## NATION'S CHIEF DENIES REPORT ON SHOALS PLAN

Telegram Sent by Correspondent Declaring Coolidge in Favor of Ford's Bid Held Untrue; President Replies

WASHINGTON, April 28 (AP)—A telegram quoting President Coolidge as saying "he was trying" to deliver Muscle Shoals to Henry Ford, was introduced at today's Muscle Shoals hearing of the senate and afterwards a flat denial that the president had made any such statement was issued at the White House.

The message was sent from Washington on October 12, 1923, by James Martin Miller, former Washington newspaper correspondent, and was addressed to William J. Cameron or Ernest Liebhaber, care Dearborn Independent, Dearborn, Mich. It follows:

"In private interview had with President Coolidge this morning he said incidentally: 'I am friendly to Mr. Ford but wish some one would convey to him that it is my hope that Mr. Ford will not do or say anything that will make it difficult for me to deliver Muscle Shoals to him, which I am trying to do.'"

President Coolidge's statement said: Denies Report.

"I have never said I was trying to deliver Muscle Shoals to Mr. Ford or to anyone else. I do not think his favor is for sale. My position on Muscle Shoals is fully stated in my message to congress delivered December 6, 1923. My message went out November 23, five days before Mr. Ford came to see me."

An executive of the Dearborn Independent, Ford's weekly newspaper, is quoted as stating in Detroit declaring Miller had "never been on any Ford payroll, and never was authorized to act as Mr. Ford's agent in any matter." Miller, it was said, had contributed articles to the Independent, but he had no other relations, "either with the paper or with Mr. Ford."

## SAYS HE WAS RIGHT.

NEW YORK, April 28 (AP)—James Martin Miller, whose telegram to the Dearborn Independent quoting President Coolidge as saying he would try to deliver Muscle Shoals to Henry Ford, was repudiated by the president today, asserted tonight his telegram was correct.

A man cannot afford to have a controversy with the President of the United States," Mr. Miller said, "but I want to say that I quoted the president correctly in my telegram. Perhaps, however, Mr. Coolidge has forgotten because in the thousands of duties that demand his attention it may be difficult for him to recall one of many conversations."

## Executive Speaks At Dedication of Temple of Science

President Coolidge Gives Principal Address at Event Marking Completion of \$1,500,000 Research Structure

WASHINGTON, April 28 (AP)—Described by President Coolidge as the "temple of science in America," the new home of the National Academy of Sciences and that of the national research council was dedicated today by the government and by science "to the betterment of the human race by achieving a clearer knowledge of the truth."

The dedicatory address was made by President Coolidge, who set the government's stamp of approval on the work of the two organizations and predicted the rising of a sun "destined to illuminate the scientific world by illuminating this hall."

The new building, erected at a cost of a million and a half dollars on a site overlooking the Potomac river and near the Lincoln memorial, will serve as a meeting place for the two organizations. The dedication today inaugurated the annual meeting of the academy of sciences and A. A. Michelson, president of the academy, presided at the ceremony.

Public interest in the new building will be centered in a series of exhibits, not like those in museums, but arranged so that the visitor himself may perform the experiment or verify the discovery they present.

Any visitor entering the building unconvicted that the earth turns around

## Reduction of Rate on Idaho Grain to Portland Is Asked

Governor Moore Confers with Vice-President of Union Pacific on Freight Charges

PORTLAND, Ore., April 28 (AP)—Reduction of the rate on wheat from Idaho to Portland was asked today of Harry M. Adams, vice-president of the Union Pacific system, who conferred here with an Idaho delegation consisting of Governor C. C. Moore, of that state, and C. T. Young, secretary of the Potomac chamber of commerce. It was contended by the petitioners that Idaho was at a disadvantage because of the fact that rates from Montana to the coast are slightly lower than those from the neighboring state. For the railroad side the question was raised as to whether the Idaho farmer would benefit from a further reduction in view of the fact that most of his wheat is of milling grade and goes east. No conclusion was reached and the Idaho delegates left tonight for home.

## FAINT HOPE FOR ENTOMBED MEN

Bodies of Only Few of 114 Miners Buried After Explosion Have Been Recovered

WHEELING, W. Va., April 28 (AP)—Fourteen bodies had been taken to night from the Heavwood mine of the Wheeling Steel corporation where 114 miners were entombed today by an explosion. Eleven of the bodies were found by rescue workers in the Browns run air shaft while the other three were located in the main passageway.

One of the dead miners was identified as George Holliday, Jr., son of the superintendent of the mine. Superintendent Holliday declared that a check disclosed 114 miners were in the mine when the explosion occurred. One hundred remain unaccounted for and hope that any day he found alive has been practically abandoned.

L. M. Scott, president of the Wheeling Steel corporation, was declared that the mine was an old working, no evidence of a gas had been found until two months ago. A small explosion occurred then, he said, but an air shaft was sunk immediately and work had progressed without difficulty for 60 days. Mr. Scott was unable to assign any cause for the explosion.

The progress of rescue crews was made difficult by poisonous gases that filled the workings. Two miners were alive when found but died a few minutes later.

## Faint Hope.

Only a faint hope was held out by officials of the mine rescue or Holmes for the other men in the mine at the time of the explosion. If any of them escaped being killed outright and had time to barricade themselves in rooms filled with fresh air some of the trapped miners may be found alive, they declared. Upon that possibility rescue crew in short shifts worked frantically throughout the day and night.

The only victim whose body has been identified was that of J. T. Payne, the fire boss. His bulletin board at the mouth of the mine indicated he had in the morning and pronounced it safe before the daylight shift went to work. The explosion occurred a short time after the day shift entered the mine. A morgue has been established at the mouth of the mine at Heavwood to care for the bodies when they are brought out.

Physicians and nurses stand ready to render assistance to any who are alive.

## COOLIDGE WINS DELEGATES

PHOENIX, Ariz., April 28 (AP)—Arizona's delegation of nine to the republican national convention was instructed to use their utmost efforts to secure the nomination of Calvin Coolidge by the republican state convention here today.

Former Governor Thomas E. Campbell was elected national committee man and Mrs. Freda Marks of Phoenix was named associate member of the republican national committee from Arizona.

## SEEKS USE OF DITCH

Motion for modification of a restraining order to permit use of an irrigation service ditch, in controversy in the suit of Peter Erickson and others against E. H. Snyder, was filed Monday in district court here by counsel for Snyder, who seeks to divert water through this channel to irrigate 13 acres of wheat owned by his property. The ditch in question runs through lands of the plaintiffs Erickson and others.

## AWAIT OPINION OF PRESIDENT ON FARM BILL

Republican Leaders Seek Views of Coolidge Before Acting on McNary-Haugen Measure; Committee Has Approved

WASHINGTON, April 28 (AP)—Republican leaders in the house are of the opinion that it would be unwise to put the McNary-Haugen agricultural export bill to a vote until the views of President Coolidge on the measure are known.

If the favor enactment of the bill, it will be given right of way. If he does not, the republican organization will make no determined effort to press the proposal to a vote.

Several weeks ago while discussing the legislative situation with a group of house leaders, the president was inquired that congress should extend relief to the farmer before adjournment, but made no specific recommendations as to the form of the legislation. Since then no inkling has been given at the White House, various leaders said today, as to the president's desires. Reports reaching the capital that there is a division of opinion among cabinet members as to the wisdom of enacting the McNary-Haugen bill has served to increase demand for some expression from Mr. Coolidge as to his views. He has embarked on a series of conferences to obtain the opinion of experts, and hope was expressed that his position on the measure might be made known in a few days.

Materially modified, the measure, which would set up a government corporation to sell surplus farm products abroad, was approved last week by the house agricultural committee.

Three officials of the American Farm Bureau Federation, executive committee, all of them supporters of the McNary-Haugen bill, had a brief conference today with President Coolidge.

## MILNER DISTRICT LOSES FIRST ROUND IN COURT

Judge Babcock Overrules Defendant's Demurrers and Motions to Strike in Suit Brought by C. M. and M. B. Boloy

Demurrers and motions to strike submitted by the Milner Low Lift irrigation district in the suit instituted against it last February by C. M. Boloy and M. B. Boloy, landowners within the district, were denied and overruled in orders issued Monday by Judge W. A. Babcock in district court here.

In this action the plaintiffs Boloy seek nullification of an agreement for purchase by the Milner district from the Milner Canal company of an option on 15,000 acre feet of storage water in Jackson lake reservoir, involving a consideration of \$225,000, together with judgment for \$1034 "and all other amounts" paid by the district direct on account of the agreement to D. R. Moorman as trustee, and also for balance of \$112,100 worth of the district's bonds delivered under the agreement as a part of the purchase price of the option.

