KING AND SLAVE ALLIANCE CAUSE OF SLAYING BOY

Fourth Alienist Testifies in Hearing of Leopold and Loeb for Death of Robert Franks.

CHICAGO, Aug. 9 (AP)—The defense today scored the end of its plea before Judge John R. Caverly for mitigation in the punishment of Nathan F. Leopold, Jr., and Richard Loeb, sons of millionaire families, for the kidnapping and murdering of young Robert Franks. The last of four eminent specialists through whom the defense has attempted to prove the youths are "mentally sick" and spent the entire two hour session of court on the witness stand today. He dissected Leopold's personality as he had that of Loeb yesterday. Leopold, he said, was fit mentally to fall in with Loeb's plan to "commit the perfect crime" because of the mental state to which he had been reduced through physical deficiencies, failure of certain glands to function normally and a strange "king-slave" phantasy which had persisted from childhood.

Deals With Leopold

Having put Loeb's personality to vivisection yesterday, the mental pathologist, Dr. H. S. Hubert, of Chicago, dealt almost entirely with Leopold today. The "psychiatric cause of the Franks crime is not to be found in either boy alone but in an interplay of their friendship" he said. Leopold was described as by nature, kind, and almost unwilling partner in the murder of the 14 year old Franks boy. Only Leopold's obsessional necessity to his "dream king" kept him a partner even after his intellect told him commission of a "perfect crime" was impossible, testified Dr. Hubert. Leopold wanted to postpone the kidnapping and murder to go to Europe, he added.

COURT AWARDS GATE CITY \$74,335.04 IN DEFUNCT BANK CASE

High Tribunal of State Gives Pocatello Large Amount in Judgment Against Stockholders Bannock National Bank.

BOISE, Aug. 9 (AP)—Another aftermath of the closing of the Bannock national bank in Pocatello, May 12, 1931, was settled in a recent decision of the supreme court which awarded the city of Pocatello a judgment of \$74,335.04 against the stockholders of the bank. At the time the bank closed the city had that amount of money in the bank, \$31,000 of which was on-time deposit. Suit was brought by the city based upon the alleged liability of the defendants on a depository bond which they had signed as sureties. The defendants are Lyman Pargson, William F. Kaika, Daniel W. Church, Ella Franklin, executrix, and Clarence E. Franklin, executor, of the estate of N. G. Franklin, deceased, and Earl C. White.

THINK BANDITS IN MINE DEAD

No Trace Found of Three Since Friday; May Have Run Into Deadly Black Damp.

PALISADE, Colo., Aug. 9 (AP)—The three fugitive Palisade postoffice robbery suspects, who have been the object of a siege of the Palisade mine for one week, are believed to be dead. This was the announcement made this afternoon by Martin Wenger, postoffice inspector on duty at the mine with Sheriff Jeff Watson and members of the sheriff's posse. An exploration of the mine today failed to reveal any trace of the fugitives at any place within the mine. The last trace was obtained late yesterday when an exploring party reported finding footprints within 400 feet of a section of the mine known to be filled with the deadly black damp. At that time the footprints showed that a man and a woman had been traveling together within the mine, the prints showing that apparently they were nearly exhausted. Members of the posse yesterday stretched lines of three across the various passages of the mine in an effort to determine if the fugitives made any movements during the night, but an investigation today revealed that none had been broken.

Earthquake Throws Japanese Holiday Makers Into Panic

Citizens in Towns of Hojo and Fateyama at Tokyo Bay Entrance Feel Shock; No One Is Hurt.

TOKIO, Aug. 10 (AP)—Japanese holiday makers in the Boshu coast towns of Hojo and Fateyama, at the entrance to Tokyo bay, were thrown into consternation Saturday evening by a somewhat severe earthquake. No damage has been reported. A very slight shock was felt in Tokyo at the same hour.

FORMER AIDE DE CAMP TO MCKINLEY IS DEAD

CHICAGO, Aug. 9 (AP)—News of the death in Washington, D. C., of Colonel H. O. Heistand, 68, formerly aide de camp to President McKinley and later adjutant general of the central department of the army, was received here.

\$50,000 FIRE NEAR SALT LAKE

Plant of Murray Eagle Is Destroyed When Flames Get Out of Control.

SALT LAKE CITY, Aug. 9 (AP)—Fire which originated from melting pots in the plant of the Murray Eagle at Murray, a suburb about miles south of here late today completely destroyed the plant and spread to adjoining buildings causing an estimated loss of \$50,000.

The flames fanned by a stiff breeze got out of control of the local fire department and help was sent from here. The augmented fire fighting force soon eliminated all danger of spread. Three firemen were slightly injured by falling debris.

50 MINERS TRAPPED IN JAPANESE COAL MINE

TOKIO, Aug. 10 (AP)—Fifty miners were trapped in the Iriyama coal mine, Fukushima province when a gas explosion occurred there yesterday evening. It is feared that all are dead. Nine bodies have been recovered.

GOVERNOR GRANTS PARDON

PHOENIX, Ariz., Aug. 9 (AP)—Governor G. W. P. Hunt today granted a reprieve until September 5 to William E. Akker, who was sentenced to be hanged at the state prison in Florence Friday morning.

HONDURAS AGAIN UNDER CONTROL OF FEDERALISTS

Government Reports Affairs Quiet Once More Following Revolt; Troops After War Minister Who Rebelled.

TEGUCIGALPA, Honduras, Aug. 9 (AP)—An official statement was issued today announcing that the government is in complete control of affairs in Honduras.

"The republic of Honduras is enjoying relative calm," it says, "and the provisional government has the situation created by the treason of General Gregorio Ferrera under full control. Ferrera has fled from Tegucigalpa to the mountains with some troops and malcontents. The commander of the government troops has been ordered to pursue Ferrera. The war minister has been instructed to institute proceedings against him, as he is charged with treason against his country."

"Southern and eastern Honduras are free from revolt. It is not true that the port of Amalpa is in the hands of revolutionaries. The statement then declares that the 'alarmists news spread throughout Central America by certain Honduran politicians is erroneous and more sensational than informative.'"

BORAH IS INVITED TO ADDRESS IDAHO PIONEERS

BURLEY, Aug. 9 (Special to The News)—A meeting of coal miners was held here at Albion, the pioneer town, on September 3, when the "seventy-niners" will have their big outing, at which they are expecting Senator William E. Borah to be one of the speakers. All pioneers who came to Idaho before '81 are requested to attend the meeting.

According to a letter received by Hyrum S. Lewis, of Declo, who is a "seventy-niner" himself, Senator Borah will make an earnest endeavor to attend.

