection of any return shall be afforded to any committee of the senate or house of representatives, or joint committee of congress of the United States by the secretary of the treasury upon application duly made to the chairman of such committee, pursuant to a resolution of congress or either house thereof, which shall enumerate the particular returns desired."

The new bureau regulations also provide that "inspection of any return shall be afforded to any committee of the senate or house of representatives, or joint committee of congress of the United States by the secretary of the treasury upon application duly made to the chairman of such committee, pursuant to a resolution of congress or either house thereof, which shall enumerate the particular returns desired."

The new bureau regulations also provide that "inspection of any return shall be afforded to any committee of the senate or house of representatives, or joint committee of congress of the United States by the secretary of the treasury upon application duly made to the chairman of such committee, pursuant to a resolution of congress or either house thereof, which shall enumerate the particular returns desired."

\$55,914.18 CUT IN TAXES SHOWN

Auditors Records Throw Light on Receipts and Expenditures of Taxing Units

Reduction of \$55,914.18, or three and one-half per cent, in the 1923 tax bill of Twin Falls county taxpayers as compared with that of the preceding year, is shown by figures just compiled by the county auditor's office to be included in the auditor's annual report.

Reductions are shown in the amount assessed in taxes by cities, towns, villages and school districts, while increases are shown in the amount of taxes assessed by cities and villages on account of ordinary levies, independent school districts, rural high school districts, and the American Falls reserve district, which appears as a new taxing unit last year.

Total of the 1923 tax bill is shown at \$1,477,806.42, as against the 1922 total of \$1,533,720.60.

Assessed valuation of property declined from \$29,161,979.90 to \$27,747,491.7, a reduction of 1,414,530.82, or four per cent.

The reports show state taxes assessed against Twin Falls county taxpayers declined from \$177,432.50 to \$155,312.10, or 12.48 per cent; county taxes from \$278,063.24 to \$251,000.11, or 9.74 per cent; city and village apportioned levies from \$173,409.46 to \$101,075.07, or 41.2 per cent; highway districts from \$198,531.79 to \$235,500.05, or 18.63 per cent; school districts from \$87,044.87 to \$77,705.87, or 10.6 per cent.

Cities and villages increased tax assessments for ordinary levies from \$198,531.79 to \$101,075.07, or 48.6 per cent; independent school districts from \$370,046.13 to \$371,831.89, or one-half of one per cent, and rural high school district from \$16,984.10 to \$22,023.87, or 30.3 per cent.

Expense of forming the new district at Hollister is responsible for much of the increase of rural high school taxes. Total taxes assessed in 1923 by the American Falls district in 1923 were \$15,313.12.

WINE CHEAPER THAN WATER

BUDAPEST, March 15 (AP)—Water has become more expensive than wine in Budapest because of the special water taxes imposed to increase the city's income. Officials announced today that the tax so burdensome it was forced to disband the Budapest city financial administration.

FORBES ARRAIGNMENT SET

CHICAGO, March 15 (AP)—Colonel Charles R. Forbes, former director of the United States veterans' bureau, was arraigned today in Chicago for conspiracy by a special grand jury investigating the veterans' bureau, who are charged with the conspiracy to defraud the government.

Democrat Insists on Resignation of Assistant Secretary of Navy; Republicans Reply Sharply; French Takes Part

WASHINGTON, March 15 (AP)—The resignation of Theodore Roosevelt as assistant secretary of the navy was demanded in the house today by Representative Stevenson, democrat, South Carolina.

The demand was made during debate on the naval appropriation bill and was immediately met with a defense of Mr. Roosevelt by Representative Longworth of Ohio, and other republicans.

"Mr. Denby ought to have gotten out," Mr. Stevenson declared. "Denby is not supposed to have been the recipient of a loan or to have had any connection with the oil people."

Several attorneys were rejected in connection with the oil case because of their previous connections with the companies. The assistant secretary of the navy was a director of the Sinclair company up to the time he entered the war. He returned and took up a position with a bank controlled by that company.

Statement of the South Carolina representative concerning ownership of Sinclair stock were disputed by Representative Longworth after the former had declared that the wife of the assistant secretary owned Sinclair oil stock at the time the leases were made.

In reply, Mr. Stevenson read from the Roosevelt testimony before the oil committee that Mrs. Roosevelt had owned much stock.

Insisting that "the gentleman has made a positive statement that Mrs. Roosevelt had stock when the leases were made," Mr. Longworth asked if he was prepared to prove it. "She had in negotiations were going on," Mr. Stevenson retorted.

"I am prepared to make a statement that Mrs. Roosevelt was not in possession of the stock three months before the leases were made," said Mr. Longworth.

Representative French, republican, Idaho, declared that "Roosevelt was not in accord with the leasing program," but "was opposed to it."

"Mr. Roosevelt not only approved, he said today or three times that he did," asserted Mr. Stevenson.

TAKES ANOTHER TUMBLE

LONDON, March 15 (AP)—National concern for the life of the heir to the throne, Prince of Wales, who fell when the Prince of Wales, only just recovered from a serious riding accident, involving the fracture of a collar bone, again got a nasty spill, but without serious consequence.

