## HUGE THROGS WELCOME U. S. ARMY AIRMEN

Thousands Line Waterfront and Bay of Japanese Port to Greet Americans at End of Their Difficult Journey

KAGOSHIMA, Japan, June 2 (AP)—Thousands of people lined the waterfront of Kagoshima and stood on the hills surrounding Kagoshima bay to cheer the American army around-the-world fliers upon their arrival here at 7:02 this evening from Kuchino. The flight was a tiring and difficult one. It took six hours to cover the 425 miles. Fierce winds and rain retarded the aviators, who had been delayed at Kuchino by bad weather.

Had Motor Trouble. One of the aviators also had motor trouble off Bungo channel, which they passed on their way to the island of Kyushu, on which Kagoshima is situated. They were first sighted among the clouds above Sakurajima, an island in the bay of Kagoshima, on which there is an active volcano. On landing the aviators were received by Henry B. Hitchcock, American consul at Nagasaki, who had traveled to Kagoshima to welcome them. An address of welcome was read by the deputy mayor of Kagoshima, while the daughter of the mayor presented them with bouquets and letter boxes. The American national anthem was sung by 400 school children.

In High Spirits. The Americans were in high spirits when they landed. This evening Lieutenant Lowell H. Smith, the acting commander of the flight, represented his five companions at a reception given by the townships people. Thousands of visitors came from the surrounding country to see the fliers.

With good weather the aviators hope to continue their flight to Shanghai, 500 miles across the Yellow sea, on Tuesday. Kagoshima is their stopping place in Japan, which they entered in the far northern Kurile islands.

They have covered upwards of 7,000 miles since leaving Santa Monica.

## JOLSON QUITS SUDDENLY

SAN FRANCISCO, June 2 (AP)—Al Johnson, comedian, who closed here Saturday night with his attraction "Bombo," left hurriedly for New York to accept a position at the University of California, leaving behind two unfilled engagements for Oakland tonight and Sacramento tomorrow night.

According to his manager, Jolson left a note in which he said "I am taking the 11 o'clock train for New York." There was no explanation in the note.

## HERBERT WINS SUPPORT

PARIS, June 2 (AP)—The terms imposed by M. Herriot, leader of the radical socialists, for acceptance of the premiership, were endorsed tonight by the socialist congress, which unanimously adopted a resolution formally assuring him their support.

## Senate Approves Federal Control Over Child Labor

Vote of States Now Necessary for Ratification of Constitutional Amendment; Action Follows Forceful Debate.

WASHINGTON, June 2 (AP)—Approval was given by the senate tonight to a constitutional amendment which would empower the federal government to limit, regulate or prohibit the labor of children under 18 years of age. It previously had been approved by the house and now goes to the state for ratification. The vote was 61 to 23, or five more than the necessary two-thirds.

Under the amendment congress would have the power of regulation, but the enforcing power would be vested in the federal and state governments. The vote of three-fourths of the states is necessary for ratification. The supreme court twice has declared federal child labor laws unconstitutional and opponents have argued that the amendment would constitute an invasion of state rights, whereas proponents asserted that a federal standard must be set up to bring certain states which have been backward in the enactment of child labor legislation to a more rigid requirement.

The debate in the senate which preceded the vote tonight was declared by veteran members to have been one of the most forceful in that body this session. It occupied all of the day and evening and most of the past three days. Almost every senator availed himself of the opportunity given under the rule limiting each member to 15 minutes to present his views. All efforts at modification failed, the proposal, as was the case when it was approved by the house, withstanding all attempts at amendments.

## President Coolidge Signs Tax Bill; Wants Further Action At Next Session

Measure Decreasing Payments to Lowest Level Since 1917 Declared by Executive to be in Need of Corrections; 50 Per Cent Income Rate Cuts to be Made Payable Next Year.

## POLICE UNINFORMED

NEW YORK, June 2 (AP)—Inspector John D. Coughlin of the detective division called tonight that the New York police have no knowledge of a letter reported to have been written to Jacob Frank of Chicago, by the kidnappers of his murdered son, found in a pullman car here.

## SALARY BILL IS APPROVED

House Passes Measure Providing Increase in Postal Wages of \$65,000,000 a Year.

WASHINGTON, June 2 (AP)—A bill carrying salary increases for postal employees, differing in many respects from the one approved recently by the senate, was passed today by the house. The bill, which was passed by a standing vote of 250 to 14, proposes an increase in salaries estimated by the postoffice commission at \$65,000,000 a year, and Postmaster Now at \$80,000,000, proponents of the senate bill placed its annual cost at \$55,000,000.

Called up by Charles Grist of the postoffice committee the bill was passed under suspension of rules, which limited debate to 40 minutes, prevented amendments and required a conference with the senate where it will be determined, among other questions, whether the house conferees will recommend acceptance of the amendments by Senator Borah, Idaho, which would give publicly to campaign expenditures.

Under the house measure an average increase of about \$500 a year is extended to clerks, carriers, inspectors, supervisors and assistant postmasters. To a question by Representative Longworth, the republican leader, as to how the proposed increase would be raised for, Mr. Grist replied that the postoffice department was now conducting an investigation into the costs and had requested that no legislation covering rate increase be enacted until the commission reported.

## THE DAY IN WASHINGTON

President Coolidge signed the tax bill. The Daugherty committee resumed work on the American Metals company case. The postal salary increase bill was passed by the house and sent to confer with the senate.

House supporters of the Barkley bill to abolish the railroad labor board abandoned their fight for this session. The District of Columbia court of appeals handed down a decision which may reopen the packers consent decree litigation.

Secretary Weeks urged passage at this session of congress of the Johnson bill to pave the way for Philippine independence.

The house voted to adjourn Saturday and Senator LaFollette began a fight to have congress reconvene after the political conventions.

The supreme court granted a habeas corpus writ to Philip Grossman who was taken in custody in Chicago after executive clemency had been granted.

Chairman Norris submitted a report from the senate agricultural committee and attacked Henry Ford and the administration in connection with the Muscle Shoals bid.

CAETANI IS HONOR GUEST AT IDAHO COMMENCEMENT

MOSCOW, Idaho, June 2 (AP)—Prince Gelasio Caetani, Italian ambassador to the United States, delivered an address to graduates of the University of Idaho here today and received the honorary degree of doctor of laws. Shortly after his graduation from the Columbia school of mines twenty years ago, Prince Caetani was employed in the Court d'Alene mining district of this state.

James Alexander MacLean, chancellor of the University of Manitoba and former president of the University of Idaho, also was given a degree of doctor of laws. He was the commencement speaker. One hundred eighty-seven graduates of the university were awarded their degrees.

Prince Caetani was entertained at breakfast by the students and faculty of the school of mines and after the commencement exercises was the guest of the university at Luncheon. Afterwards he left for Spokane by automobile.

## HERGT MAY SUCCEED DR. MARX

DR. OSCAR HERGT Below: WILLIAM MARX

THE CABINET of Chancellor Wilhelm Marx, having been overthrown in the recent German elections, has resigned, and the resignation has been accepted. It is believed Dr. Oscar Hergt, former Prussian minister of finance and spokesman of the nationalists in the reichstag, will be asked to succeed him.

## KILAUEA CRATER INACTIVE

HILLO, T. H., June 2 (AP)—Kilauea volcano was quiet today, only light steam arising from the pit all day. Dr. T. A. Jaggar, Jr., observer at the volcano, reported late today.

Slight earthquakes were felt, however. They were general in character, affecting the whole island. Jaggar expressed the belief that the earthquakes were not caused by subterranean explosions but merely by the settling of the land. He said he still felt the volcano erupting was never and that every precaution should be taken.

## Brookhart in Close Race with Sweet for Senate Nomination

Lead Changes Almost Hourly in Iowa Election; Supporters of Both Appear Confident.

