

Dr. Chester Stock of the University of California, who is superintendent of the search in a chance excavation made by sewer builders, said: "The race of men to which these human remains belonged apparently dates back tens of thousands of years." Dr. Thomas Hill, nationally known geologist of Washington and Los Angeles, supported Dr. Stock's statement with the following: "This is a transitional find. The geological formation in which these bones were discovered apparently gives them an age much greater than that of any remains previously unearthed here or elsewhere."

OSTER DEMAND LATEST TURN IN LEASE INQUIRY

Senator Walsh Would Impeach
Collector of Customs for Con-
spiracy with Fall; Source of
Big Loan Not Disclosed

WASHINGTON, March 25 (AP)—Impeachment of Clarence C. Chase, collector of customs at El Paso, Texas, was proposed today by the senate as an offshoot of its oil inquiry.

A resolution presented by Senator Walsh, the oil committee prosecutor, and adopted by unanimous vote, charged that Chase had conspired with the former interior secretary to "mislead and deceive" the oil investigators, and called upon the public, which has the sole power of initiating impeachments, to take such steps "as may be appropriate."

Has Resigned

Later it was made known at the White House that Chase had submitted his resignation immediately after his refusal yesterday to answer any questions before the oil committee, but that it had not yet been accepted. Senators said the development would have no effect on the proposed impeachment proceedings.

When it reached the house, the senate resolution was referred without comment to the judiciary committee which meets tomorrow. Committee members indicated there would be no undue haste, but some time in the near future a course of action would be recommended to the house.

Press Contempt Case

While the senate was debating the Chase resolution, law officers of the government began preparations to press a charge of contempt against Harry F. Sinclair, lessee of Teapot Dome, who also has refused to testify before the oil committee, challenging the authority of congress to compel the attendance of witnesses before its committees.

District Attorney Gordon conferred with special oil counsel and Chairman Ladd and Senator Walsh and it was indicated that an indictment would be asked this week of a grand jury now sitting in the district court. The conference took place within a few hours after the formal order of the senate had been signed. By Acting President Moses and sent to the district attorney.

Authority in Question

Should an indictment be returned, there would be put squarely up to the federal courts the question of the authority of congress and Senator Walsh said that if this were sustained Sinclair probably would be haled before the bar of the senate for contempt and placed in the custody of the sergeant-at-arms until he agreed to answer questions.

Today's open session of the committee itself was brief and devoid of sensation. M. D. Thatcher, president of the First National bank of Pueblo, Colo., testified to loans of slightly more than \$100,000 to Fall's cattle company by the M. D. Thatcher estate company, and Senator Walsh commented later that the evidence before the committee shows that Fall has received a total of \$32,000, the source of which has not been disclosed.

Thatcher told the committee arrangements had been made for the estate company to advance \$100,000 to the cattle company for improvements, but that this sum had been increased

Excavators Unearth Skeleton of Giant Prehistoric Human

Remarkable Find Is Made in
District South of Lewiston;
Sick Date of Existence

LEWISTON, Idaho, March 25 (AP)—A huge skeleton, believed to be that of a prehistoric human being, has been discovered in the Salmon river country south of here by two members of the state highway department, who have brought their find to this city.

The lower jaw and vertebrae will be sent to the Smithsonian Institution at Washington, D. C., for analysis as to the probable date of existence.

The bones were found in the side of a cliff 11 1/2 feet deep, estimated to be 50 feet. Nearly the entire skeleton was recovered, the excavators proceeding with more care after determining that the find might prove to be of scientific value.

Measuring more than eight feet in height and possessing numerous strange features, the skeleton has aroused widespread interest. Three physicians who examined it pronounced it to be that of a woman.

Belief that the person was of a herbivorous race has been expressed, owing to the peculiar form of the jaws and teeth. Both the upper and lower jaws have only 10 teeth each and all are intact.

Commemorative Markers

MANILA, March 25 (AP)—A number of prominent Filipino and American veterans have expressed approval of a proposed plan for erection of tablets commemorative of the valor of the soldiers of both races on the battlefields of the American-Filipino war.

The few monuments that have been erected are to the memory of fallen leaders and nothing has been done to mark the battlefields where the rank and file rendered efficient service. One place suggested as a suitable spot for a tablet is historic Santa Mesa, a suburb of Manila, where the first shot of the insurrection was fired.

by \$2,200 through an overdraft, which was taken care of in a note.

Pursuing a public session tomorrow to give attention to a number of bills before it, the committee will resume its inquiry Thursday with the expectation of Al Jennings, former train robber, and now evangelist and politician, regarding gossip of "oil deals" at the Chicago republican national convention in 1920.

PRISON GATES CLOSE BEHIND W. H. ANDERSON

Former Head of New York
Anti-Saloon League Enters
Cell with Head Erect; Strikes
Parting Blow at Enemies

OSBURN, N. Y., March 25 (AP)—William H. Anderson, former head of the state Anti-Saloon league, once a powerful figure in the political life of the Empire State, today became number 7745 in Sing Sing prison.

Convicted of third degree forgery in altering the books of the league, his application for a certificate of reasonable doubt denied yesterday, the former dry crusader surrendered in New York this forenoon to Sheriff Douglas. He was brought here by train to begin serving his term of from one to two years.

Anderson was far from dejected. "I am a prisoner of war in the hands of the enemy," he said in a statement handed to the sheriff.

"After the damage I have inflicted on the liquor traffic," said the statement, "I shall not begrudge the wets and their de facto allies any satisfaction they can extract by kicking, when he is down, the one they could not whip in a fair fight."