Likes California's Climate but Says People are Stupid

Cousin of Robert Louis Stevenson Returns to Home in Scotland as Deportee; Takes Bitter Conceptions with Him

NEW YORK, March 15 (AP)—Through the courtesy of an unidentified friend, Robert Wilson Stevenson, second cousin of Robert Louis Stevenson, today returned to his native Scotland, where he had been deported as a deportee.

Country went back to his beloved Scotland in a private cabin of the Cunarder Assyria instead of in the steerage bunk to which he was entitled as a deportee.

Expressing admiration for the climatic splendor of California, where he had spent most of his time, Stevenson was bitter in his criticism of Californians, whom he called inglorious and unappreciative of beauty or art.

"Never shall I return to America," he said.

He spoke affectionately of the work of his cousin, whom he resembles strikingly in his tall gauntness and in the configuration of his high cheek boned face.

Stevenson said he had asked that he be deported after he had found he could not find health in California or sell his paintings or verses to people who cared not for the nightingale's song, and that he had no time for eternal things.

FORBES ARRAIGNMENT SET

CHICAGO, March 15 (AP)—Colonel Charles R. Forbes, former director of the United States veterans' bureau, was arraigned today in Chicago for conspiracy by a special grand jury investigating the veterans' bureau, who are charged with the conspiracy to defraud the government.

Forbes was charged with the conspiracy to defraud the government by the special grand jury investigating the veterans' bureau, who are charged with the conspiracy to defraud the government.

POLICE SEARCH FOR CLUES IN DENVER MURDER

Body of Young Woman Found in Trunk at Ogden; Believe Deed Committed by Husband; Much Evidence Found

OGDEN, March 15 (AP)—The body of a young woman, the head nearly severed, was found in a trunk which reached Ogden today aboard a Union Pacific train from Denver and Colorado points. The trunk was consigned to Weed, Cal., and had been shipped from Denver yesterday morning, according to police report.

When the trunk was being transferred to a Southern Pacific train for transit west the baggage man noticed blood on the hinges and called police officers.

Denver, March 15 (AP)—Denver police centered their efforts tonight to locate Fred Janssen, sought for questioning in connection with the finding of the body of a woman in a trunk at Ogden, Utah, today. The body is believed by the police to be that of Mrs. Belle Janssen, 3144 Clay street, Denver, wife of the man sought.

Disappeared Suddenly.

Mrs. Janssen disappeared mysteriously Thursday and her husband announced she had been called to Pittsburgh, Pa., where she was expected to appear in court. She was seen a few hours after a man whose description is said to tally with that of Janssen checked the murder trunk to Weed, Cal., under the name of John J. Smith, 4144 Clay street, Denver. Washington A. Rinker, chief of detectives, announced tonight his belief that the dead woman was Mrs. Janssen, who had been employed several years by a Denver department store.

Rinker said the police were without any clue to the whereabouts of Janssen.

Hauled Murder Trunk.

According to a Denver spokesman he was called by a man who represented himself as Smith early Friday morning and asked to haul a trunk from the Janssen apartments to the Windsor hotel. Later another spokesman was called in to haul the trunk from the lobby of the hotel to the Union station where the man known as Smith checked the trunk on a ticket to Weed, Cal. Signatures on the station records and signatures of endorsement on the checks paid to Janssen for services as a church janitor bear a striking resemblance, the police said, to those of the man sought.

The apartment occupied by the couple was found in disorder and the police announced they found a red blotch on one of the carpets which they believed to be a blood stain. The police officers say, showed signs of having been repeatedly scrubbed in an effort to remove it.

Gave Her Clothing Away.

A Salvation Army driver called at the Janssen home on Friday in response to Janssen's request and removed several of Mrs. Janssen's dresses, suitcases and a variety of Christmas decorations. Everett Arndt, the driver, declared Janssen seemed to be "downhearted," as if he had lost some body or something. "The dresses were identified at the Salvation Army this afternoon as belonging to Mrs. Janssen. Identification was made by employees of the department store where Mrs. Janssen worked."

Was Army Man.

Records at the Windsor hotel showed that a man registered there the day night as "John J. Smith." Clerks said he paid two days' hotel bill in

Thousand New York People Get Dollar Bill in Their Mail

Take Unique Method for Bringing Plan for Needed Help Direct to Citizens

NEW YORK, March 15 (AP)—One thousand New Yorkers rubbed their eyes when this morning's mail brought them a gift of a dollar bill with permission to use it if they needed it more than the children between three and thirteen years of age at the Bronx day and night shelter.

If they did not need the bill they were invited to return it with one or many more to be used in building a new shelter. The names are taken at random from a telephone directory.

LAND SALE IS DEFENDED

WASHINGTON, March 15 (AP)—Sale of \$348,000 acre of western land by the Northern Pacific Railway company was defended before the house public lands committee today by Alexander Britton, counsel for the road. He specifically denied the agricultural department's charge of improper sales, saying the land sold did not come under restrictions of the 1870 law, great part of the department contends.

JEROME

JEROME—New court house quarters have been moved to the new National bank building. Some necessary changes will be made and the county officers expect to move in about June 1.

The Idaho poultry association is now a full fledged, working organization, having begun to receive and ship eggs on March 10.