Irregularities in the making of the agreement are alleged.

## GOVERNOR GOES TO JAIL

INDIANAPOLIS, April 28 (AP)—Governor Warren T. McCray, found guilty by a jury in federal court today of using the mails in furtherance of a scheme to defraud, was placed in the Marion county jail here tonight at 9:30. He had been held in the United States marshal's office while his attorneys were in conference.

## HANLON CAPTURED.

COLORADO SPRINGS, April 28 (AP)—A telephoned plan to an acquaintance in Denver to send him money, led today to the arrest of "Slippery" Dell Hanlon of St. Paul and Denver, convicted highway robber and leader of the 14 prisoners who escaped from the Denver county jail early Thursday night, Colorado Springs police officials say.

## LITTLE INTEREST IN ELECTION

COLUMBUS, O., April 28 (AP)—With apparently little interest being shown publicly in the outcome, voters of the state tomorrow will indicate their choice for president of the United States, elect delegates and alternates to the republican and democratic national conventions and decide what of their own power is presented to them in the state's presidential preference primary.

## Means Takes Further Precaution to Protect Idaho From Scourge

State Commissioner of Agriculture Orders Dr. Smith to Inspect All Fumigation Stations at Border Points to Prevent Infections in Gem State Herds; Owners Get Indemnities

## FATAL SHOOTING OCCURS AT UNION MEETING

CHICAGO, April 28 (AP)—One man was shot and killed, another probably fatally wounded and two others injured at a meeting of Electrical Workers Union No. 124 here tonight.

Police men investigated said they were informed that two men attending the meeting started shooting at each other and that it was during the interchange of shots that the four men were hit. Samuel Bills was the man killed.

## REBELS ENTER CAPITAL CITY

Revolting Forces Fight Their Way into Tegucigalpa as Peace Plans Get Started

WASHINGTON, April 28 (AP)—Honduran revolutionists fought their way into Tegucigalpa, the capital, today, just as the state department had been advised that the last of the Central American republics had accepted the invitation to participate in five-power mediation conference at Manila for restoration of order and constitutional government.

There was nothing tonight at the department to indicate whether occupation of the capital by the combined revolutionary forces which have held it under siege for more than a month would materially change the conference situation. It appeared possible that the development might ensue a cessation of hostilities.

Officials here expect no new danger to American lives or interests.

## WILL WORK ON NEVADA ROADS

Contact Chamber of Commerce Instrumental in Arrangements Made for Considerable Work

CONTACT, April 28 (Special to The News)—At a meeting held here attended by Z. E. Wheeler, road supervisor of Elko county, W. A. Southard and E. J. Walters of Contact were named as a committee of the Contact Chamber of Commerce and definite arrangements were made for the improvement of the road north to Wells.

Funds for taking care of a number of bad stretches as well as the general maintenance of the road will be available shortly and within a short time work will commence.

The Contact Chamber is giving a major share of attention to the matter of highways and it is hoped that arrangements may be made for the cooperation of the Twin Falls highway district with a view to providing an unbroken stretch of first-class road from the Idaho-Nevada state line clear to Wells.

## FLIERS READY TO LEAVE

DUTCH HARBOR, Unalaska, April 28 (AP)—With Major Frederick L. Martin, commanding a United States military aerial squadron enlisting the earth, ready to leave Chignik, Alaska, for this port during the first favorable weather, three other American aviators awaiting the arrival of their commander here, declared tonight their air cruisers were ready and in excellent condition for the continuance of the world flight to the island of Atka, 350 miles southwest.

## ONION DEALER ASKS NEW TRIAL

On grounds of alleged insufficiency of the evidence to justify the verdict returned by the jury in favor of L. L. Walker, Twin Falls district farmer, and against the Idaho Lettuce company in a suit involving marketing of Walker's onion crop, the company filed motion for a new trial in district court here Monday.

## IDAHO WEATHER

Tuesday: Fair and cooler.

## JURY CONVICTS GOVERNOR FOR FRAUD SCHEME

Chief Executive of Indiana Is Found Guilty of Using Mails to Promote Shady Deal; May Not Appeal Verdict

INDIANAPOLIS, April 28 (AP)—Governor Warren T. McCray was found guilty of using the mails in furtherance of a scheme to defraud by a jury in federal court here at 6:30 p. m. Judge Albert B. Anderson ordered McCray sent to the Marion county jail. He will pass sentence Wednesday morning at 9 o'clock.

When M. A. Ryan, one of the governor's attorneys, was asked regarding an appeal he said:

"We don't know. We aren't sure. But my guess would be no." The trial moved rapidly, cross-examination of McCray by United States District Attorney Homer Elliott was completed at 3 o'clock and the defense called no other witnesses. The government used only one witness, J. J. Kiser, Indianapolis banker, in rebuttal, after which the closing arguments started.

The penalty provided by statute may be a fine of not to exceed \$10,000 or imprisonment for not more than five years, or both, within the discretion of the court.

Governor McCray's trial started in United States district court before Judge Albert B. Anderson Monday, April 21. The jury was obtained within a few hours and after opening statements by both sides the taking of evidence was started in the afternoon of the first day.

## Many Witnesses

Approximately 150 witnesses, most of them bankers and McGrawphys and business associates, were called by the government. They identified a mass of correspondence with the government regarding notes, "cattle paper" and financial statements sent to the banks through the mails.

Attorneys for the governor based their case on lack of intent to defraud Governor McCray, testifying in his own behalf, admitted signing the names of others to notes, but contended his signature as indorsement established his responsibility and he believed himself able financially to meet all of his obligations. He disclaimed any intention of attempting to defraud bankers to whom he sold the notes.

An indictment against McCray charging violation of the national banking laws and conspiracy to violate the national banking laws is still pending in the federal court.

Besides the federal indictments, McCray was named in 15 true bills returned by the Marion county grand jury. The governor's trial on the first of these resulted recently in a disagreement of the jury.

## Young Gives His Views on German Finance Report

Authors of Latest Plan for Rehabilitation of Europe Return to America; Dawes and Robinson Decline to Talk

NEW YORK, April 28 (AP)—Charles G. Dawes of Chicago, Owen D. Young of New York and Henry M. Robinson of Los Angeles, authors of the reparations commission's latest plan for the rehabilitation of Europe, arrived on the Louisville train, conveyed that early adoption of their program was imperative.

Mr. Dawes and Mr. Robinson declined to discuss and subject which here however remotely on the reparations plan.

Mr. Young declared the plan probably would be a "very hard issue" in the impending German and French elections.

Young hesitated to say that the plan might fail of general adoption. "It is hard to know what might be the alternative to adoption," he said. He likened the situation to one that arose during the sale of a cow from his dairy to a butcher. The prospective purchaser—a farmer neighbor—wanted a cow, but he hesitated at the price. "She's most too dear to take and most too dear to leave," was the way he expressed the dilemma. That said, Mr. Young, illustrates Germany's position with regard to the plan.

Mr. Young understood that the committee had been criticized for not

## THOUSANDS PAY RESPECTS TO TAMMANY CHIEF

Persons from Every Social Station Found in 100,000 Who Attend Final Services for Charles F. Murphy

NEW YORK, April 28 (AP)—One hundred thousand persons, high and low, rich and poor, today paid their final tribute of respect to Charles F. Murphy, for two decades chief of the Tammany hall. Not in many years has the metropolis witnessed a funeral of such magnitude.

The impressive silence of the immense throng was the dominant note. Early in the morning such a crowd had gathered in front of his modest, old-fashioned home in East Seventeenth street that a hundred policemen were necessary.

For hours there was a steady stream of men, women, and children—the majority from the lower east side—into the parlor where the body lay. Ladies with lunch boxes under their arms, shop girls, silk-hatted dignitaries and women in costly gowns knelt for a moment of silent prayer before the coffin.

Streets Lined. When the body was taken to stately St. Patrick's cathedral on Fifth avenue, the cortege passed through streets packed with people, with heads bared. Here and there the silence was broken by the sobbing of a woman.

More than 8000 persons crowded into the cathedral where Bishop John J. Dunn conducted impressive solemn high mass of requiem. Outside the edifice 5000 persons bowed their heads while the ceremonies were in progress.

When the services were concluded and the cortege started for Calvary cemetery in Queens where interment was made, fully 50,000 hushed persons were packed along Fifth avenue. A thousand bluecoats lined the route to the cemetery.

The widow, who for two days had been in bed, prostrated, bore the ordeal bravely. Several times her feet faltered, but relatives assisted her.