Head Erect

When the former dry leader arrived he was whisked away to the prison in a taxicab. As he stepped from the cab and saw the prison walls the prisoner smiled grimly. He walked with a firm step, head erect, lips compressed, eyes flashing. He was led to the warden's room, where his pedigree was taken and he was given a number. Then he was taken to another room where his mustache was clipped and he was given a bath. Finally, the regulation prison uniform of gray

trousers and grey coat, hickory shirt and black shoes was issued to him.

Gates Close

A few minutes later he was led to his cell and the iron-barred gate clanged behind him. Tomorrow morning he will be assigned to manual labor such as shoveling coal and washing floors. It is probable, prison officials said, that in ten days he will be given clerical work if there is a vacancy.

Before Anderson boarded his train at the Grand Central terminal in New York a large crowd jeered him. Anderson ignored the cat-calls and hisses and looked straight ahead. At several stations along the way there were small crowds on the platform eager to get a glimpse of him.

Anderson astonished the attendants at the prison by appearing in formal morning dress. Within the memory of the oldest attendant he was the first prisoner to enter attired in such a manner.

CULTURE OF AMERICANS FALLS ON MR. ZANGWILL

PLYMOUTH, March 25 (AP)—Israel Zangwill, who arrived here recently, said democracy was on trial in America because there are no more great men in America. It has nothing more or less than politicians playing down to a crowd which was ill-informed on most subjects and knew nothing at all about Europe," he said.

"There is more justice, sense of honor and more efficiency in England than in America," he said, before proceeding to describe Americans as being the "kindest-hearted and most charitable people in the world." "Many of them," he added, "are very lovable and very cultivated, but some are unable to make a stand against a flood of vulgarity."

BRITONS START WORLD FLIGHT; FORCED TO LAND

Keen Interest Centers in Competition Between Americans and English Fliers; MacLaren Lands on Account of Fog

HAVRE, France, March 25 (AP)—The MacLaren airplane, which began its world flight from England today, descended near here this afternoon owing to the fog.

CALSHOT, England, March 25 (AP)—Great Britain entered the air race around the world against America at 12:10 p. m. today when an amphibian plane piloted by a trio of royal air force aviators rose from Southampton waters amid an escort of land and seaplanes and turned its glistering nose toward the coast of France.

Officially, of course, there isn't any race. Three British fliers of long experience in the air merely wanted to fly around the world "on their own" and the air ministry gave them leave.

Regarded as Race Officially, it's merely a coincidence that a group of American planes happened to be trying to accomplish the same thing at the same time. Unofficially, however, everyone in Great Britain who cares anything about flying looks upon the venture as a race against the American planes which left California, flying in the opposite direction, last week.

With a single plane "on its own" in competition with four American ships, the British are putting their trust in the Kipling phrase, "He travels fastest who travels alone." Squadron Leader A. Stuart MacLaren, a modest Scotsman of 32 years, who is navigating the plane, is acquainted with his route from here to India, having been the first to make an air voyage between the home country and its eastern empire. But from India through the orient and across the Pacific, Canada and the Atlantic, he will be flying over strange lands and water.

Will Replace Motor MacLaren expects to complete the voyage in four months. In Tokyo he intends to replace the 450 horsepower engine which roared off toward France this morning with a new one of the same kind. Another motor and another plane will await him in Ottawa.

Before beginning the long voyage this morning MacLaren took his wife for a spin in a short trip over the airfield. She fixed on the fuselage the expedition's mascot—a little "bushy" aviator "holding" two "joy sticks" in his hand. It is similar to the mascot MacLaren used in his pioneering flights to Egypt and India. MacLaren left behind him three children, the eldest six years and the youngest four months.

King Wishes Success Just before arising from the water the pilot received a telegram from King George wishing him success and assuring him that he will follow the progress of the trip with keen interest. Lord Thomson, the air minister, then bid the fliers "official Godspeed" in a short talk. Flying Officer Fiedoruk took his place in the plane and Sergeant Andrews, who is making the flight as mechanic, gave the propeller a spin and in a few minutes the plane was on its way.

IDAHO THEATRE WILL SHOW HUNCHBACK OF NOTRE DAME

Following lengthy negotiations between Carl Laemmle, president of Universal Pictures Corporation and Manager J. E. Malson of the Idaho theatre, contracts were signed for the early presentation here of "The Hunchback of Notre Dame." Booking of this wonderful picture is one of the most important announcements in local theatrical circles recently.

The fame of the Victor Hugo classic in its celluloid form has been so generally known that it is hardly necessary to dwell upon its greatness. During the first five months following its premier at the Astor theatre in New York city it was shown only in the largest legitimate theaters of the United States. It established a record at the Astor by running more than six months to capacity crowds.

Lon Chaney heads the notable cast of 3091 players which includes such brilliant artists as Patsy Ruth Miller, Ernest Torrence, Brandon Hurst, Tully Marshall, Nigel de Brulier and Winnifred Bryson. The majority of the 75 principals are as well known on the

stage as they are on the screen. The production in film form has been endorsed by the clergy of all denominations.

LON CHANEY HAS ROLE IN BIALTO FEATURE

Lon Chaney, the screen's foremost character actor, has the greatest role of his career in "Flesh and Blood," which will be the feature attraction at the Bialto theatre today. The man "of a thousand faces" gives a memorable performance as the escaped convict who becomes a fake cripple to avoid the law. Follow him in his climb to regeneration.

CRITICS COMMENT HIGHLY ON PICTURE AT ORPHEUM

Following are some of the comments of the New York dramatic critics on "Six Days," the film booked for showing at the Orpheum: Morning Telegraph: "Six Days" is a film so tense, in its drama that the earnest appeal of the elegant is actually communicated to the audience. Sun: The picture has been directed with unsurpassed skill by Brabin. Corinne Griffith seems to have realized her first big chance in this picture splendidly.