DES MOINES, Ia., June 2 (AP)—United States Senator Smith W. Brookhart and former congressman Burton E. Sweet, republicans seeking nomination for the senate in today's primary, were running a close race in the early returns to-night with the lead alternating almost hourly throughout the evening.

Supporters of Sweet declared their confidence of victory while that most of the returns were from city precincts. Reports from 337 precincts out of the total of 2,412 gave Sweet a slight lead. The vote was Brookhart 29,500; Sweet 30,802.

## MEREDITH NAMED BY CONTRACTOR

John Monarch Says Idaho Farm Development Company Officially Altered Contract.

Contract under which the Idaho Construction company in 1918 undertook to construct the Idaho Farm Development company's reservoir and irrigation system for its irrigation project in the vicinity of Roseworth, Idaho, was virtually set aside by agreement between himself and E. T. Meredith, former secretary of agriculture, and official of the farm development company, according to testimony of John Monarch of Boise, president of the construction company, given in district court here Monday at the opening of trial in the suit wherein the construction company asks judgment for \$50,000 and the farm development company, on a counter claim, asks judgment for \$140,000.

Under this agreement Monarch testified, his company was to be paid cost plus 15 per cent for the construction work, together with \$20,000 for use of its equipment and an additional sum of \$43,000 on completion of the work. Defendant indicates position.

It is the contention of the farm development company, as indicated by trend of cross examination of the witness, that this alleged agreement was brought to light until six months and elapsed after the construction company fell down on its contract, and that

(Continued on Page 4, Col. 5)

## FIGHT LOOMS ON PROPOSALS FOR ENDING SESSION

Resolution to Adjourn Saturday

Passes House and Goes to Senate; LaFollette Wants Recess of One Month.

WASHINGTON, June 2 (AP)—A concurrent resolution, approved by the house 221 to 157, providing for adjournment of congress at 7 p. m. next Saturday, was placed before the senate today, but with the promise of a fight to prevent its adoption through the introduction of a substitute resolution by Senator LaFollette of Wisconsin, the republican insurgent leader, providing for a recess for one month.

The Wisconsin senator offered his substitute after he had conferred with republican and democratic leaders, who were said to have given him little encouragement. Conditions in the agricultural states impelled him to offer the resolution, however, he explained, his proposal being for congress to reconvene July 7 to take up a legislative relief program covering agricultural readjustment and transportation questions.

## Opposed in House

Similar motives led to the opposition votes in the house to the adjournment resolution, which was offered by Representative Longworth, the republican leader, 95 democrats, one farmer-labor, one independent and one socialist, participated in the vote against it. Indications in the senate were, however, that as in the house, where 130 republicans and 85 democrats supported the resolution, a non-partisan lineup would give sufficient votes for addition of the adjournment proposal.

Associates of Senator LaFollette who have participated in the conference held since his return from Atlantic City, were of the opinion that there would be no organized effort to delay passage of the concurrent resolution. In accordance with custom this was given in charge of Chairman Warren, Wyoming, of the appropriations committee, who said he did not intend to call it up until the urgent deficiency bill providing funds for executing the bonus law has been enacted. This may delay senate action until Wednesday. The LaFollette resolution will come up automatically tomorrow if the regular order is followed. The Wisconsin senator was understood to be preparing a speech on the subject which would make clear his position and that of his colleagues; that congress should not consider adjourning until a decided effort had been made to "save agriculture."

## Changed Plans.

Senator LaFollette was said to have considered for a time withholding the recess resolution and substituting instead a memorandum, in the shape of a round robin, carrying the protest of those who were urging a continued session.

Action by the house was obtained with a notable lack of friction. Rep.

## Governors of Three States Expected to Meet Oregon

Executives of Two Cities of Nogales Plan Reception for Mexican President; Boundary Line to Be Forgotten.

NOGALES, Ariz., June 2 (AP)—Governors of three American and four Mexican states will greet President Oregon of Mexico on his arrival here June 7, if plans arranged by friends of the city of Nogales materialize.

Although no formal meeting is scheduled between the executives, a meeting of the governors from the two countries at the reception of the Mexican president is viewed with great interest here because of its international aspect.

The visit of President Oregon brings him to his home state of Georgia for the first time since he assumed office as head of the republic. The international boundary between the two Nogales will be observed during the president's stay of a day and a half, officials announced today.

Governors Hunt of Arizona, Hinkle of New Mexico, and Richardson of California are expected to accept invitations to meet Oregon here.

WOULD BUILD HOSPITAL. WASHINGTON, June 2 (AP)—An appropriation of \$1,000,000 for the construction of a sanitary fire proof hospital at the national home for disabled volunteer soldiers, Santa Monica, Cal., would be authorized under a bill passed today by the house.

# CLAIMS SOUTH IS FOR McADOO

Campaign Manager Asserts Bourbon Will Get 232 Votes on First Ballot.

NEW YORK, June 2 (AP)—David Ladd Rockwell, national campaign manager for William G. McAdoo, has given out the following statement from the McAdoo headquarters here: "The democratic south can be relied upon to give to William G. McAdoo not fewer than 232 votes on the first ballot. Eventually, it is assumed the south will throw its undivided strength and enthusiastic support to the Californian. Adoption of the unit rule by the Mississippi state convention on Friday means that Mississippi's 20 votes will be cast for McAdoo, Florida and Louisiana, which are yet to act, will send McAdoo delegations to New York. Eighteen of the twenty delegates elected in Mississippi are died-in-the-wool McAdoo men, and with the unit rule the other two will be drawn into line. "In the south, McAdoo has swept eight states: Georgia, 28; Kentucky 26; Tennessee, 24; North Carolina 24; Oklahoma 20; South Carolina 18; Texas 40; Mississippi 20. These two hundred votes will be increased by Florida's 12 and Louisiana's 20, so that McAdoo's first ballot strength from the south will be 320. "Virginia's 24 votes will come to McAdoo after a complimentary ballot for Senator Glass and Arkansas's 14 votes will be cast for McAdoo after Senator Robinson has been complimented. "We have no first hand information as to the disposition of Alabama's 24 votes after Senator Underwood's name is withdrawn but we are confident that the senator cannot control over half the delegation and that at least 12 of the delegates will come to McAdoo. "In the end, I am confident that McAdoo will receive 298 votes from the solid south."

## TWIN FALLS STUDENTS AT MOSCOW GET DIPLOMAS

UNIVERSITY OF IDAHO, Moscow, June 2.—(Special to The News).—Nine students from Twin Falls were among the nearly 200 students who were graduated from the University of Idaho today at the twenty-ninth annual commencement exercises, as follows: Ralph Bristol, bachelor of science in agriculture. Buford Kubus, bachelor of science in agriculture. Dwight Kubus, bachelor of science in pre-medical studies. Fontella Langlois, bachelor of science in education. Bertha Noel, bachelor of science in education. William Stone, bachelor of science in pre-medical studies. Francis Steneberger, bachelor of arts. Glenn Wilkison, bachelor of laws. Elmer Wyland, bachelor of science in business. Lillian Hardman of Amsterdam, also was a member of the graduating class, receiving the bachelor of science degree. Prince Gelsio Castani, Italian ambassador to the United States, who before the war was actively identified with Idaho's mining industry as a mining engineer, was an honored guest at commencement and received the honorary degree, doctor of laws.

## Sweet and Sour Basis

The chemical difference between sweet and sour is probably based upon the difference in intramolecular arrangement. The psychological difference is due to the fact that the tongue contains end organs, some of which are stimulated by sweet things and others by sour. These are known as taste buds, because of the functioning of these buds, we are able to differentiate between sweet and sour.