Governor Alfred E. Smith, an old time friend of the leader, headed the honorary pallbearers. The governor plainly showed his grief. He was flanked by Mayor John F. Hyman. Other honorary pallbearers included United States Senator Royal S. Copeland, Norman E. Mack, democratic national committee man, George E. Brennan, democratic leader of Illinois; James W. Gerard, former ambassador to Germany; Bernard M. Baruch; William H. Kelley, democratic leader of Syracuse; Samuel S. Koenig, republican county chairman; Herbert Bayard Swope of the New York World, and those political associates of Mr. Murphy.

## Twins Were Sweethearts, Unawares

JAMES & JOSEPHINE BUCKLEY ARE ONE YEAR OLD & 10 MONTHS OLD

WHEN THEY WERE four years old Josephine and James Buckley were discovered by their father after their mother died. However, they were adopted by families living only a few blocks apart. For years they attended the same school and dances. They even fell in love with each other before they discovered, a few days ago, that they were twin brother and sister.

## OFFICIALS SEEK TO CURB PLAGUE

Arizona Delegation Studies Situation in California; 68,744 Animals Destroyed

SACRAMENTO, April 28 (AP)—A delegation sent by Governor Hnat of Arizona to investigate the foot and mouth disease situation, arrived here today for a conference with federal and state authorities before starting on a survey of infected sections in the state.

The committee, which has for its chairman R. J. McKinney, president of the Arizona livestock sanitary board, is expected to make a complete investigation of the eradication work and quarantine regulations in force and to report on the advisability of modifying Arizona's embargo against California fruits and vegetables.

State officials promised to investigate a report from A. A. Johns, president of the Arizona Wool Growers' association, that a circus had passed through the quarantine zone around Los Angeles several weeks ago and was now traveling in Arizona.

Word were received today that the

## HAZELTON

HAZELTON—Dave Robinette returned home Thursday from Kimima with his son, Fred Robinette, who is a victim of the spotted fever.

Mrs. E. W. Rieman is a patient in the Twin Falls county hospital recovering from an appendicitis operation. She is getting along nicely and will soon be able to come home.

Mrs. George Lattimer, who is a patient in the Twin Falls county general hospital, is reported to be doing nicely. Little Dorothy Windle, daughter of Mr. and Mrs. Gabe Windle, is just recovering from pneumonia after a siege of the measles.

Bertha Wardell left Friday for Burley to spend a few weeks with her sister, Mrs. Van Bremer, of that city. Mrs. Marie Lockridge is in charge of the telephone exchange during Mrs. Wardell's absence.

James Bowden, who has been quite sick at Boise, is now much better and he and Mrs. Bowden have gone for a brief visit with relatives in Utah.

United States department of agriculture was revising its import regulations to prevent possible future introduction of the madly into the country.

## SENATORS TAKE ACTION ON BILL TO REPEAL TAX

Corporation Levy Modified and Telegraph and Telephone Messages Put on Free List; Contests Planned Later

WASHINGTON, April 28 (AP)—Modification of the corporation tax and repeal of the tax on telegraph and telephone messages was voted today by the senate in advancing consideration of the revenue bill. Notice was given, however, that contests would be made later on both of these levies.

The corporation tax was increased from 12 1/2 to 14 per cent with the understanding that capital stock tax would be eliminated. This latter amendment is yet to be acted upon.

Senator Simmons of North Carolina, ranking democrat on the finance committee, announced that minority members were drafting a substitute amendment proposing to replace the present corporation tax with one carrying a graduated scale.

Pending the writing of this amend-

ment, Senator Simmons said he would ask for preparation of consideration of the income tax rate section over which the main contest on the bill will center. The rates were reduced today but were passed over at the request of the North Carolina senator.

In voting for the repeal of the tax on telegraph and telephone messages the senate rejected the recommendation of the finance committee. Repeal of this tax had been suggested by Secretary Mellon and was voted by the house. Chairman Snoot of the finance committee announced he would ask for a record vote on it later.

Senator Snoot explained the tax involved revenue amounting to \$34,000,000 annually and it had been restored to the bill by committee it was found necessary to raise more revenue than would be forthcoming under the measure as framed by the house.

## FIRES ARE UNDER CONTROL

PORTLAND, Ore., April 28 (AP)—More favorable weather conditions have enabled fire fighters to bring under control or extinguish all the blazes which have recently taxed state and federal resources, although one new fire has broken out in Washington, according to reports to state and federal forest officials.

Efforts now are being concentrated against the new fire in Pacific county and against the blaze which yesterday burned over several farms in Clarke county, Washington. The latter blaze has been threatening green timber.

Probably is. Everybody is probably concealing a great deal more than he is telling you; and isn't it better so?

Waste of Time. Short as life is, we make it still shorter by the careless waste of time. —Victor Hugo.

## The Wonderful New Starch for Children's Clothes

THERE is nothing that gives such a soft, pliable finish as Linit—for starching your children's dainty clothes.

That is why all modern mothers use Linit, the remarkable new starch discovery. Linit makes even ordinary cotton fabrics look and feel like linen.

Because Linit remains THIN and FREE-RUNNING like water, it penetrates every thread of the fabric, and helps strengthen it, thus preventing wear and increasing the life of the material.

## New Starch Discovery

USE Linit according to directions, and, unlike other starches, you will not find Linit-stiff or jelly-like.

This is also why Linit goes much farther than old-fashioned starches—and why it is easier to iron with Linit.

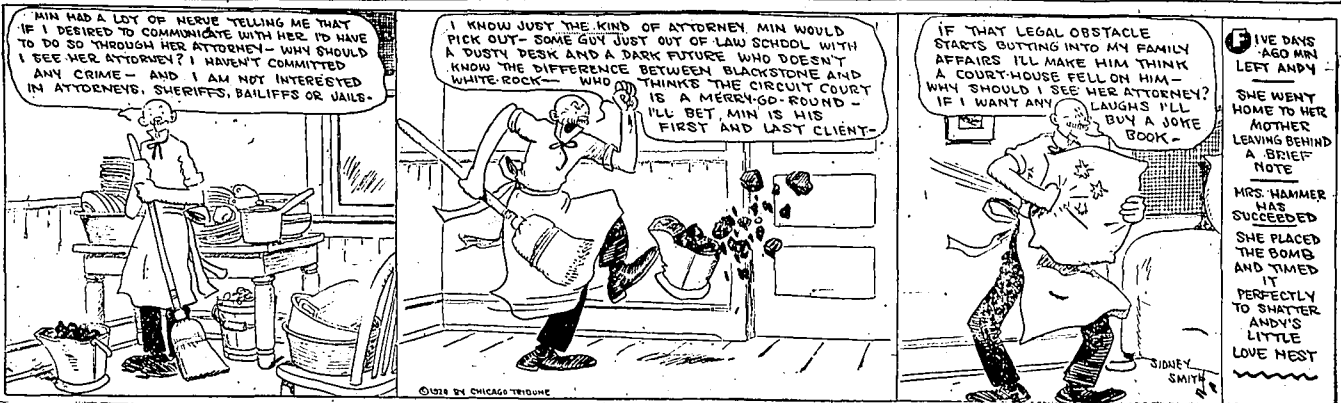

GO to your grocer, ask for a 10c package of Linit and begin to use it for all fabrics. Linit is the economy starch—it goes further and saves your clothes.

## THE GUMPS—WITHOUT THE LAW

## COOLIDGE BUSY WITH ASIATIC EXCLUSION LAW

President Continues Efforts to Smooth Out Difficulties as to Immigration; Confers with Many Officials.

WASHINGTON, April 28 (AP)—President Coolidge is continuing his conferences with members of congress in an effort to find some way to smooth out the international difficulties presented by the Asiatic exclusion provisions of the immigration bill.

One of the plans under consideration by the president is understood to be a proposal to postpone the effective date of the Japanese exclusion provisions with the intent of working out in diplomatic exchange some arrangement which would satisfy the majority sentiment in congress and at the same time be acceptable to Japan. Indications today, however, were that a postponement proposal would have hard shodding at least in the conference committee which is adjusting the differences between the two houses of congress. What other plans are under consideration has not been disclosed, but it is known that alternatives are being examined.

Immigration conferences today at the White House brought Chairman Johnson of the house, Chairman Lodge of the senate foreign relations committee, Secretary Hughes and Senator Reed, republican, Pennsylvania, head of the senate conferees, to the executive offices. Later, after Senator Reed had conferred with party leaders in the senate, he returned to the White House for further consultations.

Both at the White House and the capitol, details of the president's position were held in the strictest confidence. Members of the conference committee were bound to secrecy before a meeting they held today adjourned after a session which lasted scarcely an hour. It was stated, however, that the Japanese question was not taken up at this meeting, and that with the exception of those who went to the White House, the conferees were not informed of the president's attitude.

