BANKERS START CAMPAIGN FOR GERMAN RELIEF

Financiers Take Steps to Advance Cash for Rehabilitation as Comment on Dawes Report Grows More Favorable

NEW YORK, April 10 (AP)—First actual steps to advance money for the economic rehabilitation of Germany were taken by international bankers today as banking opinion of the Dawes report based on careful study of its provisions grew more favorable.

In underwriting an issue of acceptance credits, American financiers were understood to be co-operating with London bankers in raising \$30,000,000 or more for the inauguration of the gold bank in Germany headed by Dr. Schacht, president of the Reichsbank, head of the international acceptance bank, was named as the leader in the negotiations. It is expected to make public the details of the plan, but other bankers estimate subscriptions here would total between \$5,000,000 and \$10,000,000.

While the project has no connection with the Dawes report, it marks the first investment of American funds in German banking enterprises and is believed to indicate the willingness of bankers to participate in the \$200,000,000 foreign loan to Germany suggested by the experts.

Findings of the experts continued to arouse favorable comment in the financial district.

BERLIN, April 10 (AP)—No inclination is apparent among government headquarters to enter into a preliminary discussion of the experts' findings and until the government is in possession of a duly authenticated copy of the full report, the German official attitude will not be young.

Young Adventurers Returned to Homes via Police Station

Twin Falls police station afforded a haven Thursday afternoon for two small boys who had wandered several blocks away from their homes and were brought to the attention of the officers by a lady at about 4 o'clock. One of the adventurous youngsters remained in the police station only a short time before anxious parents called for him, while his companion was the guest of the officers for several hours before his absence from home was noticed. Neither youngster evidenced concern over his visit to the police station, and the one who remained there longer manifested his appreciation of the officers' hospitality with frequent broad smiles, but declined to divulge his name.

FIVE HURT IN WRECK

CHARLOTTE, N. C., April 10 (AP)—Five men were injured, two probably fatally, early tonight when Southern Railway train No. 38, New Orleans to New York, struck a motor bus in which they were riding at Kings Mountain, N. C.

\$20,000 in Missing Naval Funds Found In Bank at Ogden

Execution of Federal Search Warrant Reveals Part of Money Alleged to Have Been Taken by Young Paymaster

OGDEN, Utah, April 10 (AP)—Upon a federal search warrant a safety deposit box in the Ogden State bank, believed by federal authorities to have been rented by Lieutenant Ervin R. Brown, navy paymaster who absconded with \$120,000 government money, was opened today and \$20,000 was found.

Brown was found in San Francisco last Tuesday apparently suffering from loss of memory and while he admitted his identity said he did not remember taking any money. He is being held under observation for insanity in a navy hospital there.

The search warrant was issued by H. A. Soderburg, United States district judge for northern Utah. Federal Judge Tillman D. Johnson of Utah had previously denied a like concession upon the grounds of insufficient evidence.

The box was opened in the presence of E. S. Kimball, operative for the department of justice of Utah, and several bank officials.

GERMAN INDUSTRIAL KING IS DEAD

Hugo Stinnes.

HUGO STINNES, Germany's industrial leader and recognized as one of the wealthiest men in the world, died Thursday after an extended illness. A recent photograph of Herr Stinnes is reproduced above.

EUROPE'S MIDAS TAKEN BY DEATH

Germany Mourns Passing of Hugo Stinnes; Was One of World's Noted Figures

BERLIN, April 10 (AP)—Hugo Stinnes, more closely identified with German industry here than any other man, died this evening at 8:30. Indefatigable in his labors he struggled against the hard times and was conspicuous to the last. He was 54 years old.

Around him were gathered his wife and children. To them he had devoted his later years all the time he could spare from his vast business interests. There had been no hope for his recovery for many hours and the foremost medical skill could do nothing against the ravages of disease.

Three Operations. Three major operations had been performed, the first about four weeks ago for gall stones, and it was owing to impossibility of keeping the patient quiet, according to the surgeons, that complications arose, necessitating further operations, the last one on Sunday. It was also reported that pneumonia developed.

Since the grave nature of Herr Stinnes became known in Berlin, it had been almost the sole topic of discussion. It far outstripped the interest the project just published by the experts committee for the settlement of the reparations problem.

In Sever Blow

The death of Hugo Stinnes at the very moment the process of dismantling the reparations knot seems about to enter upon its final stage is felt in official quarters and industrial circles as a distinct loss to Germany.

The great German industrialist began his career in his father's coal mine at Muelheim, where he worked with pick and shovel, shoulder to shoulder with veteran miners.

FORD DISTRIBUTORS IN ATTRACTIVE QUARTERS

Remodelling of the building occupied by the Union Motor company, successor to the Western Auto company, Ford distributors in this territory, has been practically completed by the force of workmen employed, only the completion of interior decoration remaining to be done, to install the new concern in one of the most attractive homes of automobile agencies in this region.

The scheme for remodeling provides a large display room in space formerly occupied by office quarters, which have been moved to a room in front of the garage and repair department. The parts department has been moved back to the rear of the display room.

HOPPE RETAINS HIS TITLE

NEW YORK, April 10 (AP)—Willie Hoppe retained his title of world's 182 ballroom champion tonight despite the fact that he was defeated in the final knock of his 1500 point match with Edouard Foreman of Belgium. The score was 518 to 500, in 13 innings. But Hoppe's enormous lead gained last night gave him the match, 1500 to 058.

FIRE HITS OIL TOWN.

ELKHART, Ark., April 10 (AP)—A score of business houses, the city jail, postoffice and a motion picture theater were destroyed by fire which swept the business district of Norplex, oil town, seven miles north of this city, late tonight.

URGE IMPROVEMENT IN RECLAMATION POLICY

JURORS RECITE VIEWS ON DEAL

Consider Levee Damaged to Extent of \$7000 by Diseased Condition of Cattle

Answers returned by the jury to a series of 22 interrogatories propounded in trial of the suit of Alfred Carlson against H. W. Levee, were delivered to the court here Thursday morning after the jury had deliberated until late the preceding night. The interrogatories related to questions of fact at issue in the suit and upon the jury's answers the judgment of the court is to be based. Trial in the case occupied three days time.

The suit was instituted by Carlson to foreclose a \$20,000 mortgage executed in 1919 by Levee in connection with his purchase of Carlson's 80-acre farm and dairy herd in the vicinity of Iddah. It involved Levee's claim that Carlson had made misrepresentations concerning the health of the cattle and that several of the animals had become tubercular, resulting in loss to Levee.

Divide on Two Answers.

Eleven out of the 12 jurors found that the herd was afflicted with tuberculosis at the time of the sale, while 10 jurors held that Carlson did not know at the time that the herd was tubercular. Unanimous agreement was reached by all 12 jurors as to the answers to all other interrogatories.

The jury found that Carlson represented to Levee at the time of the sale that the cows were in healthy condition; that he knew at the time that the herd had contagious tuberculosis; and that Levee relied upon Carlson's representations as to the good health and condition of the cattle in entering into the deal. The jury awarded damages to Levee in the sum of \$7000 on account of the diseased condition of the cattle.

Payments made by Levee on the purchase price of the farm and herd were computed by the jury as aggregating \$25,563.90. According to the jury's findings Levee remained in possession of the lands involved in suit for three years and 10 months after discovering tuberculosis in the herd, and subsequent to such discovery he executed mortgages to Carlson and

COOLIDGE IS URGED TO TAKE ACTION ON RECOMMENDATION OF COMMITTEE

General Overhauling of Federal Program Favored in Final Report of Investigators; Would Base Repayments on Productive Power of Lands; Suggest State Co-operative

WASHINGTON, April 10 (AP)—A comprehensive overhauling of the government's reclamation program, involving the charging off as a total loss of \$27,391,146 of the approximately \$150,000,000 invested and providing measures of relief to thousands of farmers and a protection of further federal expenditures on irrigation of the arid wastes of the west, is urged in a unanimous report submitted to Secretary Work today by the special advisory committee on reclamation.

IDAHO EGGS PRODUCERS SHIPPING BY CARLOAD

CALDWELL, Idaho, April 10 (AP)—Officers of the Idaho-Oregon Egg Producers association expect to start a solid car of eggs to eastern markets tomorrow. Wednesday a car containing 400 cases was shipped out.

A more favorable market recently has resulted in a decision to resume shipments instead of storing the eggs as had been intended while waiting for better prices.

made payments amounting to \$4400 to Carlson. The jury found that Levee sold property purchased from Carlson, exclusive of the cattle, receiving for it a total of \$3965.

Value of the herd in question, the jury determined, was \$3635 and Levee received payment for those cattle, either by condemnation or sales in the sum of \$3782.

One Answer Ambiguous.

Attorneys and court attendants speculated after the return of the jury's findings as to the jury's intent when it answered "yes" to the question "Do you find from the evidence that Levee took the proper care and did the proper milking of the dairy cattle after he came into possession of same; or do you find that said cattle were neglected so that they were more likely to contract the disease of tuberculosis or fall off in their milk supply?"

