RUHR DECISION IS EXPECTED TODAY AT CONFERENCES

Problem of Evacuation Holding Up London Parley to be Solved Among Delegates of Three Countries.

LONDON, Aug. 12 (AP)—The decision of the German, French and Belgian delegates on the Ruhr evacuation problem will probably be communicated to the reparations conference tomorrow. Announcement of this was made by Premier Herriot of France to the "big fourteen" of this morning...

The Belgians are not supporting the French in their efforts to prolong the occupation of the Ruhr. Premier Theunis frankly says he does not want to hold Belgian troops in the Ruhr at the expense of the German industrialists...

And there are many other questions in connection with the proposed delivery of goods under the report of the third committee which at the "big fourteen" discussed yesterday at this afternoon's meeting.

G. A. R. PARADES IN DRIVING RAIN

Thinning Ranks. White-Haired Veterans of Civil War Once More Hold Encampment.

BOSTON, Aug. 12 (AP)—America's white-haired veterans braved a driving rain today to march once more to the sound of fife and drum. The Grand Army of the Republic drew its thinning ranks together for one more parade...

There were serious faces among them, but for the most part these old men were happy. Cheers came from the sidewalks, windows, the little flags and handkerchiefs and hats in response...

Defense Presents Its Last Evidence to Save Youthful Murderers From Hanging

BANK ROBBER SUSPECT SHOT; OTHERS ESCAPE

CHEYENNE, Wyo., Aug. 12 (AP)—An unidentified man, believed to have been the "shoot" for a party of three or four others who were engaged in an attempted bank robbery, was shot, probably fatally, at Bushell, Neb., 50 miles east of here, early today.

The wounded man, who is about 45 years of age, has been unable to talk. He is shot through the abdomen.

THINK BANDITS IN MINE DEAD

Ten-Day Siege on Palisade Mine Where Suspects Hid Is Ended.

PALISADE, Colo., Aug. 12 (AP)—The ten-day siege of the Palisade mine ended today. Three postoffice inspectors headed by Martin Wenger and the force of county paid armed guards who have been on duty at the mine in quest of three fugitives suspected of the \$15,508 robbery of the Palisade postoffice on August 2, withdrew at 9 o'clock today.

The fear that they might have escaped from the mine, however, is not regarded very highly as armed guards have constantly been on duty at the main portal and the two shafts, the only entries to the mine, since early Saturday, August 2.

Idaho Forests Are Closed to Smokers To Prevent Fires

Boise, Weiser, Payette, Salmon, Challis, Lemhi and Sawtooth Reserves Come Under Ban, Forester Announces.

ODDEN, Aug. 12 (AP)—Seven Idaho forests—the Boise, Weiser, Payette, Salmon, Lemhi and Sawtooth—have been closed to smokers under an order issued here by District Forester E. H. Rutledge. The fire menace made this action necessary, according to Mr. Rutledge, and he has requested railroad companies to take steps to prevent lighted cigar or cigarette stubs from being thrown from trains.

COMMISSION GIVEN MORE TIME IN POWER COMPANY RATE CASE

Complaint Filed in United States Court by Idaho Organization Must be Answered by September 15.

BOISE, Aug. 12 (AP)—Time for the Idaho public utilities commission to answer the complaint filed in the United States district court by the Idaho Power company, questioning the jurisdiction of the commission in rate making and valuation, was extended today to September 15, by stipulation of both sides. The original complaint was filed July 25, which would have given the defendants until August 14 to answer.

BOLD BANDITS RAID GAME

One Man Killed When Five Masked Men Take Money Away from 35 Players Shooting Dice.

PITTSBURGH, Aug. 12 (AP)—One man was shot and killed attempting to escape from five masked bandits who late today raided a dice game on a nearby hill and bound and robbed approximately 35 players according to the police. One of the alleged bandits arrested gave his name as Charlie Steel of San Francisco. Papers found on the body of the dead man gave the name of Alexander Lippnet of Pittsburgh.

State Immediately Launches Retribution to Clinch Contention That Leopold and Loeb Should Pay Death Penalty.

CHICAGO, Aug. 12 (AP)—The last evidence on which was based the plea to save Richard A. Loeb and Nathan P. Leopold, Jr. from the gallows, was presented late today and immediately the state launched its rebuttal to clinch its contention for the death penalty instead of a prison term for the kidnapers and slayers of young Robert Frank.

To urge Judge John R. Caverly towards "mitigation" or "justice tempered by mercy" was left only the final plea of Clarence S. Dawson, vice president of the defense, and his two associates, Benjamin and Walter Bachrach, against a long line of state witnesses, which includes five salientists, the first of whom just had testified Loeb was sane when the court was adjourned late today.