Telegram: One of the important contributions to the current season of photoplays.

CALL WOMAN TO TESTIFY AGAIN

Smith's Divorced Wife May Be Asked for Further Details; Daugherty Probe Quiet

WASHINGTON, March 25 (AP)—Another public session tomorrow in the Senate inquiry into Attorney General Daugherty's conduct of the department of justice was postponed today by committee members.

Roxie Stinson, divorced wife of Jess W. Smith, will again be put upon the stand, according to tentative plans, and may face a cross examination by Paul Howland and former Senator Chamberlain. Mr. Daugherty's attorneys, concerning his sensational allegations of the passage of bribe money in bootlegging and prize fight motion picture "deals."

Senator Wheeler, democrat, Montana, who it has been announced has been confined to his home with a cold, and thereby has occasioned a four-day recess in the taking of testimony, was reported to be still in bed but probably will be able to return to the capital tomorrow.

The only congressional development in the situation today came when Representative Oliver, democrat, New York, in a speech to the house, brought President Coolidge to "unlock the secrets" which he said surrounded the suicide last year of Jess Smith in Mr. Daugherty's apartment where he had lived as the attorney general's close friend, and the ensuing litigation between Mrs. Stinson and the attorney general's brother, an executor of the Smith estate.

Despite the committee's adjournment its agents and associates have been active in searching for and examining witnesses and reports. A mass of data has been submitted for study by Senator Wheeler, but the nature has been closely guarded.

Attention, Beet Growers

The success of the Factory is dependent upon the success of the grower. These few remarks are offered in the interests of both, and in pursuance of a policy designed to offer every assistance in our power to the men who grow the beets.

JAMES SCILLEY, District Manager.

NOW is the time to get busy on the land.

Fall plowed land or potato ground should be gone over and seed bed prepared by spring-tooth harrow, or disc, then floated so that low places in field where dry ground has been dragged will have a chance to get soaked up with any moisture we may get, thus insuring an even germination of seed, also to start weeds, then worked again before planting to destroy weeds.

Experience has proved that beets planted the latter part of March or early in April has made the best tonnage.

Drills should be examined to see that each shoe is depositing at the same depth. Each time a turn is made in the field see that shoes are not clogged up. Do not plant more than one and one-half inches deep. A good seed bed well packed and seed evenly deposited at the proper depth will go far to insure a satisfactory crop. All spring plowed land should be worked down, corrugated and irrigated before planting.

Clover and alfalfa ground should be crowned as shallow as possible to cut off crowns properly, then harrow and leave long enough to get crown dried up, then plow about seven inches deep, irrigate and plant as above.

This work should be done so beets can be planted by the 20th of April, and if possible by April first. Do not plant on smooth surface. Always harrow ahead of planter.

THEATER TAKES BOWLING TITLE

Idaho Five Win First Place in League from Troy Laundry by a Single Game

The 1924 bowling season will end with the Idaho theater supereding the Troy Laundry and breaking the latter's run of two victories in succession by a single game.

Tuesday evening the Idaho theater bowlers trimmed the Royal bakery quintet decisively in all three games and hoisted themselves to the top of the league.

All of the games were complete victories for the theater lads, the first being with a 812-775 score, which was the closest of the three. The second went moviewards to the tune of 853-811. The score of 234 by "Dinty" Moore in the final game placed him as high man on the evening and again increased the Idaho count which read 912-780 in their favor.

Town also was playing his usual consistently good game and bowled 511 to Moore's high score of 576. The totals place the theater at 2577 and the bakery 2366.

The Score.

Banquet Friday Night.
Official closing of the league will be observed by the local bowlers Friday night at a banquet at the Roger hotel which is being prepared for the bowlers and followers of the game throughout the past season. At the banquet the prizes will be awarded the various teams and individuals who have earned the awards throughout the past 21 weeks of the indoor sport.

For the week beginning March 21 a handicap match, based upon showing under during the season just past, will be held to determine the singles and doubles champions of the local alleys.

The players have been divided into four groups composed of the ten bowlers with averages ranging from 120 to 160 who will meet without a handicap in either the singles or doubles. The second group goes down the list further and gives ten or more a handicap of five pins per game, while the third group includes players with still lower averages who are given 10 pins and finally the tailenders take 15 pins as their handicap.

Partners Picked.
This contest will start Monday evening with the following sets of players lined up as partners for the opening night: Larson and Evans, Town and Kerr, Daulton and Keffner, Kennedy and Scott, Caldwell and Smith. On Tuesday the following: Knutson and McDougall, Tritt and Smith, Logan and Attnip, C. Braggman and Asbury, Seelley and Moore. In each of the above a scratch man is placed with a handicap together. The players were chosen by drawing for partners. This list has been added to the one already in effect to enter the tourney which should prove to be an interesting affair.

Singles Tournament.
The singles tournament will open on Wednesday night, April 2, with the following entrants: Town, McDonald, Salmun, Scott, Evans, Kerr, Attnip and Asbury. On Thursday another list is being compiled with Tritt, Logan, Caldwell and C. Braggman scheduled for the event.

Definite announcement of prizes for the high man in the doubles and singles tournament has not yet been decided and will, of course, depend upon the number of entries at a later's entrance fee.

CLASS BASEBALL GAME SCHEDULED

Two Garritys on Opposing Teams Today; Anderson Gets Squad in Shape

Brothers-meets brother when the junior high baseball team meets the juniors Wednesday evening in the opening game of the interschool series.