Carlson was represented in this action by Attorney T. K. Hackmann; the defendant Levee being represented by Attorney J. W. Taylor and James W. Pithman of the firm of Porter and Witham.

IDAHO WEATHER

Friday: Fair; rain south portion.

The principal recommendation of the committee, of which Dr. Elwood Mead of California, recently named commissioner of the reclamation bureau to carry out the new policies to be approved by congress, was a membership in the reclamation bureau could be based on the actual crop production of the farm lands rather than the present system of a fixed percentage of the construction cost per acre, which was held to be "inequitable and unsatisfactory."

"After the first few years," the report said respecting the present method of annual repayment charges of 1 per cent of the net cost of all projects, yet the net cost and crop producing power vary greatly among projects. It is held to assume that lands of equal fertility can bear widely different annual construction payments, or that all lands—good, indifferent or poor—under a single project can bear the same annual construction payments, yet the existing plan of repayment was based upon that as

the basis for the present system of a fixed percentage of the construction cost per acre, which was held to be "inequitable and unsatisfactory."

MORE CASH ADDED TO RAIFUND

Second Day's Collection in Drive for Right-of-Way Money Reaches \$2,125; Expect to Finish by Saturday

THE FIGURES UP TO 6 P. M. THURSDAY

First day's collections	\$2,210.77
Second day's collection	2,125.78
TOTAL	\$4,336.55
Balance to be raised	4,633.45
Total required	15,000.00

With a gain for the day amounting to \$2,125.78, it is confidently anticipated that Saturday at the latest will witness the close of the drive to raise the sum of \$15,000.00 for the purchase of the Utah Construction company right of way.

Yesterday's figures, of course, fall far short of the sum realized on the opening day, but this was to be expected, and returns in the hands of committees which have not yet reported make certain a substantial gain for today.

Mayor Hoggan, serving as chairman of the finance committee during the absence of Chairman Peavey in Ogden, states that something over \$100.00 came in during the day in voluntary contributions, added to which six committees of two men each working among a selected list of farmers in the vicinity of Twin Falls turned in \$610.00 as a result of the day's effort.

Committees will continue at work today and good results are anticipated by many of these. While the drive has progressed to a point where the raising of the money is believed to be assured, a good deal of further work will be necessary and the aid and assistance of everybody is strongly urged by the committee.

HOG CHOLERA INFECTS PURE BRED DUROC HERD

Hog cholera of a virulent type was discovered in a herd of 200 pure bred Duroc swine owned by Harry Newberry, three miles north and one and one-half miles west of Piler. The discovery was made in the course of an investigation by R. E. Bressard, county agricultural agent, and Dr. W. A. Sullivan, inspector in charge of federal bureau of animal industry activities in Idaho, after report of sickness in the herd had been made by the county agent. Source of the infection is unknown.

Four animals were found to be suffering from the malady. The premises were placed under strict quarantine and arrangements were made for vaccination of the herd to be made today by Dr. H. E. McMillan, deputy state veterinarian, and Dr. Sullivan's assistance.

Owners of a number of herds of pure bred swine in the vicinity of the infected herd are arranging for vaccination of their herds as a precautionary measure.

Johnson Announces His Determination To "Rescue" G. O. P.

California Candidate Fears for the Future of His Party; Advisers Urge Him to Quit Race for Presidency

WASHINGTON, April 10 (AP)—Senator Hiram W. Johnson, California, a candidate for the republican presidential nomination, declared tonight in a formal statement that he is not quitting what he is "attempting to do politically." That he defined as his statement tonight that he would at least curtail his activities in the remaining states that are to select delegates to the republican national convention.

Since his return to Washington yesterday, Senator Johnson has conferred with a number of advisers here. While no formal announcement has been made it is known that some of them at least, had advised him to abandon the contest for the nomination. The only public answer the senator has given to questions as to whether he intended to adopt the course in his statement tonight is that he declared that the "unholy alliance between crooked big business and crooked politics" which dominates the republican party must be smashed and the party "revitalized and regenerated."

GOODING URGES INVESTIGATION OF LOAN CHARGE

Presents Resolution for Inquiry on Allegation of Idaho-Pomona Grange; Suggests Wheeler to be in Charge.

WASHINGTON, April 10 (AP)—Senator Gooding, republican, Idaho, asked the senate today to investigate charges made by the Pomona Grange of Idaho that he and his friends were favored by the war finance corporation in loans to livestock interests.

Denying that there had been any excessive loans to his or allied interests in Idaho, Senator Gooding said he wanted a thorough inquiry into the subject. He declared his own firm, Crain and Gooding, a livestock concern, had obtained only \$22,000; P. W. Gooding and Sons, \$20,000, and T. H. Gooding and Son, \$21,500, and that all of the money had been repaid.

Senator Gooding said the war finance corporation had done a lot of good in Idaho but that not all of the farmers of the state received loans as they had not joined the organization of corporations necessary to obtain government aid.

"My own bank organized a corporation to purchase dairy cows for farmers in my county," Senator Gooding said. "We then obtained money from the war finance corporation to cover the loans made by the banks to our corporation. No such corporation was organized around Boise, the home of the Pomona Grange. Evidently that grange expected the government to make direct loans to the farmers, which, of course, it could not do."

A resolution presented by the Idaho senator asked for a full investigation of the activities of the war finance corporation, and urged that Senator Wheeler, democrat, Montana, prosecutor of the Daugherty committee have charge of the inquiry.

LOVE NOTES CAUSE OF GRIEF FOR WOMAN SPY

LEIPSIG, April 10 (AP)—Alicia Braun, the film-artless spy, who was recently sentenced to prison for ten years because of her activities on behalf of the French during the war, came to grief through her diary.

The woman worked for the French in Dusseldorf, Aachen and Nice. Her beauty made it possible for her to attract many men and the diary which proved her undoing showed she was frequently torn between many love affairs and her great desire to contribute to the war effort. With singular childishness she recorded her emotions as well as the facts concerning her spy work in this diary which fell into the hands of German officials and proved her undoing.

She worked much of the time with a German medical student, who was also sentenced to prison for complicity in her espionage, for which the evidence showed that she received \$1000 a month. She also involved another medical student in her work, but the two students fought about the woman and the one who lost out managed to escape from her clutches before he was hopelessly entangled in her career of espionage.

Promising French diplomatists and army officers of various armies are mentioned in the diary among the men who succumbed to her charms.

Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn through it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes the Marmola Prescription Tablets from the same famous harmless formula as the Marmola Prescription. It behooves you to learn the satisfactory, beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box, or sending a like amount to the Marmola Company, 4613 Woodward Avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets. —adv.

Easter is the crowning event of fashionable spring wear. Every woman wants a new outfit for that gladsome day. We have assembled authentic styles for Twin Falls in Easter apparel.

Boyish Suits

The straight, slim line of fashion is stressed with fabrics that aid youthful lines. How such a smart combination produces may be gleaned from the model pictured. Note the banding features of braid that give smartness and then note the price—very moderate, indeed.

\$35 to \$55

Store vs. Institution

The Dealer who said:

"There is a big difference between a store for bargain hunters and an institution for steady customers."

probably paid a high price for his wisdom.

He was brother to the other dealer who said:

"There is mighty little satisfaction in knowing that the public thinks of your store only when you have a bargain sale."

There is as much difference between *buyers* and *customers* as there is between a store and an institution, or between a house and a home.

Buyers are "floaters" they belong to one competitor as much as they do to another. They always patronize the shop having the lowest-priced "sales" for the day.

The theory that when these buyers come to bargain-sales "they also buy other things that the store makes a profit on" has been pretty thoroughly exploded.

A competitor may be having a sale on these "other things"!

Customers care less for cut prices than they do for stability.

They patronize one because they have confidence and know that their purchases have the entire institution behind them.

They know very well that a competitor can not and does not sell the same grade of goods at "20 per cent off."

Customers prefer to know rather than to hope they are getting what they buy.

One can depend upon a certain volume of steady business from customers at an honest profit.

To repeat: "There is a big difference between a store for bargain-hunters and an institution for steady customers." Our pride is in our institution and our customers.

BOOTH MERCANTILE COMPANY

BORAH HEAD OF INQUIRY INTO WHEELER CASE

Senate Committee Takes First Steps in Sifting Montana Man's Indictment; Daugherty Probers Still at Work.

WASHINGTON, April 10.—Preliminary steps in the inquiry into the indictment in Montana of Senator Wheeler, prosecutor of the Daugherty investigation were taken today by a newly created senate committee while the Daugherty committee itself was touching briefly upon the subject.

Senator Borah, republican, Idaho, chairman of the new investigating committee, was directed to telegraph to Federal Judge Day at Great Falls, where the indictment was returned on Tuesday, requesting him to forward certified copies of the indictment, the minutes of the grand jury and documentary evidence as well as a list of the witnesses.

Until this information is received the committee probably will mark time. It will not limit its examination to these documents and witnesses' testimony, but will call present and former officials of the department of the interior as well as a number of witnesses summoned at the request of Senator Wheeler.