WORD IS RECEIVED

LAKEHURST, N. J., Aug. 9 (AP)—The position of the Shenandoah, which left her mooring mast on board the United States ship Patoka at Narragansett bay in the afternoon, shortly before midnight has been established at 70 miles southeast by east of Ambrose lightship and about 95 miles from her harbor.

FIRST OF 3 PROTOCOLS SIGNED TO PUT DAWES PLAN IN EFFECT SOON

German Representatives and Reparations Commission Sign Agreement; Two More Yet to Get Necessary Signatures.

LONDON, Aug. 9 (AP)—The first of the three protocols necessary to put the Dawes reparations plan into operation was signed this afternoon by representatives of the German government and the reparations commission. The document formally accepts the Dawes plan and by it the reparations commission releases all German assets so that they will be available as security for the proposed loan to Germany.

One of the other two protocols is between the allies and the German government, while the third contains an agreement among the allied nations. The effectiveness of the protocol signed today is conditional upon the signing of these two protocols, a conclusion upon which depends the success of Premier Herriot's important mission in Paris, where he will meet the French cabinet tonight.

American Present

James A. Logan, Jr., at an unofficial American representative with the reparations commission this afternoon and after the signing he decided the protocol was a "businesslike arrangement between the reparations commission and the German government." Its completion without difficulties, he said, was due largely to the skilled handling of the situation by M. Barthou, president of the commission.

FRENCH CABINET APPROVES

PARIS, Aug. 10 (AP)—Unanimous approval has been given by the cabinet to the action of Premier Herriot and his colleagues at the London reparations conference.

This was announced at the conclusion of the special cabinet council at 1:30 o'clock this morning.

A communique issued after the cabinet meeting adjourned says: "The ministerial council was acquainted with what was done at the London conference and agreed unanimously to give it full approbation. Consequently M. Herriot, M. Clementel and General Nollet will leave Paris for London today (Sunday)."

Train Hurtles Into Another and 14 Are Seriously Injured

Breaks Loose From Locomotive and Rolls Down Mile Long Incline Into Workmen Homeward Bound.

MACON, Ga., Aug. 9 (AP)—Fourteen persons were injured, some perhaps fatally, when a clay train operating from a mine near McIntyre, 25 miles from here, broke loose from a locomotive and hurtling down a mile incline, crashed into a train loaded with workmen on their way home.

BANK HELD UP BY TWO BANDITS

Wyoming Depository Robbed of Between \$3000 and \$10,000 in Bold Daylight Raid.

CASPER, Wyo., Aug. 9 (AP)—The bank of Salt Creek, at Layover, Wyo., 42 miles due north of here, was held up by two masked men shortly before noon today, who escaped with \$3000 to \$10,000 cash. John Mendell, 34, was arrested a short time after the holdup when he took refuge in a tent on the outskirts of the town. It is said that citizens who made up the posse which took up the chase after Mendell fired more than 50 shots at the tent in which the man was hiding before he surrendered.

Put Into Small Room

The two bank robbers entered through the rear of the bank and, inviolated guns ordered four employees, including R. R. Rodol, cashier, to throw up their hands. The bank employees were ordered into a small room.

Two customers in the bank were ordered to lower the window shades and prevent anybody from looking in from the outside.

The robbers then grabbed all the money sacks in sight and departed through a rear door.

On robber dropped a sack containing money in getting over a fence and did not stop to pick it up.

FALLON'S ACQUITTAL ONLY START OF HIS VINDICATION, HE SAYS

NEW YORK, Aug. 9 (AP)—The acquittal of William J. Fallon brought to a conclusion one of the most interesting cases ever tried in the federal court here.

Building up his own case with the same dexterity with which he made himself known as a prosecutor in Westchester county and as the defender of accused persons here, Fallon based his case on the charge that he was the victim of a plot on the part of William R. Hearst and the New York Americans to "destroy him."

"My vindication has only begun," he said after the acquittal, "and another day will see the complete proof of all the assertions I ever made."

The acquittal last night was the second personal victory which Fallon has won since he became involved in federal actions as result of his activities in defending a bookshop operators. Federal Judge Bondy in January refused to hold Fallon guilty of contempt on a charge of withholding papers bearing on the affairs of the bankrupt brokerage firm of E. M. Fuller and company.

COMMITTEE REPRESENTS 10 GROUPS INDEPENDENTS

DENVER, Aug. 9 (AP)—A committee, representing ten groups of independent voters, to select a campaign manager for the La Follette-Wheeler campaign in the state and to designate six presidential electors was named by the Colorado conference for progressive political action in session here today. The candidacy of the Wisconsin and Montana senators will be placed before the Colorado electorate under the name of "The La Follette Party."

ITALIAN FLYING IN WAKE OF AMERICANS

KIRKWAH, Scotland, Aug. 9 (AP)—Lieutenant Locatelli, the Italian navigator who is flying in the wake of the American world fliers, arrived at Kirkwa, Scotland, from Brough, England at 6:30 o'clock tonight. He remained here an hour and a half and then took off for Stromness, about 15 miles west of Kirkwa.

LEGION ELECTS MAN AT IDAHO FALLS AS HEAD

Hailey Selected Next Convention City; Mrs. Batley and Dr. Snook Named Officials in Organizations.

POCATELLO, Aug. 9 (AP)—Hailey was chosen as the 1935 convention city at the closing session Saturday afternoon of the state convention of the American Legion for the department of Idaho. The Saturday session was devoted to the election of officers and delegates to the national convention. The following department officers were elected:

Department commander, Dr. G. B. Crabtree, Idaho Falls; vice commanders, Carl M. Ross, Orofino; Claire Baldridge, Parnaa; A. H. Christiansen, Downey; Samuel P. Vance, Jr., Hazelton. Historian—R. Leo Fluke, Parnaa. Master-at-arms—J. C. Jones, Paul. Chaplain—The Rev. F. D. McCabo, Cour d'Alene.

National executive committee—James Harris, Wolter.

Vice national executive committee—E. E. Hunt, St. Maries.

Delegates to the national convention: Paul Davis of Boise; Dr. G. B. Crabtree, Idaho Falls; Virgil Samms, Boise; Dr. F. E. Snook, Twin Falls; Lester Albert, Fayette; F. T. Jones, Kellogg; W. C. Duran, New Plymouth; C. R. Vollenbaur, Arpa; Alternates: C. A. Holtfoss, Nampa; William E. Daley, St. Anthony; E. J. Therkildsen, Pocatello; and Frank De Vork, Aberdeen; E. D. Polson, Lewiston; H. Worcester, St. Maries; L. W. Chilton, Nampa; John Holman, Teton.