## Balm of Gilead.

Balm of Gilead is a yellowish, aromatic gum, collected from certain Arabian and Abyssinian trees. It has always been valued for its exceptional fragrance and supposed medicinal qualities.

## The Day in Washington

The senate approved a number of amendments to the tax bill.

A conference on plant quarantine and embargoes began at the department of agriculture.

The state department was informed that revolutionists had captured Tegucigalpa, capital of Honduras.

Commissioner Haynes of the shipping board testified before the house committee investigating the shipping board.

President Coolidge was principal speaker at the dedication of the new building of the National Academy of Sciences.

President Coolidge, after being quoted as saying he was trying to deliver Masela Shouls to Henry Ford, issued a categorical denial.

A number of conferences were held on the Japanese exclusion provisions of the immigration bill without any announcement of results.

Senator Magnus Johnson, farmer-labor, Minnesota, introduced a resolution asking whether meat packers had contributed to the 1920 republican campaign fund.

## JEROME

JEROME—James McAtee left the last of the week for Twin Falls, where he will spend a few weeks before leaving for Seattle, Washington, where he will join his mother in making his future home. Mr. McAtee has been in Jerome for many years and will be greatly missed by his many friends.

Mrs. Cornelius Thomason, Mrs. Jack Garrett and Mrs. Milo Sheldon were hostesses at a charming party at the home of Mrs. Garrett at Mountain View ranch on Friday afternoon, honoring Mrs. Spencer Lawshe. Fifteen guests were present and enjoyed the social afternoon. The hostesses served delicious refreshments.

A number of Jeronimites spent the week end at Magic Dam fishing. They reported the fishing fine and the dam lowering, so there were plenty of fish for everyone.

Mrs. F. L. Thomas, accompanied by her sister, spent the week end in Twin Falls.

Mr. and Mrs. Mert Weaver spent the

week end with friends in Jerome from their home in Shoshone.

Charles Badrow spent the week end in Jerome from his home in Pocatello.

Mr. and Mrs. O. M. Wylio have disposed of their household goods and will leave on Wednesday for Texas, where they will make their future home.

Mr. and Mrs. Raymond Perry of Twin Falls were Sunday callers on Mrs. Perry's parents, Mr. and Mrs. E. E. Shepherd, of Jerome.

Mr. and Mrs. George H. Ellis have as their house guest Mrs. Ellis' mother, Mrs. Ware of Chicago.

Mrs. Grover Newmann is a patient in the Wendell hospital recovering from spotted fever.

Mr. and Mrs. Guy Saunders have returned to Jerome from San Diego, California, where they have spent the winter.

The Catholic Woman's League met on Thursday with Mrs. C. E. Zeller. A delightful program was enjoyed. A question box was the main feature.

Mr. and Mrs. James Lewis and family and Mr. and Mrs. Bill Thorpe and baby daughter have moved to Twin Falls, where they will make their home.

E. E. Shawver is recovering from an illness by which he has been confined to his bed for the last three weeks.

Mr. and Mrs. Earl Bevercomb and Mr. Bevercomb's mother, of Ellet, spent Sunday at the home of Mrs. Bevercomb's sister, Mrs. Harold McKane, and family, of east of Jerome.

Mr. and Mrs. Lew Rawlings and family were Sunday callers on Mrs. Rawlings' parents in Murtlaugh.

Mr. and Mrs. George Wallace of Twin Falls were Sunday callers in Jerome and looked after farming interests at Canyonville.

Dr. Milo Sheldon spent the week end with relatives in Ellet and Twin Falls.

Mr. and Mrs. Arthur Eldred were house guests for the week end at the home of Mr. and Mrs. Walter Banning

from their home at Twin Falls. William Johnson has returned from Seattle, where he has been visiting his daughter, Miss Helen.

Mrs. H. C. Rader has moved from Jerome to the W. E. McMaster ranch northeast of Jerome, where she has employment for the summer.

Mrs. George Langer and family of Sugar Land spent Saturday shopping in Twin Falls.

Miss Denny Fox Banning is spending the week with relatives in Shoshone.

## You Would Listen

IF A MAN buttonholed your coat and told you to listen, you would listen—though he talked only of trivial things.

Advertisements use more courteous means to engage you. They know you are busy and await their turn—though what they have to say is important.

The full-page advertisement, the tiniest advertisement—each has its definite method. News of varieties, prices, economies; of wares you can select wisely and purchase with utmost confidence. News packed into as few words as possible so as not to rob you of time.

They offer only the best. Inferior goods couldn't stand up under such public inspection. They urge you to buy the best—to realize the savings made, the steps saved, the satisfaction gained through reading advertisements and buying advertised goods.

Give them audience—the large and the small. What they say profits you. That's why they say it.

Advertising is your wisest counselor.  
in the spending of money

## PILES

Treated by Skilled Specialists

DURING the many years that I have maintained a highly experienced medical clinic in Portland, Oregon, for the treatment of Piles and other rectal and colon disorders, literally thousands of sufferers have come or been sent to me from all parts of the West. This astounding growth in my practice has necessitated larger and better equipped offices in my own new building and an increased staff of skilled assistants. It has also brought me an experience which enables me to confidentially GUARANTEE to cure any case of Piles by my non-surgical method or refund the patient's fee.

There is no confinement and treatments may be taken at such times as are most convenient to the patient. My fee is extremely moderate. Write today for my FREE illustrated book which contains many things which every rectal sufferer should know.

## CUE EXPERTS TO APPEAR TWICE

Two Events Between Hoppe and Schaefer Scheduled Here; Ladies Invited to Attend

Two exhibition matches will be played here Tuesday by William F. Hoppe, world's champion billiardist, and Young Jake Schaefer, former champion, according to announcement Monday. The first match will be played at 3 o'clock in the afternoon and the second at 8:30 o'clock in the evening. Both events will be for 300 points and they will be staged in the Elks club rooms under the auspices of the Elks lodge. The exhibitions are open to the public and those in charge extend an invitation to women to attend the events.

Hoppe and Schaefer have appeared in Twin Falls before in exhibition matches, but not at the same time. Hoppe and Schaefer have been performing seasonally since started on tour last January. High runs, sensational billiards and wonderful billiard playing have marked their exhibitions. Every game is a match game and each takes as much pride in winning as though the championship was at stake. Each is a star and nothing is more painful to a heart than to defeat him. Both Hoppe and Schaefer are headliners.

Both at Their Best  
Billiard fans will see both players at their best. Hoppe just finished his final challenge match of the year by defeating decisively Edward Horne of Belgium in New York the second week in April. Hoppe asserted his superiority in the first match and when he crushed Horne by 500 to 16 in the second block of the 1500 point match he ended whatever chances the Belgian had of winning. Hoppe had a high run of 276 and another of 266 in the match.

Schaefer also has been performing wonders with the cue. He is credited with five runs of 300 or better since the tour started. He has made numerous runs of 100 or better. The greatest rival of Hoppe is Young Jake Schaefer. The son of the late Wizard, the sensation of the billiard world in 1921 and 1922, is considered to be as finished a product as the billiard game has produced. If he only had Hoppe's temperament he would be unbeatable. He has been remarked by the experts. For pure execution of shots, generalship and shot-making, Schaefer is a leader in the realm of billiards. Schaefer rose to his greatest heights during 1921 and 1922. He tied Hoppe in the Chicago tournament of 1921 by crushing the champion in the final game by 400 to 26. The following night in the 500 point play-off match Schaefer averaged close to 90 to win, while Hoppe's average was around 70. Schaefer was forced to play great billiards to beat Hoppe when the champion raised his game, but Schaefer proved equal to the demands.

Beats Hoppe Again  
In the challenge match in the spring of 1922 Schaefer also repulsed the efforts of Hoppe to regain the title. It was a grueling match with only a few points separating the stars all the way, but Schaefer made the stronger finish and survived. Schaefer lost his title in the international tournament of 1922 in New York and failed in his challenge match in the spring of 1922. But Hoppe often has said that Young Jake is always dangerous for the reason that he is capable of doing anything with the cue and the fact that as a match player he is wonderful. Schaefer has demonstrated this fact often during his brilliant career. It will be recalled that Schaefer was the one chosen to test Edward Horne, when the Belgian first arrived. Schaefer came from behind on the final day's play by making a run of 436, took the lead and then the match.