## Must Be a Peach

Ozby—"Sure I've but worried several years now and I've got a fine healthy boy. The neighbors say he's the very picture of me." Hobin—"Ah, well, you're the harm so long as the child is healthy?"

### Be Sure to See Model 111-R, Hotpoint Electric Range, Illustrated Above

Here is a handsome, efficient Electric Range that will completely meet the needs of the average or small family. It is particularly well adapted to apartments or homes that do not have large kitchens. It is large enough for average cooking demands, yet requires a minimum of space.

This range not only sells at a very popular price, but we have arranged to extend exceptionally liberal terms of \$5 down and \$5 a month. It has three 3-heat cooking elements and white enameled splash back. The oven is full size and will accommodate a 25-pound turkey.

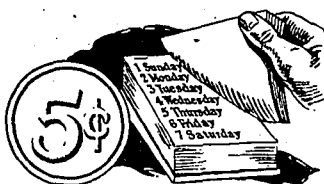

### Special Terms on Electric Ranges of All Sizes

You are by no means restricted in the choice of your new Electric Range for we are showing a complete range of sizes and styles, from the smallest to the large automatic models.

Why not decide now that you will enjoy all the advantages of this modern method of cooking? Your kitchen will be cool and clean every day, and the food you cook will be more nourishing and delicious. Instant heat is ready at the turn of a button.

# Electric Shop

IDAHO POWER COMPANY

## 5 cents - 7 days

If an average family of five persons bought only Swift & Company meats for one week during 1923, that family would have paid the company, as profit, less than 5 cents on the week's supply.

These figures are developed by considering U. S. Government statistics on meat consumption in relation to Swift & Company's profit.

By the intelligent use of capital, Swift & Company prepares meats in a modern, sanitary, scientifically-clean manner.

By intensive organization, Swift & Company distributes every variety of meat, under complete refrigeration, to retail markets of great cities and small hamlets—wherever they may be located.

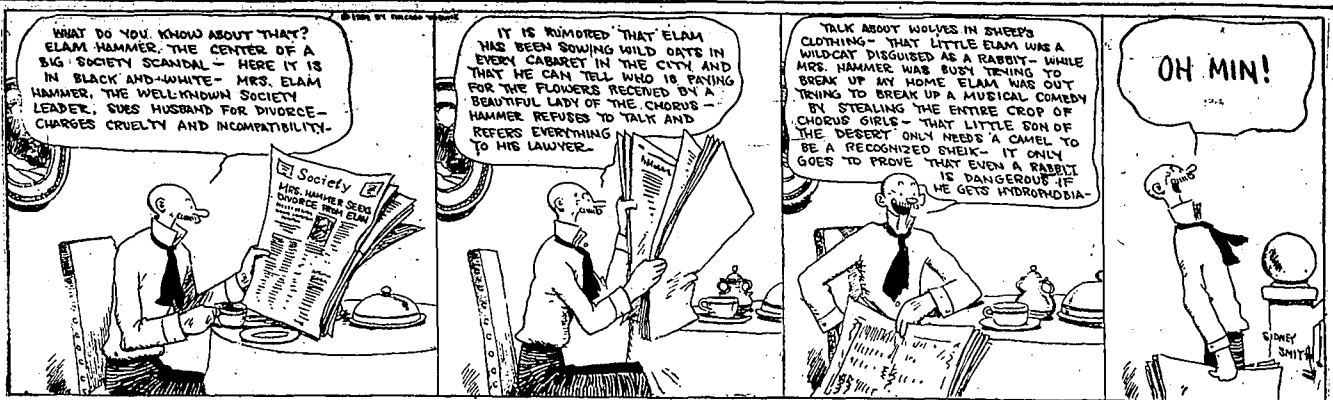

It is only through the most efficient methods that a company can supply the meat requirements of a family of five persons, anywhere in this country, for a period of seven days, at a profit of only 5 cents.

Swift & Company's profit from all sources in 1923 averaged only a fraction of a cent per pound on all products sold.

Swift & Company

## THE GUMPS—EXTRA! EXTRA!

LEGAL BATTLE  
IS STARTED IN  
MURDER CASE

Hearing on Habeas Corpus  
Writ to Free Youthful Slayers  
is Continued; Letter Tells  
Details of Plot.

CHICAGO, June 2 (AP)—The legal battle of millions to free Nathan Leopold, Jr., and Richard Loeb, scholarly sons of two Chicago millionaires and confessed kidnapers and slayers of 13-year-old Robert Franks, son of another millionaire Chicagoan, opened today and at the end of the legal skirmish the state and defense attorneys each claimed victories.

Hearing on a writ of habeas corpus for release of the youths was continued to June 6, but the defense succeeded in securing an order taking the boys from the custody of the police and remanding them to the care of the sheriff of Cook county. They were taken to the county jail tonight.

The inquest into young Franks' death was reopened today with the confessed slayers in attendance, but again was continued to June 27. Robert E. Crowe, state's attorney, said he will take the case before the June grand jury tomorrow and will probably take three days to present his evidence. He said he expected to ask for indictments for murder and for kidnapping for ransom, each crime punishable by death.

Left Letter in Pullman.  
The most important evidence unearthed today was a letter which Mr. Crowe said was written to Jacob Franks, father of the slain boy, by Leopold and Loeb and which was found in a Michigan Central sleeper at New York.

When young Franks disappeared May 21, Leopold and Loeb, according to Mr. Crowe, called the Franks home by telephone and notified the parents their son was held for ransom. Next day, their confessions said, they sent Mr. Franks a letter asking \$10,000 ransom and in the afternoon, shortly before the body of the boy was found in a south side swamp had been identified they made a second call to the father who had the money waiting, telling him to go to a nearby drug store. He failed to understand the address and did not go. Had he proceeded to the store, the boys said, he would have been instructed to buy a Michigan Central railroad ticket to Gary, Ind., and to sit in a certain rear seat where the letter had been placed. The letter instructed him to watch for a large sign after passing a certain street and count four and then toss the money out of the window, the boys said.

Rehearsed Plot.  
This part of their plot, according to Mr. Crowe, had been carefully rehearsed, the boys having made the trip themselves and tossed a bundle of papers representing the money from the car window at the specified place to determine whether the plan was feasible.

The boys said, according to Mr. Crowe, that the elaborate plans were taken, so that Mr. Franks would have no time to notify the authorities after receiving his final instructions and could not get off the train when he delivered the money. The youths said they intended to have an automobile waiting to speed away with the cash and expected to use the same rented machine in which they kidnaped their victim and in which they killed him, according to their statements. The letter, as well as the car in which it was found are both being retained here, Mr. Crowe said. The Pullman car in which the letter was found left here the day of the kidnaping.

If your property is desirable and is advertised in the classified—you'll find your buyer.

## TOURIST PARK NOTES

Manuel Hansen and family from Manti, Utah, are on the road with no definite destination. He, like many others, is looking for a better place to live, where there is more work.

R. R. Schovemo from Salt Lake, is another of the unemployed who are roaming over the country in search of a job.

Oliver Wilson and family came in from Rockland, Idaho, Saturday, intending to make Twin Falls their future home.

Mr. and Mrs. H. F. Williamson and son of Doylestown, Pa., arrived from Pasadena, Cal., enroute to Salt Lake and Yellowstone park. They left Doylestown nearly a year ago to visit old friends in Massachusetts. When they started to return, Mr. Williamson says, they missed Doylestown and finally arrived in Mexico. From there they went to Pasadena, where they stayed for some time. A second attack of wau-wau sent them through Oregon, Washington and British Columbia. They left the park Monday morning with the intention of going to Salt Lake for a few days and then to Yellowstone park and eastward.

Mr. and Mrs. L. G. Tappan are returning to New Brunswick, N. J., from Seattle, where they spent the winter.