Mrs. Ernest E. Lambaugh of Boise was elected department president for the state of Idaho at the session of the American Legion auxiliary in Pocatello Saturday morning. Mrs. G. Nicholas Hoff, Pocatello, was elected first vice commander; Mrs. Morita Batley, Twin Falls, second vice president; Mrs. Leo Scholter, Boise, secretary; Mrs. Walter Orrell, St. Maries, treasurer; Mrs. Frank Moore, Camaret, historian; Mrs. D. S. Whitcomb, Ashton, chaplain.

IOWA MOTHER ACCUSED OF DROWNING HER SON; MURDER CHARGE FILED

WATERLOO, Iowa, Aug. 9 (AP)—The criminal annals of Iowa today failed to reveal a parallel for the crime by which six-year-old Nicholas Maharias was thrown into the Genesee river to drown by his step mother, Mrs. Marie Maharias because, according to her signed confession, she "hated the boy and wished to hang for the murder," rather than commit an often contemplated suicide. The authorities refused to believe Mrs. Maharias when she told them Thursday she had killed her stepson but with the finding of Nicholas' body today the theory that Mrs. Maharias was demented was discarded and a charge of first degree murder was brought against her. The county prosecutor said he would ask the death penalty.

ASPIRATIONS OF FRANCE UPHELD

French Editor Warmly Defends Treaty of Versailles and His Country's Position.

WILLIAMSTOWN, Mass., Aug. 9 (AP)—France is profoundly convinced that Europe is too close to a century of struggles for independence to be reconstructed now on a principle which would take account of economic phenomena at the expense of national aspiration, national security and democratic ideal. "Declared Louis Aubert, political editor of Revue de Paris, at the institute of politics tonight.

The spokesman of the French delegation in his lecture warmly defended the treaty of Versailles and France's subsequent position. He assailed the common view which held "his country responsible for every appearance of resistance to innovation, 'as if Europe were a theater of marionettes of which France holds all the strings.'"

Repeating that no plan for Europe's reconstruction could be based on the sole basis of economic necessity, M. Aubert stated that prosperity is returning to Europe and that its people have recovered their peace of mind and settled down to work because national aspirations have been satisfied. According to the figures he added, employment is on the decline and the excess of exports over imports has increased. In France, during the first four months of 1934, he said, this excess reached 1,488,000,000 francs.

IMMIGRANT LAW CAUSES BRITAIN A NEW PROBLEM

Reduced Quota Allowed to Enter United States Results in British Looking to Other Countries for Settlement.

LONDON, Aug. 9 (AP)—In view of Great Britain's reduced quota under the new United States immigration law, British authorities are turning their eyes to other countries and to the dominions in an effort to provide an outlet for the surplus population of the islands. It has been estimated that more than 70 per cent of the British applicants for entry into the United States during the year 1924-25 will be unsuccessful, and a large proportion of those will seek admission into other lands.

Artisans Problem.
Absorption by the dominions of the agriculturists among the emigrants is simple compared to the problem of caring for the artisans and skilled laborers, according to the authorities. A recent report issued by a delegation which visited New Zealand declared that that dominion's source of wealth and prosperity was fundamentally based upon agricultural and pastoral pursuits, the development of which must be the chief concern of her people.

To a lesser degree this applies at the present time to Canada, Australia and South Africa, and for that reason most of the British emigrants being admitted to those dominions are of the agricultural class.

Many Left Out.
Large numbers of skilled laborers in the Clyde-side industrial district of Scotland and other manufacturing districts, who had planned to enter the United States, have found themselves forced to remain behind, even though the unemployment among their class, which has been gradually diminishing during the past year, still remains serious. It has been estimated that more than 60,000 persons are awaiting American visas in the Glasgow district alone.

Cause of Echo
An echo is the repetition of a sound due to its reflection from some distant surface, such as from a building, cliff, shore or body of water. It should be remembered that sound is transmitted by means of waves through the air. Sound travels very slowly in comparison with light or radio waves. In ordinary air sound waves travel at the rate of about 1,100 feet a second. Now suppose a person is standing 1,000 feet from a reflecting surface such as a hill or cliff. It will take the sound waves set in motion by his voice one second to reach the cliff and it will require the same length of time for the reflecting sound waves to return to the human ear. Therefore, the sound will elapse between the time he shouts and the time he hears the echo of his voice. Repeated echoes are due either to independent reflections of sound from bodies at different distances or to successive reflections.

Billions of Buttons
There are 20,000,000,000 buttons manufactured in this country annually, and the industry has grown to such proportions that it equals, in dollars invested, and value of products, the cutlery industry or the manufacture of oilcloths and linoleum. America has almost a monopoly on the manufacture of vegetable ivory buttons, which are made in enormous quantities from the tognu nut. This nut grows plentifully in the northern part of South America and in Panama, and provides the greater part of the buttons used in men's clothing. If all the buttons made in the United States and States were distributed equally among the population each man, woman and child would receive 152, with a few thousand left over for good measure.

"Seward's Folly"
Probably the phrase "Seward's Folly" applied to Alaska will indicate as well as any words can the attitude of the people toward the purchase of Alaska. American histories fail to emphasize the fact that the government purchased the territory called Alaska as an appreciation of the support which Russia gave to the federal government during the civil war. It seemingly was an unwise investment, for at the time of the purchase the public was not aware of the enormous mineral wealth to be found in the territory.

Atlantic Airflights
The first Transatlantic flight was made by the United States naval airplane N-C-4, in charge of Lieut. Com. A. C. Read. The other members of the crew were Lieuts. B. F. Stone and Walter Hinton, Radio Operator Ensign E. H. Rodd, Engineer Chief Machinist Mate E. F. Rhodes. All were Americans. The flight began on May 8, 1910, and ended May 31. The total flying time from Rockaway, N. Y., to Plymouth, England, was 31 hours and 10 minutes.

SHENANDOAH ABANDONS MOORING MAST TEST; RETURNS TO LAKEHURST

Naval Air officials Unable to Explain Sudden Decision to Return Ship to Base Without Completing Plans.

LAKEHURST, N. J., Aug. 9 (AP)—Naval air station officials tonight confirmed Newport, R. I., reports that the Shenandoah will return here about 4 o'clock tomorrow morning. They said a message had been received from the Shenandoah which left her mooring mast on the Patoka at Narragansett bay at 3 p. m. saying that she would return to the base early tomorrow. The naval station here had heard nothing from the Shenandoah at 7:15 and was unable to explain the sudden decision to return to Lakehurst. The aircraft was to have remained until Monday for anchorage test, according to plan and was understood to have gone aloft today merely to carry out another trial at mooring her to the Patoka's mast.