Anderson's junior high team elected Wallace Garrity, brother of the junior captain, to head their nine for the coming season at a meeting Tuesday night.

"Mousey," smaller brother is rapidly following in the footsteps of the blue and white moundman as an athlete, although during the interclass games he will do his battery work at the receiving end. Coach Anderson announced that Sinclair and Frazzelle will do the twirling for the junior high while Knight at first base and Wier at shortstop with the keystone sack and third to be settled later between Taber, Gish and Haynes. The probabilities are that they will all be used. The outfield line up for the young players is Brown, Denay and Williams.

With but a little over a week left in shape the junior high seems to be on the road to having a successful season, reports Coach Anderson, who hopes to make a good showing against the high school players.

No definite games, other than class games, have been scheduled for the junior high as yet, but Bull has signified their desire to play the younger team as soon as a date can be agreed upon.

There will be no track team in the junior high school.

Both Coolidge and Johnson campaign headquarters issued statements at midnight claiming victory, the president's adherents making no mention of majority while the Johnson forces claimed a majority of 40,000. Democratic state headquarters at Haron at midnight declared that reports received there showed McAdoo has carried the state by a majority of better than two to one and the entire democratic majority ticket is nominated.

CARDINALS SEE IN AMERICA YET PROBABLE

ROME, March 25 (AP)—With the assembly in Rome of great numbers of American Catholics, both clergy and laity, for the elevation of Archbishop Hayes and McAdoo to the cardinalate, the formal investigation of which takes place in the basilica of St. Peter's Thursday, has arisen considerable discussion in Catholic circles, not restricted to Americans, concerning the possibility of the eventual election by the body of one cardinal native-born in America. This would mean the automatic elevation to the sacred college of whoever might be designated archbishop of the arch diocese selected.

ARMED GUARDS ON WATCH IN EPIDEMIC OUTBREAK

The authorities announced today. The police who were placed at the stockyards last night when the disease was discovered, will be replaced by guards paid by the state and federal governments. It is estimated there are 500 infected cattle and swine in the two stockyards.

BETTER HEALTH SERVICE

Public Health Is Public Wealth
Issued by the Public Health League of Idaho

THE EAR, DRUM AND RADIO.

Physicians who have been studying the effects of radio reception on the sense of hearing in late "Victory" World War soldiers, have recently established the fact that radio will benefit or injure the ears, according to its use.

No doubt the hearing is benefited by use. All the special senses require exercise for their life and activity. And no doubt persons who are hard of hearing can improve their hearing by listening in on the radio, if they do it properly, but they must do it properly.

The first requisite is that the ears shall be in a suitable condition for such business. Ears that are sore or tender or irritable should not use the radio while they are in such condition. The pressure of the hand phone against the ear may set up an inflammation. Speculators that have their curved temples will cut into the external ear structure and hurt, and should be changed to some form that will not press against the ear.

Aged persons who are hard of hearing and who have high blood pressure and are irritable from that or from any other causes, should experiment gently in this business and get themselves in condition before attempting to become active radio fans.

Any persons who are convalescing from illness who need rest and quiet of mind as well as of body, are often made sleepless and irritable by trying to listen to "exotic" music, with insomnia are sometimes induced enough to try to cure it by turning on the radio in the middle of the night, a very poor way to cure insomnia.

As to whether the horn of the hand phone is better or not. The pressure of the hand phone against the ear is obnoxious to the use of the horn, of course, but persons who have good ears

TOMMY GIBBONS AND CARPENTIER ARE SIGNED UP

St. Paul Challenger and Idol of France to Meet in 10-Round No-Decision Affair July 4; Place to Be Picked

CHICAGO, March 25 (AP)—Tom Gibbons, of St. Paul, challenger for the world's heavyweight championship, and Georges Carpentier, ring idol of France, tonight were matched to meet in a 10-round no-decision contest, either at Michigan City, Ind., or Benton Harbor, Mich., on July 4.

Carpentier was guaranteed \$70,000 with a privilege of 25 per cent of the receipts, while Gibbons, waiving all claims of a guarantee, accepted a flat 30 per cent. Jack Curley, representing the French light heavyweight, received a certified check for \$15,000 guaranteeing the match. Curley said that \$10,000 of this sum was a guarantee of good faith and that \$5,000 was for training expenses.

The match will be promoted by Floyd Fitzsimmons, who owns arenas both at Michigan City and Benton Harbor.

To Name Place
Fitzsimmons reserves the right to wait until May 10th to name the scene of the contest, but it is probable that he will select Michigan City, which is less than 50 miles from Chicago.

In the event the contest cannot be decided at either city, Fitzsimmons has arranged to transfer it to several localities in the middle west, among them St. Paul.

Carpentier has arranged to arrive in this country on June 1. Gibbons through his manager, Eddie Kane, agreed to accept no more contests after filling two engagements against minor opponents.

WILL ENFORCE LAW

INDIANAPOLIS, March 25 (AP)—Governor McCray, who informed recently of the report that Tommy Gibbons and Georges Carpentier had been matched for a bout to be held at Michigan City, Ind., declared that the Indiana law which prohibits the stag-

ing of prize-fights will be enforced. The law prohibits holding of boxing contests, but as neither of the sports are defined, it rests with officials to determine whether they are prize-fights or boxing shows.

CONFESSES PLOT FOR BLACKMAIL

Prisoner Said Radical Group Planned to Force Edsel Ford to Pay \$1,050,000

DETROIT, March 25 (AP)—Robert M. Toms, prosecuting attorney, today recommended a warrant charging malicious threats to extort in the case of Waslov Simsek, under arrest in connection with three letters which were alleged to have made a demand of \$1,050,000 from Edsel Ford, president of the Ford Motor company. Mrs. Annie Hladik, arrested with Simsek yesterday, was released.