Miss Zella Strandberg and a friend are from Newport, Washington, and are taking their vacation in a Ford. They are making short drives and long stops, taking in all of the sights. They will go as far east as Nebraska and return in July by way of Yellowstone park.

Mr. and Mrs. George Gordon and two

children are journeying from Richland, Oregon, to Salt Lake.

Mr. and Mrs. M. F. Welch and little son returned to Burley after a year's stay in Fresno, California. They said that Idaho looks mighty good and that they wanted no more California. Mrs. Welch said that California excels in three things: Good roads, fine climate and grafters. She also said that an American stands no chance to get a job as long as there is a foreigner out of work.

M. Campanella and party of eight arrived from Sacramento on their way east. Their car is inscribed "New York or bust."

W. B. Lucas and W. Bright came from Los Angeles by way of Elko, Nevada. They say that the Nevada roads are in bad shape and that our roads are very good.

Reed A. Bailey is on the road home in Salt Lake from Mountain Home.

H. Klampf and J. W. Smith, Fresno, California, stopped for a night's rest on the way to Yellowstone park.

Mr. and Mrs. H. Smedeker have been wintering in California, and are now going home to White Pigeon, Mich. Like the majority of tourists from the land of lemons and real estate boomers, they were a broad smile.

R. S. Chapman and family are on their way from Salt Lake to Portland.

C. J. Womack is going to St. Paul, Minn., from Boise.

## Turkeys for Export

The Italians breed turkeys by the thousands, but they are intended chiefly for export, very few being eaten in that country.

## Force of Gravity

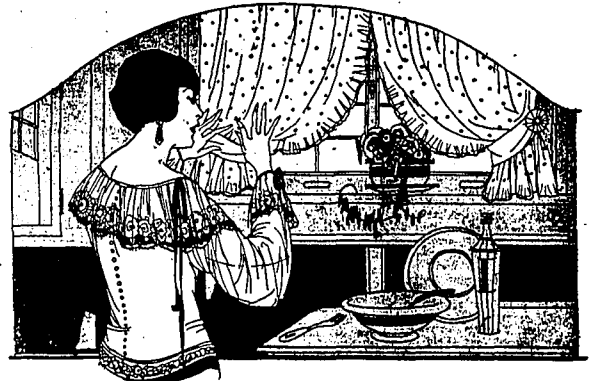

The Naval observatory says that the moon's tide-raising force, when the moon is in its zenith, is about one nine-millionth part of the force of gravity. A ship weighing 45,000 tons would lose 10 pounds of its weight when the moon is overhead.

## Large King Crabs

King crabs, found mostly off the island of Japan, measure from three to five feet from tip to tip of their great claws; the largest ever caught is recorded as having been nineteen feet from tip to tip and weighing forty pounds.

## Origin of Russian Ballet

Russia's ambassador to France, in 1742, took back with him a ballet-master at the wish of the Empress Elizabeth Petrovna, daughter of Peter the Great, and so founded the famous imperial school, which has produced the Russian ballet.

Once You Try  
This Remarkable Starch

YOU will be delighted with the wonderful lustre your curtains and all household fabrics, have after being starched with Linit, the remarkable new starch discovery.

Linit penetrates the fabric, prolongs its life, and gives a soft, pliable finish that makes even ordinary cotton goods look and feel like linen.

This remarkable starch is made by an improved process that keeps it fluid after it cools.

AFTER Linit is thoroughly dissolved, according to directions, and is ready for use, you will notice it is THIN and FREE-RUNNING like water—with a "milky" appearance.

Use Linit according to directions and, unlike other starches, you will not find Linit stiff or jelly-like. This is one reason why Linit goes much farther than the old-fashioned kinds of starch and is easier to iron with.

## Linit costs 10c at all Grocers

Get a package and begin the modern way of starching your fabrics. You will never go back to old-fashioned starching.

## ELKS' PLAYERS SCORE HIT IN OPENING SHOW

First Performance of "Revue of 1924" Is Clever Presentation With Many New and Interesting Features.

Tuneful songs, snappy costumes, handsome stage settings and a number of really clever features combined to form an entertaining performance at the Lavering last night, when the Elks' minstrel, under the direction of Howard E. Sabin, staged the Elks' Revue of 1924.

The performance was divided into three sections, the first of which followed closely the plan of the old-time minstrel performance, giving opportunity for a good deal of original work by a number of old-time favorites as well as a number of jokes, many of them new. While the entire show was of a high order of merit it must be confessed that had it not been for prohibition the available fun material would have been seriously crippled in point of quantity.

The song numbers were carefully selected and well received, most of the songs being heartily enjoyed. Jimmie Wheelock's dancing was a feature of this section as was the work of Arthur Beckwith, who held down the part of principal comedian opposite Mr. Wheelock. Master Rydell, with a partner, who alone was worth going to see, scored a hit with his song, "Does the Spearmint Lose Its Flavor," while E. S. Fitzwater and Miss Naudich provided good support in the comedy line at every point. M. A. Thometz as interlocutor, demonstrated the value of stage training and in both the first part and in his work in the second section gave a most acceptable performance.

Clara Kall, Ellen Landon, Audrie Brainin, Ada Jensen, Margaret Harrison, Mattie McMaster, Jennie Ryan and Hazel Jenkins, billed as "The Peachie Girls," were prominent in a number of special features which were gracefully executed. Miss Kall, as "Rosie," Flynn and Lewis Heriman produced a comedy act in the second part which was cleverly designed and well executed. M. A. Thometz delivered a couple of brief lectures, which were well received and in which an unusually good speaking voice assisted materially in a result which was warmly applauded.

The final section took the form of a roof garden entertainment, with Howard E. Sabin as master of ceremonies and principal performer in what was perhaps the chief sketch of the evening. Mr. Sabin, an old-time professional, with years of experience, proved that he still retains something more than the ability to wear a monocle and his song, "So This Is Venice," with Messrs. Wheelock and Beckwith assisting, proved one of the hits of the piece.

Among the girls, Dink Lackner and Lona Yochem put on one of the most pleasing numbers of the show when the two, in costume, gave a performance of the minuet, which was heartily enjoyed. Walter Naudich performed a clever character dance billed as "A Glimpse of Egypt," and was warmly received. Art Beckwith and Jimmie Wheelock produced an original feature billed as a "substitute" act, in the form of a topical song with Mr. Wheelock supplying a musical accompaniment. In this the costumes went far towards carrying the performance, many of the verses of the song, unfortunately being inaudible towards the back of the house. The act scored a hit, however, in spite of the fact.

Edward Walters gave a trombone solo which he was called upon to repeat. Mrs. H. E. Sabin and Milton Reeves danced a tango in costume and won much applause. Chorus Krivanek and a group of cleverly costumed girls, sang "Where the Lilies Grow," in pleasing style and were also called upon for an encore.

As soloists, Miss Rose Daly sang "Tripping Along," with splendid effect, as well as one or two other songs in the earlier part of the performance, all of which were pleasingly rendered.

A pretty feature of the performance came in the final section, when under the title of "Some Music Covers," a group of girls and boys consisting of Pauline Ware (and Pat Daly), Mrs. Sabin, Ellen Landon, Lullie Wynne, Merrill Ayres, Lona Yochem, Mary Contes and the Peachies, portrayed a number of different types of girls in clever style and with charming effect. "Cap" Rice served as musical director and pianist, with J. O. Blackstone as stage manager. Between 3 and 400 young men and women made up the cast and all did their share towards the success of the performance.

The show will be given again tonight and it is to be hoped that some will miss the opportunity of enjoying an evening's entertainment which is well worth the price of admission.