Dramatic Period.

The defense rested shortly after one of the most dramatic periods of the 10 days of the hearing brought about by the appearance in the witness box in rapid succession of Allan Loeb, brother of Richard, Jacob Loeb, former president of the Chicago board of education, and an uncle of the youthful defendant, and Norman Leopold, Nathan's older brother.

Through them, and Mrs. Katherine Fitzgerald, secretary to A. H. Loeb, vice president of Sears Roebuck and Company, and Richard's father, the defense sought to show that the youths were plentifully supplied with money and the luxuries of life.

First State Witnesses.

Dr. Hugh T. Patrick, Chicago, former president of the American Neurological society and the Mississippi Medical association, was the first witness called. In addition to Dr. Wood, called in because of his study of endocrinology, Dr. Patrick will be supported by three alienists who have appeared for the state in numerous Chicago murder trials.

BOARD WADES IN TO EQUALIZATION WORK BEFORE IT

Washington Power Company Case Taken Up; County Assessors Being Questioned on Rates Fixed.

BOISE, Aug. 12 (AP)—After hearing arguments pro and con concerning the valuation of the Washington water power company, the state equalization board today waded into the task of interviewing assessors of Idaho's counties regarding the information shown on their abstracts of property as submitted for this year.

Getting Away With It

An order for 10-year management for the company, told the board that the company was "getting away with \$12,000,000 worth of property that it was not paying tax on." He referred to lands belonging to the state of Idaho that have been inundated by waters of Lake Coeur d'Alene when the company built a dam for power purposes.

Ada County First

Ada county being first in the alphabetical list of counties, W. A. Kline, assessor, was the first to be called on. He explained the assessments shown on his roll opposite the various kinds of property. The roll shows that approximately \$119,959 has been added to the \$150,000 personal property reported in 1923.

Nurses Arrested In Louisiana for Wearing Knickers

Law Prohibiting One-Piece Bathing Suits, Kissing, Petting Parties and Wearing Trousers by Women Being Enforced.

HAMMOND, La., Aug. 12 (AP)—The newly ordained list of the county commissioners of Livingston parish prohibiting the one-piece bathing suits, "petting" parties, and the wearing of trousers by women, had its first tryout yesterday, when two pretty nurses of Mandeville were arrested at Denham Springs, charged with wearing "knickers." They were taken before a justice of the peace, entered pleas of guilty and were assessed fines of 5 each. The justice let it be known that the law in Livingston parish is supreme and must be respected. The nurses paid their fines.

EXCLUSION ACT CAUSES CONCERN

Japanese Speaker Says Immigration Bill Will Have Grave Consequences Over World.

WILLIAMSTOWN, Mass., Aug. 12 (AP)—The statement of Mr. Hanthra, Japanese ambassador to Washington, that the immigration bill passed by the congress of the United States would have grave consequences not only in his native land, but throughout the world, was reasserted by Yusaku Kurematsu, Japanese representative at the institute of politics in the first of his series of lectures here tonight.

Taking as his thesis that war is a menace to civilization, Mr. Kurematsu predicted that in 10 or 20 years Japan would be "one of the greatest, if not the greatest of all outside factors affecting American progress."

Don Not Mean War

The "grave consequences" of the Japanese immigration law in Japan do not indicate a threat, Mr. Kurematsu said, nor does it mean "that any intelligent person in Japan dreams of going to war with the United States."

CONFESSES PART IN EAGLE BANK ROBBERY; 4 HELD

Chet Langer, Son of Boise Valley Rancher, Tells of His Share in Holdup in Which Men and Woman Got \$2700.

BOISE, Aug. 12 (AP)—Six hours after charges of robbery had been filed this afternoon against four suspects held by Ada county authorities in connection with the robbing of the bank of Eagle Monday morning, Chet Langer, son of a Boise valley rancher and one of the suspects, confessed to Laurel E. Elap, Ada county prosecuting attorney, to his part in the theft and Ada county officers were confident tonight that they held a correct solution of the robbery.

Taxi Driver Held

Charges of robbery were filed by Mr. Elap against "Frank" Bousley, driver of the Buick automobile that figured in the robbery of \$2,773 from the bank. Dorn Douglas, bobbed hair waitress, is whom trunk at the farm home of Orr Summers, south of Star, where the two Douglas children were being cared for, was found \$25.00 in pennies, thought to have been taken from the bank; Langer and Oliver Jones, former convicts at the Idaho state prison, Carl Norris, justice of peace, held a preliminary hearing at the jail. The prisoners were committed to the county jail. The sheriff under \$20,000 property bond or cash bail in the sum of \$10,000.