TIMBER PROTECTION WILL COST \$50,000

BOISE, Aug. 9 (AP)—Protection from fire to state timber for the remainder of this year will cost approximately \$50,000 and there are not sufficient funds to meet this expense, the state board of land commissioners today authorized a deficiency not to exceed this amount. The \$50,000 appropriated by the 1923 legislature for fire protection for the years 1923 and 1924 is practically gone, because of the heavy expenditure this year to meet the extreme hazard that has existed since early in the season. I. H. Nash, state land commissioner, told the board.

KIMBERLY

B. GIBBY—Mr. and Mrs. Mervin B. Gibby arrived home Thursday afternoon from their trip to Oregon. Mr. and Mrs. R. G. Wilson and their daughters, Arlene and Jennet, arrived home Thursday afternoon from their trip to the Boise country. Frank Swearingen left Thursday noon for the Yankee Fork country in the Sawtooth mountains, where he expects to land one of the big salmon. Mrs. W. A. L. Stowe left Wednesday for Salt Lake where she will spend vacation with her mother and friends.

Ernest "Buster" Steinhilber entertained a number of friends at his home Saturday evening, celebrating his birthday anniversary. Everyone reports a splendid time.

W. A. L. Stowe left Thursday evening for Monticello to look after business interests.

Mr. and Mrs. Woody Seal and family of Twin Falls, and relatives from Dallas, Texas, were visitors at the home of A. J. Wilson, Thursday evening.

Miss Johnson and three sons of Tulare, Okla., are visiting her brother, J. H. Henry, at the home of Miss Flo Henry. They intend to stay about three or four weeks. Miss Anna Steinhilber is home from Albion normal school, having finished the summer term. Twins were born at the home of Mr. and Mrs. Walter Koch, one mile north and one mile west of Kimberly. The bridge club met at the home of Mrs. J. L. Sheppard, Thursday afternoon. Mrs. J. F. Henry won the club prize, having the highest score, and Mrs. Roy Davis won the guest prize. Besides the members the following guests were present: Mesdames N. Hagley, Ray Davis, H. E. Powers, J. N. Nygaard and Herbert Johnson. Miss Louise Nygaard helped serve a delicious two-course luncheon.

HAZELTON

HAZELTON.—Roy Gale and Miss Vera Boden were united in marriage by Bishop Welch of the L. D. S. church in Jerome Monday. Mrs. Gale is the daughter of Mr. and Mrs. James Boden of Hazelton and bookkeeper at the Hazelton State bank. Mr. Gale is the manager of the Hazelton Grain and Milling company elevator.

A son was born Tuesday, August 5, to Mr. and Mrs. Alice Jeffries. Mr. and Mrs. Wilford Whittekind also have a son, born to them the same day. The Rev. and Mrs. Glen Morton left Thursday for an outing at Payette lakes. They expect to be gone about three weeks. During that time there will be no preaching services at the church.

The Christian Endeavor members of Hazelton entertained the Eden members at a social given in the church last night, Wednesday evening.

Mr. and Mrs. H. H. Thorsen left Wednesday for a trip to the Boise country. Charles Hindley is in charge of the drug store in Mr. Thorsen's absence. Miss Francis Eason and Miss Mary Lou Ford were down from Rupert Wednesday for a short visit with Miss Elmer Edwards.

Skyscrapers in London Possibility. British architects favor six stories as the usual height for buildings in London and recently the planning of some of the new buildings created considerable talk. It is quite a movement in the British metropolis favoring higher buildings to relieve congestion, but the innovation is being fought in some quarters.

GRANGE APPROVES THE STAND OF MINISTERS

BOISE, Aug. 9 (AP)—Indorsement of the stand of the Boise Ministerial association opposing national defense day, a demand for the repeal of the federal reserve act, a request for an investigation of the storage of irrigation water in the light of the present draught and a request that every citizen, whether debtor or creditor, deal in his power to keep the best daily bread—cattle on Ada county farms, were set forth in resolutions adopted by Ada county Pomona Grange in a meeting with the Mountain View Grange at Highland school house Thursday.

Music Lures Fishes
Additional evidence that fishes are able to hear has been produced by a German scientist. He fed blind fishes to a musical accompaniment. After the sixth day of this treatment the fishes always came up to the surface when the music played, thus forming the trick was never forgotten, the fishes always appearing on time during a thirty-day test.

Insects Dire Pest
In the Canary Islands insects, ants and similar pests are more than an ordinary nuisance, as residents of the northern countries understand such things. The "beetle" units are so prevalent in places as to destroy furniture, clothing and foodstuffs. They are an eighth of an inch long. Likewise roaches are very numerous. The result is that the islands offer a great market for insecticides.

True Brotherhood
Brotherhood also consists in being kind to people who are sensitive and obedient to the point of docility.

Come and enjoy the occasion with us and then take a fishing trip to the adjacent mountains.

For concessions, write, J. E. PERKINS, Fairfield, Idaho.

WANTS INVESTIGATION MADE BEFORE AIR MAIL OFFICIAL QUILTS JOB

SALT LAKE, Aug. 9 (AP)—Frank B. Cook, president of the Salt Lake Chamber of Commerce, today sent a wire to Paul Henderson, second assistant postmaster general, asking that no action be taken on the resignation of Charles A. Nelson, division superintendent of the all mail service until an investigation is made. Nelson was asked to resign by Carl F. Eggo, general air mail superintendent, as a result of the death of Pilot William H. Blanchfield in a crash at Reno, August 1. At a meeting of the chamber of commerce this morning it suggested that the move on the part of Mr. Eggo was drastic.

Braying Birds

Birds that bray were recently discovered in South America on an expedition sent out by the American Museum of Natural History. The birds are a type of penguin. The birds' note sounds like that of a jack ass, and the "hiss" sometimes live in the dense jungles with parrots, humming birds and woodpeckers. The fact that they are of the penguin type is surprising, as penguins were thought to inhabit mostly the antarctic wastes.

Two Standards

The spirit of unfairness toward the sterner sex is always noticeable. When a real pretty boy does nothing but run around and have a good time people call him a sorry whelp, but when a real pretty girl conducts herself in the same manner people call her a peach.—Milwaukee Journal.

