Gray Assures Construction to Commence After Right of Way Is Secured; Nevada Residents to Get Together

Fresh assurances received yesterday in the shape of a wire from President Carl R. Gray of the Union Pacific make it apparent that construction upon the Wells-Bogerson line will be commenced and pushed through to conclusion just as soon as negotiations are completed looking for the acquiring of the right of way through the lands of the Utah Construction company.

Following a meeting of the railroad committee held Tuesday morning at the chamber of commerce offices, it was decided to postpone, at least temporarily, the proposed committee trip to Wells and endeavor to secure the information as to Nevada's share in the expense by means of an exchange of messages with E. R. Gray of Conak.

Mr. Gray will leave Contact for Wells on Wednesday, where a meeting of interested Nevada business men will be held and the results communicated to the committee in Twin Falls. It is hoped that a substantial portion of the required \$25,000 will be pledged by the Nevada committee and as soon as this amount is definitely known steps looking to the raising of the balance in and around Twin Falls will be taken.

Will Visit Contact
H. A. DeVaux, president of the chamber of commerce of Contact, who was in Twin Falls Tuesday, has extended an invitation to Chairman Sweeley to select a group of members of his committee to take lunch with the Contact Chamber membership there on Thursday, at which time the railroad situation will be the subject of further discussion. Mr. DeVaux is authority for the statement that Nevada business men are perfectly willing to assist in the raising of a part of the required fund.

Committee Hard at Work
"The committee is doing everything possible to expedite the arrangements for the purchase of the Nevada right of way," said Mr. Sweeley on Tuesday, "but it should be borne in mind that last-minute details always take time and that there are always points being presented which are apt to cause changes in any set of plans on short notice. Before any effort is made towards the raising of money for railroad purposes we must know two

Bryan Offers Plan to
Have Government
Pay for Campaigns

Urges Federal Appropriation of 10 Cents per Voter, Apportioned to Parties; Wants Scheme in Use This Year

WASHINGTON, April 1 (AP)—A plan to let the government pay the campaign expenses of candidates for public office was brought forward here today by William Jennings Bryan.

Recalling that President Roosevelt once suggested such an arrangement, Mr. Bryan said the senate disclosures had prepared the public mind for acceptance of practical details of the plan and advocated quick action so it could be employed in the 1934 campaign.

The formal announcements of candidates would be placed before the people under the plan in a bulletin issued by the government, and there would be an additional appropriation from the federal treasury amounting to ten cents per voter, apportioned among parties according to their last recorded strength.

Thus, said Mr. Bryan, parties and candidates would be saved from "obligating themselves to the predatory interests."

ELECTION CAUSES TROUBLE

CHICAGO, April 1 (AP)—One man was shot and killed, three others including two election officials, were wounded, two men including one office seeker were kidnapped and a score of others were beaten and slugged when the polls closed tonight at Chicago, a city within Chicago, which staged its first partisan election in six years.

Fireman Is Killed,
15 Injured, when
Two Trains Crash

Elevated Smashes into Another at Long Island Station During Severe Storm

NEW YORK, April 1 (AP)—Fireman John Quinn was killed and 15 persons were injured when an elevated train crashed into another at a Long Island City station during a blinding snow storm late today.

The accident occurred on a stretch of suburban elevated line used by trains of both the Brooklyn-Manhattan Transit company and the Interborough Rapid Transit company. A train of the latter company smashed its way into the rear of the B. M. T. train, which had stopped to take on passengers. Both trains were made up of wooden cars and Manhattan-bound.

DEMAND ACTION
ON LEGISLATION

Smoot Assures Passage of Bonus and Revenue Measures; Coolidge Wants Slate Cleaned

WASHINGTON, April 1 (AP)—Assurance that the tax reduction bill would be passed this session and prediction that the soldier bonus bill would be enacted into law before congress adjourns, was made today by Chairman Smoot of the senate finance committee. Leaders of both parties and President Coolidge centered attention on the legislative program. Senator Smoot told the senate the tax bill probably will be ready for a report to the floor by Saturday.

A drawn out discussion with Secretary Mellon today on the tax bill forced Coolidge to select a group of members of his committee to take lunch with the Contact Chamber membership there on Thursday, at which time the railroad situation will be the subject of further discussion. Mr. DeVaux is authority for the statement that Nevada business men are perfectly willing to assist in the raising of a part of the required fund.

HOTEL FOR CONTACT IN
NEAR FUTURE PROMISED

Completion within the month of a 50-room hotel at Contact was promised by Robert Weir of Contact and Hollywood, California, owner of the structure upon which construction is being pushed, who was here Tuesday in company with H. A. DeVaux, president of the Contact Chamber of Commerce, to negotiate purchase of furniture for the new hostelry.

Building of the hotel, Mr. Weir said, has been delayed because of the loss in transit of a carload of lumber from California, which has not yet been covered on a Nevada railroad siding and building operations are to be pushed as soon as it is received in Contact.

SHIP PAYMASTER MISSING

WASHINGTON, April 1 (AP)—Secretary Wilbur was advised today that Paymaster Irvine R. Brown of Coronado, Cal., has been reported missing from the destroyer Somers and an examination of his accounts has disclosed a shortage of about \$120,000.

YOUTH FOUND GUILTY.

SALT LAKE, April 1 (AP)—Ralph Keybold, one of the three youths arrested at Ludlow, Cal., last October charged with the fatal shooting of Patrolman David Crowther of Salt Lake, was found guilty of first degree murder by a district court jury today. No recommendation as to punishment was made and it is possible that Keybold will be sentenced to death. His two companions remain to be tried.

FIND STOLEN GOODS.

SALT LAKE, April 1 (AP)—Police today arrested William Mathis, negro ex-convict, and a search of his home disclosed the \$40,530 worth of jewelry stolen early Sunday morning from the residence of David Keith, wealthy Salt Lake mining man. Mathis, on parole from the Utah state prison, is an offender for burglary.

IDAHO WEATHER

Wednesday: Occasional rain.

ALLEGES DELAY
IN RECOVERING
INDIANS' LAND

Former U. S. Attorney Charges

Daugherty Was Not Interested in Bringing Action to Restore Properties

WASHINGTON, April 1 (AP)—Allegations of delay by the department of justice in seeking recovery of lands fraudulently taken from Oklahoma Indians, were heard by the senate Daugherty committee when it resumed public hearings today.

The committee then passed to hear Wayne Wilson, a New York insurance man, deny that he had solicited \$35,000 from J. Van Vechten Olcott, a former New York congressman, for his appointment to a federal judgeship. Wilson said that he had merely suggested to Olcott on the word of others that "a campaign for the post" might cost \$10,000 or \$20,000.

H. M. Peck, former United States attorney for western Oklahoma, declared that former Attorney General Daugherty had aided a delay and failure to bring civil action for recovery of holdings in the "101 ranch" of Miller brothers. Peck added that he had been dropped from the department of justice and beyond criminal action in the case had heard of no further action by the government until a few days ago.

In Oklahoma, Peck testified, 48 Ponce and Oage Indians were wrongfully deprived of 7,690 acres of land by the operations of George L. Miller and two assistants. Miller, upon entering a plea of guilty in 1922 to the statutory charge of conspiracy, and upon the statement of the trial judge that restitution of the lands by government civil proceedings would be adequate penalty, was fined \$7,500. There the matter rested, he added, although he said that he now had heard that about 10 days ago the department of justice had begun looking to the question of recovering the lands.

FIRE LOSS \$25,000.

BISHOP, Arizona, April 1 (AP)—Fire which early tonight threatened to destroy the town of Bishop, 50 miles from here, was checked shortly after 10 o'clock, after it razed half a block, causing property damage estimated at \$25,000.

Believe Daugherty
Will Join New York
Firm of Attorneys

No Comment Is Made by Lawyers as to Probability of Receiving Ousted Justice Head

NEW YORK, April 1 (AP)—Rumors that former Attorney General Daugherty would join the law firm of Baldwin, Hutchins and Todd, of 129 Broadway, would neither be confirmed nor denied by Hiram C. Todd, the only member of the firm who was reached tonight.