## BOHNE'S HITS WIN FOR REDS

St. Louis Loses by 5 to 4 Score; Pittsburgh Beats Chicago; Yankees Win

CINCINNATI, April 28 (AP)—Bohne's two base hit in the eighth inning tied the score for the Reds today and the same player's second double in the tenth drove Duncan home with the winning run, enabling Cincinnati to defeat St. Louis, 5 to 4. Sheehan won his third game of the season as a relief pitcher. Hornsby drove out three singles and a double out of five times up. The score: R. H. E. St. Louis..... 4 11 0 Cincinnati..... 5 11 1 Batteries—Stout and Gurnea; Dunlap, Sheehan and Hargrave.

HOME RUNS FEATURE.  
CHICAGO, April 28 (AP)—Earl Adams' fumble of Wright's grounder, followed by Grimm's single and Schmidt's triple, enabled Pittsburgh to overcome Chicago's lead and take the second game of the series. The score was 7 to 4. Home runs by Hartnett, Traynor and Wright, the latter's with a man on base, were the features. The score: R. H. E. Pittsburgh..... 7 12 0 Chicago..... 4 10 3 Batteries—Chapman and Schmidt; Keen, Baker, Bush and Hartnett.

BARNES PITCHES WELL.  
BOSTON, April 28 (AP)—The pitching of Jesse Barnes, who held Brooklyn to three and the general play of Bancroft and Tierney were the features of Boston's 8 to 0 victory over the Dodgers today. The score: R. H. E. Brooklyn..... 0 3 2 Boston..... 8 12 0 Batteries—Bancroft, Green and Taylor; Barnes and O'Neill.

The score: R. H. E. Philadelphia..... 2 5 4 New York..... 4 11 0 Batteries—Cough and Henline; Barnes and Snyder.  
Hoppe and Schaefer now are on tour and they have been playing a sensational brand of billiards. High runs are frequent and master playing is evident at all times. Hoppe will finish the greatest season he ever had with a tour of the Pacific coast cities in company with Schaefer.

## 100 SPORTSMEN ATTEND RALLY

Problems of Propagation and Conservation of Fish and Game Topics at Dinner

Nearly a hundred sportsmen gathered Monday evening at Tom's cafe for the annual dinner of the Southern Idaho Fish and Game association. After a trout dinner and a brief business session, the Rev. A. G. Pearson, in the capacity of toastmaster introduced in turn four prominent men in the field of sportsmen's association, who gave interesting discussions of the work of the officials of the game association and the various other organizations in the preservation and conservation of the wild life, concluding the program with an entertaining discourse accompanying pictures of the natural beauties of Idaho, which were presented by R. D. Garver, supervisor of the Jim's Lake national forest. George Tunkin, United States game warden, who is connected with the government biological survey, was the first speaker introduced by Mr. Pearson. Tunkin dwelt at some length upon the necessity of the sportsmen organizing in Idaho for their protection in the interests of the preservation of fish and game and to educate the hunters of the state as to their obligations both for the conservation and propagation of wild life.

Suggests Sportsmen's Fair.  
Tunkin suggested that the local sportsmen stage a "Sportsmen's Fair," such as has been held throughout northern Idaho and eastern Washington and Oregon to interest the people of the community in the wild life to be found in the district by a proper display of the fish, birds and game of the vicinity in addition to exhibits of sporting goods and equipment.

The second speaker, George Salisbury, the new game warden for southern Idaho, was greeted warmly by the members of the association. He urged the help and co-operation of the association in education of the layman and particularly the younger generation, represented by the boy with the air rifle in the preservation of game at times when such a noticeable drain is made upon future propagation as is noticeably felt in the spring of the year.

P. Douglas Hawley, who spoke in the behalf of the Boy Scout organization and the association for the preservation of wild life, of which he has recently been appointed as leader for Idaho, earnestly endorsed the speeches of the two previous speakers and commended the work of the Boy Scouts which, he said, accords with the work outlined by the two game wardens. R. D. Garver concluded the program with his interesting display of the Idaho national forests. The next regular meeting of the association will be held May 19.

PACIFIC COAST LEAGUE  
At Seattle: R. H. E. Sacramento..... 4 7 2 Seattle..... 1 11 1 Batteries—Canfield and M. Shen; Stenlund and Baldwin.

## STONER WINS THIRD VICTORY

Detroit Makes It Three Straight from Chicago; St. Louis Beats Cleveland Again

DETROIT, April 28 (AP)—L. H. Stoner won his third victory in his third start of the season today, Detroit making it three straight from Chicago, 7 to 2. Robertson, who won fame by pitching a no-hit no-run game against Detroit, was driven from the box in the third inning when the Tigers made four runs on a quartet of singles, a base on balls, a double steal and a poor throw by Barrett. The score: R. H. E. Detroit..... 7 11 1 Chicago..... 2 7 2 Batteries—Robertson, Connally and Cronce; Stoner and Banister.

SINGLE WINS.  
ST. LOUIS, April 28 (AP)—St. Louis took the third game of the series with Cleveland today when Evans, pinch hitting for Jacobson in the ninth inning, drove out a single to bring in the winning run. The score was 4 to 3. Stephenson drove out a home run and Speaker pounded a three base hit. The score: R. H. E. Cleveland..... 3 9 4 St. Louis..... 4 12 0 Batteries—Edwards and L. Sewell; Danforth and Severed.

YANKES WIN BATTLE.  
PHILADELPHIA, April 28 (AP)—New York won a slugging match with Philadelphia today overcoming a five-run lead to take the game by an 11 to 6 count. Babe Ruth hit two home runs during the contest, but none was on base on other occasion. This made a total of five circuit drives for him this season. He also accepted seven chances in left field without an error. The score: R. H. E. New York..... 11 15 0 Philadelphia..... 6 11 1

SCORE TIED.  
WASHINGTON, April 28 (AP)—Darkness, due to an approaching storm, ended the game between Boston and Washington today after seven innings with the score a tie, 2 all. It was a pitching duel between Marberry and Ferguson. The score: R. H. E. Boston..... 2 6 1 Washington..... 2 6 0

## SCHAEFER AND CHAMPION BREAK EVEN AT BOISE

BOISE, April 28 (AP)—Jake Schaefer defeated Willie Hoppe, world's 18.2 balkline billiard champion, here tonight 250 to 0, in a seven-inning match after Hoppe had defeated Schaefer in the afternoon game by the same score. Schaefer's high run for the day was 118, and Hoppe ran 101 in the afternoon games. They will go to Twin Falls tomorrow for an exhibition.

second high and Change broke an pigeons. The scores for the day's shooting follow:

Chanuel	40	50
Moore	39	50
Evans	39	50
Fisher	34	50

## WALLACE MAN WINS AT LEWISTON TRAP SHOOT

LEWISTON, Idaho, April 28 (AP)—Harry Marsh of Wallace won the state handicap championship and trophy today in the second day's shoot of the Idaho State Sportsmen's association, and the annual registered tournament of the Lewiston Gun club. Marsh broke 92 targets out of a possible 100. The high gun in this event was Paul McElroy of Spokane, with 98 targets, but McElroy was not allowed to participate in the winnings because he is a non-resident. Marsh and Levi Taylor of Kent, Wash., were tied for high gun in the 100 target registered shoot of the Lewiston Gun club, with 98 targets. There were 65 shooters in the event today.

## WRIGHT LEADS SHOOTERS AT TRAP SHOOT SUNDAY

L. T. Wright led a small group of marksmen at the local traps Sunday with a score of 45 targets out of 50. A large number of the local enthusiasts are attending the state meet which is being held at Lewiston and their absence caused a large per cent of the gallery to fall off so that a very few gathered Sunday for the early morning festivities. Irons with 42 broke out of 50 was

## BOY SCOUTS TO PASS IN REVIEW

Two Hundred Lads to Parade Twin Falls Streets in Connection with Week's Activities

With the Boy Scout band in line, almost 200 lads making up the membership of Twin Falls' 10 scout troops will parade this afternoon through principal business streets, later proceeding to Lincoln field where a program of field games is to be carried out under supervision of M. W. Anderson, of the junior high school faculty.

The parade and field games are to be outstanding features of today's activities in connection with the observance in Twin Falls of Boy Scout week which opened Sunday when members of the several troops as units attended church services, and which will be concluded Saturday when junior officials to be elected during the week take over administration of county and municipal affairs.

The parade is scheduled to form at 8 o'clock at the high school building to proceed down Shoshone street to Main and thence in accordance with a line of march worked out by Dr. P. C. Beebe, who has charge of this event. Rotary club members will prepare and serve refreshments and will lead the lads at the conclusion of the games on Lincoln field, provision for this feature of the day's events having been made by the club at its last regular meeting.