Best of March 9, 1924, a daughter, to Mr. and Mrs. Holter Folkman. Mr. and Mrs. Paul R. Kartze entertained at 7 o'clock dinner Monday evening. The guests included Mr. and Mrs. J. E. Shoppard, Mrs. Tiffany of Billings, Mont., Mr. and Mrs. C. C. Wilburn and Mr. and Mrs. Fred Reed. The evening was spent playing mah jong.

Chapter P. E. O. met last Friday with Mrs. C. L. Thompson and Miss Carrie Ruxson. The annual election of officers took place at this time and delegates were chosen to represent this chapter at the state convention to be held at Rupert in May. Mrs. W. H. Storgess was elected president; Mrs. J. E. Brower, vice president; Mrs. J. A. Wilburn, recording secretary; Mrs. E. L. Wilburn, corresponding secretary; Mrs. E. L. Wilburn, treasurer, and Miss Brower, guard.

The Presbytery Aid society gave an amusing play entitled, "Sewing for the Heavens," on Wednesday evening. Nine ladies of the society composed the cast and highly entertained the well filled church.

George Godfrey, who is attending college at Caldwell, was home over Sunday with his mother.

Mrs. L. P. Candee left on Tuesday for a three weeks' visit with her sister and family at Pasco, Washington.

Mrs. Beley Christensen, aged 70 years, died at her home on March 11, 1924, of infirmities incident to old age.

The Jerome public school will open an art exhibit on Monday at the high school building. An admission of 10 cents will be charged and proceeds will be used to buy pictures for the school.

Advance. Then he disappeared. Search was made today of the room assigned to him and showed that he had been seen.

Janssen served in the army during the world war and is said to have been stationed at Fort Logan, near here.

During the day the police established that Janssen had not been working for more than a month, having been discharged from his place as church janitor. His employers said he was "nervous and erratic."

St. Patrick's Old Time Dance at Dancehall, Monday evening, March 17.—adv.

EPIDEMIC TAKES CATTLE IN HERDS

Total of 12,000 Animals Destroyed by Foot and Mouth Disease; Precaution Needed

WASHINGTON, March 15 (AP)—All herds of cattle known to have been infected with foot and mouth disease in California have been destroyed and buried in less than three weeks from the discovery of the outbreak, the department of agriculture announced today. A total of 93 herds, including 12,154 animals, were destroyed.

"We shall not be at all surprised," said Dr. J. B. Mohler, chief of the bureau of animal industry, "to have the number of infected premises multiply well over a hundred, even though every animal in the 93 herds destroyed is now under ground. Even after disinfecting crews have completed work in the most thorough manner possible, fast bugs introduced to determine whether the premises are safe will in rare cases run up infected material and, of course, contract the disease.

SPEAKING OF PLEAS

HEBERT, March 15 (AP)—Pleas have far better sight than men. A German scientist who has been investigating the cause of the disease, saying their sight is so sharp that when a man is sleeping at night under a blanket in a darkened room his body glows to a glow as brightly as a red hot stove appears to a man in a darkened room.

FIERY, ITCHY SKIN QUICKLY SOOTHED WITH SULPHUR

Menthio-Sulphur, a pleasant cream will soothe and heal skin that is irritated or broken out with eczema, it is covered with ugly red pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly, says a noted skin specialist.

Stops Asthma Discomfort and Annoyance Often in 24 Hours

Asthma, Hay Fever and Catarrh are responsible for much misery and falling health. If you are a sufferer from wheezing, sneezing, difficult breathing, hawking, rising phlegm, etc., to prove that you can stop these troubles quickly and easily with the pleasant, scientific Florence Formula, I will send you a 25 bottle postpaid medicine free of charge or obligation. If it satisfies, tell your friends and pay me only One Dollar, otherwise the loss is mine. Merely send your name today for this liberal free introductory offer—good only for 10 days. F. SHEARER, A-1531 Coca Cola Bldg., Kansas City, Mo.

LILLIAN GISH

The Henry M. production of "The White Sister," starring Lillian Gish, at the Idaho theater, stands as one of the truly great nation pictures. It is a perfect visualization of F. Marion Crawford's widely read story, told in all its dramatic intensity and filmed in Italy against the beautiful backgrounds described in the original.

Miss Gish rises to supreme heights in the remarkable photodrama. Her portrayal of Angela places her in a class by herself—the one, real thrilling genius of the screen.

ETERNAL CITY PICKED AS ONE OF BEST SIX

"The Eternal City," a First National picture produced by George Fitzmaurice, with a cast that includes Barbara La Marr, Lionel Barrymore, Bert Lytell, Richard Bennett and Montagu Love, headed the list of the six best pictures of the month, which appeared recently in the Photoplay Magazine. The pictures thus honored are selected.

Pleas for Return of Decency and Honesty of College Students

President of Michigan University Speaks Frankly on Modern Trend of Morals

ANN ARBOR, Mich., March 15 (AP)—A plea for the return of decency and the removal from campus life of "many things that should turn red with shame the faces of any decent man or virtuous woman," was made in a convocation address by President Marion LeRoy Burton of the University of Michigan.

"You students are lazy," he said, "you loaf, you gamble, you spend week-ends in big cities and then wonder why we don't want you here. We must have students who are men. They must believe in honesty, plain decency, must be chivalrous, must respect themselves and be industrious. We must wisely bring back some of the civility of the middle ages."