Mr. Todd denied emphatically that Mr. Daugherty was a member of the firm. He was non-committal when asked whether negotiations to that end were in progress. While still a member of the cabinet, Mr. Daugherty appointed Mr. Todd federal attorney for the northern district of New York.

FIX BLAME FOR
LAWYER'S DEATH

Coroner's Jury Names Taylor as Slayer of Attorney at Mountain Home

BOISE, April 1.—Dau McLaughlin met death by means of gunshot wounds intentionally inflicted by a gun in the hands of V. L. Taylor, a coroner's jury at Mountain Home decided today after an inquest over McLaughlin's body. McLaughlin was shot at 4:30 Monday afternoon and died at 1:30 this morning.

J. M. Anderson, who was holding a business conference with McLaughlin at the time of the shooting, testified that Taylor had passed them on the street, had turned and called McLaughlin a vile name, and shot him four times. McLaughlin fell, Anderson testified, and Taylor then fired two more shots into his body, and struck the injured man over the head with the gun butt.

Taylor's only comment since the shooting, according to Elmer Ottensmeyer, coroner of Elmore county, was his exclamation immediately after the shooting:

"My God, what have I done?"

Taylor is held in the Elmore county jail awaiting decision of R. W. Beckwith, prosecuting attorney, as to action to be taken against him.

Clash On Procedure Marks
Senate Investigation Into
Alleged Fraudulent DealsFUGITIVE KILLED
IN GUN BATTLE

Negro Killed by Officer's Bullet; City Marshal and Aide Slightly Injured.

FRESNO, April 1 (AP)—Disobeying a surrender to an armed posse, Duck Dagels, negro, was shot to death in a block car at Firebaugh, near here, shortly after noon today after he had shot City Marshal Oliver-Wilson and Peter Romero of Firebaugh.

He fired four shots before a shot took effect in his right shoulder, penetrating the chest. His companion, Nat Key, a negro, is in jail here charged with being an accessory to assault with intent to commit murder.

Instead of complying Dagels opened fire, hitting Romero once and the officer with three shots. He then fled toward the railroad station, taking refuge in a stock car. Wilson and Romero were removed to a Madera hospital. Neither is seriously injured.

26 DEAD, 56 HURT, IN
MEXICAN THEATER FIRE

MEXICO CITY, April 1 (AP)—Twenty-six persons are dead and at least 56 injured in consequence of a fire and panic in a motion picture theater tonight at Tacubaya City, a suburb of the capital.

The majority of the victims were trampled in the rush for the exits or electrocuted by a wire hanging neck high in the main aisle. The fire was caused by a short circuit of the same wire, which became loosened, falling upon the audience.

Heflin and Moses Feature in
Wrangle as to Admitting
Evidence in Hearing on Sales of
Southwest Lands

WASHINGTON, April 1 (AP)—The senate committee investigating alleged land frauds in the lower Rio Grande valley of Texas, encountered another storm today when Chairman Moses, republican, New Hampshire, and Senator Heflin, democrat, Alabama, committee prosecutor, again clashed over procedure.

Senator Heflin again threatened to take his protest to the floor of the senate and intimated that he might ask for the appointment of an entirely new investigating committee.

Collect Data.

Meanwhile, James R. Page, Kansas City, Mo., attorney, aiding Senator Heflin in the investigation, and George A. Hill, Jr., a Houston, Texas, attorney for R. H. Greer of Brownsville, Texas, who was charged with being implicated in the land frauds, have been directed by the committee to inspect and make a summary of letters and questionnaires in the postoffice department. This course was determined upon after numerous clashes over the reading of such documents into the record.

Attorney Launches Charge.

Mr. Hill objected unsuccessfully to the continued introduction of these letters, written by persons who allege they were defrauded, on the ground they contained statements "not made under oath"; that there was "no opportunity for cross examination"; that they "constitute an attempt to align the postal authorities on their side in furtherance of the civil suits of some of them," and that many of them "bear upon their face the unmistakable evidence of fraud inspired and studied scheme to discredit transactions upon which large payments were made." Senator Heflin objected to Mr. Hill's effort to block their inspection into the record.

Heflin Dissents.

Chairman Moses in ruling on Mr. Hill's objection, said he was willing that Mr. Page read such letters, "would present representative cases, but declined to have the committee's time taken up by unlimited reading of letters piecemeal without questioning the witnesses."

Chief Postal Inspector Rush D. Simmons again remained on the stand throughout the session. Senator Heflin, dissenting strenuously from this view at this point threatened to bring the matter to the attention of the senate and ask for the appointment of a committee that "would investigate."

Offer Trophies in
Contest to Boost
Military Training

Girl and Young Women Essayists Offered Chance of Trip to Capital for Opinions on Value of Summer Camps

WASHINGTON, April 1 (AP)—National trophies will be given by Mrs. Calvin Coolidge at the White House on June 14, Flag Day, to girl and young women essayists who best describe the reasons why young men they know should attend the citizens' training camps conducted each summer by the war department. The contest, which is sponsored by the Women's Overseas Service League, has been approved by the secretary of war, and today was given formal approval by the first lady of the land.

Miss Louise Wells, president of the service league, was informed by Mrs. Coolidge that she would award the trophies and approved the patriotic action of the league in sponsoring the contest. Mrs. Coolidge reminded her callers at the White House, including a delegation of league officials, that her two sons would attend military training camps in New England this summer.

The national trophies will be awarded the three essayists, not less than 13 nor more than 10 years of age, whose answers to the question, "Why a young man I know should attend a citizen's military training camp," are judged the best of those submitted.

The essay is restricted to 800 words and will be judged on its "originality, expression and sincerity." The contest will close May 5, and the winners, in addition to receiving the trophies from Mrs. Coolidge, also will be given round tickets from their home to Washington and return and a "liberal amount" of spending money. State and municipal prizes also will be awarded.

GRAND JURY TO HEAR CHARGES IN OIL CASES

Date Is Set for Formal Session of Court; Committee Follows Trail of Alleged "Frameup" at Convention

WASHINGTON, April 1. (AP)—As the oil committee got back today to the trail of an alleged conspiracy at the republican national convention in 1920 for the exploitation of the public domain, Harry F. Sinclair, leader of the oil industry, appeared in the District of Columbia supreme court and entered a plea of not guilty of an indictment charging contempt of the United States senate. He furnished bond in the sum of \$5,000.

At the same time Chief Justice Mc Coy in the district supreme court ordered the impelling of a special grand jury here on April 16 for which will be presented evidence in the criminal charges growing out of the oil cases.

Sinclair, charged with contempt on 10 counts for his refusal to answer that number of questions put to him by the oil committee, was allowed 10 days by Justice Mc Coy to withdraw his plea and enter a demurrer to the indictment if he should so desire. The oil magnate came here from New York today after being advised of the return of the indictment against him yesterday.

Accompanied by Counsel
The lease of the Wyoming natural resource was accompanied by his counsel, Martin W. Littleton of New York, who raised before the oil committee the authority of congress to compel the attendance of witnesses upon its committee. G. T. Stanford, of New York, and J. W. Zevely, of Washington, District Attorney Gordon represented the government.

After informing the oil committee today that he expected to show the existence of a conspiracy at the Chicago convention, Senator Walsh, democrat, Montana, the oil prosecutor, disclosed that independent investigators now are running down stories regarding such a conspiracy which he said had come to him from many sources. Co-operation of the volunteer investigators was sought so as to obviate the necessity of summoning indiscriminately witnesses to the capital, Senator Walsh said.

Harding Story Discussed

Practically all of the testimony taken today by the oil committee at the resumption of public hearings had to do with the political activities of the late Jake Hamon, republican national committeeman for Oklahoma. R. H. Wilson, former superintendent of public instruction in Oklahoma, said Hamon had told him of putting over Harding's nomination at Chicago and of contributing \$25,000 to Harry M. Daugherty, Harding's pre-convention manager, for campaign expenses.

On the other hand J. E. Dyche, of Oklahoma City, who managed Hamon's campaign for national committeeman, ridiculed Al Jennings' testimony that Hamon had told him of spending \$1,000,000 to nominate Harding and that of this sum \$250,000 went to the late Senator Penrose of Pennsylvania.