**CHARGED WITH SPEARING FISH**  
Speaking fish in violation of Idaho's game laws is charged against W. C. Robertson in a complaint issued Monday by the prosecuting attorney's office upon application of John T. Salisbury, deputy game warden. The offense is alleged to have been committed on Cedar creek last Sunday.

**MUSIC LESSONS.**  
Mrs. D. E. Regan announces the opening of the summer term of instruction in piano, harmony, pipe organ and stringed instruments. Pupils accepted in the Elementary course, High School course and Normal course and College course.

For terms and particulars apply to Mrs. D. E. Regan, 529 North Main. Phone 3833—adv.

## PIONEER COUPLE MARRY FIGHT LOOMS ON PLANS FOR ENDING SESSIONS

J. R. Day and Mrs. E. F. Conant United With Germany in Barley; Will Make Home on North Side Ranch.

(Continued from page one)

Announcement has been made here of the wedding at Barley Sunday of Joe Day of Kimberly, and Mrs. E. F. Conant, a pioneer woman of Idaho, whose former husband founded the town of Conant and was engaged there for many years in the mercantile and forwarding business. Mr. Day is a pioneer of the Twin Falls county and has a part in the laying out of the site of this city. He is widely known as a fruit grower and was for a time engaged in the real estate business in Twin Falls. Mr. and Mrs. Day will make their home on their ranch on the north side.

## DIVULGES RICH GOLD ORE FIND

Theodore Parks Tells of Discovery of Mineral Wealth in Alder District.

Discovery by himself two years ago of rich ore in the Alder district, 15 miles west of Jarbridge, Nevada, on a vein that was mined with profit 40 years ago when it was carried out 24 miles to Elko, was told here Monday by Theodore Parks, well-known mining operator of the Jarbridge district, who is here for a few days' business visit. It is Mr. Parks' purpose to devote practically his entire time and attention during the next several months to development of the holdings of the district and his associate in the Alder district. In the years intervening since the earlier operations in this district a good road has been built to connect it with Elko.

Operation of the 100-ton mill recently completed by the Jarbridge mining interests is expected to be an important factor in the early and substantial development of the Jarbridge district, Mr. Parks said. This mill which has a capacity similar to that of the mill in operation for some time on the Elko creek property, was completed and placed in operation about a week ago.

On the Alpha property where a phenomenal strike was made last winter, a tunnel is being driven 150 feet below the old workings to cut the ore shute and carry away water which halted work last winter. The tunnel is drifting on the vein and it is expected that two other ore chutes as well as the one in which the big strike was made will be encountered.

**Boise Men Interested.**  
Possibilities for large development in the Jarbridge district have laid claim on the attention of Boise interests, and word was received here Monday that a party of mining men, capitalists and wholesale dealers of Boise who visited the camp about a month ago, have decided to undertake improvement of a stretch of 50 miles of the road between Mountain Home and Jarbridge.

Award by the government to Boise and Mountain Home contractors to construct 35 miles of highway between Jarbridge and Gold Creek, Nevada, was announced recently.

This work will open a well-improved road between Twin Falls and Elko through Jarbridge.

### Change in Ocean Bed

A change in level in the bed of the Atlantic between Cape Henry and St. Helena was once reported by the Eastern Telegraph company. One of their cable repair ships found a depth of three-quarters of a mile at a place where the chart showed a depth of three miles when the cable was laid in 1900. Changes of level of the ocean floor have often been brought to light by soundings, but the actual rise or fall is reckoned in a few feet or fathoms, and nothing of such a stupendous character as a change of more than two miles has ever been established by surveys.

### CARD OF THANKS.

We want to thank everyone who took part in the Decoration day program for their services and in this small way express our sincere appreciation.

J. M. BICE,  
For G. A. R.  
P. M. T. ABRI,  
For American Legion.

### A Good Thing—DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "flu" and whooping coughs and tickling throat, Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed by every family for burns, scalds, wounds, piles and skin affections; these valuable family medicines for only 5 cents. Don't miss it—adv.

## SOCIETY

Edited by Mrs. E. W. Williams

Telephone 395

The Star Social club met at the home of Mrs. H. C. Dickerson on Monday afternoon.

Mrs. E. C. Dickerson who has so ably filled the position of president for the past few months tendered her resignation, as she is leaving for California to make her home. Mrs. F. W. Dunke, vice president, was chosen to fill the vacancy and Mrs. A. E. Stiffer was elected vice president. Mrs. Dunke, in a gracious speech presented as a souvenir of the club. A delightful social hour was spent and the hostesses, Mesdames Dickerson, J. Paul Johnson, H. R. Grooms and W. H. Stanley, served delicious refreshments. The next meeting will be held at the country home of Mrs. W. O. Smith.

Miss Grace Bell presented the following piano students in a splendid recital at her studio on Shoshone street Monday afternoon: Evelyn Dickey, Irene Parrott, Barbara Sanger, Margaret and Elizabeth McChilly, Verna Van Engle, Mildred Ashton, Gwendolyn Bratley, Marie and Pavnice Grace, Elsa Cordes, Arta Lind, Marion Graham, Virginia Carlson, Margaret Smith, Dotie Lou Provost, Elsie Anderson, William Chas. Lila May Haddock, Maxine Harlow, Gertrude Sisson, Marcell Wynne, Tom Warner, Maynard Langlois, Paris Lind, Arnold Finlayson, Hugh Wells, Margaret Whelan, Francis Gray, Esther Ratcliffe, Helen Taylor and Dorothy Grew.

Complimenting Miss Imogene Craven who has gone to Houston, Mo., to spend the summer, Mrs. Albert Putzier, assisted by Miss Neva Clair, gave a delightful dancing party Friday evening at the Putzier home on Elizabeth boulevard. The rooms were most attractive with a profusion of the flowers of the season and punch was served throughout the evening with dainty refreshments following dancing.

Present were the Mesdames Imogene Craven, Arthur Booth, Helen McDowell, Alma Ducker, Hazel McDowell, Alene Seal, Mary Franklin, Mary Louise Bailey, Neva Clair, Messrs. William Parish, Gail Bevercumbe, Herbert Owens.

### ANNOUNCEMENTS.

Members of the Order of the Eastern Star will be entertained at a dancing party on Thursday evening June 5 at the Gem roof garden in Filer by the members of the Masonic and O. E. R. lodges of that city.

The Ladies of the Community church will meet at the home of Mrs. Dean Miller Wednesday, June 4.

Primrose Rehearsal lodge will meet in I. O. O. F. hall on Tuesday evening June 3 promptly at 8 o'clock. Mrs. H. Walters will have charge of the program. All brothers and sisters are requested to be present.

A regular communication of Twin Falls Lodge, A. F. and A. M., will be held Wednesday evening at 7:30 o'clock in the Masonic Temple.

The American Legion will meet Tuesday evening at 8 p.m. in the Elks hall.

The members of the Twin Falls Masonic and Eastern Star orders are invited to be guests of the Buhl and Filer orders, who are giving a dance Thursday evening at the Gem roof garden in Filer, according to a telephone message received Monday evening by N. R. McCracken.

If your property is desirable and is advertised in the classified—you'll find your buyer.

### MRS. J. A. DYGERT

will take pupils in singing and piano. Res. 236, 6th Avenue East. Phone 208.

**A Hollow Rolling Pin**  
A hollow glass rolling pin on the market can be filled with ice water and so greatly facilitates the making of pastry.

## A Hundred Eyes

"HE WHO buys had need have a hundred eyes," said Poor Richard.

That was quite true in his time. Whenever you needed anything, you had to go to this store—then to that store—across the street—to every place that carried the thing you needed. If you missed any one of them, you might be overlooking the very place that held the bargain you sought.

Not so today. Your own two eyes are plenty now. For every day this newspaper brings right into your home all the stores you would want to visit and the goods in which you are interested. Comfortably seated in your armchair, you simply take your paper and read through the advertisements.