PICTURES AT NIGHT

MONTREY, Cal., March 15 (AP)—A camera which can photograph by moonlight and starlight has been perfected by James Worthington, Oxford scientist, Oxford graduate and fellow in the royal astronomical society, it was announced by Worthington.

ed by photoplay critics who judge the production for the first time. Not only is "The Eternal City" rated highest as a picture, but in addition the performances of two members of the cast are classified as belonging among the six best performances of the period. These players are Miss LaMarr who has the leading feminine role, and Richard Bennett, in a difficult characterization of an Italian vagabond.

"The Eternal City" was filmed in Italy, and was adapted by Ouida Bergette from Sir Hall Caine's famous novel of the same name.

SHOTS FIRED AT RUM SHIP.

NEW YORK, March 15 (AP)—Coast guard cutters captured the seagoing tug Albatross as a rum runner after a 30-mile chase. Three six-pound shots were fired at the tug by the cutter Graham. The captain and 13 of the crew were arrested.

PASSION PLAYERS WELCOMED.

WASHINGTON, March 15 (AP)—Anton Lang and other members of the Passion Players were received at the White House by President Coolidge. The president made a brief address welcoming them.

Attention, Beet Growers

The success of the Factory is dependent upon the success of the grower. These few remarks are offered in the interests of both, and in pursuance of a policy designed to offer every assistance in our power to the men who grow the beets.

JAMES SOILLEY, District Manager.

NOW is the time to get busy on the land.

Fall plowed land or potato ground should be gone over and seed bed prepared by spring-tooth harrow, or disc, then floated so that low places in field where dry ground has been dragged will have a chance to get soaked up with any moisture we may get, thus insuring an even germination of seed, also to start weeds, then worked again before planting to destroy weeds.

Experience has proved that beets planted the latter part of March or early in April has made the best tonnage.

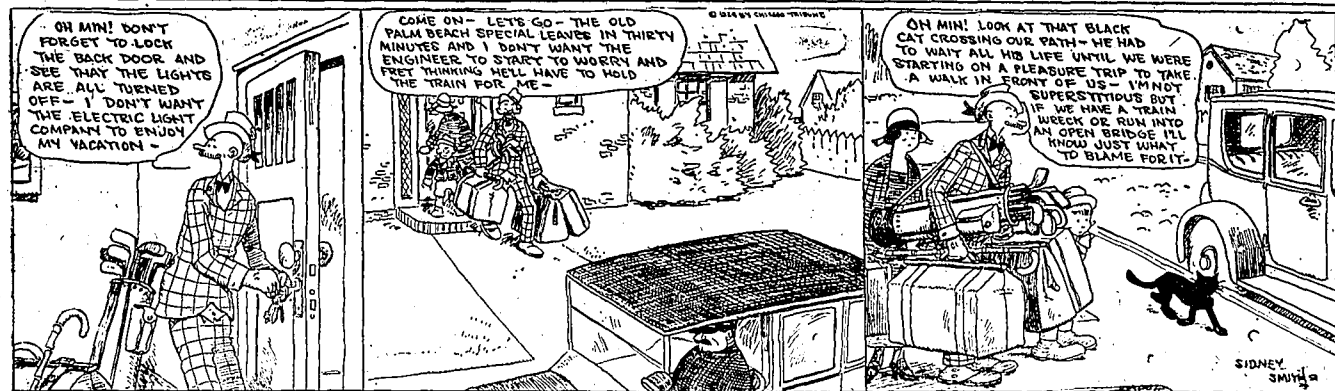

Drills should be examined to see that each shoe is depositing at the same depth. Each time a turn is made in the field see that shoes are not clogged up. Do not plant more than one and one-half inches deep. A good seed bed well packed and seed evenly deposited at the proper depth will go far to insure a satisfactory crop. All spring plowed land should be worked down, corrugated and irrigated before planting.

Clover and alfalfa ground should be crowned as possible to cut off crowns properly, then harrow and leave long enough to get crown dried up, then plow about seven inches deep, irrigate and plant as above.

This work should be done so beets can be planted by the 20th of April, and if possible by April first. Do not plant on smooth surface. Always harrow ahead of planter.

COMMITTEE NOT TO BLOCK PROBE OF BRIBE CASE

Special Body of House Members Announces Purpose Not to Hamper Inquiry of Charges Against Congressmen

WASHINGTON, March 15 (AP)—Still in the preliminary stage of its inquiry into graft-charges against two members of congress, the special house committee announced its determination today not to impede, or embarrass the grand jury investigation under way here into the question.

At the same time, however, it was made clear through the committee chairman, Representative Burton, republican, Ohio, that the house investigation would be pressed to a finality regardless of the grand jury findings.

In recess today the grand jury will resume its session. Many will be surprised to learn that the grand jury, in its investigation, is not hampered by the committee's investigation.

After an executive session today at which for two hours the house committee questioned Elias H. Morison, who testified in Chicago in the veterans' bureau case and has also appeared before the grand jury here, it was announced that public hearings would not begin until the last of next week at the earliest.

Committee members expressed a desire to avoid publicity which would tend to prejudice the grand jury, but it was indicated that if a report was made by the jury by the end of the week, the hearings would go on regardless.

TRUCK INVENTOR KILLED

ALLENTOWN, Pa., March 15 (AP)—John M. Mack, inventor of the Mack truck and founder of the Mack Motor Car company, now the International Motor company, was instantly killed yesterday near Neff, when his automobile was in collision with a work car of the Lehigh Valley Transit company.