A Plea to Men

Please keep your hair

By Edna Wallace Hopper

You men admire luxuriant hair, thick and lustrous, healthy, clean. And so do we, dear air. Then, why will you, through sheer neglect, let your hair disappear?

My hair is finer than 40 years ago.

I grow thicker every year. I have never known falling hair or dandruff, and never a touch of gray. Just because I searched the world for the best hair helps men and women. I call it Hair Youth. From time to time each better help discovered has been added to it.

I believe the experts I consult know all that is known about hair. I know they supply me their utmost. Certainly no factors ever discovered have brought finer hair than mine.

Now I offer you, as I offer women, this supreme help for the hair. It is concentrated. You apply it with an eye-dropper directly to the scalp. There is complete the hardened oil and dandruff which so afflict the hair roots. It tones and stimulates. Then hair thrives just as nature thrives in a well-kept garden.

I know that have I place it in your room, the greatest help hair in existence. Not some fallacious theory, not some ordinary tonic, but the best that science has discovered, so far as I can find.

All druggists and toilet counters supply my Hair Youth under guarantee. The first package brings you help you seek, or I will pay the cost. The cost is 50 cents and \$1 with eyadropper.—Let me urge you to try it. We women—all of us—like to see heavy, healthy hair. And I have found the way.

I will send you a bottle to try with out cost if you mail this coupon to me.

BUHL PREPARES TO BEAT BLUES

Cosgriff's Men to Face Hard Going When Griswold Arrives With New Team.

Charles William Nowbill, new twirler for the Twin Falls Blues, whose first game against Buhl ten days ago was the best curve ball exhibition given in these parts in five years of baseball, will again take the mound for Manager Cosgriff's player against the terminal city Grays at the local park at 3 o'clock this afternoon.

Today's contest will be the sixth between the two nines. For Buhl the game is crucial in winning her men can tie the series with Twin Falls. If the Blues are able to annex the affair they will win the series, four games to two.

Though Manager Griswold of the Grays has announced that the much heralded Boston will go in the box today, inside runner from Twin Falls, it is that a Salt Lake twirler whose identity has been carefully concealed, is to chuck for the visitors. Furthermore, a half dozen or more members of the strong Pocatello Bears club are said to have been signed by the Grays for the one game contest. Two or three of regular Buhl men are also expected to appear in the lineup.

The Blue organization will be somewhat changed. Whitel, first baseman, and Watson, third sacker, seem to have been dropped permanently from the lineup. Tom Flynn will cover the left corner. Selley, Lehrs and Melton will take third, short and second, respectively. Ed Muscel, former high school backstop, will work behind the plate in the absence of Richardson, who has resigned.

GIBBONS KNOCKS OUT BRITISH HEAVY WEIGHT

American Boxer Gives Britain's Best a Thrashing and Then Knocks Him Out in Third Round.

LONDON, Aug. 9 (AP)—Tom Gibbons, the American light-heavyweight, gave the British heavyweight hope Jack Bloomfield, a terrible thrashing in the second round of their fight at the Wembley stadium this afternoon and then knocked him out easily in the third round.

The fight in which the St. Paul "phantom" who landed 16 rounds with Jack Dempsey, made his European fist debut, was to have gone 20 rounds. Before a crowd of 70,000 persons, the only hope British sportsmen had of regaining their nation's long lost prestige in the heavyweight ring was vanquished somewhat ignominiously.

COUNTRESS BADLY HURT IN AUTO CRASH

COUNTRESS DE FRASSO

COUNT AND COUNTESS CARLO DENTICE DE FRASSO OF HOME, ITALY, ARE IN A GLASS FALLS, N. Y., HOSPITAL, SERIOUSLY INJURED.

The countess, formerly the wife of Claude Graham-White, English aviator and builder, has several fractured ribs. The accident occurred when they were riding in the automobile of Mrs. Raymond T. Baker, wife of the former director of the mint, and former wife of Alfred Gwynne Vanderbilt. Their car collided with another. Mrs. Baker and the chauffeur were uninjured.

DECISION GIVES COUNCILS POWER

Supreme Court Upholds Lewiston in Ordering Two Buildings Removed.

BOISE, Aug. 9 (AP)—Power of city councils to declare old buildings nuisances and order them destroyed, was upheld by the supreme court in a recent decision of a case brought from Lewiston; of which the city council declared two frame buildings nuisances and ordered them destroyed. Owners of the buildings sought injunction proceedings, the lower court holding for the city, and the owners appealed.

The supreme court held that the lower court's action in ordering one building destroyed was proper, but modified the judgment as to the other building, and it is to be repaired so it will be tenable.

ASSESSORS IN BOISE FOR MEET

Annual Meeting of State Board of Equalization Opens Monday Morning.

BOISE, Aug. 9 (AP)—Assessors from Idaho's 44 counties are expected in Boise tomorrow to be in readiness for the annual meeting of the state board of equalization which opens Monday at the state house. Assessors are required by law to attend the meeting and unexplained absentees are subject to a fine of \$1000. Governor C. C. Moore, chairman of the board, has notified all assessors of the meeting.

Members of the board are Governor Moore, P. A. Jeter, secretary of state; P. G. Gallet, state auditor; D. F. Banks, state treasurer and A. H. Conner, attorney general.

Property Abstracts.

Property abstracts from all counties of the state have been filed with the state auditor and his records have been put in readiness for the meeting. Deeds of the board are to examine the property rolls as submitted by the assessors, question the assessors concerning any variation in valuation of similar property in adjoining counties and place a value that shall be applied to one kind of property over the state. The board also fixes the valuation for taxing purposes of all public utilities of the state.

Boise Man Sentenced on Liquor Conspiracy Surrenders to Boise Authorities and Will Serve Sentence.

BOISE, Aug. 9 (AP)—Mack Gillum, convicted in the Ada county district court on January 4, 1923, on a charge of liquor conspiracy and sentenced to 10 months in jail and fined \$50, returned to Boise today from Mexico City and surrendered to the county authorities. The sheriff allowed the convicted man his liberty until Monday evening when he will start serving his sentence.

Following his conviction Gillum appealed to the supreme court and was placed under bond of \$1000 which was furnished by two Boise friends. In the meantime he made a trip to Mexico City and about two weeks ago when word went sent him that the supreme court had denied his appeal he started for Boise to release his bondman from liability and to comply with the sentence of the lower court.

COOLIDGE TALKS OVER PLAN WITH CAMPAIGN HEAD

Chairman Butler and President Coolidge discussed organization of National Nonpartisan Movement for Ticket.