So, later, when you do go out to buy, you know exactly where you are going. You know just what you are going to get. You know just how much you are going to pay.

Read the advertisements. They deserve your attention. They save you time, labor and money. It is to your advantage to read them.

Advertising is a straight line to  
best goods and lowest prices.

## THE MARKETS

## WHEAT PRICES YIELD TO PRESSURE OF SELLING

Adjustment Vote at Washington Figures as Market Factor; Firmness Shown as Session Opens.

CHICAGO, June 2 (AP)—General selling, variously accounted for as due to an adjustment vote at Washington and to hedging sales from the southwest, led to a sharp break in wheat prices late today. There was an unsettled closing 1 7/8 to 3 3/8 net lower. July 1.03 5/8 to 1.03 3/4, and September 1.05 1/8 to 1.05 3/4. Corn finished unchanged to 1 1/8 to 5 1/8 cents, and oats 1 1/8 to 5 1/8 off. In provisions the outcome was 12 to 15 to 17 to 20c advance.

In contrast with the pronounced weakness which developed during the last part of the day, the wheat market earlier showed considerable firmness owing chiefly to 1924 unofficial domestic crop estimates. These crop figures suggested a production 103,700,000 bushels less than was harvested in 1923. Bullish sentiment also was temporarily encouraged by the fact that for the first time this year the July delivery at Winnipeg commanded a premium over Chicago. Apparently, however, bullish construction of the crop estimate made public here had already been discounted and notable lack of support became evident when selling broadened out in the final hour.

More toward congressional adjournment were constructed in some quarters as pointing to defeat of farm legislation and were said to have checked buying as well as giving impetus to selling. The fact that houses with south-western connections were free sellers seemed also to imply hedging pressure.

In any event the rapid decline which ensued swept into all definite standing orders to unload at numerous limits and thus stop further losses to holders.

Corn and oats followed wheat. Increased receipts of corn were predicted. Weather, too, favored the selling side. Provisions were responsive to firmness of hog values.

Clare seed—\$10 to 18.50.

Over—\$10.40.

Ribs—\$10.

SALES OF IDAHO LAMBS ON EASTERN MARKETS.

SOUTH OMAHA, June 2 (AP)—(Special to The News)—Sales of Idaho lambs today were as follows:

Butts and company two double decks sheep, average weight 67 pounds, at \$16; 125 fawns, average weight 59 pounds, at \$12.50.

J. W. Newman, six double decks, average weight 75 pounds, at \$16.75; 150 culs unsold.

M. C. Swain, three double decks, average 70 pounds at \$16.50; 21 culs at \$12.

Bureau and company, two double decks, \$16.75; 28 culs at \$12.

J. W. Jones, three double decks, average 68 pounds at \$16.25; 200 culs unsold.

PORTLAND LIVESTOCK.

PORTLAND, Ore., June 2 (AP)—Cattle and calves—Stock steady; receipts 2990; 100 to 105; steers 100 to 105; hogs, good \$7.75 to 8.50; medium \$6.50 to 7.25; common \$5 to 6.50; heifers, good \$5.50 to \$6.75; 7.25; cows, good \$6.25 to 6.75; common and medium, all weights \$5.00 to 6.75; calves \$4.25 to 6.25; canners and cutters \$1.50 to 4.50; bulls, good beef yearlings, excluded \$4.50 to 5.50; canners to medium canners and bologna \$3 to 4.50; calves, medium to choice 190 pounds down \$6.50 to 9c; cul and common 190 pounds down \$4.50 to 6.50; medium to choice 190 to 250 pounds \$6.50 to 9c; heavy 100 to 200 pounds up \$4.50 to 6.50; cul, 250 pounds up \$4.50 to 6.50; cul and common 190 pounds up \$3.50 to 4.50.

Hog—10 to 20c higher; receipts 2250, 125 through; heavy weight 250 to 350 pounds, medium, good and choice \$7.10 to 7.25; medium weight 200 to 250 pounds, medium, good and choice \$7.50 to 7.75; light 100 to 200 pounds, common, medium, good and choice \$7.50 to 7.75; packing hogs smooth \$6 to 6.75; packing hogs rough \$4.50 to 6c; slaughter pigs 100 pounds down, medium, good and choice \$7 to 7.50; feeders, mostly steady; stocker pigs 70 to 130 pounds, common, medium, good and choice \$6.25 to 6.75; spring or oily hogs and roasting pigs excluded in above quotations.

Sheep and lambs—Steady to weak; receipts 3675; 285 through; light and heavy weight 84 pounds down, medium to prime \$7.50 to 9.25; heavy weight, \$2 pounds up, medium to prime \$7 to 8; all weights, cul and common \$6 to 7; spring medium to choice \$10 to 11; spring cul and common \$7 to 10; yearling wethers medium to prime \$7 to 8; wethers two years old and over medium to prime, \$8 to 9.50; ewes common to choice \$4 to 6.50; cul and common \$1 to 4; above quotations, except spring lambs, on short basis.

SAN FRANCISCO LIVESTOCK.

SAN FRANCISCO, June 2 (AP)—Hogs—Steady; several cars good 100 to 170 pound California \$6.75; part load 240 pound hogs \$6.25.

Cattle—Steady, barely steady; good grades scarce generally; few here; three loads good 1950 pound steers \$7.75.

Sheep—Weak; bidding mostly \$10 to 10.50 for good and choice lambs off carcass; most concerns well supplied this week; several loads show lambs around \$7; shorn ewes, yearlings and aged wethers weak; liberal offerings; little interest.

LOS ANGELES LIVESTOCK.

LOS ANGELES, June 2 (AP)—Cattle—Receipts 100 including 100 direct to packers; killing yards show lambs around \$7; Imperial valley fed steers \$9; 1020 pounds \$8.50 to 9; also three loads good Utah fed steers average 1033 pounds \$9; two fed Mexican steers \$7.50; also sales grass steers California and Arizona \$5.50 to 7.50; bulk medium to good cows and heifers \$5 to 6c; bologna \$4 to 5c; canners and cutters \$2 to 2.75; calves, receipts 500; market slow; weak; top \$9.50 paid for one load Imperial valley milk calves; average 180; other sales medium and good calves \$7 to 8.

Hogs—Receipts 1200; steady to strong; butchers 150 to 210 pounds \$12.25 to 12.75; bulk \$5.50 to 6.75; heavy sales mostly \$6.50.

Sheep—Receipts 1900; market slow; but steady; early sales spring lambs good and choice \$10 to 10.75; medium and common on down to \$8.50.

## DUMB BELLS

## MARKETS AT A GLANCE

NEW YORK, June 2 (AP)—Stocks—Irregular; public utilities firm in sluggish trading.

Bonds—Mixed; French issues lower.

Foreign exchange—Lower; francs bid sharply then recovered.

Cotton—Firm; bullish government report.

Sugar—Easier; lower spot market.

Coffee—Lower; commission houses selling.

CHICAGO, June 2 (AP)—Wheat—Weak; general liquidation.

Corn—Easier; larger receipts.

Cattle—Lower; narrow shipping demands.

Hogs—Steady; active inquiry.

OMAHA LIVESTOCK.

OMAHA, June 2 (AP)—Hogs—Receipts 9500; mostly 5c higher; bulk 220 to 250 pounds butchers \$6.90 to 7.05; top one load good \$6.90 to 7.05; pig weights \$6.75 to 6.95; plainer lights on down to 6.25; packing hogs \$6.25 to 6.40; bulk at \$6.35; bulk of all sales \$6.75 to 7.05; practical top \$7.05; sale July \$7.10; average cost \$7.05; weight 252.