The dip of the Daugherty committee into the subject of the indictment today was as sudden as it was brief. Turning from an inquiry into the land fraud cases in Oklahoma, Senator Wheeler called to the stand W. J. Burns, director of the justice department bureau of investigation and questioned him about activities of department agents sent to Montana on the Wheeler case.

Burns testimony was that the men were sent to Montana three or four weeks ago at the request of the post office department. The witness said he and former Attorney General Daugherty had talked about the Daugherty investigation on a number of occasions, but he would not say that Mr. Daugherty had sought his help. Burns admitted he had reported to Daugherty that Senator Wheeler was attorney for the Gordon Campbell concern in Montana, but he would not say whether it was before or after Daugherty had left office.

MURTAUGH

MURTAUGH—C. G. King was a business visitor in Burley Wednesday. The Murtaugh highway district board was inspecting the roads the first of the week preliminary to spring work.

The Ladies' Aid met at the home of Mrs. R. B. True Thursday. There were only a few members present as there was no business transacted.

Mr. and Mrs. G. J. Curran attended the Twin Falls Symphony concert on Thursday evening. Miss Dorothy Carman played first violin in the orchestra.

Miss Wilma Summers has returned to her home in Roundup, Montana, after visiting relatives and friends in Murtaugh.

Walter Taylor was a business visitor in Burley Friday.

CLOVER

CLOVER—Mr. and Mrs. Herbert Liernann spent Sunday at the E. Meyer home.

Mr. and Mrs. A. Martens and family and Ted Gihring spent Sunday at the A. List home.

The little daughter of Mr. and Mrs. Milton Liernann was christened Sunday in the Clover church to the name Ruby Velma.

Miss Hilma Werner, who has been in Twin Falls the past few months is visiting the home folks.

Eula Schroeder has returned to Twin Falls after a visit with her parents, Mr. and Mrs. L. Schroeder.

The usual exercises in the Clover church for next Sunday, Palm Sunday, will be postponed a few weeks owing to the fact that some of the members of the confirmation class are on the sick list.

It was impossible to reopen the parochial school this week as most of the pupils are unable to return to school.

Members of the A. Warner, W. Fisher, C. Liernann and C. Heinke families have the pleasure of announcing the birth of a daughter to the Liernann family. The child was born on Tuesday, April 9, at 10:30 a. m. and weighed 7 pounds 10 ounces. She is named Ruby Velma Liernann.

BERGER

BERGER—The Loyal Neighbors' club will meet Friday at the home of Mrs. C. V. Daugherty.

Mr. and Mrs. John Burrows left for N. Hayes place Monday morning for their home in Rupert.

G. L. McGrogan had the misfortune to be kicked by a horse Tuesday, breaking the bones of the back two fingers of his left hand.

Miss Helen Dobbs is visiting at the P. C. Hill home.

Miss Helen Brown spent the week end in Twin Falls with friends and relatives. A large number of the Berger people attended the Saturday night settlers meeting Saturday evening.

Mr. and Mrs. Henry Perry are back to the Salmon tract again working for Apus Waglin. They report a splendid trip to California last winter and this spring.

Rev. Hollawell gave a lecture at the school house Friday night which was enjoyed by all who were present.

Mr. and Mrs. A. P. Wade were delightfully surprised Saturday night by the Loyal neighbors club ladies and their families. The evening was spent in games and music by Mrs. F. L. Roper and Anna Griggs. A lap supper was served at a late hour.

The party took place at the bride's parents, Mr. and Mrs. G. L. McGrogan and many beautiful gifts were received by the guests of honor.

ROCK CREEK

ROCK CREEK—The highway board held a meeting Tuesday night to consider business matters.

Fred Hartley was taken to the hospital and is still in a critical condition.

Askel and Dolph Murray are recovering from a severe case of mumps. The Rock Creek club will meet with Mrs. Loth Friday.

Dan Fredson motored to Cottonwood Saturday, Oscar Iversen returning with him.

Mr. and Mrs. John Hansen of Twin Falls were visiting the Henry Hansen and Crockett families Sunday.

Walter and Lon Van Eaton motored

to House creek on business this week. Louis Harrell is putting out 500 fruit trees on his ranch by the warm well.

There will be a dance at the Rock Creek hall Friday night. The "Rugby Rubens" will furnish the music.

Mr. Spemann of Oakley visited over Sunday with Mr. and Mrs. Dan Iversen.

The Weighall family has moved into the Slate Larsen home.

JEROME

JEROME—Mr. and Mrs. Kenneth Amette and family were week-end callers in Twin Falls and Kimberly.

The Jerome Civic club entertained with an informal dance at the hall on Friday evening. A good attendance was present. This is the first of a series to be given by the club.

Mr. and Mrs. Bert Healey have arrived home from several months visit in California.

Mr. and Mrs. Arthur Eldred of Twin Falls were week end callers in Jerome.

Mr. and Mrs. Bud Ruder and family were Sunday callers at the home of Mr. and Mrs. Walter Banning from their home in Shoshone.

A daughter was born to Mr. and Mrs. James Lewis on Thursday evening.

W. N. Hardwick has returned to his home in Jerome after an absence since last fall having been employed as traveling representative of the Weyl-Zuckerman Co. He has resigned his position and will remain in Jerome.

Mr. and Mrs. Steel Tanner and family left on Sunday for Pine, Idaho, where they will spend the summer months.

Mrs. Ivan Bennett and son are spending a vacation in Jerome with relatives from their home in Boise.

The last meeting of the L. O. P. H. club was at the home of Miss Nathalia Christenson on Wednesday evening with Miss Christenson and Miss Florence Campbell hostesses. A social evening and program was enjoyed. There were 12 members present.

The Christian church Missionary Society met on Friday with Mrs. O. J. Wilson. The study hour was under the leadership of Mrs. S. W. Sullivan. A good attendance was present.

J. E. Ott has returned from the Wendell hospital where he underwent an operation.

Miss Lea Abernethy has returned from

Boise where she has been attending business college.

Mrs. Joe Krzynek has returned to her home in Twin Falls after spending the past week with her sister, Mrs. H. D. Cook and family.

Mr. and Mrs. Norris Atwood have arrived to make their home north of Jerome. They were recently married in Boise.

Mr. and Mrs. J. W. Holman have moved from their ranch south of Jerome and will make their future home in Twin Falls.

HAZELTON

HAZELTON—James Howden was taken to Boise Tuesday for medical treatment. He is reported to be in a very critical condition.

The American Legion auxiliary met at the home of Mrs. M. A. Kelly Friday April 10, with Mrs. Jean Holmes and Mrs. Kelly as hostesses.

Little Robert Murphy has been quite ill the past few days.

Mr. Finkbeiner and Jack Wardell motored to Burley Wednesday.

Mr. and Mrs. Olen Nichols have moved onto the Barlow place, south of town.

Clarence Steele is confined to his home this week with the mumps.

Velose Mendenhall returned home the first of the week from the Twin Falls county hospital where she underwent an operation for appendicitis.

Little Dick Vance has been on the sick list for the past few days.

George Buckley was a Jerome visitor Wednesday.

The Self-improvement club met at the home of Mrs. Harvey Lancer Thursday, with Mrs. G. Murphy and Mrs. Lancer as hostesses.

FIX DATES FOR EVENTS; FIRST GAME ON FRIDAY

Contest With Buhl to Mark Opening of High School Baseball Season; Track Events Also on Schedule.

This afternoon Twin Falls and Buhl will open the baseball season for high schools of the district on Lincoln field when the amateur duets off the plate and says, "play ball."

Competition is so keen for positions that Coach Evans is reluctant, as usual, in giving out the lineup for today's game. Slim Hammond will not be in uniform, however, and there is much speculation as to the probable infield lineup. The battery has not been announced as yet but probably several changes will be given a change to show their stuff in the opening melee of the season.

Buhl is reported to have some players who know their stationery but the blue and white nine are quite capable of taking good care of themselves, in fact Boise high school declined an invitation to meet the Bruins on a plea that the did not feel capable of playing such a heavy schedule (which is interpreted to mean Twin Falls).

Twin Falls track and baseball schedule for the rest of the season has been more or less definitely made out as follows:

- April 11, Buhl at Twin Falls, baseball.
 - April 15, Wendell at Twin Falls, dual track meet.
 - April 18, Pocatello at Twin Falls, baseball.
 - April 19, Pocatello at Twin Falls, baseball two games.
 - April 22, Rupert at Twin Falls, dual track meet.
 - April 25-26, Nampa at Twin Falls, baseball, two games on Saturday.
 - April 29, Twin Falls at Buhl, baseball.
 - May 2, South Central district track meet at Piler.
 - May 8, Twin Falls at Nampa, baseball.
 - May 10, Twin Falls at Caldwell, baseball, two games.
 - May 10, Inter-sectional track meet at Caldwell.
 - May 16, state track meet at Moscow.
 - May 16-17, Caldwell at Twin Falls, baseball, three games.
- The above lineup gives the blue and white athletes a full schedule for the spring season. If necessary a few additional games will be added to the above, but this will probably be the schedule without change.
- More interest than usual is being shown in track this year and the meet next Tuesday with Wendell and the following week with Rupert should be interesting exhibitions.