Dyche denied flatly that Hamon had spent a "dime" on the Oklahoma delegation to the Chicago convention to influence its vote or for any other purpose. He also asserted that Hamon had asked the delegation to stand by Lowden on two more ballots after the delegates were ready to throw their support to Harding.

AMERICAN MINISTER TO GREECE NAMED

IRWIN B. LAUGHLIN, of Pittsburgh, Pa., has been named United States minister to Greece by President Coolidge. Mr. Laughlin will be the first American minister to Athens since 1920.

The Day in Washington

The White House announced that President Coolidge would spend the summer in Washington.

Reports of favorable business conditions were laid before President Coolidge at the cabinet meeting. It was indicated at the White House that President Coolidge would select a new attorney-general within two days.

An adjusted pension bill designed to remove inequalities to veterans of several past wars was passed by the senate.

The senate Daugherty committee questioned witnesses in regard to a land case in Oklahoma and a federal judgeship appointment.

The appropriation bill for the department of state, justice, commerce and labor was reported by the house appropriations committee carrying \$66,849,169.

Chairman Snoot of the senate finance committee declared on the floor of the senate that a tax bill was assured of passage at this session of congress.

Senator Robinson, Arkansas, the democratic leader, disclaimed any disposition by senate democrats to prolong unduly the present round of investigations.

The senate committee investigating alleged Texas land frauds received over protest of counsel for R. B. Cragger correspondence in postoffice department files relating to complaints. Harry F. Sinclair pleaded not guilty of contempt of the senate, and the oil committee took further testimony relating to the political activities of the late Jake Hamon, republican national committeeman for Oklahoma.

LUDENDORFF IS GIVEN VERDICT OF NOT GUILTY

Master Strategist of Germans in World War Acquitted of Treason Charge; Friends Hail Him as Great Hero

MUNICH, April 1. (AP)—General Erich Ludendorff, master strategist of the German army in the world war, has been acquitted of the charge of treason for the part he played in the "beer garden" plot at Munich last November. It was a popular verdict and in anticipation of it great masses of flowers had been placed in front of the former German first quartermaster-general and one of his co-defendants, Adolf Hitler.

Hitler did not fare so well. He was sentenced to five years confinement in a fortress, together with former Chief of Police Poelcher. Their confinement, however, will extend over only six months and the remainder of the time they will be on probation.

General Ludendorff was the only defendant openly to comment on the sentence.

Says It's All Wrong

"I consider my acquittal and this entire proceeding an ignominious affront to this uniform and the honor insignia which decorate it," the general informed the court, rising to his full height and thrusting out his chest, illuminated with double rows of Hohenzollern, Austrian, Bulgarian and Turkish orders and war medals.

A newspaper correspondent who ventured to observe that Ludendorff was "posing" was given a mauling by native Bavarians. The court refused to release Hitler pending an appeal and he and General Ludendorff left the court-room together, both reportedly acclaimed by waiting admirers.

EDMITS FORMER OFFENSE

Editorial discussion of the verdict must be deferred until April 3, according to an official decree, as the authorities fear that unrestrained public discussion would be inimical to the maintenance of law and order.

The court's verdict comprised a lengthy document in which the origin of the plot was reviewed in great detail. General Ludendorff was acquitted on the ground that he had not been initiated into the plans of Hitler and others and was taken in by them as "an innocent bystander."

CHURCH OF ENGLAND TO PROCLAIM HENRY VI. A SAINT

LONDON, April 1. (AP)—The labor of many of those who have worked many years for the canonization of King Henry VI. is about to bear fruit. The king, who founded Eton and Kings colleges, is expected to be proclaimed a saint by the Church of England at its assembly.

In addition to the annual ceremonies in memory of its ancient founder, which are held annually at Eton, a college society has obtained permission to lay a wreath on May 21 each year on the spot in the Tower of London where, tradition says, Henry VI. was murdered.

DEER IN GROWING NUMBERS

THIRTEEN IN WESTERN GRADES
SAN FRANCISCO, April 1. (AP)—California has a population of 300,000 to 400,000 deer, according to estimates of the California fish and game commission and the United States forest service.

This Little Dollar Goes to Market

EVERY year every family of your acquaintance spends about 70 per cent of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every 10 invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements of her daily paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and manufacturers. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the daily business of purchase.

Advertisements are guardians of your pocketbook—read them carefully

WARNS AGAINST DREAD DISEASE IN GEM STATE

Foot and Mouth Malady Among Livestock Described by Donald McLean, Secretary Idaho Wool-Growers

Should the foot and mouth disease gain a foothold in Idaho it would result in an annual loss to the state of \$30,000,000, says Donald McLean, secretary of the Idaho Wool-Growers' association, who Tuesday returned from Salt Lake, where he attended a meeting of veterinarians, state agricultural officials and representatives of livestock associations.

If Idaho range should become infected and a quarantine be established all wool would have to be held over for a year or two and then secured before shipment is permitted and as there are no securing plants in Idaho the expense in this respect can be readily seen.

"Baby chicks, fruit and vegetables from California must not come into Idaho," said Mr. McLean in commenting on the situation. Cracker and anything which is shipped wrapped in straw should not be allowed to enter. It would be little short of a calamity if Idaho lamb shipments were to be held up, yet this is what will happen if the disease gets started here. California gets around this particular problem by killing and shipping the carcasses of infected lambs in express cars. California only raises 275,000 lambs a year and her big packing plants are equal to the state. Think of Idaho's lamb crop of 1,500,000 and virtually no packing plants.

Describes Dread Disease. Mr. McLean offered the following information with respect to the disease which is published herewith in the interests of the public health:

It is many times more infectious and contagious than even hog cholera. It is much more easily spread.

The bad outbreak in Merced county last week down in Merced county was brought there by two fellows who came down there from San Francisco looking for work. They probably brought it in on their clothes.

Nobody is allowed to enter or leave the infected quarantined area. When government veterinarians enter they are stripped, disinfected thoroughly, and have to wear rubber hip boots, rubber coats and gloves. All cars going from one quarantined county to another have to go through pits filled with disinfectant and the passengers have to have their shoes dipped in the disinfectant.

The ditch diggers are now busy in all the infected area, digging ditches seven feet wide and a mile long and ten feet deep. The cattle are driven into the pit and shot, their hides split many times, covered with quicklime and buried with earth.

The state pays half and the government the other half of the expense, and the price of the stock. Imagine the expense to Idaho if it broke out here.

It has never reached the American range, but in South America and Europe, where it has, it costs those nations billions a year in the loss to the industry.

The Idaho state authorities are fully awake to the danger, but they should have the backing of every person, instead of a lot of criticism they are getting. Shearers coming from California are to be required to bring a certificate that they have been disinfected in California, and they should be compelled to register here. Report any lame stock, or shipments against the quarantine regulations, to us or to the state veterinarian, Mr. Smith.

Symphony Orchestra in Concert Thursday Evening

ABOVE IS PICTURED the Twin Falls Symphony Orchestra and Gustav G. Flechner, organizer and conductor. This is the organization of local musicians that surprised local music lovers with a concert of exceptionally high quality about a year ago and which will be presented in its second annual concert at the Orpheum theatre Thursday evening, April 3. Intensive rehearsals have been conducted and predictions are that the offering this year will be still better than that of last year. John W. Summerhays, noted tenor soloist of Salt Lake, will be the soloist Thursday evening.

ONLY SHIFTLSS WOMEN CANNOT BE BEAUTIFUL

Madame Ida Chernoff to Open Two-Day Lecture Course at Idaho Theatre on Friday of This Week

"There is only one woman who cannot be beautiful, and she is the shiftless woman."

Mrs. Ida Chernoff, authority on feminine beauty, will lecture Friday and Saturday on the subject at the Idaho theatre. She considers it the duty of every woman to be beautiful.

"Ugliness," she considers the plump symptoms of indifference or laziness. Therefore she holds that any woman can be beautiful if she is willing to take the trouble.

"Women as a sex are becoming more beautiful year by year," said Mrs. Chernoff. "Why? Simply because they are trying more and more."

"There are many, many women who strive for beauty to make their lives happy, their families and their children happier. The woman who goes in for all sorts of artifices to attract attention has been over-advertised. She is hardly worth considering among women as a whole."