He was selected to write the letters, he is reported to have said, and it was arranged that the blame was to be placed on Mrs. Hladik.

Mrs. Hladik said Simsek had told her some of the plans to write the letters, but on advice of her husband she had refused to listen to him. She said Simsek wrote the letters and hid them in a church where he sang in the choir. They then were mailed by another person.

MOVEMENT OF LAMBS OUT OF COLORADO DECLINES

CHICAGO, March 25 (AP)—Movement of fed lambs and sheep out of Colorado from January 1 to the middle of March has been considerably smaller this year than in the same period a year ago, according to a statement issued today by the United States department of agriculture.

As a result although the number on foot January 1, estimated at 400,000, was 100,000 smaller than on January 1, 1923, the number on feed the middle of March was around 50,000 more than at that date last year.

From January 1 to March 15 this year only 2,350 cars had been loaded in the state, whereas from January 1 to March 17 last year, 3,200 cars were loaded.

Mortality this year has been somewhat larger than last year although the big increase in death losses this year took place before January 1.

"UNION HOURS" UNKNOWN TO NEW ENGLAND WOMEN

Statisticians Figure Average Farm Household in East Works 11 Hours a Day Including Holidays

DURHAM, N. H., March 25 (AP)—The suggestion that farm women spend more time in the making of pies, cakes and cookies than their food value justifies it, say workers of the state farm extension service. Those workers, with the aid of charts kept by representative farmers' wives, have figured that the average farm woman in this state performs nearly 4000 hours of labor a year, in effect giving an 11-hour day, including Sundays and holidays.

The extension workers are trying to work out some means of reducing this burden. A campaign for better food selection is being made, in view of the fact that the charts show an average of four hours a day spent in food preparation. The inconvenient arrangement of kitchen and pie equipment is found to be an important factor in the situation.

The time spent on sewing, the workers say, can be reduced by education in equipment and methods. Better washing equipment will help in laundry work.

The extension service heard of a farmer who was forced to do the family washing because his wife was ill. She had done her laundry work for 27 years with inadequate equipment but at the end of two weeks the farmer bought a washing machine.

MINERS RATIFY NEW SCALE.
INDIANAPOLIS, March 25 (AP)—The rank and file of the United Mine Workers of America ratified the new wage scale agreement, as being just, in the bituminous industry for three years by a unanimous vote. It was announced here this afternoon. The vote was 164,578 to 26,255.

of Mr. Thomas. Mr. Thomas sounded what was regarded by many party leaders as the keynote of the convention when he declared in a speech of appreciation that "this is no time for factions. Let's get together and go out and clean up the common enemy."

Hart Responds.
Resolution of confidence in Mr. Hart and appreciation for his long term of service was moved by Lloyd Adams of Hexting, and seconded by the speaker of a brief talk in which he thanked the party for honors shown him in the past and pledged continuance of his faithful service in the party ranks.

Resolutions voiced sorrow at the passing of President Warren G. Harding and praised the high character, integrity of purpose and the public spirit essential to coping with the present conditions.

Reference to the Idaho congressional delegation was stated in these words: "We desire to put on record our appreciation of the past record of the delegation, and our confidence in the ability of the present delegation to carry on the work of the party and the people of our state in these trying times at Washington."

WORLD FLIERS CHANGE PLANS

Another Stopping Place Added as Measure of Protection Against Accident in Storms

SEATTLE, March 25 (AP)—Warned by an Alaska pilot that fierce storms and high gales might be encountered by the eight United States army globe encircling aviators while attempting to cross the north Pacific ocean in April, Major Frederick L. Martin, commander of the squadron, today added a new stopping place to the itinerary.

Umanak Island, immediately west of the Alaska peninsula, eastern Aleutians, and lying between Chignik and Umanak, was accepted as a stopping place following a conference between the aviators and J. R. Nichols, superintendent of a cannery on Umanak Island for many years. Original plans called for a 400-mile non-stop from Chignik, Chignik bay, on the north shore of the Alaska peninsula, to Umanak, eastern Aleutian islands.

A committee composed of Seattle chamber of commerce and city officials, including Mayor John H. Linder, and representatives of the local aviation community, met at the city hall today to discuss the proposed stopping place at Umanak. The committee is composed of Mayor John H. A silver punch set was sold for \$300. It was announced it would be presented to the Washington place, the mansion formerly owned by Liliuokalani, and the official residence of the governor of Hawaii.

A tiger claw necklace and ear rings set was sold of W. H. Wallbridge of Toledo, Ohio, for \$252. A butterfly brooch containing 159 diamonds, was bought for \$1375 by Mrs. Mark Robinson, descendant of a noted Hawaiian family. A small brooch set with diamonds brought \$175.

SELECT UNIVERSITY PLAY

"Wandering Men" by Talbot Jennings is picked for Varsity Presentation During Junior Week in April

UNIVERSITY OF IDAHO, March 25.—(Special to The News.)—An announcement has been made that the play, "Wandering Men," by Talbot Jennings, university student, has been chosen for the University of Idaho play season. The play is a dramatic offering for the year, marking a new era in student dramas, both here and in the northwest. The play was chosen by Professor John H. Cushman, director of dramatics, after considering a number of modern plays being run in the large cities at the present time.

The production has been scheduled for April 22 and 23, junior week at the university.

proved the work of the joint commission and in the customary manner the former relations were immediately resumed.

It may have come a second time upon a good mission; this time as the first ambassador to the government (the Obregon government), with which we previously treated.