Modern Electric Lamps.
The average amount of light obtained for one cent from incandescent electric lamps at first was about five candle power now, but it is now possible to obtain with the ordinary 40-watt lamp 170 candle power hours for one cent.

KING WILL TRY FOR OLYMPICS

Well-Known Local Athlete to Enter Portland Competition for Trip to Paris.

The name of Philip King of Twin Falls attracted the entries for the Olympic trials for places on the United States team which will travel to Paris this summer. King will compete at Portland on June 7, according to the report received from the Multnomah A. C. which has charge of the meet.

King's events are the mile and two mile, but the local runner states that he will enter all events up to the five mile, in order to qualify for a place on the team which travels to Cambridge, Mass., for final elimination.

Phil was a high school distance man of no mean ability. Later he attended the University of Idaho and was elected captain of the freshman team.

Perhaps the outstanding characteristic of the local athlete is his persistent training. Inasmuch as distance events are largely a matter of stamina and endurance his strict training has won him quick admiration from local high school athletes whom he is coaching this year.

One of the features of the district track meet at Piler this year will be an exhibition event by King who has clipped the time down to 4:41, which he expects to better under more favorable conditions. Later he will accompany the blue and white track squad to Caldwell and Moscow for the inter-sectional and state track meets and there he will complete his training until time to go to Portland. He will be accompanied by his brother, Clarence, who starred last fall as half-back on the Idaho Tech football squad. "Phil" will also accompany Phil should the local rider qualify in the Portland meet.

"MEANEST MAN IN THE WORLD"

"The Meanest Man in the World" as presented at the Orpheum theater yesterday, proves that there is still available somewhere, sufficient material that goes toward making a highly successful play.

The picture was adapted to the screen from that famous stage play in which appeared George M. Cohan. Augustin MacInch is the author who obtained the idea of the story from the play of Everett S. Ruskay. The screen version of the story and the releasing to being made through First National Pictures.

Here is a picture that is going to please everybody that witnesses it. The cast is truly all-star and in addition to Lyell, boasts such names as Blanche Sweet, who enacts the role of Jane; Bryant Washburn, Maryon Aye, Helen Lynch, Forrest Robinson, Victor Fotel, Ward Crane, William Connelin, Frances Raymond and a host of others equally popular.

of June; Bryant Washburn, Maryon Aye, Helen Lynch, Forrest Robinson, Victor Fotel, Ward Crane, William Connelin, Frances Raymond and a host of others equally popular.

IN A HEAVY SEA.

Taking pictures at sea has its drawbacks. Percy Hilburn and Robert Frutiger went to Newfoundland to shoot the storm scenes for Reginald Barker's new Metro picture, "Women Who Give," which is at the Idaho theater. They hired a fishing schooner and set out to sea in an 80-mile-an-hour gale. The waves ran 90 feet high and seemed ready to gobble up the little fishing schooner with every swell. Lashed to a mast with his camera fastened to the deck in front of him, Percy Hilburn, the cameraman, ground away on the raging storm while the infuriated ele-

Children's

New lots of Easter pumps and oxfords. Gray, brown and tan combinations. All underpriced; full size runs. Don't delay—When we say less, they are less—Get busy.

"Another Package From Booth's"

OIL BATH PUTS END TO PESTS

Experiments Made Here Give
Assurance of Control of In-
sect Enemies of Trees

Experiments testing efficiency of miscible oil sprays in combatting elm scale and leaf roller moth being conducted here by H. T. Blake, deputy state horticulturist, and George F. Sprague, secretary of the Twin Falls Horticultural society, have progressed to such an extent as to give assurance of control by this means of these two pests that this season threaten serious inroads on shade trees and orchards of this region.

Spraying of elm trees in Twin Falls will be started within the next few days under arrangements made by the municipal commissioners. Mr. Blake stated Thursday and miscible oil spray will be used. Trees in the city park will be sprayed first and thereafter spray will be applied to trees of private owners.

Experiments made here show that the oil scale cannot exist where a 3 per cent solution of the oil spray has been applied. Increasing the strength of the spray to 5 per cent solution will eradicate aphids Mr. Blake stated.

In the local experiments with the oil spray for control of leaf roller a 7 per cent solution has been used, and the efficacy of the spray has been demonstrated by the fact that where the spray has been applied there has been no hatching 10 days after hatching on unsprayed branches.

Spray should be applied at every opportunity for control of the leaf roller and should be continued until the foliage breaks. Mr. Blake advised that when wind prevents application of spray to all sides of trees, he suggested, it is advisable to spray exposed sides of the tree and return under more favorable conditions to complete the operation.

Experiments here have been conducted with infested branches placed in a heated building in order to induce earlier development.

BREVITIES

Leave for Portland—Mr. and Mrs. Harvey Sample left Thursday for Portland where they expect to make their home in the future.

Visiting Relatives—Mrs. J. A. McMahon of Shoshone, is here this week visiting her mother, George D. Saviers, and sister, Mrs. S. D. Perrine.

Scout Leader in Rupert—F. Douglas Hawley, district scout executive, went to Burley Thursday to attend a meeting of the Rupert Boy Scout court of honor.

Cattle Go to Market—Fifteen carloads of cattle were loaded here Thursday for the Utah construction company for shipment to the San Diego, California, market.

Attend Bourbon Rally—Mrs. James D. Whelan returned Thursday from Salt Lake, where she attended a regional meeting of leaders and members of the democratic party.

Here for Visit—Mr. and Mrs. Frank Chaddock of LeRoy, New York, are here for a few days visit at the home of George F. Sprague. Mrs. Chaddock is a cousin of Mr. Sprague.

New Superintendent Visits—Eugene D. Bloom, superintendent-in-charge of Twin Falls schools, arrived here Thursday from Blackfoot for conference with Superintendent M. C. Mitchell.

Veterans Will Assemble—Veterans of the world war who are members of the "Forty and Eight" will assemble Thursday for a luncheon meeting at noon today in Twin's cafe. It was announced Thursday by officers of the organization.

Wins Honor at School—Miss Louise Hackman, who will graduate next June from Columbia university, has been selected secretary of the Teachers' Training league of that institution, according to word received here by her mother, Mrs. T. K. Hackman.

Death Announced—The Rev. John Gilbride, pastor of the Lutheran church, Thursday received a telegram bringing word of the death of six years old Meta Gilbride, daughter of his brother, Herman Gilbride, at Walla Walla, Washington, Wednesday night.

Boy Scouts Qualify For Higher Ratings

Court of Honor Requires Ad-
vanced Session to Complete
Examinations for Proficiency

Two Twin Falls boys were promoted to the grade of first class Boy Scouts at the grade of first class class rating, and seven badges applied for a total of 20 merit badges on showing of proficiency in various phases of scoutcraft at the Twin Falls Boy Scout court of honor held Thursday evening in the probate court rooms. Work of the court of honor was not completed at this session and an adjourned session was arranged to be held this evening. The session was attended by all members of the court, R. W. Foster, D. W. F. Foster, James McMillan, Arthur L. Stein and Clinton W. Evans.

Examination of Paul McClellan, one of the seven applicants for merit badges, was completed, examinations of the other six applicants being put over to this evening. Paul McClellan qualified for merit badges for proficiency in cooking, chemistry, pioneer, citizenship and first aid.

Other applicants with the merit awards for which they have made up examinations are: Robert L. Stein, public health, chemistry, first aid, pioneer, camping, citizenship; George Sprague, public health, pathfinding, civics; Byron B. Hall, civics, public health; Richard Hall, scholarship, public health; Tom Robertson, public health, first aid.

Thomas Adams and Alfred Dunn were promoted to the grade of first class scouts. Boys who were advanced to second class scouts were: Robert L. Stein, Streifus, Todd Wagner, Clarence Nye, Charles Wollner, Hugh Humphrey, Tom Harvey, Carson Dinkley, Albert Keefe, Stanley Ludwig, Wayne Higgins, and Higher, Landon Farrell, Dale Callison, Emory Hackman, Howard Brown, Walker Bertsch, Logan Belleville, Luther Bice, Homer Bertsch.

Dies in California—Mrs. Louise Downey, former resident of Twin Falls, who left here some time ago for treatment in a California sanitarium, died recently at Brea, California, according to word received here Thursday. She was survived by two children who were with her when she expired.

Guard Instructor Here—Sergeant O. C. Guffey, detailed from the 10th Infantry, stationed at the Idaho national guard, arrived here Thursday and will spend a few days assisting officers and men of company B, 10th Infantry, in accounting for new equipment and preparing for summer camp to be held at American Lake, Washington.

Pythians in Conclave—Members of the degree team of Twin Falls lodge, Knights of Pythias, accompanied by officers and many of the members traveled by motor Thursday to Boise to attend a district convention of the order, an outstanding feature of which was to be a degree team competition. The team was led by W. W. Minnick, Twin Falls, as chairman of the district organization.

Zero Milestone—The "zero milestone" stands just south of the White House in Washington, on the ellipse of Potomac park. From this milestone is measured the distance along the national highways of the United States. The stone is of white marble and on top is a bronze sundial.