Stayed at Shack

Langer in his confession states that Monday shortly after midnight the party went to a shack north of Eagle on the Pearl road and stayed there until almost 9 o'clock Monday morning when they drove to Eagle and he and Jones went into the bank. Both had guns. Langer said, and they picked up the money and getting into the car they drove west to a point where the woman and Jones got out near the Summers home and he walked up the road a short distance, then hopped a car, went back into the bank. Both had guns. The Douglas woman and Jones carried the bank loot to the Summers' home, Langer said in his confession.

GLOBE AVIATORS PLAN NEXT JUMP

American Fliers Will Hop Off Thursday for Greenland if Weather Permits.

REYKJAVIK, Iceland, Aug. 12 (AP)—The American army world fliers, Lt. Lowell H. Smith and Lt. Erik Nelson, and their mechanicians, will jump off from Reykjavik Thursday for Angmagssalik, Greenland, weather conditions permitting. This was decided upon this evening after word from Angmagssalik that the supply steamer Gertrude Rank has beaten her way through the ice floes and reached port and there stand conditions favorable to the landing of the planes of Smith and Nelson in the sheltered harbor.

Directs Patrol

Near Admiral Magruder, commander of the patrol fleet, sent out orders tonight from on board the flagship Richmond, in the naval patrol, direct the team with regard to their operations during the flight of the aviators on the next leg of their journey. The cruiser Raleigh is to remain off the Greenland coast and receive Lieutenant Smith and Lieutenant Nelson on their arrival. The patrol fleet, consisting of the battleship "O'Brien" will leave here tomorrow for positions along the route between Reykjavik and Angmagssalik. He Richmond will depart early Thursday morning to take up a position 130 miles at sea; and after the planes pass she will shape her course direct for Cape Farewell on the western extremity of Greenland.

# ENGLAND FEELS BOUND TO LEAD IN GOLD BASIS

### Fate of Standard Much Dependent on Monetary Policy; Britain Will Go Ahead With Restoration of System.

LONDON, Aug. 12 (AP)—The fate of the gold standard is so much dependent upon British monetary policy, that England is simply bound to take the lead in the restoration of the world's monetary system. It is impossible for England to wait and see.

This statement was made by Professor Gustav Cassel of Stockholm University, regarded as one of the greatest authorities on world monetary conditions, in the course of a lecture to the Institute of Bankers.

Professor Cassel said it was very much against the financial interests of the United States to allow the value of gold to be seriously depressed by an internal inflation and still more by such violent measure as the prohibition of gold imports.

## Variety of Particles Gathered by the Eye

Few people have ever experienced the pain or discomfort that comes of getting dust particles or other foreign bodies in the eye. Few, it is safe to say, realize the variety of some of these irritating obstructions.

Tell the average person it is possible to collect in the eyes the dust of a falling star and you will probably be disbelieved. Yet microscopic examination has shown this to be a fact.

Volcanic eruption may cause discomf. A similar fashion, lava flows from an active crater give off clouds of vapor containing microscopic particles that make their way round the world in the upper air currents, ultimately to fall in showers upon the earth, where wide-open eyes may easily collect them.

And, the great deserts contribute largely to the number of foreign bodies gathered in this way. Sandstorms do not cease from troubling immediately they subside. Their particles are borne by the winds the world over, many of them finding lodgment in our eyes as the microscope has repeatedly proved.

Pollen from the big pine forests of Canada may affect us in like manner, while an even more strange, though not less potent, cause of this special form of irritation is the scales of butterfly wings. There is a rule during the first flights after emerging from the pupa.

The sources and variety of things gathered in the eyes during a normal lifetime are, in fact, amazing and form an astounding commentary on the distracting forces unceasingly at work in the universe.

# RENAME FAMED FIGHTING UNIT

### Third Regiment of Artillery Has Name Changed; Saw First Service 1794.

SAN PEDRO, Aug. 11 (AP)—Reconstituted as the Third coast artillery the Third regiment of artillery, historically famous fighting unit of the United States army which first saw service July 1, 1794, recently reopened its history at Fort MacArthur, near here, under the command of Major George Rubin, Jr. Battle ribbons won on home and foreign fields during the last 130 years fluttered from the color standards as "The Fighting Third" was ceremoniously reconstituted at the fort. The Third regiment of artillery came into being following the Revolutionary war. It was recruited among the veterans of that war for service against the Indians in the conquest of the west.

First Known. It first became prominent among fighting units on February 23-25, 1847, at the battle of Buena Vista. General Santa Anna, commanding the Mexican forces, had swept all American resistance before him. Without infantry to support him and at the expense of losing his own guns, Captain Bragg, then commanding "The Fighting Third," brought his troops into action with a withering charge of canister. The first charged halted the Mexican advance. The smoke from the second and third salvos cleared away with the Mexicans in rout. Thus the regiment won its present motto, "Saved the Day," which was conferred upon it by General Zachary Taylor, following the engagement.