Junior municipal officials headed by Kenneth Krivak, mayor, who last year conducted the affairs of city government for a day and who will be succeeded Saturday by the junior officials to be elected this week, will meet this evening in the council chambers at the city hall to inquire into the sufficiency of petitions placing in nomination the candidates to be voted upon in the junior elections to be held Thursday afternoon. Polls for this purpose will be open between the hours of 4 and 6 o'clock in the Boyd building on Main avenue south.

Registration of the scouts who will participate in the elections was completed Monday afternoon in the school building under the supervision of Mrs. E. M. Wolfe, camp fire girls serving as registrars.

## Betterment Shown in Economic Status by Income Returns

Collections Exceed Those of 1921 by \$192,989, Indicating Idaho's Recovery

Comparisons made for the last three years in income tax returns, as analyzed by Evan Evans, collector of internal revenue for Idaho, evidence a substantial gain in the matter of recovery from the economic distress in this state, according to a statement by the internal revenue office in Boise. The analysis covers the returns filed and the collections made from January 1 to March 15, for 1921, 1922 and 1923.

The statement covers a large percentage of the returns filed, says Mr. Evans. For 1921 a total of 9973 taxable returns were filed, with collections amounting to \$280,199.81; for 1922, a total of 7356 returns and \$399,934.21 collected, and in 1923 a total of 9130 taxable returns, with collections of \$473,189.08, the statement shows. The number of non-taxable returns were 12,729 in 1921; 12,836 in 1922 and 15,800 in 1923.

In 1923 there were 1774 more taxable returns and 2964 more non-taxable returns filed than in 1922, Mr. Evans points out, but collections in 1923 exceeded those of the previous year by \$83,255.47. The number of taxable returns in 1923 exceeded those for 1921 by 1057, and the number of non-taxable returns was 3077 greater in 1923 than in 1921. The collections in 1923 exceeded those for 1921 by \$192,989.27, according to the statement.

"Probably no other source of information," says Mr. Evans, "furnishes as accurate and reliable an index of the comparative economic conditions in Idaho for the different years as does the record of collections of revenue taxes for the reason that practically every citizen, business and industry in the state is subject to the income tax law, either directly or indirectly."

## Speaks at Dedication of Temple of Science

(Continued from page one)

may verify the rotation for himself by watching the swing of the Foucault pendulum suspended from the center of the dome.

The pressure of light, which was unsuspected, even by scientists until recently; the perpetual dance of microscopic particles of matter due to the jostling of the molecules, and a view of the outside world as it would look, had human beings the power of seeing the "dark light" of the ultra-violet rays among the other exhibits seen in the building.

The dedication ceremonies were saddened because of the death five days ago in New York of Gertrude Grosvenor Goodhue, architect of the building, which is regarded as his masterpiece.

Where Modesty Doesn't Fit. Modesty is one of the most admired of human traits in an individual, and yet it is a regrettable fact that in advertising modesty is seldom effective. A good advertising page must say: "Here, there, just look at me!"—Fred Kelly in The Nation's Business.

Teacher—"What supports the sun in the sky?" Bright Boy—"Its beams, of course!"—New York Sun and Globe.

MAJESTIC PHARMACY TWIN FALLS

## GAME BIRDS NOT VIRUS CARRIERS

Federal Authorities Assure Idaho Warden Danger of Infection by Migratory Fowl Slight

Migratory game birds, according to available evidence, are not important agencies in transmission of disease and there probably is very little or no flight of migratory water fowl from infected areas in California to Idaho, according to advice received by R. E. Thomas, Idaho game warden, from Acting Chief Henderson of the federal bureau of biological survey in response to the Idaho warden's inquiry, addressed to George Tonkin, deputy federal game warden, as to whether food and mouth disease might be carried to Idaho by this means.

Mr. Thomas, in his message to Mr. Tonkin, disclaimed any "intention of placing a ban on flight of migratory fowl," but expressed desire for information "merely from the standpoint of possible infection."

## Gives Birds Clean Bill

Word from the biological survey in answer to the Idaho warden's inquiry, contained in a telegram under date of April 9, was that at that time the only birds infected with foot and mouth disease were in the city of Los Angeles and Merced county. There is probably very little or no flight of migratory water fowl from the infected area into Idaho, the message continued. Evidence available in similar situations indicates birds are not important agencies in the transmission of disease.

"Scavenger birds, particularly buzzards and crows," said the message, "have been suspected occasionally of transmitting this disease, but supplies have not been substantiated by investigations. In 3558 birds infected in 1914, birds, especially crows, were suspected in only 18 cases. Scavenger birds from the infected area do not migrate to Idaho."

Advice to similar effect was contained in a communication addressed by Dr. Mueller, chief of the federal bureau of animal industry, to Mr. Thomas and Mr. Tonkin in response to their inquiry.

## SOCIETY

Edited by Mrs. E. B. Williams Telephone 396

Mrs. Bothwell Entertains Music Patrons.

Mrs. James R. Bothwell entertained the music department of the Twentieth Century club with a most attractive tea at her home on Fourth avenue north Monday afternoon, closing the activities of the year.

A pleasing program in charge of Mrs. I. H. Masters was a feature of the afternoon. This consisted of vocal solos by Mrs. Sturdevant, Mrs. D. L. Alexander, Mrs. O. P. Duvall, Mrs. W. H. Deight and Mrs. J. A. Hyatt, and two piano numbers by Mrs. Merita Battey, and a charming recitation by Mrs. Bothwell appropriate to the occasion. Tea was served from a table covered with a mandarin cloth with daffodils for a centerpiece. The silver services were presided over by Mrs. D. L. Alexander, the outgoing chairman, and the incoming presiding officers, Mrs. J. A. Hyatt. There was a large number present, each member being privileged to invite a guest.

Star Social Club Meets.

Thirty-five members of the Star Social club were in attendance at the meeting of the club in the Business Women's club rooms on Monday afternoon. After a brief business session with Mrs. Dickinson presiding, Mrs. J. E. Johnston, in behalf of the club, presented Mrs. E. F. McNew with a beautiful spoon and expressed the regret of the members at losing her from the club, as she is leaving soon to make her home in California.

An enjoyable program was given consisting of several songs by Miss Pauline Ware and Miss Margaret Solley and a number of readings by Mrs. Herman Schuriger. During the pleasant social time the club always experiences the hostesses, Mesdames H. Schuriger, Fred Walker, L. H. Price and J. R. Munn, served delicious refreshments.

Miss Anna McNew Honored.

Complimenting Miss Anna McNew, who is leaving soon to make her home in California, Miss Mildred Berlich entertained with a delightful dinner Sunday at her country home. The table was attractively decorated with spring flowers and covers were laid for nine. Those present in addition to the hostess and host were Mrs. Seal, Nevada Clark, Mary Louise Bailey, May Frank-

lin, Imogene Craven and Frieda Cowham.

Entertains Members of St. Edward's Choir.

The Rev. Henri S. Keyser entertained members of St. Edward's choir at a 6:30 dinner Monday evening at his home.

Place cards featured clever musical motifs under by Father Keyser and the color scheme of yellow and white was carried out with candles and cut cups, daffodils and hollyhocks decorated the tables.

Singing and violin solos by Donald McChaffin were features of the entertainment program.

Those present were Mr. and Mrs. J. T. Bainbridge, Dorothy Roy, Donald McChaffin, Teresa McChaffin, Catherine Daly, Rose Daly, Angela Beckwith, Neoma Navin, Mary Owens, Gertrude Owens, Helen Kieffer, Blanche Roy, Gertrude Richmond, Thomas McElwain, Felix Anderson, Frank Kieffer, Sr., and Leo Streifus.

Kiwanians Entertain at Dinner Dance.

Kiwanis club members entertained Monday evening for their wives at a dinner dance at the Rogerson hotel, the occasion being the club's first "ladies' night" affair of the season. Covers were laid for about 100 persons at long tables attractively decorated with flowers, and courteous conquests were provided for the guests. A burlesque order of business was a feature of the entertainment program. The later hours were spent with dancing, music being furnished by the Blue Bird orchestra.

Mrs. W. E. Nixon will entertain the Winona club Wednesday afternoon at 2:30.

## YOUNG GIVES HIS VIEWS ON REPARATIONS PLAN

(Continued from page one.)

Having determined the total amount Germany would be willing to pay. But that, he said, was beside the question. In determining a fixed annual charge upon the government toward reparations, the way had been opened for Germany to rebuild her business and demonstrate what she could pay and indirectly to increase her exports, upon which, said Mr. Young, would depend the later settlement of the question of interrelated debt payments. Mr. Young took occasion to announce, referring to reports that he was mentioned as a possible candidate for the republican nomination for vice president, "I am not in politics and I am not going to get in."