Fish Not Brain Food—It used to be believed that certain foods, especially fish and other foods containing phosphorus, were especially valuable for the gray matter of the brain. This is not believed any more. Brain cells apparently use the same kind of food materials as all other living cells do. The best way to feed the brain well is to keep the body in good health.

Money rewards, no matter how large, do not seem to get public duties half so well performed as popular praise.

Many business firms know that SCOTT'S EMULSION increases energy.

EXPERTS URGE BETTER RECLAMATION POLICY

(Continued from page one)

sumption. Neither time nor an arbitrarily fixed percentage of cost is a sound basis for determining annual payments.

Suggest Remedy. As a remedy the committee advocated abolishment of the 10-year installment plan now in operation and the substitution of a system whereby repayments shall be based upon the productive power of the lands irrigated without any fixed period when the total investment shall be determined. The productive power would be determined from the average gross annual crop production for the preceding ten years or for all years of record and the yearly payments would be fixed at 5 per cent of this figure.

A further step designed to bring permanent relief was proposed by the committee in recommending a detailed survey of all projects for the purpose of classifying lands into zones according to their agricultural value. Lands found incapable of supporting a family unit be transferred to the construction costs of the projects and thus the requirements as also would farms in the course of development until their productivity warranted the assessments.

Would Transfer Costs. To relieve the water users of their heavy debts, the committee recommended that all unpaid and deferred charges assessed against their farm units be transferred to the construction costs of the projects and thus the figure be used in estimating costs to be paid in the future. The committee would grant this privilege, however, only upon the condition that legally organized water users' associations or irrigation districts take over complete care, control and maintenance of the projects.

To assume initial financial success of the operation of the projects by water users' organizations a credit of a year's operation and maintenance charge would be extended to be covered in the construction account and repaid later as part of the construction repayments. Accumulated profits from grazing and farm operations, leasing of grazing and farm lands and sale of water sites would be credited to the construction cost when the water users take over their management.

Could Offer Loans. A credit fund under competent control to provide improvement loans secured by the land for periods not exceeding 20 years and equipment and livestock loans for not more than five years at five per cent interest would be established to assist those settlers financially difficult due to high interest rates and other causes.

Farmers living on non-productive lands under the plan would be permitted to exchange their units for more valuable lands of like size either on their own or other government projects, with former service men having preference in the exchanges. Employment of agricultural and economic advisers to enable settlers to increase their farm incomes and formation of cooperative organizations to promote business and social relations also was urged.

The committee prefaced its recommendations with a statement declaring that "unless remedial measures of a permanent character are applied several projects will fail and the federal reclamation experiment, conceived in a spirit of wise and lofty statesmanship, will become discredited."

States Might Aid. "It is a question whether the state in which a project is located should not be required to meet a part of the expense and become an active partner in agricultural development. The partnership of state and nation in good roads and agricultural education has worked well. State participation in selection of projects and in their development would lessen political

pressure for all projects of doubtful merit and help to lessen the danger of centralized control."

The following table shows the actual and probable reductions recommended for each project, the definite losses to result in actual depletion of the reclamation fund while the probable losses are based on average net now capable of profitable cultivation:

Project	Prob'le Loss	Def. Loss
Salt River	\$32,097	
Yuma Auxiliary		
Yuma	\$2,700,000	1,301,000

Blank	1,200,000	
Total	\$8,830,000	\$18,561,146

On the question of new projects and extensions the committee made the following specific recommendations:

Extension of the North Platte, Nebraska, project by construction of the Sherman reservoir.

Extension of the Newlands, Nevada, project by the construction of the Spanish Springs reservoir.

Authorization of appropriations for the Overberg and Yale projects in Oregon; Salt Lake basin project in Utah and Kittitas in Washington on condition that further investigation be made of their feasibility and, if finally selected, that they be constructed and developed in accordance with the new principles laid down by the committee.

As to the new proposed projects the report said, "The committee does not have sufficient information upon which to have specific recommendations."

Members of the committee besides Dr. Mead were: Thomas E. Campbell, former governor of Arizona, chairman; Dr. John A. Wallace, former president of state university of Idaho; Garfield of Utah, secretary; James R. Garfield of Ohio, former secretary of the interior; Oscar Bradtke of Ohio, president of the American Farm Bureau Federation; and Clyde C. Dawson of Colorado, authority on irrigation law.

ANNOUNCEMENTS.

Twin Falls lodge of Women will hold a social entertainment after lodge on Friday evening to which husbands and wives of members are cordially invited.

The Democratic Women's club will meet this evening with Mrs. W. F. Pike, at 8 o'clock. Mrs. James Wheeler, who has recently returned from Salt Lake, will give a report of the conference recently held there.

Dr. Evans, the optician from Boise, will be at the Puyallup hotel next Saturday, April 12, to meet any of his old patients or others who may need attention for their eyes. I fit glasses correctly. J. T. Evans—adv.

SOCIETY

Edited by Mrs. E. B. Williams

Telephone 396

Methodist Missionary Society Meets.

The Woman's Home Missionary society of the Methodist church met in the church parlors Thursday afternoon with Mrs. E. P. Hawley presiding. In place of the devotional services the members gave scriptural quotations. Mrs. J. E. White had charge of the program, the subject being "Community Work." Miss Mildred Elrod gave a piano solo, "Dream of the Shepherd," and Little Miss Alice White gave a recitation.

Mrs. Hackman's division served daily refreshments to about 50 ladies.

Presbyterian Meet at Scott Home.

The Presbyterian Missionary society met at the home of Mrs. C. R. Scott Thursday afternoon with Mrs. D. P. Dyer in the chair. Devotional services were led by Mrs. E. M. Simpson.

The regular business was transacted and an exceptionally fine program was given under the leadership of Mrs. O. M. Hall, who gave a paper on "The Negro in America." Mrs. J. A. Dyer, accompanied by Mrs. Merline Bailey, sang a solo by Taylor, a negro composer. Mrs. Dyer spoke as J. H. Dyer, a negro poet and gave three readings in dialect.

Mrs. Duvall, accompanied by Mrs. Thomas Robertson, sang a solo by Taylor, a negro composer. Mrs. Dyer spoke as J. H. Dyer, a negro poet and gave three readings in dialect.

Refreshments were served by the hostesses, Mrs. Scott, Mrs. E. P. Dyer, Mrs. M. C. Mitchell and Mrs. David Brown.

Needlecraft Club Has Session.

The Needlecraft club met Wednesday, April 9, at the home of Mrs. Frank H. Hall, on Second avenue north. The social hour was spent as usual with the needlework and was followed by a short business session. Each member reported to roll call with a quotation on "Friendship." Mrs. William Polush gave a reading which was enjoyed by all. The hostess gave a recipe for sardine sandwiches.

Mrs. John J. Peters, a member of the club, who is leaving to make her home in Milwaukee, was presented with a souvenir from the club. Daily refreshments were served by the hostesses to 14 members.

The next meeting will be with Mrs. Phil Harrison on Fourth avenue east.

Progressives Have Novel Program.

Mrs. Emma Scott was hostess to the Woman's Progressive club on Wednesday afternoon. After the usual transaction of business the club featured a program on "The National Education Plan," was read by Mrs. Carl Jungst. During the next hour all enjoyed social games and contests. The members of team No. 1 then gave songs and recitations from their childhood days. A delicious lunch was served by the hostess and the club adjourned to meet with Mrs. Seckman on April 23.

Christian Women Pin Food Sale.

The Women's Council of the Christian church met Thursday afternoon

with Mrs. Lulu Stock. Plans were completed for the cooked food sale to be held Saturday, April 19. The program was in charge of Mrs. W. S. Parham, a paper on "Our Post of Yesterday" was read by Mrs. Ritchie, and one entitled "Our Poets of Today," by Mrs. Frank Krueger. Mrs. Margaret Anderson rendered an instrumental solo. Refreshments were served by division No. 4 to about 40 ladies.

Community Club to Give Easter Party. Mrs. Hunt was hostess to the Community club on Wednesday afternoon. Ten members were present, each responding to roll call with something pertaining to Idaho.

During the business meeting it was decided to give an Easter party at the home of Mrs. Hunt on the evening of April 19.

One new member was taken into the club. Mrs. Knutson and Mrs. Fish were guests. During the social hour the hostess served refreshments.

Episcopal Guild Meets.

The Episcopal Guild met with Mrs. J. H. Emerson on Thursday afternoon. The meeting was opened with prayer, led by the president, Mrs. Thomas Robertson, and the business meeting was devoted to a discussion of various problems of the organization. The articles prepared for the Alaska mission box were displayed and were attractive as well as practical. There was a short social hour at the close of the business.

On Saturday afternoon the girls of the EP class in the Sunday school will give a party in the Parish hall, the admission to which is free. This will be followed by a silver tea. It is hoped there will be a large attendance as the girls have made great preparations for the affair, and the money raised is to swell their Easter offering.