WASHINGTON, Aug. 9 (AP)—President Coolidge devoted attention to republican campaign plans at another conference this afternoon with Chairman Butler of the national committee after the chairman announced organization of a national non-partisan movement for Coolidge and Dawes which probably would be launched soon.

Mr. Butler told the president the movement had been inspired by voluntary expressions of members of other parties of sympathy with the candidacy of the president. "Reports to me," Mr. Butler said, "are to the effect men and women are leaving their party folds to support our presidential ticket because of their appreciation of the sincerity and honesty of the Coolidge administration; some of them admitted a slight dissatisfaction with their own party leadership. In certain cases they have announced their intention also of voting for certain local republican candidates but this is not general. Underneath all is the confidence in the president, and his judgment."

DECLARES DAVIS NOT FOR LABOR

Gompers, President of Federation, Answers Second Wilson Letter on Committee's Stand.

ATLANTIC CITY, N. J., Aug. 9 (AP)—Samuel Gompers today replied to a second letter from William B. Wilson of the democratic campaign committee at Washington, the reasons why the executive council of the American Federation of Labor considered John W. Davis undeserving of labor's endorsement as a presidential candidate.

The Gompers letter to Mr. Wilson today reiterated Mr. Gompers' assertion that Mr. Davis was not responsible for the draft or enactment of the Clayton law.

"Your letters make reference to the eight-hour law," said Mr. Gompers. "Let me remind you that the law was first passed by a republican congress. The labor leader related again his version of negotiations which prevented the wartime railway strike, and again declared that Mr. Davis and the supreme court earned the credit."

SEARCH FOR BOY IS SHIFTED TO ILLINOIS

DES MOINES, Aug. 9 (AP)—The search for Lester A. Lapidus, 17 years old Omaha high school boy, who disappeared from the citizens' military training camp here a week ago tonight was shifted from Iowa to central Illinois, when a report was made to the police that young Lapidus had telephoned to Miss Sarah B. Hays, a Des Moines girl, from a town believed to have been Galesburg, Ill.

On the strength of this story coupled with a report from Galesburg that a boy answering Lapidus' description was being held there, Morris Jacobs, friend of the Lapidus family, left for Galesburg in an airplane brought here from Kansas City. Another party was reported to have left Omaha for Galesburg by airplane.

BOURBONS TO SUPPORT WALTON IS ASSERTION

NEW YORK, Aug. 9 (AP)—Scott Ferris, democratic national committeeman from Oklahoma, today made public statements from Governor Trapp of that state and Walter M. Harrison, editor of the Daily Oklahoman at Oklahoma City, denying published reports that the state democratic organization would not support former Governor J. C. Walton in his candidacy for the United States senate.

"This state is anti-ku klux klan," Mr. Harrison stated, adding that the democratic state committee was expected to endorse Walton's candidacy.

WHEELER WILL RETURN TO WASHINGTON SOON

WASHINGTON, Aug. 9 (AP)—Senator Wheeler of Montana, independent candidate for vice president, sent word today that he expects to return to Washington by August 20 from a vacation spent with his family in Massachusetts.

Upon his arrival he will begin a series of conferences with Senator La Follette, the independent candidate for president.

Representative Nelson of Wisconsin, in charge of their main headquarters in Chicago, intends to be here also to discuss campaign plans with the two candidates. Nothing definite with regard to the agreement of speaking engagements, it was said, will be done until the three get together.

G. O. P. VOTE IN PRIMARIES HIGH

Republican Ballots in Cassia and Jerome Outnumber Those of Opposing Parties.

Republicans voted in greater numbers in primary elections last Tuesday in Cassia and Jerome counties than did members of either democratic or "progressive" parties. In Minidoka county there were contests only on the "progressive" ticket, candidates on the republican ticket being unopposed.

Outstanding features of the republican primaries in Cassia county were the defeat of Sheriff Stone Mahoney by P. D. Rice by 63 votes; nomination of J. L. Burgess over Roy Agee and P. B. Howells for prosecuting attorney; and overwhelming victory of Senator McMurray over W. R. Griswold for state senator.

The republican ticket, as determined by unofficial returns of the primary election, is as follows: Senator, McMurray; representative, John A. Ellison; commissioners, Isaac Gudmundsen, L. A. Noren, F. G. Butler; sheriff, P. D. Rice; treasurer, Lawrence Dunn; probate judge, E. M. Wright; superintendent of public instruction, Edward Warr; assessor, A. E. Correll; coronor, L. A. Gallagher.

Cassia county democrats made no effort to file a ticket in the regular way, but by writing in the names, nominated a complete ticket as follows: State senator, Dr. R. P. Oldham; representative, Ray Beake; commissioner, W. A. Swart; John G. DeLeonard; probate judge, J. C. Gaskill; probate judge, H. F. Parish, Sr.; coronor, Dr. B. Johnson; prosecuting attorney, John S. Goding; sheriff, Fred Bach; treasurer, Mrs. Lulu Sears; superintendent of public instruction, Mrs. June Hoagland.

The following "progressive" nominees were voted without opposition: State senator, Ben C. Edwards; representative, William L. Geyer; county commissioner of First district, Haven Leigh; prosecuting attorney, F. B. Dotson; sheriff, N. C. Nelson; treasurer, Lawrence J. Kessinger; probate judge, A. Peterson of Jackson; assessor, W. R. Steinman; surveyor, T. J. Stephens.

In Jerome county the highest vote cast for candidates for any nomination in the republican primaries was 503; the highest in the "progressive" primaries was 377. There were sharp contests on both tickets. There was only one contest on the democratic ticket and only about 100 votes were cast in democratic primaries.

The three tickets in Jerome county, as determined by the primaries, are as follows: Republican—State senator, O. L. Thoreson; representative, Percy G. Fairman; commissioners, George Epperson, L. J. Anderson; sheriff, S. D. Stanton; treasurer, J. G. Lawrence; probate judge, Barnett C. McIlwelly; superintendent, Mrs. Nellie Roberts; assessor, George D. Petrie; surveyor, L. T. Burdick.

Democratic—State senator, W. H. Howerton; representative, J. R. Day; commissioners, E. C. Olenson, W. F. Weigle, A. Van Buren; prosecuting attorney, Henry M. Hall; sheriff, Walter W. Henry; treasurer, M. W. McCauley; probate judge, William A. Peters; superintendent, Julia L. Faddis; assessor, W. Deifendorf.

Progressive—State senator, J. D. Rigney; representative, A. B. McWhinney; commissioners, John P. McIntyre, K. C. King, Howard Bodenhamer; prosecuting attorney, M. L. Lewis; sheriff, J. R. Seelye; probate judge, George H. Ellis; superintendent, Mrs. Lavella Thornton; assessor, H. D. Cook.