"It is being demonstrated every day that the plainest woman by taking thought may become most attractive. It is not a matter of frivolity or of social ambition. It is one of the things that is going to solve our social problems as well as our personal ones. I recommend beauty treatments as the most effective remedy for the divorce evil."

"I include cleanliness, health and good humor among the essential factors in beauty. I value cosmetics, clothes and good taste as important in their degree."

"I maintain that one of woman's first duties to herself and to the race of which she is the mother is to be beautiful. Science has added to the opportunities of woman to be beautiful, just as it has added to all our other opportunities. Unattractive and ugly women are merely those who are falling behind the procession."

What is useless to say may be valuable to others—advertise in the classified column.

Sees Evidence of Danger in Too Many Criminal Laws

Thoughtful Citizens Should Heed Excessive Legislation, Federal Judge Says; Holds Revolution Not Impossible

LOS ANGELES, April 1.—Gradual curtailment of the rights of individuals by a multiplicity of criminal law is a danger sign to which it would be well for thoughtful citizens to give consideration, it was stated here by Federal Judge J. C. Pollock, of Kansas City, Kan., a former justice of the supreme court of Kansas. The downfall of every democracy and republic in history has been due to legislative invasion of individual rights, he declared.

To show how rapidly the tendency

toward excessive legislation was developing, he pointed out that over 75 per cent of the criminal laws on the federal statute books today have been enacted within the last 25 years.

"I have the highest regard for the constitution," he said, "and I believe the men who framed that document possessed a greater knowledge of the science of government than any of their successors."

"Of late years, however, many reformers have come forward with suggestions of constitutional improvement. Probably these persons mean well enough, but they fail to comprehend the fundamental principle on which our government is based—individual liberty."

"A revolution isn't impossible in this country. We can have one as easily as they did in Russia."

ALCOHOL FATAL TO 12; POLICE NAB SUSPECTS

Fifth Death in One Day Reported in Toledo; Druggists Claim They Were Told Not to Label Poison in Bottles

TOLEDO, O., April 1.—Deaths in Toledo since Sunday from drinking denatured alcohol amounted to 12 today when Charles O'Donnell, 55, Buffalo, N. Y., died at Municipal hospital. O'Donnell's death was the fifth today. Seven men died Sunday night and Monday.

Half a dozen are in hospitals suffering from alcohol poisoning. Physicians expect two to die.

Police began a drive against druggists and others who sell denatured alcohol for beverage purposes and arrested Meyer Selzman, 25, druggist, and two of his clerks, Harry Porter, 16, and Martin Bracker, 24. Bracker and Porter admitted, police said, that they are not registered or licensed druggists' clerks.

Porter and Bracker are said to have told police they were instructed by Selzman to sell denatured alcohol without labeling the bottles poison. Selzman denied such instructions.

Federal action against Selzman was promised by prohibition enforcement agents, who say Selzman admitted he knew his customers were using the denatured alcohol for beverage purposes.

Used Thruout the West Since 1889

Before You Refinish Your Walls

—you'll be interested in knowing that you can obtain any tint effect you may desire in a finish that is washable.

And easy to put on? McMurry Flatcote goes on so smoothly that it is called "the liquid wall paper." Never a sign of a brush stroke—no overlap—and then, even after it's been on for months a little sand and water makes it almost as fresh and beautiful as new.

For a beautiful and thoroly satisfactory wall finish you can't beat **FLATCOTE** and every one who has used it will tell you so. By all means see a Flatcote color card and samples before you decorate your walls. It pays.

WESTERN TEAMS ARE ELIMINATED

Boise Quintet Among Four Squads-Defeated at Chicago Basketball Tourney

CHICAGO, April 1 (AP)—The cream of the high school basketball teams of the country opened the fight today for the national interscholastic basketball championship in the tournament held annually by the University of Chicago.

East, central west and south defeated four western teams in the afternoon games of the first round.

All four far western teams entered in the early games were eliminated while the east, represented by Manchester, N. H., the south by Florence, Miss., and central west by Columbus, O., and El Reno, Oklahoma, remained in play.

The far west representatives eliminated were Boise, Idaho; Medford, Oregon; Albuquerque, N. M., and Spokane, Wash. Wichita, Kan., defeated one southern representative, Birmingham, Ala., Council Bluffs, Iowa, lost to Battle Creek, Mich., and Maitland, Mo., drew a tie when Northeast High, Detroit, withdrew.

Painted Post, N. Y., meets the Lane Tech High team of Chicago tonight, after which Superior, Wis., meets Madison, S. D., and Walla Walla, Wash., clashes with Charlottesville, Va.

CLASS TEAMS CONFIDENT OF WINNING TRACK MEET

Final touches are being given the interclass track teams in preparation for the interclass meet to be held the last of the week at Lincoln field.

Zacharias runs high in the junior camp and they predict that they will run away with the track championship as easily as they captured the basketball and baseball titles.

From the seniors, however, there is another report to the effect that something is to be done to the under class to alleviate a chronic case of self-importance. The seniors also intend to win.

The material is promising and a good meet is predicted, weather permitting.

EXTEND BID TO STAGE GIBBONS-CARPENTIER RING BATTLE IN IDAHO

Spokane Sportsman Acts on Behalf of Washington and Gem State Fans in Seeking to Secure Bout

SPOKANE, April 1 (AP)—An invitation to bring the proposed Gibbons-Carpentier bout next July to Idaho was telegraphed to Floyd Fitzsimmons at Michigan City today by Frank W. Smith of this city who said he extended it on behalf of Idaho and Spokane mining and business men.

The Idaho law permits 20-round contests to a decision. Smith asked Fitzsimmons "if not able to stage your July bout as desired in the east, would you entertain proposition to transfer it to the state of Idaho?"

Stribling to Draw \$7,000 for Beating World Title-Holder

McTigue's Share of Gate Receipts Estimated at \$13,000, Third of Net Total

NEWARK, N. J., April 1 (AP)—Young Stribling, Georgia schoolboy boxer, who last night decisively outpointed and outfought Mike McTigue, light heavyweight champion of the world, in a 12-round decision bout, will receive \$7,024.33 as his share of the receipts it was estimated today. The champion's share will amount to \$13,379.70, one-third of the net receipts.

The fight, which established a new indoor attendance record for New Jersey, attracted 9688 paid admissions, totaling \$49,028.90.

TOWAN AND KERR WIN IN DOUBLES

Roll 1134 for Three-Game Score, 10 Points Under Kleffner-Bailey Mark

Bill Towan and Chet Kerr took the doubles title of the bowling alleys Tuesday evening when they rolled 1134 in their three games, just 10 pins higher than the score made Monday by the Kleffner-Bailey duo.

Tuesday's games were on a par with the opening night's games with every one marking consistently. Fix and Sivers in addition to the winners also made high scores.

The high honors for the tournament go to the lanky league leader, "Charlie" Larsen, with 583 for a total. He is followed by Bill Towan, who rolled 549, and Fix places third.

Tonight the singles tourney starts with 13 entries and this contest should prove very bit as interesting as the doubles tourney which was extremely interesting due largely to the handicap system which is being carried out in both matches.

The winning duets in the doubles are as follows: First, Towan and Kerr, 1134; second, Kleffner and Bailey, 1121; third Larsen and Evans, 1102; fourth, Fix and Siver, 1087.

The score of the winning team is as follows:

	H. Tot.
Towan	178 180 191
Kerr	168 162 210 45
Total	346 342 401 45-1131

ANNOUNCEMENTS

The meeting of the Shamrock club originally scheduled for this week has been postponed until further notice.

The Past Matrons club will meet with Mrs. J. W. Chapman, 148 Third avenue north, on Friday evening, April 5. Mrs. J. Barely will be assistant hostess.

FAVOR UNIFORM QUARANTINE FOR WESTERN AREAS

Livestock Men in Meeting at Salt Lake Adopt Measures to Curb Plague Spread; Idaho State Veterinarian Elected

SALT LAKE, April 1 (AP)—The proposed uniform quarantine regulations for western states formulated last night were adopted unanimously at the closing session today of the conference of representative livestock men gathered here to discuss ways and means of preventing the spread of foot and mouth disease from California.