GIANTS WIN ONE. NEW YORK, April 28 (AP)—The New York Nationals won the first game of their season's series with Philadelphia here today, 4 to 2. Barnes yielded only five hits. Cough pitched a fair game for the Phillies but was handicapped by poor infield support. Ford and Jackson made spectacular stops.

ANNOUNCEMENTS. The Pastor's Aid of the Methodist church will meet this afternoon at 2:30 in the church parlors for a special meeting.

For Sale: Bicycle tires, tough as elephant hide, at Gloystein's.—adv.

## THE MARKETS

BEARISH FACTORS PLACE  
WHEAT AT LOWER MARK

Selling on Part of Traders Contributing Cause; Beneficial Rains Also Responsible; Close Unsettled

CHICAGO, April 28 (AP)—Wheat prices declined today owing more or less to selling on the part of miscellaneous traders unwilling to accept impending deliveries on May contracts. Beneficial rains, especially in Illinois and Indiana, counted also as a bearish factor. Closing prices for wheat were unsettled, 1-1/4 to 3-4 cent lower, with May \$1.02 7-8 to 1.03, and July \$1.05 1-8 to 1-4 to 1.05 1-4, with corn ranging from 1-4 to 1-4 1/2 to 1-4 1/2, and oats 1-4 to 1-4 1/2 to 1-4 1/2, and provisions unchanged to a net back of 12 cents.

Notwithstanding that a falling off of 250,000 bushels in the United States visible supply total was announced, the wheat market at no time showed sufficient buying power to offset the rather persistent but otherwise unimportant selling which was going on. Some of the selling was apparently attributable to an opinion current that the price of May delivery in particular was out of line in view of nearly complete absence of export demand with the new crop in this country only seven or eight weeks distant. On the other hand, all big new speculative selling appeared to be held in check by a general disposition to await developments at Washington in regard to the proposed farm enactments.

So far as the growing wheat crop was concerned, the reports on hand left little to be desired. Indications pointed to ample moisture for the present in the spring crop states and to a liberal reserve in this respect throughout the winter wheat sections.

Reports of delay to farm work in the Canadian northwest were virtually ignored.

Corn and oats sympathized with the weakness of the wheat market. Shipping demand here for corn remained sluggish.

Lower quotations on hogs tended to pull down provisions.

Wheat—Open, High, Low, Close.  
May 104 1/2 103 3/4 102 3/4 102 3/4  
Sept. 105 1/2 104 3/4 103 3/4 103 3/4  
July 106 1/2 105 3/4 104 3/4 104 3/4

Corn—  
May 76 75 74 74  
Sept. 77 76 75 75  
July 78 77 76 76

Oats—

## DATE SET FOR CLEANUP WEEK IN TWIN FALLS

### Municipal Commission Calls for Co-operation of Citizens in Improving Town's Appearance for New Year

Twin Falls city council Wednesday evening set the week beginning May 6 as cleanup week; voted to buy a new typewriter for the waterworks department provided the old one could be traded in at the proper figure; considered the question of replacing a 50-foot piece of hose bought a year and a half ago; authorized negotiation for trading in the old city auto for a new one; voted to pay J. A. Christopherson \$300 for the matter of having the new typewriter brought up because of the impossibility of tabulating with the old one which is out of commission in any event. It is necessary to borrow the machine in the office of the city clerk, and often it is needed in both offices at the same time.

The cleanup week is set for the first week of the new fiscal year, after the budget has been adopted and the administration starts on another lap. The matter of having the new typewriter brought up because of the impossibility of tabulating with the old one which is out of commission in any event. It is necessary to borrow the machine in the office of the city clerk, and often it is needed in both offices at the same time.

All that the piece of hose in which there was a blowout, was the only piece in the purchase of a year and a half ago that failed to stand the pressure test, but this had to have proven very weak. It may be necessary to buy the new piece to replace this from the same company, but the matter was passed over for the meeting.

**Wind Carried Fire.**  
The Christopherson boy caught in the presence of a water wagon kept on hand for protection when a sudden squall sent fire from a brush pile into it. The price was not fixed, but Superintendent Harry Rayburn will make the settlement.

A petition signed by L. A. Wood, H. B. Palmgren, S. P. Truesdale, Mrs. E. L. Albrecht, and John C. Bates was presented by the last named, asking that Elizabeth boulevard be not sprinkled. Mr. Bates was informed that it could not be considered until next meeting. Superintendent Rayburn said that some of the people there were already complaining of dust. Then it was discovered that the parts under consideration were not in the proposed sprinkling district anyhow. Mr. Bates said that he and others are opposed to sprinkling Locust street, which they thought unnecessary and he was told to bring them down next Monday evening.

The question of buying a set of books on municipal law for the city then came up and was allowed to go over after some discussion.

The old auto is in bad shape, it was said and requires either a successor or considerable repairs, so Commissioner All was authorized to see what he could do about swapping it.

### CARRIES SALMON RIVER CASE TO SUPREME COURT

#### Supersedeas Order Stays Adversely Sale of R. Glavin Property Under Foreclosure Proceedings

Supersedeas order has been issued in the case of R. Glavin against the Commonwealth Trust company on appeal to the United States supreme court to prevent holding of the sale of the Glavin farm property on the Salmon River project advertised for May 13 under foreclosure proceedings, according to information received by Homer C. Mills, attorney for Glavin in this action. Appeal is being taken in this case from the ruling of the circuit court of appeals affirming the decision rendered last year by Judge P. S. Dietrich in federal district court in Boise, permitting execution under the foreclosure proceedings. Non-fulfillment on the part of the Salmon River Land and Water company's bondholders of the provisions of the water contract on which foreclosure proceedings were instituted was urged by Glavin in this action.

**REMOVAL NOTICE.**  
Dr. P. C. Roche has moved his dental offices from the Baugh building to rooms in the Gem building, Main avenue west, across the street from the Orphanum theater.—adv.

## War Mothers Plan Sale of Carnations

### Local Organization to Provide Flowers to Be Worn in Honor of Motherhood

Participating in a national movement, plans for a county-wide sale on Saturday, May 10, of carnations for Mother's Day are being worked out by a local committee of War Mothers, according to Mrs. T. H. Irwin, who is chairman of the publicity committee.

This sale was initiated in Kansas City last year and was a successful and popular that the organization has determined to make it nationwide. A communication from national headquarters, Kansas City, Mrs. Margaret N. McArthur, national year mother, says in part:

"On May 8, 1914, the congress of the United States passed a joint resolution designating the second Sunday in May as Mother's Day. Providing that the president of the United States issue a proclamation calling upon government officials to display the flag on all government buildings and asking the people to exhibit the emblem in their homes or other suitable places. 'The American War Mothers believe there is no more fitting way to celebrate this day than to provide carnations to be worn in honor of the motherhood of America, and also think there is no organization that can more fittingly do this work than one composed of sons and daughters who followed the flag wherever its colors gleamed.

"The American War Mothers are devoting their energies and funds to assisting the ex-service men wherever assistance is possible; and to the endeavor to create better Americanization, peace-time patriotism, and honor and respect for the flag."

The committee, working out these plans, is composed of Mrs. W. H. Knies, chairman, assisted by Mrs. David Brown, county War Mother, Mrs. T. H. Irwin, Mrs. G. M. Simpson and Mrs. T. C. Higgins.

The committee hopes to make this sale an annual affair, accentuating the beautiful custom of wearing a flower to mother, and incidentally raising a fund to be used through their organization for relief or memorial. They believe it is possible; and to the end to help make this day a time for showing honor to a nation's motherhood, by a more universal wearing of the carnation and special letters or telegrams to the shut-in mothers; and a display of flags in homes and places of business. Complete plans as made by the committee will be given out in a few days.

## WOOL GROWERS TO GET CREDIT

### State Association's Committee Reports Federal Funds Available on Clip in Storage

Through federal intermediary credit banks members of the Idaho Wool Growers association may obtain loans at 5 1/2 per cent interest in advance from 75 to 90 per cent of the value of their wool clips, according to report made by a committee, at a meeting here Monday of the directors of the association to complete arrangements for shipment and storage in bonded warehouses at the market of every clip of association members. Opinion was expressed that Idaho wool growers, through availing themselves of this credit provision, would profit to the extent of several thousand dollars in view of prevailing low prices. Only about 2,500,000 pounds of the Idaho clip has been exported up to the present time, it was stated, leaving more than 10,000,000 pounds yet to be sold. Report as to availability of loans through the federal banks was made by a committee composed of Clyde Baron, Twin Falls, Worth Lee, Mountain Home, and Frank Gedney, Mountain Home.