Minidoka County. The only contested nominations in Minidoka county were on the "progressive" ballot where races developed between opposing candidates for two

WATER ON HAND TO MEET NEEDS

Manager Announces Increase in Delivery to Use Storage for Peak Requirements.

Sufficient water is available for successful maturing of bean and other important crops grown this year on territory under the Twin Falls canal system, according to Burton Smith, general manager of the Twin Falls Canal company, who Saturday announced the decision of the canal management to increase water delivery through the system to 70 per cent beginning next Monday. Orders for release of storage water in Jackson Lake and Wolcott reservoirs to make immediate delivery on this basis already have gone out. It is estimated that daily draft of between 400 and 500 acre feet on storage water held to the credit of the Twin Falls company will be required in order to furnish the 70 per cent delivery and that delivery on that basis will continue for 10 or 12 days before the storage water supply is exhausted. By that time, it is stated, the peak of the irrigation season here will be past.

Since last Thursday water has been delivered throughout the Twin Falls canal system on a basis of 60 per cent. Prior to that for some time the basis was 45 per cent, the lowest of the season. Normal flow of Snake river brought to Milner headgates Friday for diversion to the Twin Falls canal system a total of 2100 second feet of water. Normal flow conditions are considered remarkably favorable in view of the generally dry season.

AUTHORITIES AT BAKER HOLD BURGLAR SUSPECT

Complaint charging J. C. Campbell with a burglary charge, Thursday morning of the G. W. Tarr automobile wrecking establishment on second avenue east was issued Saturday following receipt of word here of Campbell's arrest at Baker, Ore., on request of the sheriff's office here. Campbell will be brought back to stand trial on the burglary charge by Deputy Sheriff John W. Cabaret, who left Saturday evening with extradition papers to which he expects to obtain the governor's signature at Boise on his way to Baker.

Campbell is alleged to have taken three automobile tires from the Tarr establishment. His description was given to authorities here by police who stated that they observed him Thursday morning replacing worn tires on his car with three that he is alleged to have taken from the Tarr establishment.

The burglar suspect was reported to be a man about 60 years old, traveling alone. He drove a Nash car, bearing a Nebraska license.

Unofficial returns show D. T. Wilson, Heyburn, defeated J. R. Bedford, 188 to 156, and P. J. Toews, Minidoka, defeated George Seaman, 109 to 153. Bedford and Seaman were running for reelection as commissioners. The two tickets in the field in Minidoka county are as follows:

Republican—State senator, Charles Colla; state representative, Harmon Foster; commissioners, A. C. DeMay, Louis Yates, Bradley Morehouse; sheriff, Charles Newton; treasurer, Miss Browne Colwell; assessor, Levi McDavitt; prosecuting attorney, H. V. Cresson; probate judge, W. B. Hardy; superintendent of schools, Mrs. Ida Sullivan; coronor, W. A. Goodman; surveyor, A. B. Brown.

Progressive—State senator, Ed Kirkpatrick; state representative, Luke Williams; commissioners, Ole Overlie, D. T. Wilson, P. J. Toews; sheriff, W. B. Cole; treasurer, Mrs. Ida Carlson; assessor, W. R. Poterman; prosecuting attorney, C. D. Pribbs; probate judge, George F. Fleisher; superintendent of schools, Mrs. Ethel Hunt; coronor, W. J. Huggins; surveyor, Walter S. Dunlap.

Complimenting Mrs. Stowell and daughter Esther of Santa Monica, Cal., Mr. and Mrs. Henry J. Wall entertained at dinner Friday evening at their home on Seventh avenue east. In addition to the guests of honor and hosts, courses were laid for Mr. and Mrs. Wilbur S. Hill and the Friebe family.

The members of the Entre Nous bridge club were entertained with an 8 o'clock dinner at the Chanicleer on Thursday evening by their husbands. After dinner bridge was played at four tables, high score being won by Mrs. J. W. Porter and low by Mrs. George Sandholtz. Mr. and Mrs. Mark Musser were guests substituting for an absent member.

Miss Betty Wilson entertained with a beautifully appointed luncheon Saturday complimentary to Miss Ila Mull and Miss Esther Stowell, who are visitors in the city. A color scheme of yellow and white was used and those present besides the honored guests, among others, were the Misses Jane Maxwell, Peggy Wall, Barbara Noble, Dorothy Neely, Martha Johnson, Marjorie Woods, Beth Bowen and Patricia Wilson. After luncheon the party attended the matinee.

The Lend-a-Hand club was delightfully entertained at the home of Mrs. Vivia Campbell on Friday afternoon. Following a brief business session the club enjoyed a river contest entitled "The Story of Kate." At the close of the meeting dainty refreshments were served to 11 members and three guests, Mrs. Molberg, Mrs. Gwartzley and Mrs. M. O. Kyndall. The next meeting of the club will be with Mrs. Hubert on August 22.

Miss Janet Felt celebrated her ninth birthday with a party at the home of her parents, Mr. and Mrs. Earl Felt, on Seventh avenue east Friday evening. Twenty little girls were present and numerous interesting games were played. Late in the afternoon refreshments were served from a table having for a centerpiece a lovely birthday cake adorned with nine lighted candles and surrounded with marigolds.

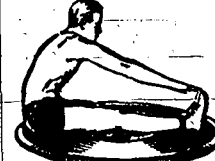

ANNOUNCEMENTS

The ladies of the Community church Aid will not meet with Mrs. Cordes as previously announced but at the home of Mrs. Matt Dean on Wednesday, August 13. A good attendance is desired.

The regular lodge meeting of the Pythian Sisters will be held Tuesday, August 12, in the Business Women's club rooms.

All Business and Professional Women will have a picnic in the city park Monday evening at six o'clock. Each member is supposed to bring her own lunch.

Three National Guard Units
to Play Part.

Observance in Idaho of national defense day, September 12, is to be arranged for by a state mobilization committee of 44 members, personnel of which, including Arthur J. Peavey, of Twin Falls, has been announced by Governor C. C. Moore. A vice chairman has been appointed to lead defense day test plans in each county in the state.

Three units of the Idaho national guard—Company I of Twin Falls, Company M of Idaho Falls and the medical unit of Kimberly—along with members here of the officers' reserve corps are to be afforded opportunity by the defense day plans, while participation of the event is contemplated by the war department's recommendation for all-mobilizations and ceremonies incident to the occasion.