Adoption of the quarantine regulation by each of the states represented at the conference will be urged by the representative members present at the conference, as soon as they return to their respective states, it was announced.

Effect Organization.
The Western Livestock association, an organization to protect livestock interests, was organized just before adjournment.

The object of the association is to "foster, promote and protect livestock interests; to coordinate and recommend the promulgation of uniform state and interstate livestock sanitary regulations and to disseminate knowledge pertaining to this and among livestock sanitary officials."

Sanitary officials and all persons interested in the protection of raising of livestock are eligible to membership.

Regulative officers of the states represented will constitute an executive board, it was announced.

Idaho Man Named.
W. J. Butler, state veterinarian of Montana, was named president; A. W. French, state veterinarian of Wyoming, first vice president; S. E. Douglas, state veterinarian of Arizona, second vice president, and W. R. Smith, state veterinarian of Idaho, secretary-treasurer.

A. A. Hinckley, Utah state commissioner of agriculture, said tonight that he will ask Governor Charles R. Mabey of Utah, to issue a new Utah quarantine proclamation based on the uniform restrictions adopted today. In many respects the present regulatory measures of Utah are similar to those favored at the meeting.

Restrictions Limited.
Under the uniform quarantine proclamation adopted today, the transportation of livestock and the shipping of dressed carcasses from California to any state enforcing quarantine regulations is prohibited.

The transportation of hides, skins, wool and bones of livestock to a state enforcing quarantine is prohibited unless they are disinfected under the supervision of an inspector approved by the United States bureau of animal industry before shipping.

The transportation of hay, straw and similar fodder from California to states enforcing quarantine is prohibited.

Sealed Cars.
Passage through quarantine states of livestock enroute from California to states not enforcing quarantine will be permitted only on a federal certificate of health. The stock also must be shipped in sealed cars and if the animals are unloaded enroute they must be confined in yards designated by the livestock sanitary authorities.

All vaccines and serums manufactured in California before being shipped to any state enforcing quarantine must be passed upon and released by the federal bureau of animal industry. All shipments of trees and other plant life from California must be packed in clean paper or new excelsior and must be accompanied by a certificate saying that they originated and were shipped from premises free from foot and mouth disease.

GIBBONS WINS BY K. O.
MEMPHIS, Tenn., April 1 (AP)—Tommy Gibbons, the St. Paul heavyweight, scored a technical knockout over Soldier Lee, of Chicago, in the third round of a scheduled eight-round bout here last night.

DIVORCE SUIT INVOLVES CLAIMS TO REAL ESTATE

Wife, in Cross-Complaint, Alleges Her Money Went into Purchase of Property Claimed by Husband

Twelvemonth in the case of Hyatt Charles against Myrtle Charles, an action for divorce, was completed in district court here Tuesday, judgment being reserved by Judge W. A. Babcock. Opposing claims to property in Gooding county, Idaho, and Cedar Falls, Iowa, are at issue in this case.

The defendant, Mrs. Charles, alleging that there was invested in the purchase of this property money she had received as an inheritance together with savings from her earnings as a school teacher prior to her marriage and the value of lands she had homesteaded. Charles' claim to property in Wendell was not resisted.

To his petition for divorce Charles alleged that his wife deserted their home at Filer, in April, 1920, following their marriage in December, 1906, in North Dakota, and went to Cedar Falls. In an answer and cross-complaint Mrs. Charles alleged extreme cruelty on the part of her husband.

The plaintiff Charles was represented by E. M. Wolfe, the case for Mrs. Charles being conducted by T. K. Hackman and H. A. Benoit.

EPIDEMIC FIGHT WINNING SLOWLY

Disease Discovered in Another County in California; Ban Modified at Frisco

SACRAMENTO, Cal., April 1 (AP)—The foot and mouth disease was discovered today in Kern county and the destruction of cattle in Merced and Los Angeles counties was begun. In San Francisco one plant at the stockyards was released from quarantine and government authorities announced the possibility of others being released within a few days.

Counties throughout the state are instituting quarantines and posting guards to prevent the driving or shipping of cattle into their counties from other counties. All packing houses, two stockyards, one feeding yard and one dairy yard at Los Angeles are under quarantine. The last date in Los Angeles county is placed at 1700 head, not including the cattle at the Globe mills feeding yard, where 3500 head of cattle are being slaughtered of which authorities estimated 900 will be lost as infected.

BIG LEAD GOES TO LAFOLLETTE

Is Ahead of Coolidge by 2 to 1 as Early Returns Come in; McCadoo and Smith Close

MILWAUKEE, April 2 (AP)—Shortly before 1:30 a. m. a total of 352 precincts out of 2,574 in the state shows LaFollette delegates still holding their advantage over those of President Coolidge. The total shows LaFollette 33,409, Coolidge 15,630.

MILWAUKEE, April 1 (AP)—Crippled wires throughout Wisconsin working overtime tonight with a burden of election returns gave indications that LaFollette delegates to the Cleveland convention would carry the state by a substantial margin while in the democratic camp the forces of W. G. McCadoo and Al Smith were staging a close race.

On the democratic side 115 precincts out of the total in the state gave Smith 2544 and McCadoo 1985. This total did not include a single precinct in Milwaukee, where the tabulators were too busily engaged settling the municipal election to pay any attention to the delegate race.

BEAN SORTING FINISHED AT LOCAL WAREHOUSES

Bean sorting operations in which 54 women were employed during a period of almost six months, were concluded Tuesday at warehouses here of the Kinney Wholesale company. Between one and one-half million and two million pounds of beans were hand-sorted at the warehouses during this period. Waste, caused by exposure of the crop to rains before threshing last fall, ranged from 3 to 22 per cent, and averaged about 7 per cent, according to warehouse records.

In addition to the amount of beans requiring hand-sorting, the Kinney company handled between five and six million pounds of beans which did not require sorting, making the total output handled by this concern approximately seven million pounds, or a quantity sufficient to fill 100 cars.

BLONDE BANDIT STAGES ANOTHER DARING HOLDUP

Bobbed Haired Girl and Male Companion Frustrated in Attempt to Get Cash But Cashier Is Seriously Hurt

NEW YORK, April 1 (AP)—Brooklyn's blonde bobbed-haired bandit, who has smiled through a scene of daring holdups in the past ten weeks, died to kill today when capture seemed imminent after a frustrated attempt to hold up 17 employees of the Brooklyn plant of the National Biscuit company.

Her victim, Nathan Mazzio, lies dangerously wounded in a hospital. Attending physicians declared he has but a slim chance to recover.

Today's attempt was by far the most daring in the girl's meteoric career of banditry—a career which she has pursued in spite of the efforts of 250 city detectives who have sought her and her male companion for three weeks, with the threat to kill, if necessary.

Plenty of Guns. Accompanied by the inevitable male who snatched into the retail department of the plant, shortly before noon today and asked for a sales clerk, the girl turned from the shelves to face a small automatic pistol in her hand and one in each hand of the man. He backed into a rear room at their orders. They were confronted by 15 girl employees and the cashier, Mazzio, who had just come in with a payroll sack. The girl fired the warning, her companion worked under her direction. They started herding the 17 into a smaller room, that they might work at the office safe uninterrupted.

Fires at Victim. Mazzio suddenly seized her wrist in one hand and tore at her heavy coat with the other. Three times he threatened him stumbling into the prison room and slammed the door. Then she fired three shots through the door, all of them hitting Mazzio, who fell to the floor.

The two fled to a waiting taxi, and the woman, still holding back the wheel. They abandoned the car several blocks away and the police later found a chauffeur in it, neatly trussed up with wire and gagged. The two had called him to a hotel and directed him to drive to a lonely spot near the biscuit concern's plant. When the girl fired the shot, the man seized him, he said, and bound and gagged him while the slim girl stood over him with her pistol.

Again at the Idaho theater last night an appreciative audience witnessed the remarkable production of the French play of Notre Dame. The magnificence of properties and stage settings grows upon the audience as the picture moves, the wealth of detail and fidelity to the period in which the play is staged creates a deeper impression as the story unfolds.