The association directors at this meeting considered a number of proposals submitted relative to storage charges. A committee composed of Fred Gooding, Shoshone, Bob Darrab, Shoshone, and W. N. Philbrick, American Falls, was appointed to purchase sell in clip and lots for members, by which means it was estimated that saving of 25 per cent might be effected. Arrangements also were completed for purchase of wool bags and twine.

The association will send several representatives to the Mountain Home wool sales Thursday, it was announced.

## WATER METERS PROGRAM GIVEN

### All Twin Falls Consumers Soon to Pay by Measurement for Service; Cost Facts Given

Installation of water meters has been completed in Twin Falls with the exception of a few streets in the west and south parts and the meters have been read, it was stated Monday at the waterworks office. No bills will be rendered for the new meter users until the first of June. Those who are on flat rate will be billed at the usual rate with lawn sprinkling in addition at the rate of 12 cents per front foot. As soon as possible these meters will be installed and within a few weeks the entire town will be on the meter basis.

"Some apprehension is expressed that this may mean excessive water bills," stated Commissioner J. S. Keel, "but such will not be the case. This department is not being operated for profit, but the rates are to be reduced to the lowest possible point consistent with real economy. It will mean increased rates for some, but it will bring lowered rates for the great majority. It is the only way that the rates can be fixed with any degree of justice. If it is found that the present rates are too low to meet the upkeep cost of the system, they will be raised at the proper time to meet the required condition. If found to be too high they will be lowered. The canal company has followed the plan of making the assessment each year to meet the cost of maintenance and the result is apparently satisfactory to the users. Since the entire amount to be raised for the next year is not in excess of the expense of the past year, we have not fixed the rates to bring in more than the required amount. There is no need for apprehension on the part of the public that they are being exploited for the benefit of any agency from the present rates, it could be. If any surplus should possibly be legally placed nowhere except in the public treasury, and used for the payment of the public obligations. The law further provides that the rates be fixed as nearly as may be to meet the estimated expense. A careful survey of the accounts where the meters have been in use for the past few years shows that the expense to the user has been slightly under the expense of the flat rate."

"It isn't the use of water so much as the waste that will run up the water bills," was the opinion expressed by Superintendent H. S. Rayburn. "Watch for leaks. You may have grown accustomed to that constant drip from a leaky faucet, but your meter is a sensitive creature and a leak will make it jump every time. It is a simple task to replace a washer and this ordinarily is all that is needed. A worn syphon ball in the water closet will cost money every hour you keep it. The water that runs over the curb and into the gutter costs just as much as the water you put on the grass and garden. We have been having to rotate the sprinkling during the summer months each year and this has been due to the wastage of water in a large measure."

**SETS DATE FOR HEARING**  
BOISE, April 28—Friday, May 23, was fixed Saturday by the public utilities commission as the date for hearing the complaint of the citizens of Rites, Idaho, against the Kootenai Light and Power Co. for alleged poor service. The hearing will be held at Kootenai. In the complaint filed with the commission it is alleged that the company does not furnish sufficient energy to light properly homes of residents. A commission order is asked requiring the company to install an auxiliary generating system to be used during seasons of low water on which the company depends for electricity.

## BREVITIES

**On Trip to Kansas.**—J. Otis Hall left Monday on a business and pleasure trip to Hutchinson, Kansas.

**Leaving for Florida.**—Mrs. V. H. Ormsby will leave this morning to join her husband in St. Petersburg, Florida.

**Leaves for Visit.**—Mrs. C. Mattice left Monday for Pueblo, Colorado, to visit friends there during the summer.

**Visits Idaho Falls.**—T. J. Woods, rector, returned Monday evening by motor from a brief business visit to Idaho Falls.

**Goes to Hospital.**—Mrs. F. F. McAttee was taken Monday evening to the county general hospital, where she will undergo a thyroid operation.

**On Business Trip.**—T. E. Hight, representative of the life insurance company, left Monday evening on a business trip to Burley.

**Take Marriage License.**—Harley Gamble, Miller, and Rose Kolossek, Dahl, obtained a marriage license Monday at the office of the county recorder here.

**Contact Man Visits.**—W. A. King, contact, who expects to become manager of the hotel to be opened there about May 10, was a business visitor here Monday.

**Telephone Official Visits.**—V. B. Larkin, traveling auditor for the Mountain States Telephone and Telegraph company, left Monday evening for his headquarters in Denver after an official visit to the local exchange.

**Goes to Milwaukee.**—C. S. McMartin, district agent for the Northwestern Life Insurance company, left Sunday morning for Milwaukee to attend a conference of the company's representatives.

**Visits Industrial School.**—Mrs. J. E. Joslyn, president of the high school section, Parent-Teachers association, left Sunday in charge of a ward of the juvenile ward for St. Anthony, where she will spend some time visiting the state industrial training school.

**Home from Vacation.**—Miss Dorothy Kenworthy has returned from Kansas City, where she has been attending the Horner Institute of Fine Arts. She has just completed a lyceum tour and will be at home with her parents, Mr. and Mrs. M. P. Kenworthy, during the summer, leaving in the fall to fulfill a contract with the Columbia Lyceum Bureau.

**Has Part in School Stunt.**—Dudley Swim and Emil Strobek of Twin Falls, and Gordon Henshaw of Rupert are three of the four sophomore students credited with originating a clever satire on modern co-ed haircuts and masculine wearing apparel to be presented as the contribution of that class to the annual stunt fest this spring at the University of Idaho. The plot is said to be attacked from a novel angle, the scene being laid at the fictitious University of Alaska in 2001 A. D.

**REPLACING BROKEN WINDOWS**  
Workmen in the employ of Earl Felt, contractor, began Monday, replacing plate glass broken out of the Booth Mercantile company store when an automobile started in gear and plunged across the sidewalk causing to a halt inside the window. Then new glass was delivered Monday by truck from Pocatello.

**PANSY PLANTS.**  
Twenty-five thousand of them. Largest flowered and most beautiful colors known. Transplanted "Forest's" special, "Garden" 40c, hundreds \$2. Not transplanted, Steel's "Mastodon," dozen \$2, five dozen \$1. Don't get fooled on pansies. Come and see them bloom. By parcel post 5c dozen extra. Seventh street south, by the railroad track. ## School Comes in for Day in Scout Week

### Boys to Show Appreciation of Educational Institution's Importance and Parents' Part

The great organization of Boy Scouts of America will show its appreciation of the importance of school as the business of the day and the partnership of its parents in this business by having every boy scout of Twin Falls to take day and mother to school to visit his classes on Thursday, May 1. This is also the date of the high school exhibit, so that it will be doubly worth the while of all fathers and mothers to visit on this day.

The boy scout council offers an attractive banner with appropriate lettering to the boy scout troops or camp fire circle which brings the most parents to visit classes on May 1. It is hoped that this banner will arrive in time to be displayed in the boy scout parade. Contestants must bring one or both parents who are to visit during at least one class period. At the grade building each teacher will keep a record of such visitors. At the high school scouts will register for this purpose the names of themselves, their parents and the Parent-Teachers association, with members of the Parent-Teachers association, who will be found at tables near the office door in the hall of the junior high school.

## TRIAL DELAYED BY MOTION

Trial in the district court here in the case of J. R. Diebolt against the Salmon River Canal company was delayed Monday when counsel for the plaintiff Diebolt submitted motion to strike certain portions of the company's answer containing several grounds of defense, the motion being taken under advisement by Judge T. Bailey Lee, presiding, until today. In this case plaintiff Diebolt, represented by Attorneys E. M. Wolfe and Cleon Wilkins, seeks damages approximating \$6000 on account of alleged failure of the company to deliver irrigation water to his lands outside the reduced area of the project. Judge J. R. Bothwell appears as counsel for the company.

Judge Lee also heard and took under advisement a demurrer in the case of the Commonwealth Trust company against C. W. Strickling, an action to foreclose on a Salmon River project water contract.

## Temperature Back on Higher Levels

Temperature returned Monday to high levels and mercury high mark for the day was recorded at 70° above, an advance of four degrees over Sunday's maximum, according to the government weather observatory station here. Low mark for the 24-hour period ending Monday evening was shown at 33 above, as compared with minimum at 25 above for the preceding day.

answer containing several grounds of defense, the motion being taken under advisement by Judge T. Bailey Lee, presiding, until today. In this case plaintiff Diebolt, represented by Attorneys E. M. Wolfe and Cleon Wilkins, seeks damages approximating \$6000 on account of alleged failure of the company to deliver irrigation water to his lands outside the reduced area of the project. Judge J. R. Bothwell appears as counsel for the company.