Urges Co-operation.
"It always will be a pleasure to recall that perhaps I have played some part in restoring more friendly relations with this republic—our new neighbor. We wish mutually profitable trade and commerce to pass from each country to the other. Above all, we desire a feeling of confidence to flow without disturbance between the governments and peoples of both republics. Without such confidence there cannot be permanent commerce or financial relations."

Stable Government.
"We are anxious for a stable and orderly government here for Mexican and American good. We expect the rights of our citizens here to be protected in accordance with international law, which must be respected if international relations are to exist. We hope it is a matter for common rejoicing that the two adjoining republics have entered upon what should be a unbroken era of cordial and mutually helpful relations."

"I shall try while here to understand the policy and her problems in the hope of helping my own people to appreciate them. As to our joint projects, I shall try to bring to their solution a state of mind that is willing to understand the rights and necessities of others."

DISEASE SPREAD HELD CRITICAL

Ask State Veterinarians to Join in Meeting to Discuss Quarantine Regulations

SALT LAKE, March 25 (AP)—Discovery of the foot and mouth disease in stockyards at Los Angeles and San Francisco caused officials of the state board of agriculture today to urge a meeting of veterinarians of the various western states to consider uniform quarantine regulations and led to the announcement that shipment of baby chicks from California into Utah again will be prohibited after today.

The following telegram was sent out this evening by J. A. Webb, state veterinarian, to state veterinarians of Idaho, Wyoming, Colorado, Arizona, New Mexico, Nevada, Texas, Montana, Oregon and Washington:

"Spread of foot and mouth disease in California alarming. Can you join Utah, Idaho, Nevada and other states veterinarians in a conference in Salt Lake Monday, March 31, and adopt uniform state quarantine regulations that all will abide out? Suggest having present representatives from the press, railroad and express company officials, postal authorities and representatives of livestock associations, banks and commercial clubs and others to arouse and unite public sentiment. Adopt the slogan, 'It shall not pass California boundaries.'"

P. T. A. Holds Last Meeting.
The last meeting of the Parents Teachers' association of the Washington school was held at the building on Tuesday afternoon with the chairman, Mrs. T. F. Warner, presiding.

The meeting opened with a pleasing program by the children which was followed by a splendid talk by Mrs. P. E. Snook on "Physical Education for Children." Mrs. I. E. Joslyn spoke on "The relation between Parents and Teachers." Both these talks were extremely interesting and helpful.

Miss Le Nell Blackledge sang three beautiful numbers, accompanied by Mrs. Merlin Bailey on the piano. Reports were given by the various committees, among which was a report by Mrs. Robert Rogerson on the nutrition class.

Election of officers for the coming year was held. Mrs. R. A. Reed being elected chairman; Mrs. D. G. McCully, vice chairman, and Miss Edith Murray, secretary-treasurer.

Mrs. J. A. Walker announced the state P. T. A. convention which is to be held in this city in May. Delegates will be selected from the Washington P. T. A. by Mrs. Warner.

Women's Club Gives Party

The Business and Professional Women had another of their enjoyable parties at their club rooms on Monday evening. The time was spent with cards and Mah Jongg and the making of various toothsome candies, among which was taffy for an old fashioned candy pull.

Their weekly Tuesday luncheon was attended by an unusually large crowd. Mrs. I. H. Masters told of some of her experiences during her recent visit to California and expressed her delight at being home.

Carolina, ranking democrats on the committee, however, continued work on a substitute schedule which he said the democrats would offer when the bill reached the floor.

Indirect word received by some committee members that Senator McCormick, Illinois, a republican member of the committee, who was absent last night and was not voted by proxy in writing the Mellon rates, was displeased with the committee's action. Should he be, however, to have the schedule reopened, the vote would have to be on a substitute plan, Chairman Smoot said.

THE MARKETS

ALL WHEAT DELIVERIES
FALL TO LOWEST MARKS

Market Apparently Shows Effect of Burdensome Supplies; Heavy Selling Held to Be Cause of Drop

CHICAGO, March 25 (AP)—All deliveries of wheat smashed down today to a new low price record for the season. Heavy selling both on the part of holders and to anticipate declines was chiefly responsible. Closing quotations were unsettled—1-3 1/8c net lower, May \$1.01 7/8 to 1.01 5/8 and 1.02 and July \$1.03 3/8. Corn finished unchanged to 1-5/8c higher, oats 1-8 to 5-8c off and proso, unchanged to a setback of 10 to 12c.

Apparently the wheat market was showing the effect of burdensome supplies. Exports of wheat from the United States up to this time this season were figured at about 60,000,000 bushels less than in the same time a year ago, and it seemed to many observers that the carryover into the new season would be above the usual average. Furthermore, the condition of winter wheat in the states of largest production was reported as mainly good under such circumstances and with weather conditions favorable and Liverpool prices lower, offerings of wheat here far exceeded the demand. Besides weakness of stocks of cotton put an additional strain on grain values.

As the wheat market approached nearer the dollar-a-bushel level, however, some change of sentiment became evident and rallies took place as a result of buying based more or less on opinions that there had been decline enough for at least the time being. The fact that primary receipts of wheat today were the smallest in some time attracted but little notice as a rallying factor. Export sales of 250,000 bushels of durum were likewise nearly ignored.

Corn was sustained largely by prospective further delay to the crop movement. Wet weather precluded likelihood of increased receipts, even if farmers were willing to sell. The oats market, though, sagged in sympathy with wheat.

Provisions averaged lower, reflecting the decline of hog values.