MUNDELIN TO SPEAK

ROME, March 15 (AP)—Archbishop Mundelein of Chicago being the senior archbishop, probably will be chosen to deliver the address of thanks to the pope for the elevation of himself and Archbishop Hayes of New York to the cardinalate.

Ridiculous.

The most ridiculous thing we know of in the bow-legged dancing master trying to make a knock-kneed flapper take the step just as he does it.—Richmond Times-Dispatch.

Try This Way To Get Relief From Head Colds

Nothing to Swallow—You Just Melt a Little in a Spoon and Breathe in the Healing Vapors.

To stop a head cold, try this simple, direct method. Melt a little Vicks in a spoon and inhale the penetrating vapors of Camphor, Menthol, Eucalyptus, Juniper Tar, etc. Also put a little up each nostril and sniff well back.

Another method is to heat a tin cup, put in a teaspoonful of Vicks and inhale the vapors that way. As fast as the vapors lose their strength, throw out the melted Vicks and add fresh.

Mother, prefer Vicks for their children because it avoids so much internal dosing. It can be used with perfect safety on the youngest child.

Start Big Push Ball on Long Journey to Boost Army Training

Giant Sphere, Seven Feet in Diameter, May Be Shoved Across the Continent

CHICAGO, March 15 (AP)—A giant push ball, seven feet in diameter, its cover of red, white and blue leather, was started down Michigan avenue today on its way to New York and Washington, to call attention to the citizens' military training camp movement. It is proposed to push the ball as far as the capital and then possibly across the continent to San Francisco.

The ball is inflated with air and weighs 350 pounds. Mayor Dever, Brigadier-General George V. H. Mosley and other officials and army officers added their push at the start.

COOLIDGE APPROVES LOANS

WASHINGTON, March 15 (AP)—President Coolidge, although not asked by New York financier to give his approval to their loan to the Bank of France, regards loans by American financial interests to foreign governments as worthy of governmental and private encouragement.

If your property is delectable and is advertised in the classified—you'll find your buyer.

SCANDAL TRAIL STILL LEADING TO DAUGHERTY

New and Surprising Allegation Heard in Senate's Investigation; Talk of Frame-Ups and Official "Protection"

WASHINGTON, March 15 (AP)—New and surprising allegations of deals and frame-ups of unproven violations of the law and of money payments for protection were tumbled across the committee table today in the senate's whirling investigation of Attorney General Daugherty and the department of justice.

Gun running, bootlegging and unlawful circulation of prize fight films were the subjects around which the testimony centered throughout a four hour committee session scarcely less colorful than those which have preceded it.

From his office at the other end of Washington Mr. Daugherty again struck back tonight at his accusers. He reserved until a later time, however, the detailed statement he is preparing in refutation of insinuations made against him on the witness stand, and contented himself with a brief an-

nouncement that in due time he would "advise the public of the influences behind these misdirections and scandalous attacks and their character of the tools that are being used in this cowardly manner by my adversaries."

Film Profit, \$125,000.

How the Dempsey-Carpenter prize fight films were exhibited with profits of \$125,000 and in 22 to 25 states with an "understanding" with the department of justice, in spite of the law, was related on the witness stand today by Fred C. Quimby, New York producer of the film. In many particulars his story followed the previous testimony of Gaston B. Means and Miss Roxie Stinson, divorced wife of Jess Smith, dead friend of Mr. Daugherty. Both of these witnesses testified that Smith was interested financially in the film deal.

Gun Running.

Other witnesses today made charges of dereliction in prosecuting Mexican gun running, bootlegging and Texas oil stock promoters. Friends of former Secretary Fall and prominent Texas republicans were named in this connection and Federal District Attorney Henry Zweifel and John D. Hartman were charged with delay and failures of the prosecution. One witness said he "believed" Zweifel was interested in a "blackmail" scheme against oil stock promoters.

Attorney General Daugherty was not directly implicated by any of today's witnesses, but the testimony often trailed to the door of his office through his friend, Jess Smith, and subordinate officials.

While the committee was in session, Chairman Adams of the republican national committee, issued a statement "that nothing discreditable" to Mr.

CHARGES LEAGUE WITH MISUSE OF ITS INCOME

NEW YORK, March 15—Charges that the Anti-Saloon League of New York voted to give William H. Anderson a gift not to exceed \$7500 "out of money subscribed by church people for prohibition work" and that league employees' salaries were nearly three months in arrears because league money was used to defray Anderson's expenses in his recent trial for forgery, were made last night by Dr. Samuel L. Hamilton, who was dismissed yesterday as superintendent of the league's metropolitan district.

Daugherty had yet been developed, but republican leaders in the senate were known to be studying the developments carefully with a view to possible renewal of pressure upon the administration for action.

IF IT ISN'T RIGHT BRING IT BACK

Don't let Friction warm up your motor

AVOID excessive "racing" of a cold motor. As soon as it takes hold, throttle down and retard the spark for a few minutes. This gives the oil a chance to reach the bearing surfaces before they become overheated from friction.