A. A. Social Club Meets.

The Addison Avenue Social club met with Mrs. Rude Wednesday afternoon, April 9. Roll call was answered with humorous stories and recitations. Vocal and instrumental selections were given by Evelyn Rude, Mrs. Bruggeman, Mrs. Orle Williams and Mrs. Smith. An interesting lesson on grammar was given by Mrs. M. Himmans as instructor, was enjoyed. Mrs. Davies and Mrs. Pierce were guests of the club. Late in the afternoon the hostess served refreshments. Mrs. Givan Smith will entertain the club on April 23.

EASTERN REPRESENTATIVES:
George B. David Co., Inc., 21 Madison
Square, New York; A. L. Keator, 1111
Harrison Building, Chicago.

DO IT NOW.

In view of the seriousness of the
situation with respect to the possible
spread of the foot and mouth disease
into Idaho, there is just one thing to
be done.

The State of Idaho should declare an
embargo against goods of every kind
and description, including livestock
shipped here from the State of Cali-
fornia.

The gravity of the menace warrants
the action, and the step should be
taken, not tomorrow or a week from
tomorrow, but today.

It is difficult for the average per-
son to realize what it would mean to
this State of the disease should ac-
tually gain an entrance among Idaho
herds and flocks. For one thing it
would mean the cutting off of an in-
come of thirty-million dollars for
lamb and wool during the current
year alone. It might mean the abso-
lute bankruptcy of every stockman in
the State. And if this should happen
to the extent of even fifty per cent
literally thousands would be carried
down in the wreckage.

It is up to Governor Moore to take
quick action.

What would the State of California
do, supposing the positions were re-
versed?

ACTION IN CONGRESS

"It seems to me," remarked a
democratic senator the other day,
"that it is the duty of the democ-
rats to join with the republicans to
bring back the senate to its legisla-
tive functions." He expressed a hope
that the senate would start working
constructively on a legislative pro-
gram.

Needless to say, the public enter-
tains the same hope, and applies the
principle to both parties and both
houses of congress. There is pretty
general agreement, at the capital and
throughout the country, as to the
principal things that congress ought
to do before adjournment. Delay in
enacting a tax reduction law, an im-
migration law and certain other laws
is due more to struggling for partisan
advantage or efforts to pay off old
grudges than to honest differences of
opinion. Continued bickering may
prove as fruitless to the strugglers as
it is disappointing to the public.

Pyramids of Egypt.

The Pyramids of Egypt, some 75 in
number, date from the period between
the fourth and twelfth dynasties and
were built as tombs for the kings. The
most important group is at Giza,
which includes the great Pyramid,
the tomb of Cheops. Its perpendicular
height is 451 feet and its base length
is 750 feet. The pyramids are built of
stone, the material for the structure
taken from the hills on the opposite
bank of the Nile.

Brimstone's the Thing.
Sin takes a man to perdition. A
dead tree makes better firewood than
a live one.

OIL EMULSION SPRAY

COLD MIX

For Scabs, Leaf Rollers, Green Aphids, Blister Mite, etc.
The Oregon Agricultural Station Bulletin 201 of January, 1924, says
the above "is preferable to the boiled emulsion, furthermore the cold
emulsion does not break down in hard water."
The cold mix emulsion referred to above is being used very suc-
cessfully in the Yakima and Wenatchee districts of Washington.

For use on apple trees, ornamental and shade trees

FISHING

By DADDY

Jack and Janet have a fishing
trip with King Fisher. They are
because Giant Muskellunge has
nearly the small fish into deep
hiding places, where King Fisher
cannot dive, but into which the
hook of the children are able to
sink.

CHAPTER V.

They Catch a Giant.

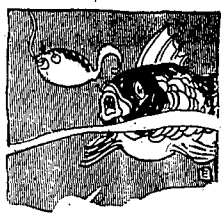

JACK and Janet were anxious to see
the fish giant. But while Giant
Muskellunge was visible to King
Fisher, who was seated on a lily
petal overlooking the lake, the children
could not see him from the bank.
"There he goes," rattled King Fisher
from above. "Rattle-rattle-rattle."
He is a big chap, (let into the boat
which you can see him).
The boat of which King Fisher spoke
was drawn up part way on the shore.
It was in shallow water and its
short rowing over deep water, Jack
and Janet had been warned not to
get into a boat. But now they were
eager to see King Muskellunge
they forgot the warning. They jumped
into the boat and crept out to the
shore. They looked over the side.

For a long time they saw nothing,
but Giant Muskellunge was at the fur-
ther end of the water-path he was
traveling. Presently, however, King
Fisher above them gave a low rattle.
"He is coming!" said King Fisher.
"Look closely and you will see him."
The children did look closely, and
presently they saw Giant Muskellunge.
Jack shuddered. Never had she seen
such a monster fish nor such a fierce
looking one.

"What awful teeth!" she whispered
to Jack. "Let us get away from here."
Giant Muskellunge caught us!"
But Jack's eyes were gleaming. He
was a true fisherman. The sight of a
big fish made him anxious to look him
up. "We will not let him catch us,"
he whispered to Janet. "We will catch
Giant Muskellunge. Polka will be
surprised when we bring him home."

Jack baited his hook with worms
and cast it into the water.
"Look out!" warned King Fisher
above. "It isn't safe to fish for Giant
Muskellunge. My cousin, Freddie
King Fisher, did it once. He almost
lost his life. I guess Giant
Muskellunge grabbed him instead."

"Come away," urged Janet, but Jack
would not listen. He was too eager.

He opened his awful jaws.

shook his head. He threw his baited
line into the lake, and watched eagerly
as it settled below the bottom.

Giant Muskellunge turned and swam
slowly back. He passed by the hook
paving no attention to it. Indeed, he
seemed to turn up his nose at the
straggling worm.

"Rattle-rattle! I have heard said
you can't catch Giant Muskellunge
with worms," rattled King Fisher.

Jack was disappointed. He did not
draw in his line. He let the hook
sink deeper and deeper. And presently
the squirming worms dangled before
the hiding place of Daddy Perch at the
bottom of the lake. Daddy Perch was
very hungry. The worms on the hook
looked good to him. He advanced about
to see if Giant Muskellunge was near.

Then Daddy Perch made a rush for the
worms. He took them down in one
gulp. And he took the hook down, too.
Jack felt the jerk on the line and he
pulled the hook up. With it came
Daddy Perch surprised and fighting.

And as Daddy Perch neared the sur-
face of the water something astonish-
ing happened. Giant Muskellunge
pushed up with a ravenous swirl. He
snatched his awful jaws. He gulped
down Daddy Perch. As he did so Jack's
hook caught in Giant Muskellunge's
jaw.

Jack had hooked Giant Muskellunge
but not as he had expected. Jack gave
a yell of joy, which was answered by a
scream of alarm from Janet.

(And Janet had cause to scream
as will be told in the next chap-
ter.)

EXCELSIOR

EXCELSIOR—Mrs. J. E. Minion, Mr.
and Mrs. Peter Mai and family, Mr.
H. C. Leth, Mr. and Mrs. John Van
Hook, Peter Newman and family and
Mr. and Mrs. J. E. Lowery from the
Excelsior community were in Twin
Falls Saturday.

The Excelsior school boys played a
game of baseball with the Pleasant
Valley boys Friday. The score was
5 to 5 in favor of Excelsior. It is
expected that the next game will be
a better one as the Pleasant Valley
boys did not have all their players
present and had not been practicing
much.

Grace Donmore, who has been ill with
the mumps and has been at her home
in Twin Falls for some time, returned
to Idaho Monday. She is staying at
Mark Poulter's for the remainder of
the school year.

Miss Fay Donmore, Mr. and Mrs. C.
E. Minion and family, Mr. and Mrs.
Walter H. White, Arthur Leth and
Miss Gladys Stricker, visited at the
home of J. E. Minion Sunday.

The following people spent Sunday
evening at the home of Mrs. Peter
Mai, Mr. and Mrs. J. E. Lowery and daughter,
Mr. and Mrs. Warren Lowery and
daughter, Mr. and Mrs. W. S. Lowery,
Mr. and Mrs. William Haynes, Mr. and
Mrs. Sam Little, Arthur Leth and
Miss Grace Donmore.

Mr. and Mrs. C. E. Sweet and fam-
ily of Twin Falls spent Sunday at the
home of her parents, Mr. and Mrs.
Peter Mai near Hansen.

Mr. and Mrs. George Craig and niece
visited at the H. C. Leth home Sun-
day.

Mr. and Mrs. Walter Hesse are ex-
pected to move to their place to live
this summer.

Mrs. H. C. Leth will entertain the
Rock Creek Ladies' club Friday, April
11. All members are invited and a
large attendance is desired.

G. A. Shawman spent Sunday after-
noon with Mr. and Mrs. Peter Mai.
Mr. and Mrs. L. J. Hughes and fam-
ily came over from Wendell Saturday
and took their daughter, Miss Lauretta
Hughes, to Twin Falls.

Mildred Egan entertained her friends
on Sunday afternoon with a birthday
party. Those present were: Margaret
Newman, Florence Hook, Kate and
Lauretta Haynes, Edith Leth, Freda Kast
and Anna and Elythe Egan.