Cattle—Receipts 7300; very slow on most all killing classes; few loads bid; steers and yearlings \$7.50 to 10.25; looks 10 to 15c lower; spots off 10c; top handy weight steers \$10.25; shipping cows and heifers very scarce, weak; others 10 to 15c lower; spots off 25c on plainer kind; canners and cutters steady; bulk of all, feeders 25 to 50c lower; stockers and feeders scarce; bulk butcher cows and heifers \$4.50 to 7.75; canners and cutters \$2.50 to 3.25; practical vein top \$8.50; bologna bulls \$4.25 to 4.50; stockers and feeders \$6.25 to 7.75.

Sheep—Receipts 9500; spring lambs fairly good; bulk of all, medium and large; six loads choice Idaho \$16.75; native springers \$16 to 16.25; other classes slow, weak, to 25 cents lower; clipped lambs \$13.50 to 14; medium to good ewes \$5 to 6.50.

CHICAGO LIVESTOCK.

CHICAGO, June 2 (AP)—Cattle—Receipts 19,000; beef steers and yearlings very uneven; generally weak to 25c lower; mostly 15 to 25c off practically all grades showing declines; top mature steers \$11.35.

Hogs—Receipts 54,000; moderately active; desirable grades steady to 5c higher; others uneven; mostly steady.

Sheep—Receipts 16,000; spring lambs weak 25c lower; fat clipped lambs 25c to 50c lower; bulk clipped lambs \$13.50 to 14; few to packers \$14.25; best offers to city butchers \$14.50; bulk native springers \$16.25 to 16.50; sorting more uneven; few \$16.75; Idaho springers \$17.25 to 17.40; bulk desirable fat ewes \$6 to 6.50.

MARKET LEADERS ADVANCE

House Vote to Adjourn Late This Week Has Favorable Effect on Stocks; Total Sales at Lowest Mark.

Total stock sales, 309,000 shares.

Twenty Twenty Industrials Railroads

Monday 91.90 82.38

Thursday 91.79 82.51

Week ago 92.85 83.66

High, 1924 101.24 90.32

Low, 1924 90.27 81.30

NEW YORK, June 2 (AP)—Stocks—Prices today drifted within narrow limits until the final minutes of trading when the vote of the house of representatives to adjourn congress at the end of this week furnished the basis for a brisk upturn in the market leaders. With speculative interest at a low ebb, total transactions shrank to the smallest volume of the year, barely exceeding 300,000 shares.

Predictions by the federal reserve board in its review for May of an early turn for the better in the business of the nation have not yet had its desperate narrow price fluctuations. The inactivity which followed resumption of trading after a triple holiday, however, indicated that commitments either way would be restricted pending further political developments.

Finance continued in plentiful supply, financial news was quiet, and a 3 per cent advance and a few time loans were arranged at rates of 4 and 4 1/4 per cent. Commercial paper discounts ranged from 4 1/2 per cent to 4 3/4 per cent for prime names.

Action for the foreign exchanges commanded more interest than usual in the market as the view of the dollar market trading. The unsettled French political situation and reported disunity among the leaders on the terms of the \$100,000,000 mortgage credit caused an abrupt decline of 26 points

## CLASSIFIED ADVERTISEMENTS

ONE CENT PER WORD PER INSERTION -- AND WORTH IT!

Advertisements under this head are always alive and active, and constitute the best means so far devised of bringing the need of advertisers to the attention of residents of South Idaho

in the price of the franc to below five cents shortly after the market's opening. The rate rebounded sharply, however, when the French government issued an unofficial communique making any attack on the bankers who added France. At the close of the day the currency had recovered virtually all of its early loss. Sterling, after an early decline, moved fractionally higher to around \$4.31 3/4.

## GOVERNMENT BONDS.

NEW YORK, June 2 (AP)—Liberty bonds closed:

1 1/2s 99.31

First 4s 100.10

Second 4s 100.10

Third 4s 100.10

Fourth 4s 100.10

U. S. Government 4 1/4s 100.14

NEW YORK, June 2 (AP)—An earlier tone developed in the raw sugar market today, spot prices declining to 5.21, duty paid. Sales included 50000 bags of Cuban prompt shipment and 42,000 bags of Cuban prompt shipment and 6000 bags of Porto Rico early June shipment all at 5.21, duty paid.

Raw sugar futures declined 8 to 15 points early under commission house selling, promoted by the decline in spot, but rallied on covering and trading buying. Final prices were 0 to 9 points lower. July closed 3.53, September 3.07, December 3.43, March 3.20.

No changes were noted in refined prices which were quoted at 6.70 to 6.85 for fine granulated.

## BOSTON WOOL MARKET.

BOSTON, June 2 (AP)—The wool market was very quiet. Some average 12 months Texas wool has changed hands on a basis of \$1.25 per scored pound, this market. The primary market, activity seems to be slowing up slightly. Recent sales in Texas indicate slightly stronger prices. Pileed wools have been available in various amounts at a lower figure the last few days.

## "Jazz" in Dictionary

The word "jazz" which found its way to the scholarly dictionary, where it is defined as "a form of syncopated music played in discordant tones on various instruments, as the banjo, saxophone, trombone, fagot, drum and piano." But this definition is incomplete, for the jazz band are kept drums—cow-bells, kitchen pans, tin whistles, baby rattles, etc. The "music" is full of shrieks, screams, moans and explosions. The leader usually adopts a suitable idiotic attitude. With cap set on one side of his head he prances around, rolls his eyes and twists his face into all kinds of simian contortions. The inspiration for all this was found among excited savages.

## Like Time and Tide

An elderly woman, who has lived most of her life at Franklin, but who now lives with a son at Chicago, has been obtaining much enjoyment from his radio receiving set.

Early every morning she tunes in, and listens to programs of music, weather forecasts, and other matter thrust over the broadcasters. Recently she tuned into a station that was broadcasting recipes. One of the recipes started out as if it might be good.

"First, wait a minute, will you, I get pencil and paper," she asked. When she came to a moment later the station was signing off—Indianapolis News.

## To Halt Shifting Sands

Oil is being used to prevent sand from being drifted by the wind across the tracks of the Oregon-Washington Railroad and Navigation company, and impeding or even preventing traffic. Dunes near the tracks in the Columbia river valley are sprayed with crude petroleum which has been heated so as to secure the required fluidity. A thin layer of asphaltic material is also formed on the surface. Further information, see owner, 525 Fourth avenue west.

# SWEETLEY TELLS OBJECTIVES IN POWER DISPUTE

Attorney for Idaho Consumers Association Calls for Fair Rates on Fixed Basis and Safeguard of Resources.

A state public utilities commission that is crippled in consequence of recent legislative action, says that a power company that is both vigilant and aggressive in furtherance of its interests, and public sentiment that is apparently anything but prime factors in the Idaho power rate situation as outlined before members of the Kiwanis club at a regular meeting Monday, by Everett M. Sweetley, former president of Idaho's public utilities commission and now attorney for the Southern Idaho Power Users' association.

Mr. Sweetley was invited to address the club on the power situation from the viewpoint of the consumer and at its meeting next week the club has arranged to hear a representative of the Idaho Power company on the subject.

Idaho's public utilities commission, Mr. Sweetley said, were approved, "while the Idaho Power company held the stop watch," and are "unbalanced" and "unjust."

"What we want and what we are after," Mr. Sweetley declared, "is to get those rates fixed upon a sound and fair basis so that they will stay fixed and make the situation an equitable and equitable."

"And as a part of this work, we want to get a definite determination of how much power this company has done and is doing, is for the service of the people of Idaho, and how much of it has been to further the corporate interests of the Idaho Power company as dictated from New York."

"And then we want to get established in Idaho the policy that the natural resources of Idaho are to be kept and preserved for the people of Idaho, so that when and as we need them, we won't be forced to compete with industries of other states for what is at our very doors."