The best lubricating oil ever made is useless as a lubricant until it reaches the frictional surfaces. And no matter how high in quality, any oil will be more or less sluggish in cold weather. Use a good oil of correct body and give it a chance to do its work. Excessive "racing" brings destructive friction—a mighty expensive way to warm up your motor.

Five points to be sure of

For maximum power and mileage economy, motor gasoline should meet these requirements:

1. It should have a complete, orderly chain of boiling point fractions; just enough low points for prompt ignition, with a proper proportion of intermediate and higher points for the development of full heat, power and mileage. In other words, it should be balanced.
2. Its range of volatility should be such that every fraction will completely vaporize at normal operating heat of modern motors.
3. It should be pure—free from sediment, water and acids.
4. It should be uniform so that the carburetor can "stay put" and give best results.
5. It should be easy to get, wherever you go—available within easy driving distance.

Does the gasoline you use meet these requirements? CONOCO does.

BOISE TO MEET RUPERT QUINTET FOR THE TITLE

Capital City Five and North Side Men to Clash Monday Night in Basketball Tourney for State Championship

BOISE, March 15 (AP)—Scores, Moscow basketball tournament: Afternoon games: Boise 27, Rigby 18. Rupert 30, Kootenai 22. Kellogg 14, Moscow 13. Night game: Boise 25, Kellogg 16.

MOSCOW, Idaho, March 15 (AP)—Boise and Rupert high schools meet Monday in the University of Idaho gymnasium for the state basketball championship, as the culmination of the intrastate tournament, which started here Friday.

The first game is scheduled for 2 o'clock in the afternoon. If Boise wins this contest, she will take the title, as she has gone through the tournament without a defeat. If Rupert wins, each will be credited with one defeat and a second game will be played for the title Monday night at 7:30. Boise defeated Rupert Friday afternoon, 22 to 12.

Rupert defeated Rigby Saturday night, following the Boise-Kellogg contest by a 21 to 13 score, winning the right to play in the finals Monday.

Moscow, 1923 state champion, was eliminated from tournament competition Saturday afternoon by Kellogg in a fiercely contested game, which ended with a 14 to 13 score. Spectators were agreed that this was the fastest and most spectacular contest of the tournament.

Kellogg played through to the semi-finals, but was stopped Saturday afternoon by Boise, after the Braves had overcome a two-point lead, at the end of the first half and forged through to a 25 to 15 victory.

IDAHO FIXES SCHEDULE

SPOKANE, March 15 (AP)—The University of Idaho will restrict its basketball schedule to members of the Pacific coast conference, it became known here today with receipt of a letter from Idaho athletic officials at Gonzaga university, cancelling a game scheduled with Gonzaga.

Lack of funds to justify northwest conference games, was said to be the reason for the action.

JACK HENDRICKS—SIGNED

CINCINNATI, O., March 15 (AP)—Jack Hendricks has signed a one-year contract to manage the Cincinnati Nationals, dispatches from the training camp stated. Terms of the contract were not announced.

Hendricks is 48 years of age and has been managing ball clubs for the past 19 years. His only other venture into the National league was when he headed the St. Louis Cardinals in 1918.

Six weeks ago Hendricks was signed by Cincinnati as coach, scout and assistant to the late Pat Moran.

KNOCKOUT KING MEETS SUDDEN TURN IN LUCK

NEW YORK, March 15 (AP)—The sensational knockout streak of Paul Berlenbach, New York middleweight, was abruptly ended last night when he was knocked out in the fourth round of a spectacular 13-round match by Jack Delaney, of Bridgeport, Conn.

Berlenbach's defeat after he had hung up a string of 23 knockouts came decisively and with dramatic suddenness to a crowd of 14,000, the largest that has packed Madison Square Garden this season.

NEW YORK, March 15 (AP)—Unworked and unendured by his four round knockout at the hands of Jack Delaney in Madison Square Garden last night, Paul Berlenbach, New York middleweight, announced today plans for a comeback and issued a challenge to Delaney for a return match.

Far from viewing his setback after he had run up a spectacular string of 23 knockouts as fatal to his future, Berlenbach and his veteran manager, Dan Hickey, declared they believed the defeat would give renewed stimulus to the former's amateur ring career.

Two real good games are scheduled for the week in the local bowling league which opens Monday with the Troy Laundry engaging the sugar factory.

With "Bill" Seltley back in the sugarmen's line-up there should be a real battle if the laundry wishes to stay in the top position of the league and the sugar factory needs the games.

The second game comes on Tuesday with a match between the theater bowlers and the Golden Rule. The dope figures a rise in theater stock for the week.

The third meet between the two print shop squads is scheduled for Wednesday and Astbury and his cohorts are planning on an investigation of the Times five which has twice beaten them and likewise broken their record for high game. It should be one of the best on the program.

Shoika from the Shoe Market pitted against the Royal bakery will form the final engagement in league standing on Thursday.

Friday will be occupied with the "B" team composed of Bellley, Siver, Salmon, Squares and Self against any other initial team. A. K. K. K. K. K. Five composed of Kleffner, P. King, C. King, Kennedy and Knefel is one suggestion.

The Idaho Falls bowlers will arrive on Saturday for the meet in which the local team hopes to partially or completely even up for two previous defeats.