Misses Little Hall and Bertha New-
man spent the week-end with the home
folks.

Mrs. C. C. Shatto and Mrs. Ida
Chase went to Twin Falls Saturday.

In the Days of Poor Richard

(Continued)

"Have you asked her to marry you?"
I inquired.

"No. 'Tisn't likely she'd have me,"
he answered. "She's had troubles
enough. I wouldn't ask no woman to
marry me till the war is fit out. I'm
able to get all shot up any day. I
did think I'd ask her but I didn't. Got
kind of skeered 'n' skittish when we
got down together, an' come to think
it all over, 'wouldn't 'a' been right."

"You're wrong, Solomon," I an-

swered. "You ought to have a home
of your own and a wife to make you
fond of it. How is the Little Cricket?"
"Ginnat's little shaver that ever
lived," said he. "I got him a teeny wag-
gin an' drew him down to the big-
medder an' back. He had a string
hitched on to my waist an' he pulled
an' I pulled an' hollerer whoa an' git
up till he were about as hoarse as a
bull frog. When we got back he want-
ed to go all over me with a curry comb
an' I brail my mane."

"The old scout roared with laughter
as he thought of the child's play in
which he had had a part. He told
me of my own people and next to their
good health it pleased me to learn that
my father had given all his horses—
save two—to Washington. That is
what all our good men are doing. So
you will see how it is that we are able
to go on with this war against the
great British empire."

"That night the idea came to me that
I would seek an opportunity to return
to France in the hope of finding you
in Paris. I applied for a short fur-
ough to give me a chance to go home
and see the family. There I found a
singular and disconcerting situation.
My father's modest fortune is now a
part of the ruin of war. Soon after the
beginning of hostilities he had loaned
his money to men who had gone into
the business of furnishing supplies to

the army. He had loaned them dol-
lars worth a hundred cents. They are
paying their debts to him in dollars
worth less than five cents. Many
Washington among them, have suffered
in this manner. My father has lit-
tle left but his land, two horses, a
yoke of oxen and a pair of slaves. So
I am too poor to give you a home in
any degree worthy of you."

"Dear old Solomon has proposed to
marry me his heir, but now that he
has met the likely women I must not
depend upon him. So I have tried to
make you know the truth about my
well as I do. If your heart is equal
to the discouragement I have heaped
upon it I offer you this poor comfort.
When the war is over I can borrow
a thousand pounds to keep a roof over
my head and a few in the pot and
padding to the twiflers while I am
clearing the way to success. The pros-
pect is not inviting. I fear, but if, hap-
pily, it should appeal to you, I sug-
gest that you join your father in New
York at the first opportunity so that
we may begin our life together as soon
as the war ends. And now, whatever
comes, I would wish you to keep these
thoughts of me: I have loved you, but
there are things which I have valued
above my own happiness. If I cannot
have you I shall have always the mem-
ory of the hours we have spent to-
gether and of the great hope that was
mine."

Paranly Has Double Growth.
A paranly which extended its growth
through the neck of a bottle, is among
the garden freaks of the year. This
unusual growth is reported from Hyde,
Isle of Wight, and it was a healthy
specimen when displayed. It resembles
a double paranly in that from the sur-
face down the paranly grew to good
proportions, then pointed a course
through the neck of a broken bottle
and again grew to fair proportions on
the other side of the temporary ob-
struction.

Dangers.

Thirty-nine people in a year slip on
soap in the bathtub and are injured
enough to collect insurance damages.
This is the record for just one com-
pany, the Acton, which also pays dam-
ages to 505 injured in a year by trip-
ping over rugs and 350 who fell down
stairs. Sixteen golfers collected dam-
ages for being hit by golf balls and
nine others for falling into bunkers.
Five dancers had valid claims from col-
liding with other dancers.

Bell-Ringer Loses Job.

Notre Dame, the famous cathedral
of Paris, is doing away with its wom-
an bell-ringer, and substituting elec-
tricity. The cathedral's official bell-
ringers for generations have been
women of one family.

Breakfast Food "Matrimonially Speaking"

By MRS. HUGH MCKAY

My husband gets spring fever.
He's naturally lazy to begin with,
and I guess he just has no resistance
to it. Anyhow, I never saw anybody
come down with it quite so hard as
he does.

He's tired when he gets up in the
morning and he's tired at breakfast.
He's more tired when he comes home
for dinner and he's all worn out in
the evening.

It's all he can do to answer ques-
tions, and anything in the way of vol-
untary conversation is entirely beyond
his strength.

Hugh is just about as lively these
April days as a correspondence school
campus.

He doesn't want to go out anywher-
e and he doesn't want to have anybody
come to see us. All he does is sit
around and give an imitation of Calvin
Coolidge, being a little less talkative
than usual.

Tomorrow: "My wife comes
home and tells me about all the
new clothes her friends are buying."

What is useless to you may be val-
uable to others—advertise it in the
classified columns.

McMURTRY PAINTS & VARNISHES

Used Thruout the West Since 1889

That Spotless Bathroom

What a thrill of envy it gives if it's another's,
what pride when it's your own.

And you can have that kind of a bathroom
now—so easily. CHINACOTE ENAMEL
in pure White, Ivory or French Gray is wash-
able—impervious to steam or moisture—
immaculate and durable like porcelain and
just as easy to keep clean.

CHINACOTE ENAMEL FINISH is applied
the same as paint. Easy working, it can be
spread over more square feet of surface,
making it very economical.

If you have a bathroom, dining room or any
other part of the house that you would
like to see literally transformed, we
recommend CHINACOTE ENAMEL.

THE MARKETS

BUYING MOVEMENT PUTS GRAIN ON UPWARD TREND

Wheat and Corn Report Advances; Government Crop Report Has Influence; Investment Field Improved.

(CHICAGO, April 10 (AP)—Wheat and corn scored something of an advance in price today chiefly as a result of late buying in which one of the larger houses took a heavy interest. The buying movement was apparently due more to less to indications that selling had been overdone. Wheat closed firm, a shade to 5-8c not higher. May \$3.01 7-8c, 1.02; and July \$3.13 1-2 to 1.03 5-8c, with corn 1-1/2 to 1-3/4c; oats showing 1-8 to 7-8c gain, and provisions varying from unchanged figures to 5 to 7c decline.

At first the wheat market was considerably influenced by the government crop report, and was forced down about \$1.01. May delivery, however, within a fraction of the lowest level so far this season. Sellers contended that the government report if figured on the basis of the 1923 year yield would suggest production of 71,000,000 bushels more than the official estimate. On the decline in prices, however, late became current that weakening factors and perhaps have been well discounted, and that a chance for some investment purchasing was open.

Gossip that rehabilitation of German facilities would ultimately have a stimulating effect on commodity markets was given rather increased notice to day among wheat traders. During the late dealings, much attention also was fixed on Indiana and Illinois reports pointing to heavier losses in acreage than has heretofore appeared likely.

Reports of a better cash demand for corn at Omaha helped turn the corn market upward. There were predictions, too, that demand here would improve with the opening of the trade.

The oats market was stimulated by word of enlarged inquiry northwest. Provisions were without any decided support.

MARKET REACTIVE AGAIN

Unfavorable Trade News Is Basis for Renewal of Selling Pressure; Call Money Advances to 1-1/2.

Total stock sales 926,200 shares. Twenty industrials averaged 91.64, net loss, 1.26. High, 1924, 101.21; low, 91.64. Twenty railroads averaged 81.25, net loss, 3.40. High, 1924, 86.32; low, 81.25. Decline due to Lehigh Valley selling ex-rights in railroad averages.

Renewal of selling pressure, brought on unfavorable trade news, brought about another sharp reaction in today's stock market. Net decline of slightly more than 130,000 tons in the March-unfilled orders of the United States Steel corporation, a shrinkage of 28,226 in the earnings for the week ended March 26, as compared with the same week last year, and reports of further curtailment in the automobile industry.

Call money opened at 1-1/4 per cent and then advanced to 1-1/2 where it closed. The time money market was dull but fairly active, the ruling rate in each being 1-1/2 per cent. Foreign exchange trading was quiet with the principal rates holding fairly steady. London sterling moved slightly above \$4.33 and French francs were quoted just below six cents. A further stiffening was noted in the Canadian rate.

SUGAR. NEW YORK, April 10 (AP)—While no change occurred in the spot prices of raw sugar today from the basis of 6.40 for Cuban, duty paid, later shipment was 1-1/2 cent higher at 6.47.

Sales included 20,000 bags of Porto Rican output, refined and 31,750 bags of Cuban to a local operator, both at 6.40 and for prompt shipment at 21,000 bags of Cuban to an operator for late April and early May shipment at 6.47.

The steady feeding in the spot market led to covering and trade and commission house buying in raw sugar futures. Prices were picked up at the day and from 5 to 15 points above the previous close. May closed 4.77, July 4.93, September 4.88, December 4.74.

The firmer tone in spots failed to inspire much new business in refined, however, and prices were unchanged at 8.20 to 8.40 for fine granulated.