Reserve Officers Instructed

The mobilization committee is a central factor in defense day plans. According to statement sent out by Major General Charles G. Morton, commander of the Ninth army corps area, to members of the officers' reserve corps, copies of which were received here Saturday, "It is intended that these state and local committees shall represent the state and local agencies that would be used in an emergency in the procurement of man-power under either a voluntary or selective service system and their functions in this respect, should be demonstrated in every community by filling the ranks of the organizations stationed in the vicinity—army, national guard and organized reserves—the personnel for which may be secured through invitations to civilians of military age to serve for that day only with special units during their participation in parades or other patriotic demonstrations."

Demonstration for Citizens.

It is hoped by the defense test to impress the individual officer and soldier of the first line of defense with his particular functions if an emergency comes.

The main object of the demonstration, however, General Morton explains, is to represent the mobilization requirements of our national defense policy and show the dependency of the units on the community to which they are attached and the contribution in aid of defense that could be expected from each community in the event of a national emergency. In other words, the primary purpose of the defense test is to enable citizens to see for themselves and to understand the initial steps necessary to muster our forces for national defense under the provisions of the national defense act of 1920.

ROAD-BUILDER FATALLY HURT

Ernest Woods, Employed on
Rogerson-Wells Line Dies
From Injuries; Seek Kin.

Ernest Woods, 34, employee of a construction outfit engaged in building the Rogerson-Wells railway line, was fatally injured Saturday when he was caught while at work by a falling concrete pillar, crushing both legs and causing internal injuries. Death occurred at 7:30 o'clock Saturday evening at the county general hospital here where the injured man was brought following the accident. The body was taken to the Blue & Sturdivant mortuary.

It is believed that Woods is survived by a brother and sister in Palo Alto, Cal., and inquiry has been addressed to the chief of police there. There are no known relatives here. A memorandum book found among Woods' effects indicates that he had been employed during the past four months by a number of farmers of this region including Ray McElroy, L. J. Miller, Dan Whaley and E. Anderson of Twin Falls, and H. C. Hansen of Eden.

CLAIM RENTALS DURING PERIOD OF REDEMPTION

Holders of Certificates of Purchase of
Foreclosed Property Sue Tenant for
Accounting.

Suit to require an accounting for rentals by John W. Glick, tenant on farm property, sold last November under foreclosure proceedings in the United States district court, instituted Saturday in district court here by H. Hamilton and E. G. Stables, holders of certificates of purchase of the property in question. The certificate holders, who are represented by J. R. Bothwell and W. Orr Chapman, attorneys, claim that they are entitled to rentals from the property during the redemption period, and in their complaint they fix the amount of the rentals for the current year at \$3500.

CANDIDATES RECOUNT COST

Three More Aspirants for Nominations
File Statements Setting Forth Campaign Expenses.

Three more candidates for nomination for county offices at the primary elections filed Saturday in the office of the county auditor, statements of their campaign expenses. J. E. De Witt, defeated candidate for the republican nomination for coroner, paid out \$31 campaign expenses, including \$1 filing fee. W. A. Minnick, defeated candidate for the democratic nomination for probate judge, confined his campaign expenditures to \$15, the amount of his filing fee, according to his statement. M. E. Finch, unopposed candidate for the democratic nomination for sheriff, also spent only the amount of his filing fee, \$18.

FILER MAN ADMITTED TO BOND.

Paul E. Harmon, who returned voluntarily last week from Wray, Colorado, to answer to charge here of abandonment of his wife and three children at Filer, was Saturday admitted by Probate Judge O. P. Duvall to bond in the sum of \$300 in lieu of six months' jail term. The bond is required as assurance that Harmon will make good his promise to support his family.

GIANT PROJECT WILL BE PUSHED

Reclamation Service Plans Vigorous
Building Program at
American Falls.

The reclamation service contemplates at American Falls the most vigorous construction program recently attempted in the west as soon as conditions which apply to appropriations and the financing of the project are completed with according to F. A. Banks, engineer in charge of the project, who returned Wednesday night from a conference with reclamation officials at Denver, says the American Falls Press.

An important item of interest to local people is his statement that those interested in the sale of right-of-way to the government should arrange a settlement within the next two or three months if they expect to contract with the government during the next two or three years. The contracts signed for right-of-way purchases during the next two or three months will determine the amount of money to be appropriated for right-of-way purchases. Funds that are not tied up for purchases will be allotted to the construction program for the next two years, according to Banks.

Expect Quick Sale.

R. E. Shepherd, president of the reservoir district board, informed Banks before leaving Denver for St. Paul that he expected to effect the sale of the district bonds before September 1. Should the other irrigation districts pay in their contracted portions of funds by that time and meet all conditions laid down by congress, work will begin immediately. It will be the plan of the reclamation service, according to Banks, to prosecute the actual construction with all possible vigor.

Equipment for construction work at American Falls is available from the Black Canyon dam at Emmett and the Teton dam near Yakima, Washington, and both of which will soon be completed. Every facility will then be used to rush work at American Falls and make storage water available at the earliest possible date.

The board of engineers at Denver recommended a solid concrete dam on the West bank of Snake river to be built opposite the high school building. From there the dam will be of earth and rock with concrete walls. The highway will extend across the top of the dam and the structure will be one of exceeding beauty.

SHERIFF PUTS SALARY

AT FIGURE BEFORE CUT

Disregards Commissioners' Reduction
Order in Making Up Budget of Office for Coming Year.

Cost of operating the sheriff's office during the next fiscal year will be \$18,250, according to estimate submitted Saturday to the board of county commissioners by M. E. Finch, sheriff, who included in his budget the expense for sheriff's salary at \$2000 for the year, disregarding apparently the commissioners' order which appeal has been taken to the courts that reduced salaries of most elective county officials and cut the sheriff's salary from \$2000 to \$1800 per year. Other items in the sheriff's estimate are deputies' salaries, \$6000; records and supplies, \$500; railroad fare and travel, \$1000; board of prisoners, \$2800; supplies and expense of jail, \$350; miscellaneous, \$500.

Treasurer's office expense next year will approximate \$9780, according to estimate made by Mrs. Emma Langley Warren, treasurer. Treasurer's salary was estimated at \$1800 in conformity with the reduction ordered by the commissioners. Other items in the treasurer's budget include regular deputies' salaries, \$3360; extra clerical help, \$1750; records and supplies, \$1350; postage, express and freight, \$425; telephone and telegraph, \$95; premium on bonds, \$1000.

Budgets are being prepared and submitted by county officials to the county commissioners for the commissioners' guidance in fixing the county tax levy for next year.