There is, perhaps, no more interesting place in the whole world than Oxford, the ancient English university town. Any one who likes quaint old things can agreeably spend weeks there. Oxford university is not a single institution like practically all American schools, but a group of 20 separate colleges, all linked together in a sort of league. The oldest one, Balliol, was founded away back about 1260. The buildings of Christ Church college are the largest and most imposing of the lot. Many of the stone steps of these old Oxford buildings have been worn nearly through by the footsteps of succeeding generations of students and have had to be replaced.

# Women Know What They Want —and Get It

A woman buys many different food products, dozens of fabrics and articles of apparel, shoes, things for the home, toilet preparations—quite probably in a year she makes a thousand purchases. Personally to judge the quality of each, she would need to be a chemist, an engineer, a metallurgist and a good many other things.

Manufacturers who want to work for her must realize this: They must put in their application at once; convince her of their intention and ability to give her merchandise of known value; and then live up to the standard.

For she is a just but ruthless boss. She neither forgets nor forgives. She rewards loyal service with loyalty, but her condemnation of broken faith is final.

Her favor is the sunlight of success; her indifference, the outer darkness.

So, given the choice, of course she buys the goods she knows in preference to those she does not know. And she is going to have that choice for a good many years. She is boss.

With pyramid-shaped prisms on its inside surface, a lens for the automobile tail signal has been invented to give

greater brilliancy to the light and to afford protection for the car even if the lamps should go out. The prisms are so designed that light from approaching cars illuminates them a bright red at a distance of 250 feet or more. The lens is inserted with the flat surface out and fits any standard lamp.

Heating houses with waste oil periodically drawn from automobile crank cases may soon be a means of helping solve the fuel question, in the opinion of experts. Already garage owners in an estimated fifteen million garages of this substance, equivalent to 15,000 tons of coal, are thrown away yearly. Gasoline itself once was a left-over product, but with the coming of the 2400 H.P. consumption increased until in 1922 more than sixty billion gallons were used in the United States alone.

Stiffs and the "pogo" stick are combined in the device shown in the drawing to provide a new sport for the children. The user mounts the footboard and tips the stick toward the left and right alternately with body movements, turning the handle at the same time so that the action of the device closely resembles walking. The steps are of good length and the operation is not tiresome.

The construction of the device is shown in the inset. The legs are made from a length of 1/2 in. flat iron about 1 1/2 in. wide, bent to the shape indicated. A cross brace of the same material is riveted to the legs about halfway between the bottom and top. To this brace a 4-ft. length of 3-in. gas pipe is riveted, the end of the pipe being slit with a hacksaw and bent, the ears so formed being bent outward, flattened and drilled for the rivets. A footboard, with a hole drilled to fit on the pipe loosely, is slipped over the pipe and rests on a large metal wheel placed over the top of the legs. A 3/4-in. rod is driven through a hole drilled near the top of the pipe to serve as a handle. The footboard is loose so that the user can

operate the device without moving his feet but by giving the handle a twisting motion and swaying the body from side to side.

PROFANE OPERA MORAW 'OLYMPIA ARENA, CLEVELAND, Ohio, Aug. 12 (AP)—Benny Leonard, world's lightweight champion, defending his title for the first time in 11 months, easily defeated Pat Moran, New Orleans challenger, in a 10-round no-decision contest last night. A tabulation by ring-side experts gave Leonard nine of the ten rounds, while the sixth went to Moran.

CANADIAN BEAT AMERICAN OUTPOSTS 'AMERICAN NEW YORK, Aug. 12 (AP)—Jack Bennett, Canadian heavyweight, decisively outpointed Barley Madden, tough New York highman, in a 16-round main event at the Long Island athletic club in Long Island City last night. The Canadian bested his opponent in every exchange but his blows lacked steam to knock out Madden or even to send him to the floor. The Irishman was badly cut about the face at the termination of the contest.

Messages in Patches The little black "patches" that was imported from France in the days of powdered wigs and powdered gowns did more than draw attention to the beauty of the wearer.

Formerly ladies used to patch to convey messages to their courtiers. For example, according to an old-world book, a writer in London answers discovered recently, a patch on the left cheek bone meant to say: "I love you always," and one on the right cheek "I have not quite decided yet."

A patch on a lady's dainty chin represents love given to another, while a message for you alone was conveyed by a discreet beauty spot placed near the ear, and "to hope all for you" by a patch on the temple.

Quite a dainty language of love, isn't it? Will it ever be revived?

Old Income Taxes There were state income-tax laws in colonial days and divers federal income-tax laws were enacted by congress during the Civil war years, but in 1894 congress made its first attempt to provide a permanent and substantial income-tax law.