LABOR SUPPLY HOLD BALANCE WITH DEMAND

Farm Employment Situation
Here Accords with Federal Bureau's Prediction in Survey of State

Practically even balance of farm labor supply and demand in the Twin Falls region reported by the Twin Falls chamber of commerce during the past several days, accords with the general forecast for the state contained in the February industrial employment survey report for the state, which was made public by the employment service of the federal department of labor.

Through its free farm labor employment bureau, the chamber of commerce maintains close contact with labor conditions in this region and has been the means within the past few weeks of securing sources of farm employers as well as persons desiring employment on farms.

Supply and demand fluctuate from day to day, according to Secretary Charles F. Dwight. For a time there was a greater number of men with families applying for work than there were positions open to them, but Mr. Dwight said Saturday, a fairly constant equilibrium of supply and demand has been maintained during the past few days.

The federal employment service survey for the month of February says in regard to Idaho conditions:

Activity at American Falls.

The usual winter labor curtailments are beginning to break and a small portion of the seasonal unemployed common labor class has been provided employment and within 30 days, weather permitting, practically all resident labor will have opportunity for employment. Favorable weather during the past month permitted highway construction to resume, sawmill and wood operations in northern sections of the state have been very much curtailed, due to adverse operating conditions, as indicated by soft roads. Lumber mills in the Boise district after a temporary shutdown of several weeks for repairs, will resume operations on or about March 15. Better shoe employment continues on a slightly reduced basis. Industrial plants, other than seasonal, are running steadily. Construction work on the highway and water systems and street surfacing at the new townsite of American Falls, is progressing rapidly; this work is preliminary to the transfer of the city capital of American Falls, preparatory to construction of the huge American Falls dam. Building, while moderately quiet at present, will be increasingly active within 30 days. Labor of all classes sufficient for present demand.

Boise Surplus Absorbing.

Partial opening up of spring activities in agriculture and highway construction is causing slight absorption of existing surplus of labor at Boise. Resumption of operations in local lumber mills (closed east several weeks for repairs) during the first part of March will afford re-employment to a considerable number of workers. Practically all industrial plants are running steadily. Within 30 days, weather permitting, it is thought there will be sufficient employment to absorb nearly all of those now temporarily idle.

Railway Activity Indicated.

Railway shop employment continues on a seasonal curtailed basis, but indications at Pocatello are for increased railway employment in general in the near future. All industrial plants are running, but not to such capacity as will permit absorption of temporarily idle labor in diversified farming lines. Local labor of all classes sufficient to supply immediate demand.

ATTORNEY'S CONDITION SERIOUS

Little change was reported last Saturday in the condition of James H. Wise, Twin Falls attorney, who was stricken Friday afternoon by a second attack of paralysis, and for whose recovery little hope is held out. Mr. Wise was taken from his office where he was stricken Friday to his home on Fourth avenue north. Word of the critical illness of Mr. Wise was sent Saturday to his son, Chester Wise, student of the law, school of the University of Southern California, Los Angeles.

DISCUSS SALE FOR LAND

I. H. Nash, state land commissioner, accompanied by David Russell, state commissioner of public welfare, was here Saturday in conferences relating to possibility of sale of state lands within the Milner Low Lift Irrigation district boundaries.

PLEAD NOT GUILTY TO EMBEZZLEMENT CHARGE

Court Overrules Peters and Leichter Demurrer to Information; Motion for Separate Trial to Be Heard

Application for separate trial in the case of K. S. Peters, former manager, and Frank Leichter, former secretary of the Mutual Building and Loan association, charged with embezzlement of \$18,442 of the association's funds, will be considered Monday by Judge W. A. Babcock in district court here. It was announced Saturday when Peters and Leichter entered a plea of not guilty to the charge following overruling by the court of a demurrer to the prosecuting attorney's information charging Peters and Leichter with committing the alleged offense.

A motion for postponement of trial to the next term of court, submitted in writing by Roy L. Black, attorney for Peters, also was denied by Judge Babcock.

The motion for separate trial, it was indicated, will be presented in behalf of Leichter by his attorney, Homer C. Mills.

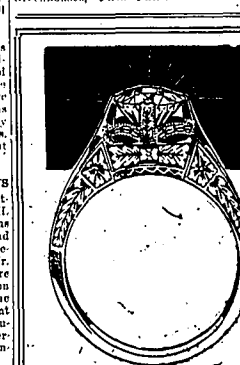

FISH PROBLEMS GET ATTENTION

State Game Warden and Fish Commissioner Give Assurances in Line with Requests

As a result of the visit here Friday and Saturday of R. E. Thomas, state game warden, and W. M. Kell, new state fish commissioner, members of the Southern Idaho Fish and Game association were given assurance of the assurance at an early date of a proclamation opening Rock Creek below the siphon to fishing this season, and agreement was reached under which the canal company will install at the siphon a cascade, to be constructed in accordance with specifications made by the fish commissioner, to permit trout from lower reaches of the stream to leap the drop at this point and reach spawning grounds in the headwaters of the stream from which they have been cut off since the building of the siphon.

Officials on Ground
These developments came following the trip made Saturday by the game warden and fish commissioner to the headwaters of Rock creek and along its course. On the preceding day they had visited Cedar creek and as a result decided to install a rack in that stream at the beginning of the spawning season. Mr. Thomas and Mr. Kell left here Saturday afternoon returning to Boise over a route leading past Thousand Springs and other streams flowing into Snake river below here. Subjects under discussion by the game warden and fish commissioner in conferences with local sportsmen will be presented together with other important business at a regular monthly meeting to be held Monday evening in the chamber of commerce offices, according to announcement made Saturday evening by W. R. Pritch, president of the Southern Idaho Fish and Game association.