UNITED EFFORT PROPOSED FOR PUBLICITY MOVE

Twin Falls Chamber of Commerce Suggests Co-operation of South Idaho Communities in Bid for Attention

With a view to securing to south Idaho the advantages of a comprehensive publicity campaign, suggestion is made in letters sent out by the Twin Falls Chamber of Commerce, that all commercial organizations of this region unite in such an undertaking. It was stated Tuesday at a meeting of the committee on publicity of the chamber of commerce.

The suggestion does not carry with it an endorsement of any particular plan of action, but only proposes that south Idaho communities, through the commercial or civic organizations, unite in a common effort to give far-reaching publicity to the resources of the region.

CALLS ON DAIRYMEN TO LAUNCH ORGANIZATION

Committee Chairman Reports Completion of Its Work in Announcement of Call for Meeting Here

Urgent calls to members of the Twin Falls County Co-operative Dairymen's association to attend a meeting here Monday, April 7, were made by the committee on dairymen.

The committee on dairymen has been working diligently to sign up the required number of cows from which cream is to be delivered and handled co-operatively.

The committee at this time wishes to inform you that the required number of cows have been secured. The articles of incorporation of the association have been filed with the secretary of state. The next step is the election of a board of directors in order that the association can commence doing business as quickly as possible.

The meeting has been called for to a Monday, April 7, at 7 o'clock. It is absolutely important that you be present at this meeting as the board of directors you elect are the ones who will conduct the affairs of the association.

CLAIMS RAILROAD FUND TIED UP BY ATTACHMENT

H. F. Ingram, as Assignee of J. L. Stewart, Calls for Delivery to Him of Money Raised to Buy Idaho Central

Claim for delivery to H. F. Ingram, as assignee of \$2500 held in escrow by the Twin Falls National bank for Joseph L. Stewart, former manager of the Idaho Central railway company, was asserted in an answer to the petition of Conrad Wolfe filed Tuesday in district court in the suit of Wolfe against Stewart filed by J. R. Bothwell and W. Orr Chapman, attorneys for Ingram.

The fund in dispute was subscribed by Twin Falls citizens and delivered to the bank to be held in escrow for Stewart pending dissolution of the Idaho Central company.

Ingram, in his answer declares that Stewart assigned to him \$2500 on June 3, last, the day that the fund of \$2500 was turned over to the bank, \$2500 of the amount having previously been assigned by Stewart to James M. Thomas.

The entire amount was attached June 11 by Conrad Wolfe, who claimed it under an alleged agreement for services rendered to the Idaho Central company. The writ of attachment, according to Ingram's answer, was served only a few hours before the bank received Stewart's letter assigning his claim to the fund to Ingram.

Both Stewart and Ingram are residents of California.

THIRD ROBBERY SUSPECT TAKEN

Arrest of J. E. Hovermale at St. Anthony Brings Hunt for Hazelton Yeggmen to End

JEROME, March 25. (Special to The News)—James E. Hovermale, 32, arrested yesterday in the vicinity of St. Anthony, Idaho, in connection with the robbery November 22, last, of the Hazelton state bank, was delivered today by Burns agents into the custody of the sheriff's office here, and will be arraigned tomorrow in probate court on a charge of robbery. Hovermale, who is believed to be a resident of St. Anthony, has made no statement since his arrest in relation to the crime, which he is charged.

He has retained A. B. Barclay as attorney.

Arrest of Hovermale is believed to have brought into the legal dragnet all of the persons suspected of complicity in the Hazelton bank robbery, which resulted in a loss of approximately \$1200.

Sheriff W. W. Henry of Jerome county is reported to have left Los Angeles this morning and will arrive here tomorrow with Russell and Roy Smith, who were arrested there in connection with the robbery, in his custody.

HIGH SCHOOL LABS WILL COMPETE IN SWINE SHOW

Arrangements Completed for Exhibit of Fat Hogs for Prizes, and Cordial Invitation Issued to Public

Boys of the Twin Falls high school, Twin Falls high school, and the Idaho Falls high school, will exhibit their prize-winning pigs at the swine show to be held at the fair grounds here, Friday, April 5, at 2 o'clock this afternoon in the J. E. DeWitt chapel here and will be conducted by the Rev. W. W. Burke of the Christian church.

The show will be held Thursday to Missoula, Montana, for burial.

Each of 10 boys who expect to enter the competition will exhibit three animals in a pen of three, one of the animals to be considered as being selected in the single pig class. All of the animals to be entered have been fattened since August 20 last. Entries will be judged from the market standpoint by H. B. Schildman, Filer, and prizes will be awarded to the winners.

FUNERALS

MILLS—Funeral services for Lindley Mills, whose death occurred suddenly at his farm home southwest of here late Monday evening, will be held at 2 o'clock this afternoon in the J. E. DeWitt chapel here and will be conducted by the Rev. W. W. Burke of the Christian church. The body will be taken Thursday to Missoula, Montana, for burial.

WARD—Funeral services for Ward, who died at his home here, will be held at 2 o'clock this afternoon in the J. E. DeWitt chapel here and will be conducted by the Rev. W. W. Burke of the Christian church. The body will be taken Thursday to Missoula, Montana, for burial.

GATES CLOSED FOR SCRUTINY OF WATERWAYS

Twin Falls Reservoir Filled with Two-Days' Water Supply in Preparation for Few Hours' Drouth

Headgates of the Twin Falls canal system at Milner will be closed at noon today for several hours to permit of a thorough inspection of the system by members of the board of directors and General Manager Burton Smith before the beginning of the irrigation season, it was announced Tuesday at the canal company offices here.

It is the purpose of the management to make the inspection in a manner that will prevent interruption of water delivery through the system at any point for more than the space of one day.

City Has Two Days' Reserve.