The first successful attempt to provide a federal income tax was in 1895, says the Detroit News, when congress passed a law for the purpose of placing a tax against corporations, but which was in fact a tax against the entire net income of corporations amounting to more than \$5,000 a year.

This law was succeeded by the 1913 income law and the sixteenth amendment to the Constitution empowered congress to pass income-tax laws as we know them today.

BLUES READY TO MEET GRAYS ON BUHL FIELD

Oriswold to Use Home Talent to Beat 'Cossgriff's' Team; Flynn and Russell Named as Battery Against Westwyer

Cal Grizzlies are again just that this evening's game on Buhl field at Buhl between the Blues and the Grays will be a regulation nine-inning contest and will begin, as far as his knowledge of the matter is concerned, promptly at 8:30 o'clock.

Buhl after an ill-fated attempt Sunday to beat the local club with varied aggregation gathered from Postville, Boise and Salt Lake, has decided to depend upon local talent for the remaining games of the season and Flynn, who will top the mound for the Blues, will face the identical team which proved his nemesis a week ago.

Westwyer, Buhl's twirler from Minidoka, is the man counted upon by Buhl to hold Cossgriff's jugglers in check while the combination of Young, Boston, Cox and Simmons will be relied upon to drive in Buhl's winning runs.

THREE BANKS CLOSED; STATE FUNDS TIED UP

Depositors at Elira, Montpelier and Rexburg Shut Doors; Had Total of \$40,150 on Deposit.

BOISE, Aug. 12 (AP)—State money totaling \$40,150 automatically became "tied up" when reports of three banks closing reached the treasurer's office.

All the money is protected by surety bonds and the state will not lose a cent, it was announced at the office.

This morning E. W. Taylor, commissioner of finance, was informed by telegram that the bank of Montpelier, a state institution, had failed to open its doors.

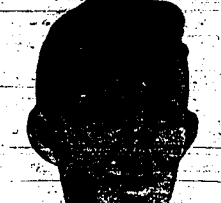

Almost simultaneously with the news of the Montpelier bank came the report that the National bank of Elira had closed their doors Monday.

The Rexburg bank had \$22,500 state money paid by a \$25,000 United States Fidelity and Guaranty company bond and the Elira bank had \$8,650 protected by a \$10,000 National Surety company bond.

Grandmother Has Hair Bobbed When Her Children Do

Only Having It Done Because Daughter and Granddaughter Say It Is More Comfortable.

WASHINGTON, Aug. 12 (AP)—First, Miss Sylvia Smith King, 20, had her hair bobbed. Then her mother, Dr. Cora Smith King, 50, submitted to the same treatment.

Yesterday her grandmother, Mrs. Emma Barnes Smith, 80, sat in the same chair. For a moment only as the shears began their work, 80 felt the missing alien to 20, or even to 50.

"I'm only doing it," she admonished her daughter and granddaughter, "because you insisted it would be more comfortable."

YOUNGSTERS ON TOUR ENTERTAIN MANY HERE

Little Wards of "Daddy" Draper Home Traveling in Trucks Through Washington and Idaho.

Twenty-three girls and boys ranging in age from 4 to 14 years, wards of the "Daddy" Draper home of Des Moines, Wash., on tour in three big trucks through eastern Washington and Idaho, arrived here Tuesday afternoon and in the evening entertained a crowd of between 300 and 400 persons assembled at the corner of Main avenue and Shoshone street west.

The program presented from a stage erected on one of the trucks, included a wide range of entertainment features with instrumental music, singing, speaking and boxing. All but four of the little inmates of the home are on tour, "Daddy" H. M. Draper stated.

In explanation of the work, Mr. Draper stated that the children's home at Des Moines, known as "Daddy" Draper home, is primarily a home for children having neither father nor mother where they can be trained to be self-supporting and independent.

Study hours are maintained during the tour, Mr. Draper said. A teacher coming from Spokane, is expected to join the company here today.

FORD WILL NOT BE A CANDIDATE

Auto Manufacturer Withdraws Name From Republican Senatorial Primary.

LANSING, Mich., Aug. 12 (AP)—In a telegram from South Sudbury, Mass., which was verified late today by Charles Deland, secretary of state, Henry Ford withdrew his name from the republican senatorial primary race in Michigan.

Deland in the day Deland had stated that Ford's name, with others to be certified to go on the primary ballot, would be mailed to the county clerks at 4 o'clock this afternoon.

The telegram from Ford was received shortly before that time.

In the message Ford said that his name had been placed in the ballot by parties unknown to him and that while he failed to understand their motive he believed that it could be a "good one."