The production gets far away from the text at one or two points, on the whole the action sticks closer to the book than a good many other pictures, the themes of which are based upon well known works. The character of John is out of drawing; so too is that of the rebelliousness of the great cathedral of Notre Dame. Captain Phocas, who appears in the principal role in the picture, is but an incident in the story. His Christian Majesty Louis XI, could well be obliterated from both book and screen. Quasimodo does not die in the book, neither does Esmeralda escape the hangman's vengeance.

The screen version is a much prettier story, and perhaps a more entertaining one, Quasimodo, the hunchback dwarf, is, of course, the character around which the action revolves, and running in a close second comes the part of Clopin, the king of beggars. Both of these parts are played to perfection, within the limits of human ingenuity and skill.

The whole play is well worth seeing. **Bazaar**—The Methodist ladies' bazaar will be held Friday and Saturday of this week at the "Big White Store." Fancy and utility articles on sale Friday afternoon and all day Saturday. Luncheon from 11:30 to 2 o'clock at 35 cents, and chicken dinner from 5:30 to 7 at 50 cents. Cooked food sale on Saturday. Come, everybody.—adv.

Huge Amounts of Money Pour Into Idaho for Mining

Secretary Macbeth of Idaho Mining Association Offers Interesting Facts in Connection with Development of Industry

Former State Senator Raveked Macbeth, secretary of the Idaho Mining association, who has been engaged since last October in compiling the expenditures made during the year 1923, by the non-producing development companies, the producing non-dividend paying companies, and the lower, the possibilities of these companies to enter the dividend paying column, stopped over in Twin Falls while en route to Cassia county for the purpose of investigating the 1923 expenditures and mining possibilities of that county.

"The compilation of expenditures, with the survey completed in five counties and not completed in eight counties, amount to \$6,020,445; and this amount will be increased materially," said Mr. Macbeth, "when the partial survey made in the eight counties is completed and the survey is made in the other counties, which is mining development; that I have not yet visited.

"Of this \$6,020,445, labor with expenditure of \$3,320,072 and the employment of 1600 men was the principal item of expense; \$1,316,072 was expended in the purchase of supplies; \$371,342 on mine and mill machinery and power plants, and \$923,031 expended by the leasers.

"I would invite your attention to this feature of this enormous expenditure," remarked Mr. Macbeth, "and that it is made without return to the owners of the properties upon which expended; however, it is beyond question that, eventually, substantial profit will result from some of this mining investment.

Much Money Distributed. "Notwithstanding that this mining expenditure brought no return, the community and state, however, are reaping the benefits through these large disbursements for wages, the purchase of supplies, etc., and in the creation of taxable property which contributes to the support of county and state government.

"The purpose of this survey," said Mr. Macbeth, "is to show the investment public that the money sent into Idaho for mining ventures is actually going into the ground and not into the pockets of the promoters; that the Idaho mining investor is getting a square deal and a run for his money, and we hope through giving publicity to these facts to stimulate interest in mining investments in Idaho.

"This large amount of money which pours into Idaho annually, and which is all profit to the state, practically, for it is all outside money, except a very small percentage, demonstrates a second contradiction that which mining men have always claimed, to-wit: that mining attracts more capital to Idaho annually than all of the other industries in the state combined.

"It is a significant fact that in the counties that I have visited in which there were mining expenditures during the past year, I heard but little, if any, complaint of hard times. When the railroad is built through to Contact and a new market opened for the produce raised in this section, you will realize what it means to a community to be in touch with mining payrolls," asserted Mr. Macbeth.

JUNIORS SHOW WINNING SWINE

High School Stock Exhibit Commands Attention of Practical Breeders

Boys of the Twin Falls high school agricultural department, in charge of J. S. Polhousen, exhibited 29 animals in a swine show at the McMaster sale barn here Tuesday, the exhibition here produced a success from all points of view.

Nine pens of Durocs and cross-bred Berkshire-Duroc China hogs on exhibit during the afternoon were inspected by farmers and students, while judging was left in the hands of H. H. Schidman and George Tucker, in charge of the agricultural department of the Filer high school. Theodore Meath's exhibit pen of three barrows received first prize, and his single entry was judged the winner of the individual prize. Lloyd Sullivan took second for his trio of barrows in the individual single entry being penalized for overweight. Interesting facts were brought out in regard to Sullivan's porker which was the largest pig of the show, weighing 261 pounds. The porker was farrowed September 9, and in the last month and a half gained at the rate of two pounds a day. Sullivan's whole exhibit of cross bred Duroc-Polands were heavy animals, averaging 243 pounds.

The hogs were judged from the porker's viewpoint, and the decisions and reasons for making them were given by Mr. Schidman at the conclusion of the judging.

Mr. Schidman purchased the whole lot of hogs from the boys for \$395.01, the first 36 head bringing 0.5 per 100 pounds. This price was slightly in excess of the price placed by the students on the six animals and averages \$13.62 per hog.

The exhibitors were: Theodore Meath, Arthur Goodrich, Audra Reed, Everett Rees, Merritt Shotwell, Albert Murphy, Lloyd Sullivan and Herbert Owen.

MORTGAGEES ENTER SUIT The Allen Oil company, represented by Walters and Parry, and Jennie L. Snow, represented by R. B. Smith, appeared as mortgagees in trial of the case of the Boise-Payette Lumber company against Theodore Heller and others before Judge W. A. Babcock in district court here Tuesday. The suit involves the claim of the Boise-Payette company against the defendants on a material man's lien. Defendants were not present nor represented at the trial. The plaintiff corporation was represented by Bothwell and Chapman. Judgment was taken under advisement by the court.

SOCIETY Edited by Mrs. R. B. Williams—Telephone 398

M. I. A. Stake Board Entertained. On Monday evening the M. I. A. stake board was entertained at a beautiful appointed five course dinner at the home of Mr. and Mrs. E. B. Meacham, on Seventh avenue east.

The color scheme of green and gold was carefully followed from the tiny cup invitations to the finer touches in the decorations. The tables were

lovely with low bowls of marigolds, green and gold candle holders. The place cards which were hand painted for the occasion, the favors and even the delectable food daintily followed the color scheme.

The toastmaster, W. J. Bitters, received responses to "Leadership," "Companionship," "Our Friends," and "Our Sweethearts." Twin Falls past, present and future was responded to by President L. G. Kirkman, which gave everyone present a greater appreciation and patriotism for their city. Music, consisting of singing and a demonstration of keen observation was enjoyed until a late hour.

Those present were Messrs. and Mesdames L. G. Kirkman, E. M. Goss, Ray McMillan, C. H. Davis, J. W. Richards, Ward, E. N. Leavitt, E. B. Meacham, Jane Kirkman, D. P. Biggs, W. J. Bitters, J. D. Ritchie, Lionel Jarman, J. Arthur Swenson and Miss Vera Richins. The Misses La Von Meacham, Leone Richards and Rhylia Hogan assisted in serving.

Friends Surprise. Mrs. H. J. Youngs.

Mrs. H. J. Youngs was given a very delightful surprise Monday evening when about 30 members of the Business and Professional Women's club invaded her home and expressed their appreciation of her never failing interest in the upbuilding of the organization.

After a program, consisting of two vocal numbers by Mrs. Dyer, two sections by Miss Emma Smith and two most enjoyable readings by Miss Gladys Terhune, games and dancing served to pass the time pleasantly until a late hour when a dainty luncheon was served by the guests.

Twentieth Century Club Has Program.

The regular meeting of the Twentieth Century club was held Tuesday afternoon at the Baptist bungalow. The usual business was transacted, with the president, Mrs. W. Orr Chapman, in the chair.

The program was in charge of Mrs.

A. Wilton Peck, who had selected Booth Parkington as the subject. Mrs. Peck spoke briefly of his life, and Mrs. B. H. Atkinson in a most interesting way spoke of his life and works, both from the standpoint of those who praise and those who criticize him.

Mr. Peck narrated by Mrs. Peck, sang a selection from the opera, "Moussieur Benoit," entitled "Honor and Love," and for the encore, "I Love the Moon." Mrs. Kenneth Blach gave a short resume of the novel, "The Millender," and Mrs. H. W. Chenevix-Trench read a selection from "Seven-ten."