As an instance of inequality in the present rates, Mr. Sweetley stated that the Idaho Power company, which is now paying for irrigation in Oregon at a price 10 per cent less than the charge in Idaho, Utah, Nevada and Oregon, he said, are drawing almost twice as much power from Idaho as is used by Idaho consumers. Idaho power users, he declared, ought not to be thrown in competition with Utah, Nevada and Oregon for the product of a natural resource of Idaho.

Company Makes Figures  
Valuation of power development has been determined in Idaho as the basis upon which to rate, Mr. Sweetley said. This policy was decided in 1919, about two and one-half years after the formation of the Idaho Power company in which several competing companies were combined to form a corporation which exercises practically monopolistic control over power development of south Idaho. Mr. Sweetley said, "The power company's estimate of the value of its property was completed last December. The utilities commission was not provided with funds for obtaining first hand information and could only check the power company's figures."

"The time and effort necessary to arrive at a sound basis for power rates has not been available, and it is not now," Mr. Sweetley declared. The power company, he stated, has spent in the valuation and rate cases approximately \$250,000, "enough to pay the expenses of the public utilities commission since its establishment in 1913."

"The closer we get to the time for getting down to brass tacks with the Idaho Power company," Mr. Sweetley said, "the less money the legislature gave the commission to meet the requirements of that time."

Time Element Essential  
The rate question, Mr. Sweetley said, is a practical question and one that requires time and study for its proper solution. The question, he said, will be settled within the first three to five years, and the manner of settlement depends very largely upon the attitude Idaho citizens take now.

Judge J. H. Richards of Boise, a guest of the club, spoke in terms of warm commendation of the organization's objectives as making for higher type of citizenship and civilization.

Initiation by vote of the members of the Elmer Kiwanis club to attend an evening meeting here June 16.

## ATTEND OFFICERS' SCHOOL

Captain H. G. Lauterbach, First Lieutenant J. L. Hodgins and three non-commissioned officers of company L, 18th infantry, Twin Falls unit of the Idaho national guard, left Monday evening for Boise where they will attend four-day sessions of a school for officers of the Idaho guard in preparation for the encampment at Camp Lewis which will open June 14 and in which the local company will participate. Non-commissioned officers of company L attending the school are Sergeant F. C. King, Sergeant W. E. Weaver and Corporal Arthur J. Peavey.

## PARK THIEVERY SUSPECT TAKEN

Property Missed by Tourists Here Found by Police in Possession of Mexican Suspect.

With the arrest early Sunday morning of a Mexican who gave the name of Juan Castilla, who claims residence at Burley, Twin Falls police believe that the perpetrator of systematic thievery occurring there successive Saturday nights at the tourist park here, has been taken in custody. Castilla is held a prisoner here to answer in probate court to charge of petty larceny. More than a dozen watches have been filed, according to the prosecuting attorney's office, except for difficulty in identifying property found in Castilla's possession and believed to have been stolen.

Castilla was arrested early Sunday morning at the intersection of Second avenue and Second street, after he had been chased out of the tourist park at about 4 o'clock in the morning by Harry Hoyt, a guest in the park, who deserted from the pursuit after he had been chased out of the park when he lacerated his bare feet so severely that attention of a physician was made necessary. The arrest was made by Patrolman Del Koonce, the suspect being identified both by Hoyt and by Manuel Hansen, another guest in the park, who first observed the intruder's presence, and who went to summon the police leaving Hoyt to watch the suspected thief.

Police found in Castilla's possession a watch which they say is the property of Thomas Clark, a guest at the tourist park last week at the park and which was stolen at that time. They found also a pocket knife that was identified as the property of L. G. Tattou of New Brown, New Jersey, and a miscellaneous collection of toilet articles, pocket knives, a pair of dice and pack of playing cards together with between \$10 and \$15 in currency, all of which is believed to have been stolen by Castilla from tourist park guests.

In the complaint filed against him, Castilla is charged with larceny of the property of the tourist park, the property of Fern Goodwin, a young girl guest at the park.

## SUPPERS BROKEN SHOULDER WHEN STRUCK DOWN BY CAR

Harry Eaton, tinner in the employ of the Twin Falls Bank and Trust company, suffered fracture of his collarbone when he was struck down during the noon hour Monday on Main avenue by an automobile. According to persons who witnessed the accident, Mr. Eaton was thrown high in the air and fell heavily on his shoulder. The car, according to witnesses, was not traveling at an excessive speed. The driver immediately brought his machine to a halt and rendered such assistance as was possible to the injured man.

## STOLEN WOOL IS RECOVERED

Four sacks of wool, owned by A. J. Newman, stolen from Shoshone and vicinity between April 15 and 22, have been recovered at Boise, according to Ben J. Brown, traveling watchman for the Oregon Short Line with headquarters at Porterville who arrived here Monday for a brief visit at his home. Rail way agents were interested in the recovery of the wool, part of which was taken from railroad yards at Shoshone.

## VAN EATON TAKES APPEAL

I. M. Van Eaton of Rock Creek, has appealed to the district court from judgment on a verdict in probate court awarding \$150 to James Lowe of Kimberly damages for wreck of Lowe's car alleged to have been caused by reckless driving on the part of Van Eaton. Lowe sued for \$208. Van Eaton was convicted on a criminal charge of reckless driving growing out of collision with the Lowe car.

The News is read by the permanent carrying class.

# COUNCIL WOULD REPLACE WOOD WITH IRON PIPE

Commissioners Call for Inquiry Into Feasibility of Purchasing Enduring Mains for Repair Operations.

Purpose of the Twin Falls municipal commission, to replace the old and worn pipe sections of worn-out wood water mains laid 14 and 15 years ago is restricted only by limitations of the municipal budget. This was evidenced at a regular meeting of the commission Monday evening when S. B. All, commissioner of streets and waterworks, called to attention the necessity for immediate replacement of sections of wood pipe. Wood pipe along one block on Fourth avenue north has been uncovered and found to be practically useless, the commissioner said, and he added, similar conditions are believed to exist with regard to wood pipe on Third avenue north and Fourth avenue west. He protested against any requirement for replacing the old with new wood pipe in these sections. Other members of the commission expressed their opinion to similar effect, the only limit being the amount of money available for purchase of more enduring pipe. Following brief discussion the commissioner instructed the clerk to communicate with manufacturers requesting price quotations on water pipe of both wood and cast iron.

## Postpones Hose Purchase

The commission heard at some length the arguments advanced by two dealers in support of their respective claims for furnishing additional hose for the fire department, and then voted to postpone to the regular meeting two weeks hence the actual purchase of the hose. Eight hundred feet of new hose is to be purchased, part of which is to be used to replace worn and broken part to augment the hose supply in order to conform to underwriter's requirements. Bids have been received from three concerns, but were not opened Monday night. Dealers appearing before the commission at that time were C. O. Meigs and W. J. Young, both of Twin Falls.

A bill for the electric current for cooking devices at the tourist park for the month of May amounting to \$12.95, with the request that it be paid from the city treasury, was received from the chamber of commerce, and was disallowed, the commissioners taking the position of the city could not undertake, under its budget, to pay for more than lighting of the park.

## Keep Within Budget

The commission authorized issuance of warrants in payment of claims against the city in the sum of \$7,210, of which \$3,670 was on account of the warrant against the city treasury, and the balance of \$3,540 against the general fund. The total of warrants issued for the month of May was shown by report of City Clerk J. L. McGe to be a little less than 1-12 of the year's appropriation of \$102,701.

Upon recommendation of the chief of police the commission authorized issuance to Joe Martinez of license for operation of two pool tables and card tables. The commissioners also heard request of A. B. W. Vandenberg that no license be issued in the future to the owner of his property at 209 Main avenue east.