He said he repudiated the undertaking and was in no sense a candidate for any office at this time.

FIRE IN BARN CAUSES DEATH OF TWO; OTHERS ARE REPORTED MISSING

KNIGHTS LANDING, Cal., Aug. 12 (AP)—Two men were burned to death and several others are missing as the result of a fire early today in a barn of the River Farms company here, which trapped several itinerants who had to fight their way through a locked end of the big structure.

The fire, of unknown cause, broke out in a hay stored in the barn and within a few minutes had consumed the entire unlocked end of the building was ablaze. The panic-stricken men, rushing to the other end of the barn, tore boards from their fastenings and sprang out one by one through a

Coroner J. C. Wilson of Yolo county, was informed there were several other men missing. Two bodies, burned beyond recognition, were recovered.

DANCING MASTERS TO DICTATE NEW STEPS

NEW YORK, Aug. 12 (AP)—Plans have been outlined before the annual convention of the International Association of Dancing Masters for the elimination of extreme forms of dancing.

"If the plans are carried out the 'wild cat whirl,' the 'tiger waddle' and the 'camel-easter' will be replaced by the 'whisper-whirl' and the 'fox' trots of fast and jerky movements will give way to the 'raggedy Ann' described as a fox trot in slow rhythm."

CAREY VALLEY BONDS \$420,000 CERTIFIED

BOISE, Aug. 12 (AP)—The reclamation district bond commission today certified bonds in the amount of \$420,000 for the Carey valley irrigation district, near Carey, according to a filing made in the office of D. F. Banks, state treasurer, by the commissioner.

There are 10,000 acres of land in the district all of which is under cultivation at the present time. Proceeds of the bond issue are to be used to purchase an auxiliary water supply by building a reservoir.

FIVE ORGAN AT RIALTO In transforming Louis Joseph Vance's popular story of love, romance and adventures, "The Lone Wolf," into a thrilling photoplay, S. E. V. Taylor, the famous writer and director, had the leading roles portrayed by the popular film stars Dorothy Dalton and Jack Holt.

Monday for the first time Twin Falls citizens were given an opportunity to hear the \$10,000 pipe organ that has been installed at the Rialto. Most of us seldom have been given the opportunity in addition to pictures of quality. Organist Thomas is said to be one of the best musicians of this type in the west and the melodies obtained from the pipe organ are classified as well worthy of going to heaven.

ORPHEUM A surprisingly versatile gathering of funmakers and novelty producers in their pleasant pastimes and frolics will be seen at the Orpheum theater tomorrow.

CALIFORNIA FOREST FIRES RAGING AND SITUATION CRITICAL

One Blaze in Cleveland National Area Out of Control; Another Burns Over 4500 Acres at Lake.

SAN FRANCISCO, Aug. 12 (AP)—The forest fire situation throughout California was still regarded as critical, although only one blaze in the Cleveland national forest, southern California, was out of control, according to a report issued tonight by the United States forest service. The outstanding special difficulty to hunting and vacationing was still in force.

The Oak Glen fire in Angeles national forest, southern California, was under control today after having burned over about 4,600 acres.

Fires in national forests of northern and central California including the Lassen, Plumas, Shasta, Biarra and Modoc reserves, were all reported under control. The blaze in Modoc national forest which started August 9, burned over 2,000 acres.

Democratic Nominee for President Leaves Clarkburg for His New York Home After Address.

CLARKSBURG, W. Va., Aug. 12 (AP)—John W. Davis, democratic presidential nominee, left here tonight for his home at Leadville, N. Y., distinctly encouraged by information brought to him in the effort his acceptance address will have in solidifying the democratic ranks.

Many members of the national committee, who came here to attend the notification ceremonies last night called Mr. Davis today to congratulate him on his speech and to carry reports of brightening democratic prospects in their localities. The candidate also held a conference on organization plans with Clem L. Shaver of West Virginia, the new national chairman and George White of Ohio, a former chairman.

NATIONAL RAM SALE AT SALT LAKE CITY

SALT LAKE, Aug. 12 (AP)—All arrangements have been completed for the ninth annual ram sale under the auspices of the National Sheep Growers' association here, August 25-27, according to an announcement by Secretary F. R. Marshall. Sixty of America's leading sheep breeders have listed 2900 entries. The list of entries includes 1380 ewes coming from eight different states. The Rambouilles is somewhat smaller than last year, on account of the absence of consignments from California, but in Hampshire there is considerable increase. Secretary Marshall reports that conservative prices are indicated for this year's sale and the average merit on the entries is much higher than previously.