This was the last program for the club year. On April 15 new officers will be elected for the coming year, nominations for which are as follows, with two tickets posted: President, Mrs. B. W. McElhenny; vice president, Mrs. H. J. Youngs; Mrs. Marshall Browne; second vice president, Mrs. R. E. Vogel; Mrs. J. A. Walker; recording secretary, Mrs. H. Schirger; Miss Edna Graham; corresponding secretary, Miss Stella Hubbard; Mrs. James D. Wheelan; treasurer, Mrs. Louis Friedman; Mrs. Robert Marsh; auditor, Mrs. Chas. Davis; Mrs. H. A. Brize; board of control, Mrs. B. L. Alexander, Mrs. E. M. Wolfe, Mrs. Kennedy Parkard, Mrs. C. J. Schroeder, Mrs. C. E. Dwight, Mrs. E. V. Parker, Mrs. J. A. Dyer, Miss Farrar; real estate board, Mrs. Kennedy Parkard heads both tickets for the three year term, Mrs. H. W. Chenevix and Mrs. W. F. Pike, the numbers for two year terms, and Mrs. P. H. Smith and Mrs. W. Orr Chapman for the one year term.

Mrs. Harstad and Mrs. Snook Are Hostesses. Mrs. Oliver Harstad and Mrs. F. E. Snook entertained the Pau-Hellene club Monday at the home of the former on Sixth avenue east.

After a brief business session, the time was spent with bridge. Mrs. S. H. Graves and Miss Esther Meltochets having high score. Upon cutting, Mrs. Graves was the lucky contestant and received the favor. At a late hour delicious refreshments were served.

Twentieth Century Club Has Program.

The regular meeting of the Twentieth Century club was held Tuesday afternoon at the Baptist bungalow. The usual business was transacted, with the president, Mrs. W. Orr Chapman, in the chair.

The program was in charge of Mrs.

lovely with low bowls of marigolds, green and gold candle holders. The place cards which were hand painted for the occasion, the favors and even the delectable food daintily followed the color scheme.

The toastmaster, W. J. Bitters, received responses to "Leadership," "Companionship," "Our Friends," and "Our Sweethearts." Twin Falls past, present and future was responded to by President L. G. Kirkman, which gave everyone present a greater appreciation and patriotism for their city. Music, consisting of singing and a demonstration of keen observation was enjoyed until a late hour.

Those present were Messrs. and Mesdames L. G. Kirkman, E. M. Goss, Ray McMillan, C. H. Davis, J. W. Richards, Ward, E. N. Leavitt, E. B. Meacham, Jane Kirkman, D. P. Biggs, W. J. Bitters, J. D. Ritchie, Lionel Jarman, J. Arthur Swenson and Miss Vera Richins. The Misses La Von Meacham, Leone Richards and Rhylia Hogan assisted in serving.

Friends Surprise. Mrs. H. J. Youngs.

Mrs. H. J. Youngs was given a very delightful surprise Monday evening when about 30 members of the Business and Professional Women's club invaded her home and expressed their appreciation of her never failing interest in the upbuilding of the organization.

After a program, consisting of two vocal numbers by Mrs. Dyer, two sections by Miss Emma Smith and two most enjoyable readings by Miss Gladys Terhune, games and dancing served to pass the time pleasantly until a late hour when a dainty luncheon was served by the guests.

BANK ROBBERY SUSPECTS ARE HELD TO TRIAL

Three Young Men Charged with Holding Up Hazelton Institution Must Answer to Charge in District Court

James E. Hovernal, 30; Russell Smith, 21, and Roy Smith, 19, brothers, at the conclusion of two-day preliminary examination before Judge C. W. Hollister in probate court at Jerome, Tuesday afternoon were held under \$5,000 bonds each to appear in district court to charge of robbery of the Hazelton State bank November 22, last.

In default of bonds the defendants were remanded to the custody of the Jerome county sheriff. It was announced by the counsel for the defendants that trial during the district court term just opened would be sought. Defendants were represented by E. R. Daugherty, Rupert, and Adam Barclay, Jerome, the case for the prosecution being conducted by Henry Hall, Jerome county prosecuting attorney, assisted by Frank L. Stephan, former prosecuting attorney of Twin Falls county.

All Suspects in Custody

Arrest of Russell and Roy Smith at Monrovia, California, and of Hovernal a few days later at St. Anthony, Idaho, according to authorities, marked the capture of all the persons suspected of direct complicity in the robbery of the Hazelton bank, which is regarded as one of the boldest robberies ever staged in Idaho with every circumstance apparently favoring the carrying out of the robbers' plans.

Identification of each of the three accused young men was made by witnesses called by the prosecution during the course of the preliminary examination. Hovernal and Russell Smith were identified by employees of the bank as the two masked men who entered the institution and compelled H. L. Mitchell, assistant cashier, to place the bank's money in a sack while H. E. Gundelfinger, cashier, and Miss Verna Boden, bookkeeper, were required to stand with arms upraised.

Roy Smith was identified by George Plue, publisher of the Hazelton newspaper, as the youth who sat at the wheel of the bandit car while the robbery was being carried out.

Dollar Bills Figure

Testimony of witnesses from Pocatello was introduced to show that Roy Smith, in a gambling game in that city some weeks after the robbery, lost \$200 which he paid in \$1 bills, and that Hovernal in Pocatello had exhibited large sums of currency. The total amount of money taken by the bandits, according to the evidence, was \$5,252, of which \$400 was in \$1 bills.

According to the Burns operatives who worked up the case, the three robber suspects made their getaway in a Ford car, driving west on the state highway a distance of three miles and then turned north one-half mile to a ranch where Hovernal's brother lives, thus eluding the pursuers, who continued west on the highway to Eden in quest of a larger car which had passed through Hazelton about the time of the robbery and in which it was believed the robbers had made their escape.

Pursuers Put Off Trail

The trio were engaged in changing the radiator shell and substituting Idaho license plates for Utah license plates on their car at the Hovernal place when the returning pursuers called there to inquire whether the robber suspects had been seen there. With the car thus disguised, the Smith brothers left and made a detour to the south, passing to the south of Hazelton and proceeding directly to Rupert where Sheriff Cole was on the lookout and arrested Roy Smith, but after the arrival of officers from Jerome, Smith was released; the officers being satisfied with his story. Hovernal remained that night at his brother's place.

Next day the Smith boys returned to the Hovernal place, where they were rejoined by Hovernal. They were next located in California, where they remained until January last, when they returned, according to the officers, to get the money which had been cached somewhere in this region.

Three Cars Collected

The Ford car, believed to be the one used in the robbery, is being held at Idaho, Idaho; another Ford is being held at Monrovia, California, and a Hudson is being held at St. Anthony, according to the officials. It is be-

Bühl to Be Host to Legion Convention

Paul Post Entertains at One of Most Successful Meetings of District Organization

Build post of the American Legion will entertain delegates from nine legion posts at their district convention next June. It was decided at a district convention held Friday of last week at Paul at which newly elected district officers, headed by A. Wilton Luck, Twin Falls, district commander, took charge of the affairs of the district organization. Eden post extended an invitation but withdrew it in favor of Bühl and asked for consideration in selection of the meeting place in September.

All of the nine legion posts of the district were represented at the Paul convention, which was marked by lively discussion of returned affairs, and one of the largest assemblages at a similar affair in the history of the district organization.

During an intermission in business session, Paul post and auxiliary served at a banquet for visiting legionnaires, Harry Benson, Twin Falls, Idaho, newly elected commander, and several other officers, and responses being given by the commanders or other representatives of all participating posts.

Increased membership as compared with the figures of last year was reported by all post delegations.

Posts in the district organization are those of Paul, Hazelton, Eden, Rupert, Burley, Kimberly, Filer, Bühl and Twin Falls.

FIRST CASES OF TERM SET FOR JURY TRIALS

Judge Babcock Provides for General Exemption of Farmers with Selection of Jurymen from Open Venire

Several cases on the civil docket were assigned Tuesday by Judge A. Babcock for trial before the first jury of the present term in district court beginning next Monday. No order for drawing of a jury was issued but Judge Babcock announced that jurors would be chosen from an open venire. Under this procedure farmers generally who are now actively engaged in spring work will be exempted from jury service.