BOSTON WOOL MARKET. BOSTON, April 10 (AP)—The wool market is showing a fair tone although business is still slow for finished goods. Spinners are picking up lots of wool offered quite regularly, but the sales are small in amount. This trading seems to be going on somewhat quietly.

GOVERNMENT BONDS. NEW YORK, April 10 (AP)—Liberty bonds closed: First 4 1/4s 99.25, Second 4 1/4s 99.21, Third 4 1/4s 99.23, Fourth 4 1/4s 99.25, U. S. Government 4 1/4s 100.21.

STEEL ORDERS LIGHTER. NEW YORK, April 10 (AP)—Unfilled orders of the United States Steel corporation on March 31, made public today, totaled 4,787,807 tons, a decrease of 130,004 tons compared with the end of the previous month.

Put Trust in Signs. The Greeks and Romans of ancient times put implicit trust in signs and omens, and never undertook enterprise of any moment without consulting the oracle. Though sometimes the responses were clear and opposite in interpretation, their faith in the oracle never wavered—the fault, they considered, was always with the interpreter.

Did Mollere Wear Iron Mask?

M. Lophu, a former president of the Academie des Bordeaux, holds that the man in the iron mask was none other than Mollere, whose disappearance the Jesuits were supposed to have urged the king to compass after the great triumph of "Tartarus."

"Mollere," this learned man, "died February 17, 1673; the captivity of the man in the iron mask lasted 31 years, from February, 1673, to November, 1703."

The significant silence that prevailed once Mollere was regarded as dead and buried, the says this learned man, were spread abroad shortly afterward and, finally, the destruction of all Mollere's posthumous works and the strange disappearance of every single line of his writing point to a sinister object.

Cleveland Plain Dealer.

Novels in a Nutshell

Much has been written in criticism of English, French and Russian novels, but never have their essential natures been so crisply described as in these paragraphs of anonymous origin:

An English novel is a book in which two people want each other in the first chapter, but do not get each other until the last chapter.

A French novel is a book in which two people get each other right in the first chapter and from then on to the last chapter don't want each other any more.

A Russian novel is one in which two people neither want each other nor get each other, and round that fact 600 profoundly melancholy pages are written—Yout's Companion.

Experienced

A victim of chronic bronchitis called on a doctor to be examined. The doctor, after careful questioning, assured the patient that the ailment would respond readily to treatment. "I suppose you must have had a great deal of experience with this disease?" said the sufferer.

The doctor smiled wisely, and replied: "Why, my dear sir, I've had bronchitis myself for over fifteen years."—Christian Evangelist.

Hobo Loyal to His Dog

A homeless hobo who was apprehended the other day refused an offer of \$500 for his mongrel dog which accompanied him. The police sergeant said that the dog's loyalty was already proved, but he wanted to prove the hobo's. The hobo knew that he could easily lose the \$500, but the dog was worth more to him than that.

Is the Golden Age the Gland Age?

In a recent press dispatch, a London physician stated that the Golden Age of man bids fair to be the glandular age, and that glandular secretions in tablet form. He said further that the average man believes that his thoughts, actions and feelings are controlled by his mind. But it is possible to show that mind is itself under the dogmatic sway of the ductless glands, which generate in the system the chemical fluids on which depend health, happiness and morality.

Since the scientific discovery of Glandogen it is now a simple matter to take glandular treatment. Glandogen is a highly concentrated glandular extract prepared in convenient tablet form, combining the important elements of the vital glands of healthy young animals with other officinal ingredients. It is prepared in two forms, one for men and one for women. Glandogen is obtainable at Schramm-Johnson Drug Co.—adv.

OFFICIAL GOES ON RECORD FOR EMBARGO ROLE

State Veterinarian Indorses Stockmen's Request for State-Wide Ban on All Products from California

Indorsement has been given by Dr. Wendell R. Smith, Idaho state veterinarian, to request of Idaho Wool Growers' association and other organizations for a state-wide embargo against all California products to prevent the spread of foot and mouth disease. In a telegram received Thursday by Clyde Bacon of Twin Falls, president of the Idaho Wool Growers' association, Mr. Smith stated, "I am with you in the embargo request."

Dr. Smith's message followed a conference in Boise Wednesday at which the livestock men's request for the embargo was carried to Governor Caldwell and other state officials, who promised an investigation. This conference was called by Mr. Bacon, and was attended by representatives both of the wool growers and cattle and horse growers' associations.

The proposed embargo would prevent importation into Idaho of all California products including vegetables, fruits, and other foodstuffs. An existing embargo prohibits bringing California livestock and chickens into the state.

Affects All Interests.
"Many persons think that because the embargo does not cover livestock they need not be alarmed over the situation," Mr. Bacon said today. "There are overlooking the economic side of the subject which should be of all Idaho commercial activity. An absolute embargo should be placed upon every product of California sold, upon all shipments of any sort from that state, and upon tourist travel until this epidemic is completely stamped out."

R. Hansing Says He Paid Commission in Deal for Farm After Convinced of Fraud

Trial was begun Thursday in district court here in the case of Amel Hansing against J. W. Lauenheim, wherein Hansing seeks judgment for \$500, which sum, he alleges, was misappropriated in connection with a real estate deal in which Lauenheim was agent. The deal was made about two years ago for Amel Hansing, then a resident of Oklahoma, by his father, Richard Hansing. It involved exchange of Twin Falls residence property for farm land then owned by W. S. Starr, now a resident of Vancouver.

The \$500 in dispute represented the amount of a mortgage on the residence property. Richard Hansing testified that he delivered this amount to Lauenheim to pay off the mortgage. Lauenheim's testimony was to the effect that this money was delivered to Starr in accordance with an agreement in which Hansing was so party under which Starr was to make certain concessions.

Richard Hansing testified that he was convinced that Lauenheim had misappropriated the money before he paid Lauenheim's commission as agent.

PLAN PLAYGROUND BENEFIT

Kimberly Women and Grade School to Stage Tom Thumb Wedding for Playground Equipment Fund

There will be a Tom Thumb wedding at the Kimberly high school auditorium on the evening of Tuesday, April 15, at 8 o'clock. This is to be given under the auspices of the playground equipment committee of the Ladies' Pioneer club of Kimberly. The proceeds will be used for playground equipment for the grade school.

A special venire calling for three additional jurors was required to complete the panel in this case. Members of the jury are D. Patrick, J. P. Jewett, George D. Aiken, E. M. Strohbridge, Attorney Homer C. Mills and T. K. Haddock. The defendant Lauenheim is being represented by J. B. Rothwell and W. Orr Chapman.

IDAHO WOMAN PIONEER ANSWERS DEATH'S CALL

Mrs. Nellie Nare, Resident for 16 Years of Twin Falls, Dies at Home in Virginia City, California

Word of the death in Virginia City, California, March 26, of Mrs. Nellie Nare, a pioneer and for 16 years a resident of Twin Falls, was received here Thursday. Announcement of Mrs. Nare's death was made by the Virginia City Journal in the following obituary:

Mrs. Nellie Nare, whose home has been on Morangville and Elm, departed from this world on Wednesday, March 26, after six years of suffering. During the long time she has been sustained by an unflinching trust in her Maker and was ready to answer

the welcome call. Having been conscious until the last two days she made all arrangements for her funeral even to the selection of the hymns to be sung.

Mrs. Nare lived for 16 years in Twin Falls, Idaho, being one of the pioneer ladies of that city. She was loved by a host of friends there who know her intimately. Sixteen months ago she came to Long Beach and for the past eight months resided at Virginia City.

Besides her friends, Mrs. Nare leaves to mourn her departure one of the pioneer ladies of that city. She was loved by a host of friends there who know her intimately. Sixteen months ago she came to Long Beach and for the past eight months resided at Virginia City.

Funeral services were conducted in the Methodist chapel. Many friends were present. The Rev. Mr. Roisy of the M. E. church officiated. Interment was made at Artois.

The community extends its heartfelt sympathy to the bereaved family in their sorrow.

Wind Recalls Early Days in Twin Falls

Wind that induced memories of agebrush days, persisting throughout the day and dying down with nightfall, was an outstanding characteristic of weather conditions here Thursday. The sun was hidden under clouds most of the day. Mercury scored its top reach at 59 above, a decline of six degrees under the high mark of the preceding day, and was low at 41 above, a decline of one point, according to the government weather observer's station here.

REMOVAL NOTICE.

Dr. F. C. Beebe has moved his dental office from the Laugh building to rooms in the Gem building, Main avenue west, across the street from the Orpheum theater.—adv.

ANNOUNCEMENT

In order to better serve the food-buying public, we now announce the opening of an up-town cash store at 150 Main avenue, north, next to the Orpheum theater. While the new store will be operated in connection with our large warehouse grocery stock, there will be no change at all in the warehouse grocery or bean shipping business as conducted the past 10 years.

The up-town store will be under the management of Mr. Jack H. Nielson who has had a wide experience in operating modern up-to-date cash grocery stores. Free delivery in town will be a part of our new service.

Telephone number is 371 and until reissued, the number will, of course, not be shown in phone book.

We thank the public for their generous treatment of us in years gone by and respectfully solicit their consideration for the new store.