Loch was suffering from mental disease," Dr. Patrick said, and asked why he had detailed his lengthy qualifications and his study of the youthful defendants. "Yes," replied Dr. Patrick. "I think so; unless we assume every man who commits a deliberate, cold-blooded murder is sane." He then stated that there were no statements by the boys made and nothing in the examination showing mental unsoundness except a lack of a sufficient impression of the enormity of the crime they had committed. Further testimony for the day was lost in a heated wrangle over the meaning of a long, hypothetical question asked by the state. Dr. Patrick will resume the witness stand tomorrow morning.

ONE MORE STOCK RUN IN ARROWROCK DAM

BOISE, Aug. 12 (AP)—One more stock run from Arrow Rock reservoir, planned tentatively to start Sunday, will exhaust the stock on hand, according to officials of the United States bureau of reclamation. Unless rain falls, the Boise-Payette project then will receive no more water from the big dam. The run, officials said, will last three to four days, depending on the amount of water in the reservoir, and it may not reach all ranches. An endeavor will be made to supply all the stock ponds.

# ADDITION SMITH SEES SUCCESS OF REPUBLICANS

## Congressman From Idaho Regards LaFollette Candidacy as Factor Impairing Democratic Chances.

Confidence of republican success in the general elections next November was expressed by Representative Addison T. Smith on his return Tuesday with Mrs. Smith to their home here after many months' absence in Washington.

On commenting on the political situation, Mr. Smith stated that in his judgment President Coolidge will receive a large majority of the votes of the electoral college and that the chances for the election of a democratic candidate for the presidency have been greatly impaired by Senator LaFollette entering the contest. The populous states of the east which have been considered doubtful, Mr. Smith stated, will undoubtedly give their electoral vote to President Coolidge, largely because of the fact that for some unexplainable reason the labor vote which heretofore has been supporting the democratic party will cast their lot with Senator LaFollette. Thousands of farmers, Mr. Smith heretofore voted the democratic ticket probably will support the "progressive" candidate for the presidency, Mr. Smith said.

### Open Way to Republicans.

Mr. Smith is of the opinion that Senator LaFollette may also get a large support in the southern states where but a small percentage of the total vote are cast. Mr. Smith stated that the support Senator LaFollette receives in the southern states, Mr. Smith believes, can not possibly result in his securing a majority in any state, but may result in defeating the democratic vote in a few congressional districts to such an extent as to permit the election of some republican candidates for congress and instead of having one republican from the extreme south as at the present time—Mr. Warshaw of Texas—there may be several in the next congress. The doubtful states, Mr. Smith believes, are in the middle and northwestern sections of the country where the large majority of voters are engaged in the agricultural pursuit.

"Regardless of the fact that the present administration almost immediately after it was inaugurated enacted a tariff bill for the special benefit of the farmers and which has undoubtedly kept prices from falling lower than at present," Mr. Smith stated, "many of the farmers will vote for the candidates of the party which would reduce the tariff on farm products or the 'progressive' party candidates who appear to have no economic policy to offer. It is doubtful, however, if Senator LaFollette will receive more than three or four of the states," Mr. Smith stated further.

Mr. Smith's conclusions as to the political situation have been drawn from extensive study in his position as vice chairman of the republican national congressional committee which has an important role to perform in a campaign year in working for the return of republican candidates for congress.

Mr. Smith's return to Idaho has been further delayed by questions arising in connection with Indian affairs, land titles, rights of way across public lands and other problems which he is endeavoring to settle. He has deemed wise to present personally before the secretary of the interior rather than to depend upon long distance communication. Problems in connection with income tax assessments of three and four years ago just being finally disposed of, also have made large claims on Mr. Smith's time and attention.

It is Mr. Smith's purpose to remain in Idaho until the middle of November next, and during this period he expects to visit all of the counties within his congressional district. He will leave Thursday to lead an all-day party program to Soda Springs, where he will be introduced by former Senator Fred T. Dubois. He will return Saturday and expects to visit Boise next week.

# SEARCH FOR RELATIVES OF DEAD MAN IS BALKED

Palo Alto Police Fail to Find Brother and Sister of Ernest Wood, Killed in Accident on South Line.

Unsuccessful search has been made by the police of Palo Alto, California, for relatives of Ernest Wood, employee of the Utah Construction company, who died here Saturday evening from a serious shock in connection with injuries inflicted by falling of a concrete pillar that crushed both legs and caused internal injuries. Wood was employed as a workman in construction of the Redwood Falls railway line.

It was believed that he was survived by a brother and sister in Palo Alto. Message from the Palo Alto chief of police received Tuesday at the Blue and Sturdivant mortuary where the body was taken, was that no persons of that name had been found in Palo Alto.

Woods had no relatives here. Records in a memorandum book among his effects indicated that he had been employed this spring and summer for brief periods by a number of farmers of this region. He was 34 years old.