The cases set for jury trial are as follows:

Monday, April 7.—Alfred Carlson, represented by T. K. Hackman, against J. W. Lavack and others, represented by J. W. Taylor and Porter and Witham; Amel Hanning, represented by Harry C. Mills, against J. W. Lavack and others, represented by T. K. Hackman and Chapman.

Tuesday, April 8.—W. M. Peats, represented by T. K. Hackman, against P. O. Hovernal, represented by Frank L. Stephan; S. Metz and Sons, represented by T. K. Hackman, against E. E. Waltz and others, represented by Frank L. Stephan; Raymond P. Rugg, represented by J. W. Taylor, against Ira Patton and others, represented by T. K. Hackman.

It was believed that the bandits possessed a variety of license plates which were changed as occasion demanded.

The Smith boys have lived for a number of years in the vicinity of Rupert, Russell Smith having graduated from the high school there in 1920. Their parents are said now to reside in Fort Collins, Colorado. Hovernal is reputed to be an expert marksman both with rifle and revolver and to have traveled at one time giving exhibitions of his skill.

NOTICE TO WATERUSERS

Owing to the necessity of replacing a water main supply pipe, the supply of water for the city will be limited for the next ten days. Users must refrain from lawn sprinkling during this period and be economical with the use of water as possible.

Your hearty co-operation in this matter is earnestly requested. Notice will be published when the emergency has passed.

S. S. ALL, Commissioner.

WATER USERS REACH ACCORD

Snake River Irrigators at Idaho Falls Meeting Work Out Dis- tribution Program for Year

With the adoption of the report and recommendations of a committee of nine members appointed a year ago, a meeting of about 1200 representatives of Snake river water users at Idaho Falls Monday reached an accord which it is believed will reduce the difficulties incident to distribution of water during the coming season of in-dicated water shortage, according to statement of Judge James R. Bothwell, attorney for the Twin Falls Canal company, who with T. M. Baird and Frank Bower, members of the canal company directorate, returned Tuesday afternoon from attendance at the Idaho Falls meeting. Mr. Baird is the representative of the Twin Falls Canal company on the committee of nine.

The report and recommendations of the committee adopted at this meeting took into consideration that water stored in Jackson Lake reservoir has to be conveyed down Snake river for 300 miles past more than 50 headgates, and that water in transmission is subject to certain natural losses from evaporation and seepage, of which account must be taken when distribution is made. Return flow of water into the river from lands in the upper valley also is a factor entering into the distribution problem.

The committee's recommendations fixed arbitrary percentages both of loss and return flow and outlined a course of conduct for administration of Snake river water distribution during the coming season. It provided also that users of natural flow of the river might avail themselves of storage facilities if they desired to reserve water for later use.

An attempt to amend the committee's report by providing specification for certain percentages of loss at certain points in the river was defeated by almost unanimous vote.

The meeting was presided over by John Hart of Meana. It is believed to have been the largest meeting of water users ever assembled in Idaho.

OBTAINS WORKER'S RELEASE

Thomas Martinez, Mexican, sentenced in district court here recently to serve 30 days in jail and pay \$100 fine upon his plea of guilty to charge of illegal possession of liquor, was released from jail Tuesday when Percy Kingsbury, his employer for several years past, paid the fine in default of which Martinez would have had to remain about 50 days longer in captivity. Martinez was arrested when deputy sheriffs raided his domicile near the sugar factory and discovered a moonshine still in operation.

Leave for Salt Lake—Mr. and Mrs. Mark M. Murlough left Tuesday evening for Salt Lake.

Leaves for Visit—Mrs. J. T. Roberts left Tuesday evening for Salt Lake to visit relatives and friends.

Ends Visit Here—Mrs. E. W. Stone returned Tuesday to her home in Ogden after a visit to her sister, Mrs. H. O. McLain.

Store Manager Travels—W. R. Ruff, manager of Skaggs stores here, left Tuesday evening on a business trip to Pocatello.

Returns After Visit—Mrs. L. A. Snyder returned Tuesday from California, where she spent two months visiting relatives.

Takes Position Here—Herman Walt of San Francisco, has arrived here to enter the employment of the Straus Clothing company.

Will Attend Conference—Mrs. L. G. Kirkman left Tuesday evening for Salt Lake to attend session of the L. D. S. church conference.

Back from California—Mr. and Mrs. J. M. Branton returned Tuesday from Long Beach, California, where they spent the winter months.

Visiting Parents—Miss Violet Swenson arrived here Tuesday from Blackfoot to visit her parents, Mr. and Mrs. S. O. Swenson, of Addison avenue.

Visiting in Salt Lake—Mr. and Mrs. E. C. Hamill left Tuesday morning for Salt Lake to spend about two weeks there visiting relatives and friends.

Concludes Visit—Mrs. N. W. Reynolds left Tuesday morning returning to her home in Pocatello, after visiting her sister, Mrs. G. M. Hall.

Guests from Utah—Mr. and Mrs. A. C. Leonard of Price, Utah, are guests at the home of Mrs. Leonard's parents, Mr. and Mrs. W. Williams, of Highland View.

Visiting Grandmother—Miss Helen Clift, daughter of Mr. and Mrs. Chester Clift, of Pocatello, is spending this week here with her grandmother, Mrs. Annetta M. Clift.

Taken Position in Nevada—W. A. Sweeten left Tuesday evening for Carlin, Nevada, to enter the employment of the Southern Pacific Railroad company in its shops there.

Leaving for California—Mr. and Mrs. Daniel Allen and children will leave this morning on an overland trip to Long Beach, California, where they expect to make their home.

Guests of Parents—Carl B. Cassandra of Harbor City, California, and

HIGH SCHOOL DEBATERS PREPARING FOR CLASSIC

Twin Falls and Pocatello Teams to Meet Here in Annual Interscholastic Triangular Contest

Final preparations are well under way for the annual interscholastic triangular debate Friday when Twin Falls will meet Idaho Falls and Pocatello for the classic.

The question for debate this year is "Resolved, that the United States should enter the world court."

Friday evening the local affirmative speakers will meet Pocatello's negative team in the local high school auditorium and the negative team will travel to Idaho Falls, while the Idaho Falls negative and Pocatello affirmative will argue in the Pocatello school.

Participants in the debate here are: Pocatello, negative, Karl Stoll, Helen O'Connor, Clarence Rush, and Kathleen Keaton, alternate; Twin Falls, affirmative, Loyd Perry, Kenneth Bondali and Walter Botcher.

The native Twin Falls team which will leave Friday for Idaho Falls is composed of Willis Moffat, Milas Walters and Alton Blackburn.

All Business Is Done at the greenhouse, by the old tower, Seventh street south. Expenses and prices low—quality and quantity high. We admit no superior in southern Idaho. A visit—a surprise to all. Florists, garden plants, "the panny king," Phone 1279, City Tower Greenhouses, Twin Falls, Idaho, adv.

Mrs. Cassandra, who has been attending Albion normal school, are guests this week of Mrs. Cassandra's parents.

Leaves for Coast—Mrs. F. H. DePuy left Tuesday morning for Seattle, where she will visit her sister, Mrs. A. W. Smith, for a time and continue her trip to Los Angeles and Long Beach, California.

Joined by Family—The family of Joe Koehler, manager of the Idaho theatre, arrived in Twin Falls Tuesday from Salt Lake City. They will occupy the Mark Murlough residence on Blue Lakes boulevard.

Leave on Extended Trip—Mr. and Mrs. R. T. Jorner and children will leave this morning on an overland trip through Burns, Oregon, Portland and Longview, Washington, to North Fork, California, where they expect to make their permanent residence.

Painting, paper hanging and kalsomining. Phone 352M. F. A. Rowan, adv.

Mercury's Fall Halts Above Freezing Point

Mercury's decline Monday night was halted at 33 above, one degree above the frost line, and 16 points higher up on the scale than the minimum mark of the preceding 24-hour period, according to records of the government weather observer's station here. High temperature for the day at 54 above, was an advance of 13 degrees. A trace of precipitation was recorded.

Miss Le Nelle Breckenridge

will take pupils in voice, or beginners in piano.