It is estimated that water in the canal system will have lowered in that vicinity so that Twin Falls water supply will be shut off Thursday. In preparation for this condition Superintendent Harley Rayburn of the municipal waterworks, began Monday morning filling the reservoir at the water purification plant which has a capacity to hold water sufficient for two days' requirements at this season.

In view of the possibility of shortage of water during the coming season, the canal directors and manager in this inspection will put forth diligent effort to locate any possible sources of loss in delivery of water through the system, and will take immediate action with regard to such repair work for which need may be disclosed.

PARENT-TEACHER UNITS RECORD FOR YEAR GOOD

GOINGING, March 25.—According to the report of Mrs. Charles Wesley Tenney, treasurer for the Idaho State Parent-Teacher association, this year's record for this organization, which unites the work of the church, the home and the school in the interest of the boy and the girl, will be a good one.

More than 50 local circles already have identified themselves with the state association and a number of others are planning to send in their dues before March 31, so they can be represented and vote at the annual May meeting.

Up to this time the South Side Circle in Nampa leads with 386 members, while Wardner at Kellogg comes second with 134 members.

In Boise the list includes High School Park, McKinley, Whittier, Lowell, Roosevelt, Valley View and Maple Grove; Pocatello, Washington, Roosevelt, Emerson and Jefferson; Nampa, South Side, South Side Boulevard, and High School; Twin Falls, Bickel, Lincoln, Washington; Idaho Falls, High School, East Side, Central, Emerson, Riverside and Eagle Rock; Caldwell, Midway, Pleasant Ridge and Lincoln; Eagle, Union and Pleasant View; Jerome, Barrymore; Kellogg, Wardner; Coeur d'Alene, Rietz; Kuna, Hamlet, Valley, Paul, Washington; Emmet, Central Mesa; Rupert, Pioneer; Melba, Melmont. Other circles, named after the towns in which they are located, include Downey, Carey, Gooding, Kooteina, Craigmont, Filer, Uatic, Kimberly, American Falls, Burley, Huston, Dover, Post Falls, Bonmont.

ANNOUNCEMENTS.

The "Fraternal" Missionary society will meet Thursday afternoon, March 27, in the church parlors. Roll call topic is "Christian Duty."

The Episcopal Guild will meet Thursday afternoon, March 27, with Mrs. E. Hollingsworth, 245 Ninth avenue north.

WOODMEN PLAN CONCLAVE HERE

More than 150 Lodgement Expected to Attend State Convention in Twin Falls in June

A state convention and school for deputies of the Modern Woodmen of America will be held in Twin Falls June 23-24, and will be attended by about 150 members of the order, according to announcement by J. W. Babcock, state deputy, who was here to present to the Twin Falls camp at a meeting and class adoption Monday evening, a banner awarded for greatest membership increase among Idaho camps during the past year.

The state deputy assisted also in the initiation of the class of 30 candidates received into the order on this occasion. The meeting was attended by about 300 Modern Woodmen representing 16 different camps.

Plans for the entertainment program of the state convention include a program and dance on the evening of the first day and banquet following a class adoption on the second day. Members of the order and their friends will be guests at the dance.

MISSISSIPPI SELECTS REPUBLICAN DELEGATES

JACKSON, Miss., March 25. (AP)—Two republican state conventions in Mississippi today each selected the state's quota of 12 delegates to the national convention in Cleveland and instructed each delegation to support President Coolidge. The national convention will face the task of seating the delegation and sending the other home. The convention of the Mulvihill faction, led by J. M. Mulvihill, national committeeman, was held in Vicksburg and that of the Ligon faction, of which M. U. Daily, chairman of the republican state executive committee, is one of the leaders, met in Jackson.

HARDING PICTURE SHOWN

SEATTLE, March 25. (AP)—Harding in Canada, a painting showing the late president speaking in Stanley Park, Vancouver, B. C., shortly before his death on his return from a visit to Alaska, was placed on exhibition here yesterday. Many officials in Canada contributed to a fund given to John Innes, Canadian artist, to paint the picture as a way to foster international friendship.

FAVORS GRAPE JUICE.

DENVER, March 25. (AP)—"Inter-Warred grape juice" instead of the usual wine will be used in the celebration next month of the passover by Temple Emanuel, the largest Jewish synagogue in the city, according to an announcement by Rabbi W. S. Friedman. At the same time Rabbi Friedman announced that since prohibition he never had made application for sacramental wine.

Sunshine and Snow Figure in Weather

A flurry of snow that resembled hail Tuesday afternoon was recorded by the government weather observer here as a trace of precipitation. Mercury touched its top reach for the day at 49 above, an advance of two degrees over the high mark of the preceding day, and fell again to low at 18 above.

JUNIORS STAGE AMUSING BENEFIT PERFORMANCE

Presentation of Glover Original Skit Explains Publication Fund and Delights Audience

School day incidents with amusing variations were enacted Tuesday afternoon by pupils of the junior high school in a benefit performance that was successful from the standpoint of both entertainment and of raising funds for the publication of the school paper, "The Junior Hustler." Pupils of both senior and junior high schools paid five cents each for admission, box office receipts amounting to \$15, while the audience made manifest its appreciation of the offering.

The play, "School Days," was an original skit worked out by the Hustler staff. With Elizabeth Caldwell as teacher, pupils of the burlesque school presented a series of highly amusing skits. The "mule lesson," a clever parody song by DeForest Shurtliff, Edwin Kelly and Robert Fairney, was a feature of the performance.

The Junior Hustler orchestra, directed by John Wanner, opened the performance with an overture, Miss Charlotte Vogel playing piano accompaniment to "mule" produced by the orchestra members on a variety of kitchen utensils.