# PRISONERS DENY ROBBERY CHARGE

## Four Men Captured at Rogerson Identified as Holdups Deny Guilt.

Although they were positively identified by the victims as the bandits who Monday evening committed three robberies here and at Knoll, seven miles south, in the space of an hour, Roy "Chief" McLeary, "Bud" Davila, George Walters Jr. and Russell Cavender on arraignment in probate court here Tuesday denied not guilty to charges of robbery preferred by prosecuting Attorney J. W. Taylor. Date of preliminary hearing was not fixed by Judge O. P. Duvall. Each of the defendants was admitted to bond in the sum of \$2000. Bond, however, had not been furnished by any of them Tuesday evening.

McLeary, Davis, Walters and Cavender were captured Monday night at Rogerson by J. B. Langford of Rogerson, acting on request of sheriff's office and police here, following robbery of the Blue Lakes grocery here and of the general store at Knoll and that of W. W. Weale, Knoll district farmer, who was held up by four masked men armed with on the road a mile north of Knoll. All of the robberies are alleged to have been committed by the four defendants, whose records are familiar to local authorities and who are believed to have been responsible for petty thievery in this region as well as for several violations of the liquor law. In each instance the robbery last night was committed by four masked and armed men.

Identified by Victims. Identification of the prisoners as the members of the robber crew was made Tuesday by Quill E. Gracey, proprietor of the Blue Lakes grocery, from which the robbers took about \$2000 after binding the proprietor hand and foot and leaving him prone on the floor of his store and jerking out the telephone. They were identified also by Mr. Nepe, from whom they are alleged to have taken an expensive gold watch, and by Mr. and Mrs. E. R. Cappel, proprietors of the Knoll district store, the robbers seized approximately \$18.

# NEICE OF KING-GUSTAV BACK IN SOCIETY

Countess Nilsa Bernadotte, niece of King Gustav V. of Sweden, raised in the lap of luxury, but an ardent church worker, who came to America to attend the international conference of the Young Women's Christian Association, journeying to Chicago, she worked for \$18 a week in a leather factory, in order to study sociological conditions. Her research ended, she has re-entered the highest social circles in the Windy city.

# DISMISSES CASE AGAINST CAUDLE

## Magistrate Holds Evidence of Water Theft Insufficient to Hold Candidate.

Charges of irrigation water theft preferred against Frank Caudle of Altendale, democratic candidate for state representative, were dismissed by Justice of the Peace Kennedy Caudle and here following a preliminary hearing Monday.

The complaint against Caudle, which was signed by G. M. Hall, president of the Salmon River Canal company, charged that on July 9, last, after taking "water right" and being examined by wrongly directed water belonging to other settlers of the Salmon river project to his own lands. Caudle did not testify in his own behalf but defense counsel introduced testimony of three witnesses to show that Caudle was away from his farm and was attending a meeting in Holister at the time of the alleged water theft.

Prosecuting Attorney J. W. Taylor was assisted in presentation of the case for the state by Attorney W. Orr Chapman. Defendant Caudle was represented by Attorney Homer C. Mills.

The chairman of the high school Parent Teachers' association expressed appreciation and thanks to "all who have given time, labor and other assistance contributing to the success of this effort," and mentioned especially the Elks, Kiwanis and Rotary clubs, which furnished funds for supervision, and the following: "who by" furnishing materials and labor for installation free of charge, enabled the Parent Teachers' association to secure better apparatus": E. V. Berg, A. M. Sande, Kiel-Wilkinson-Streng company, George Huch, B. J. Bingle, C. E. Haines and Burton E. Morse, the latter having had general charge of installation.

# FORMER ADAIR COUNTY RESIDENTS HOLD PICNIC

More Than 100 Former Inhabitants Assemble for Annual Outing in Buhl City Park; New Officers Named.

The fifth annual Adair county, Iowa, picnic was held Sunday in the Buhl city park. A sumptuous dinner was served to 125 for 120 persons. Mrs. O. W. Witham was chairman and had planned a pleasing program which opened with the singing of old-time and well-known songs by the assemblage. Mr. Witham gave a short talk and Robert M. Quinn of Graceland, Iowa, who is visiting his daughter, Mrs. Wilbur Burrows, gave an interesting talk on his impressions of Idaho which were most favorable. Brief talks were given by A. E. Kline of Buhl, and Ernest D. Bloom, superintendent of Twin Falls schools. A short business meeting followed, during which Mrs. Emma Reed was elected president for the coming year; Mrs. Alvin L. Bevercomb, vice president, and R. C. Ward, secretary-treasurer. The remainder of the afternoon was spent renewing old friendships and meeting those who were not present last year. Those who cared to avail enjoyed the big pool, and a happy day was spent.