DELEGATION TO SESSION NAMED

Republicans of County in Mass Convention Choose Representatives at Lewiston Rally

Twin Falls county republicans, represented by an assemblage of more than 50 persons at a mass convention Saturday afternoon in Parish hall here, elected six delegates and an equal number of alternates to represent the county at the state convention in Lewiston, March 25, which will elect Idaho's delegation of 12 members to the republican national convention in Cleveland June 10.

Delegates elected to the Lewiston convention were C. A. Robinson, Twin Falls; A. E. Kiles, Buhl; R. J. Day, Murtaugh; W. D. Gillis, Filer; R. T. McNamara, Rogerson; J. H. Seaver, Twin Falls. Alternates were elected as follows: T. E. Moore, Filer; C. J. Miller, Castelford; C. E. Rudy, Buhl; W. S. Hill, Twin Falls; S. Claude Stewart, Twin Falls; John F. Hansen, Twin Falls.

Announcement was made of the candidacy of C. A. Robinson, Twin Falls, former state committee man, for delegate to the national convention, but in view of the fact that Twin Falls is the home also of Representative Addison T. Smith, who also is expected to be a candidate for delegate, the meeting decided against endorsement of any candidates.

Frank L. Stephan, chairman of the county central committee, presided over the meeting. Out-of-town members of the committee attending the meeting included C. E. Rudy, Buhl; E. R. Brooks, Buhl; W. D. Gillis, Filer; T. Rutledge, Murtaugh; H. W. Webster, Castelford; Nelson Hayward, Albion.

GOVERNOR INVITED TO DINNER MEETING HERE

Preparations Made for Numerous Guests at Assemblage in Twin Falls to Hear Old Oregon Trail Executive

Invitation has been extended to Charles C. Moore, Idaho's governor, to attend a dinner meeting Tuesday evening in the Hotel Perrine, at which members of the Twin Falls chamber of commerce and their guests, including delegations from Buhl, Burley and other neighbor towns, will be addressed by Weston, Missouri, president of the Old Oregon Trail association, and Ralph Walsh, secretary of the International Truckmen and Auto Carriers' association.

Organization of an Oregon Trail system to include motor stages carrying passengers over the highway between Portland and Pocatello with terminals in Salt Lake and Yellowstone national park is expected to be a principal topic of discussion on this occasion.

FUNERAL FOR FRANK SPAFFORD

Funeral services for Frank Spafford, brother of R. R. Spafford, Twin Falls, whose death occurred last Wednesday in Boise, were conducted Saturday in the Elks' home in Boise with burial in the Elks Rest cemetery. Mr. Spafford had served for 13 years as assistant United States supervisor of surveys with headquarters at Boise.

Fair Weather Comes After Storm Warning

Storm forecasts were not realized in weather conditions Saturday in the Twin Falls area, reasonable conditions following early morning snowfall that brought snow to a depth of one-half inch, traces of which quickly disappeared under the influence of sunshine and rising temperature. Precipitation equivalent of the snowfall was recorded at the government weather observer's station here as two one-hundredths of an inch. Mercury recorded its top reach for the day at 43 above, a decline of eight degrees under the high mark of the preceding day, and was low at 26 above, a decline of seven degrees.

BREVITIES

Prosecutor in Buhl.—J. W. Taylor, prosecuting attorney, spent Saturday afternoon in Buhl on legal business.

Returns After Visit.—A. E. Slifer returned Saturday from three weeks visit at the home of his daughter, Mrs. E. I. Claudin, in Los Angeles.

Back from Pennsylvania.—J. W. Reese returned Saturday from Pittsburgh, Pennsylvania, in response to word of the illness of his mother, about a month ago.

Take Marriage License.—William Harvey Charlton and Laura Elizabeth Flynn, both of Buhl, obtained a marriage license Saturday at the office of the county recorder here.

Concludes Visit.—R. E. Sturdivant left Saturday returning to his home in Pendleton, Oregon, after three months visit to the home of his son, E. G. Sturdivant.

Undergoes Operation.—Miss Agnes Stronk, general delivery clerk in the post office, underwent an operation Saturday in the county general hospital for removal of her tonsils.

Kiwanis Directors Meet.—Directors of the Kiwanis club held a luncheon meeting Saturday at the Perrine cafe, at which possibility of the organization of a Kiwanis club in Filer was considered.

Home for Visit.—Ben J. Brown, formerly Twin Falls chief of police and now traveling watchman for the Oregon Short Line with headquarters in Pocatello, arrived here Saturday to spend the weekend at his home.

On Overland Trip.—Mr. and Mrs. M. Peairs and daughter, Ida, and Mrs. Charles H. Williams expected to leave

this morning on an overland trip to Oregon and Washington. Mr. and Mrs. Peairs will go to Longview, Wash., where Mr. Peairs has purchased a laundry. Mrs. Williams will join her husband at Eugene, Ore.

In Court in Burley.—Attorney John W. Graham spent Saturday in Burley on legal business.
